### Unparalleled After Ten Consecutive Draws

#### Chapter 1761: A Familiar Scene, Killing Several Ancient Prodigies with One Sword Attack

Chu Kuangren took all the Daoist Law's Pearls for himself and incited public outrage!

However, despite facing the wrath and aura of the Central Heaven Temple's Prodigies, sword intent was still circulating at the Heavenly Sword Peak.

A while later, a voice sounded.

"Which of you has the guts to take a sword attack from the Heavens?"

There was a moment of silence after he said those words.

Take one sword attack from the Heavenly Sword?

Not many Prodigies in the Central Heaven Temple dared to take the challenge.

He was the Heavenly Sword who had killed Master Han Long, an Ancient Prodigy who just broke through to the Five Qi realm. No one among the crowd was confident to take a hit from him.

"Heavenly Sword, even though you're powerful, there's only one of you. Do you want to make yourself a common enemy?"

"Wow, you really are courting death."

Boom!

An immense sword aura gushed out from the Heavenly Sword Peak!

It spread like a tide and covered most of the Central Heaven Temple. Under the intimidation of the sword aura, some sky-prides and Prodigies could not help but tremble!

"Come to the Heavenly Sword Peak if you want the Daoist Law's Pearl. The Heavens don't mind whether you come alone or in a group!" Chu Kuangren said indifferently.

Everyone gritted their teeth angrily, but no one dared to make a move.

In the end, Chu Kuangren kept all of the Daoist Law's Pearls.

"Damn it!"

"How presumptuous of the Heavenly Sword! Is there no one who can deal with him?"

"Sh\*t! If this continues, I'm afraid the Central Heaven Temple will be entirely under his control."

The crowd was discussing furiously.

Some even planned to find the God Kings and seek their help in dealing with Chu Kuangren.

However, the Central Heaven Temple had a rule that the God Kings could guide their own tribe's sky-prides and Prodigies but not intervene in the fight among the younger generation.

"Are we going to have to allow Chu Kuangren to continue behaving like that?" Ye Hao, a Dao King Tribe's Ancient Prodigy, mumbled.

As an Ancient Prodigy, he was arrogant and could not stand Chu Kuangren's actions. Hence, he planned to join forces with some people to fight against Chu Kuangren.

In fact, apart from Ye Hao, several people were also extremely dissatisfied with Chu Kuangren.

With that, the few people joined forces and headed to the Heavenly Sword Peak after Ye Hao's instigation.

"Today, we must let the Heavenly Sword taste the consequences of being too arrogant!"

"Indeed. In order to deal with him, I've taken out all the treasures I haven't used for a long time. I must make him suffer this time."

"Hmph. He killed the Mystic Divination Tribe's Prodigies, and I must let him know the consequences of messing with my tribe."

The group of people arrived at Heavenly Sword Peak.

Such a movement alarmed other people, and many Prodigies and sky-prides were observing the scene.

Seeing Ye Hao join forces with a group of people to fight against Chu Kuangren, Wu Tianming and Chi Longying's mouths twitched as they recalled some bad memories.

"Why does this scene look familiar?"

"Of course, it looks familiar. That was how Di Liufang recruited us to join forces with him to deal with the Heavenly Sword back then."

"F\*ck! These people are doomed."

"These Ancient Prodigies have yet to experience the most terrifying Outlier of the current era."

Chu Kuangren once defeated and almost killed Wu Tianming, Chi Longying, and others. Therefore, they knew very well just how scary the Heavenly Sword was.

Ye Hao came to the sky above the Heavenly Sword Peak and shouted, "Heavenly Sword, hand over the Daoist Law's Pearls!"

What responded to him was a barrage of sword qi.

Not daring to be careless in the face of the surging sword qi that had killed Master Han Long, Ye Hao mobilized his cultivation to its limit and unleashed a palm attack.

After the palm strength clashed with the sword qi, Ye Hao's entire arm was dripping with blood.

The sword attack had severely injured him!

"What a powerful sword qi!"

Ye Hao gulped. Facing the sword qi from the Heavenly Sword directly was a more visceral experience than watching from the side.

"Hmph. Have a taste of my Nine Ultimate Heavenly Saber Megaformation!" An Ancient Prodigy snorted.

As he mobilized his thoughts and waved his hands, a long pitch-black saber appeared in the sky and collided in mid-air. Then, it formed a huge saber circle surrounding the Heavenly Sword Peak!

That was an extremely powerful formation!

A terrifying saber aura emanated from the formation, and every wisp of the saber aura could seemingly tear a person apart!

The crowd gasped and said, "This is the Nine Ultimate Heavenly Saber Megaformation. Apparently, it's the tenth terrifying formation among the Ten Great Central Heaven Offensive Formations!"

The Ten Great Central Heaven Offensive Formations possessed the most powerful killing power in the Central Heaven Universes.

The Nine Ultimate Heavenly Saber Megaformation that the Ancient Prodigy cast was one of them. Although it was not of Expert level, its power was still so astonishing that even an ordinary Great Perfected Arch Gilded Immortals might find it hard to defend against!

That was probably why they dared to approach Chu Kuangren.

After all, they were powerful Ancient Prodigies and had some hidden trump cards.

Without any hesitation, Ye Hao took out a weird statue.

The statue shone brightly and was suspended in midair, where it transformed into a huge avatar holding a giant pitch-black sword. It had eyes as bright as stars, puffy black hair, and a domineering aura!

Further away, on a mountain peak, Xiang Tiancang's eyes widened. "It's the Overlord Physique's aura, and the statue contains the power of the Conqueror Tribe's great one."

That was not unusual as many God Kings used to originate from the Conqueror Tribe, so it was normal for some powers to be left elsewhere.

The avatar, created by the Overlord Physique God King's energy, and the Nine Ultimate Heavenly Saber Megaformation of the Ten Great Central Heaven Offensive Formations formed a great power.

"Attack!"

As Ye Hao let out a low grunt, the avatar behind him threw a punch toward the Heavenly Sword Peak.

At the same time, the Nine Ultimate Heavenly Saber Megaformation was activated.

The majestic saber energy gushed toward the Heavenly Sword Peak like a torrent from all directions!

Meanwhile, the rest of the Prodigies also cast their ultimate moves.

"We must grab the Daoist Law's Pearls from the Heavenly Sword today. Otherwise, he will behave more presumptuously in the future!"

"That's right. We can't allow him to stay so arrogant anymore."

All the Prodigies joined forces to attack with various saber qi, avatars, formations, and other techniques!

However, they soon noticed a sword shadow above the sky. As its frightening sword aura spread, countless saber qi gradually disintegrated and dissipated. An invisible force resisted the huge avatar's palm when it got close to the Heavenly Sword Peak before an indifferent voice echoed in the sky.

"Sword, Thousand Terrain!"

Boom!

The Thousand Terrain Sword roared across the skies!

Shortly after, a powerful sword qi that made everyone gasp gushed out like a tide and shattered various Immortal Techniques, avatars, and formations outside the Heavenly Sword Peak!

The natural phenomena were hidden in the sword qi.

"That a sword qi... N-No. That's impossible!"

"How is this possible?!"

Ye Hao and the Prodigies who came to pick a fight instantly became terrified.

They went all out to resist the sword qi, but it was to no avail. As the horrifying energy crushed forward, their bodies exploded into mists of blood!

Everything turned calm when the sword qi dissipated.

If the energy fluctuations of Ye Hao and others did not remain in the void, everyone would have assumed that nothing had happened just a moment ago.

In the blink of an eye, several Ancient Prodigies were turned into ashes, and Chu Kuangren did not even show up!

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1762: The Sword-Locking Project, Locking Onto The Heavenly Sword? A Game**

Ever since Chu Kuangren killed Ye Hao and other Ancient Prodigies with one sword strike, no one came looking for him for trouble anymore.

The sword attack was too scary!

It dispelled all Prodigies' ideas to go against him.

Chu Kuangren spent a few quiet and calm days to continue studying the Timespace Treasure.

At the same time, he managed to refine those Daoist Law's Pearls. With the help of those pearls, his Arch Gilded Intent went one step further, and he was not far from the Fourth-Step.

The Arch Gilded Intent was the key to breaking through to the Embodier realm!

That was also part of the reason he competed for those Daoist Law's Pearls, other than the fact that he did not want to sit back and watch other Prodigies grow more powerful.

It was not his style not to grab the treasures.

Another few months later, starlight shone down from the Daoist Law's starry sky and manifested into Daoist Law's Pearls.

This time, everyone learned from the last lesson. Instead of fighting for the Daoist Law's Pearls, they locked down the entire Heavenly Sword Peak, where Chu Kuangren was at.

"Set up the formation. Quick!"

"Damn it. We must not let the Heavenly Sword succeed this time."

Following that, they laid out countless runes around the Heavenly Sword Peak.

However, those runes only trapped but did not kill.

Upon seeing the scene, Di Qianqiu, Wu Tianming, and others immediately took action and quickly collected the Daoist Law's Pearls in the starry sky.

They had discussed earlier that some of them would lock down the Heavenly Sword Peak while the rest would grab the Daoist Law's Pearls. After that, they would distribute the pearls.

In the starry sky, Arch Gilded Immortals and God Kings of the Central Heaven Temple were stunned.

"It's unbelievable. These sky-prides and Prodigies are arrogant people. I didn't expect they would cooperate to fight against a person."

"Make a guess. Will they succeed?"

"It's hard to tell..."

At the Heavenly Sword Peak, Chu Kuangren grinned while glancing at the runes all around him.

"Is this what you guys came up with to deal with me?"

"Unfortunately, a few runes can't stop what the Heavens want," said Chu Kuangren.

Then, he formed a sword hand sign.

Boom!

As a majestic sword qi gushed out, a chilly sword shadow rose into the sky, and the impact from the energy shattered the countless runes!

All sky-prides and Prodigies failed to resist the attack!

"He is too powerful. It's difficult for us to put him in lockdown with our strength!"

"Damn it. Is there really no way for us to trap him?"

"Damn it!"

Everyone was dissatisfied with the outcome.

After the runes were shattered, a terrifying Arch Gilded Intent erupted on the Heavenly Sword Peak. Then, it turned into a black hole with a huge suction force that sucked quite some Daoist Law's Pearls.

The rest of the people who wanted to snatch the pearls were instantly killed by the sword qi!  
In the end, the operation to trap the Heavenly Sword and compete for the Daoist Law's Pearls failed.

"The Heavens look forward to what you'll do next."

A chuckle echoed all around as if it was mocking everyone present.

"Sh\*t. I refuse to believe we can't hurt him at all!"

"Indeed. Let's think of other ways to deal with him."

Everyone was furious with Chu Kuangren, and they were strongly against him now.

They refused to believe they could not snatch the Daoist Law's Pearls from Chu Kuangren!

All sky-prides and Prodigies gathered to discuss.

They called their operation of competing for the Daoist Law's Pearls with Chu Kuangren as the Sword-Locking Project, which meant locking the Heavenly Sword in place and competing for the Daoist Law's Pearls!

Shortly after, starlight fell from the starry sky to form the Daoist Law's Pearls again.

Boom!

This time, nobody went forward to snatch the Daoist Law's Pearls, but they immediately dashed toward the Heavenly Sword Peak and cast all kinds of Immortal Techniques at the peak!

"Break!"

With a low grunt, thousands of Immortal Techniques dissipated as the sword qi swept out.

"There's more!"

A Prodigy grunted and formed a mysterious technique with his hand. "Six Deities Holy Dragon Formation!"

Six long golden dragons formed in the void!

Besides him, several other people also cast the same cultivation technique. They were all from the Mystic Divination Tribe!

Soon, the sound of the dragon roar resounded in the sky while a terrifying sword aura locked onto the Heavenly Sword Peak!

Apart from the Six Deities Holy Dragon Formation, other Prodigies had also set up formations!

"Emperor Decree!"

Di Qianqiu let out a low grunt, and a golden Emperor qi rose into the sky, turning into a gigantic decree!

He possessed the Fully Realized Emperor Physique, and his mighty Emperor's aura caused the entire mountain to tremble like it was about to fall from the sky!

However, Chu Kuangren raised his hand, and his sword intent flowed out to stabilize the Heavenly Sword Peak.

"Nine Dragon Emperor Seal!"

Di Qianqiu took out a golden Emperor Seal, an Embodier Weapon from his previous life. With the Embodier Weapon combined with the Emperor Physique's divine ability, his power doubled!

Golden Emperor qi fell from the sky like a waterfall and locked down the Heavenly Sword Peak.

Seeing that, Chu Kuangren formed a sword hand sign. Within the sword qi, there was a surge of majestic and domineering qi, which interacted with the Emperor qi.

"Heavenly Sword, we won't allow you to continue doing whatever you wish," Di Qianqiu said coldly.

"Oh?"

Chu Kuangren chuckled, and the Void Sword beside him lit up with countless pitch-black sword rays.

With a clang, he unsheathed the Void Sword, and the sword aura intensified!

The power of the sword qi skyrocketed, and the Thousand Terrain's sword qi swept across all directions. In an instant, various Immortal Techniques and restrictions disappeared!

Only the Emperor Seal, with its a domineering aura, was left hanging in the sky.

Chu Kuangren held the Void Sword high up in the sky. When his sword qi merged with the domineering qi, the impact blasted the Emperor Seal away.

"Retreat!" Di Qianqiu yelled.

Everyone immediately retreated to avoid being caught in Chu Kuangren's sword qi.

"Heavenly Sword, our mission is accomplished. Although we only managed to stall you for a moment, I believe our people have collected all the Daoist Law's Pearls." Di Qianqiu smiled.

This time, the people of the Central Heaven Temple dashed out to attack Chu Kuangren, including an Outlier like him.

That left only a few people to collect the Daoist Law's Pearls.

"This is bad..."

At that moment, a sky-pride rushed over.

Di Qianqiu felt his eyelids twitching, and a bad feeling overcame him. It was because the sky-pride before him was one of the people they sent to collect the Daoist Law's Pearls, and he was panicking now.

"Heh."

A chuckle sounded.

Chu Kuangren looked at Din Qianqiu and others. "Did you guys think you could sit back and relax because you locked down the Heavens?"

"What's the matter?"

"I-It's Long Shuijing," said the sky-pride.

At that moment, seven colorful light streams shot across the sky and entered the Heavenly Sword Peak, where they stood respectfully behind Chu Kuangren. "Master, we've collected all the Daoist Law's Pearls."

"Alright."

Chu Kuangren nodded.

Only then did everyone understand that they stopped Chu Kuangren but not Long Shuijing.

In other words, they had consumed all their strength and manpower just to stop Chu Kuangren, which left them with insufficient combat strength to stop Long Shuijing.

The Sword-Locking Project failed for the second time!

"Damn it!"

"Long Shuijing is a powerful Prodigy. Why does she want to follow the Heavenly Sword?!"

"Could he do whatever he wants just because he's handsome?"

"Damn it. We've failed again."

"What should we do? Will we lose our share in the Daoist Law's Pearls with the Heavenly Sword here?"

The cultivation resources were right in front of them, but they could only look at them. There were no words to describe how aggrieved they felt.

"Everyone, you're welcome to challenge the Heavens next time. It will be an interesting game."

Chu Kuangren's voice was like a knife stabbing everyone's heart as they risked their lives to lock the Heavenly Sword, but it was just a game in his opinion!

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1763**

In the Daoist law's starry sky, all the God Kings had seen the fight between Chu Kuangren and all Prodigies recently.

"What should we do now?" asked a God King.

The Daoist Law's Pearls were their resources for all the Prodigies, but Chu Kuangren had monopolized all of the pearls.

How could other people cultivate?

On top of that, all the God Kings originated from countless tribes, and many sky-prides in the Central Heaven Temple came from their tribes.

However, the Heavenly Sword had defeated those sky-prides time and time again, which had made some people dissatisfied.

"Suspend the release of Daoist Law's Pearls," said one of the God Kings.

Upon hearing that, everyone looked at each other in doubt and then sighed helplessly.

"It looks like this is the only solution."

"Even if we release the pearls, they will all be taken by the Heavenly Sword, so it's better not to release them."

"Alas, I didn't expect the Heavenly Sword to be such troublesome."

...

Half a year later, many Prodigies in the Central Heaven Temple noticed that the Daoist Law's Pearls, which were supposed to be released after a certain period of time, had stopped its released.

After thinking about it, they instantly knew it was because of Chu Kuangren. That realization amazed all of them.

"Holy moly, I can't believe he has forced the entire Central Heaven's Temple to change the rules for him."

"That's fine, too. We can't get the pearls with the Heavenly Sword here anyway."

Everyone was fine with it.

Anyway, the Daoist Law's Pearls were not theirs.

Meanwhile, Chu Kuangren sat on the Heavenly Sword Peak while absorbing and refining countless Daoist Law's Pearls. During that process, his Arch Gilded Intent was gradually improving.

Suddenly, Chu Kuangren opened his eyes, and a chilly sword intent swept out!

He had succeeded in achieving the Fourth-Step Arch Gilded Intent!

...

On Emperor Peak, Di Qianqiu was in a closed-door meditation. Besides cultivating, he was also comprehending his Arch Gilded Intent.

He was an Embodier God King in his previous life, so he was merely going through the same path for comprehending his Arch Gilded Intent. Due to that, his speed of breaking through was much faster than others.

"I'm not far from achieving the Fourth-Step Arch Gilded Intent." Di Qianqiu smiled with satisfaction.

One thing worth noting was that even the top-notch elites, who were Great Perfected Arch Gilded Immortals, might not possess the Fourth-Step Arch Gilded Intent.

At the next second, a chilly sword intent suddenly gushed into the mountain peak where he was.

"This sword intent..."

Din Qianqiu's expression turned gloomy. "It's the Heavenly Sword. Judging from the sword intent, his Arch Gilded Intent has advanced to the Fourth-Step!"

"F\*ck!"

He could not help but curse to himself.

Chu Kuangren's cultivation had gone from the Trinity Flower realm to the Great Perfected realm, and now, even his Arch Gilded Intent was above Din Qianqiu's.

"No way. I must have a firm Daoist core. I can't be affected by him."

Din Qianqiu took a deep breath and continued cultivating.

The chilly sword intent was like a pebble thrown into a calm lake, creating a ripple effect.

For a moment, the entire Central Heaven's Temple was in an uproar.

"Damn it. The Heavenly Sword's Arch Gilded Intent has advanced to the Fourth Step."

"How could he improve so rapidly?"

"Cut that cr\*p. He can improve rapidly because he took all the Daoist Law's Pearls. If this continues, I think his Arch Gilded Intent will soon reach the Seventh Step, and he'll break through to the God King Realm."

"That's ridiculous. It's not easy to break through the God King Realm."

"I have no idea about the others, but we can't judge the Heavenly Sword with common sense. Have you ever seen a Trinity Flower realm above the Twentieth Grade? Have you seen someone's cultivation leap from the Trinity Flower realm to the Great Perfected realm? Have you seen someone kill those from the same realm after achieving the Great Perfected realm? Have you ever seen the Fully Realized Overlord Physique? Have you—"

"That's enough. I know he's amazing."

Chu Kuangren had had such an impact to everyone recently that coupled with his Arch Gilded Intent advancement to the Fourth Step, everyone was dispirited.

On a mountain peak surrounded by storm energy, Feng Qiyu glanced in the direction of the Heavenly Sword Peak in surprise. "As expected of the Heavenly Sword. Most people only noticed that his Arch Gilded Intent has advanced to the Fourth Step, but no one has realized that his Arch Gilded Intent is extremely extraordinary and contains some kind of transcendental intent."

"Heavenly Sword... You're making me more curious about who you were in your previous life."

On the Heavenly Sword Peak, Chu Kuangren smiled with satisfaction when he sensed his Arch Gilded Intent after the breakthrough.

At that moment, a star shone brightly in the Daoist law's starry sky, followed by a magnificent voice that echoed in the sky.

"I, the God King Di Hong, will do Daoist teaching on the Imperial Deluge Star. Whoever interested can come and join me!"

His voice traveled across Central Heaven Temple, and everyone was in an uproar.

It was extraordinary for a God King to do a Daoist teaching. If he could provide some insights, it would be a great benefit to the Arch Gilded Immortals.

"I may not have obtained the Daoist Law's Pearls, but I mustn't miss the God King's Daoist teaching."

"Indeed. I hope the God King's Daoist teaching can help me."

"Let's go together."

For a moment, many Prodigies flew toward the Daoist law starry sky.

Normally, the domineering aura would get more intense as one got closer to the Daoist law's starry sky. However, when Di Hong announced that he would do a Daoist teaching, a beam of light fell from the Daoist law's starry sky, and one could get to the Imperial Deluge Star through the beam of light to avoid the domineering aura of the Daoist law's starry sky.

"God King Di Hong..."

Di Qianqiu pondered.

In his previous life, God King Di Hong's strength was almost the same as his, and they were both Supreme God Kings.

"I wonder how much his cultivation has improved after all these years and whether it's possible to break through the barrier. I shall go and meet him."

With a smile, Di Qianqiu flew toward the Imperial Deluge Star.

In the meantime, on the Heavenly Sword Peak, Chu Kuangren looked at the dazzling Imperial Deluge Star in the Daoist law's starry sky. A glint flashed in his eyes.

"Is that the God King Di Hong who wanted to kill me?"

He remembered clearly that outside Central Heaven Temple, Di Hong attempted to kill him because he possessed the Fully Realized Overlord Physique, but Overlord Liu stopped him in the end.

Although Di Hong would not be able to kill him even without Overlord Liu, he held a grudge against Di Hong.

"Since you want to do Daoist teaching, I shall see what your Dao is about."

...

The Imperial Deluge Star in the Daoist law's starry sky, which was formed by Daoist law, was mysterious. The crowd came here by following the beam of light, and their eyes were burning with desire.

"He is indeed a supreme great one for being able to form a star with Daoist law."

"Indeed. Look. This star is one of the most dazzling ones among thousands of stars, which shows that the God King Di Hong is one of the best in Central Heaven Temple."

An Emperor Tribe's sky-pride said proudly, and the others believed what he said.

In the sky above the Imperial Deluge Star, there was a magnificent golden palace with golden stone pavement, white jade pillars, and mysterious runes surrounding it, which exuded extraordinary Daoist Rhymes.

It was the Imperial Deluge Palace, which was also the place where God King Di Hong was conducting his Daoist teaching.

Everyone entered the palace one by one.

Soon, they saw a white-haired figure in a golden robe with his back facing them. The view of his back struck everyone that he was a mighty presence, and it made them want to worship him.

"Greeting, God King."

Everyone bowed and greeted him.

"Be seated," God King Di Hong said indifferently without turning around.

As soon as countless zafus emerged before the crowd, they quickly found a seat to sit down. Some powerful ones took the lead to grab the front seats.

A few of the Emperor Tribe's Prodigies had the advantage.

After all, God King Di Hong originated from the Emperor Tribe, so he naturally provided preferential treatment to his tribe's Prodigies.

### [Unparalleled After Ten Consecutive Draws](#)

#### **Chapter 1764: The Sharper One Is, The Easier One Will Break, Sparring with God King Di Hong**

Inside the Imperial Deluge Palace, Di Hong's back was to the crowd, showing them the silhouette of a boundless, mighty, and profound figure.

The Daoist teaching soon started.

God King Di Hong was no doubt a God King. As soon as he started the Daoist teaching, everyone could feel the mightiness of the figure before them, who emanated endless Daoist Rhymes.

Solemn Daoist chimes echoed in their ears.

Everyone was deeply engrossed in his teaching.

Di Hong's Daoist teaching was divided into three sections. When the first section ended, everyone was still immersed in the endless mysteries, and it took a long time for them to come back to their senses.

"What a mysterious Dao."

"Listening to the God King's Daoist teaching is way better than my hundred years of cultivation!"

"I was so distracted by the Heavenly Sword before this, and I didn't even obtain half of the Daoist Law's Pearls. However, I feel better now after listening to the God King's Daoist teaching."

Everyone looked at Di Hong with great respect.

"Feel free to ask me any questions," said Di Hong.

Everyone raised the problems that they had encountered during their cultivation.

Di Hong's cultivation level was so profound that he could enlighten everyone with just a few pieces of advice, and it made everyone satisfied with his Daoist teaching.

He was undoubtedly a profound God King.

However, Di Qianqiu was among them, and he did not find Di Hong's Daoist teaching helpful.

After all, he was a Supreme God King in his previous life.

His purpose here was to see how much Di Hong had improved, and he was quite surprised to see Di Hong's achievement.

"God King, what do you think of the Heavenly Sword?" a sky-pride suddenly asked.

Upon hearing that, the rest of the people looked at God King Di Hong, looking forward to his answer.

Chu Kuangren was too arrogant.

Having suffered a lot recently, they wanted to know what God King Di Hong and other executives thought of him.

"Heavenly Sword.... The sharper one is, the easier one will break," said Di Hong.

Everyone's eyes lit up when they heard that. It seemed like Di Hong and other God Kings did not have any good impression of the Heavenly Sword, which was wonderful news!

It looked like the Heavenly Sword would not be able to stay in the Central Heaven Temple for long.

"The sharper one is, the easier one will break? Heh, who can break the Heavenly Sword?"

An indifferent voice sounded.

Following that, a horrifying sword aura flooded the scene.

The sword aura made everyone feel suffocated. Some sky-prides could not help but close their eyes and support their foreheads as they felt their temples twitching.

Needless to say, they knew who the aura belonged to.

Who else would it be besides the person who claimed himself to be the Heavens?

"Why is he here?!"

"F\*ck. He's not here to interrupt the Daoist teaching, is he?"

"No way. This is the God King's Daoist teaching. I bet he won't dare to mess around. Otherwise, the God King will kill him with a palm attack."

"Indeed. At most, he's just like us, here to listen to the God King's Daoist teaching."

As everyone watched the figure in white walk in slowly, they felt a sense of helplessness.

He was the person who had traumatized them recently.

They had just managed to regain a little confidence from the God King, but now he was here to disrupt the situation again.

"Heavenly Sword, please be seated if you're here to listen to my Daoist teaching."

God King Di Hong kept his back facing the audience even after noticing Chu Kuangren's arrival.

However, he did not provide Chu Kuangren with a zafu even though he told the latter to sit down.

In other words, he was telling Chu Kuangren to sit on the floor.

It was clear that he wanted to humiliate Chu Kuangren.

Chu Kuangren smiled and grabbed an Emperor Tribe's sky-pride next to him before throwing the man outside. Then, he took the sky-pride's zafu and sat on it!

Everyone gasped in horror.

'What's wrong with him?'

'The place belongs to the God King. How dare the Heavenly Sword behave impudently?'

"How dare you, Heavenly Sword!"

Enraged, God King Di Hong's aura intensified.

Everyone suddenly looked forward to seeing Di Hong kill Chu Kuangren with a palm attack!

However, Chu Kuangren remained calm while facing God King Di Hong's domineering aura.

Before the God King made a move, he said calmly, "I'm here to spar with the God King!"

God King Di Hong was stunned for a moment.

'What?! Sparring with me?'

Chu Kuangren must be out of his mind to spar with a God King, who was also a Supreme God King!

One must be at least a God King to spar with a God King.

Although Chu Kuangren was a Great Perfected Arch Gilded Immortal, he was merely an Arch Gilded Immortal. Moreover, he was so much younger than the God King.

How dare he!

"If you want to spar with a God King, you may be buried alive if you don't have enough attainments. Are you sure you want to spar with me?"

God Kings surpassed Arch Gilded Immortals in the understanding of Dao, and a few casual guidance from the God Kings might benefit Arch Gilded Immortals a lot.

That was the Daoist teaching.

However, sparring was different, and it was like a debate. One must use all his skills to argue against his opponent. If he did not have enough attainments, he would probably fall into another person's point of view and could not pull himself out of it. Furthermore, he would doubt his own Dao and even experience Demonic Barricades.

Then, one's cultivation and future would be damaged.

"Why not?" asked Chu Kuangren.

He took the zafu, which belonged to the sky-pride he threw out of the Imperial Deluge Palace, and sat down.

God King Di Hong was silent for a while before slowly turning around, revealing himself as an old man who exuded a majestic and grand Emperor qi.

"Heavenly Sword, you will regret it."

"Heh! After you."

Chu Kuangren smiled.

After all, sparring was his strong suit!

"Please!"

With that, the two began to spar.

The moment their voices sounded, everyone felt a powerful Daoist Rhyme flood the entire palace. It was as if something was weighing on their shoulders.

Chu Kuangren and Di Hong spoke eloquently and mentioned countless mysterious Daoist words.

Those mysterious Daoist words passed through everyone's minds, but nothing stayed because Dao could not be passed on easily.

The exquisite Daoist words resounded in everyone's ears and benefited them a lot.

However, not many people could remember the Daoist words, but those who could remember a sentence or two possessed extraordinary cognizance.

The sparring lasted three days and three nights.

Di Hong's expression changed from disdain to solemn, and eventually, fine beads of cold sweats emerged on his forehead!

On the other hand, Chu Kuangren sat in his seat with a relaxed expression.

Di Qianqiu, who was next to the two of them, was shocked.

He was the reincarnation of the Supreme God King, so he was more aware of the mysteries of the sparring than others. At the same time, he was also more aware of the sparring levels of both parties.

Chu Kuangren had the upper hand!

How was that possible?

Even Di Qianqiu could not achieve such a level if he sparred with Di Hong!

"Could it be that he's also the reincarnation of a Supreme God King?"

Di Qianqiu had thought of that long ago, but he never sensed the reincarnation aura from Chu Kuangren.

If he was not a reincarnation of someone, how could he have such an understanding of the Dao?

Was that his insight?

How old was he? He was merely an Arch Gilded Immortal, but his insight of the Dao surpassed a Supreme God King!

It was incredible!

#### Unparalleled After Ten Consecutive Draws

#### **Chapter 1765: Another Heavenly Sword? Everyone Wants To Be The Heavenly Sword**

Chu Kuangren and Di Hong were sparring inside the Imperial Deluge Palace.

The sparring lasted three days and three nights. Eventually, beads of cold sweat emerged on God King Di Hong's forehead, and he had a look of disbelief in his eyes.

Although many Prodigies and sky-prides present could not remember the content of the sparring, they could take a guess from the performance of both parties.

"H-How is this possible..."

"Could it be that the God King isn't as good as the Heavenly Sword in his understanding of the Dao?!"

"No way! How did he do that?"

While everyone was amazed, Chu Kuangren stood up slowly and chuckled. "So much for the God King's Dao. The Heavens found it disappointing!"

After he said that, he turned around and left.

With a wave of his sleeves, he left elegantly and casually.

He left the Prodigies, who were still in shock, and the sweating God King, who sat on the zafu.

Everyone exchanged glances, not knowing what to say for a moment.

"W-What does this mean?" a Prodigy muttered.

"Alas..."

At this moment, a faint sigh sounded. God King Di Hong looked in the direction Chu Kuangren left with a conflicted gaze. "I really am old..."

"God King, will you continue with the Daoist teaching?" a Prodigy asked cautiously.

The Daoist teaching was divided into three sections, and they had just gone through the first section.

"This is the end of the Daoist teaching. Everyone, please leave," God King Di Hong said indifferently with a look of despair in his eyes.

He had no intention of continuing the Daoist teaching, and it seemed like he had been hit hard by Chu Kuangren.

Seeing that made everyone even more furious at Chu Kuangren.

What a guy, the Heavenly Sword was, affecting their cultivation time and time again!

First, he snatched all of the Daoist Law's Pearls for himself so that they had no resources for cultivation. Now, he came to mess with the God King's Daoist teaching and deprived their opportunity to listen to the Daoist words.

"Damn it. I'm really mad."

"Disaster follows the Heavenly Sword wherever he goes."

"Is he determined to go against us?"

"F\*ck. We can't fight or debate Dao with him. What should we do? This is depressing."

Some Prodigies were in despair.

In the face of an opponent they could not comprehend, they felt helpless.

...

Chu Kuangren was on his way back to Heavenly Sword Peak.

He grinned while recalling God King Di Hong's dispirited look. "Whose fault was it that you tried to kill me? Although I can't kill you now, I can deal you a blow."

He was very small-minded.

It did not take long for the incident of Chu Kuangren sparring in the Imperial Deluge Palace, which made God King Di Hong doubt his life, to spread.

On top of that, as soon as Chu Kuangren left the Imperial Deluge Palace, God King Di Hong announced that the palace was closed and no visitors were allowed.

For a moment, everyone in the Central Heaven Temple was in an uproar.

Not only did the Heavenly Sword possess abnormally powerful strength, but his understanding of the Dao was so ridiculously good that it made a God King shut himself away from the world.

"He's an Outlier."

"This is the first time I've seen such a thing happen. An Arch Gilded Immortal sparred with a God King and made the latter shut himself away? Is he really an Arch Gilded Immortal?"

"I'll believe you even if you say he's a God King."

"What should we do now? We lost the Daoist Law's Pearls, and now we've missed the Daoist teaching. Are we going to allow the Heavenly Sword to do whatever he likes?"

"Let's observe him for a while."

"Was it a good or bad idea to have allowed the Heavenly Sword into the Central Heaven Temple?"

"Do you guys think he's one of the Nine Kings?"

"It's possible, but it's uncertain for the time being."

Many great ones in the Central Heaven Temple were discussing Chu Kuangren, but there was still no conclusion on how to deal with him.

Time flew, and another few months passed.

On that day, Chu Kuangren was comprehending Arch Gilded Intent while studying the Timespace Treasure.

It was also on that day that he finally made a huge breakthrough.

"So, this is the Timespace Arch Gilded Intent."

Chu Kuangren formed a sword hand sign, and mysterious energy spread out from all around.

Wind, clouds, fallen leaves, and other things around were frozen as if someone had pressed pause on the frame. Everything in a radius of ten kilometers from Chu Kuangren was still.

Not only did the space freeze, but even time stopped.

Unless one's cultivation was more powerful than Chu Kuangren's, one would be affected if one was caught in the ten-kilometer radius.

"Break!"

With a low grunt, the Arch Gilded Intent dispersed.

The wind blew while the clouds rolled around, and everything returned to normal again.

"With the Timespace Arch Gilded Intent and the Timespace Treasure, I can break through the barrier between the two universes with more confidence. Now, all I lack is a clone."

He planned to have his clone try to break through the barrier between the two universes on his behalf first.

In that way, even if the clone failed, his true form would be safe from harm.

However, his clone must be powerful enough to perform such an act, so it must at least not be much worse than himself.

It was not easy to refine a clone like that.

"I possess the Wooden Puppet Refining Technique, so I can use any rare wood-attributed materials in the universe to refine a clone. However, this cultivation technique isn't sufficient if I want to refine a clone with a cultivation level no lower than mine. I must find another method to do it," murmured Chu Kuangren.

At that moment, the Void Sword beside him trembled as if it had sensed something.

Similarly, countless swordsmen in the universe seemed to have sensed something as well, and their long swords trembled.

The phenomenon lasted for a while, and it was enough to surprise countless swordsmen.

"It's the same phenomenon again, and it happened when the Heavenly Sword was born. Although it isn't as great as the last time, it's weird that it has appeared again."

"That's right. What's going on here? Could it be the Heavenly Sword again?"

"Interesting..."

Many great ones searched for the source of the phenomenon until they finally locked on the Ancient Spiritual Sword Planet.

The Ancient Spiritual Sword Planet again?

Could it be that another Heavenly Sword had appeared?

As if the great ones had thought of something, a look of disbelief appeared in their eyes.

One Heavenly Sword was already making them feel helpless. It would be worse if another Heavenly Sword emerged!

Everyone was slightly confused.

Meanwhile, on the Heavenly Sword Peak, Chu Kuangren smiled mischievously.

"Interesting."

The jade scroll at his waist trembled slightly, and he received a message from the Spiritual Sword Tribe.

"Heavenly Sword, return to the Spiritual Sword Tribe immediately. There's something important we need to discuss."

It was a message from the Spiritual Sword Tribe Leader.

His tone was a little weird and a little more indifferent than before.

Could it be due to the phenomenon just now?

Chu Kuangren smiled and then got up. "Let's go and have a look."

After that, his figure disappeared in a flash.

In the Central Heaven Temple, a Prodigy looked at the blue sky with mixed feelings. It had been quite a while since he entered the temple, and although he had made some progress, he had not achieved the result he expected.

"The Heavenly Sword is to be blamed. He occupied all the resources and influenced the Daoist teaching. He's the reason for our slow progress," the Prodigy mumbled.

However, there was a hint of yearning in his eyes.

Everyone was afraid of the Heavenly Sword, but everyone wanted to be him!

All of a sudden, a stream of light flashed across the sky. Seeing it stunned the Prodigy for a moment. "Is that the Heavenly Sword?! That direction... Is he leaving the Central Heaven Temple?"

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1766: The Heavenly Sword Has Left, Happiness in the Air, Which One of Them Is the Real Heavenly Sword**

"Is that the Heavenly Sword? Why is he heading in that direction? Is he leaving the temple?"

The Prodigy said as he looked in the direction Chu Kuangren was heading. He was taken aback for a while before he was overjoyed. "The Heavenly Sword has left the temple! He's finally gone!"

The Heavenly Sword had left the temple!

News of that spread like wildfire in the Central Heaven Temple.

For a moment, it was as if the Central Heaven Temple was celebrating the coming of a new year. Everyone was thrilled to hear the news.

"This is splendid news. That troublemaker has finally left!"

"Haha, now that he's left, it's time for us to get stronger!"

"I hope he doesn't come back."

As soon as Chu Kuangren left, rays of starlight fell from the Daoist law's starry sky and manifested into a huge number of Daoist Law's Pearls!

The number of pearls this time was far greater than any of the times before.

Upon seeing that, everyone became excited.

"Sure enough, the Heavenly Sword was the reason the Daoist Law's Pearls were not released back then. Now that he has left, they're finally appearing again."

"Let's go, everyone."

"Stop snatching. These are mine!"

"How can you behave like the Heavenly Sword? What a fool. Let's split this evenly..."

Everyone started going for the Daoist Law's Pearls. Due to the tremendous number of pearls that were released, everyone managed to get some for themselves, and they were all satisfied.

After all, there was nothing better than that.

After the release of the Daoist Law's Pearls, a magnificent voice suddenly came from the starry sky above.

"The third and fourth Central Heaven Secret Realms will be opened today. Everyone is allowed to enter to seek out Opportunities of Fortune!"

The opening of the secret realms came as another great news.

"I, the Five Elemental God King, will be having a Daoist teaching tomorrow. Those interested are welcome to join me tomorrow."

Another God King had spoken.

Everyone was jumping in excitement.

"Damn. Is today a great day for Opportunities of Fortune, or what? Daoist Law's Pearls, the secret realms opening, and a God King is going to have a Daoist teaching!"

"Haha! Sure enough, with the Heavenly Sword gone, our future is much brighter!"

Sounds of laughter and joy reverberated throughout the whole Central Heaven Temple. Happiness was in the air.

On the Snowy Peak, Luo Xue also noticed the change in the Central Heaven Temple's atmosphere. She could not help but sneer. "You guys have been afraid of the Heavenly Sword!"

On that day, with the Heavenly Sword leaving the temple, rays of starlight descended from the sky as Daoist Law's Pearls, secret realms filled with treasures were opened, and God Kings started giving Daoist teachings. It was a wonderful time for everyone.

In an instant, the gloomy and depressed atmosphere of the temple disappeared!

...

After Chu Kuangren left the temple, he had a hunch. Hence, he turned around to look at the temple. "I'll let you guys have fun for now."

He thought to himself mischievously. What if he were to turn back and return now?

However, it was merely a thought. Currently, he was more interested in the Spiritual Sword Tribe's matter.

He turned into a stream of sword ray and disappeared in a flash. Countless planets and suns passed him as he traveled at the speed of light.

With his current cultivation level, it would only take him one to two months, at most, to return to the Spiritual Sword Tribe at full speed.

Meanwhile, inside the Spiritual Sword Tribe, a young man dressed in black robes stood on the Thousand Sword Peak and looked into the distance.

He was standing there without releasing his aura. However, the surrounding swords had subconsciously retracted their sword qi, seemingly afraid they would anger that man.

"Heavenly Sword, we have sent the message to Chu Kuangren. He should be coming back soon."

A young man came before the black-robed young man and spoke.

That young man was addressing him as the Heavenly Sword!

It was true! Another Heavenly Sword had appeared in the Spiritual Sword Tribe!

Perhaps that man was the actual person mentioned in the Spiritual Sword Tribe's prophecy.

"Noted," the Heavenly Sword, Gu Qingshan, said.

He looked at the surrounding swords and uttered. "Do you know there used to be a particular sword on the Thousand Sword Peak, known as the Void Sword?"

"Of course. The Void Sword is said to be the strongest sword ever since the universe's creation!"

"That's right. The Void Sword is the sword that rules above every other sword in the universe, and the Heavenly Sword should be the one to reign over every sword cultivator! That sword belongs to me!" Gu Qingshan said coldly.

A wisp of sword aura leaked out from his body, and that wisp alone made the young man beside Gu Qingshan feel intimidated.

'The Heavenly Sword's power is frightening!'

The young man narrowed his eyes and thought to himself. They were both Ancient Prodigies who went into a deep slumber in the Spiritual Sword Tribe. However, the gap in strength between him and the Heavenly Sword was significant!

"I don't care who you are. I'll definitely make you pay for stealing my sword and pretending to be the Heavenly Sword!"

A chilling sword ray shot out from Gu Qingshan's eyes.

Somewhere in the distance, the Spiritual Sword Tribe Leader, Sword God King, Galaxy God King, and others gathered. All of them looked worried.

"Why has another Heavenly Sword appeared out of nowhere?" the Galaxy God King said with a frown.

"I don't know. However, I've peered into Gu Qingshan's path of destiny. Although I can't see the whole picture, he is closely connected to the Spiritual Sword Tribe. Besides this, he has an astonishing aura hidden within him. Other than being the Heavenly Sword, he could be..."

The Sword God King did not finish his sentence. However, both the Galaxy God King and the Spiritual Sword Tribe Leader knew what he was going to say.

"If that's the case, wouldn't this mean that Chu Kuang has been impersonating the Heavenly Sword all this time?" the Spiritual Sword Tribe Leader asked calmly.

He would never allow anyone to deceive him with the Spiritual Sword Tribe's future!

Due to that, his impression of Chu Kuangren immediately took a dive.

The Sword God King glanced at him and said, "Chu Kuang did not claim to be the Heavenly Sword. It was us who allowed him to attempt and retrieve the Void Sword. When he finally succeeded in pulling that sword out, we were the ones who acknowledged him as the Heavenly Sword."

The Spiritual Sword Tribe Leader was speechless.

Frankly speaking, that was exactly what happened.

"Anyway, this matter must reach a conclusion no matter what. We must find out which one of them is the real Heavenly Sword!"

...

Soon after, Chu Kuangren returned to the Spiritual Sword Tribe.

The Spiritual Sword Tribe cultivators had always looked up to him with high regard and respect. However, they were now welcoming him with concerned and conflicted gazes instead.

"Heavenly Sword!"

At that time, a person came before Chu Kuangren.

It was Chen Fei.

He was a Prodigy who once faced danger when exploring the Ancient Central Heaven Planet and was almost forced to give up his sword. However, it was Chu Kuangren who saved him in the end.

That was why even though everyone else in the Spiritual Sword Tribe had doubts about him, Chen Fei still treated him with utmost respect.

"What's the matter?"

"Heavenly Sword, there has been a commotion in the Ancestral Lands. When the Prodigies in deep slumber woke up, someone among them proclaimed to be the... Heavenly Sword!"

Chen Fei was also a little shocked.

Chu Kuangren's eyes flickered. "Interesting."

'So, the Heavenly Sword really does exist in the Spiritual Sword Tribe, huh? Has the real deal appeared now?'

Then again, since Chu Kuangren had gotten used to using the Heavenly Sword's identity for so long, there was no way he would return it so easily.

"I understand."

Chu Kuangren nodded gently.

"The Tribe Leader and others are waiting for you at the Divine Sword Peak."

"Alright."

The Divine Sword Peak was the residence of the Sword God King.

When Chu Kuangren arrived, several bursts of aura swept out toward him!

Besides the Spiritual Sword Tribe Leader and others, there were also a few other Prodigies at the Divine Sword Peak.

An ancient aura was surging from their bodies. They were clearly the Prodigies who just awakened from their deep slumber.

"So, you're the fake who's been impersonating the Heavenly Sword?"

"Hmph, how dare you impersonate the Heavenly Sword! Do you know what a grave mistake you've made?!"

The Ancient Prodigies immediately questioned. As they glared at Chu Kuangren, their sword aura surged toward him mercilessly!

#### Unparalleled After Ten Consecutive Draws

#### **Chapter 1767: Gu Qingshan's Provocation, The Heavenly Sword's Ultimate Intent, Adequate**

Inside the Spiritual Sword Tribe, Chu Kuangren was now being questioned by the Ancient Prodigies.

However, he remained calm. Everyone's questioning seemed like nothing to him, like it was just a breeze in the wind. He was not bothered at all.

As everyone's sword aura gradually intensified, Chu Kuangren's eyes flickered. Then, his body trembled a little, and an incredibly chilling sword aura erupted, forcing all the Ancient Prodigies back!

"Now, where did all of you find the courage to act with such insolence before the Heavens?!"

"Hmph, you're nothing but a cheap imitation of the Heavenly Sword. How dare you proclaim yourself as the Heavens! You must have a death wish!"

One of the Prodigies snorted coldly. A 'swish' sounded as he unsheathed his sword.

A sword ray containing a terrifying Arch Gilded Intent shot toward Chu Kuangren like a bolt of lightning!

Hum!

That chilling sword ray immediately dispersed!

That sword was held between Chu Kuangren's two fingers and could not budge!

"What!"

That Prodigy's expression changed slightly. Then, he channeled his Immortal's Core energy to the limit. However, his efforts were futile.

"Drawing arms before the Heavens? You have brought upon your death!"

With a clang, the sword snapped in two!

One of the halves that had the tip of the sword was tossed out by Chu Kuangren. It immediately pierced that Prodigy's neck and released huge amounts of sword qi on impact, crushing the Prodigy into nothing!

The ground was soaked and wet with blood.

Upon seeing that, the remaining Prodigies' eyes widened in shock.

As Ancient Prodigies, none expected that Chu Kuangren could kill one of their own so easily. His strength was beyond them!

"Chu Kuang, stop this insolence at once!" said the Spiritual Sword Tribe Leader.

However, Chu Kuangren did not care and only shot an emotionless glare at him. When met with his cold gaze, the Spiritual Sword Tribe Leader could not help but feel chills run down his spine.

'This aura...'

The Spiritual Sword Tribe Leader gulped.

When he met Chu Kuangren for the first time, he was only a Trinity Flower Arch Gilded Immortal cultivator. Hence, he was still powerful enough to suppress Chu Kuangren.

However, Chu Kuangren was now a Great Perfected Arch Gilded Immortal elite.

Despite also being a fellow Great Perfected Arch Immortal elite, the Spiritual Sword Tribe Leader felt a feeling of indescribable pressure from Chu Kuangren.

It was as if it would only be a simple matter if Chu Kuangren wished to kill him.

'How... How is this possible?'

'How did he become so powerful in just a few years?'

'What exactly has he gone through?'

The Spiritual Sword Tribe Leader did not dare to believe it, and a sense of fear soon overcame him. 'Can the Spiritual Sword Tribe control such a powerful sword?'

"Not everyone is allowed to address the Heavens as such. But considering you're the leader of this tribe, the Heavens shall spare your life this time," Chu Kuangren said calmly.

"You—"

The Spiritual Sword Tribe Leader opened his mouth and wanted to speak. However, the Sword God King stopped him.

That was because someone had arrived.

Sounds of sword chimes reverberated from the Thousand Sword Peak in the distance, echoing throughout the area!

Following that, the swords left the mountain and rose into the sky. All of them were flying toward the Divine Sword Peak, where they landed and formed a great path made of swords!

Meanwhile, at the end of that great path made of swords on the Thousand Sword Peak, a young man in black robes was standing with both hands behind his back. He walked on the great path laid upon by thousands of swords, slowly approaching everyone.

It was as if an ultimate Sword Immortal had arrived!

Chu Kuangren looked at that person quietly. His face remained calm and emotionless.

"Not bad for a fake."

The person who arrived was none other than Gu Qingshan. He was the Heavenly Sword who recently appeared in the Spiritual Sword Tribe!

With a raise of his hand, a sword came and hovered beside him. Then, he launched the sword at Chu Kuangren like a shooting star. Along with terrifying bursts of sword qi, the sword tore through the sky!

Boom!

Before that sword could get near Chu Kuangren, it was repelled by the protective sword qi around his body.

"Your foolishness of provoking the Heavens shall cost you your life!"

Chu Kuangren stood with both hands behind his back.

The moment a terrifying burst of sword aura erupted from him, the great path made from countless swords started trembling. One by one, the swords started to shatter and fall to the ground.

At that sight, Gu Qingshan's eyes widened, and his sword intent erupted!

It was an extremely sharp and noble sword intent!

That sword intent carried the power that could make the world submit to it, and every sword in the surroundings started trembling. Meanwhile, many sword cultivators could seemingly see the pinnacle of Sword Dao from that sword intent!

That was the Heavenly Sword's ultimate intent!

Upon noticing that sword intent, Chu Kuangren grinned a little. "I see. No wonder you dare stand before the Heavens. Your strength is pretty adequate!"

Adequate!

If any sky-prides in the Central Heaven Temple heard that, they would surely be shocked.

That was because, among all the sky-prides and Prodigies Chu Kuangren had faced, most were mere fodder who could not even take a single attack from him. Besides individuals like Di Qianqiu, no one else had made Chu Kuangren take interest in them before.

Yet, Chu Kuangren said he was adequate!

To countless sky-prides and Prodigies, that was already high praise!

However, that comment was very grating to Gu Qingshan.

He was the Heavenly Sword, after all!

He was the one who accepted the will of the Heavens, the Heavenly Sword that would stand on the precipice of Sword Dao in this era. However, his opponent only deemed his strength to be adequate?

To someone like him, that comment was a great insult.

"You're quite arrogant for a fake, and you have provoked me!"

The moment he finished speaking, Gu Qingshan waved his arms.

In that instant, countless sharp swords were launched as projectiles toward Chu Kuangren at lightning speed. Terrifying and chilling sword qi was contained within every one of them.

Every single sword was powerful enough to shatter planets!

Chu Kuangren remained in his spot as surges of sword qi erupted from his body!

Boom, boom, boom!

The incoming swords collided non-stop with the sword qi, causing the surrounding area to blow up. In turn, the Divine Sword Peak started trembling.

Seeing that, the Sword God King tapped his foot gently.

Countless runes appeared around the Divine Sword Peak, making the whole area indestructible.

With the God King's powers strengthening the surrounding area, the situation on the mountain stabilized.

Boom!

The fight continued.

It was sword qi against a barrage of swords, one sword intent against another!

The moment the two sword intents clashed, everyone thought they saw an ocean of swords. Its tremendous sharpness and vastness enveloped them like they would be torn into shreds at any moment!

"Is this the Heavenly Sword's ultimate intent?!"

"Although there's a difference between the two, these two sword intents are both at the pinnacle of Sword Dao. I'm afraid we'll never be able to get to that level in this lifetime!"

The few Prodigies could not help but gasp.

After all, gaps of power still existed between Prodigies. As for Gu Qingshan and Chu Kuangren, both of those individuals were undoubtedly beings beyond their level!

"His sword intent..."

Gu Qingshan looked at Chu Kuangren warily.

He did not proclaim to be the Heavenly Sword without any reason to back it up. As the Heavenly Sword appeared, all swords would submit to his rule!

The Heavenly Sword's ultimate intent would have a suppressive effect against any Sword Dao cultivator in the universe!

That was the essential difference between them!

However, Gu Qingshan soon noticed that his Heavenly Sword's ultimate intent had no effect on Chu Kuangren's sword intent!

'Furthermore, his sword intent is seemingly starting to suppress mine instead!'

'How... How is this possible?!'

'How can someone in this world suppress even the Heavenly Sword's ultimate intent?!'

'Could he be the true Heavenly Sword while I'm the fake one instead?!'

That thought subconsciously appeared in Gu Qingshan's mind.

"That's not right. I have accepted the will of the Heavens to appear in this world. I am the true Heavenly Sword!"

"He's only an obstacle in my way!"

The look in Gu Qingshan's eyes became more determined, and a mysterious rune flashed in his eyes.

[Unparalleled After Ten Consecutive Draws](#)

**Chapter 1768: The Heavens Have Given You a Chance, But You Can't Seem to Seize It, The King's Mark**

"Unsheathe your sword now, you fake!"

Gu Qingshan raised his hand and casually grabbed an incoming sword.

That sword was one of the top-tier Arch Gilded Immortal Weapons from the Thousand Sword Peak.

Chu Kuangren held the Void Sword by its sheathe. Then, he made a sword hand sign and gestured the Void Sword to unsheathe itself. Its black surface was akin to a black hole, sucking all light from the world into it!

It was the king of all swords, and every sword in the universe had to submit it!

The countless swords hovering in the air started trembling uncontrollably as if something terrifying had appeared.

The Void Sword...

The sword had been on the Thousand Sword Peak for countless years, so all the swords in that area knew to fear its aura.

At the Void Sword's appearance, the remaining swords were on the brink of shattering. It was as if they were facing their ruler.

Clang! Clang!

Numerous clangs of metal sounded as thousands of swords collided in the air and fell to the ground. None of them dared to release their power before the Void Sword!

"Wonderful! This Void Sword truly deserves to be my sword!"

After seeing the Void Sword's sharpness, Gu Qingshan's eyes burned with desire. He wanted to make this sword belong to him!

Meanwhile, having noticed the greed in his opponent's eyes, Chu Kuangren could not help but sneer.

He did something unexpected the next instant.

"You want it? Sure, here you go!"

Chu Kuangren tossed the Void Sword high into the air toward Gu Qingshan!

The ruler of all swords was abandoned just like that!

Everyone was stunned and speechless.

'Doesn't that guy know how valuable the Void Sword is? Why is he willingly giving that precious sword to his opponent?!'

For the Spiritual Sword Tribe cultivators, their sword was like their most important partner in battle. Having a good sword was crucial to everyone. Hence, they were puzzled to see what Chu Kuangren did.

Gu Qingshan was also a little stunned when he saw that.

However, he then tossed away his sword, raised his hand, and reached out to grab the Void Sword. The moment the Void Sword was in his grasp, he could not help but burst into laughter. "Haha, how wise of you to return this sword to its rightful owner."

He thought that Chu Kuangren had given up on the battle.

Boom!

However, the Void Sword started to tremble violently, and it released a terrifying sword aura. The Void Sword was trying to escape Gu Qingshan's grasp!

Gu Qingshan's expression sank. "How can this be..."

'According to legends, the Void Sword is the Heavenly Sword's personal sword. Why... Why is the Void Sword rejecting me so much?!'

"No, it's impossible! I'm the true Heavenly Sword. As for you, Void Sword, you must submit to me!"

Gu Qingshan roared. He channeled his Heavenly Sword's ultimate intent to the limit, hoping to suppress the Void Sword. Alas, the Void Sword's resistance only grew stronger!

It was the Void Sword's sword intent versus the Heavenly Sword's ultimate intent!

As the two energies collided, the sword chime from the Void Sword rang out. The surrounding swords trembled continuously, seemingly out of fear!

They could sense that the Void Sword was enraged!

Not everyone was qualified to control the Void Sword.

It was no doubt that Gu Qingshan's Heavenly Sword's ultimate intent was very powerful. He might even achieve unprecedented feats in the history of Sword Dao in the future.

If it were back then, the Void Sword would have submitted to him already.

However, after being by Chu Kuangren's side, it had witnessed the true limit-breaking peak of power!

Chu Kuangren was the best individual worthy of wielding it!

Having experienced the best, Gu Qingshan seemed ordinary to the Void Sword now.

Hum!

The Void Sword's resistance grew more powerful until finally, Gu Qingshan could no longer control it. The Void Sword escaped from his hand!

After returning to Chu Kuangren's possession, the Void Sword let out a clear and pleasant-sounding sword chime as if it was voicing its delight and joy!

If it could talk, it would say, "Only this person is worthy of wielding me!"

"How is this possible..."

Gu Qingshan was very confused as he watched that happen.

'Isn't the Void Sword supposed to be the Heavenly Sword's personal sword?'

'How could this be?'

"The Heavens have given you a chance, but you can't seem to seize it," Chu Kuangren said indifferently.

The Sword God King's eyes flickered while watching the scene play out from afar. "It looks like the results are clear."

The crowd of Prodigies looked at each other with doubt.

"How can this be? Isn't Gu Qingshan the Heavenly Sword?"

"Have we been following the wrong person all along? However, how does that explain his Heavenly Sword's ultimate intent?"

"Are there two Heavenly Swords now?"

Everyone did not understand what was going on.

However, Gu Qingshan's expression darkened, and his sword intent erupted at peak level. The surrounding swords responded to his screams and rose into the sky, prompting a terrifying surge of sword aura to spread!

"I'm the true Heavenly Sword!"

"I don't care who the hell you are. Today, I'm going to kill you once and for all!" Gu Qingshan said in a chilling tone filled with killing intent.

There was no way two Heavenly Swords could exist in this world. Since that was the case, he decided to kill Chu Kuangren. Once he did that, he was eager to find out whether the Void Sword would submit to him or not!

Chu Kuangren held the Void Sword, and his chilling aura and sword intent erupted. His disdainful gaze landed on his opponent!

"Who else dares to proclaim themselves the Heavens other than me?!"

Boom!

The entire Divine Sword Peak trembled as horrifying surges of sword intent rose into the sky, turning into a gigantic sword shadow!

That sword shadow looked alike to the Void Sword!

Its sword intent swirled and locked onto Gu Qingshan!

Gu Qingshan grunted, channeling his energy to the maximum. "Ultimate Heavenly Sword, Heavenly Myriad Sword Retaliation!"

Countless swords gathered in the sky and turned into an incredibly ferocious sword dragon. Under the control of the Heavenly Sword's intent, the dragon began charging toward Chu Kuangren!

At that moment, the gigantic sword shadow also came crashing down!

The two energies collided in what was known as the pinnacle of sword fights below the level of God Kings!

Countless sword cultivators of the Spiritual Sword Tribe watched attentively as the scene unfolded. None of them dared to look away for even a second.

With a boom, the ultimate sword techniques clashed in the sky!

A great explosion followed, sending shockwaves into space!

As Daoist patterns clashed and Immortal's Core energies intertwined, colorful bursts of energy illuminated the sky. The remnant sword qi that spread everywhere reduced the surrounding terrain into rubble.

The clash of that attack caused the whole Ancient Spiritual Sword Planet to rumble!

The countless sword qi soon formed a pillar of light that reached into space, blowing up any planets in its way!

Amidst the dazzling Immortal Sparks, a figure suddenly fell from the sky.

It was Gu Qingshan!

He was sent flying from battle, crashing through several mountain peaks!

As billows of smoke and dust rose from the earth, countless swords began to fall on the ground. Everyone was stunned.

"Has Gu Qingshan lost?! Isn't he the real Heavenly Sword?"

"This means he isn't the real Heavenly Sword!"

"Tsk tsk. Sure enough, there's only one Heavenly Sword."

The Spiritual Sword Tribe cultivators discussed among themselves.

Amidst the smoke and dust, Gu Qingshan's grim expression was visible. His black robes were riddled with tears and holes, revealing his muscular upper body.

"How can this be?!"

"How can I lose in a battle of swords?!"

After all, he was the Heavenly Sword!

Dissatisfied with the outcome, a mysterious rune started swirling in his eyes. That rune soon lit up, causing the power of his aura to skyrocket!

Boom!

A terrifying burst of sword qi erupted and sent some of the Spiritual Sword Tribe cultivators nearby flying.

Some were even torn apart by the burst of sword qi!

In a panic, everyone quickly retreated.

Gu Qingshan was so enraged that he could not care less about killing his own tribe members. It was evident how enraged he was at that time.

"Oh, this strange aura..."

Chu Kuangren noticed the swirling rune in his opponent's eyes.

That rune was extremely mysterious, so mysterious that one could seemingly witness the manifestation of the Dao itself. Instead of saying it was a rune, it looked more like a completed strand of Dao!

That strand of Dao was like a sword, sharp and unstoppable!

"Sure enough, that's the King's Mark!" the Sword God King said.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1769: One of the Nine Kings, Killing Gu Qingshan, the Sword God King's Decision**

According to legends, that era would mark the Nine Kings' return, and each of the Nine Kings would have a King's Mark on them to display their identity!

The rune inside Gu Qingshan's eye was a King's Mark!

"Interesting. I didn't expect to meet one of the Nine Kings here."

Chu Kuangren grinned.

Meanwhile, having activated the King's Mark, Gu Qingshan's aura intensified, and his terrifying sword aura swept across the whole area!

"Now, die!"

Without another word, Gu Qingshan charged and attacked Chu Kuangren again.

He raised his hand and gestured a grab in the void, prompting another random sword to enter his grasp. After that, he dashed toward Chu Kuangren at lightning speed and unleashed a powerful slash at the latter. His chilling sword qi swept out like a hurricane!

Chu Kuangren, on the other hand, remained still and raised his sword!

With a clang, a burst of sword qi released!

Chu Kuangren blocked Gu Qingshan's attack effortlessly. He said, "Come, release your full power and show the Heavens what you can do."

"Hmph!"

Gu Qingshan snorted and brandished the long sword in his hand to unleash a myriad of sword techniques in quick succession.

He already possessed a profound understanding of Sword Dao. Among the younger generation, with the exception of Chu Kuangren, no one else could match him. Even Luo Xue would pale in comparison.

Under the strengthening effects of the King's Mark, his cultivation level immediately increased to the Great Perfected realm.

Every technique and movement he made was filled with supreme might!

When the two swords clashed and various sword techniques intertwined, everyone else was dazzled at that magnificent spectacle of a battle.

"What a powerful sword technique!"

"This is not just a single technique. He's using all of the Spiritual Sword Tribe's sword techniques with perfect mastery! It's like second nature to him!"

Some were astonished by Gu Qingshan's sword techniques and cultivation.

However, as the Sword God King watched the battle from the Divine Sword Peak, he was even more shocked by Chu Kuangren's prowess. "The Heavenly Sword is incredible!"

Everyone also noticed it.

Sure enough, Gu Qingshan's sword techniques were powerful and ever-changing, dazzling those who witnessed him in battle. However, all his attacks were dispelled by Chu Kuangren.

Using only the Void Sword, Chu Kuangren did not unleash any exquisite or flashy sword techniques.

He was merely using the most common forms of stabbing, slashing, thrusting, and hacking. However, he managed to dispel all of Gu Qingshan's various sword techniques using only those basic forms of sword techniques!

"What level is his Sword Dao's cultivation at?" the Spiritual Sword Tribe Leader could not help but exclaim.

The Sword God King replied slowly with a few words, "Formless style and void of technique lead to endless styles and infinite techniques!"

Even he was not sure if he could match such a proficient level of Sword Dao cultivation.

Clang! Clang!

Sounds of metal colliding continued to reverberate through the area.

Gu Qingshan had seemingly used up every sword technique in his arsenal. His sword techniques were ever-changing. Some were quick, some were slow, some contained bolts of lightning, some were filled with evil auras...

By then, he had lost count of the swords he had used. Sometimes, he attacked with a broadsword, sometimes with a rapier...

No matter the techniques or swords he used, Chu Kuangren managed to block it effortlessly. Gu Qingshan could not hurt even a single strand of hair on his opponent!

On the contrary, even a casual swing from Chu Kuangren's sword frightened Gu Qingshan!

"You've proven yourself inferior to the Heavens in terms of Sword Dao and cultivation level. What else can you do to win against the Heavens, huh?"

Chu Kuangren twisted his sword, unleashing terrifying bursts of sword intent that forced his opponent back!

Gu Qingshan let out a long roar, and the runes in his eyes lit up brighter than ever.

His eyes were radiating with endless Immortal Sparks!

Then, he roared, releasing a torrent of sword qi into the sky. This time, his sword qi contained a faint blood-colored light!

"Ultimate Heavenly Sword, Bloodfall Heaven's Light!"

Gu Qingshan yelled as he channeled his power to the maximum. He even set alight his life essence, using its power to unleash an unprecedented scale of attack!

Upon seeing that, Chu Kuangren raised and swung his Void Sword.

"Sword of Invincibility!"

With a swing of his sword, the invincible attack illuminated the whole area, covering even the sun with its brilliant light!

Two sword shadows collided in the air.

In the next second, Gu Qingshan fell from the sky like a broken piece of cloth and landed on the ground. He was dripping with blood and covered with sword cuts all over.

He had lost!

Lying on the ground, Gu Qingshan's face was filled with nothing but confusion and disbelief.

Was he not the Heavenly Sword?

Was he not one of the Nine Kings?

Why did he still lose? Moreover, he was defeated in the Sword Dao, which he took pride in the most!

Where did he go wrong?

Tap, tap, tap...

Sounds of footsteps appeared as Chu Kuangren slowly walked toward him.

His emotionless gaze sent chills running down Gu Qingshan's spine.

Gu Qingshan could clearly sense his opponent's killing intent!

The expressions of the Sword God King and others, who were watching from afar, sank.

Just as Chu Kuangren raised his hand, someone cried, "Oh no!"

Although the Spiritual Sword Tribe Leader and others wanted to stop Chu Kuangren, they were restrained by an invisible force.

It was the Sword God King!

'What's happening?'

The Spiritual Sword Tribe Leader and others were puzzled. Why would the Sword God King stop them from saving Gu Qingshan?

He was the Spiritual Sword Tribe's Prodigy, after all!

Besides, he was a one-of-a-kind Heavenly Sword who could rival even Chu Kuangren. Not to mention, he was also one of the Nine Kings!

Whoosh!

A sword ray flashed past.

Gu Qingshan's field of vision was filled with the sword ray before he eventually lost consciousness.

All everyone else saw was Chu Kuangren swinging the Void Sword. Then, Gu Qingshan's head flew high up into the air before landing on the ground!

Gu Qingshan was dead!

From that day onward, Chu Kuangren would be the only Heavenly Sword in the world!

Watching the scene from afar on the Divine Sword Peak, the Spiritual Sword Tribe Leader was struck with grief and sorrow because that was one of the Nine Kings!

He was one of the Nine Kings from the Spiritual Sword Tribe!

Unfortunately, that person was now dead. If he were still alive, he would definitely become the Spiritual Sword Tribe's main pillar of support!

"Why, Sword God King? Why?!"

The Spiritual Sword Tribe Leader looked at the Sword God King in confusion. He wanted to save Gu Qingshan earlier, but the Sword God King stopped him.

"He can't be saved."

The Sword God King explained, "Because of this matter, there's a rift between you and the Heavenly Sword. Furthermore, Gu Qingshan was intent on killing the Heavenly Sword earlier, so it's normal for the Heavenly Sword to retaliate in the same manner. If you were to interfere and save Gu Qingshan, you would've burned every bridge possible with the Heavenly Sword. This will only bring misfortune and harm to the Spiritual Sword Tribe!"

He understood everything clearly.

There could only be one Heavenly Sword in the Spiritual Sword Tribe!

Besides, Gu Qingshan was definitely attacking with killing intent earlier. According to Chu Kuangren's character, he would certainly kill Gu Qingshan, and no one could stop him!

Stopping him also meant forcing him to sever all ties with the Spiritual Sword Tribe.

On one side, there was Gu Qingshan, and on the other, there was the Heavenly Sword who was far stronger than him. It would not be hard to choose between the two.

In other words, Chu Kuangren's talents greatly surpassed that of Gu Qingshan!

The Spiritual Sword Tribe Leader pondered and soon accepted that fact. However, he was still very saddened by it. "No matter what, that person was one of the Nine Kings!"

"It doesn't matter. Another more powerful candidate of the Nine Kings will be born in the Spiritual Sword Tribe!" the Sword God King said confidently.

He looked at Chu Kuangren's figure and became more excited. "Possessing not only the Heavenly Sword's talents but also the King's Mark, this person's achievements will certainly surpass mine in the future!"

Meanwhile, Chu Kuangren also noticed the commotion on the Divine Sword Peak.

"Oh, not stopping me from killing him, huh? You truly are a good schemer, Sword God King."

Chu Kuangren's impression of the Sword God King improved.

'No wonder the Sword God King could maintain the Spiritual Sword Tribe's status as a King Tribe even after the Thousand Sword Calamity. Moreover, he managed to do all that alone too. His insights and skill in grasping the bigger picture of the situation are far beyond the Spiritual Sword Tribe Leader's.'

Besides, Chu Kuangren was not only the Heavenly Sword.

He also possessed the Fully Realized Overlord Physique.

If that relationship was utilized well, the Heavenly Sword would become the bond that tied the Conqueror Tribe to the Spiritual Sword Tribe!

Chu Kuangren believed that the Sword God King had taken that into account as well.

Just then, a ray of white light appeared from Gu Qingshan's corpse, and the light contained an extremely mysterious rune.

It was the King's Mark!

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1770: A Blank White Strand of Dao, The Eternal-tier Reward, The Divine Destiny Temple**

Whoosh!

The King's Mark immediately turned into a ray of light and tried to flee.

However, Chu Kuangren snorted softly, and a mysterious Arch Gilded Intent flowed out from his body!

In that instant, the surrounding space and time froze!

It was a Space-time Arch Gilded Intent!

Under the effects of that Arch Gilded Intent, the King's Mark was trapped in mid-air and could not escape. Only its white light continued flickering in the air.

Upon seeing that, Chu Kuangren reached out and grabbed that white light.

Unexpectedly, that white light directly entered the palm of his hand, turning into the mark of a rune that later disappeared.

However, Chu Kuangren could sense an additional power inside his body!

"Lil Ai, I want a thorough analysis of this."

"Roger!" Lil Ai replied and started analyzing.

For the time being, Chu Kuangren left it be. His figure flashed the next instant and arrived at the Divine Sword Peak.

Following his arrival, the Spiritual Sword Tribe Prodigies looked at him with utmost respect. Chu Kuangren ignored them, shot a glance at the Sword God King, and said nothing.

The Sword God King was silent for a while before he said, "We handled the matter poorly, and that's what caused this misunderstanding. We're sorry, Heavenly Sword."

They initially thought that Chu Kuangren was impersonating the Heavenly Sword. That was why they allowed Gu Qingshan to take action without questioning him. Unexpectedly, Gu Qingshan ended up getting himself killed.

"There better not be a second time," Chu Kuangren said indifferently.

Actually, he was not too angry about it. After all, the Spiritual Sword Tribe was just a cover for him.

Besides, he could not ask for anything better than Gu Qingshan attacking him. It was only because of that he could get rid of one of the Nine Kings.

After dealing with Gu Qingshan, he did not return to the Central Heaven Temple immediately.

Instead, he returned to his cave residence in the Spiritual Sword Tribe. As he raised his hand, a white rune appeared in the center of his palm. It was the King's Mark.

After Lil Ai's analysis, Chu Kuangren managed to figure out what the King's Mark was.

It was a... Dao!

That was right. It was a complete strand of Dao — a blank Dao!

The reason it was blank was that Dao could change its form to complement its user's Dao!

For instance, when Gu Qingshan had the King's Mark, that Dao was filled with immense sharpness!

Now that he was dead, the Dao returned to its blank state.

"A blank Dao that can change its form according to the user and complement its user's Dao. No wonder the Nine Kings are so revered in this universe," Chu Kuangren mumbled.

However, he was not too interested in that strand of Dao.

He already had his own path of Dao, after all. If he were to refine the King's Mark, there was no telling what would happen then.

For Chu Kuangren, the King's Mark was nothing but another shackle.

The moment he refined it, it meant that he would be branded by this universe.

"Although I won't refine this, it shouldn't hurt to keep this with me for the time being."

He kept the item as it might be useful to him in the future.

Putting aside other aspects, he could use that strand of Dao to obtain a capable subordinate.

After keeping the King's Mark, he summoned the Fantasy Roulette.

"Congratulations, Host! You've obtained an Eternal-tier item, the Divine Destiny Temple!"

Boom!

Chu Kuangren's mind was blown!

'An Eternal-tier reward?!'

'Did I hear this wrong?!'

'It is an Eternal-tier reward!'

That was the first time Chu Kuangren had received an Eternal-tier reward since he transmigrated into the new body!

He even doubted the existence of such high-tier rewards. However, an Eternal-tier reward had found its way to him right now!

'Am... Am I dreaming?'

Despite Chu Kuangren having a rocksteady Daoist core, it shook a little.

He only had a handful of Transcendent-tier rewards so far. They were the Timespace Treasure, Tome of Physiques, Chaos Green Lotus, Lucky Halo, Omniscient Spirit, and Pocket Universe.

Any one of those rewards could send a whole universe into shock!

Each of them had provided tremendous benefits to him and was crucial to his cultivation journey, but now, he had obtained an Eternal-tier reward!

'What even is this thing?!'

Chu Kuangren took a deep breath and opened his inventory.

"Let's see what kind of item this Eternal-tier reward is."

Inside one of the grids in his inventory, the Eternal-tier reward called the Divine Destiny Temple was sitting there, brimming with bursts of golden brilliance. It was an extremely breathtaking and magnificent temple.

Chu Kuangren started to understand what the Divine Destiny Temple was the more he read its item description.

"I see."

"Alright. Retrieve the item," Chu Kuangren said calmly.

The next instant, Chu Kuangren disappeared into thin air.

The whole Central Heaven Universe trembled a little during that instant. A few great ones thought they sensed something, and a look of surprise appeared on their faces.

"What's happening?"

"There was a change in the Great Dao earlier. However, I can't seem to trace the source of that change..."

The entire Central Heaven Universe's Great Dao trembled just now as if it was frightened of something.

Even some of the Primordial great ones felt uneasy about it.

It was just too terrifying.

Despite being Primordials, they could never transcend the restrictions of the universe's Great Dao. If something that could frighten the universe's Great Dao had appeared, what could it be?

Everyone had no idea.

Meanwhile, somewhere far away in an unknown dimension, a grand temple that had been forgotten over time suddenly radiated with dazzling light.

Waves of mysterious Daoist chimes came from within the temple, spreading in all directions across countless worlds and universes!

A few great ones who transcended the universe's Great Dao could sense something happening. Their gazes peered across countless universe barriers and dimensions and toward the direction of that divine temple.

However, a magnificent surge of intent flowed out, and the prying gazes were dispelled.

Those great ones immediately became afraid, so they quickly retracted their gazes.

They only caught a vague glimpse of a corner of that divine golden temple. However, just the mere sight of that corner was enough to shock them greatly.

"The existence of that temple is certainly not something that could be observed from any universe!"

"This forbidden place is definitely beyond my comprehension."

Inside the Divine Destiny Temple, a figure suddenly appeared. It was Chu Kuangren.

"Is this the Divine Destiny Temple?"

Looking at the grand temple with countless ancient runes engraved on its structure, Chu Kuangren could not help but exclaim at its magnificence.

Every inch and every corner of that divine temple exuded an inexplicable sense of mystery.

"Welcome, Master."

At that moment, a crisp and pleasant voice echoed from within the hall.

Chu Kuangren was not surprised to hear that voice.

The second he arrived at the temple, his mind was filled with information about the place.

He knew the voice speaking to him now was the Divine Temple's Spirit. The Temple Spirit was a being that served and supported the Divine Destiny Temple Lord.

"Temple Spirit, how many incomplete Life Contracts does the temple have?"

"Master, there are still eighteen thousand Life Contracts that have not yet been completed," the Temple Spirit said.

The Life Contract was a certain kind of contract the temple had.

The Divine Destiny Temple was a mysterious location that existed beyond countless universes. When those who received the temple's favors were dissatisfied with their destiny, they could come to the place and make a Life Contract with the Divine Destiny Temple Lord. They would usually exchange whatever they owned to receive the equivalent amount of favor from destiny.

However, there would always be greedy people who thought they could be the masters of their own destiny after receiving the Favor of Destiny from the temple. Those people were the ones who did not fulfill their Life Contracts.

That was the main reason the Divine Temple had so many incomplete Life Contracts.

Now that he had become the Divine Destiny Temple Lord, one of the things he must do was hand out punishment to the people who violated their Life Contracts and retrieve those Favors of Destiny from them.
