#### Chapter 1691: The Vine Demon Crown Prince Makes a Move, Where Is the Heavenly Sword?

1691 The Vine Demon Crown Prince Makes a Move, Where Is the Heavenly Sword?

Chu Kuangren led Ling Fei and Han Xingyu toward the end of the Starlight God King Ancient Path, while Feng Qingxue and others followed them.

There were nine hundred and ninety-nine challenges on the Ancient Path. Chu Kuangren could pass most of the earlier levels, and none could stop him.

In less than half a day, he had completed half of the nine-hundred and ninety-nine challenges.

At the six-hundredth challenge, he stopped and said, "This is... an Arch Gilded Intent."

Before them was a huge stone tablet, which was engraved with an Arch Gilded Intent.

Many people who came to complete the challenge had stopped to observe it as if they were trapped in a disorientating illusion, and some of them were sweating profusely.

Chu Kuangren, too, felt a change in the scene in front of him.

Immediately after, a man in a white robe appeared before him and attacked him with an Arch Gilded Intent.

He simply mobilized his thoughts and killed the man with his Arch Gilded Intent.

"This isn't even the seven-hundredth challenge, yet the challenge already involves Arch Gilded Intent?" mumbled Chu Kuangren.

Behind him, Ling Fei and Han Xingyu were looking at the stone tablet before them as they, too, were in the challenge, facing the Arch Gilded Intent in the illusion.

Ling Fei was lucky and passed the trial.

However, Han Xingyu was merely a Gilded Immortal. In the face of the Arch Gilded Intent, her forehead was drenched in sweat like she was having difficulty passing the level.

At that moment, the Void Sword in Han Xingyu's arms trembled.

Han Xingyu immediately opened her eyes and looked at the Void Sword in her arms with some doubt.

"Did the Void Sword help me to pass the Arch Gilded Intent's trial?"

"Well, I think yes. You've had it for quite some time anyway."

Chu Kuangren nodded.

The Void Sword probably perceived the Arch Gilded Intent on the stone tablet as a provocation, so it expelled it.

"Let's proceed to the next challenge," said Chu Kuangren.

The Arch Gilded Intent in the Starlight God King Ancient Path was much more interesting than he thought.

After that, Chu Kuangren spent a slightly longer time in the later challenges because he comprehended the Arch Gilded Intent in each of the challenges.

At the seven-hundred and tenth challenge, he comprehended the Mountain Arch Gilded Intent.

At the seven-hundred and nineteenth challenge, he comprehended the Ocean Arch Gilded Intent.

At the seven-hundred and twenty-ninth challenge, he comprehended the Underworld Flame Arch Gilded Intent.

...

Chu Kuangren's comprehension of Arch Gilded Intent was getting faster. As he comprehended more and more Arch Gilded Intents, his Arch Gilded Intents gradually began to take shape.

Not many could get to the nine-hundredth challenge.

Many challengers were sky-prides and Prodigies in the Arch Gilded Immortal Realm, but even Ling Fei might not be able to get through the next challenge.

On the other hand, the challenges had been easy for Han Xingyu.

She was a Gilded Immortal, but because of the Void Sword in her hands, she managed to break through challenges that even an Arch Gilded Immortal might not be able to break through.

"Ling Fei, what do you think the Heavenly Sword is doing?" Han Xingyu asked and looked at Chu Kuangren, who was sitting down with his legs crossed in front of the stone table and comprehending the Arch Gilded Intents.

"I have no idea."

Ling Fei shook his head. "I have a hunch that the Heavenly Sword must be doing something amazing."

He could sense that every time Chu Kuangren got through a challenge, his energy presence became more intense. However, he could no longer sense any of Chu Kuangren's energy presence now.

Chu Kuangren was sitting before the stone tablet without any energy fluctuating from him, which was an incredible feat.

It also showed that Chu Kuangren's cultivation realm had reached a level that an Arch Gilded Immortal like him could not sense.

Both he and Chu Kuangren were Arch Gilded Immortals, but the gap in their strength was too huge.

"Oh?" An eek sounded suddenly.

A young man was approaching slowly from not far away. He then looked at Han Xingyu curiously. "That's strange. How did you, a Gilded Immortal, get here?"

"It's him, the Vine Demon Crown Prince!"

Upon noticing the Vine Demon Crown Prince, Ling Fei's expression turned sterned.

He was a top Prodigy on the Heavenly God Leaderboard, and his strength was no weaker than the late Chen Feihu.

Moreover, Ling Fei had fought with Chen Feihu before, and they were not on good terms.

"This aura... You're from the Spiritual Sword Tribe."

The Vine Demon Crown Prince narrowed his eyes when he saw Ling Fei, and a cold glint flashed in his eyes.

He remembered vividly that Chen Feihu had slashed him with the sword once. Although Chen Feihu had died in the universe-connecting portal, he still did not have any good impressions of the Spiritual Sword Tribe.

"Woman, tell me. How did you get here?" the Vine Demon Crown Prince asked Han Xingyu curiously.

A Gilded Immortal could not possibly pass the seven-hundredth challenge normally, so Han Xingyu's ability to reach the nine-hundredth challenge surprised him. He suspected there must be some tricks involved.

"It's none of your business," said Han Xingyu.

"Oh, so you won't tell me? In that case, don't blame me for being rude. I must know your secret," the Vine Demon Crown Prince said with a giggle.

Then, he stretched his hand toward Han Xingyu and released his Arch Gilded Intent to lock onto her. Han Xingyu could not resist the attack.

"Stop!"

At that sight, Ling Fei made a move by unleashing a sword attack to protect Han Xingyu.

Unfortunately, the gap in their strength was huge. Even though he channeled his Immortal's Core to its limit, he was still no match for the Vine Demon Crown Prince.

Boom!

After a few attacks, Ling Fei was blasted away, and he spat a mouthful of blood.

Han Xingyu's expression darkened, and she made a move by activating her Frost Sword Physique to its limit. As soon as she slashed her sword forward, a chilly sword ray wrapped in frost swept out.

"You're too weak," said the Vine Demon Crown Prince.

Instead of dodging, the Vine Demon Crown Prince allowed the sword qi to land on him without hurting him.

Buzz!

At that moment, the Void Sword in Han Xingyu's hand trembled, and a powerful sword aura erupted, forcing the Vine Demon Crown Prince a few dozen meters back.

“This sword is weird!”

The Vine Demon Crown Prince looked at the Void Sword with surprise and doubt. “You must have relied on this sword to get here. Ha! Hand it over to me!”

In his opinion, a Gilded Immortal was not qualified to own such a treasure.

“Vine Demon Crown Prince, you’re a Prodigy on the Heavenly God Leaderboard. How could you be such a bully?”

A chilly palm attack slammed forward.

The Vine Demon Crown Prince turned around to smash the palm attack. Then, he looked at the person who was approaching. “Are you Feng Qingxue from the Feng clan?!”

She was the Feng Qingxue who followed Chu Kuangren and others along the way.

“Very well.”

“Are these people related to the Feng clan?”

“The Spiritual Sword Tribe and Feng clan are good friends. Moreover, the Heavenly Sword has saved my life, so I can’t sit back and watch you hurt them,” said Feng Qingxue.

“Heavenly Sword?”

The Vine Demon Crown Prince’s pupils trembled in fear when he heard Feng Qingxue mention the Heavenly Sword.

He had heard of the name before.

Those watching around also could not help but exclaim at the mention of the Heavenly Sword.

“The Heavenly Sword is here. Where is he?”

“You mean the legendary Heavenly Sword who killed Leng Jiufeng and may even be comparable to the top ten monsters on the Heavenly God Leaderboard? Why haven’t I seen him yet?”

Everyone looked around to locate the famous Heavenly Sword.

#### **Chapter 1692: Feng Qingxue and Ling Fei Join Forces, Wind of Void, A Rumble**

1692 Feng Qingxue and Ling Fei Join Forces, Wind of Void, A Rumble

Upon hearing his name, countless people started looking for the Heavenly Sword but to no avail.

Suddenly, someone noticed Chu Kuangren, who was sitting in front of the stone tablet. He was the person closest to Ling Fei and Han Xingyu.

“Could he be the Heavenly Sword?”

“Impossible. The Heavenly Sword should be mighty, but other than looking handsome, this person looks ordinary.”

“Indeed. His energy presence is pretty weak. If you guys didn’t remind me, I wouldn’t have noticed he was sitting there.”

Currently, Chu Kuangren’s energy presence had been restrained.

He, who was comprehending the Arch Gilded Intent, was as still as a statue. If the crowd had not deliberately paid attention to him, no one would have even noticed there was such a person present.

“Isn’t his existence too insignificant?” Someone ridiculed.

That was the first time the crowd had seen such an insignificant person, one who was no different from a stone.

“His back looks a little familiar.”

The Vine Demon Crown Prince furrowed his brows while looking at Chu Kuangren who was not far away. Soon, a person appeared in his mind.

‘Impossible.’

‘He had died in the universe-connecting portal, and no one could survive in the Void Annihilation Formation. Furthermore, why would he be here if he’s still alive?’

The Vine Demon Crown Prince shook his head.

“Why did I think of that guy?” The Vine Demon Crown Prince laughed.

To make sure he was right, he deliberately took a look at Chu Kuangren’s face and noticed that the man was different from how he looked in his memory.

In fact, Chu Kuangren had changed his appearance on purpose in order to move around the Central Heaven Universe. After all, many people in the universe-connecting portal had seen him before, just like the Vine Demon Crown Prince.

However, the Vine Demon Crown Prince could not sense Chu Kuangren’s energy presence now.

“Feng Qingxue, I don’t care how well is your relationship with the Heavenly Sword. Are you sure you want to meddle in my affairs?”

The Vine Demon Crown Prince stared at Feng Qingxue, and his aura surged to its limit.

The mighty Arch Gilded Intent spread across the land, but Feng Qingxue did not retreat and said indifferently, “I’ve said that I won’t sit back on this matter today!”

“Well, you asked for it!”

Without saying else, the Vine Demon Crown Prince made a bold move.

The moment he unleashed a palm attack, the majestic Immortal’s Core turned into apparitions of vines and made their way outward. Although they were merely apparitions, their powers were real and terrifying.

“Let’s attack together!” Feng Qingxue said to Ling Fei.

Then, she pushed with her bare hands, and a burst of Immortal's Core erupted into a storm.

As Ling Fei's sword ray flashed, countless sword qis gushed out from the tip of the sword before they merged into the storm and blasted toward the countless vines.

The two forces collided with a rumble and shook the ancient planet under everyone's feet.

In the dazzling Immortal Sparks, Feng Qingxue and Ling Fei were sent flying backward with blood spurting from their mouths.

On the other hand, the Vine Demon Crown Prince approach from the sky with vines wrapped around his body. His poise was magnificent, and he was unscathed!

"A person who ranks ninety-ninth on the Heavenly God Leaderboard and an ant who isn't on the leaderboard want to compete with me? You think too highly of yourselves!" the Vine Demon Crown Prince snickered.

He scanned his gaze over the void and was relieved when he did not see the Heavenly Sword.

It seemed like the Heavenly Sword was not here, or perhaps the latter was at the challenge ahead.

"The gap in strength is huge."

"Indeed. The Vine Demon Crown Prince is one of the top thirty on the Heavenly God Leaderboard. These two people are not his opponents at all."

The crowd was discussing how none of them were optimistic about Feng Qingxue and Ling Fei.

There was a huge gap in Arch Gilded Intent and cultivation base between the two of them and the Vine Demon Crown Prince.

"Feng Qingxue, I can grant you another chance for the sake of your elder sister. Don't meddle in the affairs here. Just leave!" The Vine Demon Crown Prince looked at Feng Qingxue and said.

In fact, he dared to kill Ling Fei but not Feng Qingxue because besides the Heavenly Sword, whose strength was unknown, the Spiritual Sword Tribe did not have many mighty Prodigies.

However, the Feng clan was different. Although it was not an Ancient King Tribe, its most powerful Prodigy, who was known as the Storm Queen, ranked third on the Heavenly God Leaderboard!

She could be regarded as the most powerful existence among the young female cultivators in the Central Heaven Universe. As the Storm Queen's younger sister, Feng Qingxue was protected by her. Therefore, the Vine Demon Crown Prince would undoubtedly offend the Storm Queen if he killed Feng Qingxue.

"Tsk tsk. She's lucky to have such a nice elder sister."

"The Storm Queen, Feng Qiyu, is truly a remarkable person. Compared to her sister, Feng Qingxue's strength is far inferior even though she's powerful."

"Yeah. One ranks third, while the other one ranks ninety-ninth. They're incomparable."

Knowing Feng Qingxue's identity well, everyone could not help discussing it after hearing what the Vine Demon Crown Prince said.

Meanwhile, a conflicted look appeared on Feng Qingxue's face.

Once again, she became insignificant as soon as her elder sister was mentioned.

'I've been working hard, and I'm excellent too, but why does everyone seem to turn a blind eye toward my achievement?'

'Damn it.'

She did not hate her elder sister, but rather, she felt dissatisfied.

"This is my business. It has nothing to do with my elder sister. You don't have to show mercy to me because of her!" Feng Qingxue said coldly.

As soon as she said that, countless black currents lingered around her, while a devastating and void fluctuation spread from those currents.

"This is..."

The Vine Demon Crown Prince's face was ashen. "I've seen this move from your elder sister. It's the Wind of Void, the Feng clan's most powerful cultivation technique!"

"Take this!"

Feng Qingxue manipulated the pitch-black currents around her. They were like countless giant pythons slithering toward the Vine Demon Crown Prince.

Wherever the attack struck, the space collapsed, and everything was destroyed by the void energy contained in it!

Feng Qingxue had cultivated the Wind of Void from absorbing the Black Hole Particles. It was unfathomable and more outstanding than most of the Embodier Techniques.

"Thousand Vines Dragon!"

The Vine Demon Crown Prince formed a mysterious hand seal. Then, countless vines exploded and intertwined in the void to form a huge wooden dragon!

The collision of the wooden dragon and the Wind of Void caused explosions to explode in the particular space.

However, due to the gap in cultivation, Feng Qingxue's attack was a level weaker, and she was blown away by the impact of the energy.

"Your strength is far inferior to that of your elder sister!" the Vine Demon Crown Prince ridiculed Feng Qingxue after defeating her.

"Damn it!"

Feng Qingxue's face was pale, and most of her Immortal's Core energy had been consumed because of the move she made just now.

"Hand over the treasure!"

The Vine Demon Crown Prince ignored the crowd and dashed toward Han Xingyu, intending to snatch the Void Sword from her hand.

What would be the outcome of a fight between a Gilded Immortal and an Arch Gilded Immortal?

Everyone knew very well what would happen.

However, at that moment, a rumble reverberated throughout the universe. Dark clouds had started to gather in the sky, and the entire Ancient Path's spiritual qi was agitated!

#### **Chapter 1693: The Invincible Self-empowerment Arch Gilded Intent, An Undefeatable Sword Attack, Another Sword Attack That Splits The Sky**

1693 The Invincible Self-empowerment Arch Gilded Intent, An Undefeatable Sword Attack, Another Sword Attack That Splits The Sky

On the ancient planet, a rumble suddenly reverberated throughout the universe for some reason!

The rumble was extremely terrifying. It almost shattered everyone's eardrums and agitated their Immortal's Core. Not only that, but the surrounding spiritual qi was experiencing a weird frenzy as well!

Dark clouds emerged in the sky above the ancient planet, and thunder rumbled. The vast majestic power akin to the Heavenly Might made everyone's heart pound in fear.

"What's going on? What is this commotion?!"

"What is happening?"

Puzzled, everyone looked around for the source of the abnormality.

The Vine Demon Crown Prince stopped his action and felt uneasy.

At that moment, Chu Kuangren, who had been sitting in front of the stone tablet, stood up slowly.

His robe was as white as snow, and his spine was as straight as a sword as he stood proudly. However, what replaced his absent aura was a vast divine might!

At that moment, Chu Kuangren was like an Immortal King who had descended and flattened everything!

On top of that, a strange and powerful Arch Gilded Intent rampantly spread from his body. Many Arch Gilded Immortals present felt a huge gap between their Arch Gilded Intent and Chu Kuangren's Arch Gilded Intent, which they could never surpass!

Chu Kuangren's Arch Gilded Intent was unruly and contained transcendental intent.

If their Arch Gilded Intent was struggling to survive in that particular space and were trying to surpass it, Chu Kuangren's Arch Gilded Intent was like a Transcendentalist who overlooked all living beings from above.

Although it might not be powerful, it was not restrained by the Great Dao!

It was a real transcendental existence!

"What a terrifying aura and Arch Gilded Intent. What's going on? Why does he suddenly seem like a different person?"

Everyone looked at Chu Kuangren in astonishment.

He was as motionless as a stone just now. How did he become so terrifying in the next moment?!

Boom! Boom!

Above the ancient planet, endless spiritual qi surged and merged into the dark clouds. A frightening energy was accumulating in the dark clouds that covered the entire ancient planet!

It was the will of the Great Dao!

The Central Heaven Universe's Great Dao would not allow anything beyond its control.

Soon, the ancient planet's change attracted various forces' attention.

Many great ones concentrated their attention on the Galaxy God King Ancient Path.

At the end of the Ancient Path, on an ancient planet, an elder dressed in white opened his eyes. His seemingly cloudy eyes gleamed, and his expression gradually turned solemn. "This is... a Taboo!"

Those who broke the rules set by the Great Universal Dao were Taboo, and right now, a Taboo was born on the Ancient Path!

To be able to cause the Great Dao to be angry, it was not an ordinary Taboo but a supreme Taboo that broke the rules and was out of the Great Dao's control!

"It has been years since a Taboo emerged in the Central Heaven Universe!"

"What has he done?"

The Galaxy God King looked through countless stars, and his gaze landed on Chu Kuangren.

All forces' great ones in the Central Heaven Universe were amazed.

"What a terrifying aura and strange Arch Gilded Intent. Was that the cause of the Great Dao's vibration? A Taboo is really scary."

"Tsk tsk. I haven't seen a Taboo for a long time."

"Interesting. Who is this person?"

"I know him. He's the Heavenly Sword from the Spiritual Sword Tribe. He caused a horrifying conjuration some time ago, which led to the destruction of many swords in the universe!"

“Oh, it’s him. Now, it makes sense.”

“The commotion this time is even more frightening than the previous one.”

Many Immortal Consciousnesses were conversing with each other.

Meanwhile, the expressions of many Prodigies in the Starlight God King Ancient Path turned solemn when they noticed the peerless Chu Kuangren, who exuded an otherworldly demeanor, standing under the dark clouds.

“An elite!”

“He is not only an elite but also a terrifying Prodigy!”

Soon, violent energy emerged in the dark clouds, while countless purple-blue thunder flickered frantically as if the Heavenly Might was angry. The sound was frightening.

Everyone gulped while looking at the thunder.

An Arch Gilded Immortal would probably be severely injured if the thunder hit him, not to mention there were thousands of thunderbolts in the dark clouds at that moment.

“The Great Dao is furious, and it wants to get rid of this person!”

“It’s frightening. To be able to cause such a conjuration, who’s this person?!”

Contrary to everyone’s shock, Chu Kuangren looked indifferent. However, deep down, he was overjoyed.

That was because he had finally manifested his own’s Invincible Self-empowerment Arch Gilded Intent after comprehending various Arch Gilded Intentions and continuously accumulating experience!

It represented another step further on the path to affirm his own Invincible Dao!

He did not care much about the heavenly tribulation.

The Great Dao had its own order.

Under the Forty-nine Vitalities, everything had a chance to live.

No matter how much the Great Dao did not want Chu Kuangren to survive, it must follow the order it had set up. Despite how powerful the might of the heavenly tribulation was, one might still be able to get through it.

Take for example, when an ordinary Immortal went through an ascension, the heavenly tribulation would not be that powerful enough to destroy the Embodier.

However, the Great Dao had its order, but Chu Kuangren did not!

“Void Sword!” An indifferent voice sounded.

The Void Sword in Han Xingyu’s arm buzzed and trembled, and a clear sword chant blasted the clouds away!

The Void Sword then unsheathed itself and flew into Chu Kuangren's palm like a flash of black lightning.

As soon as Chu Kuangren held the Void Sword, his aura rose rapidly.

At the same time, the Invincible Self-Empowering Arch Gilded Intent surrounded him, and everything he had experienced in the past appeared in his mind.

It was tough to go through the cultivation journey, and one would be buried alive if he made a mistake.

Since he started his cultivation journey, he had fought alone with his sword and survived proudly. He lived a passionate romance and once fell into confusion...

He was the Elder Senior Brother of Black Heaven Sect, a Sect Leader, a King, and the Chief of the academy...

He was also the Underworld Ghost Emperor, Blood Ocean Ruler, Human Emperor fate's successor, the Celestial Demon King, and now the Heavenly Sword!

However, no matter what he had experienced and what his identities were, one thing had never changed since the beginning!

"I have an invincible heart, and I'm undefeatable in all battles!"

"There are countless sky-prides in the universe, but I'm the only one who is undefeatable!"

"I am the one and only throughout eternity, the madman who reigns throughout eternity!"

Invincibility was the Dao he had always been pursuing, and it had never changed!

It was so in the past and now, and it would remain the same in the future!

At the thought of that, Chu Kuangren's mind was clear, and his understanding of Invincible Self-empowerment Arch Gilded Intent reached a new level!

He had only just broken through to become a First-step Arch Gilded Immortal a while ago, and now, he had jumped straight to the Second Step.

The long pitch-black Void Sword in Chu Kuangren's hand was trembling insanely, while a sword chant reverberated throughout the universe as if it was excited.

"One Sword, Invincible!"

Chu Kuangren unleashed a sword attack, and the pitch-black sword ray was engulfed in Invincible Self-empowerment Arch Gilded Intent. The sword ray of millions of kilometers slashed the thick dark clouds apart as if it wanted to split the world in half!

In an instant, the cracked earth cracked, the surging dark clouds, and the sky full of thunder were smashed to pieces!

An incomparably huge gap emerged in the dark clouds scattered across the skies of the ancient planet.

The sky was split open by the sword attack!

### **Chapter 1694: I Must Learn This Sword Attack, Killing The Vine Demon Crown Prince In A Second**

1694 I Must Learn This Sword Attack, Killing The Vine Demon Crown Prince In A Second

It was an invincible sword attack!

The Void Sword split heaven and earth, and when the sword that surpassed ages landed on the heavenly tribulation, it split the incomparably huge dark clouds in half.

From a distance, the sky looked cracked.

Further away, on an ancient planet, Luo Xue, a Prodigy who ranked eleventh on the Heavenly God Leaderboard, was struck with horror when she saw the sword attack. Her delicate body trembled slightly, and her sword intent burst out automatically and slashed dozens of nearby mountain peaks into pieces. Soon, endless snowstorms enveloped the particular space.

Although the snowstorms were chilly, Luo Xie felt her icy heart throbbing at that moment, and her blood was going crazy.

She kept her eyes on the sky in the distance as if she wanted to engrave the sword that slashed the sky in her brain.

“What a sword attack...”

“I must learn it!”

Before Luo Xue could recover from her excitement, the dark clouds in the distance exploded!

The terrifying sword qi erupted from the clouds and swept across the entire sky above the ancient planet like a hurricane. Soon, the energy in the dark clouds dispersed one after another.

The sky returned its usual blueness.

The sword attack ended here, and its might was much more powerful than what Luo Xue thought.

On the ancient planet, the dark clouds dispersed when the heavenly tribulation shattered.

The sun shone on Chu Kuangren. He looked like he was covered with a layer of golden gauze, which made him appear as sacred as the Supreme Immortal King!

“The Heavenly Sword...”

“Is he the legendary Heavenly Sword?”

At that moment, everyone managed to guess Chu Kuangren’s identity as only the Heavenly Sword possessed such a Sword Dao and the Void Sword!

“This is bad. I have to leave!” The Vine Demon Crown Prince’s expression sank as he said that.

Then, he flew toward the distance.

After witnessing Chu Kuangren’s slashing the sky with a sword, he knew he was not Chu Kuangren’s opponent even though he was powerful.

Moreover, he found the Heavenly Sword's aura familiar for some reason and recalled the monster he encountered in the universe-connecting portal.

How could that be possible?

Perhaps he should go to the Mystic Divination Tribe to seek their help in investigating the Heavenly Sword's origin.

Suddenly, a figure stopped in front of him.

It was Chu Kuangren who was holding a black sword and whose robe was as white as snow.

"Do you think you can leave like that after snatching something that belongs to Heavens?" asked Chu Kuangren.

"Heavenly Sword, I have the backing of the Vine Demon Tribe. Don't you—"

"One move!"

Before the Vine Demon Crown Prince could finish his sentence, Chu Kuangren raised a finger and said, "If you can take one move, you can live!"

The moment Chu Kuangren said those words, he threw the Void Sword into the air.

In a flash, the black sword returned to the scabbard in Han Xingyu's arms.

The scene took everyone aback.

'What does this mean?'

'Didn't he say that he wanted the Vine Demon Crown Prince to take one move from him?'

"What do you mean?" the Vine Demon Crown Prince asked with his brows furrowed.

"I don't need a sword to deal with you."

"You're so.... arrogant!"

The Vine Demon Crown Prince's face darkened. He then mobilized his Immortal's Core to its limit, and countless vines spread from him.

In the blink of an eye, the vines turned into countless puppet soldiers that dashed toward Chu Kuangren.

By surrounding his opponent with the puppets, the Vine Demon Crown Prince was determined to block Chu Kuangren's move the best he could. However, if he failed, the countless puppets would buy him time to escape!

"This move again..."

Chu Kuangren's smiled as he saw the puppet army dashing toward him. When he was last in the secret realm of the universe-connecting portal, he had confronted the Vine Demon Crown Prince.

It was not his first time encountering a puppet combat strategy, so he understood the Vine Demon Crown Prince's thoughts pretty well.

“Unfortunately, no matter how tricky your scheme is, you can’t beat the Single Heavenly Strike!”

“Sword, Windstorm!” Chu Kuangren yelled indifferently.

The moment he put up a sword hand sign, a sword qi emerged at his fingertips and instantly turned into thousands of Immortal Sparks that flew outward!

Wherever the Immortal Sparks went, all the puppets transformed into wooden dust and exploded!

The innumerable puppet army was wiped out in an instant, while the seemingly endless sword qi was raging madly in the void.

“This is bad!”

The Vine Demon Crown Prince’s eyes widened in horror, and he wanted to escape.

Unfortunately, it was too late!

The thousands of sword qi did not dissipate after destroying the puppet army but gathered in the air to form a huge sword shadow mixed with storms and thunder. Then, it locked onto the Vine Demon Crown Prince.

“No!”

Following a scream, the body of the Vine Demon Crown Prince exploded, and his soul was crushed!

“One can still survive for defying the Heavens, but he must die for defying the Heavenly Sword!” Chu Kuangren said calmly.

The Immortal Sparks all over his body subsided as the sword qi dissipated, leaving only wooden dust flying in the air as if announcing the Vine Demon Crown Prince once existed.

“He’s too powerful!”

“The Vine Demon Crown Prince couldn’t even take a single move from him. Is this the might of the Heavenly Sword?”

Everyone gulped and was slightly horrified as they looked at Chu Kuangren.

“Are you guys okay?”

Chu Kuangren took out a few medicinal pills and gave them to Ling Fei, Han Xingyu, and Feng Qingxue.

Although he was comprehending the Arch Gilded Immortal Intent when they made their moves just now, he knew exactly what was happening.

If they had not made a timely move to stop the Vine Demon Crown Prince, he might have had to act himself, and it would take him more time to comprehend the Invincible Self-empowerment Arch Gilded Intent.

“Thank you, Heavenly Sword,” Feng Qingxue said with a fist salute.

“Don’t mention it. The Heavens acknowledge your actions. Next, I will go to the end of the Ancient Path. Ling Fei, Han Xingyu, the challenges ahead are beyond your abilities. Don’t force yourselves.” The

moment Chu Kuangren said those words, he took a step forward while looking toward the end of the Ancient Path and disappeared.

“Hey, wait. Heavenly Sword, you left your sword behind!”

Han Xingyu looked at the Void Sword in her hand anxiously.

Chu Kuangren was heading to the end of the Ancient Path without taking the Void Sword with him. What would happen to him if something bad happened?

“Heh, don’t worry. Even though Heavenly Sword doesn’t have any swords, not many people in the Ancient Path will be his opponent,” Ling Fei said with a smile.

“It seems like the Heavenly Sword doesn’t care about the Void Sword much.”

Han Xingyu looked at the Void Sword in her hand and sighed.

The Void Sword was a Premium Source Supreme Treasure and the most powerful sword in the Central Heaven Universe, yet Chu Kuangren did not seem to care about it.

How many people could behave like him in the universe?

“Perhaps this is why the Heavenly Sword is powerful. He doesn’t stick to one sword because everything in the universe is a sword to him. Even if he holds a blade of grass, he can still slash the stars, the sun, and the moon!”

Ling Fei aspired to have Chu Kuangren’s achievement.

When would he be able to pursue such an achievement? Even if he could pursue one-tenth of Chu Kuangren’s achievements, he would be satisfied, and his life would not be in vain.

“Do any of you know what that Arch Gilded Intent was?”

In the void, a great one, who had been paying attention to Chu Kuangren, asked curiously. However, no one answered him.

No one knew what it was because that was their first time seeing such an Arch Gilded Intent.

“To be able to shock the Great Dao, the Dao represented by the Arch Gilded Intent must be even more incredible,” a great one said after a while.

“The Heavenly Sword... I never thought the legend was true and so horrifying. It seems like the opening of the Ancient Central Heaven Planet this time has caused another variable.”

#### **Chapter 1695: Your Sword Intent Is Acceptable, Willing To Pay Whatever It Costs**

##### **1695 Your Sword Intent Is Acceptable, Willing To Pay Whatever It Costs**

There were nine-hundred and ninety-ninth challenges in the Ancient Path. After comprehending the Invincible Self-empowerment Arch Gilded Intent, all those levels meant nothing to Chu Kuangren.

He no longer needed to stimulate himself by comprehending other Arch Gilded Intent.

Therefore, he did not stop at the checkpoints. Instead, he simply sped past each challenge, which stunned everyone.

At the nine-hundred and fiftieth challenge, Chi Longying was standing in front of a huge stone tablet while fighting against the Arch Gilded Intent in it.

At that moment, a figure was slowly approaching him not far away.

It was Chu Kuangren.

Many people looked at him curiously. After all, although they were far away, they managed to see the scene in which Chu Kuangren slashed the heavenly tribulation with a sword attack.

“The Heavenly Sword is here.”

“I wonder if he can get through this challenge.”

“Chi Longying is a Prodigy who ranks twelfth on the Heavenly God Leaderboard, but he has been here for a day and hasn’t gotten through yet. It shows how difficult this challenge is.”

Everyone was engaged in their conversation, but Chu Kuangren ignored them.

He came to the stone tablet and looked at it. Soon, a surge of Arch Gilded Intent enveloped him.

The challenge had begun.

A swordsman, who was dressed in white and emanated a chilly freezing intent, emerged before Chu Kuangren.

He was a swordsman who cultivated the Frost Sword Dao.

“Kill him!”

Upon seeing Chu Kuangren, the swordsman in white immediately slashed forward with his sword. A chilly Frost Arch Gilded Intent soared through the skies.

“Do you think you deserve to use a sword before the Heavenly Sword?” Chu Kuangren shouted.

He pointed a sword hand sign forward, and his sword qi transformed into destructing flames. In the blink of an eye, it dispelled the boundless freezing qi and crushed the swordsman in white.

The next moment, the scene in front of him changed. His consciousness returned to reality, and without saying another word, Chu Kuangren entered the next challenge.

The scene astounded some cultivators around him.

“W-What’s going on?”

“I-I have no idea.”

What they saw was Chu Kuangren glancing at the stone tablet, and then an Arch Gilded Intent erupted from his body, smashing the Arch Gilded Intent on the stone tablet.

In an instant, Chu Kuangren got through the challenge.

They found the scene bizarre.

“Is this true?”

“Am I not dreaming?”

Everyone looked at each other in doubt and could not believe what they had just seen.

Chi Longying, who ranked twelfth on the Heavenly God Leaderboard, had been trapped in that challenge for a day, yet Chu Kuangren managed to break through it in just a split second.

The gap in their strength was like a moat, and they were on two different levels!

Boom!

While the crowd was engaged in a discussion, Chi Longying’s body released a scorching and domineering aura to shatter the Arch Gilded Intent that was wrapped around him.

On top of that, his aura had improved compared to earlier.

“Haha. The Arch Gilded Intent in this stone tablet is indeed extraordinary. After battling it, my Arch Gilded Intent is not far from achieving the Third Step.”

There were Seven Steps to every Arch Gilded Intent, and every step taken would result in a huge improvement.

Some Five Qi Arch Gilded Immortal cultivators might not necessarily possess the Third-step Arch Gilded Intent, so Chi Longying’s achievement as a Prodigy was amazing.

However, before Chi Longying could be smug for long, he heard the crowd’s discussion.

It was something about the Heavenly Sword being here and that he only took a split second to get through the challenge.

A split second?

How was that possible?!

Chi Longying could not believe it. Even though he deliberately extended the time to get through the challenge to hone his Arch Gilded Intent, there was no way someone got through it in a split second!

Not to mention him, but no one on the entire Ancient Path could do so.

Even Mo Wuji, who was in the top ten, was no exception.

How could the Heavenly Sword do it?

“I don’t believe it. Heavenly Sword, I must compete with you to see who is more powerful!”

Chi Longying was fired up, and an intense battle intent emerged in his eyes.

At the nine-hundred and eightieth challenge, Chu Kuangren arrived at a stone tablet again.

There were two notable Prodigies here, namely Mo Wuji, who ranked ninth on the Heavenly God Leaderboard, and Luo Xue, who ranked eleventh on the leaderboard.

Luo Xue was undergoing a challenge, and Mo Wuji was waiting by the side.

Suddenly, Mo Wuji noticed something. He looked at Chu Kuangren with a glint flashing in his eyes. "Oh, he has come."

Speaking of that, he had a feud with Chu Kuangren.

After all, he was the most powerful Prodigy in the Dao King Tribe, and Chu Kuangren had killed Mo Bufan, another Prodigy in the Dao King Tribe.

"Although I look down on Mo Bufan, he's a member of my Dao King Tribe. Heavenly Sword, how dare you show up in front of me after killing him?" Mo Wuji approached Chu Kuangren and looked at the latter with murderous intent in his eyes.

Chu Kuangren glanced at him indifferently. "Do you wish to challenge the Heavens?"

"You claim yourself to be the Heavens? Heavenly Sword, you're too arrogant."

As Mo Wuji narrowed his eyes, a powerful and domineering aura erupted from his body and gushed toward Chu Kuangren.

"Having the confidence to be arrogant comes from one's strength. The Heavenly Sword's ability is beyond your imagination."

Chu Kuangren stood with hands behind his back, and his chilly sword aura gushed out!

The moment the two invisible auras collided, the surrounding ground sank, while the clouds of thousands of kilometers tumbled away.

"Do you have what it takes to be listed in the top ten of the Heavenly God Leaderboard?"

"Even a Heavenly God must submit to the Heavenly Sword!"

"If so, I would really like to taste your power."

Soon, Mo Wuji's Immortal's Core surged. As he raised his hands, he sucked the surrounding spiritual qi toward him and gradually turned them into a huge palm in the sky.

"Stop it."

At that moment, a low grunt sounded.

Having passed the challenge, Luo Xue approached Chu Kuangren with a look of fanaticism and then said with a fist salute, "Heavenly Sword, greetings from Luo Xue of the Luo King Tribe."

Mo Wuji's expression darkened as he stood at the side.

Luo Xue, who ranked tenth on the Heavenly God Leaderboard, was a cold beauty. She had never shown interest in any man, but now, she was looking at Chu Kuangren fanatically, like a little girl meeting her idol.

That made Mo Wuji, who had always been in love with her but never received any response, furious.

"Luo Xue, your sword intent is decent."

Chu Kuangren could sense Luo Xue's sharp sword intent that was extremely powerful among the younger generation.

Her sword intent was more powerful than the purple-clothed young man he met in the Spiritual Sword Ancestral Land when he first came to the Central Heaven Universe. If he must say, she possessed the most powerful Sword Dao among the younger generation that he had seen.

"You flatter me."

Luo Xue would have attacked with her sword if someone else said that to her.

'Decent?'

Even the late Chen Feihu, who ranked first in Sword Dao among the younger generation in the past, dared not say something like that in front of her.

After all, he had only managed to gain a great reputation because she had been in closed-door meditation in the tribe all year round and rarely made a move.

However, Chu Kuangren was the legendary Heavenly Sword who slashed Heavens open with a sword. Hence, his words made her feel flattered.

"The Heavenly Sword slashing the Heavens open was astounding. May I ask for a favor? Can you teach me the sword technique, Heavenly Sword? I'm willing to pay whatever it costs," Luo Xue said with crazy eyes.

Meanwhile, Mo Wuji beside her could no longer sit still. 'Willing to pay whatever it costs?'

1696 Mo Wuji's Jealousy, a Woodcutter, Clearing Seven Challenges in One Go

'I'll do whatever you ask?'

'What if the Heavenly Sword turns out to be a pervert and asks Luo Xue to offer her body?'

At that thought, Mo Wuji could not bear it any longer and quickly interjected, "Luo Xue, the Dao King Tribe has countless sword techniques. You can have your pick on any of them, and I'll get them for you—"

"Those are useless to me."

Luo Xue shook her head and replied. "I only want to learn the technique the Heavenly Sword used to split the skies into two!"

There was an excited look on her face. After all, she felt a transcendental intent from Chu Kuangren's attack just now, and it was the ultimate embodiment of Sword Dao that she was looking for!

No other technique in the world would make her feel as excited as that.

"Hand over that sword technique, Heavenly Sword, and the Dao King Tribe shall forget what you did to us in the past," Mo Wuji said coldly.

“Watch your mouth, Mo Wuji.”

Luo Xue frowned a little, making no effort to hide her annoyance against Mo Wuji’s disrespect toward Chu Kuangren.

‘I’m serious about learning this technique. Why is this guy causing so much trouble here?’

“Luo Xue, I’m just worried that this guy will take advantage of you,” Mo Wuji hurriedly said.

“This has nothing to do with you, Mo Wuji,” Luo Xue replied coldly.

She then turned to look at Chu Kuangren again with excitement in her eyes.

However, Chu Kuangren shook his head and merely said, “You’ll never be able to learn that technique.”

After all, that attack he unleashed earlier was the culmination of his understanding of the Dao. It was imbued with his unique Invincible Self-Empowering Arch Gilded Intent too. Even Chu Kuangren was not confident in being able to cast that same technique whenever he wished.

“I can never learn it?”

“That’s right. Everyone has their own path of Sword Dao to follow. Instead of pursuing the Sword Dao that belongs to others, why not open a new path yourself? With your aptitude, you should have no trouble understanding this concept.”

Luo Xue was an extremely talented cultivator. Otherwise, how would she be ranked eleventh on the Heavenly God Leaderboard?

However, she was momentarily attracted by the Heavenly Sword’s sword technique earlier. That gave her the idea of learning that technique from him, and in the process, she neglected her own Sword Dao. If Chu Kuangren really did teach her that technique, she would end up forsaking her own Sword Dao, which would be a very terrifying thing to do for every sword cultivator.

She might end up living in the shadow of Chu Kuangren’s Sword Dao and could never surpass him.

“Everyone’s Sword Dao path...”

Luo Xue immediately went silent and pondered after hearing Chu Kuangren’s words.

Chu Kuangren could no longer be bothered, so he headed to the stone tablet straight away to begin the challenge. With his current strength, it took him no time to get through it.

Mo Wuji was shocked to see Chu Kuangren pass that challenge so quickly. “This guy got through it faster than I did!”

After passing that challenge, Chu Kuangren’s figure disappeared in a flash.

Soon, Luo Xue returned from her deep contemplation and said with a lingering fear, “I’m glad the Heavenly Sword’s advice has prevented me from straying from my path. Otherwise, I’m afraid that I would’ve fallen into a Demonic Blockade.”

“Hmph, he just didn’t want to teach you, that’s all.” Mo Wuji snorted.

“Mo Wuji, I hope you’ll stop speaking ill of the Heavenly Sword, or you’ll be the one to face the edge of my sword!” Luo Xue said calmly, with a piercing sword intent flashing across her gaze.

“Luo Xue, you—”

Before Mo Wuji could say anything, Luo Xue had disappeared in a flash.

His expression turned grim.

After all, Luo Xue may have been cold to him, but she had never spoken to him badly before. Yet now, she had threatened him because of Chu Kuangren!

He could not help but feel jealous about that.

“Curse you, Heavenly Sword! It looks like I can’t allow you to stay alive any longer!”

A cold glint shot out from deep within Mo Wuji’s eyes.

...

When the Ancient Path opened, everyone who managed to get to the Ancient Path’s nine hundred and ninety-first challenge was a Peerless Prodigies. Each of them was a famous individual in the Central Heaven Universe in their very own right.

However, when Chu Kuangren arrived, he realized that no one was there, and the stone tablet engraved with Arch Gilded Intent was nowhere to be found.

“It looks like I’m the first one here,” Chu Kuangren mumbled.

Although he had spent a long time cultivating his Arch Gilded Intent along the way, he managed to catch up by getting through the subsequent challenges without much effort. Hence, he had overtaken everyone by that point.

“So... These are the so-called Heavenly God Leaderboard cultivators, huh? It looks like that’s all there is to them.”

Chu Kuangren shook his head, disappointed with the Prodigies from the Central Heaven Universe.

At that time, a woodcutter suddenly appeared before him. He was carrying a bundle of firewood on his back while holding an axe.

‘A woodcutter?’

‘Why is a woodcutter here in the Galaxy God King’s Ancient Path?’

Chu Kuangren did not go ahead immediately to ask but silently observe the woodcutter walking into a nearby forest. Chu Kuangren pondered for a while before following along.

After the woodcutter entered the forest, he looked around for a while and ended up picking one of the trees. He then took his axe and began hacking at it.

That axe contained a mysterious and powerful Arch Gilded Intent. Chu Kuangren did not doubt that the axe could split a whole planet in half if it was used that way.

However, when the axe landed on that tree, it only managed to make a small cut in it.

The woodcutter continued swinging his axe, eventually felling that tree with the same thickness as a bowl. He then wiped away the sweat from his head and chuckled at Chu Kuangren. "I'm known as the Woodcutter, a humble servant of my Master. The challenge of this level is quite simple. You just need to cut down a tree like I did to get through."

Was that task easy?

It was anything but that. After all, the trees there were not ordinary at all. They were even tougher than some Immortal Metals.

The Woodcutter was an Arch Gilded Immortal almost in the Five Qi Realm. However, even he took a considerable amount of effort to cut down a tree.

The difficulty of that challenge was evident.

However, Chu Kuangren chuckled upon hearing that. "It's quite simple indeed."

The Woodcutter froze for a while.

The next instant, Chu Kuangren made a sword hand sign. His Immortal's Core energy surged forward like a raging torrent, immediately setting off a gigantic storm.

The surrounding leaves rustled in the winds.

A strand of sword qi gathered at Chu Kuangren's fingertips before he casually swung his fingertips toward a nearby tree.

With a crack, a great tree was immediately cut down! That tree was thick enough that a person could hug it!

The cut made from the sword qi was clean and smooth!

Compared to the Woodcutter, Chu Kuangren's attack was several times more powerful.

However, that was not the end of it. As the big tree fell, several more trees behind it began to fall. All of the cuts were similarly smooth and clean too!

Amidst the dust, Chu Kuangren's single attack had cut down half of the forest!

The Woodcutter was immediately stunned when he saw that.

There had been many others who got through that challenge in the past. However, none of them were like Chu Kuangren, who could cut down half of the forest with a single sword qi attack. It was his first time seeing something like that.

"The rest of the fallen trees are yours."

Chu Kuangren dispelled the sword qi at his fingertip and left with both hands behind his back.

The Woodcutter watched as Chu Kuangren leave before he looked back at the forest. He shook his head and said, "What a monster."

Following that, Chu Kuangren continued clearing the next seven challenges, all of which were different.

One challenge had a person with a chessboard setup who invited him for a round of chess, but the truth of the heavens and earth was actually hidden within that game of chess. Hence, that game of chess was also a test of the challenger's understanding of the Dao.

If the challenger was not knowledgeable enough, they would be trapped in that game of chess forever, unable to free themselves from the trap.

On another challenge, there was a painter whose painting contained hidden killing intent.

The next challenge contained distracting illusions that were cast by someone. The illusions were meant to affect and trap his Daoist core.

Chu Kuangren was also invited for a drink at one of the levels. The wine was so strong that drinking it would make even an Arch Gilded Immortal drunk for three days. Yet, Chu Kuangren drank thousands of cups without even getting drunk.

A person was playing the guqin on the other level. His guqin music was as sharp as swords...

However, Chu Kuangren was not fazed by any of those challenges as he went through the next seven challenges effortlessly and soon arrived at the end of the Ancient Path.

#### **Chapter 1697: The End of the Ancient Path, the Galaxy God King, Galactical Fishing**

1697 The End of the Ancient Path, the Galaxy God King, Galactical Fishing

At the end of the Ancient Path, the location of the nine hundred and ninety-ninth challenge was an ancient planet less than five kilometers in diameter. The only thing on it was a simple thatched hut.

A person was sitting in front of the thatched hut. He was wearing a coir raincoat and holding a fishing pole in his hand, fishing.

However, there was no lake before him but a vast endless sea of stars. As for the fishing pole, it was no ordinary fishing pole either as it had countless Daoist laws within it.

Roar!

A low roar echoed from within the sea of stars.

A gigantic wild beast slowly approached from the distance. It had an incomparably powerful aura that spread all around it, causing the surrounding planets to shatter one by one!

Following that, the wild beast seemed to be caught by something and started struggling in the sea of stars.

Every movement in its struggle sent forth devastating energy storms in the sea of stars. The planets that were caught in the storm were all reduced to pieces.

When the elderly man wearing a coir raincoat noticed that, his eyes immediately lit up. "That's a bite."

The elderly man pulled his fishing pole, dragging the gigantic wild beast out from the sea of stars and toward him. The wild beast's body shrunk the moment it exited the sea of stars, turning into a fish the size of the man's palm within instants. The elderly man then tossed the fish into the fish basket next to him.

Chu Kuangren calmly observed everything that happened. However, he still looked surprised.

'This old man is using Daoist law as a line to fish for Giant Stellar Beasts.'

'What an amazing technique.'

"Greetings, Heavenly Sword, the legendary figure from the Spiritual Sword Tribe." The elderly man turned around, looked at Chu Kuangren, and chuckled. "In so many years, you're the second one to finally get to this place."

"Oh, and who was the first?"

"Di Qianqiu, who's ranked first in the Heavenly God Leaderboard."

"Interesting."

Chu Kuangren took note of that name.

However, he was not too bothered by that and replied calmly, "So you're the Galaxy God King?"

"That's right."

"What kind of challenge awaits me?"

"A simple one. Sit beside me and fish. If you can land a larger fish than mine, you shall pass the challenge," said the Galaxy God King as he pointed at a fishing pole nearby.

After hearing that, Chu Kuangren walked toward the fishing pole and picked it up. He then noticed that there was no line on that fishing pole. However, he was not surprised. With a thought from his mind, his Arch Gilded Intent flowed and turned into a fishing line that hung from the top of the fishing pole. With that, he came to the edge of the vast sea of stars, sat down, and patiently waited for something to take his bait.

"Heavenly Sword, your understanding of the Dao is truly extraordinary. It's truly astonishing indeed."

There was a hint of surprise in the Galaxy God King's eyes. Even Di Qianqiu could not figure out how to use the fishing pole as short a time as Chu Kuangren did.

"It doesn't seem that difficult to me. All you need to do is to use your hands."

"Tsk... You humor me with your words, Heavenly Sword."

The corner of the Galaxy God King's mouth twitched before he began to concentrate on his fishing.

The surroundings became extremely quiet for a moment.

Chu Kuangren did not take the opportunity to ask anything as he, too, was focused on fishing, which surprised the Galaxy God King a little.

If any other cultivator were to meet a God King, they would pester the Galaxy God King with questions for advice. Even when Di Qianqiu managed to arrive here back then, he could not help but ask a few questions. However, things were different with Chu Kuangren, who remained calm and treated the Galaxy God King as if he was just a normal fellow cultivator.

That made the Galaxy God King a little uncomfortable.

“Heavenly Sword, don’t you have anything you wish to ask me?” the Galaxy God King asked curiously.

“Nope,” Chu Kuangren replied.

Any ordinary cultivator would surely feel a little nervous when they meet a God King. After all, the God Kings were the most top-tiered being in the Central Heaven Universe.

However, to someone like Chu Kuangren, he was just another elite cultivator.

Chu Kuangren would hold a necessary level of respect toward someone of that stature. However, it did not mean Chu Kuangren would go out of his way to get on the God King’s good side either.

‘What makes a God King... a God King?’

‘They’re just Embodier Realm cultivators anyway.’ After all, Chu Kuangren had met with several Embodiers before.

Besides Bei Ming and Xu Wu of the Celestial Demon Tribe, he also had someone like the High Priest in the Pan Gu Universe’s Underworld who was an Embodier under his command! He already knew a total of three Embodiers before this!

Although a God King was powerful, that was all there was to them.

Perhaps the Supreme God King would be akin to the most top-tier of Embodiers. Great ones like the Underworld River Forefather and the West Ruler Matriarch were most likely former Supreme God Kings. Those individuals might pique his interest a little more, at least.

“Heavenly Sword, do you know why I made the Galaxy God King Ancient Path?”

The Galaxy God King suddenly spoke.

“I don’t.” Chu Kuangren was not that interested to find out either.

However, the Galaxy God King continued speaking. “I am but a wandering cultivator who managed to become a God King. Because of this, many forces wished for me to join them. But having gotten used to the life of a vagabond, I didn’t wish to join any of them. Unfortunately, the more powerful you are, the more pressure you’ll be given to eventually pick a side. Otherwise, your strength would only be a threat to everyone else.”

The Galaxy God King let out an uncontrollable sigh.

Being a God King himself, his glory was never-ending for sure.

However, there would always be other God Kings stronger than him in the universe, and those people all wished for him to pick a side. After all, they did not wish to have a wandering God King out on the loose,

a God King that would pose a threat to them. Despite his wishes to not pick a side, the other God Kings did not believe the Galaxy God King. How could they be sure that he would not change his mind after?

Be it an enemy or an ally, he must choose a side.

“That’s because you’re not strong enough,” Chu Kuangren said indifferently.

From Chu Kuangren’s perspective, the Galaxy God King was in such a predicament because he was not domineering and powerful enough.

If the Galaxy God King were stronger like a Supreme God King, who else would dare to force him?

No one.

“Hah! For so many years, you’re the first person who has said I’m strong enough. I truly wonder, where did a little Arch Gilded Immortal cultivator like you find the courage to speak such words?”

The Galaxy God King was taken aback for a moment. However, he could not help but chuckle.

He, too, was treated as a weakling in the past, but no one had ever dared to call him weak since he became a God King.

Those who wished for him to join them only did so because he was powerful.

Unfortunately, Chu Kuangren also had a point. It was because he was not strong enough that such a dilemma had befallen him.

The Galaxy God King continued saying, “It was because I wanted to be a wandering cultivator, but the King Tribes did not want that. They hated the fact that I couldn’t be controlled easily. So, I made a bet with all of them. The details of this bet lie in this Galaxy God King Ancient Path. If any Prodigy can clear all nine hundred and ninety-nine challenges, I shall join the orthodoxy or tribe they represent.”

“This bet has since lasted for dozens of eras. Even Di Qianqiu, a Peerless Prodigy known to be the most talented person over the past ten eras could not do it. What about you? Do you think you can do it?”

Chu Kuangren chuckled. “Well, let’s find out together.”

The moment he said that, a Giant Stellar Beast that looked like a whale was coming toward them from the edge of the sea of stars.

The prey had appeared.

However, which of the two fishing lines would it get hooked onto?

The Giant Stellar Beast cruised through the sea of stars leisurely, not realizing that it had become the prey of the two cultivators.

At that time, the Giant Stellar Beast arrived before Chu Kuangren’s fishing line.

“It looks like I’ve won.”

Chu Kuangren chuckled. His fishing line moved and entangled that Giant Stellar Beast before he started pulling the beast toward him.

However, the Galaxy God King laughed. "I don't think so."

With a slight movement of the fishing pole in his hand, the Daoist law-made fishing line flung across half the galaxy and cut off Chu Kuangren's fishing line.

As a result, the Giant Stellar Beast broke free and fled the galaxy in a panic.

"Hey, that's cheating."

Chu Kuangren frowned.

#### **Chapter 1698: The Superb-grade Stellar Source, Looks Like I Win This Round**

1698 The Superb-grade Stellar Source, Looks Like I Win This Round

"Hey, that's cheating," said Chu Kuangren calmly as he glanced at the Galaxy God King.

However, the Galaxy God King looked unbothered and simply chuckled. "Well, I didn't say you can't interfere with your opponent's fishing."

"Oh, since the God King wants to have some fun, I don't mind having some fun with you."

Chu Kuangren chuckled and saw a Giant Stellar Beast charging toward the Galaxy God King from afar. Unbeknownst to him earlier, his opponent's fishing line had already started moving.

At that time, with a flick of his wrist, Chu Kuangren's Arch Gilded Intent gathered and formed a fishing line that was cast onto a nearby planet. He then dragged the planet and tossed it.

Boom!

The planet was sent flying at rapid speed, brutally landing on the Giant Stellar Beast's head. That startled the beast, and it quickly turned around and fled.

"Not bad."

The Galaxy God King looked at Chu Kuangren with great interest.

Following that, the two "fishermen" continued interfering with each other, sometimes cutting their opponent's fishing line or sometimes scaring off their opponent's prey. There were even times when they accidentally killed their prey in the process of catching it too.

The fragments and debris of countless planets were scattered in the sea of stars, turning it into a mess.

Meanwhile, two fishing lines radiating with mysterious brilliance were intertwining and colliding with each other. Every time the two clashed, an energy storm would be brought up in the sea of stars.

Chu Kuangren finally understood. The Galaxy God King's power was very limited after he channeled it through the fishing pole. Otherwise, his Arch Gilded Intent would not even stand a chance.

Despite that, his opponent was still a God King.

That meant the Galaxy God King's limited power was still greater than Chu Kuangren's, so it would be extremely hard for Chu Kuangren to catch a wild beast before his opponent did.

The deadlock between the two continued as time went by. Seven days passed since they started fishing.

“Oh, Mo Wuji has finally stopped at the nine hundred and ninety-third challenge,” said the Galaxy God King with a faint smile.

This time, many cultivators had come to challenge the Galaxy God King’s Ancient Path. Other than Chu Kuangren who made it to the final challenge, the second best would be Mo Wuji. However, even a Prodigy like him who was ranked top ten on the Heavenly God Leaderboard could only get to the nine hundred and ninety-third challenge. There was no way he could proceed any further, let alone meet the Galaxy God King.

Chu Kuangren was not surprised by that.

After all, he had met Mo Wuji before and almost got into a fight with him. Hence, he had a clear idea of Mo Wuji’s capabilities.

He did not take it to heart and continued fishing, rolling the Fantasy Roulette along the way.

“Congratulations, Host! You have won a God-tier item, the Superb-grade Stellar Source.”

‘A Stellar Source...’

Chu Kuangren pondered upon receiving that item.

The Giant Stellar Beasts commonly feed on Stellar Sources, absorbing the celestial energy within them, and he just so happened to have the most top-tier Stellar Source in the palm of his hands right now. It was a Superb-grade Stellar Source that contained the highest quality of celestial energy!

That item was undoubtedly the best nourishment for the Giant Stellar Beast.

As for Chu Kuangren, that item would not be of much use to him.

However, even if he used that item to bait the Giant Stellar Beast, the Galaxy God King would surely interfere with his fishing.

Chu Kuangren looked at the Galaxy God King, and an idea immediately popped up in his mind. “Got it.”

He grinned and took out the Stellar Source.

That irregularly huge prismatic crystal was the size of a small mountain, and inside it contained terrifying celestial energy fluctuations. From a distance, that Stellar Source looked like a dazzling star.

He enveloped the Stellar Source with his Arch Gilded Intent and tossed it into a nearby galaxy.

Waves of celestial energy fluctuations immediately spread.

Like cats running toward a giant plate of salmon, several Giant Stellar Beasts immediately charging frantically toward the Stellar Source from afar.

“This is...”

The Galaxy God King was stunned for a moment. “Did you just use a Superb Stellar Source as bait? Damn. You’re really going all in, huh?”

Items like the Superb-grade Stellar Source possessed different values from person to person.

For Chu Kuangren, it might be useless. However, it might be priceless to other cultivators.

Especially for the Galaxy God King who cultivated the Galactical Dao, he could not help but be distracted by that Stellar Source.

“However, even if you use the Stellar Source, don’t expect to catch your prey faster than me.”

The Galaxy God King moved his fishing pole, throwing his fishing line across the galaxy and toward Chu Kuangren’s fishing line. He wanted to repeat the old trick of cutting off Chu Kuangren’s fishing line.

“Oh, do you think I’m trying to bait these Giant Stellar Beasts?”

Chu Kuangren grinned as he swung his fishing pole with great effort. Before the Galaxy God King could cut his fishing line, the Superb Stellar Source was tossed into the vast starry sky!

“The Stellar Source!”

The Galaxy God King was stunned. Never did he expect Chu Kuangren to toss away the Stellar Source like that!

Only then did he finally understand that Chu Kuangren was not using the Stellar Source to bait the Giant Stellar Beasts. He was the one being baited instead!

Chu Kuangren wanted him to go after the Stellar Source so that he had the opportunity to catch a Giant Stellar Beast while he was busy doing so.

“If you don’t do anything right now, dear God King, I’m afraid the Stellar Source will be gone forever.”

Chu Kuangren chuckled.

When he tossed the Stellar Source just now, he challenged the maximum power of his Arch Gilded Intent, launching the Stellar Source across the skies like a shooting star. It would reach the far ends of the skies and drop into the sea of stars very soon. Even if the Galaxy God King tried, it would be very difficult for him to find it anymore.

“This item is a gift from me to you, God King. Don’t you want it?” Chu Kuangren said.

“Geez, I’m just worried that you’ll lose the Stellar Source and this challenge at the same time.” The Galaxy God King chuckled.

He tossed his fishing pole again, and the fishing line made from Daoist law shot across the skies toward the Stellar Source.

He was confident he would have enough time to stop Chu Kuangren from catching a Giant Stellar Beast after getting the Stellar Source.

“It looks like I win this round.”

Chu Kuangren laughed. Then, he locked onto a Giant Stellar Beast and moved his fishing line to trap it before starting to drag it out of the sea of stars.

Meanwhile, the Galaxy God King had caught on to the Stellar Source. He moved his fishing pole so that his fishing line would cut Chu Kuangren's fishing line off.

At that time, Chu Kuangren was close to dragging the Giant Stellar Beast to the surface of the sea of stars.

Wherever the Galaxy God King's fishing line went, any planet in its way was destroyed one after another. By the looks of it, he was very likely to cut through Chu Kuangren's fishing line just as the latter was dragging the Giant Stellar Beast out.

"I'm afraid you've lost again this round, Heavenly Sword." The Galaxy God King laughed.

"I told you. The victory is mine."

As Chu Kuangren's eyes narrowed, an incredibly mysterious energy fluctuation spread out from him.

That was space-time energy!

An unimaginable surge of space-time energy spread across the sea of stars, freezing the Galaxy God King's fishing line for an instant.

"What's happening?!"

The Galaxy God King was shocked. 'I can't believe he can unleash such powerful space-time energy!'

He pulled his fishing line hard, trying to break free from the space-time energy's restraint.

However, as he channeled more energy into his fishing pole, it eventually gave way as it could not withstand his power and reached a breaking point. With a crack, the fishing pole shattered into pieces.

Meanwhile, Chu Kuangren had dragged the Giant Stellar Beast out from the sea of stars. Its gorgeous body radiated with brilliant starlight as if a dreamlike scenery was before him. Amidst the radiating starlight, the Giant Stellar Beast landed in the fish basket beside Chu Kuangren.

The fish basket possessed special properties and contained the God King's power. Despite how fierce the now tiny Giant Stellar Beast tried to struggle, it just could not get out.

The Galaxy God King was stunned as he looked at his broken fishing pole and the fish basket beside Chu Kuangren.

Did he just lose?

Did he, a mighty God King, lose to a younger Trinity Flower realm cultivator?!

Chu Kuangren watched as a series of emotions unfolded on the Galaxy God King's face. He could not help but frown a little. 'Wait, is the Galaxy God King going to get enraged from embarrassment and attack me?'

1699 Something Insignificant, I Don't Remember Doing Something Like That

“Haha, well done. I can’t believe that I, the powerful Galaxy God King of the Central Heaven Universe, have lost to a young little cultivator.

“There are talented individuals in every generation, with each generation surpassing the old!”

The Galaxy God King looked at Chu Kuangren impressively and laughed.

He also did not question where the space-time energy came from, but he had lost, so it did not matter anyway. The Galaxy God King gladly accepted his defeat.

Following that, the Galaxy God King took out a jade scroll and handed it to Chu Kuangren. “I once said that anyone who manages to clear all the challenges will receive my cultivation techniques as a reward. This jade scroll here contains every single cultivation technique that I, the Galaxy God King, have obtained throughout the years of my travels in the Central Heaven Universe. Now, they belong to you.”

He then unleashed a palm attack into the skies.

The starry sky erupted with a boom, revealing a grand palace within it.

The palace was gilded with wonderful jewels and ornaments that radiated brilliantly and surrounded by countless mysterious runes. It was an amazing sight.

“Besides my cultivation techniques, you can also choose three items from my treasury over there,” said the Galaxy God King as he pointed at the Galactical Treasury.

Meanwhile, countless sky-prides and Prodigies in the Galaxy Ancient Path were shocked by the Galactical Treasury’s appearance. Everyone quickly looked into the sky with excitement.

“It’s the Galaxy God King’s treasury!”

“That’s right. It was said that the treasury contained mountains of treasures inside. Any one of them is enough to make one retire for life.”

“Quick, let’s check it out.”

Many cultivators disappeared in a flash as they dashed to the treasury. However, they were all held back by an invisible barrier and could not get in.

That was a God King’s enchanted barrier!

Those who did not have his permission could never enter.

“Damn it. Only the cultivators who get through the final nine challenges can enter to pick one item.”

“That’s right. We’re not qualified at all.”

Some sky-prides shook their heads sadly.

Whoosh!

Several rays of light dashed into the treasury.

They were Mo Wuji, Luo Xue, Leng Wufeng, and Chi Longying respectively.

Besides Chu Kuangren, they were the only ones who managed to get through the final nine challenges since the Ancient Path opened.

The God King's barrier did not stop them and allowed them to enter.

Chu Kuangren glanced at it but did not go there right away. Instead, he looked at the Galaxy God King and asked. "What about your promise?"

"Don't worry. I'm not someone who goes against his word. Since you have cleared all of the challenges here, I, the Galaxy God King, shall join the Spiritual Sword Tribe from today onward and be one of your allies," the Galaxy God King answered with a bitter smile.

Although he still wished to continue traveling the universe, he had to respect the terms of the bet he made with the other great ones back then. If he were to break his promise, things would surely not end well for him.

"Alright."

Chu Kuangren nodded gently.

Frankly speaking, he did not care whether the Galaxy God King would join the Spiritual Sword Tribe or not. After all, he was never a member of the Spiritual Sword Tribe, to begin with.

He then disappeared in flash and headed towards the God King's treasury.

It did not take long before he reached the entrance of the treasury. At that time, Mo Wuji, Leng Wufeng, and the others just so happened to be coming out. Each of them had a satisfied smile on their face. It was obvious that they had obtained something valuable inside.

When they saw Chu Kuangren, their expressions immediately turned very grim.

It was especially true for Leng Wufeng, whose gaze was ice-cold. A surge of killing intent burst out from him. "Heavenly Sword!"

"Oh, it looks like you bear some hostility towards me."

"Obviously. You better not forget what you did!" Leng Wufeng said sternly.

"I've done so many things, so I see no need to remember everything in great detail. After all, the Heavens would never bother with insignificant matters."

"You killed my younger brother, Leng Jiufeng! How dare you imply it's insignificant!"

Leng Wufeng was fuming with rage as he stared daggers at Chu Kuangren. His gaze was so intense that it was as if he was about to skin Chu Kuangren alive.

"Your younger brother..."

Chu Kuangren pondered for a while before replying in a serious tone, "Sorry, I don't really remember doing something like that. Maybe it's truly an insignificant matter."

"You b\*stard!"

A terrifying and chilling killing intent swept everywhere.

The surroundings were instantly frozen. Just when Leng Wufeng was about to attack, Mo Wuji reached out and stopped him. He said, "Let him enter the treasury first."

Leng Wufeng's gaze flickered a little, and then he nodded.

"Oh, it looks like you'll live for the time being."

Chu Kuangren chuckled as he slowly walked into the treasury.

"Mo Wuji, do you want to kill the Heavenly Sword too?"

"That's right."

"You stopped me just now because you want him to enter the treasury, right? Once he chooses his treasure and comes out, we can then kill him and take whatever item he brought out. That's like killing two birds with a stone."

"Correct." Mo Wuji chuckled.

After that, his gaze narrowed. "However, the Heavenly Sword's strength is not to be underestimated. I'm afraid he's on par or, if not, more powerful than me. We must not be hasty when dealing with someone like him."

"Don't worry. I just happened to obtain something unexpected inside the treasury. "

Leng Wufeng took out a prismatic crystal shard containing an endless blizzard. It was as if a winter world was trapped within it.

"This is the Skysnow Shard, a priceless treasure that once belonged to the Skysnow Tribe. I thought it was forever lost from the tribe and did not expect to find it inside the treasury. With this item, even the mighty Heavenly Sword will have no choice but to surrender!" Leng Wufeng said confidently.

"Interesting. I, too, am eager to find out whether the Heavenly Sword is truly as powerful as the rumors say!" Chi Longying chuckled.

The long crimson sword in his hand trembled as if it was excited to fight.

No sword cultivator in the world would be uninterested in the Heavenly Sword. The same thing could be said for Chi Longying. Although Sword Dao was not his main Dao, he was still considered a swordsman.

While the three of them were discussing how to fight the Heavenly Sword, inside the treasury, Chu Kuangren was stunned at the sight of the seemingly endless treasure scattered everywhere. "The Galaxy God King seemed to have collected many interesting items."

He did not intend to take everything here.

After all, he could never hide what he did from the Galaxy God King. Besides, going back on his words and acting sneakily was not his style.

"Hey, you're here as well, Heavenly Sword."

At that time, he heard a voice that belonged to Luo Xue. She, too, was busy picking her item from this treasury.

Chu Kuangren walked toward her and realized she was having trouble choosing between two items. One of them was a sword, while the other was a broken bead. However, the broken bead was illuminating with faint Immortal Sparks and flickering runes. It seemed to contain some sort of mysterious and advanced cultivation technique inside.

“Heavenly Sword, which of these two do you think I should choose?” Luo Xue asked curiously.

Chu Kuangren did not expect her to ask him, but he replied. “You should be the one to decide. This is your own Opportunity of Fortune, after all. I don’t think I have the right to say anything about this.”

He was about to leave after saying that. However, after passing by the broken bead, he took a second look at it.

“An interesting item indeed. Unfortunately, it’s not suitable for me.”

With that, Chu Kuangren turned around and left.

Upon noticing that, Luo Xue immediately decided to choose that broken bead. After all, if the Heavenly Sword himself was interested in that item, surely it must be something good.

Furthermore, she also sensed something within the broken bead.

“Although the Heavenly Sword said he won’t help me, he still ended up giving me a hint.”

Luo Xue’s eyes flickered, and a strange feeling surged from within her ice-cold heart as she watched Chu Kuangren leave.

#### **Chapter 1700: Three Items From the Treasury, Going Against the Heavens and Breaking the Heavenly Sword? It’s Obvious**

1700 Three Items From the Treasury, Going Against the Heavens and Breaking the Heavenly Sword? It’s Obvious

Looking at all the treasures, Chu Kuangren told Lil Ai to analyze every one of them for him.

The abilities and descriptions of every single item soon appeared in his mind. Among them, he found a few items useful to him at his current level.

His gaze locked onto one of the items in no time.

That item was a drop of red-purple-colored Supreme Blood that emitted an extremely tyrannical aura. Even a Gilded Immortal would be instantly slammed into the ground if they stood too close to it.

According to Lil Ai’s analysis, that was a drop of the Tyrant Overlord Blood!

There were a total of three thousand Daoist Physiques in the Central Heaven Universe, and one of them was known as the Tyrant Overlord Physique!

Together with the Emperor Tribe's Innate Emperor Physique, those two were known as the Two Great Divine Physiques.

The drop of Supreme Blood before Chu Kuangren was left behind by a forefather from the Conqueror Tribe. According to legend, that forefather once reigned supreme throughout the Central Heaven Universe with a nearly Great Perfected Tyrant Overlord Physique. He dominated that whole era with his fearsome strength and was known as the Heavenly Overlord God King. That was the most glorious era in the history of the Conqueror Tribe.

Unfortunately, in his attempt to break through to the Primordial Realm, he was ambushed by three God Kings sent from the Emperor Tribe. That resulted in his death as he fought until his very last breath.

Before he died, his Supreme Blood was scattered throughout the universe.

The Galaxy God King just so happened to obtain one drop of his blood. Then, using a special technique to preserve the Supreme Blood's power, the Galaxy God King kept it safe inside his treasury.

If any cultivator from the Conqueror Tribe were to obtain that Supreme Blood, their cultivation progress would surely skyrocket. They would also improve by leaps and bounds due to the great benefit provided by that Supreme Blood.

"With this Supreme Blood, I can analyze and reproduce the Tyrant Overlord Physique using the Tome of Physiques and then integrate it into my Ultimate Almighty Source Physique," Chu Kuangren muttered as he took the Supreme Blood and kept it.

Then, his eyes were set on his next target, a white Immortal Fruit, which had several mysterious patterns on it, each containing a shockingly powerful energy fluctuation.

That item was known as the Divine Oceanic Immortal Fruit.

As its name implied, the Immortal Core Energy contained within it was as vast as the ocean!

Considering a single fruit was equivalent to a Twelfth-grade Immortal's Core Flower, it would be a priceless item for every Arch Gilded Immortal.

"My Immortal's Core Flower had surpassed its limit back when I was in the unknown void. If I can eat this Divine Oceanic Immortal Fruit, my Immortal's Core Flower will surely advance several more grades beyond its current state!"

"How wonderful!"

Chu Kuangren took the Divine Oceanic Immortal Fruit and kept it away.

Finally, he chose a weird-looking ancient black ring made from a special material, and it exuded an ancient but simple aura.

"Analysis shows there's a remnant soul fluctuation inside this ring." Lil Ai's voice rang inside his mind.

"Just like that bead earlier, it seems." Chu Kuangren chuckled.

"Furthermore, there are many seals and restrictions placed on this ring. A special requirement would have to be fulfilled to unlock it."

“Can you find out what the requirements are?”

“I can’t do so for the time being.”

It had only been a short time since Lil Ai connected to that universe’s Great Dao Consciousness. Hence, it would still need more time to sort through the knowledge and information in this entire universe.

Besides, that black ring did not seem like an ordinary ring, so it would be difficult for Lil Ai to figure out its secrets in such a short time.

“Whatever. This ring is quite interesting anyway. I shall take it.”

Chu Kuangren laughed.

He casually wore the ring on his finger.

After choosing three items, Chu Kuangren prepared to leave.

However, the moment he stepped out of the treasury, he noticed that Luo Xue was waiting for him.

Chu Kuangren frowned a little. That Prodigy, who was ranked eleventh on the Heavenly God Leaderboard, was acting a bit too enthusiastic toward him.

“I told you. You’ve cultivated your Sword Dao well. If you were to learn the Sword Dao technique from anyone else, it’ll only be counterproductive to your progress.”

“I understand.” Luo Xue nodded. “I shall keep the Heavenly Sword’s advice in mind. However, if the opportunity arises, I wish to spar with the Heavenly Sword to prove my very own Sword Dao.”

“Not everyone is fortunate enough to spar with the Heavens, you know.”

“I understand. That’s why I’ll work hard and wait for that day to come,” Luo Xue said with determination.

Her goal had always been to reach the pinnacle of Sword Dao, so she worked hard in her cultivation. However, she had no idea what the pinnacle of Sword Dao was. ‘What does the pinnacle of sword Dao look like? I have no idea at all. It just seems like an abstract concept to me.’

However, things changed after Chu Kuangren appeared.

With the Heavenly Sword’s presence, all swords in the universe would submit, for the Heavenly Sword transcended even the Heavens!

At that very moment, the legendary being whose stories were well-known by every sword cultivator for countless years was now standing before her. He was undoubtedly the real deal.

Ever since then, she had gotten a clearer idea of the peak of Sword Dao.

He, the Heavenly Sword, was the very pinnacle of Sword Dao itself!

As for Luo Xue, she now had a clearer goal to work toward!

“The Heavens express his admiration for your fighting spirit.”

Chu Kuangren nodded gently.

Just as the two of them left the treasury together, several strands of sword qi suddenly headed toward them at breakneck speed. That attack contained an unprecedented power!

“An ambush, huh? What a cheap trick!”

Chu Kuangren swung his sword hand sign in the air, casually unleashing a supreme sword technique!

His terrifying sword qi turned into a brilliant river of stars, instantly shattering the incoming sword qi!

Luo Xue was no ordinary cultivator either. Although she was surprised by the sudden incoming sword qi, she managed to react in time and blocked it with her long sword.

Boom!

The sword qi erupted. Luo Xue was not harmed but was pushed back several kilometers.

Upon coming into contact with that sword qi, she looked surprised. “This is... Chi Longying’s sword qi!”

Sure enough, standing on a nearby ancient planet, Chi Longying was holding his long crimson sword and staring coldly at Chu Kuangren.

Leng Wufeng and Mo Wuji were standing beside him too.

The Prodigies ranked ninth, twelfth, and thirteenth on the Heavenly God Leaderboard had joined forces to attack Chu Kuangren!

Many cultivators who had not left the Ancient Path were shocked by that lineup, and they quickly found a place to spectate that.

“I can’t believe we’re in for a good show.”

“That’s right. It looks like things are getting interesting.”

Luo Xue’s face sank. She looked at the three Prodigies far away and was about to go help Chu Kuangren.

However, countless runes suddenly lit up on the ground around Chu Kuangren, forming a gigantic formation barrier technique that enveloped him within. Luo Xue could not make it in time to enter that space.

Mo Wuji and the others were also inside that enchanted barrier.

Only then did Luo Xue finally understand that the several strands of sword qi earlier were to force her out from the formation. After all, the three Prodigies only wanted to deal with Chu Kuangren and did not want her to get involved.

Otherwise, the three-against-one battle would turn into a three-against-two battle.

With Luo Xue’s talents, she might even turn the tide on a battle that seemed like an easy win for the three.

“It looks like you guys can’t stand making your move on the Heavens.”

“Hmph. Since you keep referring to yourself as the Heavens, Heavenly Sword, the three of us will go against the Heavens and break the Heavenly Sword!”

Leng Wufeng snorted and raised his hand. An endless surge of freezing qi spread everywhere from him, instantly freezing the void within the vicinity.

His powers were far more terrifying compared to that of Leng Jiufeng.

Boom!

The freezing qi turned into a giant iceberg that fell from the sky, crashing toward Chu Kuangren!

“A useless technique!”

Chu Kuangren just stood still as a burst of sword qi erupted from his body!

A ray of sword qi shot across the iceberg, splitting it into two, causing both halves to miss Chu Kuangren. The icebergs flew by Chu Kuangren’s left and right, freezing the whole terrain as they landed.

Boom!

An overwhelming sword aura immediately filled the space in the barrier.

Standing with both hands behind his back, bright Immortal Sparks shone brilliantly from Chu Kuangren’s body. His poise of an Immortal King was extremely shocking. “Go against the Heavens and break the Heavenly Sword? It’s obvious to Heavens that you guys are too weak to do that!”

“Why don’t you come and find out?”

Leng Wufeng attacked again, unleashing an even more terrifying burst of freezing qi into the air. His freezing qi then formed into countless razor-sharp ice crystals.

The other two Prodigies also channeled their Immortal Core energy as they prepared to attack.
