

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 86

Janet Stanmore

As we got into the car, Sky literally crashed his lips to mine again and we ended up making out a little bit more until I decided that we have to stop this. I pushed him and stared into his brown eyes.

"We have to stop this thing." I said and he smirked, he put his finger to my chin. Pulling it towards him but I put his hand away.

"Stop getting into my nerves then." He said in a husky tone which makes me shiver.

"I didn't do anything." I defended myself and that's correct. I didn't do anything.

"You do a lot of things." He pulled my chin again before I pushed it away. He stopped me with his other hand. He looked into my eyes.

Suddenly my phone rang, I quickly took the phone from my bag. I looked at the caller ID and it's unknown. Before I get to answered it, Sky already took it away and pressed the red button. He crashes his lips to mine again.

"I want you so badly." He whispered, my breath got hitch.

I want you too.

"I love it when your hair falls down." He pulled my hair band and let my hair fall down. He stared into my eyes again before crashing his lips back to mine.

I'll be completely lying if I said I didn't enjoy it. I enjoyed every second here and it's just incredible.

"Let's go." He broke the kiss and got off from the car, I didn't even realise that we already arrived at the hotel. Getting off from the car and how gentleman Sky was.. he walked in first.

Jerk.

I walked slowly and stood beside him waiting for the lift. None of us say anything, the lift opened when suddenly he got a call. He quickly took his phone out and answered it.

"What's up Cesborn?" Sebastian was calling him.

"Yeah, got something going on. Are you s***ing me?" That made me glared to him, I hate it when he's cursing. His face turned serious and he pressed the L button again at the same time when we arrived at our hotel room floor. I walked out without looking back at him, I know he has something to do so let him be.

I walked into my room and threw myself to the bed. Looking up at the ceiling and heard my stomach growls. I think I can't order a room service here because it will be so expensive.

Suddenly my phone rang, It's an unknown number again but since I'm curious. I press the green button.

"Hello." I answered.

"Janet? Hey it's Daniel." I can't help but smiled.

"Hey what's up?"

"I'm looking for you everywhere but-"

"I went to the hotel early, I'm sorry." I apologized.

"Oh." He seems dissapointed and now I felt guilty.

"How about let's have a dinner now?" I asked and good thing I'm hungry.

"Where are you? Let me pick you up." He said.

"Bulgari hotel."

"Oh? I stay there too." He said and I chuckled a little.

"Let's just eat dinner, looking for the restaurant near here." I said as I took of my heels.

"Aren't you with Sky?"

"He's just my boss, forget about what he said earlier."

"Oh okay, be there in 15 minutes." He said and I said okay. I hung up, I decided to change my clothes. Shorts and crop top won't hurt right? I changed into my black shorts and white croptop, taking my converse out and put it on. I played games on my phone for awhile to wait for Dan.

After 15 minutes I decided to go out from my hotel room, as I opened my door. I heard Sky's voice, I keep quite and slowly walked out. Thank God there's a wall so Sky can't see my presence.

"10 years has pass Laura."

"We can start over Sky." He's with a girl, going to his room.

"You're kidding me." He said calmly, I never see him this calm before. He either has a tough voice or deep voice or angry voice.

"Until when you will shut me down?" She asked and my heart starts to pounding fast as I waited for his answer.

"You know.. I know you still love me Sky, I can see it in your eyes." She added and that got me 'wow'.

"Are you bulls***ing me right now?"

"You change Sky, you change since you're hanging out with those jerks." Jerks? As in the 7 Gold Lifes? There's so many question in my head.

"At least they're with me in my hardest time when you're busy f***ing boys." He gave her a really angry tone.

"See you still love me." How I want to slap this girl, what is she look like anyway.. okay Janet you did not just say that.. she must be beautiful that's why Sky loves her.

"Are you running out of guys now? Until you decide to come to me?" He asked coldly.

"I love you."

"Stop bullshiting me right now, Laura! You're such a b****." I guess this girl broke Sky's heart too much.

"I'm not."

"Daniel isn't enough?" Sky asked and my eyes widens as he mentioned Dan.

"We're done and besides he's after your secretary now." That slapped me.

"Not in my watch, Laura." Sky said with a really demanding tone.

"You know I can be your little playmate beside her, I mean you always get a girl like that before sleeping with them Sky." My eyes widen, so he just want to sleep with me.

Unbelievable

"Just go away, Laura." He said and I heard his opened his door.

"Sky please let's start over again."

"Jus-" with that cue I came out from where I was hiding. I saw she kissed him deeply. I walked slowly not trying to make a sound so they can keep eating each other face but..

My stomach betrayed me..

"Janet!" I froze as I heard Sky called my name, I kept walking away and pressed the lift button to go down.

"Baby you're not going anywhere." I heard Laura b**** said that and I'm kinda relieve but not really relieve because it bothers me. I got inside the lift and quickly pressed L button.
