

First kiss and more

Chapter 9

Deans pov

We have been here for two weeks now I can't believe how much Talia has changed, I feel like I'm walking about with a constant hard on I have denitely got major blue balls at this point.

Who would have thought that the scrawny little girl would have turned into such a sexy little minx.

I keep sitting beside her just to be close those outts she wears I just hope Jayden doesn't notice i don't think I have m*****d so much in my life I need to go out and get laid or something to get her out of my mind she's turned into the hottest girl I've seen.

I wish she wasn't Jayden's sister. I can't go there can I? I'm sure James wants her too, so I make sure I am the one sitting next to her not him if anyone is getting her it will be me.

There has been some innocent touches, I just can't decide if she would be responsive to me, are the touches completely innocent I know they haven't been on my part, but are they on hers or are they also intentional.

The problem is if I try anything and she gets offended Jayden will kill me thats if she doesn't do it rst because that girl is more than capable of putting me on my as.s.

Talias pov

Everyone is in bed I just can't sleep so I get up to get a glass of water. I'm just in my underwear and a t shirt that reaches just past my as.s no bra on.

I'm leaning over the counter looking out the window into the darkness when I hear a sharp intake of breath.

I realise that my t shirt has ridden up and my as.s is basically on show as my panties are not covering much and now i am not alone.

Before I can cover myself up I feel someone behind me.

'I think you have to be the sexiast girl I have ever seen' Dean rasps in my ear.

I shiver slightly, I'm glad it's him I've been subtly irting with him for a while now I didn't think it was working.

'You know you're not too bad yourself' I say turning, he's pressed against me his arms on either side caging me in, he looks slightly unsure about his next move so what the he.ll here goes.

I reach my hand up to the back of his head go on my toes and press my lips to his.

That's all it takes next thing I know he's devouring my mouth I feel his tongue against my lips so I open my mouth to let it invade and battle with my own.

Fu.ck he is an amazing kisser, he lifts me onto the counter and grinds into my core as I moan into the kiss. We break apart panting

'well that was one he.ll of a rst kiss' I smiled at him.

'Fu.ck yeah it was, it was better than I imagined it would be' he said with a wink then he leaned down and kissed me again even more urgently than the last time as his hands moved over my back, one hand moved to my a.ss the other crept under my t shirt to my chest as he squeezed my breast and tweaked my n****e.

My head was starting to feel fuzzy with the new sensations and it felt like a tap had been turned on in my underwear as he started to grind into me again, my cl.it was throbbing and my stomach was taut, we were both moaning then all of a sudden he stops. I mean what the he.ll .

'I think we should stop here before I get carried away' he says reluctantly

'What the fu.ck its a bit late to get a conscience'

'Jayden will kill me if I sleep with you'

'Who said I was going to have s*x with you, there are plenty of other things we can do, and besides what Jayden doesn't know won't hurt him' I said with a wink.

'Fu.ck it I'm going to he.ll anyway' and with that he carries me off to my room.

I giggle as Dean drops on the bed and removes his top.

Wow his body is a work of art the boy must work out a lot, I remove my top and his eyes ll with lust. He crawls up my body taking a deep sniff as he is passing my core

'fu.ck you smell amazing' ok I'm not sure how to react to that but it was a bit of a turn on I'm not gonna lie.

He's kissing down my neck while feeling my breasts, I need to touch him I rub my hands down his well dened chest and 6 pack. As his mouth moves to my n****e and sucks I grab his as.s and push him into my core as I gasp.

He moves one hand down to my underwear and rips it off then uses his nger to slowly circle my cl.it.

Fu.ck it feels good my body instinctively moves into his hand for more pressure. He pins my hip down with his other hand and slides his nger into me

'Fu.ck you are soaking wet' he groans as he slowly slides it in and out. This is excruciating I need more

'please' I moan

'please what, what do you need' the cocky bas.tard asks me, he knows exactly what I'm needing

'please Dean anything I need more' I can feel him smirk against my breast as adds another nger and uses his thumb to circle my cl.it he's moving faster now curving his ngers up rubbing a spot that's sending tingles all over me.

I can feel the pressure building up fu.ck this feels amazing as my legs start shaking and I moan out his name as I have my rst orgasm and cu.m over his hand.

'My name sounds amazing coming out of your mouth and you taste divine' he says while sucking my juice off his ngers.

I ip him so I am straddling him 'your turn' I wink and kiss him moving down his body kissing everywhere I can until I reach the waistband of his pants I tug them and his boxers down in one go, fu.ck he's big I'm not sure if that's gonna t in my mouth.

I tentatively reach out with my hand and start stroking him the end glistens with precum as he moans fu.ck he sounds sexy.

Here goes nothing thank god for porn and cucumbers for practice or I might make a complete fool of myself.

I lick from the base right to the tip and slowly circle my tongue round the end I move my mouth over the end slowly taking about half of his di.ck in and sucking gently.

He's moaning more now it's giving me a bit more condence, with each down movement I take him further into my mouth increasing the suction while cupping and massaging his balls until I feel him hitting the back of my throat.

I keep the pace so I can get used to the feeling it still feels comfortable so I hollow out my cheeks and relax my throat to get him fully in until my nose is touching his pelvic bone.

'Fu.ck baby that feels amazing' he moans deeply while sting my hair, at this point he's basically f*****g my mouth.

I can feel his di.ck getting thicker and his balls tightening I know he's away to c.um, he goes to pull me away but I push my mouth back down sucking harder, he c.ums with a growl thick ropes of it I almost choke there is so much I have to swallow several times and let him out my mouth with a pop.

I crawl back up the bed as he is catching his breath and he wraps me up in his arms and kisses me on the head.

'That was fu.cking amazing where did you learn to do that'

'The Internet is full of useful information' I say laughing. We lay there for a while just comfortable hugging each other before I say 'maybe you should head back to your room we don't want Jayden to catch us'

'Don't worry I just want to stay here for a bit I will be up and out before anyone wakes up I promise'

'Ok you can stay and please dont act weird around me tomorrow or everyone will denitely know something is up'

'Don't worry I will be my usual charming self'

'Then they will denitely know something is up' I laugh

'Hey cheeky, get some sleep' he gives me a kiss and cuddles into me until I drift off to sleep, when I wake up in the morning he is gone and there is no shouting or arguing so thats a good sign it looks like we got away with it.
