Chapter 1891: Killing The Dao King Tribe's God King, Searching Godly Bloodthirst's Soul

"Heavenly Sword!"

Tian Xingcai was relieved to see Chu Kuangren.

The rest of the people looked at Chu Kuangren solemnly, including Elder Li, a God King.

After all, Heavenly Sword's achievements were too frightening, and everyone in the Central Heaven Universe knew about them.

"Heavenly Sword, since you want to protect Tian Xingcai, I hope you don't mind me asking. Was it you who summoned Tian Xingying to make a fuss in the Ancient Emperor Planet back then?" Elder Li asked.

There were a few mysteries surrounding the past event involving Tian Xingying. Putting aside other aspects, the fact that someone could become an Embodier from an Arch Gilded Immortal was incredible.

Most importantly, the Heavenly Sword happened to be on the Ancient Emperor Planet at that time too.

That was why some people suspected that Tian Xingying had something to do with the Heavenly Sword.

It was even possible that Chu Kuangren was the mastermind behind Tian Xingying's act of turning the Ancient Emperor Planet.

Everyone was astonished, and they all started to take a guess as to how strong the Heavenly Sword had grown.

"You ask too many questions. The Heavens don't have to answer to you," said Chu Kuangren.

"Very well. Since you intend to protect Tian Xingcai, I'll respect your wishes," said Elder Li.

He was well aware that he was not Chu Kuangren's opponent.

After all, Chu Kuangren had killed the Supreme God King, so what could he do?

His first instinct was to escape.

However, countless sword qi suddenly emerged around him, forming a Heavenly Prison in an instant!

A powerful forbidden sealing force soon trapped Elder Li in place.

"Heavenly Sword, what are you doing?"

"Do you think you can get away after injuring the Heavens' people?"

"Heavenly Sword, don't act recklessly. Do you really want to go against the Dao King Tribe?"

"Why not?" Chu Kuangren asked calmly.

After dealing with the Emperor Tribe, he had been contemplating which force to deal with next, and now, he had a target, which was the Dao King Tribe!

Not only had they killed countless Dragon Tribe members, but they also had a grudge against him. Both of those reasons made a perfect opportunity for him to beat them down this time.

Moreover, a God King was a threat to the Pan Gu Universe, and killing him would be just right.

With those thoughts in mind, Chu Kuangren did not hold back.

As he raised his hand, the Void Sword was unsheathed, and the O' Heavens Bear Witness, Emperor Overlord Dominion technique was cast.

With just a sword strike from Chu Kuangren, Elder Li exploded into a mist of blood.

In the void, countless Daoist laws that we Elder Li's Dao attempted to converge.

However, Chu Kuangren's gaze turned cold. Then, he activated his Daoist law energy to obliterate the opponent's Dao.

A God King had fallen!

The scene shocked everyone present.

Elder Li was a God King, yet he was killed just like that!

Was Chu Kuangren not too presumptuous?

"The Heavenly Sword is truly domineering."

The crowd lamented.

Among the crowd, Mo Tianheng, Underworld God Emissary, and others had secretly left the scene.

Unfortunately, Godly Bloodthirst and Humanly Bloodthirst were locked onto by Chu Kuangren when they attempted to leave.

All Chu Kuangren did was mobilize his thoughts, and a surge of sword qi restricted both of them in place.

"Heavenly Sword, what are you trying to do?" Godly Bloodthirst asked in horror.

"Nothing. I just need to borrow your memories for a moment," Chu Kuangren said with a faint smile.

What did Chu Kuangren mean by that?

However, before Godly Bloodthirst and Humanly Bloodthirst could react, a gigantic hand landed on their heads.

They immediately felt as though their heads had exploded as a hand reached into their souls, continuously stirring and causing them unbearable pain.

"Heavenly Sword, you..."

Godly Bloodthirst could not bear the agony and tried to resist by activating his rage qi.

However, his strength was too insignificant before Chu Kuangren. After a while, he became a fool devoid of consciousness.

His memories were fully under Chu Kuangren's control.

"I see..."

Through the memories of Godly Bloodthirst and Humanly Bloodthirst, Chu Kuangren managed to gain some information about the Armament Destruction Tribe.

The most important thing among those memories was the location of the Armament Destruction Tribe's stronghold.

Although the planet where the Armament Destruction Tribe was located was a floating war fortress in the universe, there were certain rules to follow.

However, those rules were known only to the Armament Destruction Tribe's higher-ups.

As an existence ranked second among the Four Bloodthirsty Blades, Godly Bloodthirst was aware of those rules.

"Armament Destruction Tribe... I've found you."

Chu Kuangren grinned. He planned to meet the Armament Destruction Tribe to settle the matter of the Thousand Swords Calamity after resolving the issue at hand.

His most important task was to seize control of the Armament Destruction Tribe's war fortress.

"Thank you again for lending a helping hand, Heavenly Sword," Tian Xingcai said to Chu Kuangren with a fist salute.

"Don't mention it. Your growth has surprised the Heavens."

Chu Kuangren glanced at her.

He was impressed that Tian Xingcai could refine the Emperor's Double Pupils and King's Mark in just a few short years.

"Heavenly Sword, thank you for your compliment," Tian Xingcai replied with a smile.

"Why don't you join the Heavens?"

"Well, don't mind if I do. Thank you."

Chu Kuangren did not have any special feelings toward Tian Xingcai. She was someone he had trained, so he had to take care of her to some extent.

Moreover, she was already spoken for.

...

"Damn you, Chu Kuangren, for ruining my Dao King Tribe's plan!"

Somewhere in the Central Heaven Heart Realm, Mo Tianheng, who had been fleeing, stopped and heaved a sigh of relief when he noticed that Chu Kuangren had not caught up to him.

He wore an extremely grim expression.

While in the Dragon Tribe, Chu Kuangren disrupted the Dao King Tribe's plans.

Now, he had killed a God King of the Dao King Tribe in the Central Heaven Heart Realm.

Was Chu Kuangren determined to be at odds with the Dao King Tribe?

"Damn it. I planned to seize the King's Mark within Tian Xingcai's body, but I didn't expect Heavenly Sword to interfere."

Mo Tianheng took a deep breath, trying to calm himself down.

He glanced at the bizarre Central Heaven Heart Realm in front of him. "Forget it. I'll continue to explore here. Maybe I can find some Opportunities of Fortune."

Suddenly, Mo Tianheng noticed a figure not far away.

It was Heaven Maiden You.

His eyes lit up when he recalled that she also possessed the King's Mark. Then, he approached her and greeted her. "How are you doing, Mystic Divination Heaven Maiden?"

"Oh, it's you."

Heaven Maiden You responded calmly, but there was a hint of coldness in her eyes.

She already knew that Mo Tianheng had his eye on her since the Dragon Tribe's banquet, and now that they encountered each other, she felt somewhat displeased.

"Mystic Divination Heaven Maiden, the Central Heaven Heart Realm is extremely strange and dangerous. How about we travel together?"

"I appreciate your goodwill, but I prefer to explore on my own."

"Why are you rejecting me, Mystic Divination Heaven Maiden? Do consider it an opportunity for me to impress you," Mo Tianheng said affectionately.

Upon hearing that, Heaven Maiden You furrowed her brows.

She could do nothing about it as Mo Tianheng was persistent. If they were to fight, and even if she could win, she would likely have to pay a considerable price.

Then, it would be difficult for her to make progress in the unpredictable Central Heaven Heart Realm.

Feeling helpless, she reluctantly accepted Mo Tianheng's offer for the time being, but she intended to find an opportunity to get rid of him later.

...

Somewhere in the Central Heaven Heart Realm, a figure was searching everywhere for Opportunities of Fortune.

He was Xuan Yuanfeng, the Temple's Second Seat!

Suddenly, he came across a colorful fruit tree that contained intense Daoist law fluctuation!

"This is Five-colored Embodier Tree, the Central Heaven Divine Item!"

Xuan Yuanfeng's eyes lit up with excitement. "Fantastic! With this Embodier Tree, I can definitely break through to become an Embodier God King!"

Unparalleled After Ten Consecutive Draws

Chapter 1892: A Mysterious Guidance, Heaven Maiden You Is In Danger, The Idea of Building A Team

A pitch-black figure was swiftly flying through the air somewhere in the Central Heaven Heart Realm. He was the Underworld God Emissary.

At that moment, it seemed as though he had sensed something, and excitement filled his eyes. Soon, he arrived next to a black pond.

Upon seeing the pond, the Underworld God Emissary was overjoyed. "Sure enough, it's the Nether Abyss Demonic Lake!"

The Nether Abyss Demonic Lake was a Divine Item recorded in the history of the Nether King Tribe. It was said to be formed by the Nether King's Blood.

"Once I absorb and refine this Nether Abyss Demonic Lake, I will break through to the Embodier Realm. Success is within my grasp!"

"Haha. This is amazing."

Underworld God Emissary was so excited that he immediately set up numerous restrictions and then entered the Demonic Lake to begin refining its energy.

In fact, not only Xuan Yuanfeng and the Underworld God Emissary but some of the Prodigies who entered the Central Heaven Heart Realm, as if guided by something, also found their Opportunities of Fortune.

...

"Heavenly Sword, the place I've sensed is not far ahead," Tian Xingcai said to Chu Kuangren.

The two arrived at a colorful crystal mountain, and on top of this peak, there was a golden gemstone that shone with dazzling Immortal Sparks.

Chu Kuangren could sense that the gemstone contained incomparably pure Emperor Daoist law energy!

"Well, isn't this a coincidence?"

"Tian Xingcai possesses the Emperor's Double Pupils, and the Opportunity of Fortune she has found by following its guidance happens to be the most beneficial one for the Emperor's Double Pupils."

There was a strange look in Chu Kuangren's eyes.

In fact, he noticed that besides Tian Xingcai, the rest of the Prodigies also seemed to be influenced by some kind of guidance. It was as if there was a force affecting them.

"The Central Heaven Heart Realm is getting more and more interesting," Chu Kuangren mumbled.

He instructed Tian Xingcai to refine the golden gemstone.

Then, he looked at the Central Heaven Heart Realm and secretly asked Lil Ai, "Lil Ai, can you analyze the source of that inexplicable guidance?"

"Yes, but it'll take some time."

Lil Ai had ever disappointed Chu Kuangren.

"Alright. I understand."

...

On that day, Chu Kuangren was sitting down with his legs crossed under an Immortal Tree.

He was analyzing the source of the inexplicable guidance with Lil Ai, while Tian Xingcai was refining the golden gemstone on a mountain not far from him.

Suddenly, he sensed a violent energy reaction not far away, as if someone was dashing in his direction.

"Oh, such an aura. Who could it be?"

A white figure flew past rapidly.

It was Heaven Maiden You. She appeared somewhat disheveled, bearing no resemblance to her former divine appearance.

Her white clothes were stained with blood, and her vitality was weak.

Behind her, dozens of figures were pursuing her relentlessly.

They were people from the Dao King Tribe.

"Damn it. I've underestimated them."

"Mo Tianheng, I won't let this matter go so easily!"

Heaven Maiden You's expression was icy cold.

Previously, Mo Tianheng accompanied her on the exploration within the Central Heaven Heart Realm. Unexpectedly, he took advantage to ambush her when she discovered an Opportunity of Fortune.

Not only that, he even stole the King's Mark from her.

She managed to escape using a forbidden technique, but Mo Tianheng had sent members of the Dao King Tribe to hunt her down.

As a last resort, she utilized a certain deduction technique to predict her life path.

"According to the deduction technique, my life path leads in this direction, but why haven't I seen a turning point?"

Heaven Maiden You looked anxiously at the Dao King Tribe members behind her who were getting closer.

At that moment, a tree suddenly appeared before her.

Under the tree was a figure sitting with his legs crossed, and a long black sword was placed horizontally on his knees.

Heaven Maiden You's face lit up when she saw him.

"Heaven Maiden You, go to hell!"

Just then, a member of the Dao King Tribe made a forceful move by unleashing a saber ray at Heaven Maiden You!

However, Heaven Maiden You managed to dodge the saber ray with some kind of technique.

That strike was then aimed straight at Chu Kuangren.

Buzz!

A burst of sword intent flowed outward. Soon, the saber ray shattered and turned into countless orbs.

Chu Kuangren felt a little frustrated.

He was sitting there peacefully, and the saber ray approached him from the sky out of nowhere. What was going on?

He turned around to look at the source of the saber ray and happened to see Heaven Maiden You, who was being hunted by members of the Dao King Tribe.

"Oh. It's her." Chu Kuangren grinned.

He was familiar with Heaven Maiden You.

Before he transformed into Heavenly Sword, they had a brief encounter at the universe-connecting portal.

Later on, they had a few more encounters after Heaven Maiden You became one of the Nine Kings.

Every time they met, she revealed an aloof and noble demeanor. It was rare to see her in such a disheveled appearance.

"It's the Heavenly Sword!"

The cultivator from the Dao King Tribe, who accidentally struck Chu Kuangren while attacking Heaven Maiden You, had his face turned pale with fright.

"That's bad. It's Heavenly Sword!"

"Quick! Leave now!"

The Dao King Tribe members turned around and fled without saying another word.

After all, if Chu Kuangren could kill the Dao King Tribe's God King so easily, let alone them.

Chu Kuangren ignored them because, to him, they were nothing more than insignificant ants.

"It's a pity to see the renowned Mystic Divination Heaven Maiden in such a state. I heard that the Mystic Divination Tribe is good at deducing fate and predicting the future, but it doesn't seem to live up to its name. If you could predict the future, how did you end up like this?" Chu Kuangren said.

Heaven Maiden You, on the other hand, looked at him and was not bothered about his mockery. Instead, a hint of gratitude appeared on her face. "Speaking of that, this is the second time you've saved me, Heavenly Sword."

"The second time?"

"Yeah. The first time was in the Void Battlefield, where you saved me from Chu Kuangren."

Chu Kuangren pondered for a moment.

Indeed, that was the case.

Back in the Void Battlefield, he and Green Lotus Chu Kuangren staged and fooled the Prodigies and sky-prides of the two great universes.

However, saving Heaven Maiden You was an unexpected occurrence.

"It was just something I did without much thought," said Chu Kuangren.

"It seems to be fate that the Heavenly Sword has saved me twice."

"Oh. Are you trying to establish a relationship with Heavens?"

"I wonder if I have the honor to do so," Heaven Maiden You replied with a faint smile.

"The Heavens have been a loner and have never form relationships with others. You should take care of your injuries first."

"Thank you for reminding me."

Then, Heaven Maiden You sat beside Chu Kuangren and began to heal her injuries. Surprisingly, she did not put up her guard against Chu Kuangren.

"Interesting. Does she consider me a trustworthy person?" Chu Kuangren thought to himself.

She probably would have a different opinion of him if she knew that he was the Chu Kuangren who had almost killed her twice.

However, he saved her twice, even though he almost killed her twice.

That made Chu Kuangren feel intrigued.

"Perhaps I can use the Mystic Divination Tribe as my tool."

In the Central Heaven Universe, a ruthless approach would not work, so he needed some support.

For instance, Sword God King from the Spiritual Sword Tribe was his early support.

Now that he had surpassed the Sword God King, perhaps he should build his team here to make things more convenient for him.

Unparalleled After Ten Consecutive Draws

Chapter 1893: All Prodigies Become God Kings, A Crystal Heart

Several years had passed since the opening of the Central Heaven Heart Realm.

During those years, a lot happened in the Central Heaven Heart Realm. Some explorers occasionally seized great Opportunities of Fortune and rose to prominence, while many sky-prides, Prodigies, and even God Kings fell.

On that day, somewhere in the Central Heaven Heart Realm, a man shrouded in Immortal Sparks walked out, and terrifying energy fluctuations emanated from him.

That was the Daoist law energy!

Someone had broken through to become an Embodier God King!

"Now that I've become the God King, who in this universe can challenge me?" Xuan Yuanfeng yelled with excitement.

After all, he was an Outlier. Once he became a God King, he would be an Outlier God King, and his combat strength would be more powerful than ordinary God Kings!

"I can sense that a great Opportunity of Fortune is waiting for me over there. Could it be the Primordial Esoterica of this Heart Realm?"

Xuan Yuanfeng looked in a certain direction excitedly.

Meanwhile, a man in a long black robe walked out from another place.

Soon, bursts of mysterious and domineering aura emanated from him.

Once again, it was the aura of an Embodier God King!

The person was the Underworld God Emissary.

"Haha. The power of Nether Abyss Demonic Lake is truly extraordinary. Now that I have become an Outlier God King, I can freely roam in this vast universe!" The Underworld God Emissary laughed out loud.

He then looked into the distance and also felt an inexplicable connection.

With that, his figure flashed and instantly disappeared in place.

At the same time, Mo Tianheng from the Dao King Tribe had refined the King's Mark on top of a mountain.

Furthermore, in the past few years, he had obtained a great Opportunity of Fortune and had now broken through the barrier, making him an Embodier God King.

Mo Tianheng stood on top of the mountain and released a tyrannical aura of God King Daoist law that moved everything in the surroundings and shook the universe.

"Such power... Heavenly Sword, I'm not afraid of you anymore!"

Mo Tianheng looked into the distance, his heart swelling with pride!

...

In the Central Heaven Heart Realm, burst after burst of Embodier God King's aura suddenly erupted, and each of them was incredibly powerful.

It was a commotion caused by an Outlier Prodigy who had broken through to become a God King, which greatly shocked everyone who entered the Central Heaven Heart Realm.

"F*ck me. What's going on? How did all of them break through at the same time? Was t timed?"

"My goodness. We have several more God Kings now."

"It's going to get lively..."

In a certain space, Chu Kuangren smiled mischievously as he sensed the sudden appearance of the Embodier God King auras.

"It's interesting that they're all breaking through at this particular time. It seems like the Central Heaven Heart Realm is about to experience some major changes."

"Heavenly Sword, you don't seem to be worried at all," said Heaven Maiden You.

"Oh, why should the Heavens worry?"

"Heavenly Sword, aren't you concerned that these Prodigies might pose a threat to you after they become God Kings?" asked Heaven Maiden You.

"Threat..."

Chu Kuangren could not help but chuckle as if he had heard a joke. Then, contempt filled his eyes. "No one in this world can threaten the Heavens."

So what if a few more God Kings appeared? It was not as if he had never killed a God King before.

"It makes me even more curious about your strength, Heavenly Sword."

"You're far from being able to deduce the Heavens," Chu Kuangren responded indifferently.

At that moment, a powerful aura emanated from not far away.

It was Tian Xingcai, who had broken through to the Great Perfected Arch Gilded Immortal Realm.

She stood up and looked into the distance, her gaze filled with surprise.

"Oh. It looks like you have also sensed something too," Chu Kuangren said while looking at Tian Xingcai.

"Yeah." Tian Xingcai nodded.

"In that case, let's go and have a look."

They immediately set off toward the source of the connection.

...

In the Central Heaven Heart Realm, on top of a majestic mountain peak, a massive tree exuded dazzling Immortal Sparks and was surrounded by countless Daoist laws.

There was a gigantic fruit hanging from the tree.

No, it would be somewhat inappropriate to call it a fruit.

It was not a fruit but... a heart!

It was a crystal-clear and translucent heart with shimmering five-colored radiance. There was also majestic energy contained in that heart.

It seemed to be the embodiment of countless Daoist patterns in the universe, which was mysterious and extraordinary.

All Prodigies followed their senses and arrived at the location.

The moment they noticed the crystal-clear and translucent heart on the tree, they could not help but yearn for it.

"That's the thing that guided me here."

"A heart... Could it be the heart of Tian Yuan Creation God?"

"There are rumors that the Central Heaven Heart Realm was transformed from the heart of the Tian Yuan Creation God. If that's true, the heart on this tree is likely to be the core of this particular universe, and it must contain the Primordial Esoterica."

The crowd was jumping with excitement.

However, at that moment, a blood ray shot out and swooped toward the heart.

"Haha. The Primordial Esoterica is mine!"

A dragon shadow appeared within the blood ray.

It was Long Tianfeng, a former Dragon Tribe member!

Now, he was close to going mad. For the Primordial Esoterica, he had sacrificed too much, including causing the deaths of countless comrades and being betrayed by allies...

Now, the Primordial Esoterica was right in front of him!

He was willing to pay any price to get his hands on it!

"Hmph. Long Tianfeng, how dare a failure like you covet such an Opportunity of Fortune? You're truly delusional!"

An indifferent voice sounded.

In the void, Immortal Sparks shone, and a figure appeared. The moment a palm attack was unleashed, an overwhelmingly domineering surge of Daoist law energy gushed out.

It was God King Molin.

Having been affected by the force of the Daoist law energy, Long Tianfeng was forced back.

"No one can stop me!"

Long Tianfeng grunted, his eyes red.

Then, his dragon qi erupted, and he used a self-sacrificial technique to forcefully shatter God King Molin's Daoist law energy.

"That's bad!"

God King Molin's face sank.

Long Tianfeng was already close to the Crystal Heart at that moment.

However, just when Long Tianfeng got excited and thought that the Crystal Heart was already in his bag, a barrier suddenly emerged around the Crystal Heart.

As a result, Long Tianfeng was isolated from this barrier.

Was the Crystal Heart resisting him?

Everyone present was astonished.

"Could this Crystal Heart have consciousness?"

Long Tianfeng, on the other hand, was enraged.

"B*stard, I have sacrificed so much for you. How dare you resist me? Break!"

Long Tianfeng channeled his energy to its limit to bombard the barrier.

Despite that, the barrier remained motionless.

God King Molin, Wu Xuelong, and others immediately reacted by making a move to stop Long Tianfeng.

Both of them were Supreme God Kings, and Long Tianfeng was severely injured years ago. How could he be a match for them?

A moment later, Long Tianfeng was killed by the joint forces of the two.

As his Dao dissipated, Long Tianfeng... perished.

Everyone lamented as they stared at the Crystal Heart.

"This item seems to have consciousness. It looks like it will choose a suitable successor for itself."

"Could this be the test set by the Tian Yuan Creation God, and only by passing this test can one gain insight into the Primordial Esoterica?"

"Interesting."

The crowd broke out into a discussion among themselves. Some God Kings acted and attempted to enter, but they were all stopped by the barrier.

"Let me try!"

At that moment, a voice sounded.

Mo Tianheng glided through the air with his body filled with Embodied God King aura, shocking everyone. Seeing him, some veteran God Kings' hearts started pounding with fear.

Unparalleled After Ten Consecutive Draws

Chapter 1894: A Heart That Is Suppressed By The Great Dao, A Bunch of Trash, Slashing The Immortal Tree

"It's Mo Tianheng. He has become a God King!"

"What a powerful aura."

The crowd looked at Mo Tianheng with fear in their eyes.

An Outlier God King was more intimidating than ordinary God Kings.

Mo Tianheng's arrival caught everyone's attention. However, the crowd was even more surprised when they saw him walking through the barrier without any hindrance.

"What's going on? How can he enter it?"

"Could he be the chosen successor of this Crystal Heart?"

Mo Tianheng was overjoyed.

"Haha! I, Mo Tianheng, am indeed the destined person to have the Crystal Heart!"

He was now an Emboder God King who possessed the King's Mark. If he could also merge with that Crystal Heart...

Mo Tianheng was ecstatic, and he had never felt as confident as he was now!

He believed that being an Embodier God King was not his limit; he would be the Supreme King of the universe in the future!

Then, he reached out his hand and grabbed the Crystal Heart.

To everyone's surprise, his hand passed through the heart as if the object before him was just air.

He tried several times but to no avail.

"What's going on?"

"Could it be a mere illusion?"

Mo Tianheng furrowed his brows.

However, Daoist laws started gathering on the Crystal Heart, and a mysterious brilliance radiated from it. How could it be an illusion when it looked so real?

"Ha! You're not the real owner of this object after all." At that moment, another voice sounded.

Several figures were approaching the crowd from a close distance.

They were Prodigies from various forces who were drawn to the heart by its connection.

Among them were the Underworld God Emissary, Xuan Yuanfeng, and others.

The rest of the people attempted to cross the barrier, but only Underworld God Emissary, Xuan Yuanfeng, and Lei Shentian succeeded in entering. Those three people were part of the Temple Sequence.

Just like Mo Tianheng, they arrived before the Crystal Heart after entering the barrier.

After that, they looked at the Crystal Heart and attempted to seize it.

Unfortunately, like Mo Tianheng, they failed to obtain it too.

"What's going on?"

The crowd was puzzled.

"Ha! All of you failed too."

Mo Tianheng sneered.

"I see."

At that moment, Xuan Yuanfeng seemed to have noticed something. "This heart doesn't exist in this particular space. It appears to be in front of us, but in reality, it resides in another dimension."

Xuan Yuanfeng excelled in Spatial Dao, so he had a keen perception when it came to anything related to space and managed to deduce the Crystal Heart's situation immediately.

"So, what shall we do to obtain it?"

"We either need to break this particular space and enter the dimension where the Crystal Heart resides, or we must extract it from another dimension."

Xuan Yuanfeng formed a mysterious technique with his hand to explore something until suddenly, he looked at the massive tree next to him with a hint of bewilderment in his eyes.

"I see. The dimension where the Crystal Heart resides is within this Immortal Tree. As long as we break this tree, we will be able to successfully retrieve the heart!" Xuan Yuanfeng said.

"Let's not waste our time and make a move!"

The group of them launched their attacks. Their powerful Immortal's Core energy and the Daoist law fluctuations continuously bombarded the Immortal Tree.

For a while, the entire Central Heaven Heart Realm trembled.

"What's happening?"

"Could it be that this Immortal Tree is the foundation of the entire Central Heaven Heart Realm, and Xuan Yuanfeng and others have shaken this place after attacking the Immortal Tree?"

"If they destroy this Immortal Tree, will it cause the collapse of the Central Heaven Heart Realm?"

Some cultivators began to worry. If the Central Heaven Heart Realm collapsed, it was uncertain whether they would be able to escape.

Did that mean they should leave now?

Next to the Immortal Tree, Xuan Yuanfeng and others activated their Daoist laws to destroy the Immortal Tree's energy. Vaguely, they came into contact with a layer of spatial barrier.

"Very well. Break this barrier!" Xuan Yuanfeng said.

Soon, the King's Marks faintly emerged on their bodies.

Everyone reacted strangely to the scene.

"Are all of them the Nine Kings?"

"Xuan Yuanfeng, the Underworld God Emissary, Mo Tianheng, and Lei Shentian... My goodness. Four of the Nine Kings are here."

"Wait. Only the Nine Kings can penetrate the barrier. Does this mean something?"

God King Molin and others started to ponder. They realized that the energy of the barrier around the Immortal Tree was gradually weakening.

At that moment, they seemed to understand something.

"The barrier wasn't set up by the Crystal Heart but by the Immortal Tree! Furthermore, the Immortal Tree has isolated the heart in another dimension... Could it be that the tree has suppressed the heart here?"

"If this is the heart of Tian Yuan Creation God, who could suppress it here? Also, why only the Nine Kings could pass through the Immortal Tree barrier?"

For a moment, the minds of several God Kings started to turn.

Then, God King Molin's eyes widened. "I understand now. It's the Great Universal Dao! Only the Great Universal Dao can suppress the heart of Tian Yuan Creation God here and leave behind the barrier! The King's Marks originate from the Great Dao, and that's why only the Nine Kings can pass through this barrier!"

Only after hearing the statement did the situation become clear to everything.

However, following that, a greater doubt arose.

"Why would the Great Dao suppress this heart?"

"The existence of the Great Universal Dao is to control everything, but the power of Tian Yuan Creation God could no longer be under the Great Dao's control, so the Great Dao wanted to destroy him. However, he was so powerful that his heart transformed into this Central Heaven Heart Realm, which was beyond the Great Dao's control, and left behind his inheritance. Although the Great Dao can't control this place, it left this Immortal Tree here to suppress the heart from emerging..."

God King Molin filled up the blanks with his imagination, and his eyes burned with desire.

The rest of the people were stirred up by his words.

A power beyond the Great Dao's control?

Was that not transcendence?

A transcendental power was what all beings living under the Great Dao yearned for!

"Could it be that this heart contains not only the Primordial Esoterica but also the power of transcendence?"

"Oh my. Whoever obtains this heart would be immensely fortunate!"

Everyone was utterly shocked as they stared at the Immortal Tree.

The four Nine Kings, who were already Embodiers, joined forces to attack the Immortal Tree with full strength. Yet, they failed to wipe out the power of the Immortal Tree!

"Damn it. Will our efforts be in vain?"

Xuan Yuanfeng was slightly dissatisfied.

The other three were equally dissatisfied. The Primordial Esoterica and the transcendental power were right in front of them, yet they could not get their hands on them.

It was truly tormenting.

"Use all your strength!"

Xuan Yuanfeng grunted and raised his hand to activate his ultimate move.

"Xuan Yuan's Sword Slashing The Void!"

A mighty sword shadow slashed forward.

The other three also activated their ultimate moves.

Various divine abilities and Immortal Techniques blasted out, causing the entire Immortal Tree to tremble.

However, the Immortal Tree remained standing.

"The power left behind by the Great Dao is indeed formidable."

"Damn it. Are we really going to return empty-handed?"

Just as the four of them felt helpless, an indifferent voice suddenly echoed through the void.

"A bunch of trash!"

Right after that, a burst of sword qi surged into the sky not far away.

Countless sword qi interweaved and circulated in the void, forming an earth-shattering sword shadow that slashed straight toward the Immortal Tree.

The sword attack contained the power to transcend all things and override the universe. Soon, it pierced through the barrier created by the Immortal Tree.

With a bang, the sword shadow landed on the Immortal Tree, releasing an endless storm of sword qi into its surroundings.

Having taken the brunt of the impact, Xuan Yuanfeng and the other three were swept away by the sword qi.

Finally, the Immortal Tree shattered under the force!

Unparalleled After Ten Consecutive Draws

Chapter 1895: Tian Yuan Creation God, The God King's Power, An Illusion

A surge of sword qi pierced through the barrier and shattered the Immortal Tree!

"That sword qi... Is it the Heavenly Sword?!"

"It's really him!"

Everyone looked toward the source of the sword shadow and saw Chu Kuangren walking proudly toward them.

Following the eruption of the Immortal Tree, a crystal-like heart flew out. It was the heart of Tian Yuan Creation God!

In other words, it was the core of Central Heaven Heart Realm's power.

The Primordial Esoterica and even transcendent secrets that everyone desired were hidden within that heart.

Everyone looked at that heart with their eyes burning with desire.

"Quick. Grab the Tian Yuan Heart!"

Everyone immediately took action.

Whether it was Mo Tianheng, Xuan Yuanfeng, or even God Kings who had come from various realms, they could not resist the temptation of becoming a Primordial.

However, what astonished everyone was that the Tian Yuan Heart flew toward Chu Kuangren who had just arrived.

"We must not allow Heavenly Sword to obtain the Tian Yuan Heart!"

Chu Kuangren's strength was obvious to all.

Considering he could already overwhelm Nine Kings, it would be worse if he were to obtain the Tian Yuan Heart.

"Heavenly Sword, take this!"

At that moment, Mo Tianheng made a move against Chu Kuangren.

Having already advanced and become Embodier God King, he was full of confidence and high-spirited. As he raised his hand, violent Daoist law energy gushed out.

Boom!

The boundless Daoist law turned into a massive hand as big as the sky.

Chu Kuangren glanced at it and simply drew his finger down in the void to unleash a sword qi. Following a deafening explosion, Immortal Sparks illuminated the sky.

As a result, Mo Tianheng was sent flying by a sword attack, and blood gushed from his mouth.

"How is this possible? I've become an Embodier. Why can't I still fight back against him?"

"W-What's going on?"

Mo Tianheng did not know how to react to the situation.

Meanwhile, Chu Kuangren grabbed the Tian Yuan Heart, and sword qi gushed out from his body to repel the approaching cultivators.

"The Heavens have never seen a God King as useless as you!" Chu Kuangren said indifferently while looking at Mo Tianheng.

He toyed with the Tian Yuan Heart in his hands and said with surprise, "As expected of the Heavens."

Swish, swish...

Countless figures surrounded Chu Kuangren.

The newly ascended God Kings, Lei Shentian, Xuan Yuanfeng, and the Underworld God Emissary, could not wait to make a move against Chu Kuangren.

Various powerful divine abilities and Immortal Techniques erupted one after another.

The Void Sword in Chu Kuangren's hand released a surge of Emperor Overlord qi, sending several people flying with just a sword attack.

The scene made everyone furrow their brows in confusion.

"What's going on? Haven't these people become Outlier God Kings? Why are they so far behind Heavenly Sword in terms of strength?"

"Indeed. They're all Outliers, and after becoming God Kings, their strength should surpass ordinary God Kings. Why can't they withstand a sword attack from the Heavenly Sword even after they've joined forces? Is Heavenly Sword really that terrifying?"

Even God King Molin, Wu Xuelong, and others found it strange.

"These Outliers' aura may appear powerful, but their combat strength seems inferior to ordinary God Kings."

"What's going on?"

"Moreover, the Immortal Tree, which couldn't be destroyed by their joint forces, was easily slashed down by the Heavenly Sword. The difference in performance is too significant."

Xuan Yuanfeng and others also sensed that something was amiss.

They had become God Kings, but why were they still vulnerable before Chu Kuangren?

Chu Kuangren played with Tian Yuan Heart in his hands. "Are you all puzzled? It's because you didn't break through the God King Realm yourself. It was this heart that helped you with the breakthrough."

Hum...

As soon as Chu Kuangren said that, the Tian Yuan Heart in his hand started to tremble and emit a humming sound. Following that, a ray of light shot out from the heart and turned into a majestic figure in the void.

His countenance was majestic like the king of all gods, and his aura was so powerful that it surpassed all the God Kings' Daos.

Seeing him, everyone felt as if they had encountered the most ancient existence in the universe, and a profound aura enveloped their hearts.

That person was... the Tian Yuan Creation God!

"What?"

"The Creation God is still alive?"

Everyone was stunned, to say the least, and their eyes were filled with disbelief.

The person before them was the most ancient existence in Central Heaven Universe!

He was the one that created this universe!

"Interesting. I didn't expect an Outlier like you to appear in the universe I created." Tian Yuan Creation God looked at Chu Kuangren and said indifferently.

"Primordial Gate, Central Heaven Heart Realm... Heh. You have indeed played a big game to resurrect yourself."

Chu Kuangren chuckled and stared deeply at Tian Yuan Creation God.

The surrounding people were a little confused by their conversation.

'What do they mean?'

'Why are these two speaking like riddlers?'

There was a pensive look in God King Molin's and other Supreme God Kings' eyes.

"How did you figure it out?"

"Firstly, if you intended to leave your inheritance behind, why would the Primordial Gate need to be activated by using a substantial amount of blood essence? It's because the blood essences provide you with energy to resurrect."

"Secondly, with these losers, even if they obtained some great Opportunities of Fortune here, it would be nearly impossible for them to become God Kings in just a few years."

Chu Kuangren pointed at Mo Tianheng and others, whose faces flushed with anger. They were Nine Kings, after all. How could they be considered as losers?

"However, they succeeded, and you intervened, didn't you?" Chu Kuangren asked while looking at Tian Yuan Creation God.

"Yes. I guided them, helped them to find Opportunities of Fortune that suit them best in the Heart Realm, and assisted them in breaking through." Tian Yuan Creation God nodded.

"However, even with that, they couldn't advance to the God-King level. That was why you used the Central Heaven Heart Realm energy to temporarily boost them to the God King Realm, am I right?" Chu Kuangren said.

The eyes of Mo Tianheng and others widened in shock.

They did not break through to the God King Realm because of the Opportunities of Fortune and their talents, but because of the help of Tian Yuan Creation God!

Wait a minute...

Xuan Yuanfeng and others came back to their senses and looked at Chu Kuangren in disbelief. "Heavenly Sword, what do you mean by temporarily?"

"Literally what it means."

"Will our God King power disappear?" Mo Tianheng shouted, refusing to believe it.

"A power that is given by someone else can be easily taken back. Am I right, Tian Yuan Creation God?" Chu Kuangren looked at Tian Yuan Creation God and asked indifferently.

"Indeed." Tian Yuan Creation God nodded. "I don't need to take it back. As their powers originated from the Central Heaven Heart Realm, once they leave here, the God King's powers within them will fade away."

"I originally wanted to use their identities as Nine Kings to help me break the Great Dao seal. Unfortunately, they were simply too weak. Even if I forcefully advanced them to the God-King level, they still wouldn't have been able to break the seal. I have to thank you for intervening."

Tian Yuan Creation God's statement pushed Mo Tianheng and others into complete despair. The God King's powers within their bodies turned out to be nothing but an illusion!

That blow was truly devastating.

It was akin to granting a destitute person immense wealth, allowing them to enjoy it for a few days, only to take it all away before they could fully savor it. The contrast was simply too great to bear.

Unparalleled After Ten Consecutive Draws

Chapter 1896: A Surprising Turn of Events, Creation God, Do You Dare to Challenge the Heavens?

"It's fake. It's all fake..."

"Impossible. This is impossible."

Mo Tianheng looked at his hands with a face full of disbelief.

After spending so much time and effort to obtain the God King's power, it all turned out to be an illusion in the end. That wonderful power never belonged to him in the first place.

That news alone was enough to put him on the brink of madness.

"So that was why I thought there was something strange about this. The auras of these Nine Kings were clearly of the God King level, but the four of them joining forces was not even a match for the Heavenly Sword's attack. It turns out that their God King power is fake."

"Tsk tsk, what a pity."

"To give a taste of how wonderful the God King's power was and then forcefully take it away from them... How sad."

"This is not necessarily the case. Giving them a taste of a God King's power beforehand might be a good motivation for them to work harder in their cultivation. Besides, they're part of the Nine Kings. It's only a matter of time before they become God Kings in the future."

Everyone was talking about that.

Some looked at the Nine Kings with pitiful expressions while some gloated at their misfortune. Some even looked at them with admiration.

After all, they had been God Kings, even though momentarily.

It was unlike the others, who would never have a chance to become a God King in their lives.

"Tian Yuan Creation God, since you only want to revive yourself, everything about the Primordial Esoterica is a fake as well. Am I right?"

God King Molin's expression was a little grim. After all, would that not mean that the Dao King Tribe's efforts had been for the Tian Yuan Creation God's sake instead?

"That's not completely true. If one can refine that Tian Yuan Heart of mine that was sealed away, they shall receive my cultivation experiences. This includes my experience of ascending to the Primordial Realm too."

Upon hearing that, everyone looked at the Tian Yuan Heart in Chu Kuangren's hand, and their eyes burned with desire again.

However, none of them dared to take any action right away.

How would they know whether the Tian Yuan Creator God was toying with them again?

Despite that, Mo Tianheng could not care less about anything anymore. Having been dealt such a huge blow to his confidence, he immediately channeled his God King power and charged toward Chu Kuangren.

"Heavenly Sword, hand over the Tian Yuan Heart now!" Mo Tianheng shouted.

His Daoist laws surged as he unleashed a powerful attack!

Vast surges of Daoist laws emerged as a sea of clouds.

However, Chu Kuangren did not even bother to face that attack. He casually unleashed an attack, tearing that sea of clouds in half.

As for Mo Tianheng, he was locked onto by the sword qi right away. Unable to escape, he was instantly reduced into a mist of blood.

With only a single slash, Mo Tianheng was dead.

A mysterious rune brimming with dazzling light remained, hovering in mid-air.

It was the King's Mark.

Chu Kuangren reached his hand out and grabbed it.

Upon seeing that, Tian Yuan Creation God's eyes narrowed. "Surely you're not thinking about refining this mark and becoming one of the Nine Kings, right?"

"What's the matter? Afraid that the Heavens will become one of the Nine Kings?" Chu Kuangren let out a mischievous grin.

"What a joke. In the past, I was the most supreme being in this universe who fought against the Great Dao itself. Your existence is but a result of me creating this universe. Do you think I'd be afraid of the Nine Kings?" the Tian Yuan Creation God said with much disdain in his tone.

"No, you're afraid that the Heavens will become one of the Nine Kings because you need the Heavens' physical body. After all, the Heavens' body is a crucial part of your grand plan of resurrection. Am I wrong about that?"

Chu Kuangren looked straight ahead at the Tian Yuan Creation God. His gaze was as sharp as a knife.

"It looks like I've truly underestimated you."

The Tian Yuan Creation God said seriously. "That's right, I've chosen you as my vessel. Your talents, abilities, and skill are the most outstanding among everyone else. It's the most powerful vessel worthy of my resurrection! The Nine Kings are only a tool for me to achieve this. At the end of the day, you're the most important person for my plan to succeed!"

He had witnessed Chu Kuangren's performance ever since the latter entered the Central Heaven Heart Realm. Although he was sealed, he could still observe things from the inside.

Even a Creation God like him could not help but be impressed by Chu Kuangren's capabilities.

To resurrect, he needed a physical vessel to resurrect.

Chu Kuangren was his most prized target for that. As for the Nine Kings, to put it nicely, they were individuals favored by the Great Dao; to put it harshly, those individuals were mere animals with a leash placed by the Great Dao around their necks.

For someone who once fought against the Great Dao before, the Tian Yuan Creation God would be putting himself on the chopping block before the Great Dao if he were to resurrect in one of the bodies of the Nine Kings.

That was something that he would never do.

"Ever since the Heavens came across this Tian Yuan Heart, this item has been clinging to me tightly, and I can't shake it off. I suppose this item is key for you to take possession of my body, right?" Chu Kuangren said lightly with a calm expression.

His calmness was simply shocking.

He was facing off against the Creation God, after all!

Even if a Supreme God King... No, even Primordials would have to tread carefully before such a being.

'How is he still so level-headed and calm?'

'Is this guy truly not afraid of anything?'

"Even someone like the Heavenly Sword will be powerless before the Creation God's power. It looks like the Heavenly Sword is at the end of his ropes."

"That's right. The Creation God is descending upon us now."

Although the Heavenly Sword appeared extremely calm, everyone still felt that his chances of winning were slim and non-existent.

After all, his opponent was the Tian Yuan Creation God of the Central Heaven Universe.

"No, the Heavenly Sword is done for good."

At that time, God King Molin said, "The Creation God doesn't wish to possess one of the Nine Kings because that means he would only be controlled by the Great Dao. Hence, as long as the Heavenly Sword refines the King's Mark, the Creation God will not want to possess him."

"This makes sense. It's the only thing the Heavenly Sword can do."

"Becoming one of the Nine Kings is something everyone in this universe dreams of, and the Heavenly Sword will most likely accept it. Besides, it can also allow him to escape from this terrifying predicament. It's a fate better than being possessed, I suppose."

Just when the crowd thought that was what Chu Kuangren would do, he ended up doing something unexpected that caused their jaws to drop with astonishment.

He tossed the King's Mark away to the Heaven Maiden You, who was walking toward him. "Take this as a gift from the Heavens."

Everyone was dumbfounded.

They could not believe their eyes.

"Has the Heavenly Sword gone mad? Did he just toss away the only thing that can save him?"

"Did this guy just toss away the King's Mark like it's some sort of worthless item?"

"By the heavens, what is he thinking?"

None of them understood why Chu Kuangren did that.

Everyone's actions could be traced by their intentions or a certain reason.

However, none of them could fathom the intention behind Chu Kuangren's actions. They were simply baffled.

"Now that the King's Mark is not with the Heavens, Creation God, do you dare challenge the Heavens?" Chu Kuangren asked indifferently with both hands behind his back.

He was challenging the Creation God directly now.

Even the Tian Yuan Creation God was shocked by Chu Kuangren's actions. He looked Chu Kuangren straight in the eyes. 'Does he still have something up his sleeve?'

'No, what am I thinking?'

'To think that a mighty Creation God like me is frightened by a mere God King?'

'So what? This is nothing to me.'

'Could it be that when I was sealed away by the Great Dao, even my courage was worn away?'

The Tian Yuan Creation God narrowed his gaze. "How splendid, Heavenly Sword. Ever since creating the universe, you are a second opponent who's worthy of my respect, even if you're still a mere puny God King!"

"Impressive. You're willing to fight against me and not become a slave to the Great Dao. Tell me your true name, Heavenly Sword!"

For the first time since creating the universe, Tian Yuan Creation God's attention was on something other than the Great Dao.

The Heavenly Sword was deemed worthy by him as an opponent.

"All shall be known when you defeat the Heavens in battle!"

"Hmph. It looks like you're quite confident in yourself. However, before the likes of the Creation God, even the Heavens and earth will have to submit!" The Tian Yuan Creation God snorted coldly.

Following that, the Tian Yuan Heart in Chu Kuangren's hand slowly turned into countless sparks of starlight.

Those dreamy-looking sparks of starlight eventually entered Chu Kuangren's body, and Tian Yuan Creation God's stalwart apparition also dispersed into countless sparks of light that entered Chu Kuangren's body.

The battle between the Heavens and the Creation God had begun.

Unparalleled After Ten Consecutive Draws

Chapter 1897: The Battle Between the Heavens and the Creation God, When Has It Been Easy to Subdue the Heavens?

Inside the Central Heaven Heart Realm, Chu Kuangren had directly challenged Tian Yuan Creation God to battle!

His arrogance was unprecedented. With just that act alone, he solidified his position as the most unique and extraordinary figure throughout history. No one could ever surpass him.

Everybody was shocked, to say the least.

Even the God Kings who used to have a grudge against Chu Kuangren like God King Molin and Wu Xuelong could not help but exclaim in admiration.

"The Heavenly Sword is remarkable. His feats are certainly unparalleled throughout history."

"Where does he get his courage from? That's the Creation God we're talking about here. I can't believe he's brave enough to do such a thing... No one can compare to him now."

"The Heavenly Sword is done for now."

"From this day onwards, only the Creation God will remain inside his body, roaming throughout the universe."

Everyone lamented. Although the Heavenly Sword's actions were admirable, none of the cultivators present were confident that he could defeat the Creation God.

Tian Xingcai and Heaven Maiden You looked anxiously at Chu Kuangren, who was now standing quietly on the spot.

Compared to everyone else, they still had a glimmer of hope for his success.

'Perhaps the Heavenly Sword might have a chance against the Creation God.'

"The Heavenly Sword and Creation God are now fighting over control of the Heavenly Sword's body. Let's take this chance and kill him right now!" God King Molin said with a serious look in his eyes.

Whether it was the Heavenly Sword or the Creation God, both were individuals that threatened the existence of many forces in the Central Heaven Universe.

Besides, he despised both of them too.

The Heavenly Sword had killed many Prodigies from the Dao King Tribe. He even mercilessly killed Mo Tianheng right in front of him.

The Creation God, on the other hand, used the Dao King Tribe to revive himself.

"Hmph, that's right. I don't care if he's a Creation God. He's already an ancient legend. Since he's a legend, let's make sure he stays that way forever!"

The Underworld God Emissary and Wu Xuelong's gaze turned cold.

Then, they instantly attacked.

Surges of Daoist law energy and the Underworld God's power erupted.

Tian Xingcai looked at the energy wave that swept out from their attacks. Although she wanted to protect Chu Kuangren's body, she was not strong enough to do so.

However, at that critical moment, bursts of sword qi emerged from within Chu Kuangren's body, turning into layers upon layers of sword qi barriers that glimmered with colorful lights on their surfaces.

The attacks landed on the sword qi barriers and were repelled one after another.

Even a Supreme God King could not do anything to it.

Following that, two indifferent voices sounded from within Chu Kuangren's body.

"The Heavens shall not tolerate such insolence during a battle!"

"How dare you puny cultivators challenge the might of creation?"

It was Chu Kuangren and the Tian Yuan Creation God.

Although the two of them were fighting over control of the Heavenly Sword's body, they still possessed enough power to protect it. That prevented others from damaging the Heavenly Sword's body.

The expressions of God King Molin, Wu Xuelong, and the others were dark.

After all, when going against individuals like the Heavenly Sword or the Creation God, God King Molin and the others knew they had to kill them with a powerful blow right away. Otherwise, they would be the ones dead instead.

"Everyone, since those two have taken action, there's no turning back for us now. Otherwise, regardless of whether the Heavenly Sword or Creation God wins, none of them will spare our lives! Continue, we must break those barriers at all costs!" God King Molin said loudly.

Wu Xuelong, the Underworld God Emissary, and others who attacked earlier looked solemn.

They attacked again, unleashing various blasts of Daoist law energy on the barriers made from sword qi and creation energy.

While everyone was busy attacking the sword qi barriers, inside Chu Kuangren — or accurately speaking, it was the realm inside his mind — an unprecedented battle was going on.

Above the mind ocean formed by intertwining spiritual mind power, three individuals were facing each other.

Why were there three of them?

It was because Chu Kuangren possessed three souls.

One of the souls was with Green Lotus Chu Kuangren, so there were two that remained with Heavenly Sword Chu Kuangren.

Right now, both of Chu Kuangren's souls were facing off against the Tian Yuan Creation God.

"Two souls, huh? How astonishing. The appearance of your soul is unlike that of your real-life appearance as well. You're concealing your identity," the Tian Yuan Creation God said curiously.

"If you can defeat the Heavens, you will know everything."

"True. In that case, let us begin."

The Tian Yuan Creation God stood with both hands behind his back, looking very composed.

From his perspective, he was sure to win the battle.

Even if he was only a remnant soul, he had fought with the Great Dao before. How could defeating a puny God King be a challenge for him?

Chu Kuangren grinned a little and did not hold back. His soul was now in the Requiescence Realm, and it was approaching the Chaos Realm too. Among the God King Embodiers, not many had Soul Realm levels on par with his.

The two Chu Kuangren, his Heaven Soul and Hell Soul, attacked together.

Vast soul energy gathered in the palm of their hands, turning into two powerful swords. One was the Void Sword and another was the Descendant Self Sword!

The two swords were in different colors — one black and one white.

Dazzling sword rays intertwined, eventually enveloping Tian Yuan Creation God.

If it were the other God Kings in Chu Kuangren's shoes now, their souls would be destroyed before such an attack. Even a Supreme God King was no exception to that.

However, how could a God King Embodier possibly be compared to the likes of the Tian Yuan Creation God?

He raised his hand, forming a colorful barrier before him and blocking all of Chu Kuangren's sword rays.

"O' Heavens Bear Witness, Emperor Overlord Dominion!"

Chu Kuangren held the Void Sword and unleashed the Emperor Overlord Dominion attack.

Meanwhile, the other Chu Kuangren, who was holding the Descendant Self Sword, unleashed boundless and merciless killing intent. It was the Immortal Destruction Sword Qi!

Two endlessly terrifying auras erupted from the two swords, and the attacks closed in on the Tian Yuan Creation God from both sides.

When the sword qi surged, the whole mind realm trembled!

"Interesting."

The Tian Yuan Creation God let out a slight grin.

He just stood where he was and gently lifted his hand. An endless divine might of creation erupted, blocking the countless incoming sword qi without trouble.

Unlike Chu Kuangren who was attacking at full power, he seemed a little too relaxed.

However, Chu Kuangren did not give up.

His two souls leaped into the air.

Both held onto their swords and unleashed the same technique.

"O' Heavens Witness Me, Beyond Heavenly Sword!"

Two colorful sword shadows appeared in the air with unparalleled domineering power.

That attack was so powerful that even the Creation God was moved by it.

"You have truly amazed me with this technique."

Tian Yuan Creation God could sense that the power contained within that attack was not bound by the laws of that universe's Great Dao. It was, without a doubt, that the attack was the best display of Chu Kuangren's power.

The Beyond Heavenly Sword attacks approached Tian Yuan Creation God as a pincer attack.

Seeing that, Tian Yuan Creation God raised his hand, and colorful lights in the surroundings swirled around him. He was unleashing a powerful technique with his creation energy!

"Central Heaven Creation, Glory of Gods!"

A band of light spread outward with him as the center.

Wherever the attack went, the mind ocean trembled violently until its terrifying aura collided with the two Beyond Heavenly Sword attacks right away.

Boom!

Following a terrifying explosion, the whole mind realm shook as if it was going to explode.

The Beyond Heavenly Sword attack was destroyed for the first time!

Meanwhile, the Tian Yuan Creation God merely stood in the air, emanating with immense divine might.

"You are never a match for a God of Creation like me," the Tian Yuan Creation God said.

"Now, it's my turn to attack!"

He raised his hand, gathering the light of creation in the palm of his hand. An incomparably powerful and terrifying force of destruction erupted.

There was no way Chu Kuangren could take on that attack.

"I will take good care of this body of yours. Using your body, I shall become the ruler of this universe once more. Now, die so that I can live!" the Tian Yuan Creation God said indifferently. His divine light was about to descend upon Chu Kuangren.

However, at that moment, Chu Kuangren let out a chuckle instead. "The Creation God's power is indeed remarkable. However, when has it been easy to subdue the Heavens?"

He raised his hand, and a colorful vortex suddenly appear above the mind ocean. Countless Universal Daoist laws appeared from it and turned into chains that shot toward the Tian Yuan Creation God.

"This is..."

The Creation God, who kept a calm expression all the time, began to look horrified.

Unparalleled After Ten Consecutive Draws

Chapter 1898: The Creation God Has Ceased to Exist, Only the Supreme Heavens Shall Rule the Universe

Inside the mind ocean, a colorful giant vortex appeared.

Several chains created by Universe Law power shot forward, eventually entangling Tian Yuan Creation God in place.

Tian Yuan Creation God was shocked by the energy fluctuation emitted by the chain. His eyes were filled with horror and confusion.

"Is this the Universe Law power?"

"Impossible. We're inside the Central Heaven Heart Realm, a place where even the Great Dao cannot interfere. How can the Universe Law power exist in here?"

The Tian Yuan Creation God was very puzzled. 'Can it be that there's a universe hidden inside Chu Kuangren's body?'

An absurd idea suddenly popped inside Tian Yuan Creation God's mind, and a feeling of uneasiness started to well up inside him.

"Shatter right now!"

The Tian Yuan Creation God channeled his creation energy to destroy the chains made from the Universe Law power.

However, his strength was limited, and the chains made from Universe Law power seemed never-ending. It was as if an actual universe was behind its endless creation!

Soon after, the Tian Yuan Creation God was dragged into that giant colorful vortex, where he found himself inside an area of Chaos itself.

"This is... within the Chaos?"

"How can the Chaos exist here?"

The Tian Yuan Creation God became more confused.

Meanwhile, at that point, large amounts of Chaos qi gradually gathered above him and formed a gigantic face.

It was as if the cosmos itself was contained inside that face, filled with endless divine might.

It was Chu Kuangren!

Besides that, the Tian Yuan Creation God also sensed an incredibly familiar but slightly foreign power.

That was the Universe Great Dao!

It was not the Central Heaven Universe's Great Dao but another universe's Great Dao!

"How is this even possible? What's going on..."

The Tian Yuan Creation God was utterly confused. His mind could not react in time to the series of events that happened so quickly.

Suddenly, that absurd thought he had earlier appeared inside his mind again.

"You have a whole universe inside of you. You're the Great Dao!" Tian Yuan Creation God said with astonishment and horror as he stared at Chu Kuangren's gigantic, cosmo-containing face.

"You are right," the giant face in space replied.

The tone of its voice sounded indifferent. It was as if it was void of any emotion.

Tian Yuan Creation God could not believe it.

'The Great Dao!'

All this time, he was attempting to possess the Great Dao! With that remnant soul of his, how could he even do something like possessing the Great Dao?

He had been dancing in the palm of his opponent's hand the entire time!

"How can this be? How can you possibly be the Great Dao..."

The Tian Yuan Creation God still refused to believe it.

Following that, a look of madness appeared on his face. "So what if you're the Great Dao? Do you think that I, the great Tian Yuan, would be afraid? No!"

After all, he had once fought against the Great Dao!

All he had to do now was do it again!

He channeled his power to its limit, not even hesitating to set aflame his remnant soul for more power. His creation energy reached its peak.

"Central Heaven Creation, Destruction of Gods!"

Swirls of divine light gathered in the palm of Tian Yuan Creation God's hand, and an inexplicably terrifying destructive aura swept everywhere. Wherever the energy went, a part of Chaos was destroyed.

Meanwhile, Chu Kuangren's expression remained indifferent and emotionless.

Huge bursts of Great Dao energy gushed out.

The two energies intertwined in the air. Eventually, the divine light was dispersed, and the Tian Yuan Creation God was directly hit by the Great Dao energy.

In an instant, the Tian Yuan Creation God was reduced to nothing!

...

Meanwhile, in the outside world, God King Molin, Wu Longxue, and the others were aggressively attacking the barriers surrounding Chu Kuangren's body. Resounding roars echoed through the air.

"Everyone, let's keep this up. We're almost there!" God King Molin shouted.

Then, the colorful light on the barriers gradually faded away. That was Tian Yuan Creation God's power.

However, everyone thought it was a result of their efforts.

With the sword qi barrier destroyed, a barrage of Daoist law power was already heading toward Chu Kuangren.

"We're going to succeed!"

"I don't care whether the Heavenly Sword or the Creation God survives. Both of them should just die!"

However, right at that moment, Chu Kuangren suddenly opened his eyes.

A vast burst of sword qi spread out from his body, shattering all the incoming Daoist law power with its terrifying might! Even the surroundings trembled!

"What?"

"The battle is over. Which one is he now?"

Everyone looked at Chu Kuangren with uncertainty.

He waved his sleeves and stood with both hands behind his back, staring down at everything around him. "Creation God, at the end of the day... you're no match for the Heavens!"

Upon hearing that, everyone gasped.

There was a look of disbelief on all their faces.

"The Heavenly Sword has defeated the Creation God!"

"How... How is this possible? How did he do it?"

"By the heavens, who on earth is the Heavenly Sword? How is there such a terrifying legend in the swordsmanship world?"

The Creation God was the most ancient being in the history of the Central Heaven Universe.

Yet, such a powerful being had lost to Chu Kuangren. That fact alone caused everyone to reexamine their worldview.

"He is... the supreme and unparalleled Heavens!"

Looking at Chu Kuangren from behind, Heaven Maiden You exclaimed, and her eyes lit up unconsciously.

While everyone was still in shock, Chu Kuangren stepped forward, unleashing another wave of sword qi across the land.

In its wake, the void shattered while all beings perished.

The whole Central Heaven Heart Realm began to crumble!

"From this day onward, the Creation God will cease to exist. Only the supreme Heavens shall rule the universe!" Chu Kuangren's commanding voice resounded throughout the universe.

His gaze then swept across to the Underworld God Emissary and others.

The sight of his gaze alone sent shivers down their spines.

After all, he had just killed the Creation God!

"Retreat!"

The current Chu Kuangren's might was unparalleled throughout the universe. Even a Supreme God King would have to avoid conflict with him!

The first thought that appeared in everyone's mind was to escape.

Even if they were a bunch of God Kings and could kill Chu Kuangren if they joined forces, none of them dared to take the risk!

"Retreat? Where do you think you're going?"

Chu Kuangren stepped forward and appeared before the Underworld God Emissary.

The Underworld God Emissary roared and channeled his Immortal's Core energy, turning it into a gigantic sickle. He unleashed a slash toward Chu Kuangren, but Chu Kuangren did not evade that attack.

That slash was not powerful enough to even damage a single hair on Chu Kuangren's skin.

"My power..." The Underworld God Emissary's expression sank as he noticed that the God King power inside him was fading rapidly.

"Oh, you're still too insignificant and weak."

Even if the Underworld God Emissary had truly become a God King, Chu Kuangren would not take him seriously. Besides, he was only a fake God King.

His power was gained from the Central Heaven Heart Realm like the others.

Seeing that the Central Heaven Heart Realm had started crumbling because of Tian Yuan Creation God's death, it was no surprise that the power bestowed upon them was disappearing too.

"Heavenly Sword, you mustn't kill me!

"I have the Temple's First Seat, the Underworld God, backing me!" the Underworld God Emissary shouted.

However, Chu Kuangren did not care. He simply reached out and grabbed, crushing his opponent's body, and blowing it up into a mist of blood.

Only a King's Mark remained.

The Underworld God?

Who was he kidding?

Chu Kuangren was already brave enough to kill the Creation God, so why would he care about a mere Underworld God?

What a joke!

After the Underworld God Emissary died, a strand of willpower erupted from his body and turned into a black apparition in the void.

A treacherous and creepy aura instantly filled the area.

"Killing my emissary, huh? Heavenly Sword, how insolent!"

After that, the black apparition turned into a puff of smoke and dispersed.

It was obviously the Underworld God.

"To think that the Underworld God still exists in this world," Heaven Maiden You uttered.

Chu Kuangren let out a slight grin. "In the presence of the Heavens, all gods, demons, and monsters are nothing but insignificant creatures!"

Unparalleled After Ten Consecutive Draws

Chapter 1899: Demon Feng and Emperor Feng, the Mystic Divination Tribe's Divination Attempt

The Central Heaven Heart Realm gradually crumbled.

As for the God Kings from various tribes, all of them fled and disappeared from the scene.

Chu Kuangren stood in the air as he calmly watched the God Kings flee in horror and fiddled with the King's Mark playfully.

Meanwhile, Heaven Maiden You and Tian Xingcai looked at him from behind, with an uncontrollable frenzy in their eyes.

'This is the Heavenly Sword.'

'The supreme Heaven that defeated the Creation God!'

Chu Kuangren put away the King's Mark.

"Let's leave."

He decided to return to the Spiritual Sword Tribe.

After all, he had gained a lot of treasures in the Central Heaven Heart Realm. Although the Tian Yuan Creation God was dead, his heart remained. In fact, it ended up merging into Chu Kuangren's body in the end, waiting for him to be refined. Once Chu Kuangren refined that item, he believed he would improve in his Embodier Realm cultivation.

...

As the Central Heaven Heart Realm crumbled, the Primordial Gateway soon disappeared.

However, the recent happening inside the Central Heaven Heart Realm was enough to cause a ruckus throughout the universe, especially the final part about the Heavenly Sword battling and even defeating the Creation God. News about that spread like wildfire.

All the great King Tribes were shocked by what happened.

Somewhere deep in the universe, within the ancient Chaos, two strands of consciousness were communicating.

"The Tian Yuan Creation God's resurrection has failed." An old, weathered voice sounded.

"Wasn't this what we wanted? After all, this universe no longer needs this ancient Creation God."

Another voice rang out.

That voice sounded younger and had more vitality.

"However, there's one particularly concerning thing. How did the Heavenly Sword manage to defeat the Creation God? What kind of secrets is he hiding?"

"Perhaps the Creation God has been weakened too much. After all, having been sealed away by the Great Dao for so many years, it's no surprise that he doesn't have much power left."

"Is that really the case?"

"What do you think?"

"Regardless, we should keep an eye on the Heavenly Sword from now on."

"Putting aside the Heavenly Sword, what about the Ten Calamities that you have ordered to infiltrate the Pan Gu Universe, Demon Feng? I think it's time they start to act. It's time for our war with the Pan Gu Universe to come to an end," the young voice said calmly.

The withered voice known as Demon Feng replied, "To conquer Pan Gu Universe, we must first deal with two people. The first person is Wu Han, the strongest Celestial Demon cultivator, and the second is Chu Kuangren, the biggest Outlier in Pan Gu Universe!"

"Wu Han, huh? Back then, there were only you and Shen Tian. However, with me and Emperor Feng around, we should be able to take him down if the three of us join forces. As for Chu Kuangren... Do we have to take a young cultivator like him so seriously?"

"This person is not to be taken lightly. Shen Tian once said if we allow him to grow, he will become more troublesome to deal with than Wu Han."

"Interesting. So, when do you plan to take action?"

"I'm already making preparations."

"Heh. I heard that back in the day, you were in charge of the Ten Calamities' infiltration of Pan Gu Universe while Shen Tian was busy setting up the Nine Kings' prophecy in Central Heaven Universe. However, more than half of the Ten Calamities are now dead while the situation around the Nine Kings has turned complicated due to the Heavenly Sword's interference. Those chess pieces that you guys had in place back then, are they still useful to us?"

"At the very least, the Ten Calamities have provided us with much information about the Pan Gu Universe's forces. The remaining members of the Ten Calamities shall remain and live out their purpose, helping us get rid of the biggest Outlier in Pan Gu Universe..."

...

Inside the Mystic Divination Tribe, dozens of elites from the Mystic Divination Tribe were sitting with their legs crossed in a circle. A peculiar strand of vital force was resonating with each of them.

That strand of vital force swirled back and forth between everyone.

Immediately afterward, that strand of vital force surged forward, forming the silhouette of a person in the air. That person was... Chu Kuangren!

Or perhaps, the Heavenly Sword!

The Mystic Divination Tribe elites grunted, and a dazzling glow shone from their eyes. Countless runes suddenly rose from the ground around them.

Those runes were hovering in the air, containing endless mystery within each of them.

Vaguely, in the midst of it all, several silk threads started to appear, connecting the runes one by one.

Those threads were... the paths of destiny for every living being in the universe!

At that moment, the Mystic Divination Tribe elites were using an advanced technique to predict the Heavenly Sword's path of destiny!

All those elites were the best among the best. Even the weakest among them was an Ultimate Arch Gilded Immortal, and several God Kings were present in the group as well.

The Mystic Divination Tribe's foundations were quite shocking indeed.

It seemed that their tribe was even stronger when compared to the Ancient King Tribes.

"Almighty Great Dao, where destinies intertwined!"

"Let thy course be set via Mystic Divination, let thy path of destiny be revealed!"

The God King, who was the group's leader, immediately opened his eyes and channeled the full extent of his power. Then, he began to imbue his Daoist law power into the countless runes surrounding them.

Just as the divination technique was reaching its peak...

Among the millions of paths of destiny, a dense impenetrable patch of darkness suddenly emerged. A shocking aura fluctuation immediately permeated the surroundings as if harboring an entity too horrifying to behold.

The moment the patch of darkness appeared, countless paths of destinies immediately shattered, and the runes in the air instantly turned into ash.

The group of elites from the Mystic Divination Tribe instantly suffered an immense backlash. All of them were sent flying backward and coughed up mouthfuls of blood. After that ordeal, their auras had been weakened severely.

Some even died on the spot!

The God King cultivators among them were also not faring well after that.

"How can such a thing... How is that possible?"

A Mystic Divination Tribe God King's eyes were wide with disbelief.

"I can't believe that even the Mystic Divination Tribe's most advanced secret technique, the Great Mystic Dao Divination, can't peer into the Heavenly Sword's path of destiny. Not only that, but everyone has suffered such huge backlash too... W-What kind of individual is he?"

"Impossible... This is impossible."

"That being hidden within the darkness is simply inconceivable."

Everyone exchanged glances, their faces full of shock and confusion.

After hearing news about the Heavenly Sword defeating the Creation God, the Mystic Divination Tribe wanted to conduct another divination to investigate his origin.

They had attempted something similar in the past but were unsuccessful.

Hence, the tribe decided to deploy the strongest elites this time to use one of their most advanced secret techniques.

Unexpectedly, that technique, which could predict even the destinies of top-tiered supreme God Kings without problem throughout the ages, had failed.

Not only did they fail, but they even suffered an intense and unbearable backlash. All of them were severely injured.

Even the God King leading the group felt that his Dao was on the brink of shattering.

"The Heavenly Sword's path of destiny must never be predicted or peered into!"

After some time, the Mystic Divination God King sighed. He had declared the Heavenly Sword as a forbidden target for divination, and no one in the tribe was allowed to predict that person's destiny.

"Honorable God King, if it's the Heavenly Sword, do you think he can break the shackle that has been placed on our tribe?"

Suddenly, one of the elders asked.

Upon hearing that, the God King's eyes lit up. "If it's the Heavenly Sword we're talking about... It might be possible."

If even the Great Mystic Dao Divination was ineffective on that individual, his destiny was probably beyond the Great Dao's control.

Perhaps only an individual like him, who was beyond the Great Dao's control, could break the shackle plaguing the Mystic Divination Tribe.

"The Heavenly Sword... Send word to Heaven Maiden You immediately. Her orders are to befriend the Heavenly Sword by any means necessary. All the better if she can convince him to come to visit the Mystic Divination Tribe," said the Mystic Divination Tribe's God King.

Chu Kuangren was now the only hope that the Mystic Divination Tribe had in countless years. No matter what, they still had to give it a try.

Meanwhile, Chu Kuangren was back in the Spiritual Sword Tribe in closed-door meditation. Having been busy refining the Tian Yuan Heart, he did not know what was happening over at the Mystic Divination Tribe.

However, he suddenly felt something during his closed-door meditation. He then stared deep into the distance.

"Oh, it looks like my Pan Gu Universe counterpart is about to complete his closed-door meditation."

Unparalleled After Ten Consecutive Draws

Chapter 1900: Chu Kuangren's Completes His Closed-door Meditation, Elder Ruyan in Danger

In the Immortal World in Pan Gu Universe, inside a cave blessed with fortune and treasure, sounds of Daoist chimes reverberated everywhere as a long-lost figure slowly walked out from the cave. He wore a white robe as pure as snow and had an ancient white-jaded sword tied to his waist. He also had a Green Lotus mark on his forehead emanating swirls of Daoist Rhyme.

It was Chu Kuangren.

Just as he completed his closed-door meditation, waves of mysterious creation energy spread in all directions, covering millions of kilometers in seconds.

The Hundred Academy, which was closest to Chu Kuangren, was the first location his creation energy reached.

Under the influence of his creation energy, countless Immortal Herbs and Immortal Trees grew and bore fruits. Even a dead tree was transformed into a lush Immortal Tree within moments. It was a shocking sight to behold for everyone.

Countless people were overjoyed and excited as they basked in the creation energy.

"I can feel my bottleneck breaking through soon."

"This power is capable of nourishing all living beings."

"Look over there, guys. That huge, withered tree at the Hundred Academy's front gate has come back to life. This is simply amazing."

"Where did this creation energy come from?"

"It's the Immortal King..."

Upon noticing something, some of the cultivators became even more excited.

Everyone looked toward the origin of that mysterious creation energy and saw Chu Kuangren approaching from the sky.

As usual, he exuded an unparalleled and extraordinary aura.

Lan Yu, Chu Hong, and the others quickly went up to greet him.

"Congratulations on completing your closed-door meditation, Master."

Sensing the energy within Chu Kuangren's body, Lan Yu noticed that he had grown stronger compared to before his closed-door meditation.

In fact, he had gotten many times stronger.

Chu Kuangren chuckled and looked at Lan Yu and the others. They, too, had improved significantly. Lan Yu, Chu Hong, and the others were now at the Ultimate Arch Gilded Immortal Realm, which meant that they were only one step away from reaching the Embodier Realm.

"Where's Linglong?" Chu Kuangren asked.

"Sister Linglong is still busy handling the Empire's affairs," Lan Yu said.

Now that Chu Kuangren had become the Immortal World's Ruler, he had decided to relocate the Firmament Empire into the Immortal World for it to prosper and advance further. At the same time, he wished to unify the forces in the Immortal World using the Firmament Empire's power.

The entire time, Gu Linglong had been busy carrying out his plans and was doing splendidly.

The fact that he could focus on his closed-door meditation without any worries was because of her unwavering and unyielding support; she always had his back.

At that thought, Chu Kuangren smiled.

Then, his figure disappeared on the spot.

When he reappeared again, he was already in front of a palace — the Immortal King Palace.

It was built during the past few years and served as Chu Kuangren's main residence, so not many people lived in the palace.

Besides Chu Kuangren, only Gu Linglong, Lan Yu, and his other subordinates lived there.

Inside the Immortal Hall's main hall, Gu Linglong was busy going through some jade scrolls and imperial edicts.

When Gu Linglong saw Chu Kuangren arrive, she raised her head and let out a gentle smile. "My dear husband, you've finally finished your closed-door meditation."

"Yeah."

Chu Kuangren went up and grabbed Gu Linglong by her waist. "Over all these years, you've been busy managing the affairs of the Immortal World and the Empire on my behalf. For that, I'm deeply grateful. "

"No worries. I've already gotten used to it with the Empire back then."

"So, how does being the Queen of the Immortal World feel?" Chu Kuangren asked with a smile.

"Not bad, but it's a little tiring," Gu Linglong replied with a smile.

"Since you're tired, why don't you let Elder Ruyan take over?"

At that, Gu Linglong rolled her eyes. "Elder Ruyan would be furious if she heard you say that."

"True. How about I get Elder Ruyan to set up a council of sorts to help her manage the Empire and the Immortal World better? What do you think?"

"From the Black Heaven Sect to the Firmament Empire, and now even with the Immortal World, Elder Ruyan really has drawn the short end of the stick, huh? I feel sorry for her that she is stuck with someone who delegates everything to her," said Gu Linglong, who felt a little sympathetic toward Elder Ruyan's predicament.

Chu Kuangren smiled wryly.

Sure enough, the manpower shortage was currently a real issue for him.

Chu Kuangren rubbed his chin as he pondered. Truth be told, he had a plan in mind. When the two universes go to war in the future, he would surely participate. Hence, when that time came, it would be crucial for him to have a powerful group of his own.

He wanted to establish an elite unit that would follow him to battle in the future.

He already had a few candidates in mind for that elite unit.

Lan Yu, Shang Honghua, Jue Wushen, and others would be the most suitable candidates.

As time passed, it had been several months since Chu Kuangren completed his closed-door meditation.

During those few months, the Firmament Empire's relocation into the Immortal World had been smooth sailing.

However, on that very day, Gu Linglong quickly went to Chu Kuangren looking anxious. "My dear, something bad has happened. Elder Ruyan is in danger."

Chu Kuangren's gaze froze. "What happened?"

"While organizing the relocation of the Firmament Empire citizens, Elder Ruyan's group was suddenly ambushed. They were now trapped somewhere in space."

"I got it."

Chu Kuangren nodded. "Don't worry. I'll handle it."

With that, he turned around and left.

A cold glint flashed in his eyes.

Chu Kuangren turned into a ray of light and dashed out of the Immortal World.

...

Somewhere in the vast universe, a warship with thousands on board was suspended in space.

The people on that warship were citizens from the Firmament Empire.

It included the sky-prides and cultivators who were handpicked by Elder Ruyan. They were to be sent to the Immortal World to further improve their cultivation.

However, right now, they were surrounded by an inexplicable black mist that contained countless mysterious runes.

Elder Ruyan ordered her men to attack, but their efforts were futile.

Any Immortal techniques or divine abilities that landed on the black mist would be mysteriously absorbed, making the black mist very difficult to attack.

"What do you people want?"

Elder Ruyan looked at the black mist and asked calmly.

Several humanoid figures walked out from the black mist. They looked at Elder Ruyan and the others with a smile. "We're here to rob you of your riches."

"If it's our riches you're after, I don't mind parting with them. I only ask that you leave us alone after and let us go."

Elder Ruyan knew if those people could trap them easily, it also meant they could kill them if they wished.

Hence, she did not want to do things the hard way.

However, after she handed over all the riches, those people did not have any intention of letting her group go.

"You have a good instinct, but alas, it's a pity that we still can't let you go," a man in black robes said.

Elder Ruyan was not surprised by that.

She knew from the start that her ambushers' purpose was not as simple as to rob them of their riches. They clearly had bigger goals in mind.

That was why Elder Ruyan's group was still trapped.

"These people are trapping us but don't seem intent on killing us. They are using us as bait. Now, who are they baiting to come?"

"Our King. It's our King.

"They're after our King."

Elder Ruyan quickly figured everything out.

'Since these people are brave enough to go after our King, they must have something up their sleeve. Otherwise, how could they be so confident? No, I must do something.'

Elder Ruyan looked at the black mist surrounding everyone. Then, she went to find the most powerful cultivators on the warship.

While their ambushers were not paying attention, the powerful cultivators focused their attacks on a certain part of the black mist. A barrage of Immortal techniques and divine abilities erupted.

However, they were unsuccessful.

Their ambushers were far more powerful than them. Especially the young man in long black robes, his power was beyond the likes of them.

"Hmph. It looks like someone is misbehaving."

The young man in black robes sneered as he looked at Elder Ruyan. "Oh well, it doesn't matter if I kill a few of you. I might as well make an example out of you!"

He raised his hand and channeled his treacherous Immortal Core energy. Countless ghouls formed around him, emanating powerful surges of calamitous qi.

As soon as the palm attack was unleashed, it instantly locked onto Elder Ruyan.

"Am I going to die?"

Elder Ruyan looked at the Immortal's Core energy surging toward her. As she could not move at all, she was overwhelmed with despair.

However, her hand suddenly raised itself automatically.

A powerful energy emerged from within her body!
