Chapter 1561: Shi Tianxuan's Challenge, Caustic Melting Technique, Hundred Thousand Demonic Sword Diagram

1561 Shi Tianxuan's Challenge, Caustic Melting Technique, Hundred Thousand Demonic Sword Diagram

Fuxi's Guqin reappeared in the mortal world and lit up with Immortal Sparks among the chaos.

Chu Kuangren grinned upon seeing the scene. He had finally managed to collect another Source Supreme Treasure after obtaining the Cloud Nine Insignia for the first time.

"I never thought I'd see Fuxi's Guqin reappear in my lifetime."

Yu Zhi lamented while looking at the Fuxi's Guqin as if she had fulfilled a wish.

Following that, she looked at Chu Kuangren and said, "Brother Chu, your Guqin Dao cultivation is far better than mine, so you shall have this Fuxi's Guqin."

"Well..." Chu Kuangren hesitated.

At that moment, dozens of figures were approaching at a rapid speed.

Those people were all sky-prides and Prodigies who came after noticing the fluctuation of Fuxi's Guqin.

It was a Source Supreme Treasure that was very tempting.

"It's a guqin. With such powerful fluctuation, could it be the legendary and ancient Fuxi's Guqin?!"

"Probably!"

"Fuxi's Guqin is a Source Supreme Treasure, and to see it here, I sure am lucky."

"Not only Fuxi's Guqin, but the Fusang Tree is also here. There are two great treasures here!"

When everyone saw Fuxi's Guqin and the Fusang Tree, their eyes burned with desire.

Any one of those two treasures was enough to cause bloodshed in the outside world. Now that they had emerged together, one could only imagine how tempting it was.

"Wait. Look, who is that?!"

Suddenly, someone gasped upon noticing Chu Kuangren and Yu Zhi.

"It's him!"

"Chu Kuangren is here too!"

Everyone's spirits were dampened after noticing Chu Kuangren. After all, they knew his strength well.

They would have no chance to get Fuxi's Guqin if Chu Kuangren had his eyes on it.

Boom!

At that moment, an extremely terrifying aura mixed with an astonishing hint of destruction swept over from a distance!

Chu Kuangren could not help but narrow his eyes. "This is the Destructive Arch Gilded intent!"

Soon after, a figure approached boldly from not far away. He was holding a Godkiller Spear, and his black hair was dancing wildly in the wind, like a peerless Demon God.

Everyone was shocked, to say the least.

"It's him, Demon Kingdom Ruler, Shi Tianxuan!"

"His aura is very powerful! He has already broken through to the Arch Gilded Immortal Realm!"

"A good show is about to start."

A mischievous look appeared in everyone's eyes.

After Shi Tianxuan arrived, he looked at Chu Kuangren with a cold murderous intent in his eyes. "Chu Kuangren, want to fight me?!"

Chu Kuangren said indifferently while standing in the air, "I'm afraid you can't take my attack!"

"Very well. Let's try!"

Shi Tianxuan, who had broken through the Arch Gilded Immortal Realm, was extremely confident. Moreover, his control over the Godkiller Spear had improved to a higher level over the years.

With that, he roared and thrust his spear forward!

Boom!

As explosions erupted in the chaos, the terrifying Destructive Arch Gilded intent swept toward Chu Kuangren like a hurricane.

That blow was more powerful than an ordinary Arch Gilded Immortal, and it did not seem like Shi Tianxuan had just broken through.

"You seem to have improved a lot over the years."

Chu Kuangren smiled and casually unleashed a fist attack. At the same time, his Physical Body Arch Gilded Intent also erupted!

With a bang, the void exploded!

Soon, Chu Kuangren's fist attack shattered the destructiveness in the air!

"So what I heard is true. Your physical body has now evolved to have Arch Gilded intent!" Shi Tianxuan said.

He took a step forward and came in front of Chu Kuangren in an instant. Then, he waved his long spear violently like a torrential rain that almost destroyed and tore that particular space apart!

Seeing that, Chu Kuangren unsheathed the Descendant Self Sword at his waist!

The sword and spear clashed wildly in the air.

Bang, bang, bang!

In the blink of an eye, the two had exchanged no fewer than a hundred moves.

Yu Zhi and Cao Yun retreated to the side and had no intention of making a move. In their opinion, Chu Kuangren could deal with Shi Tianxuan without their help.

“Oh?”

Chu Kuangren, who was fighting with Shi Tianxuan, suddenly eeked.

He noticed that Shi Tianxuan’s spear technique was mixed with strange energy fluctuations, and the energy was quietly eroding his physical body.

It was penetrating his blood and flesh and was about to invade his bone marrow.

“Ha! Have you noticed it?”

Shi Tianxuan sneered while holding the long spear. “This is the Caustic Melting Technique, which I specially cultivated to deal with your physical body. I wonder how it feels!”

Chu Kuangren’s physical body had long been well-known in the Immortal World, so how could Shi Tianxuan and other Prodigies not prepare for it?

“You want to deal with my physical body with that technique? You guys have underestimated me.”

Suddenly, a flame soared into the sky from Chu Kuangren’s body!

The flame did not only contain the Phoenix’s Flame but also a blue physical body flame called the Drought Demon Flame!

According to ancient rumors, once the Drought Demon was released, a land that spread thousands of kilometers would be covered in flames!

What it meant was that the Drought Demon Flame was an extremely frightening physical body flame. When cultivated to the extreme, it could even burn down a galaxy.

With the help of both the Drought Demon Flame and Phoenix’s Flame, the toxins that invaded Chu Kuangren’s body were quickly burned into ashes and excreted from his body.

“Hmph!”

Shi Tianxuan snorted, but he did expect his move to be useless.

Hence, he waved his hand, and an ancient picture scroll flew out.

The picture scroll consisted of tens of thousands of black longswords.

“Hundred Thousand Demonic Sword Diagram!”

Shi Tianxuan formed a mysterious Daoist Art with his hand. Soon, the demonic swords in the sword diagram came alive and emitted a burst of sword chant!

In the next instance, the hundred thousand demonic swords dashed out of the sword diagram!

Chu Kuangren narrowed his eyes. "It is rumored that the ancestral Sword Demon of the Demonic Dao's Sword Demon Tribe once created a sword diagram containing a hundred thousand invisible sword qis. Once the sword qis were released, they could form a shocking sword formation. It seems that this diagram is the one mentioned. I see you've come prepared with a lot of good things."

"Chu Kuangren, do you think that's all I have? All of these demonic swords contain the Caustic Melting Poison. Can your physical body resist the poison and the sword formation?"

Shi Tianxuan sneered.

As he mobilized his thoughts, the hundred-thousand demonic swords swept toward Chu Kuangren with overwhelming power!

"To use a sword against the Green Leaf Sword Vision, how powerful are you really?"

A green sword ray flashed in Chu Kuangren's eyes.

In the next moment, the Green Leaf Sword Vision's divine ability, the Green Leaf Sword Ocean, erupted!

The dense sword qi spread out from him and hit the hundred thousand demonic swords around!

Soon, the green sword ray collided with the black demonic swords and interweaved into a sea of green and black sword qi. Before the sword qi, the chaotic currents in the air were crushed, and the space shattered!

"Blade of Zhou, Infinite Void!"

The Descendant Self Sword in Chu Kuangren's hand released hundreds of millions of Immortal Sparks while the Dao Proclamation Seals began to light up.

Countless Daoist patterns interweaved into a huge sword shadow that destroyed thousands of Daos!

Then, the sword shadow slashed across the sky!

Bang!

Thousands of sword qi shattered, and the sword landed on the sword diagram!

As a result, the sword diagram was blasted away, and the hundred thousand demonic swords scattered in all directions.

"So much for the Sword Demon Sword Formation. Or perhaps... Is this the most you can do?"

Chu Kuangren looked at Shi Tianxuan with disdain.

"Ha. Chu Kuangren, you're still so arrogant!"

A loud laugh echoed in the air. In the distance, a golden brilliance lit up the land as a figure approached proudly.

Chapter 1562: Xuanyuan's Successor of The Arch Gilded Immortal Realm, Long Xuan, Fighting Against The Three Prodigies Alone

1562 Xuanyuan's Successor of The Arch Gilded Immortal Realm, Long Xuan, Fighting Against The Three Prodigies Alone

"Chu Kuangren, you're still so arrogant!"

A loud laugh sounded.

Not far away, a burst of golden light erupted, and a man in a golden robe with a long golden sword hanging from his waist strode forward!

He exuded an extraordinary and noble aura like a high and mighty emperor.

Soon, a wave of Arch Gilded intent no weaker than Shi Tianxuan permeated from his body.

"Oh, it's the Xuanyuan's Successor!"

Upon seeing the person approaching, Chu Kuangren narrowed his eyes and revealed a mischievous look on his face.

"I'm not the only one. There's another person," said Xuanyuan's Successor.

Boom!

As soon as he said that, a domineering Dragon Poise swept out and shook the land in all directions!

The surrounding chaotic currents swirled and shattered into nothing!

That was when they saw a man in colorful scale armor striding forward. With every step he took, his Immortal's core would shake the void.

He was like an ancient and domineering dragon king, and his presence was shocking.

"It's Long Xuan, the one ranked first on the Immortal Ranking!" someone exclaimed when he recognized the person.

He was Long Xuan, the most powerful Prodigy in the Dragon Palace!

His arrival made the already extremely solemn atmosphere even worse.

"Chu Kuangren, long time no see!" Long Xuan gritted his teeth while staring at Chu Kuangren.

"Loser, you're right. We haven't met each other for a while." Chu Kuangren looked at Long Xuan and said calmly.

He could sense that the current Long Xuan possessed a powerful aura. Just like Shi Tianxuan and Xuanyuan's Successor, he had also broken through to the Arch Gilded Immortal Realm!

More importantly, he was even more powerful than both of them.

"Chu Kuangren, I must rid myself of the humiliation you gave me today!" Long Xuan said in a cold tone.

Then, a long golden saber emerged in his hand. The body of the saber was engraved with fine lines, and a murderous qi emanated from it.

On top of that, the Dragon Poise on the saber was even more frightening than that of Long Xuan!

It was the most top-notch Arch Gilded Immortal Weapon, which was not that far off compared to an Embodier Weapon.

“I’m giving you guys a chance to attack together!”

Chu Kuangren looked at the three Prodigies in front of him with great interest and felt the long-lost excitement buzzing in him.

One of the Prodigies in front of him was the Demon Kingdom Ruler, who held the Godkiller Spear, a Superb-grade Innate Source Supreme Treasure. Another one was Xuanyuan’s Successor, who held an Embodier Weapon, the Xuanyuan Sword, and the last person was a Peerless Prodigy, the Black Dragon of the Dragon Tribe’s subspecies. Any one of them could turn the outside world upside down and become the Prodigy of the era.

Yet, today, Chu Kuangren would have to face those three people at the same time.

Moreover, the fact that they were now Arch Gilded Immortals made Chu Kuangren even more excited, and his undefeatable heart fluttered.

Not far away, countless Prodigies and sky-prides began to show up to watch the conflict that was about to break out with solemn expressions.

“Can these three people defeat Chu Kuangren?”

“I have no idea. However, they are top-notch Prodigies who have become Arch Gilded Immortals. Perhaps they can defeat Chu Kuangren!”

“Come on. They must defeat Chu Kuangren!”

Many sky-prides and Prodigies watched the battle with anticipation.

Most of the people wanted Long Xuan and others to defeat Chu Kuangren because they did not want to be oppressed by Chu Kuangren for the rest of their lives.

“Chu Kuangren, we will end your path to Immortal. It’s time to come down off your high horse!” Shi Tianxuan said coldly.

He mobilized his thoughts, and the hundred thousand demonic swords soared into the sky again!

The chilly Demonic Dao sword qi circled in the air like it was about to attack at any time.

Xuanyuan’s Successor, on the other hand, remained indifferent. While holding the Xuanyuan Sword, he said coldly, “I stand by my word. I’ll kill you and get the Ultimate Human Emperor Technique! The Human Emperor’s fate will be mine!”

The Dragon Poise on Long Xuan’s body was majestic as he stood there with a long golden saber in his hand, and a blood-colored ray flashed in his eyes.

Further away, among the crowd, Shang Honghua was also attracted by Fuxi's Guqin. However, there was a strange look in her eyes when she saw the blood ray in Long Xuan's eyes. "That aura... It's the Evil Dragon Emperor Heart Scripture!"

The Evil Dragon Emperor Heart Scripture was a forbidden cultivation method in the Dragon Palace. The Ancient Golden Dragon once cultivated that technique to stabilize his status, but because of that, the Heart Demon Ashura Blood Dragon was born!

As Shang Honghua possessed the Ancient Golden Dragon and the Ashura Blood Dragon's power, she was very familiar with the Evil Dragon Emperor Heart Scripture's aura.

"I never thought that Long Xuan's hatred for the King would be so deep that he would sacrifice everything to cultivate the forbidden Secret Dragon Palace Scripture!" Shang Honghua mumbled.

"Attack!"

The battle had begun!

Shi Tianxuan made a move again by manipulating the hundred thousand demonic swords to attack Chu Kuangren. However, Chu Kuangren merely stood where he was while thousands of sword qi soared in the air and collided violently with the sword formation.

"Slash!" Xuanyuan's Successor grunted, and without saying another word, he shot out a surge of Xuanyuan Sword qi!

The golden sword qi filled the land and shook the universe!

Chu Kuangren formed a sword hand sign, and his Immortal's Core erupted with Golden Immortal Sparks. Then, he swiped his sword hand sign down to unleash the Blade of Zhou's Infinite Void!

When the two surges of sword qi collided with each other, Xuanyuan's Successor was forced back dozens of kilometers.

However, there were countless golden sword qis interweaved on his body, which isolated the Infinite Void's sword qi.

It was the Xuanyuan Celestial Sword!

Long Xuan made a move after Shi Tianxuan and Xuanyuan's successor.

As a Peerless Prodigy, his move was astonishing, and his momentum was much greater than the other two.

"Evil Dragon Emperor Heart, Evil Dragon Slash!"

As he slashed down with his saber, a ferocious black dragon gnawed toward Chu Kuangren with great speed, like it could devour everything in front of it.

That attack shattered the surrounding chaotic current.

"Empyrean Smash!"

Chu Kuangren slashed forward with the Descendant Self Sword in his hand, and his bold battle intent erupted. He was casting Battle Art technique by using his sword as a staff!

Soon, the gigantic sword shadow struck down at the black dragon, and the surrounding space exploded with a bang.

However, that was not the end. In fact, the attack of the three Prodigies had just begun!

Three Arch Gilded intents erupted one after another!

“Godkiller Spear, Burial of Gods!”

Shi Tianxuan thrust his spear forward and activated the Daoist law energy that was contained in the Godkiller Spear. The frightening spear ray shot out with momentum that could kill all gods and Buddhas in the sky!

Meanwhile, Xuanyuan’s Successor made a move too.

As he grunted, his Arch Gilded Intent also activated the Daoist law on the Xuanyuan Sword in his hand.

The golden sword qi filled the air, conjuring a scene of gods and Buddhas kneeling in the sky.

“Xuanyuan Sword Qi, All Gods Subjugation!”

The terrifying spear ray that could destroy everything and the domineering sword qi that shook everything in every direction attacked Chu Kuangren.

“Heh, good timing!” Chu Kuangren chuckled.

As soon as he said that, countless Immortal Sparks shot up into the sky, while the Yin Yang Arch Gilded intent and Samsara Arch Gilded intent activated.

The two energies gushed out and interweaved into an incomparably gorgeous Immortal Sparks Divine Light!

It was the Divine Yinyang Rejuvenation Light, Reincarnation Tribulation Light!

The two divine abilities merged into one and erupted with a bang, shattering the surrounding chaotic currents.

As the realm quaked, all directions were in shock!

The Divine Light, sword qi, and saber ray collided with each other, sending violent energies spreading outward wave after wave like a tide.

Having taken the brunt of the impact, Xuanyuan’s successor and Shi Tianxuan were sent flying backward.

However, Chu Kuangren merely stood in place and was as steady as a Godly Mountain!

Seeing that, Long Xuan raised his hand to attack again!

He waved the long saber in his hand, and countless blood saber rays shot out like endless gusts of wind.

“Divine Samsara Overworld!”

Chu Kuangren activated the Samsara Overworld, and the samsara energy shattered all saber rays like a turbulent wave hitting the shore.

“What techniques do you still have? Just cast them all.”

Chapter 1563: Who Said You Could Touch What’s Mine? The Soul Restricted Area’s Zi Yueming

1563 Who Said You Could Touch What’s Mine? The Soul Restricted Area’s Zi Yueming

“What abilities do you still have? Just cast them all.”

Chu Kuangren stood in the sky. His Yin Yang Arch Gilded intent and Samsara Arch Gilded intent shone brightly, illuminating every direction!

Su Youren’s pupils widened in astonishment when he saw that.

“To be able to comprehend two Arch Gilded intents, he’s amazing.”

“Is It because of the Yin Yang Duality Rites Immortal Physique and the Heavenly Samsara Physique?!”

“What a scary brat.”

As Long Xuan stared at Chu Kuangren and his Dragon Poise started to emanate outward, fine Black Dragon scale-like lines began to emerge on his forehead and arms.

Following that, a more powerful and domineering Dragon Poise flowed out.

“Black Dragon bloodline, activate!”

Long Xuan activated his Black Dragon bloodline, and coupled with the Evil Dragon Emperor Heart Scripture, his combat strength skyrocketed!

His power was comparable to someone with a late-stage Trinity Flower Realm.

Upon seeing that scene, Xuanyuan’s successor and Shi Tianxuan were dumbfounded. However, they immediately activated their respective trump cards.

“Godkiller State!”

The Godkiller Spear in Shi Tianxuan’s hand hummed before it released an energy fluctuation to boost his power.

Xuanyuan’s successor also activated the secret technique recorded in the Yellow Emperor Esoteric Scripture to increase his strength temporarily.

“Very well!”

“Do you think only you guys have the secret technique to improve your strength?”

Chu Kuangren smiled. Nine surges of dragon qi shot up into the sky, and dragon roars echoed across the realm.

Strange purple demonic patterns then emerged on his face while his battle intent shot up into the sky!

They were the Chiyou's Demonic Patterns, Battle Secret Technique!

Under the buffs of the secret technique, Chu Kuangren's aura rose steadily.

With a buzz, a long bronze halberd emerged in Chu Kuangren's hand. It was the Great Wasteland Halberd!

As he swung his halberd, the Great Wasteland Halberd Technique's Nine Heaven Cry was activated!

The three Prodigies also made their attacks against the halberd ray!

While the three parties were fighting fiercely, a stream of light flew across the battlefield and headed toward Fuxi's Guqin!

"Hmph!"

Chu Kuangren snorted. "Who said you could touch what's mine?!"

He stepped forward and wanted to stop the act!

However, how could Xuanyuan's successor and others sit back and watch him make a move? Hence, they cast all kinds of Immortal Techniques and divine abilities in an attempt to stop him.

"Black Annihilation Lotus, attack!"

A black light flashed across Chu Kuangren's body, and a black lotus gradually unfolded!

The black lotus was extremely mysterious and contained a monstrous power of destruction!

Accompanied by a loud bang, the impact of the Black Lotus Annihilating energy sent the three Prodigies flying backward, and their Immortal bodies were injured.

Meanwhile, the figure flying toward Fuxi's Guqin was near and was about to grab the Source Supreme Treasure in the next instance.

However, he felt something on his back at that moment, so he subconsciously turned around and unleashed a palm attack containing Immortal Sparks, which collided with a halberd ray.

The figure stepped back and looked at Chu Kuangren warily.

Chu Kuangren managed to observe the facial features of the person clearly. The person had a pair of sharp eyebrows, a pair of bright eyes that glowed with purple rays, and wore a silver robe with Daoist patterns interweaved in it, making him seem extraordinary and aristocratic.

"It's remarkable that you can block my halberd," said Chu Kuangren.

Lil Ai was activated to analyze the person's origin and aura.

"Ha! Who would dare to proclaim themselves as remarkable before the famous Chu Kuangren?" the silver-robed young man said with a smile.

While speaking, a purple ray flashed across his pair of purple eyes.

In an instant, there seemed to be purple flowers blooming in the void, filling the air with a strange fragrance.

The strange fragrance carried a surge of treacherous energy, and some sky-prides unconsciously fell into an illusion and could not extricate themselves from it.

Soon, their soul energy started weakening rapidly, and those who did not have a high enough cultivation level turned into walking dead.

"That energy is interesting. It's someone from the Soul Restricted Area."

Chu Kuangren could tell that the person in front of him was casting a soul technique, and Lil Ai had already analyzed the results.

"Alert! His Soul Realm is extremely high and has reached the Desolation Realm's threshold. He is good at soul cultivation technique..."

There was a strange look in the eyes of the silver-robed young man. "You recognize me. Yes, you're right. I'm from the Soul Restricted Area, and my name is... Zi Yueming!"

"I don't care what your name is. The only thing I'm concerned about is that you attacked me!"

Chu Kuangren slashed forward with his halberd once again.

At that moment, Long Xuan and others had already attacked Chu Kuangren from behind with killer moves!

"Hmph!"

Chu Kuangren snorted and struck the halberd in his hand in a different direction.

Meanwhile, some Prodigies and sky-prides with dull eyes started attacking Chu Kuangren as if they did not want their lives. That was because they had fallen into a misted illusion and could not extricate themselves from it.

"These people have all been manipulated by Zi Yueming!" Yu Zhi said solemnly, her eyes narrowing.

"This Soul Restricted Area's person possesses a mysterious technique!"

Cao Yun made a move and sent several sky-prides, who had fallen into a misted illusion, flying.

Unfortunately, many sky-prides had been manipulated, so they could only deal with some, while many were dashing toward Chu Kuangren.

"Chu Kuangren, these people don't have a grudge against you, and the forces behind them aren't weak. Do you want to kill them all?" Zi Yueming said with a faint smile.

Even though those sky-prides did not intend to be enemies with Chu Kuangren, they had been manipulated by Zi Yueming. However, if Chu Kuangren killed them, the forces behind them would definitely hold a grudge against him.

"Do I need to kill them?" Chu Kuangren asked indifferently.

As he stepped forward, a strange purple ray flashed across his eyes, and golden Immortal Consciousness swept out and spread from him like a tide!

His Immortal Consciousness energy spread in all directions and impacted the souls of those sky-prides!

Bang!

In an instant, all the sky-prides slowly awoke from the misty illusion.

They were a little confused at first. However, when they came back to their senses and realized that they were under someone's control, cold sweat started to form on their foreheads. Then, they looked at Chu Kuangren with gratitude.

"That Immortal Consciousness energy. It's Chu Kuangren!"

"I know this Immortal Consciousness energy. He declared war on the world with this Immortal Consciousness back then."

"I didn't expect him to use his Immortal Consciousness energy to save us!"

Zi Yueming narrowed his gaze, and his expression was grave. He never expected that Chu Kuangren could break his Soul Technique in that way.

"With that Immortal Consciousness energy, it means that your Soul Realm has reached the Desolation Realm!"

There were eight Soul Realms, namely Normal Soul, Immortal Soul, True Consciousness, Gilded Soul, Desolation, Requiescence, Chaos, and Transcendence!

Zi Yueming was now at Peak Gilded Soul and was still one step away from Desolation.

Unexpectedly, Chu Kuangren was already in the Desolation Realm one step earlier than him, who specialized in Soul Dao!

Chu Kuangren was far more unfathomable than rumored!

Zi Yueming wanted to use those sky-prides to stop Chu Kuangren and put him in a dilemma, but he managed to break through it and gain a lot of favors.

Looking at those sky-prides expressing their gratitude to Chu Kuangren, Zi Yueming felt extremely annoyed.

"Soul Restricted Area person, do you have a way to restrain him?" Long Xuan asked coldly.

Although it was his first time meeting Zi Yueming, he could cooperate with him as long as he was Chu Kuangren's enemy.

"Restrain Chu Kuangren? Sure!"

Zi Yueming nodded. Then, he formed a technique with his hand and began to activate a Soul Technique.

Chapter 1564: Green Tide In Your Heart, The Power of Fuxi's Guqin, An Extraordinary Aura

1564 Green Tide In Your Heart, The Power of Fuxi's Guqin, An Extraordinary Aura

As Zi Yueming formed a mysterious technique with his hand, strange soul energy fluctuations spread.

Soon, countless strange flowers started blooming one after another in the surrounding chaotic currents. The intense fragrance completely enveloped Chu Kuangren.

Although Chu Kuangren had reached the Desolation Realm, he still fell into an illusion.

"A Soul Technique, huh? Interesting."

Chu Kuangren smiled while looking at the illusion in front of him.

It was a beautifully landscaped and mesmerizing garden, as if there was no harm or war there but only peace, which gave people the urge to stay there for a lifetime.

However, in the next instance, gray mist spread from the garden. Then, countless bruised arms stretched out from the soil while zombies crawled out from the bottom of the garden.

The peaceful garden was soon shrouded in a terrifying atmosphere.

The illusion seemed unbelievably real, but Chu Kuangren knew that when he fell into the illusion, Long Xuan and Xuanyuan's successor were probably preparing a great move to kill him out there.

Even though his soul was in the Desolation Realm, he had never cultivated the Soul Technique. Therefore, he was inferior to those from the Soul Restricted Area who possessed all kinds of Soul Techniques.

It would take a few breaths' time to break through the illusion.

A few breaths... were sufficient for Xuanyuan's successor and others to unleash their Immortal Techniques and divine abilities a few times.

"You may be able to confuse one of my souls but not three at the same time!" Chu Kuangren smiled.

No one knew that he cultivated the Eighteen-Cycle Trinity Soul Refinement, so he possessed three souls instead of one!

All of his three souls were of the Desolation Realm!

Such an illusion could confuse one soul but not all three at the same time!

In the outside world, while strange flowers bloomed and a strange fragrance enveloped Chu Kuangren, Xuanyuan's Successor and others noticed the confusion in Chu Kuangren's eyes.

That was when they knew it was their chance!

"His soul has fallen into an illusion. Attack!" Zi Yueming said loudly with a pale face.

Only heaven knew how much he would have to pay to confuse a Desolation Realm's soul with his Peak Gilded Soul Realm.

"Attack! Quick!"

Shi Tianxuan and others seized the opportunity and attacked Chu Kuangren with almost all of their strength.

“Mountainous Imperialization!”

“Burial of Gods!”

“Evil Dragon Emperor Heart Scripture, Evil Dragon Slash!”

Three completely different Immortal Techniques and Arch Gilded intents erupted at the same time.

“Hah...”

A chuckle sounded.

Then, a black lotus bloomed slowly all over Chu Kuangren’s body. The power of the Black Annihilation Lotus, which carried a majestic Arch Gilded intent, appeared above the sky and shook the land in all directions!

Boom!

Several energies shook the land!

Having taken the brunt of the impact, the three Prodigies were sent flying backward.

The impact sent Zi Yueming flying back with blood spurting out of his mouth. His face was pale as he looked at Chu Kuangren in disbelief. “This is impossible. I bewitched your soul!”

“You bewitched nothing,” Chu Kuangren said without explaining much.

Following that, his figure flashed and arrived before Fuxi’s Guqin. He stretched his hand to touch the jade-like guqin’s body and felt a sense of intimacy.

He had refined three of the four guqins that made up the complete Fuxi’s Guqin.

Apart from Fuxi, there was probably no one in this universe who was more suitable to own that guqin than him.

“I have a tune. Would you guys like to listen to it?” Chu Kuangren asked.

Following a loud ‘zing’ sound, guqin music echoed in the sky and shook the universe!

Everyone could vaguely hear the sound of the sea.

“What’s going on? Why is there the sound of the sea here?”

“Something’s not right. It’s the guqin music!”

“A guqin cultivator delves within the Dao through guqin. The tune is intricate and beautiful, like all things in nature. It’s Chu Kuangren’s guqin music, and his guqin has also reached that level!”

A cultivator who knew the tactic was astonished.

After all, they had not heard much about how powerful Chu Kuangren’s Guqin Dao was.

"I once had the honor to play an ensemble with Brother Chu. His Guqin Dao has long reached the realm of perfection. It makes me wonder how powerful he will be with Fuxi's Guqin!"

Yu Zhi looked excited.

Shang Honghua chuckled among the crowd. "It has been a long time since I last heard the King play. However, can you guys take it?"

She looked at Xuanyuan's successor and others with a cold gaze.

"Hmph. How pretentious."

Long Xuan waved his golden dragon saber, and a flickering saber ray shot out.

Zing!

Another guqin music sounded, and this time, the sound of the sea was more obvious.

As guqin sound waves spread, the saber ray was frozen in mid-air and could not advance an inch!

Zing! Zing!

Chu Kuangren casually placed his fingers on the guqin and plucked the strings a few times as if he was getting himself familiar with Fuxi's Guqin. Following several zing sounds, the saber ray was smashed!

"Alright," said Chu Kuangren.

Long Xuan and others' expressions turned grim, and they dared not be careless.

However, no matter how alert they were, it was useless because Chu Kuangren had moved his fingers.

His slender and jade-like fingers danced on the strings on Fuxi's Guqin like butterflies flying gently and elegantly in the sky. However, the sharp zing of the guqin music was like a turbulent sea!

At that moment, Long Xuan and others felt like they were facing a boundless ocean that swept toward them with the force of lightning!

The guqin music spread in waves.

"This is bad!"

Terrified, Long Xuan and others frantically channeled their Immortal's Cores to resist the guqin music.

Unfortunately, their Immortal bodies had suffered a lot from the impact of the attack, and they could feel their qi and blood surging and their bones shattering!

"What guqin music is this?!"

"Damn. This is too terrifying!"

"Damn it!"

The surrounding cultivators were also astonished.

As the guqin music reverberated in the realm, they could seemingly see a boundless ocean with waves crashing on the shore!

It was the song, Green Tide In Your Heart!

As Chu Kuangren started to pluck the strings at a faster speed, the sea waves started to sound stronger than before!

Not only that but there was also Arch Gilded intent in the guqin music.

It was the Guqin Dao Arch Gilded intent!

With the buffs of the Arch Gilded intent, the guqin music became much stronger.

Zi Yueming was the first who could not take the tune anymore. Following his scream, his body exploded with a bang and turned into a mist of blood!

Although Long Xuan was protected by the Four Seas Scale Armor, his dragon body trembled under the vibration of the guqin music, and the blood in his body was churning. It was as if his body was about to explode.

“Run!”

Long Xuan wanted to leave immediately.

Unfortunately, countless silver-white Daoist patterns had already enveloped his surroundings, which meant Chu Kuangren had sealed that particular space!

“Damn it!”

The expressions of Long Xuan, Xuanyuan’s Successor, and Shi Tianxuan changed drastically.

Just when they were in despair, two energies suddenly swept over from a distance. One of them was a blood-colored fist energy, and within it was a blood-colored Kunpeng.

Another energy was a colorful ball of Immortal Spark, which contained the rejuvenating power.

Boom!

The blood-colored fist energy and rejuvenating power landed on the silver-white Daoist patterns before tearing a hole in it.

Chu Kuangren’s guqin music stopped with a zing.

Then, he looked toward the chaos in the distance. “It’s a strange but extraordinary aura.”

Chapter 1565: Killing Shi Tianxuan, Xue Kunpeng, Wahuang’s Successor

1565 Killing Shi Tianxuan, Xue Kunpeng, Wahuang’s Successor

When Chu Kuangren was about to kill the three Prodigies, a strange force suddenly invaded and broke his Spacetime Sealing Technique.

These two energies were extraordinary and comparable to Shi Tianxuan and others.

With that, he managed to guess who was it in an instant.

“Are these from those Peerless Prodigies who’ve been hiding in the dark?”

Chu Kuangren smiled, and a hint of interest appeared in his eyes.

On the other hand, Long Xuan, Shi Tianxuan, and Xuanyuan’s successor were delighted. It was as if they had met with their lifesaver, and they immediately rushed toward the hole in the Spacetime Seal.

“Do you think you can escape just like that?”

Chu Kuangren stepped forward and caught up with Shi Tianxuan.

Shi Tianxuan was dumbfounded as to why Chu Kuangren was after him instead of the other two.

“I’ve spared your lives several times, but I shall settle you this time,” Chu Kuangren said indifferently.

Then, a black lotus gradually unfolded in his hand and pressed downward!

A terrifying and boundless destructive power emanated from it, and contained within it was Destructive Arch Gilded intent!

Shi Tianxuan could feel that the Destructive Arch Gilded intent was very familiar and similar to his. “How could this be?!”

What he did not know was that Chu Kuangren could comprehend Yin Yang Arch Gilded intent when he fought against Hei Bai Wuchang in the Underworld. That was why Chu Kuangren could comprehend the Destructive Arch Gilded intent when fighting with him!

“Godkiller Spear, block him!”

As Shi Tianxuan thrust his spear forward, the two great treasures of Demonic Forefather Luo Hou experienced a shocking collision!

Bang!

The destructive aura spread out and sent Shi Tianxuan flying backward for hundreds of kilometers. His face turned pale, while the Godkiller Spear in his hand buzzed and trembled.

“Chu Kuangren, even if I die, I won’t let you get your hands on the Godkiller Spear!”

Shi Tianxuan knew that he might not be able to escape death today.

With a grunt, he held the Godkiller Spear backward. Before Chu Kuangren was before him, he channeled his demonic qi to its limit and struck forward with the spear!

Swish!

The long spear shot across the void like a meteor and flew into the distance. In the blink of an eye, it disappeared from everyone’s sight.

“You’re decisive.”

Without even glancing at the Godkiller Spear that flew out, Chu Kuangren came up to Shi Tianxuan, and the Black Annihilation Lotus came crashing down!

Shi Tianxuan was completely powerless after losing the Godkiller Spear, so upon collision, he turned into a mist of blood!

The Demon Kingdom Ruler had fallen!

Meanwhile, Long Xuan and Xuanyuan's successor were eager to escape. They did not even have the courage to turn around and take a look.

Just when Chu Kuangren was about to pursue them, the blood-colored fist energy and the colorful rejuvenating power swept in once again from further away!

With a grin, Chu Kuangren raised his hand to shatter the two energies.

"Interesting."

"Those energies are indeed from the Peerless Prodigies! Now I'm looking forward to meeting them."

With that, he ignored Long Xuan and Xuanyuan's successor.

Both of them were resilient, and their Daoist cores were difficult to destroy. He believed that they would show up in front of him again one day.

"Brother Chu, are you fine?"

Yu Zhi and Cao Yun approached Chu Kuangren.

"It's just a few Prodigies. They definitely don't pose a threat to me," said Chu Kuangren.

In fact, he was unharmed in this battle, and even his aura was abnormally stable. It was as if he did not exert any energy at all.

Upon hearing his words, the rest of the sky-prides looked at each other in doubt, not knowing what to say for a moment.

Just a few Prodigies?

Besides being top-notch and Peerless Prodigies, they had all broken through to the Arch Gilded Immortal Realm!

However, in Chu Kuangren's opinion, those Prodigies meant nothing to him.

Apart from Chu Kuangren, probably no one in the younger generation would dare to say such a thing.

"Brother Chu, are you happy with this guqin?" asked Yu Zhi.

Chu Kuangren nodded. "As expected of a Source Supreme Treasure. This guqin is extraordinary."

Fuxi's Guqin was a Pseudo Source Supreme Treasure and was incomparable to the Black Annihilation Lotus, which was an Innate Source Supreme Treasure. However, with Chu Kuangren's skill in Guqin Dao and the newly obtained guqin song, Green Tide In Your Heart, Fuxi's Guqin could unleash extraordinary power.

“My King.”

Shang Honghua approached Chu Kuangren, and beside her was Jing Hui, a Buddhist Prodigy.

“Brother Chu, I haven’t seen you for many years, and you’re still... ridiculously powerful,” Jing Hui lamented.

She had watched the battle from beginning to end and was extremely amazed by Chu Kuangren’s power.

She believed that even the most top-notch Prodigy in the Buddhist world would be inferior to Chu Kuangren.

“Honghua, Master Jing Hui, how are you doing?” Chu Kuangren greeted them. Then, he looked at Jing Hui and asked, “I wonder how Shi Ying is doing?”

“What else can happen to her? I think she is reflecting on her sins now,” Jing Hui said helplessly.

“Reflecting on her sins?”

Chu Kuangren furrowed his brows and was a little puzzled. “What mistake did she make?”

“She did nothing wrong. It was a choice she made. After she separated from you, she returned to the Euphoria Pure Land and began to reflect on her sins, meditating on the Buddha Heart.”

“I see.”

Chu Kuangren did not question further.

At that moment, Fu Yin, who was not far away, awoke from the state of comprehension.

She was protected by the Divine Genesis Source Orb, so the fierce battle fluctuation just now did not affect her.

However, she still had not gained insight into the Arch Gilded intent or broken through the Arch Gilded Immortal Realm.

“I’m so close, but I’m afraid I can’t break through this realm in such a short time,” Fu Yin said helplessly.

Gaining insights into the Arch Gilded intent was not easy. If it were, there would be more Arch Gilded Immortals in the Immortal World.

“Forget it. Let’s bring this Fusang Tree back to the academy. Then, we’ll have plenty of time to comprehend it in the future.”

Chu Kuangren waved his sleeves, uprooting the Fusang Tree, and threw it into his Enchanted Sleeve.

“Next, it’s time to incubate that thing.”

“What thing is it?”

Yu Zhi and others exchanged glances and wondered what was the thing that Chu Kuangren meant.

“Everyone, I’m afraid we’ll have to separate for some time,” said Chu Kuangren.

He wanted to find a place to incubate the Chaos Green Lotus Seed.

That was his greatest purpose for coming to the Chaos Fragment. No matter how many treasures there were here, they were nothing compared to the Chaos Green Lotus Seed in his body.

It was a higher-level treasure than the Black Annihilation Lotus.

Once it was incubated, the benefits to him would be endless.

...

In the meantime, Long Xuan and Xuanyuan's successor managed to escape. They ran for some distance and finally stopped when they saw that Chu Kuangren did not chase after them.

"We lost. Chu Kuangren has defeated us once again."

Xuanyuan's successor's face darkened. He was extremely dissatisfied.

"B*stard!"

Long Xuan was so furious that he punched a nearby mountain range.

With a bang, the mountain range exploded!

"A mountain range can't fight back."

An indifferent voice sounded, and a young man in a blood-colored robe walked out of the chaos.

"That aura... You were the one who blocked Chu Kuangren's attack just now! Who are you?" Long Xuan asked in a calm voice.

To have been able to save them from Chu Kuangren's hands, it was clear that the person's strength was extraordinary.

"Xue Kunpeng!" Xue Kunpeng said indifferently. Then, he looked in another direction, and a strange look appeared in his blood-colored eyes. "Sister, are you not showing yourself?"

"Hah."

Following a chuckle, a flash of brilliance circulated in the air, and a female Immortal in a long colorful dress approached gracefully.

The female Immortal had green waterfall-like hair, delicate facial features, and an extraordinarily noble aura.

"Hua Xi."

Xuanyuan's successor nodded while looking at the female Immortal, not at all surprised by the female Immortal's arrival.

She was Hua Xi, Wahuang's successor!

Chapter 1566: Zi Yue Changkong's Wrath, The Meeting of The Three Great Prodigies

1566 Zi Yue Changkong's Wrath, The Meeting of The Three Great Prodigies

"There's a massive fish in the Arctic Ocean named Kun. Its size can reach a few thousand kilometers, and it can transform into a bird named Peng. Its bird form's back can reach a few thousand kilometers as well. The legendary beast is known as Kun Peng."

Hua Xi looked at Xue Kunpeng and said, "Or should I call you, Kun Peng's subspecies, Xue Kunpeng?"

Xue Kunpeng chuckled. "Nice insights, Wahuang's successor."

"You have witnessed Chu Kuangren's strength as well. What are your thoughts?" Hua Xi asked Xue Kunpeng.

"He's indeed powerful, but there is definitely a way to rival him."

Xue Kunpeng seemed to have absolute confidence in himself. He looked at Hua Xi and said, "If you team up with me, we might have a way to rival him."

A strange look flashed in Hua Xi's beautiful eyes, and she said, "Unless it's absolutely necessary, I wouldn't want to fight him."

"Xuanyuan's successor almost died in his hands. As a Prodigy of the Human Emperor Sect, don't you feel insulted?"

"That's the battle between those with the fate of the Human Emperor. No one can be blamed for it," Hua Xi said.

Chu Kuangren was undoubtedly powerful, and although Hua Xi was confident, she wished not to face Chu Kuangren unless she was forced to.

She knew Chu Kuangren had many tricks under his sleeve. No one could guarantee that what Chu Kuangren had displayed up until this point was his full strength.

"Are you confident enough to fight Chu Kuangren?" Long Xuan asked Xue Kunpeng out of curiosity.

Xue Kunpeng nodded. "I do. He killed the Hellish Bird from the Subspecies Restricted Area, and for that, I cannot simply let it go. Besides..."

He paused and looked at Long Xuan. "Are you cultivating the Evil Dragon Emperor Heart Scripture?"

"What if I am?"

Long Xuan frowned. The Evil Dragon Emperor Heart Scripture was the forbidden scripture hidden deep inside the Dragon Palace. It had never been taught or leaked to an outsider, and only a handful of people heard of it. Hence, he was surprised that Xue Kungpeng had heard of it.

"I see. The Evil Dragon Emperor Heart Scripture is indeed unpredictable. Unfortunately, you can't display its full potential."

"Hmph. You sound like you know this cultivation technique very well."

"Of course."

Xue Kunpeng stood with his hand behind his back. "That's because the Evil Dragon Emperor Heart Scripture originates from the Subspecies Restricted Area!"

Upon learning the truth, Long Xuan's pupils widened in shock. "What?!"

"I said, the Evil Dragon Emperor Heart Scripture is from the Subspecies Restricted Area."

He then tossed a red token to Long Xuan. "If you want to defeat Chu Kuangren, go to the Subspecies Restricted Area. You will find your answers there."

Xue Kunpeng then disappeared in the form of a light stream.

Long Xuan held the token in his hand and pondered. The expression on his face shifted multiple times as thoughts flashed through his mind.

The Restricted Areas were one of the most dangerous places in the universe and barely anyone had made it back from the cursed place.

"I am the Black Dragon, a subspecies of the Dragon Tribe. Perhaps I can make it into the Subspecies Restricted Area," he thought as he gripped the token tightly.

"Goodbye."

Long Xuan parted ways with Xuanyuan's successor and Wahuang's successor, leaving them hovering in the air.

Xuanyuan's successor then said, "Fuxi's Guqin has appeared. Does he not have any plans to get his hands on it?"

The 'he' that he was referring to was another Human Emperor's successor from the Human Emperor Sect, who was also the most unpredictable one amongst them.

"He said a massive change would befall the world soon, and it would be more important than the Battle of the Heavenly Champions. Until then, he doesn't want to show himself to the public."

"A massive change? Hmph. He's always good at Deduction Dao, but it's too bad he never reveals the details to us. Selfish bastard."

Hua Xi did not argue either because she disliked that man as well.

"Let's go. The Chaos Fragment is huge. Maybe we can find more Opportunities of Fortune," Hua Xi said.

...

"Argh!"

Meanwhile, in a certain corner of the Chaos Fragment, a violet-eyed young man held the back of his head in pain as he screamed.

"My brother! My brother's presence is gone! Who killed my brother?!"

The violet-eyed young man shouted into the sky as his Immortal's Core energy erupted and shook the place.

Several other cultivators gathered upon him, and when they heard what he screamed, they looked at each other in shock.

“Ziyue Ming is dead?”

“Who killed the Young Master’s brother? That person must have a death wish!”

“Ziyue Ming was not weak, so the person who killed him must be a famed cultivator. Who could’ve done it?”

After Ziyue Changkong vented out his anger, he gradually regained his calm.

He channeled his secret technique, and mystical Daoist patterns started to appear around him, forming a mystic mirror in front of him.

“That’s the Soul Recall Technique!”

“I heard the Young Master and Ziyue Ming were twins, so their souls are somehow connected to each other. It seems he’s using this method to recall Ziyue Ming’s final moments.”

Images flashed in the mirror and finally stopped on a man in white surrounded by Immortal Sparks.

“It’s him!” someone cried out loud.

“He killed Ziyue Ming?! Who is he?” Ziyue Changkong said coldly into the mirror.

One of the cultivators who recognized the man in white said with a grim look on his face, “It’s Chu Kuangren!”

“Chu Kuangren?”

Ziyue Changrong was aware of the name as well. “So he’s the one who has recently made a name for himself in the Immortal World, huh? Chu Kuangren, you killed my brother! For that, I will make you pay!”

“Young Master, Chu Kuangren’s strength shouldn’t be underestimated. Please do not act rashly.”

“That’s right. He single-handedly shook the Immortal World, so he must have immeasurable strength. The two great Immortal Halls tried to target him multiple times, but I heard all the attempts failed.”

The others tried to persuade Ziyue Changkong to calm down.

It was then that a blood-colored stream of light flew in, followed by a voice saying, “What’s wrong? Your brother is dead, but you are too cowardly to avenge him?”

It was Xue Kunpeng.

He was searching for allies against Chu Kuangren, and since he heard Ziyue Changkong’s shout, he came to have a look.

“Xue Kunpeng, are you trying to provoke me?” Ziyue Changkong said coldly.

As a fellow Peerless Prodigy from the Restricted Area, he had heard of Xue Kunpeng before.

“Do I need to?” Xue Kunpeng teased.

“Hmph. You have beef with Chu Kuangren.”

“I do.”

“Guys, if you’re going up against Chu Kuangren, I have a few candidates that I would like to recommend.”

That was when another voice sounded.

A man in golden robes approached them.

He bore a dignified and prestigious demeanor like a superior emperor that struck awe in people’s hearts.

“You’re... the Eastern Sovereign Divine Daoist!”

Xue Kunpeng did his homework on the sky-prides and Prodigies of the Immortal World, which obviously included Eastern Sovereign Divine Daoist.

Eastern Sovereign Divine Daoist was the strongest Prodigy from the Eastern Sovereign Immortal Hall, the one who ruled over all nine Houses.

“Interesting. And your suggested candidates?”

“Long Xuan from Dragon Palace, Xuanyuan’s successor, Shi Tianxuan of the Demon Kingdom, and the Golden Crow Pseudo-Forefather.”

Xue Kunpeng scoffed when he heard the Eastern Sovereign Divine Daoist. “It seems like you’re lagging behind on updates. Long Xuan and Xuanyuan’s successor were just defeated, and they won’t be joining any battles soon. As for Shi Tianxuan, he’s dead. Golden Crow Pseudo-Forefather, however, might be a great assistance.”

Chapter 1567: Golden Crow Pseudo-Forefather Refused to Collaborate, Chaos Fragment’s Anomaly, An Egg

1567 Golden Crow Pseudo-Forefather Refused to Collaborate, Chaos Fragment’s Anomaly, An Egg

“Oh? When did that happen?” The Eastern Sovereign Divine Daoist asked in surprise.

“Just recently.”

“I see. In that case, you should go and look for the Golden Crow Pseudo-Forefather.”

“I will.”

One more Prodigy on his side means one more person against Chu Kuangren.

While the three great Peerless Prodigies discussed how to fight Chu Kuangren, Chu Kuangren himself had found a perfect spot to hatch the Chaos Green Lotus Seed.

He set up countless layers of restriction seals before he started to absorb the Chaos qi.

"Let's begin," Chu Kuangren muttered.

He took a deep breath and activated his Chaos Celestial Demon Physique with a single thought. The Chaos qi in the area resonated with the activation and gathered around him.

The gathering speed was so fast that it felt like a whale sucking in seawater.

After he absorbed the Chaos qi into his body, the Chaos Green Lotus Seed, which had countless Daoist patterns on its surface, absorbed them all.

As though the seed was aware of itself being fed, it released a strong hunger signal to Chu Kuangren and automatically absorbed the Chaos qi into itself.

Chu Kuangren did not even need to take care of it.

"Good boy. Take it slow." Chu Kuangren smiled.

As the seed absorbed the Chaos qi, a massive cocoon formed by the Chaos qi appeared around Chu Kuangren.

...

All the Prodigies were searching for Opportunities of Fortune in the Chaos Fragment to improve themselves.

Some lucky ones acquired rare treasures and broke through to the Arch Gilded Immortal Realm.

Meanwhile, on a certain mountain ridge, a woman in silver armor came out from the cave and emanated a strong battle intent.

All the cultivators around her were shocked when they sensed her battle intent.

"That's the Arch Gilded intent!"

"She's an Arch Gilded Immortal! And she's... Lan Yu!"

Lan Yu was a Prodigy who ranked high on the Immortal Ranking.

However, she was still some distance away from Long Xuan and the other Peerless Prodigies. Others thought it would take her longer to become an Arch Gilded Immortal, but her speed shocked everyone.

"It seems like there are a lot of Opportunities of Fortune in the Chaos Fragment."

"Yeah. If we search harder, we might find a chance to break through to the Arch Gilded Immortal Realm."

Many of them started to fantasize.

Lan Yu was savoring her newly gained energy as she said, "Radiant Arch Gilded intent. The Radiant Fruit was indeed marvelous."

She smiled, and that was when the jade talisman on her waist buzzed.

"Oh? It's Hong Hua and Fu Yin... Master is back?"

Lan Yu was so delighted by the message that her figure flashed and disappeared on the spot.

On the other hand, a blinding light burst up into the sky, and a substantial surge of Golden Crow Grand Solar energy expanded outward like the rising tide.

The Chaos qi was burnt to ashes upon contact.

A black golden crow with three legs emerged while basking in the fiery light. From him as the source, terrifying yokai qi spread outward and shook the realm.

The golden crow then shone brightly and transformed into a young man in golden robes.

The man had a smile on his face and a massive golden light ring behind his back. The dazzling Immortal Sparks, coupled with the scorching heat, shed its light across the land.

"I have broken through to the Arch Gilded Immortal Realm! In addition to the Source Supreme Treasure, the Golden Crow Ninth Shining Rings that I got from the chaos, I am now powerful enough to challenge an Arch Gilded Immortal of the late Trinity Flower realm!"

He was none other than the Golden Crow Pseudo-Forefather.

He had lived a prosperous decade since Chu Kuangren killed his original body. His consciousness was reborn from the Golden Crow Daoist embryo, and his cultivation and talents had improved greatly, which presented him with fame.

During his exploration in the Chaos Fragment, he found a Fire Dao Source Supreme Treasure. Using its power, he managed to gain insights into the Arch Gilded intent and break through to become an Arch Gilded Immortal.

Oh my, Golden Crow. You're really something."

A teasing voice sounded all of a sudden.

The Eastern Sovereign Divine Daoist came from behind with Ziyue Changkong and Xue Kunpeng.

When Golden Crow Pseudo-Forefather saw them, his eyes shrank in fear as he sensed an immense threat.

They were not just any cultivators!

"Who are you?" he asked.

The Golden Crow Nine Shining Rings shone and released a fire ring to protect himself.

"Why so defensive? I'm the Eastern Sovereign Divine Daoist, and I am here to invite you to join our plan."

"What plan?"

"Our plan against Chu Kuangren."

"Oh?"

The Golden Crow Pseudo-Forefather was intrigued, but he shook his head with a smile. "Excuse me. If it's against Chu Kuangren, I would have to pass."

He knew how ridiculously powerful Chu Kuangren was, and there had been no lacking of sky-prides bold enough to challenge him over the years.

Unfortunately, despite the numerous challenges, Chu Kuangren remained at the top, and those who challenged him already had molds growing around their tombstone.

He wanted to fight Chu Kuangren too, but without absolute confidence, he was not willing to take the risk.

"Afraid?" Xue Kunpeng scoffed.

"Your provocation is useless against me. If you want to deal with Chu Kuangren, you can go ahead on your own. I'll pass."

The Golden Crow Pseudo-Forefather wanted to leave, but then, a strange energy fluctuation came from further away.

"This energy fluctuation..."

The Eastern Sovereign Divine Daoist, Xue Kunpeng, and Ziyue Changkong sensed the strange energy fluctuation as well.

They exchanged a quick gaze and saw the doubts in each other's eyes.

Then, they sensed an anomaly happening further away.

The Chaos qi in the area seemed to be gathering in a single spot as if something was sucking all the Chaos qi.

"Could it be some rare treasures appearing?"

"How could something absorb this much Chaos qi in such a short amount of time? What is going on?"

"Let's go have a look."

The Eastern Sovereign Divine Daoist and company disregarded the Golden Crow Pseudo-Forefather and headed toward the anomaly.

In fact, not only them but the anomaly in the Chaos qi had also attracted the attention of many sky-prides and Prodigies.

Almost all of them headed toward the gathering point of the Chaos qi.

"Judging from the scale of this, there must be some rare supreme treasure!"

"Yeah. Could it be a top-notch Innate Source Supreme Treasure?"

"That would be great."

"Hmm. There are only so many Innate Source Supreme Treasures in the world."

Countless cultivators were curious and excited about the anomaly.

Some of the Immortal World's great ones sensed the anomaly inside the Chaos Fragment too.

"Could it really be some treasures?"

"That shouldn't be it. With its size, this Chaos Fragment shouldn't be able to produce such a powerful treasure."

"Could it be a treasure from the Innate Chaos period?"

"Stop joking around. Those treasures were already divided by the Celestial Demons before you even existed. How could such a small Chaos Fragment hold something like that?"

Despite the heated discussion, the great ones also had no idea what caused the anomaly in the Chaos Fragment.

Chaos was a special existence, which prevented cultivators' Immortal Consciousness from entering.

However, those curious and anxious to find out the answer took the risk and entered the Chaos Fragment themselves.

Several figures finally arrived at the source of the anomaly, and when they had a good look at it, they were even more confused than before.

"Is that an... egg?"

Chapter 1568: Chaos Demon God? Master Needs Help, Hurry!

1568 Chaos Demon God? Master Needs Help, Hurry!

When the sky-prides arrived at the source of the anomaly, they were confused because they saw an egg.

The egg floated in the middle of the Chaos and was absorbing all the surrounding Chaos qi.

"What's going on? Is the egg causing the anomaly?"

"This is strange."

"What is hidden inside the egg?"

The crowd was confused and baffled, but no one dared to act rashly.

Buzz!

Suddenly, sword qi swept across the realm, and a man in green wielding a bamboo cane approached through the air. He emanated a stern and sharp energy presence.

The crowd was shocked by the man's arrival.

"It's Ye Zhu!"

"The Green Leaf Sword Vision, Ye Zhu! He's here! Judging from his energy presence, could he have broken through into the Arch Gilded Immortal Realm?"

“He does have the Honorable Supreme Immortal Physique, after all, so it’s entirely possible.”

While the crowd engaged in a heated discussion, Ye Zhu carefully scanned the massive egg in the air. He was shocked.

Ye Zhu pondered “An egg? Legend has it that before the universe, there was Chaos, and many Celestial Demons were born from it. Moreover, the Daoist embryos of the Celestial Demons are like eggs. Could this be one of them?”

The others who heard Ye Zhu were shocked.

Chaos Celestial Demons?

Such existence was beyond everyone’s comprehension.

When the universe first took form and the Great Dao had yet to form, those existences roamed the Chaos. Without the Great Dao’s suppression, they were able to master all kinds of Dao innately.

In other words, the Chaos Celestial Demons were natural Embodiers!

It was terrifying to even think about it!

“Damn! Could the egg contain an Embodier Chaos Celestial Demon?”

“No way. Chaos has been wiped out since the Great Dao formed, and the Innate Chaos Celestial Demons are all died. How could they have survived that?”

“Everything has an exception. Maybe this is one of the exceptions that survived.”

The heated discussion continued, but none was able to reach a conclusion.

“In my opinion, the egg should be holding an Innate Source Supreme Treasure,” someone said.

His words sounded more convincing than the groundless guesses.

Compared to the Chaos Celestial Demons, whom no one had seen before, the odds of the egg holding an Innate Source Supreme Treasure were a lot higher.

“Yeah. It’s possible. Some Innate Source Supreme Treasure has absorbed sufficient Chaos qi before they were born, so this one should be one of them.”

“This is a lot more believable than a Chaos Celestial Demon.”

“I agree.”

“But the Source Supreme Treasure is absorbing Chaos qi. If we were to break it to retrieve the treasure, we might accidentally damage the treasure.”

At that moment, the Eastern Sovereign Divine Daoist and the others had arrived.

As they looked at the massive egg, they were intrigued as well.

“Let’s just break the egg first and take the treasure out. The Innate Source Supreme Treasure won’t break that easily. Do first, think later,” Xue Kunpeng said.

He quickly threw a punch forward.

The crimson fist energy turned into the shape of the mythical beast, Kun Peng, and crashed onto the massive egg.

However, before the fist energy could land, restriction seals appeared and stopped it.

Bang! Bang!

The fish energy crashed on the restriction seals and caused a series of explosions.

“Restriction seals? Those are not natural restriction seals. Someone must have set them up. Is someone protecting the egg?” Xue Kunpeng voiced his concerns in shock.

Lan Yu had also arrived at the scene, and when she saw the restriction seals, her eyes widened in shock.

“Those restriction seals...”

Others might not know, but Lan Yu had stayed by Chu Kuangren’s side for the longest time and knew at first glance that those were his restriction seals.

“Could Master be inside the massive egg? If he is, he must be doing something important. I can’t let others interrupt him!”

A hint of resolution flashed in Lan Yu’s eyes.

She glanced over the crowd and was aware of the overwhelming numbers. She alone could not stop everyone at the scene, so she pulled her jade talisman out and sent the message out.

“Master needs help. Come over immediately.”

The message was sent to everyone inside the Chaos Fragment who were Chu Kuangren’s friends or acquaintances.

“What? Brother Chu needs help? Am I seeing this right?”

Yu Zhi’s beautiful eyes flickered. She was shocked to see the message.

The invincible and unchallenged Chu Kuangren needed help?

However, on second thought, Yu Zhi felt a little happy.

“Ha! Since Brother Chu needs my help, I must do the best I can.”

Yu Zhi smiled and disappeared into a stream of light.

Somewhere in the Chaos Fragment, where blazing firelight scorched the sky, a beautiful Godly Phoenix extended its wings and cried into the sky. Phoenix Flames burst out everywhere and blasted all the cultivators away.

Then, the Godly Phoenix’s eyes widened in surprise.

“Brother needs help? What’s going on?”

Chu Hong was slightly surprised, but she disregarded the other cultivators and flew away in the form of a blazing firelight.

“My King, wait for me!”

Jue Wushen came out from the Chaos qi, leaving a trail of rampant Celestial Demon qi that shook the universe.

His surroundings were reduced to nothing.

Behind him were cultivators from the Celestial Demon Tribe.

Back at where the massive egg was, Xue Kunpeng stared at the massive egg strangely. He grunted and said, “I don’t care who set up the restriction seals. I am getting the treasure inside!”

Then, he raised his fist, and rampant and violent Arch Gilded intent circulated his fingers.

Just when he was about to throw another punch, dazzling Immortal Sparks exploded from the Chaos and blanketed the field.

The grayish environment looked as bright as the morning sky.

The crowd turned to the source of the light, only to see a woman in silver armor and wings on her back approaching in a dignified manner. Her silver hair and beautiful looks granted her an unchallenged demeanor.

She was like a superior war goddess who had descended on the battlefield.

Many of the cultivators were dumbfounded.

“She’s so beautiful!”

“That’s Lan Yu!”

“One of the top on the Immortal Ranking and Chu Kuangren’s follower!”

“Yes, that’s her.”

Lan Yu had made a reputation for herself in the Immortal World for her own strength and also as Chu Kuangren’s follower. Hence, although she was no match for Peerless Prodigies like Long Xuan, she was still a reputable figure.

Her talent was also considered above average, and her Ultimate Radiant War Immortal Physique that rivaled the Honorable Supreme Immortal Physique was not to be taken lightly.

“Who is this woman?”

It was Xue Kunpeng’s first time meeting Lan Yu, and for some reason, his heart pounded.

However, when he heard from the crowd that Lan Yu was Chu Kuangren’s follower, he felt disheartened.

Oh, Chu Kuangren!

The name had been annoying him repeatedly, and it only strengthened his determination to eliminate Chu Kuangren!

Chapter 1569: A Golden Opportunity, What Are You Waiting For?

1569 A Golden Opportunity, What Are You Waiting For?

“You’re not allowed to lay a finger on the egg!” Lan Yu said, and her words were shocking to everyone.

All of them looked at her, baffled. They had no idea what she wanted to do, but since the majority of the sky-prides and Prodigies wanted the treasure inside, Lan Yu was making herself a common enemy.

She was alone, and even if she was an Arch Gilded Immortal, what could she possibly do against the overwhelming numbers?

“We’re not allowed to lay a finger on the egg? Who do you think you are?” the Eastern Sovereign Divine Daoist said coldly.

As one of the masterminds behind the Immortal Ranking, the Eastern Sovereign Divine Daoist had heard of Lan Yu but never took her seriously.

“It’s fine. I want to hear what she has to say,” Xue Kunpeng said with a wave of his hand.

He looked at Lan Yu and said with a grin, “Woman, I’ll give you a chance to explain yourself. Why can’t I touch the egg?”

The crowd instantly knew Xue Kunpeng had his eyes on Lan Yu.

However, it was understandable. Lan Yu was a talented Prodigy, powerful, beautiful, and could rival Yu Zhi in terms of beauty.

She was known as a goddess by many, so it was not surprising that Xue Kunpeng had fallen for her.

“Even heroes have a weakness for the charms of a beautiful woman. It has always been like that.”

“Hmph. If Chu Kuangren knows about this, I wonder what he would feel?”

“What’s he going to do? Why can’t others admire her?”

Lan Yu frowned. Knowing what Xue Kunpeng was thinking, she grunted and continued, “If the massive egg holds an Innate Source Supreme Treasure, I would like to know who it belongs to. It shouldn’t be yours just because you say you want it, right? Why don’t you ask the others?”

The others immediately exchanged a quick glance.

They thought of the problem before but were not in a hurry to solve it. However, now that Lan Yu had brought the table under the spotlight, they had to solve that problem first.

Xue Kunpeng laughed. “Hahaha. Good question. There’s only one treasure here, so of course, it belongs to the strongest. Who else dares to challenge me as the strongest?”

His arrogant words infuriated many of the sky-prides and Prodigies.

“You really are arrogant.”

“Yeah. Does he really think he can seize the treasure for himself?”

“Does he really think he’s Chu Kuangren?”

The cultivators grunted and voiced their dissatisfaction.

Xue Kunpeng heard their complaints, and his eyes gleamed red as he stepped forward. Then, his figure flashed and appeared before that one particular cultivator.

He was so fast that almost no one at the scene could detect him. He said with killing intent, “Are you saying that I’m weaker than Chu Kuangren?”

The cultivator quivered under his intense killing intent.

However, Xue Kunpeng punched the cultivator mercilessly and took his life on the spot.

“Who else dares to say I’m weaker than Chu Kuangren?”

Xue Kunpeng’s frosty gaze scanned over everyone at the scene. Crimson Immortal Sparks circulated around him and shook the realm.

The intense and rampant Arch Gilded intent swept across the field and struck fear in people’s hearts.

Xue Kunpeng was strong, and only less than a handful at the scene could rival him.

Even the Eastern Sovereign Divine Daoist and the Golden Crow Pseudo-Forefather were slightly deterred.

“Fortunately, he’s an ally,” the Eastern Sovereign Divine Daoist thought.

Xue Kunpeng grunted at the silent crowd.

Then, he turned to Lan Yu. “Woman, you have one chance. Bow to me, and I can share the treasure with you once I get my hands on it.”

“Are you dreaming?” Lan Yu said.

“I rarely admire a woman, but it doesn’t mean you can use it against me and insult me.”

“To me, you’re simply daydreaming, and you must be out of your mind.”

“How audacious!”

Xue Kunpeng grunted. As he raised his fist, his crimson yokai qi burst forward in the shape of a Kun Peng.

Lan Yu stood firm without any intention of dodging.

If she dodged, the fist energy would surely hit the restriction seals or even the egg behind her.

“Heavenly God Ray!”

Lan Yu fired a dazzling beam at the fist energy.

The moment the two energy collided, a loud explosion went off in the void.

Lan Yu, having been blasted more than a dozen meters backward, stared at Xue Kunpeng with a grim expression.

As the Peerless Prodigy of the Subspecies Restricted Area, Xue Kunpeng was indeed powerful.

Even though Lan Yu had broken through to become an Arch Gilded Immortal, she was still not Xue Kunpeng's match.

"Oh, you're protecting the egg behind you."

Xue Kunpeng narrowed his eyes in suspicion when he learned what Lan Yu was trying to do.

The Eastern Sovereign Divine Daoist scanned over the field and pondered. Then, he chuckled and said, "I don't see Chu Kuangren anywhere here. If an Innate Source Supreme Treasure appears, he ought to be here. Besides, the restriction seal on the egg is manmade, and judging from your actions, I believe Chu Kuangren is inside the egg!"

His words made the crowd tumultuous.

"What? Chu Kuangren is inside the egg? What's going on?"

"Wasn't it the Innate Source Supreme Treasure? How did it become Chu Kuangren?"

"Something is not right."

"I got it! Chu Kuangren must be cultivating a technique or refining some treasures. Otherwise, he wouldn't have attracted this much attention."

The Eastern Sovereign Divine Daoist's gaze turned frosty. "I don't care what Chu Kuangren is doing inside. Be it cultivating or refining, we cannot let him succeed. He would only be stronger then, and it will be harder for us to deal with him. Since Chu Kuangren can't do anything, now is a good chance for us to take him down!"

If Chu Kuangren could attack, he would have done it already.

Chu Kuangren was nowhere to be seen until now, so it was obvious that he could not do anything at the moment. The discovery put a delighted smile on the Eastern Sovereign Divine Daoist face.

It was a golden opportunity!

Even the Golden Crow Pseudo-Forefather, who tried to be as careful and calm against Chu Kuangren, was moved by the suggestion.

"Golden Crow Pseudo-Forefather, what are you waiting for?!"

The Eastern Sovereign Divine Daoist shouted, "Are you planning to live under Chu Kuangren's shadow for the rest of your life?"

His words made the Golden Crow Pseudo-Forefather regret his actions even more.

If the attack could succeed, that would be great, but what if it failed?

Would he be able to escape alive?

The Eastern Sovereign Divine Daoist disregarded the Golden Crow Pseudo-Forefather, who was in a trance, and looked at the massive egg coldly.

Now!

He attacked without a second thought.

As the one who ruled over the nine houses, his first attack already contained terrifying power. Golden Immortal Sparks exploded, and his power attempted to crush Lan Yu and the egg crashed downward like the sky was falling.

It was the Emperor Dao!

“No!”

Lan Yu’s expression changed. She wanted to stop the attack, but Xue Kunpeng stopped her with his speed. He stood in front of Lan Yu and threw another crimson fist at her.

Bang!

Lan Yu managed to activate a layer of Immortal’s Core energy on her chest plate to protect herself, but she was still hit by the fist. She spat out a mouthful of blood, and her face looked pale.

However, she quickly turned around to the restriction seals.

Fortunately, someone else had blocked the Eastern Sovereign Divine Daoist’s attack.

Unparalleled After Ten Consecutive Draws

Chapter 1570: Emperor Avatar, Immortal Destruction Sword Qi, Reinforcement Arrives

1570 Emperor Avatar, Immortal Destruction Sword Qi, Reinforcement Arrives

The domineering golden Immortal Sparks swept across the field and attacked the egg.

The attack felt like it was from a superior emperor that could judge one’s life and death with matchless power!

It was from the Eastern Sovereign Divine Daoist, the one who ruled over the Nine Houses!

Buzz!

At that moment, the void trembled. As heaven and earth shook, a green sword shadow shot up to the sky like it could slash stars.

The sword shadow clashed with the Eastern Sovereign energy, destroying the void around them and causing stray energy streams to splatter all over.

“Oh? Ye Zhu of the Green Leaf Sword Vision.”

The Eastern Sovereign Divine Daoist looked at Ye Zhu with a hint of frostiness in his eyes.

Ye Zhu was a close acquaintance of Chu Kuangren.

In his green robes, he stood firm in front of the massive egg. His bamboo sword had Immortal Sparks circulating its blade, and its stern sword aura felt like it could tear the void apart.

"Ye Zhu, I didn't expect you to fight me because of Chu Kuangren," the Eastern Sovereign Divine Daoist stared at Ye Zhu, and his aura spread forward as though the sky was crashing down on Ye Zhu.

Ye Zhu remained calm as he stood firm on his spot. He said with a smile, "It's not easy to have a friend that knows you well, and fighting for such a friend is my honor."

"Then, you shall die!"

The Eastern Sovereign Divine Daoist skipped the chatter and attacked with the rampant Eastern Sovereign Immortal's Core energy, which already contained a vast Emperor Arch Gilded Intent.

"I've always wanted to spar with the Eastern Sovereign Immortal Hall," Ye Zhu said with a smile.

He gripped his bamboo sword tightly, and a green sword ray swirled in his eyes as he channeled the Green Leaf Sword Vision to its limit.

Bang!

Endless sword qi gushed out from his body and clashed with the Eastern Sovereign Immortal's Core energy.

"Eastern Sovereign Sundown!"

The Eastern Sovereign Divine Daoist channeled his Immortal's Core energy and formed a massive sun to hurl it at Ye Zhu.

"Green Leaf Sword Ocean!"

Ye Zhu activated his divine ability, and countless sword qi formed a brilliant green ocean to drown the crashing sun.

"Not bad for an Honorable Supreme Immortal Physique host, but you're no match for me."

As a Peerless Prodigy, the Eastern Sovereign Divine Daoist was naturally stronger than others. He scoffed and summoned the avatar of an emperor behind him that was circulating Immortal Sparks.

The avatar was overflowing with Immortal Sparks and shedding its brilliance over the chaos.

"What a terrifying avatar!"

"As expected of the strongest Prodigy from the Eastern Sovereign Immortal Hall! His power is unusual!"

Some of the sky-prides and Prodigies were in awe but were deterred when they saw the avatar. They were afraid they would be caught by the stray energy streams.

Even Ye Zhu reacted grimly toward the avatar. "If that's the case, I will show you my trump card!"

The bamboo sword in his hand buzzed. Then, a terrifying sword aura spread outward from him and formed a massively long and terrifying picture scroll.

On the picture scroll, four swords were floating in the air with countless Gods and deities tied in between each sword. In the end, the swords slaughtered each and every one of them.

In the blink of an eye, Gods and deities fell from the sky as though it was raining.

“Immortal Destruction Sword Qi!?”

The Eastern Sovereign Divine Daoist’s eyes widened in shock, but what was even rarer was seeing the expression on his face turn grave.

The Immortal World had something called the Twenty-Four Sword Dao Techniques, and the top four were all Embodier techniques.

The fourth was the Dugu Sword Art, the third was the Blade of Zhou, the second was the Xuanyuan Sword Qi, and the first would be the Immortal Destruction Sword Qi!

Legend had it that the Heavenly Grandmaster once had four top-tier Innate Source Supreme Treasures known as the Four Immortal Destruction Swords. The four swords were to form the absolute Immortal Destruction Sword Formation, also known as the most lethal formation in the universe.

It was even stronger than the Immortal Hall’s Heavenly Celestial Mega Formation!

The Immortal Destruction Sword Qi was created by a certain great one through observing the Immortal Destruction Sword Formation.

“I didn’t expect you to master the Immortal Destruction Sword Qi. What a surprise,” the Eastern Sovereign Divine Daoist said.

After that, he channeled his Immortal’s Core energy to the limit and used his avatar to unleash a palm strike at Ye Zhu.

Ye Zhu countered with a slash of his sword.

Bang!

The matchless sword qi and the avatar’s hand collided, causing a massive explosion that tore the void apart.

Both Ye Zhu and the Eastern Sovereign Divine Daoist were forced backward.

However, Ye Zhu’s face looked rather pale after the clash. He had just mastered the sword qi a while ago and had yet to fully control it. In addition to his lack of control, he was using it against a powerful enemy like the Eastern Sovereign Divine Daoist.

“I shall see how many strikes you can withstand!” the Eastern Sovereign Divine Daoist grunted.

Then, he said to the others, “Eastern Sky Divine Daoist, you guys attack the egg and eliminate Chu Kuangren!”

“Will do!”

There were many sky-prides and Prodigies at the scene, including the Divine Daoists from the Immortal Hall and many other Prodigies who resented Chu Kuangren, such as the Green-Eyed Bull Demon from

the Subspecies Restricted Area, the sky-prides from Kunlun Immortal Hall's Four Divisions, Zhuanxu's successor from the Human Emperor Sect, and so on.

"Haha! Lan Yu, Chu Kuangren will die today! I will give you one more chance to bow to me. How about that?" Xue Kunpeng said to Lan Yu.

"The answer is the same. You must be daydreaming, and you must have lost your mind," Lan Yu said coldly.

She swung her staff forward and prepared for the second round of attack.

She might look valiant and brave, but deep down, her heart was pounding wildly.

Chu Kuangren's restriction seals were powerful, but under the relentless attacks from the Eastern Sky Divine Daoist and the others, it would not last long.

"You are really stubborn."

Xue Kunpeng looked at Lan Yu with a cold gaze. "If I can't get you, I will destroy you!"

He grunted and threw another punch at Lan Yu.

The crimson fist energy carried a rampant force forward, leaving a trail of blood in its wake.

Lan Yu shouted loudly as she channeled the divine ability of her Immortal Physique. Her holy energy rumbled and formed a massive galactic river that blasted toward the fist energy.

The clash sent Lan Yu flying away. Her Immortal body hit the ground, and blood spewed from her mouth.

"Die!"

Xue Kunpeng grunted and threw another punch at her.

Before the fist energy could hit Lan Yu, a blazing firelight flew in from further away!

It was the golden-red Phoenix Flame and two more dragon shadows of red and gold!

When the Phoenix Flame and dragon shadows collided with the fist energy, the shockwave from the collision sent Lan Yu flying away once more.

Fortunately, someone caught her from the back.

"You guys are finally here! Cough..."

Lan Yu coughed, and blood trickled from the edge of her mouth. However, her lips curled into a relieving smile.

"We're just in time," Shang Honhua said with a smile and the Crimson Dragon Lance in hand. She glanced at Xue Kunpeng ferociously and said, "Is he the one who is trying to harm the King?"

"Hmph. Who does he think he is, trying to hurt my brother? What a joke," Chu Hong said with her arms crossed.

She stared at Xue Kunpeng and asked, "Yokai, which tribe are you from?"

Xue Kunpeng did not answer. Instead, he grunted and said, "Two ants who are not even Arch Gilded Immortals, how dare you stop my attack with tricks and then have the audacity to raise your voice against me? You two are not my match!"

"If they aren't, what about me?"

A powerful voice echoed in the void.

A figure in white came from the sky with a powerful Celestial Demon qi that shook every direction.

It was Jue Wushen of the Celestial Demon Tribe!

After the battle in the Underworld, Chu Kuangren sent Jue Wushen and the others back to the Living World first.

Hence, he had the chance to explore the Chaos Fragment longer than others. Now, he had already broken through to the Arch Gilded Immortal Realm, and the Void Arch Gilded Intent was rumbling from his hand.

Even Xue Kunpeng felt challenged.
