### Unparalleled After Ten Consecutive Draws

#### Chapter 1811: Wu Tian Battles Shi Ying, Chu Kuangren Arrives

In Nirvana Rejuvenation Spring, outside the Eight Hundred Ancient States Formation, Shi Jiuqiao and Lan Yu were still battling.

Her Holy Radiant intent collided continuously against Shi Jiuqiao's vast Immortal's Core energy.

The powerful energy shockwaves from their battle caused the surroundings to rumble.

The void was shattered in parts.

Terrifying huge spatial rifts spread everywhere, eventually covering the sky.

"What's wrong with you, Lan Yu?! Have you gone mad?! Aren't you sick of hunting me down at first sight for so many years?! So what if I snatched away your stupid mirror? Go get yourself another one!"

Shi Jiuqiao's expression was grim.

Sure enough, although the Kunlun Mirror was a great treasure, it had brought him quite some trouble too.

All these years, Lan Yu would always chase and hunt him down mercilessly whenever she encountered him. It seemed like she was not giving up until she took back that mirror.

Lan Yu remained silent and continued swinging her Heavenly Scepter.

Domineering surges of energy swept out, impacting the void, and formed a mighty river of light. Then, the attack was unleashed on Shi Jiuqiao!

The power of that attack was at the level of a Great Perfected Arch Gilded Immortal.

Shi Jiuqiao's expression changed, and he raised his hand in response. Endless spiritual qi from the surroundings started gathering toward the nine spiritual vortexes all over his body.

"Divine Heaven Suppression Spirit Art!"

Shi Jiuqiao roared and unleashed a punch.

When the fist strength collided with the river of light, Shi Jiuqiao was sent flying as a lot of his Immortal's Core energy had been used up.

However, the nine spiritual qi vortexes all over his body activated after that. Endless spiritual qi once again gathered into his body, rapidly recovering his strength.

"The Heavenly Spirit Restricted Area's Immortal Nine-Orificed Stone is truly as extraordinary as they say. Born with nine orifices, the speed at which it absorbs spiritual qi is nine times faster than any ordinary cultivator."

The Eastern Sovereign Divine Daoist could not help but exclaim upon seeing that.

"Hmph."

Lan Yu snorted and continued attacking. She then appeared before him and swung her Heavenly Scepter.

Shi Jiuqiao stood where he was and took the full blow of her attack with his body!

Following a loud boom, both cultivators were forced back.

"His physical body is quite tricky to deal with." Lan Yu frowned a little.

Shi Jiuqiao was an Immortal Nine-Orificed Stone that gained sentience through the Dao. Besides being born with nine orifices, which enabled him to absorb spiritual qi nine times faster than others, he also possessed incredibly strong physical body.

"Lan Yu, aren't you interested in the Nirvana Rejuvenation Spring? Why don't we both stop for now and focus on getting the treasure inside? What do you say?"

Shi Jiuqiao tried to make a suggestion.

He, too, was very interested in the Nirvana Rejuvenation Spring.

However, Lan Yu ignored his suggestion and persisted with her barrage of attacks.

"Do you think we should step in and interfere, Eastern Sovereign Divine Daoist?"

The Great Arbiter Divine Maiden looked at the Eastern Sovereign Divine Daoist beside her and asked.

He did not answer. Instead, a pondering look appeared on his face.

Meanwhile, Shi Jiuqiao's gaze swept through the crowd, and he suddenly saw someone familiar. It was a young man dressed in long black robes with an aura of disaster looming around him.

"That's Wu Tian!"

Shi Jiuqiao's eyes lit up.

Wu Tian was a Buddha Destroyer left behind by the Demon Buddha Papiyas. He was also the inner disciple of the Sin Buddha, an Embodier who recently became well-known in the Immortal World.

Shi Jiuqiao used to go on adventures together with Wu Tian. Hence, both of them could be considered friends.

"Wu Tian, come deal with this crazy b\*tch for me!" Shi Jiuqiao yelled, hoping that Wu Tian would answer his call for help.

However, Wu Tian frowned a little and did not take action right away.

Now that the Nirvana Rejuvenation Spring was open, he was more inclined to get the treasures it could offer. As for Lan Yu, he knew that she was only after the Kunlun Mirror, a matter that he had nothing to do with.

Despite having gotten acquainted with Shi Jiuqiao, he did not really care either.

"Wu Tian, as long as you help me defeat this crazy b\*tch, I'll help you obtain the treasures in the Nirvana Rejuvenation Spring later!" Shi Jiuqiao said loudly.

Wu Tian was a little tempted by that offer.

Then, Shi Jiuqiao said, "I also have a Sarira in my possession. It's yours if you help me right now!"

Although Wu Tian was a Buddha Destroyer, his cultivation techniques were still deeply related to Buddhist cultivation techniques.

Hence, a Buddhist Sarira would still be very useful to him.

"If that's the case, I'll lend you a hand?" Wu Tian said calmly.

After that, he stepped forward, and an ominous aura erupted from his body.

With a slash from his sword, a conjuration of many Buddhas dying was reflected within his dark sword ray. The sight of it was simply frightening.

"Leave him to me, Lan Yu."

At that time, an indifferent voice appeared.

Several lotuses bloomed in the void, purifying the black sword ray, and dispelling Wu Tian's attack.

The person who appeared was wearing white robes and holding a suet white jade vase. She also had a very soothing temperament and stunning appearance.

"It's you, Guanyin's successor, Shi Ying!"

Wu Tian frowned a little when he saw who it was.

Shi Yin was one of the leading cultivators among the younger generation of Buddhist cultivators. She, too, was one of the seventy-two Immortal Prides.

At the same time, she was the most troublesome person Wu Tian could ever encounter among the Buddhist cultivators.

"A Buddha Destroyer like you can no longer remain in this world," Shi Ying said. Her gaze was cold as ice, void of any emotion.

"In that case, let's see if you have what it takes to do that."

Wu Tian snorted while unleashing several slashes with his black sword.

His sword ray lit up as if announcing the arrival of the Demonic Buddha, and his ominous demonic qi intertwined with Buddhist Light. It was so bright that even the light from the stars and moons paled in comparison.

Despite facing the evil Buddha Destruction power, Shi Ying stood her ground, and golden lotuses started to bloom around her.

"Three Thousand Dewdrops!"

Many dewdrops dripped from the golden lotuses and gathered to form a tremendous rain that headed toward the incoming sword ray.

The sword qi and dewdrops collided non-stop.

As a result, the void shook for a long time.

"Phantasmal Bubbles!"

Shi Ying unleashed another technique following that.

The dewdrops gathered and formed countless bubbles that surrounded Wu Tian.

"Hmph, your techniques are still the same as before!"

Then, he grunted, "Pandemonium Papiyas, Demon Buddha Massacre!!"

He raised his long sword in the air, unleashing a terrifying demonic qi that was filled with Buddhist Destruction power and calamity.

The sword ray destroyed one bubble after another!

Their battle continued.

Meanwhile, the other cultivators started challenging the Eight Hundred Ancient States Formation. All of them wanted a chance at the Nirvana Rejuvenation Spring's treasures.

However, the Eight Hundred Ancient States Formation was riddled with powerful obstacles. Each subsequent barrier was stronger than the previous one, and many of the cultivators could not even get past half of them.

"Shi Jiuqiao is one of the Godly Weapons' wielders. We must not allow Lan Yu to snatch the Kunlun Mirror back from him."

The Eastern Sovereign Divine Daoist looked at Shi Jiuqiao and said.

After some thought, he decided to ignore the Nirvana Rejuvenation Spring and focus on protecting the Godly Weapon instead. After all, that was one of the weapons he needed to defeat Chu Kuangren.

However, just when he was about to attack, an incredibly chilling aura suddenly erupted from somewhere far away. A figure in white robes could be seen approaching amidst endless Immortal Sparks.

Everywhere the figure went, the void shattered while mountains and rivers crumbled!

It was as if a peerless Immortal King had descended upon the world!

At the sight of that person, the Eastern Sovereign Divine Daoist who almost attacked gasped. He then retracted his Immortal's Core energy and concealed it until no trace was left.

"He's here!"

The Eastern Sovereign Divine Daoist's expression turned grim.

The person who arrived was none other than Chu Kuangren.

Meanwhile, Chu Kuangren's arrival also meant that Shi Jiuqiao could no longer hold on to the Kunlun Mirror for long!

Shi Jiuqiao alone was no match for Chu Kuangren at all!

"Are we not attacking, Eastern Sovereign Divine Daoist? If Chu Kuangren manages to retrieve the Kunlun Mirror, it'll mean that we can't create the Universal Godly Weapons' Ten Directions Formation!" the Great Arbiter Divine Maiden asked.

"I'm no match for Chu Kuangren. If I lose even my Eastern Sovereign Bell, that great formation will be even harder to set up."

"If... very well."

While the Eastern Sovereign Divine Daoist was not paying attention, the Great Arbiter Divine Maiden's jade scroll flickered.

She glanced at Chu Kuangren and soon understood his orders.

#### **Chapter 1812: Did I Allow You to Leave? Killing Shi Jiuqiao, Wiping Out Wu Tian**

"Chu Kuangren is here!"

Wu Tian's eyes widened in shock when he saw Chu Kuangren.

Chu Kuangren also noticed him. "Oh, aren't you the Buddha Destroyer who escaped from me back then? What a coincidence. We've met again!"

"Chu Kuangren..."

Meanwhile, Shi Jiuqiao was looking at Chu Kuangren curiously, trying to figure out how powerful he was. Shi Jiuqiao was getting excited to fight him too.

Although everyone kept saying that Chu Kuangren was powerful, he had never experienced how powerful Chu Kuangren was before. 'Why don't... I try to fight him?'

At that thought, Shi Jiuqiao instantly attacked.

The Eastern Sovereign Divine Daoist standing somewhere nearby shook his head. "He's as good as dead now!"

If Shi Jiuqiao were to turn around and escape, he might have a chance to survive with the Kunlun Mirror. Alas, he ended up making a foolish decision by deciding to fight Chu Kuangren!

"Heavenly Spirit Crushing God Art!"

Shi Jiuqiao channeled the nine spiritual vortexes to their limit. Then, he let out a punch, shattering a portion of the terrain before him with his majestic divine might!

Chu Kuangren remained in his spot and retaliated with a punch.

When the two fist energies collided, it was as if millions of planets had crashed into each other, and the space itself crumbled!

Meanwhile, a figure fell out from the endless divine light in the sky.

It was Shi Jiuqiao!

At that moment, many cracks had appeared on his fist. Large amounts of Immortal's Core energy and Daoist Rhyme were seeping out from them.

"How can this be?"

Shi Jiuqiao was stunned.

After all, he took pride in being a Nine-Orificed Immortal Stone that gained sentience through the Dao. By doing so, he possessed an incredibly sturdy physical body. Even a peak Five Qi Arch Gilded Immortal Realm cultivator would have trouble injuring him.

However, his body was riddled with cracks just from a single punch from Chu Kuangren.

"I'm no match for him!"

"I must retreat!"

Without another word, Shi Jiuqiao took out the Kunlun Mirror.

He had stolen that mirror, which contained the power to traverse through time, from Lan Yu. That was the main reason why he dared to attack Chu Kuangren.

If he fell into a disadvantage, he would use that Godly Weapon to escape!

However, he had miscalculated!

Just when he was about to escape using the Kunlun Mirror, a Spacetime Arch Gilded Intent suddenly gushed out from the void and interfered with the mirror's powers.

"Oh no!"

Shi Jiuqiao's expression sank. He could not help but feel terrified.

The Kunlun Mirror was his only hope to escape. Now that it had failed, how could he escape?

"Work your powers, d\*mn it!"

Shi Jiuqiao channeled his power to the maximum. Although the Kunlun Mirror flickered brightly, it still did not do anything.

Boom!

At that time, a sword ray shot out and landed on the Kunlun Mirror by chance.

The Kunlun Mirror was immediately blasted away!

"What?!"

Now, Shi Jiuqiao's expression was ashen. He hurriedly chased after it but soon found a wall of sword qi blocking his path.

"Did I allow you to leave?" Chu Kuangren said calmly.

Shi Jiuqiao let out a long roar, and the nine spiritual qi vortexes all over his body started to erupt one after another!

Terrifying surges of Immortal's Core energy erupted from his body!

"You forced me to do this, Chu Kuangren!"

"Nine Orifice Sealed, Heavenly Devastation, Overworld Annihilation!"

Shi Jiuqiao unleashed his greatest trump card!

After absorbing the spiritual qi within a million kilometers into his body, he purposely sealed his nine spiritual vortexes, causing the Immortal's Core energy inside him to skyrocket!

Currently, he could easily shatter planets with every movement he made!

"Bring it on!"

Shi Jiuqiao stepped forward and charged toward Chu Kuangren with a punch!

The power of his attack was already beyond what a Great Perfected Arch Gilded Immortal could handle.

With a clang, the Heavenly Stabilizer Chu Kuangren's waist immediately unsheathed itself!

His terrifying sword intent spread everywhere. As his Invincible Self-empowering Arch Gilded Intent surged, Chu Kuangren unleashed a slash with his sword. He immediately started with the Immortal Destruction Sword Qi's final form!

Boom!

His sword qi tore through the incoming fist strength like a raging ocean, eventually enveloping Shi Jiuqiao in no time!

Despite unleashing his strongest technique, Shi Jiuqiao still appeared incredibly small and insignificant before the sword attack. His Immortal body blew up!

As a final bang sounded, a huge amount of Immortal's Core energy erupted from the sealed spiritual vortexes. The leaking energy was like pillars of light emitting from his body.

Eventually, Shi Jiuqiao was reduced into a pile of rocks by the torrent of energy.

Shi Jiuqiao, the Heavenly Spirit Restricted Area's Young Overlord, was now dead!

Several auras erupted from within the Heavenly Spirit Restricted Area, seemingly filled with rage.

"You shall pay dearly for this, Chu Kuangren!"

The Heavenly Spirit Restricted Area's Supreme Overlord gritted his teeth angrily.

The Heavenly Dao King was also enraged. His expression was so grim that it could cast a shadow over the whole galaxy.

However, a frightening surge of Celestial Demon qi soon appeared above the Heavenly Spirit Restricted Area. Countless Daoist laws manifested within it like a colorful river of stars.

It was a warning from the Seven Celestial Demons!

If the Heavenly Spirit Restricted Area's Embodier dared to take action, the Seven Celestial Demons would personally arrive and lay waste to the whole Restricted Area!

"The Celestial Demon Tribe... D\*mn you all!"

Although the Heavenly Spirit Supreme Overlord was angered, he could not do anything.

Embodiers would always keep each other in check.

Due to that, only those below the Embodier Realm would have to deal with Chu Kuangren.

Inside the Mountain Qi Secret Realm, after killing Shi Jiuqiao, Chu Kuangren shot a glance at Wu Tian. That single glance was enough to send shivers down Wu Tian's spine.

"Chu Kuangren..."

Before he could even say anything, a sword ray was already heading his way.

However, a blood-colored light barrier immediately appeared from Wu Tian's body. It succeeded in blocking the incoming attack from the sword ray.

It was a defensive item.

Taking that opportunity, Wu Tian fled frantically into the distance!

"What a fool."

Chu Kuangren froze the surrounding void with his Spacetime Arch Gilded Intent.

Then, he gently raised his hand, letting out a vine that grew from his fingertip.

It was the Desire Vine!

That was the Desire Flower's unique divine ability. However, as the Desire Flower's master, Chu Kuangren also picked up and mastered its Desire Dao!

Having used up all his strength to block Chu Kuangren's slash with his blood-colored light barrier, Wu Tian could not resist the Desire Flower's alluring powers. As a result, Wu Tian was entangled by the vines.

The Desire Vine weaved a mesmerizing illusion.

Wu Tian gradually succumbed and fell into the vortex of desire. He found himself unable to escape. His desires, flesh, and blood were turned into nutrients for the Desire Flower, signaling the end of his life!

A cold snort came from the void.

"Chu Kuangren, I, the Sin Buddha, will remember this!"

The Sin Buddha was the Embodier that Wu Tian served.

He was also the strongest among the Buddha Destroyers. Recently, he was known as the Demonic Buddha closest to Papiyas's power in the Immortal World!

"Oh, I'll be looking forward to that day!"

Chu Kuangren sneered.

One could only think of Chu Kuangren when it came to openly provoking Embodiers.

However, it was also quite ironic that the Immortal World's Embodiers could not take action easily, thanks to the Celestial Demon Tribe's influence.

In other words, part of the reason Chu Kuangren could act so arrogantly was because of the Celestial Demon Tribe.

After killing Wu Tian and Shi Jiuqiao, Chu Kuangren set his gaze on a location nearby.

"Let's get out of here!" The Great Arbiter Divine Maiden rushed to the Eastern Sovereign Divine Daoist and said.

At that time, she was holding a mirror. It was... the Kunlun Mirror!

She had gone to retrieve the Kunlun Mirror just now!

The Eastern Sovereign Divine Daoist was astonished.

'When did the Great Arbiter Divine Maiden become so brave? To think she dared to steal this mirror away right under Chu Kuangren's nose?!'

Amidst his shock, he quickly regained his composure and fled the area!

"Trying to escape?"

Lan Yu snorted and wanted to chase after them.

"Leave them be, Lan Yu."

At that time, it was Chu Kuangren who stopped her. Although she was a little confused, she still followed his orders.

Chu Kuangren looked toward the direction that the Great Arbiter Divine Maiden fled and grinned.

"Alright, the pieces are all now in place. I can't wait to see what all of you have prepared for me next."

He did not care about losing a mere Kunlun Mirror.

However, that would bring about the most astonishing change to the Eastern Sovereign Divine Daoist and others!

He was looking forward to the moment when the Battle of Heavenly Champions' outcome was at stake. Then, the expressions of those involved would surely be a sight to behold.

## Unparalleled After Ten Consecutive Draws

### **Chapter 1813**

"Master..."

Lan Yu walked toward Chu Kuangren and found herself speechless for a moment.

There were many things in her heart that she wanted to tell him, but she could not even utter a single word. Lan Yu just stared at him, her eyes welling up with tears.

Chu Kuangren, on the other hand, was rather straightforward. He opened his arms and said, "Long time no see, Lan Yu. Why don't you give me a hug?"

"Master!"

Lan Yu immediately followed her heart and leaped into Chu Kuangren's embrace.

Meanwhile, Shi Ying stopped walking toward them.

She could only let out a helpless sigh as she felt a little envious looking at Lan Yu, who was hugging Chu Kuangren.

She then looked at Gu Linglong, who was standing nearby, curiously.

'So, this is Chu Kuangren's rumored Daoist companion?'

'She only has a Gilded Immortal cultivation level!'

'Hmm. She's not really that outstanding either.'

'Although her looks are impressive, a few ladies in the Immortal World are just as gorgeous.'

For example, there were Lan Yu, Hua Xi, and herself.

'However, her temperament is rather unique. She has quite a demeanor of a queen, a trait which complements Chu Kuangren well.'

'Ninety-nine percent of the women in the Immortal World were vying after this man's affection. Yet, of all the women out there, she was the one who won it at the very start.'

Shi Ying took another glance at Gu Linglong.

Gu Linglong also noticed Shi Ying's gaze. Hence, she turned toward Shi Ying, smiled, and nodded.

In return, Shi Ying greeted her with a bow.

Unbeknownst to her, a feeling of guilt crept up in her heart.

After a heartfelt embrace, Chu Kuangren and Lan Yu stepped back. However, upon seeing Gu Linglong, Lan Yu's face immediately turned red, and she averted her gaze. "Um... Sister Linglong..."

'My goodness!'

'I can't believe I hugged Master in front of Sister Linglong!'

'Will Sister Linglong despise me now?!'

Thinking of that, a feeling of unease overcame Lan Yu.

However, Gu Linglong did not say anything. She simply looked at Lan Yu gently and warmly, just as it always had been. "It's been a long time, Lan Yu."

"It truly has been quite a while. Welcome to the Immortal World, Sister Linglong."

Lan Yu gradually calmed down.

Meanwhile, Chu Kuangren turned to look at the Nirvana Rejuvenation Spring within the Eight Hundred Ancient States Formation mischievously. "Now, this truly is a wonderful place."

A huge surge of Immortal's Core energy erupted from his body. Then, he yelled, "Everyone, leave this place at once!"

Following that, he raised the Heaven Stabilizer high in the air and channeled his Immortal's Core energy to the limit.

The Green Lotus's Destruction Energy was activated!

Some of the cultivators immediately fled as they could feel danger coming their way. However, a few others were still attracted to the Nirvana Rejuvenation Spring, so they did not care.

Boom!

With a single slash from his sword, a terrifying sword ray shot out!

When the powerful sword ray landed on the Eight Hundred Ancient States Formation, the barriers shattered one after another!

The cultivators attempting to break through the barriers soon noticed a mighty sword ray coming from behind. They immediately exclaimed with horror and frantically escaped the range of that sword ray attack.

The rumbling and shaking in the surrounding terrain spread throughout the entire Qi Mountain Secret Realm.

A gigantic slash mark that stretched thousands of kilometers appeared on the ground, seemingly splitting the whole terrain in half.

Several faint flickering lights remained surrounding the slash mark, representing what was left of the damaged Eight Hundred Ancient States Formation.

"What a terrifying sword attack!"

"If I dodged just a second later, I would've been dead by now."

"Was Chu Kuangren always this crazy?!"

"Nonsense. Is this the first time you've seen him in action?"

Everyone was terrified.

Fortunately, Chu Kuangren had alerted them before he unleashed that sword ray.

Otherwise, the Eight Hundred Ancient States Formation would not be the only thing slashed in half.

"Huh... There's still one barrier left standing."

At that time, someone commented.

The power of Chu Kuangren's attack just now was indeed incredible for having shattered most of the Eight Hundred Ancient States Formation.

However, there was still the last barrier left standing.

A man in bronze armor holding a sword was standing before the barrier, emanating a heavenly and noble aura.

That man was the energy manifestation of the Ji clan's First-Generation Heavenly Child.

Chu Kuangren looked at that man, his gaze void of emotion. "First-Generation Heavenly Child, Ji Fa!"

"That's right!" the First-Generation Heavenly Child said indifferently. Then, he pointed his sword toward Chu Kuangren. "You're very powerful, young man. Tell me your name!"

"You should address me as... the Human Emperor instead!"

As Chu Kuangren stepped forward, his nine dragon qi soared into the skies while his Human Emperor aura erupted at full power!

Meanwhile, the First-Generation Heavenly Child's gaze narrowed. He could not help but exclaim, "I can't believe the Human Emperor still exists in this world!"

"The lineage of the Human Emperor still lives on. Does that disappoint you?" Chu Kuangren asked calmly.

"This is the Qi Mountain Secret Realm, yet I don't see the Ji clan members anywhere. Why is that so?" the First-Generation Heavenly Child asked.

Chu Kuangren stood with both hands behind his back. His aura swirled around him while the nine dragons behind him roared. "The Ji clan no longer exists in this world... I was the one who wiped them out!"

"What!"

The First-Generation Heavenly Child was even more shocked. Then, rage appeared in his eyes. "Human Emperor, as fellow humans, do you really have to go that far?!"

"In the past, you conspired with the Immortal Halls, bringing an end to the lineage of Human Emperors and forcing the human race to serve the Immortal Hall as slaves. Did it ever cross your mind back then that you were still part of the human race?" Chu Kuangren said indifferently.

"You... Hmph! There's no point arguing about this any further. My true self died long ago. However, even as an energy manifestation, I won't allow you to obtain the treasures here!" The First-Generation Heavenly Child snorted.

He raised his sword high, gathering the remnant aura of the Eight Hundred Ancient States Formation toward him!

In an instant, the energy manifestation's power increased steadily!

"Oh, that's interesting. Since I'm facing the Ji clan's First-Generation Heavenly Child, it would be more appropriate for me to use this sword instead."

A crimson sword suddenly appeared in Chu Kuangren's grasp.

"That's King Zhou's Blooded Crimson Sword!"

The First-Generation Heavenly Child's expression froze. "I see. You inherited the Human Emperor's fate from King Zhou. I should've killed Tushan's Daji back then. To think a human could enter the Great Ten Thousand Mountains and obtain the Human Emperor's inheritance from the yokai's secret realm."

At that time, King Zhou was dead, and Daji had also fallen.

However, the nine-tailed fox possessed nine lives, one for each tail, making them very hard to kill. As such, Daji managed to bring King Zhou's body back to Tushan Mountain.

Unbeknownst to everyone, the Human Emperor's inheritance was in King Zhou's corpse.

"In the past, you conspired with the Immortal Halls, killed King Zhou, and ended the line of Human Emperors. Today, I shall slay the First-Generation Heavenly Child using this Blooded Crimson Sword!"

"From this day onwards, the Heavenly Child will cease to exist in this world. Only the Human Emperor will remain as the protector of humanity!"

Holding the Blooded Crimson Sword, Chu Kuangren stepped forward and immediately attacked with the Berserking Torment technique, the Blade of Zhou's first form!

"Heaven's Son Sword Art!"

The First-Generation Heavenly Child unleashed the Heaven's Son Sword, and a gigantic sword shadow manifested in the sky.

As the First-Generation Heavenly Child, he possessed the Heavenly Child Fortune. It meant that the power of his attack was far superior compared to any Ji clan member.

The Heaven's Son Sword and the Berserking Torment attack caused the whole terrain to rumble!

"Blade of Zhou, Tyrannical Ascension!"

Chu Kuangren raised the Blooded Crimson Sword and unleashed another slash as if a tyrannical ruler was forcing his reign on the world!

"Heaven's Son Sword, Heavenly Invocation!"

The First-Generation Heavenly Child also unleashed another ultimate technique!

The two sword shadows collided!

The nine dragons behind Chu Kuangren roared while the golden Heavenly Child Fortune on the First-Generation Heavenly Child surged.

The Human Emperor's Nine Dragons faced off against the Heavenly Child Fortune!

"Blade of Zhou, Infinite Void!"

When Chu Kuangren unleashed the Blade of Zhou's final form, countless Daoist patterns rose into the sky, and a sword shadow manifested!

This time, it was the Infinite Void Sword technique, a sword technique used by tyrants!

With a single slash, all forms of Dao would be demolished!

"Heaven's Son Sword Art, Supreme Heavenly Dominion!"

The First-Generation Heavenly Child swung his sword, and a river of stars as far as the eye could see manifested in the sword ray!

The final clash of attacks erupted with the most spectacular explosion!

#### **Unparalleled After Ten Consecutive Draws**

#### **Chapter 1814: Fuxi's Successor Arrives to Make a Trade, The Treasure Lotus Lantern, Things Did Not Go Well?**

The final attacks collided with unprecedented might!

Incredibly terrifying auras swept out, impacting the void in all directions!

Meanwhile, a figure fell out from the sky full of Immortal Sparks, with a large amount of Immortal's Core energy leaking out from his body. It was the Ji clan's First-Generation Heavenly Child.

At that moment, his body appeared ethereal, as if he could fade away any moment.

That energy manifestation of his was critically injured!

"You're more powerful than King Zhou was back then!"

The First-Generation Heavenly Child looked at Chu Kuangren and said with a serious expression, "No matter what, the Human Emperor will forever be the Immortal Hall's adversary. You can't stay arrogant for long."

"Let them come," Chu Kuangren said indifferently, with both hands behind his back.

Even if the Immortal Hall did not take action on him, he would not let them off the hook easily.

With a swing of his sleeve, a huge burst of Immortal's Core energy was released.

The First-Generation Heavenly Child's energy manifestation immediately dispersed with a bang and was reduced to nothing.

The Eight Hundred Ancient States Formation crumbled as well.

After the battle ended, Chu Kuangren's eyes lit up as he looked at the Nirvana Rejuvenation Spring in the distance. He then led Gu Linglong, Lan Yu, and the others to it.

Countless runes were swirling around the huge Rejuvenation Spring, illuminating it with gorgeous brilliance.

"What a dense Phoenix Blood energy fluctuation," Chu Hong commented with a slight frown.

After all, she was a Godly Phoenix, and it made her a little uncomfortable looking at the whole spring filled with Phoenix Blood.

"This spring possesses supreme rejuvenation capabilities. It's powerful enough to improve one's physique and increase one's cultivation level. This is very suitable for you, Linglong." Chu Kuangren chuckled.

Gu Linglong nodded gently before going into the Rejuvenation Spring.

The next instant, several restrictions appeared in the void, sealing off the area within a thousand kilometers of the Nirvana Rejuvenation Spring!

Upon seeing that, everyone could only leave with disappointment.

Since that treasure had fallen into Chu Kuangren's hands, it had nothing to do with them anymore.

Several days later, Chu Kuangren and the others were standing guard for Gu Linglong at the Nirvana Rejuvenation Spring when he suddenly sensed the presence of someone approaching outside the restrictions.

"Oh, it's him."

Chu Kuangren's eyes flickered when he noticed that person's aura.

In a flash, his figure disappeared from thin air.

Outside the Nirvana Rejuvenation Spring, a young man in white robes was standing with his hands behind his back, seemingly waiting for something.

Just then, a white-robed person gradually walked out from the Nirvana Rejuvenation Spring. That person was none other than Chu Kuangren, whose otherworldly aura surprised even the young man in white robes.

"Greetings, Brother Chu. I'm Fuxi's successor from the Human Emperor Sect."

The person who came was Fuxi's successor.

Chu Kuangren was not too surprised to see Fuxi's successor here. However, he asked. "What do you want?"

Truthfully speaking, he already knew the purpose of Fuxi's successor's visit.

"I have come to make a trade with you, Brother Chu."

Fuxi's successor took out an emerald-colored treasure lantern with a jade-like surface. The lantern's body resembled a green lotus blossoming.

Chu Kuangren's eyes lit up.

"This is... The Treasure Lotus Lantern."

When the Chaos Green Lotus was shattered back then, five of its lotus leaves were turned into five treasure lanterns.

The Treasure Lotus Lantern was one of them.

"What do you mean by this?"

"I heard you own Fuxi's Guqin, Brother Chu. As Fuxi's successor, this item holds great value and meaning to me. Hence, I wish to trade your Fuxi's Guqin with this Treasure Lotus Lantern. I hope you can agree to my request," Fuxi's successor explained, honestly stating his intentions.

In truth, Fuxi's Guqin was a crucial component in setting up the Universal Godly Weapons' Ten Directions Formation.

However, because it was in Chu Kuangren's possession, none of them were confident that they could take it from him by force.

That was why Fuxi's successor wanted to obtain that item by trading it from Chu Kuangren.

After some investigation, he discovered that the Treasure Lotus Lantern and other items formed by pieces from the Chaos Green Lotus proved to be of great significance to Chu Kuangren. If he were to trade one of those items with Chu Kuangren, the chances of him getting Fuxi's Guqin would increase greatly.

"The Treasure Lotus Lantern is quite an interesting item. However, I still very much enjoy using Fuxi's Guqin. So, I'm not interested in a trade for now," Chu Kuangren said calmly.

The corners of Fuxi's successor's mouth twitched. "According to my sources, ever since you obtained Fuxi's Guqin, you have only used it once. Is that right, Brother Chu?"

He had investigated that very thoroughly.

After Chu Kuangren restored it in the Chaos Fragment, Fuxi's Guqin was only used once in battle and never after that.

"Now, that's not true. I always use it during my travels with my wife, where I will play the guqin while she dances. Oh, what pleasant times indeed."

'This guy...'

'I can't believe he's using Fuxi's Guqin as a tool for entertainment.'

Fuxi's successor was annoyed, but he silently kept the Treasure Lotus Lantern and said, "Alright. What's your offer to part with Fuxi's Guqin, Brother Chu?"

"This Treasure Lotus Lantern of yours is only one of the Pseudo Five Lanterns. If you can bring me more of them, I might agree to your request."

The Pseudo Five Lanterns were all Pseudo Source Supreme Treasures.

They were the Treasure Lotus Lantern, Eight-Scenic Palace Lantern, Golden Cloud Herald Lantern, Floating Azure Palace Lantern, and Spirit Eagle Palace Lantern.

Each of the five lanterns possessed significant power.

Chu Kuangren was interested in making a trade, but he felt that the value of a single lantern was insufficient to trade for Fuxi's Guqin.

"Brother Chu, do you know how much effort I've spent searching for this Treasure Lotus Lantern? The locations of the four other lanterns are still unknown. Why are you making things difficult for me, Brother Chu?" Fuxi's successor suppressed his anger and said.

"It's alright if you don't wish to trade. I'll let you be on your way then," Chu Kuangren replied.

Fuxi's successor glared at him, and the Immortal's Core energy in his body surged. For a moment, an Eight Trigrams diagram appeared faintly around him.

"What's the matter? You want a fight?" Chu Kuangren asked playfully.

"I will find a way to bring you another lantern. I hope you'll keep your promise when that time comes and give me Fuxi's Guqin, Brother Chu."

Finally, Fuxi's successor retracted his aura.

He knew that he was not a match for Chu Kuangren alone. If he were to attack, he might lose the Treasure Lotus Lantern and his life, let alone Fuxi's Guqin.

"Promise? You're still far from being worthy to request a promise from me!"

Chu Kuangren replied coldly, "Come find me again when you have the next lantern."

After saying that, he turned around and left.

A vein on Fuxi's successor's forehead throbbed as he watched Chu Kuangren leave. Enraged by Chu Kuangren's behavior, he had to take a deep breath and calm himself down.

"Chu Kuangren, you will pay dearly for your arrogance," Fuxi's successor mumbled.

After that, he disappeared from the spot.

Inside the Nirvana Rejuvenation Spring, Lan Yu asked curiously when she saw Chu Kuangren coming back. "Who was that earlier, Master?"

"Oh, he was just an errand boy." Chu Kuangren chuckled.

At that moment, Gu Linglong suddenly opened her eyes inside the Nirvana Rejuvenation Spring. Her aura increased steadily until her powers reached the peak Gilded Immortal Realm!

She was now half a step away from the Arch Gilded Immortal Realm.

Gu Linglong leaped out from the Rejuvenation Spring, her graceful feminine figure glowing with crystal-like luster under the sunlight and a flash of Immortal Sparks. Then, she put on her gorgeous robe.

"The effects of this Rejuvenation Spring are extraordinary."

Gu Linglong was quite delighted.

Not only had her cultivation level improved significantly in just a few days, but her physique and foundations were also refined.

Before that, she was only able to break through to the Gilded Immortal Realm thanks to the resources that Chu Kuangren sent back. However, with her newly improved foundations, she was confident in breaking through to the Arch Gilded Realm now.

"Congratulations, Sister Linglong."

"This is too wonderful, Sister Linglong."

Lan Yu and Chu Hong went up to congratulate her.

Meanwhile, Hua Xi and Long Xuan were exploring somewhere in Qi Mountain. They finally found the Yokai Refining Flagon, one of the ten Great Godly Weapons.

"With the Yokai Refining Flagon obtained, all ten Great Godly Weapons have been revealed. It all depends on Fuxi's successor now."

Hua Xi looked at the Yokai Refining Flagon and mumbled.

At that time, Fuxi's successor appeared from behind them.

Upon noticing that he was in an unpleasant mood, Hua Xi made a guess. "Let me guess. Things did not go well with Chu Kuangren?"

#### **Chapter 1815: Fa Hai Joins the Group, Let's Make Another Trade**

"Chu Kuangren wants the Pseudo Five Lanterns as a trade," Fuxi's successor said.

"Didn't you bring him the Treasure Lotus Lantern?" Hua Xi asked.

Fuxi's successor's expression darkened upon hearing that. "One lantern is not enough. He wants more."

"Sigh. It looks like you fell short of his demands."

"In that case, we better figure out a way to fulfill his demands."

"Why don't we snatch it from him right away?" Long Xuan said with excitement in his eyes.

Having suffered many defeats from Chu Kuangren many years ago, he had been itching to return that humiliation as payback.

However, he could not do it alone.

Since so many Godly Weapon wielders were in their alliance, how could they not have a chance to do so by joining forces?

"To defeat Chu Kuangren, we must strike him with the single most powerful blow. Otherwise, it'll be extremely hard for us to try a second time. The Universal Godly Weapons' Ten Directions Formation is the only thing we're confident can defeat him! This great formation must be set up perfectly without mistakes. If we attack now, we'll only expose our plans and be defeated."

"What do you think we should do then?"

"As he said, I'll have to find another of the Pseudo Five Lanterns for him."

"I heard Fa Hai of the Great Thunder Temple once fought his enemies using the Spirit Eagle Palace Lantern. Perhaps we can find him to discuss this."

"Very well."

Soon after, Fuxi's successor and the others went to find Fa Hai.

He was busy growing his religion in a human country at that time, so he was extremely shocked when Fuxi's successor came to him.

'Is he going to end me now because of the Battle of Heavenly Champions?'

At that thought, Fa Hai's expression grew serious.

"Fa Hai, we've come to request something of yours — the Spirit Eagle Palace Lantern!"

"Oh, this item is my Immortal Weapon, and I never part with it. I'm afraid I can't agree to your demands. Besides, what use do you have for this item?"

Fuxi's successor then told him the plan about defeating Chu Kuangren.

He was not afraid that Fa Hai would expose their secret plan.

After all, Fa Hai had also been defeated by Chu Kuangren in the past. Hence, Fuxi's successor believed that Fa Hai also resented Chu Kuangren to the core.

"I see," Fa Hai mumbled and then chuckled. "I don't mind giving away the Spirit Eagle Palace Lantern. However, I request to be a part of this plan to defeat Chu Kuangren."

"Of course."

Fuxi's successor's eyes lit up.

An extra person to their ranks would mean an increased chance to defeat Chu Kuangren.

...

Meanwhile, after Gu Linglong managed to obtain tremendous benefits from the Nirvana Rejuvenation Spring, which included increasing her cultivation level, she followed Chu Kuangren back to the Hundred Academy.

Lan Yu, Chu Hong, and Shang Honghua also followed him back.

In the Hundred Academy, Chu Kuangren was cultivating his Arch Gilded Intent on that day.

His Arch Gilded Intent was at the Fifth Step and was inching closer than ever before to reaching the Sixth Step.

He would break through to the peak Great Perfected Arch Gilded Immortal Realm when he was at the Seventh Step Arch Gilded Intent. Then, only after reaching that level could one attempt to break through to the Embodier Realm.

"I wonder how powerful the other me is right now," Chu Kuangren murmured.

The other Chu Kuangren was in the Central Heaven Universe, which had the Central Heaven Temple, a sanctuary of cultivation. There were also many Outliers and Prodigies as his training opponents there.

He even had the Fantasy Roulette to cheat.

'His cultivation level should have increased much faster compared to mine.'

"Increasing my cultivation step by step is not really a suitable method at the moment."

"There are only two ways for me to increase my cultivation. The first method is to refine every treasure formed by parts of the Chaos Green Lotus. Only by increasing the Chaos Green Lotus's power can I use it to strengthen myself. The second method will be to win the Battle of Heavenly Champions. Once I win and become the Immortal World Ruler, I can use all the resources of the Immortal World to increase my power!" Chu Kuangren mumbled.

For the former method, he now had the Yin and Yang Cauldron. That item was still gradually being refined inside his body, and he would still need some time to refine it completely.

For the latter method, the Heavenly Will Temple had appeared and listed the seventy-two Immortal Prides. Hence, the Battle of Heavenly Champions would be reaching an end soon.

"Master, Fuxi's successor wishes to meet you."

At that moment, he received a message from Lan Yu.

Chu Kuangren's eyes lit up. "Oh, has he found the items I need already? Fuxi's successor is quite a useful errand boy it seems."

He went outside the Hundred Academy and met Fuxi's successor.

"Brother Chu, here's the Treasure Lotus Lantern and the Spirit Eagle Palace Lantern. Since I've found two of the Pseudo Five Lanterns for you, can you give me Fuxi's Guqin now?"

Fuxi's successor looked at Chu Kuangren. Although his heart was filled with hatred, he had to maintain a smile on his face.

He even addressed Chu Kuangren friendly as "Brother Chu".

Before obtaining Fuxi's Guqin, he did not want to provoke Chu Kuangren.

"Only two?"

"Brother Chu, Source Supreme Treasures like these are incredibly hard to find. Please understand that I've gone to great lengths to find these two lanterns for you." The corner of Fuxi's successor's mouth twitched.

"Oh well, it looks like I've overestimated your capabilities, Fuxi's successor. You're no different than everyone else."

Chu Kuangren took the two lanterns.

With a wave of his sleeves, Fuxi's Guqin appeared. The guqin's white jade surface radiated illuminating brilliance, mesmerizing those who set their eyes on it.

After seeing that guqin, Fuxi's successor's eyes lit up with joy.

"That really is Fuxi's Guqin!"

He kept it and said, "I will now be on my way, Brother Chu."

"Heh, I'll be looking forward to the next time we meet," Chu Kuangren said to Fuxi's successor. His words were chosen carefully, as if conveying a hidden meaning.

"As do I," Fuxi's successor replied calmly.

After he turned around, a scheming look appeared in his eyes. 'Chu Kuangren, the next time we meet, it'll be your downfall!'

"Master, are you going to give Fuxi's Guqin away just like that?" Lan Yu asked curiously.

From her impression, Chu Kuangren was not such an easy-going person. Moreover, Fuxi's successor might even be a potential enemy in the future.

"Oh, yes I am, Lan Yu. Have you ever heard the saying that if you want to catch a big fish, you must first cast a long line?"

"Master, do you mean..." Lan Yu pondered.

"Today, I've cast my line using Fuxi's guqin. One day, it will bring me all Ten Great Godly Weapons at once."

Chu Kuangren chuckled.

"I see."

...

Meanwhile, on a mountain peak somewhere, the ten Godly Weapon wielders were gathered once more.

Fuxi's successor was holding Fuxi's Guqin with a smile on his face.

When it came to firepower, Fuxi's Guqin was only a Pseudo Source Supreme Treasure, and there were many weapons more powerful than it in the Immortal World.

However, it was still one of the Ten Godly Weapons.

Meanwhile, the Universal Godly Weapons' Ten Directions Formation would be his trump card to defeat Chu Kuangren. "Chu Kuangren, the guqin you gave me today will be the tool that seals your death tomorrow!"

"Alright, now that the Ten Great Godly Weapons have been gathered. It's time for us to cultivate the Universal Godly Weapons' Ten Directions Formation," Long Xuan said impatiently.

Fuxi's successor looked around him to see that all Ten Great Godly Weapon wielders had arrived.

Even the Endless Sky Imperial Commander was there.

He was a young man who wore a jade crown and possessed an air of nobility. Fuxi's successor could sense power on par with his own from the Endless Sky Imperial Commander.

"Since the Ten Great Godly Weapons are all here, let's begin cultivating the formation technique."

Fuxi's successor released a beam of divine light, displaying the layout of the Ten Directions Formation before everyone for them to cultivate.

There was a look of excitement on everyone's faces.

Several months later, an incomparably powerful energy blast erupted from that mountain. Colorful Immortal Sparks flowed out and lit up the land.

The whole mountain peak was reduced to dust.

Fuxi's successor and the others walked out amidst the Immortal Sparks, with each of them holding a Godly Weapon.

Fuxi's successor was holding Fuxi's Guqin, Hua Xi was holding the Nuwa Stone, the Holy Longevity Imperial Commander was holding the Kongtong Seal, the Endless Sky Imperial Commander was holding the Great Heaven Tower, Long Xuan was holding the Pan Gu Axe, Xuanyuan's successor was holding Xuanyuan Sword, Shennong's successor was holding the Shennong Cauldron, the Great Arbiter Divine Maiden was holding the Kunlun Mirror, while the Eastern Sovereign Divine Daoist was holding the Eastern Sovereign Bell.

Meanwhile, Fa Hai, the newest member to join the secret plan of defeating Chu Kuangren, was holding the last weapon, the Yokai Refining Flagon.

#### **Chapter 1816: Battle of the Heavenly Champions, Final Battlefield, The Gathering**

"The Universal Godly Weapons' Ten Directions Formation is terrifyingly powerful. With this formation, we don't need to worry about Chu Kuangren anymore!"

The Eastern Sovereign Divine Daoist lifted a giant golden bell above his head, looking excited.

At that moment, he saw the hope of defeating Chu Kuangren.

No, it was not just wishful thinking. He could already see Chu Kuangren begging on his knees.

With that, he eagerly wanted to challenge Chu Kuangren again.

"The Ten Directions Formation is indeed terrifying," the Great Arbiter Divine Maiden exclaimed.

She believed Chu Kuangren might not be able to withstand the power of the formation, but she did not think Chu Kuangren would lose as well.

The man had calculated everything before it happened.

At that thought, the Great Arbiter Divine Maiden sighed to herself.

"Now that the formation is ready, we should go to Chu Kuangren," Long Xuan said.

"There's no need to rush." Fuxi's successor shook his head.

"Other than sufficient power, we also need a suitable and eye-catching stage to fight him. I want to destroy him at the very end of the Battle of the Heavenly Champions, when he thinks he has become the Immortal World Ruler. I will obliterate not only his body and soul but also his spirit."

His words enlightened the others.

It would send Chu Kuangren straight to hell from heaven.

It was a great idea indeed.

The thought of that interesting suggestion made them all chuckle.

"I believe Chu Kuangren would look 'amazing' when that happens." Long Xuan chuckled.

While they were talking about the final stage, a beam of divine light shot up into the sky, moving the clouds away.

A beautiful and grand scroll of painting expanded in the air.

Then, a grand but emotionless voice said, "The final battlefield for the Heavenly Champions will be the Thalassic Mountains, where the Immortal King will ascend to his or her throne."

The brief message contained information that shook the entire Immortal World.

Every force in the Immortal World looked at the ancient painting scroll in the sky, which was the final battlefield for the Battle of the Heavenly Champions.

It was a mountainous terrain that resembled an old and barren land.

That would be the final battlefield for the Heavenly Champions, the Thalassic Mountains.

"Hahaha! Just when we were thinking about the perfect timing to deal with Chu Kuangren, it arrives!"

"That's right. The Thalassic Mountains will be where we defeat Chu Kuangren once and for all."

Everyone was delighted.

"Now that it has appeared, everyone should go back and get fully prepared. Remember to keep in contact. Another important thing would be..."

Fuxi's successor said with a serious look on his face, "Before the ten of us get together, no matter how many more cultivators there are, do not engage Chu Kuangren."

The Ten Great Godly Weapons must be intact.

If any one of them was defeated by Chu Kuangren and lost the artifact to him, the Ten Directions Formation would be wasted.

"Understand."

"We have cultivated for so long. Waiting a little longer is nothing."

Everyone agreed.

...

The appearance of the Thalassic Mountains moved the entire Immortal World.

Other than the wielders of the Ten Great Godly Weapons, many other sky-prides and Prodigies, especially the seventy-two Immortal Prides, would not give up the position of Immortal King without a fight.

Inside the Soul Restricted Area, countless evil ghouls and souls rose to the sky.

A beautiful figure emerged from the sea of souls, but her paleish and vicious look gave everyone the chills.

"That's Lan Haifang, the Restricted Area Young Overlord!"

"She has appeared! Is she going to the Thalassic Mountains?"

"Nonsense. Lan Haifang is one of the seventy-two Immortal Prides so, of course, she would not miss the final battle of the Heavenly Champions. The Immortal World Ruler is a position that everyone wants."

Lan Haifang looked at the Thalassic Mountains Battlefield coldly. "Chu Kuangren, I hope you will be there. It's time to settle the beef with you once and for all."

On the other hand, a demonic three-headed dragon flew out of the ocean, and its rampant demonic qi swept across the waters.

A dozen mountains near the sea were destroyed by the wave of demonic qi.

Cultivators escaped the collapsing mountains and emerged from the dust storm. They looked at the demonic dragon in fear and gasped.

"It's the Three-Headed Demonic Dragon!"

"The other Young Overlord of the Subspecies Restricted Area!"

"What a terrifying demonic qi! With that power, he would be able to rival Long Xuan or even surpass him."

"The Restricted Area Young Overlords are really something."

...

"Roar!"

On the land where countless beasts called home, a deafening roar forced all the beasts on their knees, shaking.

A colorful kylin walked out.

The kylin was surrounded by five different colors of light and countless runes, which granted it a mystical presence.

The horns on its head had lightning bolts surrounding it, its front limbs sparked flames, and its rear limbs had strong wind surrounding them. Its body had a colorful luster, and it looked tougher than an Immortal Metal.

Life flourished wherever the kylin went. Grass grew and withered wood came back a life.

Then, the colorful kylin transformed into a man with a colorful robe. He looked at the Thalassic Mountains Battlefield eagerly.

"I, the Five-colored Kylin Child, have been cultivating for many years and have never fought anyone before. It was to conserve my energy so that I could do my best at the final stage of the Battle of the Heavenly Champions. I will seize the throne of the Immortal World Ruler! The chance has finally come!"

Five-colored Kylin Child chuckled and flew toward the Thalassic Mountains Battlefield.

On the other hand, Ye Zhu was cultivating on a mountain peak within the Three Clarity Daoist Sect's territory.

When the Thalassic Mountains Battlefield appeared, sword qi surged into the sky and tore the sky and earth apart.

The entire mountain peak transformed into a massive sword that perforated the heavens.

"The Thalassic Mountains Battlefield. The final battle has finally come."

Ye Zhu's eyes flickered before he disappeared from his spot. The endless sword qi disappeared as well.

At Every Goat Mountain, a buffed man walked out with endless battle intent that swept across the land and shook the heavens.

He wielded a halberd and a shield as his weapons.

"Hahaha! The Holy Judgement Tribe has been living in seclusion at Every Goat Mountain, and now, it's time for us to show ourselves. I will become the Immortal World Ruler and destroy the Immortal Hall!"

The buffed man had overflowing battle intent surrounding him as he released a powerful cry.

He was like a man-like ancient wild beast. He could destroy mountains and rivers with his power.

Back at Five Ways Mountain, an ape wielding a metal rod looked at the Thalassic Mountains Battlefield fiercely.

"The Battle Saint Ape Tribe will fight until the end! I, Yuan Zhan, has won and lost before in my life, but Chu Kuangren is my nemesis. Now that I'm no longer the same, I wish to fight you again," Yuan Zhan muttered to himself excitedly.

Even though he had a hunch that he was still not a match for Chu Kuangren's strength, the blood flowing in his vein drove him forward.

At the Great Ten Thousand Mountains, a beautiful woman came out.

There was a crescent moon mark on her forehead, and it was emanating a mystical Daoist Rhyme. Wherever she went, invisible restriction seals formed.

"Master, Lil Fox is coming!"

The appearance of the Thalassic Mountains Battlefield rang the alarm for all the forces in the Immortal World.

The seventy-two Immortal Prides showed up one after another and made their way to the battlefield.

Some of them were already well-known Prodigies, while some had been hiding for as long as the story went on and only decided to show up at the very last moment.

For a moment, the appearance of the Thalassic Mountains Battlefield gathered all the Immortals Prides at a single place.

#### [Unparalleled After Ten Consecutive Draws](#)

#### **Chapter 1817: Human Emperor's Successor Was Frightened Away, Seeing Ye Zhu Again**

Meanwhile, Chu Kuangren also noticed the appearance of the Thalassic Mountains Battlefield from Hundred Academy. "It seems like the end of this Battle of Heavenly Champion is near."

"Haha! Chief, now that you've returned, the seventy-two Immortal Prides are nothing!" Wang Chentian cackled. He had the utmost confidence in Chu Kuangren.

"I wouldn't be so sure. There are a few interesting opponents as well," Chu Kuangren's lips curled into a smile.

"Chief, are you talking about Fuxi's successor?" Cao Yun had a hunch and asked.

"That's one of them," Chu Kuangren said.

The others started to ponder after hearing him.

Then, Chu Kuangren brought Wang Chentian and the others to the Thalassic Mountains Battlefield.

As the final battlefield for the Battle of the Heavenly Champions, the Thalassic Mountains allowed not only the entries of the Heavenly Champions but other sky-prides and Prodigies as well.

On top of that, the Thalassic Mountains Battlefield contained an unimaginable amount of resources and Opportunities of Fortune, which tempted the sky-prides and Prodigies.

The treasures and Opportunities of Fortune might be in abundance, but together with them were endless battles.

Battles between powerful Prodigies were everywhere. Each battle could destroy mountains and ripe heavens apart, which was fitting to the final battlefield for the strongest.

When Chu Kuangren arrived, he mobilized his Immortal Consciousness.

His Immortal Consciousness discovered seven to eight ongoing battles.

"Tsk." Chu Kuangren shook his head.

While the Central Heaven Universe was eyeing to invade, if Pan Gu Universe continued to break apart due to the internal conflict, the situation would only be tougher when the invasion happened.

Unfortunately, people were selfish creatures. Many people would rather fulfill their selfish desires than be concerned with the greater good.

It was nearly impossible to stop the internal conflict of the Pan Gu Universe because the Central Heaven Universe also had its own internal conflict, such as the fight between the Overlords and Emperors.

"Hm? This energy presence..."

Chu Kuangren suddenly sensed a familiar presence.

Somewhere on the battlefield, Ye Zhu was fighting with several cultivators.

His extraordinary strength frightened the other Prodigies. The Blade of Zhou and the Immortal Destruction Sword Qi were being used to their full potential.

"I'm getting this sword intent!"

Ye Zhu had a short sword in his hand. It contained a sharp and strong Sword Dao's will that would help him gain further insights into the sword intent.

It was the item that everyone was fighting for.

However, Ye Zhu's Green Leaf Sword Vision was one of the Honorable Supreme Immortal Physiques, which trumped the others easily with its extraordinary power.

Apart from the younger generations, throughout the entire Immortal World, no one but the Embodiers and Xuanyuan's successor could rival him in terms of Sword Dao power.

The other swordsmen were aggrieved but could not do anything about it.

Then, a sea of domineering aura flooded the area.

The swords in their hands shook as if they were buzzing to welcome the supreme swordsman.

A man in golden robes, wielding a golden sword, strutted over with sharp sword intent surrounding him. It was Xuanyuan's successor.

"Oh? It's Xuanyuan's successor, Ji Wu!" Ye Zhu's eyes glinted at the man's arrival.

"Hand over the sword intent, and I can spare you this time," Xuanyuan's successor said.

Ye Zhu chuckled after hearing his words. "Ji Wu, don't you think you're too confident in yourself? You're just a loser!"

Xuanyuan's successor's expression turned grim when he heard Ye Zhu call him a loser.

"Audacious!"

Everyone in the Immortal World knew Chu Kuangren destroyed the Ji clan, and Xuanyuan's successor was from the Ji clan.

Unfortunately, due to his lack of power, he could not avenge his clan, and it had haunted him ever since.

Then, with Ye Zhu sneering at his trauma, he lost it.

He bellowed, and his figure flashed forward, where he swung the Xuanyuan Sword at Ye Zhu.

The sharp sword intent sent a blast of energy into the area.

Ye Zhu responded to the attack boldly and unleashed his own sword qi at Xuanyuan's successor.

The Xuanyuan Sword Qi and Immortal Destruction Sword Qi clashed.

In the end, Xuanyuan's successor was pushed back several steps. He looked at Ye Zhu with a grim look on his face. "I can't believe you've cultivated the Immortal Destruction Sword Qi to this level!"

"I have to thank Brother Chu for teaching me the Blade of Zhou. This sword technique is rather similar to the Immortal Destruction Sword Qi, and with that, it has allowed my Immortal Destruction Sword Qi to reach a new height. In terms of Sword Dao, you're no longer my match," Ye Zhu said confidently with his hands behind his back.

Xuanyuan's successor was enraged when he heard Ye Zhu.

He was already no match for Chu Kuangren, and now, even someone who had received guidance from the man had surpassed him.

It was impossible!

Xuanyuan's successor channeled his Immortal's Core energy to the limit. Sword qi swirled and intertwined around him, forming a sword barrier.

It was the Xuanyuan Celestial Sword, the ultimate move of the Xuanyuan Sword Qi!

"Again!"

Xuanyuan's successor attacked again. He swung the Xuanyuan Sword, and an even more rampant and domineering aura erupted.

The furious attack forced a heavy look on Ye Zhu's face.

"In that case, show me how strong you are!"

The two of them clashed once more, and their sword qis collided.

The pinnacle of a sword battle unfolded.

The clash between swords was furious and ceaseless.

In just a blink of an eye, the two swords had clashed more than a thousand times.

"Your sword... It's the Green Lentils Sword!"

Xuanyuan's successor looked at the sword Ye Zhu wielded, and his expression turned heavy.

"Good eyesight."

The Green Lentils Sword was the sword of the Jie Sect Ruler of ancient times.

The sword's level and rarity rivaled that of the Xuanyuan Sword.

"Even with the Green Lentils Sword, you can't defeat my Xuanyuan Celestial Sword!"

"Is that so?" Ye Zhu chuckled.

Then, he raised his sword high and used the final move of the Immortal Destruction Sword Qi. The terrifyingly murderous sword qi burst and gushed forward, leaving a trail of destruction in its path.

The images of Gods falling appeared around him.

In addition to the Green Leaf Sword Vision, the slash's power was unrivaled. Not even a common Great Perfected Arch Gilded Immortal could withstand its power.

Clank!

The sword shadow clashed with the Xuanyuan Celestial Sword.

A deafening blast later, Xuanyuan's successor was blasted away with blood gushing from his mouth.

Right when Ye Zhu was about to deliver the final blow, a colorful hand reached out to stop him.

It was the other Human Emperor's successor from the Human Emperor Sect, Hua Xi.

"Heaven Repairing Hand!"

The colorful palm contained endless creation energy, and it forced a grave look on Ye Zhu.

He turned his sword the other way to block the incoming hand.

Bang!

Hua Xi and Ye Zhu were both pushed back.

"Hua Xi, I'm glad you're here. Fight with me and get the sword intent from his hand!"

Hua Xi nodded and agreed.

Suddenly, she sensed something. She looked into the distant sky and saw a figure in white coming over.

When their eyes met, Hua Xi's heart pounded while the figure in white remained calm.

"Ji Wu, run! Chu Kuangren is here!"

It was just one sentence, but it frightened Xuanyuan's successor. His figure flashed and disappeared.

Those who saw his cowardly reaction were stunned.

"That's the Human Emperor's successor from the Human Emperor Sect? Really? Are they frightened away just like that?"

"It's baffling."

"Is Chu Kuangren that scary?"

"Yeah, he's indeed scary."

Ye Zhu sheathed his sword and looked up into the sky with a smile. "Brother Chu, it's been a while!"

"Brother Ye, long time no see." Chu Kuangren smiled back at him.

When Ye Zhu spotted Gu Linglong beside Chu Kuangren, he bowed and said, "I believe this is your wife. Nice to meet you."

"Nice to meet you too."

Ye Zhu was one of the few friends Chu Kuangren had in the Immortal World, and seeing him again lifted Chu Kuangren's mood.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1818**

Inside the Thalassic Mountains Battlefield, Chu Kuangren was reunited with Ye Zhu, and they were chatting.

Then, two streams of light came.

They were two beautiful ladies, one with a noble presence and the other with a harmonious presence.

"It's Yu Zhi and Shi Ying."

Chu Kuangren was surprised to see the two of them.

"Brother Chu, how have you been?"

Yu Zhi spotted Chu Kuangren and greeted him. She looked happy to see him again.

Then, when she spotted Gu Linglong, she bowed respectfully.

"Brother Chu, Shi Ying and I heard of the appearance of a Source Rejuvenation and were going to have a look, but who would have thought that we would run into you? Why don't you join us?"

Yu Zh invited Chu Kuangren.

The Source Rejuvenation was the name of an Opportunity of Fortune from the Source Realm.

All Immortals, be they comprehending the Arch Gilded Intent or the Dao they cultivated, everything was connected to the Source Realm.

The Source was everywhere, but some were strong while some were weak.

The Source Rejuvenation was an overflow phenomenon of a strong Source. A large amount of Source had overflowed and leaked from the Source Realm, hence its appearance in the Immortal World.

It would also produce Source Supreme Treasures at times.

"The Source Rejuvenation is rather interesting. Let's head there together," Chu Kuangren agreed.

On top of a grand mountain peak in the Thalassic Mountains Battlefield, tens of thousands of sky-prides gathered around the lake on the mountain.

The lake was colorful and had mysterious Daoist Rhymes ringing from within. It seemed to be carrying some astonishing Source Rejuvenation.

"I wonder what kind of Source Rejuvenation the lake will produce."

"Yeah. I'm looking forward to it."

The crowd stared at the lake with utmost anticipation.

Then, the water in the lake rippled, and colorful light shone. The water splashed, and beads of colorful pearls flew out.

"Those are the Source Rejuvenation Pill!" someone cried in shock.

The Source Rejuvenation Pill was the crystallization of the Source Energy but in the form of a pill.

Those who took the pill could enhance their insights into the Arch Gilded Intent.

When the crowd saw the pill, they got so excited and eager that all of them jumped forward to snatch the pills for themselves.

Multiple fierce battles erupted around the lake.

Blood splashed and spilled into the lake.

In the center of the lake, colorful light swirled, and a pill the size of a human fist and countless times more mystical than a common Source Rejuvenating Pill was forming.

When the giant pill formed, the conflict around the lake reached its climax.

Water pillars burst into the air like dragons rising to the sky, and the water dragons surrounded the pill, forming layers of restriction seals.

The fighting crowd saw the unusual phenomenon and forced them to pause the battle.

"That pill, if I'm correct, is the Source Rejuvenating Supreme Pill! Common Source Rejuvenating Pill can help gain insights into the Arch Gilded Intent, but this Source Rejuvenating Supreme Pill can increase one's Arch Gilded Intent to the next level! Some have even used it as a treasure to ascend into Embodier Realm!"

"If I can get my hands on that, my Third Step Arch Gilded Intent will increase to the Fourth or even Fifth Step!"

"Haha! That's mine! No one can snatch it from me!"

All the cultivators who were already fighting for the Source Rejuvenating Pills switched their targets to the Supreme Pill and dashed over to it.

However, the Supreme Pill had restriction seals surrounding it, preventing them from getting close.

Just then, a streak of light flew over.

A pink and petite girl emerged from the light. She looked adorable with her red lips and white teeth, but despite her cute facial features, she had an alluring figure and fair skin.

More importantly, the girl had a crescent moon mark on her forehead that emanated an unusual Daoist Rhyme.

The restriction seals were ineffective against her!

"It's the Moonlight Fox!"

"Hmph! How dare a fox snatches the Source Rejuvenating Supreme Pill from me! No way!"

Everyone switched their target to Lil Fox and hurled all kinds of Immortal Techniques and divine abilities at her.

Lil Fox raised her hand and unleashed an even more domineering yokai qi at the incoming attacks. The yokai qi swirled in the air and transformed into restrictive murderous rays.

Bang! Bang! Bang!

Explosions erupted in the void, sending the sky-pride and Prodigies who attacked flying away.

Lil Fox smiled. She was no longer the weak Lil Fox as she had mastered the power of the Moonlight Fox.

Common sky-prides and Prodigies were no longer her matches.

"I'm getting the Source Rejuvenating Supreme Pill, and I'd like to see who can stop me!" Lil Fox was full of herself.

Right before she could touch the Supreme Pill, domineering black qi erupted and transformed into many vicious evil ghouls and souls.

"What the hell?!"

Lil Fox was frightened by the vicious evil ghouls.

She channeled her Immortal's Core energy and converted it into the restrictive murderous ray.

The vicious evil ghouls were killed easily, but there were countless more of them.

Then, a woman in blue emerged from the evil ghouls. She looked beautiful but carried a frosty killing intent and looked rather vengeful. She looked as vicious as the evil ghouls around her.

When the crowd saw her, they had chills all over their body.

"It's the Restricted Area Young Overlord, Lan Haifang!"

"The Restricted Area Young Overlord!"

"What a strong aura!"

Everyone swallowed nervously when they saw her, and their hearts pounded.

Even Lil Fox looked troubled.

"Mount Tu's Divine Maiden, the Moonlight Fox, I know you. You're quite close to Chu Kuangren," Lan Haifang said with a grin.

"What does that have to do with you?" Lil Fox frowned. She hated the vengeful aura from Lan Haifang.

"Everyone related to Chu Kuangren must die!" Lan Haifang chuckled. She lifted her hand, and the endless rage qi transformed into a spear, which she hurled at Lil Fox!

"Thousand Feathers Restriction Seals!"

Lil Fox channeled her yokai qi and summoned runes from the void. They transformed into countless golden feathers that danced along the storm, and she channeled them to counter the spear.

After a deafening blast, Lil Fox was blasted more than a dozen meters backward.

Lan Haifang, on the other hand, remained unfazed.

The Restricted Area Young Overlord ranked high among the seventy-two Immortal Prides.

Even though Lil Fox had undergone a drastic change, she was still not strong enough to face someone as strong as Lan Haifang.

"Hmph! Try this!"

Lil Fox refused to back down. She lifted her hand and summoned countless streaks of light around her hand, forming a massive sword shadow consisting of restriction seals.

It was a sword of restriction seals! It contained the power of the mountains, rivers, sun, moon, and even Yin and Yang. All kinds of restrictive murderous rays were swirling inside.

As the sword swung down, the realm exploded.

"Hmph! Myriad Ghoul Shriek!"

Lan Haifang bellowed, prompting the evil ghouls around her to charge forward like the rising tide.

The two powerful attacks clashed, shaking heaven and earth.

Both of them were blessed away. Lil Fox's face paled, and blood dripped from the edge of her mouth.

Lan Haifang, however, remained strong and tall.

"Die!" Lan Haifang raised her hand.

Then, her eyes suddenly widened and overflowed with anger as she spotted a figure in white behind Lil Fox.

Everyone else was shocked as well.

"Since when did that person appear?"

"We didn't notice him at all!"

"It's him!"

The crowd was stunned, and they instantly recognized the person.

"Chu Kuangren!"

Lan Haifang was overflowing with anger and hatred when she spotted the figure in white behind Lil Fox.

She shrieked, and the endless evil ghouls and souls gathered before throwing themselves at Chu Kuangren, attempting to drown and destroy him.

Chu Kuangren remained standing as he channeled the Immortal's Core energy in him.

Then, sword qi swept across all directions. Following a loud blast, the sky and land cracked as the countless evil ghouls disintegrated instantly.

Lan Haifang was pushed back by the sword qi as well.

"I never thought you would become the Restricted Area Young Overlord. How surprising." Chu Kuangren smiled.

Lan Haifang responded with a vicious grin. "Chu Kuangren, you have no idea how much I resent you. Even if it cost me my life, I will drag you to hell with me!"

She screamed, and black flames were ignited all over her.

It was a secret technique that ignited her soul.

Although it boosted her power greatly, its side effects were terrible as well. A slight misstep would obliterate her soul.

The crowd cried out in awe.

"Damn! What did Chu Kuangren do to Lan Haifang to the point that she has to ignite her soul just to fight him?"

"She's trying to drag him down together!"

"Oh my god!"

"Is this what people mean by when you can't get it, you destroy it? The hatred of love?"

Someone with a more vivid imagination filled the gap with their thoughts. They believed Lan Haifang wanted to destroy Chu Kuangren because her love for him was not reciprocated.

However, Chu Kuangren was unfazed.

'Die!'

Lan Haifang charged toward Chu Kuangren with a vicious look on her face and unleashed all kinds of Immortal Techniques and divine abilities.

At the same time, her soul energy was used to transform into invisible blades.

Her Immortal's Core and soul energy were activated together.

Even a Great Perfected Arch Gilded Immortal would have to take her attacks seriously.

"It seems like you've grown strong over the years, but it's not enough."

Chu Kuangren pointed his sword hand sign forward, and sword qi started to swirl at his fingertips.

As he raised his hand, sword qi was fired out.

All the Immortal Technique and divine abilities that Lan Haifang used were negated and mitigated by his sword qi.

"Soul Obliteration!"

Lan Haifang shouted and unleashed her invisible soul energy, attempting to drown Chu Kuangren with it.

Her attack was invisible and undetectable. It was a vicious strike and was much more terrifying than other Immortal Techniques and divine abilities.

"Hmph," Chu Kuangren scoffed.

He then channeled his soul energy as well, and a violet bell manifested above his head. The powerful and deep bell chime echoed in the air.

Thunk!

The clash between two different soul energies stirred up a terrifying soul storm.

The cultivators who were not great at Soul Dao cultivation felt like their heads were going to explode from listening to the bell chime.

"Leave! We must leave!"

"Damn it! The attack on the soul is not something we can handle!"

Many sky-prides and Prodigies retreated with horror.

Nevertheless, the battle between Chu Kuangren and Lan Haifang continued.

In terms of cultivation level and Soul Realm, Chu Kuangren was stronger, and Lan Haifang was not his match at all.

"I've endured the pain of ten thousand evil ghouls devouring me just so that I can get my revenge, yet I'm losing now? There is no way I'll lose! Chu Kuangren, take this!"

Lan Haifang jumped higher into the sky and ignited her soul even more.

An ominous shadow was conjured behind her.

The ghastly shadow wielded a scythe and had a black robe on. It emanated a calamitous and ominous presence.

"This is the Grim Reaper Shadow I've cultivated through absorbing millions of evil ghouls. It's so powerful that it can kill a Great Perfected Arch Gilded Immortal! Chu Kuangren, I will now use it to end you here once and for all!"

The Grim Reaper Shadow disappeared all of a sudden and reappeared before Chu Kuangren.

The scythe in its hand glinted as it swung it at Chu Kuangren.

The frosty glare from the scythe gave people chills.

"Using evil ghouls against the Ghost Emperor? How foolish of you."

Chu Kuangren raised his hand and unleashed the Ghost Emperor's authority.

The Grim Reaper Shadow froze for a moment. Then, Chu Kuangren pointed his sword hand sign and unleashed the Immortal Destruction Sword Qi.

Bang!

The Grim Reaper Shadow was obliterated.

Lan Haifang suffered the repercussion, with blood gushing from her mouth. She was in disbelief. "How? How did it... No. I still have one more attack!"

Her eyes narrowed and glinted in violet.

She had activated the unique Violet Eye technique of the Violet Moon Tribe from the Soul Restricted Area. As part of the Blue Ocean Tribe, she cultivated it as well.

On top of that, her Violet Eye was much stronger than common Violet Moon Tribe cultivators as it contained the power of a million evil ghouls.

Not only could it freeze one's soul, but it could also devour one's mentality.

Her eyes glowed, but Chu Kuangren remained standing on the spot, unaffected by her stare.

With the Chaos Green Lotus' protection, Lan Haifang's trick would never be able to hurt him.

"It's over."

Chu Kuangren no longer wanted to continue the battle, and the Green Lotus Mark on his forehead shone.

The Light of Destruction erupted.

Lan Haifang's body disintegrated under the light and disappeared with an excruciating shriek.

Another Restricted Area Young Overlord had fallen.

"Lil Fox, you've grown strong."

Chu Kuangren turned around to Lil Fox behind him and smiled.

"Master!"

Lil Fox looked at him with delight. His praise meant a lot to her.

Then, Gu Linglong, Lan Yu, and the others arrived at the mountain peak.

They all looked at the Source Rejuvenating Pills and the Source Rejuvenating Supreme Pill in the center of the lake. Everyone was shocked.

"The Source Rejuvenation is really something else."

"Indeed."

"With the Source Rejuvenating Pill, my Arch Gilded Intent will improve!"

Lan Yu glanced at the other cultivators surrounding the lake.

She stepped out with outstanding battle intents sweeping across the field. She said indifferently, "Everyone, please leave. My master has occupied this location."

Everyone exchanged a quick look before they shook their heads and left with regrets.

Fortunately, Lan Yu did not force them to leave the pills they had taken earlier.

After the crowd left, only Chu Kuangren and company were left.

The lake continued to produce Source Rejuvenating Pills, and it was a great Opportunity of Fortune to them all.

After a quick discussion, Chu Kuangren decided to take the Supreme Pill in the center of the lake. As for the others, they could get the other Source Rejuvenating Pills.

As days went by, the battles in the Thalassic Mountains Battlefield went on fiercely.

On that particular day, dazzling light surged in the deepest part of the battlefield. An arena engraved with countless runes formed, with extraordinary Daoist Rhymes ringing around it.

When every Heavenly Champion in the Thalassic Mountains Battlefield saw the arena, they then a message from the will of the Immortal World.

"That's the Immortal King Arena!"

"The final battle shall be held at the arena. The last one standing will be the victor of the Battle of the Heavenly Champions, and he or she will be crowned as the Immortal King, becoming the Immortal World Ruler."

"The final moment has arrived!"

The Heavenly Champions could not wait for the final battle to start.

They had cultivated and fought for many years all because of that particular moment.

They would either become the Immortal World Ruler or the cannon fodder of the future Immortal King.

Today, the answer would be revealed.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1820: The Will of the Immortal World Would Cry, Godly Phoenix Versus Kylin**

The appearance of the Immortal King Arena attracted the attention of all the sky-prides and Prodigies.

The victor would be king, and the loser would be forgotten.

With the Battle of the Heavenly Champions having finally reached its climax, everyone was nervous.

Whether they were qualified to become the Immortal King or not, they would want to fight with their best today.

Swoosh!

A figure arrived at the Immortal King Arena. It was a massive ape with metal steel in his hand. His muscles were as strong as metal, and he looked terrifying.

He arrived in the arena in a flash.

"Oh, Battle Saint Ape, you're the first to arrive," an indifferent voice said.

A young man arrived after the Battle Saint Ape, and he looked surprised. With a step forward, he arrived in the arena as well.

The two of them confronted each other, and their powerful aura clashed. The domineering poise they carried themselves with was terrifying.

"Hahaha! My divine steel doesn't fight a nameless enemy. Name yourself."

"Heavenly Spirit Restricted Area, Feng Xiao," the young man said.

"Let's fight!"

Yuan Zhan stepped forward and swung the divine steel carrying terrifying yokai qi and battle intent at Feng Xiao.

Feng Xiao dared not take the attack lightly. He narrowed his eyes and got serious as he engaged with Yuan Zhan.

However, a few rounds later, he was struck by the divine steel and was sent flying away with blood gushing out of his mouth. He was quite badly injured.

He was sent flying out of the Immortal King Arena.

At the same time, the will of the Immortal World in his body flew out and lingered in the air.

Feng Xiao had been disqualified.

When Feng Xiao and Yuan Zhan fought, many sky-prides and Prodigies already gathered around the arena and were watching the fight quietly.

They then started to understand how the Immortal King Arena worked.

"I see. Once you step into the arena and lose, it means disqualification."

"Interesting."

"Once disqualified, the will of the Immortal World will leave the host's body. As expected of the final battle."

Everyone grinned pensively.

At the same time, a man wielding a halberd and a shield entered the arena. When he saw Yuan Zhan, he also unleashed a strong battle intent.

"Oh, a praise-worthy battle intent."

Yuan Zhan's eyes glinted as he had met a worthy opponent.

The two battle intents intertwined and clashed in the void.

The powerful aura made the other sky-prides and Prodigies narrowed their eyes.

"Name yourself."

"Holy Judgement Tribe, Xing Wangu."

Xing Wangu laughed as he raised his halberd high in the air and swung it down at Yuan Zhan. Then, a massive and powerful Immortal's Core energy gushed downward.

Yuan Zhan did not back off. "What a good attack!"

Their fight shook the entire arena.

While the sky-prides and Prodigies fought in the arena, Chu Kuangren was in closed-door meditation in a secluded place.

However, Ye Zhu, Yu Zhi, and the others were eager to join the battle at the arena as they watched.

"The battle at the arena will be the final battle for us Heavenly Champions. We cannot miss it," Ye Zhu said.

"Yeah. The will of the Immortal World in my body is already restless," Yu Zhi said as she sensed the restlessness in herself.

Every Heavenly Champion had a unique will of the Immortal World, and each piece was independent but also connected.

Who could win the battle would become the Immortal World Ruler.

The will of the Immortal World the winner possessed would eventually become the final and most completed version of the will.

That battle was not just important to the Heavenly Champions. It was also important for the will of the Immortal World.

The will of the Immortal World in Yu Zhi and the others were urging them to join the battle at the Immortal King Arena to be part of the final battle.

"The will of the Immortal World is annoying," Lan Yu said with a frown.

Then, she did something surprising. She removed the will of the Immortal World from her body and injected it into Shang Honghua, which was an announcement of her withdrawal from the battle.

It shocked everyone.

The will of the Immortal World was highly sought after by everyone in the world, yet Lan Yu simply gave it up without any hesitation.

"Honghua, you guys should go join the battle. Master is still refining the Supreme Pill, and I must stay here to guard him," Lan Yu said.

To her, being the Immortal World Ruler was not as fulfilling as being Chu Kuangren's follower.

"Hahaha, Ms. Lan is really a strange lady," Ye Zhu said with a smile.

Upon sensing the surging energy of the will of the Immortal World in her, Shang Honghua looked at Lan Yu deep in the eyes and said, "Lan Yu, I will fight for your sake as well."

"Honghua, why don't I give you my will of the Immortal World as well? I, too, want to stay here to guard my brother," Chu Hong said.

Then, she channeled her yokai qi and retrieved the will of the Immortal World from her body.

Ye Zhu was speechless when he saw the scene, and his lips twitched helplessly.

What was the will of the Immortal World to those people?

If they continued to pass the will of the Immortal World around, the will of the Immortal World would cry.

Shang Honghua rolled her eyes. "Lan Yu alone is more than enough here. You come with me to the arena and remove some obstacles for the King."

"Hm... You're right," Chu Hong said with her eyes glistening.

Lan Yu would guard Chu Kuangren, while Chu Hong would remove the obstacle for Chu Kuangren.

"Let's go."

With that, the group left for the Immortal King Arena.

Only Lan Yu and Gu Linglong stayed to guard Chu Kuangren, who was cultivating under the lake.

Chu Kuangren sat with his legs crossed and had colorful light surrounding him as the energy of the Source Rejuvenating Supreme Pill was being refined.

While he was cultivating, he also sensed how restless the will of the Immortal World was.

It urged him to go to the arena, but he did not respond as he concentrated on refining the pill.

However, he was so annoyed with the constant urges that he suppressed the will of the Immortal World with his power.

"If you want to become the complete will of the Immortal World, stay here quietly!" Chu Kuangren said coldly.

The will of the Immortal World felt aggrieved but dared not defy Chu Kuangren. Hence, it simply stayed inside his body without making any noise.

Back at the Immortal King Arena, Yuan Zhan and Xing Wangu's fight continued fiercely. Their fight went on for a while, but neither of them could gain the upper hand as they were evenly matched.

"It's great having to fight you!" Yuan Zhan laughed happily.

"I feel the same!"

Xing Wangu was delighted as well. Then, he suddenly thought of something and asked, "I heard you fought Chu Kuangren before. How strong is he?"

Yuan Zhan's expression turned grim. "He's terrifying."

"Oh? If you're giving him such high compliments, it makes me more interested in him!"

"He's terrifying, but he's a worthy opponent," Yuan Zhan said with anticipation in his eyes.

The fight with Xing Wangu was delightful, but Chu Kuangren was his most anticipated opponent.

Then, several figures came to the arena.

Everyone turned around and narrowed their eyes.

"It's Chu Hong, Ye Zhu, and the others."

"They're all powerful Prodigies. Although they're not as strong as Chu Kuangren, we should not take them lightly."

Chu Hong landed in the arena with her domineering aura sweeping every direction.

Her domineering and scorching Phoenix Flame set the area ablaze.

"I'm Chu Hong. Who wants to fight me?"

Chu Hong boldly announced her arrival and did not pick an opponent. Instead, anyone could challenge her.

Then, a young man with a colorful robe came out. "I will fight you."

It was the Five-Colored Kylin Child!

The battle between the Godly Phoenix and Kylin would be a memorable one.
