Chapter 1501: 1501 Battle Art Versus Battle Art, We'll Only Stand A Chance By Joining Forces

1501 Battle Art Versus Battle Art, We'll Only Stand A Chance By Joining Forces

At the foot of the Five Ways Mountain, a figure dressed in white emerged with a stunning woman. The two walked toward the top of the mountain at a leisurely pace.

At that moment, the tense situation on the top of the mountain was suddenly gone. Everyone stared at the figure dressed in white, who was approaching slowly, with a solemn expression.

The world fell into complete silence. Only the sound of footsteps resounded in everyone's ears, and it seemed as if the person was stepping on their hearts.

Everyone's heart was pounding hard along with the sound of the footsteps.

The entire world was silent because of one person.

"He's here!"

Yuan Zhan was to first to speak, and a battle intent burned in his eyes.

However, he suppressed his battle intent, waiting for an opportunity to release it.

"He's Chu Kuangren!"

Gu Tiandao's eyes were filled with curiosity and fear.

Although it was his first time seeing Chu Kuangren, he had seen quite a few of the latter's portraits and could recognize him.

When he saw Chu Kuangren, he could sense the saber at his waist trembling uncontrollably, as if it was telling him that the person in front of him was highly dangerous!

"He was the one who killed my clan brother!"

Ji Feiyu's eyes were icy cold.

Although she disliked Ji De, whom Chu Kuangren killed, he was Ji clan's Prodigy after all.

"He was the one who killed the last Eastern King School's most powerful Prodigy!"

Lei Yangzi was also staring at Chu Kuangren. He had never seen Zhuo Donglai before and had no intention of avenging him.

However, some Eastern King School's elders often said that if Zhuo Donglai were still alive, both of them would be the school's elites and shoulder the responsibilities of the Eastern King School.

It meant that Zhuo Donglai's talent was no weaker than his.

Unfortunately, Chu Kuangren had milled Zhuo Donglai.

"Chu Kuangren, the Celestial Demon King and the culprit who destroyed my Qin clan!"

Qin Tianya stared at Chu Kuangren with intense hatred.

Although it was not Chu Kuangren who led the troops to destroy the Qin clan, he was the Celestial Demon King who gave the Holy Violet Crown to Jue Wushen so he could destroy the Qin clan.

Therefore, he hated Chu Kuangren more than Jue Wushen!

The rest of the sky-pride Prodigies looked at Qin Tianya and others with amazement.

Just how many forces had Chu Kuangren offended?

Few of the Five Ways Mountain's top-notched Prodigies had hatred against him.

"Chu Kuangren's reputation of being the madman who overpowered the universe will offend all sky-prides in the world, not to mention the forces whose people were killed by Chu Kuangren," a sky-pride lamented.

Without Chu Kuangren's existence, the universe would be full of talented people, and Prodigies of all forces could display their divine abilities.

However, with Chu Kuangren around, the rest of the Prodigies would have to unite to deal with him, who was dominant and arrogant.

In other words, his existence had inadvertently promoted the unity of all Prodigies.

Chu Kuangren led Lan Yu toward the top of the mountain. It seemed like they were taking their time, but in fact, each step they took crossed thousands of meters.

It did not take them long to reach the top of the mountain.

The expressions of all sky-pride and Prodigies were extremely solemn.

"It really surprises me that the famous Chu Kuangren has come to the Five Ways Mountain!"

Yuan Zhan laughed while looking at Chu Kuangren.

"Do you not welcome me?"

"Ha! Of course, I do. It would be a great honor to fight with you!"

Yuan Zhan laughed while holding the long golden staff with battle intent in his eyes. "Chu Kuangren, I'm not who I used to be!"

Chu Kuangren once fought with the Great Ten Thousand Mountains' sky-prides when he went there for the sake of Lil Fox. Yuan Zhan was one of those sky-prides, but he did not have the strength to fight against Chu Kuangren and was eventually defeated.

"In my opinion, there should be no difference," said Chu Kuangren.

Qinghua Imperial Commander, who ranked ninth in the Immortal Ranking, could not even take a few of Chu Kuangren's attacks.

If Chu Kuangren fought with his full strength, Qinghua Imperial Commander probably would have survived passed one move, not to mention Yuan Zhan, who ranked tenth.

“Chu Kuangren, let’s fight!”

Without another word, Yuan Zhan released the battle intent accumulated in his body. As he struck forward with the golden staff in his hand forward, the world suddenly seemed to have turned upside down as the space shattered!

The blow was extremely powerful.

However, Chu Kuangren was familiar with the move. “It seems like you have indeed obtained the Ape Forefather’s inheritance. Your Battle Art is not bad.”

What Yuan Zhan cast was the Battle Art’s Worldly Overthrow!

Chu Kuangren stood on the spot. Facing the gigantic staff that fell on him like a mountain, his figure appeared extremely small. However, as he raised his hand, an equally tyrannical battle intent erupted!

When he unleashed a punch, the Daoist Rhyme that spread was exactly the same as that of Yuan Zhan!

It was the Battle Art’s Worldly Overthrow, but it was even more powerful!

As the two forces collided violently, the realm cracked opened, the space shattered, and the entire Five Ways Mountain shook.

Yuan Zhan was forced back a few steps, and his huge figure slammed into a mountain. “Such powerful strength. You know the Battle Art too?!”

“I obtained the Ape Forefather’s inheritance from the Holy Violet Heavenly Dao Spires,” said Chu Kuangren.

“I see. In that case, let’s fight and see whose Battle Art is more powerful!”

Yuan Zhan looked indescribably excited. The golden staff in his hand was filled with bursts of Daoist patterns. Then, he waved his staff and set off waves of frightening storms!

“Battle Art, Overturn Rivers and Oceans!”

Another attack was released.

Chu Kuangren remained standing in the same spot. As he unleashed a palm attack, the same Daoist Rhyme and Daoist patterns flowed out before slamming on the golden staff.

Yuan Zhan was forced back even further after the attack!

On the other hand, Chu Kuangren stood in the same spot, unmoved like a huge godly mountain!

“Holy moly. Battle Art, Empyrean Smash!”

Yuan Zhan yelled and channeled his battle intent to its limit. Soon, the golden staff released an infinite brilliance that blasted outward again.

Apart from him, Lei Yangzi had also made a move. His left hand mobilized the Grand Solar energy while his right hand mobilized the tyrannical lightning!

As the two forces merged into one, they turned into a huge lightning fireball with a scorching temperature and shot across the sky like a star. Following the golden staff, it went straight to Chu Kuangren!

Upon seeing that scene, the Ape Forefather's pupils shrank in horror. He wanted to stop the attack, but it was too late.

The two forces attacked Chu Kuangren from left and right.

However, he remained standing in the same spot, unmoved like a mountain. After that, he raised his hands, and an invisible black hole energy field spread out at the staff that attacked. With that, Grand Lightning Solar dissipated into nothing.

"Lei Yangzi, what are you doing?!"

Yuan Zhan glared at Lei Yangzi.

In his opinion, it was a fair duel between himself and Chu Kuangren, so no one else was allowed to intervene.

Lei Yangzi's actions were undoubtedly provoking him.

"Yuan Zhan, can't you see? You're not his match. We can only stand a chance to defeat him by joining forces!" Lei Yangzi said coldly.

He could not care less about being unfair to others as long as he could defeat Chu Kuangren.

Ji Feiyu, Qin Tianya, Gu Tiandao, and others were also eager to try to fight Chu Kuangren.

Chapter 1502: 1502 Concentrated Is the Essence, I'll Apply A Little More Strength

1502 Concentrated Is the Essence, I'll Apply A Little More Strength

"The madman who overpowers the universes, huh? I have long wanted to prove whether the rumor is true!"

Gu Tiandao clenched the buzzing long saber in his hand and was eager to fight with Chu Kuangren.

"Chu Kuangren, you defeated and killed my clan brothers, Ji Wu and Ji De. For that, I'll defeat you to avenge the Ji clan today!" Ji Feiyu said in a cold tone.

Then, the guqin in her hand released a dazzling Immortal Spark.

Chu Kuangren took a look at her guqin and mumbled, "So this is where it is."

The guqin was one of the four of Fuxi's Guqin, the Thundering Rumble!

Among four of Fuxi's Guqin, he had obtained two while another one was with Yu Zhi. If he could grab the one in Ji Feiyu's hand, the four guqins would be complete, and the treasure of Fuxi's Guqin would emerge.

Chu Kuangren thought to himself.

“Chu Kuangren, I’ll make you pay for destroying the Qin clan today!” Qin Tianya grunted.

Soon, five dragon qi were hovering around his body, while a tyrannical dragon might spread and shook all directions!

“Damn it!”

Yuan Zhan gritted his teeth and said furiously, “You have the advantage in numbers. Are all humans so shameless?!”

“It’s fine.” Chu Kuangren said, “You can all attack together so that you may have a chance to make me take it a little more seriously.”

Upon hearing that, the corner of Yuan Zhan’s mouth twitched.

The humans were not only shameless, but the person before him was also extremely arrogant!

“You’re indeed as arrogant as the rumors say. Take this!” Gu Tiandao grunted.

As he raised the long saber in his hand, a domineering saber shadow containing a freezing intent that froze the universe emerged out of nowhere. “Ending Frost Emerging River!”

When the saber shadow dashed through, countless rivers were covered with frost.

The saber attack was domineering, chilly, and terrifying!

“Thunder Dragon Chasing Solar!”

Lei Yangzhi once again mobilized the Thunder-Solar combo, which turned pure solar energy into a gigantic fireball and lightning energy into a berserk Thunder Dragon!

The two energies merged and rushed toward Chu Kuangren.

“Five Dragons Dominion!”

Five dragon qi hovered around Qin Tianya’s body. Then, five completely different Five Ways energies emerged, and the gorgeous dragon shadow with countless Daoist patterns on its body gnawed toward Chu Kuangren.

Meanwhile, Ji Feiyu sat down with her legs crossed. As she plucked the guqin strings, bursts of guqin music resounded in the air, and it contained a strong impact that shook everyone’s physique.

All forces attacked Chu Kuangren together from every direction!

Lan Yu, who was behind Chu Kuangren, watched the scene without saying a word.

They might not even be able to kill her with such powers, let alone Chu Kuangren.

It must be a joke.

Boom! Boom! Boom!

A series of shocking explosions resounded throughout the universe.

The entire Five Ways Mountain shook like never before, while countless sky-pride fixed their eyes at the center of the energy.

“Even the top ten sky-pride may not be able to withstand such an attack.”

“Will Chu Kuangren get hurt?”

No one dared to think whether the attack could kill Chu Kuangren.

After all, everyone had a certain understanding of how terrifying Chu Kuangren’s strength was. Even the Bagua Furnace could not burn him to death, let alone those attacks.

In the smoke, a figure dressed in white waved his sleeves, and the endless smoke and dust dispersed.

Chu Kuangren reappeared unscathed with his robe as white as snow. “Are you trying to tickle me?!”

Those provocative words struck fear in everybody’s hearts.

Gu Tiandao and others were shocked, to say the least. Although they had already expected the attacks not to kill Chu Kuangren, it was unbelievable that he was unharmed.

“Holy moly, he is indeed scary!”

Yuan Zhan gulped.

Only then did he realize that what Chu Kuangren said was true. They might not be his opponents even if they joined forces, let alone a solo fight.

“In that case, I won’t hold back anymore!”

Yuan Zhan grunted, and his huge body began to tremble. Then, an extremely powerful battle intent soared from him.

His body began to shrink until it eventually turned into a two-meter-tall ape in black armor. As he raised his hand, the gigantic golden Godly staff changed accordingly and transformed into a normal-sized weapon for his size. Although his body was now smaller, his aura increased instead of decreased.

“Battle Secret Technique!”

Chu Kuangren’s eyes flickered, and he recognized the technique.

Bang!

In the next moment, the Ape Forefather’s figure turned into a flash of lightning and dashed toward Chu Kuangren. Although the might of his staff attack was not as terrifying as before, the energy contained in it was more than that of the gigantic staff shadow, which was big enough to cover the sky and the sun.

Concentrated was the essence.

With Yuan Zhan’s incomparably frightening energy concentrated together, it possessed the power to shake the universe even though it looked ordinary.

Meanwhile, Chu Kuangren formed a sword hand sign and casually pointed his finger out.

The moment the sword ray at his fingertips collided with the Godly staff, an annihilating storm swept out.

Chu Kuangren did not move, and his aura was steady.

However, Yuan Zhan sensed an incomparably terrifying force coming from the staff in his hand, and his arm almost broke from the shaking.

“Come again!”

Yuan Zhan gripped the Godly staff tightly and unleashed attacks one after another. Each of his blows turned the universe upside down.

Lei Yangzi, Gu Tiandao, Ji Feiyu, Qin Tianya, and others grabbed the opportunity and dashed forward.

The saber ray, guqin music, palm technique, Thunder-Solar combo, Yuan Zhan’s staff technique, and all kinds of Immortal Techniques attacked Chu Kuangren.

However, he put up a sword hand sign, and a sword ray surrounded his fingertips. Then, he lifted his finger up, releasing the sword ray forward with extraordinary might.

Chu Kuangren’s single sword hand sign easily disintegrated everyone’s attack.

Furthermore, he did not move from his spot at all.

Everyone went all out to cast Immortal Techniques’ divine abilities, trump cards, and all other techniques that they could utilize.

Unfortunately, they failed to harm Chu Kuangren.

They tried their best to attack him, but his random sword qi overpowered them like an annihilating disaster. Even if they fought with all their strength, one careless move could hurt them.

The gap in their strengths was too huge.

The more they fought, the more depressed they became.

“You all must have done your best, so be careful as I’m about to apply a little more strength.”

As soon as Chu Kuangren said that, a surge of majestic Immortal’s Core emanated from Chu Kuangren’s body like a vast ocean and blew Yuan Zhan and others away in the blink of an eye.

Following that, a sword ray suddenly flashed across the sky.

Shocked, Gu Tiandao raised his saber to block the attack, but the long saber in his hand broke and flew out with a clunk.

Before he could react, the sword ray pierced through his chest and severely wounded him!

“What?!”

Lei Yangzi was stunned to see Gu Tiandao’s miserable condition.

“Do you think you can care about others right now?”

An indifferent voice sounded.

Before Lei Yangzi could react, Chu Kuangren approached him and casually launched a piercing technique.

Bang!

Half of Lei Yangzi's Immortal body was blown to pieces. The impact sent him flying with blood spitting out of his mouth before he smashed into a mountain peak.

"W-What..."

Ji Feiyu was so frightened that her face turned pale.

Two Prodigies had suffered a disastrous defeat before she could even react.

"Be patient. The same will happen to you too."

Chu Kuangren raised his hands, and his Immortal's Core transformed into a huge hand. Without the slightest mercy, he hit Ji Feiyu until the Daoist patterns on her Immortal body broke, and she was smashed to the ground.

Then, Chu Kuangren kept the Thundering Rumble into the Enchanted Sleeve.

Chapter 1503: 1503 Golden Immortal Consciousness Swept Across Immortal World, Declaring War To The World

1503 Golden Immortal Consciousness Swept Across Immortal World, Declaring War To The World

Chu Kuangren displayed his real strength and severely injured three Prodigies!

Qin Tianya's expression changed, and he channeled his Immortal's Core to its limit. Soon, the Five Ways dragon qi surrounded him and formed an indestructible city wall!

"Do you think you can stop me by doing so?"

An indifferent voice sounded.

Then, a figure appeared before Qin Tianya. He was Chu Kuangren.

As he raised his hand to grab forward, an incomparably terrifying Immortal's Core energy flowed between his five fingers before penetrating the Five Ways dragon qi to strangle Qin Tianya.

"There is no need for Qin clan's people to be alive anymore," Chu Kuangren said indifferently.

Soon after, his fingers applied a little more strength to release a majestic Immortal's Core energy.

Bang!

A blood mist exploded. Without any strength to fight back, Qin Tianya fell on the spot.

After he died, an ancient picture scroll fell from his body.

Chu Kuangren picked it up and glanced at it. As Lil Ai started analyzing, she expressed her surprise. “Oh, what an unexpected gain.”

The ancient picture scroll contained an Opportunity of Fortune.

With that, he kept it and then looked at Yuan Zhan. “Do you want to see the Battle Art Final Form?”

“Please enlighten me!”

Yuan Zhan knew he was not Chu Kuangren’s opponent, but he wanted to see how far Chu Kuangren had comprehended the Battle Art. As such, he roared and channeled battle intent and yokai qi to its limit.

A loud bang sounded, and the realm cracked!

Yuan Zhan, with the golden Godly staff in his hand, was ready to fight!

“Battle Art, Empyrean Smash!”

Chu Kuangren formed a sword hand sign and cast the Battle Art’s Final Form. Following that, a terrifying battle intent shot up into the sky!

That battle intent was much more powerful than that of Yuan Zhan as battle roars sounded in the void, shaking the skies. It was as if an army of thousands had arrived!

The domineering aura and battle intent made Yuan Zhan’s body tremble uncontrollably.

“This is the real meaning of Battle Art!”

“To fight against the sky, earth, and people; to fight with heaven and earth until death!”

Yuan Zhan looked at Chu Kuangren with desire, awe, admiration, and yearning burning in his eyes.

At that moment, the sword hand sign landed its attack!

In the hands of Ape Forefather, Yuan Zhan, and others, the Battle Art was a staff technique, but in the hands of Chu Kuangren, it could be regarded as a sword technique.

As long as one mastered the Daoist Rhyme Esoteric Art, he did not need to stick to the moves at all.

Chu Kuangren’s understanding and mastery of Battle Art were far inferior to that of Yuan Zhan.

Yuan Zhan was aware of it too. In the face of the overwhelming sword qi, he yelled and blasted out the golden Godly staff in his hand to cast the Battle Art’s Empyrean Smash as well!

The moment the two forces collided, Yuan Zhan was blasted away. He smashed dozens of mountain peaks with a constant booming sound, and a dust storm rose from the ground.

Upon seeing such a scene, the rest of the sky-prides shuddered and retreated instantly. They dared not fight anymore.

Was it a joke?

Even the most powerful Prodigy could not survive Chu Kuangren’s single move. That would mean they were seeking death if they fought with him again.

“I haven’t been out for twenty years, but why are the Prodigies still so weak?”

Chu Kuangren said indifferently while standing on the top of the Five Ways Mountain. His body revealed an arrogant yet lonely presence.

Everyone looked at him as if he was a mountain that they could never cross!

“Could it be that a real Prodigy has yet to emerge?” Chu Kuangren mumbled.

Following that, he stepped forward with streaks of Immortal Spark circulating him. “Since that’s the case, I shall see if there’s anyone else in this universe who can compete with me today!”

As soon as he said that, streaks of Immortal Consciousness with bold battle intent spread from him!

Wherever the golden Immortal Consciousness landed, winds and clouds billowed while Immortal Sparks shone!

The golden Immortal Consciousness, which contained bold battle intent, was like a challenge letter, provoking everyone in the universe!

The Immortal Consciousness spread across the entire Immortal World like rising tides!

With Chu Kuangren’s current soul of the Taixu Realm, it was not difficult for him to achieve all these.

After sensing the battle intent contained in the golden Immortal Consciousness, all sky-prides’ expressions changed, and they looked at Chu Kuangren in disbelief.

“He must be insane!”

“He is launching a challenge to the entire world and making himself to be the enemy of the universe!”

“He hasn’t been out for twenty years. Does he have to make such a big fuss?!”

All sky-prides gulped and found it unbelievable.

...

Somewhere in the Immortal World, Cao Yun, the academy’s Heavenly Champion, was competing with others for an Opportunity of Fortune.

The fight with sky-prides from all forces was in full swing, and they refused to give in to each other. Some sky-prides even joined forces to target Cao Yun.

However, Cao Yun mobilized the Golden Ruler Order, and under the help of conjuration, he managed well against the attacks.

As time went by, everyone was worn out.

“Let’s work harder, and we’ll be able to defeat him soon.”

“You’re right. We’ll share the Opportunity of Fortune equally once we obtain it.”

Everyone said with excitement.

However, Immortal Consciousness’ energy with shocking battle intent suddenly swept across the sky!

The powerful battle intent crushed the sky-prides who were slightly weaker to the ground, leaving them frightened and in disbelief.

“W-Who released this Immortal Consciousness?!”

“What a terrifying battle intent! Is this person issuing a challenge letter to us?!”

Under the attack of the Immortal Consciousness, those sky-prides that joined forces had to channel their energies to resist the battle intent contained in it.

As a result, Cao Yun managed to escape the predicament.

He looked in the distance with surprise. “It’s the Chief’s Immortal Consciousness energy! He is issuing a challenge letter to the world!”

Only the Chief could perform such an insane action.

Cao Yun shook his head and lamented.

Meanwhile, in the Phoenix’s Nest, Chu Hong was sparing with someone.

She had progressed rapidly and was now in the Fifth-grade Gilded Immortal Realm. Besides, her position in the Immortal Ranking was extremely high.

At that moment, the entire Phoenix’s Nest shook.

“What’s going on?”

“The enchanted boundary of the Phoenix’s Nest has been affected!”

“A force is impacting the enchanted boundary of the Phoenix’s Nest!”

All Godly Phoenixes in the Phoenix’s Nest looked toward the direction of the sky and noticed countless golden Immortal Consciousness energy coming toward them!

The Immortal Consciousness contained a terrifying battle intent as if to provoke everyone!

Chu Hong’s face brightened as she sensed the familiar force. “That is Brother’s Immortal Consciousness!”

“Only he can provoke the world like that.”

Qing Feng shook his head helplessly.

At this moment, a long phoenix cry resounded in the Phoenix’s Nest. Then, a golden-red firelight appeared above the sky.

It was the most powerful Prodigy in Phoenix’s Nest, Feng Qingtian!

He was looking in the direction of the Five Ways Mountain with battle intent in his eyes. “Very well, Chu Kuangren. Since you’ve reappeared, how can I not accept your challenge!”

As soon as Feng Qingtian finished speaking, he turned into a stream of light, flew out of the Phoenix’s Nest, and went straight to the Five Ways Mountain!

In the Demon Kingdom, golden Immortal Consciousness swept across the realm and shook all demons!

In the face of the bold battle intent, countless demonic cultivators trembled as they felt terrified.

“Chu Kuangren is terrifying. Many Demon Kingdom’s people are unbearable with his battle intent!”

They looked at Shi Tianxuan and noticed that his expression was terribly unpleasant. The Godkiller Spear in his hand was buzzing and trembling as if it was excitedly responding to the battle intent and wanted to fight with Chu Kuangren.

However, Shi Tianxuan suppressed it and refused to act rashly.

“It’s not the time to fight with him yet.”

Shi Tianxuan took a deep breath, looked at the golden Immortal Consciousness, and fell silent.

Immortal Consciousness swept across the entire Immortal World.

Wherever it passed, battle intent soared, and countless sky-prides and Prodigies were in an uproar!

On that day, Chu Kuangren challenged the entire world!

Chapter 1504: 1504 The Dragon Palace Eldest Crown Prince, Black Dragon Long Xuan, The Incompetent Ones, Get Out of My Sight

1504 The Dragon Palace Eldest Crown Prince, Black Dragon Long Xuan, The Incompetent Ones, Get Out of My Sight

“You’re too arrogant!”

“How can Chu Kuangren do such a thing?!”

“Is he insane?”

“He is a lunatic!”

As the golden Immortal Consciousness swept across the universe, Prodigies and sky-prides from all forces were incomparably horrified while discussing. All of them were frightened by Chu Kuangren’s insane behavior and rushed to the Five Ways Mountain regardless of whether they would accept Chu Kuangren’s challenge or not.

Countless great ones looked at the Five Ways Mountain as they were eager to know Chu Kuangren’s next step.

“Chu Kuangren is so bold and arrogant!”

In the Human Emperor Sect, Zhuanxu’s Successor looked at the golden Immortal Consciousness energy that swept across the sky with an expression as gloomy as the water qi around him.

“He has been bold and arrogant all the while,” said Xuanyuan’s Successor.

“What’s your plan?” Zhuanxu’s Successor asked while looking at Xuanyuan’s Successor. He was curious if Xuanyuan’s Successor would accept the challenge.

“There is a person who is more likely to be provoked compared to me. Perhaps he may accept the challenge,” said Xuanyuan’s Successor.

Zhuanxu’s Successor thought of something. “With Long Xuan’s temperament, there is no way he can remain indifferent about the provocation.”

As he said that, he stood up and looked in the direction of the Five Ways Mountain. “As for me, I would like to see how huge the gap between myself and him is!”

“Are you accepting the challenge?”

“My Daoist core has been traumatized ever since I was defeated in the Interstellar Arena in the past. I’m afraid I won’t achieve the Arch Gilded Immortal Realm if I don’t overcome the trauma!”

Zhuanxu’s Successor said. Then, his figure flashed and dissipated as a black torrential force.

In the depths of the East Sovereign Immortal Hall, the torrential force appeared above the sky and turned into a huge lake.

In the lake, a mighty palm strength soared through the skies and smashed the golden Immortal Consciousness energy that swept in, as if it was also responding to the heroic battle intent!

Soon, a figure walked out from the lake.

It was Gentleman Shang Divine Daoist!

“Chu Kuangren, you killed my Daoist companion in the past, and now you’re being such provocative. I must meet you!”

Boom, boom...

At this moment, the cloud surged, and a figure in white was seen slowly stepping out with immortal brilliance surrounding him. He possessed an ethereal aura.

“Gentleman Shang Divine Daoist, let’s go together,” said the figure in white.

“Cloudy Deity Divine Daoist, you can’t bear with his behavior too?”

“Yes. I can test his strength for Eastern Sovereign Divine Daoist by the way.”

“There is no need to test. I must make him fall out of his unbeatable status. Since he didn’t die twenty years ago, he must die this time!”

Gentleman Shang Divine Daoist’s eyes surged with anger while saying in a cold tone.

When sky-prides and Prodigies from all forces were heading to the Five Ways Mountain, somewhere under the deep sea in the Immortal World, a black gigantic dragon with a pitch-black body and domineering aura suddenly opened his eyes. There was cold intent flashing across his brown eyes.

“Such an aura is extremely provocative!”

The black dragon could not help grinning as he dashed into the golden Immortal Consciousness in the deep sea.

“Long Xuan, are you leaving the closed-door meditation?”

An indifferent voice sounded.

“I must go over as the extreme provocation originates from an elite!”

The black dragon said excitedly.

As the dragon qi surged, countless water-born yokai beasts within a ten thousand-kilometer radius knelt on the ground while trembling in horror.

“Do you know who is the owner of this golden Immortal Consciousness?”

“Haha. No matter whom it belongs to, I must let him taste the consequence of provoking me!” the black dragon said arrogantly.

“The maddest man in the universe was worse than you back then. Third Dragon and Fourth Dragon fell in his hand.”

The voice sounded.

It was from a Dragon Palace great one. There was a touch of coldness as he mentioned the death of the Third Dragon and Fourth Dragon.

“Wouldn’t that be just right? I’ll definitely avenge Third Dragon and others. Perhaps, do you think I’m no match for this person?”

“To be honest... Yes,” said the Dragon Palace great one.

Hearing this, the black dragon shrank its pupils, and his dragon aura surged. “Ridiculous. I’m a peerless Prodigy, and I’m invincible among the younger generation! No one can be my opponent!”

He was enraged.

At the same time, his curiosity arose, and his desire to fight Chu Kuangren became more intense.

“Forget it. We can’t stop Xuan’er. Just let him go.”

A dignified voice sounded.

“Father, I’ll prove to you guys that I’m the most powerful among the younger generation!”

As the black dragon roared, he dashed out of the vast ocean with his huge body engulfed in the domineering dragon might. Whenever he passed, the universe fell into misery while myriad spirits were horrified.

“Dragon King, why do you allow the Eldest Crown Prince to risk his life? Chu Kuangren isn’t easy to deal with.”

A Dragon Palace great one could not understand.

“Xuan’er has an arrogant personality. If he isn’t being beaten hard, he may never know there is someone more powerful than him. Perhaps, the battle this time may make him grow.”

“What if something bad happens to him?”

“It doesn’t matter. Xuan’er is protected by the Four Seas Scale Armor. It will be difficult for an Archi Gilded Immortal to kill him.”

...

Many sky-prides gathered on the Five Ways Mountain. Everyone looked at the figure in white that was standing alone on the Five Ways Mountain with horror.

He was Chu Kuangren, who was also the most eye-catching existence in the entire Immortal World at the moment.

After all, none could be like him, declaring war on the entire world when there was a disagreement!

Everyone knew that the Five Ways Mountain would soon turn into a battlefield for sky-prides.

Previously, Chu Kuangren defeated Yuan Zhan, Ji Feiyu, and other Prodigies, but he obviously did not fight with his full strength.

Everyone wanted to know how amazing Chu Kuangren’s strength was!

On the top of the mountain, Chu Kuangren stood with his hands behind his back while his robe was billowing in the wind. A faint immortal brilliance circulated him, and he possessed a sense of loneliness.

For many years, he occupied the spot for the best sky-pride there was, and no one could match him.

Honestly, he was a little bored.

He was like a person standing on the top of an insurmountable mountain, while many people had been trying to climb the mountain to surpass it.

Unfortunately, no one could eventually climb up the mountain and stand side by side with him.

On the contrary, a pile of corpses piled up at the foot of the mountain.

Chu Kuangren understood the feeling of loneliness well.

Now, his intention of challenging the entire world after twenty years of immersion was to attract people to climb the mountain and to find someone that could fight with him!

“I hope there will be someone that can compete with me,” mumbled Chu Kuangren.

Swish!

At this moment, a beam of sword qi approached at a rapid speed like lightning, targeting Chu Kuangren!

“Chu Kuangren, I’m here to challenge you!”

He was a young swordsman that came over to fight after being provoked by Chu Kuangren. Without saying another word, he released a beam of sword qi.

However, Chu Kuangren did not move but his aura spontaneously erupted!

A streak of sword ray emerged from his body and tore the sword qi apart. The pupils of the young swordsman shrank in horror, and his entire body was blown away by the sword qi. He was on the verge of death and could not even take a sword qi attack.

“Good God, Chu Kuangren!”

“I want to see just how powerful you are!”

All provocative sky-prides dashed toward Chu Kuangren one by one.

However, his body was seen trembling, while his majestic Immortal’s Core was released like a vast ocean. The group of sky-prides was sent flying backward.

Those who were lucky were merely severely injured. However, those who were unlucky exploded and died on the spot!

“The incompetent ones, get out of my sight!”

1505 Who Are You? All Forces’ Prodigies Are Here, You Guys Aren’t Powerful Enough

“The incompetent ones, get out of my sight!”

Chu Kuangren let out a low grunt with a gaze as cold as ice.

His strength frightened all sky-prides. Some of them stopped taking action and retreated as they knew their cultivation base was not sufficient.

“We haven’t met for many years, but you’re still as impressive as ever!”

An indifferent voice sounded.

As a figure glided across the air, the surrounding world was filled with intense black water qi, which turned the particular space into marshy land.

Zhuanxu’s successor had come!

Chu Kuangren glanced at him calmly. “Who are you?”

Chu Kuangren’s words made Zhuanxu’s successor tremble in anger, and the corner of his mouth twitched violently.

Chu Kuangren did not know him!

He had regarded Chu Kuangren as an imaginary enemy for many years and fantasized he would fight against him one day.

However, never had he thought that Chu Kuangren could not remember him when they met!

“Chu Kuangre, are you kidding? You defeated me in the Interstellar Arena. It’s impossible that you have no impression of me!” Zhuanxu’s successor said st

Chapter 1506: 1506 Kill Gentleman Shang Divine Daoist, Kill Eastern Sovereign Divine Daoist’s Manifestation

1506 Kill Gentleman Shang Divine Daoist, Kill Eastern Sovereign Divine Daoist’s Manifestation

Celestial Demon qi shot up into the sky and shook the universe.

Endless Life-Death Immortal Sparks overflowed as though they would flood all worlds to control the life and death of all living beings.

Kaboom!

Several energy blasts collided with the Life-Death Immortal Sparks, causing the space to collapse.

Yokai beasts formed by water qi broke into nothingness. Even the balls of Phoenix Flames were extinguished.

Several figures were blasted away by the endless Immortal Sparks; they were Gentleman Shang Divine Daoist and the others.

They were not strong enough to withstand the blast.

“Chu Kuangren is indeed powerful,” Feng Qingtian said with a grim look on his face.

His Phoenix Flame swirled around him as he channeled his eighth-awakened bloodline to its fullest potential. Scorching Phoenix Flames engulfed half the horizon!

He was the strongest among the Prodigies, a Seventh-grade Gilded Immortal. In addition to the eighth-awakened Phoenix Bloodline, the Phoenix Flame he controlled could even threaten a Ninth-grade Gilded Immortal!

“Heavenly Phoenix Soaring!”

The cultivation technique of Phoenix’s Next was cast.

Endless Phoenix’s Flame erupted into the sky and formed a beautiful phoenix in the void that charged toward Chu Kuangren.

Carrying with it unforgiving Phoenix’s Flames, the phoenix left a trail of destruction in its wake. All beings were burned to cinders, and even the deepest river evaporated into steam.

“Your Phoenix Flame is a lot weaker than the Heavenly Flame in the Bagua Furnace,” Chu Kuangren said indifferently.

He had been inside the Bagua Furnace for twenty years, yet even the Liuding Heavenly Flame, which could easily refine an Arch Gilded Immortal, could not harm him, let alone the mere Phoenix’s Flame.

A fiery red lotus bloomed in the void.

The Crimson Lotus Phoenix's Flame was cast!

Two different Phoenix's Flames clashed, turning the realm into a sea of flame.

Then, the Crimson Lotus Phoenix's Flame's Devour trait consumed and absorbed Feng Qingtian's Phoenix Flame.

It shocked him terribly.

"No?! How is this possible? Your Phoenix Flame is stronger than mine!"

"Actually, no. It's not that my Phoenix Flame is stronger. It's just that you're too weak," Chu Kuangren said flatly.

A Godly Phoenix who had awakened his bloodline eight times was by no means weak, especially the Phoenix Flame he controlled.

However, the difference in strength between Feng Qingtian and Chu Kuangren was ridiculously huge.

"Cloudy Mist Entanglement!"

At that moment, a strong voice sounded.

A large amount of steam gathered and formed a cloud of mist around Chu Kuangren, enveloping his body whole.

Countless mystical Daoist patterns were contained inside.

Following that, the mist transformed into swords that were shot at Chu Kuangren from every direction.

The sword qi contained unrivaled sharpness, and it seemed to move according to a certain rule. It was a sword formation!

It was the Cloudy Deity Divine Daoist!

He was not on the Immortal Ranking, but his attack was surprisingly powerful. The sword formation would even put a Prodigy like Feng Qingtian in a difficult situation.

Unfortunately, it was used against the madman, Chu Kuangren.

"Alert. Analyzing the weak point of the sword formation..." Lil Ai's voice sounded as it analyzed the weak point.

"Let's just skip the trouble." Chu Kuangren chuckled. He pointed his sword hand sign forward, and the vast sword qi in his body gushed out from the tip of his finger. The sword qi then flooded the cloudy mist easily and destroyed the incoming sword qi.

It was the divine ability of Green Leaf Sword Vision, Green Leaf Sword Ocean!

The moment the sword formation shattered, a ghastly figure appeared before Chu Kuangren.

It was Cloudy Deity Divine Daoist again!

The sword formation was the first of many attacks he had prepared, and the second attack would be himself, who had hidden within the sword formation!

He had been waiting for the sword formation to break.

A white light flashed past, and countless sword qi manifested. The concentrated sword might overlapped with Chu Kuangren, attempting to drown him with force.

"Hmph. Fool. Do you really think I can't spot you in the mist?" Chu Kuangren chuckled and pointed his sword hand sign forward.

A tyrannical surge of energy fluctuation erupted.

It was the Blade of Zhou, Berserking Torment!

Berserking Torment wreaked the concentrated sword qi easily with its massive destructive force.

Cloudy Deity Divine Daoist was shocked as he was the first to be hit by the blade.

Kaboom!

The blast rendered Cloudy Deity Divine Daoist defenseless, sending him flying away with his body breaking.

"Yin-Yang Life and Death Symbol!"

Life-Death intent shadowed the sky and transformed into a massive Yin Yang Symbol.

Feng Qingtian, Gentleman Shang Divine Daoist, and others were heavily pressured by the Yin Yang Symbol. It felt like they had billions of planets on their shoulders and their bodies would break any moment.

"Grass Sword Art!"

A stem of Nine Leaves Swordgrass appeared.

As the leaves moved, a robust sword qi burst and attacked Feng Qingtian, blasting him away.

Then, several more swords slashed forward, sending the sky-prides and Prodigies flying.

No one was Chu Kuangren's match.

"You people are too weak. Not even one can stand against me."

Chu Kuangren looked at the so-called Prodigies and Divine Daoists and could not help but feel disappointed.

He took a step forward, traveling through the endless water qi and arriving before Gentleman Shang Divine Daoist.

With a simple sword hand sign, he unleashes a slash forward.

"No!"

Gentleman Shang Divine Daoist's expression changed. He channeled his Immortal's Core to the limit and almost merged with the Aquatic Shang energy behind him to block the slash.

Unfortunately, it was useless.

The sword qi divided even the ocean.

The massive Aquatic Shang Lake was divided into two with waves crashing outward.

Gentleman Shang was also slashed in half. His blood splattered into the water, and he died on the spot.

Only in the very last moment of his life did he finally understand why the Eastern Sky Divine Daoist and Great Arbiter Divine Maiden were so afraid of Chu Kuangren.

Chu Kuangren's strength far surpassed the younger generation.

Gentleman Shang Divine Daoist strongly believed he was one of the stronger ones in the younger generation, but he could not even withstand two to three attacks from Chu Kuangren.

Following Gentleman Shang Divine Daoist's fall, the other Prodigies were horrified, especially Cloudy Deity Divine Daoist.

The Immortal Hall had a grudge against Chu Kuangren, and it was almost certain that Chu Kuangren would show no mercy to the Divine Daoists.

He might be merciful toward other sky-prides but not the Divine Daoists.

The only outcome for the Divine Daoists when facing Chu Kuangren was death!

"Eastern Sovereign Divine Daoist, save me!"

Cloudy Deity Divine Daoist pulled out a golden wooden puppet and tossed it into the sky.

The wooden puppet then shone dazzlingly.

Amid the endless Immortal Sparks, a prestigious and majestic figure emerged, carrying the might of royalty. His energy presence gave everyone the urge to kneel before him.

"So this is the Eastern Sovereign Divine Daoist of the Immortal Hall? The one who would dictate all?"

"What a terrifying energy presence. He's really something else."

"The Eastern Sovereign Divine Daoist hasn't fully shown himself to the world. This isn't his true self. It's just a manifestation of his energy."

The dazzling appearance sparked a heated discussion among the sky-prides.

Those who were stronger than the top Prodigies were known as Peerless Prodigies.

The only known Peerless Prodigy in the current era was Long Xuan from the Dragon Palace, the one ranked first in the Immortal Ranking.

As for the others, they had yet to reveal themselves, such as the Eastern Sovereign Divine Daoist of the Eastern Sovereign Immortal Hall and the Endless Sky Imperial Commander of Kunlun Immortal Hall.

The two of them were widely assumed as Peerless Prodigies by the world, and they might be the people who could affect the entire Immortal World.

“Chu Kuangren, this is enough!”

The manifestation of Eastern Sovereign Divine Daoist appeared and said indifferently. He was trying to stop Chu Kuangren from killing the Cloudy Deity Divine Daoist.

“Since when has a mere manifestation dared to speak against me?”

Chu Kuangren answered by unleashing a slash forward

Kaboom!

A surge of endless sword qi erupted as if a lord had descended to rule over the world.

It was the Blade of Zhou, Tyrannical Ascension!

The Eastern Sovereign Divine Daoist was destroyed before he even had the time to reply.

Chapter 1507: 1507 Long Xuan’s Arrival, Mad Dragon Versus Madman, Black Dragon Bloodline

1507 Long Xuan’s Arrival, Mad Dragon Versus Madman, Black Dragon Bloodline

After destroying the manifestation of the Eastern Sovereign Divine Daoist, Chu Kuangren locked on to the Cloudy Deity Divine Daoist without further ado and wanted to end his life once more.

However, it was at that moment, a terrifying and rampant dragon aura swept over the field from further away.

The dragon aura shook the entire Five Ways Mountain like never before.

Chu Kuangren also sensed it, and it made him narrow his eyes. He was intrigued. “This energy presence... Interesting.”

Dark clouds gathered above Five Ways Mountain, and lightning began to rumble violently.

A pitch-black True Dragon shuttled among the thunderous cloud. With tens of thousands of kilometers in length, each of its scales was as huge as a mountain, and it was covered with Daoist patterns.

All the sky-prides who saw the terrifying scene could not help but gasp in shock.

“It’s him! It’s him! The first on the Immortal Ranking, the Black Dragon Long Xuan!”

“The Crown Prince of the Dragon Palace, Long Xuan!”

Long Xuan, the crown prince of the Dragon Palace, was the strongest Prodigy from the Dragon Palace and had achieved matchless status.

Moreover, the Black Dragon had only appeared twice ever since his name was made known to the world.

The first time was to defeat Feng Qingtian with a single strike.

The second time was to destroy a Gilded Immortal, who was almost in Ninth grade, with a single attack.

The two battles were enough to make the world label him as matchless.

"He's here..." Feng Qingtian reacted bitterly as the Black Dragon reminded him of his defeat.

Then, he glanced at Long Xuan as he measured their respective strength in his mind.

Although he refused to admit it, given how powerful Chu Kuangren was, Long Xuan might be the only one who could match the madman.

"Roar!"

The loud dragon roar trembled the realm and even the stars in the sky.

Following that, the massive black dragon shrank rapidly into a man in black armor.

He descended from the sky with a terrifying and rampant dragon aura. In his wake, rivers and mountains were destroyed.

As he scanned over the sky-prides with his caramel eyes, he struck fear in everyone's heart and robbed them of their will to fight.

The only person who stood strong and firm against the rampant and matchless dragon aura was the calm-looking figure in white, who also bore an unrivaled aura himself.

The two figures, one black and one white, seemed to represent the two opposite sides of Yin and Yang.

The endless dragon aura crashed toward Chu Kuangren like a continuous tidal wave.

It was formless, but it somehow possessed the power to distort space.

Chu Kuangren remained standing on the mountain peak, his energy slightly conserved. The endless dragon aura was like a breeze to his face.

"Interesting. It was you who declared war on the entire world using your Gilded Immortal Consciousness!" Long Xuan said to Chu Kuangren.

"So, are you here to answer the challenge?" Chu Kuangren asked indifferently but with a hint of interest.

A Peerless Prodigy, huh?

It was actually his first time fighting someone of that caliber.

Back then, the Mountain Ghoul Divine Daoist had the potential to achieve peerless status, but unfortunately, he failed in the end.

Now, before him stood an authentic Peerless Prodigy, Long Xuan of the Dragon Palace!

"Hahaha! Chu Kuangren, I should have announced my presence twenty years ago so that we could've fought earlier!" Long Xuan cackled with laughter.

His dragon aura surged once more, and his caramel eyes were overflowing with battle intent.

“You should be grateful that you’re twenty years late, or you wouldn’t have had the chance to achieve such glorified status,” Chu Kuangren said.

“Very well. I see you are as arrogant as the rumor says, but no one can hold up their arrogance before me, including you! I will defeat you today and tell the world that I, Long Xuan, am the strongest Prodigy in the universe! I will reign supreme in this era!”

Without further ado, Long Xuan took a step forward and threw a punch at Chu Kuangren.

It was a simple punch without any mystical powers in it, but it contained rampant dragon qi. Even a Higher Third-grade Gilded Immortal would suffer from the punch.

Chu Kuangren stood firm as he gathered sword qi at his fingertips and then shot it at the incoming punch.

The moment the rampant dragon qi clashed with the sword ray from Chu Kuangren’s fingertips, a loud explosion went off. The blast from the collision shadowed the realm, and it even caused the collapse of the space around them.

The blast stirred up an energy storm and blasted a number of sky-prides away.

The first exchange did not contain any fancy technique. In fact, it was just a simple collision of strength.

The ground beneath their feet crumbled into pieces.

Yuan Zhan watched helplessly from afar. He forced a bitter smile on his face and said, “I’m still too weak.”

After the first clash, Long Xuan followed up with his second attack.

Another simple punch was thrown, but it contained an even stronger stream of dragon qi.

Chu Kuangren countered with the same sword hand sign as well but with a purer sword qi.

The sword qi and dragon qi clashed once again.

The punch and sword hand sign collided.

In the blink of an eye, Long Xuan and Chu Kuangren had exchanged more than a dozen blows.

There were no Immortal Techniques or divine abilities. They simply fought using the simplest way but also the most demanding of one’s cultivation base and Immortal’s Core.

Following their clash, their energy gradually surged.

The whole Five Ways Mountain had crumbled into a violent dust storm.

Bang!

Another violent clash happened.

This time, Chu Kuangren’s Immortal Core contained the Golden Jade Immortal Spark, and it successfully sent Long Xuan sliding backward for a dozen meters.

Then, he stared at Chu Kuangren with heightened battle intentions. "You're a Ninth-grade Gilded Immortal like me. Great!"

He already had a clear grasp of Chu Kuangren's cultivation level, which was Ninth-grade Gilded Immortal Realm.

The crowd was not exactly surprised by it since Chu Kuangren could easily suppress Feng Qingtian and the others. It would only be surprising if he had not achieved Ninth-grade Gilded Immortal Realm.

"Like you?" Chu Kuangren chuckled.

"You and I are not the same."

As soon as his voice subsided, the Golden Jade Immortal Sparks in his Immortal's Core exploded.

He pointed his sword hand sign forward and channeled the Blade of Zhou, Tyrannical Ascension!

That slash was stronger than the previous one and much scarier than the one he used to kill the Eastern Sovereign Divine Daoist's manifestation.

Long Xuan narrowed his eyes. A black saber appeared in his hand, and he unleashed a slash.

The rumbling noise of a tsunami rang out following the slash.

Bang!

The sword qi was destroyed, but Long Xuan's saber continued to buzz.

"What a tyrannical sword qi!"

Long Xuan reacted grimly.

The saber in his possession was an Arch Gilded Weapon, and when used together with his cultivation level, even a Ninth-grade Gilded Immortal would be severely injured.

To his surprise, the slash that he took pride in only managed to block Chu Kuangren's attack.

'The Golden Jade Immortal Sparks and his Ninth-grade Gilded Immortal Realm cultivation boosted his Immortal's Core far stronger than a common Ninth-grade Gilded Immortal!

'Besides, he is using an Embodier Technique! He's indeed a tough opponent!' Long Xuan thought to himself.

Then, he grinned and said, "This is it! You are a worthy opponent for me!"

Long Xuan kept his saber away, and the energy in his body started to increase. At the same time, a strange bloodline energy fluctuation permeated the air.

The bloodline energy fluctuation terrified even Feng Qingtian, who had awakened his Godly Phoenix's bloodline eight times. "He's going to use the power of the Black Dragon's bloodline!"

The Black Dragon was not part of the Five Elemental Dragons.

Similar to the Ancient Golden Dragon, it was a subspecies of the Dragon Tribe and had remained rather inconspicuous throughout the years.

However, in terms of bloodline power, the Black Dragon was definitely one of the best among the Dragon Tribe subspecies.

Sky-prides who had just awakened six to seven times of their own bloodline were no match for him at all.

Chapter 1508: 1508 Can You Be a Little Stronger? Crush an Arch Gilded Weapon With Bare Hands

1508 Can You Be a Little Stronger? Crush an Arch Gilded Weapon With Bare Hands

Long Xuan channeled his Black Dragon's bloodline. Vast dragon qi from his body spread outward, flooding the realm whole.

The terrifying dragon qi pressured even the sky-prides who stood further away. The unusual energy presence left them all suffocating.

"Chu Kuangren, I shall use the power of the Black Dragon to defeat you!" Long Xuan shouted at Chu Kuangren.

Chu Kuangren stood with his hands behind his back. Immortal Sparks swirled around him as he faced the energy of the Black Dragon. Looking as calm as always, he said, "Give it your best shot. I want to see how far you can go."

"Chu Kuangren, you will pay for your arrogance!" Long Xuan bellowed.

With that, he took a step forward, and his figure flashed. When he reappeared before Chu Kuangren, he threw a punch containing the energy of the Black Dragon at Chu Kuangren, with countless Daoist patterns wrapped around his fist.

Chu Kuangren did not dodge or move. He simply stood there and allow the punch to come at him.

The others were shocked by what they were witnessing.

'What is he doing?'

'Is he out of his mind?'

'That's the Black Dragon energy!'

Bang!

The punch landed straight on Chu Kuangren's chest.

A deafening explosion sounded, followed by a blast of Immortal's Core energy with a mix of dragon qi scattering outward from Chu Kuangren.

The land trembled violently, and the cracks spread for more than ten thousand kilometers.

Chu Kuangren simply took the punch with his chest!

Those who saw the scene gasped in shock.

“Damn! The punch would either leave him severely injured or kill him straightaway!”

“What is he thinking?”

No one knew what Chu Kuangren was doing. Taking the Black Dragon energy with his body was something that only a madman would do.

“He has a death wish!”

“No one in the younger generation can sustain the punch without any injuries! Besides, Chu Kuangren didn’t even try to block it!”

“I don’t know what he is doing, but he’s a dead man!”

Feng Qingtian, Cloudy Deity Divine Daoists, and the others were delighted for a moment.

However, Long Xuan reacted quite the opposite. He could not even react after he landed the punch, let alone smile.

He felt like he did not punch a person but an indestructible Immortal Metal! The tremendous recoil left his fist numb.

What a terrifying physical body!

Long Xuan’s eyes trembled in fear.

“Is that all you’ve got?” Chu Kuangren’s indifferent voice echoed in his ears.

Long Xuan immediately retreated while keeping his eyes on Chu Kuangren. “What monster are you?!”

It was almost unbelievable for Long Xuan, the Black Dragon, to describe someone with such a term.

To others, he was the embodiment of the word, yet he called Chu Kuangren a monster.

How terrifying was Chu Kuangren exactly?

Feng Qingtian and the others noticed something wrong either.

Chu Kuangren remained standing after taking the punch in his chest. He did not even budge, and his energy presence felt steadier than before. There were no signs of his strength weakening.

“What is going on?”

“Did withstand the Black Dragon’s energy?”

“He didn’t even try to block it! How did he do it? Wait, did he just take the punch with his physical body?”

Someone figured out what happened, but the thought left them speechless and horrified.

Blocking the Black Dragon’s energy with his physical body?

How terrifying the body would have to be in order to block it and leave no scratch?

"If that's all you got, it's rather disappointing," Chu Kuangren said as he tapped the dust off his chest.

Long Xuan clenched his fists tightly as he stared at Chu Kuangren in horror. The Black Dragon's energy was indeed his strongest attack already.

If even the Black Dragon's energy could not harm Chu Kuangren, Long Xuan would not stand a chance.

"Impossible!"

"How could such a monster exist in this world?"

He refused to believe it.

Again, he channeled the Black Dragon bloodline to the limit. Black qi started to swirl around his arms and manifested into a pair of black dragon claws.

The dragon claws gleamed ominously with Black Dragon qi circulating around it. It even had countless Daoist patterns contained inside.

"Again!"

Long Xuan attacked again. He transformed into a bolt of lightning and dashed forward with his dragon claws.

The dragon claws ripped the space into shreds, leaving a trail of five ferocious claw mark behind.

Bang!

The dragon claws struck Chu Kuangren again.

Long Xuan was confident that his claws could rip even a top Gilded Immortal into shreds.

Unfortunately...

"Can you be a little stronger?"

Chu Kuangren was still unharmed even after taking the dragon claw strike with his body.

"Damn it! Damn it!"

Enraged, Long Xuan unleashed a barrage of claw attacks at Chu Kuangren. The furious attacks could easily break even a top Gilded Immortal Weapon.

However, none of the claw strikes left a scratch on Chu Kuangren.

The others were dumbfounded.

Chu Kuangren's physical body had indeed reached a terrifying level.

Was he even human anymore?

"If he used his raw physical strength against us earlier, we might already be killed," Zhuanxu's successor said.

He strongly believed challenging Chu Kuangren was a mistake to begin with.

He failed to clear the trauma in his Daoist core, and instead, it got even more severe.

Even the great ones who watched the battle from the dark were astonished.

“That is an insane raw physical strength. What had he been through in the Bagua Furnace?”

“When Ape Forefather was trapped inside, he cultivated his Indestructible Body. Could Chu Kuangren have managed to do the same as well?”

“Impossible. The Ape Forefather was already an Arch Gilded Immortal when he was trapped. Chu Kuangren is just a Gilded Immortal. They are on different levels!”

“Are you guys still treating Chu Kuangren as an ordinary person? Don’t forget that he’s the anomaly. No one truly knows what he is capable of.”

The words of the last great one left everyone speechless.

Indeed, Chu Kuangren’s strength could not be measured using ordinary means anymore.

“Break!”

Long Xuan channeled his Black Dragon’s energy to the limit and unleashed one last claw strike. It was then followed by the long saber that appeared a while ago.

In addition to the Black Dragon’s energy, its power could even cut a careless Arch Gilded Immortal in half.

Chu Kuangren finally made a move.

He reached out to grab the pitch-black saber with his bare hand. His palm was covered with countless Daoist patterns, and it somehow emanated a mystical feeling.

The pitch-black saber hit his palm but could not move an inch further.

“You’ve been attacking for so long. It’s my turn now,” Chu Kuangren said.

He clenched his fist on the saber all of a sudden.

The black saber, which was an Arch Gilded Weapon, started to shake violently.

Countless cracks started to appear on its blade.

Following a clear clunk, the black saber broke into two.

The scene shocked everyone.

Did he break an Arch Gilded Weapon with his bare hand?!

Before Long Xuan could react, Chu Kuangren’s punch landed on his chest.

The violent and rampant energy gushed forward.

It broke the pitch-black armor on Long Xuan’s body and sent him flying away like a comet.

Chapter 1509: 1509 Four Seas Scale Armor, How Many Punches Can You Take, Dragon's Outrage

1509 Four Seas Scale Armor, How Many Punches Can You Take, Dragon's Outrage

Bang!

The simplest punch was more than enough to destroy Long Xuan's armor and send him flying.

That was not the end of the attack.

Chu Kuangren took a step forward, and his figure disappeared on the spot.

He reappeared above Long Xuan and stomped on his chest.

The enormous life-death intent transformed into the Yin Yang Symbol as the stomp landed on Long Xuan's chest. It was as though the sky came crashing down, and Long Xuan was stomped back to the ground.

A deafening bang later, a massive crater appeared on the ground with Long Xuan in the center.

He was lying on the ground with his armor shattered and his eyes filled with disbelief.

Although he seemed fine, the attack damaged not his physical body but his mentality. Chu Kuangren somehow became a monster that he could not win, and it was the first time he had such a feeling ever since he announced his presence to the world.

"Is there such a huge gap between me and him?" Long Xuan muttered, unwilling to believe what had happened.

"You have something good with you, I see. It saved you twice," Chu Kuangren said to Long Xuan.

The black armor was already in pieces, and what replaced it was a set of inner mail made with dazzling scales. The extraordinary scales contained a hint of Daoist law energy in them.

It was an Embodier Weapon!

"The Four Seas Scale Armor!"

Zhuanxu's successor recognized the inner mail and cried out in shock.

Four Seas Scale Armor was a treasure from the Dragon Palace. It contained the power of the four seas and unparalleled defense. It was indeed a powerful Embodier Weapon.

"You might have an unparalleled treasure to protect you, but how many punches can you take?" Chu Kuangren asked.

As he raised his hand, dazzling Immortal Sparks covered all five of his fingers.

A terrifying energy fluctuation expanded, shattering the space around him. It was the raw power of his physical body!

"Chu Kuangren!"

Long Xuan stared at the man and shouted strongly. He channeled his dragon qi to the limit.

“Black Dragon, Apocalypse!”

The dragon qi transformed into a massive black claw that could shadow the sky.

However, Chu Kuangren remained standing. He clenched his fist and the Immortal Sparks of his physical body gushed out from his palm, striking the black dragon claw!

Another massive explosion later, the black dragon claw shattered.

The sky-shadowing dragon qi also dissipated.

Chu Kuangren took another step forward and appeared before Long Xuan. He reached out and grabbed Long Xuan by the head.

All Long Xuan could feel was a tremendous pressure clamping his head before he was smashed to the ground. The smash left him dizzy.

The ground cracked, and multiple cracks expanded further outside.

If it were not for the Four Seas Scale Armor, the smash alone was enough to crush Long Xuan’s head.

“Argh! I’ll fight you to the end!”

Long Xuan bellowed and mustered all his strength to break free.

Dragon qi gushed out from his body and transformed into multiple ferocious black dragons.

The dragons multiplied in an instant and formed a terrifying phenomenon.

“Myriad Dragons World Blast!”

Ten thousand dragons gushed forward at Chu Kuangren mercilessly.

The dragons wreaked havoc as they traveled forward, leaving nothing alive in their trail.

Chu Kuangren clenched his fist and punched forward again. Vast qi and blood energy burst forward, transforming into endless bolts of crimson lightning that clashed with the ten thousand dragons!

The group of dragons crumbled together with the realm.

It was just an instant and tens of thousands of dragons were destroyed.

The crimson lightning continued forward and struck Long Xuan. Despite having the Four Seas Scale Armor as protection, he was still sent flying backward with a pale expression.

“Black Dragon Art, World Domination!”

Long Xuan disregarded his condition and channeled his dragon qi again. An even stronger and more rampant aura erupted.

The dragon qi gushed forward like a massive river.

Kaboom!

The dragon qi crashed onto Chu Kuangren's body furiously, shattering the space around him.

The scene shocked and paled countless sky-prides, causing them to retreat to escape the dragon qi's attack.

However, Chu Kuangren stood strong in the face of the endless dragon qi.

As the dragon qi continued to crash onto his body, he stepped forward with his qi and blood gushing forward. His qi and blood energy shook the realm and destroyed all the dragon qi with ease.

"Chu Kuangren! How about this? Reverse Dragon Slash!"

Long Xuan raised his dragon claws high in the air. The rampant dragon qi transformed into a massive saber shadow with images of black dragons circulating it.

As it tore the void apart, it swung at Chu Kuangren.

The vast saber ray felt like it could devour the sky.

Chu Kuangren simply pointed his sword hand sign forward. Boundless Immortal's Core energy surged and formed a tyrannical sword shadow with endless Daoist patterns surrounding it.

Blade of Zhou, Infinite Void!

The Infinite Void versus Reverse Dragon Slash!

The two different energies clashed and released a massive blast outwards.

Long Xuan was once again blasted into the ground.

Chu Kuangren remained standing like a mountain.

Those who witnessed the scene gulped nervously.

"Long Xuan is being suppressed terribly!"

"He's a Peerless Prodigy, but he's being beaten up like a ragdoll by Chu Kuangren."

"He can't even hurt Chu Kuangren!"

"Chu Kuangren is really a monster."

In the past twenty years, Long Xuan had been the unwinnable existence to the world because no one had ever successfully challenged him.

Now, Chu Kuangren stripped that title off Long Xuan and trampled on it mercilessly.

Not only was he trampling on Long Xuan's body and pride, but he was also trampling the other sky-prides ignorance.

The Peerless Prodigy that they labeled as a legend was nothing in front of the monster.

"Chu Kuangren, you are indeed strong!" Long Xuan looked at Chu Kuangren with an unprecedented serious look. A strong sense of determination flashed in his eyes as he said, "But I have my own trump card as well!"

He then pulled out a golden scale.

The scale seemed to possess the mystical Daoist law's power, and even though it was just one piece, it contained the power of the Embodier realm.

Chu Kuangren narrowed his eyes as he recognized the scale. "Dragon's Raging Scale!"

Legend had it that all dragons had a certain scale, and once that particular scale was touched, the dragon would be enraged.

The Raging Scale was one of the most important items for every Dragon Tribe, and it was also the weakness of said tribe.

"That's right. This is an Embodier Dragon's Raging Scale!"

Long Xuan crushed the scale with his bare hand, and endless dragon qi with a mix of Daoist law gushed into his body, boosting his energy to a new height.

His body continued to evolve until his skin was covered with a layer of black scales and two dragon horns appeared on his head.

He evolved into a Half Dragon!

Long Xuan's energy level reached a terrifying level. He was confident to even fight an Arch Gilded Immortal with his newly gained power.

"Roar! Chu Kuangren, again!"

The surging power in his body suppressed the fear he had for Chu Kuangren. His caramel eyes were bloodshot as he transformed into a bolt of black lightning and charged toward his foe.

"No matter what kind of methods you use, defeating you is easy for me," Chu Kuangren said as he threw another punch forward.

The dragon claw clashed with the punch once more.

The surging energy stirred up an energy storm around him, wreaking havoc across mountains and rivers.

All the other sky-prides and Prodigies channeled their Immortal's Core to defend against the stray energy streams as they retreated.

They looked at the black and white figures in the eye of the energy storm as though they were looking at two monsters fighting.

Unparalleled After Ten Consecutive Draws

Chapter 1510: 1510 What a Pity Dragon, Blackmailing the Dragon Palace, I Want Ten

1510 What a Pity Dragon, Blackmailing the Dragon Palace, I Want Ten

Deafening explosions went off in succession as punches collided with punches.

After using the Dragon's Raging Scale, Long Xuan's combat capabilities surged to a terrifying level. Each move he performed started to contain a hint of Arch Gilded intent.

He had already reached the threshold of the Arch Gilded Realm!

Despite his opponent getting stronger, Chu Kuangren continued to fight without the slightest hint of retreating. His physical body strength continued to grow stronger as well.

Each punch and kick contained power that could shake galaxies.

On top of that, as the battle continued, Chu Kuangren's blood and qi energy from his physical body rose sharply.

His physical body started to exude a hint of Arch Gilded intent as well.

Arch Gilded intent of the physical body! It was much stronger and much more complete than Long Xuan's own intent.

Kaboom!

Long Xuan dished out another claw strike but Chu Kuangren caught it and countered with a punch to his chest. The Half Dragon was sent flying away by the punch.

Before he could react, Chu Kuangren appeared right in front of him again and performed a series of close-combat techniques skillfully.

In a few short breaths, Long Xuan had sustained countless attacks.

Had he lost his Dragon qi and the Four Seas Scale Armor, even though he was a Black Dragon, he would have been pounded into a pile of meat paste.

Under Chu Kuangren's furious attacks, Long Xuan's Four Seas Scale Armor started to weaken.

Bang!

Long Xuan was blasted away once more with blood gushing out from his mouth.

Despite having the Four Seas Scale Armor, it did not stand well against Chu Kuangren's fury, and the repercussion from the armor left him with some serious injuries.

"No! If this continues, even if I have the Four Seas Scale Armor, I will be killed by his punches!"

Long Xuan clenched his teeth as an outrageous thought rushed into his mind.

Escape!

It was the first time he had such a thought in his mind ever since he announced his presence to the world, which severely impacted his pride.

Unfortunately, his instinct to survive overpowered his pride and it tried to pull him away from the battle.

He transformed into a streak of black light and fled.

"Run? You're too naive."

Chu Kuangren stomped forward and countless silver-white Daoist patterns expanded from his foot.

Spacetime Sealing Technique!

The powerful Spacetime Sealing Technique put Long Xuan in an imaginary swamp, slowing down all his movements.

Chu Kuangren appeared before him once more and kicked him right in the chest, sending him back to the ground and following up with another stomp on his chest.

“Chu Kuangren!”

Enraged, Long Xuan’s expression turned grave. The insult and embarrassment almost drove him mad.

He was known as the Peerless Prodigy, yet he was being stomped on the ground!

The insult was unprecedented!

Not only the Black Dragon himself, even the great ones from the Dragon Palace, who had been watching the fight, were deeply insulted.

Long Xuan was the crown prince, hence he was considered the face of the Dragon Palace.

Now that the Dragon Palace’s face was stomped to the ground, how could they, the great ones, be okay with it?

“This is insulting! Insulting!”

A great one from the Dragon Palace reacted grimly, his eyes bloodshot.

Then, Chu Kuangren did something that enraged them even more.

With his leg lifted, Chu Kuangren stomped Long Xuan’s chest repeatedly. The explosive and vast energy of his physical body shook the land with every stomp.

Long Xuan cried out in pain with every stomp, leaving him in the most wretched state possible.

Countless sky-prides saw the scene as well, and it left them with chills down their spine.

The Black Dragon that they once thought of as a legend was being stomped by Chu Kuangren mercilessly. They felt like their hearts were being stomped as well.

“The person ranked first on the Immortal Ranking is not Chu Kuangren’s match as well!”

“They are not even equally matched! It’s one-sided! Long Xuang was obliterated!”

Everyone exclaimed as they watched Long Xuan in his wretched state.

What a pity Black Dragon.

He gained endless glory and fame for the past twenty years, but he was defeated terribly by Chu Kuangren.

How glorified was his life before, then how terrible he was now.

“Chu Kuangren has definitely pissed off the Dragon Palace!”

“Yeah. Long Xuan is their Crown Prince, yet he was ravaged by Chu Kuangren to this extent. He practically ripped the Dragon Palace’s face into shreds!”

“Is Chu Kuangren trying to stomp Long Xuan to death?!”

The thought left many sky-prides in shock, their eyes shrank in fear as they looked at Chu Kuangren like a devil.

Many sky-prides somehow reached a tacit agreement at this moment, which was to never offend Chu Kuangren regardless of the situation.

Chu Kuangren was even more monstrous than a real monster!

“The armor on you is quite tough,” Chu Kuangren said indifferently as he looked at Long Xuan under his foot.

Long Xuan might be spewing blood ceaselessly, but he did not show signs of passing out.

As expected of an Embodier Artifact, its defense was unmatched.

Chu Kuangren stomped more than a dozen times, but Long Xuan was still alive.

“But how many more times can you withstand?” Chu Kuangren grinned mischievously as if he was a devil teasing Long Xuan.

Long Xuan felt a deep regret. He should have listened to his father and the elders to not simply challenged Chu Kuangren.

While Chu Kuangren wanted to continue stomping, a blast of Arch Gilded intent flooded the air.

As dark clouds filled the sky, a golden dragon emerged. The massive dragon’s head shadowed the sun and its eyes carried an unmatched aura.

Any sky-pride and Prodigy would tremble before the pair of majestic dragon eyes.

The dragon was not on the same level as the sky-prides or Prodigies.

“Father!”

Long Xuan was delighted to see the dragon. With a hopeful tone, he cried, “Save me!”

The golden dragon’s gaze suddenly looked sympathetic.

Long Xuan had always been a proud dragon. This would be the first time ever he asked his father for help, which stated how much of an insult and trauma he had suffered from the battle.

The golden dragon thought by challenging Chu Kuangren, his son would be able to learn the meaning of defeat and tone down his arrogance. However, the defeat seemed to be too great to bear.

“Chu Kuangren, release my son!”

The golden dragon, who was the Dragon Palace Ruler, said coldly. His dragon aura instantly filled the realm as his voice echoed.

“Oh? Is this how the Dragon Palace asks for something?” Chu Kuangren said calmly with his foot on Long Xuan’s chest. There was no sign of him lifting his foot.

“What do you want?” the Dragon Palace Ruler asked as he retracted the mighty dragon aura.

“It’s not what I want. It is about how much sincerity the Dragon Palace is willing to show in order for me to release this Crown Prince,” Chu Kuangren said.

“Are you blackmailing us?”

“Blackmailing? That’s some kind words you have there. I didn’t know you took me as a merciful person.”

Chu Kuangren shook his head and stepped harder on Long Xuan’s chest, causing him to cry in pain.

“Chu Kuangren, you—”

“Dragon Palace Ruler, I have limited patience. If you are unable to show your sincerity, then the Dragon Palace is going to lose a Peerless Prodigy.”

The Dragon Palace Ruler trembled when he heard Chu Kuangren’s threats.

It was the first time anyone had ever threatened the Dragon Palace and to that extent. Unfortunately, the Dragon Palace Ruler could not do anything about it either.

Twenty years ago, the finger energy from the universe showed everyone how terrifying the Celestial Demon Tribe could be.

The Dragon Palace was a formidable force in the Immortal World, but even they dared not face such power from the Celestial Demon Tribe.

Chu Kuangren was a Heavenly Champion and had the support of the Celestial Demon Tribe. The Dragon Palace dared not even target him specifically, and the only way to save Long Xuan was to compromise.

After some serious consideration, the Dragon Palace Ruler revealed a fiery red orb. “This is a Dragon Source. It can help you raise your cultivation level.”

Chu Kuangren looked at the Dragon Source and told Lil Ai to analyze it.

The Fire Dragon Source, an orb that contained the power of Arch Gilded Realm.

It was a decent item that could be used to further temper his Drought Demon True Body.

“Not bad, but it’s not enough. I want ten of the Dragon Source.”
