Chapter 1510: 1510 What a Pity Dragon, Blackmailing the Dragon Palace, I Want Ten

1510 What a Pity Dragon, Blackmailing the Dragon Palace, I Want Ten

Deafening explosions went off in succession as punches collided with punches.

After using the Dragon's Raging Scale, Long Xuan's combat capabilities surged to a terrifying level. Each move he performed started to contain a hint of Arch Gilded intent.

He had already reached the threshold of the Arch Gilded Realm!

Despite his opponent getting stronger, Chu Kuangren continued to fight without the slightest hint of retreating. His physical body strength continued to grow stronger as well.

Each punch and kick contained power that could shake galaxies.

On top of that, as the battle continued, Chu Kuangren's blood and qi energy from his physical body rose sharply.

His physical body started to exude a hint of Arch Gilded intent as well.

Arch Gilded intent of the physical body! It was much stronger and much more complete than Long Xuan's own intent.

Kaboom!

Long Xuan dished out another claw strike but Chu Kuangren caught it and countered with a punch to his chest. The Half Dragon was sent flying away by the punch.

Before he could react, Chu Kuangren appeared right in front of him again and performed a series of close-combat techniques skillfully.

In a few short breaths, Long Xuan had sustained countless attacks.

Had he lost his Dragon qi and the Four Seas Scale Armor, even though he was a Black Dragon, he would have been pounded into a pile of meat paste.

Under Chu Kuangren's furious attacks, Long Xuan's Four Seas Scale Armor started to weaken.

Bang!

Long Xuan was blasted away once more with blood gushing out from his mouth.

Despite having the Four Seas Scale Armor, it did not stand well against Chu Kuangren's fury, and the repercussion from the armor left him with some serious injuries.

"No! If this continues, even if I have the Four Seas Scale Armor, I will be killed by his punches!"

Long Xuan clenched his teeth as an outrageous thought rushed into his mind.

Escape!

It was the first time he had such a thought in his mind ever since he announced his presence to the world, which severely impacted his pride.

Unfortunately, his instinct to survive overpowered his pride and it tried to pull him away from the battle.

He transformed into a streak of black light and fled.

“Run? You’re too naive.”

Chu Kuangren stomped forward and countless silver-white Daoist patterns expanded from his foot.

Spacetime Sealing Technique!

The powerful Spacetime Sealing Technique put Long Xuan in an imaginary swamp, slowing down all his movements.

Chu Kuangren appeared before him once more and kicked him right in the chest, sending him back to the ground and following up with another stomp on his chest.

“Chu Kuangren!”

Enraged, Long Xuan’s expression turned grave. The insult and embarrassment almost drove him mad.

He was known as the Peerless Prodigy, yet he was being stomped on the ground!

The insult was unprecedented!

Not only the Black Dragon himself, even the great ones from the Dragon Palace, who had been watching the fight, were deeply insulted.

Long Xuan was the crown prince, hence he was considered the face of the Dragon Palace.

Now that the Dragon Palace’s face was stomped to the ground, how could they, the great ones, be okay with it?

“This is insulting! Insulting!”

A great one from the Dragon Palace reacted grimly, his eyes bloodshot.

Then, Chu Kuangren did something that enraged them even more.

With his leg lifted, Chu Kuangren stomped Long Xuan’s chest repeatedly. The explosive and vast energy of his physical body shook the land with every stomp.

Long Xuan cried out in pain with every stomp, leaving him in the most wretched state possible.

Countless sky-prides saw the scene as well, and it left them with chills down their spine.

The Black Dragon that they once thought of as a legend was being stomped by Chu Kuangren mercilessly. They felt like their hearts were being stomped as well.

“The person ranked first on the Immortal Ranking is not Chu Kuangren’s match as well!”

“They are not even equally matched! It’s one-sided! Long Xuang was obliterated!”

Everyone exclaimed as they watched Long Xuan in his wretched state.

What a pity Black Dragon.

He gained endless glory and fame for the past twenty years, but he was defeated terribly by Chu Kuangren.

How glorified was his life before, then how terrible he was now.

“Chu Kuangren has definitely pissed off the Dragon Palace!”

“Yeah. Long Xuan is their Crown Prince, yet he was ravaged by Chu Kuangren to this extent. He practically ripped the Dragon Palace’s face into shreds!”

“Is Chu Kuangren trying to stomp Long Xuan to death?!”

The thought left many sky-prides in shock, their eyes shrank in fear as they looked at Chu Kuangren like a devil.

Many sky-prides somehow reached a tacit agreement at this moment, which was to never offend Chu Kuangren regardless of the situation.

Chu Kuangren was even more monstrous than a real monster!

“The armor on you is quite tough,” Chu Kuangren said indifferently as he looked at Long Xuan under his foot.

Long Xuan might be spewing blood ceaselessly, but he did not show signs of passing out.

As expected of an Embodier Artifact, its defense was unmatched.

Chu Kuangren stomped more than a dozen times, but Long Xuan was still alive.

“But how many more times can you withstand?” Chu Kuangren grinned mischievously as if he was a devil teasing Long Xuan.

Long Xuan felt a deep regret. He should have listened to his father and the elders to not simply challenged Chu Kuangren.

While Chu Kuangren wanted to continue stomping, a blast of Arch Gilded intent flooded the air.

As dark clouds filled the sky, a golden dragon emerged. The massive dragon’s head shadowed the sun and its eyes carried an unmatched aura.

Any sky-pride and Prodigy would tremble before the pair of majestic dragon eyes.

The dragon was not on the same level as the sky-prides or Prodigies.

“Father!”

Long Xuan was delighted to see the dragon. With a hopeful tone, he cried, “Save me!”

The golden dragon’s gaze suddenly looked sympathetic.

Long Xuan had always been a proud dragon. This would be the first time ever he asked his father for help, which stated how much of an insult and trauma he had suffered from the battle.

The golden dragon thought by challenging Chu Kuangren, his son would be able to learn the meaning of defeat and tone down his arrogance. However, the defeat seemed to be too great to bear.

“Chu Kuangren, release my son!”

The golden dragon, who was the Dragon Palace Ruler, said coldly. His dragon aura instantly filled the realm as his voice echoed.

“Oh? Is this how the Dragon Palace asks for something?” Chu Kuangren said calmly with his foot on Long Xuan’s chest. There was no sign of him lifting his foot.

“What do you want?” the Dragon Palace Ruler asked as he retracted the mighty dragon aura.

“It’s not what I want. It is about how much sincerity the Dragon Palace is willing to show in order for me to release this Crown Prince,” Chu Kuangren said.

“Are you blackmailing us?”

“Blackmailing? That’s some kind words you have there. I didn’t know you took me as a merciful person.”

Chu Kuangren shook his head and stepped harder on Long Xuan’s chest, causing him to cry in pain.

“Chu Kuangren, you—”

“Dragon Palace Ruler, I have limited patience. If you are unable to show your sincerity, then the Dragon Palace is going to lose a Peerless Prodigy.”

The Dragon Palace Ruler trembled when he heard Chu Kuangren’s threats.

It was the first time anyone had ever threatened the Dragon Palace and to that extent. Unfortunately, the Dragon Palace Ruler could not do anything about it either.

Twenty years ago, the finger energy from the universe showed everyone how terrifying the Celestial Demon Tribe could be.

The Dragon Palace was a formidable force in the Immortal World, but even they dared not face such power from the Celestial Demon Tribe.

Chu Kuangren was a Heavenly Champion and had the support of the Celestial Demon Tribe. The Dragon Palace dared not even target him specifically, and the only way to save Long Xuan was to compromise.

After some serious consideration, the Dragon Palace Ruler revealed a fiery red orb. “This is a Dragon Source. It can help you raise your cultivation level.”

Chu Kuangren looked at the Dragon Source and told Lil Ai to analyze it.

The Fire Dragon Source, an orb that contained the power of Arch Gilded Realm.

It was a decent item that could be used to further temper his Drought Demon True Body.

“Not bad, but it’s not enough. I want ten of the Dragon Source.”

Chapter 1512: Desire to Go to the Underworld, Fengdu's Condition, Zhong Clan Wants to Take Fengdu

1512 Desire to Go to the Underworld, Fengdu's Condition, Zhong Clan Wants to Take Fengdu

Ancient legend had it that Emperor Qin was an ambitious man, and no one was able to match his achievements.

Not only did he want to restore the throne of the Human Emperor, but he even wanted to conquer the Immortal Halls and rule over the Underworld to become the one and only supreme ruler!

He cultivated the Five Dragons Dominion Art for his conquest, and his cultivation level almost reached the Embodier realm. With the Fore-Dragon qi with him, even common Embodier cultivators could not harm him.

On top of that, he trained millions of soldiers and cavalries powerful enough to challenge the heavenly soldiers from the Immortal Hall! Every general under his command was a peerless expert that could sweep the world with sheer power!

Besides, he even secretly formed an army of Underworld Warriors army for his conquest of the Underworld.

Back then, the Qin Empire was so powerful that it had the power to threaten the Immortal Halls and Underworld.

Both the Immortal Halls were deeply afraid of Emperor Qin's ambitions, causing them to scheme against the empire.

First, they sowed discord between Hundred Academy and the Qin Empire, causing them to suffer a fallout. It was to weaken the human forces.

Then, they plotted an assassination plan to kill Emperor Qin, which succeeded. The death of the emperor left the empire without a leader, hence indirectly ending the plan to restore the Human Emperor's throne.

After Emperor Qin, no one was able to even come close to his achievements and wisdom, and his death marked the end of the Human Emperor.

Following Emperor Qin's death, his generals and soldiers all perished gradually, except for the Underworld Warriors that he secretly forged to conquer the Underworld, which had never appeared.

The Immortal Halls sent their men to search for it and even asked a great one to deduce its location, but they failed to even secure a clue of its location.

The only one who knew the location of the Underworld Warriors was the Qin Clan, the direct descendant of Emperor Qin. The location of the Underworld Warriors was actually hidden on an ancient painting scroll.

The scroll was passed down within the family for generations. Many of the Qin clan members tried to figure out the secret hidden within but never succeeded.

The clan was then captured by Holy Violet Immortal Emperor and forcefully moved to Holy Violet Emperor Planet, all chances were lost.

When Jue Wushen led an army to eliminate the Qin clan, Qin Tianya escaped the planet with the scroll and the scroll ultimately ended up in Chu Kuangren's hand.

"The Qin clan has been holding onto this scroll for years, but they failed to understand the secret within. I believe even the Immortal Hall doesn't know that the Underworld Warriors is hidden not on any planets but in the Underworld!"

Chu Kuangren smiled at the content of the scroll. With Lil Ai's help, deciphering the secret of the scroll was not difficult.

No one expected that Emperor Qin, a living human being, would hide his Underworld Warriors in the Underworld.

"It seems like I have to go down to the Underworld," Chu Kuangren muttered.

He left a clone behind to deal with all sorts of matters, and with Jue Wushen and the others around, no one would dare to cause too much of a problem.

A living being entering the Underworld was difficult, even an Arch Gilded Immortal would be affected. The only way into the Underworld without being affected was by possessing the title of Ghost Emperor.

"I can also visit Hua Wuai as I promised, and I can deal with this along the way."

Chu Kuangren then told Lan Yu about his intention to go down to the Underworld.

Lan Yu knew full well how ominous and terrifying the Underworld was. A living being would be heavily restricted down there, and not even a great one had the confidence to move freely.

Knowing that she might be a burden to Chu Kuangren, Lan Yu decided to return to the academy instead.

"Hm. I think this is my first trip down to the Underworld ever since I became the Ghost Emperor," Chu Kuangren pondered as he scratched his chin.

Meanwhile, at Fengdu Underworld City, millions of Underworld soldiers patrolled the place, ensuring the law and order of the city.

Countless ghosts and souls would wander to the Underworld from all parts of the Immortal World to enter samsara. As the number of souls increased, Fengdu Underworld City seemed to flourish and grow stronger.

On this particular day, the entire Fengdu Underworld City faced an unprecedented quake.

The city saw a group of people standing outside of its gates. Everyone in the group wore iron armor and wielded sabers and axes as they descended from the sky.

The leading person was a middle-aged man in black robes.

Unlike the others around him, who were obviously Underworld soldiers, he was a living human!

Or more precisely, an Underworlder!

The biggest difference between a common living human being and an Underworlder would be their physique. The Underworlder's physique has been assimilated by the Underworld's environment, thus freeing himself from the influence of Yin qi.

There were quite a number of Underworlders dwelling in the Underworld.

After the Immortal World was reformed, they grouped together to form all kinds of factions. Some continued to serve under the three major Underworld cities, some formed their own forces.

In short, it was complicated.

The group that appeared before Fengdu Underworld City was a clan named the Zhong clan.

The Zhong clan was one of the biggest clans in the Underworld, as they seconded only to the three major Underworld cities. After the Immortal World was reformed, all three of the Underworld cities were destroyed, and Fengdu Underworld City suffered the worst among the three.

The name of the three major Underworld cities was gone following Fengdu's total destruction, and only Yincao and Taishan were left.

However, Chu Kuangren revitalized the reincarnation mechanism in Fengdu and pushed its name back to the top three Underworld cities. The millions of Underworld soldiers even allowed Fengdu to make a stand for itself.

Despite having a million Underworld soldiers, the Zhong clan never gave up on Fengdu. They had always wanted to occupy it, and ultimately replace it.

The clan leader of the Zhong clan, Zhong Yun, led his soldiers on a siege of the city again.

Inside a pavilion of the city, two balls of ghastly green flame rose and formed a skeleton.

Its eyes, which were the two balls of green flame, stared into the distance and it grunted.

"The Zhong clan is here again. Persistent..."

With a step forward, the skeleton rose up to the sky.

Countless souls knew a fight was happening, but nothing seemed surprising to them.

One of the veteran souls told a newcomer, "It's going to be fine. With General Skull1 and Lord Bai here, things will pass in a moment. Just go hide in Soul-Wandering Street for a while."

Soul-Wandering Street was the place for the souls to settle down.

The souls quickly took shelter with the soldiers' guide and when they settled down, they looked up to the sky.

Multiple figures started to rise to the sky from the city.

Each of them carried an extraordinary presence.

Some of them were Gilded Immortals, like Bai Mei, Ao Yue, and even the Eighty Demonic Generals.

"It's them!"

Many of the souls calmed down after seeing the group in the sky.

When Zhong Yun saw the group of powerful Yin soldiers and generals, he felt deeply annoyed.

Fengdu was known as the weakest among the three major Underworld cities, but the speed of its growth was terrifying.

No one knew where the millions of soldiers and the Eighty Demonic Generals came from.

It was said that they were related to the Heavenly Champion, who was also the latest Ghost Emperor of Fengdu, up in the living realm.

“Zhong Yu, retreat at once, or don’t blame me for using force!” said General Skull as he summoned a scythe.

“General Skull, you really think I am here without confidence? I am prepared for this,” Zhong Yu laughed.

He revealed a pitch-black seal with samsara energy exuding from it.

The entire Fengdu trembled at its appearance.

Bai Mei, Ao Yue, and the others were shocked. “It’s the Samsara Emperor Seal!”

“It indeed is!”

Zhong Yun held the seal like a supreme emperor of the Underworld. He said, “I will take down Fengdu once and for all today!”

Chapter 1513: Who Dares Lay a Finger on the People of Fengdu, How Do You Want to Die

1513 Who Dares Lay a Finger on the People of Fengdu, How Do You Want to Die

“I will take down Fengdu today!”

Zhong Yun, with the Samsara Emperor Seal in his possession, glared at his opponents like an Underworld Emperor.

General Skull, Bai Mei, Ao Yue, and the others were affected by the seal and their cultivations were restricted.

“This damn bastard! He’s got a Samsara Emperor Seal!”

“This is going to be troublesome!”

“Damn it!”

Due to the seal, no one was able to face Zhong Yun’s army directly.

“Charge!” Zhong Yun bellowed.

The army of Underworld soldiers behind him charged forward.

General Skull and the others tried their best to defend against the siege.

A fierce battle broke out above the sky of Fengdu.

General Skull was an Arch Gilded Immortal. Although affected by the Samsara Emperor Seal and his combat capabilities were limited down to ten percent, he was still able to block a number of Underworld soldiers.

The Eighty Demonic Generals formed a massive Heavenly Demon Formation to trap the invading Underworld soldiers. As their Demoni qi surged, they ripped each and every trapped soldier apart.

Bai Mei, Ao Yue, and the other Gilded Immortals utilized their own Immortal Techniques to fight the Underworld soldiers while being affected by the Samsara Emperor Seal.

“Hmph! Futile resistance!” Zhong Yun grunted coldly.

With a step forward, he channeled the Samsara Emperor Seal to its limit.

Endless seal pressure burst out from the seal in an instant and shrouded almost the entire city.

The authority of a Ghost Emperor pressured General Skull, Bai Mei, and the others as if a million mountains were weighing over them

Bang! Bang!

The Underworld soldiers were pressured to the ground by the mountainous pressure.

Even an Arch Gilded presence like General Skull trembled before the pressure, seemingly falling to his knees.

Things had gotten worse in just a moment, and it placed Fengdu before an unprecedented crisis.

Countless wandering souls at Soul-Wandering Street were horrid when they saw the scene.

“What? What happened? Even General Skull and the other powerful ones can’t protect us?”

“Gosh! Is that the Samsara Emperor Seal?! The pressure is terrifying!”

“With the Samsara Emperor Seal in hand, Zhong Yun is equivalent to the Fengdu Ghost Emperor! No one within Fengdu is his match!”

Countless wandering souls talked about the severity of the situation.

Zhong Yun glared at General Skull and the others coldly. “I can give all of you a chance to bow to me, and you can continue to guard Fengdu with your best effort!”

Be it General Skull or the Eighty Demonic Generals, they were all top experts of the Underworld and they should not be underestimated.

“Bow to you? Dream on! I only bow to one person and address him as emperor!” General Skull said coldly.

“Are you claiming to be Fengdu’s Ghost Emperor? What a joke!”

“When the Ghost Emperor arrives, it will be the end of the Zhong clan!”

The Eighty Demonic Generals, Bai Mei, Ao Yue, and the others refused to bow. They glared at Zhong Yun with an unyielding gaze.

“What about all of you?”

Zhong Yun looked at the million Underworld soldiers and added, “Bow to me, and I will spare you, or else I will destroy all of your souls!”

“We all only bow to one person and call him our emperor. There is no way we will bow to you!”

“The Zhong clan isn’t worthy for us to bow!”

Every Yin soldier wore an unyielding expression on their faces, and not even death could waver their beliefs.

The scene shocked Zhong Yun and his Underworld soldiers. They failed to understand why the Underworld soldiers of Fengdu refused to bow as their fates were already sealed.

Why would they risk having their souls destroyed?

Had the new Ghost Emperor enchanted them with his bewitching charms? Was he the reason why the soldiers were so loyal and unwavering?

“A bunch of foolish souls!” Zhong Yun grunted coldly, but even he could not help but feel a hint of deterrence.

Aside from General Skull, who was an Arch Gilded Immortal, not even one Yin soldier decided to bow.

It was unbelievable to Zhong Yun.

Who and what did he do to win such loyalty from the Underworld soldiers?

Zhong Yun would never know the million Underworld soldiers were actually the prize Chu Kuangren got from the gacha draw. From the moment they were taken out, they pledged their loyalty to him.

It was impossible to make them bow to another person.

“If all of you have a death wish, I will grant it to you!” Zhong Yun said coldly.

He channeled the Samsara Emperor Seal to release powerful Samsara energy from it.

When it reached the limit, the Samsara energy exploded and swept over the Underworld soldiers like a tidal wave.

“Die!”

The Samsara Emperor Seal buzzed violently as it was surrounded by endless Immortal Sparks.

Terrifying Samsara energy burst forward and wreaked havoc.

That was when something strange happened above Fengdu’s sky.

A black vortex appeared and the energy fluctuation of the living exuded from within.

The unusual vortex stunned everyone.

“Energy presence of the living?”

“Someone is coming down here to the Underworld from the living world. Who could that be? What a coincidence that the vortex opened up above Fengdu.”

A white figure emerged from the vortex. His body was shining with dazzling Immortal Sparks, and he wore pure white robes. His handsome looks and outstanding demeanor captured all the attention as soon as he appeared.

“Who dares lay a finger on the people of Fengdu?”

An indifferent voice sounded, followed by terrifying pressure crashing down from the sky and enveloping the entire Fengdu.

The Underworld soldiers from the Zhong clan were forced to their knees by the terrifying pressure. Every single one of them looked up at the figure in white with a horrified look.

It felt like they were facing a supreme lord of the Underworld, and no one was able to defy his order.

Even Zhong Yun’s pupils shrank in fear. “It’s the Ghost Emperor’s authority!”

He clearly felt the pressure exuded by the figure in white. It was the same as his Samsara Emperor Seal, but more substantial and richer.

In addition to how he addressed the people of Fengdu, he basically announced his identity upon arrival.

“It’s the Ghost Emperor!”

“The Ghost Emperor is here!”

General Skull, Bai Mei, and the others stared at Chu Kuangren with delight.

Chu Kuangren wore a frosty look as he descended.

It was his first time in the Underworld, yet he saw Fengdu under attack and the wandering souls under his watch being threatened.

He could not tolerate the act of defiance!

“Are y thoue new Ghost Emperor?” Zhong Yun narrowed his eyes at Chu Kuangren and activated his Immortal Consciousness to determine Chu Kuangren’s cultivation level.

Although Chu Kuangren hid it well, as an Arch Gilded Immortal, Zhong Yun was able to get clues about the cultivation level.

Gilded Immortal! The new Ghost Emperor was of Gilded Immortal Realm!

Although achieving Gilded Immortal Realm at his age made him an undeniably powerful Prodigy, it was not enough to rival an Arch Gilded Immortal.

Zhong Yun felt relieved after seeing Chu Kuangren’s cultivation level.

A Gilded Ghost Emperor was not powerful enough to stop him from invading Fengdu.

In fact, if he could kill the new Ghost Emperor and seize the Emperor Seal, his Ghost Emperor's authority would become even stronger.

The thought fueled Zhong Yun's desire.

"Those who invade Fengdu shall be killed mercilessly!"

Chu Kuangren looked at Zhong Yun coldly. "Tell me. How do you want to die?"

Chapter 1514: What Right Do You Have to Call Yourself an Emperor Before Me? Fight an Arch Gilded Immortal

1514 What Right Do You Have to Call Yourself an Emperor Before Me? Fight an Arch Gilded Immortal

"How do you want to die?" Chu Kuangren said indifferently to Zhong Yun.

To him, Zhong Yun was already a dead person when he led his army on a siege at Fengdu.

He would not even give the invader the chance to be reborn!

"Kid, you're too arrogant. Even if you are the Ghost Emperor of Fengdu, my cultivation level is higher than yours. How are you going to kill me?" Zhong Yun coldly grunted.

Hearing his words, Chu Kuangren raised a brow. "I guess you're right? Then what right do you have to call yourself an emperor before me?"

Chu Kuangren then revealed three Samsara Emperor Seals.

Endless samsara energy gushed and flooded the realm instantly.

Zhong Yun's Ghost Emperor's authority was overpowered in the blink of an eye.

"What? How?!" Zhong Yun's expression slightly turned bitter.

"You have three seals?!"

"Oh, that's not all I have."

Chu Kuangren pointed his sword hand sign forward. His Immortal Core energy that contained the Golden Jade Immortal Spark gushed forward, and a rampant sword ray shone across the realm.

Kaboom!

The sword ray slashed even the void as it crashed down.

Zhong Yun channeled endless Yin qi into a massive palm to clash with the sword ray.

Upon clashing, both different energies canceled out each other.

Zhong Yun looked at Chu Kuangren in shock. "He's a Gilded Immortal, but why is he so ridiculously powerful?!"

Little did he know that Chu Kuangren's power was already peerless, and now with the geographical buff from Fengdu and the three Samsara Emperor Seals, his power rose to a new height.

If it were not for Zhong Yun's Samsara Emperor Seal, Chu Kuangren could already overpower him using his Ghost Emperor's authority despite him being an Arch Gilded Immortal.

"Bai Mei, protect the Soul-Wandering Street and leave the rest to me," Chu Kuangren said.

Bai Mei nodded. "Yes, Ghost Emperor."

Due to Chu Kuangren's Ghost Emperor's authority, the others regained their freedom to move around.

The Underworld soldiers retreated to Soul-Wandering Street to protect the other wandering souls and maintain order.

Countless wandering souls looked at Chu Kuangren in awe.

"Is this our Ghost Emperor? He looks so handsome!"

"He's the Ghost Emperor! I saw him once before!"

"It has been many years but the Ghost Emperor is as charming as ever. I'm infatuated by his looks."

"Now that the Ghost Emperor is here, we are saved!"

The wandering souls were excited, shocked, and even curious about their new Ghost Emperor.

As the number of wandering souls increased in Fengdu, many of them had but had never seen the Ghost Emperor before. This would be their first time seeing Chu Kuangren in person.

"Kid, die!"

The Underworld soldiers behind Zhong Yun were also affected by the Ghost Emperor's authority and were robbed of their freedom.

Only Zhong Yun, who was an Arch Gilded Immortal and also possessed the Samsara Emperor Seal, could move around freely in Fengdu.

He launched his attack on Chu Kuangren.

He strongly believed as an Arch Gilded Immortal, he could easily defeat a mere Gilded Immortal.

He clenched his fist to summon a whirlwind of Yin energy and blasted out a wave of samsara energy fluctuation. Countless mystical Daoist patterns shone in the void and formed a massive net to capture Chu Kuangren.

The net contained distinctive Arch Gilded intent!

"Heavenly Ghost-Capturing Net!"

The Zhong clan's cultivation technique was cast, and it placed Chu Kuangren in a difficult situation with no escape.

Chu Kuangren was not nervous at all. He pointed his sword hand sign forward, and his Immortal's Core energy channeled to the limit. The Gilded Trait expanded and transformed into a sea of swords.

It was the Green Leaf Sword Ocean!

The ocean of swords flew in a flurry but could not break through the net.

"Kid, stop wasting your energy. How could your Gilded Trait resist the Arch Gilded intent?" Zhong Yun scoffed.

The difference between a Gilded Immortal and an Arch Gilded Immortal was unimaginably huge.

The Arch Gilded intent was totally different from the Gilded Traits.

"Oh really?" Chu Kuangren said flatly.

Then, samsara energy erupted from his body as he activated Heavenly Samsara Physique.

"Divine Samsara Overworld!"

Samsara energy stirred up the Yin qin in the realm, and with the buff from the Samsara Emperor Seal, it merged with the Green Leaf Sword Ocean to continue its attack at the net.

The combined energy finally ripped the net into shreds.

"That's the Heavenly Samsara Physique! You possess it?!" Zhong Yun was slightly surprised.

Having the Heavenly Samsara Physique in the Underworld would be equal to saying he owned the entire realm.

While Chu Kuangren channeled the Heavenly Samsara Physique, an ancient river in the Underworld reacted violently. The rapid current stirred up waves that crashed on both sides of the riversides.

There was a girl in a glamorous black robe sitting by the riverside, soaking her legs in the water.

The endless samsara energy in the water felt like nothing to her.

Suddenly, the girl turned her crimson eyes in the direction of Fengdu when the river turned violent. She muttered, "He's finally here."

Meanwhile, in the deepest part of the Underworld stood a pitch-black palace with an elderly inside.

The elderly wore gray robes that exuded dense death qi, and when he sensed the anomaly in the same direction, he opened his eyes.

His deep eyes gleamed sharply.

"This energy belongs to the Heavenly Samsara Physique... That young man is here in the Underworld."

When Chu Kuangren used the power of the Heavenly Samsara Physique, all the great ones in the Underworld more or less sensed his presence.

Everyone looked in the direction of Fengdu.

Back at Fengdu, when Zhong Yun realized his net has been ripped to shreds, his expression turned grave. "Heavenly Samsara Physique... It seems like I have underestimated you."

His energy surged gradually as he spoke.

"Too bad you are only a Gilded Immortal, and I'm an Arch Gilded. You are not my match!"

A dazzling sword appeared in Zhong Yun's hand.

The blade had countless mystical runes carved on it and it seems to carry some sort of ability to restrict souls.

General Skull reacted heavily to the appearance of the sword. "That's Zhong clan's heritage sword, the Ghost Killer Sword. It's used specifically to restrain Ghost cultivators!"

"Legend has it that the Zhong clan's forefather, Zhong Kui, was an infamous Ghost Ruler in the Underworld, and with the Ghost Killer Sword, he reigned over the Underworld!"

"Ghost Emperor, be careful!"

The others were worried about Chu Kuangren.

General Skull even gripped his scythe cautiously as he prepared himself to strike at any moment.

"The descendant of Ghost King Zhong Kui, huh? Hm. Interesting."

Chu Kuangren was intrigued.

That would be his first time fighting a real Arch Gilded Immortal.

Eminent Monk Guhe did not count as he was just a vessel spirit.

"I will make sure to rip that smile off your smug face!"

Feeling insulted by Chu Kuangren's smile, Zhong Yun wielded the Ghost Killer Sword and slashed toward Chu Kuangren.

The sword shone in endless Immortal Sparks, which somehow stung the wandering souls.

However, Chu Kuangren was not affected. A powerful qi and blood energy fluctuation erupted from him as he threw a punch to counter the slash with his fist.

The qi and blood from his boy also contained the Arch Gilded intent.

As the fist and sword clashed, a deafening blast sounded above Fengdu, and the space cracked in the pattern of a web.

As the millions of Immortal Sparks exploded, Chu Kuangren and Zhong Yun both were pushed backward by the blast.

Zhong Yun then looked at Chu Kuangren in horror, as if he was looking at a monster.

"Physical body's Arch Gilded intent?!"

Chapter 1515: Ghoul Devouring Technique, Desire Flower's Thirst

1515 Ghoul Devouring Technique, Desire Flower's Thirst

Chu Kuangren's physical body's Arch Gilded intent blocked the Ghost Killer Sword!

The two different energies clashed, forcing Zhong Yun to slide backward for a dozen meters. He stared at Chu Kuangren as though he was looking at a monster.

The physical body's Arch Gilded intent?

A mere Gilded Immortal has cultivated his physical body to possess the Arch Gilded intent?!

Could it be that his main offensive method was his physical body?

It seemed unlikely.

Having possessed the Green Leaf Sword Vision and Heavenly Samsara Technique, which were body Honorable Supreme Immortal Physiques, only a fool would continue to focus on the physical body as the main offensive method!

More importantly, his physical body had achieved the Arch Gilded intent!

It was unbelievable!

Due to Chu Kuangren's unusual power, Zhong Yun was forced to take his opponent seriously.

"Kid, speak your name. My sword does not kill a nameless soul."

"Chu Kuangren!"

"I will remember the name, so you should remember the name of the man who will kill you. I am Zhong—"

Before he could finish, Chu Kuangren already attacked.

He zipped toward Zhong Yun like a bolt of lightning and threw a barrage of punches at him, containing the Arch Gilded intent.

Each punch felt like it has the power to break the sky.

"Damn it! Where is your courtesy?! You sucker punch me?!"

Zhong Yun was furious as he was forced to block Chu Kuangren's punches using his Ghost Killer Sword.

"I'm sorry. I don't usually remember dead people's names," Chu Kuangren said as he continued to dish out punches.

"Damn it! Ghost Killer Sword, slash!"

Zhong Yun swung his Ghost Killer Sword forward, leaving endless Immortal Sparks along its trail. The slash felt like it could eliminate ten thousand ghosts at once and cracked even the heavens.

“Divine Thunder Fist!”

Chu Kuangren clenched his fists and threw a powerful punch at the blade of Ghost Killer Sword.

The Arch Gilded intent of his physical body exploded, together with endless blood and qi transforming into tens of thousands of lightning bolts.

The two different energies clashed once more.

Zhong Yun was sent flying backward with a bolt of crimson lightning surrounding him, attacking his Arch Gilded body.

“What a terrifying power!”

The sword qi of Ghost Killer Sword also surrounded Chu Kuangren and attempted to destroy his body.

“Break!”

He shouted loudly as he strengthened his muscles to disperse the Ghost Killer Sword’s sword qi.

“Use me! I’ll help!”

It was then the Desire Flower at the back of Chu Kuangren’s palm spoke.

She was looking at Zhong Yun greedily. “I bet the desire of an Arch Gilded Immortal must be tasty!”

“I don’t need it yet,” Chu Kuangren said indifferently. He wanted to use Zhong Yun to test his own strength and find out if he has the capabilities to kill an Arch Gilded Immortal.

Then, he attacked once more.

This time, not only his Arch Gilded intent was used, he also used all kinds of Immortal Techniques and divine abilities together.

Dazzling Daoist patterns from various Immortal Techniques exploded above the sky of Fengdu.

Chu Kuangren was surrounded by his Life-Death Immortal Sparks and Samsara energy. He pointed his sword hand sign forward to gather the supreme sword qi at his finger tips and cast the Yin Yang Life and Death Symbol plus Divine Samsara Overworld.

All kinds of Immortal Techniques and divine abilities were being used skillfully and in succession. Not a single technique overlapped with each other.

Countless wandering souls were in awe at the blast of various techniques.

“Is this our Ghost Emperor? He’s so powerful!”

“He has so many Immortal Physiques and divine skills! How did he do it? This is unbelievable!”

The wandering souls gasped in awe.

Even General Skull and the million Underworld soldiers were captivated, and they all looked at Chu Kuangren with fanatic admiration.

“So this is our Ghost Emperor’s power? As expected! He’s really powerful!”

Chu Kuangren relied on his matchless physical body and Indestructible Body to remain unscathed as the battle went on.

On the other hand, Zhong Yun started to show signs of weakening and he sustained multiple injuries on his body.

He was shocked.

“Impossible! You are just a Gilded Immortal! How can you possess this much power!?”

The difference between a Gilded Immortal and Arch Gilded Immortal was like heaven and earth apart!

A Gilded Immortal practically could never win an Arch Gilded Immortal!

It was common sense in the Immortal World, but it did not seem to apply to Chu Kuangren!

His actions broke common sense and made Zhong Yun realize the situation.

Chu Kuangren ignored the shock on Zhong Yun’s face. As he raised his fist, Life-Death energy merged with samsara energy and fused Universal Life-Death Cycle with Samsara Tribulation Light.

The boundless Life-Death Samsara energy blasted Zhong Yun backward again.

Then, the Arch Gilded intent of his body erupted as he threw another punch forward. Tens of thousands of bolts of crimson lightning burst forward and struck Zhong Yun’s body.

Bang! Bang! Bang!

Zhong Yun’s energy continued to weaken.

“Damn it! If this continues, I might... die!”

Zhong Yun’s expression turned grave, his heart pounded wildly as fear took over.

He sensed the threats of death from a mere Gilded Immortal!

With the thought in mind, he turned around to his Underworld soldiers, who were forced on their knees by the Ghost Emperor’s authority, and a distinct determination flashed in his eyes.

“I bring all of you here for a purpose! Do something! Use your bodies to pave the road for my conquest!” Zhong Yun shrouded.

A powerful energy erupted from him and it contained an ominous suction force.

Countless Underworld soldiers uncontrollably threw themselves at Zhong Yun and were absorbed into his body.

“No! Clan Leader, please no!”

“The Clan Leader has gone crazy!”

“Help!”

Terrifying screams sounded in succession.

The scene even struck fear into the wandering soul's hearts.

Zhong Yun devoured a large number of Underworld soldiers!

"Legend has it that Zhong Kui consumes ghosts. It seems to be true."

"This is the inherited technique of the Zhong clan, the Ghost-Devouring Technique," Bai Mei said with a grim look on her face.

Following the absorption of Underworld soldiers, Zhong Yun's energy presence rose to a terrifying level.

Countless strange Daoist patterns and terrifying faces of the Underworld soldiers he absorbed appeared on his body, making him look horrifying and ferocious.

"Burp..."

Zhong Yun burped, releasing a mouthful of dense Yin qi with a mix of rage qi.

A soul tried to escape from his mouth but was captured and swallowed back into his stomach.

Chu Kuangren's gaze turned frostier. "Devouring souls in front of me? You really have the nerve."

"Kid, I am not who I was a while ago."

Zhong Yun savored the newly gained power from his body and wore a ferocious grin on his face.

"Let me! Let me have it! There are so many souls gathered in a single body. The desire is so dense!"

Desire Flower was exalted. She even released tendrils around Chu Kuangren to express its excitement and eagerness.

Chu Kuangren no longer stopped the flower. "He's yours then."

Swoosh!

The tendrils flew toward Zhong Yun.

"What are these?!" Zhong Yun frowned. For some reason, he sensed danger.

He punched the tendrils away, but upon breaking, the tendrils released a strange fragrance in the air that would seep into his body.

On top of that, three pitch-black demonic hooks came out from the void and constricted him.

An unknown source of power sent chills down Zhong Yun's spine.

"You shall dwell in the whirlpool of desire and die a slow death," Chu Kuangren said.

Chapter 1516: The Fall of Zhong Yun, Gathering Troops, Conquering the Zhong Clan

1516 The Fall of Zhong Yun, Gathering Troops, Conquering the Zhong Clan

"Just go to hell since you can't extricate yourself from the whirlpool of desire."

Cu Kuangren mobilized the Six Dusty Demonic Hooks to entangle Zhong Yun tightly.

Following that, Desire Flower also activated her power. Even an Arch Gilded Immortal could hardly resist the eruption of the two energies.

Besides, Zhong Yun absorbed a large number of dead souls into his body at this time. Those dead souls were still alive in his body with countless living beings' desires merged.

From the Desire Flower's point of view, it was a sumptuous dinner!

In an instant, Zhong Yun was trapped in the whirlpool of desire and could not extricate himself.

He saw himself becoming the Fengdu Ghost Emperor and a supreme ruler who united the Underworld.

However, countless dead souls dashed forward and devoured him soon after!

Meanwhile, in the outside world, everyone saw that Zhong Yun's body was entwined by strange vines. Then, he stood in place with his expression changed constantly.

His expression changed from confusion, overjoyed, and obsessed to deranged...

His constant change of expressions meant that he was trapped deeper and deeper in the whirlpool of desire, which weakened his aura.

Eventually, his physical body and soul were transformed into Desire Flower's fertilizer, while those vines sucked up Zhong Yun's body like countless straws!

The General Skull and others were astonished upon seeing such an eerie scene.

What kind of existence was that?

After dealing with Zhong Yun, Chu Kuangren approached the General Skull and others.

"Go to the Imperial Palace now, and tell me the matter in detail," said Chu Kuangren.

In the Imperial Palace, General Skull and others explained the Zhong clan's matter to Chu Kuangren in detail.

In addition, they also told him about some forces' situation in the Underworld.

The three great Underworld cities, great ancient clans, tribes...

Chu Kuangren's right hand subconsciously knocked on the throne's armrest while sitting on the throne of the Imperial Palace. He seemed to be thinking about something.

"It looks like I'll have to strengthen Fengdu City's power."

Fengdu's current power was the weakest among the three great Underworld cities.

Although there seemed to be a mysterious existence above the three great Underworld cities to balance and prevent collisions among the cities, those ancient clans and tribes refused to be at peace with each other.

They could not deal with the other two great Underworld cities, so they targeted the extremely weak Fengdu City.

They wanted to capture Fengdu, occupy its reincarnation mechanism, and be the new Underworld!

That was not only the Zhong clan's motive but also the motive of some Underworld aspirants.

It was just that the Zhong clan took the lead.

"General Skull, pass on my order and gather the troops! I want to conquer the Zhong clan myself," said Chu Kuangren.

Since he had just arrived in the Underworld, for sure many people were dissatisfied with him and coveted his status as the Fengdu Ghost Emperor.

Therefore, he wanted to conquer the Zhong clan and use it as an example to others!

"Alright, Ghost Emperor!"

The General Skull's eyes lit up and said with an excited tone.

The Zhong clan had been provoking them time after time again, and he had been wanting to kill them for a long time now.

However, he dared not act rashly without Chu Kuangren in the Fengdu. Now, he was looking forward to attacking the Zhong clan since Chu Kuangren had given an order.

"Ghost Emperor, we shall make a move first."

"Bai Mei, stay back."

After everyone left, Bai Mei stood where she was anxiously and wondered why Chu Kuangren wanted her to stay back.

Could it be that she had made a mistake?

"There is an improvement in your cultivation in recent years, and you've reached the Fifth Grade Gilded Immortal Realm."

"Thank you for training me, Ghost Emperor."

"I merely gave you some cultivation techniques. You've managed to get to this point due to your diligence and hard work."

Chu Kuangren said politely, then took out a picture scroll.

It was a picture scroll that recorded the Qin Emperor's terracotta warriors. Chu Kuangren had labeled it, and it was now a map.

"The main reason that I made you stay is that I need you to accomplish a mission. You have to secretly get some people to find this place for me. After you've found it, keep it to yourself, then come back and report to me."

Bai Mei took the picture scroll and glanced at it. "Noted."

After Bai Mei left, Chu Kuangren took out the Ghoulish Killing Sword and Samsara Emperor Seals that he obtained after killing Zhong Yun.

“These are pretty good treasures, and they will help me in conquering the Zhong clan.”

Needless to say for the Samsara Emperor Seals, the Ghoulish Killing Sword was a top-notch Arch Gilded Immortal Weapon. It was also an Arch Gilded Immortal Weapon that targeted ghoulish cultivators, and its deterrent effect on ghoulish cultivators was no less than some Embodiment weapons.

After a few days, the news that Zhong Yun went to attack Fengdu, but died at the hands of Fengdu’s new Ghost Emperor spread widely.

All Underworld great family sects and tribes were extremely surprised.

“Isn’t the Fengdu Ghost Emperor busy preparing for the Battle of the Heavenly Champions in the Yang World? Why is he here in the Yin World all of a sudden?”

“Could it be that his dead soul is here?!”

“The Battle of the Heavenly Champions is brutal, and his soul isn’t crushed to the core?!”

“Tsk tsk, Zhong Yun was the Zhong clan Leader. His strength should not be underestimated, and he was also a top-notch elite in the Underworld. How could he die in the hands of the Fengdu Ghost Emperor?”

“Indeed. The Fengdu Ghost Emperor seems to be quite young. Can he kill an Arch Gilded Immortal?”

“Could it be fake news?”

Many Underworld cultivators were in disbelief.

Although the Yin World and Yang World were two different spaces, after a Yang World person died, his soul would bring some news about the Yang World when he came to the Underworld.

For instance, news about the hottest Yang World’s Battle of the Heavenly Champions.

Many people knew that Fengdu’s new Ghost Emperor was the bellwether of the young generation who participated in the Battle of the Heavenly Champions, but no one believed that he could kill an Arch Gilded Immortal!

However, some Underworlds were silent after knowing the news.

It was normal for others to have no idea about Chu Kuangren, but how could those Underworld great ones, who had been paying close attention to the situation in the Yang World, have no idea about Chu Kuangren?

Others might not be able to kill an Arch Gilded Immortal, but not the Fengdu’s new Ghost Emperor, Chu Kuangren, who was an illogical variable!

The Immortal Halls’ great ones plotted to harm him by using the Bagua Furnace. Not only did they fail to kill him, but they were greatly troubled by him.

Many people were aware of this matter.

After thinking about it carefully, although it was shocking that Chu Kuangren killed an Arch Gilded Immortal in the Underworld, it was something possible to happen.

“He isn’t satisfied with the mess he has created in the Yang World, so he’s here to mess up the Underworld?”

“Well, he is the Fengdu Ghost Emperor.”

“D*mn it. Many sky-prides and prodigies in my Underworld have died at his hands. Now that he has come to the Underworld, do we just sit back and do nothing?!”

In the Yincao Underworld City, all the great ones were secretly worrying about Chu Kuangren’s arrival at the Underworld.

“Everyone, did you guys notice that even though Zhong Yun was an Arch Gilded Immortal, he was not affected by karmic judgment when he attacked Chu Kuangren?”

A Yincao City’s great one said suddenly.

Everyone’s pupils shrank slightly upon hearing his words.

In other words, Chu Kuangren possessed the combat strength to fight against an Arch Gilded Immortal currently.

“What a monster!”

“It is an opportunity for us.”

The Yincao City’s great one sneered. “Since an Arch Gilded Immortal could attack him, there are many things we can do now.”

“But how do we explain to the Underworld authority? The high priest has clearly stated that the three great Underworld cities can’t attack each other.”

“We can’t attack him, but it doesn’t mean that other family sects and tribes can’t attack him too.”

Chapter 1517: The Weapon Card, Arcane Deity Sect’s Cai Feng, the Army Sets Off

1517 The Weapon Card, Arcane Deity Sect’s Cai Feng, the Army Sets Off

In Yincao Underworld City, all the great ones were figuring out how to deal with Chu Kuangren.

Although the three great Underworld cities were restricted by a force, and they could not attack each other in the Underworld, those Underworld family sects and tribes could do so.

Furthermore, various forces had been keeping an eye on Fengdu Underworld City’s reincarnation mechanism.

As long as they applied a little pressure, Fengdu Underworld City would become the target of public criticism. At that time, Chu Kuangren would have to confront all forces.

Just when Yincao Underworld City was in the midst of planning, a piece of news spread from Fengdu Underworld City.

Fengdu was gathering troops to conquer the Zhong clan!

One thing worth noting was that Fengdu had never taken the initiative to send troops previously. This time, they targeted the Zhong clan which was one of the greatest Underworld family sects!

“Fengdu Ghost Emperor is really courageous for daring to send troops to deal with the Zhong clan.”

“Tsk tsk. Although I have no idea how did he kill Zhong Yun, the Zhong clan has many elites besides its ruler, Zhong Yun. Can Fengdu defeat all of them?”

“The show is about to begin.”

All forces were keeping an eye on the battle between Fengdu and the Zhong clan.

Meanwhile, in Fengdu.

“Congratulations, Host! You’ve obtained a Weapon Card.”

Chu Kuangren drew a gacha roll after refining the new Samsara Emperor Seals.

This time, he obtained a card that he had not seen before.

He took a look at the description. The Weapon Card was a card that allowed him to use a weapon without hindrance and also to maximize the power of a weapon.

His eyes lit up upon reading the description.

If he used this card, it simply meant that he could release Embodier Weapon’s might and obtain a power equivalent to Embodier!

“This is indeed a great trump card.”

Chu Kuangren was satisfied with his gacha roll this time.

Following that, he left the closed-door meditation while General Skull was ready to send his troops.

Besides appearing personally, Chu Kuangren did not bring along many Fengdu elites in the expedition but left Eighty Demonic Generals to guard Fengdu.

He did not want his land to be invaded as soon as he set off.

The eighty Demonic Generals were now extremely powerful. Even an Arch Gilded Immortal Realm’s existence was fear of the Heavenly Demonic Formation which was activated under their joint forces.

Therefore, it was perfect for them to guard Fengdu.

“Ghost Emperor, the Zhong clan has a powerful background. I’m afraid it will be a tough battle if you don’t bring the Eighty Demonic Generals with you,” General Skull said with worry.

“It’s okay. That’s enough,” said Chu Kuangren.

He still had a lot of trump cards which were sufficient to deal with the Zhong clan.

“Ghost Emperor, there is a dead soul of the Arcane Deity Sect outside who requests to meet you.”

At that moment, an Underworld soldier walked into the Imperial Palace and said.

“The Arcane Deity Sect?”

Chu Kuangren seemed to have thought of something and grinned. “Skeletal Yin general, aren’t you afraid that you won’t have enough troops? I’ll find another army for you.”

“Ghost Emperor, do you mean the Arcane Deity Sect?”

In the past, a large number of female cultivators’ dead souls flooded into Fengdu Underworld City.

This group of female cultivators was not weak by any means, and some of them were Gilded Immortals. However, after entering Fengdu, not only that they stayed at Soul-wandering Street and seldom showed up, they did not have the intention to reincarnate. Since these people were not weak, General Skull ignored them to avoid conflicts.

Did the Ghost Emperor want to control them as his combat strength?!

“Yes. Let her in.”

Chu Kuangren said calmly to the Underworld soldier.

Soon, a graceful female cultivator in a colorful dress and a slender figure came to Chu Kuangren.

“Greetings, Ghost Emperor. I’m Arcane Deity Sect’s Cai Feng.”

Cai Feng bowed and greeted Chu Kuangren.

Chu Kuangren sensed her powerful aura fluctuation. She was a dead soul who retained a Gilded Immortal’s combat strength!

Cultivators fought fiercely among them. Generally, the soul of the dead one would be worn down and hardly had a chance to reincarnate.

Even if one was lucky enough to save his soul, his soul energy would be weak unless he was a cultivator who specialized in cultivating soul energy during his lifetime. He would either gradually weaken and eventually dissipated as time went by, or came to the Underworld by following unpredicted guidance, and be ready to reincarnate.

However, the Arcane Deity Sect’s cultivators were different.

Due to some kind of obsession, these cultivators were willingly transformed into bodies of dead souls by the Arcane Deity Sect’s mega-formation. Besides, their cultivation bases were transformed too.

They did not turn into dead souls after death, but they voluntarily turned into dead souls when they were alive. They lived forever in the Arcane Deity Sect as bodies of dead souls while guarding the Opportunities of Fortune and treasures left by the West Ruler Matriarch.

It was not until Chu Kuangren’s arrival that they were extradited to Fengdu Underworld City. Their sanity gradually recovered under Fengdu Underworld City’s reincarnation mechanism, but they still had

obsessions in their hearts. Therefore, they were reluctant to reincarnate for a long period and stayed at Soul-wandering Street, as if they were waiting for Chu Kuangren's arrival.

"Are you here to inquire about the Arcane Deity Sect, Lady Cai Feng?" Chu Kuangren asked calmly.

"Yes indeed, Ghost Emperor. When you extradited us to Fengdu, you must have known what happened to the Arcane Deity Sect after that. Who got the things left by the West Ruler Matriarch?"

There was apprehension in Cai Feng's eyes.

It seemed that she was afraid that the Opportunities of Fortune and treasures, which she and others had been guarding, were entrusted to the wrong persons.

"All of you can be rest assured. Those things that you have been guarding were taken away by those who deserved them," said Chu Kuangren.

"Ghost Emperor, what you mean is..."

Cai Feng was still slightly confused.

Chu Kuangren then raised his hand to release the Golden Jade Pool Physique's aura. "The West Ruler Matriarch's inheritance was taken by a woman who possessed the same physique as me."

"This is the... Golden Jade Pool Physique!"

Cai Feng's expression drastically changed and was overjoyed when she noticed Chu Kuangren's physique.

"I didn't expect that there were two Golden Jade Pool Physiques in this era!"

"Was it the Golden Jade Pool Physique who took away the West Ruler Matriarch's Opportunities of Fortune and treasures? She must be the destined person that the Arcane Deity mentioned. That's awesome. Our mission is accomplished."

Cai Feng was relieved as if she had let go of a big rock.

She then bowed to Chu Kuangren. "Thank you for letting me know, Ghost Emperor."

"Don't mention it. The woman with the Golden Jade Pool Physique is my friend. You all guarded the treasures for her for many years. On behalf of her, thank you for your efforts."

"It's our duties. By the way, Ghost Emperor, I heard that you plan to go to war?"

Cai Feng asked suddenly.

"Indeed."

Chu Kuangren's eyes lit up as he was planning to talk about it but unexpectedly, Cai Feng brought up the topic herself.

"If you don't mind, we Arcane Deity Sect are willing to assist Fengdu!"

"That's great. On behalf of Fengdu, thank you, Arcane Deity Sect."

“We shall do our part since we are here in Fengdu for a long time.”

Cai Feng smiled faintly.

Following that, both of them had an enjoyable chat.

“I didn’t expect it to go so smoothly. Your charm is irresistible, Ghost Emperor,” General Skull said in admiration after Cai Feng left.

Chu Kuangren rolled his eyes. “Why do you make it sound like I’m sacrificing my body?”

“What I mean is your charming personality.”

“Well, that’s more like it.”

Chu Kuangren nodded. He then looked into the distance with his gaze gradually turned cold. “Alright. Everything is ready, and we can go to war now!”

“Noted!”

Two green flames flickered in General Skull’s cold eyes.

Soon after, under all forces’ attention, Fengdu’s army set off toward the Zhong clan!

General Skull led millions of Underworld soldiers. Although Cai Feng did not lead a large number of people, all of them were excellent soldiers and powerful generals of the Arcane Deity Sect female cultivators’ dead souls.

Some of them were Underworld soldiers formed over the years.

“Tsk tsk. Apparently, Fengdu Underworld City is the weakest among the three great Underworld cities. However, it is still an Underworld city with many capable people.”

“You’re right. Many dead souls come to the Underworld every day. How could they lack in talent?”

“Look at those delicate female cultivators. Even the weakest one possesses a Heavenly Immortal cultivation level. Where did Fengdu Ghost Emperor find such a troop of female soldiers?”

Chapter 1518: The Zhong Clan Prepares for the Battle, Five Ghouls, You Guys Can Only Kneel

1518 The Zhong Clan Prepares for the Battle, Five Ghouls, You Guys Can Only Kneel

The news that the new Fengdu Ghost Emperor was coming to attack the Zhong clan spread everywhere throughout the Underworld.

Many Zhong clan disciples treated the matter solemnly.

Some of the Zhong clan higher-ups were also discussing how to deal with Chu Kuangren’s upcoming attack.

There was a small group that advocated peace.

After all, the Zhong Clan Leader that possessed an Arch Gilded Immortal cultivation was killed by Chu Kuangren. This showed that the Fengdu Ghost Emperor was extraordinary.

However, most of the Zhong clan executives advocated war.

“My Zhong clan has been standing proudly in the Underworld for many years, and no one has ever made us surrender to seek peace, not even Fengdu Underworld City.

“You’re right. It’s an insult to the Zhong clan if we surrender and asked for peace. How do we Zhong clan face others if they know we do that?”

“That’s right. The Fengdu Ghost Emperor is merely a young Heavenly Champion. I think he could probably kill the Clan Ruler because he has several Samsara Emperor Seals. In Fengdu, he relied on Emperor Seals’ energy and General Skull to kill the Clan Ruler. However, here is my Zhong clan’s territory!”

“His Emperor Seals are only useful for the ghoulish cultivators but not us!”

“As long as we find a way to restrain the Fengdu Ghost Emperor and prevent him from utilizing his power, we can win this battle.”

All Zhong clan executives were busy discussing. Soon, they began preparing after coming up with a strategy.

The elder that advocated peace sighed softly as he felt a little uneasy in his heart for some reason.

“Zhong Feng, don’t worry. Zhong clan is not to be messed with. If the Fengdu Ghost Emperor dares to come, let us avenge the Clan Ruler and seize Fengdu together!”

The Zhong clan’s Senior Elder patted Zhong Feng and said.

“I hope everything goes as you expect.”

Zhong Feng said while suppressing the discomfort in his heart. Although he advocated peace, he could only prepare for the war with others as most of the Zhong clan advocated war.

“Zhong Feng, you are not suitable to be the Zhong Clan Leader for being too cautious.”

The Zhong clan’s Senior Elder mumbled while looking at Zhong Feng’s back. Then, his eyes gleamed. “As long as I lead the Zhong clan to victory this time, my prestige in the Zhong clan will definitely increase. At that time, the vacant Clan Leader’s position must be mine!”

This was the reason why the Zhong clan’s Senior Elder advocated war.

Advocating peace simply means surrendering, and they would be under Fengdu City’s control and live under their roof.

If so, what was the point of him controlling the Zhong clan?

On this day, countless disciples were waiting in the huge Zhong clan. Meanwhile, millions of Underworld soldiers and generals were entrenched in the sky above the Zhong clan while waiting for Fengdu army’s arrival.

Many pairs of eyes were watching the battle in the dark.

Suddenly, a large number of dark clouds spread from the sky far away from the Zhong clan, which was vast enough to cover the sky and the sun!

However, they were not dark clouds when taking a closer look but densely packed Underworld soldiers and generals instead.

They glided across the air with some cavalymen riding phantom horses and some axemen holding axes. They were so gloomy that they turned into dark clouds covering the sky and the sun!

“They are here!”

The expressions of the Zhong clan’s members were extremely solemn.

Fengdu’s army approached with mighty force, and a heavy oppressive force enveloped the heart of every Zhong clan member.

As the Zhong clan’s Senior Elder looked at Fengdu’s army, he noticed that there were several vigorous figures before the dense army formation. Each of them carried an extraordinary aura, especially a General Skull in black armor, with green flames in his eyes while holding a pitch-black sickle. His aura had reached an Arch Gilded Immortal Realm!

There was also a female cultivator’s dead soul in a colorful dress. Her intense Yin qi had reached the Higher Third Grade Gilded Immortal level.

In addition, the huge number of Underworld soldiers and generals was not weaker than the Zhong clan.

“It is surprising that Fengdu Underworld City, which has just rebuilt its reincarnation mechanism, possesses such power.”

The expression of the Zhong clan’s Senior Elder turned solemn.

However, he was not too worried about it, and the Zhong clan was not extremely afraid of such power.

“Five ghouls, emerge!”

The Zhong clan’s Senior Elder formed a mysterious technique with his hand, then release it into the five directions of the Zhong clan.

Soon, the entire Zhong clan was seen trembling. There were monstrous Yin qis appeared above the sky from the five directions, and each Yin qi represented a powerful ghost cultivator!

The five ghouls appeared in different looks and body sizes.

One was skinny, one was as strong as a mountain, one was holding swords, and one had a head but was faceless...

The five ghouls’ strength had all reached the Peak Gilded Immortal cultivation!

The Underworld cultivators who secretly observed the battle were amazed.

“They are the five ghouls raised by the Zhong clan!”

"It is rumored that Zhong Kui loved to eat ghouls and was good at raising ghouls. He often has five powerful ghost cultivators under his command and for his usage."

"Although Zhong Kui died long ago, his Five Ghouls Raising Technique has been passed down from generation to generation. He cultivated five extraordinary combat strengths for the Zhong clan."

The momentum was terrifying with the five ghouls' emergence and the Zhong clan's trained Underworld soldiers and generals. They were even more powerful than Fengdu Underworld City.

"With the five ghouls and the elder here, we'll definitely win this battle."

"Indeed. We must avenge the Clan Leader!"

"The new Fengdu Ghost Emperor may survive if he stays in Fengdu, but he is being ignorant for provoking my Zhong clan. I must make him pay for it!"

Zhong clan disciples were relieved, and their morale was greatly increased upon seeing the emergence of the five ghouls!

Meanwhile, the Zhong clan's Senior Elder sneered and shouted, "Fengdu, you have no chance to return today!"

"Oh, are you sure?"

At this moment, an indifferent voice sounded.

Then, a pitch-black whirlpool emerged in the sky with an extremely terrifying aura permeating it!

The aura was highly frightening!

Before the person appeared, many of the Zhong clan's Underworld soldiers and generals were already trembling.

Soon, a figure in white gradually walked out of the whirlpool. He had gleaming immortal brilliance, and his gestures possessed a transcendent aura. In addition, mighty coercion permeated his body, making him look like a supreme Underworld emperor. All Underworld soldiers and generals felt a sense of surrender deep in their souls.

Bang...

Accompanied by the sound of kneeling on the ground, all Underworld soldiers and generals fell from mid-air and knelt uncontrollably while looking at Chu Kuangren in horror.

On the other hand, the five ghouls trembled violently and roared, but they still stood tenaciously.

Chu Kuangren glanced at them and said indifferently, "You guys can only kneel!"

As soon as his words fell, a much more frightening Ghost Emperor's authority erupted!

Bang!

Eventually, the five ghouls could not take it anymore and knelt down before the majestic Ghost Emperor's authority!

For a moment, the Zhong clan's morale which was soaring previously rapidly decreased.

Everyone was stunned when they saw the figure in white who was approaching and looked like an emperor!

"Is he the Fengdu Ghost Emperor?"

On Fengdu's side, General Skull and others looked at the figure in white with endless fanaticism in their eyes.

Chapter 1519: You're Too Naive, Like a Divine Underworld Daoist Re-Emerges

1519 You're Too Naive, Like a Divine Underworld Daoist Re-Emerges

Chu Kuangren's arrival at the Zhong clan and the Ghost Emperor's authority shocked millions of Underworld soldiers and generals!

Under such coercion, even an Arch Gilded Immortal existence like the Zhong clan's Senior Elder felt intimidated, and his gaze gradually turned solemn.

"The Fengdu Ghost Emperor is not to be underestimated. How many Samsara Emperor Seals does he have?!"

The Senior Elder mumbled before gesturing to the elders beside him to act.

They immediately understood what he meant.

Swish, swish...

Soon after, the void split. Then, several figures dashed out from the void and surrounded Chu Kuangren.

Those people held large black flags surrounded by runes that exuded a Great Daoist aura.

"This is bad!"

Upon witnessing the scene, General Skull and others wanted to stop those people, but the Zhong clan's Senior Elder had already made a move.

As the two Arch Gilded Immortals collided with each other, a powerful surge of energy instantly swept out, and the rest of the Underworld soldiers and generals were entangled by other Zhong clan elites.

While surrounded by several Zhong clan elders, Chu Kuangren could sense that the flags in those people's hands were resonating with each other, forming an enchanted boundary that enveloped him.

The enchanted boundary isolated the Chu Kuangren's Ghost Emperor authority!

"Hey, boy. Your Ghost Emperor's authority can't affect the Zhong clan's Underworld soldiers within this enchanted boundary. Let's see how arrogant will you be after my Zhong clan's Underworld soldiers deal with your army," a Zhong clan elder said triumphantly.

Chu Kuangren grinned. "Is this your trick to deal with me? How long can an enchanted boundary hold me back?"

As soon as he said that, his Immortal's Core surged with Golden Immortal Sparks flickering.

Then, he formed a sword hand sign, and a sword qi slashed fiercely toward the enchanted boundary!

With a bang, the enchanted boundary shook!

That scene made the rest of the Zhong clan elders' pupils shrink in horror. "Although his cultivation is not that of an Arch Gilded Immortal should not be underestimated. Let's attack together!"

In an instant, all kinds of Immortal Techniques' divine abilities soared toward Chu Kuangren.

These Zhong clan elders' cultivation was at the Peak Gilded Immortals, and some of them were even close to an Arch Gilded Immortal. Hence, the power of their joint attack should not be estimated.

However, they had underestimated Chu Kuangren.

"You guys are too naïve to think that you can stop me with an enchanted boundary and a few Gilded Immortals."

As Chu Kuangren's body trembled, Arch Gilded's physical body intent suddenly erupted!

Bang, bang, bang!

His physical body's qi and blood destroyed all kinds of Immortals Techniques' divine abilities!

Following that, he took a step forward and came to an elder. As his five fingers grabbed forward, the surging qi and blood circulated, then released a supreme power that shattered the starry sky!

Boom!

The elder could not react to the blow. He was then turned into a mist of blood and exploded with his soul crushed to the core!

Following the fallen of the Gilded Immortal elder, the surrounding enchanted boundary was weakened slightly.

Soon, Chu Kuangren unleashed an attack again.

As he released a fist attack, his qi and blood transformed into endless Blood Lightning, then enveloped a Gilded Immortal completely.

Under the raging Blood Lightning, the Gilded Immortal had no chance to fight back. He was then turned into a mist of blood and exploded tragically.

In just an instant, Chu Kuangren killed two Gilded Immortals.

Everyone present was astonished by his powerful strength.

Was this Fengdu Ghost Emperor merely of a Gilded Immortal Realm?

Those Underworld great ones that were observing secretly felt their eyelids twitching wildly.

“No wonder Zhong Yun, the Arch Gilded Immortal, didn’t suffer the karmic judgment when he attacked Chu Kuangren. His raw physical has already become an Arch Gilded Immortal!”

“An Arch Gilded’s physical body is even more difficult to deal with than an ordinary Arch Gilded Immortal!”

As the Zhong clan’s Gilded Immortals fell one by one, the big flags fell to the ground one by one too. The enchanted boundary was unable to isolate the Ghost Emperor’s authority.

At this moment, a figure approached at a rapid speed.

Then, a surging Arch Gilded intent erupted. It was an Arch Gilded Immortal!

“He’s Zhong Feng, the Zhong clan’s Second Elder!”

“It is said that he was successfully promoted to an Arch Gilded Immortal hundreds of years ago. That’s true.”

Everyone’s eyes lit up.

Could an Arch Gilded Immortal manage to stop Chu Kuangren?

“I don’t have time to mess with you right now.”

Chu Kuangren glanced at Zhong Feng that dashed toward him while his Immortal’s Core spread everywhere like a crashing wave.

Soon, nine True Emperor Dragons soared into the sky behind him!

It was the Ultimate Human Emperor Technique!

His nine True Emperor Dragons were more resplendent and powerful than they were twenty years ago!

Each of them was nearly a thousand meters long!

It could be seen that the Firmament Star had been developing well over the years, thus providing him with a lot of human fortunes.

As the True Emperor Dragons soared through the sky, the Human Emperor’s power shook the Underworld!

Chu Kuangren’s aura rose rapidly, while his Immortal’s Core vaguely reached the Arch Gilded threshold. Furthermore, with Golden Immortal Sparks, his Immortal Core was probably not much weaker than an Arch Gilded Immortal.

Shortly after the True Emperor Dragons emerged, nine bronze cauldrons appeared from Chu Kuangren’s body!

They were the Nine Province Cauldrons, the Human Emperor Treasure!

Under the blessing of nine dragons, each of the cauldrons smashed forward like a vast continent!

The nine cauldrons united and bloomed with endless Immortal Sparks. Their power was domineering and almost shattered a particular starry sky!

Seeing the force, Zhong Feng's pupils shrank violently, and he channeled the Arch Gilded intent to its limit. Then, the majestic Immortal's Core turned into a gigantic palm and charge forth.

Bang!

With a shocking explosion, the entire Zhong clan's land exploded, and countless buildings collapsed!

The impact crushed a large number of souls of Underworld soldiers and generals to the core!

Soon, a figure flew out from the dazzling Immortal Sparks.

He was Zhong Feng!

Chu Kuangren's attack sent him flying outward, and he seemed to be severely injured as his physique's Daoist patterns were flickering.

Everyone gasped upon seeing such a scene!

Not only that Chu Kuangren's raw physical had reached the Arch Gilded Realm, but his Immortal's Core could also be compared to an Arch Gilded Immortal!

"He has made huge progress in merely twenty years. What has he gone through in the Bagua Furnace?"

An Underworld great one gulped and found it incredible.

After forcing Zhong Feng back, Chu Kuangren activated the Nine Province Cauldrons, then smashed forward continuously. The few Gilded Immortals who formed the enchanted boundary were not his opponents at all.

In the blink of an eye, they exploded into blood mists!

The enchanted boundary that isolated the Ghost Emperor's authority collapsed.

Upon seeing that scene, the Zhong clan's Senior Elder, who was fighting against General Skull, was in disbelief. "How is this possible? How could his combat strength be so powerful? Could it be that the Fengdu Ghost Emperor defeated the Clan Leader not by relying on Fengdu's geographical advantage but by relying on his strength? Is he really a young Heavenly Champion?!"

The Zhong clan's Senior Elder had many doubts.

General Skull sneered after hearing his words. "How could you speculate the Ghost Emperor's techniques?"

After that, he unleashed an attack and sent the Zhong clan's Senior Elder flying outward.

Meanwhile, Chu Kuangren stepped forward after disintegrating the enchanted boundary. His supreme Ghost Emperor's authority and Heavenly Samsara Physique energy fluctuations spread mightily and suppressed the Zhong clan's Underworld soldiers and generals!

Coupled with the roars of the nine dragons behind him, his Human Emperor's power shook all directions!

At that moment, it was as if a Divine Underworld Daoist had re-emerged, causing countless Underworld soldiers and generals to lose their will to fight.

Unparalleled After Ten Consecutive Draws

Chapter 1520: The Fall of the Zhong Clan, Yincao's Action, the Four Great Clans

1520 The Fall of the Zhong Clan, Yincao's Action, the Four Great Clans

"The Zhong clan has offended my Fengdu and should not be forgiven. They should be destroyed for being impenitent and attempting to resist!" Chu Kuangren said indifferently.

As he raised his hands, the surging Ghost Emperor's authority charged forth like billions of Godly Mountains. Countless Zhong clan's Underworld soldiers and generals knelt on the ground with their bodies trembling!

Following that, Chu Kuangren unleashed several punch attacks with terrifying Immortal's Core fluctuations, which then landed on the five ghouls one after another!

Bang, bang...

Five explosions resounded in succession, and the souls of the five ghouls which the Zhong clan cultivated hard were crushed to the core!

Then, the Nine Province Cauldrons unleashed attacks continuously.

Every time the cauldrons attacked, a large number of Underworld soldiers and generals fell on the spot, creating a horrifying scene.

"Fengdu Ghost Emperor, I'll fight you to death!"

The Zhong clan's Senior Elder was furious that his eyes turned red!

Soon after, the Arch Gilded intent erupted, and its might caused the universe in turmoil. The Zhong clan's Senior Elder then got rid of General Skull and frantically dashed toward Chu Kuangren!

As a punch was unleashed, the Yin qi gushed out like a tide!

The Arch Gilded intent, which was more frightening than Zhong Feng, covered the sky and the sun!

"How do you want to fight me to death?!"

Chu Kuangren's gaze narrowed, then activated and blasted out the Nine Province Cauldrons to block the attack of the Zhong clan's Senior Elder.

Shortly after, the Zhong clan's Senior Elder let out a low grunt, and an astonishing suction force erupted from his body. He then sucked all surrounding Underworld soldiers and generals into his body!

It was the unique Zhong clan's Great Ghoul Devouring Technique!

Chu Kuangren looked at the Desire Flower on his arm, but she was looking at the Zhong clan's Senior Elder eagerly yet helplessly.

"I just ate an Arch Gilded Immortal's desire a few days ago and haven't completely digested it yet. I can't eat more right now," the Desire Flower said helplessly.

She was not in her heyday but still in the growing stage. Therefore, she could not devour desire whenever she wished.

Considering that, Chu Kuangren decided not to count on her. "Just control yourself and be an indoor plant."

The Desire Flower's face puffed up with anger, but she could not refute him.

Chu Kuangren's accomplishment in the Desire Dao was weaker than the Desire Flower. Hence, he did not intend to use the Desire Dao to deal with the Zhong clan's Senior Elder.

"Fengdu Ghost Emperor, go to hell!"

After absorbing a large number of Underworld soldiers and generals, the Zhong clan's Senior Elder was terribly powerful. His punch attack was like countless ghouls devouring the sky and causing the universe to be gloomy!

However, Chu Kuangren stood in the air with Immortal Sparks gleaming and remained unmoved!

"As I've said, you can't defeat me!"

Soon after, a strange violet light flashed across his eyes, and he released a strange energy!

At that moment, the Zhong clan's Senior Elder sensed an unprecedented fear enveloping him!

In the next instant, his soul trembled, then his body was frozen in place and unable to move!

"This is a soul technique!"

The Zhong clan's Senior Elder was horrified.

Not only that the Fengdu Ghost Emperor was good at soul technique, but his soul energy could also affect an Arch Gilded Immortal!

Chu Kuangren's raw physical strength had achieved the Arch Gilded Immortal Realm. Could it be that his Soul Realm had also achieved the Arch Gilded Immortal Realm?!

Many thoughts were flashing in the mind of the Zhong clan's Senior Elder.

However, it was an instant technique in the reality, which was sufficient for Chu Kuangren to defeat him.

The Nine Province Cauldrons smashed forward aggressively!

With a bang, the Zhong clan's Senior Elder was sent flying backward and smashed into the Zhong clan's ground. His physique's Daoist patterns ruptured, and he was spurting blood uncontrollably, followed by numerous Underworld soldiers and generals dashing out of his body one by one!

These Underworld soldiers and generals stared at the Zhong clan's Senior Elder with resentment. Then, they attacked and gnawed him insanelly.

"You bunch of b*stards, get the hell out of here!"

“D*mn it...”

With a look of horror, the Zhong clan’s Senior Elder frantically channeled his Immortal’s Core to wipe the Underworld soldiers and generals around him.

Unfortunately, he was severely injured by Chu Kuangren’s attack just now. How could he resist the counterattack of these Underworld soldiers and generals?

It did not take long for the Arch Gilded Immortal to die under his cultivation technique.

“The Zhong clan’s Senior Elder is dead...”

Many of the Zhong clan disciples looked at the dead Zhong clan’s Senior Elder with shock and disbelief.

Zhong Feng, who was thrown into the air by Chu Kuangren earlier, rushed out and said loudly while looking at him, “Fengdu Ghost Emperor, we surrender!”

Hearing his words, Chu Kuangren’s expression turned cold. “Surrender?! You guys have offended Fengdu, and now you think you can pretend that nothing has happened by just asking for surrender?”

Then, he raised his hand and waved it indifferently. “Kill all of them!”

“Kill!”

“Kill!”

Millions of Underworld soldiers behind Chu Kuangren all attacked at once with majestic Yin qi and murderous qi. The entire Zhong clan was facing a catastrophe in an instant!

“It’s all over now...”

“We’re doomed.”

Zhong Feng looked at the Zhong clan’s disciples, who were constantly being killed before him, with despair.

Then, he looked at Chu Kuangren, who stood with hands behind his back and remained calm in the sky, with resentment in his eyes. “Fengdu Ghost Emperor, go to hell!”

Immediately afterward, he took a step forward and dashed toward Chu Kuangren with clusters of blood-red flames emerging from his body.

He was burning his life essence!

As an Arch Gilded Immortal burned his life essence, the erupted power was not inferior to that of the Senior Elder who utilized the Great Ghoulish Devouring Technique.

“Pass me first!”

At this moment, General Skull stepped forward and intercepted Zhong Feng.

The scene was frightening when two Arch Gilded Immortals fought against each other.

Chu Kuangren watched from the side without intervening. Under the suppression of his Ghost Emperor's authority, the Zhong clan's Underworld soldiers and generals demised one after another.

On the other hand, Fengdu's army invaded the Zhong clan as easily as chopping vegetables and as if they had entered a realm with no one!

Soon, the entire Zhong clan was almost destroyed.

As for Zhong Feng, although he had burned his life essence, it gradually depleted under General Skull's procrastination. His aura also gradually became sluggish.

Zheng Feng died immediately afterward!

The Zhong clan completely collapsed with the fall of the two remaining Zhong clan's Arch Gilded Immortals!

Many Underworld great ones who witnessed the battle were more afraid of Chu Kuangren, and they regarded him as a monster.

"General Skull, take someone with you to search if there is anyone left. Besides, search the Zhong clan's wisdom thoroughly and bring it back to Fengdu."

"Noted!" General Skull nodded.

After about a day and a night, Chu Kuangren returned to Fengdu with Fengdu's army and countless of the Zhong clan's resources!

The news of the Zhong clan's fall spread throughout the entire Underworld in a short period.

In Yincao Underworld City.

"Everyone, you guys must have learned about the Zhong clan's battle."

"The news of the battle has spread throughout the Underworld. It's impossible not to know about it."

"The threat of Chu Kuangren is greater than we've imagined. We can't let his strength continue growing. Otherwise, the Underworld will be his sooner or later."

"Let's take action."

All Yincai Underworld City's great ones were discussing.

...

In the Underworld, the Zhong clan and a few other family sects were among the most famous ones.

Apart from the family sects, there were all kinds of Underworld tribes. The Chi, Mei, Wang, and Liang were the four well-known great tribes!

Now, the Underworld people visited the four great clans, and they brought treasures that made their hearts flutter... Samsara Emperor Seals!

Four Samsara Emperor Seals were given to the four great clans respectively with only one condition, which was to kill Chu Kuangren and occupied Fengdu!

It was a mutually beneficial condition.

If it succeeded, not only that an archenemy would vanish from Yincai Underworld City, but the four great clans could settle in Fengdu and form a new Underworld.

It was extremely tempting to the four great clans.
