#### **Chapter 1541: The Complete Ghost Emperor Authority, Equinox Tribe Arrived**

1541 The Complete Ghost Emperor Authority, Equinox Tribe Arrived

The arrival of the Yasha Tribe and the army was extremely intimidating.

In fact, after the arrival of the Yasha Tribe and Emperor Qin's Underworld Terracotta Army, two more powerful armies followed.

They were the Li and the Mei clans!

The four great clans teamed up to attack Fengdu. However, not only did Chu Kuangren single-handedly defeat them all, but he even forced the Li and the Mei clans to submit and converted them into great support for Fengdu.

Even the four Samsara Emperor Seals that Yincao provided to the four great clans ended up in Chu Kuangren's hands. The great ones of Yincao were deeply annoyed that they lost their treasures.

"That's all Fengdu has now?" the current Chakra King of the Yincao Ten Hellion Temples said coldly with a hint of disdain.

Fengdu's armies might look intimidating, but Yincao remained a powerhouse with rich resources, and not all forces could simply challenge them. They had around twenty Arch Gilded Immortals on standby as well.

"There's us too!"

Then, a dark maroon three-legged cauldron fell from the sky.

Bang!

As soon as the cauldron landed, a powerful demonic qi erupted and expanded outward.

The Eighty Demonic Generals flew out from within!

The weakest among them had the cultivation level of a Gilded Immortal, and the strongest could rival an Arch Gilded Immortal!

They were the infamous Eighty Demonic Generals who had served Chiyou in the past when he reigned supreme over the Immortal World.

Now, all eighty of them had almost recovered to their prime.

"We are here to assist the Ghost Emperor as well!"

A large number of female ghost cultivators appeared, and Cai Feng was the leading woman.

They were the dead souls of the Arcane Deity Sect.

"Chiyou's Eighty Demonic Generals and Arcane Deity Sect? Impressive, but if you are trying to challenge Yincao with that, it's a fool's dream!" said the current King Songdi.

“What if I join the battle?”

A calm voice sounded in the air.

An unprecedented and powerful Ghost Emperor’s authority descended from the sky and enveloped the space above Yincao.

Even the Ten Hellion Temple Kings were shocked by the immense Ghost Emperor’s authority.

“It’s so powerful!”

“What’s with the Ghost Emperor’s authority?”

“I have never seen such a powerful Ghost Emperor’s authority! Even the ancient Ghost Emperor never wielded such power!”

Countless other great ones and ghost cultivators who watched the battle from afar were also shocked.

The moment the Ghost Emperor’s authority appeared, all of them suddenly had the urge to kneel and submit. Even the Gilded and Arch Gilded Immortals felt the same!

Suddenly, a vortex appeared in the void, and a white figure emerged from within, covered with endless Immortal Sparks.

The Ghost Emperor’s authority blanketed the land and made all the Underworld soldiers kneel.

All the Hellion Temple Kings were surprised.

“We must block the Ghost Emperor’s authority now!”

The war had not even started, yet their own soldiers were already on their knees. It had impacted not only their confidence but also their morale.

The Ten Hellion Temple Kings joined forces and channeled the energy of King Yama to defend against the Ghost Emperor’s authority.

A surge of energy that rivaled the Ghost Emperor’s authority burst all of a sudden and clashed in the air.

It was the Fengdu Ghost Emperor’s authority versus the energy of King Yama of Yincao!

The two different energies had absolute suppression over the dead souls.

“Chu Kuangren, this is Yincao, not Fengdu! You are not allowed to bring your atrocious acts to our gates!” King Yanluo bellowed.

He tried to channel more of his energy to suppress Chu Kuangren.

The Fengdu Ghost Emperor had absolute power in Fengdu, and the same logic applied to King Yama in Yincao.

However, when they tried to suppress Chu Kuangren with King Yama’s energy, they realized it was ineffective against Chu Kuangren!

In fact, the Ghost Emperor’s authority shielded him from King Yama’s energy!

“How is this possible? This isn’t Fengdu. How can your Ghost Emperor’s authority remain so strong?”

King Yanluo’s expression shifted into disbelief.

“That’s because you people have not fully mastered the power of King Yama,” Chu Kuangren said.

After that, he swung his sleeves and released all nine of the Samsara Emperor Seals. The seals scattered outward and started to resonate with each other to form a massive boundary with the samsara energy contained inside.

It was as though Fengdu, the Underworld city, had appeared out of thin air!

“You’ve mastered all the Samsara Emperor Seal!” King Yanluo’s eyes shrank in fear.

“I’m afraid that even you people don’t know that the Fengdu Ghost Emperor’s authority, Yincao King Yama’s energy, and Taishan Magistrate’s might are all incomplete.

“Fengdu has nine Ghost Emperors, Yincao has ten Hellion Temple Kings, and Taishan has twelve Magistrate. Their existence divided the complete power of the Ghost Emperor, the Hellion Temple Kings, and the Magistrates. So, if someone manages to master all of them, Fengdu, Yincao, and Taishan can be everywhere in the Underworld,” Chu Kuangren said.

The Ten Hellion Temple Kings were shocked.

“I believe you people had your own guesses about this particular secret, but it’s too bad that neither of you is willing to hand out your own authority. That’s why you people will never master this power,” Chu Kuangren added.

He already had a hunch about the secret when he fused all eight of the Samsara Emperor Seal, and when he got the final piece from Hua Wuai, his hunch was verified.

Under the influence of the complete Fengdu Ghost Emperor’s authority, Yincao had now become Fengdu!

The Hellion Temple Kings’ power could no longer suppress Chu Kuangren or his armies.

Yincao had just lost its geographical advantage.

“Chu Kuangren, don’t be full of yourself. Do you really think that mastering the complete Fengdu Ghost Emperor’s authority allows you to challenge Yincao? You’re too naive! Even without King Yama’s energy, we are still Arch Gilded Immortals! And we have more Arch Gilded Immortals than you,” King Yanluo scoffed.

“That’s right. Besides, now that you’ve moved all the experts here, you’ve left Fengdu defenseless! Foolish! You’ve destroyed half of Yincao with your previous halberd strike, and now, Fengdu shall taste the same,” King Chakra said coldly.

Judging from his words, it seemed like King Chakra had sent someone to deal with Fengdu.

However, Chu Kuangren was not bothered at all.

Just then, equinox flowers bloomed in the void.

The Equinox Tribe emerged from the flowers, and the leading figure was none other than the Equinox Tribe Leader.

"Ghost Emperor, we have dealt with the troublemakers of Fengdu," the tribe leader said.

"I got it." Chu Kuangren nodded.

The scene shocked everyone present.

"The Equinox Tribe has sided with Chu Kuangren as well? H-How is this possible?!"

"Why the Equinox Tribe? They're even stronger than the yashas and the four great clans! Why would they side with Chu Kuangren?"

"Besides, shouldn't the First Equinox be guarding the tribe? Why would Hua Wuai allow her tribe to submit to Chu Kuangren's rule?"

The only explanation would be Hua Wuai granting them permission to help Chu Kuangren.

Some of the great ones of the Underworld suddenly remembered Hua Wuai once said that she would assist Chu Kuangren to become king back at the Holy Violet Emperor Planet.

Now, it seemed like she was merely keeping her promise.

"Damn it!" King Yanluo cursed. A bad feeling rose in his heart.

The Equinox Tribe Leader brought forth many experts, and with the addition of the Yasha Tribe, Li and Mei clans, the Underworld Terracotta Army, and the existing Fengdu Underworld soldiers, they were already powerful enough to rival Yincao!

Originally, the Ten Hellion Temple Kings feared nothing as they had the support of King Yama's energy. However, when Chu Kuangren canceled the energy with his Ghost Emperor's authority, things changed drastically.

"It's only been a few years, and he has grown so powerful that he can challenge Yincao!"

#### **Chapter 1542: Versus Chakra King, Treasures? You Are Not Qualified To Compete**

1542 Versus Chakra King, Treasures? You Are Not Qualified To Compete

The Equinox Tribe, the Li and Mei clans, the Yasha Tribe, and all major forces joined Fengdu.

In addition to the million Underworld soldiers, Yincao was in a grave state.

The Ten Hellion Temple Kings reacted grimly to the armies at their gate. They knew that if Yincao could not overcome that crisis, they would be finished.

King Yanluo took a deep breath and said, "The Underworld Arbiter's high priest has given the order to stop all three Underworld cities from fighting. Chu Kuangren, are you going against the Divine Daoist's order?"

Chu Kuangren scoffed. “The Divine Daoist’s order? Why didn’t it apply to you people when you attacked Fengdu? Now that my army is at your gate, you’re trying to use that on me? Hellion Temple Kings, you people disappoint me.”

“Hmph! If war breaks out, Chu Kuangren, you won’t have a good time either. Don’t forget that Taishan is still eyeing Fengdu,” King Yanluo said.

“Enough said. Let’s fight,” Chu Kuangren said with a wave of his hand.

The Underworld Terracotta Army was the vanguard. Tens of thousands of riders led the charge with spear ramming into the enemies.

The Underworld soldiers disintegrated into dust as the Underworld Terracotta Army ravaged them.

“Chu Kuangren, if a war is what you want, don’t blame us! Charge!” King Yanluo shouted.

Yincao’s own Underworld soldiers charged forward at the Underworld Terracotta Army, but they were no match.

The Underworld Terracotta Army was a machine built for war. They knew no pain or fear of death, and they worked perfectly with each other, forming formations one after another.

Their teamwork and fierceness quickly put the Underworld soldiers at a disadvantage.

“The Underworld Terracotta Army is different. In order to defeat them, multiple Arch Gilded Immortals are required to work together,” said King Chujiang.

However, just when they were about to do something to stop the Underworld Terracotta Army, the Equinox Tribe Leader, Ye Yunluo, and the other Arch Gilded Immortals attacked and stopped them.

The battle between Arch Gilded Immortals broke out in an instant.

Chu Kuangren remained seated on the chariot’s throne with a stoic expression.

Before him was a man standing in the air — the Chakra King.

He was not exactly the strongest of the Ten Hellion Temple Kings, but he was an Arch Gilded Immortal with late-stage Trinity Flower realm cultivation.

“Chu Kuangren, I heard you’ve become an Arch Gilded Immortal as well. I shall see how powerful you have become!”

The Chakra King bellowed and attacked with his Arch Gilded intent.

The Samsara Arch Gilded intent, which contained a vast amount of Yin qi, transformed into a massive grinder to destroy Chu Kuangren.

“Samsara Arch Gilded intent, huh? Sure, I’ll let you see what I can do,” Chu Kuangren said with a smile.

As he raised his hand, his own Samsara Arch Gilded intent erupted, and it was used in the form of Reincarnation Tribulation Light.

The light and the massive grinder crashed, causing an explosion that shook the realm.

The explosion blasted the Chakra King a dozen meters backward.

“How is his Arch Gilded intent so powerful?!”

He might also possess the Samsara Arch Gilded Intent, but he was a lot weaker than Chu Kuangren in terms of quality. It was understandable since Chu Kuangren possessed the Heavenly Samsara Physique.

The Immortal Physique granted Chu Kuangren a natural advantage over the Samsara Dao.

The other surprising thing was that Chu Kuangren’s Immortal’s Core rivaled that of himself.

He was an Arch Gilded Immortal with a late-stage Trinity Flower realm. He had manifested the Immortal’s Core Flower, the Life’s Flower, and the Soul Flower.

However, Chu Kuangren was just an early-stage Arch Gilded Immortal, and his Immortal’s Core Flower should only be at the lowest of the twelve grades. Yet, his Immortal’s Core matched his own?

“It’s the Golden Jade Immortal Sparks from Golden Jade Pool Immortal Physique!”

The Chakra King realized the problem and narrowed his eyes at the Immortals Sparks around Chu Kuangren.

Every Honorable Supreme Immortal Physique was unique on its own.

The uniqueness of the Golden Jade Pool Immortal Physique would be the speed of cultivation and the strengthening of one’s Immortal’s Core.

With the buff from the Golden Jade Immortal Sparks, it granted Chu Kuangren a strong Immortal’s Core that matched an Arch Gilded Immortal with the late-stage Trinity Flower realm.

“Again!”

The Chakra King narrowed his eyes. He refused to believe that an Arch Gilded Immortal with a late-stage Trinity Flower realm would lose to a newbie.

He threw a punch with massive Yin qi, and the Arch Gilded intent was channeled to the limit.

Chu Kuangren wanted to test the power of his Samsara Arch Gilded Intent, so he fought the Chakra King using that alone.

Bang! Bang! Bang!

Explosions went off in the void, and endless samsara intent filled the realm.

After a few explosive exchanges, Chu Kuangren’s Arch Gilded intent managed to keep up, and it even showed signs of overpowering the Chakra King.

“It seems like your attainment in the Samsara Arch Gilded intent is weaker than mine.” Chu Kuangren smiled.

With the Heavenly Samsara Physique, anyone who challenged him using the samsara energy would be a foolish man.

"The winner is not yet decided. Like this war, do you think you can win Yincao with the help you brought?" the Chakra King grunted.

Then, he performed several mystical hand seals and shouted, "Chakra Heaven-Earth Realm!"

The scenery around them started to change.

Daoist runes manifested and formed into black chakra rings that surrounded Chu Kuangren.

The chakra rings rapidly closed in on Chu Kuangren, attempting to crush him.

Each of the rings contained the Chakra King's Arch Gilded intent.

"Oh? A domain-type Immortal Technique? I know a thing or two about it as well," Chu Kuangren said.

With that, he channeled his Arch Gilded intent. "Divine Samsara Overworld!"

Six different lights intertwined in the void and formed an invisible energy domain that expanded outward.

It was the Divine Samsara Overworld versus Chakra Heaven-Earth Realm!

The clash between the two techniques shook the void.

"Crush him!" the Chakra King bellowed. He channeled his Immortal's Core and Arch Gilded intent to the limit in order to overpower Chu Kuangren's Divine Samsara Overworld.

However, both techniques were equally matched, and neither of them was able to gain the upper hand.

"King Yama's Note!"

All of a sudden, a notebook flew out from the Chakra King's body.

It was King Yama's Note, an item that functioned similarly to the Samsara Emperor Seal.

With the buff from the note, the Chakra King received a boost in power. "Chu Kuangren, you've used the nine Samsara Emperor Seals to create the boundary to match Yincao King Yama's energy, so what else are you going to use to fight my King Yama's Note? I have more surprises waiting for you..."

"Chakra Brush!"

A black brush flew out from his body. The ink dripped from the tip and spread a surge of intense Yin qi into the area.

The Yin qi's fluctuation attacked Chu Kuangren's Divine Samsara Overworld over and over again.

"Who told you I only have the Samsara Emperor Seal?" Chu Kuangren scoffed.

Nine golden dragon qi burst out from his body, and the Nine Province Cauldrons appeared.

The Nine Province Cauldrons landed on every corner of Divine Samsara Overworld, strengthening its integrity and preventing it from breaking under the Chakra King's attack.

Then, a bronze halberd appeared in Chu Kuangren's hand.

The Great Wasteland Halberd!”

“Your treasures are nothing like mine!”

#### **Chapter 1543: Kill Chakra King, Do You Think An Embodier Can Change The Situation**

1543 Kill Chakra King, Do You Think An Embodier Can Change The Situation

“Your treasures are nothing like mine!”

Chu Kuangren stared coldly at the Chakra King.

Without further delay, he swung the Great Wasteland Halberd forward, casting the Planetary Annihilation technique!

With his strength of an Arch Gilded Immortal, wielding the Embodier halberd already allowed him to grasp some of the Daoist law’s energy within. It was not as scary as before, but it was able to give him a small boost in strength.

The halberd strike drew beautiful starry scenes across the sky before detonating all of them.

The Chakra King’s eyes shrank in fear before the planetary might. At that moment, a thought rushed into his mind and reminded him how Chu Kuangren once destroyed half of Yincao with the halberd.

“No! Can he use that power again?”

Fortunately, although the halberd strike was powerful, it was not as despairing as the previous one. The Chakra King sighed a breath of relief.

“Samsara Palm!”

He threw a palm attack forward that crushed Chu Kuangren’s halberd strike.

Chu Kuangren chuckled. “How many more strikes can you take?”

He gripped the halberd tighter and channeled his vast Immortal’s Core energy, casting the Great Wasteland Subjugation and Nine Heaven Cry techniques in succession.

Kaboom!

Demonic qi erupted, shaking heaven and earth, as it attacked the Chakra King’s Chakra Heaven-Earth Realm.

The domineering halberd ray contained immense battle intent and destructive intent, which shocked the Chakra King. In the end, he finally lost to the blast and was sent flying backward.

However, it was not strong enough to seriously injure him.

At the next moment, silvery-white Daoist patterns appeared from the void.

It was the Spacetime Sealing Technique!

With Chu Kuangren's current Arch Gilded intent and Immortal's Core, the Spacetime Sealing Technique's power was far stronger than before. It could even seal the movements of an Arch Gilded Immortal.

"Damn it! That's one too many tricks up his sleeves," the Chakra King cursed.

Chu Kuangren appeared before him and swung the halberd at his face.

Bang!

The Chakra King's body shook violently, and the Daoist patterns on it started to crack. The halberd strike slashed his flesh and cracked his bones.

Blood gushed from his mouth as he fell back onto the ground like a comet.

"Do you think that's the end?" Chu Kuangren's icy-cold words sounded.

He channeled his Immortal's Core once more for the next round of attack without pausing.

Behind him, a nine-leaf swordgrass appeared.

Sword qi as robust as a mountain blasted out at the target as if it was going to destroy planets.

Bang! Bang! Bang!

The terrifying sword qi destroyed Yincao's land, forcing the Chakra King to dodge left and right. He could not afford to be struck by the dangerous sword qi.

Suddenly, the space around him started to distort in a terrifying manner.

It was the Great Black Hole Distortion, the divine ability of Black Hole Celestial Demon Physique!

The Chakra King's Daoist pattern on his body swiftly shattered.

"Damn it!"

His eyes showed fear. It was the first time in a long time that he sensed the danger of death.

"Blade of Zhou, Infinite Void!"

Chu Kuangren drew his Descendant Self Sword and unleashed blinding sword rays ahead. The white blade had runes glimmering all over it.

A thousand Proclamation Seals appeared, and its massive sword aura shook half the Underworld.

All who saw the sword ray were deeply impressed.

Chu Kuangren wielded Descendant Self Sword tightly, and it seemed to be responding by buzzing excitedly. It was its first time fighting an Arch Gilded Immortal.

He struck forward with the sword that contained countless Daoist patterns and a thousand Proclamation Seals.

The power of that strike could split the sun and moon in two!

Kaboom!

The domineering slash landed precisely on the Chakra King, who was caught by the black hole.

The Yin qi around the Chakra King melted like snow under the sun. Even his body disintegrated into dust.

In the end, King Yama's Note and the Chakra Brush fell to the ground.

The Chakra King had fallen!

Chu Kuangren remained indifferent, but the Descendant Self Sword continued to buzz.

It was the first Arch Gilded Immortal that it killed, and it was definitely not the last!

Chu Kuangren glanced at the other Hellion Temple Kings. "Chakra is dead. Who's next?"

King Songdi, King Chujiang, and King Qinguang reacted bitterly to their comrade's death.

Yincao Underworld City had never been challenged to that extent for many years, let alone lose one of the Ten Hellion Temple Kings.

"Chu Kuangren! It's either us or you!" King Yanluo bellowed coldly.

The Yin qi and Arch Gilded intent on him erupted. His energy was far stronger than that of the Chakra King.

"I thought it's been like that for a long time," Chu Kuangren scoffed.

"Hmph! You may have killed Chakra, but can you kill me?"

Yin qi erupted from King Yanluo's body as he prepared to strike.

He, too, was a Great Perfected Arch Gilded Immortal with a perfect Trinity Flower realm and Five Qi realm.

Other than the Embodier, he was the strongest in Yincao.

With his perfected Arch Gilded Immortal Realm, it would be easy for him to deal with Chu Kuangren.

Unfortunately, before he could attack Chu Kuangren, someone stood in front of him.

It was the Equinox Tribe Leader!

As one of the strongest tribes in the Underworld, the Equinox Tribe Leader was powerful, and he was also a Perfected Arch Gilded Immortal.

"Yanluo, you have to go through me if you want to hurt the Ghost Emperor," the Equinox Tribe Leader said with a chuckle.

He, too, released samsara energy that matched that of King Yanluo.

"I don't understand. What did Chu Kuangren offer to make you help him? You are as strong as any of our Arch Gilded Immortals!" King Yanluo bellowed as he tried to clear his doubts.

"You will have to ask the Maiden Sage. I'm just following orders."

"So it was her, after all."

Hua Wuai was the first equinox flower in existence, hence the unusual status among the Equinox Tribe. Even the Tribe Leader had to follow her orders.

“Damn it!”

King Yanluo’s heart sank when he glanced over the situation of the battle.

All the Arch Gilded Immortals of Yincao were engaged with the experts of Fengdu.

As for the soldiers of Yincao, like the Ox-headed and Horse-faced Demons and Hei Bai Wuchang, they were all being overpowered by the Underworld Terracotta Army!

Should that continue, it would be a matter of time before Yincao was defeated.

It was then that a surge of peerless energy erupted from the deepest part of Yincao Underworld City and swiftly covered the entire battlefield.

The Hellion Temple Kings were delighted.

“It’s Yanluo Forefather!”

“He’s here!”

Yanluo Forefather was King Yama from an ancient era and the only Embodier in Yincao Underworld City.

With the intervention of the Embodier, no number of Arch Gilded Immortals would be able to match his strength.

“Chu Kuangren, the end of Fengdu is here! Do you really think the nine Samsara Emperor Seals and the assistance of different forces are enough to take us down?”

“Your power is futile in front of our Embodier!” King Yanluo cackled with laughter.

The Equinox Tribe Leader and the other experts’ expressions darkened.

Quite the opposite, Chu Kuangren remained calm as he said, “Do you really think one Embodier is enough to hold us back?”

### [Unparalleled After Ten Consecutive Draws](#)

#### **Chapter 1544: Yanluo Forefather, High Priest Strikes, Three Underworld Cities At War**

1544 Yanluo Forefather, High Priest Strikes, Three Underworld Cities At War

“You really think an Embodier is enough to stop this?” Chu Kuangren said coldly, and his words shocked everyone at the scene.

An Embodier was not enough to change the tide?

Did he mean that he had a way to deal with an Embodier?

It was impossible!

Everyone knew that an Embodier and those below an Embodier were two different concepts. It was like comparing a human to an Immortal.

No one under the Embodier realm could win an Embodier.

“Chu Kuangren, what are you trying to do?” King Yanluo frowned and looked at Chu Kuangren coldly.

For some reason, he felt uneasy.

If it were someone else, he would simply take it as a bluff. However, it was Chu Kuangren who said those words.

The man had created countless miracles up until now, and if he said he had a way, others might have to take him seriously.

“I’m curious too. In what ways does the Ghost Emperor have to stop me?”

A voice sounded from the deepest part of Yincao.

Mystical Daoist law appeared and formed a flight of stairs down the road.

At the end of the flight of stairs was an elderly in black robes, shrouded in Yin qi and Immortal Sparks that could shake worlds and brighten the darkest wasteland.

The elderly looked weak, but each move he made contained unrivaled power.

As for the Daoist law that surrounded him, any one of them was powerful enough to kill an Arch Gilded Immortal without any resistance.

The elderly was the Yanluo Forefather, the Embodier of Yincao Underworld City, who had absolute control over the Dao he cultivated!

Chu Kuangren had a feeling that his Heavenly Samsara Physique was rendered useless by the man’s samsara energy.

That was because Yanluo Forefather embodied the Samsara Dao as well.

Since Yanluo Forefather embodied the Samsara Dao and became a part of it, Chu Kuangren could not use his own samsara energy before the man even if he possessed the Heavenly Samsara Physique.

“Yincao is going down today, and not even an Embodier can stop it,” Chu Kuangren said with his hands behind his back, looking fearless even before an Embodier.

“Oh? Is the Ghost Emperor a Heavenly Champion too? Is that why you think I can’t do anything to you? Don’t forget, I can easily destroy the people around you,” said Yanluo Forefather.

He raised his hand and unleashed endless Yin qi from his body. Then, the Yin qi transformed into a massive palm above the Underworld Terracotta Army.

All he needed to do was press downwards, and he could squash the Underworld Terracotta Army into nothing but clay.

Kakroom!

That was when another Samsara Dao's Daoist law appeared in the realm.

An elderly in gray robes approached the battlefield proudly before channeling his Yin qi, and the massive black palm dispersed in the air.

The man was also an Embodier, and his arrival made everyone gasp in shock.

There was only a handful of Embodier existences throughout the universe, yet two of them were here in a battle in the Underworld.

When the great ones of Yincao had a closer look at the elderly, their expression turned bitter.

"It's the High Priest!"

"The High Priest from the Underworld Arbiter? He's here?!"

"High Priest, why are you siding with Chu Kuangren? Are you trying to disobey the Divine Daoist's order as well?" King Yanluo questioned the High Priest.

However, the High Priest reacted calmly to King Yanluo's words. "The Underworld needs a new Divine Daoist."

His words and his actions clearly stated his intention.

The High Priest wanted to assist Chu Kuangren to become the new Divine Underworld Daoist and rule over the Underworld!

The thought fueled jealousy in the Hellion Temple Kings' hearts.

"Why?! Why are you siding with Chu Kuangren? Why must you disobey the ancient order of the Divine Underworld Daoist just to make him the new Divine Daoist?"

"Damn it! Why is everyone siding with him? Hua Wuai, the High Priest, everyone is helping him! Is it because he has the same Heavenly Samsara Physique as the previous Divine Underworld Daoist?" King Yanluo shouted his questions. His eyes were bloodshot as he glared at Chu Kuangren.

Nevertheless, the High Priest ignored him. A mere Arch Gilded Immortal was no threat to him even if the other party was a Perfected Arch Gilded Immortal elite.

He came solely because of the Yanluo Forefather.

"I see. That's why the Ghost Emperor has the confidence to attack Yincao. It's because he has your support, High Priest," Yanluo Forefather looked at the High Priest coldly.

Only an Embodier could fight an Embodier.

Could that be Chu Kuangren's ultimate plan?

"Yincao has crossed many lines throughout the years, and I believe you people will make a move against the Underworld Arbiters sooner or later just so you can rule the Underworld. Rather than sit back and watch, I might as well choose my own Divine Underworld Daoist," the High Priest said as he stared at Yanluo Forefather.

“Hmph. I’ve underestimated you. I always thought you were the kind of person who would blindly follow the rotten rule set by the Underworld Arbiters. Who would have thought you’d change,” Yanluo Forefather said. However, he did not deny the High Priest’s words.

Yincao had been planning to annex the two other Underworld cities in recent years, and the Underworld Arbiter was the biggest obstacle.

They originally planned to develop for a little longer and strike after the Battle of the Heavenly Champion ended.

However, who would have thought that Chu Kuangren’s arrival would bring forth the High Priest?

“You and I both cultivate the Samsara Dao, but I have always wondered who is stronger. You or me?” Yanluo Forefather said.

“I have the exact same thought,” the High Priest said.

Then, the two of them disappeared into the void.

The sky above Yincao exploded as soon as they clashed. Everyone could vaguely see two ancient rivers clashing in the void.

The rivers contained vast and endless Daoist law, which was actually the energy manifestation of two Samsara Daos.

The clash between two complete Samsara Daos was mystical, and it captured the attention of many Arch Gilded Immortals. Everyone glued their eyes to the fight with admiration.

However, they were still on the battlefield, and they did not have time to waste.

“Charge!”

Fengdu and Yincao’s armies resumed their battle.

Further away, at Taishan Underworld City, all their great ones became restless upon noticing the High Priest’s presence.

“The High Priest did it?”

“I can’t believe that the Underworld Arbiter would side with Fengdu Ghost Emperor. If that’s the case, Yincao would be over, and we would be next.”

“No!”

“If the Underworld Arbiter wants a new Divine Underworld Daoist, it must be someone from Taishan!”

The great ones of Taishan argued.

In the end, they decided to deploy their army to aid Yincao.

“Hmph. Fengdu Ghost Emperor, I’m coming for you.”

An Arch Gilded martial general grunted when he received the order.

He was Guan Shan, whom Chu Kuangren defeated back at the Yasha Tribe territory.

He led three hundred thousand troops forward and marched toward Yincao.

In fact, not only Guan Shan was deployed, but even the other martial generals were mobilized.

The war between the three Underworld cities had finally begun!

#### **Chapter 1545: Comprehend Yin Yang Arch Gilded Intent, One Way Works, Works All Way, Taishan Joined The Battle**

1545 Comprehend Yin Yang Arch Gilded Intent, One Way Works, Works All Way, Taishan Joined The Battle

The armies between Fengdu and Yincao fought fiercely. It was Arch Gilded Immortals versus Arch Gilded Immortals, Gilded Immortals versus Gilded Immortals, True Immortals versus True Immortals, and so on.

The battle shook lands and mountains. Even the heavens quaked.

Half of Yincao was destroyed by the battle.

Despite the ongoing battle, the ubiquitous Ghost Emperor's authority and King Yama's energy remained strong and unaffected.

The two mystical energies relied on the reincarnation mechanism of the Underworld cities to exist. Hence, as long as the system remained, they would not be affected.

Yincao might look heavily damaged from the battle, but that was just the surface. The core reincarnation mechanism remained intact.

Many great ones of the Underworld watched the battle with their jaws on the ground.

The most astonishing thing would be the clash between two Embodiers. Unfortunately, the clash between two Embodiers represented the collision of two Daos, and the mystical Daoist law from the respective Dao was too profound for anyone to understand.

All they could see was countless twinkling sparks in the sky as though runes had lit up, but no one could understand it.

Other than the Embodier's battle, the most captivating battle would be Chu Kuangren's.

Everyone was impressed by Chu Kuangren's power.

He was just a new Arch Gilded Immortal, yet he single-handedly overpowered the Chakra King, who was a late-stage Trinity Flower Arch Gilded Immortal.

Now, Chu Kuangren was challenged by two Arch Gilded Immortals, Hei Wuchang and Bai Wuchang.

The black and white duo moved harmoniously like Yin and Yang, and their Yin Yang Arch Gilded intent displayed perfection. They were able to switch seamlessly from the fiercest of attacks to the quickest of movements, and with such an advantage, they launched a relentless attack at Chu Kuangren.

“Hei Bei Wuchang, masters of Yin and Yang. Interesting.”

The divine tree, Fusang, appeared behind Chu Kuangren as he activated the Duality Rites Immortal Physique.

He, too, was adept at using Yin Yang energy.

Although his attainments in the Yin Yang Dao had not reached Arch Gilded level, with his Arch Gilded Immortal's Core and the buff from Fusang and the Duality Rites Immortal Physique, he was able to gain a substantial advantage over them.

He managed to close the gap and match every attack from Hei Bai Wuchang.

He even started to gain insights into the profoundness of Yin Yang Arch Gilded intent through the battle.

“Divine Yin Yang Rejuvenation Light!”

Chu Kuangren shot two streams of black and white light forward, blasting Hei Wuchang away.

Hei Wuchang was shocked when the light hit him. “Yin Yang Arch Gilded intent? Did y comprehend it while fighting us?!”

Bai Wuchang was astonished when he heard his partner.

What monster were they fighting?

To think he had mastered the Arch Gilded Intent while fighting them?

It made their cultivation and hard work look like a joke.

“Comprehend one thing, and you'll comprehend everything. I've already mastered Samsara Arch Gilded intent, so why is it so surprising that I master the Yin Yang Arch Gilded intent?” Chu Kuangren said.

Chu Kuangren's Invincible Self-Empowering Source Dao was originally used to merge all Dao in existence and surpass all of them together, hence allowing him to easily master other Daos.

As he said, comprehend one thing, and you would comprehend everything.

Be it the Samsara Dao or Yin Yang Dao, all of them worked the same way. Hence, after mastering one of them, he would use the same way to master the other.

Only when his Invincible Self-Empowering Dao achieved the Arch Gilded Realm could he truly consider himself an Arch Gilded Immortal.

“How could someone like you exist in this world?”

Hei Bai Wuchang looked at Chu Kuangren in fear.

They were afraid. Be it his power or his monstrous cognizance, or even his mysterious and profound Dao, everything about him scared them.

He was an anomaly that should not exist in the world.

“Again. Do your best and let me feel your Arch Gilded intent,” Chu Kuangren said with his hands behind his back.

Hei Bai Wuchang looked at Chu Kuangren. Despite being the strongest in Yincao, they were so afraid that they dared not simply attack him.

“Hmph. If you’re not attacking, I will,” Chu Kuangren said indifferently.

He raised his hand and cast the Duality Rites Yin Yang Symbol. The massive symbol that shadowed the sky crashed down on them.

Fusang shimmered in endless Immortal Sparks, and its vast Yin Yang energy was infused into the Yin Yang symbol, boosting the divine ability to overpower Hei Bai Wuchang.

“Damn it!”

Hei Bai Wuchang’s expressions shifted as they sensed the rumbling Yin Yang Arch Gilded intent in the symbol.

While talking to them, Chu Kuangren’s mastery over the Yin Yang Arch Gilded intent increased.

The two of them bellowed and channeled their full strength to withstand the Yin Yang symbol that was crashing on them.

Bang!

Deafening explosions went off in the void.

Chu Kuangren continued his fight with Hei Bai Wuchang while comprehending their Yin Yang Arch Gilded intent. With his experience in comprehending the Samsara Arch Gilded intent, and Fusang and the Duality Rites Immortal Physiques being the most suitable energy and physique to control the Yin Yang Arch Gilded Intent, he was able to master it in a short while.

“I have to thank both of you,” Chu Kuangren said to Hei Bai Wuchang with a smile.

At that moment, Fusang and the Duality Rites Immortal Physique’s energies erupted, releasing the complete Yin Yang Arch Gilded intent across the void that sent the land shaking.

“Divine Yin Yang Rejuvenation Light!”

At the same time, the Samsara Arch Gilded intent was also mobilized.

“Reincarnation Tribulation Light!”

Yin Yang and Samsara’s Arch Gilded intent were cast at once, followed by the divine abilities of the respective Immortal Physiques.

The two streams of divine light intertwined in the void, shimmering in endless Immortals Sparks, while the terrifying Immortal’s Core energy drowned and devoured everything like a tsunami.

After ‘helping’ Chu Kuangren master the Yin Yang Arch Gilded intent, Hei Bai Wuchang were destroyed and erased. Not even their bones were left.

Countless great ones who watched from the dark felt bad for the black-and-white duo.

They were probably the most pitiful Hei Bai Wuchang in history.

They fought for their lives, yet they could not land a scratch on Chu Kuangren. They even indirectly 'helped' him with the cultivation and died after they finished their 'duty'.

"Didn't he just ascend to an Arch Gilded Immortal? How can he be so powerful already?"

"What's going on?"

"And his ridiculously powerful cognizance, what's with that? Is Arch Gilded intent something that he can comprehend at will?"

Many of them were baffled, but none of them had answers.

They felt like they were looking at the most profound anomaly!

"Alright. Who's next?"

Chu Kuangren scanned over the battlefield for his next target.

All the Arch Gilded Immortals, including the Hellion Temple Kings, felt chills down their spine when they felt his gaze.

"Fengdu Ghost Emperor, I will be your opponent!"

A voice sounded all of a sudden.

A green dragon swooped in from afar and crashed toward Chu Kuangren.

Chu Kuangren drew Descendant Self Sword to block the green dragon.

The moment the sword and dragon collided, a heavy clunk rang out.

After the dragon was deflected backward, it transformed back into the Green Dragon Crescent Blade!

Then, the blade tumbled backward and landed in the hand of a buff man equipped with heavy armor.

It was Guan Shan, the martial general of Taishan Underworld City.

Behind him were countless other Underworld soldiers that had murderous intent that could shroud the sky.

The ghost cultivators who had been watching the battle gasped in shock.

"Taishan Underworld City has joined the battle!"

#### **Chapter 1546: The Yang World's Great Ones Are Shocked, Jue Wushen Is Here, The Holy Violet Emperor Planet's Assistance**

1546 The Yang World's Great Ones Are Shocked, Jue Wushen Is Here, The Holy Violet Emperor Planet's Assistance

The Green Dragon Crescent Blade suddenly slashed across the battlefield, and Guan Shan led thousands of Underworld soldiers to join the battle!

Besides Guan Shan, Taishan City's generals and Twelve Magistrates also joined the battle. The scene of them shocked many people.

"Oh my god. Taishan Underworld City is here too."

"Sh\*t is about to go down! This is my first time seeing the three great Underworld cities at war. It's overwhelming."

"My goodness. What will the Underworld look like after this battle?"

"Would the reincarnation mechanism be destroyed just like what happened in the ancient Immortal times? If that happens, it'll do more harm to the Underworld than good!"

"Is no one going to stop it?"

"How is that possible? Even the Underworld High Priest and the most powerful forces and cultivators in the Underworld have joined the battle. Who can stop it?"

Countless Underworld cultivators lamented.

Not only did the news of the war among the three great Underworld cities shock the entire Underworld, but the world of the living was also aware of it.

The two Immortal Halls, all in the Restricted Area, the Demonic Dao's Demon Palaces, the Eastern King School, Jade Pool Sacred Land, Celestial Demon Tribe...

The great ones in every force could sense the powerful battle fluctuations coming from the Underworld. They could not help but cross through the Yin Yang World to take a peek at what was happening in the Underworld.

However, they were all dumbfounded when they saw the three great Underworld cities fighting.

"What's going on? The three great Underworld cities are fighting."

"Even the Embodier existences have joined the battle. My goodness. Are they planning to destroy the Underworld?"

"What on earth is going on?"

Suddenly, they noticed a familiar figure in the crowd.

It was Chu Kuangren!

"Why is he on the battlefield? Wait. Could this battle have something to do with him?"

"I've checked it out. He was the one who started this battle. What a b\*stard. Hasn't he caused enough harm to the world of the living, and now he's here to harm the Underworld?"

"Something terrible will happen if he destroys the Underworld reincarnation mechanism again!"

Although some Arch Gilded Immortals did not know about it, some Embodier great ones were vaguely aware of some secrets. It was that the reincarnation mechanism seemed related to great karma!

“Wait. Chu Kuangren has broken through to the Arch Gilded Immortal Realm!” a Living World’s great one could not help but exclaim.

All of a sudden, all the great ones, especially those from the Immortal Hall, were uneasy.

Chu Kuangren could already overpower all sky-prides before he became an Arch Gilded Immortal. Now that he had broken through to the Arch Gilded Immortal Realm, who could remain calm?

Those Peerless Prodigies must be trembling if they saw this.

“How did he manage to become an Arch Gilded Immortal so quickly? What shall our Prodigies do?”

“I guess he had some kind of great Opportunity of Fortune in the Underworld.”

All the great ones were a little helpless.

Not only was Chu Kuangren talented and peerless, but he had also been obtaining one after another Opportunity of Fortune. It was no wonder all the Prodigies were far behind Chu Kuangren.

In Yincao Underworld City, the army of Taishan Underworld City made a grand arrival, and Guan Shan attacked Chu Kuangren immediately.

King Yanluo and others were overjoyed.

“Magistrates, you’re all here!”

He looked at a tall middle-aged man wearing a black crown who was the boss of the Twelve Magistrates.

“Well, we had to come!” Elder Magistrate took a deep breath, looked at the two intertwined Samsara Daos in the sky, and said solemnly, “I didn’t expect the High Priest to help Fengdu Ghost Emperor. If we didn’t come, I’m afraid it’ll be Taishan City next!”

“Indeed. The High Priest has disobeyed the former Divine Underworld Daoist’s order and wants to support a new Divine Underworld Daoist. We must stop him!” King Yanluo said coldly.

The Eldest Magistrate nodded and looked at other magistrates behind him, about to make a move.

The least powerful among the Twelve Magistrates was comparable to an Arch Gilded Immortal. Coupled with Taishan City’s generals, the situation of the battle suddenly took a turn for the worse as soon as they joined the battlefield.

The Eldest Magistrate and King Yanluo joined forces to fight against the Equinox Tribe Leader.

The rest of the magistrates also found their opponents, while Taishan City’s generals and Underworld soldiers fought against Emperor Qin’s Underworld Terracotta Army.

“Chu Kuangren, I will make you pay ten times more for the insult I got in the Yasha Tribe!” Guan Shan looked at Chu Kuangren and said in a cold tone.

He was holding the Green Dragon Crescent Blade, and dozens of Gilded Immortals he had trained were behind him.

Those Gilded Immortals fought together to form a powerful battle formation that surrounded Chu Kuangren.

Chu Kuangren, on the other hand, merely stood where he was with an indifferent expression. "You shouldn't have come, or perhaps, to put it bluntly, your entire Taishan Underworld City shouldn't have come."

"Hmph. Chu Kuangren, if we don't come, that would make you the Divine Underworld Daoist!" Guan Shan snorted.

"The position will be mine no matter whether you come or not. However, your arrival will get me the position faster."

"Chu Kuangren, you're lying. Look around you. Taishan City and Yincuo City have joined forces. There are nearly five hundred Arch Gilded Immortals, and our Underworld soldiers are several times as many as you have in Fengdu City. So what if you have the High Priest's help? He's now being held back by the Yanluo Forefather. Can you find another Embodier to help you?!" Guan Shan sneered.

Following that, something crossed his mind. "Oh, by the way, I heard you have the Celestial Demon Tribe's backing, and I presume they're not short of Embodiers. However, they can't help you because the Living World's forces are more intricate than the Underworld, and it's not easy to cross the Yin Yang World."

"You may not be born a general, but you've managed to perceive the situation pretty well, I must say. Anyhow, you guys shouldn't have come!"

"What exactly do you mean?!"

"Because of your arrival, it's time for us to make a debut!"

An indifferent and domineering voice sounded.

Immediately afterward, an extremely domineering aura swept out from not far away. Everywhere the aura went, the void turned into nothingness!

Soon, a man in white slowly approached them.

His body emanated with the Living World's qi, which did not belong to the Underworld. The person who came was Jue Wushen from the Celestial Demon Tribe!

"What's going on? Why is Jue Wushen in the Underworld?!"

"What the hell?!"

"Wait. If Jue Wushen is in the Underworld, could it be..."

Suddenly, as if they had thought of something, the Living World's great ones widened their eyes in shock.

Jue Wushen was a well-known and top-notch Prodigy in the Living World. He did many amazing things when Chu Kuangren was trapped in the Bagua Furnace for twenty years.

His most talked-about incident was that he conquered the entire Holy Violet Emperor Planet with the Holy Violet Crown!

Now, Jue Wushen was in the Underworld, and it meant that those Holy Violet Emperor Planet's forces that he conquered were...

"Ha! It's my first time here in the Underworld. The Feng clan and troops are here to assist Master Chu!"

Following a yell, an elder glided through the air with intense Arch Gilded intent spreading from his body. He was an Arch Gilded Immortal of the Feng clan, one of the Holy Violet Emperor Planet's clans!

"Frost Dragon Mountain, as a sinner, is here to assist our Master!"

The Frost Dragon Mountain's iceworms also emerged. They were enemies with Chu Kuangren, but they came to the Underworld to assist him!

"The Luo clan is here to help!"

Luo Yan, who was charming and possessed the Scarlet Tear, also rushed to the battlefield with the Luo clan's disciples.

"The Holy Violet Emperor Planet's Dragon-human Tribe has come to help!"

"The Holy Violet Emperor Planet's Jiuli Tribe has come to help!"

"The Holy Violet Emperor Planet's Bull Demon Tribe has come to help!"

...

The forces of the Holy Violet Emperor Planet came one after another, and there were some Arch Gilded Immortals among them!

That scene shocked everyone present.

"The Underworld will surrender to my King today!" Jue Wushen shouted.

He was the leader of those forces, but to him, he only had one identity, which was the Celestial Demon Tribe's Jue Wushen.

He would only regard one person as king in his entire life!

#### **Chapter 1547: Killing Guan Shan, He's Too Powerful, The Third Embodier In The Underworld**

##### 1547 Killing Guan Shan, He's Too Powerful, The Third Embodier In The Underworld

The Holy Violet Emperor Planet's forces arrived one after another, and it was not within Yincao City's expectations at all.

The arrival of those forces added some help to Fengdu's army, which was no weaker than the two other forces, Yincao and Taishan, combined

"What's going on here? When did these Living World's forces come to the Underworld?"

Guan Shan's expression was extremely dark.

Chu Kuangren looked at him indifferently and said, "You're right. The Living World's forces are intricate, especially my Celestial Demon Tribe. With the two great Immortal Halls keeping an eye on them, it wasn't easy for them to cross the Yin Yang World in order to support me. However, the Holy Violet Emperor Planet's forces are mine!"

Chu Kuangren did expect Taishan City and Yincao City to join forces. Therefore, he already contacted Jue Wushen much earlier and secretly extradited the Holy Violet Emperor Planet's elites to the Underworld.

The more powerful a Living World's living being, the more difficult it would be to cross the Yin Yang World.

However, since Chu Kuangren possessed the complete Ghost Emperor's authority, it was not too difficult for Jue Wushen to come with a group of Arch Gilded Immortals.

"As I said, you guys shouldn't have come. Your arrival will only speed up my unification of the Underworld. Today, I will settle Taishan and Yincao once and for all."

Chu Kuangren stood with hands behind his back while releasing a magnificent aura!

Guan Shan's expression was extremely grim. "Once I kill you, these people will be leaderless!"

He was clear of his goal, which was to capture the king first!

After killing Chu Kuangren, that group of elites, who gathered because of Chu Kuangren, would just be a bunch of rabbles!

"Do you think you can do so?"

Chu Kuangren stood on the spot with the Great Wasteland Halberd in his hand.

"Azure Dragon Battle Formation, attack!"

As Guan Shan roared, dozens of Gilded Immortal Underworld soldiers and generals surrounded Chu Kuangren and formed a powerful battle formation!

Rolling Yin qi gushed out and entered Guan Shan's body.

"Attack!"

Guan Shan raised his saber and slashed forward with it with incomparably violent energy. Then, his attack turned into a frightening Azure Dragon that gnawed its way forward!

"You're too naïve to think you can kill me with a joint battle formation!" Chu Kuangren said indifferently.

After that, he slashed forward with the Great Wasteland Halberd in his hand.

A halberd ray that contained terrifying demonic qi gushed out and filled the particular space in the blink of an eye. It was the Great Wasteland Halberd Technique's Nine Heaven Cry!

The demonic qi tore apart the Azure Dragon and crashed into the joint battle formation.

Bang! Bang! Bang!

As the void shattered, Guan Shan was blasted backward, while the dozens of Gilded Immortal Underworld soldiers and generals behind him fell one after another!

"How is he so much more powerful than when he was in the Yasha Tribe?!"

Guan Shan's expression changed, and he looked at Chu Kuangren in shock.

"Since I could easily defeat you in the Yasha Tribe, killing you now will be as easy as crushing an ant."

Daoist laws flowed around the long halberd in Chu Kuangren's hand, and endless demonic might engulfed the universe!

When in the Yasha Tribe, he managed to defeat Guan Shan although his cultivation had yet to break through the Arch Gilded Immortal Realm.

Therefore, it was not difficult for the current him to defeat Guan Shan.

"Great Wasteland Halberd Technique, Great Wasteland Subjugation!"

With a grunt, Chu Kuangren swung his long halberd again, releasing a terrifying halberd ray that destroyed everything in all directions!

All the Gilded Immortal general's bodies exploded, and their souls were crushed!

Even Guan Shan was severely injured by the blow, and his breath started to weaken!

Jue Wushen, who was fighting against a Gilded Immortal among the crowd, lamented upon seeing the scene. "The king's strength has reached a level that he can easily defeat an Arch Gilded Immortal."

It was worth noting that most of the Living World's Prodigies were powerless against Arch Gilded Immortals.

Only a very small number of top-notch or Peerless Prodigies could fight against Arch Gilded Immortals. However, it was undoubtedly difficult or even impossible for them to defeat an Arch Gilded Immortal.

However, Chu Kuangren could easily do what the Prodigies could not do.

He was the king whom Jue Wushen adored!

"Master Chu's strength is becoming more and more unpredictable."

Luo Yan lamented while looking at Chu Kuangren. The tear mole under her eyebrow glowed with scarlet rays.

As she unleashed a sword attack, a dazzling sword ray shot across the sky and then killed a Gilded Immortal Underworld general!

Although Luo Yan had been cultivating in the Holy Violet Emperor Planet all these years, she made a speedy improvement. On top of that, her Scarlet Tear could already compare to some of the Higher Third-grade Gilded Immortals.

“Frozen Overworld!”

Soon, a burst of chilly freezing qi gushed out and swept out in all directions. All the Underworld soldiers and generals were frozen into ice sculptures.

It was Iceworm Ru Xue who made an attack.

She was a top-notch Prodigy, and her strength was almost as powerful as that of Luo Yan after years of growth.

However, she knew that her strength was still far behind when she saw the radiant figure standing in the sky.

“Master is too powerful. With my current cultivation realm, my strength is nowhere near his!”

Iceworm Ru Xue had set a small goal for herself to become an Arch Gilded Immortal at least.

Only by doing so would she be qualified to follow Chu Kuangren.

The battle was still ongoing.

The Holy Violet Emperor Planet’s Prodigies and elites provided great help to Fengdu, and they were starting to show signs of overpowering the two other Underworld cities.

All the great ones were astonished as they did not expect Chu Kuangren to have such a trick.

“Yincao and Taishan were really caught off guard this time.”

“Indeed. Who would have thought that Chu Kuangren had not only won over so many Underworld forces, but he even transported the Living World’s forces here.”

“I almost forgot that he possesses the Holy Violet Crown, and that is why the Holy Violet Emperor Planet is supporting him too.”

At the sight of the chaotic battlefield, Yincao’s King Yama and Taishan’s Magistrates did not look pleased.

“Magistrate, help me!”

At that moment, a scream sounded.

Guan Shan was begging for Taishan Magistrates’ help in horror.

However, Chu Kuangren struck down with his long halberd on Guan Shan mercilessly and ended his life!

Another Arch Gilded Immortal died in Chu Kuangren’s hands.

“Chu Kuangren!”

The hearts of Yincao’s King Yama and the Taishan Magistrates sank.

They thought they had overestimated Chu Kuangren's strength when, in fact, they had underestimated him.

They should have killed him at all costs when he had just obtained the Samsara Emperor Seals.

However, he was too powerful now.

Yincao and Taishan had finally learned how powerful Chu Kuangren was.

"This man is crucial to this battlefield. We must kill him as soon as possible!"

"But he is too powerful. An ordinary Arch Gilded Immortal isn't his match at all, while the advanced Arch Gilded Immortals are being held back by others. How do we kill him?!"

"Besides Chu Kuangren, there is another crucial person on this battlefield!" a Taishan Magistrate suddenly said.

Then, he looked up into the sky, where two long rivers of the Great Dao manifestation converged.

Shortly after, another powerful aura erupted. Thousands of Daoist laws converged before turning into a new Great Dao and intersecting the two long rivers in the sky!

Everyone's expression changed when they sensed the aura.

It was an Embodier's aura!

"Apart from the High Priest and Yanluo Forefather, the Underworld has a new Embodier!"

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1548: Taishan Luyou, The Battle of Embodiers, The High Priest Is Being Oppressed**

1548 Taishan Luyou, The Battle of Embodiers, The High Priest Is Being Oppressed

"There is another Embodier great one in the Underworld!"

Everyone was shocked. Even King Yanluo could not help but look at Taishan's Eldest Magistrate.

However, he was not surprised by such a scene but had expected it.

"Could this be a Taishan's Embodier?!"

King Yanluo guessed.

"You're right." The Eldest Magistrate nodded without hiding anymore.

The expression of all Yincao King Yanluo changed, and they were delighted.

Initially, they thought that besides the Underworld Arbiter's High Priest, only Yincao had Embodier great ones in the Underworld.

Therefore, Yincao had always been confident that as long as they settled the Underworld Arbiter, the Underworld would be under their control.

Little did they know that Taishan also had an Embodier great one!

“Taishan Underworld City, you hid it so perfectly.”

Yincao’s King Yanluo took a glance at the Eldest Magistrate.

“Well, you too.”

The Eldest Magistrate smiled faintly, but he felt awful.

The Taishan Embodier’s great one was their greatest trump card that no one knew. However, it had been exposed because of Chu Kuangren.

A trump card was no longer what it meant to be when everyone knew about it. Its threat was not as powerful as when it was hidden.

Taishan wanted to use that trump card to unify the Underworld at first. Unfortunately, now that Yincao knew about the trump card, they might not act rashly.

“Forget it. Let’s deal with Fengdu first,” the Eldest Magistrate mumbled while looking at Chu Kuangren.

Compared to Yincao, Chu Kuangren was much more threatening now.

No one knew just how powerful Chu Kuangren’s strength would be if he was given more time.

High up in the sky, three long rivers manifested by the Great Dao interweaved and collided with each other. At the same time, its Daoist law energy shook most of the Underworld.

The High Priest looked at a tall man in pitch-black armor before him solemnly. “I didn’t expect there to be an Embodier hidden in Taishan!”

Even he had no idea that Taishan had an Embodier, so one could imagine how secretive Taishan City was.

“Greetings, High Priest. I’m Luyou from Taishan,” said Luyou.

“Heh, you’re here just in time, Taishan Embodier. The High Priest is trying to betray the Divine Underworld Daoist. Let us punish him!”

Yanluo Forefather laughed.

Although he was surprised that Taishan had an Embodier great one, he now had powerful support!

He was put in a disadvantageous position in the battle with the High Priest. Even though it would be difficult for the High Priest to kill him as they were both Embodier, the High Priest could trap and seal him.

Then, Yincao would be doomed.

However, Luyou’s arrival made it possible for them to fight together and even kill the High Priest!

“High Priest, it was you who violated the Divine Underworld Daoist’s order, so don’t blame me for attacking you,” said Luyou.

He decided to make a move when he saw that Yanluo Forefather was in a disadvantageous position. If Yanluo Forefather was killed, Taishan would collapse too.

“Heh, cut the cr\*p! Sooner or later, you guys will attack the Underworld Arbiter, so this is the best situation!”

The High Priest chuckled and was not at all afraid of the two great Embodiers joining forces.

The Underworld Arbiter had been controlling the two great Underworld cities for a long time. Since the two great Underworld cities had Embodiers and had plans to unify the Underworld, it was inevitable for them to attack the Underworld Arbiters.

Instead of waiting for the moment to arrive, supporting Chu Kuangren was the High Priest’s best choice.

“Attack!”

Soon, Daoist law energies surged into the sky from Luyou and Yanluo Forefather before rushing toward the High Priest.

“Heaven Starlight Samsara Palm!”

The High Priest raised his hand and channeled his Daoist law energy to its limit. Then, endless Yin qi turned into a huge pitch-black hand, which seemed to contain mysteries of the stars and Samsara Dao.

It was an Embodier Technique!

The power of the Embodier Technique was majestic when cast by an Embodier great one. The crushing palm seemed like it could shatter the entire galaxy.

“Judgment God Yanluo Slash!”

Yanluo Forefather was not to be outdone as he, too, cast his Embodier Technique.

By turning his palm into a saber, a gigantic Nether Abyss Ghoulish Saber that contained endless Daoist law energy shot up in the air.

As Luyou raised his hand, the Daoist law emanated and turned into an extremely huge skull. “Nether Abyss Overworld!”

When the three Embodier Techniques and the three Daoist laws slammed together, the impact was so frightening that it seemed to tear the sky in the Underworld apart.

The fight between the three great Underworld cities stopped because they knew they were no longer crucial in the battle but the three Embodier’s great ones!

If Luyou and Yanluo Forefather could overpower the High Priest, Chu Kuangren had no chance of competing with the two Embodier great ones even if he was extremely powerful.

Then, Fengdu would completely vanish from the Underworld!

However, if the High Priest won the battle, Fengdu City would rule the Underworld!

In everyone’s opinion, the latter was almost impossible to happen.

“Two against one. No matter how powerful the High Priest is, he’s not the forefather’s opponent!”

King Yanluo smiled.

Taishan Eldest Magistrate looked at Chu Kuangren coldly. “Fengdu Ghost Emperor, how mighty you are! You haven’t been in the Underworld for long, and you’ve made so many commotions like conquering Emperor Qin’s Underworld Terracotta Army, the Yasha Tribe, and Chi and Mei clan. Moreover, you’ve become allies with the Equinox Tribe. Een the Underworld Arbiter is supporting you!”

“You are remarkable, but no matter how amazing you are, you’re destined to fail today! The Underworld doesn’t need you!”

King Yanluo nodded. “Indeed. Chu Kuangren, even though you’ve done this much, you’re still too young. You can’t hold the position of Divine Underworld Daoist, and it doesn’t belong to you!”

“No matter how powerful the High Priest is, he’s not a match for two Embodiers. He will definitely lose today!”

Seemingly affirming everyone’s conjecture, the three Embodier Techniques collided with each other with a bang. Soon, the High Priest was sent flying backward, and he looked at Luyou and Yanluo Forefather with a somewhat unpleasant expression.

It was difficult to distinguish between life and death in a battle between Embodier great ones.

Moreover, the Great Dao existed between the realm. Hence, wiping it out would not be easy.

To kill an Embodier, it often took a long time to wipe out his Great Dao. First of all, one must oppress the Embodier with his Dao!

In fact, the High Priest could oppress Yanluo Forefather.

Unfortunately, after Luyou made a move, their Dao combined and started to overpower him!

“D\*mn it. If this continues, I’m afraid the situation will be extremely unfavorable to me.”

The High Priest frowned and thought.

The most important thing is that once he was overpowered, Chu Kuangren and others would fail.

“High Priest, we will destroy your Dao!” Yanluo Forefather said coldly.

Then, he raised his hand to channel countless Daoist laws and form a gigantic Nether Abyss Ghoulish Saber to strike forward.

Luyou followed suit.

Countless Daoist laws converged in the void under their joint forces.

Soon, the High Priest’s Dao was gradually being worn away!

He was suppressed, and his Dao might be obliterated in less than a hundred years!

## **Chapter 1549: What Are You Laughing At? Chu Kuangren’s Real Trump Card, Rebuilding The Reincarnation**

1549 What Are You Laughing At? Chu Kuangren's Real Trump Card, Rebuilding The Reincarnation

"Haha. Chu Kuangren, have you seen it? Your greatest support has been defeated! That means you've lost this battle too!"

King Yanluo laughed triumphantly while looking at Chu Kuangren.

King Yama of Yincao also felt relieved and proud.

They had been feeling extremely exasperated recently!

Ever since Chu Kuangren came to the Underworld, Yincao had been trying its best to deal with him, but they had been repeatedly defeated. Chu Kuangren even destroyed eight of Yincao's Ten Hellion Temples!

How could they bear with that?

They wanted to seek revenge on Chu Kuangren at first, but the High Priest stopped them.

Unexpectedly, Chu Kuangren led his troops to attack Yincao not long after, and the High Priest who had stopped them before was on his side.

It made them furious.

However, now that the High Priest had been oppressed, all they needed to do was wait for the Embodier great one to kill those Arch Gilded Immortals who were with Chu Kuangren.

Although Chu Kuangren was a Heavenly Champion, and Embodiers could not attack him however they want, all the great ones could besiege him after getting rid of the allies around him.

"Chu Kuangren is doomed this time."

"I suppose this is the end for Chu Kuangren."

"He's being too impulsive for attacking Yincao right after he broke through to the Arch Gilded Immortal Realm. He might have succeeded if he could hold off for a while and accumulate enough strength."

In the eyes of many great ones, Chu Kuangren was like a brat to them now.

They thought that a young man like Chu Kuangren was too impulsive and rash, but needless to say, they were surprised that Chu Kuangren could make such a move.

If an Embodier great one did not exist in Taishan, Chu Kuangren would probably have become the Divine Underworld Daoist through this battle.

"It's all Taishan's fault for keeping it a secret."

"I suppose even the High Priest didn't expect Taishan to be hiding an Embodier."

In short, in everyone's opinion, it was the end for Chu Kuangren now.

Fengdu's morale plummeted while Taishan, Yincao, the Magistrates, King Yamas, and the Underworld soldiers and generals were all gearing up. They wished they could oppress and crush Chu Kuangren and others to the ground right now.

“Heh.”

At that moment, a chuckle sounded.

It was from Chu Kuangren.

“Hahaha...”

The laughter became louder and more insane until it reverberated through the sky.

The crowd looked at each other in doubt, wondering why Chu Kuangren was laughing.

Could it be that he was out of his mind?!

“After all that plotting and painstaking efforts, it is possible for him to turn mad.”

“Well, young people’s temperament is slightly worse after all.”

All the great ones were secretly engaged in a discussion.

However, King Yanluo and others were displeased, and they stared at Chu Kuangren with cold gazes.

“What are you laughing at? Are you mad?!”

They were annoyed seeing Chu Kuangren laughing.

Chu Kuangren had made Yincao suffer for a long time. Now that they finally saw him fail, they wanted to see him crying instead of laughing!

“I laugh because I’m happy!”

The laughter gradually subsided. Chu Kuangren stood in the air with a smile while looking at the mountains, rivers, and earth of the Underworld.

“What are you looking at?” King Yanluo asked coldly.

“I’m looking at the Underworld after the unification.”

Chu Kuangren smiled faintly.

“Chu Kuangren, you’re presumptuous. Don’t you understand the situation?! You’ve used up all your trump cards and support,” King Yanluo said coldly.

“Trump card? Heh.”

Chu Kuangren chuckled. “What do you guys think my trump cards are? Samsara Emperor Seals? The complete Ghost Emperor’s authority? Emperor Qin’s Underworld Terracotta Army? The Holy Violet Emperor Planet’s army? Or perhaps, the High Priest? You’re wrong.”

Then, he stretched his hands as if he was embracing the world. “My real trump card is the entire Underworld!”

As soon as he said that, an extremely mysterious Samsara Arch Gilded intent spread out of him!

Further away, on the endless Three-Lives River bank, Hua Wuai looked toward Yincao and mumbled, "Has it started already?"

The entire Underworld was shaking at that moment.

Endless Yin qi dashed toward Chu Kuangren from all directions like thousands of rivers converging into the ocean.

As if Fengdu, Taishan, and Yincao were resonating with some kind of force, they began to shake violently at the same time.

"What's going on?!"

"Why is this sudden movement happening in Yincao Underworld City?!"

King Yanluo looked at the Underworld in horror.

Soon, the ground of Yincao cracked, and a gigantic sinkhole emerged. In the sinkhole, countless mysterious runes circulated and turned into a huge ball of light!

"Is that... the Daoist law?!"

"What a terrifying Daoist law energy. This is the power manifested by the Samsara Dao. Wait. Why is there more Daoist law? Does Yincao have another Embodier?!"

"That's impossible!"

Just when everyone was shocked by the Daoist law, terrifying vibrations traveled toward Fengdu and Taishan. Beams of light shot up into the sky, while countless Daoist laws rushed toward Yincao like a torrent!

The three Daoist law energies originated from the same source!

They were resonating because of an unknown existence and were about to merge.

At that moment, the Underworld shook!

Even ordinary cultivators in the Living World could sense that something was changing in the universe.

In the depths of the Immortal Hall, the Eternal Immortal Emperor suddenly opened his eyes. "It's the power of samsara! Or in other words, it's the ancient Divine Underworld Daoist's energy!"

Among the chaos somewhere in the universe, a purple-robed elder opened his eyes and smiled. "He has begun to integrate the Divine Underworld Daoist's energy and rebuild the reincarnation mechanism. Everyone, your opportunity has come."

The purple-robed elder looked at the chaos.

Countless souls' Immortal Sparks shone.

Among them, there was a peerless Sword Immortal with a magnificent aura, a supreme Immortal Emperor sitting on the throne, and the leader of the female Immortal riding an Azure Phoenix that was glowing in Immortal Spark...

All the existences that originally disappeared in the ancient Immortal calamity appeared in that particular chaotic space.

“This is great.”

“Sure enough. He has lived up to our hopes. The reincarnation mechanism has been rebuilt, and the next step will be our chance to reincarnate.”

“Heh, my remnant soul won’t be able to bear with it anymore if I stay here for any longer.”

“Should I say he is no doubt one with a non-existent fate? To be able to rebuild the reincarnation mechanism in such a short period, his ability is amazing.”

“With his existence, we’ll be more confident in facing the next calamity.”

The Immortal Consciousness of the ancient Immortal great ones converged.

Meanwhile, Luyou and Yanluo Forefather, who were fighting the High Priest, were shocked.

“Is he rebuilding the reincarnation mechanism?!”

“How is that possible? No one can repair the reincarnation mechanism left behind by the Divine Underworld Daoist. How could he do it?”

“Quick! Stop him!”

Yanluo Forefather and Luyou could not care about the High Priest or the will of the Immortal World anymore because they had to stop Chu Kuangren.

However, at that moment, the High Priest made a bold move. Then, the endless Daoist laws turned into a huge circle surrounding the three of them.

“Do you see it? This is the reason why I want to support him as the new Divine Underworld Daoist!”

The High Priest looked at Yanluo Forefather and Luyou with a triumphant smile.

1550 Self-Destruction of The Arch Gilded Immortal Weapons, The Rebuild Is Completed, Omnipotent

Chu Kuangren stood in the sky above Yincao while endless Immortal Sparks enveloped him whole.

Shortly after, a Samsara Arch Gilded intent spread out from his body within the Immortal Sparks, causing the three great Underworld cities and the entire Underworld to resonate!

“Heavenly Samsara Physique’s third divine ability, Samsara Universe!” Chu Kuangren shouted.

The Samsara Arch Gilded intent instantly rose to its limit. Endless Yin qi surrounded Chu Kuangren like a huge whirlpool and turned the surrounding space that belonged to him exclusively!

In that particular space, he was the absolute Samsara Ruler!

As the particular space was formed by the Samsara Arch Gilded intent, it would be shattered easily if met with the existence of an Embodier!

Even a slightly more powerful Arch Gilded Immortal could shatter it!

That was Chu Kuangren's trump card!

Although the Samsara Universe meant nothing to Embodiers, King Yanluo, and others, it had an extremely terrifying effect in the Underworld, which was to resonate with the three great Underworld cities' reincarnation mechanism!

That was because the Divine Underworld Daoist built the Underworld's reincarnation mechanism based on that divine ability back then and divided the reincarnation mechanism into Fengdu, Taishan, and Yincao!

It was the foundation of the three great Underworld cities!

Now, Chu Kuangren was utilizing the divine ability, which was the Samsara Universe, to merge the three great reincarnation mechanisms and rebuild the Underworld's reincarnation!

With that power to rebuild reincarnation, it meant he was a Divine Underworld Daoist reborn and had absolute power over the Underworld!

Before this, he had the Samsara Emperor Seals, possessed the Ghost Emperor's authority, and had absolute controlling power in Fengdu because he had mastered Fengdu City's reincarnation mechanism!

Now, he wanted to master the three great Underworld cities' reincarnation mechanism and then control the entire Underworld!

However, this time, he was not relying on the Samsara Emperor Seals but on the Heavenly Samsara Physique's third divine ability, Samsara Universe!

The vast Daoist laws gushed toward Chu Kuangren from the three great Underworld cities.

Upon seeing that, King Yanluo, Taishan Magistrates, and others were frightened.

"We must not let him succeed. Otherwise, we will be doomed!"

"Quick! Stop him!"

King Yanluo and others attacked with full strength as they intended to prevent the Daoist law energy from entering Chu Kuangren's Samsara Universe.

However, they were mere Arch Gilded Immortals. How could they stop the Daoist laws?!

All kinds of Immortal Techniques and divine abilities landed on the Daoist laws and disintegrated!

They tried to attack Chu Kuangren, but the Equinox Tribe Leader, Meng Yi, and others stopped them.

"We should use King Yama's authority!"

A look of hope appeared on King Yama and the others' faces as if they had thought of something.

Then, they took out several jade booklets, which were King Yama's Notes!

They were something similar to the Samsara Emperor Seals.

Soon, King Yama's energy emanated from King Yama's Notes and slammed into the Daoist laws that symbolized Yincao's reincarnation mechanism. Unfortunately, it was useless.

The Daoist laws were still dashing toward Chu Kuangren's Samsara Universe!

"Why is this happening? Why can't King Yama's energy control Yincao's reincarnation mechanism?!"

"The same thing is happening to the Taishan Magistrate's energy!"

King Yama and the magistrates' expressions were grim.

The situation was akin to Chu Kuangren, the Fengdu Ghost Emperor, not being able to utilize the Ghost Emperor's authority. It was inconceivable.

"There is only one reason for why this is happening, and that is Chu Kuangren attracts the reincarnation mechanism more than King Yama's energy and Taishan Magistrate's energy!" the Eldest Magistrate said in a cold tone and with an incredulous look in his eyes.

He could not figure out how Chu Kuangren did it because he did not possess the Heavenly Samsara Physique or was he the Divine Underworld Daoist. Hence, he could not understand the mystery of it.

Chu Kuangren chuckled in the Samsara Universe. "The three great reincarnation mechanisms were originally one, but they were separated by the Divine Underworld Daoist and then turned into three great Underworld cities. But now, they have a chance to merge. Do you think the Taishan Magistrate's energy and King Yama's energy can stop them?!"

Hua Wuai was the one who told him those secrets.

In fact, he had speculated it after he comprehended the Samsara Universe's third divine ability.

"Since we can't control the reincarnation mechanisms, we'll just kill the person who controls them!"

A cruel look appeared in the eyes of King Yanluo and others.

A few King Yamas dashed toward Chu Kuangren with full power. In order to break through the interception of Equinox Tribe Leader and others, two King Yamas even burned their life essences!

"Chu Kuangren, go to hell!"

King Chujiang took the lead to break through the blockade of the crowd and dashed toward Chu Kuangren.

At that moment, an incomparably gorgeous Godly Pearl soared out of the sky, prompting fireworks of Immortal Sparks to spread into a huge defensive barrier. It was the Divine Genesis Source Orb!

With the emergence of the Godly Pearl, King Chujiang could not break through it for a while.

"D\*mn it. Samsara Pierce!"

A finger attack blasted out across the sky all of a sudden. It was King Yanluo who made the move!

Shortly after, the finger attack slammed onto the Godly Pearl Barrier and ripped a hole in it.

At that sight, King Chujiang took out a top-notch Arch Gilded Immortal Weapon before throwing it at the barrier. King Yanluo followed the suit and threw out an Arch Gilded Immortal Weapon too!

The two Arch Gilded Immortal Weapons bloomed with dazzling brilliance!

Immediately after, they exploded!

They actually wanted to kill Chu Kuangren with the self-destructing Arch Gilded Immortal Weapons!

Such a technique was a huge sacrifice.

After all, Arch Gilded Immortal Weapons were rare, and they would get rarer with every one of them used.

Boom! Boom!

Suddenly, a terrifying surge of energy erupted from the Godly Pearl Barrier and landed on the entire barrier. Following that, that blast of energy engulfed Chu Kuangren whole.

That scene shocked Fengdu's army.

"I'm afraid a Five Qi Realm Arch Gilded Immortal can't even escape the might of those self-destructing Arch Gilded Immortal Weapons!"

"It's too frightening. Chu Kuangren will be severely injured even if he doesn't die!"

Everyone stared at the Samsara Universe intently.

After the dust settled, a figure in white stood proudly with Immortal Sparks circulating him, lighting up the sky!

"Are these all the techniques you guys have come up with to stop me? How disappointing!" Chu Kuangren said.

He was unscathed, and his white robe was as clean as before!

"H-How is this possible?"

"Even if he is a body-strengthening cultivator, how could he have remained unscathed before the two self-destructing Arch Gilded Immortal Weapons?!"

Everyone could not believe it.

In fact, Chu Kuangren was injured, but no one knew he possessed the Indestructible Physique. The moment he was injured, the Indestructible Physique was activated to heal him.

"I don't believe this. Go to hell!" King Yanluo said with a gloomy expression.

"You have lost the chance to do so," said Chu Kuangren.

"What?"

King Yanluo suddenly widened his eyes in horror.

Soon, the Daoist laws that converged from the three great Underworld cities entered Chu Kuangren's Samsara Universe.

As the three Daoist laws converged, the entire Samsara Universe coverage expanded to a radius of millions of kilometers in the blink of an eye.

On top of that, the energy was still spreading, seemingly covering the entire Underworld!

"The three great reincarnation mechanisms have been rebuilt," Chu Kuangren said while carefully sensing the power in his body.

He felt that he was now invincible in the Underworld!
