Chapter 1821: The Chaotic Battle in the Immortal King Arena, Twin Dragon Power Versus Three-headed Demonic Dragon

Chu Hong, the Godly Phoenix, landed in the Immortal King Arena and declared a battle on all!

The domineering Phoenix Flames burned fiercely and set everywhere ablaze.

The Five-colored Kylin Child took up the challenge with Five Ways energy circulating him. His radiant brilliance amazed everyone.

A glint flashed in Chu Hong's eyes. "I've never seen a Prodigy like you. Are you the Peerless Prodigy hidden in the Kylin Cave?"

"You're wrong. I'm an... Outlier!"

As the Five-colored Kylin Child yelled, his magnificent aura erupted, and the Five Ways radiance was vast enough to cover the sky and the sun.

Without another word, he unleashed a fist attack that shone with Five Ways radiance. The Five Ways energy shook the sky and the earth.

Chu Hong, however, did not dodge. "Godly Phoenix Impacting Heaven!"

She struck forward with her spear, and the domineering Phoenix Flames manifested into a Godly Phoenix that collided with the five-colored fist energy!

The blow pushed Chu Hong back a few kilometers, and her expression turned grim.

"You're the most powerful Prodigy I have ever fought against!"

Chu Hong's expression was solemn.

An Outlier... was the most Peerless Prodigy out there!

There were very few Outliers in the entire Pan Gu Universe, and all of them were well hidden.

Now, an Outlier had finally appeared in the Immortal King Arena to compete for the position of Immortal King!

"Come again!"

Chu Hong waved her spear and dashed toward the Five-colored Kylin Child.

As both parties fought again, the Phoenix Flames collided with the Five Ways energy, releasing brilliant energy rays that covered most of the sky.

Everyone watched the battle intently.

Whether it was Chu Hong or the Five-colored Kylin Child, both were formidable enemies, so the crowd wanted to know just how powerful they were!

However, someone could no longer sit back and wanted to make a move.

"Ye Zhu, I heard you're the number one swordsman of the younger generation. I wonder how powerful your Immortal Destruction Sword Qi is compared to my Dugu Sword Art."

At that moment, an indifferent voice sounded.

Soon, a man holding a blood-red Demonic Sword was walking toward Ye Zhu.

His chilly and domineering demonic sword qi was so eerie that it made the surroundings feel like Moro Hell.

"Interesting. I didn't expect there to be another Demonic Dao swordsman like you in the demonic orthodoxy," said Ye Zhu.

By then, his Green Lentils Sword was already unsheathed, and its chilly sword intent had locked onto its opponent.

Meanwhile, Yu Zhi, Lil Fox, Wang Chentian, and others had also found their opponents. Different battles were ongoing in every corner of the Immortal King Arena.

"Are you Shang Honghua?" someone said indifferently.

A man in a long black robe with treacherous demonic qi approached Shang Honghua.

He had a pair of eyes that were as black as ink, like bottomless black holes, and they were extremely terrifying.

"Such an aura... You're not a human."

"You're right. I'm Three-headed Demonic Dragon, the Subspecies Restricted Area Young Overlord!"

Shortly after, as his demonic qi surged, an avatar of a ferocious Three-headed Demonic Dragon in endless demonic qi rose behind the young man!

An incomparably frightening aura enveloped the whole area!

"I've heard you possess the twin dragon power. Let's see whether your twin dragon power or my Three-headed Demonic Dragon is more powerful!" Three-headed Demonic Dragon said coldly.

The moment he said that, his figure flashed and disappeared, only to reappear before Shang Honghua. As he punched forward, a terrifying pitch-black dragon claw manifested with domineering Arch Gilded Intent and dragon qi!

At the sight of that, Shang Honghua's gaze turned solemn, and she blocked with the dragon spear in her hand. When the spear collided with the dragon claw, explosions erupted in every part of the void!

The Three-headed Demonic Dragon remained standing, whereas Shang Honghua was forced back hundreds of kilometers!

"I've once fought Long Xuan, who is also a Subspecies Restricted Area Young Overlord, but you're even more powerful than him!" Shang Honghua said calmly.

Following that, red and golden lights in the shape of two dragons started circulating her.

One of them was noble while the other was domineering.

As the twin dragon power manifested, Shang Honghua's aura rose steadily, which was tyrannical!

It might be even more powerful than that of an Outlier!

"Interesting. This is the battle I was looking forward to." The Three-headed Demonic Dragon laughed.

Then, he dashed toward Shang Honghua, and a three-pointed two-edged saber suddenly appeared in his hand.

He slashed his saber forward, and it collided with the spear with a clang.

The sound of the dragon chant echoed in the void for a long time.

While sky-prides of all forces gathered and fought, various energies exploded in the Immortal King Arena.

Fortunately, the Immortal King Arena was exceptional. Otherwise, the battles of dozens of Prodigies and sky-prides could destroy even an entire galaxy.

However, outside the Immortal King Arena, ten figures stood in the air watching the battles for a long time.

They were the group of Godly Weapon wielders led by Fuxi's successor.

"The Battle of the Heavenly Champions, or the War of the Immortal King, is indeed extraordinary. Even I feel like making a move."

Long Xuan, who was holding the Pan Gu Axe in hand, was eager to make a move.

"The battle situation is intense."

Xuanyuan's successor nodded, his gaze solemn.

He had noticed quite a few powerful Prodigies in the battle that could fight him, such as Ye Zhu, Five-colored Kylin Child, Shang Honghua, the Three-headed Demonic Dragon, Xing Wangu, and so on.

However, he did not have the confidence to defeat any of them, let alone stand out from those people and become the Immortal King. The hope was too slim.

"Why hasn't Chu Kuangren showed up yet?" Eastern Sovereign Divine Daoist asked with a frown on his face.

The reason why the ten of them had yet to make a move was that they were waiting for Chu Kuangren.

It was only if they defeated Chu Kuangren that they would have the chance to be the Immortal King.

"Don't worry. This is the final stage of the Battle of the Heavenly Champions, and he will surely come," Fuxi's successor said confidently.

Boom! Boom!

As the terrifying energy fluctuations swept across the arena, the black dragon qi and golden-red twin dragon power collided with each other.

The confrontation between Shang Honghua and the Three-headed Demonic Dragon had reached a climax.

Both parties had unleashed their full strength.

Unfortunately, the situation was unfavorable to Shang Honghua.

Although she possessed the twin dragon power, she was still inferior to the Three-headed Demonic Dragon in terms of strength

Moreover, the opponent's three-pointed two-edged saber was emitting a treacherous phantom ray that seemed to have a certain restraint effect on the Dragon Tribe.

"What is the saber in your hand?"

"It's the Dragon Slaying Saber!"

The Three-headed Demonic Dragon sneered. "This saber was made by refining a large amount of dragon blood and dragon souls. It is powerful and has a restraining effect on the Dragon Tribe's power!"

"I see." Shang Honghua nodded.

Then, she slowly stood up, and her aura gradually rose to its peak.

"Blood Dragon, Universal Slaughter!"

"Golden Dragon, Cosmic Universal Conquest!"

As Shang Honghua tossed her dragon spear high into the air, the twin dragon power gushed into the dragon spear, and an extremely domineering energy was brewing.

When the horrifying energy fluctuation spread, the whole area fell silent, and the universe trembled!

"Twin Dragon Art, Universal Dragon Battle Tranquil Four Cardinal Directions!"

The ultimate move merged the two dragons and the dragon spear into a huge dragon shadow that was several million meters long. With a storm surrounding it that could tear planets apart, it dashed toward the Three-headed Demonic Dragon!

The attack was so powerful that it made the Three-headed Demonic Dragon's expression turn solemn, and he also cast his ultimate killing move!

Majestic demonic qi erupted into the sky and filled the void. Following that, a gigantic Three-headed Demonic Dragon apparition emerged and gnawed its way toward the golden-red dragon that was several million meters long!

The two ultimate energies collided and caused the entire Immortal King Arena to tremble.

Meanwhile, having been affected by the impact, the rest of the sky-prides and Prodigies turned their attention to the fight.

Amidst the endless Immortal Sparks from the collision, a red figure was blasted backward. Blood was dripping from the corner of Shang Honghua's mouth as she stood at the edge of the Immortal King Arena, nearly falling out.

Chapter 1822: Everyone's Consensus Is to Join Forces, Are You Thinking of Standing Up?

"I've lost!"

Shang Honghua looked helpless.

Although she had not fallen out of the Immortal King Arena, she was defeated in the battle.

On top of that, her Immortal Core's energy was almost exhausted, while the Three-headed Demonic Dragon still seemed to have sufficient Immortal's Core energy. If she continued to fight, she would definitely lose!

"Since you surrender, go to hell!"

The Three-headed Demonic Dragon not only wanted to defeat Shang Honghua but also kill her!

There was a determined look in his eyes.

Shang Honghua possessed the twin dragon power. If he killed her, he would be able to absorb and refine the power after the twin dragons lost their master. By doing so, his strength would improve by miles than what it was now!

The Three-headed Demonic Dragon, Ashura Blood Dragon, Ancient Golden Dragon...

He could not imagine how powerful he would be when he merged the power of the three dragon subspecies!

Then, he might be able to defeat Chu Kuangren.

At that thought, a fanatic look appeared in the Three-headed Demonic Dragon's eyes. After that, he made a rapid move by unleashing a fist attack at Shang Honghua, causing the realm to shatter!

"That's bad!"

Shang Honghua's expression changed when she sensed his intention.

She waved her spear with her full strength!

Soon, the tyrannical spear energy turned into an illusory dragon shadow!

Unfortunately, the residual energy was insufficient to deal with the Three-headed Demonic Dragon.

Following a deafening explosion, the realm exploded, the dragon shadow shattered, and the ultimate killing move enveloped Shang Honghua whole.

Right at that moment, a domineering aura soared into the sky and filled the space!

The aura contained an astonishing sword qi, which easily disintegrated the Three-headed Demonic Dragon's killing move!

Moreover, the domineering aura enveloped the entire Immortal King Arena.

As the endless sword qi spread across the arena, all sky-prides and Prodigies were swept away. They all stopped what they were doing and looked at the source of the sword qi with a solemn gaze.

"Such sword qi. Could it be..."

"It's him. It's definitely him!"

In the void, the Ten Great Godly Weapon wielders' eyes widened before they turned cold.

"That aura... It mean he has come."

"What an extraordinary aura. He is finally showing himself!"

The expression on the faces of Long Xuan, Xuanyuan's successor, and Fuxi's successor darkened. Then, their Immortal's Core surged, and they were ready to fight!

Soon, a figure in white approached them slowly.

There was an ancient sword hanging on his waist, and he wore an indifferent look on his face. He had waist-length black hair and a transcendental aura, while his gaze was calm.

Within several steps, he arrived at the Immortal King Arena.

As soon as his feet landed on the ground, the entire arena trembled as if it could not bear the weight of his light landing.

Countless runes flowed around the Immortal King Arena, and it took a while for them to gradually stabilize.

That scene made everyone shudder.

They wondered what kind of power could cause the entire Immortal King Arena to find it hard to withstand.

Nothing happened on the Immortal King Arena even with so many of them fighting there, yet the horrifying phenomenon happened as soon as the person put his feet down!

It was incredible!

"Chu Kuangren..."

A sky-pride mentioned the person's name with a trembling voice.

It was the one and only maddest man throughout eternity!

He was the most astonishingly talented Prodigy in the history of the Immortal World!

"You're right, Yuan Zhan. He's Chu Kuangren. He is indeed a worthy opponent!"

Xing Wangu looked at Chu Kuangren with an excited smile on his face.

"Yeah. He's much stronger now!"

The fighting spirit in Yuan Zhan's body was also making himself restless.

"Chu Kuangren will be my greatest opponent!"

The Five-colored Kylin Child reacted with a strange look in his eyes.

"He seems... more charming."

The female demon looked at Chu Kuangren and fell for his charms. However, she looked annoyed after that. "I heard he has a Daoist companion. What a pity."

"The sword qi just now... What's going on?!"

The Three-headed Demonic Dragon frowned and looked at Chu Kuangren suspiciously.

He did not hold back with the killing move he used against Shang Honghua just now, yet Chu Kuangren managed to disintegrate it with his sword qi. That strength should be illegal!

Meanwhile, in the void, Xuanyuan's successor held the Xuanyan Sword and said impatiently, "Shall we attack?"

"Hold on."

Fuxi's successor said, "Let him remove some obstacles for us first."

The obstacles he meant were the Three-headed Demonic Dragon, as well as other sky-prides and Prodigies.

He planned to use Chu Kuangren's power to eliminate the Three-headed Demonic Dragon and others first. Only after that would he kill Chu Kuangren!

"Chu Kuangren, I believe you can defeat these people with your strength... After that, we'll show up to send you to hell!" Fuxi's successor mumbled.

"Fuxi's successor, your thoughts are frightening."

Eastern Sky Imperial Commander glanced at Fuxi's successor and said with a hint of fear.

Even after dealing with Chu Kuangren, there would still be ten of them left.

Who would be the real Immortal World Ruler among those ten people?

Then, there would be another scheme.

At that thought, the Ten Great Godly Weapons' wielders had different thoughts and ideas in mind.

Fuxi's successor said calmly, "Everyone, don't forget that the most important matter right now is to defeat Chu Kuangren."

Everyone nodded.

When Chu Kuangren arrived at the Immortal King Arena, he scanned his gaze across the area and said, "Those who want to fight me can stand here, but they have to bear the consequences as the sword has no eyes!"

The moment he said that, an even more overwhelming sword aura swept out!

At that, Yu Zhi, Ye Zhu, Chu Hong, and others walked behind Chu Kuangren.

As for the Three-headed Demonic Dragon and others, their gazes were solemn, but they did not leave.

What a joke!

They had worked hard for the position of Immortal World Ruler, so how could they leave so easily because of what Chu Kuangren said?

"Everyone, we're not Chu Kuangren's opponents if we fight against him alone. Let's join forces!" a Prodigy said loudly.

Everyone knew that joining forces was the best choice to deal with Chu Kuangren.

That was the consensus among almost all sky-prides in the Immortal World.

"I admire you guys' courage."

With a clang, the Heaven Stabilizer at Chu Kuangren's waist unsheathed itself and landed in Chu Kuangren's hand.

The chilly sword qi surged and raged in all directions.

"Come. I'll personally grant you guys the most magnificent failure!" Chu Kuangren said indifferently with the Heaven Stabilizer in hand.

"Attack!"

The Three-headed Demonic Dragon took the lead to slash his three-pointed two-edged saber forward. Soon, the overbearing saber qi and demonic qi gushed out!

When Chu Kuangren saw that, his expression remained calm, and he did not move.

He simply slashed the Heaven Stabilizer in his hand forward, and sword qi gushed out, shattering the domineering saber qi easily.

The next moment, Chu Kuangren approached the Three-headed Demonic Dragon, grabbed his head, and smashed his head fiercely toward the ground of the Immortal King Arena!

With a bang, his fresh blood splattered everywhere, and the entire Immortal King Arena trembled wildly.

The Three-headed Demonic Dragon's head was severely injured by that blow, and blood was everywhere.

"You were very aggressive just now."

Chu Kuangren's cold voice sounded in the Three-headed Demonic Dragon's ears.

He was referring to when the Three-headed Demonic Dragon wanted to kill Shang Honghua.

"Damn it!"

The Three-headed Demonic Dragon was so furious that demonic qi flowing all over his body. He struggled to stand up from the ground, but Chu Kuangren held his head tightly.

"Are you trying to stand up?"

Chu Kuangren proceeded to lift the Three-headed Demonic Dragon's head and toss him high into the air. Then, as his figure flashed and emerged before the Three-headed Demonic Dragon, he kicked his head with a violent force and smashed him into the ground of the Immortal King Arena!

Chapter 1823: This Woman Is Sick, Chu Kuangren Without His Sword

As a deafening explosion sounded, a huge pit appeared in the ground of the Immortal King Arena.

The Three-headed Demonic Dragon lay in the pit with his head almost turned into mush, and only his body was left twitching.

Everyone found that violent and incomparable power unbelievable.

"The Three-headed Demonic Dragon is the Restricted Area Young Overlord, but he's so vulnerable in Chu Kuangren's hand!"

"Chu Kuangren's strength is frightening!"

Even Yuan Zhan and Xing Wangu, who were aggressive in fighting, could not help but shudder.

"B*stard!"

At that moment, the Three-headed Demonic Dragon, who was in the pit, released an incomparably frightening demonic qi.

His body expanded wildly while pitch-black scales gradually covered his entire body.

The Three-headed Demonic Dragon transformed into his real form. However, because one of his three heads had been blown to pieces, its original appearance could not be made out.

Only two heads were left glaring at Chu Kuangren, and their pitch-black eyes were filled with rage.

Destructive demonic energy swept out as if it wanted to turn the universe into purgatory on earth!

"No wonder you're not dead yet. It's because you have three heads, but it's my fault for being careless. Next, I will smash your remaining two heads into pieces!"

Chu Kuangren was smiling, but his statement made everyone present shudder in fear.

The Three-headed Demonic Dragon could not stand it anymore. As the remaining two heads opened their mouths widely, terrifying demonic qi gushed out and turned into pitch-black demonic flames!

Following that, Chu Kuangren raised his hand to release a sword qi that tore apart the demonic flames!

The sword qi landed on one of the Three-headed Demonic Dragon's heads, tearing off his thick dragon scales and forming a gigantic hole in his huge mouth.

A large amount of dragon blood splattered outward.

"Attack!"

Meanwhile, Yuan Zhan could not hold it in anymore.

He dashed toward Chu Kuangren with the divine steel in his hand. Then, he released an attack with his divine steel and cast the Battle Art technique. "Overturn Rivers and Oceans!"

Yokai qi filled the void and formed a huge whirlpool.

"What a familiar move," Chu Kuangren said indifferently.

Then, he slashed his sword forward, unleashing mysterious Daoist Rhymes that were also the Battle Art energy!

However, that sword energy was much more powerful!

The chilly battle intent that gushed out made Yuan Zhan feel as though it was the rebirth of the Ape Forefather.

Bang!

As the sword clashed with the divine steel, Yuan Zhan was sent flying backward with blood spurting out from his mouth!

"Haha. What a great technique. Chu Kuangren, take this!"

Xing Wangu charged forward while brandishing the weapon in his hand. Soon, an ancient headless body appeared behind him.

A battle intent that was completely different from that of Yuan Zhan erupted!

"This is the... the Heavenly Xing Tribe?!"

A glint flashed in Chu Kuangren's eyes.

He had heard a little about the Heavenly Xing Tribe.

It was said that in ancient Immortal times, the tribe's founding forefathers, Xing Tian, once had a conflict with the Immortal Hall. However, even after his head was chopped off, his battle intent surged. He continued to wield the weapon with his chest as his eyes and his navel as his mouth, terrifying the entire Immortal Hall.

"Since we're both enemies of the Immortal Hall, I might as well let you go."

Then, Chu Kuangren slashed the Heaven Stabilizer in his hand forward thoughtfully and unleashed only some of the Immortal Destruction Sword Qi's power.

With a bang, the headless Wargod apparition behind Xing Wangu shattered.

Xing Wangu was sent flying backward with blood dripping down his mouth.

In the meantime, all kinds of Immortal Techniques and divine abilities that had been released locked onto Chu Kuangren.

"Come!"

Instead of dodging, Chu Kuangren chose to take the attack head-on.

Facing the first wave of attack, he raised the Heaven Stabilizer high before slashing it down. Soon, the Immortal Destruction Sword Qi multiplied into thousands and shattered countless Immortal Techniques one by one!

Immediately after, the second wave of attack was unleashed!

The leader was the Five-colored Kylin Child, whose strength was extremely terrifying. He was an Outlier almost as powerful as the Three-headed Demonic Dragon.

He came to the sky above Chu Kuangren, and the five-colored brilliance around him transformed into a gigantic Kylin's foot that crashed down along with the surging Five Ways energy!

"Kylin Treads Heaven!" the Five-colored Kylin Child roared.

Looking at the gigantic Kylin's foot, Chu Kuangren raised his hand and punched forward. In an instant, his raw physical qi erupted.

The fist attack set off endless storms!

Everyone noticed that within the raw physical qi from the attack, there was rain and thunder!

It was the Arch Gilded Godly Fist, which he had not utilized for a long time!

The Arch Gilded Godly Fist, which was formed by many Arch Gilded Intent, smashed the Kylin's foot and caused the five-colored brilliance to dissipate.

The Five-colored Kylin Child was sent flying backward, and his expression was solemn.

"As expected of the maddest man throughout eternity. With that strength of his, I cannot fight him alone!"

After that, he raised his hand to mobilize the Five Ways energy. A powerful ultimate move was brewing.

Taking advantage of the moment, all forces' sky-prides dashed forward and launched the third wave of attack!

The Drought Maiden was one of them.

With the Drought Demon True Flame circulating her, she rushed toward Chu Kuangren, intending to have hand-to-hand combat with him by utilizing the True Flame and Drought Demon True Body.

Unfortunately, she did not have as strong a physical body as Chu Kuangren.

In terms of fighting in close combat, Chu Kuangren, who had experienced countless battles since his debut, had no fear of anyone.

Chu Kuangren seized the opportunity to kick the Draught Demon in her stomach. The kick sent her flying out of the Immortal King Arena like a cannonball.

"What a ruthless man."

The Draught Demon lay on the ground, and the will of the Immortal World left her body.

As she said while rubbing her stomach, there was no trace of complaint on her face. Instead, she licked her red lips, and an obsessive look shone in her eyes.

A thought flashed through the minds of Yu Zhi, Lan Yu, and others who were watching the scene not far away.

'This woman is sick.'

The battle was ongoing in the Immortal King Arena.

Chu Kuangren faced dozens of the most dazzling sky-prides and Prodigies in the Immortal World solely with his sword.

No other Prodigy in the entire Immortal World could do so.

Only Chu Kuangren could cast sword techniques one after another with the sword in his hand. His moves may seem like they were made at will and without rules, but the truth was that he had reached the supreme realm of Sword Dao with no rules or style. After all, he was known as the Heavenly Sword in another universe.

"Restrain his sword!" someone said loudly.

"Alright!"

As a Prodigy moved his hands, a strange formation activated under Chu Kuangren's feet.

The formation contained a frightening suction force.

Chu Kuangren's Heaven Stabilizer could not help but be absorbed by the suction force, making it difficult to control!

"Oh. Is this some kind of magnetic attribute formation?" Chu Kuangren said calmly.

At that moment, someone took advantage of the situation Chu Kuangren's sword was in and attacked fiercely.

He said calmly, "Do you guys think you can weaken my combat strength by controlling my sword? You guys are wrong!"

Chu Kuangren put away the Heaven Stabilizer.

Then, as he moved his hands around, life-death energy circulated him while the Celestial Demon energy erupted!

The Chaos Celestial Demon Physique's divine ability, the Universal Life-Death Cycle was activated!

Boom!

The life-death energy was so mighty that it plunged the universe into chaos and sent several sky-prides flying away.

Several wills of the Immortal World separated from bodies, and many people were defeated.

However, it was not over yet.

After the release of the life-death energy, there was Yin Yang energy, samsara power, soul energy, Duality Rites Yin Yang Symbol, Reincarnation Tribulation Light, Divine Samsara Overworld, Black Hole Great Destruction, Violet Soul Bell...

All kinds of powerful divine abilities and Immortal Techniques were cast non-stop!

They thought they would be able to weaken Chu Kuangren by controlling his sword, but they did not expect Chu Kuangren's combat strength to be even more terrifying without the sword!

Unparalleled After Ten Consecutive Draws

Chapter 1824: Defeating Everyone in the Immortal King Arena, The Godly Weapon Wielders Make A Move

Chu Kuangren moved his hands and merged countless physiques into one. All kinds of mysterious divine abilities' powers erupted endlessly!

"Black Hole Great Destruction!"

As the Black Hole Celestial Demon Physique energy activated, a huge black hole erupted and blasted several sky-prides away!

"Divine Samsara Overworld!"

Samsara energy circulated and formed a treacherous universe around.

Having been restrained by samsara energy, everyone found it difficult to break free for a while. Soon, they were sent flying away by the powerful divine ability energy.

"Green Leaf Sword Ocean!"

Chu Kuangren formed a sword hand sign, and a glint flowed in his eyes.

Countless sword qi swept across all directions like a vast sea!

Besides the Fully Realized Emperor Physique and the Fully Realized Overlord Physique that he merged in the Central Heaven Universe, Chu Kuangren cast all other physiques without any effort.

The brilliance from the divine abilities shone in all directions while sky-prides of all forces were beaten miserably.

At that moment, Chu Kuangren seemed to have been crowned king and become the supreme Immortal World Ruler, suppressing everything with his every move!

"What a terrifying strength. Chu Kuangren is a monster!"

"Does his Immortal's Core have a limit? Why is his Immortal's Core energy still so mighty after casting so many divine abilities?"

Everyone exclaimed.

In fact, Chu Kuangren's Immortal's Core energy was dozens of times more powerful than his peers of the same realm because he possessed the Ultimate Almighty Source Physique and his power was buffed by the Chaos Green Lotus.

"Get out of my way. Have a taste of my Great Demon Slash!"

A Demonic Dao sword cultivator dashed toward Chu Kuangren and unleashed a sword attack. An incomparably tyrannical energy exploded instantly!

The eerie and treacherous sword qi was like a Sky Demon, messing up the universe!

He seized the timing to release the sword attack pretty well as it happened the moment when Chu Kuangren had just cast his divine abilities.

No matter how fast Chu Kuangren's reaction was, he would have to take a certain amount of time to activate his divine abilities. It was a flaw, even if it was just for a moment!

However, with a clang, Chu Kuangren managed to grab the sword with his palms!

Instead of utilizing his divine abilities, he grabbed the sword abruptly with his raw physical strength. The moment the demonic qi on the sword collided with his palms, the sword qi dissipated!

"How is this possible?!"

The Demonic Dao sword cultivator was horrified.

One thing worth noting was that his demonic sword was a top-notch Arch Gilded Immortal Weapon, and with his cultivation base, how did Chu Kuangren's palms manage to resist his attack?

Just how terrifying was his physical body?

However, a scene that shocked him even more happened after that.

Chu Kuangren twisted the sword hard. With a clang, the demonic sword let out a miserable howl before shattering into pieces!

He had destroyed an Arch Gilded Immortal Weapon with bare hands.

It was not a surprise to Chu Kuangren because his physical body was refined from the Chaos Green Lotus, and it was impossible to harm a Chaos Supreme Treasure so easily.

"Chu Kuangren, take my Crimson Sun Demonic Flame!"

At that moment, the Three-headed Demonic Dragon roared furiously, and endless flames tried to devour Chu Kuangren.

He risked everything and released the flames continuously, while the rest of the sky-prides were also determined to kill Chu Kuangren!

"What a useless technique."

Although the flames burned Chu Kuangren, his body was unscathed.

His figure flashed and emerged before the Three-headed Demonic Dragon, whom he punched with his fist clenched tightly!

Kaboom!

His punch blast contained an incomparably frightening Arch Gilded Intent!

With a bang, the head of the Three-headed Demonic Dragon exploded into a mist of blood!

His remaining head roared terrifically. "This is the Sixth-step Arch Gilded Intent!"

That was right. After refining the Source Rejuvenating Supreme Pill, Chu Kuangren's Arch Gilded Intent improved to the Sixth Step, which was mighty powerful.

With just one punch, he blasted the head of the Three-headed Demonic Dragon to pieces!

"Five Ways Heavenly Kylin!"

At that moment, the Five-colored Kylin Child's ultimate move that had been brewing not far away was starting to take shape.

Soon, a terrifying Five-colored Kylin, which contained the Five Ways energy, descended from the sky and charged toward Chu Kuangren!

The power of that attack was earth-shattering, and the entire Immortal King Arena began to shake.

"Well done!"

Upon seeing that, Chu Kuangren smiled faintly. "This move is interesting."

As his eyes narrowed, he cast Chiyu's Demonic Pattern and the Forbidden Battle Technique. His cultivation aura immediately skyrocketed!

Such a scene frightened everyone present.

"His strength can be enhanced even more!"

"F*ck. He's a monster!"

Everyone gulped.

To think Chu Kuangren had not used his full strength after fighting them for so long!

Under the buffs of the two forbidden techniques, Chu Kuangren raised his hand to mobilize his divine abilities. He activated the Universal Life-Death Cycle with his left hand and the Reincarnation Tribulation Light with his right!

The life-death energy and reincarnation energy merged into one!

Then, the brilliant radiance from the energy turned into a torrent and charged toward the Five-colored Kylin!

Following a tremendous explosion, that made the heavens and earth lose their color, the Immortal King Arena shook!

Amid the endless Immortal Sparks, a figure was blasted backward with blood spurting from his mouth.

It was the Five-colored Kylin Child.

He was blasted out of the Immortal King Arena, and the will of the Immortal World left his body. He was eliminated.

He stared at Chu Kuangren, petrified. "He's so powerful. It's unbelievable!"

Chu Kuangren looked at the rest of the sky-prides and Prodigies while standing in the air.

He then raised his hand to channel his Immortal's Core, and an extraordinary Daoist Rhyme circulated the Green Lotus Mark on his forehead.

"Whether you can survive my next move will depend on your strength!"

Chu Kuangren raised his hand to activate the Green Lotus Destruction energy.

The powerful energy made every sky-pride and Prodigy tremble with fear.

"This move is bad. Resist with all your strength!"

"Run! Run now!"

Some people chose to resist, while some chose to escape.

The gorgeous green brilliance stirred up ripples in the void that spread!

It was the most primitive destruction energy that was created at the beginning of the chaos — before the universe was created!

Under the impact of that force, many Immortal Techniques and divine abilities that the sky-prides cast were shattered. Having taken the brunt of the impact, the remaining head of the Three-headed Demonic Dragon shattered on the spot!

On top of that, more than half of his body was turned into ashes!

The green brilliance rippled and swept across the Immortal King Arena!

Many sky-prides were sent flying backward. Some exploded into clouds of blood mist on the spot, while some were blasted out of the Immortal King Arena...

After all the energies dissipated, only a figure in white was standing proudly in the Immortal King Arena with a graceful and peerless demeanor!

"He won!"

A sky-pride, who survived by chance and was blasted out of the Immortal King Arena, looked at Chu Kuangren in shock.

The rest of the people were also shocked.

"His strength is horrifying. None of the sky-prides in the Immortal World is his opponent!"

"Indeed. He's extremely terrifying."

In the Immortal King Arena, countless wills of the Immortal World hovered in mid-air with Immortal Sparks surrounding them.

Under the Immortal Sparks and in his peerless white robes, Chu Kuangren looked like an unparalleled Immortal King reincarnated.

At that moment, almost everyone was certain that Chu Kuangren had won the Battle of the Heavenly Champion and that he was the new Immortal King Ruler!

Lan Yu, Shang Honghua, and Gu Linglong lifted their chins proudly while looking at Chu Kuangren's back as if they were the ones who had become the Immortal King Rulers!

However, just then, an indifferent voice sounded in the sky. "Chu Kuangren, thank you for clearing the obstacles for us. Now, it's the time for your life to end."

Fuxi's successor and others walked out of the void and stepped into the Immortal King Arena.

Unparalleled After Ten Consecutive Draws

Chapter 1825: Universal Godly Weapons' Ten Directions Formation Energy, My Anticipation Wasn't In Vain

Fuxi's successor and others appeared in the Immortal King Arena and besieged Chu Kuangren while looking at him as if he was prey.

Their sudden emergence surprised everyone.

"It's Xuanyuan's successor and others."

"Not only Xuanyuan's successor but also Wahuang's successor, Hua Xi, Holy Longevity Imperial Commander, Long Xuan... Why did they appear at the same time?"

"I think I smell a conspiracy."

"Me too. I'm afraid they may be in on some kind of secret."

"What's going on?"

Everyone, except Chu Kuangren, looked at Fuxi's successor and others with curiosity.

He stood with hands behind his back and Immortal Sparks flowing around him. He looked at the few people and said indifferently, "I was just wondering if you guys would show up."

"Oh. You mean you knew we would show up?"

"You guys are the only few of the seventy-two Immortal Prides left."

"Chu Kuangren, you must have thought that the position of the Immortal World Ruler was yours already," Fuxi's successor said mischievously.

"Just cast whatever you guys have."

"Set up the formation!"

Without saying anything more, Fuxi's successor gave an order.

In an instant, the Ten Great Godly Weapons' wielders made a move by each holding a Godly Weapon in their hands and surrounding Chu Kuangren.

The Godly Weapons shone with brilliance while mysterious Daoist Rhymes rang out.

Soon, a vast might enveloped the entire Immortal King Arena, forming a huge formation barrier!

Everyone was in an uproar when they saw it, especially some cultivators who were good at formations. They were highly amazed.

"What formation is this? What a mysterious aura."

"This is the Godly Weapons' megaformation!"

Some knowledgeable Prodigies immediately recognized the formation cast by Fuxi's successor and others and could not help but gasp in horror!

Even some of the Embodiers who had been paying attention to the final stage of the Battle of the Heavenly Champions were astonished.

"This is the Universal Godly Weapons' Ten Directions Formation! I always thought it was a legend and didn't expect it to be true."

"To be able to think of dealing with Chu Kuangren by using the Universal Godly Weapons' Ten Directions Formation, Fuxi's successor and others must've given it a lot of thought."

"There is finally hope to defeat Chu Kuangren. With the strength of Fuxi's successor and company, once the Universal Godly Weapons' Ten Directions Formation is set up, they might even be able to compete with an Embodier. I'm afraid Chu Kuangren will lose."

"Haha! This is great."

Some Embodiers, such as the Heavenly Spirit Restricted Area's Honorable Heavenly Spirit, Heavenly Dao King, Immortal Hall's Eternal Immortal Emperor, and so on, were ecstatic.

They did not wish to see Chu Kuangren become the Immortal King.

"Now, this is challenging." Bei Ming frowned and thought.

Could Chu Kuangren deal with the Universal Godly Weapons' Ten Directions Formation?

After all, he had not yet broken through to the Embodier Realm.

In the Immortal King Arena, the dazzling Ten Directions Godly Weapons suspended in the air formed a Godly Weapon barrier that stopped Chu Kuangren from escaping!

"Chu Kuangren, this is the final trump card we have prepared for you. The Universal Godly Weapons' Ten Directions Formation will end your legend!" Fuxi's successor said.

He was sitting down with his legs crossed while the Fuxi's Guqin was on his lap.

The white jade-like guqin was surrounded by a faint brilliance, and it released extraordinary Daoist Rhymes.

"Kill him!"

Fuxi's successor plucked the Fuxi's Guqin with his fingers.

As soon as the guqin music sounded, the first wave of attack began!

The mighty guqin music stirred up layers of ripples in the void that gushed toward Chu Kuangren!

"Universal Life-Death Cycle!"

Chu Kuangren mobilized the life-death energy with both his hands to activate the Chaos Celestial Demon Physique's divine ability.

As the life-death energy collided with the guqin music, the powerful blast hit the Universal Godly Weapons' Ten Directions Formation. However, the formation barrier was tough and unbreakable!

Then, Xuanyuan's successor made a move.

Being in the Godly Weapon megaformation, the strength of those Godly Weapon's wielders multiplied. Coupled with the buffs from the Godly Weapons, every one of their moves was divinely mighty!

"Attack!"

Xuanyuan's successor slashed forward with his Xuanyuan Sword, and a chilly but mighty sword intent erupted.

The strength was so powerful. It was as if the ancient Xuanyuan Human Emperor had reappeared and unleashed a sword attack on Chu Kuangren.

"Heh. Great Wasteland Subjugation!"

The Heaven Stabilizer Sword appeared in Chu Kuangren's hand.

The moment he slashed the sword forward, Chiyou's Great Wasteland Halberd Technique erupted and transformed into a sword technique!

Soon, the murderous and destructive qi gushed out!

The convergence of the sword shadows was like Chiyou and Xuanyuan fighting against each other through the endless river of time, stirring up endless waves of energy that shattered the void!

Xuanyuan's successor was sent flying dozens of kilometers backward.

Shortly after, a few more people attacked.

Holy Longevity Imperial Commander activated his Kongtong Seal. As his Immortal's Core surged, a mysterious runic symbol was released from the Kongtong Seal and pierced through the void.

Great Arbiter Divine Maiden held the Kunlun Mirror with a stern expression.

The spacetime energy flowed out and formed a huge Spacetime Maelstrom around Chu Kuangren to lock him.

Meanwhile, Fa Hai chanted a mantra and tossed the Yokai Refining Flagon in his hand high up into the sky. Then, a refining power burst out.

The three Godly Weapons displayed their infinite powers.

Chu Kuangren grinned. "It's really interesting. My anticipation wasn't in vain."

The surging Immortal's Core energy gushed out from his body, releasing his Sixth-step Arch Gilded Intent!

Immediately after, the spacetime energy, which had locked onto him, collapsed under the power of the impact!

Chu Kuangren mobilized the samsara energy on his left and the Yin Yang energy on his right while the life-death Immortal Sparks surrounded his body.

Samsara, life-death, and Yin Yang energy erupted!

The three physiques displayed their full divine might, and the three divine abilities were activated!

With that, the surging Immortal's Core energy attacked with the three divine abilities' energies and collided with the Yokai Refining Flagon and Kongtong Seal!

Suddenly, wild energy currents swept across the land and shook the universe!

Holy Longevity Imperial Commander, Great Arbiter Divine Maiden, and Fa Hai were sent flying backward when the impact hit them. Their faces were pale.

On the other hand, Chu Kuangren was standing with hands behind his back, and his robe was still as white as snow.

He remained unscathed!

"The maddest man throughout eternity is indeed impressive," Hua Xi said solemnly.

As she raised her hands, five-colored brilliance flowed, and countless creation energies entered the body of Great Arbiter Divine Maiden, Fa Hai, and Holy Longevity Imperial Commander.

Their injuries recovered at a rapid speed.

It was the Nuwa Stone's creation energy!

With that power, no matter how serious the injuries of the Godly Weapons' wielders were, they could rapidly recover within the Godly Weapon megaformation as long as they were alive.

"Everyone, don't stop. Keep attacking!" Fuxi's successor commanded.

He plucked the Fuxi's Guqin, prompting guqin music to echo in the air.

The guqin music carried a force that impacted the mind. If Chu Kuangren did not have the Chaos Green Lotus to protect his mind, he would have been affected no matter how powerful his soul energy was.

An ordinary Arch Gilded Immortal's mind would have fallen into a frenzy.

On the other hand, the rest of the Godly Weapon Holders continued to attack Chu Kuangren.

The Eastern Sovereign Divine Daoist grunted, and a chilly aura suddenly erupted. At the same time, the Eastern Sovereign Bell shone with hundreds of millions of Immortal Sparks, and countless runes were also flowing in it.

The sound of the bell reverberated through the realm and combined with the guqin music to form a force that wreaked havoc everywhere!

Long Xuan, who was holding the Pan Gu Axe, surged with black dragon qi while his body released a reckless and domineering aura.

Then, he slashed his axe down as if he was going to create new worlds!

Unparalleled After Ten Consecutive Draws

Chapter 1826

Inside the Universal Godly Weapons' Ten Directions Formation, Chu Kuangren was fighting the ten sky-prides who wielded the Godly Weapons.

The chimes from the Eastern Sovereign Bell reverberated everywhere, and combined with guqin music, it was a mighty attack. At the same time, the Pan Gu Axe lit up with domineering energy that could seemingly create new worlds!

Chu Kuangren stood his ground, his eyes beaming with battle intent!

Nine golden dragons suddenly dashed out from his body, and their domineering aura swept across the arena.

The nine dragons circled above Chu Kuangren, causing his combat power to skyrocket.

With a single slash, the guqin music, bell chimes, and runic light were all destroyed. An immense burst of light instantly enveloped the whole area, and as a result, the Immortal King Arena trembled!

After Chu Kuangren was forced back several meters, he stood proudly with the Heaven Stabilizer in hand.

"Ever since I returned to the Immortal World, this is the only battle that has thrilled me. My fellow cultivators, you should be honored for having achieved this feat!"

A smile could be seen on his face.

"You should be honored to be defeated by the Universal Godly Weapons' Ten Directions Formation too!"

A cold voice sounded.

A giant tower descended from the sky, with seemingly endless celestial energy and terrifying suppressing energy!

Everyone was frightened by that power.

However, Chu Kuangen grinned a little. With a twist of his Heaven Stabilizer, a gigantic sword shadow appeared in the sky!

An endless aura of destruction and slaughter was contained within its razor-sharp sword qi!

That was the Immortal Destruction Sword Qi's final form!

When the sword qi collided with the Great Heaven Tower, that gigantic tower was sent flying.

Endless Sky Imperial Commander looked at Chu Kuangren with a stern expression. He suddenly felt relieved that Fuxi's successor had come up with the Universal Godly Weapons' Ten Directions Formation idea.

Otherwise, none of them would stand a chance against Chu Kuangren.

After all, the term "Outlier" could not even be used to describe a monster like him.

"Shennong Cauldron, appear!"

Just then, another cold voice suddenly sounded.

A tremendous cauldron, which was the Shennong Cauldron, was hurled at Chu Kuangren soon after.

"Oh, it seems like the Human Emperor Sect has quite a few nice treasures in their possession," said Chu Kuangren with a grin.

He let out a punch that unleashed a vast burst of energy directly onto the Shennong Cauldron, blasting it away from him!

"This guy is truly a monster. To think he's using raw physical strength against the Godly Weapons' power."

Shennong's successor secretly gasped.

"If I have the time, I plan to personally visit the Human Emperor Sect in the future. I hope you guys can welcome me when that time comes."

Chu Kuangren chuckled.

Upon hearing his words, the Human Emperor Sect's cultivators' mouths twitched. They instinctively knew that nothing good would come from Chu Kuangren's visit.

"I'm afraid you'll never have a chance to visit the Human Emperor Sect anymore!"

Xuanyuan's successor roared while unleashing a slash with his Xuanyuan Sword. A brutal and massive sword shadow that had the power to tear the whole area apart suddenly appeared!

"You can't even beat Brother Ye when it comes to the sword, yet you dare compare yourself to the likes of me?"

Chu Kuangren unleashed another slash and tore apart the incoming sword qi with his Immortal Destruction Sword Qi's final form.

Boom!

The surroundings trembled following that powerful clash of sword qi attacks.

Xuanyuan's successor was sent flying with blood spurting from his mouth.

Upon seeing that, Hua Xi quickly used the Nuwa Stone to heal his injuries.

Countless attacks were unleashed with the Ten Godly Weapons.

However, Chu Kuangren dispersed all the attacks with that one sword he had.

It even seemed like the Ten Great Godly Weapons were ineffective against Chu Kuangren.

Despite that, some of the onlookers noticed something – the attack power of Fuxi's successor and others was steadily increasing.

"The Universal Godly Weapons' Ten Directions Formation is a very mysterious technique, on par even with the Great Ancient Immortal Formations like the Heavenly Celestial Mega Formation and the Immortal Destruction Formation. Besides, it's obvious that Fuxi's successor and others are new to this great formation and that they're now practicing it on Chu Kuangren."

"As time goes by, their skills in channeling the Godly Weapons will become more refined. This means that the Ten Godly Weapons will resonate better and improve with each other. Inside this formation, the Ten Great Godly Weapons' wielders will find that their Immortal's Core energy has become seemingly endless. But as for Chu Kuangren, no matter how powerful he is, he is bound to reach his limit soon!"

"The outcome of this battle has already been decided!"

Some of the Embodiers felt that Chu Kuangren would lose the battle.

However, inside the Immortal Ruler Arena, the Immortal's Core energy of Fuxi's successor and the others gradually grew stronger. An even more horrifying Godly Weapon energy erupted and immediately sent Chu Kuangren flying!

The nine gold True Emperor Dragons behind him were also destroyed one by one!

That massive power shocked and frightened everyone.

"The Godly Weapon energy is just too terrifying. To think that even Chu Kuangren is no match against it!"

"They are slowly unleashing the true power of the Godly Weapon Megaformation."

"That's right. It looks like Chu Kuangren is going to lose."

Inside the Godly Weapon Megaformation, Fuxi's successor let out a long roar and unleashed waves of chaotic guqin music from Fuxi's Guqin.

"Chu Kuangren, the Godly Weapon Megaformation's most powerful attack will be unleashed next. Do you think you can defend yourself against it?!"

The Godly Weapons illuminated with great might, and endless light were flickering around them.

Chu Kuangren stood proudly with his sword in hand. Even when at a disadvantage, his prideful look still remained. "Bring it on!"

"Now, die!"

Fuxi's successor yelled, channeling the power of Fuxi's Guqin to the maximum. Then, he leaped into the air, and Daoist Rhymes rang out!

The other nine Godly Weapon wielders also channeled the powers of their respective Godly Weapons.

When Pan Gu's Axe was at full power, it lit up brightly with axe ray flowing around it as if a new world was about to be created!

The Kunlun Mirror began surging with space-time energy, making it appear more mysterious than ever.

The Nuwa Stone's five-colored light radiated brighter than ever, filled with vast rejuvenating power.

The Kongtong Seal, Yokai Refining Flagon, Eastern Sovereign Bell, Shennong Cauldron, Great Heaven Tower, and Xuanyuan Sword also lit up with Immortal Sparks. The Ten Great Godly Weapons hovered in the air, resonating with each other!

A gigantic colorful vortex appeared in the void.

That was the full might of the Ten Godly Weapons. It was capable of changing the world and even overturning the universe!

Even an Embodier would be impressed by such power.

"The Godly Weapons truly possessed extraordinary powers."

"That's right. How is Chu Kuangren going to defeat that? I can't think of any way he can turn the tide at all."

Chu Kuangren stood with his hands behind his back.

Daoist Rhymes began swirling around the Green Lotus Mark on his forehead.

"Within Chaos lies a green lotus, the master of creation and destruction"

"Green Lotus, Power of Destruction!"

At that moment, Chu Kuangren unleashed the full destructive power of the Chaos Green Lotus at its current stage!

A terrifyingly destructive power emerged.

That energy was already present before the creation of the universe – since the birth of Chaos itself!

On one side was a mighty Godly Weapon power that could destroy worlds, and on the other was a destructive power that already existed before the birth of creation!

When the two energies collided, the crash illuminated the whole area!

An inexplicably powerful energy shockwave blasted outward and made the light from the surroundings lose its color. Even the sun and moon grew dimmer!

The expression of the surrounding sky-prides and Prodigies changed.

"Ten Directions Godly Weapons, Overworld Tremor!" Fuxi's successor roared.

Boom!

Following a huge blast, the Godly Weapons' power was unleashed toward Chu Kuangren.

Meanwhile, his Green Lotus Destruction Power was already heading toward its opponent.

The surrounding void started to crumble silently the instant the two energies met. The energy behind the two attacks was so powerful that even the deepest parts of the void were affected.

The shockwaves from the impact traveled past the Godly Weapon Megaformation's boundary and affected the whole Immortal Ruler Arena.

Countless sky-prides and Prodigies had been battling in the Immortal Ruler Arena, yet none could make a single dent. However, countless cracks had started to appear, and the whole Immortal Ruler Arena was on the brink of collapse!

Not only the Immortal Ruler Arena, but even the Thalassic Mountains Battlefield trembled violently. A huge portion of the terrain was damaged, violent winds were brought up, raging oceans appeared, and all signs of life were destroyed!

After the energy shockwaves dissipated in the Immortal Ruler Arena, several figures were blasted backward, slamming into the Godly Weapon Megaformation's boundary.

It was Fuxi's successor, Xuanyuan's successor, and others.

Even they could not defend themselves against such extreme impact and were all injured!

"If the ten of us have been critically injured despite sharing the load of the damaging impact, I believe Chu Kuangren, who dealt with such terrifying impact alone, will die soon!"

Fuxi's successor snorted while wiping away the blood from the corner of his mouth.

However, that was when he saw a white figure standing proudly inside the horrifying storm of energy.

"How... How can this be?!"

The expressions of the Ten Great Godly Weapons' wielders darkened.

Unparalleled After Ten Consecutive Draws

Chapter 1827

Chu Kuangren stood proudly in the Immortal Ruler Arena, despite his clothes looking a little messy.

However, he stood his ground nonetheless!

Although he had never possessed a huge figure, everyone felt an immense sense of stalwartness looking at him.

It was as if the whole universe would have to submit before his supreme rule!

"How can this be? How can he still be unscathed after facing such an extreme impact?!"

Fuxi's successor found it hard to believe.

"Is this guy even human?"

"Hua Xi! Quick! Heal our injuries now!" Xuanyuan's successor said at that moment.

Mysterious light shone from the Nuwa Stone and landed on Fuxi's successor and others. That light rapidly healed their injuries and recovered their power.

Everyone looked at Chu Kuangren with serious expressions.

Suddenly, Fuxi's successor's eyes lit up. "No, I can tell that his momentum has changed. It's weaker than before now!"

Upon hearing that, everyone became delighted.

"Haha! Chu Kuangren, it seems like you're not invincible at all! There's a limit to your strength!"

"That's right. Do you think you're still a match for us now?"

"We have the Nuwa Stone and Godly Weapon Megaformation on our side. This means our strength and Immortal's Core energy are endless. However, you are bound to reach your limit sooner or later. This battle will end in your defeat!"

Everyone was extremely happy.

When they saw Chu Kuangren unscathed, they were almost shocked to death. They thought that even the Godly Weapon Megaformation could not do anything to him.

However, it seemed that they were overthinking it.

The might of that Godly Weapon Megaformation was domineering, and despite how powerful Chu Kuangren was, he was still fighting them alone.

It was ten of them versus one of him. With the help of the Godly Weapon Megaformation, they could surely defeat Chu Kuangren!

"Everyone, let's prepare for the next Godly Weapon combination attack!" Fuxi's successor said.

Everyone nodded gently and started channeling the power of the Ten Great Godly Weapons.

As the Godly Weapons hovered in mid-air, a colorful vortex appeared in the void. There was also an incredible amount of energy within it, as if it would erupt at any time!

Before such immense power, the other onlookers would have fallen into despair just from looking at it.

"Again with that attack, huh?"

Chu Kuangren grinned, and the Green Lotus Mark on his forehead lit up, unleashing the Light of Destruction again!

The two surges of energy collided against each other like a colorful raging torrent.

However, the Green Lotus's Light of Destruction was not powerful enough this time, so it gradually lost ground until it was defeated.

"Ha! Chu Kuangren, just give up!" Xuanyuan's successor said loudly.

Long Xuan also roared and channeled his power to the maximum!

"Chu Kuangren, the Buddha is compassionate. Once you die, I shall recite a Rebirth Mantra for you!" Fa Hai said. His calm-looking face looked ferocious.

"You'll pay for all the humiliation you caused me today!" said the Eastern Sovereign Divine Daoist, with a look of delight in his eyes.

Every one of them had lost to Chu Kuangren in one way or another and had been suppressed by him for too long.

Finally, they had a chance to overpower him now.

How could they not be happy?

"Want to defeat me, huh? You guys still have a long way to go!"

A mysterious smile stretched across Chu Kuangren's face.

Just when the Godly Weapon energy was about to destroy the Green Lotus Light of Destruction, something strange happened.

The Godly Weapon energy began to weaken rapidly!

"What's going on?"

Fuxi's successor's face sank.

Out of nowhere, the Great Arbiter Divine Maiden quickly retracted her Immortal Core's energy, kept the Kunlun Mirror away, and retreated!

Everyone was not prepared to react to such a sudden change.

With one of the Godly Weapons gone, the great formation instantly crumbled. That allowed the terrifying Green Lotus Light of Destruction to sweep forward and hit Fuxi's successor and others.

Fa Hai was the first to get hit, and his body immediately exploded into a mist of blood!

The Holy Longevity Imperial Commander also could not resist such power.

Despite being known as the Longevity Imperial Commander, he seemed to lack that trait and was immediately killed!

The Endless Sky Imperial Commander, Long Xuan, Fuxi's successor, Nuwa's successor, and others were eventually caught in the Light of Destruction. They were immediately sent flying backward with blood gushing out from their mouths.

The Universal Godly Weapons' Ten Directions Formation crumbled!

Then, the Ten Great Godly Weapons started falling from mid-air.

Meanwhile, Chu Kuangren stepped forward, spread his arms out wide, and took all the Godly Weapons!

Everyone was stunned by the sudden change in events.

"What's going on?!"

"What happened?"

Everything was happening too fast.

One second ago, they thought Chu Kuangren was going to be defeated and that his legend of arrogance would end once and for all.

However, in the next second, the great formation immediately crumbled. The Godly Weapon wielders were either dead or critically injured while Chu Kuangren took all the Godly Weapons.

"It's the Great Arbiter Divine Maiden!"

"Has she betrayed the Eastern Sovereign Divine Daoist and the others? By the heavens, isn't she from the Immortal Hall?"

"Can any of you tell me what just happened?"

With the Kunlun Mirror in hand, the Great Arbiter Divine Maiden walked toward Chu Kuangren and handed the mirror over to him. "Master, the task has been completed."

'Master?!'

Everyone sundered upon hearing that.

None of them expected Chu Kuangren to have made the Great Arbiter Divine Maiden his servant. Not only that but he even sent her to infiltrate the Immortal Hall and to be part of the Ten Great Great Godly Weapon wielders.

Then, she waited for the most opportune moment to deal the most lethal blow to them!

"Good job."

Chu Kuangren let out a satisfied smile as he kept the Kunlun Mirror away.

As of now, all the ten Godly Weapons were already in his possession!

"Great Arbiter Divine Maiden, when did you betray the Immortal Hall?!"

Eastern Sovereign Divine Daoist could not accept what happened and immediately questioned her.

However, the Great Arbiter Divine Maiden did not answer him, and her expression remained emotionless.

"Answer me! Why did you betray the Immortal Hall?" The Eastern Sovereign Divine Daoist questioned her once more.

However, he still did not receive an answer.

Other than the Eastern Sovereign Divine Daoist, the Great Perfected Arch Gilded Immortals and Embodiers in the East Sovereign Immortal Hall were also fuming with rage.

The one who had betrayed the Immortal Hall was not just any ordinary cultivator. It was none other than their Divine Maiden!

At that realization, the elites of the East Sovereign Immortal Hall could not help but mobilize their imposing Immortal Consciousnesses. Soon, the Great Arbiter Divine Maiden was enveloped in their terrifying aura.

Some were confused, some were surprised...

However, most of them were enraged!

At that very moment, they really wanted to tear that traitor to shreds if they could.

The Great Arbiter Divine Maiden trembled when she felt their rage, and there was a hint of horror in her eyes.

Yet, in the next instant, Chu Kuangren stood before her, with immense Immortal's Core energy swirling around him. "Do you think I'll allow you to threaten my subordinates like that?"

Although she was just a tool to him, she still belonged to him. Without his permission, no one could injure her!

The Great Arbiter Divine Maiden stared at Chu Kuangren's figure, with a look of determination in her eyes.

Now that things had turned out that way, she could only survive by relying on Chu Kuangren's power.

"Haha! I see. Well done, Chu Kuangren! I thought everything was in my control all this time, but to think we were played like fools!"

Fuxi's successor's expression was grim.

He recalled the time and effort he spent just to defeat Chu Kuangren — researching the Universal Godly Weapon Ten Directions Formation, finding the Pseudo Five Lanterns just to get back Fuxi's Guqin...

However, he ended up setting things up for Chu Kuangren instead.

Not only had he lost the chance to become the Immortal World Ruler, but the Ten Great Godly Weapons had also fallen into Chu Kuangren's hands.

The more he thought about it, the more furious he became.

Everyone else was also red with anger.

As feelings of anger, humiliation, and unwillingness overcame them, they clenched their fists tight, and the veins on their foreheads were bulging!

The Universal Godly Weapons' Ten Directions Formation that they had spent so much time and effort cultivating turned out to be for naught because Chu Kuangren had known their plans all along.

He could have destroyed them if he wanted to, but he did not. Instead, he was toying with them all along!

Unparalleled After Ten Consecutive Draws

Chapter 1828

A sudden change of events had occurred in the Immortal Ruler Arena!

The Great Arbiter Divine Maiden's sudden betrayal caught everyone off guard and enabled the situation to turn in Chu Kuangren's favor. He now had an absolute advantage over the others and even marked an end to the battle!

Before that, Chu Kuangren was already invincible.

Now that he had the Ten Great Godly Weapons, he was more undefeatable than ever.

"Best of luck, everyone!"

Having calmed himself down, Fuxi's successor disappeared without another word and escaped in a flash.

Endless Sky Imperial Commander also followed suit!

The two strongest cultivators among the Ten Great Godly Weapons' wielders were escaping!

At that sight, everyone's expression changed.

"Those two b*stards."

"Retreat!"

Everyone else knew that without the power of the Universal Godly Weapons' Ten Directions Formation, they were powerless before Chu Kuangren. Hence, they quickly fled.

However, a wave of Spacetime Arch Gilded Intent immediately enveloped the area.

"Where do you guys think you're going?"

Chu Kuangren's gaze locked onto one of them. It was Shennong's successor.

He unleashed a punch imbued with Arch Gilded Intent. Despite Shennong's successor's effort to resist, the fist strength brutally tore him apart, and he exploded into a mist of blood.

Just when Chu Kuangren wanted to continue attacking, several figures approached from the distance and shattered the sealing effects of the Spacetime Arch Gilded Intent.

They were the Great Perfected Arch Gilded Immortals from several orthodoxies.

Upon seeing that, Xuanyuan's successor, Long Xuan, and the others immediately fled for their lives.

"Chu Kuangren, you've killed many sky-prides and Prodigies in this battle. Are you only going to stop until you've killed every single one of Pan Gu Universe's cultivators?" one of the Great Perfected Arch Gilded Immortals asked coldly.

He had a lightning horn on his head, surging with terrifying jolts of lightning energy.

That person was an elite from the Subspecies Restricted Area.

The others were also glaring at Chu Kuangren, and they were from the Immortal Hall, Human Emperor Sect, Great Thunder Temple, and more.

"Oh, I don't mind if all of you attack me at once."

Despite having just been through a great battle, Chu Kuangren was not worried about facing off against several Great Perfected Arch Gilded Immortals alone.

However, at that moment, the whole Immortal Ruler Arena trembled.

Countless wills of the Immortal World started merging in the air, and sounds of Daoist chimes reverberated through the realm.

A crown, mysterious robe, and great seal manifested from the void!

An inexplicably dense energy spread from the three items, which seemed to possess a certain relation to the rules of the Immortal World.

Everyone looked at the crown, robes, and seal with coveting gazes.

However, the three items flew and landed on Chu Kuangren's body instead.

Endless Immortal Sparks burst out, followed by an emotionless voice that suddenly rang out throughout the Immortal World.

"Immortal King Crown placed, Immortal King Robes worn, Immortal King Seal in hand!"

"All hail to the new Immortal Ruler!"

Once the endless Immortal Sparks dispersed, Chu Kuangren reappeared.

This time, he was wearing the Immortal King Crown on his head, the Immortal King Robes on his body, and holding the Immortal King Seal in his hand. The Great Perfected Arch Gilded Immortals could not help but gasp when they sensed his majestic aura, and their bodies trembled uncontrollably as they felt an unbearable sense of submission to the new Immortal King.

"I am the Immortal King! All beings shall bow down to me!" said Chu Kuangren as he waved his sleeves and stood in mid-air.

His vast and domineering Immortal King aura spread in all directions!

Due to the influence of that aura, all the cultivators fell onto their knees in spite of themselves. Even the Great Perfected Arch Gilded Immortals were no exception.

Every living being in the Thalassic Mountains Battlefield bowed before him.

At that instant, the entire Immortal World shook, and endless light illuminated the sky. Countless cultivators immediately felt something.

"All hail the Immortal King!"

"All hail the Immortal King!"

"All hail the Immortal King!"

The Immortal World that was once shattered had now become whole, welcoming its first-ever Immortal King who would unite the heavens and earth!

Within the depths of the Immortal Hall, a white-haired elder suddenly opened his eyes, looking toward the Thalassic Mountains Battlefield with a conflicted gaze. Then, he let out a faint sigh. "So, he has become the Immortal King..."

The Battle of Heavenly Champions was concluded.

Many cultivators had a good guess on who would become the Immortal King, but whether they could accept that fact was a whole different story, especially the Immortal Hall.

For many years, the Immortal Hall was the ruler of the Immortal World, and no one could take their positions.

Especially after the Great Deification War, the Immortal Hall achieved unprecedented power and influence after defeating the Human Emperor.

They initially thought that the position of Immortal King would fall onto one of their own.

Unexpectedly, the rise of Chu Kuangren ruined their plans. Not only did he obtain the Human Emperor's destiny, but he had even become the Immortal King!

"Send orders to activate the Heavenly Thirty-three Layer Formation! We must cut ourselves off from the influence of the Immortal World's laws!"

"Everyone... Prepare for war!" the elderly man said calmly.

His voice echoed in the Immortal Hall, causing a great uproar among its members. However, they were not surprised at all.

After all, the Immortal Hall and Human Emperor had always been arch-enemies.

Now that Chu Kuangren — a Human Emperor — had become the Immortal King, a battle between him and the Immortal Hall was inevitable.

Besides the Kunlun Immortal Hall, the East Sovereign Immortal Hall also carried out similar measures.

The two great Immortal Halls immediately started preparing for war the instant the Immortal King was announced.

Nevertheless, their moves shocked countless cultivators.

Somewhere else, atop a blood-colored mountain peak, a handsome and charming man was sitting on a huge black lotus platform. Upon sensing that Chu Kuangren had become the Immortal King, he suddenly opened his eyes.

"He really has become the Immortal King!"

That man was the Sin Buddha.

At that moment, the Embodier, known as the person closest to Papiyas's power in the Immortal World, could not help but panic.

"Damn it."

"Why is he the Immortal King? What about Fuxi's successor and the Endless Sky Imperial Commander? Are these people a bunch of useless fools?!"

His expression was dark.

After all, he had a feud with Chu Kuangren.

Now that the latter had become the Immortal King, what if he came to seek payback from the Sin Buddha?

Although Chu Kuangren was not yet an Embodier, how could he be afraid of one with his newly gained Immortal King's authority?

"No, I must leave before he familiarizes himself with the Immortal King's power. Otherwise, it'll be too late if he comes to visit me."

That thought immediately crossed Sin Buddha's mind, and he disappeared in a flash.

No one knew that on that very day, Sin Buddha, wielder of the two great Murderous Supreme Treasures, Yuan Tu and Avici, was so frightened that he had to escape from the Immortal World in a hurry.

However, Sin Buddha was not the only one.

Meanwhile, inside the Demon Palace, every Arch Gilded Immortal elite abandoned the Demon Palace as soon as they could and fled in every direction. Now, the demons were scattered everywhere.

While the forces within the Immortal World started to react to the news, Chu Kuangren was getting used to his newly gained power in the Immortal King Arena.

He gently raised his hand, and dense Immortal's Core energy containing a certain authority erupted in the Immortal King Arena.

After withstanding countless battles, the Immortal King Arena was already on the brink of collapse. Following that sudden burst of energy, it shattered into dust.

That energy was several times more terrifying than the Godly Weapon energy that Fuxi's successor and company unleashed earlier!

"Not bad."

Chu Kuangren smiled with satisfaction.

On the other hand, the will of the Immortal World inside his body did not disappear. It was still inside him but was now merged with the three Immortal King items, which enabled him to use the Immortal King's power at will.

However, he still needed to properly refine those three Immortal King items if he wanted to unleash the full extent of their powers.

In other words, being the Immortal King was pretty similar to his position as Ghost Emperor, in the sense that both provided him with a certain authority over things in the Immortal World.

The only difference was that the Immortal King's authority was stronger than the Ghost Emperor's authority.

"Hah! Now, both the world of the living and the dead are under my control!"

"The Immortal World is at my command now!"

Chu Kuangren was in high spirits.

Unparalleled After Ten Consecutive Draws

Chapter 1829

Inside the Thalassic Mountains Battlefield, having won the position of Immortal King, Chu Kuangren was now in high spirits.

The other sky-prides and Prodigies no longer had any chance to go against him now.

"Congratulations, Brother Chu."

Yu Zhi, Ye Zhu, and the others went up to congratulate him.

Chu Kuangren chuckled and chatted with them for a while.

Following that, he returned to the Hundred Academy with Gu Linglong and the others. During that time, news of him becoming the Immortal King had spread throughout the Immortal World, reaching the ears of every cultivator.

In the Hundred Academy, Mister Zhang, Mister Lu, and countless other academy scholars were already waiting for Chu Kuangren's return. When they saw Chu Kuangren, their eyes lit up.

"Chief Disciple, congratulations on becoming the Immortal King!"

Everyone cheered.

Chu Kuangren let out a chuckle before raising his hand and started channeling the surrounding spiritual qi. Then, the Immortal King's authority erupted, and countless golden lotuses bloomed in the void.

Extremely dense amounts of spiritual qi were contained within the golden lotuses.

The golden lotuses entered each of the scholar's bodies, creating a reaction with their Immortal's Core energy and caused it to grow stronger at a rapid speed

He had created a miraculous opportunity with a raise of his hand!

Everyone was shocked by Chu Kuangren's Immortal King power, and they looked at him with great admiration.

That was his power as the Immortal King!

"Immortal King, what are your plans after this?" Mister Zhang asked curiously.

Now that Chu Kuangren was the Immortal King, he was no doubt the most powerful person in the Immortal World. Even the Embodiers would have trouble standing up to him.

At this point, his cultivation level could be considered the highest among all.

In fact, it was not wrong to say that in the Immortal World, he was undefeatable among those below a Primordial's level.

However, it was unknown whether Primordials still existed in the Immortal World.

It would be a cultivator's greatest achievement in their life to even reach that level.

"Now that I'm King, the human race must stand strong and rely on its own strength. Humanity has suffered under the Immortal Halls for too long. It's about time for humanity to topple these two Immortal Halls," said Chu Kuangren with both hands behind his back as he stared into the void in the distance.

His words made everyone excited.

"Your wish is our command, Immortal King," Mister Zhang said with a fist salute.

As a member of the human race, Mister Zhang and the others never had a good impression of the Immortal Hall anyway. As a matter of fact, they had always found the two Immortal Halls an eyesore.

Chu Kuangren returned to his residence in the Hundred Academy to start planning his next move.

Now that he had become the Immortal King, he could do many things that used to be impossible for him in the past.

For instance, toppling the Immortal Halls, unifying the worlds of the living and the dead, relocating the Firmament Empire into the Immortal World...

However, he must take things one step at a time, of course.

There must be a priority when it came to the things he wanted to do, so he must be patient.

Whoosh!

At that moment, a figure appeared beside Chu Kuangren.

That person had the same appearance as him, and he was none other than the clone that Chu Kuangren created using the Wooden Puppet Refining Technique.

After he went to the Central Heaven Universe, that clone of his had been traveling all over the Immortal World, busying gathering intel and setting things up for him.

Now that he was the Immortal King, it was time for him to pull back the net he had cast long ago.

"Have you completed your investigation?" Chu Kuangren asked calmly.

"Yes. I have found the Immortal Hall's main location and made a list of all their elites who are Arch Gilded and above. However, there's a problem."

The clone continued, "It's the Heavenly Thirty-three Layer Formation!"

Upon hearing that, the two of them exchanged glances.

Having been the ruler of the Immortal World for countless years and unleashing their acts of tyranny upon everyone, the Kunlun Immortal Hall and East Sovereign Immortal Hall possessed deep foundations and many resources.

The Kunlun Immortal Hall's Heavenly Thirty-three Layer Formation, especially, was a truly terrifying formation.

With that great formation, the Immortal Hall could erect thirty-three layers of defensive barriers. It could even isolate the Immortal Hall's location from the Immortal World, cutting itself off from the laws of the Immortal World.

Chu Kuangren's Immortal King power was similar to his Underworld Ghost Emperor authority, which was that he could only utilize it inside the Immortal World.

If the Immortal Hall cut itself off from the Immortal World's laws, Chu Kuangren's Immortal King power would be useless. Then, he would only be a slightly stronger Great Perfected Arch Gilded Immortal.

"It will not be easy to fight against the Immortal Hall. I already had a hunch that they'd have something like this prepared.

"However, since I have just become the Immortal King, I must do something to build my reputation, and the Immortal Halls just so happens to be the most suitable stepping stone for this."

Chu Kuangren did not give up on his plans to destroy the Immortal Halls.

Although the Heavenly Thirty-Three Layer Formation would be challenging to deal with, there was still a way to deal with it.

His clone had been making preparations in the Immortal World for such a long time. How could a mere great formation stop him?

"Focus all your efforts on preparing for war. I'll have to refine the three Immortal King items for now. After this, I'm going out to visit a few places," Chu Kuangren said flatly.

"Understood." Having received his order, the clone instantly vanished.

The process of refining the three Immortal King items went smoothly for Chu Kuangren.

After a few months, he had refined all three items. It meant that he was now in full control of his Immortal King's authority.

At that point, Chu Kuangren felt that he could overturn the world with every movement he made and with that terrifying power!

"I'm so powerful!"

"Right now, I'm confident I can defeat an Embodier!"

Chu Kuangren opened his palm and gently grabbed a part of the void.

It was as if the whole world was in the palm of his hands.

"According to the intel gathered by my clone over all these years, there are at least three Embodiers in the Kunlun Immortal Hall alone. This means the East Sovereign Immortal Hall will have around the same amount too, and it's safe to say that they have at least two Embodiers. In other words, I'll have to face off against at least five Embodiers in this battle!"

Chu Kuangren never believed that one Immortal Hall would stand idly by as he attacked the other Immortal Hall.

Although the two Immortal Halls was secretly against each other, they would always join forces when facing the Human Emperor.

Chu Kuangren estimated his current war party's combat potential...

He did not include the Celestial Demon Tribe. After all, he wished to use his own strength to bring down the two Immortal Halls. Besides, that would also be a good opportunity for him to test his strength.

'The Hundred Academy has one Embodier, while the Underworld has three Embodiers...'

'On top of the fact that I'm now the Immortal King, I should be fine taking on at most three Embodiers with the Immortal King's authority.'

It seemed like he had complete advantage over his enemies. However, Chu Kuangren knew very well that it was not enough — he needed more combat power.

As for that, he already had a plan.

He then started refining the Ten Great Godly Weapons after that.

As for the Universal Godly Weapons' Ten Directions Formation's layout, the Great Arbiter Divine Maiden had secretly memorized it when she was cultivating that formation technique and had handed it over to Chu Kuangren long ago.

With Chu Kuangren's current capabilities, it would be possible for him to single-handedly activate the Universal Godly Weapons' Ten Directions Formation, albeit a little tough for him.

Now, he had another trump card to use in battle.

The Universal Godly Weapons' Ten Directions Formation was so immensely powerful that even Fuxi's successor and company did not manage to bring it to its full potential

"Alright, it's time for me to go visit those few other places now," Chu Kuangren mumbled.

...

Meanwhile, inside a magnificent and giant city, countless palaces and buildings filled the landscape, and many Immortal mountains and peaks were as tall as the clouds.

The magnificence of that city was a location where humanity's fortune and destiny were concentrated.

That location was none other than the Human Emperor Sect.

It was said that besides nurturing Human Emperor's successors, the Human Emperor Sect also self-proclaimed to be the true inheritor of the Human Emperor's lineage and culture. As such, they had been gathering the human fortune and manifesting it in the form of nine True Emperor Dragon qi!

The nine True Emperor Dragon qi circled in the skies above the gigantic city with majestic might.

Outside the Human Emperor Sect, dozens of patrolling disciples were discussing the recent news in the Immortal World.

"From what I heard, now that Chu Kuangren has become the Immortal King, he's going to wage war against the Immortal Halls soon."

"You're right. I've heard similar news too."

"A Human Emperor's destiny and the Immortal King's prestige... I can't begin to fathom how extraordinary a being like him is. I'm afraid we will never get anywhere close to his level during our lifetimes," one of the disciples lamented.

Just then, as if something terrible had happened, the whole Human Emperor Sect started to rumble. In the air, the nine True Emperor Dragon qi formed by humanity's fortune began roaring ferociously!

An unprecedented unrest instantly befell the entire Human Emperor Sect.

"What's going on?!"

Everyone's expression changed.

One of the patrolling disciples suddenly widened his eyes and pointed into the distance. "Everyone, look over there..."

Everyone looked toward the direction he pointed.

A figure in white robes was slowly approaching them from the distance, with surges of Daoist Rhymes sounded around him. In the sky, there were auspicious conjurations of dragons and phoenixes, a Kylin trodding across oceans, and hundred scholars bowing down!

He was none other than the King of Immortals and the Emperor of Humanity!

That person had come to visit the Human Emperor Sect!

Chapter 1830: None Shall Dare Proclaim Themselves as King, The Embodier Kneels

A strange tremor happened across all of the Human Emperor Sect like never before.

In the sky, the nine True Emperor Dragons manifested from the human fortune collected by the Human Emperor Great Ones roared continuously and were all looking outside the Human Emperor Sect.

A white-robed figure was slowly approaching them. His robes were as white as snow, and an ancient sword was strapped to his waist.

Moreover, countless conjurations surrounded him as if an Immortal King had descended into the world!

He carried himself with nobility and dignity. Compared to him, the nine dragons were nothing!

Outside the Human Emperor Sect, the cultivators who saw the scene were horrified, and all of them stared at him in disbelief.

"It's... Chu Kuangren! It's the Immortal King, Chu Kuangren!" one of the disciples yelled.

"Isn't he preparing to wage war against the Immortal Halls? Why has he come to the Human Emperor Sect?!"

"My eyelids are twitching now. I don't have a good feeling about this."

"Same with me as well."

Chu Kuangren walked over slowly. When he saw the nine roaring dragons in the sky, a cold glint flashed in his eyes.

He could tell that the nine dragons were restrained by invisible chains!

The nine dragons were not staying in the Human Emperor Sect willingly.

Instead, they were restrained and forced to stay in the Human Emperor Sect, which wanted to use the nine dragons to continue the Human Emperor Sect's fortune and heritage!

"Restraining the human fortune for your personal use?"

"Well done, Human Emperor Sect! Well done!"

Chu Kuangren did not expect to see something like that upon his arrival at the Human Emperor Sect. Fueled by anger, he laughed at the sheer insolence he witnessed before him.

The conjurations around him immediately lit up with Immortal Sparks.

Then, he leaped into the air!

Raising his hand, a surge of Immortal's Core energy erupted and turned into a terrifying sword qi that also contained the Immortal King's authority. The aura of Chu Kuangren's attack instantly shot through the clouds, tearing the skies apart!

"Immortal King! Stop!" A voice suddenly rang out.

An elderly's voice sounded from the depths of the Human Emperor Sect.

Countless Daoist laws manifested into a golden hand that reached for Chu Kuangren from the void, attempting to stop his sword qi.

It was the Human Emperor Sect's Embodier!

Boom!

When the sword qi and golden hand collided, terrifying gusts of wind traveled everywhere. Bursts of Immortal Sparks appeared and lit up the whole area!

However, the sword qi tore through the golden hand in the next instant. It landed in the void and slashed through the invisible chains that were restraining the nine dragons!

"Roar!"

A joyful roar reverberated through the air.

Following that, the nine dragons charged toward Chu Kuangren. However, Chu Kuangren just stood where he was and did not move.

Instead, the Ultimate Human Emperor Technique inside him started activating!

The nine dragon qi immediately entered his body, and the Ultimate Human Emperor Technique automatically activated to refine it into the True Emperor Dragon qi!

Chu Kuangren was a little surprised.

He did not expect the nine dragon qi to enter his body after freeing them from their chains, and now, his True Emperor Dragons had been strengthened instead.

'So, does this count as a surprise?'

"Immortal King, aren't you taking it too far?! How could you come to my Human Emperor Sect and steal our nine dragons without saying a thing!"

A golden figure flew out from a palace in the depths of the Human Emperor Sect.

It was an elderly man with gold hair.

He was the Human Emperor Sect's only Embodier.

At that moment, he was staring daggers at Chu Kuangren. If not for Chu Kuangren's identity as the Immortal King, he would have attacked long ago.

"Taking it too far?" Chu Kuangren could not help but sneer.

Then, his gaze gradually turned cold. "How could you, a member of the human race who claims to be the legitimate successors of the Human Emperor, restrain the human fortune for your own selfish purposes and utilize the human fortune with such entitlement but turn a blind eye to the Immortal Hall's oppression of the human race? Now, tell me. Who's the one taking it too far?"

"I demand an explanation from the Human Emperor Sect today. Otherwise, I don't mind using you guys to show the rest of the Immortal World my Immortal King's power!"

The moment he said that, an incredibly mighty Immortal King aura swept across all directions!

The entire Human Emperor Sect started rumbling violently.

Nuwa's successor Hua Xi, Xuanyuan's successor, Fuxi's successor, and others quickly rushed out. They looked at Chu Kuangren with grim expressions.

'F*ck!'

'He has really come to seek trouble from us!'

Chu Kuangren had mentioned previously that he would visit the Human Emperor Sect, but none of them expected that he would come so fast!

The gold-haired elder was pissed off by what Chu Kuangren said.

'Damn you!'

'You're the one who stole the Human Emperor Sect's nine dragons and even absorbed them too.'

'Yet now, you're accusing us instead?!'

However, the gold-haired elder was speechless and could not find any words to refute Chu Kuangren.

"What's the matter? Lost for words? Are you too ashamed or too afraid to speak?" Chu Kuangren asked indifferently.

"You..." The gold-haired elder took a deep breath and suppressed his rage. "Chu Kuangren, what the hell do you want?"

"How insolent!"

Chu Kuangren's gaze turned cold. "As a human, you've shown disrespect to the Human Emperor; as an Immortal, you've shown disrespect to the Immortal King! I do not recall giving you permission to address me by my name!"

"Chu Kuangren, you've crossed the line!"

The gold-haired elder could no longer contain his anger.

He could tell that Chu Kuangren was here today to look for trouble. With that thought in mind, he immediately channeled his Immortal's Core energy and Daoist laws.

"Let's see what you've got, Immortal King!"

"Heavenly Eclipsing Emperor Palm!"

After that, he pressed his palm forward. A giant hand formed from his golden Immortal's Core energy, and it contained mysterious surges of Daoist laws. It was a very majestic attack!

That elderly man was an Embodier of the Emperor Dao!

An incomparably domineering surge of Emperor aura erupted when he attacked.

Unfortunately...

"Before the likes of me, none shall dare proclaim themselves as king or emperor!" Chu Kuangren grunted.

With a twist of his Heavenly Stabilizer, he unleashed a quick slash filled with Immortal King aura.

His domineering sword qi caused the surroundings to tremble!

Chu Kuangren may still be an Arch Gilded Immortal, but having been strengthened by his Immortal King's authority, his sword attack was on par with an Embodier's level!

When the edge of his sword attack landed on the great palm, a deafening explosion erupted in the void, and the entire Human Emperor Sect trembled once more.

One by one, the elites of the Human Emperor Sect came out. They immediately evacuated the disciples for fear they would be caught in the battle.

"Roar!"

Roars of dragons were heard.

Nine dragons emerged from Chu Kuangren's body and soared into the sky. They were his True Emperor Dragons!

After absorbing the Human Emperor Sect's nine True Emperor Dragons, Chu Kuangren's True Emperor Dragons were stronger than ever. Each of them was thousands of kilometers long!

It was several times more terrifying than that of King Zhou in the past!

Chu Kuangren stepped forward, and as if he had teleported, he arrived in front of the gold-haired elderly man. Then, he raised his hand and channeled the Human Emperor energy with his Immortal King's authority!

"Watch closely. This is what a true Emperor attack looks like!"

When that palm attack was unleashed, the void crumbled silently!

That palm attack was not unleashed using any cultivation techniques. However, the gold-haired elderly man could not help but subconsciously want to submit before Chu Kuangren.

He tried resisting that attack with several Daoist laws, yet they were shattered one after another!

The palm attack brutally landed on the gold-haired elder's shoulder, and a bone-cracking sound rang out as the elderly man crashed into the ground!

The crash formed a huge crater as if a giant meteor had landed.

"Damn it!"

The gold-haired elder was burning with rage. He was about to attack, but as his vision blurred, Chu Kuangren suddenly appeared before him once again.

This time, Chu Kuangren placed his hand on his opponent's shoulders.

A tremendous burst of energy erupted!

"Kneel!"

An indifferent voice sounded.

Boom!

The gold-haired elder's knees gave way due to sheer pressure and fell his knees!

At that moment, the fact that Chu Kuangren had made an Embodier kneel with the power of the Immortal King made everyone around him gasp with horror.
