Chapter 11

'Look this is really none of your business Jayden. It's up to me who I want to spend time with'

'Shut up Talia. What the fu.ck are you doing fu.cking her she's far to young. I'm going to kill you you fu.cking bas.tard'

'I'm sorry man, it just sort of happened, I promise we have not had s*x'

'Is this supposed to make me feel better you know she's off limits'

'Look Jayden, who are you to say I'm off limits to anyone, it's my life are you a virgin? How old were you when you had s****I contact with someone? It's me who started this so if you want to have a go at anyone have it at me not Dean'

'None of that is your concern Talia it different, and he's older than you'

'You are a hypocrite, just because I am a girl and he's not much older. So you and every other man can do whatever the fu.ck they like with whoever they like. You do realise the girls you fu.ck around with are someone's cousin, sister or daughter too and I can tell you some of them you disappeared off with last year were them same age I am now because I know them. So don't bother telling me what to do if you do or take this out on Dean then me and you are going to have problems' he doesn't reply to me and storms out of the room I turn to Dean

'are you ok, do you want to head back to your own room or stay here everyone knows now anyway we can't get in more trouble I shrug.

'I'm ok, I hope he calms down I'm surprised he didn't hit me. You're right no point in leaving now. Are you ok'

'Yeah I'm ne, he knows it's double standards, he will calm down eventually he just doesn't want to see me grow up I guess. We should get some sleep so we can face him in the morning'

'Sounds good baby' he kisses me on the forehead and cuddles me to sleep.

When I woke up in the morning Dean is still in bed wrapped around me. I suppose we should get up and face the music I hope he's had time to calm down a bit I move to head to the bathroom to get ready but Dean grabs me and pulls me back.

'Where do you think you're sneaking off to' then he kisses me before I get the chance to answer when he pulls away I'm breathless.

'I was just away to shower'

'How about I join you, we can save water' he winks

'Why not' I run naked to the bathroom giggling with him chasing me. We get under the water and he starts washing me taking extra care over my breasts then gets down on his knees and starts to wash up my legs placing a kiss on my core before washing the area more thoroughly than its ever been washed I'm panting as I take the body wash and start to wash him I squeeze his amazing a.ss before cleaning his balls and shaft.

As the bubbles are running away with the water I start to stroke him faster and more rmly twisting my hand. He thrusts two ngers inside me and uses his thumb on my cl.it. He's hitting my spot each time rapidly this is going to be quick we are both panting I can feel hid breath quickening before he moans my name a spurts on my abdomen, I'm hanging by a thread when he sucks on my n****e hard thats all it takes to push me over the edge my legs buckle and he catches me by the waist before I can fall.

'Mmm I think I enjoy saving water' I huskily say to him

'Yeah saving water is the best' we both laugh.

We wash ourselves off again and head out the shower wrapped in towels to get changed.

'Let's get this over with' I say to him, he kisses me on the head to reassure me and we head to the kitchen this should be fun.

Jayden and James are sitting at the table when we get there he looks a bit calmer but still pis.sed.

We sit down grab breakfast and wait for the inevitable fallout. Jayden all of a sudden turns to James and shouts 'you knew, you fu.cking knew and you didn't tell me'

'I don't know what you are talking about'

'You didn't look surprised when they came in here together and sat down. Or at the way they are acting I command you tell me the truth' what the fu.ck he commands him is he losing the plot.

'Look ok I'm sorry, I just found out a couple of days ago I tried to warn them. They didn't listen, Talia seems happy and it's her choice she asked me not to say anything'

'You still should have told me, she's the one that's going to be left hurt at the end of this'

'I think you underestimate her we had a long talk when I found out she seems to know what she's doing'

'She's probably just infatuated or in love with him and let him take advantage' I have had enough I get up and slap him everyone looks shocked but I don't care how dare he think so little of me.

Poor little girl who gonna get her fragile heart crushed I don't think so.

'Fu.ck you Jayden you really don't know me at all do you. For a start I don't have any feelings like that for Dean we are friends, just with a few extras added in. Second I don't believe in love and relationships its all a load of sh.it used to manipulate people so I'm happy staying single and just enjoying myself or having a bit of no harm fun with two consenting people. I will have you know I made the rst move, and when Dean worried about what we were doing it was me who proposed this arrangement. So I can safely say you can stop worrying about my fragile fu.cking heart' and with that I walked out the room.

After around half an hour I hear a knock on my door and Jayden walks in with his hands up 'I promise I'm not here to argue or cause any trouble. I just want to say sorry, I just can't help but worry about you and want to protect you'

'Most of the time you are not here, I have to protect and make my own choices you can't keep treating me like a child'

'I know, it's just hard thinking that you are growing up and why did it have to be Dean of all people'

'Look at least he's a nice guy and he's hot, would you rather I went out and picked up some random strange jerk off the street' I laugh

'Don't even fu.cking think about it' he shouts

'Yes dad' I laugh 'I hope you aren't going to give Dean a hard time'

'No we have spoken, he knows my opinion I will not say I am totally happy about it, but I'm probably more concerned about his heart than yours now' he laughs

'Ha ha, the amount of women he's had he will have moved on in no time I'm sure'

'You really don't care do you, I honestly thought you were putting on a front but you don't have feelings for him at all'

'No other than friends, he's sexy and all and we have a great time but that's all it is. You really don't have to worry about me'

'Ok ne, I won't kill him but next time I'm training I may beat him up more than usual' he laughs.

We head to the den to meet the other two and play on the games console the rst hour is still a bit tense before everyone starts to relax and act like their normal self.

I'm glad that Jayden and Dean are ne I would have hated this to ruin their friendship and at least for the last two days we don't have to sneak around anymore.

My mum found it hilarious she worked it out within two days and was just waiting on us saying something or us getting caught out.

Well today they leave I hate it when they go Dean looks really sad we got up early for some fun, give him something to remember me by.

I always hate seeing Jayden leave I've seen him less and less as the years have went by.

'It might be a long while until I see you again Tails, when I get home I am taking over dad's company with these two idiots helping me. Remember if you need anything you can always call me anytime' he says as he hugs me.

'See you later Talia' James says hugging me, Dean grabs me away I laugh so does James.

'See you later baby, I'm gonna miss you, if you ever need anything call me' and he give me a nal kiss.

'See you later, I will miss you all, let me know you got home safely' I wave to them as they drive off.
