

Unparalleled 1851

Unparalleled After Ten Consecutive Draws

Chapter 1851

As soon as the True Emperor Dragon emerged, its violent aura shook the universe.

The earth collapsed when the sword qi was unleashed!

The moment the sword qi and the divine light met, Di Qianqiu let out a miserable howl as he was sent flying backward, and both his eyes bleeding.

His Emperor's Double Pupils were severely injured!

"My eyes, my eyes..."

Di Qianqiu screamed in agony, looking extremely miserable.

Opposite him, Chu Kuangren stood in the air, surrounded by the True Emperor Dragon. He looked superior to the rest and emanated a noble aura.

Compared to Di Qianqiu, Chu Kuangren looked more like a peerless emperor!

"Di Qianqiu has been defeated!"

"He has lost miserably..."

Everyone gulped while looking at Chu Kuangren with intense horror in their eyes.

"This is bad. He can't die."

Feng Qiyu's expression darkened.

After all, Di Qianqiu possessed the King's Mark and was one of the Nine Kings. Therefore, he was of great significance to the Central Heaven Universe.

The Central Heaven Universe would be severely impacted if he died in Pan Gu Universe, and the King's Mark must not fall into the opponent's hands.

Feng Qiyu, who initially wanted to sit back and watch, made a move after considering the consequences. Soon, an endless storm swept toward Chu Kuangren.

"Oh..."

Chu Kuangren glanced at her.

Although Feng Qiyu wanted to be his ally in the Central Heaven Universe, he would not hesitate to kill her with the identity of Pan Gu Universe's Chu Kuangren if she was in his way!

Chu Kuangren raised his sword, and the storm in the sky dispersed.

Upon seeing that, Feng Qiyu raised her hand and swung it in the air. Soon, countless storms gushed out one after another, and each of them was the Wind of Void that could turn everything into nothingness!

At that moment, the Nine Dragons behind Chu Kuangren roared, and the Human Emperor's might swept out, causing the countless storms to dissipate on the spot!

Feng Qiyu was forced back.

Her face was pale as she looked at Chu Kuangren with fear in her eyes. "I can't believe such a powerful Prodigy exists in Pan Gu Universe!"

His strength definitely surpassed the power of an Arch Gilded Immortal and was comparable to the half-step Embodier!

"If this goes on, I'm afraid I might die here, let alone leave with Di Qianqiu."

Feng Qiyu was distraught.

Just then, more than a dozen powerful energies erupted in the realm.

Countless figures in golden armor walked out of the void one by one and besieged Chu Kuangren. All of them had an aura flowing around them. Even the weakest among them possessed the Great Perfected Arch Gilded Immortal cultivation, which was astonishing.

A glint flashed in Chu Kuangren's eyes when he saw them.

"What an interesting lineup."

Some wore the same armor, making it obvious they were from the same organization.

"They're the God King Guardians!"

Feng Qiyu was delighted.

The God King Guardians were prime guardians trained by the Central Heaven Temple's God Kings, and the dozen people in front of her were the elites of the God King Guardians. Each of them possessed the strength of a Great Perfected Arch Gilded Immortal, which was sufficient to dominate the universe.

"I, Sikong Mo, am here to kill you by order of the God Kings!" the person in golden armor, who led the God King Guardians, said in a cold voice.

Sikong?

Upon hearing the name, Chu Kuangren thought of God King Sikong. If he was not mistaken, those people were God King Sikong's prime guardians.

"Bring it on. Show me what fun things you guys have prepared for me," Chu Kuangren said indifferently.

Faced with the siege of more than a dozen Great Perfected Arch Gilded Immortals, he was unbothered and as arrogant as ever!

Chu Kuangren's behavior was common to Pan Gu's Prodigies as they had all seen his crazier and more arrogant acts.

However, it was the first time the cultivators of the Central Heaven Universe had seen someone other than Heavenly Sword with such courage.

"This brat is arrogant."

"What a pity that the Heavenly Sword isn't here. Otherwise, it will be earth-shattering if both of them fight."

"Yeah..."

While the crowd was engaged in a discussion, Feng Qiyu let out a low grunt. "Run!"

She was unsure about Chu Kuangren's strength, but she had a premonition that the Great Perfected Arch Gilded Immortals here might not be Chu Kuangren's opponents.

She had met a person similar to Chu Kuangren, who had repeatedly created miracles.

He was Heavenly Sword.

Chu Kuangren was at the same level as Heavenly Sword and could not be judged by common sense. Hence, they must leave as soon as possible.

Soon after, she quickly escaped with Di Qianqiu, whose Emperor's Double Pupils were almost impaired.

After seeing those two Prodigies retreat, the rest of the Central Heaven Universe's Prodigies dared not stay any longer and left one after another.

Lan Yu and others went after them but did not manage to kill many of them.

They wanted to help Chu Kuangren, who was besieged by dozens of God King Guardians, but an astonishing energy aura erupted from those guardians at that moment. Their enemies had set up a mega-formation!

"Chu Kuangren, take this! This is the Central Heaven Universe's Sixth Offensive Formation, the Thirteenth Heaven-Crushing God-Slaying Megaformation!" Sikong Mo said coldly.

The Thirteenth Heaven-Crushing God-Slaying Megaformation, the offensive formation that ranked sixth in the Central Heaven Universe, was extremely powerful and terrifying.

If it were cast by thirteen Great Perfected Arch Gilded Immortals, even a half-step Embodier elite might be killed!

"Kill him!"

Without another word, Sikong Mo made a move to activate the formation!

Immediately after, thirteen Arch Gilded Intents radiated in the void. As the power of thirteen people exploded all at once, countless murderous rays shot out.

Chu Kuangren, on the other hand, was surrounded by nine dragons.

After absorbing the dragon qi from the Book of Human Emperors, his True Emperor Dragon, which had already surpassed King Zhou's, had grown so incredibly strong that it was no weaker than any Human Emperor's in history.

With nine dragons surrounding him, Chu Kuangren's domineering might overwhelmed every living being on the land!

As he raised his hand, the dragon qi tore and destroyed countless murderous rays. Nothing could hurt him.

"So much for the Heaven-Crushing God-Slaying Megaformation!" Chu Kuangren said indifferently.

Sikong Mo's expression turned grim. Chu Kuangren's strength was more terrifying than he had imagined!

"Mobilize all your strength!"

Sikong Mo channeled the power of the formation to its limit. Soon, the countless murderous rays intertwined into a big web that enveloped Chu Kuangren.

However, nine cauldrons immediately emerged above Chu Kuangren's head. They were the Nine Province Cauldrons!

When the Nine Province Cauldrons appeared, they released hundreds of millions of Immortal Sparks!

Along with the nine cauldrons, the nine dragons guarded Chu Kuangren from incoming attacks.

As soon as the countless murderous rays landed on the Nine Province Cauldrons, they shattered, and the nine cauldrons charged forward!

By activating the nine cauldrons with nine dragons, Chu Kuangren's combat strength was almost as powerful as that of the ancient Yu the Great.

Kaboom!

Nine of the thirteen Great Perfected Arch Gilded Immortals bore the brunt of the attack. The impact made them cough up mouthfuls of blood, and their bones and muscles were shattered!

The Heaven-Crushing God-Slaying Megaformation was destroyed!

"This is bad. Retreat! Quick!"

Sikong Mo's expression darkened, and he immediately retreated.

However, the Green Lotus Light started flowing on Chu Kuangren's forehead by then, and destruction energy gushed out in all directions.

Everything perished wherever the destruction light struck!

Not even the Great Perfected Arch Gilded Immortals could escape the attack.

In the blink of an eye, more than half of Sikong Mo's Great Perfected Arch Gilded Immortals were dead.

Sikong Mo's face turned pale, and he quickly escaped into the void by using a certain escape treasure.

Chu Kuangren did not chase after him. Instead, he kept the nine dragons and nine cauldrons away and glanced at the void with a grin. "The game is not over yet."

"Master, are you alright?"

Lan Yu and others walked over to him.

Chu Kuangren laughed and said, "Do I look like I'm not okay?"

Everyone smiled, and the rest of the sky-prides' spirits were lifted.

"As long as the Immortal King is here, we don't have to be afraid of the Prodigies from Central Heaven Universe."

"That's right."

Unparalleled After Ten Consecutive Draws

Chapter 1852: The Meeting Between Chu Kuangrens, Darkness Calamity, Is There A Traitor?

After rescuing everyone, Chu Kuangren told Lan Yu and Shang Honghua to protect Chu Hong so that she could absorb the Phoenix Blood as soon as possible.

Meanwhile, he came to a part of the void and set up numerous restrictions, as if he was waiting for someone's arrival.

It did not take long for a figure in a robe as white as snow and with an ordinary black sword at his waist to approach him.

He was Chu Kuangren or, in other words, the Heavenly Sword!

"Another me, long time no see," the Green Lotus Chu Kuangren said with a smile while looking at Heavenly Sword Chu Kuangren.

Heavenly Sword Chu Kuangren grinned. Then, he randomly took out a long, white jade-like sword and handed it to Green Lotus Chu Kuangren.

"The Descendant Self Sword has been quiet for a long time."

When Green Lotus Chu Kuangren took the Descendant Self Sword, chilly sword qi instantly gushed out from the sword and caused the void to rumble.

"Long time no see, old buddy." Green Lotus Chu Kuangren caressed the Descendant Self Sword nostalgically.

After that, he put away the Heaven Stabilizer Sword and replaced it with the Descendant Self Sword.

As it was inappropriate for Heavenly Sword Chu Kuangren to use the Descendant Self Sword in Central Heaven Universe, it could only be handed to the Green Lotus Chu Kuangren.

"Your strength is remarkable." Heavenly Sword Chu Kuangren said with a smile, and a battle intent shone in his eyes.

He found it funny that, in the two great universes, only he could stimulate his long-lost fighting intent.

"I'm looking forward to fighting with you, but now is not the right time. There are still many things to do in the Void Battlefield." Green Lotus Chu Kuangren smiled faintly.

As the two shared the same thought, Heavenly Sword Chu Kuangren knew what he meant and smiled mischievously. "Have fun then."

"Yeah."

The meeting between Chu Kuangren and Chu Kuangren did not take long.

However, as both of them shared the same thought, considering they were both the same person anyway, the duration of the meeting was not important.

The purpose of the meeting was mainly to hand over the Descendant Self Sword, which had been lonely for too long, to Green Lotus Chu Kuangren, who was in Pan Gu Universe.

...

Green Lotus Chu Kuangren returned to where the Phoenix Blood Stone was located.

Several days later, Chu Hong managed to refine the Phoenix Blood Stone, and her aura was much stronger. More importantly, her bloodline was awakened again, making it the ninth awakening she had gone through, which was as much as the ancient Phoenix Forefather.

"I believe I'll be able to achieve the Peak Arch Gilded Stage if I work harder." Chu Hong swung her fist around as she said excitedly.

By Peak Arch Gilded Stage, she meant the Seventh-step Arch Gilded Intent.

A Godly Phoenix that had gone through nine awakenings had the advantage of comprehending Arch Gilded Intent. Coupled with Chu Hong's comprehension, she could become an Embodier, and achieving the Peak Arch Gilded Stage was not a problem for her at all.

"I believe in you."

"Ha! Brother, watch out. I might surpass you one day." Chu Hong smiled proudly.

Green Lotus Chu Kuangren's Arch Gilded Intent was currently at the sixth step, and he was still quite some distance away from getting to the seventh step.

That was why Chu Hong saw the hope of surpassing him.

Chu Kuangren, on the other hand, simply smiled.

The Seventh-step Arch Gilded Intent...

Although both Chu Kuangrens shared their thoughts, there were certain restrictions when it came to something as mysterious as Arch Gilded Intent.

Heavenly Sword Chu Kuangren had long achieved the Seventh-step Arch Gilded Intent, while the Green Lotus Chu Kuangren had only achieved the Sixth-step Arch Gilded Intent.

"Heh. The King can still defeat you without his Arch Gilded Intent." Shang Honghua laughed at the side. What she said hit Chu Hong hard with the truth.

Indeed, the Arch Gilded Intent was only a part of Chu Kuangren's combat strength. His True Emperor Dragon, various physiques, and Chaos Green Lotus energy should not be overlooked as well.

"Let's go. The Void Battlefield is huge. Who knows how many Opportunities of Fortune are hidden in this place? Let's continue to explore."

With that, everyone continued with their exploration.

Meanwhile, Di Qianqiu, Feng Qiyu, and others arrived on a continent after they escaped. Although Di Qianqiu's double pupils were severely injured, he could still see things with his Immortal Consciousness. Hence he had no problem with his eyesight.

However, his strength was severely damaged following his double pupils' serious injury.

"Damn it!"

"Chu Kuangren is so powerful!" Di Qianqiu said through clenched teeth.

He rarely suffered such a huge loss.

No one in Pan Gu Universe could defeat him so badly except the Heavenly Sword.

However, there was another one now.

At that thought, Di Qianqiu got even angrier.

"I advise you to heal your injuries as soon as possible. Otherwise, your eyes will be ruined," said Feng Qiyu.

Upon hearing what she said, Di Qianqiu snorted. "The injury of the Double Pupils cannot be healed by using ordinary techniques. I must find the healing treasure first."

"The Void Battlefield is huge and filled with countless Opportunities of Fortune. I believe you can find the treasure you want," said Feng Qiyu.

"I have a Longevity Source Rejuvenation Pill, which may heal your injury."

At that moment, an indifferent voice sounded, and both their expressions changed.

"Who is it?"

To be able to approach them at such a distance, a person like that was rare, even in the Central Heaven Temple.

The person was not just anyone!

Soon, a figure walked out of the void.

He was a man in a long black robe. His eyes were as black as ink, like two deep soul-sucking black holes.

"Let down your guard. I'm also from the Central Heaven Universe," said the person.

"I don't sense any of Central Heaven Universe's aura from you." Feng Qiyu was still on her guard.

"My name is... Darkness Calamity!" the man in black said.

Soon, a dark, profound energy fluctuation containing a calamitous aura spread. Even Feng Qiyu's heart began to pound in fear.

"You're one of the Ten Calamities!"

"You're right."

The Central Heaven Universe designed a plan by placing the Ten Calamities in Pan Gu Universe.

At that, the two lowered their guard slightly.

Meanwhile, Darkness Calamity took out a milky medicinal pill that contained an extremely intense source aura.

The source aura was full of vitality, and having sensed it, Di Qianqiu could not help but think, "Such an intense source aura. If I have it, my eyes will recover in no time."

"Why are you helping us?"

Feng Qiyu was still wary.

Although the person was one of the Ten Calamities, they had never met the Ten Calamities before and were unfamiliar with any one of them.

Could the person help them with such a treasure merely because they were all from Central Heaven Universe?

"Because I need your power."

Darkness Calamity continued saying, "In the Void Battlefield, there are some strategic resource locations that contain rich resources. If the two universes fight here in the future, these strategic resource locations will become crucial. Whoever controls these places will have the advantage!"

"Currently, Embodiers of the two great universes are competing for these resource locations and building defense lines. As for me, I'm eyeing a strategic resource location called the Heavenly Ocean Continent. I want you guys to occupy this place for me, and it would be a great achievement if you do."

After that, Darkness Calamity looked at the two of them.

"Can't you occupy that continent with the power of the Ten Calamities?"

"Do not underestimate the sky-prides and Prodigies from Pan Gu Universe. You guys must've seen Chu Kuangren's strength for yourself. Moreover, Pan Gu Universe has recently obtained information about the Central Heaven Universe's Thousand Tribes from somewhere. The battle is getting tougher as these Prodigies are familiar with the Thousand Tribes."

"Is there a traitor in the Central Heaven Universe?"

Feng Qiyu furrowed her brows.

"I have no idea, but it might be possible."

Unparalleled After Ten Consecutive Draws

Chapter 1853: Long Shuijing Is In Danger, Killing Xuanyuan's Successor

"I'll go to the Heavenly Ocean Continent with you once I recover," said Di Qianqiu.

"You guys can head over then," said Darkness Calamity.

Then, he turned around and left.

"Where are you going?"

"I'm going to contact the others."

Under Darkness Calamity's instigation, many Prodigies in the Central Heaven Universe headed to the Void Battlefield's strategic resource location, the Heavenly Ocean Continent.

On a continent, Heavenly Sword Chu Kuangren was walking alone while searching for Embodier Fragments. He was preparing to head back to comprehend them and try breaking through the Embodier Realm when suddenly, he sensed something.

"Is Long Shuijing in danger?"

He had placed the Spirit Expulsion Cursing Seal in Long Shuijing's body, and the Cursing Seal was connected to his soul. In a sense, he could perceive Long Shuijing's situation through that Cursing Seal.

"Interesting. Long Shuijing's strength isn't bad, and she possesses the King's Mark that I gave her."

"Who could make the battle so challenging for her?"

The sky-prides and Prodigies of Pan Gu Universe flashed across Chu Kuangren's mind.

He knew a few of them that were of the Nine Kings' level.

Who could it be?

There was a hint of curiosity in his eyes, and he decided to go and have a look since Long Shuijing's location was not far from him.

In a flash, his figure shuttered through the void like a sword ray, with countless continents passing by him.

...

On a continent, Long Shuijing was in a tough battle with several Prodigies from Pan Gu Universe.

They were Xuanyuan's successor, Xing Wangu, and Yuan Zhan.

Those three people were among the seventy-two Immortal Prides, but Long Shuijing found it a tough battle not only because of them.

There was one more person besides those three people.

The person was a man in black armor, surrounded by a terrifying dragon qi no weaker than that of Long Shuijing.

The dragon qi was full of destructive properties.

"The Heavenly Rainbow Dragon is the bloodline of the Central Heaven Universe's Dragon Forefather. If I can refine your bloodline, perhaps I can be the Dragon Tribe Leader of the two universes and become a higher-level dragon lifeform," the man in black armor said excitedly.

He was Long Xuan, the Subspecies Restricted Area Young Overlord and Dragon Tribe's Subspecies Black Dragon!

"Hmph. Refine my bloodline? You remind me of some unpleasant memories." Long Shuijing snorted with a cold gaze.

Back then, her elder brother, Chi Longying who cultivated the Bloodthirsty Demon Dragon Art, was so cruel that he attacked his family.

Long Xuan reminded her of Chi Longying.

Those two people were equally evil.

"Dragon King Claw!"

As Long Shuijing raised her hand, dragon qi erupted into a huge Heavenly Rainbow Dragon's claw and blasted toward the few people!

The blow made Xuanyuan's successor and others retreat.

"Try this!"

At that moment, Long Xuan made a move.

He reached out with his claw, and black dragon qi gushed out.

Then, his Black Dragon's destruction energy erupted and smashed the Heavenly Rainbow Dragon's claw into pieces. As a result, Long Shuijing was forced back.

Long Xuan, who had cultivated the Dragon Emperor Wicked Heart Scripture to the Expert level, was considered an Outlier, and his strength was extremely powerful.

"Heavenly Rainbow Dragon, Golden Heavenly Dragon God Slash!"

Long Shuijing formed a sword hand sign.

The moment she slashed her sword hand sign down, sword qi blasted out along with a dragon shadow!

"Emperor Dragon Blade!"

Long Xuan was not to be outdone either. After losing the Pan Gu Axe, he found another top-notch weapon, a long blood-red saber.

He swung the saber and tore the void apart.

The saber and sword qi exploded, wreaking havoc in all directions.

"Heavenly Rainbow Dragon, Fiery Ocean Rising Dragon!"

"Eternity Evil Dragon Conqueror!"

It was another round of domineering impact. The powerful force shook the realm in all directions, while the two dragons retreated with grim expressions.

At that moment, Xuanyuan's successor, Xing Wangu, and others dashed forward.

Although they had fought against each other before, they were on the same side when fighting against the Central Heaven Universe.

The clash between the two energies became more and more intense.

In the end, Long Shuijing was struck by Xuanyuan's successor's attack. The powerful energy shattered the dragon scales on her arm, and her dragon blood splattered everywhere.

Taking advantage of that opportunity, the rest of the people made their moves simultaneously.

Sword qi, axe qi, axe ray, staff energy, saber qi...

All kinds of powerful offensive techniques were cast!

Under the impact of that burst of energy, Long Shuijing's eyes widened, and a symbol appeared faintly on her forehead.

It was the King's Mark!

As soon as the mark emerged, Long Shuijing's power increased, and she mobilized the dragon qi to unleash her most powerful move.

"Heavenly Rainbow Dragon, Heaven Destruction Blast!"

Several completely different energies erupted at the same time and were turned into a Seven-colored Heavenly Dragon that clashed with the enemies attacks.

Following a deafening explosion, Long Shuijing was sent flying backward.

Even with the buffs from the King's Mark, the joint forces of Long Xuan and others were simply too powerful.

At that moment, it was difficult for her to continue fighting.

"Go to hell!"

Amidst the dense energy fluctuations, a figure dashed out. It was Long Xuan, and in his hand was the Emperor Dragon Blade.

He wanted to defeat Long Shuijing with the attack!

Just then, a sword qi burst out from a distance.

With a clang, sword qi collided with the saber qi, and the powerful energy sent Long Xuan flying backward. His hand that was holding the Emperor Dragon Blade was trembling.

"Who is it?"

Long Xuan's expression turned solemn as he looked ahead.

Chu Kuangren was slowly approaching the group with a calm expression. He simply glanced at Long Shuijing's injury emotionlessly, and his sword intent became even more chilly.

"You guys have provoked the Heavens for harming my servant without permission!" Chu Kuangren said indifferently.

"Master..."

Long Shuijing felt relieved when she saw Chu Kuangren.

Chu Kuangren's words warmed her heart, and even though she was called a servant, she did not object to it.

The expressions of Long Xuan and others darkened.

Long Shuijing was so powerful that they had to join forces to defeat her, yet she called the person her master!

That person's background must be significant!

"Proclaiming himself as the Heavens... He's the Heavenly Sword from the Central Heaven Universe."

Xuanyuan's successor managed to guess the person's identity.

His sword intent was already surging.

"Heavenly Sword, the number one swordsman in the Central Heaven Universe, I'd like to see your power," Xuanyuan's successor said coldly.

Then, he made a move.

Since he did not have the Xuanyuan Sword, he replaced it with another divine sword.

He swung his sword in the air and released the Xuanyuan Sword Qi that Chu Kuangren was familiar with.

"Using a sword against the Heavens? You think too highly of yourself."

Chu Kuangren stretched his fingers out and caught the sword that was swung at him.

Xuanyuan's successor's eyes widened in shock. "How is this possible?"

Although his Sword Dao was not as good as Chu Kuangren's, it was definitely one of the best in Pan Gu Universe. Yet now, Chu Kuangren had caught it with his fingers, and he could not believe it.

Clang!

Chu Kuangren shook his wrist, and his surging Immortal's Core gushed out, breaking the sword inch by inch. Then, the sword qi flew backward with the shattered blade and pierced through all parts of Xuanyuan's successor's body.

A mist of blood erupted and splattered everywhere!

In just an instant, Xuanyuan's successor suffered a disastrous defeat on the spot!

While he was terrified, Chu Kuangren's sword hand sign landed on his forehead, and the sword qi blew his head off with a bang!

Xuanyuan's successor had fallen!

"This is bad. Run, now!"

Horried, Long Xuan and others turned around and fled immediately!

"How can you escape from the Heavenly Sword?"

Chu Kuangren's gaze landed on Long Xuan.

As Xing Wangu and Yuan Zhan had no enmity with him, he could let them go because they were Pan Gu Universe's cultivators. However, Long Xuan must... die.

Unparalleled After Ten Consecutive Draws

Chapter 1854: Prodigies of the Two Great Universes, Emerging in the Heavenly Ocean Continent, A Tit-For-Tat Battle

"Run!"

"Run!"

The only thought in Long Xuan's mind at that moment was to escape.

The strength of the person behind him was far superior to his, and he could hardly defend himself against any attack the man made.

However, an extreme sword intent enveloped all directions and sealed off all the space around him!

Having been surrounded by that aura, he had nowhere to escape!

"Damn it!"

Long Xuan channeled his Immortal's Core in an attempt to break free from the sword intent's restriction.

Then, he mobilized the Evil Dragon Emperor Heart Scripture to its limit. His eyes turned blood-red, and he was seething with ferocious qi.

Suddenly, a figure approached him.

His robe was as white as snow, and he possessed a sword intent that could suppress the whole universe!

"Ah... Evil Dragon Emperor Heart Destruction!"

Long Xuan roared angrily and activated his ultimate move!

Air currents flowed around his body, and dragon qi erupted to form a pitch-black dragon shadow that gnawed its way forward with domineering power that shook the void and earth.

"Your strength is insignificant before the Heavens."

Chu Kuangren formed a sword hand sign and released his Seventh-step Arch Gilded Intent.

Following that, he swung his sword hand sign down, and the burst of sword qi he released shook the ground!

The black dragon shattered in the blink of an eye!

As soon as the sword qi landed on Long Xuan, he exploded into a mist of blood!

The black dragon's powerful body could not resist the attack.

Just like that, Long Xuan was dead!

"Master, shall we chase after the two?" asked Long Shuijing.

"Don't pursue desperate foes," said Chu Kuangren.

"Alright."

"Good God! The Heavenly Sword's power is really impressive."

At that moment, a voice sounded.

A figure was approaching them from not far away.

He was wearing a long black robe, and his eyes were as black as ink. He possessed an extremely deep and dark aura that astonished everyone.

Chu Kuangren glanced at him and said, "Such an aura..."

He was one of the Ten Calamities.

"I'm Darkness Calamity. Greetings, Heavenly Sword," Darkness Calamity greeted Chu Kuangren.

He was much more respectful toward the Heavenly Sword, who was famous in their universe, than Feng Qiyu and Di Qianqiu.

"Why are you looking for us?" Long Shuijing asked.

Darkness Calamity then told them about the Heavenly Ocean Continent.

Upon hearing about it, Chu Kuangren's interest was piqued. "Seizing the resource location? Interesting. The Heavens will go and have a look."

"We will wait for your arrival on the Heavenly Ocean Continent, Heavenly Sword."

With that, Darkness Calamity left.

The Heavenly Ocean Continent was a continent covered in seawater.

Many Prodigies of the two great universes wanted to seize that resource location, so they surrounded the continent, and endless fight broke out.

At that moment, on the surface of the ocean somewhere on the Heavenly Ocean Continent, a light ray shot up into the sky with Daoist law flowing about. Soon, a huge island emerged from the ocean.

Seeing that, countless cultivators rushed over one after another.

When everyone arrived at the island, they noticed all kinds of treasures containing various Immortal Metals and strange minerals...

On top of a mountain on the island, there was a mysterious tree with more than a dozen white fruits.

Those fruits were surrounded by Immortal Sparks and contained Daoist laws within them.

They released bursts of fragrance that made people's mouth water.

"Those are the Embodier Fruits!"

"The Embodier Fruits are grown from countless Embodier Fragments! My goodness. It is said that one Embodier Fruit can increase the success rate of breaking into the Embodier Realm, and there are more than a dozen here. Such an Opportunity of Fortune is unbelievable."

"No way. These Embodier Fruits are mine."

All Prodigies stared greedily at the Embodier Fruits.

Meanwhile, several incomparably powerful auras burst out in the void. They swept out from all directions and came to the sky above the island.

Then, Emperor qi soared into the sky, and someone approached the island on a golden auspicious cloud.

At the same time, a storm raged, and a graceful figure approached the island slowly too.

They were Di Qianqiu and Feng Qiyu.

Kaboom!

Purple-red domineering qi shook the ocean and set off terrifying waves.

A domineering figure walked proudly toward the crowd.

Every step he took formed a water pillar above the surface of the ocean.

"He is the Conqueror Tribe's Xiang Tiancang!"

Someone recognized the person, and his gaze turned solemn.

Di Qianqiu, Feng Qiyu, and Xiang Tiancang were the top three on the Heavenly God Leaderboard. Although the leaderboard existed only in name and its reputation was not as great as before, the strength of those three people was not to be doubted.

Following the emergence of those three people, more Prodigies appeared one after another.

A burst of chilly sword intent gushed out.

Soon, the surface of the ocean was frozen. Amidst the endless snow, a stunning woman walked over with a longsword in her hand.

She was Luo Xue, the Temple's Tenth Seat!

Shortly after, a huge Evil Eye suddenly appeared in the sky, flowing with a faint purple light. The terrifying evil light shrouded the entire realm.

The Evil Eye Tribe's Prodigies had arrived.

"Not only the Opportunities of Fortune here but the Heavenly Ocean Continent also belongs to the Central Heaven Universe!" A domineering voice sounded.

A tall man in golden armor showed up with several God King Guardians.

They were Sikong Mo and others who had escaped earlier.

Boom! Boom!

Thunder sounded in the sky.

Huge dark clouds emerged, and horrifyingly dark willpower enveloped the entire ocean. Following that, a figure descended from the dark clouds.

He was Darkness Calamity!

His frightening dark aura brought a great sense of oppression to all the Prodigies of Pan Gu Universe.

On top of that, two people were behind him.

One of them had divine lightning surging on his body while the other was entangled in a black-colored water current. However, both of them possessed calamitous energy.

They were Calamity Divine Lightning and Calamity Mildwater from the Ten Calamities!

A burst of Immortal Sparks burst out.

A person walked out from the Immortal Sparks with mysterious energy and countless runes circulating her.

She was a stunning woman who had an indifferent expression. It was as if nothing in the universe could get her attention.

"She is Heavenly Maiden You, a Prodigy from the Mystic Divination Tribe!"

"The Temple's Fifth Seat!"

Di Qianqiu glanced at her. "I didn't expect her to come too."

He could sense the King Mark's aura from her.

It was obvious that she was also one of the Nine Kings.

On the Central Heaven Universe's side, countless Prodigies emerged with domineering and peerless might.

Just as those Prodigies' aura suppressed all of Pan Gu Universe's cultivators, several auras also made a grand arrival from the other side of the land.

A burst of sword qi soared into the sky, accompanied by the scene of the fallen Immortal Buddha.

It was Ye Zhu who had arrived.

Then, a Five-colored Kylin roared and glided across the air with an Outlier's aura, and the seawater crashed wherever it went.

Furthermore, mists started rising from the surface of the ocean. It was because an incomparably scorching aura had erupted and caused the seawater to evaporate continuously.

A blue-haired woman walked out of the mists.

Meanwhile, the Bagua Diagram appeared from the horizon, and under it was a man in white approaching them slowly. Wherever he went, the earth cracked while the mountains collapsed.

"People of Central Heaven Universe, here I am!" Xing Wangu yelled as he emerged holding a huge axe in his hand.

Behind him, Yuan Zhan had also arrived.

"This land cannot be given to you guys."

An indifferent voice sounded.

A white lotus bloomed in the air, and a noble female Immortal with hundreds of millions of Immortal Sparks emerged in the white lotus.

She was Yu Zhi, the West Ruler Matriarch's successor.

Ye Zhu, the Drought Maiden, Five-colored Kylin Child, Fuxi's successor, Xing Wangu, Yuan Zhan, Yu Zhi, and other Prodigies of Pan Gu Universe made an entrance.

Their poise was no weaker than that of the Central Heaven Universe's cultivators.

The two great universes' Prodigies emerged either to compete for the Embodier Fruits on the island or to occupy the Heavenly Ocean Continent...

It was a tit-for-tat battle, and both sides wanted to outdo each other.

A terrifying battle was about to break out.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1855: The Battle of Prodigies, Twenty-Four Oceanic Soothing Pearl, It's Uncertain Who Will Die

Prodigies of the two great universes gathered on the Heavenly Ocean Continent. It was a tit-for-tat battle, and both sides wanted to outdo each other!

Following a series of war cries, a chaotic battle broke out between the two parties, and all kinds of Immortal Techniques and divine abilities erupted in the air.

Ye Zhu was fighting against Xiang Tiancang.

One of them activated the Green Leaf Sword Vision and channeled the power of his Honorable Supreme Immortal Physique to its limit, unleashing the Immortal Destruction Sword Qi in full display.

Another one was domineering and incomparable. His purple-red domineering qi surged and collided with the sword qi again and again.

Meanwhile, Yu Zhi was fighting against Feng Qiyu.

Yu Zhi channeled the White Purification Lotus energy, and countless divine lights shone, purifying everything it touched. However, Feng Qiyu's Wind of Void was not to be outdone as well.

Two beautiful figures flickered as the two energies converged, and the powerful force covered a particular part of the universe.

"Haha. Let's fight!"

Xing Wangu and Yuan Zhan were eager to fight against Di Qianqiu.

However, they underestimated Di Qianqiu's strength.

With a cold gaze, Di Qianqiu released a surge of frightening Emperor qi and blasted the two of them away.

"He's pretty powerful. Is this the combat strength of one of the Nine Kings?!"

"Tsk tsk. We're no match for him."

Although Xing Wangu and Yuan Zhan were aggressive in battle, they knew what kind of opponents they could handle.

They definitely could not defeat Di Qianqiu.

"The strengths of the Prodigies from the Central Heaven Universe are indeed astonishing. The Heavenly Sword we fought against earlier was a monster, and this Di Qianqiu shouldn't be messed with either."

Upon hearing what these two people said, an odd look appeared in Di Qianqiu's eyes.

"Both of you have met the Heavenly Sword, and you survived?"

"So what if we did?"

"You're lucky," said Di Qianqiu.

Even Outliers might not survive the Heavenly Sword, so those two people were indeed lucky to have survived.

"Since Heavenly Sword didn't kill both of you, I'll do it!"

Soon, violent Emperor qi circulated Di Qianqiu's body, and his Emperor Physique's divine ability was about to be activated.

However, a five-colored brilliance erupted at that moment!

The five-colored brilliance flowed in the air and formed a huge Kylin foot that stomped downward to crush Di Qianqiu!

With a bang, the surrounding area exploded!

Di Qianqiu was forced backward.

The Five-colored Kylin Child glided through the air with its Immortal's Core erupting. "I'll be your opponent!"

The Five-colored Kylin Child was an Outlier from Pan Gu Universe!

Di Qianqiu snorted and fought against him.

Boom!

On the other hand, two figures were sent flying backward.

They were Heaven Maiden You and Wahuang's successor, Hua Xi. The two Divine Maidens fought against each other with equally astonishing momentum.

Meanwhile, another successor of the Human Emperor Sect, Fuxi's successor, was fighting against Darkness Calamity.

The incomparably mysterious Innate Bagua Diagram energy, which contained natural transformations, was facing off against the profound and unpredictable Power of Darkness. However, both powers were not to be outdone!

The rest of the people were also fighting against their opponents, and the situation was chaotic.

Sword qi, saber ray, flame, frost, palm strength, punch blast...

Various energies exploded one after another and set off frightening waves on the surface of the ocean. Tsunamis of tens of thousands of meters rose on the sea one after another.

The entire Heavenly Ocean Continent was trembling wildly.

"Universal Darkness!"

At that moment, the Evil Eye Tribe's Prodigy hovered into the air, and the Evil Eye on his forehead shot out dazzling Evil Eye light rays.

A giant purple eye emerged in the sky while a burst of purple evil light illuminated all directions!

However, anyone hit by the evil light would feel their body jerk and find it difficult to move!

"What's going on?"

"What kind of weird divine ability is this? It has immobilized us."

Shocked, cultivators from Pan Gu Universe struggled frantically but to no avail.

Prodigies from Central Heaven Universe, on the other hand, seized the opportunity and launched various powerful moves to either wound or severely injure Pan Gu Universe's Prodigies.

For a while, Pan Gu Universe's Prodigies were in danger!

"This is bad!"

"Damn it!"

At that moment, the Drought Maiden dashed out. Her figure flashed as she rushed toward the Evil Eye Tribe's Prodigy with a fist attack!

Following a loud bang, her fist hit the Evil Eye.

The evil light rays receded due to the impact, and Pan Gu Universe's Prodigies recovered from their injuries.

"Why aren't you affected by my Evil Eye?"

The Evil Eye Tribe's Prodigy looked at the Drought Maiden in disbelief.

"Your Evil Eye targets the soul, am I right? Unfortunately, I'm a Jiangshi without a soul, so your power doesn't work on me!"

A Jiangshi was a creature beyond the universe.

Although being soulless limited the potential of a Jiangshi to a certain extent, it was also their advantage. That was why a soul attack had little effect on them.

"Hmph. It looks like a soulless Jiangshi is my Evil Eye Tribe's nemesis," the Evil Eye Prodigy said coldly.

While the fierce battle was ongoing, an astonishing energy fluctuation suddenly erupted on the surface of the ocean.

Soon, twenty-four light pillars soared into the sky while twenty-four pearls, which contained frightening energy fluctuation, shot out from the light pillars.

The energy had some kind of connection with the Heavenly Ocean Continent.

After noticing the twenty-four pearls, Fuxi's successor's eyes narrowed. "That's the... Twenty-four Oceanic Soothing Pearls!"

"What? It's the Innate Supreme Treasure, the Twenty-four Oceanic Soothing Pearls. I heard it has long been lost, and I didn't expect to find it here."

"According to legend, the Twenty-four Oceanic Soothing Pearls can soothe the ocean. It contains universal water energy, and its power is extremely horrifying."

"The Heavenly Ocean Continent is mostly covered with the vast ocean, so it's not surprising that the Twenty-four Oceanic Soothing Pearls are hidden here. If I can get my hand on this item, not only could I own an Innate Supreme Treasure, but I can also use it to suppress the Heavenly Ocean Continent and control this land!"

Everyone looked at the Twenty-four Oceanic Soothing Pearls, which were filled with five-colored rays, with their eyes burning with desire.

However, the two parties confronted each other, and neither wanted to give in.

Therefore, getting the Twenty-four Oceanic Soothing Pearls would not be an easy feat.

At that moment, a King's Mark emerged on Di Qianqiu's forehead, causing his power to double again!

"Emperor's Double Pupils, Heaven-earth Calamity!"

Following a cold grunt, Emperor qi merged with the life-death qi and gushed out, smashing hard on the body of the Five-colored Kylin Child, sending him flying backward.

Meanwhile, Heaven Maiden You also activated the King's Mark power.

"Six Deities Holy Dragon Formation!"

Countless runes soared into the sky and formed six giant dragons. Then, those six dragons turned into a huge barrier that enveloped all of Pan Gu Universe's Prodigies.

A huge pressure emerged, putting Pan Gu Universe's Prodigies in danger.

"The Twenty-four Oceanic Soothing Pearls belong to Central Heaven Universe!"

"You guys shall die here!" Di Qianqiu said coldly.

He joined forces with Heaven Maiden You, and as he activated the King's Mark, the power of the two kings shocked everyone.

Just when they were about to attack and overpower all of Pan Gu Universe's Prodigies, an indifferent voice suddenly reverberated through the realm.

"It's uncertain who will die!"

After that, a sword qi swept out from the distance. Wherever the sword qi struck, the ocean was divided into two!

The sword qi then landed on the runes of the Six Deities Holy Dragon Formation.

A deafening explosion later, the barrier exploded, and the pressure that enveloped all of Pan Gu Universe's Prodigies instantly dissipated.

Soon, a figure in white stood above them, representing hope.

His white robe was billowing in the wind, surrounded by Immortal Sparks, and the Immortal King's domineering aura enveloped the universe!

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1856: Killing Di Qianqiu, the Central Heaven Universe's Prodigies Fall Into Despair

A domineering and hellish aura instantly enveloped the surrounding area!

At that very moment, the figure in white robes attracted everyone's attention.

The Central Heaven Universe's cultivators looked at the white-robed figure with horror. They felt as though a mighty mountain was weighing down on them, suffocating them.

"So this is Pan Gu Universe's Chu Kuangren?"

"What a terrifying aura!"

"He's too powerful!"

Central Heaven Universe's Prodigies gulped.

However, the Evil Eye Tribe's Prodigy let out a low grunt and leaped into the air, releasing a terrifying evil light ray from his Evil Eye.

His Evil Eye light ray shot forward and locked onto Chu Kuangren!

"Your power is too insignificant," Chu Kuangren said calmly.

He then formed a sword hand sign and channeled his Immortal's Core energy. The Evil Eye light ray instantly shattered, followed by the Evil Eye Tribe's Prodigy's skull. A mist of blood erupted along with a headless corpse falling onto the ground.

Upon seeing that, everyone's eyes instantly widened in fear.

That Evil Eye Tribe's Prodigy might not be as powerful as the Temple Sequence or Outliers, but he was still an ancient Prodigy of the Central Heaven Universe.

The fact that he was killed with a single move was simply terrifying.

"Prodigies from the Central Heaven Universe, you have my permission to attack altogether!" said Chu Kuangren indifferently with both hands behind his back.

"How insolent!" Xiang Tiancang snorted.

His domineering qi rose into the air, dying the sky red with his purple-red light.

A tremendous punch descended from the sky with overbearing might.

Despite seeing that, Chu Kuangren stood still like an unmovable mountain, allowing the punch to land on his body. However, he did not even move an inch!

"How is this possible?"

Xiang Tiancang's expression sank.

'Did he just take the full blow of my punch head-on?'

'Almost no one below an Embodier's level can do that!'

'This guy is just too terrifying!'

Just when everyone was shocked and panicking, Chu Kuangren moved. His longsword with a white-jade-like appearance immediately unsheathed itself with a clang!

It was his Descendant Self Sword!

Having been in deep slumber, the Descendant Self Sword was unsheathed again. This time, the countless Dao Proclamation Seals on the sword's body lit up, and boundless light shot up into the skies.

His peerless sword aura swept across the land.

Sounds of sword chant reverberated through the air. It was as if the Descendant Self Sword was crying out with joy!

"Slash!"

Chu Kuangren stepped forward and lifted the sword in his hand to unleash a slash.

A raging ocean of razor-sharp sword qi gushed out.

"This is bad!"

Di Qianqiu knew how frightening Chu Kuangren's power was.

In the face of his opponent's incoming sword qi, he immediately unleashed his full power without hesitation! A divine light shone from his eyes!

"Double Pupils, Overworld Calamity!"

The divine light was mighty and vast.

It contained the Emperor and Life-death Intent that were seemingly hell-bent on destroying the world.

Following an earth-shattering explosion, Di Qianqiu was forced back with a single hit, his face pale.

"Oh, your eyes have healed quite well," Chu Kuangren said.

He sounded a little sarcastic.

Di Qianqiu recalled his previous fight with Chu Kuangren, where his eyes were made blind as a result, and his expression became incredibly grim.

"Everyone, this person can't be defeated easily. Let's attack together!"

"Very well!"

If Di Qianqiu, one of the Nine Kings, said it, the remaining cultivators could only follow suit.

"Rumor has it that this person is on par with the Heavenly Sword in terms of power. In that case, I shall find out how powerful he is than the Heavenly Sword!"

"That's right. Let us witness his strength!"

Everyone immediately attacked together.

Calamity Diving Lightning and Calamity Mildwater were the ones charging toward their opponent at the front. Their calamitous qi erupted and enveloped Chu Kuangren.

The powers of divine lightning and mild water erupted all at once.

"Oh, they're from the Ten Calamities."

A strange look flashed across Chu Kuangren's eyes.

After that, the sounds of roaring dragons suddenly sounded from behind him!

The terrifying dragon roars caused the surroundings to quake!

They were the True Emperor Dragons!

Facing such power, both Calamity Divine Lightning and Calamity Mildwater took the brunt of the attack, and their bodies exploded into a mist of blood.

At that moment, a strand of sword qi covered in frost swept out.

Its powerful energy immediately froze the surrounding void.

It was Luo Xue's sword qi.

However, Chu Kuangren unleashed a slash with his Descendant Self Sword. An even more powerful sword qi was released, shattering the frost attack that filled the sky with snow. Luo Xue was blasted away with blood spurting out from her mouth.

"What a powerful sword qi!"

"He's almost on the same level as the Heavenly Sword!"

Luo Xue could not believe it.

She had always thought that the Heavenly Sword was the most terrifying and powerful Prodigy in the world — that no one else could match his power.

Yet now, another person as powerful as the Heavenly Sword had appeared.

"Heaven Crushing God Slaying Megaformation!"

At that moment, Sikong Mo activated the Central Heaven Universe's killer formation again.

However, the power of that formation was many times weaker than before.

After all, many of the God King Guardians had been killed by Chu Kuangren the last time. Hence, compared to the previous army, the current formation army that Sikong Mo had assembled was no match in terms of cooperativeness and strength.

"Take it down!"

Chu Kuangren's True Emperor Dragons roared.

Each of the nine dragons was holding one of the Nine Province Cauldrons as they charged toward the formation, and their powerful energy caused the killer formation to crumble once more.

Sikong Mo, however, was not as lucky this time. With the formation destroyed, he was sent flying backward with blood spurting from his mouth. However, he was also struck by the Nine Province Cauldrons, which shattered his bones and tendons, causing him to fall onto the ground like a pile of flesh and die immediately!

"Six Deities Holy Dragon Formation!"

The Heaven Maiden You immediately activated the Six Deities Holy Dragon Formation three times in a row.

Eighteen Holy Dragons roared as they attempted to suppress Chu Kuangren in battle!

"It's useless attacking with numbers alone."

As Chu Kuangren said indifferently, his True Emperor Dragons immediately dashed into the air, tearing apart the eighteen Holy Dragons in a blink of an eye.

"Sunbreaking Heavenly Dark God!" Calamity Darkness yelled as he attacked.

A massive surge of Arch Gilded Intent was channeled to the maximum, and it formed a gigantic black sun that proceeded to crash down from the sky!

Everything in the black sun's path was swallowed by darkness.

"What can a mere Calamity Darkness possibly do to me?"

A cold snort sounded.

Chu Kuangren slashed his sword forward, tearing apart the black sun with the Immortal Destruction Sword Qi's final form.

The sword qi hit Calamity Darkness and sent him flying backward.

"Wind of Void!"

"Overlord Spear!"

Feng Qiyu and Xiang Tiancang attacked together.

A long purple-red spear and a terrifying storm made their way to the opponent!

The power of that attack shattered the void!

In that instant, the rest of the Prodigies also attacked.

A barrage of various Immortal Techniques and divine abilities gathered into a devastating energy torrent.

Chu Kuangren, on the other hand, stood proudly. He raised his hand and released boundless Immortal Sparks from his five fingers, causing various sorts of Arch Gilded Intents to intertwine.

He then punched his fist forward, and the ground cracked!

The burst of Immortal Sparks was so dazzling that everyone had to squint.

When that mighty punch collided with the endless energy torrent, the oceans were raging violently as if the whole world was crumbling.

Several figures were blasted away from within the endless Immortal Sparks.

Those were the Central Heaven Universe's Prodigies.

Di Qianqiu, Feng Qiyu, Xiang Tiancang, Heaven Maiden You, Calamity Darkness, and others were all sent flying backward with injuries all over their bodies.

Some other Prodigies were blown up, their blood tainting the sea red.

Chu Kuangren had single-handedly overpowered a crowd of Central Heaven Universe's Prodigies. The scene stunned everyone present.

"He's so powerful. Although he is not in the Immortal World and can't utilize the Immortal King's authority, he's still so terrifying and powerful!"

"This is the power of Chu Kuangren!"

Pan Gu Universe's cultivators were in high spirits.

On the contrary, the Central Heaven Universe cultivators were devastated.

"He's too terrifying. Even the Nine Kings aren't as terrifying as him."

"This guy is even more terrifying than the Nine Kings!"

"By the heavens..."

While everyone was still in shock, Chu Kuangren made another move.

He stepped forward and unleashed a slash that locked onto Di Qianqiu!

The second his sword qi gushed out, the member of the Nine Kings whose fame once shocked the whole Central Heaven Universe, was now slashed into half amidst his horror.

His Emperor's blood dyed the ocean red.

The Central Heaven Universe's Prodigies could not help but fall into despair.

However, that was not the end of it as Chu Kuangren pointed his sword at his next target. It was another member of the Nine Kings, Heaven Maiden You!

Unparalleled After Ten Consecutive Draws

Chapter 1857: Heavenly Sword Versus Green Lotus, He Can Only Be Blamed for His Bad Luck

Chu Kuangren's sword qi locked onto the Heaven Maiden You. His powerful sword aura immediately turned the Heaven Maiden's face pale.

However, a strand of sword qi suddenly appeared from a distance and landed on Chu Kuangren's sword, blocking Chu Kuangren's attack with a clang.

The Pan Gu Universe's cultivators were shocked to see that.

After all, everyone knew how powerful and terrifying Chu Kuangren's sword qi was. He could even kill an Outlier like Di Qianqiu!

Who could be strong enough to block that attack?

Everyone looked toward the source of the sword qi.

A figure in white robes was approaching from the coastline. His body was covered with Immortal Sparks, his appearance was otherworldly, and his sword aura. The man's arrival shook the realm!

At that moment, regardless of which universe they were from, all of the sword cultivators' swords started trembling uncontrollably and letting out sounds of sword chant.

It was as if they were welcoming the arrival of the supreme ruler of all swords!

The instant they saw who it was, the Central Heaven Universe's cultivators immediately burst into joy.

"It's the Heavenly Sword!"

"The Heavenly Sword has arrived!"

The Central Heaven Universe cultivators became excited as if a savior had come to rescue them from despair.

That behavior was similar to when Pan Gu Universe's cultivators saw Chu Kuangren arrive earlier.

The Heavenly Sword was the strongest Prodigy in the Central Heaven Universe!

"So that's the Heavenly Sword, huh? His aura is truly extraordinary!"

"I wonder whether he's a match for Chu Kuangren."

"Tsk, not everyone is strong enough to fight against Chu Kuangren. Is the Heavenly Sword powerful enough?"

The Heavenly Sword arrived before the Central Heaven Universe's cultivators in a blink of an eye.

Those white robes and black sword of his were once the greatest nightmare for those Prodigies.

However, at that moment, it had become their greatest semblance of hope!

It was an irony, to say the least.

"Heavenly Sword..."

Heaven Maiden You felt a sense of security that she had never felt before as she looked at the Heavenly Sword.

She looked at Chu Kuangren again and thought, 'Perhaps we can only fight the monster with a monster of our own!'

The Heavenly Sword, or perhaps Heavenly Sword Chu Kuangren, arrived at the scene. He glanced at Di Qianqiu's corpse, picked it up, and kept it.

Then, he turned to look at Green Lotus Chu Kuangren.

When their gazes met, their thoughts connected.

"You go take the Oceanic Soothing Pearls while I'll go for the Embodier Fruit!" said Heavenly Sword Chu Kuangren.

"Alrighty. I'll help boost your reputation a little as well." Green Lotus Chu Kuangren grinned a little.

Then, he stepped forward holding the Descendant Self Sword, with his domineering aura flooding the area, and said indifferently. "Rumors say that you're the strongest Prodigy in Central Heaven Universe!"

Heavenly Sword Chu Kuangren stood there, with his sword aura rising into the air. "That's not a rumor but the truth!"

"Interesting. I hope your combat strength matches that arrogance of yours!"

"The Heavens shall have a taste of your strength!"

Before the two of them fought, their incomparably horrifying auras had collided violently.

In that instant, the surrounding terrain crumbled while the ground cracked open!

The oceans raged while the waves crashed!

Everyone held their breaths as they watched, eager to find out how terrifying that battle would be!

Would the Heavenly Sword beyond the Heavens emerge victorious, or would the madman amongst humanity stand on the peak of victory?

Boom!

The surface of the ocean behind the two cultivators instantly blew up with a bang!

Following that, the two of them disappeared from the spot.

Their first exchange started with a clash of swords. A black sword and white sword collided, spreading horrifying sword qi that tore apart the surrounding oceans.

"Immortal Destruction!"

"Starlight Destruction!"

It was the Immortal Destruction sword qi versus the Starlight sword qi!

The former was incredibly domineering as it was filled with murderous and destructive intent and accompanied by conjurations of gods, Buddhas, and deities dying!

The latter was dazzling and bright, accompanied by conjurations of galaxies and planets blowing up in the sky!

The first exchange resulted in a tie. Both parties were forced back!

Heavenly Sword Chu Kuangren chuckled. "Your strength has brought great joy to the Heavens!"

With the black Void Sword in his hand, his sword aura grew increasingly terrifying!

"Very few have survived my sword attack. You've made me equally happy!" Green Lotus Chu Kuangren said indifferently while holding the Descendant Self Sword.

"Again!"

The two of them clashed again. All sorts of spectacular sword techniques were cast in quick succession.

The black sword and white sword exchanged blows non-stop in the void.

That battle was several times more intense and terrifying than the battle between the Prodigies earlier.

The surrounding Prodigies could only move back as the sword aura grew more horrifying. All of them watched the battle with horror!

"These two are just too frightening."

"That's right. No one else below an Embodier's level can match them in battle."

"The Heavenly Sword truly is powerful. Without Chu Kuangren, I'm afraid Pan Gu Universe would be in great danger."

Pan Gu Universe's cultivators were discussing among themselves.

However, Central Heaven Universe's cultivators also shared a similar thought.

"Sword of Invincibility!"

At that time, the tide of the battle suddenly changed.

Chu Kuangren unleashed a powerful slash that prompted his terrifying Arch Gilded Intent to gush out and turn into a massive but horrifying sword shadow!

An invincible intent was contained within that sword attack!

It was so powerful that it stunned the very heavens and earth itself!

Green Lotus Chu Kuangren was sent flying by that sword attack, and his face turned pale for a moment before returning to normal.

Pan Gu Universe's cultivators were shocked.

"What! Chu Kuangren has fallen into a disadvantage!"

"Is the Heavenly Sword so powerful?"

Chu Hong, Shang Honghua, and others began to look worried.

With the Void Sword in hand, the Heavenly Sword said with a look of contempt, "The Heavens truly admire your abilities. However, you'll always lose when it comes to a battle of swords!"

The Heavenly Sword, who existed beyond the Heavens, was not to be messed with, after all.

Even if the cultivators of the two universes joined forces, they would not be a match against Heavenly Sword Chu Kuangren.

"Heh, that might be so. However, when it comes to combat strength, we're still yet to find out!"

Green Lotus Chu Kuangren kept his Descendant Self Sword away.

Then, Chiyu's Demonic Patterns appeared on his face. His Battle Secret Technique was activated, and along with the True Emperor Dragons' strengthening effect, Green Lotus Chu Kuangren's combat strength was strengthened!

"Universal Life-Death Cycle!"

Green Lotus Chu Kuangren channeled the power of his Chaos Celestial Demon Physique to unleash a burst of life and death energy!

"Oh, interesting!"

Heavenly Sword Chu Kuangren stretched out his hand to block the incoming life and death energy.

However, that was only the first wave of attack.

Universal Life-Death Cycle, Divine Samsara Overworld, Great Black Hole Destruction...

Various divine abilities were cast all at once!

For a moment, the attacks were so powerful that even the Heavenly Sword was overpowered.

Meanwhile, the energy shockwaves created by those divine abilities spread everywhere, and the Central Heaven Universe's cultivators were the first to get hit.

Especially Calamity Darkness, who was drawn toward the energy black hole that Chu Kuangren created, he could not stop himself from being sucked toward it.

"Oh no!"

Calamity Darkness's expression sank. He frantically channeled his full power to resist the black hole's energy.

However, just when he had freed himself from the black hole's grasp but before he could breathe a sigh of relief...

"Interesting. You should behold the divine ability of the Heavens too!"

Heavenly Sword Chu Kuangren let out a faint smile.

The power of his Fully Realized Overlord Physique and Fully Realized Emperor Physique erupted at the same time, releasing the Emperor Overlord qi that caused the surroundings to quake!

Boom!

Having just escaped from the black hole, Calamity Darkness was struck by the Emperor Overlord qi and sent flying backward again.

"Heavenly Sword, no..." Calamity Darkness screamed in horror.

However, it was too late.

Wedge between the Emperor Overlord qi and the Black Hole energy, Calamity Darkness was crushed to death on the spot!

However, the two Chu Kuangrens ignored him.

It was as if they were two normal people fighting at the side of the road and had accidentally crushed an ant.

The others quickly moved back, afraid of being caught up in that fight.

"That's one of the Ten Calamities. What a pity..."

Feng Qiyu shook her head.

She did not blame the Heavenly Sword for what happened.

After all, in a battle between elites, both parties had to focus all their attention on their opponent. How could they have noticed Calamity Darkness during their fight?

He could only be blamed for his bad luck.

Unparalleled After Ten Consecutive Draws

Chapter 1858

Heavenly Sword Chu Kuangren activated his Fully Realized Overlord Physique and Fully Realized Emperor Physique!

The two physiques merged, sending powerful energy shockwaves everywhere that caused the surroundings to rumble violently!

"Emperor Overlord Sword!"

Heavenly Sword Chu Kuangren raised his Void Sword high.

His Emperor qi and Overlord qi intertwined and gathered at the tip of his sword. Its terrifying might immediately enveloped the whole area!

Green Lotus Chu Kuangren stood where he was, mobilizing the power of several Immortal Physiques. Then, he consolidated that power and unleashed a powerful punch!

"Arch Gilded Godly Fist!"

The sword qi and punch strength collided with a bang. As a result, it swept up a devastating energy storm in the air.

Both parties were forced back inside the storm.

Green Lotus Chu Kuangren was pushed back near the Oceanic Soothing Pearls, where he raised his hand and quickly kept that item.

Those Twenty-four Oceanic Soothing Pearls were formed by the Chaos Green Lotus' leaves, so they would be very useful to him.

Meanwhile, Heavenly Sword Chu Kuangren was pushed back near the tree with the Embodier Fruit. Similarly, he raised his hand and quickly stored the fruit and tree as a whole in his Enchanted Sleeve.

The Embodier Fruit was a very important item for him to ascend to the Embodier Realm.

Having gotten what they needed, the two of them exchanged glances.

"My next attack will truly shock you!" Green Lotus Chu Kuangren said indifferently.

"The Heavens look forward to it!"

Heavenly Sword Chu Kuangren channeled his power to the maximum.

A surge of incomparably terrifying energy, much more powerful than his Emperor Overlord qi, gradually escaped from his body.

It was the power of his Ultimate Almighty Source Physique!

The physique was created by merging countless physiques and was one level above every physique out there. It was the Ultimate Almighty Source Physique!

For a moment, regardless of which universe they came from, every Prodigy who sensed that energy immediately started trembling uncontrollably.

An instinctive fear overwhelmed them!

"What kind of power is this?"

While everyone was still in fear, the Green Lotus Mark on Green Lotus Chu Kuangren's forehead started emitting an extraordinary surge of Daoist Rhyme.

Following that, a surge of destructive energy that originated from the birth of chaos erupted!

That surge of destructive energy was equally terrifying!

"Green Lotus' Destruction Light!"

Green Lotus Chu Kuangren raised his hand, releasing a beam of green divine light. Wherever that light went, the void began to crumble silently!

"Ultimate Almighty Source Sword!"

Heavenly Sword Chu Kuangren unleashed the most powerful slash in his life!

His Ultimate Almighty Source energy transformed into a rainbow-colored sword shadow, and an intent that transcended all things emerged from it!

The moment the Destruction Light and sword shadow collided, the surroundings instantly fell into silence!

Everything visible to the naked eye was wiped out without a sound!

The void, the surrounding islands, the oceans itself...

Everything that had a form was immediately transformed into a formless state!

Even the invisible Dao was seemingly affected as everyone felt as though the Dao within their bodies was on the brink of collapse!

The shockwaves immediately caused some of the cultivators with weak cultivation to cough out a mouthful of blood.

When the energy shockwaves dissipated, everyone could only see two figures standing on the ocean surface. The battle between the two had ended with a tie!

Everyone stared at the two cultivators, their gazes dull and lifeless.

'What kind of power was that?'

'Is that power something that exists in this universe?'

'That energy blast earlier affected even the Great Dao itself. I don't think something like that is possible even with the Embodiers...'

Just when everyone was still in a daze, a golden long spear suddenly appeared from a distance. It was emanating countless Daoist laws and was heading toward Green Lotus Chu Kuangren!

A shockingly powerful surge of Emperor qi was also contained within it!

That attack was not something an Arch Gilded Immortal could unleash.

It was an Embodier who attacked.

Furthermore, it was no ordinary Embodier.

That long golden spear locked onto Green Lotus Chu Kuangren!

"How dare you!"

In Pan Gu Universe, Bei Ming roared. His terrifying Celestial Demon qi erupted and turned into a gigantic black palm that headed straight for that golden spear!

Boom!

However, that golden long spear went through that gigantic palm like it was nothing!

The power of that attack was so terrifying that even an Embodier like Bei Ming could not do anything to resist it!

"It's a Supreme God King's attack!"

Bei Ming was shocked.

A Supreme God King was basically the most top-tier Embodier.

Since Bei Ming had only broken through to the Embodier Realm in recent years, he still had quite a difference to the top-tier Embodiers.

Although that palm attack of his managed to shave away much of the long golden spear's power, it was still terrifying!

"Hmph!"

A cold snort sounded.

Another burst of Celestial Demon qi erupted. It was one of the seven Celestial Demon Cultivators, Xu Wu!

A gigantic finger formed from Daoist laws was sent toward the golden long spear. However, another surge of energy erupted from the void at that time!

Those were purple-red Daoist laws that contained Overlord qi!

One of the Overlord Tribe's Embodier had taken action to stop Xu Wu!

The two Supreme God Kings had made a move just to kill Green Lotus Chu Kuangren!

In the face of such an attack, Green Lotus Chu Kuangren's gaze narrowed, and a smirk appeared on his face as the golden True Emperor Dragons behind him roared. He raised his hand, releasing a burst of boundless Immortal Sparks.

Amidst the endless Immortal Sparks, there were several Godly Weapons!

They were the Kunlun Mirror, Eastern Sovereign Bell, Pan Gu Axe, Kongtong Seal, Shennong Cauldron, Xuanyuan Sword, Nuwa Stone, Yokai Refining Flagon, Great Heaven Tower, and Fuxi's Guqin!

The Ten Great Godly Weapons emitted seemingly boundless light within the Immortal Sparks!

In an instant, the power of the Ten Great Godly Weapons erupted, activating a dazzling formation technique. It was none other than the Universal Godly Weapons' Ten Directions Formation!

"Ten Directions Godly Weapons, Overworld Tremor!"

The power of the Godly Weapon Formation reached its maximum.

A colorful light emerged from that formation and collided with the golden long spear.

Following that, tremendous amounts of energy erupted, and the Ten Great Godly Weapons were scattered everywhere.

A figure was sent flying out from the battlefield. It was Chu Kuangren!

However, other than his robes looking a little torn up and messy, he did not seem critically injured.

That sight shocked everyone.

Chu Kuangren had taken on a God King's attack unscathed!

Moreover, it was a Supreme God King!

"What kind of tricks does he still have up his sleeve?"

Everyone mumbled.

At that time, a terrifying surge of sword aura erupted.

Heavenly Sword Chu Kuangren was staring coldly into the void far away. "Who gave you permission to interfere in the Heavens' battle?"

The Pan Gu Universe cultivators were stunned.

'Is the Heavenly Sword questioning his universe's God King?'

'Well...'

'Now that I think about it, Chu Kuangren has also done something similar before.'

'He has even killed a few of the Pan Gu Universe's Embodiers.'

Heavenly Sword Chu Kuangren's gaze was cold, and killing intent was building up within him. He was very familiar with the aura of that golden long spear just now.

That was Di Feitian's aura!

He was the Temple's Left Guardian, a Supreme God King of the Emperor Tribe!

"I originally wanted to take my time dealing with you in the future. But since you're so eager to look for trouble, don't blame me for what happens next."

Chu Kuangren's gaze was cold as ice.

He had decided. When he returned to the Central Heaven Universe this time, he would immediately deal with that Supreme God King first!

It was time for judgment to fall on he who violated his Life Contract!

However, Pan Gu Universe's Embodiers were even more enraged than Chu Kuangren.

"How dare a Supreme God King attack a younger cultivator? What audacity!"

"Hmph, it looks like you guys truly can't wait to die, huh?"

It would be no surprise that a war between Embodiers would happen in the Void Battlefield in the future.

However, Heavenly Sword Chu Kuangren did not care anymore. He simply turned around and left.

The remaining cultivators from Central Heaven Universe followed after him.

"Master, are you alright?"

Lan Yu and the others quickly went up to Chu Kuangren. They were a little worried about him,

An Embodier's attack was not to be taken lightly, after all.

Chu Kuangren chuckled. "I'm alright."

Then, he raised his hand, gathering the Ten Great Godly Weapons into his possession.

Hua Xi, Fuxi's successor, and the other former Godly Weapon wielders were extremely shocked to see that.

Although there were ten of them activating the Godly Weapon Formation back then, its power still paled in comparison to when Chu Kuangren singlehandedly utilized the Ten Great Godly Weapons just now.

The difference between them was just too great.

Chapter 1859

Since the Heavenly Sword left after the battle on the Heavenly Ocean Continent, Pan Gu Universe cultivators obtained control over the whole continent.

Meanwhile, the remaining strategic resource locations throughout the Void Battlefield were also divided up by the Embodiers of the two universes.

Following that, several lines of defense were built in the Void Battlefield.

The battle between the two universes had temporarily come to a halt.

As for Heavenly Sword Chu Kuangren, he had returned to the Central Heaven Universe. The moment he entered the Central Heaven Temple, a massive and violent burst of sword aura erupted!

The whole temple rumbled from his power!

The sky-prides and Prodigies following him from behind all started shuddering in fear.

'The Heavenly Sword is enraged!'

Massive bursts of sword aura raged on mercilessly. Chu Kuangren immediately glared into the Daoist law's starry sky. "The Heavens demand an explanation!"

A surge of golden Emperor qi appeared.

Di Feitian walked out and said, "What explanation?"

"Who gave you permission to interfere in the Heavens' battle?"

"Chu Kuangren is a powerful enemy of the Central Heaven Universe. He must die at once, or there will be grave consequences!" Di Feitian said indifferently.

"That man is the Heavens' opponent. The Heavens will deal with him in due time. As for you, you have spoiled the Heavens' fun! A price must be paid for such insolence!"

Upon hearing that, everyone could not help but get into an uproar.

'Has he forgotten that Di Feitian is a Supreme God King? In the Central Heaven Temple, he is second in power only to the mysterious Temple Lord.'

'Yet, despite all this, Chu Kuangren wants him to pay for what he did. Has he gone mad?'

'Where did he find the courage to do this?'

"Hmph, you're too arrogant, Heavenly Sword. Could you possibly be implying that you're willing to ignore the fate of the whole Central Heaven Universe just for the sake of fun?" Di Feitian questioned.

"The Heavens shall ask you then. Have you killed Chu Kuangren?"

Di Feitian was speechless for a moment. "No. I was stopped."

"Exactly! There's no way any of you can kill him. Only the Heavens can do it. Do not use the fate of the whole universe as an excuse to undermine the Heavens! The Heavens is not responsible to answer to the likes of you!"

The crowd of God Kings looked at each other inside the Daoist law's starry sky.

It was true.

The God Kings would always be held back by other Embodiers during battle.

The Prodigies were the only people that could kill Chu Kuangren. Besides, the only person left in the Central Heaven Universe that could battle Chu Kuangren... was none other than the Heavenly Sword!

Even the Nine Kings were no match for Chu Kuangren.

Did they not see that Di Qianqiu was sliced into two back there?

"It looks like we'll have to depend on the Heavenly Sword after all."

"That's right. With Chu Kuangren around in Pan Gu Universe, he'll become an even more troublesome opponent when he breaks through to the Embodier Realm in the future. I'm afraid the only person who can keep him in check would be the Heavenly Sword."

...

Di Feitian took a deep breath. "It was my mistake to interfere with your battle. However, I did it so for the sake of the Central Heaven Universe, so let's put this matter behind us, Heavenly Sword. We will need your strength to handle Chu Kuangren from this day onward."

"Put this matter behind us..."

Chu Kuangren sneered. "What a well-thought reply that was. When the Heavens become an Embodier one day, the Heavens shall personally pay a visit to the Emperor Tribe!"

After that, his figure turned into a stream of sword ray and returned to the Heavenly Sword Peak.

Di Feitian's face twisted in anger.

'When he becomes an Embodier, not only is he going to get revenge, but he's also going to drag the whole Emperor Tribe into it?'

'Only one person has angered him, but a whole tribe has to pay for it?'

'The Heavenly Sword has gone too far.'

"Hmph, I'll wait and see what the mere Heavenly Sword can possibly do to the Emperor Tribe!" Di Feitian said with a chilling gaze.

The Emperor Tribe was an Ancient King Tribe with vast resources and strong foundations. Ordinary King Tribes could not even hope to compare with the likes of them.

'So what if the Heavenly Sword became an Embodier?'

'The Emperor Tribe is not short of God Kings as well!'

Inside the Daoist law's starry sky, several God Kings had gathered. They were all Supreme God Kings, the most top-tiered beings in the whole Central Heaven Universe.

At that moment, they had gathered and were discussing a certain matter that was Chu Kuangren.

That person's arrival had brought great shock to them.

After all, the Nine Kings were their strongest combat force to defeat Pan Gu Universe as they possessed seemingly endless potential.

However, the Nine Kings were nothing in the face of Chu Kuangren's power.

As such, they were forced to reconsider their strategy.

"Chu Kuangren's presence is not to be trifled with, and he will surely become a great enemy of the Central Heaven Universe. Although we have the Heavenly Sword keeping him in check, that person is unruly and hard to control. We must think of another way soon."

"That's right. We can't allow Chu Kuangren to live any longer."

"Then again, he's protected by the Celestial Demon Tribe. Who can possibly lay a finger on him?"

"We'll hold back the Celestial Demon Tribe and the other Embodiers. As for Chu Kuangren, we'll let the Ten Calamities handle him."

Everyone could not help but frown a little when the Ten Calamities were mentioned.

The Ten Calamities were a combat force from the Central Heaven Universe that infiltrated Pan Gu Universe a very long time ago. Their presence was another plan by the Central Heaven Universe to defeat the Pan Gu Universe.

However, could the Ten Calamities stand a chance against Chu Kuangren?

Even the Nine Kings had failed to defeat him.

"From what I know, more than half of the Ten Calamities have died at Chu Kuangren's hands, and only four are left. I don't think they can defeat Chu Kuangren in this case."

"In that case, contact them," God King Sikong said calmly.

The few other God Kings looked at each other, and one of them asked with a furrow between his brows, "Do we really have to contact them? Those guys are a bunch of greedy fools."

"Besides the Ten Calamities, the only force we still have left in Pan Gu Universe is that bunch of failures... the Mist Tribe!" said God King Sikong with a pensive look in his eyes.

...

In Pan Gu Universe, Chu Kuangren walked out from the Void Battlefield, prepared to return to the Immortal World to refine the treasures he obtained.

However, he immediately met someone the moment he exited the Void Battlefield.

It was the Daoist Progenitor!

At that time, the Daoist Progenitor was sitting above an unnamed ancient planet. Invisible strands of Daoist Rhyme were surrounding him, isolating him from the outside world.

There was also another person beside him.

That person was dressed in green robes, with brows as straight as a sword and eyes as clear as the sky. The instant Chu Kuangren saw him, he could feel the Celestial Demon blood within him react excitedly.

Chu Kuangren was already quite certain who that other person was.

"Do you mind having a moment, Immortal King?" The Daoist Progenitor chuckled.

Chu Kuangren nodded gently. "Of course."

How could he say no when the two most influential figures of Pan Gu Universe wanted to chat with him? He quickly stepped forward and appeared before them.

The Daoist Progenitor waved his sleeves, making another zafu appear in the air.

The three of them sat down.

One was the Immortal King, another was the strongest Celestial Demon cultivator, while the other was the Daoist Progenitor of the previous epoch.

Any one of them could make the universe tremble by wriggling the tip of their toes.

"Immortal King, both Brother Wu Han and I have witnessed your performance in the Void Battlefield. It is quite remarkable," the Daoist Progenitor said with a smile.

"I'm flattered, Daoist Progenitor."

"What do you think about the Heavenly Sword?"

The Daoist Progenitor immediately switched the topic and asked with a playful expression.

Chu Kuangren's heart skipped a beat. 'The Daoist Progenitor and Wu Han haven't seen through my disguise as the Heavenly Sword, have they? Have they found out?'

"He is a worthy opponent for sure."

"Indeed. This Heavenly Sword is quite a peculiar person. I can't seem to see through him or peek into his destiny. I'm not sure whether this has been the case or if someone is shielding his destiny from prying eyes. However, it's no doubt that both of you will be the key to determining our future."

"Let's put aside the matter of the Heavenly Sword for now. This time, we've come to tell you something... Beware of the Mist Tribe. They have started to take action recently," the Daoist Progenitor said calmly.

"The Mist Tribe?" Chu Kuangren recalled the time he was attacked when he exited the Immortal World. "Who are they?"

"Remnants of the invading force from the previous epoch." A cold glint flashed in the Daoist Progenitor's eyes. Then, he started telling a secret story that happened back in ancient times.

[**Unparalleled After Ten Consecutive Draws**](#)

Chapter 1860: Strange Reaction From the Pocket Universe, Comprehending an Embodier's Power

During the Ancient Immortal Era, Pan Gu Universe was filled with many powerful great ones, with a total of seven Primordials at the pinnacle of power. Along with the Daoist Progenitor Hong Jun, that was a time of peace and prosperity for Immortals. However, everything changed when another universe invaded.

That was right.

The invasion of another universe was already present during ancient Immortal times.

The intensity of the battles at that time was intense.

Finally, Hong Jun made a sacrifice by merging his body with Pan Gu Universe's Great Dao. It was due to that newfound power that the Alternate Universe's invasion was pushed back.

Back then, the pathway where the Alternate Universe invaded was known as the Heavenly Rift. That rift was sealed shut later on by Nuwa using the five-colored stone.

That was how the ancient legend of Nuwa using the divine stone to mend the sky came to be.

Although the Alternate Universe forces were pushed back, a portion of them remained in Pan Gu Universe and had since gone into hiding. Those people were known as the Mist Tribe.

Originally from another universe, the Mist Tribe possessed extraordinary divine abilities. For all the years, they had been patiently waiting for a chance to fight back.

Hong Jun and the others initially planned to deal with the Mist Tribe. However, they were met with an even trickier problem that arose.

As it had to push back the Alternate Universe's invasion, Pan Gu Universe's Great Dao was severely damaged during the process. Hence, in order to recover its power and ensure the universe was operating normally, a great calamity befell Pan Gu Universe's Great Dao!

That was the reason why the Immortal World was shattered into fragments and why almost all the great ones in Pan Gu Universe were wiped out. After absorbing the great ones' power, Pan Gu Universe's Great Dao went into a deep slumber until the start of the new era.

As for Hong Jun, he used up his remaining strength and collected the remnant souls of those fallen great ones. He then stored the souls safely within the Chaos, hoping they could reincarnate when the time came.

"Now, the Central Heaven Universe's invasion has brought hope to the long-hidden Mist Tribe. They are likely to cooperate with the Central Heaven Universe and take action against you," Hong Jun warned.

He then looked at Wu Han beside him. "Regarding this, I believe Brother Wu Han can relate to the most. After all, he was also targeted by the Central Heaven Universe and the Mist Tribe together back then."

Chu Kuangren looked over to Wu Han.

Wu Han nodded gently. "They're nothing but a bunch of cowards. If it weren't for me having to stand guard here and prevent them from leaving, they would've been wiped out long ago."

Then, he looked toward Chu Kuangren and said, "If they couldn't kill me back then, do you think you'll do worse than me?"

Chu Kuangren grinned. "I'm the Celestial Demon King!"

He stood up and looked into the depths of the universe. "Let them come!"

...

After some small talk with the Daoist Progenitor Hong Jun and Wu Han, Chu Kuangren returned to the Immortal World and started his closed-door cultivation. He planned to refine the Twenty-four Ocean Soothing Pearls and Yin Yang Cauldron that he had yet to refine completely to get stronger.

Unlike Heavenly Sword Chu Kuangren, Green Lotus Chu Kuangren was a clone created from the Chaos Green Lotus. Even though he was not an Embodier, he could still kill one effortlessly if he channeled the power of the Chaos Green Lotus to the maximum.

"The Mist Tribe..."

"Can you all survive facing a great perfected Chaos Green Lotus, I wonder?" Chu Kuangren mumbled.

Besides increasing the Chaos Green Lotus's power, he also used the Immortal King's authority to obtain some useful resources in the Immortal World to improve himself.

Meanwhile, at the Central Heaven Temple's Heavenly Sword Peak in the Central Heaven Universe, Chu Kuangren was already done refining the Embodier Fruit and Embodier Fragments he obtained from the Void Battlefield.

It took him several years.

However, he still could not break through to the Embodier Realm. There seemed to be a barrier stopping him from becoming an Embodier.

"Have I not accumulated enough resources?"

Chu Kuangren frowned a little.

Without great amounts of resources, it would be extremely hard to break through from the Arch Gilded Immortal Realm to the Embodier Realm. Furthermore, he could not rush the process despite how talented he was.

Suddenly, a strange reaction came from inside his body.

It was coming from within his Pocket Universe.

His consciousness entered his body and arrived at the Pocket Universe.

The Pocket Universe was one of the Transcendent-tier rewards he received from the Fantasy Roulette, and it was a complete universe.

As for him, he was the Great Dao Consciousness of that universe.

His consciousness came to the universe and found the origin of that strange reaction. It was coming from a gigantic egg in the chaos.

That gigantic egg seemed to contain something inside. Upon closer inspection, a handsome young man was inside that gigantic egg.

Why did the young man cause the Great Dao to react strangely?

After some observation, he discovered that the young man possessed Primordial capabilities. Moreover, he was not any ordinary Pseudo Primordial but a pure and raw Primordial bundle of power born during the dawn of chaos. He was basically a humanoid-shaped Chaos Supreme Treasure.

If such a power were to be placed in other universes, even the Great Dao would not be able to keep it under control. The only way was for the Great Dao to destroy it.

Chu Kuangren, on the other hand, was not like that.

He held absolute power over that Pocket Universe. No matter how powerful the handsome man was, he would never escape Chu Kuangren's control.

However, that young man's power still caused a strange reaction to the whole Pocket Universe.

"Should I destroy it?" Chu Kuangren mumbled while looking at the handsome young man in the gigantic egg.

Although the young man was still not yet born, he would eventually affect the balance of the Pocket Universe if he was allowed to live and grow. When that time came, Chu Kuangren would have to expend more energy to destroy him. He might even affect the growth process of the whole universe.

'In that case, I better destroy him...'

Just when Chu Kuangren was about to take action, an idea suddenly popped up in his mind.

"My main body is still in the outside world, troubled over how to break through to the Embodier Realm. Yet, my consciousness is inside this Pocket Universe, where I possess Great Dao's power. Although this power is great, it's from the Pocket Universe. Hence, I can't directly use it to help my main body break through to the Embodier Realm...

"What if my consciousness entered another being's body and used that being's body to ascend to the Embodier Realm and even the Primordial Realm... With this new experience, my consciousness can then return to the main body, and the chances of me breaking through to become an Embodier will increase greatly..." Chu Kuangren thought.

At that thought, he looked at the young man in the gigantic Chaos egg. With a thought from his mind, he separated a strand of his consciousness from his own and sent it toward the young man.

Suddenly, that young man opened his eyes, unleashing an incomparably powerful aura toward Chu Kuangren's consciousness.

"Haha, you think you can get rid of me that easily, Great Dao? I'll never let you succeed! My destiny is in my hands and not in the control of the heavens!" the handsome young man roared.

His terrifying aura shook all Chaos, which attracted the attention of many Celestial Demons in the vicinity.

However, just when they were trying to figure out what was happening, a terrifying consciousness descended, nullifying all their attempts of deducing what was going on!

Those Chaos Celestial Demons were immediately shocked.

"This consciousness... It's the Great Dao!"

"The Great Dao has descended upon us!"

"What the hell has happened? To think that even the Great Dao has appeared."

The Celestial Demons were shocked.

Meanwhile, inside the gigantic Chaos egg, Chu Kuangren snorted upon sensing the handsome young man's resistance, and an even more powerful burst of energy erupted.

The handsome young man's consciousness gradually eroded.

'Your destiny is in your own hands? No, it's in the hands of the heavens!'

The heavens of that universe were none other than Chu Kuangren, of course.

After eroding the young man's consciousness, Chu Kuangren's consciousness went into that new physical body, taking full control of it.

An unfamiliar energy instantly poured into his mind.

That was an Embodier's power.

Although it was weaker than the Great Dao's power, Chu Kuangren could sense that the power was even more refined.

The Great Dao's power was just too immense, and although Chu Kuangren had control of it, he could never comprehend it.

However, that Embodier-level power would be within his capability of comprehension.

"Wonderful. Once I get used to this new power, I shall stand a greater chance of becoming an Embodier when my consciousness returns to my main body."
