Chapter 1701: Ice And Fire, Grim Reaper Mantis

1701 Ice And Fire, Grim Reaper Mantis

Three Prodigies of the Heavenly God Leaderboard set up the enchanted boundary within the Galaxy God King Ancient Path to gang up on Chu Kuangren, attempting to break the Heavenly Sword.

The scene excited many and sparked a series of discussions.

“The Prodigies ranked ninth, twelfth, and thirteenth on the Heavenly God Leaderboard had teamed up against the Heavenly Sword? Would he be able to withstand the attack?”

“The Heavenly Sword is powerful, but the three Prodigies are as powerful, especially Mo Wuji. He’s one of the top ten monsters!”

“Maybe we can use this opportunity to witness Chu Kuangren’s true strength.”

Not only the sky-prides and Prodigies but even the great ones of Central Heaven Universe paid extra attention to that particular battle.

The existence of the Heavenly Sword was undoubtedly a threat to the other sky-prides and Prodigies. Until this day, no one had succeeded in forcing him to show his true strength.

Maybe that battle could achieve what the others failed previously.

“Charge!”

Leng Wufeng led the attack. Countless ice shards that contained icy-cold killing intents and frosty winds were hurled at Chu Kuangren.

He ought to cut Chu Kuangren into a million pieces.

“Don’t try useless attacks on me.”

Chu Kuangren was unfazed by the attack. He pointed his sword hand sign forward and swiped at the incoming ice shard storm.

Sword qi gushed forward, negating the storm into nothing but air.

“Is that all you’ve got?” Chu Kuangren scoffed scornfully.

Suddenly another figure arrived before him and swung a crimson sword shadow at his neck.

The sword shadow contained a scorching flame with unrivaled power.

It was Chi Longying!

“You’re unworthy of wielding a sword before Heaven.”

Chu Kuangren did not even try to dodge it. He pointed his sword hand sign at the sword shadow, diverting his sword qi at it.

His finger broke the scorching flame and landed precisely on the sword's blade.

Clank!

The void exploded all of a sudden, causing scorching flames and sword qi to burst into the area and swept over the field.

Still, Chu Kuangren remained unfazed. He did not even flinch.

On the other hand, Chi Longying, with the sword in his hand, sensed a powerful energy coming from his sword, pushing him several meters away.

He looked at Chu Kuangren in shock. "You blocked my sword with your sword hand sign?"

"Sword Dao isn't what you are good at. Why don't you show me your true strength?" Chu Kuangren said.

He could tell that Chi Longying was not good at Sword Dao, and his expertise did not revolve around it as well.

"Hmph! It's still too early!"

Chi Longying cackled as he swung the crimson sword at Chu Kuangren again. Surges of sword qi were launched at Chu Kuangren in succession. Soon, the field was turned into a sea of fire.

While Chu Kuangren was engaged with Chi Longying, Leng Wufeng prepared his next round of attack. He performed multiple mystical hand seals and unleashed a large amount of freezing qi that contained mystical runes.

"Quintuple Frost Dao Art, Star Cracking Transformation."

A large amount of sword qi converged and formed an icy galaxy that crashed toward Chu Kuangren with indomitable might.

Scorching sword qi and the icy galaxy, the two drastically different energies, were hurled at Chu Kuangren.

The power of both attacks shattered the void.

"Trying to defy Heaven with that? What a joke."

Chu Kuangren remained nonchalant at the attack. Both his hands formed the sword hand sign, and a vast amount of sword aura erupted into the field before two powerful sword qi gushed out.

One transformed into the galaxy, while the other transformed into lightning and wind.

Sword, Shining Galaxy!

Sword, Thunder Gale!

Shining Galaxy destroyed the icy galaxy, and Thunder Gale extinguished the sea of flames.

As multiple streams of energy clashed and collided, it formed an area filled with rumbling stray energies.

Chu Kuangren stood with his hands behind his back in the center of the stray energy storm, and not a sliver of energy could touch him. He was like God who was unfazed by mortal matters.

His sword intent swirled and transformed into ten thousand terrains.

Many other sky-prides and Prodigies were in awe when they saw his technique.

“Damn! He’s still so calm in front of Chi Longying and Leng Wufeng’s attacks! He’s too powerful!”

“So this is the legendary Heavenly Sword.”

“He looks like he’s not using his full strength either.”

Back inside the enchanted boundary, Leng Wufeng and Chi Longying exchanged a quick look before they threw themselves at Chu Kuangren.

Leng Wufeng unleashed endless freezing qi from both his palms. The bone-chilling freezing qi could even threaten and immobilize an Arch Gilded Immortal if they were struck.

“Quintuple Frost Art, Quintuple Frost Dao Art!”

Then, Leng Wufeng channeled his energy to the limit, and both his palms turned icy white, freezing even the space around him.

At the same time, Chi Longying channeled his crimson sword’s energy to the limit and unleashed a fury of slashes at Chu Kuangren.

The powerful and domineering energy enveloped Chu Kuangren whole.

The ice and fire sandwiched Chu Kuangren in between, forcing him into a seemingly desperate situation.

However, he remained nonchalant and unfazed.

He moved his sword hand sign, channeling his sword qi, and his sword intent transformed into a myriad of forms.

Thousands of forms of sword intent blocked and negated the incoming attacks easily.

His white robes fluttered in the wind as his unrivaled charms were put on full display.

“You two are too weak.”

Chu Kuangren pointed one of his sword hand signs at Leng Wufeng’s frosty palm and the other to clip Chi Longying’s crimson sword.

“Sword, Life-Death Samsara.”

As he bellowed, a boundless sword aura erupted from his body.

Leng Wufeng and Chi Longying were pushed more than ten meters away.

Then, Chu Kuangren pointed his sword hand sign to the sky to release the Life-Death and Samsara Arch Gilded Intent.

As the two Arch Gilded Intent merged, a terrifying sword shadow formed and was swung forward.

It left a trail of destruction in the void as it moved forward. Even the enchanted boundary that they were in started to tremble.

Both Leng Wufeng and Chi Longying's eyes widened in fear. They quickly channeled their ultimate moves, the icy palms and the scorching sword, to their limit.

However, they were still too weak to block the Life-Death Samsara attack.

Bang!

The two of them were blasted away with blood spurting from their mouths.

Chu Kuangren pointed his sword hand sign forward again, hurling another slash at them.

It was then that another figure jumped in front of the two and blocked the slash.

Mo Wuji finally made a move.

"You finally ran out of patience," Chu Kuangren said as he looked at Mo Wuji, who released his powerful aura into the area.

It felt indomitable, ruthless, and dominating!

Then, the energy formed a violent beast from the barrens behind him.

"It's Mo Wuji's Barren Arch Gilded Immortal!" someone cried.

The Barren Arch Gilded Immortal was the Arch Gilded Intent Mo Wuji comprehended. It was feared because it could shape into some of the ancient mystical beasts of the Central Heaven Universe.

It was also why he was able to secure ninth place on the Heavenly God Leaderboard.

"Heavenly Sword, have a taste of my Grim Reaper Mantis!" Mo Wuji chuckled.

His Arch Gilded Intent surged and formed the image of a huge mantis.

The mantis released razor-sharp energy of death!

The blade-like arms of the mantis had runes intertwining on the surface, making it terrifying.

It was one of the ancient mystical beasts of the Central Heaven Universe, the Grim Reaper Mantis.

"Slash!" Mo Wuji bellowed.

The Grim Reaper Mantis behind him swung both its robust arms at Chu Kuangren, and terrifying blade energy gushed forward like mountains crashing.

"Sword, Berserking Torment!"

As Chu Kuangren pointed his sword hand sign at the mantis' arms, a berserking intent erupted from his body.

Endless sword qi surged out.

It was one of the techniques contained in the Blade of Zhou, but when used by Chu Kuangren, it felt more natural and unmatched in power.

Chapter 1702: Three Prodigies Unleash Their Attacks, How Much Strength Did He Use?

1702 Three Prodigies Unleash Their Attacks, How Much Strength Did He Use?

It was the Berserking Torment versus the ruthless mantis blade!

Fight ruthlessness with berserk, fight violence with power!

The sword qi and blade qi clashed and collided in the void, causing a massive explosion that shook the enchanted boundary.

“You overestimated yourself. How do you fight the Heavens with a mere mantis?” Chu Kuangren said coldly.

Once again, he pointed his sword hand sign forward, hurling tens of thousands of sword qi forward.

As the sword qi multiplied as they traveled, the Arch Gilded Intent contained it multiplied as well and converged into one.

“Sword, Samsara Calamity!”

The slash contained Samsara Arch Gilded Intent as the lead, while the other Arch Gilded Intent remained as support.

The massive sword shadow stirred up a storm in the sky.

Mo Wuji’s Grim Reaper Mantis raised both its arms into an offensive stand, releasing blade qi one after another to counter the storm.

However, it was ineffective against the energy storm and the sword shadow successfully slashed through its blade-like arms.

A powerful cry later, the Grim Reaper Mantis’ avatar shattered.

Mo Wuji was blasted more than a hundred meters away, but it was not the end.

Tens of thousands of sword qi surrounded Chu Kuangren, unleashing endless Immortal Sparks into the field and setting off his presence as if he was the God of Sword.

He was ready for another attack.

“Sword, Yin Yang Stabilizer!”

Yin Yang Arch Gilded Intent took the lead this time, fusing with Thunder Gale, Flame, Frost, and other Arch Gilded Intent into a powerful slash.

It felt like it could reform the laws of the world.

The slash felt even more mystical than the previous one and much more terrifying.

Mo Wuji's eyes widened in fear. He released an anguished cry and channeled his Arch Gilded Intent to the limit.

A massive ancient beast formed behind him, resembling a Ghoulish Beast with sharp extruding fangs.

The Ghoulish Beast roared, releasing endless rage qi into the void.

On the other hand, Leng Wufeng and Chi Longying combined their attack again.

"Quintuple First Dao Art, Heavenly Frost Punch!"

Endless frost gathered at his fist as he unleashed a massive fist seal containing freezing qi forward.

His frost energy was powerful enough to destroy a planet.

Chi Longying discarded his sword and reverted to his true form.

He opened his mouth and endless spiritual qi gathered. As the temperature around him surged, he unleashed a powerful breath.

It was the Dragon Breath technique!

Ice and fire, plus the Ghoulish Beast, all three different energies, were shot at Chu Kuangren's sword qi.

The convergence formed a massive energy typhoon on the spot, challenging the enchanted boundary's integrity.

Ultimately, following a loud crack, the enchanted boundary finally broke.

Stray energies gushed outward and landed on some of the neighboring planets, destroying some of the weaker ones.

Swoosh!

Amid the violent energy storm, a figure dashed forward to Chu Kuangren.

It was Chi Longying again.

Both his hands, or claws now, were covered in crimson dragon scale. The sharpness of the claw could tear even the void.

Chu Kuangren moved his sword hand sign at him, unleashing his sword qi once again.

As it clashed with the dragon claw, a screeching clang sounded

"It seems like you've finally decided to use your true strength," Chu Kuangren scoffed.

"Heavenly Sword, I wonder if you can laugh after this."

Chi Longying was enraged by the smirk on Chu Kuangren's face.

The three of them were fighting for their lives, but Chu Kuangren was treating the battle like it was some kind of game.

He was not nervous at all, and he could keep his smirk despite fighting three Prodigies.

The smirk was an insult to the three of them.

“Quintuple Frost Dao Art, Godly Ice Lance!”

A massive ice lance formed above Leng Wufeng. Its surface was covered in endless Daoist patterns, giving it a mystical look.

In addition to that, he unveiled a prism-shaped crystal.

It was the long-lost Supreme Treasure of the Skysnow Tribe, the Skysnow Shard. The prism-shaped shard hovered above his head and showered him in light blue light.

His energy rose as he was basked in the light, and he managed to reach the Five Qi realm!

The massive ice land possessed more power now.

“This is for my brother!” Leng Wufeng cried as he aimed his ice lance at Chu Kuangren.

“Divine Beast, Evil Ghoul Demonic Ape!”

Mo Wuji summoned the image of another mystical beast.

It was a ferocious and massive black ape with a pair of wings on its back.

The ape threw a punch at Chu Kuangren. Its sheer strength could tear the void apart.

Chi Longying immediately retreated as two other ultimate techniques were incoming. As he retreated, he released another Dragon Breath attack at Chu Kuangren.

All three Prodigies had given their best, and no one dared to hold back.

Chu Kuangren looked at all three of the incoming attacks and remained unfazed. He was as calm as ever.

To Mo Wuji, Leng Wufeng, and Chi Longying, Chu Kuangren’s calm felt strange. In fact, it was unusually strange.

It felt like the calm on his face was an insult to them three.

The three different energies could shake heaven and move earth.

Many other sky-prides and Prodigies on the Ancient Path were rendered speechless by the combined force. They were stunned by the pressure alone.

“That is terrifying! Can the Heavenly Sword block it!?”

“I don’t know, but it seems rather impossible.”

“This combined attack is too strong.”

Han Xingyu hugged the Void Sword tightly, feeling nervous. “Why isn’t the Heavenly Sword using the sword? If he wants to, the Void Sword will fly to his side in an instant.”

“The Heavenly Sword has his own considerations. Maybe to him, the three of them aren’t worthy for him to use a sword,” Ling Fei said.

Han Xingyue gasped in shock.

The ones ranked ninth, twelfth, and thirteenth on the Heavenly God Leaderboard teaming up against him was not worthy for him to use his sword?

How powerful was the Heavenly Sword exactly?

Han Xingyu had asked herself the question more than once, but no one had a solid answer.

“Sword, Thousand Terrains!”

Chu Kuangren remained unfazed at the strongest attacks of the three Prodigies as Arch Gilded Intent started to swirl around him.

The Arch Gilded Intent then transformed into tens of thousands of sword qi, gushing forward like the rising tide.

It included Flame, Frost, Life-Death, Yin Yang, and other Arch Gilded Intent’s energy.

As the endless sword qi interweaved, it formed a realm within itself.

The slash had boundless energy to it.

All the crowd saw was that when struck by the sword qi, the frost shattered, the fiery Dragon Breath was extinguished, and the Evil Ghoul Demonic Ape broke into pieces.

“If that’s all you’ve got, I’m truly disappointed today,” Chu Kuangren said.

A number of swordsmen were among the audience, and they all looked at Chu Kuangren with the utmost admiration.

“So that’s the Heavenly Sword? He was unmoved by all three of the attacks! He’s too strong!”

“I think I see the epitome of Sword Dao in him.”

Luo Xue felt excited as well. The sword intent in her overflowed and gave her the urge to spar with Chu Kuangren.

However, Chu Kuangren was fighting someone else, and it was inappropriate to disturb him. Therefore, she gave up for now.

Back inside the broken enchanted boundary, the three Prodigies were shocked.

“We have used all our ultimate moves, but we can’t even land a scratch on him?”

They were all disappointed when they saw Chu Kuangren unscathed. Their hearts sank as they realized Chu Kuangren was ten times more powerful than themselves.

More importantly, he had not shown what he was fully capable of.

How much more power did the Heavenly Sword contain?

Were there any more trump cards he had under his sleeve?

Before the three of them could recover from their shock, Chu Kuangren's figure disappeared from the spot and reappeared before Leng Wufeng.

"Damn it!"

Startled, Leng Wufeng's eyes widened. Before he could enter a defensive stand, a sword qi descended from the sky and enveloped him whole.

The threats of death made him shiver on the ground.

Chapter 1703: Evil Ghoul Demonic Ape's Blood Essence, Invincible Slash Again

1703 Evil Ghoul Demonic Ape's Blood Essence, Invincible Slash Again

The sword qi gushed forward, causing Leng Wufeng to shiver.

He channeled his Immortal's Core energy to the limit and infused them into the Skysnow God Shard above his head.

A dazzling light shone and formed a barrier with countless runes in front of him.

"Oh?" Chu Kuangren squinted.

The power of the Skysnow God Shard rivaled that of an Embodier Weapon.

"It's too bad your cultivation is too weak," Chu Kuangren said.

He pointed his sword hand sign forward, and the Immortal's Core energy in him rumbled, followed by the surge of Arch Gilded Intent's power. When the sword qi landed on the barrier, the barrier was crushed.

"How is this possible?!" Leng Wufeng cried as fear took over his mind.

He might have just refined the Skysnow God Shard, but it should provide him with near infinite power.

How did Chu Kuangren break the barrier with just one strike?

Leng Wufeng was deeply baffled.

Chu Kuangren, on the other hand, did not provide him with an answer. The sword qi just pressed forward after breaking the barrier and severed one of Leng Wufeng's arms.

As Leng Wufeng cried out in pain and was blasted several hundred meters away, he held his severed arm in fear.

"Damn it!"

Further away, Chi Longying released a powerful roar, and his body expanded rapidly, transforming into a dragon with wings and crimson scales.

"Roar!"

Chi Longying hurled his claw at Chu Kuangren following his powerful roar.

The claw strike contained no Immortal's Core energy. It was the purest form of raw physical strength, but its power rivaled that of a Five Qi Arch Gilded Immortal's strike.

It was Chi Longying's true power.

"Even if you're a dragon, you'll have to kneel before me," Chu Kuangren said, remaining nonchalant at the incoming claw strike.

As his Immortal's Core rumbled, he hurled another slash at the dragon claw.

When the sword qi and dragon claw clashed, the dragon scales shattered and dragon blood gushed.

The sword qi landed a massive cut on the dragon's claw!

Then, Chu Kuangren's figure disappeared from the spot and reappeared above Chi Longying. His Immortal's Core energy overflowed before he stomped on Chi Longying's head.

Bang!

Following the loud noise, Chi Longyi felt like a million planets had hit his head, and the concussion sent his entire head smashing to the ground.

A dust storm occurred when his head crashed on the ground, creating a massive crater.

The audience gasped in shock when they saw the dragon crashing to the ground.

Both Chi Longying and Leng Wufeng were Peerless Prodigies. They were only second to the top ten monsters on the Heavenly God Leaderboard!

However, the two of them were easily overpowered by Chu Kuangren.

One slash claimed Leng Wufeng's arm, and one stomp sent Chi Longying's dragon head crashing to the ground.

The terrifying power astonished the audience.

"Heavenly Sword! Taste my real power!" Mo Wuji shouted.

He channeled his energy to the limit and revealed a drop of golden blood essence.

A terrifying energy was contained in the drop of blood, and the moment it appeared before people's eyes, they felt like they saw a terrifying giant ape roaring into the sky.

"Is that the blood essence of the Evil Ghoul Demonic Ape?" someone cried in shock.

Mo Wuji's Barren Arch Gilded Intent allowed him to transform his energy into a conjuration of the ancient mystical beast. In fact, the Evil Ghoul Demonic Ape was the strongest among all the godly conjurations he could conjure.

If he consumed the drop of blood essence, he could boost the godly conjuration's power to the next level.

Roar!

The moment the drop of blood essence fused into Mo Wuji's body, the Evil Ghoul Demonic Ape behind him looked more lively and fierce. Even the surging rage qi was strong enough to send chills down people's spines.

The stars dimmed as the Evil Ghoul Demonic Ape roared.

"Even the real mystical beast would have to bow before Heaven, let alone your puny conjuration," Chu Kuangren said.

He pointed his sword hand sign forward once again. As the qi gathered, endless Immortal Sparks enveloped him.

He peered down at the universe from a condescending angle, and his disdainful look infuriated Mo Wuji even more. "We shall see about that!"

The Evil Ghoul Demonic Ape roared and threw a punch at Chu Kuangren's head!

The fist energy was so mighty that it broke even the space around it.

Chu Kuangren stood like a monolith while pointing his sword hand sign at the incoming punch. His Arch Gilded Intent surged and merged into a massive sword shadow that was millions of meters.

The sword shadow contained endless murderous intent, and when the two forces clashed, the explosion erupted in the void.

The broken enchanted boundary could not withstand the force anymore. Following the explosion in the void, it shattered.

More stray energies scattered into space, destroying the planet that Chu Kuangren and the others were on.

Some of the sky-prides were horrified when the planet started collapsing.

Those slower to react were caught and sucked into the energy vortex, bursting into multiple clouds of blood mist.

The battle between the strong was not a show for everyone.

Without sufficient strength, one would only be caught in the crossfire in between.

"This is scary! The battle is no longer just a battle between two common Five Qi realm cultivators."

"They are the true Prodigies!"

Those who escaped the stray energy streams stayed further away and were awe-inspired by the destructive power.

"Again!" Mo Wuji shouted again. He controlled the Evil Ghoul Demonic Ape to throw another punch.

Further away, Leng Wufeng, who had one arm left, and Chi Longying, who had crashed on the ground, got up and channeled their Immortal's Core energy again.

"Heavenly Sword, you've underestimated us!"

Leng Wufeng raised his only hand in the air and started to gather all the freezing qi in the area. As his tremendously powerful energy presence surged, a million kilometers of airspace was turned into icy hell.

“Quintuple Frost Dao Art, Frost Heart Shatter!”

Leng Wufeng clenched his fist and framed a massive energy ball above his hand. It shone in frosty white light as terrifying energy rumbled in it.

One glance at it, and one’s eyes would feel frozen.

Chi Longying channeled his ultimate move as well.

His wings flapped as he roared into the sky. Scorching flame gathered at his throat before he released a fiery breath that could scorch planets.

Lastly, Mo Wuji’s Evil Ghoulish Demonic Ape conjuration summoned its rage qi and shot a black beam at Chu Kuangren.

The beam perforated even the void.

“The Heavens have lost interest in toying with you three,” Chu Kuangren said.

Once again, he pointed his sword hand sign at the three ultimate moves, and the numerous Arch Gilded Intent on him converged into one.

A terrifying surge of energy expanded from him. It felt transcendental, vast, and far superior to all living beings.

He was like an invincible being that looked down on all earthly beings.

“One Sword, Invincible!”

The Invincible Sword appeared again, and the Invincible Self-empowering Arch Gilded intent erupted.

The sword qi that combined all of Chu Kuangren’s comprehension of the Sword Dao appeared before people’s eyes in an unbelievably powerful form. It was its second time appearing since killing Calamity.

The dazzling sword astonished every sword cultivator. They were in awe and disbelief, especially Luo Xue.

The admiration she had for Chu Kuangren had grown frantic.

Bang!

As the different energies clashed, a universe-shattering explosion erupted. Multiple figures were blasted away amidst the endless Immortal Sparks.

Chapter 1704: Too Clean, Dao King Tribe's Great Perfected Arch Gilded Immortal, Can The Heavens Punish Me?

1704 Too Clean, Dao King Tribe’s Great Perfected Arch Gilded Immortal, Can The Heavens Punish Me?

The Invincible Sword appeared once more. The terrifying power that it carried shocked everyone present.

As soon as Mo Wuji and the other two clashed with the sword attack, a tremendous explosion happened. It felt like millions of planets exploding together, and the stray energy from the explosion drowned half of the Ancient Path.

Countless planets along the Ancient Path exploded and disintegrated into dust.

Amidst the endless Immortal Sparks, several figures were sent flying away, crashing through planet after planet.

They were Mo Wuji, Leng Wufeng, and Chi Longying.

All three of them were in a terrible state.

With Leng Wufeng's bones and tendons all broken, he crashed onto a planet like a pile of dead meat without any signs of life.

As a dragon, Chi Longying had a powerful physical body, but he was not in a good shape either. Not a part of his body remained intact. Half of his skull was crushed, his wings were burned down to the bones, and more than eighty percent of the tough dragon scales were burned away, leaving him in a bloody, naked state.

He was still alive, but his life was hanging on a thread.

Mo Wuji lost half an arm and was covered in countless sword marks.

One was dead, and two were heavily injured!

The horrifying scene shocked the crowd.

"How's the Heavenly Sword?"

If the three Prodigies were either dead or heavily injured, they believed the Heavenly Sword would also suffer some serious injuries.

As the thought filled their minds, the audience looked to the center of the explosion.

That was when they spotted a figure in white standing proudly in the dazzling Immortal Sparks, unstained by a single dust.

He was too clean!

Not a piece of his white robes was torn, and not a speck of dust could stain his purity!

He remained as clean as snow, so clean that it left others speechless!

It was the cleanliness that shocked the audience, causing them to gasp in fear.

Chu Kuangren was unscathed!

"How is this possible?!"

People could not believe the fact that three Prodigies were either killed or heavily injured, yet Chu Kuangren was unscathed!

No one in the audience could believe what they saw!

"He's the real monster here!" someone muttered in fear.

The top ten of the Heavenly God Leaderboards were all known as monsters, but compared to Chu Kuangren, they did not seem so scary anymore.

Chu Kuangren's power was off the leaderboard by a lightyear.

All three Peerless Prodigies ganged up on Chu Kuangren, but one of them was dead, and the other two were heavily injured.

It was clear that Chu Kuangren won the battle by a mile!

No one dared to question the Heavenly Sword's strength anymore.

"The two of you are quite strong for surviving that sword attack, but you two are not strong enough to defy the Heavens," Chu Kuangren said.

As he narrowed his eyes, his sword qi started to gather at the tip of his fingers.

He locked on to Mo Wuji and Chi Longying.

The fear of death instantly enveloped the two of them, causing their eyes to shrink in fear.

Right before Chu Kuangren could deliver the killing blow, a frosty voice sounded from further away in space. "Stop this at once!"

A man in golden robes came from the sky, carrying a powerful Arch Gilded Intent. His presence alone could flood the entire planet.

He was a Great Perfected Arch Gilded Immortal!

Chu Kuangren narrowed his eyes, but he ignored the man's warning. With a move of his finger, the terrifying sword qi shot out.

"How dare you!"

The man hastened his steps and appeared before the two heavily injured Prodigies.

He then unleashed a palm attack and blocked Chu Kuangren's sword qi, saving the two of them. After that, he looked at Chu Kuangren coldly.

"Are you here to defy the Heavens as well?" Chu Kuangren asked.

Further away, the Void Sword in Han Xingyu's hands trembled before it flew toward Chu Kuangren in a streak of light.

The moment the Void Sword appeared next to Chu Kuangren, its terrifying sword aura resonated with Chu Kuangren's, and it swept across the universe.

Only when the audience saw the Void Sword did they realize Chu Kuangren did not even use a sword in the battle against the three Peerless Prodigies.

As a swordsman, he did not use a sword to fight, which was the greatest insult to his opponent.

In other words, Chu Kuangren did not fully utilize his strength in the battle.

Did his powers have no limit?

“Hmph! I see the Spiritual Sword Tribe has produced someone powerful.”

The man in golden robes looked at Chu Kuangren with reverence and icy cold killing intent.

He was the elder of the Dao King Tribe and was passing by the nearby airspace to run some errands.

When he realized Chu Kuangren was trying to kill Mo Wuji, he came as soon as he could.

“Do you want to test the strength of the Heavenly Sword?”

Chu Kuangren stood with his hands behind his back and the Void Sword floating near him.

Everyone believed his power would increase once he unsheathed the sword.

A legendary swordsman wielding a legendary sword was the perfect combination to excite the other swordsmen.

Even though they assumed that Chu Kuangren could not win against a Great Perfected Arch Gilded Immortal with his current cultivation level, they looked forward to the battle as they were curious about how strong Chu Kuangren truly was.

“Oh? A mere Trinity Flower-realm individual dares to provoke me?”

The man in golden robes narrowed his eyes. His killing intents surged, and his Immortal’s Core energy was already warmed up.

He had the urge to fight Chu Kuangren, but when he thought of the Spiritual Sword Tribe behind Chu Kuangren, he forced himself to calm down.

The Dao King Tribe was not afraid of the Spiritual Sword Tribe.

After all, the Dao King Tribe was much stronger than the Spiritual Sword Tribe, who experienced the Thousand Swords Calamity. They were also one of the Ancient King Tribes.

However, the Spiritual Sword Tribe had the Sword God King.

The Sword God King was one of the Prodigies on the Heavenly God Leaderboard once upon a time. After he became a God King, he got even stronger and more unpredictable.

Even the Dao King Tribe was not confident enough to fight the man and win.

It was because of the Sword God King that the Spiritual Sword Tribe could maintain its title as a King Tribe after the Thousand Sword Calamity.

“You have concerns in your heart. You’re not strong enough,” Chu Kuangren scoffed at the golden-robed man.

“Heavenly Sword, a piece of advice: don’t be so arrogant, or the heavens will punish you,” the golden-robed man said with obvious threats hidden between the line.

Chu Kuangren, however, reacted like he had heard the funniest joke in the world and cackled in laughter.

“What a joke. The Heavenly Sword is beyond the Heavens, so how could the Heavens punish me?”

Endless sword aura spread at once and shook the universe.

The bunch of great ones in the void looked at Chu Kuangren through their Immortal Consciousness and were impressed by his words.

“The legendary Heavenly Sword among the sword cultivation world is indeed something else.”

“That’s right. Maybe the Spiritual Sword Tribe can produce another Sword God King stronger than the current one.”

“Could the Spiritual Sword Tribe make a comeback after so many years?”

The great ones were in heated discussion, and they all looked concerned about Spiritual Sword Tribe’s future.

It was clear that they wished not for Spiritual Sword Tribe’s comeback.

The universe had a finite amount of resources, and if a powerful force came back from the dead just to compete with them, it would be a terrible outcome that no one hoped for.

Chapter 1705: Galaxy God King Take Sides, The Heavenly Sword Is Lucky, Last Fragment Appears

1705 Galaxy God King Take Sides, The Heavenly Sword Is Lucky, Last Fragment Appears

“Can the Heavens punish me?”

Following his arrogant statement, Chu Kuangren held the Void Sword and pointed it at the man in golden robes. He added, “These two have defied the Heavens, and it is an unforgivable crime.”

He wanted to kill Mo Wuji and Chi Longying regardless.

“You want to kill them? Hmph, I’m the one who wants to kill you!” the man in golden robes grunted. Then, Arch Gilded Intent erupted from him and flooded the universe.

However, right before he could attack, a tremendously powerful energy came from a distant planet and surprised the man in golden robes.

“A God King’s energy presence? It’s the Galaxy God King!”

There was only one God King on that Ancient Path, which was the one that the Ancient Path was named after — the Galaxy God King!

Despite that, the man had always been neutral and never bothered to participate in any conflicts. Why would he reveal himself to help Chu Kuangren?

Not only the man in golden robes, but even the other great ones grew restless.

“Galaxy God King, what is the meaning of this?”

“Hmph! Your neutral stand is nothing but a front! You’re taking sides!”

“Why are you helping the Heavenly Sword?”

Voices from all over the universe sounded, questioning the Galaxy God King.

They were all the ancient great ones of the universe.

That was when the Galaxy God King said, “Do all of you remember our bet?”

His question reminded the others of something from the distant past, and it made their eyes widen in shock. Their expression turned grim.

“Are you saying the Heavenly Sword cleared all the challenges?”

“That’s right.” The Galaxy God King nodded.

“How? How is it possible?”

“No one has ever cleared all your challenges, but the Heavenly Sword has done it?”

Back at Divine Sword Peak, the Sword God King of the Spiritual Sword Tribe was shocked as well. However, he then cackled with laughter and said loudly, “Great! The Spiritual Sword Tribe is going to have another God King!”

In fact, not only him but the Tribe Leader and others were also over the moon when they learned the news.

It was great news for the entire Spiritual Sword Tribe.

From now onward, their status in the Central Heaven Universe would improve, and they would be more powerful than they were before. How could it not excite them?

“The Heavenly Sword’s prophecy is real!”

“It’s unbelievable! It has only been so long since the Heavenly Sword appeared, and he’s bringing us the next God King? The Heavenly Sword is really a lucky star to our tribe!”

The Tribe Leader of Spiritual Sword Tribe and the others were certain that Chu Kuangren would lead them to a new height.

Back at the Galaxy God King Ancient Path, the man in golden robes received an order from his tribe to bring the two away.

With the Galaxy God King here, he was not capable of hurting Chu Kuangren anymore. Hence, he was forced to bring Mo Wuji and Chi Longying away.

“Let’s go.”

The man in golden robes brought the two away without further ado.

With his strength as a Great Perfected Arch Gilded Immortal, it was not too difficult for him to take the two of them away if Chu Kuangren did not use his trump card.

The Galaxy God King was also not in a position to make a move since he was surrounded by multiple Immortal Consciousness.

“Don’t play with fire, or you will surely have to pay the price one day. How long can you two escape from the Heavens?” Chu Kuangren said.

His figure flashed ahead to Leng Wufeng and snatched his Yin and Yang Ring and the fallen Skysnow God Shard.

With a clank, the Void Sword returned to its sheath.

Chu Kuangren then said, “Let’s go.”

“Yes, sir.”

Ling Fei and Han Xingyu nodded and followed him away with a strong zeal in their gaze. On the other hand, Feng Qingxue and Luo Xue pondered for a moment before they, too, followed Chu Kuangren away.

“The Heavenly Sword is indeed powerful.”

“It seems like one of the top ten on the Heavenly God Leaderboard will be replaced.”

“Mo Wuji has been defeated by the Heavenly Sword, so it only makes sense for the Heavenly Sword to take his place. However, I believe the Heavenly Sword’s strength is definitely higher than just the ninth place.”

“I believe so. His true strength might be in the top five or even top three.”

The discussions were endless.

Following the end of the battle, the Heavenly Sword’s name spread across the Central Heaven Universe like wildfire.

Meanwhile, the Skysnow Tribe Leader reacted bitterly to the dead body before his eyes.

The body belonged to Leng Wufeng, the strongest Prodigy of the Skysnow Tribe.

The once strongest Prodigy was now a pile of dead meat, lying lifelessly in front of the elders and the Tribe Leaders.

“Heavenly Sword! Damn that Heavenly Sword!” the Skysnow Tribe Leader bellowed.

“Tribe Leader, the Ancient Central Heaven Planet is opening soon, but Leng Wufeng is gone. What are we going to do?” one of the elders voiced his concerns.

They were currently facing a similar situation to the old Spiritual Sword Tribe.

Leng Jiufeng and Leng Wufeng, two out of the three young masters, were dead. Only one young master was left, but the elders worried that he might not be able to grow strong enough before the opening of the Ancient Central Heaven Planet.

The Skysnow Tribe Leader pondered and then said, "Go to the ancestral land and wake them up."

The ancestral land of the Spiritual Sword Tribe had dormant and cultivating Prodigies, as did the Skysnow Tribe.

However, waking them up or disturbing their cultivation might anger them, hence the elders' hesitation.

"There is nothing to hesitate about now. They're also part of the Skysnow Tribe, and we cannot afford to lose more," the Skysnow Tribe Leader said coldly.

"I understand."

The elders nodded and headed to the ancestral land to awaken one of the slumbering Prodigy.

A while later, a young man opened his eyes from the crystal coffin in the Skysnow Ancestral Land.

A strong freezing qi emanated from his body.

"This Great Dao's energy presence... No, it isn't right! I shouldn't be awake now. Why did you wake me?"

The young man looked at the elders grimly.

The elders sighed helplessly told the young man about what happened.

"Oh? The legendary Heavenly Sword? Interesting. Fine, since the Ancient Central Heaven Planet is opening soon, maybe it is time for me to wake up," the young man said.

He walked out of the crystal coffin and looked into the sky. He muttered, "When the seven stars align, the Nine Kings will return. However, will the Nine Kings appear when the seven stars align this time?"

Inside a storm-filled mountain valley, a beautiful and slender woman was sitting in the eye of the storm with her legs crossed.

Runes were circulating her, and her hair had invisible Daoist Rhymes ringing from it. She was like the superior Immortal Queen.

Suddenly, the woman opened her eyes, and the storm subsided.

Then, a servant came by. "Young Master, we've got news about Second Missus."

"Oh? Where is she?"

"She was seen at the Galaxy God King Ancient Path, now following the Heavenly Sword."

"Heavenly Sword? The legendary figure?"

"Yes. The legend is real. The Spiritual Sword Tribe has produced the Heavenly Sword..."

The servant then informed the woman of Chu Kuangren's recent achievements.

“Interesting,” the woman said with narrowed eyes.

“Since the Spiritual Sword Tribe is our ally, if my sister decides to follow him, let her be. I believe nothing bad would happen. Just keep an eye out for her.”

“I understand.”

Further away in the galaxy, there was a planet surrounded by countless golden runes, and on it was a golden palace that emanated a noble presence.

Inside the palace was a blonde young man, who opened his sharp eyes.

“I can sense it! The last fragment has appeared!”

1706 Di Qianqiu, Are You Guys Trying To Follow Me? Guiding Luo Xue

“The last fragment has appeared!”

The blonde young man narrowed his eyes strangely.

He sent his Immortal Consciousness out to scan the universe and soon locked on to a single direction. He muttered, “That’s... the Galaxy God King Ancient Path. It’s there?”

“Men.”

A moment later, men equipped with golden armor came forth.

Some of them were Arch Gilded Immortals, but all of them respected the blonde young man.

The blonde young man’s name was Di Qianqiu, the one who was ranked first on the Heavenly God Leaderboard!

“The fragment I’ve been searching for has appeared on the Galaxy God King Ancient Path. Go search for it and see who has it. Bring it back.”

“Yes, sir.” The leading guard nodded before he led the group away.

After the group of golden guards left, several more figures appeared.

There were men and women among them, and all of them were extremely powerful.

If someone familiar with the ranking on the Heavenly God Leaderboard was present, they would recognize them as some of the top ten monsters.

The leader of the group was ranked seventh in the top ten, Di Liufang of the Emperor Tribe.

“Since the last fragment has appeared, aren’t you going to take it yourself?”

Di Liufang was a young man with white hair and sharp, faintly made-up eyes. He had a frosty demeanor that granted him a distant feeling as if he was uninterested in anything in the universe.

"I'm going to break through to the Five Qi realm, so I'm not supposed to go out now. Besides, the Ancient Central Heaven Planet is opening soon. I have to be prepared for that as well."

"Hmph. Now that the last fragment has appeared, I can finally put this aside for now."

Di Liufang looked excited. "It has been many years, and finally, we can repair the body."

In fact, not only him but even the other Prodigies wore excited smiles on their faces.

Meanwhile, Chu Kuangren was traveling the universe on his warship, and two other warships were trailing him.

They were Feng Qingxue and Luo Xue.

For some reason, they started to follow Chu Kuangren after the challenges on the Galaxy God King Ancient Path ended.

"Are you guys just going to follow me like that?" Chu Kuangren spoke into Luo Xue and Feng Qingxue's ears telepathically.

His words made them blush.

They were embarrassed and annoyed.

After all, they were the well-known Divine Maidens of the Central Heaven Universe.

They had grown accustomed to men flocking to them like birds just to see their smiles, but they were scorned by Chu Kuangren for following him.

It felt strange and unreasonable from their point of view.

"Is the sword all he thinks about?" Feng Qingxue muttered.

She then took a mirror out and looked at the beautiful smile on it.

"This beautiful face, this fair skin, this crystal clear eyes... There aren't many girls like me in the world, yet that man isn't moved at all."

Unlike Feng Qingxue, who was infatuated with her own beauty, Luo Xue was a lot calmer.

She was a loner, after all. Other than the sword, she had no experience in anything else. She followed Chu Kuangren because his Sword Dao was too attractive to her.

"Heavenly Sword, I follow you because I want to spar with you," Luo Xue voiced her intention honestly.

Chu Kuangren glanced at her. He knew if he rejected her, she would probably follow him to the end of time.

Hence, he nodded and said, "Sure."

As soon as he said that, Luo Xue's figure disappeared from the warship and reappeared in space.

She unsheathed the sword at her waist with a clunk and caused an endless blizzard around her, freezing even the void.

“Now, shall we?”

Luo Xue looked excited, and her body straightened before she took her first move.

With the sword in hand, she flew toward Chu Kuangren in a streak of light.

She thrust her sword so quickly and powerfully that even a swordsman like Ling Fei could not catch the movement, let alone block it.

However, Chu Kuangren stood up from the warship and pointed his sword hand sign at the attack.

Sword ray shot out at his fingertip as he tapped the space softly.

Clunk!

When the fingertip collided with the tip of the blade, strong Immortal Sparks burst into the air.

“Your sword is quick but not strong enough,” Chu Kuangren said. He moved his finger and unleashed a stronger sword qi, pushing Luo Xue away easily.

“Again!”

Luo Xue raised her sword and performed a flurry of techniques. All her techniques connected seamlessly as she tried to attack Chu Kuangren.

Again, Chu Kuangren simply moved his sword hand sign. The sword ray shone at his fingertips, releasing a peerless might that allowed him to negate every single technique from Luo Xue.

Han Xingyu watched the spar from further away.

Her Frost Sword Physique made her suitable to cultivate the Frost Sword Dao, and Luo Xue’s techniques were similar to hers, so watching the spar would definitely benefit her.

Ling Fei also paid attention to Chu Kuangren’s every move as it was also an opportunity for him.

“The Heavenly Sword’s Dao is indeed superior. Every sword technique is cast perfectly in his hand. No, it’s more like he has no technique or form...”

Ling Fei understood something as he watched Chu Kuangren fight.

The spar lasted for two hours.

Luo Xue used every single technique she knew, yet she still could not land a scratch on Chu Kuangren.

However, she was not discouraged. In fact, she was more excited than before because the spar with Chu Kuangren allowed her to learn a lot about her own Sword Dao, and her comprehension had reached a new height.

“Thank you for your enlightenment, Heavenly Sword,” Luo Xue said with a fist salute after she sheathed her sword.

“You’re welcome. I look forward to you getting stronger so that you can entertain the Heavens,” Chu Kuangren said.

The others who heard him were shocked.

“Is the Heavenly Sword training his opponent?”

“The Heavenly Sword’s might is unpredictable. He has almost no rival among his peers, so is he trying to train an opponent for himself?”

Ling Fei and the others were deeply surprised by his words.

All of them wished they could be the strongest without a match, but Chu Kuangren was different.

He was training an opponent to match his own level. His level of magnanimity deeply convinced the others.

“The Heavenly Sword doesn’t only have capabilities that challenge the Heavens. He even has magnanimity that surpasses the Heavens,” Ling Fei exclaimed.

Luo Xue took a deep breath and said, “I will not let you down. One day, I will amaze you with the sword in my hand.”

“The Heavens look forward to it.”

“Thank you.”

Luo Xue bowed before she left.

Chu Kuangren saw her off before he looked at Feng Qingxue.

“The Ancient Path is over. Are you still going to follow me?”

“The Feng clan and Spiritual Sword Tribe are friends, so don’t be such a stranger.”

Feng Qingxue put the mirror away and showed Chu Kuangren a beautiful smile.

Chu Kuangren, however, was unfazed. “Whatever.”

After that, he left for the pavilion on the ship to cultivate.

Chapter 1707: Holy Merchant Ancient Planet, Imperial Army's Dominance

1707 Holy Merchant Ancient Planet, Imperial Army's Dominance

Chu Kuangren sat with his legs crossed in the pavilion and took out a white divine fruit. It was the Divine Oceanic Immortal Fruit he got from the Galaxy God King’s treasury.

“With this divine fruit, my Immortal’s Core Flower should be able to increase a couple of ranks,” Chu Kuangren muttered.

The moment he took the fruit, a vast amount of Immortal’s Core energy exploded in his body, filling every inch of his bone and muscles.

Its vastness was similar to a boundless ocean.

If Chu Kuangren did not have the Ultimate Almighty Source Physique, the explosive energy would have caused him to explode.

Despite that, Immortal Sparks was still leaking out from his body, impacting the space around him.

Fortunately, he had set up heavy restriction seals around the pavilion, so there was less of a commotion.

“The divine fruit’s effect is indeed powerful.” Chu Kuangren’s lips curled into a smile.

Then, he started to channel the Immortal’s Core energy in his body to refine the fruit.

His Immortal’s Core Flower was slowly increasing in grade.

While Chu Kuangren was in closed-door meditation, Ling Fei and the others steered the ship to an ancient planet.

“We’re finally here, the Holy Merchant Ancient Planet.”

The Holy Merchant Ancient Planet was the commercial hub of the Central Heaven Universe, a place for all kinds of businesses and trades.

In fact, the Holy Merchant Ancient Planet was not just one. It was a series of planets scattered across the universe, and they all belonged to the Merchant King Tribe.

The Merchant King Tribe was a tribe that specialized in all kinds of trades and businesses. It was said that they got so rich that they could buy one-tenth of the entire universe.

Although the rumor was never addressed, it was enough to prove how rich the Merchant King Tribe was.

However, no one dared to have thoughts about their businesses because the Merchant King Tribe was also one of the Ancient King Tribes in the Central Heave Universe.

Their network was so vast and complicated that they had deals with almost every force in existence. Their existence was closely tied to the profits of the forces they dealt with, so no one would dare to challenge them simply because it would affect the profits of all the other forces.

“We should resupply at Holy Merchant Ancient Planet,” Ling Fei thought.

Since Chu Kuangren had not come out of closed-door mediation, Ling Fei did not park the ship on the planet.

Instead, he told Han Xingyu to stay put while he traveled down to the planet to resupply.

About a dozen of golden lights flew down to the planet.

The leader was a man in golden armor, and he had a scar on his face.

The man looked at the planet coldly. Then, he pulled out a glimmering jade talisman and said, “This is the Holy Merchant Ancient Planet and where the fragment’s energy stopped. I guess they must have stopped here to resupply... Go, flush them out.”

“Yes, sir!”

A dozen streaks of golden lights scattered away and searched every corner of the planet.

When many of the planet's residents sensed their arrival, they were shocked.

"Those are... the Emperor Tribe's Imperial Army?"

"Damn! Why is the Imperial Army here? What are they doing here?"

"Oh my goodness..."

The Imperial Army's arrival sparked a discussion among the surprised residents.

Even Ling Fei, who was purchasing supplies on the planet, was surprised by the Imperial Army's arrival.

"Imperial Army? Why are they here? Are they passing by?"

The Imperial Army was a bunch of elite soldiers handpicked by the higher-ups of the Emperor Tribe, so each of them had a decent level of cultivation.

Their appearance usually carried the will of the Emperor Tribe, which was one of the oldest King Tribes in the Central Heaven Universe.

They were considered the strongest even among Ancient King Tribes. Only a handful of tribes could rival them in this universe, and that was why their reign remained unchallenged.

"Whatever. I'll just leave after I finish the purchase," Ling Fei muttered.

After completing his purchase, he returned to the ship.

However, right before he wanted to set sail again, an Imperial Army soldier stopped him.

"You can't leave yet."

"Why?" Ling Fei asked with furrowed brows.

"We have some questions for you," said the soldier.

Then, a group of soldiers surrounded him, Han Xinyu, and Feng Qingxue.

"What are you people doing?" Feng Qingxue grumbled.

The leader with the scar did not say anything. He simply took the glowing jade talisman out in front of them.

The jade talisman glowed stronger than usual. "This can't be wrong. The jade is reacting to this ship the most. It must be here. Search! Search for the fragment!"

"How dare you?" Ling Fei bellowed and added, "This is a Spiritual Sword Tribe's ship. Even the Imperial Army has no right to search as you wish!"

"Oh? Spiritual Sword Tribe?" The man with the scar raised a brow and smirked before he continued, "I'm Tian Hong of the Imperial Army. I'm suspecting that this ship has something we are searching for. Please allow us to search the ship and your Yin and Yang Rings."

When he learned that Ling Fei and the others were from the Spiritual Sword Tribe, Tian Hong was not afraid at all. On the contrary, he made an even more ruthless request to search not only the ship but also their Yin and Yang Rings.

Ling Fei and the others reacted grimly to his request

“What gives you the right to search our rings?”

Feng Qingxue said, “Yeah! Are you trying to pick a fight against the Feng clan and the Spiritual Sword Tribe together?”

“Please cooperate,” Tian Hong said.

If it were before, he would choose a more gentle approach, but the fragment was important, and he could not afford to fail that mission.

Besides, even though the Feng clan and Spiritual Sword Tribe were King Tribes, they were still far from being an Ancient King Tribe, let alone going up against the Emperor Tribe, who stood at the top of the hierarchy of power.

As long as no blood was shed, Tian Hong could compensate them after the search or even apologize. He did not mind as long as he could achieve his goal.

“What if we refuse?”

“Then, we would have to resolve by force,” Tian Hong said as he signaled his men.

The golden-armored soldiers dashed forward and surrounded Feng Qingxue with their weapons.

“Damn it!”

Ling Fei clenched his teeth as his expression turned grim.

There were several Arch Gilded Immortals among the soldiers, and the leader, Tian Hong, emanated a strong energy presence, at least a Five Qi-realm elite.

Chu Kuangren was in cultivation, and with them alone, there was no way they could fight back.

However, to have their bodies and ships searched in public, the Spiritual Sword Tribe would be embarrassed if word about it were to get out.

Besides, Ling Fei knew what was on the ship, and if the soldiers found what they wanted, should he surrender it?

Chu Kuangren was in closed-door meditation. What if the search disturbed him?

“If you want to search the ship, you’ll have to go through me,” Ling Fei said.

“Defeating you is not difficult.” Tian Hong chuckled.

He took a step forward and appeared above Ling Fei. As he threw a palm strike down, the massive Arch Gilded Intent crashed down.

An explosion erupted in the void.

Ling Fei's expression changed. He tried to block it, but he was slammed to the floor by the palm strike. He spat out a mouthful of blood as he was pinned down.

Chapter 1708: You Are Not Worthy Of Holding That Sword, Killing You With One Slash

1708 You Are Not Worthy Of Holding That Sword, Killing You With One Slash

"The Spiritual Sword Tribe is getting weaker." Tian Hong looked at Ling Fei with a scornful grin.

Upon hearing his words, Ling Fei struggled and tried to break free. He channeled his energy to the limit, but it was no use as he was pinned down to the ground.

"The gap between your strength and mine is so drastic. How are you going to break free from my grasp?"

"Stop it!"

Feng Qingxue and Han Xingyu tried to help by attacking Tian Hong, but the other Imperial soldiers stopped them.

Feng Qingxue was a Prodigy on the Heavenly God Leaderboard, which made her slightly stronger. However, she was still no match for the soldiers.

As for Han Xingyu, she was just a Gilded Immortal. Hence, she was smacked and slammed on the deck. The Void Sword that she safe-kept for Chu Kuangren fell as well.

When Tian Hong saw the Void Sword, his eyes gleamed with interest. "This sword is rather interesting."

He tried to reach out for the sword, but a strong sword aura burst out from its black sheath.

Seeing that he could not move past the sword aura, Tian Hong's eyes narrowed. "What a good treasure. I never thought I'd be in for a surprise."

He channeled his energy and tried to reach out for the sword again.

That was when a cold voice sounded. "You're not worthy of holding that sword."

As soon as the words subsided, the Void Sword responded by releasing a stronger sword aura, forcing Tian Hong back.

Tian Hong's eyes narrowed as he looked up at the pavilion.

The pavilion was erected at the top of the ship, and it was where the voice came from.

"Hmph! Who dares play tricks in front of me?"

"Get him!" he said to his soldiers.

Following a creak, the door of the pavilion opened.

A white figure walked out slowly. He was surrounded by glimmers of Immortal Sparks, and his presence was vast as the sky and boundless as the ocean. In other words, it was unpredictable!

“Imbecil, who allowed you to use force in front of the Heavens?” he bellowed.

Chu Kuangren waved his sleeve and released his boundless Immortal’s Core energy, blasting the soldiers out of the ship.

Tian Hong was startled by Chu Kuangren’s move. When he heard Chu Kuangren calling himself the Heavens, his heart started to pound anxiously.

“Calling yourself the Heavens? I’m sure you’re the Heavenly Sword who has been garnering attention lately.”

While searching for the fragment, Tian Hong had heard a lot about the Heavenly Sword.

Although he had never seen the Heavenly Sword in person before, he was certain that Chu Kuangren was the one.

“For boarding my ship and hurting my followers, your punishment is death!”

Chu Kuangren narrowed his eyes and unleashed surges of fierce sword qi from his body. The sword qi wreaked havoc around the area like a tornado.

The sword qi locked onto every soldier around, forcing them to enter a defensive stance.

However, Chu Kuangren’s sword qi was not something they could easily defend against.

Cultivators below the Arch Gilded Immortal Realm would die upon contact with them.

In the blink of an eye, multiple clouds of blood mist burst around the ship.

Only seven to eight soldiers were left alive.

The survivors gasped in shock when they saw their comrades killed by the sword qi.

“He’s going against the Emperor Tribe?”

“What a terrifying sword qi!”

“Those under Arch Gilded Immortal Realm would die upon contact, and it’s just his sword qi. If he attacked with his full strength, how terrifying would it be?”

The residents of the Holy Merchant Ancient Planet also noticed the conflict on Chu Kuangren’s ship.

A heated discussion was sparked among the cultivators, and they all looked at Chu Kuangren in shock.

Tian Hong, on the other hand, reacted with a bitter look. “Even if you are the Heavenly Sword, you cannot afford to defy the Emperor Tribe!”

“Emperor? I am the Heavens. What could the Emperors do to me?” Chu Kuangren said nonchalantly.

“Hmph!” Tian Hong grunted.

At that moment, he accidentally spotted the ring on Chu Kuangren’s finger, and the jade talisman on him started to glow and buzz when Chu Kuangren appeared.

Tian Hong was rather surprised. “It’s on you? Hand it over, and I’ll pretend none of this happened.”

“Unfortunately, your actions have offended the Heavens, and the only punishment is death.”

Chu Kuangren knew Tian Hong came for the ring on his finger.

The ring was one of the treasures he got from the Galaxy God King’s treasury, and it contained a fragmented soul inside. Who would have thought that it would attract the attention of the Emperor Tribe?

However, he had no intention of handing the ring over.

“In that case, you will have to die!”

Tian Hong and the rest of the Arch Gilded Immortal soldiers attacked at once.

“Arch Gilded Heavenly Emperor Palm!”

“Heavenly Emperor Sword Art!”

Some of them used their palms, unleashing golden palm seals at Chu Kuangren that felt like the sky was crashing down on him.

Some used swords, swinging their golden blades at Chu Kuangren with an Emperor’s avatar behind them.

Tian Hong was the strongest out of them all. He channeled his Arch Gilded Intent with both his hands, gathering golden light in between his palm that was surrounded by countless mystical Daoist patterns. The energy filled the entire ship and formed an invisible domain.

“Almighty Supreme, Emperor Domain!”

It was an extremely powerful cultivation technique unique to the Emperor Tribe. It could transform a certain terrain into an energy domain that would benefit the user and suppress the opponent.

It was something like an enchanted boundary.

As soon as the Emperor Domain was cast, Chu Kuangren felt an immense pressure weighing over him as if countless ancient planets were on his shoulders.

The other Arch Gilded Immortal’s ultimate techniques were already hurled at him.

“Are you trying to defy the Heavens with that? How naive.”

Chu Kuangren pointed his sword hand sign forward, and sword intents appeared at the tip of his finger. As he pointed it forward, the boundless and terrifying sword qi, carrying Life-Death Samsara energy, gushed out.

As multiple sources of energy clashed, the stray energies destroyed the nearby planets.

As a result of the impact, a violent energy storm erupted.

Chu Kuangren flew to Ling Fei, Han Xingyu, and Feng Qingxue. With a swing of his sleeve, he sent them out of the battlefield.

“We must leave now!” Ling Fei said with gritted teeth, and there was a look of reluctance in his eyes.

They would only burden Chu Kuangren by staying back, so they flew back to the Holy Merchant Ancient Planet to wait for him. The planet had a massive amount of runes etched on it, so it would not collapse so easily.

The warship exploded and turned into cosmic dust.

Even so, Chu Kuangren and the Arch Gilded Imperial soldiers continued to fight.

Looking at his destroyed ship, Chu Kuangren narrowed his eyes. "You've angered the Heavens."

With that, he grabbed the Void Sword beside him.

As his hand held the hilt, a tremendous sword aura flooded the airspace.

"Sword, Thousand Terrains!"

As he swung the sword forward, the sword intent transformed into a thousand terrains and the cycle of rebirth!

A powerful sword shadow slashed forward, tearing through the starry sky, and was aimed at one of the Arch Gilded Immortals. The unlucky one failed to block the energy and was killed by the sword qi on the spot.

The others who survived were not in a good state either.

Other than Tian Hong, those struck by the sword qi's energy burst into clouds of blood mist that stained the dark space red.

It took Chu Kuangren one slash to kill multiple Arch Gilded Immortal elites!

The power of that sword attack made Tian Hong rethink his action. He yelled and channeled his energy to the limit.

Having mastered at least three of the five qi in the Five Qi realm, he was considered an elite even within cultivators in the Five Qi realm. Therefore, he had the absolute advantage against a Trinity Flower-realm cultivator.

Unfortunately, Chu Kuangren was not just any Trinity Flower-realm cultivator.

"I will kill you with one slash!"

Chu Kuangren looked at Tian Hong, and his vast sword intent surged and impacted the whole Emperor Domain.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1709: Killing Tian Hong, A Sword Mark, Tyrant Overlord Physique

1709 Killing Tian Hong, A Sword Mark, Tyrant Overlord Physique

"I will kill you with one slash," Chu Kuangren said.

Sword intent gushed from his body and impacted the Emperor Domain.

The impact from the sword intent rapidly drained Tian Hong's Immortal's Core energy. "The Heavenly Sword is indeed powerful!"

As he could no longer maintain the Emperor Domain, he concentrated his energy on his next attack.

A vast Arch Gilded Intent spread. Together with his Immortal's Core energy, an Emperor avatar with a crown and royal robes appeared behind him.

"I want to see how you're going to kill me with one slash!"

After releasing a powerful warcry, Tian Hong's Emperor avatar threw a palm strike at Chu Kuangren.

The massive palm left a trail of destruction in its wake.

The golden light from the avatar shed its brilliance over the airspace, and the powerful Emperor's might enveloped Chu Kuangren whole, attempting to suppress his sword intent.

Despite that, Chu Kuangren stood firm with the Void Sword in his hand.

Endless dazzling Immortal Sparks lit up the surroundings!

The white Immortal Sparks shone brightly in front of the golden Emperor's light, forming a world of itself that stopped the golden invasion outside.

The stern sword intent remained strong and violent. Its power was far superior to any life form on earth, so there was no way Tian Hong's Arch Gilded Intent would overpower it.

"One Sword, Invincible!"

Chu Kuangren unleashed a slash with the Void Sword.

A dazzling sword shadow slashed downward, carrying with it the ancient yet modern Invincible Intent.

Bang!

As soon as the sword shadow clashed with the Emperor avatar's palm, the golden palm cracked and shattered into pieces.

After that, the sword shadow continued forward with an indomitable force and went straight to Tian Hong, who could sense his life being threatened.

"No! This is impossible!"

Tian Hong was overcome with disbelief. He could not do anything but die to the sheer power of the slash.

When the cultivators on Holy Merchant Ancient Planet witnessed the scene, they were amazed.

They had heard a lot of the legendary Heavenly Sword, but it was the first time they saw him in action with their own eyes.

Witnessing it themselves was much more impressive than hearing it from the rumors.

In fact, not only the cultivators who saw Chu Kuangren for the first time but even Ling Fei, Feng Qingxue, and Han Xingyue were shocked.

“The Heavenly Sword has gotten stronger !”

“Yeah. He’s terrifying.”

Chu Kuangren was stronger than before he entered closed-door meditation.

After all, his Immortal’s Core Flower had reached the Eighteenth-grade!

Pan Gu Universe had never seen it before, at least not after the ancient era.

It was also rare throughout the history of Central Heaven Universe.

“With my Eighteenth-grade Immortal’s Core Flower and Fifteenth-grade Soul Flower, I’m one step closer to achieving the twenty-four grades for all three flowers,” Chu Kuangren said with a nod.

He then looked at the pitch-black ring on his finger and pondered. “The Emperor Tribe is after this. What could this be?”

Tian Hong mentioned something about a fragment, and the ring did contain a fragmented soul.

Could he be referring to the fragmented soul? If that was the last piece, were there other fragmented souls out there?

Chu Kuangren was intrigued, to say the least.

“This ring is getting more and more interesting.”

He stroked the ring on his finger before he headed to the Holy Merchant Ancient Planet, where he told Ling Fei to purchase another warship.

As for the payment, Chu Kuangren paid for the ship with the Immortal Crystals he got from Tian Hong and the others. Since they were all dead, Chu Kuangren reaped the spoils from his enemies.

After purchasing another ship, the group left the planet.

On the warship, Ling Fei knelt before Chu Kuangren and said seriously, “Heavenly Sword, I want to become stronger. Please train me. No matter the hardship, I will do my best to endure it.”

After that incident with the Imperial Army, Ling Feng was aware of how weak he was.

In front of Tian Hong, he stood no chance at all.

“An elite isn’t made in a day. If you don’t accumulate experience, you can’t walk the distance. You still have to train yourself,” Chu Kuangren said.

Then, he pointed his finger forward and shot a sword qi at the deck, leaving a mark on it.

The few of them turned to the sword mark and sensed stern sword intent from it.

Suddenly, they felt like their consciousness was being sucked inside a boundless ocean of swords.

It felt like they would be ground to pieces at any moment.

"From today onward, you guys can observe the sword intent in the sword mark and sharpen your sword intent," Chu Kuangren said.

"Yes, sir!"

All of them nodded.

After leaving the sword mark for them, Chu Kuangren left as he still had something to do.

"What do you see?" Han Xingyu asked Ling Fei as she looked at the sword mark.

"I see an ocean of swords."

"Mine's different. I see an icy world where snow is actually sword qi!" Han Xingyu gasped and said.

"I see the endless wind blowing in the sky," Feng Qingxue said.

The three of them exchanged glances and saw the shock in each other's eyes.

It was one sword mark, but they were seeing three different sceneries?

"Maybe it's not just that. The Heavenly Sword's Dao is unpredictable and can transform into a thousand terrains. So, I suppose everyone sees something different in the sword mark," Ling Fei said after a deep breath.

The other two were in awe.

No one in the younger generation could do something like that.

In fact, not only the younger generation but even the entire Central Heaven Universe might not be Chu Kuangren's match in understanding the Sword Dao.

"I have no regrets about following the Heavenly Sword," Ling Fei exclaimed.

He sat on the floor and continued observing the sword mark, and Han Xingyu did the same.

"It seems like I'm right for following him." Feng Qingxue looked at the sword mark and muttered.

How many more surprises would the Heavenly Sword bring her?

With that thought in mind, she joined the other two in comprehending the sword mark.

The sword intent contained in the sword mark varied depending on people. Anyone could observe it and comprehend its intent. Even Feng Qingxue, a Heavenly God Leaderboard's Prodigy, found the comprehension useful to herself.

Meanwhile, in the pavilion, Chu Kuangren took out a jade scroll and a violet-red Supreme Blood.

The jade scroll recorded the cultivation technique of the Galaxy God King, and the Supreme Blood was one of the three treasures from the treasury — the Tyrant Overlord Supreme Blood.

"I'll analyze the Tyrant Overlord Supreme Blood first," Chu Kuangren muttered.

With the Tome of Physique, it was not difficult for him to comprehend the physique through the Supreme Blood.

The Tyrant Overlord Physique was extremely powerful and could rival an Honorable Supreme Immortal Physique of Pan Gu Universe.

A few days later, Chu Kuangren had mastered it.

“What a great Overlord Physique. It’s powerful, but there are ten shackles in this one. I must break all the shackles before bringing out its full potential.”

The Innate Emperor Physique and Tyrant Overlord Physique were two legendary physiques in the Central Heaven Universe.

Each physique had ten shackles in them. The more shackles the host broke, the more powerful the physique.

The first place on the Heavenly God Leaderboard, Di Qianqiu, had broken eight of the ten shackles of his Innate Emperor Physique, making him extremely powerful.

Ever since his birth, he had reigned over his peers with a dominating presence. His name had been the first on the leaderboard since then and had never been replaced or surpassed in the past ten eras.

1710 Thousand Physique Resonating, Ancestors Appears, Grand Completed Overlord Physique

“The owner of this drop of Supreme Blood has broken seven shackles and was considered a Peerless Prodigy of the Conqueror Tribe.”

After all, Chu Kuangren had heard that the one ranked second the Heavenly God Leaderboard, Xiang Tianchang, had broken seven shackles as well.

However, breaking seven shackles was not enough for Chu Kuangren.

“It’s fine. I have the Tome of Physique, and I can slowly complete the Overlord Physique.”

For being able to deduce all physiques in the universe, The Tome of Physique was a magical item indeed.

With Chu Kuangren’s capabilities, it would take him less time than others to break the remaining shackles of that Overlord Physique.

“The Ultimate Almighty Source Physique is my ace, so I can’t simply use it. As for the other Honorable Supreme Immortal Physiques, they’re all from the Pan Gu Universe, and I can’t use them in case it raises any suspicion. So, maybe I can keep this Tyrant Overlord Physique and not fuse it with the Ultimate Almighty Source Physique,” Chu Kuangren thought to himself.

Then, he looked at the jade scroll in his hands.

The jade scroll recorded all kinds of cultivation techniques and insights from the Galaxy God King.

It had quite the use to Chu Kuangren, but he was more interested in one of the cultivation techniques named the Seven Stars Heavenly God Transformation.

It was a secret technique that could be used to rapidly increase one's strength. In fact, its effects were even more effective than the Battle Secret Art and Chiyou's Demonic Patterns.

In terms of efficiency, it could even rival the Damage-reversing Technique.

As it was considered a top Embodier Technique, it required super high cognizance and mastery of the Galactical Dao to master it.

Fortunately, Chu Kuangren had a high level of cognizance.

As for Galactical Dao, his Dao could transform into all Daos in the universe, so it was not difficult for him. Besides, he used to comprehend the Galaxy Arch Gilded Intent.

Sometime later, he mastered the Seven Stars Heavenly God Transformation, which became another trump card for him.

"I can now focus on deducing the Tyrant Overlord Physique," Chu Kuangren thought.

The warship cruised in the boundless universe for several days.

During that time, Ling Fei, Han Xingyu, and Feng Qingxue were still comprehending the sword mark left by Chu Kuangren.

Suddenly, a mystical and boundless energy erupted from the ship. It shook the stars and moons and even startled Ling Fei and the other two.

"What is this energy presence?"

"It's so strong!"

Ling Fei was horrified, and his forehead glistened in sweat.

He suddenly felt a powerful and rampant presence enveloping the warship whole, and it made him tremble.

Feng Qingxue's eyes widened in fear. "Could this powerful energy presence be the Tyrant Overlord Physique? But why would such a terrifying Overlord Physique be on our ship?"

She had once come across some sky-prides and Prodigies from the Conqueror Tribe, but their Overlord Physique's energy paled in comparison to the one right now.

The terrifying domineering qi made her think that the one ranked second on the Heavenly God Leaderboard, the strongest Overlord Physique host, Xiang Tianchang, had arrived.

"It's coming from the Heavenly Sword's pavilion!"

Ling Fei locked onto the source of the energy presence, and it was from Chu Kuangren's pavilion.

Countless runes and restriction seals surrounded the pavilion, preventing the domineering qi from leaking further.

Inside the pavilion, Chu Kuangren sat with his legs crossed as he continued comprehending the Tyrant Overlord Physique. Three shackles had appeared on his body and were slowly breaking.

Crack!

When the first shackle broke, the domineering qi on him became even more terrifying!

Crack!

When the second shackle broke, roars could be heard from the void as if a conqueror had arrived to conquer all.

The last shackle restrained Chu Kuangren tightly.

He could feel the energy presence of the Great Dao in it. It was as if the universe had forbidden the existence of the Overlord Physique with ten broken shackles.

However, Chu Kuangren grinned. "You won't let me, but I will!"

He pointed his sword hand sign forward and unleashed endless sword qi into his surroundings. The sword qi formed a silvery-white sword shadow that swung down on himself.

Crack!

As the sword shadow swung down, the last shackle broke!

The terrifying domineering qi reached an unprecedented high.

At the same time, the restriction seals Chu Kuangren set around the pavilion were all broken.

Rampant domineering qi overflowed and erupted from the pavilion.

Ling Fei and the ladies failed to withstand the energy and were thrown to the floor with a heavy thud.

They were horrified.

What a powerful domineering qi!

As the rare Overlord Physique with ten shackles broken finally appeared in that universe, a violet ancient planet further away in the universe sensed its presence as well.

The planet was the Conqueror Tribe's home base.

The cultivators of the Conqueror Tribes sensed something in the air, and their own Overlord Physique started to resonate with it. Their hearts pounded, and their bodies trembled. Even the Tribe Leader was no exception to that reaction.

Inside the ancestral hall of the Conqueror Tribe, the ancestral plates buzzed as though they had sensed something.

Then, the ancestral plates started to break one by one.

The elderly in charge of the ancestral hall was horrified by the inconceivable scene.

"All the physiques are resonating, and the ancestors are presenting themselves! Does it mean a Great Perfected Overlord Physique with ten shackles broken has appeared?!"

For a time, the entire Conqueror Tribe was shocked by the resonance they sensed.

The Tribe Leader came out from his closed-door meditation and scanned the universe with his Immortal Consciousness, attempting to locate the source of the Overlord Physique's energy.

However, the energy presence only lasted for a moment before it disappeared.

The Tribe Leader failed to locate it.

Someone tried to deduce it but failed as well.

"A Great Perfected Tyrant Overlord Physique?! This is the first time I've sensed it after all my years alive!"

"It has been more than ten thousand years since the last Great Perfected Overlord Physique."

"The last time one appeared was ten thousand years ago, and that ancient great one fell a long time ago."

"I didn't think I would be able to witness a Great Perfected Overlord Physique in my life. It's unbelievable!"

The Tribe Leader continued to scan the universe but did not get any results from it.

"Listen to me. We must find this person with the Great Perfected Overlord Physique!" he said with a strong zeal in his eyes.

After all, it was a Great Perfected Overlord Physique, and if decently trained, the host would definitely become a God King in the future.

He could even go beyond the realm of God King!

Once the Great Perfected Overlord Physique had fully developed, the Conqueror Tribe would have a chance to overthrow the Emperor Tribe's reign and become the true conqueror of that era!

In short, the Great Perfected Overlord Physique was too important to them.

In fact, not only the Conqueror Tribe but even the other great ones in the universe sensed its energy presence. Similarly, they were all astonished.

"First the legendary Heavenly Sword, and now a Great Perfected Overlord Physique. This era is a little more lively than the previous."

"Did the opening of the Central Heaven Ancient Planet open the path to a new and different era?"

"When the seven stars align, the nine kings will return. This old prophecy might come true in this era!"
