Chapter 1801: He's Taken, Are You Really The Chief? Counterattack At Ji Clan

Back at the Hundred Academy, following Ji Wuming's fall, the Ji clan's million-soldier army's morale and fighting spirit was crushed.

While the Eight Great Generals were distracted, Mister Lu, Chao Yun, and the others seized the opportunity to kill one of them.

The remaining seven panicked and started to scatter away.

"Hahaha! Ji clan's dogs, aren't you here to destroy the Hundred Academy? Come on!" Wang Chentian cackled with excitement.

He wielded his Overlord Halberd and charged into the millions of enemies, bathing in their blood as he obliterated the soldiers with every swing of his halberd.

Chu Kuangren stood where he was, looking calm and indifferent. He did not go after the remaining Great Generals or the soldiers. Instead, he watched on calmly.

Further away on a mountain peak, a young man holding a large seal was looking at Chu Kuangren calmly.

The seal in his hand was the Kongtong Seal, the seal that Chu Kuangren blasted away earlier.

He looked at Chu Kuangren and muttered, "So this is the madman who dominated the Immortal World for the past few decades? He's really something else."

Then, his figure disappeared in a flash.

"A familiar presence... He's from the Immortal Hall," Chu Kuangren muttered.

Unfortunately, he did not have Lil Ai with him in this universe, or he could have scanned the person for his information.

However, he was not overly concerned. He could sense the man's cultivation level and confirm that the man was not much of a threat.

Looking at the Ji clan's warships turning away, Chu Kuangren pointed his sword hand sign and unleashed his Arch Gilded Intent into a massively powerful slash.

The dominating aura crushed the void and destroyed all the warships in an instant.

Wang Chentian could not help but gulp nervously at the slash.

He had charged into the enemy and went on a killing spree, yet after killing more than he could count, he could not even achieve half of what the slash killed.

"Tsk, how powerful has the Chief become?" Wang Chentian clicked his tongue in awe.

The soldiers of the Ji clan fled in fear. Through that battle, Chu Kuangren's strength was displayed to all the forces and the entire Immortal World.

His display of power left all of them speechless.

"The monster is more terrifying than ever."

"He's at least ten times or a hundred times stronger than when he left. Where did he go in the past decade? How did he improve so fast?"

The sky-prides and Prodigies were in despair.

The familiar sense of fear and the familiar Chu Kuangren — the nightmare that had haunted them for years was back.

"I refuse to believe he's invincible."

"Yeah. We're all stronger than we were ten years ago. No matter how strong a person is, they will definitely have a weakness."

"I refuse to believe he's invincible as well."

Some of them refused to believe it even though they had just witnessed his power with their own eyes, especially the Prodigies who had just risen to the public's eye in recent years.

They had not faced off against Chu Kuangren before, so they remained proud and eager to challenge him.

However, all they needed was the merciless reality punching them in their faces.

...

"Chief, welcome back."

"Chief, it's good to have you back!"

"Master..."

Cao Yun, Wang Chentian, and the others went up to Chu Kuangren with excitement.

Fu Yin might not be with the academy, but she was also Chu Kuangren's follower and was really glad that he was back.

However, she suddenly realized a beautiful woman in an elegant dress and with a noble presence beside Chu Kuangren.

She was standing extremely close to Chu Kuangren, so close that Fu Yin thought it was Lan Yu because only she had the opportunity to be so close to him.

The woman must be someone important to Chu Kuangren.

In fact, not only Fu Yin, but the other female cultivators of the academy also sensed the unusual interaction between Chu Kuangren and Gu Linglong.

"Master, who might this be..." Fu Yin asked curiously as she looked at Gu Linglong.

"This is Linglong, my wife."

Chu Kuangren did not hide it and acknowledged Gu Linglong as his wife in front of them all.

As soon as his words subsided, everyone else was rendered speechless.

Everyone's eyes widened in shock as they looked at Chu Kuangren in disbelief. In fact, they were even more surprised than seeing a Primordial in person.

"C-Chief, what did you say? Who is she?"

"My wife."

"Impossible! Are you really the Chief?!" Wang Chentian cried in disbelief.

Chu Kuangren was married?!

The one and only Chu Kuangren had a wife?!

Could anyone imagine what it was like to be the wife of Chu Kuangren?

All the female cultivators in the academy were stunned. At that moment, they felt like the sky had collapsed on them.

"The Chief is taken!? I'm heartbroken!"

"Impossible! I must be dreaming! I must be dreaming! Haha! The weather today is great!"

"The Chief's wife? I feel like I'm going to die. Someone help me."

Fu Yin and the others were heartbroken.

They never thought there was a woman in this world who could win Chu Kuangren's heart.

"Master, when were you married?"

"A long time ago. I was married before I became an Immortal."

The girls felt better after hearing his explanation.

It turned out he was married before he arrived at the Hundred Academy.

It also explained why the Chief never had any scandals with any woman throughout the years or anyone getting his attention.

He was already married.

There were many beautiful maidens in the Immortal World, yet none could win his heart.

His heart was with Gu Linglong from the very beginning.

With that, they all looked at Gu Linglong with jealousy and envy.

After reuniting with the folks from the academy, Chu Kuangren said, "I'm going to the Ji clan next."

"I'm coming with you," an indifferent voice said.

Further away, a man came over on a donkey, and he resembled a polite scholar.

However, Mister Lu and the others immediately bowed when they saw him.

It was Mister Zhang, the only Embodier of the Hundred Academy.

"I'm coming with you to the Ji clan," Mister Zhang said strongly.

The Ji clan's attack on the Hundred Academy as an act of human extermination crossed Mister Zhang's boundaries.

Even if it cost him his life, Mister Zhang must make the Ji clan pay for what they did.

"The Ji clan also has an Embodier. I can help you to stall him."

"Very well." Chu Kuangren nodded.

"We're going as well!"

"We cannot let the Ji clan look down at the academy!"

"It's rude for us not to return the favor. If Ji clan launched an attack on the academy, we should return the favor as well."

Mister Zhang, Cao Yun, and the others voiced their opinions in succession.

After a quick preparation, other than Mister Lu, who stayed back to oversee the academy, they all headed to the Ji clan under Chu Kuangren's lead.

Suddenly, the positions of the Ji clan and the Hundred Academy were swapped, and it surprised many others.

"Is the Hundred Academy launching an attack on the Ji clan?"

"With Chu Kuangren leading the charge, the battle will be extraordinary. The Ji clan has done it this time."

"Hmph! This isn't just the battle between the Ji clan and the Hundred Academy. It's a battle between the Immortal Hall and the human race. Once the Hundred Academy, led by Chu Kuangren who is a human, is defeated, the Immortal Hall will have no more obstacles to reign supreme. The humans will forever be the Immortal Hall's slaves."

"This battle with the Ji clan is going to be huge."

Everyone looked forward to the battle.

Back at the Ji clan, the remaining seven Great Generals came back with the news, and it shook the entire clan.

Unparalleled After Ten Consecutive Draws

Chapter 1802

"My Lord, what are we going to do?"

The elders of the Ji clan looked at a young man.

The young man had a golden tablet in his hand, and mystical runes were circulating around it.

If the Ji clan was in charge of the deification, the young man would be the owner of the Great Deification Tablet, the one who made all the decisions.

His name was Jiang Zilang, one of the seventy-two Immortal Prides on the Heavenly Will Leaderboard.

He was also the newly appointed Qinghua Imperial Commander of the Immortal Hall.

"Chu Kuangren... Don't worry. I've informed the Immortal Hall. The Immortal Hall's Embodier might not be able to interfere, but help is already on the way," Jiang Zilang said.

"My Lord, can I ask who the Immortal Hall is sending over?"

Even Ji Wuming, a Great Perfected Arch Gilded Immortal, died at the hands of Chu Kuangren. If an Embodier could not come, no one would be able to hold Chu Kuangren back.

"The Four Great Heavenly Kings of the Immortal Hall," Jiang Zilang said.

Upon hearing that, the crowd's eyes lit up.

The Four Great Heavenly Kings were well-known elites of the Immortal Hall during ancient times. Although the original Four Great Heavenly Kings had fallen, the Four Great Heavenly Kings of this era had inherited their titles and power and could even rival the original in terms of power.

If they were to come forth to lend a helping hand, the Ji clan would stand a chance against Chu Kuangren.

With that, everyone in the Ji clan breathed a sigh of relief.

"Other than the Four Great Heavenly Kings, the Four Division Army and the Imperial Spirit Army of the Eastern Sovereign Immortal Hall are also coming. There'll be... a total of eighty million soldiers!"

Eighty million soldiers?!

The two great Immortal Halls were rivals, but they always shared a common goal when it came to deification.

Hence, they joined forces and sent a large army just to help.

"With the Four Great Heavenly Kings and the army of eighty million soldiers, I'd like to see how Chu Kuangren's army can challenge us."

"Chu Kuangren should know it was a mistake for him to target us as soon as he came back. The Ji clan is not a toy he can trample at will."

"Yeah!"

Everyone in the Ji clan breathed a sigh of relief.

"It's still unclear whether Chu Kuangren can make it through our great formation." One of the elders grinned.

Around the Ji clan's territory, walls were erected and overlaid against each other to form a huge barrier of eight hundred walls.

It was the Ji clan's defensive formation, the Eight Hundred Ancient State Formation.

Each wall, or barrier, contained the power to withstand an Arch Gilded Immortal's attack.

Even though it could only hold back the attack of a Trinity Flower Arch Gilded Immortal, when eight hundred of them were overlaid together, even a Great Perfected Arch Gilded Immortal would have a difficult time breaking through them.

In terms of mystical defensive power, it could rival the Hundred Academy's Holy Word Formation.

A while later, a warship arrived outside the Ji clan's territory.

On it were the students of the academy, and the leading figure was a man in white.

When the Ji clan saw him, their eyes widened in fear.

Even though the Ji clan was no longer afraid of the incoming attack, when they saw Chu Kuangren with their own eyes, their hearts wavered.

He was the maddest man throughout eternity, after all!

"Ji clan, today, you all shall pay for launching an attack on the Hundred Academy." An indifferent voice echoed in the sky.

It belonged not to Chu Kuangren but to Mister Zhang, who was beside Chu Kuangren.

Having grown up in the academy, Mister Zhang was emotionally connected to the place, and the Ji clan's horrendous act infuriated him.

He stepped forward and released the power of an Embodier.

Then, poems and scriptures formed by the power of Daoist law were launched at the Ji clan.

At the same time, Daoist law energy erupted from within the Ji clan and formed a sword. The powerful slash destroyed all the poems and scriptures in the sky.

The Embodier of the Ji clan had responded.

It was an old man with white hair and a beard, but he looked really healthy for his age. He was in golden robes and emanated a dignified aura.

"This is the Ji clan's territory, the land of the Heavenly Daoists! This is not a place for you people to cause a scene."

"What land of the Heavenly Daoists? This is just a land of slaves that flatters the superior power!" Mister Zhang said indifferently as he channeled his Daoist law power again.

When the Ji clan attacked the Hundred Academy, the old man from the Ji clan fought Mister Zhang to stall him, so he knew what Mister Zhang could do.

Now, with the Hundred Academy counterattacking, the old man fought Mister Zhang again.

However, the impact this time was fiercer than before. The clash was so strong that the entire sky above the Ji clan was shrouded by countless lights from the Daoist law.

Daoist laws collided with each other, painting a mystical scene in the sky.

Some cultivators watched as the Embodiers fought each other and were so engrossed in it.

Chu Kuangren, on the other hand, did not find it interesting as he had seen many Embodiers in his life.

He looked at the Ji clan behind the Eight Hundred Ancient State Formation and said, "Is there a second Embodier in the Ji clan?"

He took a step out.

A terrifying sword aura erupted as if a superior Immortal King had descended.

As he raised his hand, Immortal's Core energy erupted and attacked the Ji clan's defensive formation.

The deafening bang from the collision shook the heavens and echoed across the universe.

Suddenly, Chu Kuangren unsheathed the Heaven Stabilizer.

The sword had runes circulating it and was shining with countless Immortal Sparks.

He channeled his energy to the limit, and his Invincible Self-Empowering Arch Gilded Intent was boosted to its peak. With that, the Battle Secret Art, Chiyou Demonic Pattern, and the Hundred Academy's Three Great Conjurations were all activated.

All kinds of secret techniques that amplified his strength and conjurations that boosted his energy cast in succession.

Then, he swung his sword at the defensive formation. The sword ray that was tens of thousands of kilometers in length and carrying the strongest murderous intent shot out.

It was the Immortal Destruction Sword Qi's final form!

The blinding sword ray from the slash forced everyone in the Ji clan to close their eyes. The sword aura from the sword attack made them shudder even though they were behind the defensive formation.

Kaboom!

Following an earth-shattering explosion, all eight hundred walls in the Eight Hundred Ancient States Formation were destroyed.

The Ji clan's strongest defensive formation was destroyed with one slash!

Endless rampaging sword qi landed on the Ji clan's territory, wreaking havoc like it was the end of the world; everything in its path was destroyed.

A few moments later, the Ji clan's land was slashed in half.

Countless Ji clan members were killed by the slash. It was just one slash, but it killed more than one-third of the clan members.

On top of that, the Ji clan's territory was destroyed, and the Eight Hundred Ancient State Formation was ruined.

The power of one slash shocked every cultivator who saw the scene.

"What a terrifying sword attack! That attack is probably the limit of a Great Perfected Arch Gilded Immortal."

"Is he breaking through to an Embodier soon?"

"No. His Arch Gilded Intent is only at the Fifth Step. He's still quite far from breaking through to become an Embodier, but it's undeniable that the attack is the limit of an Arch Gilded Immortal."

"Chu Kuangren is really a terrifying existence."

The entire Immortal World was shocked, especially the Immortal Prides on the Heavenly Will Leaderboard.

Were they supposed to fight someone like that for the position of the Immortal World Ruler?

Could they win?

"Chu Kuangren, how dare you!"

Jiang Zilang flew out from the rubble of the ruins and pulled out a weapon that resembled a copper mace.

It was the God-Beating Whip!

He threw a whip carrying white Immortal Sparks at Chu Kuangren.

The whip struck Chu Kuangren but did not do any damage to his body.

On the contrary, Chu Kuangren swung his sleeve and released a vast surge of Immortal's Core energy at Jiang Zilang, capturing him.

"Today, I will level the Ji clan to the ground! I will kill whoever stands in my way, be it human, Gods, or even the Heavens!"

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1803

Chu Kuangren's stern and firm voice reverberated throughout the realm.

Anyone who stood in his way would be eliminated, be it human, Gods, or the Heavens!

His terrifying aura swept across the universe.

The great palm formed from his Immortal's Core power caught Jiang Zilang. Then, Chu Kuangren closed his fingers into a fist and unleashed more rampant Immortal's Core energy to crush his opponent.

"Ah!"

A painful scream echoed in the sky.

Jiang Zilang was bleeding in all seven of his orifices and in great pain. He could feel his bones breaking and his flesh being squeezed.

The only thing stopping him from blowing up was the layer of golden Immortal Sparks around him.

They were from the God-Beating Whip and the Great Deitification Tablet.

"Release the Imperial Commander!"

"When the Four Great Heavenly Kings arrive, you will pay for your crimes!"

The Ji clan's elders shouted angrily at Chu Kuangren, but they dared not do anything to save Jiang Zilang because of Chu Kuangren's absolute power.

"Oh? An Imperial Commander?"

Chu Kuangren looked at Jiang Zilang and smiled pensively. Then, his eyes turned cold as he said, "But I've killed many Imperial Commanders."

Bang!

With the power of his Immortal's Core energy increased, even the Great Deitification Tablet and the God-Beating Whip could no longer protect Jiang Zilang.

Bang!

A cloud of blood mist exploded in the air.

One of the seventy-two Immortal Prides, who was the new Qinghua Imperial Commander, Jiang Zilang, was killed.

The God-Beating Whip and Great Deitification ended up in Chu Kuangren's hands.

However, the God-Beating Whip was just a Pseudo Source Supreme Treasure, so he was not interested in it.

He toyed around with the Great Deitification Tablet before opening it, only to see a list of names appearing above it.

Some of the names on the tablet glowed in faint golden color, and their souls seemed to be restricted by the tablet.

Some other names were in black, and their souls were still free. However, most of them were from the Hundred Academy.

Chu Kuangren even saw Lan Yu, Shang Honghua, and Chu Hong's names on it.

"Hahaha! This is great! So this is the Great Deitification Tablet!" Chu Kuangren laughed.

He then tossed the tablet in the air and injected the Heaven Stabilizer with his Immortal's Core energy, channeling the Green Lotus' destructive power.

Following that, he swung his sword in the air.

"Chu Kuangren, how dare you!"

A powerful shout came from the sky, but it did not bother Chu Kuangren.

As soon as the Heaven Stabilizer slashed the Great Deitification Tablet, the vast sword qi from the blade gushed out and crushed the tablet into pieces.

Upon breaking, golden souls immediately flew out, and they were all the retrained souls.

All the souls floated in the air and bowed before Chu Kuangren, expressing their gratitude.

After that, the souls scattered into the air and disappeared with their regained freedom.

On the horizon, clouds rumbled as four terrifying bursts of energy swept over and enveloped the realm.

"Clang!" The sound of a pipa rang out.

A man holding a pipa came from the sky, and a terrifying Immortal's Core energy fluctuation was emanating from his body.

There were three more like him who arrived.

One of them held the Devastating Demon-slaying Sword, one of them held a giant umbrella engraved with countless runes, and one of them had a myrtle ferret on his back.

They were the Four Great Heavenly Kings of the Immortal Hall.

Each of them was a Great Perfected Arch Gilded Immortal, and with their arrival, terrifying energy fluctuations flooded the realm.

"It's the Four Great Heavenly Kings. They're finally here!"

"Rumor has it that they're so powerful that when they team up, no one is their match. Chu Kuangren is going to lose now that they're here."

"They're not just Great Perfected Arch Gilded Immortals. They also work well together, and the weapons in their hands are powerful."

The Ji clan members were delighted.

The man who wielded the sword was named Mo Liqing. He stared at Chu Kuangren with overflowing killing intent and bellowed, "Chu Kuangren, for killing another one of our Imperial Commanders, disrupting the deification process, and being so bold as to destroy the Great Deification Table, your crimes are punishable by death!"

As soon as he finished his sentence, the Four Great Heavenly Kings attacked. They each took a corner and surrounded Chu Kuangren.

Mo Liqing was first to attack with the sword in his hand, which was surrounded by wind and fire energy.

The black wind was made out of tens of thousands of spears and swords that could grind one into a million pieces, while the golden fire moved like a snake, releasing black fumes as it moved forward with scorching momentum. Even the void was distorted by its heat.

That attack was extremely powerful.

Chu Kuangren, however, chuckled and simply countered with a slash of his own. Sword rays shone, destroying the tens of thousands of spears and swords and the golden fiery snake.

After Mo Liqing, the other three Heavenly Kings attacked.

Mo Lihai held his jade pipa and played the strings elegantly. All four strings on the pipa represented earth, wind, water, and fire respectively.

When the pipa's strings were plucked, the energy of earth, wind, water, and fire manifested in succession and formed a boundless energy tide that drowned Chu Kuangren.

Seeing that, Chu Kuangren unleashed another slash with the Heavenly Stabilizer.

However, Mo Lihong followed up with his attack by opening his giant umbrella further away. The umbrella was known as the Primordial Umbrella.

When the umbrella opened, it instantly shadowed the sun and moon and darkened the realm.

On top of that, a powerful suction force appeared from the umbrella and tried to suck away the Heaven Stabilizer from Chu Kuangren.

Chu Kuangren's movement was restricted for a moment, and it became a flaw for the four of them to exploit.

Mo Lihai seized the opportunity to play his pipa fiercer. The energy of the earth, wind, water, and fire continued to shatter the void.

"Oh? Interesting."

Chu Kuangren held the Heaven Stabilizer tightly with one hand while throwing a punch out with another.

The fist energy mitigated the earth, wind, water, and fire energy.

Then, he injected even more Immortal's Core energy into the Heaven Stabilizer to resist the suction force from the umbrella.

Suddenly, a ferret jumped onto Chu Kuangren.

It was the wild beast under Mo Lishou's command, and it looked just like a normal ferret.

However, its body rapidly grew when it approached Chu Kuangren and transformed into a ferocious winged beast with a massive mouth.

Its terrible breath assaulted Chu Kuangren's nose.

"Animal! Down!"

Chu Kuangren turned his sword to the wild beast. The sword qi stirred up a tornado and sent the wild beast flying away.

The first wave of attacks from the Four Great Heavenly Kings was mitigated easily.

Despite that, the four remained in position with their guards up. Their Immortal's Core energy swirled, preparing for the next round of attack.

"Chu Kuangren, not many cultivators could survive our consecutive attacks, and you're one of them," Mo Liqing said.

"But if you think that's enough to fight us, you're making a terrible mistake. That is but a test," Mo Lishou scoffed.

The audience watching from the void was in awe.

"The Four Great Heavenly Kings of the Immortal Hall are really something!"

"Yeah. With all four of them working together, no one under Embodier Realm is their match. Chu Kuangren is in danger."

"I'm sure the Immortal Hall will send more than just the Four Great Heavenly Kings. Reinforcements are on their way."

"You're right..."

Heated discussions sparked among the audience.

Meanwhile, the others from the academy joined the battle as well.

Cao Yun, Wang Chentian, and the others fought the Ji clan's elders.

The noise of war sounded in succession.

"Kill him!"

Mo Liqing held his sword, and together with his other three comrades, they attacked again.

Roar!

A fierce dragon roar sounded from Chu Kuangren.

In the next moment, nine True Emperor Dragons rose to the sky and surrounded Chu Kuangren.

The True Emperor Dragons had returned!

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1804

True Emperor Dragons appeared once again in the Immortal World. Each dragon was over three million meters long, carrying a terrifying aura that distorted the void around it.

At that moment, Chu Kuangren's energy reached its peak.

"That's the Ultimate Human Emperor Technique!"

Everyone was shocked as they were no strangers to the technique unique to the Human Emperor.

"Over three million meters long True Emperor Dragons? Where did he get that kind of human fortune?!" Mo Liqing asked seriously.

The Ultimate Human Emperor Technique required a lot of human fortune to reach its ultimate form.

However, in the current Immortal World, the human race was under the Immortal Hall's control, so where did Chu Kuangren get that much fortune to cultivate the technique to such a high level?

"I heard he founded an empire beyond the Immortal World. It seems like it's true," Mo Lihong said.

"Regardless, we must be careful."

With the buff from the True Emperor Dragon, Chu Kuangren's terrifying aura was at peak of the Great Perfected Arch Gilded Immortal Realm.

Every move he made released boundless Immortals Sparks that could flood and crush a planet. He was like the superior Human Emperor that triumphed over all.

"Roar!"

The myrtle ferret beside Mo Lishou roared and grew larger before throwing itself toward Chu Kuangren.

"Fool," Chu Kuangren said with a grunt.

The True Emperor Dragons reacted.

All nine dragons launched themselves at the giant ferret. They were countless times more terrifying than the ferret, and in a blink of an eye, the dragons tore the ferret into countless pieces.

"Argh! My ferret!"

Mo Lishou felt so infuriated that his eyes were bloodshot and his face was red.

He had had the ferret for many years, so how could he accept it dying terribly in front of his eyes?

"Chu Kuangren, I'll kill you!" Mo Lishou roared and dashed forward in the form of a lightning bolt.

At the same time, he cast various Immortal Techniques at Chu Kuangren in succession.

Chu Kuangren, however, was unfazed. He raised his hand and released his Immortal's Core energy that had a layer of gold to it. With the buff from the True Emperor Dragons, he blasted it at the incoming attacks.

All the Immortal Techniques were crushed and destroyed.

Mo Lishou was a Great Perfected Arch Gilded Immortal, but he could not withstand the blast of energy. He was sent flying backward, with blood gushing out from his mouth.

"Fourth Brother!"

The other three responded by casting their own techniques at Chu Kuangren.

Mo Liqing swung his sword in a flurry, releasing sword ray after sword ray. The wind and fire that contained tens of thousands of spears and swords and the golden fiery snake were hurled at Chu Kuangren again.

"Your sword is impure, and the technique is useless."

Chu Kuangren gripped the Heaven Stabilizer, channeled his Immortal's Core energy, and swung his sword forward. The sharp and domineering sword ray shone in all directions and enveloped Mo Liqing whole.

Immortal Destruction Sword Qi, Immortal Collapse!

When the two different sword qi clashed, it was Mo Liqing who fell into a disadvantageous position.

Sword qi then ravaged his body, leaving more than a dozen bloody slash marks on his body. He bled profusely and soon turned into a bloody mannequin.

"Chu Kuangren, this is as far as you go!"

Mo Lihai continued to pluck his pipa, playing a powerful melody containing the power of earth, wind, water, and fire as an attack at Chu Kuangren.

"It hurts my ears." Chu Kuangren scowled and unleashed another slash at Mo Lihai.

Mo Lihai's expression sank. Under the sword qi's attack, the strings of the jade pipa he wielded broke.

Before Chu Kuangren could follow up with a lethal blow, a large shadow appeared above him and covered the sun.

It was the Primordial Umbrella!

The umbrella expanded into the size of the sky and attempted to capture Chu Kuangren.

"Immortal Destruction!"

Chu Kuangren swung his sword again and cast the final technique of Immortal Destruction Sword Qi.

With the buff of the nine True Emperor Dragons, the powerful slash was surging with Arch Gilded Immortal Intent that was as strong as a tsunami. Then, the dazzling sword ray formed a light pillar and perforated the umbrella.

An explosion erupted in the sky, tearing a large opening in the dark sky above Chu Kuangren.

Mo Lihong felt heartbroken seeing his umbrella destroyed by Chu Kuangren. "My umbrella!"

The Four Great Heavenly Kings had teamed up to attack Chu Kuangren, but they all ended up injured. The ferret was killed, the pipa's strings broke, and the umbrella had a hole in it.

That dominating power shook everyone to the core and struck fear in their hearts.

As they looked at the man in the sky surrounded by nine dragons, their eyes flickered in fear.

They thought they were looking at the Human Emperor of ancient times making a return.

Countless humans were moved by the scene.

Chu Kuangren stood in the air, looking at the injured Four Great Heavenly Kings and their destroyed weapons with an indifferent look.

He swung the Heavenly Stabilizer again, and the runes on it shone once more.

"The Four Great Heavenly Kings are nothing," Chu Kuangren said indifferently and wanted to deliver the final blow.

Just then, a massive crack appeared in the void, and a loud and unison stampede sounded.

Warships flew out from the void, followed by stern-looking armored soldiers.

There were soldiers who possessed the power of lightning, the power of a tornado, the power of fire, and also the power of water.

They were the army of the Immortal Hall's Four Divisions.

Among the army, there were also a few Arch Gilded Immortals who were as powerful as the Four Great Heavenly Kings.

They glanced at the battlefield when they arrived and ultimately locked on to Chu Kuangren.

At that moment, another large crack opened on the other side of the void.

Soldiers equipped with runed armor marched out of the crack, riding either chariots or wild beasts.

They possessed a grand and powerful aura that rivaled the army of the Four Divisions.

It was the Eastern Sovereign Immortal Hall's Imperial Spirit Army!

The Four Division Army and the Imperial Spirit Army, a total of eighty million soldiers, had arrived. The aura from the military formation alone was enough to suffocate the audience.

"Hahaha! The reinforcements are here!" Mo Liqing cackled.

The elders of the Ji clan were delighted as well.

"Even the Restricted Area has to take such a massive army seriously," a Restricted Area's Arch Gilded Immortal said in shock.

The others looked at Chu Kuangren and could not help but shake their heads, pitying him.

"With such a large army here, no matter how capable Chu Kuangren is, he won't be able to destroy the Ji clan completely."

"That is unless he asks the Seven Celestial Demons for help. But even then, the Immortal Hall's Embodier wouldn't allow to the situation exacerbate."

"This isn't just the battle between the Hundred Academy and the Ji clan. It's the battle between the human race and Immortal Hall."

Chatters could be heard from the crowd.

They all looked at Chu Kuangren curiously, wondering how he would respond.

"Chu Kuangren, surrender now!" Mo Liqing shouted.

"Eight million soldiers? It seems the Immortal Hall sees the Ji clan as an important ally, but it doesn't change anything. I said I will level the Ji clan to the ground, and I intend to do it."

As soon as he said that, a massive planet beyond the sky shone brightly.

A beam of light shot out from the planet and landed on the Ji clan's territory.

Then, countless figures started to emerge from the pillar of light. They were the forces from the Violet Emperor Planet that Jue Wushen led, and there were almost ten million of them.

The cultivators of the Celestial Demon Tribe were among them as well. However, that was not the end.

Chu Kuangren swung his sleeve and summoned a massive Hell's Gate from the ground, with endless Yin qi erupting from within.

Underworld Soldiers rushed out like the tide, and the Yin qi, rage qi, and death qi filled the sky above the Ji clan.

"I, Meng Yi, am here to serve the Emperor and charge toward the enemy!"

Meng Yi shouted, leading a million of Emperor Qin's Underworld Terracotta Army out of the Underworld.

Every warrior looked stern and was filled with battle intent.

The Underworld Terracotta Army was an army forged solely for war and destruction.

Although there were only a million of them, the aura they released rivaled that of the eighty million Immortal Hall soldiers.

Unparalleled After Ten Consecutive Draws

Chapter 1805: Equinox Flower, Desire Flower, How Charming Are They?

Eighty million Immortal Hall soldiers arrived at the Ji clan's territory.

However, Chu Kuangren summoned his own forces from the Holy Violet Emperor Planet and the Underworld.

The Underworld Terracotta Army stood out from the rest with its terrifying presence.

Other than the soldiers, there were elites from different fields as well.

For example, the Magistrates from the Underworld and King Yama — every one of them was a powerful Arch Gilded Immortal.

Although the three Embodiers of the Underworld could not easily travel across the border of the living and the dead, the Immortal Hall's Embodier had his hands tied as well.

"Kill them!" Chu Kuangren raised his hand.

As soon as the signal was given, the Underworld Terracotta Army and Celestial Demon cultivators charged toward the Ji clan. All kinds of Immortal Techniques were casted, raining down at the Ji clan like a massive tsunami.

The terrifying energy shocked every single one of the Ji clan members.

Of course, with the reinforcements from the Immortal Hall here, they would not just sit back and allow the attack on the Ji clan to happen.

Everyone knew the battle was not just about the Ji clan's survival, but the Immortal Hall's reputation and dignity were also involved.

Should the Ji clan fall, the Immortal Hall's reputation and dignity would be severely damaged, and it would challenge their position as the overlord of the Immortal World.

On the other hand, should Chu Kuangren win, the Human Emperor might make a comeback.

"Attack!" Mo Liqing of the Four Great Heavenly Kings shouted.

Eighty million soldiers of the Immortal Hall charged forward and clashed with the army from the Underworld.

The Four Great Heavenly Kings continued to fight Chu Kuangren while the other Great Perfected Arch Gilded Immortals fought the Magistrates and King Yama.

The flame of war was ignited, and it scorched the battlefield fiercely.

The battle shook the heavens and trembled the earth.

The two Embodiers were fighting higher in the sky. The clash between Daoist laws was like a clash between two planets, causing multiple powerful explosions.

All the cultivators in the Immortal World could sense the sheer power of the battle.

"Who would've thought this battle would end up as a full-scale war?"

"To think Chu Kuangren started a war as soon as he came back. I'm afraid the Immortal Hall's Embodier won't just sit still and watch."

"However, the Seven Celestial Demons won't allow the Embodier to interfere as well."

Then, a loud dragon roar sounded from further away.

An armored figure wielding a fiery red spear joined the battle.

It was a woman who had a valiant presence. As she swung the spear around, a crimson dragon and a golden dragon intertwined around her. The power of the twin dragon was mighty.

There was only one person throughout the entire Immortal World who could control the power of the twin dragon.

It was one of the seventy-two Immortal Pride, Shang Honghua!

"You're here!"

Jue Wushen channeled his Celestial Demon energy as he raised his hand, blasting the Immortal Hall soldiers into clouds of blood mist.

He glanced at Shang Honghua with a smile.

"Hahaha! The King is back. How can I not be here?"

Shang Honghua released a war cry as she raised her spear high. "As the twin dragon roars, blood shall be shed!"

The Blood Demon Dragon rose to the sky and roared as it flew across the battlefield, killing the soldiers with its might. Not even a Gilded Immortal was its match.

Jue Wushen and Shang Honghua teamed up beautifully and fought the enemies.

As Chu Kuangren's strongest followers, they had already broken through to the Five Qi Arch Gilded Immortal Realm.

In addition, Jue Wushen possessed the Chaos Celestial Demon Physique and Shang Honghua possessed the Twin Dragon power. They were a lot stronger than the common Five Qi Arch Gilded Immortals.

"Kill Jue Wushen and Shang Honghua first!"

One of the Great Perfected Arch Gilded Immortals of the Four Divisions locked onto the two of them, with killing intents overflowing from his eyes.

He flew toward the two Immortal Prides and unleashed a slash that contained a dazzling sword ray.

Jue Wushen and Shang Honghua teamed up again to block the incoming slash.

"Lightning Dragon Sword!"

The Great Perfected Arch Gilded Immortal naturally would not stop there. After his first attack was blocked, he channeled his Immortal's Core energy to the limit and unleashed another attack.

The domineering sword qi rose into the air and intertwined to form a ferocious lightning dragon shadow.

Shang Honghua and Jue Wushen's expressions turned grim.

On the other side of the sky, the Four Great Heavenly Kings of the Immortal Hall stared at Chu Kuangren coldly.

"Chu Kuangren, so what if you've got your own army? The Immortal Hall is filled with elites, and other than us four brothers, several more Great Perfected Arch Gilded Immortals are joining the battle. However, the Holy Violet Emperor Planet doesn't have any Great Perfected Arch Gilded Immortals, and how many are there from the Underworld?" Mo Liqing scoffed.

"Would you like to find out?" Chu Kuangren smiled confidently.

"Hmph! Chu Kuangren, you're too confident. Just you wait. The Great Perfected Arch Gilded Immortal will kill Jue Wushen and Shang Honghua," Mo Lihong said coldly.

The rampaging lightning sword qi formed a dragon shadow that roared as it threw itself toward Jue Wushen and Shang Honghua.

Then, a girl in black and red robes walked out from Hell's Gate.

She left a trail of equinox flowers in her wake, and the soldiers of the Immortal Hall exploded into blood mists for just being in her presence.

Blood splattered everywhere and set off the equinox flowers even more.

"Is that... Hua Wuai?" Someone recognized the girl.

Hua Wuai was the first equinox flower in the universe and also the Divine Maiden of the Equinox Tribe.

"She's a Five Qi Arch Gilded Immortal?"

Some of them were surprised.

Although Hua Wuai was just a Five Qi Arch Gilded Immortal, everyone sensed something more terrifying than a Great Perfected Arch Gilded Immortal in her.

Hua Wuai glanced at the lightning dragon in the sky, and her eyes flickered.

As equinox flowers started to bloom in the sky, powerful and boundless Samsara energy erupted, sweeping across the battlefield.

The Great Perfected Arch Gilded Immortal was shocked, and he summoned the lightning dragon back to defend himself against the blast of Samsara energy.

He managed to block the attack, but it also destroyed the lightning dragon.

"Hua Wuai, are you going against the Immortal Hall as well? This is suicidal!"

Hua Wuai had a special place in the Underworld.

If she refused, not even the ruler of the Underworld could make her do anything.

Yet, she attacked the Immortal Hall soldiers for Chu Kuangren.

Hua Wuai's blood-red eyes looked indifferent when questioned by the Great Perfected Arch Gilded Immortal. There was not the slightest bit of emotion in her eyes.

She simply asked, "Do you want to die?"

Then, the equinox flowers on her black red robe came alive, looking extremely lively and vivid.

A terrifying Samsara energy that horrified the Great Perfected Arch Gilded Immortal scattered outward.

"Damn it!"

"Hua Wuai is the first equinox flower of the universe, so she possesses unusual power. She might just be a Five Qi Arch Gilded Immortal, but she's as powerful as a Great Perfected."

The Great Perfected Arch Gilded Immortal dared not take her lightly.

At that moment, one of the Great Perfected Arch Gilded Immortals from the Wind Division freed himself from the battle with one of the Underworld elites.

"I'll lend a hand!"

Then, an alluring aroma filled the void.

A beautiful flower bloomed on the ground, and countless tendrils expanded forward, blocking the way of the Wind Division's Great Perfected Arch Gilded Immortal.

"This is..."

The Wind Division's Great Perfected Arch Gilded Immortal looked at the strange flower.

A beautiful girl was smiling at him on top of the flower bud and looking at him as if he was prey.

"Desire Flower!"

The Wind Division's Great Perfected Arch Gilded Immortal recognized the flower immediately.

It was the Desire World's Source Flower!

"The equinox flower and then the Desire Flower? How charming is Chu Kuangren to win the hearts of the two flowers?"

Many of the cultivators of the Immortal Halls felt dispirited after learning the fact.

Unparalleled After Ten Consecutive Draws

Chapter 1806: The Embodier Makes A Move, The Ji Clan Collapses, Various Forces Are Feeling Uneasy

Whether it was Hua Wuai, the first ever Equinox Flower in the universe, or the Desire Flower, the Desire Realm's Source Flower, both their strengths were extraordinary and comparable to a Great Perfected Arch Gilded Immortal. As such, their move caused a huge change in the battle.

As the Equinox Flower bloomed in the void and samsara energy emanated, many soldiers collapsed and went into the cycle of rebirth.

Soon, countless vines stretched out from the Desire Flower. Many soldiers fell into the whirlpool of desire and could not extricate themselves as the vines danced between them.

It did not take long for the Desire Flower to devour their blood, flesh, and desire and turn them into nutrients.

The power of the two flowers raged on the battlefield and was almost unmatched.

With the help of the Underworld army, the Underworld Terracotta Army, and other forces, the Immortal Hall's eighty million armies were wiped out.

The Immortal Hall was defeated in that battle.

"It's your turn to die now!"

Chu Kuangren looked at the Immortal Hall's Four Great Heavenly Kings. With the Nine Dragon's energy surrounding him, he slashed the Heaven Stabilizer in his hand forward and channeled the Invincible Self-empowerment Arch Gilded Intent to its limit.

The sword ray spun out with magnificent sword intent!

Having taken the brunt of the impact, the sword in Mo Liqing's hand broke with a clunk, and he died as soon as his body was torn apart by the sword attack!

"Brother!"

"Damn it. Chu Kuangren, I'll fight you to death!"

The other three felt so indignant that they mobilized their Immortal's Cores to their limit and then recklessly launched suicidal attacks on Chu Kuangren!

If they had to die, they would drag Chu Kuangren down with them.

"You guys are not worthy of dying together with me!"

As Chu Kuangren slashed his sword forward casually, the chilly sword rays flashed one after another, and the sword qi disintegrated the three of them.

At that moment, clouds rolled in from the distance. Countless Daoist laws emerged to form a huge golden hand that spanned hundreds of millions of meters, and it smashed the void as it tried to grab Chu Kuangren!

The terrifying energy shook the land in all directions.

It was an Immortal Hall's Embodier who made the move!

The energy, which was released by the Embodier by merging Daoist laws, was difficult for those with a cultivation realm lower than the Embodier Realm to resist!

However, Chu Kuangren squinted as he looked at the palm attack, unafraid.

"Impudent fool!"

A cold grunt sounded.

Then, a Celestial Demon qi erupted in the void. A giant palm as black as ink attacked the huge golden hand with a dark and deep energy!

The moment the huge black hand and the golden hand collided, hundreds of millions of meters of the void trembled.

Countless spatial cracks spread in the void.

Chu Kuangren grinned. He was familiar with the Celestial Demon qi, which belonged to Bei Ming.

Bei Ming had made a move.

"Immortal Emperor Wu Ming, you guys really are shameless. How could a mighty Embodier take action against a young junior?!"

"The Human Emperor must not be kept alive!" An indifferent voice sounded.

Immortal Emperor Wu Ming was one of Immortal Hall's Embodiers.

After he said those words, broken Daoist laws emerged in the void and turned into a stream of light that dashed toward Chu Kuangren!

"A hidden trick in a trick! Immortal Emperor Wu Ming, what an impressive technique!"

Bei Ming's voice sounded slightly annoyed.

He wanted to make a move to block the attack for Chu Kuangren, but it was too late.

The stream of light was dashing toward Chu Kuangren at high speed. Although its strength was not as powerful as one-thousandth of the huge hand just now, it was an Embodier's attack. Hence, its extremely powerful might was not something that cultivators of the Arch Gilded Immortal Realm could take.

Soon, the Daoist laws had locked onto the space around Chu Kuangren, and he could not dodge at all.

"Ghost Emperor!"

"King"

Shang Honghua and the Underworld generals watched in horror.

However, Chu Kuangren held the Heaven Stabilizer while the Green Lotus Mark on his forehead glowed brilliantly. The Green Lotus' Destruction Energy was fused to the blade of the sword before it blasted outward!

Bang!

The sword ray collided with the Daoist law energy!

Chu Kuangren was immediately sent flying backward by the powerful energy, smashing into more than a dozen mountain peaks.

Everyone looked at the mountains in the distance with a solemn gaze.

"Is he dead?"

"Although that wasn't an Embodier's full power, it was still an attack from an Embodier. I'm afraid no matter how powerful he is, he can't block it."

Everyone looked forward to the outcome.

Many people anticipated that the attack would either kill Chu Kuangren or severely injured him at the least.

Unexpectedly, a figure in white walked out of the dust after it settled.

His robe was unscathed, and the ancient sword in his hand was trembling.

Chu Kuangren walked forward proudly with an indifferent expression. He looked in the direction of the Immortal Hall in the distance and said indifferently, "I'll remember this attack!"

He managed to take the Embodier's attack!

Furthermore, he was unscathed!

"He's so powerful!"

"Just how frightening is he now?!"

Even if it was an attack from an Embodier who was not in his heyday, the power of that blow was not something a Great Perfected Arch Gilded Immortal could take!

A faint sigh sounded from the Immortal Hall in the distance.

"My God, the madman is powerful! Good one, Human Emperor. The Immortal Hall is looking forward to the next confrontation with you!" Immortal Emperor Wu Ming said and summoned his army to retreat.

They could not protect the Ji clan with Chu Kuangren's presence, and as long as Bei Ming and the Seven Celestial Demons were around, they could not hurt Chu Kuangren.

"N-No!"

"Immortal Hall, the Ji clan has done many favors for you. Are you going to give up on us now?!"

An elder from the Ji clan looked at the Immortal Hall's army retreating in horror.

Unfortunately, everyone ignored him.

To the Immortal Hall, the Ji clan was merely a convenient tool. It was a pity to abandon the clan, but it was insignificant to them.

If the Immortal Hall were to continue fighting with Chu Kuangren, they would suffer a much greater loss.

Now that the Great Deification Tablet had been destroyed, the Ji clan was useless to the Immortal Hall. Hence, it was better for them to avoid the greater loss instead of continuing fighting against Chu Kuangren.

"Immortal Hall, how cruel of you!" Ji clan's Senior Elder yelled furiously.

The rest of the Ji clan members were also filled with despair.

Chu Kuangren waved his hand with an indifferent expression, and the Underworld army charged forward, wiping out Ji clan and the Immortal Hall's army that had yet to retreat.

His strength was so powerful that even the Ji clan, who had the protection of two Immortal Halls, was destroyed instantly!

By then, Chu Kuangren had established his power in the Immortal World. Not only his strength but the forces behind him should not be underestimated as well.

"Good God! No one among the younger generation can compete with Chu Kuangren!"

"He's also a Heavenly Champion. With his strength, I'm afraid that winning the position of Immortal World Ruler in the Battle of the Heavenly Champions is already in the bag for him."

"Indeed. I'm afraid the Immortal World will have to obey Chu Kuangren in the future."

After that battle, many people started to scheme. Especially some forces that were at odds with Chu Kuangren were very worried.

"The Holy Violet Emperor Planet and Underworld are the supports he gained decades ago, yet a force that has only been around for decades could compete with the Immortal Hall! Now that he has returned, he will become the Immortal World Ruler one day if he continues developing his power. When the time comes, the Dragon Palace will be in danger."

"The Soul Restricted Area was established in the Immortal World, and we and Chu Kuangren are enemies. If he becomes the Immortal World Ruler, we will be doomed."

"I'm afraid he will target the Great Thunder Temple too."

"As long as Chu Kuangren is alive, I, the Sin Buddha, can't live in peace. I'm afraid Wu Tian will die if he fights Chu Kuangren with his current strength..."

Chu Kuangren had become akin to a sharp sword hanging above all great forces, and no one knew when that sword would fall on them, thus making them restless.

Unparalleled After Ten Consecutive Draws

Chapter 1807: Qi Mountain Secret Realm, Fuxi's Successor, The Top Ten Godly Weapon Are The Key

"King, welcome back!"

While cleaning the battlefield, Shang Honghua approached Chu Kuangren with a smile.

"Well, your cultivation has improved rapidly."

Chu Kuangren smiled faintly.

"Honghua."

At that moment, a joyful voice sounded behind Chu Kuangren.

It was Gu Linglong.

Chu Kuangren had kept her in his Enchanted Sleeve during the battle and only released her when the battle ended.

Gu Linglong was surprised to see Shang Honghua.

"Queen!"

When Shang Honghua noticed Gu Linglong, she was so pleasantly surprised that she was stunned for a moment. Then, she approached the latter to greet her.

"This is no longer the Firmament Empire, so you don't have to call me queen. Just call me Linglong."

"No, no. I must show my respect."

Shang Honghua was very insistent.

However, everyone was surprised. After all, Shang Honghua's strength was astonishing. She was Five Qi Arch Gilded Immortal, while Gu Linglong was merely a Gilded Immortal, but she respected Gu Linglong so much.

What was so special about Gu Linglong?

"Shang Honghua, she is..." Jue Wushen asked curiously.

"She is the King's Daoist companion, the queen of the Firmament Empire."

The Underworld army, who were cleaning the battlefield, immediately stopped what they were doing and looked at Gu Linglong.

Jue Wushen was also stunned.

Chu Kuangren's Daoist companion?

Such a piece of news shocked everyone.

Soon after, Jue Wushen knelt on one knee and said respectfully, "Greetings, Queen."

The rest of the Celestial Demon Tribe cultivators also knelt on one knee.

In their opinion, Chu Kuangren was the King of the Celestial Demon Tribe, so Gu Linglong was their queen.

"Get up, everyone."

At first, Gu Linglong was taken aback as the cultivation of any of these people might be no weaker than hers.

However, as the Firmament Empire's Queen, her gestures revealed the poise of a queen, and she was not at a loss as to what to do.

"Ghost Emperor, there's something here."

At that moment, Bai Mei, who was cleaning the battlefield, approached Chu Kuangren and passed him a jade scroll.

Information about a secret realm was recorded on the jade scroll.

"Oh, a secret realm?"

"Indeed. This secret realm is noted down as an important strategic resource. Presumably, they should have many good things hidden there," said Bai Mei.

"I'll go and check it out myself," Chu Kuangren said while fiddling with the jade scroll.

Everyone continued to search in the Ji clan, collecting all useful items to expand their list of resources.

A while later, two figures walked out of the void.

They were Bei Ming and Mister Zhang.

Mister Zhang's aura was slightly weak. It was clear that he had fought fiercely with the Ji clan's Embodier.

"Mister Zhang, are you all right?"

Cao Yun approached him and asked.

"The old man escaped." Mister Zhang snorted.

Chu Kuangren was not surprised.

It was difficult to kill an Embodier. Moreover, Mister Zhang and the Ji clan's Embodier were equally powerful, and none of them could harm the other.

"Haha. I knew you weren't dead, you brat."

Bei Ming smiled and stepped forward to pat Chu Kuangren's shoulder happily when he noticed him.

"Long time no see, Senior."

Chu Kuangren smiled.

"It isn't long. It's only been a few decades."

Delighted with Chu Kuangren's return, Bei Ming chatted with him for a while.

It took several days to clean the battlefield, but Chu Kuangren, the entire Underworld, and the Holy Violet Emperor Planet benefited a lot from it.

"By the way, what do you plan to do next?" Bei Ming asked casually.

"I plan to visit Qi Mountain," Chu Kuangren said with a smile.

Qi Mountain was the secret realm recorded in the Ji clan's jade scroll.

"Oh. In that case, you better act fast. The Ji clan was developing the secret realm, but after all the fuss you've made, I'm afraid those people won't want to develop it anymore. This secret realm will be exposed soon, and it'll attract many people," said Bei Ming.

"Heh, they want to fight with me? I'm afraid they are weaker than me."

Chu Kuangren chuckled. He was extremely confident in himself.

...

On a mountain peak, Hua Xi was playing with a jade scroll that recorded the incident of Chu Kuangren destroying the entire Ji clan.

"Chu Kuangren is my enemy for life."

A glint flashed in Hua Xi's eyes.

For a moment, she failed to think of a way to deal with Chu Kuangren.

Although she was Wahuang's successor, Chu Kuangren's powerful strength was not something they could compete with.

"I'm afraid it won't take long before he stands at the top of the Immortal World."

Hua Xi shook her head.

At that moment, a stream of light flew past. It was a mysterious rune.

Hua Xi's eyes flashed, and she grabbed the rune, which then turned into a few lines of small characters.

"Oh, it's the message from him. It looks like he's planning to leave his closed-door meditation," Hua Xi murmured.

She took the runic message with her, and her figure disappeared in place.

Meanwhile, on a mountain peak, a young man in white sat on a piece of jade with his legs crossed. Countless ancient runes were flowing around his body.

The runes formed an enormous Bagua diagram that hovered in the sky. It was extremely mysterious.

When Hua Xi arrived, she could feel the pressure just by looking at the mysterious Bagua diagram.

Following Hua Xi's arrival, the other two Human Emperor successors of the Human Emperor Sect also arrived.

They were Xuanyuan's successor, who was holding the Xuanyuan Sword, and a young man in Daoist robes wearing a cynical smile on his face.

The young man had a small cauldron that emanated a burst of fragrance at his waist.

He was Shennong's successor from the Human Emperor Sect!

The three great Human Emperor successors, namely Wahuang's successor, Xuanyuan's successor, and Shennong's successor silently looked at the young man sitting in the center of the Bagua diagram.

Shortly after, the Bagua diagram dispersed, and the young man slowly opened his eyes.

Like they were everchanging galaxies, the incomparably mysterious Great Dao flashed in his eyes.

"I just can't figure it out," the young man mumbled.

"What is it that you can't figure out?"

"I've been trying to find a way to deal with Chu Kuangren, but I still have no clue after going through tens of thousands of deductions." The young man lamented while shaking his head.

However, Xuanyuan's successor and others next to him were not surprised to hear that.

Chu Kuangren's fate was mysterious and could not be deduced. That was the consensus of almost all great ones.

Even though the young man's deduction technique was the best throughout the ages, it was still impossible for him to deduce Chu Kuangren.

"What a pity. It would be great if I had the River Chart Inscription. Then, I may have a chance to find a way to deal with Chu Kuangren."

The River Chart Inscription was a treasure the ancient Human Emperor Fuxi used.

It could deduce the changes in the past and future of the universe.

The young man was the most powerful Human Emperor successor in the Human Emperor Sect, Fuxi's successor, who had yet to show himself to the world but had been listed as the seventy-two Immortal Prides on the Heavenly Will Leaderboard!

Even among the seventy-two Immortal Prides, not many were his opponents.

"Fuxi's successor, why were you looking for us?" asked Xuanyuan's successor.

"To deal with Chu Kuangren," said Fuxi's successor.

Xuanyuan's successor furrowed his brows. "Didn't you say you couldn't deduce a way to deal with him?"

"It's true, but we have to give it a try. The future is unpredictable. If we don't do something, we definitely can't defeat him," said Fuxi's successor.

"What do you plan to do?"

"The Top Ten Great Godly Weapons are key for us to deal with Chu Kuangren."

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1808: The Godly Weapon Wielders, Universal Godly Weapons' Ten Directions Formation

The Ten Great Godly Weapons was an ancient legend in the Immortal World.

They were made up of Pan Gu Axe, Xuanyuan Sword, Yokai Refining Flagon, Shennong Cauldron, Nuwa Stone, Fuxi's Guqin, Kongtong Seal, Kunlun Mirror, Eastern Sovereign Bell, and the Great Heaven Tower!

According to legend, the combination of those ten Godly Weapons had the supreme power to change the universe!

"You want to use the power of the Ten Godly Weapons to deal with Chu Kuangren!"

Hua Xi frowned as he looked at Fuxi's successor.

She had the same idea before, but the Ten Godly Weapons were scattered everywhere in the universe, making it difficult to collect them all.

The most crucial thing was that the Fuxi's Guqin was with Chu Kuangren now.

Hua Xi had no idea who had the ability to get the Fuxi's Guqin from Chu Kuangren.

"Indeed."

Fuxi's successor nodded. Then, he seemed to notice Hua Xi's worry and said with a faint smile, "I understand your concern. I've contacted the other Top Ten Godly Weapon wielders, and they should be here soon."

As soon as he said that, clouds rumbled in the sky, and golden Immortal Sparks burst out.

On an auspicious cloud, the Eastern Sovereign Divine Daoist came over with the Great Arbiter Divine Maiden, and a noble aura was emanating from his body.

"Are you the Fuxi's successor who contacted me to come here to deal with Chu Kuangren?"

A glint flashed in Eastern Sovereign Divine Daoist's eyes when he looked at Fuxi's successor.

He could feel a vague pressure from Fuxi's successor. If they were to fight each other, he was afraid that he might not be Fuxi's successor's opponent.

It was surprising that the Human Emperor Sect had such a powerful young elite!

"Heh, greetings, Divine Daoist."

Fuxi's successor stood up and greeted the Eastern Sovereign Divine Daoist.

At that moment, another person approached from not far away.

He was dressed in white and had swordlike brows and starlit eyes. In his hand was a huge seal, which was surrounded by runes and shone with Immortal Sparks.

"That's the... Kongtong Seal!"

Hua Xi recognized the item in the person's hand with just a glance.

"This is indeed the Kongtong Seal that I snatched from Chu Kuangren not long ago," the young man in white said with a smile.

Everyone scoffed upon hearing his statement.

He thought too highly of his strength for thinking that he could snatch something from Chu Kuangren.

However, the young man in white was not embarrassed about the fact that nobody believed him. He shrugged his shoulders and said, "Well, I happened to pass by when Chu Kuangren was killing Ju Wuming, so I picked the item up on the battlefield while he was not paying attention. I didn't expect someone would know that it's in my hand so soon."

After that, he looked at Fuxi's successor and said, "I heard Fuxi is good at deduction, and you, the Fuxi's successor, are quite capable too."

"Holy Longevity Imperial Commander, thank you for the compliment," Fuxi's successor said calmly.

Everyone glanced at the young man in white in amazement. They were surprised to know that he was Holy Longevity Imperial Commander, one of the six Imperial Commanders of the Immortal Hall.

"No wonder you managed to get the Kongtong Seal without Chu Kuangren noticing."

"If having to take advantage of him not paying attention to obtain the Kongtong Seal has become something to be boasted about, I have to say, we're quite pitiful." Holy Longevity Imperial Commander laughed at himself.

His words displeased a few people present, but they did not refute him.

After the battle in the Ji clan, they knew very well what Chu Kuangren's strength was like.

Even Xuanyuan's successor, who had been wanting to win the throne of Human Emperor, dared not fight Chu Kuangren alone after witnessing his strength.

He could not deal with such a monster himself.

"You told me to come over to deal with Chu Kuangren. You also mentioned the Kongtong Seal and said that this item is crucial. Are you planning to use the power of the Ten Godly Weapons?" Holy Longevity Imperial Commander asked.

As the Immortal Hall's Imperial Commander, he knew many ancient secrets, and the Ten Godly Weapons were one of them.

"Indeed. Why isn't Endless Sky Imperial Commander here yet? His Great Heaven Tower is crucial for dealing with Chu Kuangren."

"He's in a closed-door meditation, but he said that he would make a move when it's necessary."

Fuxi's successor nodded.

Following that, the void split open, and a man in black armor stepped out. He was filled with a terrifying yokai qi.

The moment the crowd noticed him, they felt a mountain of corpses and a sea of blood rushing toward them!

For a moment, they thought they saw a ferocious black dragon roaring at them!

"It's the Black Dragon Long Xuan, the Young Overlord of the current Subspecies Restricted Area!"

Hua Xi and others narrowed their gazes.

Long Xuan was a Peerless Prodigy of the Dragon Palace and possessed the Subspecies Black Dragon's bloodline.

Decades ago, he was defeated multiple times by Chu Kuangren. However, he was later enlightened by Xue Kunpeng to study in the Subspecies Restricted Area and cultivated the Evil Dragon Emperor Heart Scripture to the Expert level!

Moreover, he held the position of Young Overlord even though the Subspecies Restricted Area already had a Young Overlord.

That was why the Subspecies Restricted Area had two Young Overlords, which was a rare case.

"The giant axe in his hand is the Pan Gu Axe!"

Hua Xi noticed the huge pitch-black axe in Long Xuan's hand and the light it shone with contained a surge of frightening energy.

The Pan Gu Axe was of the highest level among all the Ten Great Godly Weapons, and it was also the most powerful offensive Supreme Treasure!

Pan Gu was the pioneer of the Pan Gu Universe.

It was said that the treasure he used was a Chaos Supreme Treasure called the Heavenly Sky Splitting Axe!

After the creation of heaven and earth, the Great Dao destroyed it like how it destroyed the Chaos Green Lotus, leaving only a few fragmented pieces. Then, it turned into another Heavenly Axe, which was the Pan Gu Axe!

Although it was only the leftovers of the Heavenly Sky Splitting Axe, the power of the Pan Gu Axe should not be underestimated.

Over the years, Long Xuan built a great reputation for himself with the Pan Gu Axe, making him a powerful competitor of the Immortal World Ruler.

"It seems like many people have come."

An indifferent voice sounded.

A young man was gliding across the air with endless spiritual qi surrounding him, forming nine huge whirlpools.

The endless spiritual qi from the whirlpools was constantly injected into the young man's body.

Such a conjuration was extremely astonishing.

"He's the Heavenly Spirit Restricted Area's Young Overlord, the Exquisite Nine Immortal Stone's Shi Jiuqiao!" Long Xuan said indifferently while glancing at the person who came.

"Subspecies Restricted Area's Young Overlord Long Xuan, you're here too," said Shi Jiuqiao.

Immediately after, he took out a mirror that flowed with spacetime energy. It was none other than the Kunlun Mirror.

A glint flashed in the eyes of Eastern Sovereign Divine Daoist, Hua Xi, and others when they noticed the item.

Back when they were threatened by the Void Annihilation Formation in the passage between the two universes, Chu Kuangren had sent them out using that item.

Yet now, they were going to use it to deal with Chu Kuangren.

At that thought, they felt slightly bothered.

However, the Eastern Sovereign Divine Daoist was not affected by the item because he hated Chu Kuangren.

So what if Chu Kuangren had saved him once? It was nothing compared to the humiliation he gave him!

Hua Xi, on the other hand, sighed.

Was it good to repay kindness with revenge?

"I heard that this item can deal with Chu Kuangren."

Shi Jiuqiao played around with the Kunlun Mirror, which was a rare treasure that he had snatched from Lan Yu.

He wondered why Lan Yu did not refine such a Supreme Treasure and allowed him to take advantage of it.

Although he was severely injured by her, it was all worth it.

"Well, except for Endless Sky Imperial Commander, all the Godly Weapon wielders are here."

Fuxi's successor smiled and then said solemnly, "Let me start to explain in detail how we can deal with Chu Kuangren."

Everyone's expression turned solemn when they heard his statement.

Then, Fuxi's successor raised his hand to release a divine light, which evolved in the void and formed a huge formation!

"This is how we can use the power of Ten Great Godly Weapons, and it's named the Universal Godly Weapons' Ten Direction Formation!"

"It's our most powerful weapon to deal with Chu Kuangren!"

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1809: Seeing Chu Hong Again, Calamity Windstorm, Calamity Raging Fire

The Universal Godly Weapons' Ten Directions Formation was the application technique of the Ten Great Godly Weapons!

Everyone was surprised to see the huge formation because they did not expect Fuxi's successor to find a technique to restrain Chu Kuangren.

"Ha! We may be able to deal with Chu Kuangren with this formation!"

Eastern Sovereign Divine Daoist was somewhat excited.

However, a glint flashed in the eyes of the Great Arbiter Divine Maiden who was beside him.

"There are only seven Godly Weapons here. Even if we add in the Great Heaven Tower that is absent, we only have eight. Where are the remaining two?" Shi Jiuqiao asked curiously.

"Fuxi's Guqin is with Chu Kuangren," said Hua Xi.

Upon hearing that, the corner of everyone's mouth twitched.

The Great Arbiter Divine Maiden sneered. "In that case, what's the point of setting up the formation? Don't tell me you guys have a way to snatch the Fuxi's Guqin from Chu Kuangren?"

"I'll deal with Fuxi's Guqin."

Fuxi's successor said calmly, "I've deduced the location of the last Godly Weapon, the Yokai Refining Flagon. It's in Qi Mountain!"

...

Qi Mountain was the birthplace of the Ji clan.

Apparently, many treasures were hidden in the secret realm, including the inheritance left behind by the Ji clan's first Heavenly Child.

After the Ji clan was destroyed, all members of the Ji clan, who were initially developing the Qi Mountain Secret Realm, fled everywhere. In turn, the secret realm was exposed to the Immortal World.

Many people went to check it out.

As Chu Kuangren was also interested in the secret realm, he went there with Gu Linglong.

On the warship, Chu Kuangren was playing around with a jade scroll before he received a message.

After reading the message, Chu Kuangren smiled mischievously.

"What's the matter, my dear husband?" Next to him, Gu Linglong asked curiously.

"Nothing. It's just that something fun is about to happen," Chu Kuangren said with a grin.

"Something fun?"

"Yeah."

Chu Kuangren handed the jade scroll to Gu Linglong, who was also surprised when she read the message. "They seem to have prepared something powerful to deal with you."

"Ha! It's okay."

Chu Kuangren took out the Fuxi's Guqin and plucked its strings while thinking of a scheme.

As he plucked the strings, a piece of heavenly music sounded. For a while, the music echoed in the realm.

...

The Qi Mountain was majestic. Countless peaks rose one after another, and there were ravines all around, lurking with countless wild beasts. The natural restrictions filled the forest with a faint and eerie light.

However, many sky-prides and Prodigies came here to explore.

Chu Kuangren and Gu Linglong, too, had arrived at the destination.

A large amount of Immortal Consciousness spread outward, covering most of the secret realm.

"According to the record on the Ji clan's jade scroll, there's a Nirvana Rejuvenation Spring in the depth of the Qi Mountain Secret Realm, the most precious place in Qi Mountain. However, the Ji clan's forefathers had set up a trial, and none of the entire Ji clan has been able to break through it." Chu Kuangren thought to himself.

Except for the Nirvana Rejuvenation Spring, he did not take any other treasures in Qi Mountain seriously.

It was said that the spring was formed from Phoenix Blood Essence and possessed the magical rejuvenating effect that could improve one's aptitude.

He planned to take it for Gu Linglong.

With that, the two of them headed toward the Nirvana Rejuvenation Spring.

Just then, a phoenix's cry sounded in the sky, and a familiar energy fluctuation spread out from not far away.

A glint flashed in Chu Kuangren's eyes. "That energy... It's Lil Red."

Not far away, several figures were battling each other.

Among them was a fiery red figure holding a spear. She was surrounded by surging Phoenix Flames while her sharp phoenix cry resounded in all directions.

She was Chu Hong.

Two figures, a male and a female, were fighting against her. However, the auras of those two were treacherous and could restrain Chu Hong's power.

"That energy... That's the aura of calamity."

The Central Heaven Universe had designed a plan by placing the Void Eggs in Pan Gu Universe.

Before that, Chu Kuangren had killed a Void Egg, which was Calamitous Yin Yang.

However, it seemed like the rest of the Void Eggs had hatched, and the people who were besieging Chu Hong right now were two of the Void Eggs.

"Chu Hong, for being able to survive under the joint attack of Calamity Windstorm and Calamity Raging Fire, you should be the best among the seventy-two Immortal Prides!" A tall man in red armor laughed and said.

He was Calamity Raging Fire.

"Hmph. How dare you, the Ten Calamities, show yourself? You must have a death wish!" Chu Hong said coldly.

The emergence of Calamity Yin Yang exposed the existence of the Void Eggs.

Now, everyone knew the existence of the Ten Calamities and learned that those people's existence was a threat to Pan Gu Universe. Therefore, they would join forces to deal with the Calamities once they emerged.

As the Ten Calamities did not belong to this particular universe, it was difficult to deduce their fate, and their whereabouts were random.

They had only been able to escape thus far because they were extremely powerful and possessed calamitous qi.

"Hehe! You're alone, Chu Hong, so why won't we dare to show up?"

Calamity Raging Fire stared at Chu Hong with greed in his eyes. "You're the Flame-attribute Divine Beast of this universe. My Flame Dao will definitely rise to another level if I devour you. Then, I don't have to be afraid even if a Great Perfected Arch Gilded Immortal approaches me!"

"In your dreams!"

The Phoenix Flame whooshed out as Chu Hong waved her spear.

"Kill her!"

As the woman beside Calamity Raging Fire, Calamity Windstorm, grunted, hurricanes and thunder surrounded her, ready to explode in the next moment.

Just then, a figure in white approached them from not far away, and the calamitous qi in her body trembled as if it was afraid!

"That strange fluctuation... It's him!"

As if she had thought of something, Calamity Windstorm's eyes widened in horror.

The Ten Calamities could sense and communicate with other.

Hence, having sensed what Calamity Yin Yang experienced, they knew Chu Kuangren's existence.

They may be others' calamities in this particular universe, but Chu Kuangren was their calamity!

"This is bad. Let's leave, Calamity Raging Fire!"

Calamity Windstorm did not want to face off against Chu Kuangren, so she wanted to leave as soon as she saw him.

Unfortunately, when they were about to make a move, an incomparably horrifying Arch Gilded Intent emerged and froze the void!

It was the Timespace Arch Gilded Intent!

The two felt like their bodies were trapped in a quagmire, and their movements became slow.

In response, they immediately activated their calamitous qi to resist the Arch Gilded Intent.

Using a particular universe's calamitous qi on any cultivators of a particular universe had always made them invincible. Even if someone's Arch Gilded Intent was more powerful than theirs, that person would always be restrained.

Unfortunately, the omnipotent calamitous qi had failed today!

When the calamitous qi and the Arch Gilded Intent clashed, the calamitous qi did not exert its effect or restrain its opponent. On the contrary, the Arch Gilded Intent suppressed them!

"This Arch Gilded Intent doesn't belong to this particular space!"

Calamity Windstorm became extremely frightened after judging the characteristics of Chu Kuangren's Invincible Self-empowerment Arch Gilded Intent.

By then, Chu Kuangren had arrived before the two of them. As he raised his hand, the terrifying Immortal's Core energy fluctuation spread and turned into a giant Immortal's Core hand.

The two naturally refused to be captured.

"Endless Tempest Tribulation!"

"Raging Fire Heaven Scorching Tribulation!"

Both of them channeled their energy to its limit. Windstorms and raging flames merged to form a surge of terrifying energy that blasted toward Chu Kuangren.

The combat strength of the joint forces was close to a Great Perfected Arch Gilded Immortal.

However, Chu Kuangren's Immortal Core hand shattered their attack without giving them a chance to resist.

Having been caught by the Immortal's Core hand, the two of them were trapped!

Unparalleled After Ten Consecutive Draws

Chapter 1810: Phoenix's Cry of the Qi Mountain, The Emergence of The Nirvana Rejuvenation Spring

"Ten Calamities, I heard you guys have been very active in the Immortal World in recent years."

Chu Kuangren smiled faintly.

After being trapped by the huge Immortal's Core hand, Calamity Raging Fire and Calamity Windstorm frantically channeled their Immortal's Core to its limit. Unfortunately, they failed to break free from Chu Kuangren's control.

"How could such a powerful energy exist?!"

"How is he so strong?"

Both of them could hardly believe it.

Although they were part of the seventy-two Immortal Prides because they did not possess the will of the Immortal World, their strength was no weaker than the seventy-two Immortal Prides.

Even Chu Hong found it extremely difficult to resist their joint attack, yet Chu Kuangren managed to control them, and they could not even resist!

"Tell me. Where are the rest of the Ten Calamities?"

"Hmph. Chu Kuangren, just kill us. We won't tell you anything!" Calamity Raging Fire said coldly.

Chu Kuangren clapped. "Very well. What a tough one!"

Bang!

Calamity Raging Fire's body exploded into a mist of blood on the spot.

As the blood splattered onto Calamity Windstorm's delicate face, her face turned pale, and her eyes were filled with horror

"What about you? Are you going to tell me?" Chu Kuangren looked at Calamity Windstorm and asked.

"Chu Kuangren, just kill me!"

Calamity Windstorm's voice was trembling.

The moment she wavered, Chu Kuangren had launched the Soul Scouring Technique!

The domineering soul energy invaded her body and searched her memory while she was still frightened by Calamity Raging Fire's death.

Right when Chu Kuangren was halfway searching through her memories, Calamity Windstorm screamed, and a pair of eyes suddenly opened deep in her soul!

Chu Kuangren's gaze met those eyes. Then, more overbearing soul energy erupted from Calamity Windstorm's body and attacked Chu Kuangren!

"Oh."

Chu Kuangren was slightly surprised.

However, the Green Lotus Mark immediately lit up on Chu Kuangren's forehead to block the soul energy.

Calamity Windstorm, on the other hand, was dead!

The soul energy not only attacked Chu Kuangren but also wiped out Calamity Windstorm's power.

"Is this the power of the supreme existence in the Central Heaven Universe who set up the Ten Calamities strategy?" Chu Kuangren mumbled.

He had encountered the same soul energy back when he wanted to enslave Calamity Yin Yang.

"It looks like I'll have to find out who this supreme existence is," Chu Kuangren said while touching his chin.

He could pass that mission to his other self in the Central Heaven Universe while he dealt with the affair in Pan Gu Universe.

"Brother..."

Chu Hong was so delighted to see Chu Kuangren's familiar back that she rushed up and hugged him from behind.

Chu Kuangren smiled. "You're all grown up, yet you still behave like a child."

"I don't care, and in front of you, I'm willing to be a child forever."

"Oh, you..."

Chu Kuangren smiled dotingly at Chu Hong.

"Lil Red."

At that moment, a laugh sounded from behind.

Hearing that voice stunned Chu Hong for a moment. Then, when she turned around and saw Gu Linglong, she said with surprise, "Sister Linglong!"

The news of Chu Kuangren returning with a Daoist companion had spread widely in the Immortal World.

Chu Hong heard also about it, but she was still pleasantly surprised to see Gu Linglong.

"Where's Lan Yu?" Gu Linglong asked curiously.

"She went after Shi Jiuqiao after noticing him just now. I wanted to help her, but I happened to bump into Calamity Raging Fire and Calamity Windstorm," said Chu Hong.

"Shi Jiuqiao..." A glint flashed in Chu Kuangren's eyes. "They have taken actions rather fast."

"What actions?" Chu Hong was a little confused.

"Heh. That doesn't matter. By the way, why are you guys here in Qi Mountain? Are you here to look for treasures?"

"Yeah. Lan Yu and I were going to look for you, but we heard about the emergence of the Qi Mountain Secret Realm along the way. Since Sister Linglong is here in the Immortal World, we thought it would be embarrassing to meet her empty-handed, so we came to see if there are any suitable gifts for her here," said Chu Hong.

"We're family, and you don't have to feel embarrassed."

Gu Linglong tapped Chu Hong's forehead amusedly.

"My husband, let's find Lan Yu first."

"Alright." Chu Kuangren nodded.

At that moment, in the depth of the secret realm, a burst of energy and light shot into the sky.

Then, a huge five-colored phoenix mimicry soared into the sky and let out a sharp cry. For a moment, the entire Qi Mountain trembled.

Countless beasts and birds howled with joy and excitement while looking in the direction of the five-colored phoenix.

The five-colored phoenix hovered high in the sky. Then, with a bang, it turned into countless light particles and rained on the ground. Everything on the land was instantly revitalized.

"This is the... Qi Mountain's Phoenix Cry!"

Chu Hong's eyes lit up. "The elders of the Phoenix's Nest said that the Nirvana Rejuvenation Spring in the Qi Mountain Secret Realm contains endless mysteries. Whenever it emerges, there will be a conjuration of the Qi Mountain's Phoenix Cry. It looks like the spiritual land has finally appeared!"

"It's not just the Qi Mountain's Phoenix Cry."

Chu Kuangren smiled.

He had sensed an incomparably noble aura from the five-colored phoenix, and it was the Heavenly Child's aura unique to the Ji clan.

If his guess was correct, the trial left behind by the Ji clan's first Heavenly Child in the Nirvana Rejuvenation Spring had also been activated.

All forces' cultivators who had come to Qi Mountain immediately made their moves after noticing the emergence of the Nirvana Rejuvenation Spring.

Countless streams of light quickly flew to the location.

"Lan Yu should be attracted by this conjuration too. Let's go."

Chu Kuangren moved forward with the two women.

There was an ancient spring in the depth of Qi Mountain, where the spring water was colorful and contained countless mysterious runes.

There seemed to be a colorful phoenix hovering in it as well.

That was the Nirvana Rejuvenation Spring formed by the Phoenix Blood Essence, which contained the miraculous effect of reviving the dead and changing one's fate!

However, there were a total of eight hundred mountain-like barriers around the spring!

Each of the barriers was guarded by an ancient golden-armored soldier. It was somewhat similar to the Ji clan's Eight Hundred Ancient States Formation that was well known in the Immortal World.

Perhaps that was the most complete Eight Hundred Ancient States Formation, with eight hundred barriers and eight hundred guardian soldiers!

At the last barrier, there was a man wearing bronze armor, holding a bronze sword, and standing on a chariot. He looked majestic, and his eyes seemed to contain thunderbolts and lightning!

Anyone who stared at him felt a terrifying sense of oppression.

"Could he be the energy manifestation that was left by the Ji clan's first Heavenly Child?!"

"That could be possible!"

"Entering the Nirvana Rejuvenation Spring to obtain the rejuvenation in it doesn't look easy."

Many cultivators felt troubled just by looking at the Nirvana Rejuvenation Spring.

At that moment, the clouds rumbled, and an incomparably vigorous energy fluctuation swept outward.

Two figures were fighting in the sky. One of them was a silver-haired woman, who had a scepter in her hand and a pair of white wings, and a mighty battle intent flowed around her body as if she was a heroic Valkyrie. She was Lan Yu!

The one fighting against her was a young man in a golden robe, surrounded by spiritual qi whirlpools, and his appearance was astonishing.

He was Shi Jiuqiao, the Heavenly Spirit Restricted Area's Young Overlord!
