Chapter 1901: That's All You Prepared? Mist Tribe Embodier Arrives

Elder Ruyan instinctively raised her hand up.

Then, a vast amount of energy gushed out from her palm and blasted at the man in black robes.

Following an earth-shattering explosion, the man's technique was disintegrated, and he was blasted away, crashing into a dozen planets.

Elder Ruyan looked at her palm in shock.

Since when did she become so strong?

Where did the energy in her come from?

"Elder Ruyan, it's been a while!"

A soft chuckle came from behind her.

Surprised, she turned around and saw Chu Kuangren, whom she did not know was already behind her.

He was smiling at her.

Only then did Elder Ruyan realize what happened.

"My King!"

It was her king who had just saved her.

"It's the King!"

"He's here to save us!"

The others were excited to see Chu Kuangren.

"Hahaha, Chu Kuangren, you finally showed yourself." Someone cackled.

The man in black robes who was sent crashing through a dozen planets got up all of a sudden.

Although severely injured, he looked at Chu Kuangren with delight. "You've fallen for it, Chu Kuangren!"

As soon as he said that, black figures started to emerge from the black mist in the area.

They all carried a strange and ominous aura, which Chu Kuangren had encountered before.

"Oh? It's the Mist Tribe."

Chu Kuangren's eyes glinted. He had heard from the Daoist Progenitor that the Mist Tribe was the remains of the invaders who invaded the Pan Gu Universe during ancient times.

The Daoist Progenitor also said that they might be coming after him.

It seemed like he was right.

"It seems like you've heard of us."

A man with a pale face and black robes smiled as he spoke to Chu Kuangren. He emanated a powerful aura — the aura of an Ultimate Arch Gilded Immortal.

"I don't think this is all of you."

"Of course."

The leader smiled.

Then, three powerful auras burst out from the void, each representing an Ultimate Arch Gilded Immortal.

They were from two men and a woman, and their aura resembled that of the man whom Chu Kuangren blasted away earlier.

They all contained the aura of calamity!

"Great. The Mist Tribe and the remaining Ten Calamities are here," Chu Kuangren said with a smile.

Then, he raised his hand. A mystical surge of spacetime energy spread and shrouded Elder Ruyan within.

She was then kept in his Enchanted Sleeve, together with the others.

"Your Enchanted Sleeve is rather impressive. I think it rivals even Buddha Lei Yin's Buddhist Kingdom In the Palm," said the leader.

"Name yourselves," Chu Kuangren said with his hands behind his back.

"I am Calamity Myriad Ghoul!"

"I am Calamity Vile Dragon."

"I am Calamity Lustful Charms."

The three Calamities introduced themselves.

The fourth and the last one stood in the air with a massive Calamitous aura emanating from him. His aura was the strongest of the four.

Even the space around him started to collapse.

His hands were behind his back as he introduced himself, "I am Calamity Void."

When his voice subsided, the four of them attacked all at once.

Calamity Myriad Ghoul bellowed and channeled his Immortal's Core energy. As they intertwined in the void, an army of vicious ghouls was summoned.

Calamity Vile Dragon roared. Black Dragon Flame burst from his mouth and flew toward Chu Kuangren.

Calamity Lustful Chams' attacks, however, were a lot stranger. She performed multiple strange hand seals and summoned strange pink bubbles to surround Chu Kuangren.

The strange charming bubbles scattered in the air, attempting to affect his mentality.

Only after the three of them did Calamity Void attack.

Compared to the other three, Calamity Void's attack was much stronger and more straightforward.

He threw a punch forward, and his fist energy shattered the void inch by inch.

The attack was an absolute force of destruction.

The four different attacks were aimed at Chu Kuangren from all directions.

No one below the Embodier Realm could survive such a furious attack.

They believed that, because Chu Kuangren was out of the Immortal World, he could not use his Immortal King's authority. Hence, no matter how strong he was, he was not an Embodier's match.

Kakroom!

A series of explosions erupted, and Chu Kuangren was devoured by the energies from the attacks.

"Did we succeed?"

"Haha! Is this Chu Kuangren? He's not that strong." Calamity Myriad Ghoul laughed out loud, looking delighted.

However, his smile froze the next second because he felt a palm squeezing his hand.

It was Chu Kuangren!

He seized Calamity Myriad Ghoul by the neck with an icy cold expression.

"Not that strong? Who do you think you are speaking to?"

Bang!

A domineering and unmatched surge of Immortal's Core energy gushed out, blasting Calamity Myriad Ghoul into a cloud of blood mist.

In a blink of an eye, he was dead.

"What?"

"This aura..."

The other three Calamities were shocked.

They could tell that Chu Kuangren was just an Ultimate Arch Gilded Immortal and had not yet broken through to Embodier Realm.

However, he was ridiculously stronger, which baffled them.

They were all Ultimate Arch Gilded Immortal, yet why was he so much stronger?

"He's the Immortal King. It's normal for him to be stronger."

"However, there is still a chance to turn this around."

The remaining three exchanged a quick look before they attacked again.

The other Mist Tribe members did not just sit back and watch either.

The leading man shouted and led the army to charge toward Chu Kuangren.

The Mist Tribe cultivators charged toward Chu Kuangren in overwhelming numbers that could easily drown him.

"Foolish." Chu Kuangren swung his sleeve.

Instantly, a terrifying burst of energy exploded from his body, and all the incoming attacks disintegrated.

He stood in the air with Immortal Sparks surrounding him.

"Universal Life-Death Cycle!"

Celestia Demon qi surged and intertwined in the void.

While life-death energy caused a stir and shattered the heavens, the Mist Tribe cultivators burst into clouds of mist under the pressure of the aura.

"Chu Kuangren, take this!" The Mist Tribe's leader jumped up and threw a palm strike at Chu Kuangren.

The gust of mist then manifested into a mist dragon.

Chu Kuangren swung his sleeve once more without stepping away. He unleashed the Immortal Destruction Sword qi with his sword hand sign and ripped the mist dragon apart instantly.

The leader was slashed in two as well.

The other three Calamities attacked together again, but when Chu Kuangren blasted his Immortal's Core energy at them with just a swing of his sleeve, Calamity Vile Dragon and Calamity Lustful Charms died on the spot.

"You people went through all these just to lure me in, but this is all you've prepared? I fell into the trap on purpose to see what you can surprise me with. Now, I'm more disappointed than impressed," Chu Kuangren said.

"Chu Kuangren, don't get ahead of yourself. The real fun begins now," the Mist Tribe's leader said coldly.

As soon as he said, the thick mist rumbled, and a black figure emerged from within.

The figure had Daoist law energy surrounding him, and his aura was countless times stronger than the three Calamities combined.

He was an Embodier!

"Chu Kuangren, how about now? We've prepared this Embodier just for you," said the Mist Tribe's leader.

The Embodier looked at Chu Kuangren coldly and said, "Immortal World Ruler, I have heard of your name for a long time now. For the future of my tribe, you will have to die here and now!"

Then, endless Daoist law energy gushed forward.

The black mist around the area suddenly released a surge of powerful sealing energy, shutting down the entire field.

Chapter 1902: Green Lotus Destructive Power, Kill Mist Tribe Embodier

The space around the area was shut down by the endless black mist, but Chu Kuangren was not overly surprised. He continued to look as calm as ever.

"Your mentality is great. No wonder you became the Immortal King. However, calmness is useless in front of an Embodier. The only outcome for you is death," said the Mist Tribe Embodier.

Then, a gray mist rose that contained Daoist law energy rose from his body and rolled toward Chu Kuangren.

The gray mist left a trail of destruction in the void as it traveled forward.

It was an Embodier's attack, and anyone below the Embodier Realm would not be able to block it!

However, Chu Kuangren did not move or dodge. Quite the opposite, he stood firm with the light from the Godly Weapons swirling around him.

The Ten Great Godly Weapons appeared again, and their powers shook the universe.

Kaboom!

The Godly Weapon's energy clashed with the Daoist law energy.

The collision blasted Chu Kuangren away and scattered Ten Godly Weapons everywhere.

"You managed to block an Embodier's attack? Chu Kuangren, you are indeed something, but this is as far as you can go."

The Mist Tribe Embodier was surprised, but he remained confident.

"Hmph. Do you really think you can kill me?" Chu Kuangren chuckled.

"Chu Kuangren, stop bluffing. The Mist Tribe has set up the Mistify Godly Dao Formation in this area. You cannot escape, and the cultivators outside the formation would not be able to sense what's going on in here. In other words, no one would be able to save you.

"There is no place you can go, not even heaven or hell!"

The Mist Tribe Embodier skipped the chatters and raised his hand. Daoist law rose into the air and manifested into a massive palm attack.

His attack was a few times stronger than before.

Even if Chu Kuangren used the Universal Godly Weapons' Ten Directions Formation again, he might not be able to block it a second time.

To the Mist Tribe and Calamity Void, they believed the palm strike would take Chu Kuangren's life.

"I'm finally going to complete the mission Master assigned to me," Calamity Void said excitedly.

The Ten Calamities were pawns sent by Demon Feng, the supreme existence of Central Heaven Universe, to Pan Gu Universe. The mission that they were assigned was to obtain as much information about the Pan Gu Universe as possible so that it would aid the Central Heaven Universe invasion.

However, Chu Kuangren killed almost all the Ten Calamities.

A while ago, the Ten Calamities were given a new mission — kill Chu Kuangren at all costs and work with the Mist Tribe.

Although Calamity Void was the only one alive, as long as he could complete the mission, the sacrifices would be worth it.

After Chu Kuangren's death, he could return to the Central Heaven Universe and accept praises from Demon Feng. He could even become an Embodier God King then.

"Die, Chu Kuangren!" Calamity Void glared at Chu Kuangren.

He wanted to spot fear and horror on Chu Kuangren's face, but to his surprise, Chu Kuangren remained calm.

Then, Chu Kuangren raised his hand. A green lotus mark faintly appeared on his forehead, and Daoist Rhymes started swirling around him.

As he pointed forward, a green lotus bloomed at his fingertip.

The lotus blossomed brightly, shedding its brilliance on the black mist and disintegrating it like melting snow.

The scene surprised everyone.

"What's going on?"

"How could he block the attack so easily?"

"What happened?"

All of them were confused.

The aura that Chu Kuangren emanated was certainly that of an Ultimate Arch Gilded Immortal, and he had not broken through to the Embodier Realm, yet...

Wait, his aura...

Suddenly, everyone realized that Chu Kuangren's aura had changed.

The aura of his cultivation base was replaced by an ancient, deep, and everlasting energy. It felt like it had existed before Chaos itself.

It was so powerful that even the Mist Tribe Embodier was frightened.

"Too bad. If you had set this up a few years earlier, I might find it challenging. However, it's really nothing to me now," Chu Kuangren bellowed.

The Chaos Green Lotus' destructive energy exploded.

Ring after ring, green arclight expanded outward from his body, leaving trails of destruction everywhere it touched. Not only were physical things destroyed, but the space crumbled as well.

The Mist Tribe cultivators disintegrated one after another

The Mist Tribe Embodier was horrified. "What power is this?"

"The power that can kill you." Chu Kuangren pointed at the Mist Tribe Embodier.

The Chaos Green Lotus' destructive energy was contained in the blast that he shot out.

That attack alone made the Mist Tribe Embodier feel an unprecedented fear when he saw it.

He dared not take it lightly, so he channeled all his energy to defend it.

The Daoist law energy overflowed from the gray mist around him.

However, when the Daoist law energy collided with the finger energy, the Daoist law energy disintegrated.

It was obvious which energy was stronger.

"What ..." The Mist Tribe Embodier was, once again, horrified.

"Isn't he an Ultimate Arch Gilded Immortal? How could he possess such a ridiculous power? What's going on?"

Unbeknownst to him, judging Chu Kuangren's strength based on his cultivation realm was foolish.

An Arch Gilded Immortal defeating an Embodier was indeed difficult as it was almost impossible. However, Chu Kuangren's Green Lotus clone was the Chaos Green Lotus itself.

Cultivation realm was important, but it was not his biggest reliance.

The Chaos Green Lotus' energy was his true power!

After he came back from the Void Battlefield, he went into closed-door cultivation and refined the Twenty-Four Oceanic Soothing Pearls and the Yin and Yang Cauldron.

The items were all fragments of the Chaos Green Lotus.

When they were absorbed by Chu Kuangren's Green Lotus Clone, he was able to use the Chaos Supreme Treasure's power even better.

Even though his clone had not yet reached the Embodier Realm, using the Chaos Green Lotus' energy allowed him to match or even overpower the power of an Embodier!

"Green Lotus' Destruction Energy!"

Chu Kuangren raised his hand, channeling the Green Lotus' destructive energy. A beam of divine light was shot at the Mist Tribe Embodier.

Instantly, the Mist Tribe Embodier's body was perforated.

A large amount of Daoist law energy leaked from the massive hole in his body.

His Dao was severely injured.

"Impossible! Am I going to die here?" the Mist Tribe Embodier said with disbelief.

"Impossible! Impossible! Heaven Earth Mist!"

He channeled his ultimate technique again.

A cloud of black mist came out from his body and attempted to shroud Chu Kuangren from all directions. It was like a black sea trying to drown him.

However, Chu Kuangren stood at his spot without flinching.

A massive green lotus bloomed beneath his feet, and green light circulated him.

When the mist attempted to drown him, the halo around him blocked them out.

"You can't hurt me," Chu Kuangren said as the destructive energy erupted from his body again.

This time, it was slightly different from the previous one.

The green light intertwined in the realm, forming a massive green lotus as big as the sky, and it was falling slowly.

Having been locked onto by the energy, the Mist Tribe Embodier could not move a muscle.

"No, no! I'm an Embodier. How can I die here?"

The Mist Tribe Embodier looked horrified.

As the Green Lotus crashed down, the leaves glowed in complicated and concentrated patterns. Every leaf on it contained power that could destroy worlds.

The crash smashed the Mist Tribe Embodier into a cloud of mist, and the Dao contained in the mist was grinding to dust.

Just like that, the Mist Tribe Embodier had fallen.

The other Mist Tribe members wanted to leave, but they were trapped within the formation that they had set up earlier. Without the Mist Tribe Embodier, there was no way for them to open it.

The formation they used to trap Chu Kuangren became a cage that trapped their escape. How ironic.

Chapter 1903: The Ten Calamities Are Dead, Nine Stars Shine, Primordial Confrontation

Inside the Mist Tribe's formation, Chu Kuangren raised his hand to channel the destructive energy of the Chaos Green Lotus.

One simple wave of energy fluctuation made countless Mist Tribes caught within shudder in fear. Even Calamity Void was afraid.

"His power surpasses even the Nine Kings. I can't believe Chu Kuangren is so strong now!"

Calamity Void knew he would be dead soon, so he used a certain secret technique to deliver the information back to the Central Heaven Universe.

"Chu Kuangren, I might die here today, but the Central Heaven Universe will eventually annex the Pan Gu Universe. You cannot stop it! My Lord, Demon Feng, will come after you," Calamity Void said loudly.

Chu Kuangren barely reacted to his words. Instead, he raised his hand at Calamity Void and unleashed the full power of the Chaos Green Lotus' destructive energy in the form of green halos.

The green halos left trail after trail of destruction in their wake.

All the Mist Tribe members were killed.

Calamity Void, too, was killed on the spot.

The formation that was used to trap Chu Kuangren started to shake as the runes were shattered. Soon, the formation collapsed under the repeated blast of the green halo.

"From this moment onwards, the Ten Calamities will cease to exist," Chu Kuangren said indifferently.

Then, he thought of the Mist Tribe. The strange tribe was unlike the invaders from the Central Heaven Universe as they were originally from the ancient era, the remains of a forgotten time.

They had been in hiding in Pan Gu Universe for eons, like a viper waiting for its chance to strike. No one knew when or how they would strike.

"We have the Central Heaven Universe on the outside and the Mist Tribe on the inside sandwiching us."

It was not that he did not want to deal with the Mist Tribe, but being able to hide for so many years without exposing themselves stated how good they were at hiding.

Therefore, he had to thread each step carefully.

"Other than the Mist Tribe, things are starting to get interesting at the Void Battlefield. That will be the true battlefield for the two universes," Chu Kuangren mumbled to himself.

Compared to the Mist Tribe, the Central Heaven Universe remained the real threat.

Then, he brought Elder Ruyan and the others back to the Immortal World before summoning Jue Wushen to his side.

"Wushen, I have an important task to assign to you."

"What is it, my King?"

"I want you to form a team for me to use in the future. I have a list of candidates here, and I need you to gather them for me," Chu Kuangren said as he gave Jue Wushen the jade scroll.

Jue Wushen nodded when he received the jade scroll. "I understand, my King."

A while later, on a certain mountain peak in the Immortal World, several figures gathered, but they all hid behind the Immortal Sparks. Jue Wushen was the only one who showed himself. They had gathered to wait for someone.

At that moment, clouds rumbled in the sky, and Daoist chimes sounded. Golden lotus, dragons, and phoenixes appeared in the void. They were all part of an auspicious phenomenon.

From there, a figure slowly emerged and arrived at the mountain peak.

The figure in white looked charming, and it was Chu Kuangren.

All the figures hiding in Immortal Sparks bowed at him when he arrived.

"Please, at ease. I believe Wushen has told you why all of you are gathered here. I am grateful for your presence."

"Immortal King, we're honored you chose us," said a woman's voice.

"My King, now that they're all here, they will officially be your personal team and will only answer to you. I wonder if you're going to name them?"

"I've thought about it."

Chu Kuangren raised his hand and unveiled nine tokens.

The tokens flew out and were distributed among Jue Wushen and the others.

"Black Heaven... Nine Stars!" Jue Wushen uttered the words on the token when he looked at it.

"From today onward, all of you will be the Black Heaven Nine Stars! You're to head to the Void Battlefield and protect the nine planets that belonged to the Pan Gu Universe," Chu Kuangren said.

Then, he supplied the Nine Stars with a load of resources so that they could cultivate for the final battle.

Their future would be crucial to him as well.

...

Back at the Central Heaven Universe, two voices spoke in the void.

"The Ten Calamities and the Mist Tribe have failed," said Demon Feng in his withered voice.

Upon hearing Demon Feng, Emperor Feng went silent for a moment. Then, his youthful voice scoffed and said, "They're useless."

"Chu Kuangren is unimaginably powerful. Not even an Embodier is his match. It seems like we have underestimated him."

"Is he already an Embodier? That's quick."

"No, he's not, but he used some kind of power that is stronger than the common Embodier. Even the Mist Tribe Embodier was no match for him. It seems like we'll have to rely on the Heavenly Sword to defeat Chu Kuangren.

"The Heavenly Sword is uncontrollable."

"He's uncontrollable, but he and Chu Kuangren are two of the strongest Prodigies in both our universes. They ought to brawl it out one day."

"Aside from Chu Kuangren, what about Wu Han? He's still our biggest hindrance. When are we going to make a move on him?"

"Now!"

Cosmic thunderbolts sparked in space as the cosmic storm wreaked havoc everywhere. Millions of planets exploded in an instant like a grand explosion that lit up the universe.

...

It was a busy day in Pan Gu Universe.

In front of the universe-connecting portal stood one person who single-handedly protected the Pan Gu Universe from invasion.

He was Wu Han, the strongest Celestial Demon and also the one and only Primordial of Pan Gu Universe.

"Hmm?"

Wu Han suddenly sensed something. He looked at the universe-connecting portal and reacted with an odd look.

"It's here."

Kakroom!

As the universe-connecting portal trembled, the Void Battlefield emanated an earth-shattering aura that somehow shook even the universe.

Two figures emerged from the void.

One of them had black hair and was in white robes. His eyes had nothing but Chaos, and they contained destructive energy waves that would terrify people.

The other one was a white-haired old man with Primordial qi intertwining around him that manifested into countless demonic shadows.

The demonic shadows knelt and worshiped him as if he was the lord of all demons.

"Shen Tian, Demon Feng, it's been a while," Wu Han said without the slightest hostility. It felt like he was greeting an old friend he had not seen for a long time.

"Yeah, it's been too long," the man with black hair answered, seemingly reminiscing. "I remember that battle like it was yesterday."

Wu Han chuckled. "Me, too. A Primordial running away like a dog is a scene that you don't see every day."

His words made the white-haired old man narrow his eyes. Demon Feng said, "It has been many years, but you haven't changed at all."

"It's not only me who hasn't changed..."

Wu Han raised his hand, and Celestial Demon qi overflowed. The qi intertwined and formed a pitch-black halberd in the void. Terrifying Chaos vital force was swirling around it, and the energy fluctuation it released could easily dominate the realm.

"My Sky Dominion Halberd remains just as sharp."

Wu Han wielded the Sky Dominion Halberd, with his Celestial Demon qi intertwining around its blade. His Primordial energy that had fused with multiple Daos overflowed, releasing a terrifying pressure into the area.

Even Demon Feng and Shen Tian were forced to take him seriously.

"Wu Han, do you really think we would come to you unprepared?" Shen Tian raised his hand.

His Primordial energy swirled and transformed into a massive black bell.

Demon Feng grunted. The countless demonic images around him gathered and transformed into a bloody saber that contained millions of vile demons.

"In that case, show me how much you two have grown," Wu Han said with a smile.

"Hahaha! As the strongest of the Celestial Demons, you should actually be concerned about me rather than the two of them!"

Suddenly, a loud cackle sounded.

A terrifying energy fluctuation came from the universe-connecting portal.

A blast of smoke and fire paved the path, and endless murderous qi swept forward.

An imposing figure emerged with a spear in his hand.

His arrival felt like death and war had been brought to Pan Gu Universe.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1904: Heaven Maiden You's Invitation, Poor Mystic Divination Tribe

Three Primordials of the Central Heaven Universe had come to Pan Gu Universe!

Following the final Primordial's arrival, a terrifying aura spread across the universe.

All the elites of Pan Gu Universe could sense it, and it made their hearts pound.

"What's going on? Three Primordials?"

"The Central Heaven Universe has three Primordials now? This is terrible! Can Wu Han hold them off?"

Back in the Immortal World, Chu Kuangren also sensed the Primordials' presence, and his brows furrowed.

"What's going on? Is the Central Heaven Universe taking action so soon? I have just formed the Nine Stars, and they are here? This is going to be troublesome."

If Wu Han was defeated, Pan Gu Universe would be over.

Other than Wu Han, no one was strong enough to hold back a Primordial, let alone three Primordials.

As for the Daoist Progenitor, he was just a soul fragment, and his powers were limited.

Back at the universe-connecting portal, Wu Han looked at the third Primordial.

He looked rather young. He had bronze armor on and wielded a spear.

The Primordial energy presence swirled around him, emanating a murderous and destructive aura.

He was the third Primordials of the Central Heaven Universe, Emperor Feng!

"I see. No wonder you made the move. The Central Heaven Universe has gotten its third Primordials," Wu Han said with realization.

He fought Shen Tian and Demon Feng before, so he knew how strong they were. However, it was his first time seeing Emperor Feng, and he had no idea about the young man's strength.

Emperor Feng might be the most difficult opponent in the upcoming battle.

"If all of you are prepared, what are you waiting for?" Wu Han said indifferently.

Kaboom!

On that particular day, the Primordials' energy shattered planets across several galaxies.

It continued to invade the deep void as Wu Han fought all three Primordials fiercely.

Everyone knew the battle of Primordials would last for a long time, and the battle was just a prologue to something bigger.

The battle between two universes had begun.

"The Void Battlefield would be the first battlefield for this war."

"Once Wu Han is defeated, Pan Gu Universe will be over. Before that happens, we have to do something."

"We can't interfere with the Primordials' battle, but we can enter the Void Battlefield. Go there and defend our line. We cannot let the Central Heaven Universe cross into our universe!"

All forces immediately reacted to the dire situation.

For some time, a large number of elites and cultivators swarmed toward the Void Battlefield.

"The war has begun."

Back in the Immortal World, Chu Kuangren looked at the universe-connecting portal.

The Primordials' battle would last for a while, and he had to do something while Wu Han defended their universe.

The key would be in the Void Battlefield.

...

Meanwhile, in the Central Heaven Universe, Chu Kuangren was refining the Tian Yuan Heart at the Spiritual Sword Tribe, and it took him more than a decade.

When he had completely refined the heart, his Embodier God King Realm improved, and his insights into his Dao reached the Expert level.

He even had insights about how Tian Yuan broke through to the Primordial Realm. It was safe to say that he had digested all the information for his future reference.

With that, he finally exited his closed-door meditation.

When he connected to his other self, he found out that the Primordials of the Central Heaven Universe had attacked Wu Han.

"Three Primordials joining forces is really something." Chu Kuangren chuckled.

"The other me can mobilize the Nine Stars to defend the Pan Gu Universe from the Void Battlefield, and he can adapt to any situation with his persistence.

"As for me, I must create my own following here to invade the enemy's home base and destroy them from the inside.

"With both of me working together, we will see who has the better tactic and technique," Chu Kuangren said as a cold glint flashed in his eyes.

As he pondered, he went through the list of forces he had at the moment.

They were the Spiritual Sword Tribe, the Emperor Tribe, the Dragon Tribe, and most importantly, the Nine Kings.

Long Shuijing, Tian Xingcai, and Ling Fei were all under his command, and they were all Nine Kings.

As for the other one, Heaven Maiden You, her stance was to be determined. Moreover, he had gotten another King's Mark after killing the Underworld God Emissary.

In other words, he had control over half of the Nine Kings already.

As for the other four, other than Xuan Yuanfeng of the Central Heaven Temple and Lei Shentian, the other two had yet to reveal themselves.

"The First Seat of the Temple Sequence, the Underworld God that the Underworld God Emissary mentioned, might be another Nine King. If that's the case, who is the last one?" Chu Kuangren muttered.

At the same time, the clouds rumbled further away, and a beautiful figure approached him from the sky. It was Heaven Maiden You of the Mystic Divination Tribe.

"Heavenly Sword, you've finally ended your cultivation."

"What is it?" Chu Kuangren asked.

"To be honest, I would like to invite you to the Mystic Divination Tribe for a bit," Heaven Maiden You said with a smile.

"Why?"

"I'm not allowed to reveal more, but please believe me, Heavenly Sword. The Mystic Divination Tribe means you no harm," Heaven Maiden You said sincerely.

Chu Kuangren chuckled at her words. "Interesting. Is the Mystic Divination ready to welcome the Heavens?"

"If the Heavenly Sword is kind enough to give us the honor, we would be grateful." Heaven Maiden You was delighted.

Inviting the Heavenly Sword to the Mystic Divination Tribe was actually an order from the higher-ups. As for the real reason, she was not informed, but she had a rough guess.

"Heavenly Sword, can you break the shackles of the Mystic Divination Tribe?"

Heaven Maiden You looked at him with anticipation.

...

The Mystic Divination Tribe was an ancient tribe.

Legend had it that they were experts at deducing fate and destiny, and their existence was recorded in many history books throughout the Central Heaven Universe's development.

The ancient tribe welcomed a very special guest on that particular day.

Heaven Maiden You brought Chu Kuangren to the ancient planet where the Mystic Divination Tribe had settled on.

The planet was surrounded by Daoist law, looking extremely mystical.

Chu Kuangren arrived at the ancient hall of the Mystic Divination Tribe, and the one who welcomed him was the Mystic Divination Tribe Leader.

"Heavenly Sword, your arrival is glory to our tribe!" said the Tribe Leader with a welcoming smile.

Chu Kuangren looked at him and told Lil Ai to analyze him.

The man was an Embodier God King.

On top of that, Chu Kuangren sensed a faint Great Dao energy in the man.

The Great Dao energy was not under the Tribe Leader's control. but it felt more like it was possessing him and transforming into a shackle that bound him down.

Since Chu Kuangren set foot in the Mystic Divination Tribe, he had seen similar Great Dao energy in other tribe members. However, those energies were a lot weaker than the one in the Tribe Leader.

'A tribe shackled by the Great Dao's shackles?' Chu Kuangren thought to himself.

Could that be the reason why they wanted to meet him?

"Heavenly Sword, I have prepared a banquet to welcome you," said the Tribe Leader.

Chu Kuangren nodded.

It was a feast of food and wine at the banquet.

"Heavenly Sword, how are things?" the Tribe Leader asked with a smile.

Chu Kuangren looked at the man. "Thank you for your hospitality. I believe there is a reason why you invited me here, so let me hear your request."

"Ha! Heavenly Sword, what do you think of the Mystic Divination Tribe?" The Tribe Leader chuckled and asked.

"Do you want the honest answer?"

"Of course."

Chu Kuangren put his cup of wine down and said, "I think it's a pitiful tribe that is surviving with shackles on its shoulders."

His words silenced the entire banquet.

They all looked at Chu Kuangren with shock.

Pitiful? What did he mean by that?

The Mystic Divination Tribe had a special position in the Central Heaven Universe. Even the Ancient King Tribes had to treat them with respect.

How did the tribe look pitiful to Chu Kuangren?

His words baffled many of them.

The Mystic Divination Tribe Leader, however, responded with a glint in his eyes. "As expected of the Heavenly Sword who defeated the Creation God. Your eyes see through all."

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1905: Break The Shackles, Great Dao, Are You Going Against the Heavens?

Chu Kuangren surprised everyone in the Mystic Divination Tribe with his words.

He called the ancient tribe a pitiful tribe that was surviving with shackles on its shoulders.

If someone else called the Mystic Divination Tribe a pitiful tribe, he would be labeled as a madman. However, the words came from the Heavenly Sword himself.

Things had just gotten interesting.

The Mystic Divination Tribe Leader gave an immediate response.

"Heavenly Sword, your eyes see through all."

He then took a deep breath and looked at Chu Kuangren. "To be honest, we invited you here because of the shackles on us."

"Oh? Interesting. Tell me what this is about," Chu Kuangren said with a grin.

"I would like to request for the Heavenly Sword to break the shackles off our shoulders. I wonder if you can do it?" the Mystic Divination Tribe Leader asked.

He then signaled his men with a glance.

Soon, the others left the hall, leaving the Tribe Leader, Heaven Maiden You, and several more elders alone with Chu Kuangren.

Everyone looked at Chu Kuangren.

Meanwhile, Chu Kuangren was communicating with Lil Ai.

"Lil Ai, is it possible to break their Great Dao shackles?" Chu Kuangren asked.

If it was just a curse, it would be easy because he had the Cursebreaker Sword. However, the Great Dao's shackle was unlike a curse.

Lil Ai analyzed and said, "It can be removed."

Nicely done!

Chu Kuangren secretly gave Lil Ai a huge thumbs up.

Under everyone's anticipating gazes, Chu Kuangren said, "It's not difficult to remove the shackles on your tribe, but..."

The Tribe Leader, Heaven Maiden You, and the other elders were delighted when they first heard Chu Kuangren.

They were also surprised that the Heavenly Sword had the capability to remove the shackles of the Great Dao.

However, when they heard the word 'but', everyone's heart pounded wildly.

"What are you going to repay the Heavens with?" Chu Kuangren finished his sentence.

Everyone exchanged a baffled look.

There was no free lunch in the world. Chu Kuangren could help them remove the Great Dao's shackles, but what could they offer to repay him?

Heaven Maiden You pondered and then knelt in front of Chu Kuangren with a thud. "If the Heavenly Sword can remove the shackles for my tribe, I will become your follower."

"You alone?"

Chu Kuangren looked at her calmly.

The Mystic Divination Tribe Leader heard Chu Kuangren and pondered for a moment before he realized what Chu Kuangren was looking for. The elders shared the same consideration as well.

If Heaven Maiden You alone was not enough, was the Heavenly Sword after the entire Mystic Divination Tribe?

The thought made everyone gasp in shock.

Heavenly Sword was overly demanding!

He wanted the entire Mystic Divination Sword to be under his command!

The Mystic Divination Sword had a special position in the Central Heaven Universe, and no force could ever make them bent, let alone a single person.

"Our tribe has deduced and studied the Great Dao for many years, and that's why we're shackled by it. Our tribe men's lifespan is only a little over a hundred thousand years. If the Heavenly Sword can help us remove the shackles, the Mystic Divination Tribe can fulfill three of your wishes unconditionally," said the Tribe Leader after some serious consideration.

The entire tribe submitting to a single person was an outrageous idea.

The Mystic Divination was a huge tribe with many people. The Tribe Leader had no idea what fate the decision would bring to his people.

Would it be destruction? Or rebirth?

As such, he decided to take a step back and meet Chu Kuangren in the middle.

Even though fulfilling three wishes for the Heavenly Sword unconditionally was also a costly price to pay, it was better than putting the entire tribe under his command for an unknown future.

"My promise remains. If the Heavenly Sword can free us from this shackle that has been troubling us for ages, I will follow you for the rest of my life," Heaven Maiden You said with a solemn look.

Compared to the Tribe Leader, she was much more decisive and determined.

Maybe she already had the thought a long time ago and was just using the chance to voice it out.

Chu Kuangren pondered about it for a while and said, "I'll take it."

He agreed!

Although he could not have the entire tribe under his command, it was not a big deal because he still had many powers and forces under his control.

Besides, with Heaven Maiden You, a Nine King, alone, it was quite the sweet deal.

"Well then, let's get prepared. Shall we?" Chu Kuangren looked at Heaven Maiden You.

He pointed his sword hand sign at her. Then, his eyes narrowed sharply, and an intent that surpassed all things started to appear around him.

It was his Dao.

Daoist law manifested into a sword before it was shot at Heaven Maiden You.

The sword was sharp, but having sensed something unusual, Heaven Maiden You did not dodge it.

When the sword pierced through her body, she could feel the shackles that had been holding her down for ages break instantly.

The Great Dao's shackles had been broken!

The Tribe Leader and the elders were over the moon!

"He did it! The Heavenly Sword did it!"

"The Heavenly Sword can really remove the Great Dao's shackles for us! This is great! This is great!"

"As expected of the man who defeated the Creation God! This power is astonishing!"

The others looked at Chu Kuangren excitedly, and the worries and concerns they had finally faded. They had nothing but anticipation for their turn.

"Is this how it feels like to be free?" Heaven Maiden You had never felt so relaxed before.

Not only that, but she could also feel the bottleneck loosening, drawing her closer to the Embodier God King Realm.

"Thank you, Heavenly Sword," Heaven Maiden You said as she bowed.

Kaboom!

Suddenly, the outside world shook.

Dark clouds rumbled across the planet, and terrifying Great Dao's vital force spread across the sky. Terrifying energy could be felt in the sky.

It was the Lightning Tribulation!

The Universal Great Dao had sensed someone breaking its own shackles, and as retaliation, it decided to strike the person responsible.

A powerful heavenly aura stirred up a storm across the planet.

The entire tribe was shrouded by the fear of the unknown as everyone looked at the incoming Lightning Tribulation.

Swoosh!

The experts of the Mystic Divination Tribe stepped up.

There were a few God Kings among them, but even they could not hold back their fear of the Lightning Tribulation.

They could feel the shackles of the Great Dao in them shaking.

The Great Dao was angry.

As for Heaven Maiden You, since her shackles were broken, the pressure she felt was not as strong as the others. However, she still looked somber nevertheless.

Kakroom!

A bolt of lightning struck down from the sky. It was so powerful that not even an Embodier could withstand it. If that lightning bolt struck the planet, many people would die.

The God Kings wanted to step up to protect the people, but due to the restrictions of the shackles, their bodies were held back by the power from the ancient planets and they could not move.

Suddenly, a sword shadow rose into the sky.

The sword shadow emanated a surge of dazzling Daoist law energy, and it was so powerful that it struck the incoming lightning bolt.

"It's the Heavenly Sword!"

"The Heavenly Sword has responded!"

Everyone looked at the palace with excitement.

A figure in white stepped out and looked at the lightning clouds in the sky with a sharp gaze.

He rose to the sky, not to stand under but on the same level as the lightning clouds.

His gaze turned cold as he said, "Great Dao, are you going against Heaven?"

Chapter 1906: I Was Born Arrogant, The Slash Greater Than The Heaven

"Great Dao, are you going against me?"

The frosty voice echoed across the realm.

At that moment, the sky shook, and all life in existence paled in comparison to that figure in white who stood against the Great Dao.

The crowd gulped, and those who laid eyes on him were shocked.

After the Creation God, was the Heavenly Sword going after the Great Dao?

Rumbling thunder sounded from the thundercloud, and a terrifying aura came from the deepest part of the storm, almost shrouding the entire galaxy.

Many elites of the Central Heaven Universe sensed it and sent their Immortal Consciousnesses out to find out what happened.

When they saw Chu Kuangren, their lips twitched.

"It's him again..."

"Why is it him again? When is this going to be over? Why is he causing such a commotion? Can't he give us a break?"

"What is he trying to do now?"

"Gasp! He's going against the Great Dao?"

"Damn! Is he out of his mind?"

"I mean he is a mad man..."

Everyone exclaimed at the scene.

In the sky above the Mystic Divination's planet, Chu Kuangren confronted the Lightning Tribulation that represented the Great Dao.

Rampant energy exploded and filled the planet.

The aura alone was enough to shake the land.

"Going against Heaven will only result in defeat, even if you are the Great Dao," Chu Kuangren said coldly.

With a clang, the Void Sword at his weight was drawn, and its blade glared brightly.

A dark and gloomy glare from the blade felt like a black hole that could devour everything, even light.

Groom! Kakroom!

The Lightning Tribulation grew restless as if it was irritated by Chu Kuangren's arrogance.

A bolt of lightning was hurled at Chu Kuangren.

That lightning bolt was a few times stronger than before, and it even contained the energy of the Great Dao.

It had a natural suppression toward all life in the Central Heaven Universe, but it was ineffective against Chu Kuangren because his Dao was beyond this universe.

Not even he could be controlled.

He was an anomaly!

"O' Heavens Bear Witness, Beyond Heavenly Sword!"

Chu Kuangren wielded the Void Sword and performed the third form of O' Heavens Bear Witness technique.

With one slash, his Ultimate Almighty Source energy slowed out.

Daoist laws gathered, and he even inserted his Mini Universe's energy into the slash.

He knew that his Dao, the Ultimate Almighty power, and his Mini Universe energy were out of the Central Heaven Universe's Great Dao's control.

When all three energy combined into one, the explosive energy could destroy everything.

The Great Dao of the Central Heaven Universe was powerful, but it had to abide by the universe's rule. It could not unleash all its power on Chu Kuangren, who was just an Embodier.

The slash shattered the bolt of lightning and continued to cut the Lightning Tribulation in half. Terrifying sword qi scattered and swept across thousands of galaxies.

However, Chu Kuangren stood in the air, looking calm.

He was born arrogant, and the slash he unleashed was greater than the heavens.

The man in white and the sword in black slashed the Great Dao.

The scene shocked everyone who saw it.

"What a monster. How many more shocking things must he do before he could rest? I suspect he's become transcendental."

"Tsk. Tsk. He's beyond the Great Dao's control, so you can consider him half-transcendental. I can't believe such an anomaly was born in the Central Heaven Universe..."

"Do you think he's the reincarnation of some Transcendentalist? Or else, how could achieve all that?"

"It's possible."

The Immortal Consciousnesses of the elites communicated and talked about Chu Kuangren's background.

Some even assumed that he was some reincarnation of a Transcendentalist.

Chu Kuangren ignored them and returned to the Mystic Divination's planet, where he continued removing the shackles for the rest of the tribe.

On a certain mountain peak on the planet, Chu Kuangren looked at the stars calmly.

Heaven Maiden You was beside him, wondering what was on his mind.

"Have you found out who the last two Nine Kings are?" Chu Kuangren asked.

The Mystic Divination promised him three wishes, and finding out the remaining Nine Kings would be one.

Heaven Maiden You nodded. "I have some results. One of them is the First Seat of the Temple Sequence, the Underworld God that the Underworld God Emissary mentioned.

"Based on our deduction, the last person is related to the Thirty-Six Space Pirates."

The Thirty-Six Space Pirates were thirty-six infamous space pirates who commanded an armada of ships and pirates. Half of them were affiliated with the Dao King Tribe.

Chu Kuangren could not help but think of the Shinra Pirate, the strongest pirate of the Thirty-Six Space Pirates.

He once made a deal with the man.

"Do you know the Shinra Pirate?" Chu Kuangren asked.

Heaven Maiden You nodded. "I know. I heard the Shinra Pirate is having a fierce conflict with the Dao King Tribe recently, and there have been more than ten fierce battles between them. They even destroyed a few galaxies."

Chu Kuangren was intrigued.

"More details."

"The Shinra Pirate is the only God King among the Thirty-Six Space Pirates, and he is against the Dao King Tribe. The conflict between them had been going on for years. A while back, the God Kings of the Dao King Tribe went into the Central Heaven Heart Realm for exploration, and it gave the Shinra Pirate a chance to inflict a deadly blow on them.

"God King Molin regrouped the tribe after he went back and went to war with the Shinra Pirate. Their battle has attracted a lot of attention lately," Heaven Maiden You explained.

Chu Kuangren was more intrigued now.

"Interesting."

He smiled as a thought rose in his mind. "Oh, right. I heard the Mystic Divination Tribe once opened up a passageway to the Pan Gu Universe and set the Void Annihilation Formation there. Am I right?"

"It wasn't entirely the Mystic Divination Tribe's doing. In fact, it was a common agreement between the King Tribes. Why do you ask, Heavenly Sword?"

"I need the materials and the formation blueprint for the Void Annihilation Formation. This is the second thing I want from the Mystic Divination Tribe," Chu Kuangren said.

"Not a problem."

"Good."

Soon, Chu Kuangren got the formation blueprint and the materials for the Void Annihilation Formation. He toyed with the Yin Yang Ring in his hand and smiled pensively

"Dao King Tribe, the Heavens shall have some fun with you."

Then, he rubbed his chin and pondered. "However, Dao King Tribe isn't enough fun. Why don't I drag the others into this?"

Heaven Maiden You listened to Chu Kuangren's mutters and somehow felt goosebumps all over her.

What was the Heavenly Sword planning?

...

Fengluo Galaxy was the main battlefield between the Shinra Pirate and the Dao King Tribe.

It was actually the seventh battlefield as the previous ones were all destroyed.

Their battlefield continued to evolve, and as the war went on, they left a trail of destruction behind them.

Somewhere in the universe, tens of thousands of warships were in formation.

The biggest and grandest warship had countless runes and Daoist rhymes surrounding it, making it stand out from the rest.

On the ship was a waving flag with Shinra's name printed on it.

It was the Shinra Pirate's ship.

He was having a strategic discussion with a dozen of his men.

Unparalleled After Ten Consecutive Draws

Chapter 1907: I Shall Command The Soldier Here, Soldier Versus Soldier, General Versus General

"The Dao King Tribe is going all out to destroy us. They are relentless! They even sent multiple God Kings after us," said one of the pirates.

He was the Red Devil Pirate.

The others reacted to his words with bitter looks.

Even though they went straight for the Dao King Tribe's base the last time, it infuriated the Dao King Tribe like they had poked a bee's hive, and a fierce retaliation followed.

The space pirates realized they had underestimated the Dao King Tribe.

The Dao King Tribe had multiple God King elites behind them.

As for the space pirates, other than the Shinra Pirate, there were no other God Kings. Even though they could engage in guerilla warfare while relying on tactics and treasures, it was extremely difficult if the war was prolonged.

"I heard the Dao King Tribe asked the Nether King Tribe for help. They are teaming up to annihilate us," the Red Devil Pirate said with concern.

A hint of fear appeared in his eyes.

The Dao King Tribe alone was already powerful enough to force them into a desperate situation. If the Nether King Tribe joined the fray, it would be over soon.

The other space pirates looked at the Shinra Pirate, waiting for his response.

The Shinra Pirate frowned as well.

He had been planning for years. He gathered resources and power from multiple connections just to strike the Dao King Tribe.

Unfortunately, the resources of an Ancient King Tribe surpassed his expectations.

He might have gotten revenge, but he had to face severe consequences, which was a fierce retaliation.

He may be a Supreme God King and know his own strength, but his men and subordinates might not make it.

The Shinra Pirate started to regret acting impulsively.

If he could just calm down and plan it better, it might not have ended up with such desperation.

However, there was no turning back now. All he could do was come up with a solution to keep his men alive.

"I'll go negotiate with the Dao King Tribe," the Shinra Pirate said.

When he said that, Helou Liangyi, his right-hand man, reacted strongly. He cried, "Brother, no! We have struck the Dao King Tribe heavily this time. They won't let you go. Negotiation won't do us any good."

"Yeah. Those b*stards want us dead."

"Correct. Why not fight them to death?"

The other space pirates echoed.

Then, a voice sounded from outside.

"With that?"

The frosty and indifferent tone expressed its disdain for the space pirates.

A man walked into the room.

The group of space pirates was surprised that the person could move so close without startling any of them.

His technique was terrifying.

"Who are you?" One of the space pirates bolted and shouted.

"Sit down," the Shinra Pirate said.

He looked at the man at the entrance with a solemn look. "I didn't expect the arrival of the infamous Heavenly Sword on my ship. What a surprise."

His words made the others gasp in shock.

Heavenly Sword?

A young man beside the Shinra Pirate looked at Chu Kuangren, and his eyes glinted pensively.

Heaven Maiden You saw the young man's pensive gaze, and her eyes narrowed.

"The Heavens' here to give you a chance."

"What chance?"

"A chance to turn the tide around," Chu Kuangren said.

The Shinra Pirate already had a hunch as to what Chu Kuangren was suggesting. "You want to help us fight the Dao King Tribe? Why?"

"A while back, when the Heavens were being threatened by the God Kings, you stood up for the Heavens. That's why the Heavens is here to return the favor," Chu Kuangren said.

The Shinra Pirate recalled what happened in the past.

A long time ago, Chu Kuangren was threatened by the Emperor Tribe and the Dao King Tribe on Ancient Central Heaven Planet, and the Shinra Pirate spoke on his behalf, trying to defend him.

The Shinra Pirate did so out of impulse, thinking that it would make a good impression on Chu Kuangren while he went against the Dao King Tribe.

He did not expect that a simple word he said in the past would reward him with a chance to turn the tables. He was glad that he made the right choice back then.

He was grateful for the offer.

The Shinra Pirate then looked at Chu Kuangren. "How are you going to help?"

"It's simple. Give me command over all of your men."

"What?"

Chu Kuangren's words angered the other space pirates. The first thing that Chu Kuangren did was to take command?

Even if Chu Kuangren was the Heavenly Sword, the space pirates refused to listen to his command.

"No. We will only listen to our brother's command."

"Yeah."

"Heavenly Sword, you might be strong, but commanding millions of space pirates alone is impossible for you."

Chu Kuangren ignored the other space pirates. He looked at the Shinra Pirate as he was the leader of the bunch.

The Shinra Pirate took a deep breath and said, "Heavenly Sword, if you can help my brothers overcome this crisis, I can put you in command. I just hope that you're a man of your word."

That would be his only chance out of the desperate situation. Judging from how the Heavenly Sword did things, the man would never commit to anything without absolute confidence.

He believed it was a risk worth taking!

"The Heavens never speak lightly." Chu Kuangren smiled.

"Brother!"

"Brother! Think this over!"

The others tried to dissuade the Shinra Pirate, but the man had decided.

No matter what the others said, they could no longer change his mind.

Chu Kuangren took command and started to strategize and mobilize the space pirates.

He already did some studying on the situation of the battlefield before he arrived.

...

Meanwhile, God King Molin was inspecting his troops. He planned to annihilate the space pirates once and for all with this grand assault.

Other than himself, he got help from the Nether King Tribe, which was going to cost him.

"With the two Ancient King Tribes teaming up, how are you going to escape, Shinra Pirate? Fengluo Galaxy will be your burial ground," God King Molin said with a scoff.

Then, an armored Arch Gilded Immortal came forward.

He said, "God King, Shinra Pirate and his men are here!"

"What?" God King Molin was surprised.

Shinra Pirate had been in hiding for days now, yet they decided to show up and bring the fight to the Dao King Tribe.

Did they have a death wish?

"Haha, God King, I think they have run out of options and decided to fight us to death," the Arch Gilded Immortal said.

God King Molin grinned. "If they want to die, let's grant their wish."

The Dao King Tribe prepared their troops and sent them out to face their enemies.

Troops from both sides confronted each other in space.

Shinra Pirate had tens of thousands of ships. Each space pirate carried a strong resolution in their eyes as if they had disregarded their lives.

The rage qi that they released was terrifying.

God King Molin chuckled. "They are really at their last straw."

He spotted Shinra Pirate on a warship further away. Shinra Pirate would be the priority of that battle.

"Shinra Pirate, I didn't expect you to turn yourself in so quickly."

"Charge!" the Shinra Pirate shouted.

With that, a fierce battle broke out between the two forces.

The countless desperate space pirates and the soldiers of the Dao King Tribe fought each other fiercely.

"Wu Xuelong, do it," God King Molin said to the God King of the Nether King Tribe.

Wu Xuelong then sent the soldiers from the Nether King Tribe to the battlefield.

As the fight went on, the entire galaxy was painted with blood, and countless planets were destroyed in the process.

The dark galaxy somehow felt lively and brutal because of the fight.

"Shinra Pirate, today is the day you die," God King Molin bellowed and flew toward his opponent.

"Hmph. You speak too soon."

Shinra Pirate engaged God King Molin in a fierce fight.

It was general versus general and soldiers versus soldiers!

Chapter 1908: Tempted By Treasures, Humanity Failed The Test

It was general versus general and soldiers versus soldiers.

As Shinra Pirate fought God King Molin, the God King energy scattered across the void, shaking the starry sky violently.

Bang!

Shinra Pirate was hit with a punch that sent him flying backward.

Fortunately, he was not heavily injured. An armor covered with bloody Daoist law protected him from the punch, preventing the deadly blow.

When God King Moline saw the armor, his expression turned grim. "That's my tribe's Seven Seas Shura Armor!"

The Seven Seas Shura Armor was a Premium Innate Supreme Treasure, one of the best treasures in the Central Heaven Universe and one of the strongest items that the Dao King Tribe once possessed.

"It is." Shinra Pirate chuckled.

God King Molin gritted his teeth. "You launched an attack at my tribe while I was away to raid us of our treasures! Shameless!"

"Hahaha! I can say the same to you. The Dao King Tribe also rose to prominence from raiding and looting, am I right?" Shinra Pirate argued.

"Wu Xuelong, on me!" God King Molin called Wu Xuelong to attack together.

With the two Supreme God Kings teaming up, even if Shinra Pirate had the armor on, he felt pressured.

As for the other God Kings, they scattered around and surrounded him, leaving him with no escape route.

Shinra Pirate's men were pushed into a desperate situation since the Dao King Tribe and Nether King Tribe had teamed up.

Shinra Pirate and his men were losing.

Many elites in the universe were paying attention to the battle, and they believed Shinra Pirate had no way to turn things around anymore.

"Shinra Pirate, who has roamed galaxies for so many years, finally welcomes his end. Today will mark the fall of another legend."

"The Central Heaven Universe really has had a couple of rough years."

"Considering God Kings are falling everywhere, I guess you can say so."

While the experts placed their bets on Shinra Pirate's doom, a pair of frosty eyes was staring at the battlefield from the void.

It was Chu Kuangren.

"It's time..." he muttered.

Suddenly, something happened on the battlefield.

Shinra Pirate and his men started to flee the battlefield. Some of them left in such a hurry that they left their treasures behind.

It looked like they were running away because of the impending defeat.

However, the Dao King Tribe would never let that chance slip.

"Run? How naive! Kill them!"

"Hahaha! Shinra Pirate, do you really think you and your men can run from us? Today will be your doom!"

"Go after them!"

The Dao King Tribe and Nether King Tribe were on a killing spree, and they would never let a single space pirate escape them. As such, they went after the fleeing pirates.

"Hmph! Nether King Tribe, you guys go from that side, and we will flank them from both sides! We can crush them together," said an Arch Gilded Immortal to a captain of the Nether King Tribe.

"Alright."

Before the two tribes could flank the space pirates, the space pirates had scattered away.

They split into multiple groups and went in different directions

"Oh? Running separately? So what? Be it the number or power, we are at an overwhelming advantage. Even if you space pirates tried to run in different ways, you dogs can't escape us!"

"Go! Don't let anyone of them escape!"

The two tribes went after the fleeing space pirates.

Soon, they followed the space pirates into a secret realm.

The secret realm had been floating in space for a long time, and it held many treasures inside.

When the Dao King Tribe and the Nether King Tribe entered the secret realm while chasing the space pirates, they were captivated by the treasures before their eyes.

"I didn't expect to discover such a plentiful secret realm while chasing the space pirates!"

"We're in luck!"

"Something is wrong."

An Arch Gilded Immortal frowned. "The space pirates lured us here. This must be a trap."

"Look! Look there!" one of the captains cried.

Further away, on top of a high mountain, countless Immortal Sparks shrouded its peak.

On a closer look, the mountain was actually a huge pile of Immortal Crystals, and its value was immeasurable.

"There..."

In another direction was a massive golden lake, in which its water was Immortal Liquid.

The ripples on the surface felt mystical, and the lake also contained all kinds of treasures.

The treasures in that secret realm were slightly overwhelming.

"That's the Dao King Tribe's Rainbow Lazuli Lamp!" Someone recognized one of the treasures.

"That's the Fire Blaze Lance!"

"The Nine Rebirth Jade Dew Pill!"

"The ships of the Dao King Tribe are also here!"

They were all stunned.

All the treasures that the space pirates had looted and raided were in the secret realm.

Seeing the treasures fueled their anger and jealousy.

"This must be the place where the space pirates keep their loot!"

"Yeah! This is Shinra Pirate's secret treasure vault!"

"They all belonged to the Dao King Tribe!"

The Dao King Tribe suddenly lost interest in pursuing the fleeing space pirates and went after the treasures.

Why would they go after the space pirates?

They were after the space pirates because the space pirates looted and raided their treasures.

Now that the treasures were right before their eyes, there was no point in pursuing them anymore.

The Dao King Tribe rose to prominence from looting as well. At their core, they were the same as the space pirates. They all had the same greedy and brutal blood flowing in their veins.

The amount of treasure occupied all their thoughts.

Even if some of them were smart enough to notice that something was not right, they were the minority.

A majority of them were captivated by the treasures. They went after the treasures not because they wanted to retrieve them for the tribe, but because they wanted to keep something for themselves.

"This is mine!"

"Stop it! There's no need to fight. Everyone can get a share. Let's get the space pirates first!"

"What space pirates? They are a bunch of deserters. If we go after them and someone else snatches the treasures away, what will we do then?"

"Yeah! Don't try to trick me!"

"Brothers, get the treasures!"

"Nether King Tribe, these aren't your things! What are you doing? Keep your hands off the treasures!"

"We are here to help you. Why can't we get a share of the treasures? How selfish!"

"These are ours! You will be rewarded with a handsome payment for your help. It doesn't mean you can take our things away."

"I'm taking it. What are you going to do about it?"

The situation was a mess.

It was chaotic.

Before the overwhelming number of treasures, the true nature of the Dao King Tribe was revealed. Even the Nether King Tribe could not keep their eyes away from the treasures.

They got angry especially when the Dao King Tribe forbade them from taking the treasures. They were here to help, yet could they not get the treasures?

The argument slowly escalated into an internal conflict, and the secret realm became the battlefield for another fight.

Meanwhile, in a corner of the universe, Chu Kuangren saw everything that happened in the secret realm.

He said, "Human nature is the weakest and most vulnerable thing."

Of course, some were unfazed by the treasures and tried to calm the conflict down. Unfortunately, they were still the minority, and there was only so much they could do.

There were a lot of smart men, but foolish men trumped them in terms of number.

As the situation escalated, the smart men were forced to take sides and joined their fellow foolish men in taking the treasures.

"Shinra Pirate's men are almost out of that place. Do it, Heaven Maiden You," Chu Kuangren said without looking back.

"Yes."

Heaven Maiden You looked at the people inside the secret realm with frosty eyes.

Unparalleled After Ten Consecutive Draws

Chapter 1909: The Void Annihilation Formation Elimite Two Tribes' Cultivators, You Are Insane

The battle continued in space.

Shinra Pirate fought two Supreme God Kings while being surrounded by two more God Kings. He had no way to escape.

Everyone believed he was at a disadvantage.

As a matter of fact, he was losing the fight as well. He tried to escape but was unsuccessful.

"Shinra Pirate, today is not only your doom, but it is also the day where your men, who you raised so hard, die!" God King Molin said.

"Hmph. I wouldn't be so sure about that," Shinra Pirate said.

"You're on your last breath. Why are you still so stubborn?" God King Molin grunted coldly.

He and Wu Xuelong attacked again.

At that very moment, a strange energy fluctuation came from further away.

Energy ripples could be seen in the void, and they contained strong spacetime energy.

"This energy fluctuation..."

God King Molin and Wu Xuelong were slightly surprised as they looked in that direction.

They released their Immortal Consciousnesses and spotted a secret realm.

Inside the secret realm, a large amount of spatial storm flooded it and was imploding on itself.

The terrifying and brutal energy fluctuation came from the implosion.

It was a disaster.

"That's the Void Annihilation Formation!"

Someone recognized the formation and gasped in fear.

The Void Annihilation Formation was ranked the third most powerful formation in the Central Heaven Universe. Its destructive power was self-explanatory.

Even a God King was afraid of it.

"What's going on? Why is there a Void Annihilation Formation there? What happened?"

"That direction... That's where the space pirates escaped..."

"Wait a minute, could it be..."

One of the God Kings realized something, and his pupils widened in shock.

They headed to the secret realm, but a blast of sword qi forced them back.

A white figure emerged from the starry sky, and his domineering aura spread.

When the God Kings saw the person's face, their expressions shifted.

"It's the Heavenly Sword!"

It was Chu Kuangren!

God King Molin and Wu Xuelong immediately recalled what happened in the Central Heaven Heart Realm, where he confronted the Creation God with unwavering might. They could never forget that scene.

"Heavenly Sword, what are you doing here?" Wu Xuelong questioned him.

Chu Kuangren stood with his hands behind his back and answered, "What you did to the Heavens back in the Central Heaven Heart Realm, the Heavens remember all of them."

"You're here for revenge?" God King Molin sounded worried.

"If you made a mistake, you have to face the consequences. And you two did make the Heavens unhappy, so I'm here to make you face your consequences."

"What did you do?"

"The billions of cultivators from the Nether King Tribe and the Dao King Tribe, these are the consequences you have to face. Consider it a little interest that the Heavens is taking from you."

His words shocked all the God Kings.

"You were behind the Void Annihilation Formation?" God King Molin was furious and baffled at the same time.

Why would his men and the Nether King Tribe's soldiers enter the formation?

How could they not notice it?

Unbeknownst to him, the elites who had been watching the battle from afar had an overview of the situation, and they all praised Chu Kuangren's wits.

"What a great trap! The Heavenly Sword is great!"

"This is outstanding."

"He divided the troops to lure the enemy into the trap and held them back with treasures before annihilating them once and for all. The Heavenly Sword toyed with the Nether King Tribe and the Dao King Tribe like they were babies. How terrifying."

"The treasures that Shinra Pirate looted from all his years were all used as bait to trap the cultivators from both tribes. What a man! He knows the true nature of the Dao King Tribe."

Back in the secret realm, the cultivators from the Dao King Tribe and Nether King Tribe were horrified by the sudden spatial storm.

"What is going on?"

"We are trapped!"

"Who did this?"

The joy of acquiring treasures was instantly replaced by unprecedented fear.

Some of the Arch Gilded Immortals attempted to destroy the spatial storm with their consecutive Immortal Techniques and divine abilities, but they were ineffective.

They were too weak to face the spatial storm.

"This is the Void Annihilation Formation. We're doomed," said an Arch Gilded Immortal with despair.

"What's going on?"

"Can't you tell? We were tricked!"

A Nether King Tribe cultivator punched the mountain of Immortal Crystals with a grim look, crushing the crystals into powder. "It's all because of you and your greed, Dao King Tribe. We're all doomed now."

"Us? You never saw this coming either, and you tried to take our treasures!"

"Yeah! You guys bear half of the responsibility!"

"We shouldn't have helped you people from the start."

"If we didn't promise you a good payment, would you even show?"

Despite being trapped in a deadly situation, both tribes continued to berate each other.

The lead Arch Gilded Immortal sighed at the scene.

It was all over.

Boom! Bang!

The spatial storm swept them over, destroying everything in its path. Even the void shattered inch by inch.

Cultivators died one after another before the absolute force.

The fear of death shrouded everyone's mind.

They were all horrified.

Outside the Void Annihilation Formation, Red Devil Pirate and Helou Liangyi, plus their men, watched as the formation destroyed the cultivators from both tribes. They gulped nervously.

The space pirates had nothing but astonishment on their faces. They were in awe of the Void Annihilation Formations' power and also Chu Kuangren's tactics.

"Are we safe now?" Red Devil Pirate asked.

"No, it's not over yet. The real threats are God King Molin and the others," said a young man.

He was Shinra Pirate's godson, Luo Yunxiu.

"Don't worry, Young Master. Heavenly Sword is there to handle the situation. If he's there, I believe he has absolute confidence to wrap things up," Helou Liangyi said.

"You trust that person that much, huh?" Luo Yunxiu asked with furrowed brows.

"It's not trust. It's a conclusion that I came up with after witnessing countless of that man's achievements and miracles. The Heavenly Sword always strikes precisely and powerfully, and he never fails.

"He beat the Creation God and even the Great Dao. God King Molin and the others are nothing," Helou Liangyi said with a smile.

A hint of admiration shone in his eyes.

The same went for the others.

Luo Yunxiu was speechless at their reaction.

The fact that those blood-thirsty space pirates held such awe and reverence toward Chu Kuangren was enough to state how high his status was in the universe.

With that, it fueled Luo Yunxiu's jealousy.

Why Chu Kuangren? Why not him?

Meanwhile, Chu Kuangren confronted God King Molin, Wu Xuelong, and the others.

Having found out about what happened inside the secret realm, they were furious.

"Heavenly Sword, you've crossed the line! Billions of lives were lost because you said so! Where is your humanity? Are you a monster?" God King Molin roared.

Chu Kuangren scoffed at God King Molin's question. "Your tribes had it coming."

Then, he took a step forward and drew the Void Sword. A chilling sword aura exploded.

"Now that I have taken the interest, it's time to deal with you. It's up to you whether you can survive the Heavens' punishment."

Chapter 1910: God King Sikong's Discussion, For The Sake Of The Overall Situation, Ancient God Kings

"It's up to you whether you can survive the Heavens' punishment."

Chu Kuangren wielded the Void Sword as he gazed upon God King Molin and the other God Kings.

Then, he released a sword ray at them.

Daoist law energy was contained in the indomitable sword ray, which boosted its energy to a terrifying level.

God King Molin's expression shifted when he saw the sword ray. He raised his hand, channeling his Daoist law energy and unleashing it at the incoming sword ray.

A powerful explosion later, both sides were pushed back.

'He's strong enough to fight a Supreme God King now? He has improved so quickly!' God King Molin thought to himself, feeling surprised.

In the previous battle, Chu Kuangren relied on his special techniques to aid him against a Supreme God King.

When he fought Long Tianfeng, he used the power of the Infernal Dragon to suppress the Dragon Tribe's bloodline.

When he fought the Supreme God King of the Emperor Tribe, Di Feitian, he used the Eight-faced Emperor Hammer!

Now, Chu Kuangren was using his own Daoist law energy to fight God King Molin, and his Dao was not even at the Expert Embodier level!

God King Moline was at Peak Embodier!

"What? Surprised?" Chu Kuangren said.

He took one step forward and slashed at God King Molin using the Void Sword again. This time, the slash was much more powerful than the previous sword ray.

Bang!

The void itself was destroyed.

God King Molin manifested his Daoist law energy into a saber to block the slash, but the saber shattered upon collision.

The tip of the Void Sword left a massive cut on his chest.

From the cut, Daoist law energy started to leak out.

The Dao inside him was severely shaken.

"Wu Xuelong, don't just stand there! Help me!" God King Moline shouted.

However, Shinra Pirate stood in Wu Xuelong's way.

"I'm your opponent." Shinra Pirate grinned.

As such, the other God Kings joined God King Molin in fighting Chu Kuangren. Chu Kuangren had defeated the Creation God and defied the Great Dao, so none of them dared to be careless.

"Great. Come at me altogether." Chu Kuangren chuckled.

He sheathed the Void Sword and unveiled the Eight-faced Emperor Hammer again.

As he swung the hammer down, one of the God Kings was smashed into a cloud of blood mist by the Pseudo Chaos Supreme Treasure.

The God King's Dao trembled violently, attempting to recover, but the Emperor qi from the hammer ground it down.

In the end, the Dao was shattered, and a God King had fallen!

Chu Kuangren wielded the hammer with an unrivaled aura as if he was the supreme emperor.

One swing from the hammer could determine one's life and death. Not even the God King could defy it.

"Damn it. The Pseudo Chaos Supreme Treasure is really powerful. If we don't do anything about that, we won't beat him."

"Do something about the Pseudo Chaos Supreme Treasure? Like how?"

God King Molin and the others wanted to leave, but knowing that billion of his men were annihilated by the Void Annihilation Formation made him aggrieved.

However, if he refused to leave, he was not Chu Kuangren's match either.

God King Molin was fuming, and he looked disheartened.

"Go!"

In the end, after weighing the situation, God King Molin reluctantly chose to leave.

Unfortunately, Chu Kuangren refused to let him leave.

He raised his hand and countless sword qi gushed forward and intertwined.

A cage appeared above them.

It was the O' Heavens Bear Witness, Heavenly Prison!

Even God King Molin, a Supreme God King, was put under strong restraints. In addition to Chu Kuangren's pressure, leaving was not easy.

After a few rounds, another God King was hammered to death by Chu Kuangren.

His terrifying power continued to shock everyone.

It was horrifying. God King Molin gulped nervously as he tried to ease the fear in his heart.

Would that be the end for him?

Would the Supreme God King of an Ancient King Tribe die here?

Buzz!

Then, a golden light shone brightly from further away as a figure dashed over with lightning speed.

It was the Right Guardian of the Central Heaven's Temple, God King Sikong.

"Heavenly Sword, please stop," he said loudly.

He threw four beads out, and they transformed into a boundary, shrouding God King Molin and the others within it.

Chu Kuangren's sword qi could not penetrate the boundary.

"Master, that's the Four Mystical Sumeru Beads, a Premium Innate Supreme Source Treasure. It contains incredible defensive capabilities," Lil Ai reported after a quick analysis.

Chu Kuangren heard Lil Ai and narrowed his eyes at God King Sikong. He asked, "Are you going against the Heavens?"

God King Sikong shook his head. "Heavenly Sword, please calm your wrath for now. The two universes are at war, and the God Kings are the main combatants. We cannot lose too many of us."

He stated his intention clearly.

Chu Kuangren had crossed the line. Be it the Dao King Tribe and the Nether King Tribe's billions of cultivators or the God Kings that he smashed to nothing, they were all important manpower that should be deployed to the Void Battlefield.

Yet, they were all killed just like that.

The Central Heaven Universe could not lose precious manpower like that.

"Oh, so because of that reason, they're allowed to defy the Heavens?" Chu Kuangren said coldly.

He released his sword aura, which was so powerful that it was suffocating.

Even God King Sikong was in awe at how fast Chu Kuangren improved in just a short period of time. It was ridiculous.

"Heavenly Sword, please consider the bigger picture," God King Sikong continued his dissuasion.

Then, with his eloquence and persistence, he apologized on behalf of the Dao King Tribe and the Nether King Tribe's past offenses.

After investing a lot of effort in dissuading, Chu Kuangren finally agreed to put his sword away.

As a matter of fact, Chu Kuangren knew God King Sikong would step forward to protect God King Molin and the others.

It would be difficult for him to go after them for now.

Moreover, God King Sikong pressured him using the universe's situation. If he insisted on killing them, it would hinder his progress in the Central Heaven Universe and severely affect his future plan.

"The Heavens shall spare them today, for your sake."

Chu Kuangren glanced at God King Sikong.

God King Sikong was overwhelmed with delight.

The unrestrained and lawless Heavenly Sword stopped because of him? How rare!

God King Sikong instantly felt good about it and was less cold toward Chu Kuangren, "Thank you, Heavenly Sword."

Then, Chu Kuangren left.

"Damn it. The Dao King Tribe will never forget this," God King Molin grunted with a grim look.

"So will the Nether King Tribe," Wu Xuelong said coldly.

God King Sikong glanced at them and said coldly, "Stop causing trouble. The Heavenly Sword spared you because of me today, but I can't guarantee your safety next time."

"Hmph! Don't speak too soon about that. We can't be sure who will be protecting who in the future."

God King Molin scoffed and continued, "Now that the war between two universes has resumed, the ancient kings should be returning soon."

Pan Gu Universe and the Central Heaven Universe had been at war for countless years, and it was paused because of Wu Han.

The most powerful elites who participated in that battle entered a mysterious space and went into slumber to conserve their energy for the next fight.

Now that the war had resumed, the powerful elites, who used to dominate both universes, should return and contribute to the conquest of Pan Gu Universe.
