### Unparalleled After Ten Consecutive Draws

#### **Chapter 1841: The Central Heaven Temple's Sky-Prides and Prodigies, the Bloodthirsty Blade, Lin Wubing**

In Central Heaven Universe, inside the Central Heaven Temple, the God Kings of the universe had gathered together. They were discussing the Void Battlefield's reappearance with looks of excitement on their faces.

"Everyone, the opportunity we've been waiting for has come!"

"That's right. So many years have passed since then. Now that the Nine Kings of the Central Heaven Universe have appeared, they may be the key to conquering Pan Gu Universe once and for all. Let's deploy them to the Void Battlefield."

"The Void Battlefield is filled with dangers everywhere. Is this the right time to send them there?"

"Ha! The more danger, the better. After all, the Nine Kings are extraordinary individuals. Only by braving the most extreme of perils will their true potential shine."

"I believe that once they go to the Void Battlefield, the Nine Kings will cause Pan Gu Universe's sky-prides and Prodigies to tremble with fear!"

The God Kings' discussion became increasingly heated. They could imagine the Nine Kings rising against the enemy and conquering Pan Gu Universe.

"What about the Heavenly Sword?" Di Feitian said calmly.

Everyone froze upon hearing him, and they started to ponder. 'The Heavenly Sword, huh? That truly is a troublesome name indeed...'

"The Heavenly Sword possesses extraordinary power compared to even the Nine Kings. He may be an even more terrifying trump card for our universe!" the Temple's Right Guardian, God King Sikong said.

...

Inside the Central Heaven Temple, news of the Void Battlefield appearing had spread everywhere.

Just like their Pan Gu Universe counterparts, the sky-prides and Prodigies in the Central Heaven Temple were looking forward to showing off their abilities there.

For countless years, the cultivators of the two universes had been at war in the Void Battlefield. Countless elites had fallen inside that place, including Embodiers and God Kings.

As their battles always got too out of hand, the forces of the two universes would always be forced to withdraw their troops to prevent further losses. Hence, the Void Battlefield was temporarily closed.

However, things changed with the appearance of an individual known as Wu Han, who emerged from Pan Gu Universe's Celestial Demon Tribe and single-handedly fended off the Central Heaven Universe's invasion every time.

That caused a huge delay in the Central Heaven Universe's plans.

Now that the Void Battlefield had opened, the Central Heaven Universe just so happened to have amassed its forces. Besides, the prophesized Nine Kings had also appeared, making it a once-in-a-lifetime opportunity to attack.

Everyone was extremely eager to take action now.

At a mountain peak with stormy clouds surrounding it, the Storm Queen, Feng Qiyu looked into the void in the distance with delight in her eyes. "Before I reincarnated, I had heard many things about this Void Battlefield. Now, I finally have a chance to check it out."

The last time the Void Battlefield opened was countless eras ago.

Even Feng Qiyu had never gone there before in her past life.

This time, she wanted to explore the place properly. Perhaps she would even find a treasure or two in there.

Meanwhile, on another mountain peak in the Central Heaven Temple, many golden air torrents were swirling around it.

Those were strands of Emperor qi.

The person living in that mountain peak was none other than the former Eight Seat but now the current Fourth Seat of the Temple Sequence, the Emperor Tribe's Di Qianqiu!

At that time, Di Qianqiu was sitting with his legs crossed in mid-air. His Emperor qi was several times stronger than compared to dozens of years ago.

He suddenly opened his eyes, revealing a terrifying flash of light within them. Besides that, his eyes now contain two pupils. It was the Emperor's Double Pupils!

A vague mysterious rune flashed in his eyes.

It was the King's Mark!

Dozens of years ago, Chu Kuangren killed the former Fourth Seat, Di Baishi. However, he left behind the Emperor's Double Pupils and King's Mark when he died.

That made things very easy for Di Qianqiu.

After refining the two items, he immediately took Di Baishi's place and became the Temple Sequence's Fourth Seat.

"Now that I've fully refined the Emperor's Double Pupils and King's Mark, my Emperor Arch Gilded Intent has reached the Sixth Step!"

"Ordinary Great Perfected Arch Gilded Immortal is no longer a threat to me. Not just that, but I can hold my ground even against a Pseudo Embodier!"

"This strength of mine is enough to make me shine on the Void Battlefield!" Di Qianqiu mumbled.

He looked at the opposite mountain peak with a curious gaze. "Seeing that you've been in a closed-door meditation for dozens of years, Heavenly Sword, what level of power are you at, I wonder?"

'The Heavenly Sword...'

No one dared to overlook that name in the Central Heaven Temple.

That name belonged to an individual who reigned undefeated against every sky-pride and Prodigy in the Central Heaven Temple. That "sword" was nothing less than a peerless legendary sword that shined brightly throughout the ages!

Even though that "sword" had been in isolation for dozens of years, no one had dared to question or undermine its power.

Everyone knew that if that "sword" appeared again, it would be sharper and more lethal than ever!

...

On the towering Heavenly Sword Peak, a figure dressed in white robes was standing tall and straight like a sword. That person was none other than Chu Kuangren. He had been in the Central Heaven Universe for decades, and at that moment, his aura was fully concealed.

Compared to the fearsome and overpowering Heavenly Sword, he appeared no different than an ordinary scholar who was powerless to defend himself.

However, if a God King were to see him now, they would surely gasp in shock. That was because Chu Kuangren's sword intent had returned to its roots. Just like shallow waters run deep, a terrifying aura was hidden beneath that calm demeanor of his.

He now possessed the Seventh-Step Arch Gilded Intent, and that was not the end of it!

Having spent dozens of years in closed-door cultivation, Chu Kuangren had cultivated his Invincible Self-empowering Arch Gilded Intent to the Peak Arch Gilded Immortal Stage!

However, since his Invincible Self-empowering Arch Gilded Intent was unique in the sense that it transcended the laws of this universe's Great Dao, he could not comprehend it further. For him to improve his Arch Gilded Intent, Chu Kuangren would have to rely on his self-comprehension and self-cultivation instead.

Otherwise, he could have ascended into the Embodier Realm by now.

However, despite not being an Embodier, his comprehension of the Arch Gilded Intent was far beyond any ordinary cultivators at the Peak Arch Gilded Immortal Stage.

Even Chu Kuangren was unsure of how terrifying his power could be.

"As of now, which version of me is the stronger one, I wonder?" Chu Kuangren mumbled.

In terms of the two universes, the only person who could truly be a match for Chu Kuangren would have to be his Green Lotus counterpart.

With the Void Battlefield opening and connecting the two universes, he could sense a faint connection with his other self.

Hence, he managed to gain a clear grasp of the Green Lotus Chu Kuangren's current situation.

The Universal Godly Weapons' Ten Directions Formation, Immortal King's authority, Book of Human Emperors...

He eventually caught up with all the new information.

Regarding that, he only had one thing to say, which was... 'As expected of someone like me!'

Boom!

At that moment, an incomparably powerful aura erupted at the main gate of the Central Heaven Temple.

A black swordsman was approaching from the distance. Wherever he went, the swords of the surrounding sword cultivators began to tremble.

A dense and frightening ferocious qi was also concealed within that black swordsman's body!

"It's him, the Ninth Seat of the Temple Sequence, the Bloodthirsty Blade, Lin Wubing!"

One of the Temple's sky-pride could not help but exclaim upon seeing that black-robed sword cultivator.

Each cultivator in the Temple Sequence was an exceptional top-tier Prodigy, and almost all of them could be considered Outliers.

Lin Wubing was one of them. He was the Ninth Seat and came from a mysterious tribe, the Armament Destruction Tribe!

That tribe was responsible for orchestrating the Spiritual Sword Tribe's Thousand Swords Calamity. Having obtained tremendous amounts of sword rage qi, the tribe used it to create several terrifying individuals known as the Bloodthirsty Blades.

Lin Wubing was one of the Bloodthirsty Blades.

He had once sought out Chu Kuangren to challenge him. However, because Chu Kuangren happened to have sent his other self back to Pan Gu Universe, he immediately went into closed-door cultivation right after coming back, ignoring Lin Wubing's requests.

The entire time, it was either Long Shuijing or Luo Xue had to dismiss him.

Later on, Lin Wubing left the Central Heaven Temple to gain experience by venturing out into the universe. Now, he had returned and set his sights directly on the Heavenly Sword Peak!

[Unparalleled After Ten Consecutive Draws](#)

**Chapter 1842**

"Heavenly Sword! Once I break you, I'll absorb all of your sword rage qi and become stronger!"

"I may not be a match for you in the past, but I've traveled throughout the universe, challenging every sword cultivator I've met. Even your Spiritual Sword Tribe Leader has lost to me recently...

"I'm absolutely qualified to challenge you now!"

Lin Wubing looked toward the Heavenly Sword Peak's direction with a cold gaze and was filled with confidence!

Soon, he arrived at the Heavenly Sword Peak, and his sword rage qi instantly erupted, turning into countless raging gusts of wind that spread everywhere!

"You've been hiding for more than ten years, Heavenly Sword. Now that the Void Battlefield has opened, aren't you going to show yourself?"

A cold voice rang out.

Looking at the Heavenly Sword Peak, a burning fighting intent shone in Lin Wubing's eyes.

'Bring it on, Heavenly Sword! Respond to my challenge!

'Stake your pride as a sword cultivator and fight me!'

"It's you again!"

An indifferent voice sounded.

Beside the Heavenly Sword Peak, Luo Xue slowly walked out of her Snowy Peak. She looked at Lin Wubing with a slight frown and a look of disgust in her eyes.

As a sword cultivator, she naturally hated the sword rage qi emanating from Lin Wubing's body, and his mere presence disgusted her.

"Luo Xue! Here to stop me from fighting the Heavenly Sword again?" Lin Wubing asked coldly.

"It's my pleasure to help the Heavenly Sword get rid of sc\*m like you," Luo Xue said calmly.

"It's alright. Allow me."

A dragon's voice sounded from the Rainbow Peak next to them.

Then, a Heavenly Rainbow Dragon soared into the air, with its huge wings spread wide open. It was Long Shuijing, who possessed the Heavenly Rainbow Dragon Bloodline.

"You're that well acquainted with Master anyway, Lady Luo. How can I possibly trouble you with something like this? It's alright. You can leave this to me." Long Shuijing chuckled.

"The Heavenly Sword and I are friends. He has also guided me during my cultivation, so getting rid of some trash for him is not troublesome for me at all," Luo Xue said.

"There are many types of friends, Lady Luo. You and Master are only ordinary friends, so you shouldn't interfere too much in Master's affairs. Unlike me, taking care of trash is something I'm obligated to do for him."

"The Heavenly Sword and I have a deep friendship, just so you know."

When the two ladies' eyes met, the tension was intense.

At that sight, everyone whispered in amazement. Judging from the two ladies' demeanor, everyone else could tell there was a hint of jealousy and competition between them.

The two ladies were competing to see who was closer to the Heavenly Sword.

"Luo Xue is the current Temple Sequence's Tenth Seat. As for Long Shuijing, because she has accepted the Heavenly Sword as her Master, she isn't accepted to be one of the Temple Sequence. However, her combat power is comparable to those in the Temple Sequence. Both of them are mighty divine maidens, yet here they are, competing to see which one of them is closer to the Heavenly Sword. How interesting indeed."

"What's so interesting about that? It's the Heavenly Sword we're talking about."

"That's right. Although he's not a part of the Temple Sequence, the Heavenly Sword is so powerful that every cultivator in the Temple Sequence fears him. Besides, the Heavenly Sword's appearance is also unlike any other in this entire temple. I've yet to come across anyone more handsome than him."

"That's true..."

Everyone was discussing the Heavenly Sword's wonderful situation.

However, Lin Wubing had gotten livid. His anger reached its peak.

Long Shuijing and Luo Xue were comparing who was closer to Chu Kuangren, talking about him as if he were a god.

However, words like "sc\*m" and "trash" were casually thrown around when they mentioned him.

As one of the Temple Sequence, as someone with the pride of a man, how could he stand idly by and take that? His sword rage qi immediately erupted!

Boom!

His sword rage qi rose into the sky, sweeping everywhere in the form of a terrifying hurricane!

When the surrounding terrain blew up, Luo Xue and Long Shuijing quickly moved back, looking at Lin Wubing with shock.

"Oh, compared to back then, you have gotten stronger." As Luo Shui said that, a snowy white sword had already appeared in her hand.

A chilling sword qi was swirling around it.

Long Shuijing was not to be outdone either. She raised her hand, channeling her domineering Rainbow Dragon qi around her body. The surrounding void was on the brink of crumbling because of that.

"Very well!"

"I shall slay you both first and do the same with the Heavenly Sword!" Lin Wubing said coldly.

He raised his hand, unleashing terrifying surges of sword rage qi.

"Frosty Snow Realm!"

Luo Xue slashed forward with her sword. Her sword intent swirled into snowfall, with every single snowflake containing a strand of razor-sharp sword qi.

Everywhere it went, the surroundings were frozen, and that attack tore through the skies!

"Dragon King Claw!"

Long Shuijing stretched out her hand and closed her fist in the void. In an instant, her Rainbow Dragon qi turned into a giant claw that collided with the sword rage qi!

Following a loud bang, the two ladies and Lin Wubing were forced back.

Just when they wanted to continue fighting, a white-robed figure slowly walked out from the Heavenly Sword Peak behind them.

That person's appearance drew everyone's attention to him. All of them looked at him in surprise.

"It's the Heavenly Sword!"

"He has come out of closed-door meditation!"

"Wait a second, his aura... Why is it so weak?!"

"How is this possible? He is the Heavenly Sword! Huh, wait, his aura seems really weak. It's so weak that I can barely sense it."

"What's going on?"

Everyone looked at each other.

Had the Heavenly Sword become weak?

Only the Embodiers above the Daoist law's starry sky could tell that something was off, and they stared at Chu Kuangren with serious gazes.

"Has he become so powerful?"

"How terrifying!"

"Who among the ten cultivators in the Temple Sequence can be his opponent?"

Everyone else could not tell that he had become stronger.

However, they could vaguely sense a terrifying aura as turbulent as oceans hidden behind Chu Kuangren's calm demeanor.

"Heavenly Sword, you finally showed up!"

As Lin Wubing looked at Chu Kuangren, his sword rage qi could not help but surge even more.

From his instincts as a Bloodthirsty Blade, he knew that the person standing before him might appear "powerless and ordinary" but was, in fact, extremely powerful!

If he could defeat Chu Kuangren, Lin Wubing was certain his sword skills would reach a new height!

"As expected of my long-awaited opponent! Very well!"

Lin Wubing licked his lips and held his sword tight. He was just about to attack.

However, a voice appeared from the void at that moment.

"Lin Wubing, stop!"

That voice was ordering Lin Wubing to stop!

Not many in the Central Heaven Temple could do something like that, so everyone was curious as to who that was.

"I heard that there are four Bloodthirsty Blades in the Armament Destruction Tribe. They are the Heavenly Bloodthirst, Godly Bloodthirst, Earthly Bloodthirst, and Humanly Bloodthirst! As for Lin Wubing, he's the Earthly Bloodthirst. Other than him, another Bloodthirsty Blade is also in the Central Heaven Temple. That person's strength is far above his, and it looks like he's the one who spoke."

"Among the Four Bloodthirsty Blades, the Heavenly Bloodthirst is the most powerful, but he hasn't shown himself yet. The Godly Bloodthirst is second to him in power, and after him would be the Earthly Bloodthirst and Humanly Bloodthirst. It seems like the one who spoke was the Godly Bloodthirsty Blade!"

Some well-informed cultivators secretly discussed among themselves.

However, Lin Wubing frowned a little upon hearing that voice. "What is the meaning of this, Godly Bloodthirst? Why do I have to stop?"

"You're not his match. Fall back now!" The Godly Bloodthirst did not show himself, but his voice continued to reverberate everywhere.

That answer still made Lin Wubing a little dissatisfied. "How will I know whether I'm his opponent if we haven't fought before?!"

"This is an order!"

The Godly Bloodthirst's tone grew firm.

The Four Bloodthirsts possessed a chain of command with each other. As the Earthly Bloodthirst, Lin Wubing must never disobey the Godly Bloodthirst's orders.

"Damn it!"

Lin Wubing was about to leave.

However, Chu Kuangren raised his head and looked at him. "You want to retreat after challenging the Heavens? You... The Heavens cannot bear to lay its sights on a fool like you!"

[Unparalleled After Ten Consecutive Draws](#)

**Chapter 1843: Can You Hear the Screams of Your Sword? Killing Lin Wubing, the Prodigy Namelist**

"The Heavens cannot bear to lay its sights on a fool like you..."

The moment Chu Kuangren said that, a surge of sword intent erupted and enveloped the whole area, sealing all of Lin Wubing's escape route. Even the Godly Bloodthirst who saw that scene from the void knew something bad would happen.

Lin Wubing was horrified upon sensing Chu Kuangren's terrifying sword intent. He wanted to escape but could not do so when he saw that the area around him had been sealed off. There was no way for him to run now!

He knew that the moment he turned his back, he would be mercilessly attacked by countless strands of sword qi, mincing him into bits!

The only thing he could do in a situation like that was to attack!

The best offense was also the best defense!

Having spent the past few years challenging sword cultivators all over the universe, Lin Wubing was very formidable in terms of combat power. The moment sword intent enveloped his surroundings, he instantly made a decision and reacted. His long sword quickly unsheathed itself with a clang.

His sword rage qi poured out like a raging torrent, wreaking havoc everywhere!

Chu Kuangren stood where he was and took the full brunt of Lin Wubing's sword rage qi. However, no matter how terrifying the endless sword rage qi was, it did not affect him!

Hum!

At that time, a chilling sword ray suddenly shot across the sky!

Amidst the endless sword rage qi, Lin Wubing charged toward Chu Kuangren with his long sword in hand. He thrust his sword forward powerfully, tearing apart the clouds in the sky with his sword qi, seemingly distorting space itself!

He attacked straight away with his most powerful killer technique!

Lin Wubing had spent many years cultivating that killer sword attack!

He believed that almost no one below an Embodier's level could defend against attack!

However, things would often end unexpectedly.

People would always lose in the thing they believed in the most.

Following a loud clang, Chu Kuangren held Lin Wubing's sword effortlessly with his two fingers. That powerful killer technique of his was immediately dispersed!

"How can this be?"

Lin Wubing could not believe it.

He frantically channeled his sword rage qi, unleashing waves upon waves toward Chu Kuangren. However, his efforts did not affect Chu Kuangren.

Those two fingers of his were no different than two towering and unshakable divine mountains!

Lin Wubing could not advance or fall back. Due to the massive amount of sword rage qi that he imbued into his long sword, it began humming and trembling.

"Hey, can you hear the screams of your sword?" Chu Kuangren asked calmly.

"B\*stard!"

Lin Wubing could not accept the fact that his most powerful attack did not affect Chu Kuangren, so he channeled his Arch Gilded Intent and sword rage qi to the limit.

Frankly speaking, he should have let go of his sword.

However, to a sword cultivator like him, forsaking his sword was akin to admitting defeat!

Crack...

Lin Wubing heard a sound that made his scalp go numb.

His sword began to tremble at a frequency it had never before. Soon, several cracks began to appear and spread on it.

Following another loud clang, his long sword shattered into many pieces!

Large amounts of sword rage qi were released in all directions.

Spit!

Having suffered an immense impact, Lin Wubing spat a mouthful of blood and was sent flying backward. However, that was not the end of it.

That was because Chu Kuangren had begun to attack.

Despite his ordinary and weak appearance, the moment Chu Kuangren made a sword hand sign, an inexplicably terrifying sword intent erupted from his body!

The moment he moved, it was as if lightning had struck!

He slashed forward with his sword hand sign, releasing a strand of sword qi!

In that instant, the surroundings fell into silence!

The moment the sword qi hit Lin Wubing, his body immediately exploded into a mist of blood. He did not even have a chance to defend himself!

The Ninth Seat was no match for one strand of Chu Kuangren's sword qi!

Upon seeing that, everyone's hearts palpitated with fear.

"Sure enough, that's the Heavenly Sword I remember."

"After dozens of years, he has become even more terrifying."

"Appearing weak but possess immense strength, huh? This act of deceiving his opponent by pretending to be weak is quite effective, I see."

The Godly Bloodthirst inside the void could not help but snort when he saw Lin Wubing's death.

"Heavenly Sword, the Armament Destruction Tribe will never let you off easy."

Chu Kuangren stood with his hands behind his back and looked into the void calmly. "Do you think you're strong enough to go against the Heavens?!"

"Heavenly Sword, your time shall end when the Heavenly Bloodthirst shows himself to this world!"

"Ha! The Heavenly Bloodthirst, huh? To think there's someone else who dares claim to be the Heavens besides me! The Heavens shall look forward to facing that person."

Chu Kuangren chuckled, making no attempt to hide his look of contempt.

"Alright. The Void Battlefield has opened. Let's save our strengths and focus on defeating Pan Gu Universe's sky-prides."

Just then, an indifferent voice rang out.

It was the Right Guardian, God King Sikong. The Left Guardian, Di Feitian, was also present and looking at Chu Kuangren cautiously.

Despite spending decades investigating, he still could not find anything about Chu Kuangren's relationship with the Divine Destiny Temple.

However, that ancient supreme temple had caused him many sleepless nights.

Would he really have to sell his soul to the Divine Destiny Temple?

God King Sikong did not notice Di Feitian's strange expression and continued speaking, "This time, the Central Heaven Temple will be sending everyone to the Void Battlefield. You will explore the place to find Opportunities of Fortune to become stronger. Furthermore, there's also something important that everyone should do."

"Kill as many sky-prides and Prodigies from Pan Gu Universe as you can. I have here the information provided by the Ten Calamities. Have a look and remember them."

God King Sikong shot out a ray of divine light with his palm.

The divine light turned into a leaderboard with many names listed on it.

Chu Kuangren looked at the leaderboard and secretly thought. 'The Ten Calamities is related to the Central Heaven Temple, huh?

'Could it be that the Ten Calamities answer to someone in the Central Heaven Temple?

'Then again, now that I think about it, the Central Heaven Temple is the most ancient place in the Central Heaven Universe. They have recruited elites from many tribes, including God Kings.

'It should be no surprise that they were the ones planning the war between our two universes. Besides, whoever created the Ten Calamities must be no ordinary God King.

'That individual might even be a being above the Embodier level!

'I suppose you can only find someone like that in the Central Heaven Temple.'

Chu Kuangren's thoughts ran through his mind as he looked at the leaderboard, which listed the names of Pan Gu Universe's sky-prides and Prodigies.

'They have done their research well.

'I see a few familiar names on it.

'For instance, Lan Yu, Ye Zhu, Hua Xi, and more.'

Meanwhile, a name was written in bold red color, carrying a chilling killing intent.

It was none other than... Chu Kuangren!

Chu Kuangren remained calm and composed.

However, the others were slightly surprised.

"Who is this Chu Kuangren?"

"Why is that person's name specially marked?"

"Chu Kuangren, huh? Is he crazier than the Heavenly Sword?"

God King Sikong explained with a serious expression, "Chu Kuangren is someone who possesses a special remark in the Ten Calamities' report. This person is the strongest Prodigy in Pan Gu Universe and has unfathomable combat power. He's the current Immortal World Ruler, possessing feats such as killing an Embodier!"

Upon hearing that, everyone was in an uproar.

"Killing an Embodier God King? Are you f\*cking kidding me?"

"You call that monster a Prodigy?"

God King Sikong elaborated further by saying, "As the Immortal World Ruler, he managed to kill an Embodier by using the Immortal King's authority. If he comes to the Void Battlefield, his cultivation level will only be that of a Great Perfected Arch Gilded Immortal. Although he can't use his Immortal King's authority, Chu Kuangren is not someone to be underestimated. Ordinary Great Perfected Arch Gilded Immortals could not even take a single attack from him..."

He then started telling Chu Kuangren's achievements and feats.

Everyone's shock only grew the more they listened.

'You're telling me such a terrifying Prodigy exists in Pan Gu Universe?!'

Everyone gradually noticed something weird.

"Overpowering every sky-pride and Prodigy of his universe, acting with immense insolence with no care for what others think... Why does this person remind me of the Heavenly Sword?"

One of the sky-prides could not help but point out that fact.

Some cultivators immediately came to a realization.

"So that's why it sounds so familiar to us."

"Isn't he the Pan Gu Universe's version of the Heavenly Sword?"

"If he were to fight the Heavenly Sword, which one would win?"

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1844: They Want Me to Kill Myself? Entering the Void Battlefield**

Everyone looked at the name "Chu Kuangren" written on the sky-pride name list in the sky and then looked at the Heavenly Sword strangely.

Although those two cultivators were similar in some ways, no one had ever associated them with each other. That was because it would simply be unbelievable.

The Heavenly Sword and Chu Kuangren were terrifying Outliers in their respective universes. How could they possibly be the same person?

"Heavenly Sword, you possess the greatest combat strength among the sky-prides here in the temple. I hope you can work together with everyone else and prioritize killing Chu Kuangren first!"

Upon hearing that, a glint flashed in Chu Kuangren's eyes. He was feeling quite speechless.

'They want me to kill myself?'

Despite that, he remained calm and said indifferently. "No one will ever be qualified enough to join forces with the Heavens! Chu Kuangren, huh? An interesting person indeed. The Heavens shall look forward to facing this man in battle one day. Perhaps he can bring the Heavens more joy than the likes of any of you here."

Chu Kuangren turned and left after saying that.

"Where are you going?" God King Sikong asked.

"To the Void Battlefield!"

"This guy... Acting with such arrogance and insolence as usual." Di Feitian snorted.

He and God King Sikong then informed everyone else about a few more matters.

Once every sky-pride had set out to the Void Battlefield, Di Feitian asked indifferently, "Will they be enough to defeat Chu Kuangren?"

According to the Ten Calamities' information, Chu Kuangren was so powerful that he was almost like a fake copy of the Heavenly Sword. Since the Heavenly Sword could single-handedly overpower every sky-pride, Chu Kuangren might be able to do the same.

"Don't worry. Besides these sky-prides and Prodigies, I have also deployed the God King Guardians and ordered them to bring the Central Heaven's Sixth Offensive Formation along to the Void Battlefield.

Their orders upon encountering Chu Kuangren will be to kill him on the spot!" God King Sikong said coldly.

The God King Guardians consist of imperial guards specially trained by the Central Heaven Temple's God Kings. Although they were very few in number, each of them possessed at least an Arch Gilded Immortal cultivation.

Even the most elite among them possessed Great Perfected Arch Gilded capabilities.

Those God King Guardians with the Central Heaven's Sixth Offensive Formation should be enough to wipe out anyone below an Embodier's level. God King Sikong believed that even the Heavenly Sword would have trouble facing them.

Meanwhile, inside Pan Gu Universe, cultivators from all across the universe had gathered at an unnamed ancient planet outside the Void Battlefield. Many Prodigies were included among them.

They had gathered at that time to prepare to enter the Void Battlefield.

However, they were stopped before entering.

It was the Daoist Progenitor.

He waved his sleeves, revealing several jade scrolls that were distributed to everyone. The moment everyone read its contents, they were shocked.

"This is... information about the Thousand Tribes?!"

"That's right. This is information about the Central Heaven Universe's Thousand Tribes. With this information, we'll have a better advantage over the Central Heaven Universe!"

Everyone was delighted. After all, they had always been in the dark about anything related to the Central Heaven Universe's forces.

Hence, Pan Gu Universe's cultivators would always be at a disadvantage when facing the Central Heaven Universe.

Now that they had the information, they were more confident in battling the Central Heaven Universe cultivators.

However, some people were quite puzzled as to how that information was obtained.

Despite that, the Daoist Progenitor ignored that and said indifferently, "The Void Battlefield is filled with dangers everywhere, so I hope this information can be of help to you. The fate of Pan Gu Universe lies on your shoulders now."

"We're just doing our part, honorable Daoist Progenitor."

Everyone quickly dashed into the Void Battlefield after that.

Then, a few Embodiers appeared beside the Daoist Progenitor. They were the Immortal Hall's Immortal Emperor Wu Ming, Dragon Shadow Immortal Emperor, and others.

They glanced at the Void Battlefield before they dashed into it.

...

Inside the Central Heaven Universe, Chu Kuangren arrived before a gigantic vortex in space.

That vortex was the size of a whole galaxy, and it was enveloped by a space-time distorting energy. Even the Universe's Great Dao's aura around it was disrupted.

At that very place, millions of cultivators from the armies of the Thousand Tribes were ready to go to war. However, everyone was just waiting for the order to charge into the battlefield.

"Look over there. That's... the Heavenly Sword!"

Just then, some cultivators noticed Chu Kuangren's arrival.

The crowd began to talk about him.

"So, he's the Heavenly Sword... the Central Heaven Temple's strongest Prodigy?"

"I heard that even the Nine Kings have lost to him too."

"Are you serious?!"

"I am. It's the Heavenly Sword we're talking about after all."

Chu Kuangren ignored the cultivators in the crowd and headed straight to the Void Battlefield's entrance. It was located directly in front of the gigantic vortex.

Violent turbulent surges of spacetime energy were coming at him from all directions.

Still, Chu Kuangren remained emotionless and was not bothered by it.

Everyone was a little shocked to see that.

"Hey, that's the Void Battlefield's entrance he's at right now. Without an Embodier God King's help to stabilize the spacetime energy here, it'll be extremely hard to enter."

"That's right. Any Arch Gilded Immortal will be torn to shreds if they get too close."

Everyone was shocked to see Chu Kuangren unscathed and unaffected by the turbulent spacetime energy.

Many of them looked at him with admiration.

At that moment, Chu Kuangren moved.

He made a sword hand sign and then casually slashed it down in the air. A massive terrifying strand of sword qi turned into a white beam of light that covered the sky and outshone the sun. It was like the first ray of light that dawned upon the land, tearing fiercely through the turbulent flow of spacetime energy.

Boom!

It was as if space and time itself were trembling with fear!

A huge passage extended out from Chu Kuangren's feet.

Then, his figure disappeared in a flash as he dashed into the Void Battlefield!

Before him was the void.

Meanwhile, countless huge continents were floating disorderly in the void. Some were only dozens of kilometers in size, while some were the size of planets.

Some appeared ordinary, while some had Daoist laws swirling around them, brimming with Immortal Sparks.

However, all of them were enshrouded in mists of ferocious qi. Some of the ferocious qi on the continents were so dense that countless ferocious armies started manifesting. Those ferocious qi manifestations let out terrifying roars into the sky.

Considering the ferocious qi that remained from those battles was still lingering even after so many years, it was clear that many earth-shattering battles of unimaginable scales had happened here before in the Void Battlefield.

"So this is the Void Battlefield, I see," Chu Kuangren mumbled.

Besides being the main battlefield for the two universes, the Void Battlefield was also a place where countless elites and great ones had fallen. Hence, the treasures they left behind were still there, waiting for any lucky cultivator to find them.

The Void Battlefield was a place for slaughter, but it was also one that could provide a wealth of treasure!

Since ancient times, countless heroes had gained fame in this place, spreading their reputation far and wide throughout the two universes. The Celestial Demon Tribe's Wu Han was an example!

He was the most remarkable cultivator the last time the Void Battlefield opened, stunning the whole Central Heaven Universe with his capabilities alone.

Even to this day, that very same person still stood guard over the universe-connecting portal.

Whoosh, whoosh, whoosh...

Several figures soon appeared behind Chu Kuangren.

It was the Prodigies of the Central Heaven Universe.

They, too, had followed behind him and arrived at the Void Battlefield.

The Prodigies were shocked when they saw the Void Battlefield.

"Everyone, I suppose the Pan Gu Universe's forces will also take action. I have a proposal. Why don't we compete and see who can kill the most sky-prides?" one of the Prodigies suggested.

There was a bloodthirsty look on his face.

Chu Kuangren looked at that cultivator and did not know who that person was. However, that person was a Great Perfected Arch Gilded Immortal.

"This person's name is Chi Shenyu. He's an ancient Prodigy from the Dao King Tribe. His combat power is on par with those on the Temple Sequence." Luo Xue, who was beside Chu Kuangren, explained.

Many agreed with Chi Shenyu's proposal. They were all excited to get into the action and quickly started venturing the place.

"Where should we go first, Master?" Long Shuijing asked.

"I wish to move on my own. You don't need to follow me," Chu Kuangren said indifferently.

Then, his figure disappeared in a flash.

Long Shuijing and Luo Xue looked at each other. They both let out a soft snort before going their separate ways.

Meanwhile, the Prodigies from Pan Gu Universe also entered the Void Battlefield.

Things were always changing in a place like the Void Battlefield.

Now, the forces of the two universes would clash again after so many years.

#### **Chapter 1845: Facing off Against Ye Zhu, It Looks Like the Heavenly Sword Is Not as Powerful As The Rumors Say**

Inside the Void Battlefield, Chu Kuangren turned into a ray of light and ventured across many continents.

His goal was simple — it was to search for Opportunities of Fortune to ascend into the Embodier Realm.

Currently, his Arch Gilded Intent was at the Seventh Step, which was the peak of the Arch Gilded Immortal Realm. The next thing to do would be to consolidate his Arch Gilded Intent and condense it into Daoist laws. By doing so, he would merge with a part of the Great Dao, becoming an embodiment of Dao itself.

However, due to the unique properties of his Invincible Dao, there was no Great Dao in this universe suitable for him. Hence, he could only proceed by creating one himself.

An Embodier was an embodiment of the Great Dao within their universes, unlike him, whose goal was to establish his own way of Dao.

That would be an extremely arduous path to walk on. Due to that, Chu Kuangren needed to absorb every possible resource he could find to increase the odds of his success.

Suddenly, a continent appeared before Chu Kuangren's view.

On the continent was a patch of light brimming with glints of treasure, and strands of mysterious Daoist law energy were swirling around it.

He stepped into that place, sensing the Daoist laws within.

"This is an Embodier Fragment!"

Chu Kuangren's eyes lit up.

Embodiers were cultivators who merged with a part of the Great Dao, obtaining the power of Daoist laws from it in return. After they died, those Daoist laws would not disperse. Instead, the Daoist laws would be scattered everywhere, carrying with them the Dao of those who perished.

That was how the Embodier Fragment came to be.

Those fragments could be used to help cultivators comprehend the Great Dao, so they were priceless.

"Perhaps I can manifest my own Dao by comprehending these Embodier Fragments." Chu Kuangren thought to himself.

He then absorbed those fragments one by one into his body.

However, at that moment, a sword ray suddenly shot toward him from afar!

The sword ray locked onto Chu Kuangren with devastating might!

"Hmph."

Chu Kuangren let out a low grunt but did not move. Instead, he released his aura.

His Immortal's Core energy surged, instantly shattering the incoming sword qi!

"Oh, not bad."

A young man dressed in green robes slowly approached.

He was holding a long green sword with sword intent swirling around it.

Upon seeing who it was, an odd look appeared in Chu Kuangren's eyes. It was because... he knew who that person was.

It was none other than... Ye Zhu, his close friend.

"Cultivator from the Central Heaven Universe, state your name now," Ye Zhu said indifferently while holding his Green Lentils Sword.

A green ray of light was swirling in his eyes. His Green Leaf Sword Vision's power was ready to be unleashed at any moment.

Several Pan Gu Universe cultivators appeared behind him, one after another.

They soon surrounded Chu Kuangren.

"Seeing that you have the guts to stand against the Heavens, your bravery is commendable," Chu Kuangren said indifferently.

Ye Zhu's gaze froze a little upon hearing that. "You're the best swordsman in Central Heaven Universe, the Heavenly Sword."

The information that Chu Kuangren provided to Pan Gu Universe naturally included his persona as the Heavenly Sword.

Self-betrayal was something he was good at as well.

"Everyone, be careful. According to our intel, this person is incredibly powerful!"

"Do not let your guard down."

Ye Zhu held his Green Lentils Sword and attacked first.

He slashed forward with his sword, unleashing a terrifying surge of sword qi.

He immediately attacked with one of the Immortal Destruction Sword Qi's powerful forms. However, Chu Kuangren did not move in the face of that attack. He just casually swiped his sword hand sign in the air.

Boom!

The sword qi that Ye Zhu unleashed was instantly dispersed!

"You're too weak." Chu Kuangren stood with his hands behind his back and said apathetically.

"Let's attack together!"

The rest of the Pan Gu Universe cultivators charged toward Chu Kuangren one after another.

Each of them unleashed their ultimate techniques at him.

A barrage of Immortal Techniques and divine abilities erupted at once.

However, Chu Kuangren merely stood still. With an exquisite and remarkable display of sword techniques, he dispelled everyone's attack without much effort.

After a few bouts of fighting, no one could even injure him.

Similarly, Ye Zhu and the others did not suffer many injuries too.

Ye Zhu started to feel a little weird about it.

"The fact that he can nullify all of our attacks with a few simple moves means that his combat strength is incredibly powerful. However, why does it seem that he's holding back?"

"Doesn't he want to kill us?"

That very thought suddenly popped into Ye Zhu's mind.

He, too, found it absurd. After all, he had no relations with the Heavenly Sword, so why would his opponent hold back against him?

Could it be some reason that he did not know?

The more Ye Zhu thought about it, the stranger he found it.

Nevertheless, he channeled his sword qi and was prepared to launch the Immortal Destruction Sword Qi's final form.

If that attack could not defeat Chu Kuangren, he would retreat.

However, at that moment, a blood-colored light beam suddenly erupted behind him!

That blood-colored light beam immediately wiped out dozens of sky-prides.

A blood-colored figure leaped into the battlefield. He was holding a blood-soaked long saber emanating a surge of bloodthirst.

A glint flashed in Chu Kuangren's eyes when he saw who it was. "Oh, it's him."

The one who arrived was none other than Chi Shenyu, the cultivator who suggested competing to see who could kill the most Pan Gu Universe sky-prides earlier. He, too, had come here.

He raised his saber, unleashing a blood-colored saber ray from it.

Everywhere that saber ray went, no one could resist it.

Ye Zhu attacked angrily. "Immortal Destruction!"

His sword qi burst forward with great momentum.

Even Chi Shenyu could not help but put up a serious expression.

He let out a low grunt, channeled his power to the max, and unleashed a similar saber ray surging with a destructive aura.

The moment the saber ray and sword qi collided, an explosion erupted in the surroundings.

"What are you standing there for, Heavenly Sword? Let's leave!" Chi Shenyu said loudly.

Upon hearing that, Chu Kuangren had a strange look in his eyes.

'Is he... trying to save me?'

'Interesting.'

He did not stay long and immediately disappeared in a flash.

Truth be told, he could have left earlier. However, because he wanted to see how much Ye Zhu had improved over the years, he let the battle go on a little longer just now.

Chi Shenyu also did not stay for long after seeing Chu Kuangren leave.

"Haha, playtime's over. Time for me to leave."

Following Chu Kuangren's departure, Chi Shenyu also disappeared in a flash.

Everyone was fuming with rage.

"Damn it! The two of them have escaped."

"The Central Heaven Universe's Prodigies can't be underestimated."

"Hmph, what's so great about them? Our intel described the Heavenly Sword to be as powerful as a god, but he just seems so ordinary."

"That's right. I'm sure he's no match for Chu Kuangren."

"Yeah."

Everyone was engaged in a discussion.

Ye Zhu, however, was deep in thought.

'That Heavenly Sword... is a little strange.'

Most importantly, Ye Zhu sensed a familiar feeling from him.

For some reason, he could not even feel any animosity toward the Heavenly Sword.

'What's going on?'

Ye Zhu shook his head and put away that thought. He looked toward the direction where Chu Kuangren left with a battle intent in his eyes. "Heavenly Sword, I shall look forward to the next time we fight!"

...

On a certain continent inside the void, Chu Kuangren stopped.

Chi Shenyu, who was following him, soon came from behind. Chi Shenyu looked at him and asked.

"Heavenly Sword, are you alright?"

Chu Kuangren looked at him. "I'm alright."

"If not for me, you would've been in great danger. To think that such a powerful sword cultivator exists in Pan Gu Universe, it's truly surprising," Chi Shenyu said.

Then, the tone of his voice changed. "You obtained quite a lot of Embodier Fragments on that continent earlier, right?"

"So what if I have?"

"Well, no matter what, I was the one who saved you earlier. It shouldn't be much for you to give me some of those fragments, right? I don't need much. Only seventy percent of what you have, that's all."

It was then that Chu Kuangren understood Chi Shenyu's true intention.

"What if the Heavens disagree?"

"Oh, I hope you can reconsider, Heavenly Sword." Chui Shenyu chuckled.

Several Prodigies soon appeared behind him and surrounded Chu Kuangren, who looked at them and noticed that he had not seen them before.

He had never seen any of them in the Central Heaven Temple either.

'Are these the ancient Prodigies who were in deep slumber back at the Dao King Tribe?'

"It looks like the Heavenly Sword isn't as powerful as the rumors say. He can't even defeat some small fry from the Pan Gu Universe."

One of the Prodigies snorted. It was obvious that they had seen Chu Kuangren's battle against Ye Zhu and the others.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1846: It's Time You Show Up, The Other Me, Unknown Forces, Strange Mist Tribe**

For as long as it had been, the name Heavenly Sword had shaken the Central Heaven Universe.

To the people of the Central Heaven Universe, the Heavenly Sword was the epitome of Sword Dao, the only one who might be stronger than the Nine Kings.

He was a living legend of the sword world!

However, Heavenly Sword disappointed Chi Shenyu and the others.

Ye Zhu and his friends were strong, but they were not strong enough to challenge the Nine Kings.

If the Heavenly Sword could not even win against Ye Zhu and his friends, how would he be a worthy opponent of the Nine Kings? It seemed like his reputation was highly aggrandized.

His reputation preceded his strength by a lot, and it did not make sense.

It gave Chi Shenyu and the others a strange thought, which was to kill the Heavenly Sword.

The Heavenly Sword was not exactly an ally to the Dao King Tribe as he had killed many of their Prodigies.

If Chi Shenyu could kill him, he would do the Dao King Tribe a favor by removing a major obstacle, and his reputation could rise to a new height.

More importantly, he could get the Embodier Fragment from the Heavenly Sword.

"Hmph." Chu Kuangren looked at the Prodigies before him and scoffed.

"It's forgivable if the Heavens make a mistake, but it's death if you make a mistake."

A cold glint flashed in the eyes of Chi Shenyu and the others.

One of the Prodigies grunted and said, "Hmph. You're weak, yet you speak loudly. I will show you what is the meaning of true power!"

He raised his hand and blasted a surge of terrifying Immortal's Core energy at Chu Kuangren.

Bang!

Following a deafening explosion, the Prodigy who attacked Chu Kuangren burst into a cloud of blood mist, scattering into the wind.

The scene shocked everyone as they did not even manage to catch what Chu Kuangren did.

Chu Kuangren was a lot stronger than when he fought Ye Zhu and the others. Had he been conserving his strength?

"Why?"

"Heavenly Sword, why did you hold back against those from the Pan Gu Universe? What are you planning?" Chi Shenyu questioned him, feeling a little uneasy.

Could it be that the Heavenly Sword was somehow related to the Pan Gu Universe?

"That is not a question you should know."

Chu Kuangren did not explain himself. He just pointed his sword hand sign forward, and a massive surge of sword intent blanketed the area before crashing toward the others.

"Damn it!"

"Quick, we must react now!"

Shocked, Chi Shenyu and the others were forced to react to defend themselves against Chu Kuangren's attack.

However, the sword intent swiftly transformed into sword qi, and it wreaked havoc across the field. Blood splattered everywhere, and limbs were severed.

"Heavenly Sword, we're all from the Central Heaven Universe! We're not supposed to fight against each other in the Void Battlefield! Stop it at once!" Chi Shenyu said anxiously.

Chu Kuangren's true strength was beyond his imagination. It was not something he or the others could defend against.

However, Chu Kuangren did not respond to his plea.

In just a moment, more than half of the Prodigies from the Central Heaven Universe were killed.

They should not be fighting against each other, huh?

What a joke!

To begin with, Chu Kuangren was not from the Central Heaven Universe, and it was Chi Shenyu who started it first by trying to remove him from power.

"Fierce Blood Heavenly God!"

Since Chu Kuangren showed no intentions of stopping, Chi Shenyu shouted. As he channeled his strength to the limit, a blood-colored light appeared behind him.

A massive bloody avatar manifested, emanating a rampant and bloodthirsty aura that filled the area. It was attempting to resist the sword qi.

However, it was too weak compared to Chu Kuangren's sword qi.

In just a moment, the avatar shattered, and Chi Shenyu was ground into pieces on the spot.

Chu Kuangren then conserved his sword intent.

When he was about to leave, he suddenly noticed a floating jade scroll that was glinting.

"Oh? Is it some kind of communication tool?"

Intrigued, Chu Kuangren retrieved the jade scroll and wanted to check the message received.

The jade scroll blinked and revealed several lines of words.

"We have locked onto Shang Honghua, the bearer of the Twin Dragon power, Yu Zhi, the successor of the West Ruler Matriarch, and the others. Head over there and ambush them!"

Chu Kuangren's gaze turned cold when he saw the message.

"Great. They have started to target people around me."

He locked on to the location provided by the jade scroll and made a move toward the destination.

However, as he was still the Heavenly Sword of the Central Heaven Universe, it would be strange and inappropriate for him to help Lan Yu and the others.

Unfortunately, he could not just sit back and do nothing.

"It's time you show up, the other me," Chu Kuangren muttered.

...

Back at the Immortal World in Pan Gu Universe, Chu Kuangren had dealt with most of the matters and left Gu Linglong in charge of the rest.

Then, his eyelid twitched as if he sensed something.

It was a calling from his other self.

"Oh? Someone is targeting Lan Yu and the others?" Chu Kuangren's gaze turned cold.

He left Gu Linglong a message before heading beyond the Immortal World.

For a moment, countless residents of the Immortal World looked towards the sky.

"This energy fluctuation... Is the Immortal King leaving the Immortal World?"

"Is he going to the Void Battlefield?"

"Tsk. The Immortal King is invincible in the Immortal World, but once he steps out of it, he won't be able to access the Immortal King's authority. Then, many other powerful enemies in this universe could kill him..."

"Immortal King, could you come back alive from this trip?"

The residents of the Immortal World wondered what would happen to the Immortal King.

The presence of the Immortal King could stabilize and bring peace to the entire Immortal World, allowing people to live a harmonious life. It was a good thing for the people.

However, a number of people wished for chaos instead of stability and harmony.

They were all hoping for the Immortal King to fall.

...

When a figure exited the Immortal World, all the forces in the universe sensed his arrival.

"The Immortal King is here."

"Has he finally lost his patience?"

"Great. If he stays in the Immortal World, no one will be able anything to him. But now that he's making his way to the Void Battlefield, those Prodigies, sky-prides, and even Embodier will have a chance."

Suddenly, several figures appeared before him.

They were all Great Perfected Arch Gilded Immortals who bore intense killing intent.

Chu Kuangren looked at them, but he recognized none.

"Who may you guys be?"

He narrowed his eyes.

However, the few of them attacked him without saying a word.

They moved in unison and perfect coordination. Their Arch Gilded Intent resonated and supported each other, forming an even stronger energy.

"Interesting. Strangers from a force that I don't know of, huh? It seems like this universe still has a lot of undiscovered fun," Chu Kuangren said coldly.

If he had the time, he might want to play with them and find out who they were, but he was on his way to the Void Battlefield.

"Fall!" He channeled his Immortal's Core energy to the limit and unleashed a surge of terrifying energy at them. The Sixth Step Arch Gilded Intent erupted at its full power.

As he punched forward, the life-death samsara energy turned into a massive a yin-yang symbol that crashed toward the enemies.

It was the power combination of multiple physiques' divine abilities.

Bang!

All the Great Perfected Arch Gilded Immortals were instantly killed.

However, a dim light glinted as their bodies disintegrated. No blood was spilled as they all dissolved into mist.

"Huh? They weren't physical bodies? They turned into mist after they died?" Chu Kuangren was surprised.

There were still some strange tribes in the Pan Gu Universe.

Although he was not overly bothered by them, he made sure to note down encounter in his mind.

Meanwhile, on a nameless ancient planet, a figure wrapped in black robes looked in the direction where Chu Kuangren flew off. A strange look appeared in his eyes

"Chu Kuangren, you're indeed the biggest obstacle to the Mist Tribe's invasion of this universe."

He then took a jade scroll out and recorded the techniques Chu Kuangren used. He also recorded Chu Kuangren's cultivation level, techniques, divine abilities, and many other things.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1847: Chu Hong's Senses, Emperor Tower, I'd Fight Even Chu Kuangren**

Meanwhile, inside the Void Battlefield, on a continent blanketed by countless Daoist laws, countless cultivators from both universes were exploring and fighting each other. The murderous qi in the air was intense.

The continent was one of the biggest continents in the Void Battlefield and the continent with the most Opportunities of Fortune.

Its appearance resembled a star surrounded by countless Daoist laws and mystical Immortal Sparks. It was like the brightest star in the galaxy.

Lan Yu, Shang Honghua, and the others were on that particular continent.

They knew Chu Kuangren was caught up with something in the Immortal World, so they did not bother him and chose to come to the Void Battlefield to train themselves.

They were all in the Great Perfected Arch Gilded Immortal Realm already and could stand up for themselves in their own universe.

"Lil Hong, are your senses still working?" Lan Yu asked Chu Hong.

Chu Hong nodded. "Yeah. It's on this continent, and my bloodline's senses are getting stronger."

While Lan Yu, Chu Hong, and Shang Honghua were in the Void Battlefield for training, Chu Hong sensed something on the way and followed her senses. Hence, Lan Yu and Shang Honghua accompanied her.

"Let's search around for a little bit more," Lan Yu said.

The girls continued to explore the continent.

Unbeknownst to them, someone was watching them from the void, and it was Chu Kuangren or rather, the Heavenly Sword Chu Kuangren.

After knowing that the Central Heaven Universe was targeting the girls, he came and decided to observe from the dark.

As for the senses that Chu Hong mentioned, he had thought about it as well.

It should be an Opportunity of Fortune left behind by some Godly Phoenix in the past.

In the Void Battlefield, there was an abundance of such Opportunities of Fortune, and some matched certain Prodigies better than others, hence the senses.

"It's getting crowded here," Chu Kuangren muttered as he glanced into the void.

He noticed that increasingly more Prodigies from Central Heaven Universe were arriving on the continent.

However, they had not made a move yet, and it seemed like they were waiting for someone to give the order.

"It seems like they'll be safe for now, but I've also sensed a calling when I arrived on this continent. Maybe I should go check it out," Chu Kuangren muttered.

Then, his figure flashed and disappeared.

...

A massive golden tower was erected on the continent.

Boundless Emperor qi scattered into space and blanketed the universe. Some of the sky-prides who approached the tower could not help but be in awe by the majestic scene.

"This tower is a treasure left behind by the God King of the Emperor Tribe," said a Prodigy from the Emperor Tribe.

However, the Emperor qi emanated from the tower was too dense and domineering. Especially the Daoist laws engraved on it, one glance at it would feel suffocating.

Even the Prodigies from the Emperor Tribe found it hard to approach.

"This tower is the treasure manifested from an Embodier Fragment. If we can absorb and refine it, it might be a great boost to our strength."

"But the Emperor qi is too domineering. We can't even get close, let alone absorb it," someone said, seemingly discouraged.

"There are always ways around it," said another man.

He was from the Emperor Tribe, and his Emperor qi was considered the strongest among the group.

The others looked at him with anticipation.

The young man's name was Di Yunliu. He was a Peerless Prodigy who was only second to Di Qianqiu in the Emperor Tribe.

"The tower is manifested from a God King's Embodier Fragment, and this God King is from our Emperor Tribe. If we combine the Emperor Physique's divine abilities and resonate with it, we will be able to access it," Di Yunliu said.

The others agreed and decided to give it a try.

They all started to channel their Emperor Physique.

As the energy fluctuation from the Emperor Physique fluctuated, it attacked the Emperor Tower and made the Emperor qi in the area fluctuate.

While they were trying to access the tower, someone was watching the scene from a mountain peak further away.

It was the Eastern Sovereign Divine Daoist!

He looked at the Emperor Tower as he plotted.

"The Emperor Tower was left behind by a God King of the Central Heaven Universe, but the Embodier Fragment inside is useful to me as well.

"I shall wait until you people deal with the Emperor qi. After that, I will seize the tower for myself!" the Eastern Sovereign Divine Daoist thought.

He was like a mantis stalking the cicada, who was unaware of the oriole behind!

Further away, Di Yunliu and company had no idea they were being used by the Eastern Sovereign Divine Daoist.

At that moment, they were concentrating on resonating with the Emperor Tower.

Following the amplification of the Emperor Physique's energy fluctuation, the surrounding Emperor qi started to show signs of breaking.

"Come on, everyone! We're almost there," Di Yunliu said.

Then, a figure in white came closer. The surrounding Emperor qi automatically opened a path for him as he approached.

The Emperor qi rumbled as if they were subjects bowing to their king.

The scene stunned Di Yunliu and the others, who had been working their way into the tower. They could not believe their eyes.

"It's you, Heavenly Sword!" Di Yunliu bellowed as he recognized the figure in white.

The others reacted with a grim look as well.

Chu Kuangren ignored them and looked at the golden tower engraved with countless Daoist laws. "So, is this the thing that is resonating with me?"

It was the Embodier Fragment of the Emperor Tribe's God King.

He possessed the Fully Realized Emperor Physique, so it was natural that the tower called out to him.

If he could absorb the tower, it would be a great help to him to comprehend the Great Dao. It was a great treasure indeed.

With that, he walked toward the Emperor Tower.

"Heavenly Sword, hold up right there. This tower was left behind by the God King of the Emperor Tribe. You can't take it away!" Di Yunliu said.

"Useless. Stay down!" Chu Kuangren bellowed.

A blast of Emperor qi erupted, sending Di Yunliu and the others flying away.

They watched as Chu Kuangren approached the Emperor Tower without any hindrance, and their expression changed.

"All we did by combining our strength was thin out the surrounding Emperor qi, yet he's not affected by it! Damn it!"

"The Emperor Physique with all ten shackles broken is not something we can rival. It's our fault we're not strong enough..."

"Alas..."

The others shook their heads helplessly, but not all of them could accept the cruel fact.

The Emperor Tower was left behind by the God King of the Emperor Tribe. Why must they hand it over to an outsider?

What if he had the Fully Realized Emperor Physique?

The more they thought about it, the more aggrieved they felt, especially Di Yunliu.

He channeled his Immortal's Core energy at his hand and aimed it at Chu Kuangren's back.

His gaze turned cold, but he did not attack.

He knew that he was not the Heavenly Sword's match.

However, the Eastern Sovereign Divine Daoist, who was watching them from behind, could no longer stand it. He frowned and said, "Why is that person not affected by the Emperor qi? Judging from how the others are looking at him, they're also unhappy with him.

"If I intervene now, would they stop me?"

The Eastern Sovereign Divine Daoist pondered.

In the end, he gritted his teeth, and a cold glint flashed in his eyes. "Damn it! Get yourself together. Man up! I've fought Chu Kuangren before, so why am I worrying so much about the Prodigies from the Central Heaven Universe?"

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1848: Kill Eastern Sovereign Divine Daoist, The Strong Are Always Alone**

Chu Kuangren approached the Emperor Tower and put his hand on it.

Upon touching it, the tower trembled.

It started to crumble into countless Daoist laws and flew into Chu Kuangren's body. The Daoist laws then formed a mini version of the tower inside him, which allowed him to refine it at any time.

Just when he wanted to absorb the tower, he suddenly felt a rampaging energy storm targeting him from the back.

The energy was domineering and unmatched.

"A familiar aura..."

When Chu Kuangren sensed that familiar aura, his lips curled into a smile.

He then turned around, and with a swing of his sleeve, his sword qi erupted.

A golden palm was destroyed by the gush of sword qi.

Amidst the Immortal Sparks that scattered upon impact, a figure emerged.

It was the Eastern Sovereign Divine Daoist.

"It's really him," Chu Kuangren said to himself.

Further away, Di Yunliu and the others were surprised by the Eastern Sovereign Divine Daoist's appearance, but they did not interfere.

To them, even though Chu Kuangren had the Fully-Realized Emperor Physique, he was an outsider.

The Emperor Tribe had a grudge against Chu Kuangren, so they were more than happy to see someone else going after him, even if they were from the same universe.

Why would they stop the Eastern Sovereign Divine Daoist?

"I knew it. This person is not on good terms with the others from the Emperor Tribe. They didn't stop me when I tried to attack him," the Eastern Sovereign Divine Daoist thought.

Then, he looked at Chu Kuangren. Judging from how fast the reaction was, he knew he was facing someone powerful, probably the most powerful person he had ever seen in his life.

'Hmph. If I have the guts to fight Chu Kuangren, why would I be afraid of you?!' the Eastern Sovereign Divine Daoist thought.

He decided to make it quick. While Chu Kuangren was absorbing the tower, he attacked again with his full power.

"Emperor Sky-Shadowing Palm!"

The massive palm, as big as the sky, crashed down.

Chu Kuangren, however, remained still. He simply pointed his sword hand sign upward and slashed at the void. He did not even use the Void Sword.

The sword qi gushed forward, easily tearing the golden palm into shreds.

The Eastern Sovereign Divine Daoist was blasted away by the sword qi, with blood gushing from his mouth.

"How is it possible? He's absorbing the tower, yet he still has so much power! He easily broke through my ultimate move! He's as strong as Chu Kuangren!"

The Eastern Sovereign Divine Daoist was stunned.

He believed the Central Heaven Universe would not have a monster as strong as Chu Kuangren.

However, who would have thought that he would run into another?

"Emperor Avatar!"

The Eastern Sovereign Divine Daoist channeled his ultimate Immortal Technique next.

His Arch Gilded Intent surged, golden Immortal Sparks flowed in the sky, and formed a gigantic golden Emperor Avatar.

The avatar threw a palm strike at Chu Kuangren.

Further away, Di Yunliu was shocked when he saw the Emperor Avatar. "His Arch Gilded Intent is similar to ours from the Emperor Tribe. No wonder he's here trying to stop the Heavenly Sword from taking the Emperor Tower."

Suddenly, he had the urge to intervene.

If he could team up with someone as strong as the Eastern Sovereign Divine Daoist, would he be able to strike down the Heavenly Sword while he was absorbing the tower?

The more he thought about it, the more eager he got.

However, the rumors about Heavenly Sword flashed in his mind.

In the end, he suppressed the tempting thought.

He could not take the risk.

The Heavenly Sword was unpredictable, and not even the Temple Sequences were his match. Even if he teamed up with the Eastern Sovereign Divine Daoist, they might not be able to kill the Heavenly Sword.

Once he failed, the Heavenly Sword would retaliate, and he would be the one to lose his life instead.

While Di Yunliu gave up on the thought, a sword intent erupted.

A sword shadow appeared in the sky, containing terrifying and domineering Emperor qi.

It was the Fully Realized Emperor Physique and Fully Realized Overlord Physique!

The two physiques were used together by infusing the Emperor Overlord qi into the sword qi.

The slash shook heaven and earth.

As the sword shadow struck downward, the Eastern Sovereign Divine Daoist's Emperor Avatar was torn in half like it was paper.

"How is this even possible?" the Eastern Sovereign Divine Daoist shouted in fear.

How could another monstrous Prodigy like Chu Kuangren exist in another universe?

Without having been given any chance to resist the sword attack, the Eastern Sovereign Divine Daoist failed to defend himself against the attack. As a result, his body burst into a cloud of blood mist.

The Prodigy who had escaped from Chu Kuangren multiple times finally died at the hands of another Chu Kuangren.

Di Yunliu's forehead was drenched with sweat when he saw the scene.

Based on how powerful the slash looked, even if he teamed up with the Eastern Sovereign Divine Daoist, they might not have been able to defend against it.

It meant he made the right choice of staying away. Unless he could team up with an Outlier or a God King intervened, no one would be able to defeat the Heavenly Sword.

The Emperor Tower was completely absorbed into Chu Kuangren's body.

However, he did not refine it right away.

Since he was in the Void Battlefield, he ought to gather enough Opportunities of Fortune and resources first before refining all of them together to boost his comprehension of the Great Dao.

"It was a wise choice that you didn't intervene just now," Chu Kuangren said to Di Yunliu.

Di Yunliu was silenced.

Then, a figure arrived from afar.

It was a woman with beautiful looks and a slender body. She was surrounded by Immortal Sparks, and her body emanated a strong energy fluctuation.

She was like a storm that could destroy everything in its path.

"It's the Eighth Seat of the Temple Sequence, Feng Qiyu!"

Someone recognized her.

Feng Qiyu was currently the Eighth Seat of the Temple Sequence and stronger than Di Yunliu.

When they saw her, everyone looked at her with a hint of respect. Only Chu Kuangren remained unfazed as he simply glanced at her.

"It was you, Heavenly Sword," Feng Qiyu said with a smile.

She came because she noticed Chu Kuangren's sword qi.

In fact, not only she but many other sky-prides and Prodigies on the continent noticed the sword qi.

"What's the matter?" Chu Kuangren asked.

"Heavenly Sword, many Prodigies from Pan Gu Universe have gathered on this continent. I want you to lead us and eliminate them all," Feng Qiyu stated her true intention.

Chu Kuangren was a little surprised.

Lead Central Heaven Universe's Prodigies to attack Pan Gu Universe?

What a joke!

They should be grateful he did not sabotage their mission secretly.

"Only weaklings gather in groups. The strong are always alone. The Heavens don't want to be part of your weakling game," Chu Kuangren said.

Then, he turned around and left. After all, he still had to secretly protect Lan Yu and the others from the Central Heaven Universe.

'It's starting to get busy. When is the other me coming?' he thought.

"Hmph! He's nothing. He's not even listed in the sequence. I wouldn't want him to lead us," said one of the Emperor Tribe Prodigies.

However, his eyes were overflowing with jealousy as he looked at Chu Kuangren's back.

Even though Chu Kuangren was not listed in the sequence, his name was enough to gather an army in the Void Battlefield. He was as famous as, or more famous than, the other Seats.

"Feng Qiyu, since the Heavenly Sword refuses to lead us, why don't you take the responsibility?" Di Yunliu suggested.

"I..." Feng Qiyu hesitated.

Suddenly, she sensed something and spotted a Daoist cultivator coming closer.

The man was in a set of golden robes, and his eyes contained endless divine light.

"I will lead this mission," the man said.

All the Emperor Tribe Prodigies were in awe when they saw the person.

"Di Qianqiu!"

#### **Chapter 1849: Phoenix Blood Stone, Prodiges That Besieged Pan Gu Universe's Prodigies Are Here**

It was Di Qianqiu, the Fourth Seat of the Temple Sequence.

He had a higher status than Feng Qiyu, so no one had any objections if he were to lead the mission to eliminate the Prodigies from Pan Gu Universe.

Feng Qiyu was happy about it too.

'The Prodigies of Pan Gu Universe are not weak. Some of their powers are yet to be determined. Besides, the notorious Chu Kuangren hasn't shown himself yet. If this mission fails, the leader of this mission will be held responsible. I shouldn't simply intervene,' Feng Qiyu thought to herself.

She just wanted to be part of the mission and be inconspicuous.

Di Qianqiu more or less knew what Feng Qiyu was thinking, but he did not say anything.

He was confident that with his ability, he would be able to effectively lead the Prodigies to complete the elimination mission.

'With my Emperor's Double Pupils, Fully Realized Emperor Physique, and the Emperor Seal, anyone who is not a God King or an Embodier is not my match. As for the Chu Kuangren who's rumored to rival the

Heavenly Sword, what a joke! How can there be a Heavenly Sword in both universes?' Di Qianqiu thought to himself confidently.

Soon, the news of Di Qianqiu taking up the leadership position spread to the Central Heaven Universe's Prodigies like wildfire.

Everyone started to move out.

"The sword shadow from earlier was obviously from the Heavenly Sword, but Di Qianqiu is now the leader. It seems like the Heavenly Sword doesn't take this mission seriously."

"Doesn't he want such a huge credit? Heavenly Sword, are you too stupid or too arrogant?"

"Di Qianqiu really got lucky this time with the huge credit."

...

Somewhere on the continent, a burst of heavenly light shot up into the sky, followed by the cries of a Godly Phoenix echoing in the area.

Those who heard the cry turned toward the direction of the light pillar.

Then, a vast aura scattered into the area.

"Oh? This aura is strong! It seems like some amazing Opportunities of Fortune are appearing!"

"This aura belongs to the Godly Phoenix! Is it an Opportunity of Fortune left behind by a Godly Phoenix great one? Let's go have a look!"

A crowd swiftly gathered at the light pillar.

The light pillar happened on a mountain peak, where a red rock was erected at the highest point and the phoenix's cry came from inside the rock.

"Is that the Phoenix Blood Stone?!"

The Phoenix Blood Stone, as its name suggested, was the crystallization of the Phoenix's blood. It contained the Phoenix's blood essence. Once absorbed and refined, it would be a great boost to the Prodigies' strength and any phoenix-related bloodline.

It might even bless the divine ability of the blood's owner.

"Judging from the energy fluctuation from the Phoenix Blood Stone, it must be at least an Embodier Godly Phoenix! It might have awakened its bloodline eighth to ninth times. This is a huge Opportunity of Fortune!"

Some of the Prodigies licked their lips greedily, their eyes overflowing with eagerness.

As more and more Prodigies had their eyes on the stone, albeit eager, they were also cautious against the others.

"This is it! My senses led me here!" a surprised and delighted voice said.

It was Chu Hong, Lan Yu, and Shang Honghua. When Chu Hong saw the Phoenix Blood Stone, she become excited.

The Phoenix Blood Stone also sensed Chu Hong's arrival, and it responded with a slight tremble.

Phoenix Flame instantly burst from the stone and intertwined with Chu Hong's Phoenix Flame. In an instant, a Phoenix's cry sounded and echoed across the universe.

"It's Chu Hong! She's a Godly Phoenix! It seems like the stone is hers!"

"You can't be so sure yet. She may be a Godly Phoenix, but there's no rule saying we can't fight for it. Whoever gets it, keeps it!" one of the Prodigies said, not knowing who Chu Hong was.

Then, someone else said nonchalantly, "Chu Hong is not just any Godly Phoenix. She has a brother, and her brother is Chu—"

"So what? Anyone can have siblings! I have seven older sisters!"

"Her brother is Chu Kuangren..."

"Chu Kuangren? Hmph!" Right after the grunt, the Prodigy's lips twitched. "The Immortal King? What the f\*ck?"

He instantly felt defeated.

With the Immortal King as her brother, no one would dare to fight her.

"Everyone, we're taking this stone with us. Fellow cultivators from Pan Gu Universe, I ask for your understanding," Lan Yu said as she glanced at the others.

"Ms. Lan Yu, you're too polite. This Phoenix Blood Stone is calling out to Ms. Chu Hong, so it should be hers."

"Yeah. Ms. Chu Hong is a Godly Phoenix, and this stone is here for her. Whoever dares to take it will have to get past me, Daoist Niu, first!"

"Yeah! They will have to get past the sword of Wang Buer first!"

The group laughed, seemingly willing to hand over the Phoenix Blood Stone.

What a joke!

Going against Chu Hong would be going against Chu Kuangren, and no one had the audacity to do so!

Even if they could not get the Phoenix Blood Stone, they decided to name themselves and hope that the girls would remember them for their manners.

Then, a powerful aura exploded from the void and drowned the entire area.

Countless runes floated in the sky and formed a massive boundary.

Several figures emerged from the void.

Some of them had Emperor qi surrounding them, looking noble and dignified; some of them had Overlord qi around them, causing the space around them to tremble; some of them wielded swords, and some of them had evil eyes on their foreheads, looking ominous.

Lan Yu and the others became serious when they saw the arrival of those people.

"They're from the Central Heaven Universe!"

"There's quite a number of them! It seems like they're here for a fight!"

"We from the Pan Gu Universe are not weak either!"

After the initial shock, the group swiftly calmed down and looked at the Central Heaven Universe's Prodigies.

They channeled their Immortal's Core energy, revealed their Immortal Weapons, and were prepared to fight.

Bang!

Then, domineering Emperor qi gushed forward, and a figure emerged from the group.

It was Di Qianqiu.

He looked at the group from the Pan Gu Universe and scoffed, "Today, no one from Pan Gu Universe shall escape alive!"

"We'll see about that!" Lan Yu stepped up, and her Radiant Battle Intent gushed forward.

Shang Honghua wielded her red and gold dragon's spears, and two dragon shadows circled her. The powerful energy presence shook heaven and earth.

Ye Zhu had sword qi surrounding him as well. His eyes were as sharp as blades, striking fear into people's hearts.

"There are a few interesting opponents, but it's not enough!"

When Di Qianqiu stepped forward, an even more terrifying Emperor qi burst out. The power of the Emperor shrouded the realm and overpowered Lan Yu and the others.

It shocked Pan Gu Universe's Prodigies.

"What a powerful aura!"

"I'm afraid only a handful of Prodigies from Pan Gu Universe can rival him..."

The group was wary and anxious at the same time.

Just as Di Qianqiu waved his hand, signaling to the Prodigies to attack, they suddenly sensed something above them and looked up into the sky.

In the void, Chu Kuangren, or the Heavenly Sword, who had been observing, grinned. "He's here."

Before Di Qianqiu could launch his attack, a terrifying and domineering aura came from the sky. It was so terrifying that even the runes on the boundary started to shake.

The entire boundary was trembling to the point of breaking.

Di Qianqiu and company looked further away to see a figure in white descending from the clouds above the boundary.

As soon as his toes touched the boundary, the boundary shattered into dust!

#### **Chapter 1850: Fight Di Qianqiu, Fight Emperor's Double Pupils Again, What Is Emperor**

Pan Gu Universe's Prodigies were besieged by Di Qianqiu and Central Heaven Universe's Prodigies.

A runic boundary was cast to trap them.

Just before the battle broke out, a figure in white bathed in Immortal Sparks emerged from the void, and his Arch Gilded Intent overflowed, releasing a domineering presence.

His presence surpassed all and suppressed all life.

His transcendental presence resembled the Immortal King, and he peered down at the entire universe indifferently.

The moment his toes landed on the boundary, it shattered into dust.

The scene shocked many of the Prodigies from the Central Heaven Universe. They all looked at Chu Kuangren in fear.

"I don't believe it! Other than the Heavenly Sword, there really is someone so transcendental and indifferent in this universe."

"Who is he?"

"Chu Kuangren! He's Chu Kuangren!"

One of the Prodigies from the Central Heaven Universe recognized him.

Feng Qiyu, Di Qianqiu, and the others looked at Chu Kuangren with grim expressions. The energy presence he emanated pressured even the Outliers.

In the Central Heaven Universe, no one other than the Heavenly Sword could make them feel that way.

At first, they were skeptical when they heard rumors about Chu Kuangren, wondering why there would be someone so similar to the Heavenly Sword.

Now, they were forced to believe it.

"Such a strong Prodigy exists in Pan Gu Universe?"

"This is bad."

"Can Di Qianqiu beat him?"

Many of the Prodigies wondered.

Chu Kuangren glanced at Di Qianqiu, Di Yunliu, and the others. He swung his sleeve and said, "All of you, come at me together."

Di Qianqiu glanced at Di Yunliu tacitly before he attacked.

"Arrogant! I shall see what you're made of!"

Bang!

A vast surge of Emperor qi exploded and transformed into a massive palm that attempted to crush Chu Kuangren.

"Useless technique."

Chu Kuangren flung his sleeve and released his strong Immortal's Core energy forward, blasting the incoming palm into pieces.

Di Yunliu was the first to be blasted away. His expression sank as blood spurt out from his mouth.

He was sent flying away, crashing onto the ground.

The others looked at Di Yunliu and saw his terrible state. His bones were all crushed, and the Daoist patterns on his body were almost gone as he lay on the ground like a pile of dead meat.

It was just one strike, and Di Yunliu was completely destroyed.

What a terrifying power!

Di Qianqiu's Emperor's Double Pupils trembled, and his Emperor qi instantly erupted.

"Kill him!"

With that, the others attacked en masse.

The Prodigies from Pan Gu Universe behind Chu Kuangren were also not to be outdone as they joined the battle.

A fierce clash happened, and it got messy very quickly.

Chu Kuangren and Di Qianqiu rose to the sky as the others continued the messy fight on the ground.

Both their energies swirled and collided, and their Immortal's Core whirred, distorting and tearing the space around them.

"You're powerful and a worthy opponent indeed."

"Hmph. How ignorant. Are you challenging me?" Chu Kuangren asked indifferently.

His arrogant tone reminded Di Qianqiu of the Heavenly Sword.

They both sounded the same — both arrogantly confident.

Was it a common trait among those incredibly powerful Prodigy?

Di Qianqiu thought about it.

Then, he continued to channel his Emperor qi to the limit. With the Fully Realized Emperor Physique activated, he used the most fitting Immortal Technique on Chu Kuangren.

"Heaven Restraining Emperor Pierce!"

The golden finger descended from the sky, restraining heaven and earth!

On the other hand, Chu Kuangren raised his sword and swung it down, releasing the destructive and murderous Immortal Destruction Sword Qi.

The sword qi shattered the gigantic finger, and the blast of energy continued forward at Di Qianqiu.

Di Qianqiu was forced to form a shield using the Emperor qi to block the blast.

"He's strong! His sword qi is more or less on the Heavenly Sword's level!" Di Qianqiu was shocked again.

Then, he used the other attack from the Emperor Physique.

"Emperor Seal!"

Endless Emperor qi gathered and manifested into a massive seal. As it crashed down at Chu Kuangren, it felt like it was bringing the sky down together.

"Life-Death, Samsara!"

Chu Kuangren activated the Celestial Demon Physique and Samsara Physique, fusing both physiques' energies together to form the Universal Life-Death Cycle.

The light shone brightly as if it was trying to destroy the universe.

The void broke inch by inch, and the destructive light quickly reached the falling Emperor Seal.

The seal cracked and crumbled into dust.

Seeing that, Di Qianqiu released a powerful shout. As soon as the Emperor Dome Canopy appeared, his energy was boosted.

It was the Emperor Physique's second divine ability.

Then, his Emperor qi rose into the sky, forming rune after rune above him.

The runes gathered and formed a massive decree!

It was the Emperor Physique's Emperor Decree!

"Your physique has provided you with outstanding power, but you, as a person, are too weak."

A massive black hole appeared around Chu Kuangren and sucked in all the incoming Emperor runes.

Countless Emperor runes disintegrated.

"How about this?"

Di Qianqiu, however, was not deterred. He narrowed his eyes, and his Emperor's Double Pupils released a terrifying Emperor qi, which contained a strong life-death intent.

The Emperor's Double Pupils was activated!

Together with the Fully Realized Emperor Physique, Di Qianqiu's terrifying power far surpassed that of Di Baishi.

"Emperor's Double Pupils' first calamity, Samsara Calamity!"

Calamity light burst from his eyes, containing vast life-death samsara energy.

Even so, Chu Kuangren was unfazed. "You're using the life-death samsara energy, huh?"

He swung the Heaven Stabilizer Sword, and the same life-death samsara energy gathered at the tip of its blade before he raised it up for a powerful slash.

The moment the slash and divine light collided, the blast sent Di Qianqiu skidding a few hundred meters away.

As he was sent skidding backward, a strongest life-death intent swirled in his eyes. "Second Calamity, Heaven-earth Calamity!"

The Emperor's Double Pupils' energy swirled once more as he released another beam of divine light at Chu Kuangren.

Heaven and earth shook as if they were collapsing under the pressure of the attack.

"Arch Gilded Godly Fist!"

Chu Kuangren clenched his fist and unleashed endless Immortal Sparks from his punch.

Arch Gilded Intent swirled and gathered at his fist.

The fist ray shot out, crushing the heaven-shrouding life-death intent to pieces.

The punch pushed Di Qianqiu backward once again.

The others from the Central Heaven Universe were stunned.

After all, Di Qianqiu was the Fourth Seat of the Temple Sequence. He might not be as powerful as the Heavenly Sword, but he was the strongest Outlier in their universe.

Yet, Chu Kuangren managed to push him back multiple times.

How powerful was Chu Kuangren?

Di Qianqiu was infuriated. Other than the Heavenly Sword, no one had ever embarrassed him that much.

He roared and channeled his Emperor qi to the limit. The Immortal Sparks in his pupils shone brightly.

"Third Calamity, Overworld Calamity!"

That technique shook the realm!

It also released a divine light so powerful that it felt like it could destroy all things in the universe.

As usual, Chu Kuangren did not try to dodge it.

"This next move will make you understand what exactly is the Emperor!"

He took a step forward. His energy swirled around him, and golden True Dragon qi rushed up into the sky, forming nine True Emperor Dragons.

With the buffs from the nine dragons, the power of the Human Emperor was on full display.

He swung the Heaven Stabilizer down, and the vast sword qi that could crush planets and universes rumbled the entire continent.
