Chapter 1731: Fighting Against The Dragon Maiden, Stomping The Dragon Maiden On The Ground

1731 Fighting Against The Dragon Maiden, Stomping The Dragon Maiden On The Ground

“Heavenly Sword, don’t underestimate us!”

As Mo Wuji roared, endless innate ferocious qi emerged in the sky while the Azure Bull Tiger roared furiously and gnawed toward Chu Kuangren!

Not only that, but Ji Feiyun also made a move.

He formed mysterious runes with his hand and channeled his Immortal’s Core to its limit. Soon, a Sixteenth Grade Immortal’s Core Flower appeared above his head.

The countless runes turned into six huge golden dragons!

It was the Six Deities Holy Dragon Formation!

He cast the formation three times in a row, and eighteen huge golden dragons dashed toward Chu Kuangren. The domineering aura locked onto Chu Kuangren, trying to suppress and kill him with the Azure Bull Tiger!

The joint forces of the two could even kill a Five Qi Arch Gilded Immortal.

“It delights me to see those who have once lost to me join forces to defeat me.”

Chu Kuangren formed a sword hand sign, and an Immortal’s Core Flower with twenty-two petals emerged above his head.

The Twenty-second Grade Immortal’s Core Flower contained vast Immortal’s Core energy that made Ji Feiyun’s eyes widen in disbelief.

“Sword, Life-death Samsara!”

The sword attack containing the life-death reincarnation energy surged out from Chu Kuangren’s fingertips.

As a sword ray shot out, the frightening sword qi spread in every direction. Having taken the brunt of the impact, the eighteen huge golden dragons shattered, and the Azure Bull Tiger was sent flying backward!

In the dust storm, a figure in white stood proudly with Immortal Sparks circulating him and illuminating all directions!

The light from the Twenty-second Grade Immortal’s Core Flower above his head was dazzling!

“How is this possible? How could you have achieved the Twenty-second Grade Immortal’s Core Flower in just a few days?!”

Ji Feiyun’s worldview was shattered.

Chu Kuangren's Immortal's Core Flower was only in the Twentieth Grade a few days ago. Yet now, it had increased by two grades in just a few days!

That rate of Chu Kuangren's improvement made him, who had spent countless years to reach the Sixteenth Grade and had stopped at a bottleneck, embarrassed!

"How can a person with a limited worldview like you understand?"

Chu Kuangren sneered, and it made Ji Feiyun so angry that his face flushed.

"You b*stards! Don't hold back. Attack!"

Ji Feiyun let out a low grunt while looking at others.

Everyone reacted immediately by releasing their Immortal's Core that had been activated!

As Zhuo Ming stepped forward, the Evil Eye on his forehead shot an evil ray straight at Chu Kuangren and tried to freeze his soul.

However, Chu Kuangren was unaffected. On the contrary, he unleashed a majestic sword qi!

"Could this brat possess a technique that immunizes my Evil Eye?"

Zhuo Ming furrowed his brows in confusion and went all out to block Chu Kuangren's sword attack.

Meanwhile, Shan Yinxiu from the Earthen Tribe, Lady Hong from the Moutan Peony Tribe, and Chi Longying all attacked at the same time.

"Earthen Rage!"

As Shan Yinxiu grunted, the earth under his feet trembled. Then, countless thorns emerged and blasted toward Chu Kuangren!

"Thousand Flowers Bloom, Moutan Peony Carnage!"

Lady Hong's ghostlike figure wandered beside Chu Kuangren, and bursts of flower scents lingered in the air.

As Lady Hong pushed her palm forward, countless peonies bloomed in the void, creating a beautiful scene that contained endless murderous intent!

"No matter how beautiful a thousand flowers are, they are still mundane and incomparable to the dazzling galaxy!"

Chu Kuangren put up a sword hand sign and slashed it downward in the air.

The moment a sword ray shot out, a sparkling starlight shone like a dazzling galaxy, ready to crush its opponent's attack. It was the Starlight Destruction Sword Technique!

The galaxy traveled across the void and shattered the thorns that protruded from the earth one after another!

Shortly after, a thousand flowers withered, and Lady Hong, who was affected by the sword qi, was sent flying back with blood spurting out from her mouth. She fell on the ground and suffered a severe injury!

The person who ranked twenty-fifth on the Heavenly God Leaderboard could not even take a sword qi from Chu Kuangren.

“Heavenly Sword, go to hell!”

Chi Longying attacked from the side. By then, his hands had turned into brutal dragon claws that tried to grab Chu Kuangren.

In the process, the sharp dragon claws tore into the void.

“I didn’t expect someone who has lost to me before to have the guts to stand before me again. It really surprises me.”

Chu Kuangren pointed his sword hand sign forward, and a surge of sword qi burst out. The sword qi then merged with the dragon qi to block Chi Longying’s powerful attack.

After that, he channeled his Immortal’s Core again!

Soon, the sword qi surged like a torrent and tore the dragon qi apart. When it landed on Chi Longying’s dragon claws, blood spurted out as it cut off half of them.

“Ah! My claws!”

Chi Longying let out a miserable howl and was sent flying backward.

However, Chu Kuangren’s sword qi locked onto him and followed him closely.

The blow made Chi Longying feel that his life was at risk!

At that critical moment, a woman in a colorful long dress appeared before Chi Longying. As she pushed her jade-like arms forward, majestic dragon qi and blood surged with an energy that surpassed Chi Longying’s several times!

Bang!

The jade-like arms intertwined with the sword qi before an explosion erupted!

Her long colourful dress exploded too!

The woman was sent flying backward, revealing a large part of her fair and smooth skin. There were crystal-like scales flashed on her skin, and blood oozed out of them.

“Oh, you’re much more powerful than Chi Longying for being able to rescue someone in front of the Heavens,” said Chu Kuangren.

After having half of his claws slashed and being ridiculed by Chu Kuangren, Chi Longying was so angry that his face was red. “Little Sister, avenge me and kill him!”

However, Long Shuijing did not rush forward.

Her face was ashen as she looked at the bloodstains on her arms.

One thing worth noting was that her physical body was one of the best among the Dragon Tribe. Even the existence of a Five Qi Arch Gilded Immortal could hardly break through her dragon-scale defense.

Yet, Chu Kuangren managed to slash open her dragon scales with a sword attack, which demonstrated how appalling his combat strength was!

“The Heavenly Sword’s ability is astonishing!” Long Shuijing said grimly.

Crystal scales emerged on her body, and under the refraction of the sun, they radiated colorful Immortal Sparks.

“Attack!”

Long Shuijing charged toward Chu Kuangren with her fists clenched. Then, she punched her fists forward with earth-shattering qi!

Instead of dodging, Chu Kuangren clenched his fingers into a fist and threw a punch at his opponent too.

Bang!

Following a loud explosion, the surrounding earth exploded while the entire God King Crater trembled.

Two different qi erupted without any Immortal’s Core aura.

It was the purest raw physical energy!

Everyone’s eyes widened in disbelief.

“I can’t believe he can compete with Long Shuijing in raw physical strength?!”

One thing worth noting was that Long Shuijing’s raw physical strength was extremely terrifying. With his identity as the Dragon Orb, she ranked first in raw physical strength among the younger generation!

However, Chu Kuangren could compete with her in raw physical strength!

Was he not a swordsman?!

Bang! Bang! Bang!

While everyone was still in shock, Chu Kuangren utilized his raw physical strength and exchanged blows with Long Shuijing several times. Their fist-to-flesh collisions were like two archaic ancient wild beasts fighting against each other. The bursting fist energy caused the surrounding ground and earth to explode, making it difficult for others to intervene.

Eventually, Chu Kuangren caught a flaw in Long Shuijing’s attack and punched her in her stomach. She let out a miserable howl before she was sent flying backward like a meteor and hit the ground.

Swish!

Chu Kuangren disappeared and then reappeared before Long Shuijing. As he stepped forward, his leg landed on her chest, and he stomped on her.

The noble Dragon Maiden’s face was flushed with humiliation as she looked at Chu Kuangren, who had just stepped on a sensitive part of her body!

“You’re powerful, but you lack the ability to kill.”

Unparalleled After Ten Consecutive Draws

Chapter 1732: Divine Annihilating Arrow, Killing Liu Chuanxing, The Void Sword Is Unsheathed

In the God King Crater, the noble Dragon Maiden felt humiliated as Chu Kuangren stomped on her before everyone's eyes!

The scene shocked everyone, and some of them could not believe it.

Long Shuijing was the Dragon Maiden who ranked eighth on the Heavenly God Leaderboard, yet she was so vulnerable before Chu Kuangren!

"Six Deities Holy Dragon Formation!"

"Sky Emerald Tiger-Cow!"

"Moutan Peony Carnage!"

At this moment, Mo Wuji, Ji Feiyun, and others unleashed their attacks again. All kinds of Immortal Techniques erupted, with Chu Kuangren as their target!

Chu Kuangren, who initially planned to kill Dragon Maiden, had to turn around to deal with the attacks of various Immortal Techniques. Seeing that, Long Shuijing immediately stood up, and while she retreated, she spat out a domineering dragon aura from her mouth!

"Earthen Manacle!"

Suddenly, Chu Kuangren felt a strange energy fluctuation coming from the ground under his feet. It bound his feet tightly, making it difficult for him to move.

That was the Earthen Tribe's control over the earthen energy, which was also Shan Yinxiu's creation!

Bound by the earthen energy, all kinds of powerful Immortal Techniques surged from all directions with a frightening and earth-shattering aura!

In retaliation, Chu Kuangren formed a sword hand sign to release a vast amount of Immortal's Core!

"Sword, Black Hole Great Destruction!"

As soon as a sword attack was unleashed, the pitch-black sword ray transformed into a huge black hole to devour all Immortal Techniques.

A moment later, the black hole was filled with various gorgeous rays from the Immortal Techniques. The incomparably horrifying energy gushed out and caused the surrounding void to explode in the blink of an eye.

Countless spatial cracks began to spread in all directions!

Amid the endless chaotic energy, everyone saw nothing but a figure in white standing proudly and unscathed!

"What?! How is he unscathed after such an attack!"

"What a scary dude..."

Everyone gulped in disbelief.

At that moment, Chu Kuangren chuckled. "You've had your turn for quite a while. Now, it's my turn to make a move."

Then, he soared into the air and pointed out a sword hand sign.

His sword intent surged and began to increase in numbers. It did not take long before one sword intent transformed into thousands of sword intents that contained a thousand forms of nature and the order of heaven and earth!

"Sword, Thousand Terrain!"

One sword transformed into a thousand terrains, and the land transformed into a completely different realm!

"This is bad!"

Ji Feiyun's expression sank because that was the sword attack that defeated him the last time, but the power of that sword attack was much more terrifying now!

"Resist with your full strength!"

No one dared to be careless, and everyone channeled their Immortal's Core energies to their limit.

However, the sword attack was extremely frightening. When the sword attack was cast, the universe turned bleak, and explosions were everywhere!

Having taken the brunt of the impact, Shan Yinxiu's Immortal body blew up, and the sword qi tore through most of his body!

Lady Hong coughed out a mouthful of blood, and her delicate body withered like a ravaged flower!

The two great Prodigies were dead!

Chi Longying, Long Shuijing, Mo Wuji, Ji Feiyun, and others were also sent flying backward, which frightened them!

Buzz!

At that moment, a screeching sound rang out in the air.

A purple-golden arrow with endless wind and lightning surrounding struck forward fiercely with infinite power!

Further away, on a mountain peak, Liu Chuanxing's eyes glowed like lightning as he stared ahead of him. The bowstring of the longbow in his hand was also humming.

"Heavenly Sword, taste the power of my Divine Annihilating Arrow!"

The Divine Annihilating Arrow was one of his prized collections, and it was powerful enough to shoot down the sun and the moon!

Driven by his cultivation level, the arrow's might was so powerful that even a Peak Five Qi Arch Gilded Immortal would not dare to take it head-on because it would cost them their lives if they were not careful!

While the arrow pierced through the air, Chu Kuangren's eyes narrowed as he was made aware by his sharp senses of the power contained in the arrow. "Archer, it's you again."

Instead of dodging, Chu Kuangren's Immortal Core gushed out and made its way to the mighty arrow!

He was launching a piercing technique against the arrow!

The sword hand sign and the arrow collided before releasing a surge of terrifying energy that formed a storm, roaring and wreaking havoc in the void!

"A good opportunity!"

Di Liufang's eyes lit up when he saw Chu Kuangren contending with the arrow.

He raised his hand to channel his Immortal's Core and released a palm attack. Then, the boundless Immortal's Core turned into a gigantic golden palm that contained the might of an emperor, giving everyone the urge to surrender!

"Mystic Divination Technique, Heavenly Finger Destruction!"

Ji Feiyun also channeled his Immortal's Core and cast an Immortal Technique.

The moment he pointed his giant finger forward, countless dazzling runes emerged.

He first attacked with an arrow and then an Immortal Technique.

Meanwhile, Chu Kuangren utilized both his left and right hands. With one of his hands, he launched a piercing technique, and endless sword qi gushed out to form countless sword qi barriers!

Boom!

Amidst the explosion, Chu Kuangren remained unmoved with sword qi circulating him.

In his other hand, he was holding an arrow!

Further away, Liu Chuanxing's widened in fear. "How did he manage to catch my Divine Annihilating Arrow with his bare hands?"

Before he could recover from shock, Chu Kuangren made another astonishing move.

He soared into the sky and stretched his hand to grab into the void, where endless spiritual qi surged and transformed into a string!

"Since you want to play with arrows, the Heavens will grant you your wish!"

As soon as Chu Kuangren said that, he took the realm as the arrow, drew his bow, and released the arrow. With that, the Divine Annihilating Arrow in his hand shot toward the distance at an even more terrifying speed!

Mountains, rivers, and earth exploded everywhere the arrow went!

That attack was astonishing!

Liu Chuanxing, who was locked onto by the arrow, looked horrified.

It seemed to him that the arrow, which was approaching him at rapid speed, wanted to devour him as if it was a giant beast he had never seen before. However, he could not move!

"N-No!"

As Liu Chuanxing drew his bow in a panic, an arrow shot out and collided with the arrow that came from Chu Kuangren. Unfortunately, it was crushed by Chu Kuangren's arrow!

Hence, he used the longbow as a shield and tried to block the arrow.

However, the moment the bow and arrow collided, the longbow broke in two with a crack. The Divine Annihilating Arrow he released shot into his chest and sent him flying millions of kilometers away, smashing into dozens of mountain peaks. Eventually, he was nailed to a mountain peak before everything went quiet.

Liu Chuanxing had fallen!

"You couldn't even take a gift from the Heavens." Chu Kuangren shook his head and said.

The rest of the people were dumbfounded. Chu Kuangren had killed three Peerless Prodigies in just a short while, yet he was still unscathed!

"The Heavenly Sword's powers are amazing!" Wu Tianming said coldly.

Suddenly, a black halberd appeared in his hand.

A gloomy light surrounded the halberd, and a domineering and eerie aura permeated from it. Everyone who saw the long halberd could not help but shudder.

Wu Tianming made a move!

"Interesting. You have aroused my battle intent!"

A blue-haired young man who was Master Han Long, a Skysnow Tribe's ancient Prodigy who had entered into a deep slumber, also made a move.

A large amount of freezing qi flowed in his hand and formed a long ice-crystal sword!

The icy sword intent froze most of the God King Crater!

Seeing that, Mo Wuji, Ji Feiyun, Long Shuijing, Di Liufang, and Zhuo Ming regrouped. As they channeled their Immortal's Core to its limit, overwhelming auras erupted one after another!

Except for Master Han Long, the other six people were all part of the top ten Prodigies on the Heavenly God Leaderboard!

With seven people joining forces, the battle became more intense.

"Heh, this delights the Heavens even more."

Chu Kuangren formed a sword hand sign. Further away, the Void Sword in Han Xingyu's arm buzzed and unsheathed itself with a clang before it shot across the air like black lightning.

When it arrived in front of him, it plunged itself into the ground, and a terrifying sword aura erupted with a might that was no worse than that of the seven Prodigies!

Unparalleled After Ten Consecutive Draws

Chapter 1733: Above Everyone Else, They're Afraid

When the Void Sword unsheathed itself, a chilly sword aura enveloped the entire space!

Seeing the Void Sword, Ji Feiyun and others' expressions turned grimmer because they knew it was an unparalleled weapon!

"Attack!"

Ji Feiyun and others made their attacks again!

Various dazzling Immortal Techniques were cast one after another.

The Nether King Heaven Daoist, Wu Tianming, and Master Han Long were the most powerful among that group of people, and each of their moves contained incomparable power!

"Nether King Heaven Halberd, Darkened Day and Night!"

As Wu Tianming thrust his halberd forward, the terrifying halberd ray shot out as if it wanted to devour all the light in the world.

"Quintuple Frost Dao Art, Frosty Spring Palm!"

Master Han Long cast the Skysnow Tribe's ultimate killing technique. The invisible freezing qi soon enveloped Chu Kuangren from all directions, eroding his bones and flesh!

Everyone broke out in a cold sweat when they saw the terrifying might of the attacks from the rest of the people.

However, Chu Kuangren simply raised his hand, grabbed the Void Sword, and slashed forward with it!

"Sword, Thousand Terrain!"

Coupled with the usage of the Void Sword, the Thousand Terrain Sword released a terrifying sword aura!

The attacks from the rest of the people shattered as soon as they were met with Chu Kuangren's attack!

The sword qi tore apart the halberd ray and shattered the freezing qi!

Wu Tianming and Master Han Long were sent flying backward with their Immortal bodies injured.

The rest of them also suffered some injuries, especially Mo Wuji. He opened his mouth and coughed out a mouthful of blood mixed with pieces of flesh. Suddenly, his face turned ashen.

He was already suffering such a serious injury with the seven of them sharing the impact of that one sword attack. If he were to take that attack alone... he did not dare to imagine the consequences.

Only now did he realize that he was facing a terrifying existence.

"He's frightening!"

Long Shuijing was terrified as she looked at the broken dragon scales on her jade-like arm.

She initially wanted to fight with Chu Kuangren alone, but now, it seemed to her that it was a ridiculous idea.

Were the top ten on the Heavenly God Leaderboard monsters? Certainly not!

The person in front of them was the real monster!

"Mystic Divination Technique, Boundless Daoist Ocean!"

Ji Feiyun cast one rune after another and converged them into a sea of runes before she released it outward.

Chu Kuangren, with the Void Sword in hand, simply slashed forward with his sword and tore apart the countless runes. As a consequence, Ji Feiyun was blasted away.

"Freezing Star Shatter!"

Master Han Long activated the Quintuple Frost Dao Art again, and the freezing qi gathered at the tip of his sword!

Once enough freezing qi had gathered to form a star, the star was sent crashing toward its opponent.

"Bam!"

Instead of dodging, Chu Kuangren flipped the Void Sword around to release a surge of chilly sword qi!

Although it was the same freezing sword qi, the Heavenly Sword's attack was better.

When the freezing qi met another freezing qi, half of Master Han Long's body was eroded by the freezing qi and covered with a layer of frost, which frightened him.

Bang!

At that moment, Long Shuijing launched a punch at Chu Kuangren's head, but Chu Kuangren caught her. Then, she landed on the ground on her shoulder fall and thus creating a huge crater!

"As I've said, your killing ability is too weak!"

After that, Chu Kuangren punched her chest. Following the sound of her bones breaking, Long Shuijing spat a mouthful of blood, and her aura weakened rapidly.

"Evil Flame Dragon Chant!"

Zhuo Ming activated the Evil Flame, which then transformed into a fire dragon that gnawed toward Chu Kuangren!

Unfortunately, the sword qi tore the fire dragon into pieces. Instead of hurting Chu Kuangren, Zhuo Ming was injured with dozens of sword marks on his body!

The sword qi collided with various Immortal Techniques, and Chu Kuangren, who was holding the Void Sword, demonstrated the ultimate combat strength. Every time he swung his sword, he would unleash a peerless sword technique!

The Heavenly Sword might was in full display!

Everyone's jaw dropped as they watched him suppress seven Prodigies alone. They were shocked at how powerful he was and the rich killing experience he had.

"His strength is frightening. H-How is this possible?!"

"Is he the real Heavenly Sword?!"

The crowd was shocked.

Luo Xue, Han Xingyu, Ling Fei, and others' eyes shone with fanatical admiration.

Further away, Feng Qiyu lamented upon seeing the scene. "What a powerful cultivator the Heavenly Sword is. Even I can't beat him..."

Next to her, Feng Qingxue's face was flushed with excitement. "The Heavenly Sword is so powerful!"

Even the great ones, who were observing secretly in the starry sky, were amazed.

"The Heavenly Sword's strength is beyond our imagination!"

"Could this be true? So many Prodigies attacked, yet none could hurt him! No matter how powerful he is, there should be a limit to his strength."

"You're right. What's up with him?"

In the God King Crater, as Mo Wuji looked at Chu Kuangren, who was showing off his power, his resentment grew.

Then, he grunted and channeled his Immortal's Core energy to its limit. His eyes were red, and he did not even hesitate to burn his life essence to mobilize his Barren Arch Gilded Intent!

Bang!

A more frightening Arch Gilded Intent erupted!

Mo Wuji's Arch Gilded Intent had gone up another level in that battle!

"Kill him!"

As Mo Wuji roared furiously, the Sky Emerald Tiger-Cow Mimicry behind him almost came to life, and the horrifying ferocious qi frightened several Prodigies!

"He's too powerful!"

"I didn't expect Mo Wuji to break through in a situation like that!"

Everyone was shocked.

Mo Wuji rushed toward Chu Kuangren as if he had merged with the Sky Emerald Tiger-Cow, and his aura surged. It was as if a terrifying wild beast had come out from the wilderness.

"Heavenly Sword, go to hell!"

"It's useless for a defeated dog to howl!"

Soon, Chu Kuangren Immortal's Core gushed out. The sword qi manifested at the tip of his sword, and his gaze turned cold. As he stepped forward, he released a dazzling sword ray with the Void Sword in his hand!

The sword attack contained an invincible but tyrannical aura!

As the sword ray gained momentum, it tore Mo Wuji's Sky Emerald Tiger-Cow Mimicry apart and cut his body in half!

"Spit"

Mo Wuji's tyrannical aura dissipated in the blink of an eye.

He worked hard to break through his current cultivation level, but the sword attack easily destroyed his attack!

Mo Wuji looked at Chu Kuangren with dissatisfaction. "Heavenly Sword, I'm dissatisfied!"

He intended to mobilize his Immortal's Core, but the remaining sword qi devoured him. Soon, the remaining half of his body turned into a blood mist and exploded!

Mo Wuji had fallen!

"What goes around comes around. If you play with fire, you will surely have to pay the price," said Chu Kuangren.

Mo Wuji had escaped Chu Kuangren by chance but did not cherish it. Hence, he could not blame anybody else but himself for his death.

"Whose turn is it to die now?!"

The chilly sword aura of the Void Sword in Chu Kuangren's hand did not weaken. On the contrary, it became more tyrannical!

He was resonating with the sword!

Above his head, a huge Heavenly Sword shadow emerged!

The sword shadow rose into the sky as if it was above all living beings. It made heaven tremble while the swords in the hands of countless sword cultivators around him hummed and trembled either in fright or excitement!

Many people thought of the ancient legend as they looked at the figure in white.

All the swords would surrender at the appearance of the Heavenly Sword, who was even greater than heaven!

He was above everything else!

Fear overcame the minds of Ji Feiyun, Long Shuijing, Zhuo Ming, and others as they looked at the imposing Chu Kuangren.

Could they defeat the Heavenly Sword?!

Now, they were afraid!

Unparalleled After Ten Consecutive Draws

Chapter 1734: Slaying One Prodigy After Another, The Trinity Flowers Appear All At Once, The God King Energy

"Buy me some time!" Di Liufang said in a deep voice.

There were faint Daoist patterns intertwining and circulating his body as if they were preparing for something.

Everyone nodded when they heard him.

Although they had no idea what Di Liufang wanted to do, they were comrades in arms now, so they believed he would have some other ways to deal with Chu Kuangren.

"Everyone, let's use our trump cards too!" Ji Feiyun said.

As he channeled his Immortal's Core to its limit, his Immortal's Core Flower bloomed. At the same time, countless runes burst out and surrounded his body to form an incomparably gorgeous Daoist article!

Soo, countless golden dragons flew out of it!

"Six Deities Holy Dragon Formation, Rank Four!"

Each time the Six Deities Holy Dragon Formation was activated, it could summon six golden dragons.

When Ji Feiyun fought with Chu Kuangren last time, he could only activate the Six Deities Holy Dragon Formation three times at once and summon eighteen golden dragons. However, he had now broken the limit and summoned twenty-four golden dragons!

The rest of the people also revealed their trump cards!

Zhuo Ming took out a purple-red bead, which was actually a pupil that contained treacherous soul energy fluctuations.

"Heavenly Sword, I refuse to believe you can ignore the power of my Evil Eye!"

As Zhuo Ming rose into the sky, the Evil Eye on his forehead opened. In the sky, dark clouds gathered, and the giant Evil Eye reflected in the sky!

Then, he inserted the pupil in his hand into his forehead to merge with his Evil Eye, increasing the power of his Evil Eye by ten times!

"I have integrated the Evil Eye left by my Evil Eye Tribe's great one before he died. Chu Kuangren, I don't think you can resist the powers of these two Evil Eyes now!" Zhuo Ming yelled, and a frightening purple evil ray shot out of his Evil Eye!

On the other side, Wu Tianming impaled his long halberd into the ground and formed a mysterious seal with his hand. As his Immortal's Core surged, a huge figure with a crown on its head appeared behind him.

It was the Nether King Tribe's killing technique, the Nether King Godly Shadow!

However, the Godly Shadow that Wu Tianming summoned was much more powerful than the one Wu You summoned.

Wu Tianming calling himself the Nether King Heaven Daoist was not without a reason.

When the Nether King Godly Shadow emerged, a creepy whisper echoed in Chu Kuangren's ears. If his soul energy was not powerful enough, he would go mad and lose himself.

"Quintuple Frost Dao Art, Heavenly Frost Punch!"

"Quintuple Frost Dao Art, Godly Ice Lance!"

With the sword held in his hand, Master Han Long transformed his fist technique and spear technique into a sword technique. He cast the two techniques of the Quintuple Frost Dao Art at the same time and injected them into the tip of the sword!

The sky full of freezing qi that came from the tip of the sword froze the realm!

Just a sliver of it was enough to kill a top-notch Gilded Immortal, not to mention more than a thousand freezing qis were swirling above the sword edge.

"Dragon King Claw!"

Long Shuijing mobilized her Immortal's Core and turned into dragon qi that manifested as a huge dragon claw that grabbed outward!

Bang!

Explosions erupted in the void because of the dragon claw!

All Prodigies activated their ultimate trump cards one after another, and their mighty auras shocked the entire Ancient Central Heaven Planet.

"You guys will soon see that the Heavens are invincible!"

Chu Kuangren held the Void Sword in his hand, and his sword intent soared into the sky!

It was the One Sword, Invincible technique!

His Invincible Self-empowerment Arch Gilded Intent shocked ages!

On top of that, the Trinity Flowers emerged above his head altogether!

They were the Twenty-second Grade Immortal's Core Flower, Twenty-fourth Grade Life's Core Flower, and Twenty-first Grade Soul Flower!

Everyone gasped when they saw that bizarre scene!

Even those great ones who were spying on the battle from the starry sky were stunned, and their bodies trembled uncontrollably!

All Prodigies ignored what they saw and unleashed their ultimate moves!

Meanwhile, Chu Kuangren unleashed an invincible sword attack. Paired with the Void Sword, the sword attack shot out a pitch-black sword ray so intense that it destroyed all the Immortal Techniques like it was about to split open the earth!

Explosions erupted in the sky, and the realm collapsed. Everything in the universe was turned upside down!

The horrifying shockwaves from the collisions shattered the entire God King Crater and made it ten times larger than its original scale.

The dust storm obscured almost everyone's sight.

Everyone hurriedly retreated after seeing the chaotic energy storm as they were afraid of being affected by it.

"What terrifying energy!"

"Is this the energy generated by the younger generation? Even a Great Perfected Arch Gilded Immortal elite can't release such a power."

"It's frightening."

Everyone kept their eyes on the center of the God King Crater and was eager to know the result.

Once the dust settled, they saw Chu Kuangren standing firmly amid the endless dust storm, while all Prodigies opposite him suffered different levels of injuries with their auras weakened.

However, what the crowd was concerned most about was the three strange flowers above Chu Kuangren's head!

The emergence of the three flowers surpassed everyone's perception of what its limit was. Even the worst Soul Flower was in the Twenty-first Grade!

Moreover, the Life's Core Flower had reached the Twenty-fourth Grade!

"What the hell is going on?! How could a Trinity Flower with such ridiculous grades exist?!"

"His Twenty-second Grade Immortal's Core Flower alone is shocking. How could his Life's Core Flower and Soul Flower have such ridiculous grades too?!"

Zhuo Ming was stunned in place. As he stared at the Twenty-first Grade Soul Flower above Chu Kuangren's head, he finally understood why the man was immune to his soul attack.

It was because Chu Kuangren's Soul Realm was far above his!

"Sword, Yin Yang!"

At that moment, Chu Kuangren raised his hand and slashed forward with his sword, locking onto Zhuo Ming!

The mighty sword qi from that attack made Zhuo Ming's eyes widen in horror. He resisted with all his strength but failed, and the sword qi took no time to tear him apart!

Another Prodigy had fallen!

Chu Kuangren walked out of the dust storm slowly with the Void Sword in his hand and sword intent circulating him. On top of his snow-white robe, he looked like a God!

Without a word, he turned his sword, and his sword qi locked onto Ji Feiyun!

"This is bad!"

Terrified, Ji Feiyun turned around and wanted to escape.

Unfortunately, Chu Kuangren was faster than him. The moment the sword ray flashed across the air, Ji Feiyun's body was chopped in half, and he howled miserably on the ground.

"Do you think you can escape this time?"

Chu Kuangren approached Ji Feiyun slowly and slashed the latter's head off with the Void Sword.

A large amount of blood splattered and landed on Long Shuijing, who was standing beside them.

There was a look of panic on her delicate face, and she was overwhelmed by a sense of death threat that she had never felt before!

"I will die!"

"I will die if I continue to fight with him!"

Master Han Long and Wu Tianming also trembled in horror.

They thought they would win with so many Prodigies joining forces. However, they did not expect that not only would Chu Kuangren kill half of them, but they did not even manage to hurt him in the slightest!

Chu Kuangren's combat strength was simply heaven-defying!

Could no one defeat him?!

"Heavenly Sword!"

"You will definitely lose this battle today!"

At that moment, an indifferent voice sounded along with the eruption of a terrifying aura!

Not far away, Di Liufang was standing in the sky with countless golden currents converging toward him.

"Is this the... the God King energy?!"

Wu Tianming, Master Han Long, and Long Shuijing looked at the scene, baffled.

"I see."

Chu Kuangren smiled after taking a glance. "Then show me how far you can go."

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1735: After All, You're Not A God King, The First On the Heavenly God Leaderboard Is Here

The God King Crater was said to be the place where a God King kept his recruits in the past!

Therefore, that God King's aura remained here, and coincidentally, he was the Emperor Tribe's God King!

That was also the reason why Di Liufang chose to besiege and kill Chu Kuangren in the God King Crater!

His ultimate move was activating the God King's aura!

"Heavenly Sword, can you resist the God King's energy even though you're powerful and incomparable to many people throughout ages?!"

Di Liufang stood in the air with countless golden currents circling him, which were the God King's aura!

When he raised his hand to release a palm attack, the majestic and domineering Immortal's Core energy merged with the God King qi before charging toward Chu Kuangren. Sonn, the power locked a particular part of the void!

Buzz!

A sword qi gushed out and collided with the palm qi!

Chu Kuangren was pushed back more than a hundred kilometers. That was the first time he was forced back.

Everyone was in an uproar.

"What? The Heavenly Sword was forced back?!"

"Sure enough, even the Heavenly Sword finds it difficult to resist the God King's energy!"

"No wonder Di Liufang chose to fight the Heavenly Sword here. He has a way to activate the God King's energy here since he's the Emperor Tribe's Prodigy."

Although it seemed there was only a difference in one realm between a God King and Arch Gilded Immortal, their strengths were worlds apart and fundamentally different.

An Arch Gilded Immortal had no power to fight back when faced with a God King, who was otherwise known as an Embodier. Their difference was akin to the difference between an Immortal and a mortal.

What Di Liufang activated was merely the aura left by the God King, but it was still the God King's energy after all. Hence, it was not easy to resist.

"Heavenly Sword, taste the power of the God King!"

Di Liufang's figure dashed toward Chu Kuangren in a flash. Then, with both his palms containing the God King's aura, he released a succession of powerful attacks.

However, Chu Kuangren did not dodge or evade. Instead, sword qi began to gather at the tip of his sword before they burst out.

The sword and palm impacted each other again and again. Every time they collided, it was like two huge stars colliding, and the energy storm they set off was enough to tear a top-notch Gilded Immortal into pieces.

"Heavenly Sword, where has your battle prowess gone?!"

"You better make a move!"

"Haha. So much for being the Heavenly Sword!"

Di Liufang unleashed one attack after another onto the Void Sword's edge without any tricks. He made up for the lack of technique with terrifying brute force!

Under those attacks, Chu Kuangren's sword qis were repeatedly shattered!

"That ring's not yours!"

At that moment, Di Liufang grabbed Chu Kuangren's arm while looking at the pitch-black ring around one of Chu Kuangren's fingers. His eyes narrowed, and he turned his palm into a blade, wanting to slash off his opponent's palm, together with the ring!

Boom!

A tyrannical sword aura swept out all of a sudden. Chu Kuangren's wrist shook, and he changed his defensive posture to send Di Liufang flying outward.

"Did you misunderstand something?"

"I didn't fight back because I wanted to see how far you could go. But it seems to me now that even if you can utilize the God King aura, you can't overturn the Heavens."

As Chu Kuangren slashed forward with the Void Sword, a terrifying sword ray shot out and enveloped Di Liufang!

Bang!

The powerful sword qi almost shattered the God King's aura on Di Liufang's body, and as he was sent flying backward, his eyes widened in horror.

Further away, the worried Luo Xue, Ling Fei, and Han Xingyu breathed a sigh of relief.

"He really is the Heavenly Sword. How can Di Liufang compete with him even though he has activated the God King's aura?"

"Indeed. Although a God King is powerful, Di Liufang isn't a real God King."

Di Liufang stared at Chu Kuangren solemnly. Then, he formed a mysterious technique with his hand and channeled the God King qi to its limit, intending to suppress Chu Kuangren in one fell swoop.

"After all, you're not a God King!"

Chu Kuangren stood with hands behind his back. As he slashed forward with the Void Sword, his Invincible Arch Gilded Intent gushed out and transformed into a dazzling sword ray.

Di Liufang was soon blasted away abruptly by the impact, with blood spurting from his mouth. The God King's aura, which he had worked so hard to form, spread in all directions.

"The winner has been decided!"

"The Heavenly Sword has won!"

"I didn't expect the Heavenly Sword to be so powerful. His Trinity Flower is incredible."

"The Trinity Flowers contribute to a large part of his powerful combat strength."

"Indeed."

The crowd discussed among themselves and gained a new understanding of Chu Kuangren's power.

They initially thought that Chu Kuangren would be ranked top five on the Heavenly God Leaderboard, but now it seemed like he was way above that.

They even thought that Di Qianqiu, who ranked first on the Heavenly God Leaderboard, was not Chu Kuangren's opponent.

"No way. We can't allow him to recklessly kill all the Heavenly God Leaderboard's top ten Prodigies."

"Master Han Long has only just awakened. We can't let him die."

"The same goes for Wu Tianming too. He possesses the Nether King Heaven bloodline, so nothing bad can happen to him. We must stop the Heavenly Sword!"

The great ones from all forces could no longer sit still.

One thing worth noting was that Chu Kuangren had killed many Prodigies, namely Zhuo Ming, Shan Yinxiu, Lady Hong, Liu Chuanxing, Mo Wuji, and Ji Feiyun. If he continued to kill, all the top ten Prodigies of the Heavenly God Leaderboard would be dead.

They could not allow such a situation to happen, so they wanted to stop Chu Kuangren.

However, before they could act, one of the great ones seemed to notice something, and a glint flashed in his eyes. "Wait. Someone has come."

In the God King Crater, the God King's aura that was about to collapse surged toward the sky as if they had sensed something.

Immediately after, an aura erupted on another Ancient Central Heaven Planet and descended from the sky with an extremely powerful emperor's aura!

A figure in a golden robe slowly glided across the air.

He was a young man with swordlike brows and starlit eyes, wearing a golden robe with embroidered dragon patterns. He also had a noble aura like a high and mighty emperor.

Coupled with the God King's aura, his body reflected infinite Immortal Sparks while his domineering aura overwhelmed the world.

"It's him, Di Qianqiu, who ranks first on the Heavenly God Leaderboard!"

When someone recognized the person, the crowd was in an uproar.

Di Qianqiu could be considered a legendary existence among the younger generation. He was known for possessing a talent that no one had been able to surpass in the past ten eras!

More than three hundred years ago, he ranked first on the Heavenly God Leaderboard after defeating Xiang Tiancang, and no one had been able to defeat him since then.

"I didn't expect Di Qianqiu to come!"

"My goodness. Di Qianqiu is here. It makes the battle much more exciting."

"Is he here to deal with the Heavenly Sword too?!"

Everyone was looking forward to the battle. They wanted to see how powerful the person who ranked first on the Heavenly God Leaderboard was.

Most importantly, they were eager to know whether Chu Kuangren or Di Qianqiu was more powerful.

Further away, Feng Qiyu was surprised. "He's here. The Heavenly Sword might be in trouble now."

Swish!

A figure appeared next to Feng Qiyu. The person was wearing pitch-black armor, and his body was surrounded by terrifying domineering qi!

Feng Qingxue was taken aback by the sudden appearance of the person.

However, Feng Qiyu was not surprised at all. She glanced at the person and said, "Xiang Tiancang, how are you?"

Xian Tiancang was ranked second on the Heavenly God Leaderboard.

"Who do you think will win the battle?" asked Xian Tiancang.

"The Heavenly Sword has fought many battles in a row, and it may not be easy for him to defeat a powerful opponent like Di Qianqiu."

"Do you think he'll lose?"

"I have no idea. You can't judge powerful existences like them with common sense," said Feng Qiyu.

Chapter 1736: The Heaven Restraining Emperor Pierce, Seven Star Heavenly God Transformation, a Broken Ring

Di Qianqiu had come to the God King Crater!

Enhanced by the crater's remnant God King's aura, he was like a high and mighty Emperor, staring down upon a mere mortal like Chu Kuangren from the skies.

"No one has ever dared to look down upon the Heavens. How bold of you."

Chu Kuangren's eyes narrowed, and a burst of sword qi erupted from him to form a gigantic divine sword shadow above Di Qianqiu!

Boom!

The sword shadow fell, forcing Di Qianqiu to land on the ground with its immense power.

The mighty Emperor had fallen into the mortal realm!

Di Qianqiu's expression turned grim but soon returned to normal. He said calmly, "Heavenly Sword, you've gained my respect with your power, and I've come to make a deal. As long as you hand over that ring, every bad blood you have with the Emperor Tribe shall be forgotten!"

"Where did you find the courage to utter such foolish words before the Heavens?"

'First, he sent his men to hunt me down and ambush me, and now he's talking about forgetting past conflicts as long as I hand over this ring? This ring belongs to me in the first place.'

'Damn, these people from the Emperor Tribe are really...'

'Do they see themselves as rulers of the universe, claiming everything to belong to them?'

"If you want this ring, show the Heavens what you got!"

Chu Kuangren took out the ring. With a flick from his fingers, the ring was launched into the air at rapid speed before it got embedded in a mountain wall not far away.

"Prove yourself to the Heavens now."

"Don't mind if I do, insolent Heavenly Sword. Don't blame me for breaking you in two after this!"

Di Qianqiu raised his arm, gathering the surrounding remnant God King aura.

He could utilize the God King aura much better, and it was several times stronger than that of Di Liufang. The God King's aura intertwined with Di Qianqiu's Arch Gilded Intent, vaguely forming a gigantic Emperor apparition.

"Behold, the technique left behind by the God King!" Di Qianqiu grunted.

The Emperor apparition behind him emanated a powerful aura and illuminated the whole area with Emperor-like Immortal Sparks!

Amidst the endless Immortal Sparks, a giant golden finger slowly descended upon the land!

"Heaven Restraining Emperor Pierce!"

Chu Kuangren was immediately enveloped in the aura emitted by the gigantic finger. That attack possessed an effect that could entrap an area of the realm!

"Restraining the Heavens? You may do that, but can you restrain the Heavens beyond the Heavens?!" Chu Kuangren said out loud, and a glint flashed in his eyes.

The surrounding stars trembled as rays of starlight descended from the skies, arriving by Chu Kuangren's side. Those starlights formed seven colorful stars that entered his body one by one.

Within that instant, starlight surrounded Chu Kuangren's body, and his aura instantly skyrocketed!

"That technique... It's the Seven Star Heavenly God Transformation, the Galaxy God King's cultivation technique!"

Someone could not help but exclaim upon recognizing Chu Kuangren's technique.

Even the Galaxy God King, who was back on the Ancient Spiritual Sword Planet, was very surprised. "To think he has cultivated this technique to such an extent!"

Previously, Chu Kuangren had passed all the trials in the Galaxy God King's Ancient Path. As a reward, the Galaxy God King handed him a collection of every cultivation technique he knew, and that Seven Star Heavenly God Transformation was one of them. It was a secret technique that rapidly increased its user's combat strength. When fully perfected, the user could form seven planets and use their power to strengthen themselves.

However, it would take ordinary cultivators thousands of years to cultivate that technique to perfection.

Therefore, he was extremely shocked when he saw Chu Kuangren unleash that cultivation technique at such a scale after obtaining it for two years.

"Then again, this is the Heavenly Sword we're talking about, so it's impossible."

Compared to Chu Kuangren's other feats and accomplishments, that matter was basically insignificant.

The Galaxy God King laughed and shook his head.

In the God King Crater on the Ancient Central Heaven Planet, the golden finger sealed off the entire area as it descended upon Chu Kuangren!

Meanwhile, Chu Kuangren increased his combat power by activating the Seven Star Heavenly God Transformation. Endless Immortal Sparks radiated from the Void Sword, and as a slash was unleashed, his Invincible Self-empowerment Arch Gilded Intent erupted!

When the sword qi and giant finger collided, the God King's remnant technique was destroyed right away!

That sent Di Qianqiu flying several meters away, which startled him a little. "He took the full blow of the God King's remnant technique!"

Although he was startled, he never expected that technique to defeat Chu Kuangren right away.

He immediately dashed toward the nearby mountain like lightning, seeking to retrieve the ring that was embedded there.

"You're not fast enough!" Chu Kuangren said indifferently.

His figure disappeared in a flash, and when he reappeared before Di Qianqiu, he immediately slashed forward with the Void Sword.

Several clangs sounded as the palm and sword clashed!

Bursts of qi from the impact were released in the surroundings!

Chu Kuangren and Di Qianqiu, the two most powerful elites among the younger generation of cultivators, had clashed again!

One of them fought with everchanging sword techniques, and his sword movements were as smooth as flowing water. Peerless sword techniques were unleashed with his every move!

Another fought with the God King's aura, unleashing devastating techniques with quick succession. It was as if a great Emperor had appeared, wiping everything in his path without mercy!

Boom! Boom!

With just dozens of exchanges between the two, the onlooking crowd felt as if hundreds and thousands of planets were exploding before them. Terrifying energy fluctuations swept everywhere within the God King Crater!

"I must get that ring!"

Di Liufang's eyes narrowed as he darted toward that mountain.

Meanwhile, Long Shuijing, Master Han Long, Wu Tianming, and the others looked at each other. They were hesitant to fight out of fear.

"If we don't kill him today, he'll be the one killing us when the time comes!" Do Liufang yelled.

Upon hearing that, the few of them gritted their teeth and channeled their Immortal's Core energy. They immediately unleashed their attacks on Chu Kuangren!

Di Qianqiu frowned a little, clearly annoyed by that.

As the one who ranked first on the Heavenly God Leaderboard, why did he have to join forces with other cultivators to defeat the Heavenly Sword?

That was simply too embarrassing for him.

However, he must get that ring no matter the cost!

"No way. There's simply no way. Am I dreaming? Did Di Qianqiu just join forces with the others?!"

"This is certainly the most unbelievable thing I've ever seen today."

"Has the Heavenly Sword gotten so powerful that Di Qianqiu must join forces with other cultivators to deal with him?"

Somewhere far away, Xiang Tiancang uttered, "Di Qianqiu, what a disappointment!"

He had always seen Di Qianqiu as his rival. However, Xiang Tiancang never expected him to do something so disgraceful. 'To think he's joined forces with other people to gang up on the Heavenly Sword!'

"It seems like the ring is very important to him," Feng Qiyu said while she pondered.

The battle in the God King Crater ensued.

Despite the appearance of a powerful opponent like Di Qianqiu, Chu Kuangren held his ground while facing everyone in battle. After using the Seven Star Heavenly God Transformation, his combat power remained just as powerful.

"Haha, the Heavens are truly entertained by everyone's wonderful performance!"

Chu Kuangren twisted his sword a little, unleashing yet another powerful slash!

His chilling sword qi erupted like a hurricane and forced everyone except Di Qianqiu out of the area!

"Emperor Dome Canopy!"

At that time, Di Qianqiu's Immortal's Core energy surged. Countless runes appeared above him and turned into a gorgeous dome-shaped canopy!

It was the Emperor Dome Canopy!

That was one of the Emperor Physique's conjurations!

With the enhancing effects of that conjuration, Di Qianqiu's combat strength increased once more.

After forcing Chu Kuangren back with a palm attack, he channeled his Immortal's Core energy to form a gigantic hand that was launched toward the ring!

"Sword, Thousand Terrain!"

With the Void Sword in hand, Chu Kuangren unleashed a powerful attack, and his sword qi materialized into various natural phenomena!

The sword qi then slammed into the gigantic hand, seeking to stop Di Qianqiu!

Seeing that, Di Liufang immediately unleashed the Emperor Physique's other conjuration. Endless golden Immortal Sparks emitted from his hand and turned into a gigantic Emperor Seal that was sent forward to its opponent!

The Emperor Seal, gigantic hand, and sword qi — three energies collided, finally landing on that black ring altogether. Following a boom, terrifying energy shockwaves spread everywhere!

Then, that black ring exploded!

"What!"

Di Liufang's eyes widened in shock.

After that, black qi flowed out from the broken black ring and entered Di Qianqiu's body.

"Hahaha, I've finally succeeded!"

After absorbing that black qi, Di Qianqiu laughed out loud.

Unparalleled After Ten Consecutive Draws

Chapter 1737: Di Qianqiu's Soul Fragments Gathered, The Fully Realized Emperor Physique

"Haha, I've finally succeeded!"

After absorbing the black qi that came out from the broken ring, Di Qianqiu burst out laughing. He was beaming with immense joy.

Chu Kuangren merely glanced at Di Qianqiu, and his eyes flickered for an instant.

Lil Ai had already started analyzing his opponent.

"He did it!"

Di Liufang was also delighted to see that Di Qianqiu had succeeded. However, in the next second, Di Qianqiu immediately made an unexpected move by unleashing a punch toward Di Liufang.

Di Liufang did not attempt to resist despite facing that attack.

Boom!

From that powerful punch, the Prodigy ranked seventh on the Heavenly God Leaderboard exploded into a mist of blood!

Amidst the scattering blood mist, a strand of black qi emerged, and it entered Di Qianqiu's body too.

Boom!

The power of Di Qianqiu's aura began to climb steadily!

Many were stunned watching that, and it was safe to say they were very confused as well.

"What is Di Qianqiu doing? Has he gone mad? Why did he kill Di Liufang?!"

"And that strand of black qi, what the hell is that?"

Everyone was puzzled.

The observant few in the crowd soon noticed something happening on the battlefield. Besides Di Liufang, similar strands of black qi also appeared from certain parts of the battlefield. They emerged from the corpses of the Earthen Tribe's Shan Yinxu, Moutan Peony Tribe's Lady Hong, and Liu Chuanxing, whose body was pinned on the mountain peak far away. The strands of black qi all gathered toward Di Qianqiu.

Some of the great ones looked at the black qi with uncertainty.

"What are those things?"

"There seems to be some sort of soul fluctuation in it."

"Is this some soul-attribute item?"

Everyone else was equally shocked.

Feng Qiyu, who was watching from afar, also noticed that eerie scene unfolding. She thought about it for a moment before a realization struck her. "So that's how it is."

As a reincarnated great one, she possessed memories from her previous life, so her knowledge and insights were naturally beyond the level of any ordinary cultivator.

"What's going on?"

Feng Qingxue and Xiang Tiancang, both standing beside her, were quite confused.

'Don't they understand what's happening at all?'

"The Di Qianqiu we know of is not the real Di Qianqiu!"

"What does this mean?"

"It's very likely that Di Qianqiu is the reincarnation of a great one. However, when that great one was reincarnating, some mishaps must've happened that caused his soul to be split into several parts. This resulted in each fragment reincarnating into their respective bodies, like Di Liufang, Di Qianqiu, Liu Chuanxing, and others. They were all part of the same individual."

Feng Qiyu paused for a moment before she continued speaking. "As for that ring in the Heavenly Sword's possession, it must also contain part of that individual's remnant soul fragment too!"

Upon hearing that, Feng Qingxue and Xiang Tiancang understood what was happening.

"No wonder Di Qianqiu was so obsessed with that ring. Hold on a second, if Di Qianqiu is just the reincarnation of a remnant soul fragment, wouldn't that mean he'll become much stronger now that his soul has fully recovered?!"

Xiang Tiancang's expression changed a little.

Meanwhile, Feng Qingxue looked at Chu Kuangren, who was standing far away. She could not help but look anxious and worried.

"So that's why the reincarnation aura I sensed on Di Qianqiu was so weak when I met him back then. It was because his soul was still incomplete. Then again, if he was strong enough to become the first on the Heavenly God Leaderboard with a mere fragmented soul, this great one must be a very powerful being in his previous life. Now that his soul has been fully restored, what level of power can he unleash, I wonder?" Feng Qiyu thought out loud.

From her perspective, Chu Kuangren and Di Qianqiu's battle was nothing short of a battle between Reincarnators.

Inside the God King Crater, everyone was surprised by Di Qianqiu's actions.

What shocked them even more was the power of Di Qianqiu's aura becoming several times stronger than before!

Strands of God King's aura surrounded him, radiating brilliantly with golden light. Mysterious ancient runes also circled him as if a river of stars surrounded his body.

"Now that my fragmented soul has been restored, I can break apart the remaining shackles!"

Di Qianqiu's eyes lit up brightly.

Two golden shackles vaguely appeared on the surface of his body. Those were the Innate Emperor Physique's shackles!

"These shackles shall bind me no more!"

Boom!

One of the shackles blew up, resulting in a rapid power increase in Di Qianqiu's aura!

"By the heavens! He's breaking the Innate Emperor Physique's Great Dao Shackles!"

Some of the cultivators gasped, their faces filled with horror.

The Innate Emperor Physique and Tyrant Overlord Physique were known as the Two Great Divine Physiques of the Central Heaven Universe. It was said that because they were too powerful, those born with either two physiques would have those ten Great Dao Shackles that came along with the physiques!

The lesser the binding shackles, the more powerful and talented the host was!

Di Qianqiu was hailed as an unsurpassable talent in the Emperor Tribe over the past ten eras mainly because he broke eight of those shackles the moment he was born!

An Emperor Physique like his was simply terrifying!

Now that he had broken another shackle, his terrifying and overpowering combat strength increased to another level.

"There's still one more!"

Di Qianqiu let out a long roar. He channeled his Immortal's Core energy and the surrounding God King's aura to the limit. Behind him, an ancient Emperor apparition appeared!

That Emperor apparition also had a shackle on its body. At that moment, the Emperor apparition grabbed the shackle with both its arms and let out a massive roar. Terrifying energy fluctuations spread and wreaked havoc everywhere!

"He's trying to break the final shackle!"

"By the heavens! He's attempting to achieve the Fully Realized Emperor Physique! This feat has only been achieved by a handful of individuals since time immemorial!"

Some cultivators gulped as they fixed their gazes on the Emperor apparition.

The many great ones continued observing that from the void, especially the great ones from the Emperor Tribe, who were really looking forward to the outcome.

After all, that was the Fully Realized Emperor Physique!

How many Fully Realized Emperor Physiques were there in the history of the Emperor Tribe?

Only a handful!

If the host managed to grow stronger in the future without any life-threatening setbacks, it would be the herald of the most glorious era for the Emperor Tribe. They would certainly overpower every other tribe and reign supreme in the universe!

"Di Qianqiu, you must succeed!"

"The future of the Emperor Tribe rests on your shoulders!"

Under the excited gazes of the Emperor Tribe's great ones, Di Qianqiu's aura steadily grew increasingly terrifying!

He stood in the air, illuminating the surrounding stars with gold Immortal Sparks!

"In my past life, I failed when attempting the Primordial Ascension and was forced to reincarnate using a secret technique, suffering the torture of my soul being split apart!"

"Now, in this life, with all fragments of my soul restored, I shall build upon the progress and power from my previous life and achieve the Fully Realized Emperor Physique! I will reach the Primordial Realm, achieving the most supreme feat ever in the history of this universe!"

Di Qianqiu's eyes were filled with determination.

He believed that if he were to possess the Fully Realized Emperor Physique, he would certainly not fail as he did before in the Primordial Ascension in his previous life.

"Now, shatter!" Di Qianqiu yelled.

As horrifying Emperor qi swept everywhere, the final shackle binding the Emperor apparition eventually broke!

Boom!

With the final shackle broken, the Fully Realized Emperor Physique illuminated with endless Immortal Sparks!

Everyone from the Emperor Tribe trembled at the sight of that magnificent achievement. They could feel their bloodline throbbing, seemingly welcoming the birth of a new Emperor!

"This is wonderful!"

"Di Qianqiu has done it! Hahaha, this is the Fully Realized Emperor Physique we're talking about! The time where my Emperor Tribe shall reign unchallenged in this era is coming!"

The cultivators of the Emperor Tribe were overjoyed.

However, the other King Tribes were not as pleased, and their grim expressions were quite obvious.

The Emperor Tribe was one of the Ancient King Tribes, so they were known to be quite powerful. Now that a Fully Realized Emperor Physique host, Di Qianqiu, had appeared, the Ancient King Tribe would surely be more arrogant and reckless in doing things.

How could the other King Tribes expect to live a good life when that moment eventually arrived?

The Conqueror Tribe, in particular, was worried because they had always been rivals with the Emperor Tribe, competing whenever they could.

With the appearance of the Fully Realized Emperor Physique, the Conqueror Tribe had been dealt a significant blow.

"This will not do. We must find the Fully Realized Overlord Physique who has appeared recently. Only the host of that physique can deal with the Fully Realized Emperor Physique!"

Unparalleled After Ten Consecutive Draws

Chapter 1738: The Heavenly Sword Is The Host of The Fully Realized Overlord Physique, The Overlord Spear

Everyone present was stunned by the Fully Realized Emperor Physique's appearance!

As they looked at Di Qianqiu, they gasped as if he was a legendary individual.

Then again, the presence of a Fully Realized Emperor Physique was no different than the stuff of legends. It was undoubtedly an incomprehensible accomplishment.

"By the heavens, the Fully Realized Emperor's Physique... Is it real?!"

"Am I dreaming?"

"My my, that's the legendary Fully Realized Emperor's Physique. The stuff of legends is right before me now..."

"I heard that a Fully Realized Overlord Physique has appeared recently too, and to think there's a Fully Realized Emperor Physique now... What the hell is going on in this era?!"

"Could this possibly be the rumored... Era of Great Battles?"

In the middle of a heated discussion, everyone looked at Di Qianqiu, who was hovering in the air, with shock in their eyes.

Even the other top ten Prodigies on the Heavenly God Leaderboard, like Wu Tianming, Long Shui Jing, and others, could sense a terrifying aura coming from Di Qianqiu!

"The Fully Realized Emperor Physique is truly horrifying!"

"Even if we join forces, we won't last a few moves from him!"

Wu Tianming and the others thought about it in fright.

Meanwhile, Di Qianqiu gazed upon Chu Kuangren emotionlessly from the skies. "Your end is nigh, Heavenly Sword."

The tone of his voice was chilling. It was like he was an Emperor, passing on a sentence to his subjects.

He raised his right hand and pointed it at Chu Kuangren. He immediately started his attack with the Heaven Restraining Emperor Pierce by utilizing the remnant God King aura in the area!

The power of that attack was several times stronger than before!

The frightening energy immediately locked the surrounding void. There was no way for Chu Kuangren to escape!

Following a loud blast, the entire God King Crater was blown apart. The explosion brought up dust and smoke that swept out into the surroundings.

"Has the Heavenly Sword lost?!"

"In the face of such power, I bet the Heavenly Sword is in trouble!"

"That's right. No matter what, that was an attack from the Fully Realized Emperor Physique. Besides, Di Qianqiu's cultivation level is already at the Five Qi Arch Gilded Immortal Realm."

"Is the Heavenly Sword going to lose to the Emperor Physique?"

Everyone held their breaths and looked to the location where the attack landed.

From their perspective, even Chu Kuangren would be on the brink of death after taking such a hit.

However, once the dust settled, what stood before them was an unscathed, white-robed Chu Kuangren!

Strands of sword qi circled his body like layers of impenetrable barriers, and because of that, the energy from that previous attack gradually dispersed.

"He's alright!"

"However, Di Qianqiu wasn't attacking at full power. Now that he has the Fully Realized Emperor Physique, Di Qianqiu is more terrifying than before, so I don't think the Heavenly Sword will be his match."

Although everyone was shocked that Chu Kuangren was not injured at all, the Fully Realized Emperor Physique's fame was just too great. Throughout the history of the Central Heaven Universe, individuals who possessed such power would reign supreme throughout a whole era!

"Oh, not bad, Heavenly Sword. Seeing that you could take the attack earlier, your capabilities are truly commendable. However, that attack only contained a portion of my full strength."

Standing with his arms crossed, Di Qianqiu said, "I can offer you a chance. Pledge your allegiance to the Emperor Tribe, and your position in the tribe will only be second to mine from this day onwards!"

If anyone else were given that offer, they would surely be thrilled.

Even some sky-prides and Prodigies would do anything just to be the follower of someone who had the Fully Realized Emperor Physique. It was no different from when Ling Fei wanted to become Chu Kuangren's follower back then.

"Compared to the Heavens, what can a mere Emperor Tribe possibly offer?" Chu Kuangren said.

"Under my leadership, the Emperor Tribe will definitely overpower every other tribe in this universe in the future. When that time comes, the Emperor Tribe will become the Heavens of the Central Heaven Universe!" Di Qianqiu said with great confidence.

As someone with the Fully Realized Emperor Physique, he was absolutely qualified to say something like that.

"Hmph, your goal is just to become the Heavens itself. However, I, the Heavenly Sword, am a being that is beyond the constraints of the Heavens. How can you possibly hope to gain the Heavenly Sword's allegiance?" said Chu Kuangren as he stood proudly with the same contemptuous look on his face!

With the Void Sword in his hand, a chilling sword aura swept everywhere!

"What a shame. If the Heavenly Sword can't be of use to me, you're only an obstacle in my way!"

Without another word, Di Qianqiu raised his hand and started channeling his Immortal's Core energy. Then, a golden Emperor Seal appeared in the air, with countless runes swirling within it.

That was the Emperor Physique's divine ability, the Emperor Seal!

The attack was terrifying as it was many times more powerful compared to when Di Liufang last used it.

The Emperor Seal hovered in the air, as if it was a part of the sky!

Before it was launched, everyone could already feel themselves wanting to kneel before it just from sensing its aura.

"Heavenly Sword, as a gesture of my respect, I shall kill you with this Emperor Seal!" Di Qianqiu said indifferently.

After that, he pushed his palm forward, hurling the gigantic Emperor Seal from the sky toward Chu Kuangren!

As endless light illuminated the area, the power of the Emperor Seal smashed through the void!

Chu Kuangren stood proudly in the face of the attack's domineering aura. His back was straight as a sword, and he remained as arrogant as ever!

"Funny. I can't believe having the Fully Realized Emperor Physique has made you confident enough to think you can go against the Heavens. How foolish of you!" Chu Kuangren said.

The next instant, a massive aura erupted from his body!

The energy of that aura was so powerful that the ground started to quake. An inexplicable wave of domineering qi spread and shook the surrounding area!

The countless great ones who were watching from the sky were horrified.

Especially the people from the Conqueror Tribe, their faces were filled with utter disbelief. "This... This is... The Tyrant Overlord Physique!"

Boom!

A burst of domineering qi that the universe had never seen spread out everywhere from Chu Kuangren.

He then raised his hand, releasing purple-red strands of qi and blood. They were imbued into countless runes before merging and forming a purple-red spear in the palm of his hand.

The spear was wrapped in wind, rain, thunder, lightning, life-death, and yin-yang energy!

A brutal and tyrannical intent was present too!

"That's the Overlord Physique's divine ability, Overlord Spear!" Xiang Tiancang uttered as he watched from afar, and he sounded shocked.

He, too, knew how to unleash the Overlord Spear. However, the same technique that Chu Kuangren had unleashed was on a whole other level compared to his!

Until that point, he was the strongest Prodigy in the current generation of the Conqueror Tribe!

However, He could not believe there was someone with a more terrifying Overlord Physique than his!

"Could it be..."

Xiang Tiancang seemingly recalled something and looked at Chu Kuangren with disbelief.

"Go!"

Chu Kuangren tossed his Overlord Spear.

Fwoosh!

The Overlord Spear was launched like a bolt of lightning, tearing through the skies, and collided brutally with the Emperor Seal.

It was the Emperor Seal versus the Overlord Spear!

As the divine abilities of the two great physiques clashed, terrifying energy fluctuations spread everywhere, forming an energy storm barrier!

Chu Kuangren and Di Qianqiu both took the brunt of the attack!

Chu Kuangren stuck his sword into the ground and held his position. He then mobilized his qi and blood to repel the destructive energy shockwaves from him. On the other hand, Di Qianqiu was forced back several kilometers!

Once the energy storm gradually dispersed, everyone looked at Chu Kuangren. Their eyes were filled with nothing but disbelief.

'What was that just now?'

'Was that the Overlord Physique?!'

'Moreover, that was an extremely terrifying Overlord Physique!'

"By the heavens, isn't the Heavenly Sword from the Spiritual Sword Tribe? Why does he have the Overlord Physique?"

"Could it be that he possessed the Overlord Tribe's bloodline too?"

"That might be possible. After all, the members of the Overlord Tribe are scattered all over the universe, so their bloodline is everywhere. This means that the Heavenly Sword might come from a mixed bloodline. However, we can't say for sure whether that's true."

"Wasn't a Fully Realized Overlord Physique awakened recently? By the looks of it, the host has been the Heavenly Sword all along!"

The Heavenly Sword was actually the host of the Fully Realized Overlord Physique!

News about that spread across the entire Ancient Central Heaven Planet and instantly became a topic of everyone's discussion.

Even the great ones in the starry sky were dumbfounded.

Unparalleled After Ten Consecutive Draws

Chapter 1739: Clash Between Emperor and Overlord, The Fully Realized Emperor Physique Has Been Defeated, the God King's Rage

The Fully Realized Overlord Physique had appeared. However, the host turned out to be the Heavenly Sword all along!

Everyone was stunned upon learning of that. Even the Spiritual Sword Tribe's Sword God King was shocked.

"The Heavenly Sword possesses the Fully Realized Overlord Physique?"

The Sword God King was a little taken aback as that information came as a great shock to him. However, he quickly started to think.

'The Emperor Tribe and the Conqueror Tribe's feud...'

'Seeing that the Heavenly Sword possesses the Fully Realized Overlord Physique...'

'What benefit can the Spiritual Sword Tribe possibly gain from this?'

A series of thoughts flashed within the Sword God King's mind. Then, he let out a grin and continued observing the battle at the God King Crater!

However, Di Qianqiu's expression was unsightly.

He initially thought that by breaking through the ten Great Dao Shackles of the Emperor Physique, he would be strong enough to overpower the Heavenly Sword. Moreover, he was now a Five Qi Arch Gilded Immortal who possessed the Fully Realized Emperor Physique.

Yet, unbeknownst to him, it turned out that his opponent possessed the Fully Realized Overlord Physique!

That was the Fully Realized Emperor Physique's arch-enemy!

"It seems like you're full of surprises, Heavenly Sword. Now that you possess the Fully Realized Overlord Physique, there's all the more reason for me to end you once and for all!" Di Qianqiu said coldly.

With that, the Emperor Dome Canopy activated above him, radiating bright Immortal Sparks.

Chu Kuangren, on the other hand, raised his hand. Bursts of battle cries suddenly sounded, and an army of thousands appeared behind him, fully equipped with infantrymen and cavalry. Their boundless murderous qi immediately spread everywhere!

The Emperor Physique possessed the Emperor Dome Canopy, and the Overlord Physique possessed that Overlord Army Formation!

"Emperor Seal!"

Di Qianqiu unleashed the Emperor Physique's divine ability again. With the help of the Emperor Dome Canopy, the great seal descended from the skies with full might!

Chu Kuangren formed the Overlord Spear again and launched it forward!

It was a clash between ultimate techniques — a clash between an Emperor and Overlord!

Both sides did not yield, and the apparitions of an Emperor and Overlord appeared behind Di Qianqiu and Chu Kuangren respectively!

One was dressed in magnificent golden sovereign robes and had a crown on its head. Its prideful eyes were gazing down upon everything!

Another was dressed in ferocious battle armor and holding a spear. Its reign of tyranny was unwavering and unruly!

It was extremely rare for the Fully Realized Overlord Physique and Fully Realized Emperor Physique to appear in the same era. However, it was without a question that both sides were age-old enemies!

A fierce battle between the two was inevitable!

Being able to witness the hosts of the two Fully Realized Physiques caught in battle was extremely rare, so many cultivators quickly took out various items and techniques to record that battle.

Boom!

The void blew up when the Emperor and Overlord clashed!

Di Qianqiu stepped forward and entered the void. However, Chu Kuangren was not going to let his opponent slip away, and he stepped inside the void as well!

However, terrifying energy blasts continued to happen in the void!

Everyone could only watch as the surrounding void and space begin to crack open like a cracked mirror. Soon, the whole sky was filled with cracks.

"A battle between the Fully Realized Emperor Physique and Fully Realized Overlord Physique is rare even in ancient times!" Xiang Tiancang said.

Purple-red colored light radiated from his eyes as he peered into the void to witness Chu Kuangren and Di Qianqiu's battle. Surges of battle intent vaguely emerged from his body.

"Are you going to join them?"

Feng Qiyu looked at him and asked.

'The fact that Chu Kuangren possesses the Fully Realized Overlord Physique is shocking news, but there's no way the Conqueror Tribe will stand and do nothing. It's understandable if Xiang Tiancang wants to take action.'

"No, I won't. This is a battle between the Emperor and Overlord. No one is allowed to interfere!" said Xiang Tiancang.

Hosts of the Emperor Physique and Overlord Physique had always been at odds throughout history, and there had never been a conclusion on which side was stronger.

The battle between the two Fully Realized Physique hosts now held an extraordinary meaning to the two King Tribes.

If one of them emerged as the victor, it would be a huge morale boost to the King Tribe that the host of the winning physique represented.

"Elder Sister, besides having the Fully Realized Emperor Physique, Di Qianqiu is also the reincarnation of a great one. Will the Heavenly Sword be in danger because of this?"

Feng Qingxue was still a little worried.

"Let's believe in the Heavenly Sword." Feng Qiyu chuckled.

'In times like this, I wouldn't be surprised if anyone else turns out to be a Reincarnator.'

From Feng Qiyu's perspective, the identity of Chu Kuangren's past life was on par or, if not, stronger in strength compared to Di Qianqiu.

Boom! Boom! Boom!

Terrifying energy blasts continued to wreak havoc in the void.

As the Emperor qi and Overlord qi clashed, golden and purple-red light illuminated the skies of the Ancient Central Heaven Planet.

Countless ancient runes appeared, signifying the activation of multiple powerful divine abilities and cultivation techniques!

The battle between Emperor and Overlord soon reached a climax.

"Heaven Restraining Emperor Pierce!"

Di Qianqiu pointed his finger at Chu Kuangren and unleashed that gigantic golden piercing attack again!

Chu Kuangren remained in his spot and unleashed a slash with the Void Sword in retaliation. "Sword, Tyrannical Ascension!"

The Tyrannical Ascension technique was domineering!

That sword attack did not only contain the Blade of Zhou's power but was also imbued with the Overlord Physique's domineering qi. Its power was simply overpowering!

When the sword qi and finger strength collided, a huge explosion erupted in the void, and the void shook!

The energy shockwaves from that collision spread into space, shattering a few nearby planets!

"The Emperor Tribe will control the fate of the Heavens!" Di Qianqiu said out loud.

As his endless Emperor qi surged, the countless runes on the Emperor Dome Canopy lit up one after another. "Emperor Decree!"

He channeled his Emperor qi and combined it with the remnant God King aura in the God King Crater. Using that, he unleashed the Emperor Physique's strongest divine ability!

Countless golden runes gathered and swirled, forming a gigantic decree that came crashing down from the sky!

A single rune already contained the strength to kill an Arch Gilded Immortal!

However, there were thousands of the same runes, containing the power to kill thousands of Arch Gilded Immortals. The attack was so powerful that it could destroy a whole galaxy!

Despite that, Chu Kuangren did not move, his figure as sturdy as a mountain.

His domineering qi and sword intent erupted into the sky!

"The Emperors will control the fate of the Heavens? So what? You'll still have to kneel before the Heavens beyond the Heavens itself!"

He raised the Void Sword high and channeled the power of his Fully Realized Overlord Physique's aura to the limit. He, too, activated the Overlord Physique's strongest divine ability.

"Heaven-Piercing Overlord!"

Boom!

Purple-red strands of qi and blood spread everywhere, each containing several purple-red runes within. Like a turbulent ocean, the power of that attack caused several nearby planets to crumble.

The Invincible Self-empowerment Arch Gilded Intent was also imbued in that attack!

The purple-red qi and blood continuously clashed with the runes of the Emperor Decree as if several planets were clashing against each other, and fireworks exploded in the sky!

Every cultivator on the Ancient Central Heaven Planet who witnessed that earth-shattering battle was stunned.

Even the top ten Prodigies on the Heavenly God Leaderboard felt insignificant and tiny in the face of such power.

At that moment, both Chu Kuangren and Di Qianqiu were forced back after that devastating clash!

However, the only difference was that Di Qianqiu's aura had weakened, and his body was covered with injuries.

On the other hand, Chu Kuangren's aura had also weakened a little, but he was not injured. Compared to Di Qianqiu, his condition was much better.

"You'll always be beneath the Heavens!"

Chu Kuangren raised his Void Sword, and a gigantic sword shadow emerged above him.

Di Qianqiu was struck by the sword shadow, taking the full blow of that attack. Although he had the Emperor qi as protection, he suffered a giant cut on his body and began to bleed profusely!

The one ranked first on the Heavenly God Leaderboard, host of the Fully Realized Emperor Physique, had been defeated!

The Emperor's blood splattered all over space.

Just when Chu Kuangren was about to deal the killing blow, a rageful voice appeared from afar.

"Heavenly Sword, stop!"

Boom!

A terrifying and boundless killing intent locked onto Chu Kuangren!

This time, it was not a Great Perfected Arch Gilded Immortal but a... God King instead!

The Emperor Tribe could not sit still any longer!

How could they possibly watch on and let the host of the Fully Realized Emperor Physique die?!

Having been locked on by the God King, Chu Kuangren's reflexes when attacking were delayed for a moment. Hence, Di Qianqiu took that opportunity and immediately fled thousands of kilometers away from Chu Kuangren.

"Hmph, I can't believe you guys have sent a God King for something like this. Is the Emperor Tribe trying to bully the weak?!"

A cold voice rang out.

Following that, an overwhelming sword intent appeared from many galaxies away.

It was an angry Sword God King!

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1740: Insulting the God Kings, the Great God Kings Speak Out, Keeping Each Other In Check

The God King's rage was extremely terrifying!

Everyone felt like the surrounding planets were trembling, and the sky was on the brink of collapse.

Upon sensing the Sword God King's aura, the Emperor Tribe's God King narrowed his eyes. Then, he uttered coldly, "Sword God King, are you protecting the Heavenly Sword?"

"What's the matter? The Heavenly Sword is a member of my Spiritual Sword Tribe, after all. You have a problem with that?"

"Hmph, I hope you've thought through it carefully, Sword God King. There shall be grave consequences if the Spiritual Sword Tribe goes to war with the Emperor Tribe!" the Emperor Tribe's God King threatened.

Other than him, another surge of God King Intent erupted from the Dao King Tribe. "The Heavenly Sword has killed my tribe's Prodigy too. I can't let this matter go so easily!"

The Mystic Divination Tribe also chimed in. "Listen here, Spiritual Sword Tribe. This Heavenly Sword of yours has gone overboard this time!"

"Zhuo Ming's death must be avenged as well!"

The Evil Eye Tribe's God King also spoke up after that.

Chu Kuangren had killed too many Prodigies. Moreover, each of them was a famous top-tier Prodigy in their own right.

Mo Wuji, Ji Feiyun, Zhuo Ming, Liu Chuanxing, and the others — which one among them was not in the top ten on the Heavenly God Leaderboard? They all were.

However, Chu Kuangren killed all of those Prodigies.

It was no surprise that the God Kings of their respective tribes could no longer sit still. Fortunately, none of them were currently at the Ancient Central Heaven Planet, or they would have already taken action on Chu Kuangren.

The God Kings' consciousnesses converged in space.

Several chilling killing intents soon enveloped Chu Kuangren. It seemed he had angered quite a few King Tribes this time.

However, he hovered in the air calmly with an unbothered expression.

When the killing intents from the God Kings landed on him, he did not even budge at all. He was just too calm.

Many were stunned and speechless.

Putting everything else aside, only a few among the younger generation possessed such pluck and rocksteady Daoist core.

Who else could appear so calm and unbothered before the wrath of so many God Kings?

"End your life right now, Heavenly Sword. That might be the only way to save the Spiritual Sword Tribe!" said the God King from the Emperor Tribe.

He was threatening Chu Kuangren with the well-being of the whole Spiritual Sword Tribe. However, it proved ineffective.

"Kill myself? Are you an idiot?"

Chu Kuangren looked into the void and scanned his emotionless eyes across the endless space before he stared at the Emperor Tribe's God King. "It was the Prodigies from your tribes who came to ambush the Heavens even though they weren't strong enough. They were the ones who caused their own deaths. How is it the Heavens' fault? It seems like living a longer life doesn't necessarily equate to being wiser. You've really impressed Heavens with the God Kings' ignorance!"

Chu Kuangren made no attempt to hide his true feelings, and the God Kings' expressions darkened.

"This is too much, Heavenly Sword!"

"How dare a young cultivator speak to us with such arrogance? Are you really not going to take us seriously at all?!"

"It'll only take a whip from my palm to kill you!"

"That's right, puny Arch Gilded Immortal cultivator. How dare you talk back at a God King? Are you bored of staying alive?"

Surges of the God Kings' Intent came one after another, but this time, their killing intents were even more terrifying!

Still, Chu Kuangren was not bothered by them. He merely stood with his arm crossed, with domineering qi and prideful sword intent swirling around him. "If you want to kill me, you can be the Heavens' guest!"

"What?!"

Upon hearing what Chu Kuangren said, everyone was dumbfounded.

'This is just too much!'

'I can't believe he, a mere Arch Gilded Immortal, has the nerve to provoke the God Kings. If they were to attack without mercy, how does Chu Kuangren expect to survive?!'

"The audacity!"

"Heavenly Sword, believe it or not, I can travel across galaxies right now and kill you!" the Emperor Tribe's God King bellowed angrily.

"I dare you!"

Just then, a roar suddenly resounded throughout the universe, and a domineering intent instantly loomed upon the area.

Chu Kuangren's eyes lit up.

He knew that his backup had arrived!

"It's the Conqueror Tribe's God King!"

"It looks like they can't stand aside and watch any longer as well."

The other God Kings were not too surprised to see the Conqueror Tribe's God King's Intent.

The Conqueror Tribe's God King continued to say, "What a bunch of disgraceful imbeciles you guys are, ganging up and bullying a young cultivator. If you guys truly meant what you said earlier, why don't you attack the Conqueror Tribe instead? You guys sure look like you need some manners beaten into you!"

"That's right. Although the Spiritual Sword Tribe isn't an Ancient King Tribe, I won't allow us to be bullied. Those who dare lay a finger on the Heavenly Sword will have to taste the tip of my blade!" The Sword God King also spoke up.

Besides him, the Galaxy God King also echoed his support.

With the addition of the Galaxy God King in their ranks, the Spiritual Sword Tribe was now mightier than before. Their words now bore more weight than before, so some of the King Tribes had become afraid of them.

Moreover, there was also the Conqueror Tribe, an even stronger tribe to deal with!

"The Feng clan has always been allies of the Spiritual Sword Tribe, and my tribe can no longer take it after seeing what the rest of you are up to."

Another God King had spoken.

It was the Feng clan's God King.

Chu Kuangren was quite surprised that he had gotten involved.

Although the Feng clan was an ally of the Spiritual Sword Tribe, it was a difficult thing for the Feng clan's God King to speak out for him under such circumstances.

'Did the Sword God King plan this?'

"Ha! Seeing that the Heavenly Sword is a friend of mine, can everyone show me some respect and let this matter today slide?"

At that time, a chuckle sounded, and a rather unfamiliar God King Intent suddenly appeared.

However, the Dao King Tribe's God King was very familiar with that particular Intent. "It's you, Shinra Pirate! Why are you interfering in this matter?"

That God King Intent belonged to none other than the Shinra Pirate, one of the Central Heaven Universe's Thirty-Six Space Pirates!

That individual was also known as the Great Pirate King!

He had always been at odds with the Dao King Tribe and was a constant thorn in their side!

"As I said, the Heavenly Sword is my friend."

Chu Kuangren secretly rolled his eyes when he heard that.

He had never met the Shinra Pirate before. Since when did they become friends?

However, he understood that there could be two possible reasons why the Shinra Pirate was helping him. The first was because the latter simply want to go against the Dao King Tribe, and the second was because Chu Kuangren once had dealings with his subordinate, Helou Liangyi. It could be because of that second reason and his feud with the Dao King Tribe that the Shinra Pirate wanted to try to recruit Chu Kuangren to his side.

'The enemy of my enemy is my friend, after all.'

Many were surprised to see the Shinra Pirate speak up, especially the Dao King Tribe God King, whose expression was grim right now.

"Shinra Pirate, how dare you oppose us?"

"You're too full of yourself. What right do you have to represent all the God Kings here?" the Shinra Pirate said.

The Dao King Tribe's God King was seething with rage by then. Frankly speaking, he could not represent everyone present at all.

"I'm going to make myself clear just this once. From this day onwards, the Heavenly Sword is an ally of the Conqueror Tribe. If anyone lays their finger on him, I'll pay them a visit!"

The Conqueror Tribe's God King spoke up once again.

As several God Kings, including the Shinra Pirate, had spoken up, the remaining God Kings fell silent.

It was not that they could not join forces to defeat the Conqueror Tribe and Spiritual Tribe, but it was mainly because too many factors were involved.

Putting aside the Conqueror Tribe, Spiritual Sword Tribe, and the Feng clan's power, those King Tribes that were against Chu Kuangren could never join forces that easily.

The great King Tribes were always out for each other's throats, and that was why they would never join forces so easily.

Besides, now that the Fully Realized Emperor Physique had appeared in the Emperor Tribe, the host would surely become stronger with time. If there was no one to stop the Fully Realized Emperor Physique in the future, what else could they do?

Killing Chu Kuangren meant that there would be no Fully Realized Overlord Physique host to counter Di Qianqiu when he became stronger, and Di Qianqiu would end up reigning supreme in the universe if that happened.

Out of all of that, the Emperor Tribe would be the one to benefit the most from it.

That was mainly why everyone else did not dare to burn their bridges immediately.

They still needed Chu Kuangren to keep Di Qianqiu in check.

Both sides must either be there to keep the other in check or cease to exist altogether. The balance in power must be kept that way.
