#### Chapter 1631: Young Master of Different Tribes, Lan Haifang, I Can Give It To You As Well

1631 Young Master of Different Tribes, Lan Haifang, I Can Give It To You As Well

Chu Kuangren noticed the unusual reaction on Ye Luosha's face. With Ziyue Changkong's memories, he knew Ye Luosha was an evil ghoul from the Blue Ocean Eighteen Hell.

He sighed and said, "Why are they people who like to trample over the dead souls? As the Ghost Emperor, it really gives me a headache."

The Dead Soul Ocean in the Nether Abyss Blood Ocean and the Blue Ocean Eighteen Hell are the same. All of them disrespected the dead souls as if the Ghost Emperor did not exist.

Perhaps it was because he had just taken up the position recently.

"Let's go meet the young master of Blue Ocean," Chu Kuangren said.

He veiled his face with a layer of light, and when it faded, a brand new handsome look appeared.

Chu Kuangren created that face using the base of his own features and the technique used was one of Ziyue Changkong's illusory techniques.

With his soul realm, even the Blue Ocean Young Master could not see through the deception.

"Ziyue Changkong's body was destroyed, and that's no secret. Since I can't meet them using my own face as well, this will have to do."

Even though he created that face with the least preparation, he edited it from his original face, which was already handsome enough. In addition to his transcendental presence, it was more than enough to overshadow other men.

There was a beautiful sea of roses located inside the Blue Ocean Territory.

Multiple pairs of young men and women gathered together, viewing flowers, drinking, and chatting.

"I heard Ziyue Changkong's body was destroyed by Chu Kuangren. Lil' Blue Ocean, do you think he still has the 'face' to accept your invitation?" joked a man in golden robes.

The man was the young master of the Yellow Sand Tribe, who had a crush on Lan Haifang.

Unfortunately, the lady loved only Ziyue Changkong, hence the rivalry and hostility between the Violet Moon Tribe and Yellow Sand Tribe.

However, he finally had the chance to ridicule Ziyue Changkong, and he would never let it slip.

Lan Haifang furrowed his brows, unhappy with what she heard. "It's normal for one to lose and win on the battlefield. I believe Brother Changkong isn't someone who will be defeated that easily."

"Yeah, but it's also embarrassing," the Yellow Sand Young Master ridiculed.

"So, it isn't embarrassing to talk behind people's backs?" a cold voice sounded.

The group turned around and saw a young man in violet robes coming over with two Arch Gilded Ghost Immortals.

The young man had glamorous violet robes, a handsome face, and a transcendental presence, as if he was the Immortal King reincarnate.

His arrival turned heads.

The group frowned at the unfamiliar face with an unusual energy presence.

“Who are you?” Yellow Sand Young Master asked coldly.

“You talk behind my back, but you don’t know who I am?”

Chu Kuangren grunted. His eyes glimmered in violet light, which was a unique trait of the Violet Moon Tribe.

Unlike the Violet Eye clan, the Violet Eye of the Violet Moon Tribe was much stronger.

Upon sensing the Violet Eye’s presence, Yellow Sand Young Master and the others were surprised.

“You’re Ziyue Changkong?”

Surprised flashed in Lan Haifang’s eyes. “Brother Changkong, have you succeeded in taking someone else’s body?!”

“I have.” Chu Kuangren nodded with a faint smile.

In his memories, Ziyue Changkong would only smile at Lan Haifang, and it was a trait that he chose to stay loyal to the character.

Lan Haifang sized up Chu Kuangren from top to bottom. The more she looked at him, the happier she got.

The man did not only look better than Ziyue Changkong, but his transcendental presence surpassed even the old body.

Was he really Ziyue Changkong, the Brother Changkong she knew?

“Brother Changkong, you’ve changed so much!”

“It’s no doubt that my looks will change after I’ve taken someone else’s body. What’s wrong? Don’t you like it?” Chu Kuangren said with a smile.

Lan Haifang shook her head. “I like it as long as it’s you. I like the new you even more.”

He looked better and bore a better temperament.

‘It might be insulting to Brother Changkong, but his new look looks so much better than the old one,’ Lan Haifang thought.

“Ziyue Changkong, I thought you locked yourself up in your house after you were defeated. Who would have thought that you got a new body so fast?” The Yellow Sand Young Master continued to ridicule and gloat at Ziyue Changkong’s defeat.

Unfortunately, it was Ziyue Changkong's defeat, not Chu Kuangren's.

Chu Kuangren was not bothered at all. "Winning and losing are common on the battlefield. If I remain defeated, I'm not Ziyue Changkong."

"Great. This is how all Prodigies of the Soul Restricted Area should be," said another young man.

The man was the Azure Heaven Young Master. The Greenlands Young Master and the Orange Wood Young Master were present as well.

Other than the Crimson Star Young Master, all young masters from the seven main tribes had arrived.

Chu Kuangren was not surprised at all. The Crimson Star Young Master was known to be a cultivation maniac, so he would never attend gatherings like that.

He might be preparing for the opening of the Spiritual Divine Forest Realm.

"Ziyue Changkong, you might have changed your body, but what about your power?" the Yellow Sand Young Master chuckled.

Then, his eyes shone. A soul sword formed by Soul energy appeared in his hand before he thrust it toward Chu Kuangren.

It was a powerful attack.

If one's soul energy was below the Gilded Immortal Realm, one would die on the spot.

Chu Kuangren did not dodge the attack. Instead, he took it head-on.

The others looked at him strangely.

Lan Haifang was infuriated. A blast of soul energy erupted from her body, and the surrounding atmosphere grew tense.

"Yellow Sand Young Master, what are you doing?"

"Nothing. Just testing him."

He then looked at Chu Kuangren. "You didn't dodge my attack, so it seems like you're recovering well."

He then raised his cup of wine and wanted to have a drink.

"Really? In that case, how about you take one from me?" Chu Kuangren said with violet light shimmering in his eyes.

His Violet Eye was activated!

The Yellow Sand Young Master was caught off guard. His body shook and the cup fell off his hand.

Disheartened, his expression turned grim.

Chu Kuangren was unscathed when Yellow Sand Young Master attacked, but when Chu Kuangren attacked, Yellow Sand Young Master could not even hold his cup properly.

The difference in strength was obvious.

At the same time, Yellow Sand Young Master found it unsettling as well.

It was impossible for Ziyue Changkong's strength to grow so fast after he lost his physical body.

How did he acquire such powerful soul energy?

What happened?

The others pondered the same question.

Then, they looked at Chu Kuangren, or rather, the body that they assumed Ziyue Changkong had occupied.

Guesses appeared in their mind.

Could it be the body?

It seemed like it was the only explanation.

"Sister Haifang, can I go to the Blue Ocean Eighteen Hell to find some soul servants?" Chu Kuangren turned to Lan Haifang while disregarding the others.

"If Brother Changkong wants it, why wouldn't I give it to you? Aside from the ghost servants, I can even give you my body." She blushed as she said that.

The explicit confession made the Yellow Sand Young Master angry. His teeth gritted, his fist clenched, and his chest tightened.

#### **Chapter 1632: Blue Ocean Eighteen Hells, Jing Hui Appears In The Restricted Area**

1632 Blue Ocean Eighteen Hells, Jing Hui Appears In The Restricted Area

With just one word from Chu Kuangren, Lan Haifang led him to the Blue Ocean Eighteen Hells.

The Yellow Sand Young Master and the others followed.

The Eighteen Hells was built in an abyss located deep inside Blue Ocean Territory.

The abyss was divided into eighteen floors and had countless restricted seals covering its surface to prevent the evil ghouls and dead souls from escaping.

The place reeked of ominous presence and a vicious rage qi.

Ye Luosha and Ye Guiwang had bitter looks on their faces when they arrived, but they did not say anything. They simply kept quiet and followed Chu Kuangren around.

Chu Kuangren stood in front of the Eighteen Hells that extended all the way upward and stared at it. No one knew what was going on in his mind.

The first and the lowest floor contained the most dead souls that had not turned into evil ghouls.

However, they were the ones who suffered the most punishments. Chu Kuangren even spotted some weaker ones disintegrating into dust when being punished.

Wails and screams echoed in the abyss.

Those who managed to endure the punishments were not in a good shape either.

The punishments fueled their rage, turning them into evil ghouls and pushing them toward the next floor for them to fight each other in a battle royale.

When the survivor grew stronger, they would be sent to the next floor and so on.

The highest floor contained the strongest evil ghoul, who reeked of vicious rage qi.

Even Chu Kuangren was confused as to which were the real Eighteen Hells — this one or the one in the Underworld.

“The Blue Ocean Eighteen Hells is really magnificent,” Chu Kuangren said.

Lan Haifang wore a proud look on her face as she said, “Of course. The Eighteen Hells is a masterpiece forged by my tribe. It could be said as the most important combat training ground in the entire Soul Restricted Area.

“There have been countless experts who survived the ruthless trials, such as Ye Luosha. He’s one of the best ones.”

“Yeah. The soul-controlling method of the Blue Ocean is indeed astonishing.”

“Yeah. Brother Changkong, did any catch your attention? Pick whichever you like.”

Chu Kuangren picked a few from the bunch.

Picking evil ghouls was not his true intention for this trip.

Soon, Lan Haifang ordered her men to release the selected ones, and with a little tinkering with their souls, Chu Kuangren was able to bring them back.

As they left, a streak of light flew out from Chu Kuangren’s sleeve and entered the deepest part of the abyss.

It was a talisman, one that was hidden under countless restriction seals!

After Chu Kuangren achieved his goal, he brought the newly-acquired evil ghoul away, but he heard a loud explosion outside.

It was from the outer area of the Soul Restricted Area.

“What happened? What’s with the explosion?”

“Someone is trying to enter the Soul Restricted Area!”

The other young masters snickered.

The Soul Restricted Area was one of the most dangerous places in the universe. No one would be insane enough to barge in uninvited.

However, there was no shortage of curious daredevils.

The more dangerous a place was, the more curiosity it would attract.

Even if it was the Restricted Area, it would attract uninvited visitors from time to time.

“Let us see which daredevil is trying to get themselves killed.”

The young masters were intrigued and wanted to have a look.

Soon, the group saw the daredevil.

It was a woman in white robes, emanating a holistic and pure Buddhist Light. She was fighting the restriction seals around the Soul Restricted Area.

Even though the woman had quite the cultivation level, her lackluster strength was not enough to break through.

She sustained quite a number of injuries as the battle went on.

“Oh? An Arch Gilded Immortal who is quite capable and bold. No wonder she has the nerves to challenge the restriction seals.”

“She seems to be a Buddhist as well.”

“A Bodhisattva? Interesting.”

The group watched with heightened interest.

Chu Kuangren, however, frowned because he knew the person!

It was Jing Hui!

Why would she come to the Soul Restricted Area? Buddha Yun Lan said that she was on a journey searching for ways to save Shi Ying.

Save Shi Ying? Could she have heard about the Soul Concentration Flower, hence her arrival?

How impulsive was she? A mere Arch Gilded Immortal challenging the restricted seals of the Soul Restricted Area?

It was a suicidal act indeed!

Chu Kuangren subtly shook his head. He did not know whether to call Jing Hui stupid or brave.

Since she had already made it that far, there was no way he could sit back and do nothing.

“I’ll go try her out,” the Yellow Sand Young Master said with a chuckle.

He performed several hand seals to temporarily remove the restriction seals in the area.

The others did not stop him either. They simply watched as if Jing Hui was an animal trying to break out from her cage.

The Soul Restricted Area rarely had any visitors, let alone a Bodhisattva like Jing Hui.

To them, Jing Hui was simply a toy for them to kill time.

Jing Hui's life was hanging by a thread as she was surrounded by restriction seals.

Just when she thought she would be killed, the restriction seals disappeared, and a group of young men and women appeared before her.

Every single one of them emanated a profound energy presence that was enough to threaten her, especially the one in violet robes.

However, she somehow sensed a strange familiarity from the violet one.

Before she could ponder further, the Yellow Sand Young Master appeared before her and said in a ridiculing tone, "Women, you are out of luck for trespassing here. But if you pledge your loyalty to me, I can spare you."

He noticed Jing Hui's beauty and her holistic presence for being a Buddhist. Somehow, his lust was aroused.

"I'm here for the Soul Concentration Flower and not to start a fight with the Soul Restricted Area," Jing Hui said with furrowed brows.

Chu Kuangren sighed secretly when he heard Jing Hui.

The Yellow Sand Young Master scoffed. "The Soul Concentration Flower is not something you can get easily, but if you make me happy, I can give you one or two."

"I cannot do that."

"In that case, you will suffer the consequences." The Yellow Sand Young Master chuckled before he attacked.

He channeled his soul energy and summoned an invisible sword.

Jing Hui had experience dealing with the folks from the Soul Restricted Area, so she was prepared for that.

She channeled the Restful Mantra to protect her soul and block the attack. The manifested Buddhist Light shot out toward the Yellow Sand Young Master.

"Oh? You're quite capable, I see. You're considered a Prodigy in the outside world."

The Yellow Sand Young Master then channeled his Immortal's core to shatter the Buddhist Light.

The people from the Soul Restricted Area might focus a lot on cultivating the Soul Dao, but they too cultivated the common cultivation.

All the elites in the Soul Restricted Area had a high soul realm and cultivation level.

The Yellow Sand Young Master was also an Arch Gilded Immortal like Jing Hui.

In addition to his advantage in soul techniques, Jing Hui soon fell into a disadvantageous position.

"Die!"

The Yellow Sand Young Master channeled his soul energy to the limit and swung a terrifying soul saber down at Jing Hui, attempting to crush her Restful Mantra's defense.

At that critical moment, a stronger soul energy erupted.

The Yellow Sand Young Master's soul saber disintegrated as it was swung down mid-air.

"Who is it?!"

Yellow Sand Young Master turned around to his group and stared at them fiercely.

Chu Kuangren stepped out slowly.

#### **Chapter 1633: The Might of Nine-colored Celestial Soul Physique, You Are No Match For Me, And You Never Will Be**

1633 The Might of Nine-colored Celestial Soul Physique, You Are No Match For Me, And You Never Will Be

"This woman is my prey," Chu Kuangren said.

The others, including the Yellow Sand Young Master, were surprised.

"Ziyue Changkong, what is the meaning of this? I had my eyes on her first! Are you trying to take her away from me?" The Yellow Sand Young Master was furious.

He had already lost Lan Haifang to Ziyue Changkong, and now he was about to lose an outsider to his rival.

Ziyue Changkong must be doing it on purpose!

"I know this woman. She's with Chu Kuangren, and I want to deal with her myself," Chu Kuangren said.

His words enlightened the group's doubts.

Ziyue Changkong wanted to take revenge on Chu Kuangren and the people around him.

Unfortunately, the Yellow Sand Young Master did not buy his words. He scoffed, "Ziyue Changkong, why should I give you my prey just because you say so? You think too highly of yourself."

"I would step down if I were you. Don't fight me," Chu Kuangren said.

"What if I insist? I've hated you for a long time now. What can a guy who has just regained his body do? I'm taking this woman! I want to see what you will do to fight me!"

Vast and boundless soul energy erupted from him and spread in all directions.

Bursts of soul energy rippled across the air and shook the universe.

Chu Kuangren released his own soul energy as well, and it rivaled that of the Yellow Sand Young Master.

Not only that, but it even contained nine colorful divine lights in them. They were red, orange, yellow, green, emerald, blue, violet, black, and white!

Nine colorful divine lights shone across the realm. In addition to the powerful soul energy fluctuation, it put a shocking expression on the Yellow Sand Young Master's face.

"Nine-colored Celestial Soul Physique?! It's the Honorable Supreme Immortal Physique!" he cried in shock.

Not only him, but even Lan Haifang, Azure Heaven Young Master, Greenlands Young Master, and the others widened their eyes in disbelief.

"How is this possible?! The Nine-colored Celestial Soul Physique?!"

"Ziyue Changkong possesses the Nine-colored Celestial Soul Physique?"

"No! It's the body that he occupied! No wonder he can retain his energy and power! It's because of the Nine-colored Celestial Soul Physique!"

The others looked at Chu Kuangren with utmost shock, and their eyes widened in fear.

What kind of luck must one have to get a body with an awakened Nine-colored Celestial Soul Physique?

"Ziyue Changkong, where did you find a body with Nine-colored Celestial Soul Physique?!" Out of jealousy, the Yellow Sand Young Master voiced his question.

He was not Ziyue Changkong's match from the start, and now with the Nine-colored Celestial Soul Physique, it became impossible for him to even challenge Ziyue Changkong.

"I got lucky. My body was destroyed by Chu Kuangren, but I got this body that has just awakened the Nine-colored Celestial Soul Physique. Why? Jealous?" Chu Kuangren said scornfully.

The Yellow Sand Young Master wore a grim look on his face, expressing his utmost jealousy and envy. Then, he unleashed his soul energy and summoned countless soul sabers that would stir up a soul storm.

Chu Kuangren remained standing.

The Nine-colored Celestial Soul Light swirled around him and formed a barrier to block the soul storm.

"Your attack is useless against me."

Chu Kuangren performed several hand seals and summoned the Soul Flower in the air.

The strange fragrance from the aroma entered the Yellow Sand Young Master's nose.

Shocked, Yellow Sand Young Master cried, "No!"

He channeled his soul energy to stop the flower's fragrance, but it was too late.

His surroundings had started to change, and when he realized it, he was isolated in a pocket universe where a violet moon hung in the sky.

A strange and ominous atmosphere filled the place.

It was the Violet Moon Tribe's unique soul technique, which allowed its user to generate hyper-realistic illusions.

“Break!” Yellow Sand Young Master grunted. He channeled his soul energy to the limit again to attack the illusion. Unfortunately, his attack was useless.

Suddenly, black arms popped up from the ground before him, and vicious-looking zombies crawled out. They all threw themselves at Yellow Sand Young Master.

Illusion! The zombies were nothing but illusions!

The Yellow Sand Young Master tried to tell himself that, but his body trembled uncontrollably because of the hyper-realism.

Back in the outside world, everyone else only saw Chu Kuangren perform several hand seals, and strange flowers started to bloom in the sky.

Then, Yellow Sand Young Master fell into a blank trance.

“He has fallen into an illusion!”

“The Violet Moon Tribe’s illusion is a tricky one. The Yellow Sand Young Master is going to suffer now.”

“I wouldn’t be so sure. Yellow Sand Young Master isn’t weak at all. Maybe he can break out from it.”

However, the Yellow Sand Young Master remained petrified even after some time. His body was drenched in sweat and was shaking uncontrollably.

It seemed like he was living through a nightmare.

Thud!

Suddenly, Yellow Sand Young Master knelt on the ground. He had finally broken out from the illusion and was panting heavily. His bloodshot eyes widened in fear as he looked at Chu Kuangren.

The arrogance he bore was gone.

No one knew what he experienced in the illusion, but it was definitely something terrible.

It might even be the most terrifying thing in the world.

“You are not my match, and you never will be.”

Chu Kuangren peered down at Yellow Sand Young Master from a condescending angle.

Yellow Sand Young Master refused to accept defeat, but once he recalled the horrifying scene in the illusions, he simply knelt on the ground in silence.

After dealing with Yellow Sand Young Master, Chu Kuangren looked at Jing Hui.

At the same time, Jing Hui looked at him cautiously.

Although Chu Kuangren just saved her, she could not express her gratitude because, from her perspective, Chu Kuangren was Ziyue Changkong, an enemy.

Saving her might be a part of his plan to target Chu Kuangren.

Regardless, she refused to submit to him!

Jing Hui showed a hint of determination and resolution in her eyes.

She channeled the Buddhist Light in her body to the limit and wanted to take Chu Kuangren down with her.

At the next moment, a violet light gleamed in Chu Kuangren's eyes.

The Violet Eye was used on Jing Hui!

Jing Hui felt a concussion in her head before her soul was hammered down. She passed out cold instantly.

She was already hurt by the restriction seals and had fought the Yellow Sand Young Master for a while, so her soul was already exhausted.

Given Chu Kuangren's strength, it was a piece of cake trying to subdue her.

He did not keep Jing Hui in his Enchanted Sleeve. Instead, he chose to carry her physically.

Then, he turned to the others and said, "Well then, please excuse me."

Lan Haifang looked jealous. Not even she had had the chance to be in Ziyue Changkong's arms.

"Brother Changkong, what are you going to do with her?"

"I have my own plans."

Chu Kuangren did not reveal much as he left with Jing Hui, and Ye Luosha and Ye Guiwang followed him away.

The other young masters were left on the spot, baffled.

When they recalled what just happened, their expression turned grim.

"Who would have thought that Ziyue Changkong has acquired the Nine-colored Celestial Soul Physique?"

"Given what he has shown us, he might become the Restricted Area Young Overlord in the future!"

#### **Chapter 1634: Jing Hui's Suspicion, Mimicked Chu Kuangren?**

1634 Jing Hui's Suspicion, Mimicked Chu Kuangren?

The news of Ziyue Changkong possessing the Nine-colored Celestial Soul Physique spread like wildfire within the Soul Restricted Area.

Everyone from the seven main tribes was shocked.

To all the soul cultivators, the Nine-colored Celestial Soul Physique was considered the most precious Immortal Physique.

Throughout the history of the Soul Restricted Area, only one Nine-colored Celestial Soul Physique was discovered.

That person remained in slumber deep inside the Soul Restricted Area. Unless the Soul Restricted Area was facing a great disaster, that person would never show himself.

He was known as the Honorable Souler, the pillar of the entire Soul Restricted Area. He was the reason why the Soul Restricted Area became and remained a force to be reckoned with across the universe.

Now that another Nine-colored Celestial Soul Physique had appeared in the Soul Restricted Area, Ziyue Changkong would become the main focus.

Even if he could not reach the same height as the Honorable Souler, half or less would be more than enough, and it was a great thing for the entire Soul Restricted Area.

His name and achievement would be written in the history books!

All seven main tribes grew restless, and all the executives and high-ranking members did everything they could to verify the news.

Meanwhile, Chu Kuangren brought Jing Hui back to the manor.

For the sake of secrecy, he set up multiple restriction seals around the manor before waking Jing Hui.

The moment Jing Hui woke up and saw Chu Kuangren, her first reaction was to attack.

However, she was not Chu Kuangren's match and was subdued swiftly.

"Ziyue Changkong, I will never submit even if I die," Jing Hui said firmly.

Chu Kuangren shook his head helplessly. "If you die, I don't know what I should say to Honghua and Shi Ying."

He had reverted to his looks and voice.

Jing Hui was stunned. Her gaze turned cold and said, "Are you trying to fool me with Brother Chu's looks? Stop dreaming! You don't even have one percent of Brother Chu's charms!"

The Violet Moon Tribe excelled in illusory technique.

She assumed that she had once again fallen into Ziyue Changkong's illusion, and that was why she was seeing Chu Kuangren before her eyes.

Besides, she knew nothing about Chu Kuangren possessing the Nine-colored Celestial Soul Physique, and why would he be inside the Soul Restricted Area?

Chu Kuangren chuckled. "I'll take that as a compliment."

"Ziyue Changkong, you will never be able to mimic Brother Chu! Stop trying to fool me."

Despite saying so, Jing Hui remained astonished.

Ziyue Changkong did a really good job of impersonating Chu Kuangren. Be it the voice, the looks, and even the aura felt the same.

Had his illusion grown so powerful?

The Violet Moon Tribe should not be underestimated!

"You're here in the Soul Restricted Area to search for the Soul Concentration Flower to heal Shi Ying, am I right?" Chu Kuangren asked.

"How do you know that?!"

Jing Hui was shocked. Only less than a handful of people knew about Shi Ying's condition.

How did Ziyue Changkong find out?

"That's because I'm here for that exact reason."

"Are you really Brother Chu?"

"You taught Honghua the Restful Mantra. Honghua once said that although you're a Buddhist, you brought her out for drinks a few times, and—"

"Alright. Alright! I believe you!"

Jing Hui finally believed Chu Kuangren.

No one knew about it other than herself and Honghua.

As someone close to Shang Honghua and Shi Yin, it was not surprising that Chu Kuangren knew about it.

No matter how hyper-realistic the illusion was, it was impossible for Ziyue Changkong to know such a secret.

"Anyway, you're really bold, Master Jing Hui. Do you know what this place is? How did you barge your way in here?" Chu Kuangren asked out of curiosity.

Even he had to use the Book of Earth to locate that place.

How did Jing Hui find out without the help of the book?

"Actually..."

After learning about Shi Ying's condition, Jing Hui went on a journey to search for ways to heal her. That was when she learned about the Soul Concentration Flower and started searching for the Soul Restricted Area.

She spent two years searching but ended up fruitless.

Then, she ran into a sky-pride from the Soul Restricted Area and learned the existence of the place.

Although Jing Hui did not go into details, Chu Kuangren knew that particular sky-pride must have been tortured or worse. Otherwise, he or she would never reveal the location of the Soul Restricted Area.

"I know the Soul Restricted Area is a place to be reckoned with. Buddha Yun Lan has to stay back to protect the Far West Land, and since I'm already an Arch Gilded Immortal, I decided to give it a try.

"However, it seems like I've underestimated this place. If it weren't for your help, I might already be dead," Jing Hui said.

"It's alright. I know how to get the Soul Concentration Flower, so I'll take over from here. As for you, I might need you to stay in my Enchanted Sleeve for a while."

Chu Kuangren then swung his sleeve and sucked Jing Hui into his Enchanted Sleeve.

After hiding Jing Hui in his sleeve, someone knocked on his door.

It was an elder from the Violet Moon Tribe. He had come with a simple purpose, which was to confirm the existence of the Nine-colored Celestial Soul Physique and its authenticity.

Chu Kuangren released a sliver of the energy, and it delighted the elder.

"It's really the Nine-colored Celestial Soul Physique! The Violet Moon Tribe is blessed! The Soul Restricted Area is blessed!"

The elder laughed madly.

However, he soon realized that something was off. "Why does it feel like your soul energy fluctuation is a little different than before?"

No matter how good Chu Kuangren's impersonation was, he was not the real Ziyue Changkong, hence the slight difference.

Fortunately, he already had an excuse for it.

"I've occupied this body's Celestial Soul Physique and devoured his soul. The strangeness of the Celestial Soul Physique must have caused the slight difference in my soul energy fluctuation."

"I see. Are you alright?"

"I'm fine," Chu Kuangren said indifferently.

He answered every question with perfection.

"The higher-ups of the seven main tribes have decided to meet you after the Spiritual Divine Forest Realm's opening. If everything goes well, they will train you as the next Young Overlord," the elder said with a smile.

The Restricted Area Young Overlord was not someone that existed in every era.

The particular candidate must reach a certain level of excellence to be able to win the title. Even the best of the seven young masters, the Crimson Star Young Master, was not good enough to be called the Young Overlord.

Now, with the Nine-colored Celestial Soul Physique, Chu Kuangren had the potential to become the next Young Overlord. However, the emphasis was on the potential.

His performance would determine if he would be able to take on the title.

However, it was already confirmed that he would be a priority target for training, and his position would soon surpass the remaining young masters.

In the upcoming days, Chu Kuangren extradited the evil ghouls he got from Blue Ocean Eighteen Hells to the Underworld and remained in closed-door meditation in the manor.

On that particular day, half of the entire Soul Restricted Area was blanketed by a mystical violet light.

Almost everyone sensed the powerful spatial energy fluctuation.

It was an opening sign of the Spiritual Divine Forest Realm!

"It has finally opened. I shall see what mystery the Soul Restricted Area holds inside there," Chu Kuangren said with a smile.

#### **Chapter 1635: All Tribes Gather, Crimson Star Young Master, How Dare You Ignore Me?**

1635 All Tribes Gather, Crimson Star Young Master, How Dare You Ignore Me?

The opening of the Spiritual Divine Forest Realm alerted everyone in the seven main tribes.

Meanwhile, in Crimson Star Tribe's territory, a young man in red looked up into the sky with a sharp gaze, and a surge of soul energy fluctuation permeated his body.

The soul energy fluctuation even transformed into balls of crimson flame, yet it did not change the temperature around him.

It was the flame that burned the soul, and the man was the Crimson Star Young Master!

"I heard Ziyue Changkong has acquired a body with Nine-colored Celestial Soul Physique. Things are starting to get interesting." Crimson Star Young Master showed a hint of interest in his eyes.

Ziyue Changkong once lost terribly to the Crimson Star Young Master in battle and could not even last a few attacks.

Now that he had acquired the Nine-colored Celestial Soul Physique, would he finally be a worthy opponent?

"The host of the Nine-colored Celestial Soul Physique has the potential to become the Young Overlord. Those old geezers must want to give him the spot," Crimson Star Young Master said with a ridiculing smile.

He anticipated his meeting with Ziyue Changkong.

However, little did he know that he would not be getting the opportunity to meet the real Ziyue Changkong.

The Spiritual Divine Forest Realm was a secret realm in the Soul Restricted Area. Following its opening, all seven main tribes' sky-prides and Prodigies arrived.

The Blue Ocean Tribe, the Greenlands Tribe, the Azure Heaven Tribe, and the Violet Moon Tribe, which somehow was under Chu Kuangren's lead, were there.

The Violet Moon Tribe sent a dozen sky-prides and Prodigies to the secret realm, and Chu Kuangren was tasked to be the leader.

Having learned that Chu Kuangren had acquired the Nine-colored Celestial Soul Physique, all the sky-prides and Prodigies from the Violet Moon Tribe admired him. They all wanted to win favors and fondness so that whenever he became the Young Overlord, they would benefit from it.

There was no harm in trying to befriend him since having the Nine-colored Celestial Soul Physique would likely make him the Young Overlord.

Chu Kuangren grew impatient as he dealt with his newly gained admirers. He had to entertain them because some of them were close to Ziyue Changkong, or he would never even bat an eye at them.

All he wanted to do was to enter the Spiritual Divine Forest Realm, get the nine-petal Soul Concentration Flower, and leave the place.

The seven main tribes had gathered in front of the entrance, which was a giant vortex.

Other than the Spiritual Divine Forest Realm, the sky-prides and Prodigies were also talking about the other hottest topic at the moment — the Nine-colored Celestial Soul Physique.

Each appearance of an Honorable Supreme Immortal Physique was huge enough to shake the world, let alone the Nine-colored Celestial Soul Physique that was important to the Soul Restricted Area.

“Ziyue Changkong is so lucky. His body got destroyed by Chu Kuangren, but he benefited from it and got a Nine-colored Celestial Soul Physique.”

“Yeah. Why can’t we be that lucky?”

“Maybe this is heaven’s will.”

“I guess the luck of our generation is all on Ziyue Changkong now.”

The crowd could not stop talking about it.

Some even viewed Ziyue Changkong as the future of the Soul Restricted Area, anticipating him to be the ruler of the Immortal World and to lead them to achieve higher glory.

The other young masters reacted bitterly.

They were originally Ziyue Changkong’s peers, and each of them was a respectable young master of their own tribe.

Even the strongest Crimson Star Young Master was considered an equal.

Now that Ziyue Changkong had acquired the Nine-colored Celestial Soul Physique, his reputation soared and shadowed them.

Everyone believed that the exploration into the Spiritual Divine Forest Realm was just a stage for Ziyue Changkong to show off his Nine-colored Celestial Soul Physique, and they were just the supporting actors on stage.

“Hmph! From now on, the Soul Restricted Area will only have Ziyue Changkong, the Young Overlord,” Yellow Sand Young Overlord grumbled.

The other young masters did not reply, but they shared the same amount of grievance.

“There’s nothing wrong with it. The new Young Overlord will benefit the Soul Restricted Area. As far as I know, the Subspecies Restricted Area has its own Young Overlord as well. If we don’t have one ourselves, we would eventually fall into a disadvantage against them,” Lan Haifang said, expressing her support of that matter.

The others did not react any better to her words.

Everyone knew that the Blue Ocean Tribe and Violet Moon Tribe were close because Lan Haifang had a crush on Ziyue Changkong.

The Yellow Sand Young Master’s expression turned grim after her words echoed in his ears.

Chu Kuangren and the Violet Moon Tribe finally arrived.

His arrival stopped the endless discussion and attracted all the attention to himself.

“Is he Ziyue Changkong? He looks really different from before.”

“It’s like he’s a different person!”

“Is this the body with the Nine-colored Celestial Soul Physique? He’s so handsome. Luckily he’s a guy. If he were a woman, things would be interesting.”

“I’m willing to become a woman if I can get my hands on the Nine-colored Celestial Soul Physique. Gender doesn’t matter in cultivation; only strength does.”

“You’re right.”

The crowd looked at Chu Kuangren and exclaimed about Ziyue Changkong’s luck.

Little did they know that the Ziyue Changkong they knew had fallen, and not even a piece of his soul was left.

The great ones scanned over Chu Kuangren with their Spiritual Consciousness from the void.

“It’s indeed the Nine-colored Celestial Soul Physique!”

“Haha! The Soul Restricted Area is blessed!”

Chu Kuangren was able to mimic Ziyue Changkong’s soul energy fluctuation now that he had absorbed his soul. In addition to the Nine-colored Celestial Soul Physique, he was not afraid that he would blow his cover in front of the great ones.

Besides, even if his cover was blown, he was not afraid.

No one could stop him anyway. Worse come to worse, he would have to wreak havoc in the Soul Restricted Area.

“Hahaha. The Nine-colored Celestial Soul Physique is indeed amazing.”

A loud voice said with cackling laughter.

Crimson flame spread from further away and formed a path of fiery flame.

At the end of the fiery path was a man in red.

The rampant soul energy fluctuation spread outward and blanketed the field.

The crowd was in awe.

“Crimson Star Young Master!”

“His soul aura is so powerful, and it’s violet! What realm is his soul? What grade is his soul Flower?”

“At least ninth grade.”

“Or even tenth grade!”

Crimson Star Young Master was the strongest among the young master, and the crimson flame was the flame that he manifested from his soul energy, which possessed unrivaled power.

The late Ziyue Changkong was defeated by the flame.

Now that he had gotten the Nine-colored Celestial Soul Physique, everyone assumed that he and Crimson Star Young Master would be evenly matched and that they would eventually fight.

Chu Kuangren simply glanced at Crimson Star Young Master and was not overly bothered.

“It seems like the Nine-colored Celestial Soul Physique also boosted your confidence to ignore me.”  
Crimson Star Young Master chuckled.

He raised his hand and fired a ball of Soul Flame at Chu Kuangren.

The dazzling Nine-colored Celestial Soul Light shone brightly and extinguished the Soul Flame into nothing.

“That’s the Nine-colored Celestial Soul Light! It’s so powerful!”

“Can it protect the soul? It’s amazing! Not even Crimson Star Young Master’s flame can harm him!”

The Crimson Star Young Master’s eyes gleamed. A massive amount of Soul Flame erupted around him, and the field was soon stained red.

Right before he launched his attack, an elderly appeared above the crowd with a vast and intimidating soul aura.

#### **Chapter 1636: Entering The Spiritual Divine Forest Realm, Soul Beasts, Collecting The Soul Crystals**

1636 Entering The Spiritual Divine Forest Realm, Soul Beasts, Collecting The Soul Crystals

“The Spiritual Divine Forest Realm has opened. If we want to compete, we can do that when we’re out. Please don’t waste everyone’s time here,” said the elder.

He was one of the higher-ups of the Soul Restricted Area, and most of the people would obey his words.

Although the Crimson Star Young Master was rebellious, he slowly withdrew his Soul Flower and looked at Chu Kuangren with a smile. “Ziyue Changkong, I’ll definitely fight with you again after I’m out.”

“I’ll surely grant you that chance, but I’m afraid you’ll regret it when the time comes.”

The corner of Chu Kuangren’s mouth curled into a grin.

“I hope you won’t be as weak as last time.” The Crimson Star Young Master did not think too much about what Chu Kuangren said.

Immediately afterward, everyone looked at the huge whirlpool in the air and flew into it one by one.

The exploration of the secret realm began.

Apparently, the Spiritual Divine Forest Realm was a secret realm transformed by a Soul Restricted Area’s ancient great one after he died.

After entering the Forest Realm, everyone saw a strange void with mountains, rivers, land, and even a strange storm composed of countless memory fragments, which looked eerie.

The soul was one of the most mysterious and unpredictable things.

After the ancient great one died, his soul did not reincarnate but transformed into the strange Spiritual Divine Forest Realm. Chu Kuangren, the Ghost Emperor, was slightly amazed.

The Soul Restricted Area’s cultivation was indeed unique.

“Well, goodbye, everyone.”

The Azure Heaven Young Master, who was leading the Azure Heaven Tribe’s sky-prides and Prodigies, said to Chu Kuangren with a fist salute while leading.

Most of the time, explorers would separate when entering the Spiritual Divine Forest Realm to look for Opportunities of Fortune. That way, they could have them for themselves and avoid conflicts should they find any Opportunities of Fortune.

“Goodbye.”

“We will meet again soon.”

The rest of the people from other tribes also left.

Lan Haifang approached Chu Kuangren with the Blue Ocean Tribe and said, “Brother Changkong, your tribe and mine are good friends. Why don’t we move around together?”

Chu Kuangren nodded and agreed. “Alright.”

The Blue Ocean Tribe and the Violet Moon Tribe used to cooperate a lot in the explorations into the Spiritual Divine Forest Realm back then.

The Spiritual Divine Forest Realm was extremely strange. Besides having eerie scenery, it was dangerous, and a soul beast existed in here!

The so-called soul beast was an existence transformed by soul energy and was rarely seen in the outside world. However, there were many of them in the Spiritual Divine Forest Realm.

“Roar!”

As a roar sounded, a tiger-like soul beast with long fangs and a scorpion tail was seen approaching at a rapid speed from afar.

There were strong and weak soul beasts, and soul techniques were their main attacking technique. On top of that, their realms were the same as Soul Realms and were divided into eight levels.

“This is a Gilded Soul-level soul beast!”

Chu Kuangren noticed the golden light shining in the body of the soul beast, which was a Gilded Trait unique only to a Gilded Immortal. It simply meant that the soul beast had reached the Gilded Soul realm!

“Roar!”

The soul beast roared again with a might that was more powerful than before.

It was like its sound wave had materialized and spread to attack everyone’s soul!

However, the Gilded Soul beast could not harm the Violet Moon Tribe and Blue Ocean Tribe as they possessed powerful soul energy!

“Hehe. Watch me!”

A Blue Ocean Tribe sky-pride stepped forward.

As his soul energy erupted, an eerie soul rune emerged and attacked the soul beast.

Bang!

Soon after, the body of the soul beast exploded on the spot and disappeared without a trace, leaving only a colorless and transparent prismatic crystal.

Chu Kuangren looked at it with curiosity.

There were records of that prismatic crystal in Ziyue Changkong’s memory. It was a Soul Crystal that could be used to enhance the soul energy.

However, a Soul Crystal from a Gilded Soul beast was useless to him.

“Roar!”

After the Blue Ocean Tribe sky-pride dealt with the soul beast, roars suddenly sounded from all around.

In the distance, countless soul beasts were approaching at a rapid speed like a tsunami. They were densely packed, and there were at least hundreds or even thousands of them!

On top of that, there were many Gilded Soul-level soul beasts among them.

Everyone’s expression sank.

The number of soul beasts was enough to pose a serious threat to them.

“My goodness. Why are there so many soul beasts all of a sudden?!”

“Damn it. There must be something fishy going on. These soul beasts must be protecting a treasure nearby!”

All the sky-prides present were discussing the situation with solemn expressions.

Everyone was ready to fight.

Their soul energies and Immortal’s Cores surged, while all kinds of techniques were about to be cast.

However, the soul beasts in the distance stopped at that moment. They did not come any closer after surrounding Chu Kuangren and others.

“What’s going on?”

Everyone was slightly confused.

Shortly after, those soul beasts made a surprising move.

They raised their heads to the sky and let out roars that echoed in the realm. Then, their astonishing soul energies turned into sound waves, and as they spread, the surrounding void trembled.

Upon seeing that, everyone’s expression changed.

As the soul attacks of so many soul beasts manifested, the power of the overwhelming sound waves that crushed everyone was unimaginable!

“We’re doomed!”

Some sky-prides who were weaker in cultivation showed a hint of despair on their faces.

Under such soul attacks, some sky-prides and Prodigies could survive, but those with poorer cultivation could disintegrate into nothing!

Death was common for those entering the Spiritual Divine Forest Realm, but they still could not help but be afraid when they had to face it for real.

At that moment, a person stepped forward!

As Chu Kuangren narrowed his gaze, a stunning nine-colored divine light spread from him and enveloped everyone present!

It was the Nine-colored Celestial Soul Light, which was like an indestructible barrier!

When the soul attack landed on the divine light, a deafening roar sounded. It was as if a big wave had hit the shore, and the entire earth shook!

The Nine-colored Celestial Soul Light was strong, and it blocked many Gilded Soul beasts’ soul attacks.

Under the protection of the divine light, everyone had never felt so safe before.

“Is this the power of the Nine-colored Celestial Soul Physique? It’s indeed extraordinary!”

“Why should we be afraid since Young Master Ziyue is here?!”

“You’re right. We will be fine as long as Young Master Ziyue is here.”

“Haha. Soul beasts, show us your powers.”

No one was injured with the protection of the Nine-colored Celestial Soul Light.

After the sound waves dissipated, everyone dashed out and cast all kinds of Immortal Techniques and soul techniques to kill the soul beasts.

Chu Kuangren made a move too.

As he raised his hand, thousands of strange flowers bloomed in the air. Then, he cast the illusion technique to make the soul beasts fall into an illusion, making it hard for them to extricate themselves. After that, others would attack to settle the soul beasts.

It did not take long before the soul beasts were killed with Chu Kuangren’s help.

“Thank you for your help, Young Master Ziyue.”

“That’s right. You’re amazing, Young Master. We would be in danger just now without your help.”

Everyone stepped forward to express their gratitude to Chu Kuangren before gathering all the Soul Crystals that they had obtained and handing them to Chu Kuangren.

#### **Chapter 1637: Thousand Spiritual Elixir, The Elder’s Doubt, Well Done**

1637 Thousand Spiritual Elixir, The Elder’s Doubt, Well Done

Chu Kuangren smiled with satisfaction while looking at the Soul Crystals in front of him.

Those Soul Crystals were the reason why he acted to save the sky-prides in the Soul Restricted Area.

It would be a slow process if he were to collect the Soul Crystals himself. Therefore, he used the people of the Violet Moon Tribe and Blue Ocean Tribe to collect the Soul Crystals for him.

A few Soul Crystals had little help for him, but thousands could greatly benefit him.

“These Soul Crystals are the reward for everyone’s hard work, so I shall not own them. How about I keep them first and distribute them to you guys after we’re out?” Chu Kuangren said with a smile.

“Alright. We’ll listen to you, Bachelor Sage.”

The person nodded.

The rest of the people neither objected nor voiced out even if they had some doubts. After all, Chu Kuangren was the leader among them, and even the Young Master Lan Hai respected him very much. Therefore, they had no right to say anything.

“There are many soul beasts gathered here. I’m afraid something strange is going on,” said Chu Kuangren.

“Indeed. I think there should be some treasures hidden here,” a person said, and the rest of the people agreed with him.

Everyone continued to walk forward until they arrived at a mountain peak.

An Immortal Herb was growing on the mountain peak. Besides being interweaved with Daoist patterns, which were mysterious and extraordinary, it was filled with a faint Immortal Spark

Although it was not the Soul Concentration Flower that Chu Kuangren was looking for, it was definitely an Immortal Herb that was beneficial to the soul.

“That’s the Thousand Spiritual Elixir!” Lan Haifang’s eyes lit up. “No wonder so many soul beasts are guarding this place.”

The Thousand Spiritual Elixir was an Immortal Herb that could strengthen a soul. It was said that an Immortal Herb could raise one’s Soul Flower to a grade higher, so it was extremely precious.

In the past, it was considered a rewarding experience if one could find a Thousand Spiritual Elixir after entering the Spiritual Divine Forest Realm.

Hence, the crowd did not expect that they would manage to find that treasure shortly after entering the Forest Realm this time.

“It must be that the fortune favors Brother Changkong. First, he was rewarded with the Nine-colored Celestial Soul Physique, and now he’s getting the Thousand Spiritual Elixir right after he entered the Spiritual Divine Forest Realm,” Lai Haifang said with a smile.

Chu Kuangren smiled. Then, his figure flashed, and he kept the Thousand Spiritual Elixir away.

“Let’s go.”

The crowd continued moving forward.

Under Chu Kuangren’s lead, they won every attack they came across, and none of the soul beasts that they encountered were their opponents.

Moreover, Chu Kuangren specially chose those routes with a large number of soul beasts. He would cast the illusion technique to make the soul beasts fall into illusions, and the others would then act to kill them.

The operation went smoothly, and they managed to kill countless soul beasts in just a few days.

Almost ten thousand Soul Crystals were stored in Chu Kuangren’s Yin and Yang Ring.

“It’s great to have Young Master Ziyue taking us to explore Spiritual Divine Forest Realm.”

“Yeah, it’s really exciting.”

“I’ve been in the Spiritual Divine Forest Realm more than a dozen times, but it has never been as smooth as today. Killing soul beasts is like mowing grass.”

The crowd was engaged in a discussion and was praising Chu Kuangren highly.

Chu Kuangren smiled while looking at those people. He thought to himself, “What a bunch of great fighters.”

Lan Haifang was the most excellent fighter of all as she had been contributing many Soul Crystals to Chu Kuangren, and among the soul crystals, there was also a soul beast from the Desolation Realm.

Meanwhile, outside the Spiritual Divine Forest Realm, some of Soul Restricted Area's great ones were concerned about the situation in the Forest Realm, especially with Chu Kuangren's Nine-colored Celestial Soul Physique. They were watching him closely for fear that he would be injured in the forest realm.

However, his performance was beyond their imagination.

"The Nine-colored Celestial Soul Physique is really extraordinary. Why do I feel like Ziyue Changkong's strength is more powerful than before?"

"Yeah, I have the same feeling too."

"It seems that his battle with Chu Kuangren was a blessing in disguise."

"Speaking of which, we have to thank Chu Kuangren."

However, some of Violet Moon Tribe's great ones were doubtful.

One of them asked, "Why does it feel like the fluctuation of the Young Master's soul is slightly different from before?"

"I've asked the Young Master that question. He said that he had devoured the soul of the original Celestial Soul Physique, and that's why he seems slightly different from before. Perhaps this is the uniqueness of the Celestial Soul Physique."

"Is that really the case?"

"What's wrong? What's the matter with you?"

A Violet Moon Tribe's elder frowned and said, "I still think that something is wrong. The young master was originally left with a remnant soul. Even if he obtained a Celestial Soul Physique, his soul energy recovered unbelievably quickly. I believe that even the Crimson Star Young Master may not be his match."

Having said that, everyone did think that it was a little strange.

Before that, they were overcome with joy about the Soul Restricted Area obtaining the Celestial Soul Physique, but now they could tell that something was wrong.

"Well, I'll find a way to consult the Overlord and get her to come and take a look. After all, she possesses the Celestial Soul Physique too," said the elder.

"Consult the Overlord? You're bold. The Overlord has been in a deep slumber all these years. We can't protect you if she's annoyed that you disturb her."

"I'll try for the sake of the Celestial Soul Physique and the future of Soul Restricted Area. Besides, the Overlord will know how important the Celestial Soul Physique is."

"Alright. I'll go with you."

After the Soul Restricted Area's higher-ups discussed the matter, two of them decided to go and consult the Soul Restricted Area's Overlord.

The rest of the people continued paying attention to the situation in the Spiritual Divine Forest Realm.

Under Chu Kuangren's lead, the people from Violet Moon Tribe and Blue Ocean Tribe had killed all kinds of soul beasts and collected treasures in the forest realm.

All of a sudden, a roar sounded in the distance, and a burst of soul aura pervaded from there.

As Chu Kuangren and others went forward to take a look, they saw that the Azure Heaven Young Master was leading Azure Heaven Tribe's sky-prides to fight more than a dozen soul beasts.

Those soul beasts possessed powerful strength. There were two Desolation Realm soul beasts, while the rest were all Perfected Gilded Soul soul beasts.

On top of that, those soul beasts had various attack methods.

As a soul beast with the look of a flying dragon flapped its wings, its soul energy turned into a storm and swept outward. At the same time, a soul beast with flames opened its mouth to release a scorching soul flame that almost collapsed the void.

Besides, a huge snake with three heads emitted strange purple rays from its eyes. Cultivators who were hit by the rays turned into stone statues and were crushed by the rest of the soul beasts.

The powerful soul energy and eerie soul techniques caused the people of the Azure Heaven Tribe to fall into a disadvantage.

"Young Master, shall we make a move?" asked a Violet Moon Tribe's sky pride.

Chu Kuangren pondered for a while and then said, "They're Soul Restricted Area's people after all, so there's no harm saving them."

Perhaps they would become his fighters.

"Brother Changkong, please wait a moment."

Lan Haifang smiled and then said loudly to Azure Heaven Young Master, "Azure Heaven Young Master, I think you guys are about to lose your hold. I can help you, but you will have to hand me all the Soul Crystals and treasures that you obtained in the Spiritual Divine Forest Realm."

Chu Kuangren was stunned for a moment. After that, he secretly gave a thumbs-up. 'Well done.'

#### **Chapter 1638: What A Great Tool, Azure Heaven Young Master Joins In, The Memory Storm**

1638 What A Great Tool, Azure Heaven Young Master Joins In, The Memory Storm

"Purple Moon Young Master and Blue Ocean Young Master, you're taking advantage of others while they're down!"

The Azure Heaven Young Master's expression was dark.

At that moment, the soul beast that looked like a flying dragon swung its tail and swept him across the air, blasting him hundreds of meters away.

His expression was as dark as water as he knew that he might die here if the situation persisted.

He simply could not handle two of Desolation Realm's soul beasts and so many Peak Gilded Soul beasts. Among the seven tribes' young masters, probably only the Crimson Star Young Master could deal with them alone.

"Very well!"

The Azure Heaven Young Master gritted his teeth and threw out the Yin and Yang Ring in his hand.

Lan Haifang grabbed it. Then, she approached Chu Kuangren and handed it over to him as if offering a treasure. "Brother Changkong, here you go."

Chu Kuangren took the Yin and Yang Ring and smiled.

'What a great tool.'

His figure flashed and came to the Azure Heaven Young Master. Then, nine different colors of lights flowed around his body to block an attack for the Azure Heaven Young Master.

"Purple Moon Young Master, these soul beasts possess powerful strength. You must fight them together with your people. Otherwise, you alone are not their opponent," said Azure Heaven Young Master.

"They will make their moves," said Chu Kuangren.

Following that, he formed a mysterious technique with his hand, and strange flowers bloomed in the void. The flowers made all soul beasts fall into illusions, including the two Desolation-realm soul beasts.

"Kill them!" Lan Haifang yelled.

Everyone dashed forward to cast all kinds of Immortal Techniques and soul techniques.

They tore apart the dozens of soul beasts, which had driven the Azure Heaven Tribe into a desperate situation, with just a few attacks. Those soul beasts did not even have a chance to fight back.

Judging from everyone's cooperation, it was obvious that it was not the first time Lan Haifang and others had done that as they were extremely proficient.

"W-What is going on?!"

Azure Heaven Young Master was in a daze.

When did the people of the Violet Moon Tribe and Blue Ocean Tribe become so powerful?!

It must be him!

The Azure Heaven Young Master looked at Chu Kuangren. "Is Ziyue Changkong really that powerful? He can easily make these soul beasts fall into illusions and can't pull themselves out from it."

It was too terrifying.

Such cooperation was simply terrifying.

He was afraid that he might end up like those soul beasts if Chu Kuangren was against him!

At that thought, Azure Heaven Young Master felt a chill down his spine and looked at Chu Kuangren with fear.

It did not take long for Lan Haifang and others to collect the Soul Crystals left by the soul beasts and handed them to Chu Kuangren, who accepted them without any hesitation.

“Are you guys collecting Soul Crystals for him?”

Azure Heaven Young Master furrowed his brows.

“The Soul Crystals that we have collected will be temporarily kept with Brother Changkong, and they’ll be distributed once we are out. Do you have a problem with that?” Lan Haifang said while glancing at him.

“No.”

Azure Heaven Young Master shook his head.

Through the scene just now, he knew that Chu Kuangren was the core of the team. The rest of the team would not be able to hunt and kill the soul beasts easily without Chu Kuangren.

Therefore, it was not surprising that he temporarily kept the Soul Crystals.

Unless Chu Kuangren did not plan to stay in the Soul Restricted Area, he would not perform an outrageous act by refusing to distribute the Soul Crystals to others once they were out.

Boom, boom, boom...

At that moment, a vibration sounded from the void in the distance. A large number of soul beasts were seen approaching them.

They were attracted by the battle between the Azure Heaven Young Master and the soul beasts just now.

Chu Kuangren’s eyes lit up when he saw them. Another batch of Soul Crystals was here.

“Get ready,” said Chu Kuangren.

Then, he mobilized all his strength to activate his soul energy. Countless strange flowers bloomed in the void within a radius of thousands of kilometers, like it was forming a huge garden.

The soul beasts that were initially aggressive fell into illusion and stood there in a daze.

Even the Azure Heaven Young Master gulped while witnessing the spectacular scene.

Such soul energy was extremely terrifying.

Meanwhile, Lan Haifang and others had been ready for quite some time. They efficiently took action to kill all the soul beasts and collect the Soul Crystals for Chu Kuangren.

Azure Heaven Young Master and others felt that their previous exploration in the Spiritual Divine Realm Forest meant nothing compared to Lan Haifang and others!

After hunting and killing countless soul beasts, the crowd began to clear up the battlefield by collecting all the Soul Crystals and prepared to hand them over to Chu Kuangren. No one would hide the Soul Crystals secretly for the fear of being despised by others.

They would obtain Soul Crystals soon by following the future Young Overlord, so why would they be a fool and turn against the future Young Overlord just because of a few Soul Crystals?

Moreover, they would not lose their share of Soul Crystals after leaving the Spiritual Divine Realm Forest.

The Azure Heaven Young Master approached Chu Kuangren and asked, "Did you guys come in as a group?"

"Yes." Chu Kuangren nodded.

"Can we join?" asked Azure Heaven Young Master.

He was tempted after seeing the efficiency of Chu Kuangren and others in collecting Soul Crystals.

Even if he merely shared one pie, he would obtain more than what he and others explored.

"Of course." Chu Kuangren smiled.

He had no reason to reject a fighter.

Following the addition of the Azure Heaven Tribe, everyone's speed in collecting the Soul Crystals accelerated a lot.

After a massacre, the Azure Heaven Young Master was very excited to see the Soul Crystals, which had fallen all over the ground, while he and others were unscathed!

It was awesome!

The timid exploration before that meant nothing, and he did not obtain many treasures, but the exploration this time rewarded him with a huge gain.

Soon, Azure Heaven Young Master collected all Soul Crystals on the ground. After pondering for a while, he handed them to Chu Kuangren like everyone else as he trusted Chu Kuangren would not take his share.

"Purple Moon Young Master, I will follow you from now on."

"Heh, we're all people of the Soul Restricted Area. Don't worry about it."

After a few days, Chu Kuangren grinned while looking at the Soul Crystals that piled up in the Yin and Yang Ring. Those Soul Crystals were sufficient to raise his Soul Flower to the tenth grade and above!

It could also break through the twelfth grade with the help of the Thousand Spiritual Elixir that he obtained earlier.

His only regret was that he had yet to find the nine-petal Soul Concentration Flower even though he had been in the Spiritual Divine Forest Realm for some time.

There were some five and six-petal Soul Concentration Flowers.

“That’s bad. The Memory Storm is here.”

At this moment, Azure Heaven Young Master said as his face sank.

In the distance, a storm composed of countless memory fragments was seen approaching.

The Spiritual Divine Forest Realm was transformed by a great one’s soul, whereas the Memory Storm, as the name suggested, was a storm transformed by the great one’s memory and contained violent soul energy. A Desolation-realm soul would be torn into pieces if he were to be sucked by the storm.

It was definitely one of the greatest disasters in the Spiritual Divine Forest Realm.

Following Azure Heaven Young Master’s yell, everyone’s expression changed, and they looked for places to hide from the Memory Storm.

Meanwhile, Chu Kuangren looked at the storm in the distance which was like a tornado huge enough to cover the sky. He noticed countless images flashing in it, and a group of violet rays that contained mysterious runes emerged. In the storm, countless images flickered one after another, but the runes remained unchanged.

“That is some kind of profound soul cultivation technique!”

Chu Kuangren’s eyes lit up with interest.

**Chapter 1639: Entering The Memory Storm, The Emergence of Nine-petal Soul Concentration Flower, Who Else But Me?**

1639 Entering The Memory Storm, The Emergence of Nine-petal Soul Concentration Flower, Who Else But Me?

There were too many memories in a person’s life, and most of those memories were fragmented.

However, some memories were extremely deep, such as one’s name, family, and many more.

A cultivator’s life was many times longer than that of a mortal, and their memories were more trivial. They could never forget certain things that were deeply engraved in their minds, such as cultivation techniques, which they highly treasured and valued more than their lives!

In the Spiritual Divine Forest Realm, the trivial memories of the ancient great ones turned into a storm of memories sweeping the universe. However, there was an extremely rigorous and lucid cultivation technique within it!

“It’s indeed a cultivation technique, but it’s inside the Memory Storm and difficult to comprehend,” Lan Haifang said while shaking her head.

Such a situation would occur occasionally after one entered the Spiritual Divine Forest Realm, where some wanted to comprehend the cultivation technique in the Memory Storm but failed.

The cultivation technique that was borne in the mind of the ancient great one was simply extraordinary, so how could it be easily comprehended?

Most of the time, one would be torn apart by the Memory Storm before one could comprehend the cultivation technique.

“Heh. How would I know how powerful it is until I try it?”

Chu Kuangren smiled. Then, he took a step forward and flew toward the Memory Storm.

That scene shocked everyone.

“No, Violet Moon Young Master!”

“It’s too dangerous!”

Everyone was astonished and thought that Chu Kuangren was being too impulsive.

The Memory Storm was not meant to be entered at will.

Over the years, countless people had tried to obtain the great one’s cultivation technique in the Memory Storm but failed.

Some even died with nothing left behind.

“Has obtaining the Nine-colored Celestial Soul Physique made the Violet Moon Young Master too proud?” Azure Heaven Young Master lamented and felt slightly distressed.

‘I can’t stop you from entering the Memory Storm, but you should have left the Soul Crystals behind first!’

“Follow the Young Master!” Lan Haifang said and followed Chu Kuangren closely.

The rest of the people followed too as all Soul Crystals were with Chu Kuangren.

As Chu Kuangren approached the Memory Storm, a terrifying soul energy fluctuation emerged from it. Then, the soul energy fluctuation turned into a substance that could have a huge impact on one’s physical body.

It was unbelievable that a mere Memory Storm possessed such powerful energy.

Chu Kuangren speculated that the soul that had turned into the Spiritual Divine Forest Realm was at either the Peak- or even Chaos-grade Soul Realm.

However, he stopped dwelling on it. Soon, Nine-colored brilliance flowed and covered his body to resist the impact of the soul energy as he stepped forward to enter the Memory Storm.

Countless images soon flashed before him.

They were too messy and illogical, and most of them were trivial memory fragments with no reference value.

He used the Nine-colored Celestial Soul Light to resist the impact of the soul energy. When he came to the depths of the storm, he looked at the clear runes in the violet brilliance and began to comprehend the cultivation technique recorded in them. For him, gaining insights into a technique was easy.

For other people, they would be torn apart by the Memory Storm before they succeeded in comprehending. However, for Chu Kuangren, he could comprehend the cultivation technique before the Memory Storm hurt him.

“Brother Changkong has entered the Memory Storm.”

Lan Haifang, who followed Chu Kuangren into the Memory Storm, noticed the nine-colored brilliance shining in the storm. It was Chu Kuangren’s Nine-colored Celestial Soul Light.

“Perhaps Brother Changkong can successfully comprehend the cultivation technique recorded in it with his Nine-colored Celestial Soul Physique,” said Lan Haifang.

However, the Azure Heaven Young Master who tagged along did not think so. “This cultivation technique, which is borne in the mind of the ancient great one, is at least an Embodier Technique. Even with the Nine-colored Celestial Soul Physique, it will take him a lot of time to comprehend no matter how powerful he is. I’m afraid the Memory Storm will tear him apart before he can successfully comprehend.”

That was also the reason why no one had been able to comprehend the cultivation technique since ancient times.

“I suppose Brother Changkong won’t do things he is unsure of.”

“Heh, Ziyue Changkong is arrogant. Who said that he wouldn’t do something he was unsure of? Otherwise, how could Chu Kuangren have destroyed his physical body?” Azure Heaven Young Master said with a chuckle.

He felt that not only did Ziyue Changkong not lose his arrogance after Chu Kuangren destroyed his physical body, but he became even worse after possessing the Nine-colored Celestial Soul Physique.

“Hmph, Chu Kuangren again. How many times do you guys have to mention him in front of me?”

“I know he was the one who destroyed Brother Changkong’s physical body. If I have a chance to meet him, I will definitely let him taste the feeling of being devoured by thousands of ghouls!” Lan Haifang said in a cold tone.

Evil ghouls, which were filled with fierce ferocious qi and rage qi, emerged around her.

The Azure Heaven Young Master said, “Blue Ocean Young Master, you haven’t been out of the Soul Restricted Area, so you have no idea how famous this person is in the Immortal World. We actually haven’t mentioned much about him.”

There was a look of fear in his eyes.

Although he was a Restricted Area’s Prodigy, he could not help but be afraid after knowing Chu Kuangren’s achievements.

Did such a person really exist?!

“Well, let’s stop talking about him and follow Brother Changkong,” Lan Haifang said. With that, she continued to chase after the Memory Storm.

Meanwhile, the Memory Storm had engulfed Chu Kuangren and was heading toward the distance.

Lan Haifang and others only dared to follow from a distance and did not get close.

After following the Memory Storm for a few days, the storm passed by a grassland, destroying everything in its wake.

The grassland was a mess, and a ravine was formed on the ground after the Memory Storm ravaged the land.

Suddenly, a strange soul energy fluctuation emerged.

Lan Haifang and the Azure Heaven Young Master looked at each other with surprise.

“That soul fluctuation, could it be...”

They mobilized their Immortal Consciousness and soon realized that in the ravine, a strange flower with nine petals fluttered in the wind. It shone with Immortal Sparks while Daoist chimes sounded.

“It really is the Nine-petal Soul Concentration Flower!”

Azure Heaven Young Master was overjoyed.

The Nine-petal Soul Concentration Flower could be regarded as the top-notch treasure in the Spiritual Divine Forest Realm!

It could manifest souls and even rescue souls that were on the verge of shattering!

It was a rare treasure in cultivation and saving lives.

“I didn’t think the Memory Storm would lead us to find the Nine-petal Soul Concentration Flower. Haha. Following it is worth it.” Azure Heaven Young Master laughed and said.

At that moment, three extremely powerful surges of soul energies spread from a distance.

Three figures approached at lightning speed and arrived at the scene in the blink of an eye. They were the young masters of the three tribes, namely Yellow Sand, Orange Wood, and Greenlands!

“Sure enough, it’s the Nine-petal Soul Concentration Flower!”

The Yellow Sand Young Master was excited.

Very few Nine-petal Soul Concentration Flowers could be found in the entire Soul Restricted Area, yet they managed to find one here.

“However, it seems like a lot of people are here.”

Orange Wood Young Master looked at the rest of the people from other tribes with a solemn expression.

“Treasures belong to those who can take them!”

“Who else can own it but me?!”

A yell sounded.

Following that, the sky was filled with burning flames. In the sky paved with endless flames, a figure dressed in red approached proudly!

He was the Crimson Star Young Master, the most powerful person among the seven tribes’ young masters!

A Nine-petal Soul Concentration Flower had attracted all the tribes!

Everyone scanned their eyes across everyone at the scene. Suddenly, the atmosphere became confrontational!

1640 Crimson Star Young Master Oppresses All Tribes, I’ll Give You a Chance to Make A Move

The emergence of the Nine-petal Soul Concentration Flower attracted all tribes’ young masters!

They intended to fight for it, especially the Crimson Star Young Master. His strength was astonishing and a little above the other tribes’ young masters. He looked down at the rest of the people with a disdainful gaze!

Even the sky-prides of the Crimson Star Tribe he brought with him looked arrogant. It was as if they looked down at the other tribes.

“Young Master has cultivated his Crimson Star Divine Soul Art to the Expert level. How can the sky-prides of the other tribes compare to him?”

“Indeed. They’re merely courting death.”

The people of the Crimson Star Tribe whispered to each other and did not hide the contemptuous looks on their faces.

When the rest of the people heard what those people said, they were displeased.

Although the Crimson Star Young Master was the most powerful among the seven tribes, as people of the Soul Restricted Area, it was rude for him and his people to be so arrogant.

“We found the Nine-petal Soul Concentration Flower first, so it should belong to us,” said Lan Haifang.

The Azure Heaven Young Master stepped forward and supported her.

However, Crimson Star Young Master did not take it seriously and pouted. “As I said, the Nine-petal Soul Concentration Flower belongs to someone who can take it. If you can defeat me, it will belong to you.”

“It seems like a fight is necessary,” Lan Haifang said in a cold tone.

Soon, many dead souls emerged behind her, followed by an extremely powerful aura.

The soul energy fluctuation turned the particular space into a purgatory on earth!

“Oh, it’s the Blue Ocean Tribe’s Soul Vanquishing Technique. I’m curious about it,” said the Crimson Star Young Master.

“Attack!”

Without saying another word, Lan Haifang’s soul energy erupted. Under her control, many dead souls dashed out and turned into a layer of dark clouds to cover the realm!

There were countless dead souls. Some of them were powerful existences, and there were dozens of Gilded Immortal dead souls.

With such a move, Lan Haifang could be regarded as a top Prodigy if she was in the outside world.

Unfortunately, she was inferior when facing Crimson Star Young Master because he was a Peerless Prodigy!

His eyes narrowed. The crimson flames around him roared and landed on the countless dead souls, just like flames falling into a flammable haystack. With a bang, the dead souls exploded and turned into a sea of flames. The dead souls howled non-stop.

It did not take long before thousands of dead souls were burned into ashes!

“As expected of the young master!”

“Haha. My Crimson Star Tribe is above the other six tribes, and my young master is invincible!”

People from the Crimson Star Tribe cheered for the Crimson Star Young Master.

The expressions of the other tribes’ young masters and disciples were solemn.

“Is this all you have? That’s disappointing.” The Crimson Star Young Master pouted and said.

The Azure Heaven Young Master, Yellow Sand Young Master, and other tribes’ young masters looked at each other before making their moves.

Various soul techniques were cast one after another.

The Yellow Sand Young Master mobilized his soul energy, which turned it into countless invisible weapons that dashed toward Crimson Star Young Master like a storm.

On the other hand, the Azure Heaven Young Master transformed countless strange and ferocious soul beasts to gnaw forward.

The young masters of the rest of the tribes also cast their techniques.

For a moment, that particular space was enveloped by countless soul energies. The brilliant soul light filled the void, and chaos ensued in every direction.

However, amidst the chaotic soul energies, the Crimson Star Young Master stood proudly with crimson flames surrounding him. Countless flames spread from him, and various soul techniques were burned into ashes when they approached him. They could not harm him at all.

Compared with other tribes' young masters, the Crimson Star Young Master was a level more powerful. He was definitely a top-notch figure among the Peerless Prodigies.

"You guys are too weak!"

As the Crimson Star Young Master yelled indifferently, his soul energy surged and turned into flames that burned outward. Several young masters were forced back by the waves of flames.

Looking at the Crimson Star Young Master, they felt helpless.

"Where is Ziyue Changkong?"

At that moment, the Crimson Star Young Master asked as he looked at Lan Haifang.

Chu Kuangren with the Nine-colored Celestial Soul Physique was among the people who came to the Spiritual Divine Forest Realm that attracted his attention.

In his opinion, only Chu Kuangren was a small threat to him.

Although the Nine-colored Celestial Soul Physique was powerful, he was highly confident in himself.

Moreover, how powerful could Ziyue Changkong be? He had just obtained the Nine-colored Celestial Soul Physique, after all.

"He has entered the Memory Storm," said Azure Heaven Young Master.

Everyone was shocked to learn that.

"What?! Is he tired of living? How dare he enter the Memory Storm?!"

"Even though he possesses the Nine-colored Celestial Soul Physique, he's too reckless."

Even the Crimson Star Young Master was surprised.

He dared not enter the Memory Storm at will because it was too dangerous in there.

"I hope he won't die in there. I want to defeat the Nine-colored Celestial Soul Physique with my own hands," said Crimson Star Young Master.

"Hmph. He'd better die inside."

The Yellow Sand Young Master, who had a conflict with Ziyue Changkong, snorted. He could only think about it and not say it out loud.

No one was the Crimson Star Young Master's opponent, so the Nine-petal Soul Concentration Flower belonged to him.

With that, his figure flashed and dashed toward the Nine-petal Soul Concentration Flower.

When he reached out his hand to pluck it, an incomparably terrifying soul energy fluctuation spread from a distance. Then, the Nine-Colored Celestial Soul Light appeared above the sky and tore the Memory Storm apart!

Shocked, everyone looked in that particular direction.

They saw a young man in a violet robe slowly walking out of the torn Memory Storm.

He was Chu Kuangren.

The Crimson Star Young Master narrowed his gaze and showed great interest upon seeing Chu Kuangren's emergence.

After exiting the Memory Storm, Chu Kuangren approached the crowd proudly. His body was shrouded in nine-colored brilliance, his demeanor was like the Immortal King reincarnated, and his aura shook the void in all directions!

Wherever the Nine-Colored Celestial Soul Light landed, the soul beasts along the way trembled under its suppression.

Chu Kuangren approached the crowd step by step. Every time he took a step and got closer to the crowd, his aura made them feel even more suffocate.

"Is this the Nine-colored Celestial Soul Physique? What a terrifying soul aura!"

"It's extremely powerful!"

"Perhaps he's the only one who can fight the Crimson Star Young Master."

Lan Haifang looked at the approaching violet figure with obsession in her eyes. "Brother Changkong..."

The Yellow Sand Young Master felt extremely jealous when he saw the scene.

He stared at Chu Kuangren and wished that he could chop him into pieces, but he felt helpless after thinking about his strength.

He hoped that the Crimson Star Young Master could teach Chu Kuangren a lesson.

However, it would be best if the two parties were defeated and injured.

Shortly after, Chu Kuangren came to the sky above the crowd. When he noticed the Nine-petal Soul Concentration Flower, he was overjoyed at how effortless it was to find it. Then, he looked at Crimson Star Young Master and said, "I want this Nine-petal Soul Concentration Flower, and now, I'll give you a chance to attack me."

"How arrogant!"

Crimson Star Young Master sneered. Then, the Spiritual Flame on his body turned into a sea of flames that flashed with countless eerie Daoist patterns, enveloping Chu Kuangren whole.
