Chapter 1861: Categorizing Embodiers, Should Fall, Many Celestial Demons Surrounding Shenchu

Inside the Pocket Universe, Chu Kuangren's consciousness was in a Chaos Celestial Demon that had the potential to reach the Primordial Realm, and he was comprehending the power in its body.

Throughout the process, he absorbed endless Chaos qi and amplified its power so that he could gain insights into the Embodier energy hidden deep inside.

The more he comprehended, the higher his confidence to reach the Embodier Realm.

Similar to other realms, Embodiers were categorized between weak and strong.

He categorized the Embodiers into five categories: Novice, Expert, Peak, Perfected, and Ultimate.

When an Embodier reached the Perfected realm, he would have mastered almost all the aspects of the Dao he cultivated and could start fusing other Daos with his Dao.

The process was known as Multi-Embodier Realm.

The West Ruler Matriarch, Underworld River Cult Forefather, and the other ancient great ones from the Pan Gu Universe were in that realm.

An Ultimate Embodier would have mastered all the aspects of a single Dao, and using that as the foundation, he could conquer other Daos. He would have the choice to go after the tens of thousands of Daos in the universe, and if succeeded, he would become a Primordial.

There were only a handful of people in such realms back in the ancient Pan Gu Universe. Even now, with the addition of the Central Heaven Universe, the number was limited.

Wu Han should be one of them, or he would not have suppressed single-handedly the Central Heaven Universe for so many years and prevented the invasions of other universes.

In the chaos, time became the most useless thing.

Chu Kuangren did not know how many years he had spent in the body. All he knew was that his consciousness had been in the Chaos Celestial Demon for so long that his comprehension of the Embodier Realm had grown deeper, and he was in the Peak realm.

He was only a few steps shy from achieving the Great Perfected realm.

If he were in the Central Heaven Universe, he would be considered the Supreme God King.

On top of that, the Celestial Demon comprehended the Power Dao, which allowed Chu Kuangren to boost his power further within the same realm.

Countless years later, Chu Kuangren had broken through to the Perfected Embodier Realm.

After the Perfected Embodier Realm, he could try to fuse and merge his Dao with other Dao. From there, he could try out the other tens of thousands of Daos in the universe.

He could start his journey on the Multi-Embodier Realm already.

It was Chu Kuangren's most sought-after goal. The Invincible Self-empowering Dao he cultivated was a unique Dao that he created himself.

It was not included among the tens of thousands of Dao in the universe.

Hence, the only way he could improve the Dao that he created was to comprehend other Dao and absorb experience from there. Then, he would get the chance to improve his Dao.

The same went for the Embodier Realm.

"Flame Dao, Samsara Dao, Life-Death Dao..."

Chu Kuangren spent countless more years fusing other Daos and treading further on the path of the Multi-Embodier Realm.

However, after he successfully fused the ninth Dao, he reached a bottleneck.

Nine was the limit of the Multi-Embodier Realm.

Since the beginning of time, no one had ever merged and fused more than nine Dao, both in Pan Gu Universe and Central Heaven Universe.

"Nine is the limit, but it's the limit for others. Since I'm this universe's Great Dao's will, there's no limit for me! I will merge the tenth Dao!"

Bang!

The moment the tenth Dao fused, Chaos trembled.

Countless Chaos Celestial Demons were surprised by the trembles that were happening far away.

"What is this anomaly?"

"This is the presence of a Multi-Embodier Realm, and based on the energy level... ten Daos?! How is this possible?"

"Has a monster been born in the Chaos?"

"Won't the Great Dao do anything about it?"

When the Chaos Celestial Demons tried to deduce who fused the tenth Dao, the Great Dao's will stopped them from knowing further.

"The Great Dao is protecting this Celestial Demon?"

"What's going on?"

"Why would the Great Dao side with this person?"

The Celestial Demons found it unbelievable, but since they could not get an answer, they simply discarded the thought.

Somewhere in the Chaos, a dozen Celestial Demons gathered to discuss something.

A long-horned Celestial Demon said to a green-eyed Celestial Demon, "We're almost ready. We should move now."

"I understand."

The group of Celestial Demons nodded.

Their eyes were overflowing with killing intent so strong that it shook the Chaos.

A while later, Chu Kuangren, who was fusing his tenth Dao, sensed something. He looked into the distant chaos and frowned.

Terrifying energy fluctuation was coming from that direction and causing the entire Chaos to shake.

With a thought in his mind, the Great Dao's will surged and soon found out about the source of the energy fluctuation. "I see..."

The first Celestial Demon born in the universe was named Shenchu.

With orders from Chu Kuangren, Shenchu explored the Chaos, but his actions affected the other Celestial Demons in the Chaos.

The Celestial Demons, who were born from Chaos, absorbed Chaos qi. Once the Chaos qi was gone, their powers would be greatly affected.

Then, the innate living beings and pseudo-living beings that were born on different planets might even surpass them in time.

It was something they could not allow.

Therefore, the Chaos Celestial Demons decided to team up to eliminate Shenchu and stop him from exploring and excavating the Chaos.

Shenchu was engaged in a fierce battle with the other Chaos Celestial Demons.

Chu Kuangren narrowed his eyes coldly.

Shenchu explored and excavated Chaos to reform the universe on his order, which was also the Great Dao's will. Now, the Chaos Celestial Demons were attempting to stop Shenchu or, in other words, defy him!

"The future of the universe should not be Chaos but filled with bright and shiny stars that give birth to countless lives. Different tribes and species should flourish and rise to prominence.

"Chaos Celestial Demons, all of you should die now!"

After that, Chu Kuangren disappeared from the spot.

Shenchu was neither a man nor a woman, but it was both a Celestial and a Demon. It wielded a sword formed by countless planets, which was an Innate Supreme Treasure.

As Shenchu slashed his sword forward, starlight gushed forward, shattering the Chaos, and sending the Chaos Celestial Demons flying backward.

Shenchu's power was infinitely closer to Primordial. In this universe, he was the strongest being, second to the Great Dao.

However, he was outnumbered. No matter how strong he was, he could not fend off against the attacks of all the other Chaos Celestial Demons.

There were not one or two but all the Chaos Celestial Demons in the Chaos.

The thousands of Celestial Demons were all Embodiers.

Kakroom!

The Celestial Demons wielded supreme treasures and cast all kinds of Embodier's divine ability.

Terrifying Daoist law gushed forward fiercely, blasting Shenchu away.

A large amount of Daoist law escaped from his body when it was hit. Its Dao, which was its core, was shaken.

"Shenchu, with your power, you could've suppressed the Great Dao with us. Then, we'll be the ruler of this universe!"

"Yet, you chose to become a lapdog for the Great Dao. Why?" asked one of the Celestial Demons, looking upset.

If Shenchu sided with them, their chance against the Great Dao would increase by tenfolds.

Otherwise, Killing Shenchu would cost them a lot, and it would be infinitely harder to resist the Great Dao then.

"I was born from the Great Dao. I can't side with you to resist the Great Dao," Shenchu said indifferently.

"This is why we have to eliminate you. With you by the Great Dao's side, we will have less of a chance to win," said a Celestial Demon with horns.

Then, the space around him started to distort. He was the Celestial Demon who had mastered the Space Dao!

Before he could launch his attack, a terrifying energy presence came from further away in the Chaos.

The entire Chaos trembled fiercely.

Many of the Celestial Demons also sensed a terrifying pressure coming.

"This energy presence... It's the Celestial Demon who has fused ten Daos!" the Celestial Demon with horns said in shock.

Chapter 1862: Fighting The Celestial Demons, Almighty Energy, Celestial Demons' Combined Attack

The Chaos shook.

Vast divine light shone across the universe and shed its brilliance over the realm.

The light extended into infinity, forming an endless path in the infinite Chaos, and a handsome man made his way across the path.

Each move he made and each step he took released a terrifying Embodier aura.

Other than Chu Kuangren, no Celestial Demons in the Chaos could fuse ten Daos.

The Celestial Demons looked at him, curious and surprised.

The Celestial Demon with horns looked at Chu Kuangren and did not attack. Instead, he said passionately, "Brother, you're just in time! We're dealing with this traitor of a Celestial Demon. Join us!"

When Shenchu heard the horned Celestial Demon, his expression turned serious.

He was always overwhelmed by the group of Celestial Demons, and if Chu Kuangren, someone who had fused ten Daos, joined them, he would surely lose.

With his death, he would not be able to fulfill his duty given by the Great Dao.

"What makes you think I will help you?" Chu Kuangren said with his hands behind his back.

"Brother, Shenchu is excavating the Chaos, destroying our habitat. Are you just going to leave it be?"

"There is no life in this Chaos, and a new world filled with life is long overdue," Chu Kuangren said plainly.

"Are you the lapdog of the Great Dao as well?" The horned Celestial Demon's expression turned grim.

"How dare you!"

Chu Kuangren raised his hand, releasing terrifying Daoist laws at the horned Celestial Demon.

The Daoist laws that Chu Kuangren released contained the power of ten Daos!

The horned Celestial Demon roared and channeled his energy to the limit. His own terrifying Daoist laws clashed with Chu Kuangren's.

The Chaos trembled, the universe shattered, and the stars and planets in the galaxy shook.

The horned Celestial Demon was blasted away by the impact of the collision.

"Lapdogs of the Great Dao, you have no place in the Chaos!"

The other green-eyed Celestial Demon roared, releasing a green light from his eyes that could freeze time as he traveled forward.

The green-eyed Celestial Demon mastered the Time Dao.

"Hmph!" Chu Kuangren grunted. The Daoist laws around him rumbled and shattered the green light from the green-eyed Celestial Demon.

"The Time Dao is only one of my Daos!"

One of the ten Daos that he fused was the Spacetime Dao.

Bang!

The other Celestial Demons attacked as well.

All kinds of Daos were unleashed in succession, and the endless Daoist laws formed a massive net that surrounded Chu Kuangren.

Tens of thousands of Daos turned into destructive light rays that were fired at Chu Kuangren.

Chu Kuangren, in the center of the attack, narrowed his eyes at the incoming Daoist laws attacks and raised his hand.

A power that could crush Chaos itself erupted! It was the Power Dao!

As he threw a punch forward, endless divine light gushed out from his fist.

The light from the fist energy crushed the realm and destroyed everything in its way.

The incoming light rays were destroyed, including a number of the Chaos Celestial Demons who attacked.

They were ground into dust by the destructive light from the punch.

"It's so powerful! Is this the power of fusing ten Daos? Damn it! Why is such a powerful Celestial Demon on the Great Dao's side?"

The horned Celestial Demon was confused.

If Chu Kuangren and Shenchu could join them to fight the Great Dao, their odds would greatly increase.

Why? Why would they become the Great Dao's lapdogs?

Why would they not want to be rulers of the Chaos?

The horned Celestial Demon was baffled.

However, at that moment, Chu Kuangren and Shenchu were in the way of his Dao!

He had to kill the two of them!

"Kill them!"

The horned Celestial Demon channeled the Spatial Dao and fused all kinds of Daos with it, forming a terrifying aura that overflowed.

"Chaos Space Collapse!"

Spatial Dao, Chaos Dao, and Destructive Dao — three Daos that were known for their destructive nature were fused into a terrifying attack that was launched at Chu Kuangren.

The other Celestial Demons followed up with their attacks.

They all attacked relentlessly, attempting to hold Chu Kuangren back.

"I'll help you!" Shenchu said loudly as he swung the Stardust Godly Sword at the incoming attacks.

The Stardust sword qi shattered all the incoming Daoist laws.

The battle in the Chaos was astonishing, and all the living beings in the universe sensed it. They looked into the Chaos and felt the tremble.

The power in Chaos was the power that the innate beings and the pseudo-living beings coveted but could never attain.

The fierce battle continued in the Chaos.

"Chaos Fire!"

"Grand Flood!"

"Four Symbols Destruction, Universe Shakes!"

With thousands of Celestial Demons attacking, even if Chu Kuangren and Shenchu were omnipotent, they were still overwhelmed.

Bang!

A deafening explosion went off.

Stray Chaos qi scattered, destroying planets that were caught in its trajectory.

Shenchu was heavily injured and sent flying away. Even Chu Kuangren could not stand that amount of fierce attacks, and he skidded away for more than a hundred meters.

He looked at the army of Celestial Demons coldly.

"Nameless Celestial Demon, even if you have the power that could shake the universe, going against all the Celestial Demons is suicidal. You're dead already," the horned Celestial Demon said coldly.

Chu Kuangren barely reacted to that comment. The Daoist laws around him continued to circulate, and his aura grew stronger and more profound.

"I have to thank you all," Chu Kuangren said.

His words surprised the Celestial Demons.

What did he mean?

"If not for all of you, I won't be able to master this power to this level," he explained.

He had been comprehending the Embodier's power in the Chaos for many years.

Even though he had achieved Multi-Embodier Realm, he had never used the power in an actual figure before and had a limited understanding of it.

Now, things were different.

He had almost mastered all of the Embodier's power.

He even felt that he was closer to an Ultimate Embodier or even Primordial. He was one step shy to achieve the higher power, but that one step was difficult to cross.

It was countless times more difficult than an Arch Gilded ascending to an Embodier.

Chu Kuangren did not plan to continue because it would cost him a lot of time and his true self in the outer world required him.

The war between the two universes was about to break out.

He could not just stay in closed-door cultivation forever.

"What do you mean by that?" The horned Celestial Demon remained baffled.

"Didn't you ask why I helped the Great Dao?" Chu Kuangren asked.

Then, the Daoist laws around him swiftly disintegrated and were replaced by a boundless and terrifying surge of Great Dao's energy.

The energy shocked all the Celestial Demons.

"Great Dao? You are the Great Dao?" The Celestial Demons were at a loss for words.

The Great Dao's energy continued to surge, and because of the energy, the Celestial Demon whose body he possessed started to disintegrate.

He did not care since he had achieved his goal. The Celestial Demon's body was nothing but a vessel of no importance.

"How could this be? Great Dao, you came to fight us?" The horned Celestial Demon was shellshocked.

"Why? All of you can plot against me, but I can't come here to suppress you?" Chu Kuangren said.

He raised his hand, unleashing the Great Dao's power.

Bang! Bang! Bang!

One after another Celestial Demons were killed by the Great Dao's power, and their Daoist laws were obliterated.

"Kill him!"

"We've been preparing for this fight for a long time! Now that the Great Dao is before us, there's nothing to be afraid of!"

"That's right! Let's attack!"

The Celestial Demons roared and threw themselves at Chu Kuangren.

The horned Celestial Demon led the army charging at Chu Kuangren.

"Great Dao, this is the power we've prepared to fight you! Myriad Dao Combination, Great Dao Destruction!"

The horned Celestial Demon roared. All kinds of Daos intertwined in his body before he turned into a beam of light that shot toward Chu Kuangren.

Almighty Energy, Celestial Demon Combined Attack!

Unparalleled After Ten Consecutive Draws

Chapter 1863

Almighty Energy, Celestial Demon Combined Attack!

The horned Celestial Demons have been preparing for that attack for countless years. They wanted to use the combined attack they developed to crush the Great Dao and seize control over the Chaos.

When Chu Kuangren saw the incoming divine light, the Great Dao's energy in his body grew restless, as if it was challenged.

To be able to make the Great Dao's energy react so strongly, the horned Celestial Demon and company's combined attack must be ridiculously powerful.

"The Great Dao isn't something you can challenge," Chu Kuangren said.

He then raised his hand, unleashing the Great Dao's energy into the sky, where a massive sword shadow formed.

As the sword shadow slashed forward, the Great Dao's energy rumbled.

Upon collision, the sword shadow crushed the combined attack, shattering it into countless fragments of Daoist laws.

One by one, the Celestial Demons perished from the impact. Even the Chaos around them was shattered.

As the horned Celestial Demon's body started disintegrating, he glared at Chu Kuangren in disbelief.

"How is this possible? We've prepared this attack for so long, yet we can't even hurt you!"

"I'm the Great Dao, the master of this universe. How can you kill me?" Chu Kuangren said indifferently with his hands behind his back.

He narrowed his eyes, and the Great Dao's energy was converted into a beam that was shot out of his eyes.

The beam was aimed at the dying horned Celestial Demon. There was no way the heavily injured horned Celestial Demon could withstand another powerful attack.

He perished when the beam struck him and disintegrated into dust.

As for the remaining Celestial Demons, they all scattered away.

Chu Kuangren glanced at the escaping Celestial Demons and wanted to give chase. However, the Celestial Demon's body that he was in had started to disintegrate.

"Fine. They're nothing but ants. They won't be able to challenge the Great Dao anymore."

Chu Kuangren was not overly bothered. As the Great Dao's will of this universe, he had ways to hunt the remaining Celestial Demons down in the future but not now.

The tremendous sword shadow consumed a lot of his energy, so he had to rest for a while.

Then, he looked at Shenchu beside him, whose mind went blank after witnessing what happened. He went up to pat Shenchu's head and said, "You did great."

Shenchu knelt on the ground. The strongest Chaos Celestial Demon showed no arrogance in front of the Great Dao, only admiration and respect.

To him, the Great Dao who raised him was like his parents.

"Great Dao, are you alright?"

Shenchu could feel that the Great Dao's energy had weakened.

The battle must have affected him as well.

"I'm fine."

Then, Chu Kuangren's palm glowed.

He channeled the remaining Great Dao's energy into the Celestial Demon's body and infused it into Shenchu's body, healing his injuries.

With the Great Dao's energy, Shenchu could sense that his Dao had improved. Soon, he would be able to become the first Primordial in this universe.

"Thank you, Great Dao, for your guidance," Shenchu said gratefully.

"The Chaos has been explored and excavated nicely. Because of you, this universe has been given life. Do you see those living beings?"

Chu Kuangren pointed at the innate beings and pseudo-living beings living in the stars across the galaxy. "Go, guide them."

He gave Shenchu his second order: to preach Dao to all life.

"I'm obliged to follow your order, Great Dao," Shenchu said respectfully.

Then, the body that Chu Kuangren possessed disintegrated and disappeared.

Despite that, Shenchu knew that the Great Dao was with him.

With that, his figure flashed and appeared in a part of the galaxy. His body shone with endless divine light, and his magnificent voice echoed across the stars and universe.

"I'm Shenchu, the one that walks the Great Dao. I'll traverse the universe to preach the Great Dao's way of cultivation. Those fated will be able to listen to me preach."

For a moment, his voice shook the entire universe.

After the Chaos, the universe entered the next stage.

A myriad of tribes would rise, and a myriad of Daos would flourish.

...

Back at Central Heaven Universe, Chu Kuangren opened his eyes.

At the same time, the insights he gained in the Pocket Universe gushed into his mind. The impactful insights immediately tore down the barrier between Arch Gilded Immortal Realm and Embodier Realm.

Bang!

The barrier crumbled to pieces.

Then, his Arch Gilded Intent started to transform.

A beam of divine light shot up into the sky.

The light shook the entire universe.

All the God Kings in Central Heaven Temple sensed it. They all looked toward the Heavenly Sword Peak in disbelief and surprise.

"This aura..."

"Impossible! This is impossible! It has only been a few years! No matter how great he is, how could he break through to that realm so early?"

"The Heavenly Sword has broken through to the Embodier Realm!"

The divine light surged into the sky and trembled the universe.

A whole new Daoist law presence scattered outward from the Heavenly Sword Peak, shaking planets, stars, and even the Great Dao.

Many of the God Kings also felt their Daos shuddering.

For some reason, they had the urge to submit to the presence.

"What Dao is this?"

"I've never seen this before! It doesn't belong to this universe!"

When some of the God Kings sensed something strange, a brand new Dao appeared, and it was unlike the tens of thousands of existing Dao. That Dao was powerful, unmatched, and horrifying.

That Dao was at the peak of all Daos in the universe, peering down at the others from above.

Even the universe's Great Dao could not control it because it did not belong in this universe.

It belonged to only one person — the Heavenly Sword!

A sword shadow rose from the Heavenly Sword Peak.

The terrifying sword aura instantly enveloped the entire Central Heaven Temple, forcing countless cultivators onto their knees.

The sky-prides and Prodigies looked at the Heavenly Sword Peak, horrified.

Still, the sword aura continued to spread.

Every cultivator in the Central Heaven Universe who was in the Arch Gilded Immortal Realm or above sensed the aura. They all looked in the direction of the Heavenly Sword Peak.

"This aura means someone has broken through into the Embodier Realm."

"What Dao is this? Why is it so terrifying? It's independent of the rest of the Dao of this universe, and it's suppressing ours."

"It's too powerful!"

On the Sword God Peak of the Spiritual Sword Tribe, the Sword God King narrowed his eyes in the direction of the Central Heaven Temple. Then, he released a long and satisfying shout, "The Spiritual Sword Tribe has risen!"

Beside him, the Galaxy God King exclaimed in shock, "For reaching the Embodier Realm so fast, he's really a monster like no other!"

Between Arch Gilded Immortal Realm and Embodier Realm, there was only the difference of one realm, but both were entirely different in power.

Countless cultivators had successfully broken through into Arch Gilded Immortal Realm since the beginning of time, yet the odds of them breaking through into the Embodier Realm was one in ten thousand. The underwhelming odds stated how difficult it was to become an Embodier.

Common Arch Gilded Immortals might take millions of eras of cultivation to reach the threshold and still could not break through into the Embodier Realm.

However, Chu Kuangren had only been cultivating for less than a hundred years!

Describing it as a miracle was an understatement.

Meanwhile, on an ancient planet filled with weapons, swords piled up so high that they formed a mountain, as if it was a grave for all swords.

A black-robed young man opened his eyes, releasing his sword qi across the planet. All the swords in the area were shattered by the blast of sword qi.

Rage qi raged on the top of the sword mountain peak, but the man was not in the mood to absorb it. He looked in the direction of the Central Heaven Temple with surprise.

"The Heavenly Sword has become an Embodier!"

Then, an elder emerged from the void.

He looked at the young man with a grim expression and said, "Heavenly Bloodthirst, the Heavenly Sword is now one step ahead, and we cannot cultivate accordingly anymore. The elders and I have decided to send you to Slumbering Sword Abyss."

"I understand."

The black-robed young man, Heavenly Bloodthirst, nodded seriously.

'Heavenly Sword, I, Heavenly Bloodthirst, cannot be weaker than you! Just you wait!"

Chapter 1864: Tian Xingying's Terrible Encounter, Name Your Requests

Back in the Immortal World of Pan Gu Universe, Chu Kuangren, who was cultivating his Chaos Green Lotus energy, sensed something. He looked in the direction of the Central Heaven Universe.

"This aura.... Haha, interesting. The other me has improved a lot. Now I can't fall behind either," Chu Kuangren said as a hint of brilliant green light flashed in his eyes.

Mystical Daoist Rhyme sounded around him as a green lotus appeared. Countless Daoist patterns intertwined around its leaves and petals, releasing creation and destruction energies everywhere.

The creation and destruction energies would scare even an Embodier.

...

Back at Central Heaven Universe's Heavenly Sword Peak, the boundless and vast sword aura faded along with the massive sword shadow.

A figure emerged from within. He had white robes, a black sword, and a peerless elegance.

When the other cultivators laid eyes on him, they were in awe. Some of them even admired him.

The Heavenly Sword single-handedly stopped Chu Kuangren on the Void Battlefield and saved the Prodigies of this universe.

It already boosted his reputation in the Central Heaven Universe, but now that he had broken through to the Embodier Realm, making him a God King, the admiration and respect people had for him grew.

Swoosh!

Several figures arrived on the Heavenly Sword Peak.

It was Luo Xue, Long Shuijing, Ling Fei, and the others.

"Heavenly Sword, congratulations on breaking into the God King Realm!" Luo Xue said with a hint of respect in her eyes.

She was also a talented cultivator, but she knew she had to spend more time cultivating to break through into the Embodier Realm. If something went wrong, she might be stuck at a bottleneck at the threshold of the Embodier Realm.

"I have to leave the temple for a while. I will see you guys when I see you," Chu Kuangren said.

Then, he took a step forward and disappeared.

In the Daoist law's sky above the Temple, Di Feitian saw Chu Kuangren leave the Heavenly Peak, and his brows furrowed. He thought of what Chu Kuangren said before.

Once Chu Kuangren became an Embodier, he would trample over the Emperor Tribe.

Was he going after the Emperor Tribe?

There was no way.

Even if the Heavenly Sword had broken through into the Embodier Realm, the Emperor Tribe remained a powerful force with rich resources. He should not be so reckless.

"It's difficult to predict the Heavenly Sword's actions, and I can't be careless. I have to inform the Emperor Tribe to prepare for him," Di Feitian thought.

He even planned to return to the tribe to stand guard against Chu Kuangren.

...

The Emperor Tribe was the oldest King Tribe in the Central Heaven Universe.

Their territories spanned across thousands of galaxies.

Each of the galaxies had a tribe affiliated with the Emperor Tribe, and they had to submit offerings from time to time.

Whenever the affiliated tribe failed to make an offering in time, they would be put in a difficult situation.

Compared to the space pirates that dominated the galaxies and the Dao King Tribe that rose to prominence with plundering, the Emperor Tribe was no better than them.

The Emperor Tribe just did it in a more subtle and secretive way.

"Hmph! The Heavenly Star Tribe's offering doesn't meet the requirements this time. The elders are unhappy with your attitude."

On a certain planet, a man was speaking to the tribe leader of the Heavenly Star condescendingly.

The tribe leader's face paled when he heard the man's words.

"Sir emissary, the offerings we submitted were the same as in previous years. I wonder why the elders are unhappy with it?"

"It's because they're the same as previous years. It shows that you people are not sincere and are trying to brush the elders off," the man said coldly.

The Heavenly Star Tribe Leader was stunned.

Their tribe went through the hell just to gather the offerings for the Emperor Tribe.

Yet now, the emissary was saying that the offerings were insincere and that they were not taking it seriously because they were the same as in previous years.

How unreasonable!

Even if they wanted to oppress the tribe, that was not the way to go about it!

The tribe leader was furious but could not make his thoughts verbal. Once he offended the Emperor Tribe, his entire tribe would suffer.

"Sir emissary, what should we do then?"

"It's simple. The elders are in need of a servant. Send over one of your Divine Maidens," said the man.

The man had a lustful look in his eyes when he voice the demand.

The tribe leader and others knew that it was the man's personal desire rather than the elders of the Emperor Tribe requiring more offerings.

He was the emissary of the Emperor Tribe. He had the authority, and if the Heavenly Star Tribe refused to follow his order, the emissary could eliminate the entire tribe with just a few words with the Emperor Tribe's elders.

However, if the Heavenly Star Tribe handed over one of their Divine Maidens, it would be a disgrace to them. They were, after all, a Category Nine Tribe.

The Heavenly Star Tribe Leader's expression shifted, and in the end, he sighed helplessly. "Bring the Divine Maiden over."

In the face of life and death, honor and pride were nothing. That was why the tribe leader chose to compromise.

The emissary grinned and continued, "The elders will praise you."

"Please do speak kindly of us in front of the elders, sir emissary." The tribe leader revealed a flattering smile.

"Of course."

After a while, a beautiful woman came, and the tribe leader informed her of the situation.

The Heavenly Star Divine Maiden's face paled, but she bit her lips and agreed. "I understand."

"Divine Maiden, thank you."

A while later, the emissary brought the Heavenly Star Divine Maiden away.

Then, a young man darted forward, disregarding the tribe's denial, and tried to take the Heavenly Star Divine Maiden away.

Unfortunately, he was too weak. The emissary stomped on his chest, pinning him to the ground.

"Oh, the Heavenly Star Bachelor Sage, what a pity. I heard he and the Heavenly Star Divine Maiden are in love. Who would have thought?"

"The Bachelor Sage is no match for the Emperor Tribe."

"Yeah."

Whispers could be heard among the tribesmen.

"Trash, your woman is mine!"

The emissary bent over and scoffed in the Bachelor Sage's ear.

Seeing that, the Divine Maiden's face paled, and she knelt immediately, begging the emissary to spare the Bachelor Sage.

"Don't worry, he's just a piece of trash. Killing him will only dirty my hands," the emissary said coldly. Then, he grabbed the Divine Maiden by the waist and left.

The Bachelor Sage was left in the puddle of mud, looking wretched. His eyes were bloodshot as he watched his woman leave with the emissary.

The tribe leader glanced at him and said, "From now on, Tian Xingying is no longer the tribe's Bachelor Sage. He will be expelled."

As Tian Xingying had offended the emissary, the tribe leader was forced to expel Tian Xingying to keep the tribe safe and continue to flatter the Emperor Tribe.

Then, he struck Tian Xingying with his palm, removing his cultivation base, just to prevent him from taking revenge in the future.

Out of reminiscence of old times, the tribe leader did not kill Tian Xingying.

Tian Xingying was expelled from the Heavenly Star Tribe's territory.

Kakroom!

A crack of thunder started the heavy rain.

Tian Xingying dragged himself across the muddy water, his eyes looking disheartened.

That was the worst day of his life. His lover was taken away, his cultivation base was taken away, and he was expelled by his tribe. The consecutive tragedy crushed him to the core.

"Why? Why me? Why must I go through all this?"

Tian Xingying knelt on the ground and shouted at the sky to voice his grievance.

At his waist, a jade talisman glowed.

Then, he disappeared from the muddy ground and reappeared in a grand, luxurious hall.

In front of him was a figure shrouded in mist. The figure emanated endless divine light, and Daoist Rhymes were singing around him.

He was like the superior master of all beings!

"He who is favored by fate, welcome to the Divine Destiny Temple. Name your request."

A strong and indifferent voice echoed across the hall.

Chapter 1865: Gift From Fate, The Test For Emperor Tribe

Tian Xingying looked at the figure on top of the throne, who looked as though he was the ruler of all, rather confused.

"Who are you?"

"Master of Destiny."

"Master of Destiny? Can you fulfill my wish?" Tian Xingying asked probingly.

"Of course, but the gift from destiny is not without a cost. Whatever you seek, you shall offer the equal or more."

"I want Cai'er back! I want power! I want the power to overthrow the Emperor Tribe! As long as I have enough power, I can offer whatever I have, including my life!" Tian Xingying said loudly.

"Very well. Destiny admires you," Chu Kuangren said with a smile.

Then, he raised his hand. Destiny's authority appeared and surrounded Tian Xingying, boosting his power immediately.

The cultivation base that he lost was also recovered.

Not only that but his cultivation level also skyrocketed.

Peak Gilded Immortal, Arch Gilded Immortal, Trinity Flower Arch Gilded Immortal, Five Qi Arch Gilded Immortal, Great Perfected Arch Gilded Immortal...

It only stopped when he reached the peak of Arch Gilded Immortal Realm.

Tian Xingying suddenly felt like he could see a barrier in front of him.

It was the barrier between the Arch Gilded Immortal Realm and Embodier Realm.

He felt like if he worked a little harder, he could break through into the Embodier Realm.

What kind of power was that?

How could it boost his cultivation base from nothing to a Peak Arch Gilded Immortal Realm and infinitely closer to the Embodier Realm? It was unbelievable!

The Master of Destiny...

Was he the master who controlled the destiny of all living beings?

"Thank you, Master of Destiny!" Tian Xingying knelt immediately.

"Don't celebrate just yet. I said the gift of destiny is not without cost. It might seem like a gift, but destiny has taken its toll without you knowing, including this newly gained strength."

Tian Xingying was surprised. Then, he took a deep breath and asked, "What is the toll?"

"Ten days. You only have ten days to live. You have the Stardust King Physique, and I have brought out its full potential for you, allowing you to possess the power of the Great Perfected Arch Gilded Immortal for now. However, you are left with ten days to live," Chu Kuangren said.

Destiny's authority was mystical but not omnipotent.

"Ten days..." Tian Xingying muttered.

Then, a strong resolve appeared in his eyes as he said, "That's enough! I said if I can save Cai'er, I will pay whatever the price, including my life!"

"Yes. Destiny admires your courage. Here is an extra gift. Catch," Chu Kuangren said with a smile.

He swung his sleeve forward, and a long sword manifested in front of Tian Xingying.

The blade of the sword was glimmering like the stars as if it was made from the galaxy.

"This is the... Premium Innate Supreme Treasure!" Tian Xinying gasped in shock.

The Premium Innate Supreme Treasure was not a gift that could be given to anyone. There was only a limited number of items of such rarity.

However, the Master of Destiny gave it to him!

How generous!

The sword was one of the prizes that Chu Kuangren got from the Fantasy Roulette in the past ten years. However, he already had the Void Sword, so he wanted to make good use of the sword by giving it to Tian Xingying.

"I've unlocked the restriction on this sword, so you can use it however you like. The strength of the sword depends on how strong you are. Go and finish what you've started. Destiny is waiting for your magnificent show," Chu Kuangren said.

Tian Xingying then disappeared from the Divine Destiny Temple.

After Tian Xingying left, the Temple Spirit asked, "Master, why do you favor him so much? He now possesses the power of an Embodier, but he only has ten more days to live."

On day eleven, he would disappear into nothing.

Why would the Divine Destiny Temple want a dead person? What value could he bring?

The previous fated one, Wu Jizi, was a Primordial, and one could imagine what kind of value he would bring to Divine Destiny Temple.

"Destiny has everything planned out," Chu Kuangren said mysteriously with his hands behind his back.

He got up and wanted to leave.

"The Master is leaving," the Temple Spirit announced respectfully without asking further.

Then, Chu Kuangren's figure disappeared from the hall.

The grand and solemn Divine Destiny Temple was left with a few lit oil lamps, waiting for the next fated one.

...

Back on the Heavenly Star Tribe's planet, a figure suddenly reappeared from the void.

He was Tian Xingying but was no longer the wretched self that he was before. On the contrary, he emanated a strong aura.

The absolute power of an Arch Gilded Immortal spread and shook the stars.

The people of the Heavenly Star Tribe were shocked.

"What a powerful aura! Is that the Stardust King Physique? But only the Divine Maiden and the Bachelor Sage possess it!"

"The Divine Maiden, Cai'er, has been taken away by the emissary, and the Bachelor Sage has been crippled by the tribe leader. How could it be?"

"I believe this power surpasses even the tribe leader."

All of them were surprised.

That was when a figure rose to the sky.

When the people saw the figure, they were shocked by the terrifying aura the man emanated, and their expressions turned strange.

More importantly, they recognized the man!

It was Tian Xingying!

"How is this possible? How did Tian Xingying acquire such terrifying power? What happened?"

"Oh my god..."

None of them could believe their eyes.

Somewhere in the galaxy, Chu Kuangren walked out from the void.

He looked in the direction where Tian Xingying left and smiled. "Tian Xingying, go and vent your grievance as much as you want! Your wrath will be a test for the Emperor Tribe!"

After Chu Kuangren broke through into the Embodier Realm, he had plans to take down the Emperor Tribe. However, the Emperor Tribe remained powerful and well-resourced, so he had to test how deep the water was before acting recklessly.

Fortunately, he learned that the Heavenly Star Bachelor Sage was in possession of one of the Divine Destiny Temple's Life Cards and planned that little experiment.

Tian Xingying was granted the power to test the Emperor Tribe for Chu Kuangren.

It was also the reason why Chu Kuangren did not form a contract with him and gave him a Premium Supreme Innate Treasure, even when he only had ten days left to live.

The stronger Tian Xingyin was, the better the experiment result would be.

The Divine Destiny Temple never dealt in a losing deal.

The gift of destiny must be repaid with equivalent value.

He gave Tian Xingying power, and Tian Xingying became his chess piece to test the Emperor Tribe, which was his real goal.

As for Tian Xingying's limited life span, it was the cost he paid for power, which was nothing to the Divine Destiny Temple.

Somewhere in the universe, an ancient planet was surrounded by countless golden Daoist law rings.

Multiple temples were erected on the land and scattered across the continent.

Anyone could tell at first glance that the planet was wealthy with all kinds of cultivation resources.

The planet was one of the Emperor Tribe's territories.

A warship arrived from the sky.

On the ship was the emissary, who was assigned to collect the offerings from the affiliated tribes, named Di Hun.

Not only did he collect all kinds of treasures, but he even got himself a few beautiful women.

Collecting women was his hobby. He had collected more than a thousand beautiful women and housed them all in the temple where he lived.

"The emissary of the Emperor Tribe is really a great job." Di Hun smiled happily.

He looked at one of the beautiful women beside him. She was one of his favorite spoils from this trip — Tian Xingcai, the Divine Maiden of the Heavenly Star Tribe.

Chapter 1866: Tian Xingying Versus the Emperor Tribe, Rely On Persistence To Ascend Embodier

The Heavenly Star Divine Maiden was on deck, looking at the countless stars in the sky with a calm gaze, so calm that it resembled a silent lake.

She had heard of Di Hun before, so she already knew what would happen to her next.

If she was right, Di Hun would bring her to the Crystal Palace and make her his toy for the rest of her life.

The thought made her want to die, but if she killed herself, would Di Hun lash out at the Heavenly Star Tribe?

Would he go after Tian Xingying?

She loved Tian Xingying so much that she was not afraid to die because of him, but she did not want her death to put him in a difficult place.

Tian Xingcai and a few other women disembarked the ship and arrived at the treasure world of the Emperor Tribe. What welcomed them was a rich spiritual qi.

The other women were excited.

"This is indeed one of the Emperor Tribe's territories! The spiritual qi here is so rich! Cultivating here will cost half the effort and twice the effect!"

"It's the right choice following Master Di Hun here."

After the women saw the prospering planet, they felt less resistant toward Di Huan. They even had thoughts to flatter him so that he would award them with a higher position on the planet.

Tian Xingcai glanced at them coldly.

Her frosty attitude angered one of the women. She went up to Tian Xingcai and sneered, "Isn't this the Heavenly Star Divine Maiden? Since you're here, why are you still trying to play hard to get? Aren't you exhausted?"

Tian Xingcai did not care about what was said about her.

However, the woman refused to spare her and continued her sneers.

Annoyed and irritated, Tian Xingcai bellowed, "Get out of my face!"

Her Arch Gilded Intent erupted, and she was an Arch Gilded Immortal.

The other woman was frightened, whereas Di Hun, who was not far away, was delighted when he saw the scene.

It was quite rare to have an Arch Gilded Immortal as a collection.

It was also the reason why he preferred Tian Xingcai over the other women.

"Hmph. I'll have a good taste of your body, Arch Gilded Immortal," Di Hun said as a lustful look flashed in his eyes.

Tian Xingcai, however, had nothing but sorrow in her eyes.

Even if she was an Arch Gilded Immortal, she was nothing but a fish on the Emperor Tribe's chopping board.

Then, a terrifying aura came from distant space.

The aura shook the entire planet like a billion stars crashing down.

"Cai'er, I'm here!"

A clear voice echoed in the starry sky.

Tian Xingcai was surprised when she heard the voice. "Ying! It's you!"

She looked up into the sky and saw a handsome man, enveloped with endless starlight and boundless energy.

The aura frightened Di Hun so badly that his eyes widened in fear.

"How is this possible? It has only been days, and his aura has grown so much! Impossible!"

A while ago, Tian Xingying was just a normal Arch Gilded Immortal whom he would trample over with ease. Now, Tian Xingying was countless times stronger than himself. He felt like Tian Xingying could easily kill him with just a blast of his energy.

The changes were drastic.

What the hell happened?

"Di Hun, you shall pay for your crimes!"

Tian Xingying mobilized his Immortal Consciousness and quickly located Tian Xingcai. With that, he also spotted Di Hun.

In that instant, his boundless killing intent erupted.

Horried, Di Hun's face paled, and he could not stop shaking.

"How audacious! How dare you cause a scene on the Emperor Tribe's territory? Do you have a death wish?" a frosty voice sounded.

Arch Gilded Immortals flew up to the sky and surrounded Tian Xingying.

"Those who get in my way shall die!" Tian Xingying bellowed.

The energy in his body exploded as he swung the sword manifested from countless stars at his enemies.

Kaboom!

The rampant energy as massive as a planet gushed out. The Arch Gilded Immortals that were hit immediately burst into a cloud of blood mist.

"That sword... It's a Premium Innate Supreme Treasure!"

"Not even the Emperor Tribe has that many rare treasures, yet he has one. Who is he?"

"That aura is the Stardust King Physique. He's from the Heavenly Star Tribe!"

"Impossible. The Heavenly Star Tribe doesn't have an elite like this, let alone a Premium Innate Supreme Treasure."

The Arch Gilded Immortals were baffled, but Tian Xingying did not give them the time to think, forcing them to counterattack in a hurry.

Normal Arch Gilded Immortals were not Tian Xingying's match no matter how many of them there were.

Then, several figures joined the battle and had Tian Xingying surrounded.

"Punk, I don't know who you are, but killing one of us here is the biggest mistake you have made in your life!"

"Yeah. Now, you shall die!"

Those Great Perfected Arch Gilded Immortals and elites launched their attacks, and terrifying Emperor qi flooded the area.

Wherever the powerful Emperor qi went, it broke the void inch by inch.

"Get out of my way!"

The starlight around Tian Xingying swirled as he channeled his energy to the limit. The stardust sword that he wielded shone with blinding lights as well.

An even more rampant sword ray shot out, shattering the Emperor qi with ease.

The Great Perfected Arch Gilded Immortals were blasted away with fear written all over their faces.

The stardust sword continued to chime in Tian Xinying's hand. It resonated with his Stardust King Physique, allowing him to unleash an even more terrifying power.

The scene forced the Emperor Tribes to take him seriously.

"Cai'er!"

Tian Xingying looked at Tian Xingcai.

He took a step forward and crossed a million kilometers with one step.

Di Hun, who was beside Tian Xingcai, was shocked. His face paled, his body trembled, and he fell to the ground after losing his balance.

"Hmph!"

Then, a cold grunt sounded from a deeper part of the Emperor Tribe's planet.

Countless Daoist laws surged and manifested into a golden hand in the air.

The God King had responded!

The massive hand fell from the sky, attempting to subdue Tian Xingying. The terrifying Daoist law energy destroyed the Arch Gilded Intent around him.

Tian Xingcai shouted, "Ying!"

She flew toward Tian Xingying, but Di Hun held her back.

He looked at Tian Xinying under the massive golden hand and cackled with laughter. "Punk, I don't care how or where you got the power, but now that the God King has intervened, you're dead meat!"

The difference between Arch Gilded Immortals and Embodiers was heaven and earth apart.

No matter how strong Tian Xingying had gotten, he was not an Embodier.

"Is this the end? No, I must bring Cai'er away!"

Tian Xingying felt a sudden surge of energy in his body. He gritted his teeth, and his eyes shone brightly.

He then raised the stardust sword high, and a sword ray burst out, easily puncturing a hole in the massive golden hand.

"Hmph. Good one. You blocked my attack."

The Emperor Tribe God King was surprised.

Then, another burst of Daoist law energy exploded.

A second God King had intervened.

Two bursts of Daoist law energies intertwined and blasted Tian Xingying away.

Bang!

Bang!

Planets were destroyed and turned to dust as he crashed through them.

In the end, Tian Xingying's broken body floated in space, his consciousness fading. The combined attack of two God Kings almost killed him.

If not for the Premium Innate Supreme Treasure, he would have kicked the bucket.

"Is this my limit?" Tian Xingying muttered.

He stared at the distant planet and saw Tian Xingcai crying. She wanted to check on him, but Di Hun held her back.

"Cai'er..."

On the verge of death, the strong willpower, or rather, his persistence granted him insights.

The barrier between the Arch Gilded Immortal Realm and Embodier Realm was broken!

Chapter 1867: Tian Xingying Sacrifices Himself To His Dao, Who Dares To Stand In My Way

Meanwhile, on an ancient planet, Chu Kuangren was watching the battle from afar. When he saw Tian Xingying injured, he shook his head and sighed.

"Is this as far as he can go?"

Just when he was about to come up with another way to test the Emperor Tribe, an unmatched aura erupted from the dying Tian Xingying.

From that very moment, the Central Heaven Universe welcomed another Embodier.

Chu Kuangren smiled.

"Tian Xingying, Destiny has acknowledged your value."

...

The stars in the galaxy trembled.

A terrifying aura erupted, shrouding a part of the universe.

It was the aura of an Embodier!

With the help of Destiny's authority, Tian Xingying was one step shy of breaking through into the Embodier Realm. However, when he was on the verge of his death, his persistence gave him a final boost to break through the last barrier.

It was at that moment, Tian Xingying broke through into the Embodier Realm.

Daoist law energies erupted from his body and healed his heavily injured body. He swiftly recovered from his feeble, dying state and surpassed his prime

"So is this the power of an Embodeir God King?" Tian Xingying muttered.

The power of the Embodier God King was something that he had never dared to imagine of having in his life.

However, he had never thought that he, who was a just crippled person with no cultivation base a few days ago, had now broken through to become one of the strongest existence in this universe.

The encounters in life were always bizarre and fascinating.

He thought of the Master of Destiny.

It was because of the Master of Destiny that he could reach the Embodier Realm.

At the same time, he could sense that the life energy he lost remained empty and did not recover even after he ascended to the Embodier Realm.

Once the time was up, he would die, and not even the Daoist law energy could stop that.

Even so, he did not regret it. He looked at Tian Xingcai further away with a resolute gaze. "Cai'er, I'm coming to save you!"

The aura of an Embodier was vast and boundless.

Billions of stars shone, and their starlight gathered upon Tian Xingying.

The Stardust King Physique had broken through its limit!

Tian Xingying had grown so powerful that he looked like the ruler of the stars.

Due to the commotion he caused, the elites across the universe sensed his aura, and they all sent their Immortal Consciousness to have a peek.

They soon realized what happened.

"Did he do that all that for a woman?"

"How did Tian Xingying become an Embodier?"

Tian Xingying's ascension surprised many people.

It felt like someone was pulling the strings from the dark.

If that particular someone was so capable, why would he or she create only one Embodier God King?

The thought frightened the elites, giving them goosebumps all over their skin.

Back on the Emperor Tribe's planet, many of the so-called elites were frightened when they saw Tian Xingying break through to the Embodier Realm.

Tian Xingying was no longer his old self.

He was countless times more threatening than before.

An Arch Gilded Immortal and an Embodier were two entirely different existences, let alone an Embodier God King who wielded a Premium Innate Supreme Treasure.

"Kill him!"

Two figures flew out from the deepest part of the planet.

They were the Embodiers who were stationed on the planet. They looked at Tian Xingying with an unprecedented serious look.

"Let's fight!" Tian Xingying said coldly, seemingly unfazed by the Embodiers' intimidation.

He was already a dead person, so why would he be afraid?

He slashed forward with his sword and unleashed the full potential of the Embodier's power.

One of the Emperor Tribe's God Kings was struck and sent flying backward.

"How powerful!"

"A God King with a Premium Innate Supreme Treasure is indeed something." The other God King grunted.

He then channeled his energy to the limit and manifested his Emperor qi into a massive seal to crush Tian Xingying.

It was the Emperor Physique's divine ability, the Emperor Seal.

"Slash!"

Tian Xingying chose not to dodge or avoid the seal. Instead, he unleashed a slash at the seal with his sword.

The sword qi struck the Emperor Seal.

The loud explosion upon impact shook the entire planet.

The Emperor Seal was crushed!

However, Tian Xingying was not in good shape either. He had just ascended to the Embodier Realm, and albeit having the Premium Innate Supreme Treasure, facing two Embodiers together was a strain.

It was just one Emperor Seal, and his Dao was shaken.

"Continue!" the other God King said coldly.

The two God Kings attacked with their divine abilities again.

Emperor Seal, Emperor Decree, Emperor Dome Canopy, all the divine abilities were cast in succession, constantly shaking Tian Xingying's Dao fiercely.

"Sword, lend me your power!"

Tian Xingying looked at the sword in his hand. Daoist law energy intertwined and was continuously infused into the blade.

The blade, which already contained Daoist law energy, was activated, and it radiated with a terrifying starlight.

It was the Stardust Supreme Treasure energy and the Stardust Embodier energy!

Both matching energies fused together and gushed forward, blasting the two Embodiers away.

"Damn it! He's a tough one!"

"Emperor Bell, come!" one of the God Kings bellowed.

On the planet, a golden bell flew out and headed in Tian Xingying's direction.

Then, a powerful energy erupted and locked onto him.

Tian Xingying was restricted!

"Stardust, again!"

Tian Xingying channeled the energy of Stardust King Physique. Billions of stars trembled, and endless starlight gathered on him.

With the buff from the stars, Tian Xingying's power reached a new height. He unleashed a series of slashes at the golden bell.

The golden bell rang fiercely before it was shattered from within by the rampaging sword qi.

"Not even the Emperor Bell can hold him back?" the God King said coldly.

Tian Xingying looked at the two Embodiers with a grim look as well. He knew it was difficult to kill an Embodier, let alone two.

He had limited time, and if he continued the battle, he would be done for before he could save Tian Xingcai.

He had to bring her away as soon as possible, or his effort would fall short!

"I have nothing to lose, and there's no need for me to hold back anymore!" Tian Xingying muttered.

The Daoist law energy on him started to crack and shatter, releasing an even more powerful energy.

The scene shocked the God Kings, making them gasp in fear.

"He's sacrificing himself to his Dao!"

"He's a madman!"

"Embodiers are difficult to kill and can get away with pretty much anything in this universe. Why would anyone sacrifice himself to the Dao right after he ascended to the Embodier Realm?"

Sacrificing to one's Dao, as its name suggested, was to submit all the power one gained from cultivation to the Great Dao in return for even stronger energy.

Not many cultivators had the courage or resolution to do it because it was suicidal.

Once sacrificed, there was no going back.

"Is it worth it? For a woman?" one of the God Kings asked.

Tian Xingcai did not think about any of that.

All he wanted to do was bring his beloved woman away and protect her from danger.

Chu Kuangren watched with his legs crossed from a distant asteroid. His lips curled into a smile when he saw Tian Xingying sacrifice himself to his Dao. "Tian Xingying, the show you've put on today has satisfied the Heavens!"

It started off as a test, but Tian Xingying exceeded his expectations.

"I'm taking Cai'er away! Who dares to stand in my way?" Tian Xingying shouted and released an even more terrifying Embodier energy that flooded the planet like the Great Flood.

Following a massive explosion, the entire planet cracked.

"Damn it! Who is this Cai'er you speak of?" one of the God Kings asked.

They had no idea who Tian Xingying was looking for.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1868: Spiritual Emperor God King, Tragic Couple Failed To Escape Their Fate

Who exactly was that Cai'er whom Tian Xingying spoke of?

Many people from the Emperor Tribe wondered.

Due to that Cai'er, the Emperor Tribe had suffered a massive loss, and they were forced to face an enraged God King's wrath.

The two God Kings released their Immortal Consciousness and soon realized what happened.

They all glared at Di Hun.

They knew of Di Hun's lustful personality, but because of his special identity, they allowed him to commit his atrocities.

Now, his atrocities had put the entire planet in danger.

Di Hun trembled when he sensed the God Kings glaring at him, but he bit the bullet and said, "Why don't I ask my great-grandfather for help?"

The two God Kings' eyes lit up.

"That's the only way for now."

"Agreed."

The two God Kings exchanged a quick look and nodded.

Both of them were not confident enough to stop a God King who had sacrificed himself to his own Dao.

If they could not stop Tian Xingying, the Emperor Tribe would be disgraced, so they had to ask a stronger God King for help.

Di Hun's figure flashed and disappeared.

He had gone to ask his great-grandfather for help.

"I heard there's a slumbering ancient Supreme God King in the Emperor Tribe. He would never show up unless there's a crisis."

"I've heard it before as well. I didn't know this ancient God King was Di Hun's great-grandfather. No wonder he was chosen as the Emperor Tribe's emissary to collect offerings. He has abused his status and power."

"Yeah. It's pure nepotism."

"Even if he has screwed up this time, I think he will escape unpunished since he has a great-grandfather watching over him."

The others shook their heads helplessly.

Tian Xingying noticed Di Hun's disappearance, and his eyes narrowed.

"I can't drag this out. I have to deal with these two God Kings and bring Cai'er away! Argh!"

Tian Xingying shouted and released even more Daoist law energy.

The two God Kings dared not be careless, so they, too, channeled their energy to the limit to withstand the furious attacks from Tian Xingying.

Various Daoist laws clashed in the sky.

Tian Xingying, who had sacrificed himself to his Dao and wielded a Premium Innate Supreme Treasure, possessed unrivaled power. He attacked recklessly, disregarding his safety, and somehow managed to get an upper hand over the two God Kings.

"I'm almost there! I can do it"! Tian Xingying thought.

His attacks became fiercer.

The entire planet almost shattered because of their fierce battle.

"Stardust Absolute Heaven Blast!"

Tian Xingying unleashed another slash.

The sword ray that contained the power of the stars, manifested by the Daoist law energy, gushed forward, causing a line of explosions ahead of him.

Each explosion of a star had the power to destroy an Arch Gilded Immortal, and the sword ray contained millions of it.

The two God Kings were blasted away by consecutive explosions, and that was not the end.

An even stronger sword attack was hurled at them.

Bang!

One of the God Kings was slashed in half.

Daoist law energy gushed out profusely. Although the slash did not kill him, it would take him some time to collect the Daoist laws again.

With that, Tian Xingying seized the chance to blast the other God King away.

Then, he rushed toward Tian Xingcai and wanted to bring her away.

Right before he could succeed, a golden coffin flew in from the distant horizon.

The coffin blasted Tian Xingying away.

"This is..." Tian Xingying's expression sank.

The coffin slowly opened, and a scrawny old man in golden robes came out.

The old man's face was covered in wrinkles, and he looked like he was at the end of his life.

However, when he stepped out of the coffin, the void around him shattered silently.

Many people felt the pressure he brought, including the two Emperor Tribe God Kings.

"Spiritual Emperor God King!"

There were two Supreme God Kings in the Emperor Tribe.

One would be Di Feitian of the Central Heaven Temple, and the other would be that old man, who seemed to have one foot in his grave.

"I can't believe a child can unleash the power of a God King and sacrifice himself to his own Dao. He even wields a Premium Innate Supreme Treasure..."

"Child, I heard from them that you were just a common Arch Gilded Immortal a few days ago. Tell me, how did you ascend into the Embodier Realm? Tell me, and I will fulfill your every wish."

The Spiritual Emperor God King ignored the two God Kings and looked at Tian Xingying sharply.

He was of ancient times and was so old that he was almost at the end of his Embodier lifespan.

He spent his entire life comprehending the Dao and had excavated all his potential. It was difficult for him to improve any further from his current stage.

However, he did not have the courage to end his cultivation and reincarnate. He was unwilling to give up what he had achieved, so he sealed himself in the golden coffin to prolong his life.

While his senses were sealed off, he used his remaining time to continue his comprehension of the Dao.

Unfortunately, countless years went by, and he gained nothing from it.

However, Tian Xingying's ascension gave him hope.

An Arch Gilded Immortal breaking into the Embodier Realm in just a few days was considered an impossible miracle.

If he could master the secret, he might be able to break through the shackles of his current cultivation level and live a whole new life.

"Hmph! Do you really think I will believe you?" Tian Xingying grunted.

He believed that even if he revealed his secret, the Emperor Tribe would not spare him.

The Emperor Tribe would surely turn around on their promises.

Besides, after he left the Divine Destiny Temple, a warning was inserted into his head, which forbade him from leaking information regarding the temple. Otherwise, the gift from Destiny would be confiscated.

"Child, don't make me do it," the Spiritual Emperor God King said indifferently.

The Daoist law aura on him grew stronger.

Tian Xingying grunted and attacked first.

"You're courting death," the Spiritual Emperor God King said indifferently. He raised his hand and closed his fist in the void.

Daoist law energy, countless times more powerful than that of Tian Xingying, collapsed on Tian Xingying like a waterfall.

Bang!

Tian Xingying was pinned on the ground. Even after he sacrificed himself to his own Dao, he was no match for a Supreme God King.

"You have one more chance. Tell me your secret," the Spiritual Emperor God King said.

"I'm telling you nothing!" Tian Xingying shouted.

He forced himself to stand up under the tremendous pressure, but the Spiritual Emperor God King grunted coldly. The domineering strength from the Daoist law waterfall crashed on him fiercely, wearing his Dao down.

"I'll see how tight your lips are."

Soon, most of Tian Xingying's Dao was worn off, and he could perish at any time.

Only then did the Daoist law waterfall gradually dissipate.

"Ying!"

Tian Xingcai disregarded the guards and darted toward Tian Xingying.

She ran to him and hugged him in her arms.

"Go, seize them!" the Spiritual Emperor God King ordered.

He wanted to interrogate Tian Xingying for the secret.

"It's over now."

Everyone in the void shook their heads.

Tian Xingying might have given his everything and unleashed unimaginable power, but he was still no match for the ancient Emperor Tribe.

Everyone sighed.

The tragic couple could not escape their fate after all.

However, right before the guards could seize them, a black sword fell from the sky and plunged into the ground in front of Tian Xingying.

A vast sword aura immediately spread outward.

The Imperial Guards were all blasted away.

"That sword..."

Unparalleled After Ten Consecutive Draws

Chapter 1869: Collect Debt, One Slash To Kill Di Hun, Di Tianfei's Arrival

A sword flew down from the sky.

The sword aura that it released protected Tian Xingying and Tian Xingcai.

When the God Kings in the void laid eyes on the black sword, a thought rushed into their minds, and their eyes widened.

"That sword is..."

As the black sword plunged into the ground, a figure in white, as transcendental as an immortal, appeared arrogantly.

His boundless might crushed down on the land like the sky was crashing down.

When the others saw the figure, a sudden realization struck them.

"It's the Heavenly Sword!"

"It's really him!"

"This aura... I heard the Heavenly Sword has broken through to an Embodier. I didn't think he would come to the Emperor Tribe right after he ascended."

"Why is he here?"

"Is he somehow related to Tian Xingying?"

Tian Xingying and Tian Xingcai were similarly surprised.

They had heard of the Heavenly Sword, whose name alone shook the universe, but they did not expect to meet him under such circumstances.

"Heavenly Sword, what are you doing there?" the Spiritual Emperor God King asked coldly.

"I'm here to collect my debt," Chu Kuangren said.

"Debt? Nonsense! Only the Emperor Tribes collect debts from others, not the other way around," Di Hun grunted.

"Fool," Chu Kuangren said flatly.

Then, he pointed his sword hand sign forward, and a sword qi gushed out with strong Daoist law energy.

"No!"

The two God Kings next to the Spiritual Emperor God King were shocked. One of them channeled his Daoist law and unleashed an attack on the sword qi.

Bang!

The collision caused a massive explosion.

As the sword qi shattered, the Daoist law that the God King released also disintegrated.

"It's blocked..." Di Hun breathed a sigh of relief.

"Hmph. You can't block it."

A sudden chuckle sounded.

The shattered sword qi rapidly gathered again in the air and shot forward. In a flash, the sword qi beheaded Di Hun before the God Kings could react.

"What?"

"How did it happen?"

The others were shocked.

The Daoist law should have stopped the sword qi.

"A technique hidden in another technique, a sword hidden in another sword! A good move indeed. Who would've thought the Central Heaven Universe would give birth to someone like you?" the Spiritual Emperor God King said coldly.

Even though Di Hun was nothing but a disgrace, he was still a descendant of the Spiritual Emperor God King.

Seeing Di Hun's head fall off with his own eyes was an insult and disgrace to him.

At that, the Daoist law around him gradually surged.

The terrifying energy started to distort the space around him.

"You said you're here to collect a debt, but I wonder, what debt you are referring to?" the Spiritual Emperor God King asked.

"Not everyone can escape from the debt of Destiny."

Destiny...

When Tian Xingying heard the word 'destiny', he thought of the Master of Destiny, and his eyes lit up.

Could the Heavenly Sword be the Master of Destiny in the Divine Destiny Temple?

It had never crossed his mind that the Heavenly Sword was the Master of Destiny himself. He thought the Master of Destiny was a superior being that transcended beyond all living things.

"Destiny? What nonsense is that? Stop riddling around!"

"Fine. In simpler words, the Heavens want the Emperor Tribe in great turmoil."

As soon as Chu Kuangren said that, three massively powerful surges of Embodier energy erupted.

"How arrogant!"

"Heavenly Sword, you're asking for it!"

The two God Kings next to the Spiritual Emperor God King attacked.

Emperor Seal and Emperor Decree, the two divine abilities fused with the powerful Daoist law energy, were cast at Chu Kuangren in an instant.

"Hmph. The Emperor qi is no match for the Emperor Overlord Physique."

Chu Kuangren grabbed the Void Sword on him and swung it forward. The two physiques in him were activated together.

Emperor qi and Overlord qi fused and swirled around the blade, unleashing a powerful slash.

It even contained terrifying Daoist law energy.

That Daoist law carried a hint of disdain, as if all Daos must submit and kneel before it.

In the void, the other God Kings could feel their Daos shaking like they were afraid of Chu Kuangren's Dao.

"A Dao unique from the tens of thousands of Daos in this universe... This is terrifying. What exactly is the Heavenly Sword's Dao?"

"Terrifying..."

Under their horrified gazes, the sword qi that contained Daoist law and Emperor Overlord qi clashed with the Emperor Seal and the Emperor Decree.

A massive explosion erupted.

The Emperor qi from the God Kings disintegrated before the two of them were blasted away. The Daoist law on them was dispersed, and the Dao in them was severely hit.

Although not destroyed, suffering such a violent impact from one clash alone was terrifying enough.

"You're indeed powerful, Heavenly Sword!" the Spiritual Emperor God King bellowed.

The Daoist law waterfall he used on Tian Xingying was used on Chu Kuangren again.

As the Supreme God King, his attack was unlike the others.

To the others, the Heavenly Sword might be powerful, and his Dao might be unique, but he had just ascended to the Embodier Realm.

Facing the powerful blow from the Spiritual Emperor God King, he might not end up any better than Tian Xingying.

Unfortunately, they were all wrong.

Bang!

The terrifying Daoist law waterfall hit Chu Kuangren, but he remained standing with the Void Sword in his hand.

"A Supreme God King? Ha! What can an old and weak Supreme God King do to me?" Chu Kuangren pointed his sword forward.

The Invincible Self-empowering Dao erupted!

The Daoist law was forcefully turned into a sword that started to move in reversal!

A loud explosion later, the sheer power from Chu Kuangren's attack crushed the Daoist law waterfall.

As a result, the Spiritual Emperor God King was pushed back.

His expression became extremely bitter. "Old and weak..."

His potential was drained, and his life was already at its end. Otherwise, he would not have sealed himself in the coffin and gone into slumber in the deepest part of the planet.

He hated it the most when someone called him old and weak!

Chu Kuangren's words were like knives stabbing into his heart. It tormented and enraged him.

"You little punk, you asked for it!"

The Spiritual Emperor God King channeled his Daoist law, and the Emperor Physique's might erupted.

Emperor Dome Canopy, Emperor Seal, and the Emperor Decree — all three divine abilities were cast at once. The terrifying power from those attacks shook even the universe.

Chu Kuangren looked at the tremendous energy currents coming at him. Instead of moving or dodging, he increased his Daoist law energy.

The Void Sword in his hand buzzed while the Daoist law pattern on the blade glowed. As the sword was a Premium Innate Supreme Treasure, it contained Daoist law energy, and only an Embodier could bring out its full potential.

The Invincible Self-empowering Dao, coupled with the Void Sword, boosted Chu Kuangren's aura so high that it reached the stars. His divine aura trembled the universe.

"Sword of Invincibility!"

The Invincible sword technique was put to use once more.

For a moment, the sword qi wreaked havoc across the universe.

The Emperor Seal was the first to break.

However, the sword qi continued forward, crushing the Emperor Decree to bits. The explosive stray energy swept across the planet.

The Spiritual Emperor God King, who was also affected, was pushed backward again and again.

If not for the Emperor Dome Canopy, his old self might not even survive the attack.

"This punk has just ascended to the God King Realm. How can he be so powerful?" The Spiritual Emperor God King was baffled.

At the same time, above the planet, a golden Emperor qi manifested into large clouds. As the golden lights shone down on the land, a person emerged from within.

It was the Temple's Left Guardian, Di Feitian, the other Supreme God King of the Emperor Tribe!

"Finally, the debtor is here." Chu Kuangren grinned playfully.

Unparalleled After Ten Consecutive Draws

Chapter 1870: Ultimate Almighty Source Power Again, Eight-faced Emperor Hammer

Chu Kuangren wreaked havoc on the Emperor Tribe's planet.

Not even the ancient Supreme God King, Spiritual Emperor God King, of the tribe could hold him back. On the contrary, he was forced into a disadvantageous position.

At the critical moment, a terrifying golden Emperor qi erupted above the sky.

Then, a figure emerged from within the Emperor qi.

It was Di Feitian, the other Supreme God King of the Emperor Tribe.

Di Feitian's arrival shocked everyone, and they were concerned about Chu Kuangren.

Was the Heavenly Sword powerful enough to face two Supreme God Kings at once?

Chu Kuangren, however, was not overly concerned. He looked at Di Feitian with a smile and said, "You're here just in time."

Di Feitian had a somber expression on his face. "I didn't expect you to come at us right after you broke through to the Embodier Realm."

"What's the problem with that?" Chu Kuangren said with a smile.

"You're audacious, I will give you that, but don't blame me for getting rough on you. I will break the Heavenly Sword here and now!" A frosty killing intent flashed in Di Feitian's eyes.

He had been eager to Kill Chu Kuangren for a long time now, but the other God Kings of the Temple said they had to rely on the Heavenly Sword to rival Chu Kuangren from Pan Gu Universe, hence forbidding him from breaking the Heavenly Sword until this day.

However, the Heavenly Sword was wreaking havoc on the Emperor Tribe's planet, which was a provocative act, so no one could blame Di Feitian for stopping Chu Kuangren.

"Hm. You've been wanting to defy the Heavens for a while now, am I right? In that case, the Heavens will give you a chance to show me what you've got," Chu Kuangren said with his hands behind his back, looking nonchalant.

Di Feitian's aura surged gradually.

He was a Supreme God King, one who was in his prime, so he was countless times stronger than the Spiritual Emperor God King, who was old and weaker.

When the others sensed Di Feitian's surging aura, they saw golden Daoist law energy intertwining around him and forming a golden Emperor Seal that crashed toward Chu Kuangren.

The power that it contained was terrifying. It was considered one of the strongest attacks in the Central Heaven Universe.

Even an Embodier's Dao would be severely damaged if not careful.

Chu Kuangren stood still with the Void Sword in his hand. As his Dao and the Void Sword resonated, the Emperor Overlord qi swirled around the blade.

He threw a slash at the incoming Emperor Seal.

The slash carrying a vast sword qi clashed with the Emperor Seal.

Kaboom!

The sword qi and the Emperor Seal exploded together.

Chu Kuangren was forced backward several steps, but Di Feitian did not even budge. The difference between the two of them was obvious.

"Hm. As one who is favored by Destiny, you are indeed strong," Chu Kuangren said nonchalantly despite being in a disadvantageous position.

His words put a bitter look on Di Feitian's face.

The word 'destiny' gave him chills.

It reminded him of the unpredictable and superior Master of Destiny, which was the source of his reverence.

The Heavenly Sword must be related to the Divine Destiny Temple.

Could it be that the Divine Destiny Temple sent Chu Kuangren here to wreak havoc on the Emperor Tribe's planet?

Could Tian Xingying be a part of the whole plan?

Other than the Master of Destiny, Di Feitian could think of no one who had the power to boost a cripple into an Embodier in mere days.

It was inconceivable.

"Di Feitian, join me and we will kill him together," the Spiritual Emperor God King said coldly.

With that, he appeared above Chu Kuangren and channeled his Emperor Physique to the limit. The Daoist law waterfall crashed on Chu Kuangren again.

Di Feitian joined the attack, and his golden Emperor qi transformed into a massive finger energy.

It was the Heaven Restraining Emperor Pierce.

The two Supreme God Kings' combined attack could surpass all in the Central Heaven Universe.

No one knew what else could Chu Kuangren do to stop the attack.

"Ultimate Almighty Source Power, activate!"

Chu Kuangren's eyes released a powerful divine light.

The Ultimate Almighty Source Power that was much more powerful than the Emperor Overlord qi was activated.

It was the physique that he developed based on the Tome of Physique, and its power surpassed all that in the universe. Not even the Great Dao of this universe had control over it.

When the Ultimate Almighty Source Power was activated, the incoming Emperor qi started shattering inch by inch before blasting the Spiritual Emperor God King away.

Then, Chu Kuangren followed up with another attack.

He raised his sword into the sky. The stars in space trembled, and countless starlights gathered upon him.

It was the secret technique from the Galaxy God King — Seven Star Heavenly God Transformation!

The starlight formed seven stars, which were infused into Chu Kuangren's body. In addition to the Almighty Ultimate Source Power, his energy rose to another level.

Even though he was only at the early stage of the Embodier Realm, his current energy level rivaled that of the Supreme God King, Di Feitian.

"His energy rose again? How is this possible? What is going on?" the Spiritual Emperor God King said with a somber look.

It was his first time meeting an Embodier God King that did not play by the rules.

Chu Kuangren had just ascended, but he was already so powerful. If he had more time, he would grow beyond anyone's imagination.

He could not be allowed to live!

"Emperor Heaven Dragon Sword! On me!" The Spiritual Emperor God King raised his hand in the air.

Inside the golden coffin that he awoke from, a golden light flew out.

It was a golden sword carved with golden patterns that formed a dragon shadow.

When he held the sword, the Spiritual Emperor God King's energy became even more terrifying. He slashed his sword forward and shot its sword ray at Chu Kuangren.

"Even if you are a God King, you're no match for the Heavens in terms of swordplay."

Chu Kuangren wielded the Void Sword, and the Almighty Ultimate Source power gathered once more.

The Sword of Invincibility was cast again!

The colorful sword shadow clashed with the golden sword ray.

The Spiritual Emperor God King was blasted away again. His already-aged face paled even more, and he looked like he might die at any moment.

"Chu Kuangren, this is too much!"

Di Feitian channeled his energy to the limit and used all three divine abilities of the Emperor Physique — Emperor Seal, Emperor Dome Canopy, and Emperor Decree!

"Sword of Invincibility!"

It was the same slash but with a stronger power.

Chu Kuangren was forced backward for more than a dozen meters. He looked at the Void Sword in his hand and suddenly felt that his offensive methods were a little too simple.

After breaking through into the Embodier Realm, the techniques he had been using could not keep up with his pace anymore.

Moreover, the techniques he practiced in Pan Gu Universe should not be simply used in this universe.

He believed he had to do some research on his current offensive methods.

"Heavenly Sword, have a taste of this!"

Di Feitian raised his hand and unveiled a golden eight-faced hammer, carved with countless runes.

On top of that, when the hammer was revealed, the void around it cracked as if space itself could not bear its sheer weight.

Di Feitian's Emperor qi resonated with it.

"That's Di Feitian's Eight-faced Emperor Hammer!"

"That's a Pseudo Chaos Supreme Treasure!"

The Pseudo Chaos Supreme Treasure was the most astonishing treasure, second only to the Chaos Supreme Treasure.

Not even a Primordial might own one.

No one knew how Di Feitian got the Pseudo Chaos Supreme Treasure. It had always been a mystery, but they all knew it was a terrifying weapon.

A long time ago, Di Feitian used the hammer to kill one of the God Kings of the Overlord Tribe who tried to ascend into the Primordial Realm.

That battle made Di Feitian the strongest in the Central Heaven Universe and a legend within the Emperor Tribe.

"This is great! God King Feitian has finally revealed his signature weapon!"

"With that, the Heavenly Sword shall be hammered to death!"

The people from the Emperor Tribe were excited to see the hammer.

Even the Spiritual Emperor God King breathed a sigh of relief.

In his opinion, no matter how ridiculously powerful Chu Kuangren was, there was no way he could withstand the power of the Pseudo Chaos Supreme Treasure.

"Haha, you're finally using the hammer," Chu Kuangren said as his eyes lit up.
