

Unparalleled 1351

Chapter 1351: Fighting Chiyou, True Emperor Dragon Appearing Again

“My name is Chiyou!”

Chiyou stepped forward with endless flames of war sweeping across the land, and with that came a violent pressure that overwhelmed Chu Kuangren.

He alone could match that of eighty Demonic Generals.

“A mere Immortal Consciousness, and he still possesses this level of power? In that case, how powerful was he when he was in his prime? Or should I say only someone as powerful as him is worthy of becoming an opponent to the Human Emperor?” Chu Kuangren murmured.

His eyes were burning with battle intents as well. “Even though this is just a clone of mine, I shall enjoy a great battle with you, Chiyou.”

A crimson sword that glowed in a bloody-red color appeared in his hand.

It was the Blooded Crimson Sword, King Zhou’s Arch Gilded Weapon!

Chu Kuangren’s true self wielded the Descendant Self Sword, so he gave his clone the Blooded Crimson Sword and the Blooded Crimson Armor.

It was just that his clone had never faced an opponent worthy of him to unveil his sword or the armor until now.

However, facing Chiyou demanded more than one hundred percent effort from him, hence the sword.

“What a good sword! I can sense an indomitable battle intent from the sword! The owner of the sword must’ve been an outstanding person!”

Chu Kuangren nodded. “He was an outstanding person indeed.”

King Zhou was the last Human Emperor, and if he were not the most outstanding human of all, no one would be.

“Let’s fight!”

Chiyou stepped forward and thrust the halbert forward. Instantly, a chilling glare from the halbert’s edge enveloped heaven and earth, and endless murderous qi gushed toward Chu Kuangren like a tornado.

The halbert was born to kill and lived to fight wars!

In retaliation, Chu Kuangren narrowed his eyes and slashed his Blooded Crimson Sword horizontally.

“Blade of Zhou, Berserking Torment!”

The berserking sword and the murderous halbert clashed in the void.

A deafening clunk erupted upon collision and shattered the void. The shockwave from the clash even sent the eighty Demonic Generals retreating backward.

“Hahaha! What a good strike and swordsmanship! Again!” Chiyou cackled as he struck forward with his halbert again.

The halbert swung across the void, leaving a starburst pattern in its trail. It was as though the halbert strike could destroy stars and planets!

“Great Wasteland Halberd Technique, Planetary Annihilation!”

Chu Kuangren responded by raising his Blooded Crimson Sword high in the air and unleashing a surge of domineering and boundless energy.

“Blade of Zhou, Tyrannical Ascension!”

As Tyrannical Ascension was cast, a massive sword shadow appeared and swung downward at Chiyou.

It felt as though a lord had descended from the sky and dominated everything.

It was the Tyrannical Ascension versus Planetary Annihilation! The clash of two extremely powerful techniques shook the heavens and shadowed the brightest stars in the galaxy!

All eighty Demonic Generals grinned when they saw Chiyou smile.

“It has been a while since Brother Chiyou smiled so happily!”

“It seems like he really likes this young man!”

“It’s understandable. It’s rare to see such a powerful young man in this era. Even in our times, only less than a handful could match his powers.”

Discussion rose among the Demonic Generals while the fierce battle between Chu Kuangren and Chiyou continued.

Chiyou wielded his halbert wildly, seemingly without any technique. However, he was able to make up for the lack of technique with terrifying brute force.

Coincidentally, the Blade of Zhou worked in the same way.

The clash between the two was not a test of techniques but a competition of raw strength!

Without any restraints, the two of them battled with everything they got and had a great deal of fun!

Chu Kuangren wore a wide smile on his face as well.

It had been a long time since he had such an enjoyable battle. He was almost invincible among the younger generations, and the older generations dared not fight him because of all kinds of restraints and karmic consequences.

As such, he would get lonely at times because he did not have a worthy opponent.

However, fighting Chiyou, a powerful warrior from the past, now excited him. Even if it was just a sliver of the man’s Immortal Consciousness, he felt pressured, and the pressure fueled his adrenaline and excitement.

“Chiyou, your powers really live up to your name! No one in the same realm has been my match in a fight since I came to this world,” Chu Kuangren said with a wide grin.

He could tell that Chiyou’s strength was that of a True Immortal, which was the same cultivation level as him.

Maybe it was the limitation of the inheritance.

Since it was a trial, it should not be impossible for Chu Kuangren to pass.

Despite Chiyou demonstrating the power of a True Immortal, common True Immortals would never be able to defeat him, and only Prodigies could have a slight chance.

Only a top-notch Prodigy like Chu Kuangren could match Chiyou in battle.

“If your true self is here, I might have already lost,” Chiyou said. He had nothing but praise and admiration for Chu Kuangren.

“But unfortunately, you’re just a clone, and a clone can never be my match, no matter how strong you are!”

Chiyou released a powerful warcry, prompting violet demonic patterns to appear on his face. Then, he raised his bronze halbert into the air. “Great Wasteland Halberd Technique, Nine Heaven Cry!”

As the halbert rose to the air, endless demonic qi gushed out. It was as though a demon god was roaring at the gods in the heavens.

“Blade of Zhou, Infinite Void!”

Countless Daoist patterns gathered on Chu Kuangren and circled around his sword.

The moment he struck down with his sword, a dazzling sword ray that contained countless mystical Daoist patterns inside shot out.

The Infinite Void technique was truly the sword of a tyrant, and nothing would stand in the way of a tyrant!

However, the Infinite Void slowly fell into a disadvantageous position as the demonic qi continued to grow. With the sword qi shattered, the Daoist patterns started to disperse.

Endless demonic qi flooded toward Chu Kuangren.

Chu Kuangren responded by swinging the Blooded Crimson Sword forward to cast the Nine-layered Sword Barrier!

However, the halbert’s strength was aggressive and domineering. Its lightning speed caught Chu Kuangren off guard and prevented him from utilizing the barrier’s full strength.

The sword qi intertwined in the void and only formed seven layers of the sword qi barrier.

Bang! Bang! Bang!

The sword qi barriers shattered easily.

Chu Kuangren raised his sword to his chest to block the halbert's attack, but the immense demonic qi blasted him several meters away.

"Hahaha! You're trying to win me in that condition? It's impossible!"

Chiyou's halbert continued to release a massive demonic qi.

"Is that so?" Chu Kuangren chuckled and took a deep breath. Then, a golden light started to radiate from his body.

"I, Chu Kuangren, am great at exceeding people's expectations, especially when others think it's impossible!"

The golden light shrouded the realm and released a majestic aura, as though an emperor had descended.

At that moment, Chiyou and the eighty Demonic Generals were shocked.

"This energy is... It's impossible!"

"The one who takes up Chiyou's trial is a Human Emperor?!"

Roar!

A dragon's roar came from above Chu Kuangren.

Nine strands of golden dragon qi gushed out from the light and transformed into nine golden dragons possessing mighty auras that shook heaven and earth!

"Chiyou, let's continue the fight!" Chu Kuangren said.

The Blooded Crimson Sword buzzed excitingly. After all, it was a Human Emperor's weapon, so it was natural for it to resonate with the golden dragon.

The Human Emperor's energy further excited the sword, reminding it of its days fighting alongside King Zhou.

Chiyou went silent for a moment before he grinned widely, and his grin turned into laughter that echoed throughout the realm.

"Hahaha! This is interesting! Very interesting indeed! I fought Xuanyuan back in the day for the throne of the Human Emperor, but I lost. Now, the one who takes up my inheritance trial is a Human Emperor! This is indeed interesting!"

Chapter 1352: Warlord Halbert, Tyrant Sword, Acquiring the Inheritance, Ruler's Temperament And Manner

Chiyou lost the battle of Zhuolu and eventually lost the throne of the Human Emperor.

It had always been a regret that haunted him, and now, the person that would inherit his legacy was a Human Emperor.

It was irony at its finest.

“The Human Emperor of this era is a young man of True Immortal level? This is astonishing,” Chiyou said ironically.

“The Great Deification Calamity, co-planned by the two great Immortal Halls, wiped the Human Emperor out of existence. Now that I have inherited the duty of the Human Emperor, I’ve sworn to overthrow the Immortal Hall and revive the glory of the Human Emperor! The respect of the Human Emperor will exceed the heavens,” Chu Kuangren said calmly and confidently.

The Human Emperor shared the same status as heaven, yet he claimed he would rise beyond it.

He wanted to surpass the previous generations of Human Emperors and achieve what they could not.

A strange gaze flashed in Chiyou’s eyes upon hearing Chu Kuangren. “Overthrow the Immortal Halls? You have chosen an unusual path.”

The Immortal Halls had yet to exist in Chiyou’s era, but the great ones of the Embodier Realm could deduce the past and future to a certain extent and peek into the long flowing river of time.

Hence, he knew of the two great Immortal Halls.

“Now, Human Emperor of this era, show me how much you’ve mastered the Ultimate Human Emperor Technique!”

Chiyou released a powerful shout. Then, the violet demonic patterns on his face glowed and swirled as he threw himself at Chu Kuangren.

Wielding the Blooded Crimson Sword, Chu Kuangren was surrounded by the nine Gold Emperor Dragons that granted him a dignified aura while the roars from the dragons shook the heavens.

With that, the sword and halbert clashed again.

This time, Chiyou was blasted back several meters. Even the halbert trembled non-stop.

“The Gold Emperor Dragon is really powerful,” Chiyou exclaimed.

Chu Kuangren had yet to cultivate the Gold Emperor Dragon to its strongest state because it was closely related to his fortune.

His current human fortune level was not enough for him to achieve the highest state.

However, its buff was more than enough for Chu Kuangren as a True Immortal.

“Great Wasteland Halberd Technique, Nine Heaven Cry.”

The demonic patterns swirled violently as Chiyou used his technique once more.

On the other hand, Chu Kuangren countered with the last form of the Blade of Zhou, Infinite Void!

This time, the Infinite Void was buffed by the Gold Emperor Dragon. Countless Daoist patterns converged within the sword qi, granting it a peerless and domineering aura, as though the ancient Human Emperor, King Zhou, reappeared once more.

The Infinite Void crushed the boundless demonic qi!

Chiyou was blasted backward wretchedly. “Your sword technique rivals that of Xuanyuan’s sword qi. Who created it?”

He was curious. Xuanyuan’s sword qi was acknowledged as the Number One Sword Dao cultivation back in his era; its might was unrivaled.

However, in his opinion, Chu Kuangren’s Blade of Zhou was powerful enough to match Xuanyuan’s sword qi.

“Human Emperor Dixin, who is also known as King Zhou in the history records,” Chu Kuangren said.

“Created by the Human Emperor? Ha! Again!”

Chiyou attacked once more. This time, his offense got stronger and more violent while the demonic patterns on his face shone even brighter.

“I didn’t expect it would be a Human Emperor.”

“Is this the will of the heavens? Brother Chiyou failed to ascend to the throne, and now a new generation Human Emperor is here to acquire his inheritance.”

“Brother Chiyou was after the Human Emperor’s throne all his life but failed. Who would have thought that he is to pass his legacy to a Human Emperor after his death? It’s depressing and ironic...”

The Demonic Generals lamented.

Chiyou was a battle fanatic all his life. He devoted his life to pursuing the Human Emperor’s throne but eventually lost the Battle of Zhuolu.

Now, even after death, he had to contribute to his lifelong goal to a Human Emperor.

The thought of it was depressing enough, and it fueled the Demonic Generals’ grievances.

Chiyou, however, showed no grievance in the battle with Chu Kuangren. He was overwhelmed with excitement and adrenaline. The satisfying grin on his face showed that he was enjoying the battle to the fullest.

He felt like he had returned to Zhuolu, where he fought his lifelong enemy, Xuanyuan.

“Young man, this is the last attack. Endure it, and the inheritance is yours!”

Chiyou released a warcry. As demonic qi shot up into the air, mystical Daoist patterns filled the void around him and released an aged but vast aura.

“Great Wasteland Halberd Technique, Final Form, Great Wasteland Subjugation!”

The halberd strike contained all of Chiyou’s experience, his battle, his ferocious qi, and his battle intent.

For a moment, Chu Kuangren thought he saw Chiyou in full armor, wielding his bronze halberd and charging forward with his brothers on the battlefield to conquer Zhuolu.

Chu Kuangren wore a serious expression on his face and countered. “Blade of Zhou, Infinite Void!”

He channeled his Immortal's Core to the limit and activated the Single Qi Three Clarity Transformation. Then, boundless Immortal's Core energy gushed into the Blooded Crimson Sword.

The slash he performed resembled that of King Zhou. It looked like the ancient Human Emperor had appeared once more and fought Chiyou across eras.

A halbert strike to subjugate the wasteland; a sword slash to defy the path of heaven!

The Wasteland Warlord's halbert clashed with the Tyrant's Infinite Void Sword!

The explosion silenced all sound in the realm, and only the dazzling Daoist patterns were left shimmering.

All the Demonic Generals stared at the explosion and were in awe at the Daoist patterns containing battle intent and unwavering will.

As the two powerful forces erupted, the shockwave blasted the two figures backward.

Chu Kuangren regained his balance and stood straight with his sword in hand. The Golden Emperor Dragons had faded, and the Blooded Crimson Sword was buzzing vigorously.

It was the fiercest battle he had ever been in.

"Chiyou, as expected of the Demonic Forefather and a warlord," Chu Kuangren exclaimed.

Chiyou stood tall with his halbert in his hand. There were bloody injuries all over his body, putting him in a more sorry state than Chu Kuangren.

"Young man, you've amazed me. You are worthy of my inheritance and the Human Emperor's throne."

Admiration and praise filled Chiyou's eyes as he was pleased to acknowledge Chu Kuangren's victory. He was happy to have such an amazing person of human lineage inherit his legacy.

He might be known as the Demonic Forefather, but he was also a human.

Although he fought Xuanyuan for the throne, deep down, he was still human.

"Thank you." Chu Kuangren put the Blooded Crimson Sword away and nodded in gratitude.

"Young man, don't let my brother down with his inheritance."

"My brother is a mighty warrior, and you shall try to be at least half of what he is!"

The Demonic Generals came forward and expressed their thoughts.

Chiyou waved his hand. "Not only me. You cannot fail the Human Emperor too. Now that you're my successor, you must be even more powerful than Xuanyuan."

The mention of Xuanyuan reminded Chiyou of his old rival. "I wonder if that old bastard has a successor. If you happen to meet him, don't you lose."

Chu Kuangren immediately thought of Xuanyuan's successor from the Human Emperor Sect. He grinned and said, "I won't."

Chiyou and Xuanyuan might be rivals, but they knew each other better than anyone.

Legend had it that after Chiyou lost the battle, Xuanyuan conferred Chiyou as a warlord using the right of the Human Emperor, hence shocking all the remaining humans at that time.

It stated how much the humans feared Chiyou and Xuanyuan respected his rival.

Henceforth, Chu Kuangren also respected Xuanyuan but not the successor. Xuanyuan's successor was not worthy of respect.

"I failed to ascend to the Human Emperor throne, so I shall now pass my inheritance to you. You have inherited not only my legacy but also my willpower to a certain extent," Chiyou said.

Unlike other Demonic Generals, he was not outraged by his loss.

Quite the opposite, he was a generous person. As long as it was for the sake of the human race, he did not mind if his successor was a Human Emperor or not.

That would be the magnanimity and the breadth of the spirit of a warlord!

Chapter 1353: Ashura Mask, Great Wasteland Halberd, Demonic General Cauldron, Jiuli In A Pinch Again

Back in the secret realm of the Jiuli Tribe, Chu Kuangren opened his eyes to three treasures placed on the altar before him.

The restriction seals on it were gone.

"Master Chu, you did it!" The Jiuli Tribe Leader looked at Chu Kuangren with the utmost astonishment.

Even though he knew Chu Kuangren was extremely talented and might be the successor that Chiyou had been waiting for, it still surprised him when Chu Kuangren finally did it.

He was awestruck by the fact that Jiuli Tribe's duty had finally been completed today.

Under the excited gaze of the Jiuli Tribe Leader and others, Chu Kuangren slowly walked toward the altar.

He reached out to the floating mask first.

The mask resembled the face of an Ashura, a ferocious looking one, and it also had many mystical runes carved into it.

It was called the Ashura Mask.

Forged by Chiyou, the patterns carved into it mimicked the demonic patterns that he cultivated, and it would enhance the demonic patterns when equipped.

Other than that, it could also conceal one's presence.

Next to the mask was the bronze halberd, the Great Wasteland Halbert. It was an Embodier Weapon that contained Chiyou's Great Wasteland Halbert Technique, which was also an Embodier technique.

Back in ancient times, Chiyou relied on his Great Wasteland Halbert and the Great Wasteland Halbert Technique to conquer the battlefield, making him the only human that could rival Xuanyuan's forces.

Lastly was the pitch-black three-legged cauldron, named the Demonic General Cauldron.

It has all eighty-one Demonic Generals carved into it, including Chiyou.

The cauldron was forged using Chiyou's Immortal Consciousness after the Battle of Zhuolu to collect the remaining souls of the Demonic Generals.

Refining the cauldron would enable one to summon eighty Demonic Generals, excluding Chiyou.

"The eighty Demonic Generals are still in soul form, and there's still room for their powers to improve. If I can teach them the Ghost Dao cultivation technique and let them continue to cultivate, they will be a strong addition to Fengdu Underworld City," Chu Kuangren murmured as an odd gaze flashed in his eyes.

The eighty Demonic Generals easily outmatched any other cultivator even in soul form.

On top of that, they possessed the experience and wisdom of their previous lives. If they converted to Ghost Dao, they could achieve new heights with only half the effort.

"Hm. I think the Demonic Generals are going to change their names to Yin Generals soon. I'm looking forward to them conquering the battlefields valiantly."

Chu Kuangren's chuckle showed how much hope he had in the eighty Demonic Generals.

The Ashura Mask containing the cultivation experience for the demonic patterns, the Great Wasteland Halbert, its Great Wasteland Halbert Technique, and the eighty Demonic Generals from the Demonic General Cauldron were all of Chiyou's inheritance.

"Jiuli Tribe Leader, I have to go into closed-door cultivation for a while to refine Chiyou's inheritance. Since I'm not seeing anyone, could I ask you to take care of my friends?"

Chu Kuangren was referring to Fu Yin and Shi Ying.

"Of course." Jiuli Tribe Leader nodded and answered respectfully. The admiration he had for Chu Kuangren was overflowing from his gaze.

The Jiuli Tribe practically worshipped Chiyou as a religion.

Now that Chu Kuangren had acquired Chiyou's inheritance, in a sense, he had become Chiyou's representative, which granted him status equal to or higher than the Jiuli Tribe Leader.

...

Chiyou's inheritance appearance attracted the attention of many with its vast demonic qi, but it only lasted for a short while.

Other than the dozen of neighboring tribes, the others on Holy Violet Emperor Planet could not even pinpoint where the inheritance ground was.

The news of the Chimei Tribe Leader perishing within the Jiuli Tribe shocked and deterred the other tribes from doing anything rash.

“It will take time, or at least a few years for Master Chu to refine God Chiyou’s inheritance. During this time, the Jiuli Tribe is to strengthen its defense and protect Master Chu at all costs. No one is allowed to disturb him,” the Jiuli Tribe Leader said to the elders once they left the secret realm.

The elders knew the importance of Chiyou’s inheritance, so they carried out the order meticulously.

Everyone in the tribe viewed Chu Kuangren as the future of the Jiuli Tribe.

While Chu Kuangren was in closed-door meditation within the Jiuli Tribe, many other sky-prides and Heavenly Champions managed to locate the source of the demonic qi through various methods.

Especially the Demonic Dao Sect, they were able to find out that the surge of demonic qi originated from Chiyou’s inheritance.

Moreover, the Jiuli Tribe was closely related to Chiyou, hence the conclusion.

Soon, the news of the Jiuli Tribe having the Chiyou’s Inheritance spread like wildfire.

Kaboom!

A powerful Yokai qi exploded above the sky of the Jiuli Tribe.

It was the avarice, an ancient wild beast!

The avarice peered down coldly at the tribesmen. “Handover Chiyou’s inheritance and Jiuli shall be spared.”

He was just a True Immortal, but he looked confident and capable enough to challenge the whole of the Jiuli Tribe.

The Jiuli Tribe Leader came out. “Young man, leave and you shall be spared.”

He unleashed a sliver of his Gilded Immortal aura, and the avarice immediately felt intimidated.

“You’re the Jiuli Tribe Leader?” the avarice asked coldly.

“Indeed I am.”

“Just as the rumor stated, the strongest within the Jiuli Tribe is just a Gilded Immortal. In that case, I have nothing to be afraid of anymore!”

The avarice chuckled. “I am the sky-pride of the Avarice Tribe from the Great Ten Thousand Mountains, and the King of the Avarice Tribe is an Arch Gilded Immortal. It’ll only take a flip of a hand for him to eliminate the entire Jiuli Tribe. If you don’t want to be annihilated, hand over Chiyou’s inheritance.”

The Jiuli Tribe Leader’s expression shifted upon hearing the avarice.

“Handover the Chiyou’s inheritance!”

Another voice sounded from further away.

Several Demonic Dao Sect sky-prides with overflowing demonic qi appeared.

The one with the violet demonic patterns on his face said, "Hand it over. As a fellow Demonic Dao cultivator, I can assure your safety."

"What if we refuse?"

"Then don't blame us for getting rough."

The Demonic Dao sky-pride narrowed his eyes and chilly murderous intent started to show.

"Chiyou's inheritance? Interesting."

Farther away, several powerful energy presences appeared.

More sky-prides arrived at the scene.

One of them wore purple robes that complemented his noble presence.

"It's Zi Yunxi of Kunlun Immortal Hall's Holy Violet Tribe!"

"Rumor has it that he's second only to the Holy Violet Imperial Commander within the Holy Violet Tribe!"

Someone recognized the person in violet.

"Hmph! The Mountain Ghouls are getting the Chiyou's inheritance. No one is allowed to lay a finger on it!"

A sardonic scoff sounded.

A man holding a skull shrouded in ominous and eerie qi came over.

He was the sky-pride of the Mountain Ghouls from Eastern Sovereign Immortal Hall.

"Oh, look at that. It's Gui Ming from Mountain Ghouls. I didn't expect to see Eastern Sovereign Immortal Hall here," Zi Yunxi said with a glance.

"If the Kunlun can be here, so can the Eastern Sovereign," Gui Ming scoffed.

The sky-prides of the yokai beast, Demonic Dao Sect, and the two great Immortal Halls were all present at Jiuli Tribe.

Other than them, other sky-prides from different forces arrived at the scene as well.

They were all here for Chiyou's inheritance.

The only similarity all of them shared was that every single one of them, or at least the forces they came from, was capable of obliterating the Jiuli Tribe easily.

Suddenly, the Jiuli Tribe found themselves in a pinch again after the attack from the Chimei Tribe Leader!

Chapter 1354: Qin Clan Fourth Young Master, Five Dragons Dominion Art, I Want You Dead

Yokai beast, Demonic Dao Sects, the two great Immortal Halls, and sky-prides from other forces came to the Jiuli Tribe for the Chiyou's inheritance.

Every one of them had an astounding background, and they each possessed the capability to eliminate the entire Jiuli Tribe ten times over.

The Jiuli Tribe Leader stared at the sky-prides and Heavenly Champions with a terrible expression. Then, he started to shake uncontrollably as he was at a loss for action.

Even though he was a peak Gilded Immortal and none of the sky-pride and Heavenly Champion were his match, it did not mean he could just ignore them.

He could not put his entire tribe at risk and engaged the enemies. It would only bring catastrophe to his tribe.

"If only Master Chu is here," Li Fei murmured as her eyes gleamed hopefully.

The Jiuli Tribe Leader let out a long sigh. "Even if Master Chu is here, he can't do anything either."

Every sky-pride and Heavenly Champion present were astounding on their own, and the forces they represented were terrifyingly massive.

No matter how powerful Chu Kuangren was, he was one man.

How could he go up against that many opponents?

The thought put the Jiuli Tribe Leader in despair.

Could that be the end of the Jiuli Tribe?"

"Jiuli Tribe, time's up. Handover the inheritance," Gui Ming of the Mountain Ghouls House shouted.

He raised the skull in his hand and released a dark, eerie Immortal Spark that turned into specters that filled the area.

The scene was reminiscent of the attack from the Chimei Tribe Leader, which put Jiuli in an even more terrible position.

Further away, a golden warship rose from the horizon.

The massive and majestic warship resembled a monstrous beast shrouding the sky.

The sky-prides and Heavenly Champions were astonished by its appearance and were immediately deterred.

"That ship is from the Qin clan!"

The Qin clan was a dominating force on Holy Violet Emperor Planet, possessing powerful resources that rivaled the ancient immortal orthodoxies from the Immortal World.

It was said that the Qin clan was related to a certain emperor of ancient times who wished to restore the supreme Human Emperor.

"The Qin clan is a native faction. Are they here to help the Jiuli Tribe?"

"Possible."

The Jiuli Tribe Leader could not help but feel hopeful all of a sudden.

It was then a cold voice came from the warship, saying, “Handover Chiyou’s inheritance, and Jiuli shall be enlisted as a guest under the Qin clan banner. We will offer you protection!”

The words shattered the tiny bit of hope the Jiuli Tribe Leader had.

After all, a small tribe like Jiuli would never be worthy of the Qin clan’s attention. They were here because of Chiyou’s inheritance, like everybody else.

“Jiuli might not be a big tribe, but as the descendants of God Chiyou, we will never betray our God by giving his inheritance away!” the Jiuli Tribe Leader said with resolve and determination.

“If you insist, don’t blame us for being rough,” the voice from the warship said.

A man in brown robes with five dragons sewn on it walked onto the deck.

Each step he took and each move he made screamed of dominance.

“It’s the Fourth Young Master of the Qin clan, Qin Fei!”

Someone recognized the man.

The most remarkable sky-pride of the Qin clan was the Eldest Young Master, Qin Fengyun. Rumor had it that he was a ridiculously powerful Prodigy who had become a Third-grade True Immortal.

Qin Fei might not be as powerful as Qin Fengyun, but he was also considered a Prodigy.

Even Gui Ming of the Mountain Ghouls House and Zi Yunxi of the Holy Violet Tribe was lackluster when compared to him.

Qin Fei raised his hand into the air and gathered the spiritual qi of the realm. Terrifying energy gathered above his palm and then transformed into a ferocious, violent fiery dragon.

The fiery dragon crashed down from the sky and went straight to the Jiuli Tribe.

“It’s the Qin clan’s Five Dragons Dominion Art!”

“That’s the Scarlet Dragon Shadow of the Five Dragons Dominion Art! It is said that the Immortal Scripture can be used offensively and defensively. It’s powerful and almost in the ranks of an Embodier Immortal Scripture!”

The fiery dragon terrified the crowd.

Its roar shattered the void as it flew down toward the tribe.

The Jiuli Tribe Leader was prepared to defend his tribe against the Scarlet Dragon Shadow.

Defending against the Scarlet Dragon Shadow was not that difficult for the Jiuli Tribe Leader with his Gilded Immortal cultivation base. However, before he could do anything, a surge of tremendously powerful energy appeared in the void and locked onto him.

The energy presence pressured even him, a Gilded Immortal.

It was from an Arch Gilded Immortal within the Qin clan! Someone inside was restraining him from defending his tribe.

Not only him but even the tribe elders were pressured and pinned to the ground. They could do nothing but watch the Scarlet Dragon Shadow crash onto them.

Right before the critical moment befell them, countless Immortal Sparks shimmered in the void and formed a reddish-golden tree to block the Scarlet Dragon Shadow.

It was the Fusang Tree!

Many sky-prides and Heavenly Champions were astounded and terrified by the tree's appearance.

"Fusang?!"

"Why is the Fusang Tree here? Is that man here as well?!"

Someone gasped in fear and started to tremble uncontrollably.

At that moment, the image of a white figure appeared in their minds.

However, a voluptuous woman in black emerged from the ancient tree, and each move she made screamed of dark, eerie qi.

"It's not him!"

"Phew! I thought it was really that guy!"

Some sighed a breath of relief, while some had yet to recover from their shock.

"This woman is closely related to Chu Kuangren. If she's here, there's a chance that he might be too."

The sky-prides exchanged a quick look.

Then, multiple Immortal Consciousness scanned the Jiuli Tribe from inside to outside. Not a single corner was left unturned.

They were afraid that Chu Kuangren was hiding inside.

However, no matter how many times they scanned the place, up or down, shallow or deep, they did not find any traces of Chu Kuangren.

"Great! He's not here!"

"Things would get ugly if he's here."

Gui Ming of Mountain Ghouls House sighed a breath of relief, and even Zi Yunxi relaxed.

The native sky-prides were baffled by the foreigners' reaction, not knowing what they were afraid of.

"That girl?"

"She controls the power of Fusang, but it's not that scary."

The native sky-prides simply assumed the foreigners overreacted to the girl's appearance.

When Qin Fei saw Fu Yin block his Scarlet Dragon Shadow from the warship, it aroused his possessiveness. “What a cool beauty.”

“You are asking for it!” Fu Yin responded coldly upon sensing the man’s gaze. Then, mystical Nether Flame sprung out from her body at the next moment.

“Oh, Mystical Nether Flame. Nice!”

Qin Fei’s eyes glimmered before a surge of domineering energy exploded from him.

Scarlet, blue, yellow, gold, and green — dragon shadows of five different colors sprung out and surrounded him, forming a peerless defensive barrier.

The Mystical Nether Flame did not even lay a scratch on him.

“My beautiful girl, follow me, and I will give you whatever you want. Wealth, Immortal Crystals, Immortal Herbs, whatever you wish. What do you say?”

Qin Fei stood with his hands behind his back and grinned confidently.

“I want you dead!”

Chapter 1355: It’s Really Him, Two Choice, Prepare To Welcome Despair

“I want you dead!” Fu Yin said in the coldest tone.

Then, a large amount of Yin qi spread outward and flooded the field.

Qin Fei’s expression turned grim upon hearing Fu Yin’s answer. “Woman, you’ve successfully made me mad!”

As an arrogant and proud person, Qin Fei always got what he wanted, especially the woman he liked.

“Since you don’t know how to be grateful, I’ll defeat you first and teach you some proper manners when I bring you back!”

After that, all five dragons around him released their respective dragon breath.

All five dragons represented the different elements in the Five Ways.

Five different energies with a mix of the dragon’s might were shot toward Fu Yin, leaving a trail of colors that painted the realm gorgeously.

Naturally, Fu Yin refused to step down. She channeled the Mystical Nether Flame and countered the dragon’s breath. The whirring of the eerie dark flame felt like it could freeze all life.

It was the mystical flame versus the dragon’s breath!

A deafening explosion went off upon collision and tore the void apart.

The clash sent Fu Yin sliding several meters backward.

However, Qin Fei did not even flinch as he was protected by the five dragons.

Fu Yin was horrified. “He’s stronger than me...”

The Fusang Tree behind her released its Immortal Sparks, and Yin Yang intent started to flow around it.

As the leaves rustled in the air, the full power of the Fusang Tree erupted.

This time, the blast from the Fusang Tree successfully pushed Qin Fei and his five dragons backward.

“The full power of the Fusang tree is indeed something else.”

The battle continued with Fu Yin deftly using the Fusang’s power and the mystical flame to counter Qin Fei’s five domineering dragons.

On the other hand, Gui Ming, Zi Yunxi, and the others finally made a move after realizing the battle between Fu Yin and Qin Fei would continue for a while.

“The Chiyou’s inheritance must be within the Jiuli Tribe. If they won’t hand it over, we will have to take it by force.”

“Yeah, let’s do it.”

“I believe the tribe leader won’t just sit back and watch his tribesmen die!”

All sky-prides and Heavenly Champions rushed toward the Jiuli Tribe.

They channeled all kinds of Immortal Techniques and divine abilities to slaughter the tribesmen in their way.

The Jiuli Tribe Leader and the other elders were pinned on the spot by an Arch Gilded Immortal, so they could not do anything but watch their people slaughtered with their teeth gnashed.

“Sword Barrier!”

A feminine voice suddenly sounded from the crowd of Jiuli tribesmen.

Shi Ying stepped up wielding her Immortal Sword, and countless sword qi intertwined before her to form seven layers of sword qi barrier that protected a bunch of Jiuli children behind her.

Further away, Li Fei and the other Jiuli cultivators tried their best in defending their tribe against the sieging sky-prides and Heavenly Champions.

The sky-prides did not care about casualties. They were merciless, all for the sake of getting Chiyou’s inheritance.

Li Fei and the others gave their fullest in defending, but it would not last long.

“Damn it! Those bastards!”

Shi Ying was overwhelmed with anger and helplessness as the Jiuli tribesmen died before her eyes.

Suddenly, a surge of powerful sword qi landed on the sword qi barriers, crushing them in one slash.

A cultivator wielding a black demonic sword and bathed in sharp demonic sword qi stepped up. He looked at Shi Ying greedily. “You’re using the Nine-Layered Sword Barrier of the Twenty-Four Sword Dao Techniques, right? Hand it over, and I’ll spare your life.”

“Keep on dreaming!”

Shi Ying wore a frosty look and lifted her hands to unleash her sword qi.

Clinks and clanks sounded in the air as she fought the cultivator.

The whole Jiuli Tribe was engulfed in the flames of war.

“Look, Jiuli Tribe is beyond saving,” Qin Fei said as he blasted five more dragon breaths at Fu Yin, pushing her back once more.

He stared at the strife-ridden tribe with zero compassion and mercy.

Then, he looked at Fu Yin and said, “I’ll give you one more chance. Come with me, and I’ll let you live.”

“My answer is the same: I want you dead!” Fu Yin said coldly.

She might sound feisty, but deep down, she was anxious and nervous.

She could only stall Qin Fei for a limited amount of time, and if the battle was prolonged, she would inevitably lose.

Similarly, Shi Ying, Li Fei, and the others were stretched out as well.

‘Is this the end for the Jiuli Tribe?’ Fu Yin thought with her brows furrowed.

To be honest, she could not care less about Jiuli Tribe’s life and death, but Chu Kuangren was still inside.

“Stubborn. I’ll end you with this last move,” Qin Fei said. As he raised his hand to the sky, his dragons roared in the sky.

Five dragons swirled in the air, releasing countless Immortal Sparks and five different elemental energies. The void around Qin Fei shook violently.

“I must block this attack with all I got!” Fu Yin’s expression turned bitter as she sensed a deadly threat from Qin Fei.

Hence, she quickly channeled Mystical Nether Flame and the Fusang’s power to the limit.

“Five Dragon World Destruction!” Qin Fei shouted and wanted to unleash his killer move.

However, before he could release it, he sensed something further away and looked in that direction in horror.

Not only Qin Fei but the other sky-prides and Heavenly Champions were also shocked by the energy presence.

Kaboom!

An immensely powerful surge of demonic qi erupted and shattered half the void in the area, terrorizing every sky-pride and Heavenly Champion on the field.

The shattered void revealed a whole new world behind it.

“It’s a secret realm!”

“Could it be the realm that holds Chiyou’s inheritance? No wonder we couldn’t find it before this!”

“What a terrifying presence. Who’s inside there? Is it the one who has gotten Chiyou’s inheritance?”

A large cave opened up in Jiuli’s secret realm.

The demonic qi from the cave was so intense that it broke the void coming out.

Everyone who felt the demonic qi was terrified and stunned.

Some sky-prides and Heavenly Champions gulped in fear as a thought rushed into their minds.

“There’s a familiar presence mixed within the demonic qi. Is it... Is it him?!”

“If Fu Yin is here, does it mean he’s here as well?!”

“I heard the man has used Demonic Dao techniques before, so it’s not surprising that he has demonic qi of this level.”

Everyone immediately stopped fighting and stared at the cave leaking Demonic qi.

Then, footsteps came from within.

“You people have two options: kneel before me and take your own life, or I will do it for you.

“You can either die a quick death or experience despair from my hand.”

The person had yet to emerge from the cave, but the voice echoed throughout the realm. Everyone heard the terrifying voice.

Some of the sky-prides and Heavenly Champions were so horrified that their faces turned pale, their bodies shook violently, and fear was written all over their faces.

Following that, a pair of white boots stepped out from the cave.

The intense demonic qi was at its peak as a figure in white emerged from within.

Among the demonic qi that filled the realm, the man with the handsome looks but chilly gaze peered down at all invaders.

He was like a Demonic God that controlled death and destruction.

“It’s really him!”

Zi Yunxi, Gui Ming, and the others were horrified.

The Avarice, manticore, and the other sky-prides from the Wild Beast Tribe trembled in fear. They feared the figure in white as though he was the apex predator on the field.

“No one is kneeling? Great. It seems like you people have chosen the second option.”

Chu Kuangren stepped out of the secret realm and glanced at everyone on the field. He stood with his hands behind his back and said, “Well then, are you all prepared to welcome despair?”

Chapter 1356: Blood Wreckers Sky-Pride, No One Can Make Me Flee Yet

“Are all of you prepared to welcome despair?”

Chu Kuangren stood with his hands behind his back, uttering those frightful words in the coldest tone as he peered down at all of them.

A sky-pride opposite him was so horrified that his face turned bleach white, his body shook uncontrollably, and his eyes widened in fear.

Chu Kuangren’s one-man aura successfully overwhelmed every sky-pride and Heavenly Champion on the field. No one was even close to matching his intimidating presence.

In addition to his overflowing demonic qi, he was akin to a Demon God.

“Run!”

Horrified, a certain sky-pride lost his will to battle and decided to run.

His figure flashed and transformed into a stream of light that flew out of Jiuli Tribe.

“Fool.” Chu Kuangren pointed his sword hand sign forward, and a sword ray shot out.

The sword ray that contained countless Daoist patterns and its dazzling shine astonished even Gods. It was the Godfearing Daoist Sword Technique of the Twenty-Four Sword Dao Technique!

“Everyone! Fleeing with your backs to Chu Kuangren is unrealistic! This is our fate! The only way we can escape alive is to defeat him!” Zi Yunxi shouted at the others, attempting to instigate the others into teaming up against Chu Kuangren.

At that moment, the sky-prides and Heavenly Champions were reminded of everything horrifying about Chu Kuangren. They knew the man meant everything he said, and if he said he would kill them all, no one could escape his fury.

The thought granted them the resolve they needed to fight this life and death battle!

“Chu Kuangren! It’s us versus you!”

“There are so many of us. I’m sure there’s a chance we can defeat you!”

“I refuse to believe you’re invincible.”

The Demonic Dao Sects sky-prides, yokai sky-prides, cultivators from the Immortal Hall — everyone rallied up and formed a temporary alliance just to fight Chu Kuangren.

Among them, the avarice led the attack against Chu KUangren.

A powerful yokai qi burst and transformed into a black vortex that attempted to suck Chu Kuangren in.

However, a beam of sword ray flashed across the air the next second!

Bang!

The sword ray ripped the vortex into two, together with the avarice that cast it.

“Black Mountain Suppression!” Gui Ming cried. He swiftly performed multiple hand seals, and countless Daoist patterns started to gather on him. Then, a black divine mountain appeared above him and crashed down onto Chu Kuangren.

“Holy Violet Sword Art!”

Zi Yunxi revealed an Immortal Sword and unleashed the dazzling purple sword ray that shadowed heaven and earth.

The two Prodigies led the others into attacking Chu Kuangren with everything they got. All kinds of Immortal Techniques and divine abilities were dished out at Chu Kuangren like a tidal wave.

The overwhelming number of attacks enveloped Chu Kuangren. Even the people of the Jiuli Tribe were caught within the area of attack.

Had Chu Kuangren stepped away, the Jiuli Tribe would suffer catastrophic damages.

Hence, the sky-prides and Heavenly Champions were taking a gamble, trying to find out how important the Jiuli Tribe was to Chu Kuangren.

After all, since Chu Kuangren appeared in the Jiuli Tribe, he must be related to them.

As a matter of fact, the Jiuli Tribe was not at all important to him. However, he never thought of stepping away either because he had decided to protect the tribesmen from harm.

“Nine-layered Sword Barrier!”

Chu Kuangren pointed his sword hand sign forward, unleashing countless sword qi from his body that intertwined in the air to form layers of sword qi barrier.

It only took less than a second for the sword qi to form nine sword qi barriers.

The seemingly endless attacks from Immortal Techniques and divine abilities crashed onto the sword qi barrier like raindrops falling onto a silent lake, creating ripple after ripple.

Bang! Bang!

Several loud explosions later, a few layers of the sword qi barriers shattered.

The realm was instantly blinded by countless dazzling Immortal Sparks!

When the energies and lights slowly faded and the dust settled, five layers of sword barriers emerged as though they were the sturdiest walls, immovable by any attacks.

Chu Kuangren and the whole Jiuli Tribe behind the remaining barrier were unscathed.

The scene left everyone else speechless and awestruck.

“Our combined attack didn’t even break half of his sword qi barriers?!”

“How ridiculously powerful is he?!”

Even Zi Yunxi and Gui Ming were stunned, with their eyes bulging in disbelief.

They knew Chu Kuangren was powerful, so they dared not be arrogant or underestimate the man in any way just because they were Prodigies. That was why they believed that with the advantage of numbers, they could somehow match Chu Kuangren's monstrous strength.

Unfortunately, the outcome was far more disappointing than they had thought; it was hopeless.

"Is this the true strength of a monster?" Zi Yunxi murmured as his eyes flickered in fear.

Could the Holy Violet Imperial Commander match the monster in battle?

"Now, it's my turn to return the favor. After all, it's impolite to receive and not give," Chu Kuangren said.

Again, he pointed his sword hand sign forward. A green light gleamed in his eyes, and the Green Leaf Sword Vision was activated.

"No! It's coming!"

Horried, Zi Yunxi and the others immediately pulled out their life-saving items.

Chu Kuangren simply drew an arc in the air with his finger. In a split second, rampant sword qi gushed forward like a never-ending storm, sweeping over everything within the realm.

"No!"

Several weaker yokai sky-prides were the first to be caught in the sword qi storm. They were torn to shreds before their body burst into clouds of blood mist.

The sword qi continued forward to the other sky-prides and Heavenly Champions.

Excruciating wails and screams were endless as torn limbs and broken torsos scattered across the field, and clouds of bloody mist filled the air, painting the realm red.

The sword qi storm painted a live picture of purgatory on land!

Many other great ones watching the battle from the dark were rendered speechless, especially the natives.

Holy Violet Emperor Planet only opened up its door not long ago, so it would be the first time they saw Chu Kuangren slaughtering others like a monster.

"This is terrifying! I didn't know there was a foreign sky-pride this powerful!"

"I believe only the strongest native Prodigies can rival his strength!"

"Only Qin clan's Qin Fengyun, Holy Violet Pavilion's Little Heavenly Ruler, and Great Frost Dragon Mountain's iceworm can match his power!"

Jiuli Tribe Leader was over the moon as he watched Chu Kuangren slaughter the enemies.

'Master Chu is indeed a peerless genius!'

At the same time, he was moved by Chu Kuangren's appearance. He knew Chu Kuangren was in closed-door meditation to refine Chiyou's inheritance. However, having some out so soon meant he had yet finished refining his progress.

He assumed it would take Chu Kuangren several years, yet he came out prematurely just to save the tribe from the enemies.

“Who is this person?” Qin Fei was flabbergasted by Chu Kuangren’s appearance.

Among the younger generations, he had only seen his brother, Qin Fengyun, possessing that much power.

“Hmph! If you leave now, maybe you can walk away alive,” Fu Yin said with a grin.

“Leave? No one on this planet can make me flee from a battle!” Qin Fei cackled.

He raised his hand to channel his ultimate technique. Five different dragon qi gathered above him and formed the mighty Five Ways energy.

Qin Fei might be powerful, but he knew Chu Kuangren was not an easy opponent. That was why he used his most powerful move as the first attack.

The five dragon qi converged and transformed into a ball of colorful light, from which came a dragon’s roar and emanated a domineering aura.

“Five Dragon World Destruction!”

His ultimate attack went off as he hurled the ball of colorful light at Chu Kuangren.

Its mighty and vast energy tore the void in its wake.

Chu Kuangren, too, could sense the energy coming.

“Oh, I have never heard a Prodigy mixing dragon qi with the power of Five Ways. Interesting, but that’s it.”

He pointed to his sword hand sign to cast the Blade of Zhou, Tyrannical Ascension!

The massive sword shadow slashed forward. Compared to the five dragon qi, its sword qi was more rampant and domineering.

As the two attacks clashed, the sword qi slashed the ball of dragon qi in half!

Just like that, Qin Fei was blasted away with blood gushing from his mouth.

His face turned as pale as snow. “Damn it! I am not his match! Run!”

Chapter 1357: In This Vast Universe, I Have Proclaimed Myself With Great Arrogance, No One Is a Match for Me

“Damn it! I am not his match! Run!”

Seeing that Chu Kuangren had broken through his ultimate technique, Qin Fei became horrified and immediately attempted to flee!

That was his most powerful technique, after all.

However, it was still nothing in the face of Chu Kuangren's attack. It showed how tremendous of a gap there was between their powers.

Jin Fei was no match for Chu Kuangren at all!

The only thing he could do now was to escape!

"Oh, where do you think you're running off to?"

A chilling grin appeared on Chu Kuangren's face.

Samsara energy soon gushed out from his body and spread everywhere. In an instant, it enveloped the surrounding area, forming a terrifying energy domain!

It was the Divine Samsara Overworld!

As the Divine Samsara Overworld was cast, every sky-pride and Heavenly Champion felt a surge of samsara energy weighing on them.

Those with weaker cultivation levels stood no chance as they immediately exploded into a blood mists.

Even Heavenly Champions like Zi Yunxi and Gui Ming also felt a tremendous force crushing down from above, making their faces pale.

"Do you think my attack ends here?" Chu Kuangren sneered while raising his hand.

A burst of Celestial Demon qi was released to form a seemingly endless band of light, consisting of black and white Immortal Sparks!

Countless mysterious Daoist patterns intertwined within it, brimming with powerful life-death energy.

That was the Chaos Celestial Demon Physique's divine ability, the Universal Life-Death Cycle!

With the Life-Death Cycle appearing, life-death energy poured out like a merciless tsunami, crushing every sky-pride with its immense power!

Inside the void, the Qin clan's Arch Gilded Immortal could not help but feel anxious upon seeing that.

Qin Fei was the Qin clan's Prodigy. If he was killed, it would surely be a great loss for the Qin clan.

However, since they were Arch Gilded Immortals, they could not interfere.

"Daoist Five Dragon Robe, lend me your strength!"

At that moment, Qin Fei's gorgeous long robes shone brilliantly. The five-dragon qi that was carved into it seemingly came to life and swirled in the void, blocking the corrosive effects of the life-death energy.

That long robe he had was a life-saving item given to him by a great one of the Qin clan.

It could increase Qin Fei's five dragon powers in a critical moment.

Meanwhile, Zi Yunxi and Gui Ming also took out their respective life-saving items, which protected them from Chu Kuangren's life-death energy!

Zi Yunxi held his Immortal Sword high, activating the seals of the runes carved within it, while Gui Ming crushed the skull in his hand, letting out an endless barrage of ghouls!

“Hmph. So what if you guys use every life-saving item at your disposal?”

“If I want you dead, there’s no way you can live anymore!” As Chu Kuangren said that, the Immortal Sparks on his Life-Death Cycle shone even brighter, and a more powerful wave of life-death energy swept out!

With that, the five-dragon energy was destroyed!

The purple Immortal Sword blasted out of Zi Yunxi’s hands, and the endless horde of ghouls was all wiped out!

Boom, boom, boom!

Three clouds of blood mist exploded in the air at the same time.

The three Prodigies had perished!

The Qin clan’s Arch Gilded Immortal, who was watching from the void, was enraged by what happened.

“Just you wait, foreign sky-pride. The Qin clan will never let this act of aggression go unpunished. The Qin clan sky-prides will one day seek justice for what happened!” the Qin clan’s Arch Gilded Immortal said coldly.

“I’ll welcome them anytime!” said Chu Kuangren calmly as he stood with his hands behind his back.

Then, he looked at the remaining sky-prides in the Divine Samsara Overworld and prepared another attack, seeking to wipe them out as well.

“Damn it!”

“Why is Chu Kuangren so powerful? None of us is a match for him.”

The few Demonic Dao sky-prides used their life-saving items to protect themselves from the effect of the life-death energy.

However, if the three great Prodigies could not survive it, let alone them.

Even with the treasured items’ help, it was obvious that their protecting effects were at their limit.

Just when Chu Kuangren was preparing to attack, an incredibly powerful burst of demonic qi erupted from the distance, shocking the whole area!

Following that, a black pillar of light containing endless destructive power shot toward Chu Kuangren!

That attack immediately broke through the Divine Samsara Overworld!

To counter the attack, Chu Kuangren formed a sword hand sign and cast the Tyrannical Ascension Sword!

The moment his sword qi collided with the pillar of light, his Divine Samsara Overworld was destroyed, and the void was blasted open. Terrifying shockwaves sent the remaining sky-prides flying from the battlefield!

Everyone was shocked.

‘Who is that?’

‘Who could save them from Chu Kuangren’s attack?!’

The great ones of the Holy Violet Emperor Planet and those secretly observing from space immediately looked at the source of that attack.

An arrogant figure dressed in long black robes was approaching through the air. He was holding a black demon spear as terrifying demonic qi surrounded his body, and the surrounding terrain crumbled in his trail!

His demonic qi, which was extremely pure and filled with destructive capability, eventually filled the land!

Some sky-prides even felt like the demonic qi were about devour them just by looking at it.

“What a terrifying person. His demonic qi must be almost on par with Chu Kuangren, right?!”

“Damn. Who the hell is that person?”

However, some of the Demonic Dao sky-prides were immediately overjoyed to see the person.

“It’s Shi Tianxuan of the Sky Demon Tribe!”

“He’s here!”

“This is wonderful!”

“With him around, Chu Kuangren will surely meet his match.”

Shi Tianxuan was the most powerful Heavenly Champion from the Demonic Dao’s Sky Demon Tribe. He was the current owner of the Godkiller Spear and Demonic Forefather Luo Hou’s successor!

Chu Kuangren grinned when he saw who arrived. “You’ve finally come.”

“I’m here to return that sword attack of yours!”

A colorful demonic light lit up in Shi Tianxuan’s eyes, and his Godkiller Spear started trembling uncontrollably.

That was not fear but delight!

A while back at the Demonic Dao’s Luo Hou Ancestral Land, Chu Kuangren had plunged the Demonic Dao into chaos and dealt a devastating blow to them, so Shi Tianxuan was here today to return the favor and wipe away the humiliation he received from that event!

Chu Kuangren chuckled. “That attack was my reward for you. ”

“You’re as f*cking arrogant as ever!” Shi Tianxuan said grimly.

“In this vast universe, I have proclaimed myself with great arrogance, yet no one is a match for me!”

Chu Kuangren did not say much. Standing with his hands behind his back, he gave off a sense of loneliness that came with standing at the pinnacle of power.

No one among the younger generation of cultivators could compete against him.

His feats and achievements had surpassed even that of the sun and the moon’s greatness!

Everyone could only see the endless glory he was basked in, but none of them understood the loneliness of standing alone at the top.

“I hope you can push me further than those weak Prodigies!” Chu Kuangren said indifferently.

“Today, I shall drag you down from the throne of gods and take your place among them!” Shi Tianxuan yelled. The next instant, his demonic qi erupted!

Without another word, he stepped forth and attacked with his Godkiller Spear!

That spear was an Innate Treasure, possessing terrifying offensive capabilities.

Although Shi Tianxuan could not unleash the full power of that spear, just a trace of its might was enough for him to stand amongst the top-tier Prodigies.

His spear energy was like a tornado, causing the surroundings to tremble as it headed toward Chu Kuangren!

“That’s what I’m talking about!”

Chu Kuangren formed a sword hand sign to unleash the Blade of Zhou’s Second Form, Tyrannical Ascension!

At that, a gigantic sword shadow charged forward toward the spear energy!

When the energies from the two attacks collided, the collision emitted a light so bright that the surroundings turned bleak, and both parties were forced back from that exchange!

Even Chu Kuangren was forced back a few meters.

The sight of that stunned many sky-prides!

“A-Am I seeing this right? Chu Kuangren has been pushed back!”

“That’s right. Chu Kuangren has been forced back! He’s not as invincible as we thought! He can be defeated!”

Some sky-prides could not help but smile as if they had gotten some great Opportunity of Fortune.

Fu Yin, who was standing somewhere far away, rolled her eyes.

‘So what? It’s just a few meters. Are they happy just because of that?’

‘Oh well. I guess these sky-prides have been standing in Chu Kuangren’s shadow for too long.’

Chapter 1358: Clash of the Demonic Forefather Successors, the Burial of Gods and the Great Wasteland Subjugation

Shi Tianxuan was delighted to see Chu Kuangren forced back by his attack.

Although the outcome of their battle was uncertain, he was filled with confidence now!

“Chu Kuangren, have another taste of my Godkiller Spear Technique!” Shi Tianxian yelled and thrust out his demonic spear. An incredible destructive power immediately erupted, shocking all who were present!

In the face of that attack, Chu Kuangren formed a sword hand sign. “Blade of Zhou, Infinite Void!”

The tyrannical sword of the Infinite Void burst forward!

As the sword qi from that attack swept out, it felt like every Dao in the universe had to give way to its power.

However, Shi Tianxuan’s spear attack, which was brimming with destructive power, collided with the Infinite Void technique, and the latter was immediately shattered. Once again, Chu Kuangren was forced back!

At that, the crowd was in an uproar!

“Is Chu Kuangren going to lose this time?!”

“That might be possible. Firstly, Shi Tianxuan’s cultivation level is on par with Chu Kuangren, with both of them being Second- or Third-grade True Immortals. Besides, Shi Tianxuan possesses the Godkiller Spear, a powerful weapon. On the other hand, Chu Kuangren is unarmed. How can he possibly be a match for Shi Tianxuan?”

Some of the great ones observing the battle from space were slightly puzzled.

‘Doesn’t Chu Kuangren possess a weapon as powerful as the Godkiller Spear?’

‘Even if he doesn’t, there’s no way he’ll continue fighting unarmed, right?’

“Chu Kuangren, where’s your Black Annihilation Lotus? When are you going to use it?!” Shi Tianxuan said coldly.

He knew the Demonic Forefather Luo Hou’s other Innate Treasure, the Black Annihilation Lotus, was in Chu Kuangren’s possession.

At the thought of the Black Annihilation Lotus, Shi Tianxuan could not help but look excited.

After all, the Black Annihilation Lotus was an Innate Source Supreme Treasure. Even during the ancient Immortal period, it was still considered one of the most top-tier treasures.

It was so valuable that even Arch Gilded Immortals would fight over it.

Any cultivator who managed to obtain an Innate Source Supreme Treasure was said to be favored by the heavens!

If Shi Tianxuan could defeat Chu Kuangren, he would then have two Innate Treasures in his possession!

If that were the case, he might even become as powerful as Demonic Forefather Luo Hou in the future.

“Hmph, do you think I need to use the Black Annihilation Lotus to defeat you?” Chu Kuangren chuckled.

Then, a long bronze halberd suddenly appeared in his grasp.

Countless demonic patterns were carved onto the halberd, and its power surpassed most of the Immortal Weapons in the universe.

Even Arch Gilded Immortal Weapons could not compare to it.

“That halberd is emanating the aura of Daoist laws. It’s an... Embodier Immortal Weapon!”

One of the great ones narrowed his gaze when he discovered the level of that halberd.

As the name implied, the Daoist law was the law of the Great Universal Dao itself!

It was a power wielded only by the Embodier Realm cultivators — individuals who had become the embodiment of Dao itself!

The full potential of Embodier Techniques and Embodier Immortal Techniques could only be unleashed when one had mastered the power of Daoist laws.

Usually, Embodier Weapons like Chu Kuangren’s halberd would contain Daoist laws.

“An Embodier Weapon, huh? A weapon like that is already on par with a Source Supreme Treasure. Although it’s not an Innate Source Supreme Treasure like the Godkiller Spear, I don’t think Shi Tianxuan can unleash its full potential either. So, with this Embodier Weapon, I suppose Chu Kuangren should be on par with Shi Tianxuan now.”

“This halberd... Is it Chiyou’s Great Wasteland Halberd?”

“Judging by this terrifying demonic qi, I’m certain that’s the Great Wasteland Halberd. I never thought I would have a chance to see the great weapon. Will I have a chance to witness the Great Wasteland Halberd Technique?”

The Great Wasteland Halberd and Great Wasteland Halberd Technique were, respectively, Chiyou’s main weapon and technique of choice back in those days.

Hence, many great ones were very interested in it.

“It won’t be that easy. The Great Wasteland Halberd Technique is an Embodier Technique. Judging by how recently Chu Kuangren obtained Chiyou’s inheritance, how can we expect him to master that technique in such a short time and even use it in battle?”

“Even if he’s a Prodigy, it’s impossible.”

Only a few days had passed since the appearance of Chiyou’s inheritance.

It would be madness to think that mastering an Embodier Technique in a few days was possible.

"If Master Chu had more time, he surely would've comprehended and mastered the Great Wasteland Halberd Technique. Alas..." The Jiuli Tribe Leader could not help but sigh.

Meanwhile, Shi Tianxuan charged forward while activating the Godkiller Spear Technique. Suddenly, a burst of destructive power, along with countless Immortal Sparks, erupted. Daoist patterns formed in the void, turning into devastating spear energy!

"Chu Kuangren, once I launch this attack, your defeat shall be set in stone!"

"Godkiller Spear Technique, Merciless Slaughter!"

With a thrust from his spear, the spear energy erupted with incredibly destructive power that could kill every living being present!

Despite not being on the receiving end of that attack, the surrounding sky-prides were horrified upon seeing it.

"With your current strength, you're still too weak!"

Chu Kuangren's body began emanating demonic qi that gathered around the Great Wasteland Halbert in his hand.

At that instant, the Great Wasteland Halbert radiated with brilliance!

"Great Wasteland Halbert Technique, Planetary Annihilation!"

With a swing from his halberd, conjurations of countless planets crumbling into dust appeared in the void as the divine might of Chu Kuangren's attack headed straight toward the Godkiller Spear attack!

It was the spear versus the halberd!

The energies released by the two weapons collided with a bang that brought the surrounding terrain to the brink of collapse!

"How is this possible?!"

The great ones secretly observing the battle were shocked. They could not believe their eyes.

"Can he really use the Great Wasteland Halberd Technique?!"

"How long has it been? How did he do it?!"

Everyone could not believe it.

The Jiuli Tribe Leader was stunned too.

He initially thought that Chu Kuangren would need to spend dozens of years to fully comprehend Chiyou's inheritance and master the Great Wasteland Halberd Technique.

However, how many days had it been?

'His level of cognizance and his talent are just out of this world.'

"It might be impossible for everyone else, but he's a monster!"

Some of the great ones observing from space lamented.

Chu Kuangren had achieved too many impossible feats. Although the great ones were shocked that he had mastered an Embodier Technique in just a few days, they soon realized that if it was Chu Kuangren, anything that seemed unbelievable would eventually make sense.

After all, that person was Chu Kuangren!

“I can’t believe he has mastered the Great Wasteland Halberd Technique. With this Great Wasteland Halberd, his combat strength will surely increase to another level now!”

“Damn it!”

Shi Tianxuan frowned as he continued swinging his spear, launching waves of destructive power toward his opponent.

However, with the Great Wasteland Halberd, every advanced technique that Chu Kuangren unleashed contained incredibly terrifying power.

The Godkiller Spear Technique and the Great Wasteland Halberd Technique were both Embodier Techniques meant for destruction and killing.

Besides, both Luo Hou and Chiyu were Demonic Forefathers too!

From everyone else’s perspective, Chu Kuangren and Shi Tianxuan’s battle was akin to the two Demonic Forefathers appearing across time, fighting with their lives on the line!

Just a trace of their terrifying demonic qi was enough to cause the surrounding area to crumble.

“Godkiller Spear Technique, Burial of Gods and Buddhas!” Shi Tianxuan yelled as he held the Godkiller Spear tightly and channeled his demonic qi to the maximum.

An endless surge of destructive power gushed out. That attack was seemingly intent on slaying every god and Buddha in the world!

Meanwhile, Chu Kuangren held his Great Wasteland Halberd, not intending to back down at all.

“Great Wasteland Halberd Technique, Great Wasteland Subjugation!”

With a swing from his halberd, an endless sea of flames filled the land!

That attack was the embodiment of Chu Kuangren’s combat intent, demonic qi, and murderous qi combined!

A single attack from his halberd could lay waste to everything in its path!

As the two ultimate techniques — the Burial of Gods and the Great Wasteland Subjugation — collided, a gigantic explosion erupted. Along with that, the universe rumbled, and the suns and moons lost their shine!

The endless spear ray and halberd light released in all directions!

Chapter 1359: Shi Tianxuan’s Embarrassing Escape, Conjurations on the Holy Violet Emperor Planet

The spear energy and the halberd ray clashed in the void, sending terrifying shockwaves everywhere that leveled the surrounding terrain and ruptured the void!

The surviving sky-prides and Jiuli Tribe cultivators quickly deserted the area for fear of being caught up in the shockwaves.

“What powerful shockwaves.”

“So this is what a battle between top-tier Prodigies looks like. Although Zi Yunxi and Qin Fei are Prodigies, compared to those two, the difference is day and night.”

The Jiuli Tribe cultivators were secretly shocked.

Meanwhile, many people were watching the battle from a faraway mountain peak. They were sky-prides and Heavenly Champions that were drawn over here by the commotion.

One of them was a young girl dressed in a gorgeous black robe with Equinox flower patterns. A look of surprise flashed across her blood-colored eyes.

“His clone has gotten stronger.”

That young girl was Hua Wu Ai (TN: Used to be called “Hua Wuai”).

Initially, she had no interest in coming to the Holy Violet Emperor Planet. However, since she saw Chu Kuangren, she found herself subconsciously attracted to him.

Putting it in another way, she was attracted by his nonexistent fate.

That was why she came to the Holy Violet Emperor Planet — to see what else he, a person with a nonexistent fate, could do.

She was even planning to meet Chu Kuangren’s true self and have a chat with him.

“And that white-robed woman... How interesting. So, she has taken on that form and is now following Chu Kuangren by his side. What is her motive, I wonder?”

Looking at Shi Ying standing in the crowd, Hua Wu Ai murmured to herself.

However, she only took a glance at her and looked away right after.

Although something about Shi Ying intrigued her, she was more interested in Chu Kuangren.

In the skies above Jiuli Tribe, Chu Kuangren and Shi Tianxuan’s battle had reached a climax. Endless destructive power continued clashing against the raging murderous qi that was mixed with demonic qi.

Everyone could vaguely make out two silhouettes fighting in the sky.

One had a determined expression while holding a long black spear. Countless Daoist patterns swirled around him as his body radiated with Immortal Sparks!

Another was armed with a bronze halberd, with bolts of lightning sparking in his eyes. He was also wearing an extremely frightening mask, which made him look like the god of the entire battlefield!

“It’s Demonic Forefather Luo Hou and Chiyu!” A sky-pride could not help but exclaim.

The Embodier Techniques of the two Demonic Forefathers clashed, unleashing a fraction of their power through Chu Kuangren and Shi Tianxuan. As a result, it was as if the two ancient beings had revived and were battling each other!

Despite being a fraction of their power, everyone was already terrified by it!

As the battle ensued, the onlookers could not help but wonder. Had the ancient Embodier elites disappeared from the universe?

Countless years had passed, yet their inheritances and Immortal Consciousness persisted.

If that were the case, what about themselves? Had they really perished?

No one could say for sure.

That was because the Embodier Realm was just too ethereal and mysterious. Throughout the current Immortal World and even the vast universe, only a handful of them once existed in history.

Boom!

At that time, Chu Kuangren and Shi Tianxuan's attack collided, forcing both of them back!

"Is that all you've got?" said Chu Kuangren indifferently while holding the Great Wasteland Halberd.

Shi Tianxuan frowned and snorted. "You're not fooling anyone either, Chu Kuangren. I bet you must be nearing your limit as well."

"How could someone like you possibly comprehend the limits of my strength?" Chu Kuangren replied emotionlessly.

The next instant, countless mysterious purple demonic patterns appeared on his body, and an even brutal aura poured out right after!

The Jiuli Tribe Leader could not help but exclaim, "That's... That's Chiyou's Demonic Patterns!"

He did not expect Chu Kuangren to master the Great Wasteland Halberd Technique and even Chi You's Demonic Patterns in such a short time.

With the appearance of Chiyou's Demonic Patterns, Chu Kuangren's aura gradually grew stronger!

It became so powerful that Shi Tian felt terrifying pressure from his opponent. Slowly, his expression turned into that of caution.

"Do you think you're the only one with a combat-strengthening technique?"

"Godkiller State, activate!" Shi Tianxuan roared.

As a mysterious energy fluctuation emerged from his Godkiller Spear, the Daoist patterns on his spear flashed.

Following that, Shi Tianxuan's aura, too, increased.

"Oh, then what about this?"

Chu Kuangren took out a frightening mask and put it on.

The demonic patterns on that mask flashed and increased Chu Kuangren's aura once again. He had put on the Ashura Mask, which strengthened the power of his demonic patterns!

Chu Kuangren stepped forward and attacked with his halberd. His attack was so powerful that it could cleave right through a whole mountain!

Shi Tianxuan raised his spear to block it, and a loud clang sounded when the two weapons collided. The horrifying impact from that exchange sent his body trembling uncontrollably, and the ground around him immediately blew up, causing the lower half of his body to drop beneath the surface of the ground!

At that moment, Chu Kuangren's power was clearly above his!

"Damn it!" Shi Tianxuan yelled. Surges of demonic qi emanated from his body and blasted him free from the ground.

He tried to retaliate, but Chu Kuangren continued attacking in quick succession with his halberd. Every blow carried unimaginable power.

Even with the Godkiller Spear, Shi Tianxuan was still overpowered, with no chance to strike back!

Boom!

Taking a hit from Chu Kuangren's halberd, Shi Tianxuan was immediately blasted away, crashing into a nearby mountain range.

Laying in the ruins of that mountain, Shi Tianxuan was in quite a sorry state. His expression was grim. "Why? Why am I still no match for him?!"

'Is he truly that undefeatable?!'

"Green Leaf Sword Ocean!"

An apathetic voice sounded at that moment.

A volley of sword qi appeared and filled the air surrounding him. By then, Chu Kuangren had already activated the divine ability of his Honorable Supreme Immortal Physique.

As the countless strands of sword qi that filled the air were launched toward Shi Tianxuan, he swung his spear, deflecting most of the incoming sword qi attacks.

However, next came a black and white light beam, more powerful than all the sword qi released. That was the Yin Yang Duality Rites Divine Rejuvenation Light!

Having been mixed with the sword qi, the divine light shot toward Shi Tianxuan. Not noticing it in time, Shi Tianxuan was immediately hit by that attack, which almost blasted apart his Immortal body. He even spurted out a mouthful of blood after.

Everyone was shell shocked.

Besides Chiyou's inheritance, Chu Kuangren also possessed various Honorable Supreme Immortal Physiques.

His techniques and attacks were endless and ever-changing!

Just the divine ability of one Immortal Physique was already incredibly powerful, let alone a series of attacks that consisted of activating various divine abilities interchangeably. No one could ever hope to survive something like that.

"This is bad. I must leave right now!"

"I'm not a match for Chu Kuangren now. I must escape at once!"

Shi Tianxuan acted decisively and escaped by turning into a stream of light.

"Leaving so soon?"

Countless silver-white Daoist patterns spread out from Chu Kuangren's body, sealing away the whole area!

A powerful spacetime sealing energy appeared and instantly immobilized Shi Tianxuan.

Chu Kuangren swung his halberd and landed a direct strike on Shi Tianxuan's Immortal body. Having been critically injured, Shi Tianxuan immediately spurt out another mouthful of blood.

Just when Chu Kuangren was going to finish the battle by killing Shi Tianxuan, a beam of radiant light suddenly rose into the air somewhere far away!

An incredibly powerful energy fluctuation swept out. In an instant, it covered the entire Holy Violet Emperor Planet!

Daoist chimes reverberated the realm while Daoist patterns appeared in the sky.

Auspicious conjurations of dragons, phoenixes, Kylin's trodding across the sea, and the ground blooming with gold lotuses appeared in the sky, one after another.

"This aura..."

Chu Kuangren was surprised as he looked into the distance.

While the conjurations appeared, Shi Tianxuan took the opportunity and channeled his demonic qi to its fullest potential. He even set aflame his soul essence without hesitation, which in turn, gained him another burst of demonic qi. Tearing through the restraints of the Spacetime Sealing Technique, he turned into a black ray of light and disappeared into the void.

"Hmph. I shall let you struggle on the verge of death a little longer."

Chu Kuangren chuckled and did not bother to chase Shi Tianxuan. Instead, he looked at the conjurations that were happening far away. "It seems like something more interesting is happening."

Chapter 1360: The Heavenly Dao Spires of The Four Cardinal Directions, the Jiuli Tribe Pledges Their Allegiance, Prodigies From All Corners of the Planet

A disheveled figure arrived at a mountain peak. Then, he instantly placed down several heavy layers of restrictions, hoping they would conceal his presence.

That person finally could not hold on any longer and fell onto the ground while coughing up mouthfuls of blood. His aura was incredibly weak.

It was none other than Shi Tianxuan.

Right now, he was covered in dust, mud, and his own blood. It was the most messed up he had ever been, with his Immortal body critically injured and most of the Daoist patterns engraved on it were shattered. His hair had come undone, adding more to his disheveled look, not to mention his severely weakened aura.

“Chu Kuangren...”

“Damn it. Even with the Godkiller Spear, am I still not a match for him?”

“He hasn’t even pulled out the Black Annihilation Lotus yet!”

Shi Tianxuan gritted his teeth with a conflicted expression on his face. He was filled with anger and hatred toward Chu Kuangren yet also held a deep sense of fear and caution against him.

He understood that Chu Kuangren might not have used his full strength in the battle earlier.

At the very least, Chu Kuangren had not used the Innate Source Supreme Treasure, the Black Annihilation Lotus, which was a terrifying item on par with Shi Tianxuan’s Godkiller Spear.

Little did Shi Tianxuan know that he was battling Chu Kuangren’s clone all this while. After all, the Black Annihilation Lotus Shi Tianxuan was so fixated on was in the real Chu Kuangren’s possession.

However, it would be better for him not to learn of this. Otherwise, his mental state would have collapsed instantly.

If a clone of Chu Kuangren could already defeat him, what about the real Chu Kuangren?

He would not even dare to think about how terrifyingly strong Chu Kuangren could be.

“Now, that energy fluctuation that erupted during my battle with Chu Kuangren, did something happen?”

Shi Tianxuan looked into the distance where the conjurations originated and pondered.

Meanwhile, conjurations were happening in the four cardinal directions of the Holy Violet Emperor Planet, which were the North, South, East, and West respectively. The mysterious energy fluctuation soon traveled and enveloped the whole planet.

Every sky-pride and Heavenly Champion could not help but look curiously toward the source of the conjurations.

“It’s so powerful and mysterious... What’s causing this?”

“Has a great treasure appeared?”

“It’s happening in four directions as well. Can it be that four valuable treasures have appeared at the same time?”

While everyone was still confused about what was happening, countless Daoist patterns started gathering in the four cardinal directions of the Holy Violet Emperor Planet. Amidst the brilliance of light, four towering spires with conjurations swirling around them appeared out of nowhere!

The four spires had appeared in each of the four cardinal directions of the Holy Violet Emperor Planet.

Following that, Mysterious Daoist chimes reverberated throughout the planet. When the sky-prides and Heavenly Champions saw those four towering spires, they instantly understood something.

“These are the Holy Violet Heavenly Dao Spires!”

“These towering spires are manifested by the Holy Violet Emperor Planet’s Heavenly Dao. Anyone who passes the trials inside the Heavenly Dao Spire will receive great Opportunities of Fortune.”

Amazed, everyone started looking at the Heavenly Dao Spires with excitement.

The Holy Violet Emperor Planet possessed a Heavenly Dao of its own.

Since the Holy Violet Emperor Planet’s Heavenly Dao wanted to test the sky-prides and Heavenly Champions from all corners of the planet and propel the Battle of Heavenly Champions further, it created the four Heavenly Dao Spires!

The Heavenly Dao Spires consisted of nine hundred and ninety-nine floors.

For every nine floors, the challenger or cultivator would receive a treasure bestowed by the Heavenly Dao. Those who managed to reach the final nine hundred and ninety-ninth floor would even receive an ultimate Opportunity of Fortune!

At that thought, every sky-pride and Heavenly Champion present immediately took action by hurrying to the closest Heavenly Dao Spire.

Meanwhile, inside the Jiuli Tribe, Chu Kuangren also learned about the Heavenly Dao Spires. Naturally, he would never let an opportunity like that slip by.

However, he would first have to settle the Jiuli Tribe.

Since he obtained Chiyou’s inheritance and was even hailed as the savior of the Jiuli Tribe, he did not mind gaining their allegiance too.

The process was actually quite simple.

Having saved the Jiuli Tribe twice, he was already something like Chiyou’s emissary to them.

If he wished to do so, he could even make himself the Tribe Leader with the amount of support he had in the tribe.

After discussing with the Jiuli Tribe Leader for a whole night, the Jiuli Tribe Leader expressed his willingness to follow Chu Kuangren’s lead in the future.

“Since the Jiuli Tribe has pledged their allegiance to me, I shall never allow you to suffer in this entrapment anymore.”

“Once I become the Immortal World Ruler, I’ll save the Jiuli Tribe from the Holy Violet Emperor Planet, and your tribe shall no longer be bound in place in this vast universe!”

Chu Kuangren promised.

The Holy Violet Emperor Planet may seem like a great location for cultivation with its countless Opportunities of Fortune, but many of the older elite cultivators knew that the planet was their cage all along!

Wanting to decorate and diversify the beings on the Holy Violet Emperor Planet, the Holy Violet Immortal Emperor of the Immortal Hall captured many species and tribes of cultivators and settled them on the planet. Although he allowed them to prosper and grow without restraint, he placed restriction barriers all over the planet. Any living being born on the planet would never be allowed to leave, no matter how high their cultivation level was. The only exception to that was become more powerful than the Holy Violet Emperor.

The elites of the Holy Violet Emperor had dreamed of that day for a very long time.

After all, they had sacrificed almost everything just to obtain freedom.

With the Battle of Heavenly Champions happening, an opportunity had presented itself to the living beings on the Holy Violet Emperor Planet.

If they become Heavenly Champions by obtaining a will of the Immortal World, they could then leave the planet. Another way would be to support one of the existing Heavenly Champions, hoping that he or she would one day become the Immortal World Ruler and help free them from this planet.

The Jiuli Tribe could be said to have chosen the second method.

“Alright. It’s time I head to the Heavenly Dao Spire now,” Chu Kuangren murmured.

He was very interested in that location filled with Opportunities of Fortune. Perhaps he could gain quite a few valuable items from there.

Besides Chu Kuangren, Fu Yin, Shi Ying, and Li Fei also followed along.

That arrangement was made by the Jiuli Tribe Leader.

According to him, Li Fei was very talented but lacked experience. Hence, he hoped she could gain a thing or two by following him to the Heavenly Dao Spire.

However, Chu Kuangren knew very well that the Jiuli Tribe Leader was concerned Chu Kuangren would ignore the Jiuli Tribe once he left, and that was why he had Li Fei following Chu Kuangren by his side.

The best would be for Chu Kuangren’s impression of Li Fei to improve and possibly gain a special place in his heart. If Li Fei could get together with Chu Kuangren, the Jiuli Tribe would be in a good place. Then, the Jiuli Tribe would be even more important to Chu Kuangren.

Although Chu Kuangren noticed the Jiuli Tribe Leader’s intentions right away, he was not bothered about it.

Since the Jiuli Tribe had pledged their allegiance to him, he would not give up on them that easily.

The most talented and worthy person to be nurtured in the Jiuli Tribe was none other than Li Fei. In that case, Chu Kuangren would not mind helping her improve as she might be of some help to him in the future.

There were four Heavenly Dao Spires, each located in the North, South, East, and West of the Holy Violet Emperor Planet.

Chu Kuangren and his subordinates were heading to the East Heavenly Dao Spire.

When he arrived, many cultivators were already near the Heavenly Dao Spire.

“So this is the Heavenly Dao Spire? How extraordinary.”

A sky-pride, who was standing outside the Heavenly Dao Spire, could not help but feel amazed as he gazed upon those nine hundred and ninety-nine floors.

The Heavenly Dao Spire stood majestically from the ground, reaching into the sky. Billions of Immortal Sparks were glimmering all around it, with countless mysterious Daoist patterns carved all over the spire’s surface, making it seem very profound.

“I think it’s almost time for us to enter now.”

Some sky-prides were already eager to go in.

Whoosh...

Just then, a ray of light with an incredibly powerful Heavenly Dao aura approached. Wherever it passed, the surrounding terrain rumbled.

When some sky-prides saw who it was, they were shocked. “It’s Heavenly Daoist Tian!”

Heavenly Daoist Tian was one of the most well-known Prodigies in the Interstellar Arena. He was said to be one of the most powerful among them too.

“This Heavenly Dao Spire contains Heavenly Dao energy. To someone like me, this location is a huge Opportunity of Fortune!”

Heavenly Daoist Tian looked at the Heavenly Dao Spire with excitement.

Then, his figure disappeared into the Heavenly Dao Spire in a flash.

Besides him, sky-prides and Prodigies from everywhere also arrived.

A burst of dazzling Buddhist Light appeared in the sky as a Prodigy from a Buddhist orthodoxy arrived. He was dressed in a golden-red cassock and radiating with Buddhist Light. However, he was holding a huge saber surging with ferocious qi.

“It’s Monk Wujie of the Triumphant Pure Land!”

A black vortex appeared in the void.

Three young men with dark and gloomy Yin qi spreading from them walked out from the black vortex. They were the Yincao Underworld’s successors.

After that, purple light shone in the sky and spread everywhere.

A handsome young man approached proudly from within the purple light, emanating a noble and dignified aura.

“It’s him, the Little Heavenly Ruler from the Holy Violet Pavilion!” someone uttered with shock.

The Holy Violet Pavilion’s Little Heavenly Ruler was one of the most top-tier Prodigies on the Holy Violet Emperor Planet.

Besides the Holy Violet Pavilion’s Little Heavenly Ruler, a magnificent warship soon arrived from a distance. A young man dressed in dragon robes was standing on the warship’s deck. He had a very sharp gaze and exuded a domineering aura!

As he was also a top-tier Prodigy, his strength was on par with that of the Holy Violet Pavilion’s Little Heavenly Ruler.

He was the Qin clan’s Eldest Young Master, Qin Fengyun!
