#### **Chapter 1941: Overpowering Jiangchen Tribe Leader, The Power of Hou Beast**

"Even I have no idea how powerful I will become!" Jiangchen Tribe Leader laughed and said with high spirits.

It was his happiest today as he had overpowered the Restricted Area's three great Embodier Jiangshi tribe leaders.

He would never have dared to imagine himself doing that a few years ago. After all, he was not an Embodier.

However, with the help of the Four Blood Supreme Pill, his victory became a reality, proving how mighty the Supreme Pill was.

"Roar!" Jiangchen Tribe Leader roared into the sky.

Soon, undead qi filled the air, and a terrifying aura spread, shaking the entire Restricted Area.

The undead qi spread from the Jiangchen Tribe Leader and shattered the void affected by it. Its energy made all the Jiangshis afraid.

"Hanba Tribe Leader, Yinggou Tribe Leader, and Houqing Tribe Leader, I can give you one last chance. Surrender to me, hand over Chu Kuangren, and all of you shall remain as Tribe Leaders!"

Jiangchen Tribe Leader stood with hands behind his back, looking like victory was in his hands.

He was confident that by having fused the four Jiangshi abilities, he would win.

"Ha! Why don't you come and get me yourself?" A chuckle sounded.

Immediately after, a figure in white slowly walked out of the Divine Sealed Lands.

His robe was as white as snow, and an ancient white jade sword hung at his waist.

He looked handsome, but with a wave of his sleeves, he revealed a supreme Immortal King aura. Wherever he went, the terrain crumbled.

Even the void collapsed in silence.

"Chu Kuangren!"

Jiangchen Tribe Leader narrowed his eyes when he saw who it was.

Although he had absorbed the Four Blood Supreme Pill, the presence of Chu Kuangren's blood made his blood-colored eyes burn with desire.

He could feel his blood reacting excitedly, his gums itching, and his fang ready to make a move. Every cell in his body seemed to clamor, urging him to dash forward and turn Chu Kuangren into a corpse!

After sensing the Jiangchen Tribe Leader's desire for his blood, Chu Kuangren's eyes gradually turned cold.

"Your gaze makes me extremely uncomfortable."

"Chu Kuangren, you've finally shown up! If I absorb your supreme blood, I wonder how powerful I will be after it merges with the Four Blood Supreme Pill in my body!" Jiangchen Tribe Leader said excitedly.

Swish!

Then, his figure disappeared in place.

He was so fast that even the Houqing Tribe Leader, the Jiangshi who specialized in speed, could not help but exclaim, "Be careful!"

However, Chu Kuangren remained calm. He simply formed a sword hand sign and pointed to the void before him. In an instant, a burst of sword qi gushed out.

Jiangchen Tribe Leader appeared in the direction in which Chu Kuangren launched the finger technique and unleashed a punch attack.

When the sword qi collided with the undead qi, the impact released a terrifying energy storm that swept out in all directions.

The earth cracked while the void shattered and collapsed.

"You managed to keep up with my speed!"

It caught the Jiangchen Tribe Leader by surprise. Then, he continued to attack with his punch, releasing the Drought Demon True Flame and Yinggou's undead qi with it

His speed was so fast that even Embodiers might find it challenging to keep up.

However, Chu Kuangren effortlessly disintegrated his attacks.

"You're too slow," Chu Kuangren said indifferently.

As he slashed through the undead qi with his sword hand sign, the Descendant Self Sword at his waist unsheathed with a clang.

A dazzling sword ray shot out!

The sword strike was so fast that it transcended the constraint of spacetime.

As soon as the sword attack landed on the Jiangchen Tribe Leader's chest, the surging sword qi exploded instantly.

Then, a meteor-like object was sent flying backward and smashing through dozens of mountain peaks. It was the Jiangchen Tribe Leader!

All the Jiangshis were dumbfounded to see him, who had overpowered the three great Jiangshi Embodiers, sent flying by Chu Kuangren's sword attack.

"He's an Embodier. He has broken through to the Embodier Realm!"

"Wait. Even if he has broken through to the Embodier Realm, how can he be so terrifying? Yinggou Tribe Leader and others are Embodiers too."

"Heh. Bear in mind that he is Chu Kuangren, the man who challenged a group of Embodiers before breaking through the Embodier Realm. Do you guys think he'd be an ordinary Embodier?"

"That makes sense..."

Everyone watched the scene intently. They were eager to know just how powerful Chu Kuangren was.

Meanwhile, the Jiangchen Tribe was worried because if the Jiangchen Tribe Leader lost, their lives in the Restricted Area would be miserable.

"Haha..."

At that moment, a laugh sounded, and the Jiangchen Tribe Leader appeared above the sky with an even more terrifying aura.

Although the sword qi tore the protective armor on his chest into pieces, he was unscathed.

On the contrary, his physical body was even more frightening than the protective armor!

"Chu Kuangren, with the four great Jiangshi abilities, my physical body is much stronger than the Yinggou Tribe Leader's. How can you kill me?"

The Jiangchen Tribe Leader grabbed his armor and tore it apart, exposing his buff and strong body. His muscles, which were as strong as metal, were bulging on his body, and under his skin, his veins were like dragons lurking...

"Drought Demon True Flame!"

He raised his hand, releasing the Drought Demon True Flame.

Instead of dodging, Chu Kuangren slashed his sword forward and split the flames into two.

However, it was not over yet.

As the Jiangchen Tribe Leader formed a mysterious technique with his hand, an eerie energy fluctuation spread. It was a unique curse energy of the Houqing Tribe.

Shortly after, Daoist Rhymes emanated from the Green Lotus Mark on Chu Kuangren's forehead, instantly isolating the cursing energy.

The Drought Demon True Flame and curse energy started to fail.

Soon, Jiangchen Tribe Leader fell from the sky like a meteor, and his body surged with undead qi that rivaled that of the Yinggou Tribe Leader.

"This slash will break your physical body," said Chu Kuangren.

The moment he raised the Descendant Self Sword in his hand high up, countless runes on it lit up one by one.

An ultimate murderous and destructive qi spread everywhere. It was the Immortal Destruction Sword Qi!

Following that, he swung his sword in the air, where the conjuration of gods' falling from the sky was reflected.

Having taken the brunt of the impact, Jiangchen Tribe Leader's undead qi was torn apart by the sword qi. As the sword qi surrounded him, the collision between the sword qi and his physical body produced a metal clanging sound.

The sword qi grew more powerful...

Soon, a bloodstain appeared on Jiangchen Tribe Leader's body. As the bloodstains on his body increased, the sword attack eventually shattered his indestructible physical body!

Bang!

The Jiangchen Tribe Leader fell from mid-air to the ground.

A large amount of sword qi was corroding his physical body, and he was confused. "How could this be? How could I lose to you!"

While in disbelief, he struggled to stand up from the ground and stared at Chu Kuangren with crazy eyes.

"I am a Jiangshi who has consumed the Four Blood Supreme Pill. There is no way I'd lose to you! This is impossible!"

"Roar!"

As the Jiangchen Tribe Leader roared into the sky, his body began to expand and grow with thick hair.

A brutal intent different from the undead qi pervaded the air.

Soon, a giant ferocious beast appeared before everyone. It had antlers on its head and a tiger-like body, while its blood-red eyes emitted an overwhelming surge of ferocious qi.

Upon noticing the giant beast, all Jiangshis felt the blood in them tremble, and they were horrified. "This is the Hou Beast! The legend is true. Fusing the four great Jiangshi abilities will produce the power of Hou Beast!"

#### **Chapter 1942: Killing the Jiangchen Tribe Leader, I Won't Resist It Even If It's Poison**

Jiangchen Tribe Leader transformed into the Hou Beast, the prehistoric Beast Ruler!

In ancient legends, Nuwa and Fuxi had to join forces to kill that Beast Ruler, so there was no telling how terrifying its power was.

Even if it was a weakened version, it should not be underestimated.

"Roar!"

With a roar, the Hou Beast reached out to grab a few Jiangshis, stuffed them into his mouth, and chewed for a moment before swallowing them.

He was eating the Jiangshis!

Chu Kuangren noticed that after consuming dozens of Jiangshis, the Hou Beast's strength slightly increased.

Although it was just a slight enhancement, it was real.

"Jiangshis were made from the Hou Beast's energy, and it eats Jiangshis to replenish its strength!" Chu Kuangren concluded.

However, the rest of the Jiangshis were unaware of that. They only knew that the Jiangchen Tribe Leader had transformed into the Hou Beast and was now going on a killing spree.

"The Jiangchen Tribe Leader has gone mad!"

"My goodness. What the hell is going on?!"

Chaos ensued at the scene.

The Jiangshis were all trying to avoid the Hou Beast.

However, as some weaker Jiangshis were suppressed and rendered motionless by the power of the Hou Beast, they ended up becoming his food.

Eventually, the Hou Beast targeted the Yinggou Tribe Leader and the other two Jiangshi Embodiers as they were the most powerful ones.

Devouring them would greatly boost his power.

"This is bad!"

The expression of the Hanba Tribe Leader and others sank.

The Hou Beast charged aggressively toward them, but shortly after, it let out a miserable howl and turned to look at Chu Kuangren.

It was because Chu Kuangren had pinned its tail to the ground with a sword!

"Roar!"

The Hou Beast roared in anger and turned to dash toward Chu Kuangren.

Instead of dodging, Chu Kuangren punched it in the jaw and sent it flying with a terrifying force.

However, as soon as it took off, it fell from mid-air because the Descendant Self Sword was pinned onto its tail.

Before it could land on the ground, Chu Kuangren kicked it in the stomach, causing it to spin around the Descendant Self Sword in a circle.

Many Jiangshis were dumbfounded by the scene.

After all, that was the Hou Beast, the ancestor of all Jiangshis, but it was now getting beaten up by Chu Kuangren!

Everyone found it unbelievable.

Bang!

After spinning more than a dozen times, the Hou Beast fell to the ground. It looked at Chu Kuangren with fear and reached out to grab the Descendant Self Sword stuck in its tail, trying to break free from its restraint.

At that moment, Chu Kuangren raised his hand.

The Descendant Self Sword immediately trembled and flew into his hand.

Freed from the restraint, the Hou Beast let out an angry roar. A brutal look appeared in its blood-colored eyes once again as it charged toward Chu Kuangren with ferocious qi surging on its body

"No matter how powerful you are, you're just a wild beast that has lost your mind."

Chu Kuangren merely stood where he was.

As he held the Descendant Self Sword in his hand, the Dao in his body released a burst of resounding roars. Then, thousands of Daoist laws swept out and converged on the edge of his sword.

Countless runes on the Descendant Self Sword lit up one by one.

"Green Lotus Art, Splitting Heaven!" Chu Kuangren yelled indifferently.

Following that, he swung his sword in the air, and a green-white sword ray shot out!

No one could describe how stunning and magnificent the sword attack was.

It was as if the sword attack was unleashed from within the Chaos and was traversing throughout eternity, causing that particular space to tremble.

The gigantic Hou Beast seemed insignificant before that sword attack.

Soon, its vast body was split in half, but the horrifying sword qi showed no sign of weakening. In fact, it almost split the entire Restricted Area in half!

The sight of that frightening power made the Yinggou Tribe Leader and others gasp.

It was simply too terrifying!

"What sword technique is this?" The Hanba Tribe Leader gulped and asked.

"From now on, whoever tells me that Chu Kuangren is only powerful in the Immortal World, I will tear his mouth apart!"

A horrified look appeared in the Houqing Tribe Leader's eyes.

Since that sword attack could kill the Hou Beast transformed by Jiangchen Tribe Leader, it could definitely kill them too!

It was too powerful!

Chu Kuangren gradually retracted his aura while the Descendant Self Sword sheathed itself. He was satisfied to see the destruction caused by his sword.

"Sure enough, the power of Green Lotus Art did not disappoint."

The Green Lotus Art was a technique he had developed over the years by combining his Dao and the Green Lotus energy.

Like the Heavenly Sword's O' Heaven Bear Witness, that technique was not yet complete and would gradually improve as he grew stronger.

"Oh? That's..."

After killing the Jiangchen Tribe Leader, Chu Kuangren noticed that the former's massive body was gradually shrinking.

Eventually, it reverted back to the Jiangchen Tribe Leader's appearance but in a dismembered state. At the same time, a faint red pearl fell from his body, and Chu Kuangren reached out to pick it up.

"Is this the Four Blood Supreme Pill?"

Chu Kuangren was surprised.

However, the power of that Supreme Pill was not as mighty as he had expected because the Jiangchen Tribe Leader had absorbed most of its power.

In that case, the Supreme Pill was useless to Chu Kuangren.

"It seems that the Four Blood Supreme Pill is considered taboo for a reason. Although it can grant Jiangshis the power of the Hou Beast, it can also cause them to lose their sanity when transforming into the Hou Beast," the Hanba Tribe Leader said while looking at the Four Blood Supreme Pill in Chu Kuangren's hand.

"Tribe Leader, something bad has happened! The Drought Maiden's power is rapidly diminishing. She can't hold on much longer," a Drought Demon suddenly said.

Upon hearing that, the Hanba Tribe Leader's expression changed, and he immediately went to the Drought Maiden.

To refine the Four Blood Supreme Pill, the Jiangchen Tribe Leader absorbed a large amount of Drought Maiden's blood essence and True Flame by force.

The Drought Maiden was now on her last breath.

"Drought Maiden, I will save you!" the Hanba Tribe Leader said.

Then, he continuously injected his True Flame into Drought Maiden's body, but the effect was minimal.

Chu Kuangren approached and looked at Drought Maiden's pale face with a pensive expression.

"Heh. I'm sorry you have to see me in such a wretched state." The Drought Maiden looked at Chu Kuangren and scoffed at herself.

However, Chu Kuangren did not respond as he seemed deep in his own thoughts.

Seeing that, a hint of sadness appeared in the Drought Maiden's eyes.

She was about to die, yet Chu Kuangren still refused to show tenderness.

'Chu Kuangren... You truly are a heartless man,' the Drought Maiden thought to herself.

"Take it."

Chu Kuangren took out the Four Blood Supreme Pill and handed it to the Drought Maiden.

All the Jiangshis present were shocked when they saw the Supreme Pill.

"No way, Immortal King. Everyone has seen how the Jiangchen Tribe Leader turned out. What if the Drought Maiden goes mad too?"

"Yeah. This is too risky."

However, Chu Kuangren disregarded the Jiangshis' concern and looked at the Drought Maiden.

After glancing at the Four Blood Supreme Pill in Chu Kuangren's hand, the Drought Maiden smiled and did not hesitate to take it. Then, she swallowed it and smiled. "Since you gave it to me, I wouldn't reject it even if it was poison."

The Hanba Tribe Leader, who was desperately trying to save her, could not help but feel angry and helpless with her flirting with Chu Kuangren.

Drought Maiden was really quite something!

Suddenly, the Hanba Tribe Leader sensed a power erupting within Drought Maiden's body. Not only were her body's initially depleted blood essence and True Flame recovering, but they also contained an inexplicable power.

It was the power of the Hou Beast!

The Four Blood Supreme Pill had taken effect in the Drought Demon's body!

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1943**

Hanba Tribe Leader retracted his power and looked at Drought Maiden's confused expression. The rest of the Jiangshis were also on guard, afraid that she might suddenly go mad.

However, Chu Kuangren observed her quietly with an indifferent expression.

Just a moment ago, he contacted Heavenly Sword Chu Kuangren and sought his help to get Lil Ai to analyze the Four Blood Supreme Pill to save the Drought Maiden. Although Lil Ai had not seen the Four Blood Supreme Pill herself, she could deduce its properties based on the information provided by Chu Kuangren.

The Supreme Pill could indeed drive one mad, but that would only happen when one absorbed the excessive berserk Yin qi contained in the pill.

Jiangshis were the vilest creatures, and their blood essence was the epitome of Yin.

Although the Four Blood Supreme Pill, refined from countless Jiangshis' blood, had the Drought Demon True Flame suppressing its Yin qi, when the True Flame merged with the supreme pill to a certain extent, the Yin qi would devour the user's rationality and enslave him, like the Jiangchen Tribe Leader who transformed into the Hou Beast.

However, the Jiangchen Tribe Leader had absorbed most of the berserk Yin qi contained in the Four Blood Supreme Pill that Chu Kuangren obtained.

He was akin to a filter that filtered out the berserk Yin qi in the Four Blood Supreme Pill.

Although most of the power within the pill had been consumed, the current Supreme Pill had no side effects!

Color soon returned to the Drought Maiden's pale face, and her vitality rose steadily.

Everyone kept their eyes on her.

A while later, the Drought Maiden's aura gradually stabilized, and she showed no sign of going mad. Everyone instantly felt a weight lifted off their chests.

"Drought Maiden, how do you feel now?" asked the Hanba Tribe Leader.

"I feel great, better than ever before." Drought Maiden was amazed when she sensed the surging energy in her body.

Then, she looked at Chu Kuangren with admiration. "Thank you, Immortal King. I knew you couldn't bear to watch me die."

The corner of Chu Kuangren's mouth twitched.

'What a narcissistic Drought Maiden.'

However, he did not take it to heart as the Four Blood Supreme Pill was useless to him, and giving it to Drought Maiden could exchange him a favor.

"Thank you, Immortal King."

Hanba Tribe Leader also expressed his gratitude.

He was surprised that the Jiangshi clan did not know the specific function and effect of the Four Blood Supreme Pill, which was a taboo of the Jiangshi clan, yet Chu Kuangren was confident it could save the Drought Maiden.

Could it be that the man's research on Jiangshis surpassed theirs?

"How can you be so sure that Drought Maiden won't go mad, Immortal King?" The Hanba Tribe Leader could not help but ask.

Then, Chu Kuangren explained the situation to him briefly.

"So does it mean Drought Maiden has profited from the tragedy? Not only has her power risen to the next level, but she has also gained some of the Hou Beast's energy!" the Hanba Tribe Leader said in amazement.

"That's right." Chu Kuangren nodded.

Many Jiangshis looked at the Drought Maiden with envy, while some others from the Jiangchen Tribe felt sad.

The Supreme Pill that they painstakingly refined had been taken away, and their Tribe Leader had become a tool that helped to filter out the Yin qi in the pill.

The Drought Maiden really got lucky this time.

"Perhaps we had it coming," a Jiangchen Tribe Jiangshi lamented.

After that battle, the status of the Jiangchen Tribe in the Jiangshi Restricted Area dropped even lower. Although the mastermind was the Jiangchen Tribe Leader, as his slaves, they would be affected as well.

Chu Kuangren did not bother himself with how Hanba Tribe Leader and others would deal with the Jiangchen Tribe because his trip here was mainly to resolve the Dao contamination qi. Since the issue had been resolved, he could leave anytime soon.

After staying for a few more days, Chu Kuangren left the Jiangshi Restricted Area under the reluctant gaze of the Drought Maiden.

"Apart from the Dao contamination qi that had somehow disappeared, other matters are pretty much settled."

"Now, should I make a trip to the Void Battlefield?" Chu Kuangren thought to himself.

Then, he suddenly sensed something and looked puzzledly toward a certain direction in the universe.

...

Somewhere in the Chaos, an elder in a purple Daoist robe surrounded by mysterious Daoist Rhyme emerged.

He was the Daoist Progenitor.

As he looked into the void, he saw three figures fighting against each other and emitting terrifying bursts of power that shattered the Deep Void!

Various dazzling Daos interweaved, and each Dao had reached a level so powerful that it surpassed what ordinary Embodiers could achieve.

As those Daos converged with each other, an immensely astonishing power erupted. It was a battle at the level of Chaos!

"Brother Wu Han is almost at his limit," the Daoist Progenitor mumbled.

Then, he looked at the starry sky and took a deep breath. "It's time to settle this matter."

"In the past, I used your power to repel the invaders, but it also injured you, and you have yet to recover until this day.

"Now, let me cure you."

Then, he soared into the sky, releasing billions of Immortal Sparks, and countless mysterious ancient runes surrounded him.

The radiance released by the Daoist Progenitor not only illuminated the cold, dark universe but also seemed to shine upon the past and future.

As a mysterious energy fluctuation spread from him, all the elites in the universe sensed it.

"It's the Daoist Progenitor!"

"What is he doing?"

Stunned, everyone sent their Immortal Consciousnesses out to find out what happened.

That was when they saw the holy and dazzling Daoist Progenitor enveloped in Immortal Sparks and surrounded by runes. Then, bursts of Daoist chimes spread from him and resounded throughout the universe.

Before the crowd could figure out what the Daoist Progenitor was doing, the Great Dao's vital force suddenly emerged in the universe and surged from all directions. Soon, the force enveloped the Daoist Progenitor and gradually turned him into nothing.

Was the Great Dao's vital force devouring the Daoist Progenitor?

No! Wait a minute!

It was the Daoist Progenitor who was merging himself with the Great Dao's vital force.

Some elites made the guess, and Chu Kuangren also noticed the scene.

His previous conversation with the Daoist Progenitor constantly replayed in his mind, and he finally understood where the strange feeling was.

It turned out that the Daoist Progenitor was making some arrangements for his death.

At that moment, the Daoist Progenitor's gaze seemed to traverse countless starry skies and met Chu Kuangren's gaze. He smiled faintly and said, "Brother, I'll leave the remaining matters to you. It's a long journey ahead, and I'm sorry I can't accompany you."

As soon as he said those words, his figure began to dissipate.

Once he disappeared, the entire universe trembled, and some Embodier elites could sense the changes in the Great Universal Dao.

The initially flawed Great Dao... was perfect now!

"It's perfected. The Great Dao, which has been flawed since the great calamity in the ancient Immortal times, is now perfected!"

"The Great Dao energy has been restored. We no longer have to worry about it bringing calamity in order to regain its strength."

"It's the Daoist Progenitor. The Daoist Progenitor must have done this!"

"The Great Dao perfected itself after the Daoist Progenitor disappeared. He must've used his power to make up the flaws in the Great Dao!"

Somewhere in the universe, Chu Kuangren stood in the air with mixed feelings. Then, he bowed in the direction of the Daoist Progenitor's last location. "Farewell, Daoist Progenitor!"

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1944**

On an ancient planet in the Pan Gu Universe, a young man was reading a book with a green bull beside him under a big tree. Suddenly, a leaf fell from the tree. Seemingly sensing something, he let out a sigh.

Then, he stood up and bowed toward the distance of the universe.

"Farewell, Teacher."

Elsewhere, a young man with brows as straight as a sword and eyes as clear as the sky was practicing his swordsmanship. The sharp sword qi swept all directions. Suddenly, his sword heart trembled.

Immediately afterward, he bowed toward the distance. "Farewell, Teacher."

Similar scenes occurred throughout the universe.

Scholars, swordsmen, novice monks...

As they bid farewell, it marked the official departure of the founder of the Pan Gu Universe's Immortal Dao. The Daoist Progenitor that overwhelmed an era had fallen.

...

In a mysterious space, a large amount of dense mist gathered, and a strange aura was circulating within the mist.

"Haha. He's gone. He's finally gone!"

"The Daoist Progenitor is dead, and another obstacle has been wiped out from the Mist Tribe!"

"Don't celebrate just yet. Although the Daoist Progenitor is dead, he has mended the Great Dao. From now on, I'm afraid it will be even more difficult for us to make a move on them. After all, we're from the Alternate Universe."

"It's okay. We just need to adapt to it for a while. Besides, we have a trump card in hand. After collecting the Dao contamination qi for so long, it's time for him to appear."

"We must beware of Chu Kuangren..."

Countless voices sounded within the dense mist.

The Mist Tribe seemed to be stirring up trouble again.

Meanwhile, somewhere in the void, the battle of the three great Primordials was in full swing.

The collision of Primordial energies emitted brilliant Daoist Rhymes and Immortal Sparks, and the immense power caused deafening explosions in the void.

The battle had been ongoing for decades. Eventually, the three Primordials successfully suppressed Wu Han with their full strength.

"He is indeed not easy to deal with."

Emperor Feng snorted coldly.

"But the formation is set. He is now at the end of his rope," said Shen Tian.

Each of the three Primordials occupied a position in the formation. As the Primordial energy circulated, a massive formation was faintly formed.

"Now, let him experience the power of Central Heaven's most powerful offensive formation, the Cosmic Universal Seven Offensive Formation," Demon Feng said coldly.

The moment he said that, the formation was activated.

Countless dazzling murderous rays shot across the skies and enveloped Wu Han.

However, he was calm and did not panic even though he was in danger. Then, he swung his spear to release his Primordial energy.

Soon, all murderous rays were wiped out one by one.

However, countless runes began to emerge in the void like stars in the sky. They exuded an immensely powerful pressure that enveloped Wu Han, intending to suppress him in one fell swoop.

At the same time, thousands of murderous rays shot out again with the threat of annihilation.

At that critical moment, the void trembled.

Suddenly, a powerful surge of Great Dao energy intervened in the battle, and the three great Primordials of the Central Heaven Universe felt a tremendous pressure.

"That energy... It's the Great Dao!"

"No, that can't be right. Hasn't the Pan Gu Universe's Great Dao been damaged? How could it possibly have the power to suppress the three of us?"

For as long as it had been, the Central Heaven Universe had had the upper hand in the battles between Central Heaven Universe and Pan Gu Universe because Pan Gu Universe's Great Dao was flawed.

Even if people of the Central Heaven Universe invaded Pan Gu Universe, its Great Dao energy was not powerful enough to suppress them.

However, the Great Dao was displaying its might now.

It was expelling the intruders from the Alternate Universe!

As their Dao could not exert its full strength under that suppression, Wu Han seized the opportunity to shatter the formation with a single strike.

"Thank you, Daoist Progenitor!" Wu Han said after he sensed something.

The Battle of Primordial had entered a new phase!

In the new phase, the three great Primordials could not fully unleash their powers because of the Great Dao's suppression.

Even with the help of the formation, they failed to defeat Wu Han.

Hence, the three great Primordials activated the most powerful ultimate move of the offensive formation. Three Primordial energies interweaved in the void and formed an earth-shattering power.

The frightening Primordial energy shattered the void!

Even the Universal Dao failed to suppress the energy.

With a cold snort, Wu Han raised his hand to channel the Celestial Demon energy. As he thrust his spear forward, Daoist law energy intertwined and turned into an astonishing spear ray!

At that instant, the universe changed drastically while the Great Dao's vital force was wiped out.

...

After the Daoist Progenitor's passing, some new messages emerged in Chu Kuangren's mind.

They were left behind by the Daoist Progenitor, including his insights into cultivation and the entire process of sacrificing himself to mend the Dao.

"In the Ancient Immortal Era, there was an invasion from the Alternate Universe. I, serving as a medium, repelled the Alternate Universe with the help of the Great Dao's power. However, this caused the damage to the Great Dao and brought the Dao Contamination Murderous Calamity, which has persisted to this day...

"For many years, I have been trying to think of a way to mend it. Finally, I've devised a method to mend the Dao, which is by using my body as Dao. Although this means I will become a part of the Great Dao and die forever, in this crisis, this is the only way to turn things around for Pan Gu Universe...

"Brother, you're an Outlier in Pan Gu Universe and beyond the control of the Great Dao. Therefore, I entrust you with the task of resisting the Central Heaven Universe. Here are some of my insights on the cultivation journey, and I hope they can help you..."

Chu Kuangren deciphered all the messages left by the Daoist Progenitor.

However, the gigantic purple gate occupied Chu Kuangren's mind again.

He had seen that gate in the Nether God's memories, and the Daoist Progenitor was now mentioning that gate in his message.

"Everyone in the world knows that I'm the founder of the Immortal Dao, but they don't know that I managed to comprehend my Immortal Dao through his gate. This gate has an extraordinary origin. It appeared once during the ancient Immortal times and then disappeared. I'm afraid a great secret may be hidden within, but I can't unlock it anymore."

"Brother, if you're lucky, you might be able to unravel it..."

The Daoist Progenitor's words stunned Chu Kuangren.

He was surprised that the Daoist Progenitor gained insights into his Immortal Dao through that gigantic purple gate.

'So, is the Central Heaven Universe's Immortal Dao the same too?'

'This gigantic gate has appeared in both universes.'

Chu Kuangren was extremely curious.

'What exactly is this gate?'

'What is hidden behind the gate?'

Nevertheless, Chu Kuangren temporarily put aside those thoughts and began comprehending some of the cultivation insights the Daoist Progenitor left him.

Those insights were precious treasures to him.

What attracted him the most were the two Great Dao techniques created by the Daoist Progenitor, namely the Dao Delving Technique and the Dao Mending Technique.

The Dao Delving Technique was a powerful technique the Daoist Progenitor used to lead the Great Dao into this body and borrow the Great Dao's power. The Daoist Progenitor had relied on that technique to repel the invasion of the Alternate Universe back then.

On the other hand, the Dao Mending Technique was a technique the Daoist Progenitor recently used, in which he sacrificed himself to mend the Dao and restore the Great Dao.

The reason why the Daoist Progenitor did not reincarnate was that he wanted to restore the complete Great Dao to Pan Gu Universe.

"The Dao Delving Technique and the Dao Mending Technique... I need to study them thoroughly." Chu Kuangren had a premonition that those two techniques would be helpful to him in the future.

On top of that, he needed to process the Daoist Progenitor's other insights carefully as they could improve his strength as an Embodier.

Just when he was about to find a place to comprehend those insights, a deafening roar echoed from somewhere in the universe!

Then, a frightening explosion shook most of the universe.

[\*\*Unparalleled After Ten Consecutive Draws\*\*](#)

**Chapter 1945: Fighting Solely With His Sword, Blocking the Primordials, Battling Against Demon Feng**

A massive explosion resounded throughout and shook the universe.

Chu Kuangren's eyes narrowed as he looked toward a specific location in the universe where three figures suddenly dashed out from the void.

Those three people were covered in wounds. They were so severely injured that they were on the verge of dying and their auras were weak.

However, it was their weak auras that sent shivers down people's spines.

Even Embodiers would get goosebumps upon sensing the auras. It was undoubtedly the aura of Primordial!

"Are they Central Heaven Universe's Primordials?"

Chu Kuangren squinted his eyes. Judging from their injuries, they were critically injured.

Critically injured Primordials...

'Were they engaged in a fierce battle with Wu Han?'

Chu Kuangren started to get tempted.

Those who possessed a strength below a Primordial would never be able to defend a Primordial in his prime. However, could he fight against Primordials that were severely injured?

The fall of the Daoist Progenitor saddened Chu Kuangren, and now, he wanted to vent his emotion to someone.

"Well... Who cares! Let's go wild!" Chu Kuangren chuckled.

...

After the massive explosion that shook the universe, the three Primordials escaped and swiftly made their way back to the Central Heaven Universe.

Although they were critically injured, they were Primordials, and their weak auras were still as terrifying.

It was safe to say that the Pan Gu Universe's elites were scared and did not dare to attack them.

"Never take Primordials lightly. Even if they are critically injured, Embodiers are no match to them."

"Even if they only have little power left, they would still possess combat strength that surpasses top-notched Embodiers."

"How's Wu Han doing?"

"We must not act rashly."

A group of Embodiers' Immortal Consciousnesses was interacting, and none dared to make a move.

They sent their Immortal Consciousnesses to the source of the explosion and searched for Wu Han's presence as he was Pan Gu Universe's only Primordial.

If he had fallen, Pan Gu Universe would be in great danger.

Meanwhile, the three Primordials dashed through the void at an incredible speed and soon arrived before the universe-connecting portal.

"Finally, we're here."

"We'll be safe once we return to the Central Heaven Universe."

"I didn't expect Wu Han to be so challenging to deal with. What made it worse was that the Pan Gu Universe's Great Dao was restored at that critical moment, which was strange. Otherwise, Wu Han would definitely have died!"

"Forget it. We have achieved our goal in this battle."

While the three Primordials were communicating, they could see the universe-connecting portal right in front of them.

Just when they were about to step forward, a figure in white suddenly appeared and blocked their way.

The person wore a white robe, with a long sword hanging from his waist, and had dazzling Immortal Sparks circulating him. His aura spread in all directions like he was a peerless Immortal King.

He was stopping the three Primordials solely with his sword!

That scene stunned all Embodiers in Pan Gu Universe.

"Has he gone mad?"

"What is Chu Kuangren trying to do? Those are Primordials, and there are three of them! What can he do alone?"

"He is sending himself to his grave!"

All the Embodiers were dumbfounded.

Pan Gu Universe did not have a lot of Embodiers, but there were still quite a few of them.

Among them were the Restricted Area Supreme Overlord, the Immortal Hall's Immortal Emperor, and some ancient beings who had experienced the last Universal Battle.

Each of those names was a prominent figure in the universe and a peerless figure in their respective eras!

However, the one who dared to step forward and block the way of the three severely injured Primordials now was a young junior who had recently become an Embodier.

At that moment, the Embodiers truly felt old and that they had lost the indomitable spirit they once possessed.

In front of the universe-connecting portal, the Descendant Self Sword at Chu Kuangren's waist unsheathed itself. As he pointed the sword at the Primordials and twisted its blade, sword qi swept through the starry sky like a raging storm. "Do you think you can come and leave the Pan Gu Universe as you please?"

The three Primordials exchanged glances.

Although they were shocked that Chu Kuangren dared to make a move and stand in their way, they did not take him seriously. After all, he was just an Embodier.

Besides, it seemed Chu Kuangren had only become an Embodier recently.

"Chu Kuangren, I didn't expect you to have become an Embodier. But since you're here, we can settle you right away!" Demon Feng said coldly.

As the one who set up the plan with the Ten Calamities, he naturally recognized Chu Kuangren.

In fact, he was surprised that Chu Kuangren had broken through to the Embodier Realm in such a short period, and it strengthened his determination to kill Chu Kuangren.

If Chu Kuangren was kept alive, he would be even more challenging to deal with than Wu Han!

"Today, I shall test the Primordial's power with my Descendant Self Sword!"

"If you could control yourself and develop your strength secretly, I might respect you. Unfortunately, you're too arrogant!" Demon Feng snorted.

Then, he raised his hand to release a sliver of his Primordial energy.

Although it was just a sliver of it, its power was devastating!

Chu Kuangren raised his sword to resist the attack, and Daoist law energy spread everywhere!

Kaboom!

The powerful force blasted Chu Kuangren away, smashing him through dozens of planets.

"Hmph. What a fool!"

Demon Feng snorted while the other two Primordials also sneered with disdain.

However, a sword qi suddenly came at them with earth-shattering force!

Wherever the sword qi went, the planets crumbled into ashes.

In no time, endless murderous and destructive intent enveloped Demon Feng!

"What?"

Demon Feng's expression darkened, and he channeled his Primordial energy to block the sword qi.

That was when Chu Kuangren walked out of the ruins in the starry sky and did not look like he had suffered many injuries, which shocked everyone.

Even if a Primordial was critically injured, his power was not something an ordinary Embodier could withstand!

"Is this all you've got?" Chu Kuangren asked indifferently.

Immediately after, countless runes on the Descendant Self Sword lit up before dazzling sword rays shot out from its blade again!

That Green Lotus energy was integrated within the sword attack.

"Green Lotus Art, Splitting Heaven!"

Bang!

When the sword struck Demon Feng, the Primordial energy in his body trembled violently, and he was sent flying more than a hundred kilometers backward.

"How can this be?"

Demon Feng had a grim look on his face.

He could not believe that an Embodier's sword attack had forced him back!

What a disgrace!

"Demon Feng!"

"Let's join forces to kill him!"

Shen Tian and Emperor Feng did not look pleased.

Three Primordials stopped by an Embodier? What a joke!

"You guys leave first!" Demon Feng took a deep breath to calm himself down. "I don't know if other people in Pan Gu Universe will do anything about this, so let me handle him, and you guys go."

Upon hearing that, Emperor Feng and Shen Tian exchanged glances.

"Alright!"

Without a second thought, their figures flashed as they quickly escaped.

Meanwhile, Demon Feng remained in place and stared at Chu Kuangren with an ice-cold gaze. "I will make you regret standing in the way of a Primordial!"

Soon, his Primordial aura flowed, with each sliver containing energy that could kill an ordinary Embodier!

He was furious.

"I've never regretted anything in my entire life!"

As Chu Kuangren held the Descendant Self Sword and his Immortal's Core flowed, a light flashed on his body, revealing the three Immortal King treasures — the magnificent Immortal King Robe, the Immortal King Crown, and the Immortal King Seal!

Although Chu Kuangren was not in the Immortal World, those three items were top-notch treasures with powers comparable to Superb-grade Source Supreme Treasures.

With the help of the three treasures, Chu Kuangren's aura grew stronger.

However, that was not the end of it.

Following a dragon's roar, nine majestic golden dragons appeared behind Chu Kuangren. It was the Imperial Dao Dragon Qi!

#### **Chapter 1946: Intense Battle Against Demon Feng, Eternal Green Lotus Dominion**

Somewhere in space, armed with only a single sword, Chu Kuangren had blocked the Primordials' escape and engaged Demon Feng in battle!

Despite being critically injured, Demon Feng stayed back to buy time for his allies to escape. He was still a Primordial Realm nonetheless!

However, Chu Kuangren did not falter while facing such an immensely powerful foe.

His Three Immortal King Treasures and True Emperor Dragons immediately appeared.

A powerful aura erupted, sending shockwaves that trembled the surrounding planets.

The two cultivators glared at each other, with chilling killing intents in their eyes.

An extremely intense battle had begun outside the universe-connecting portal!

"Chu Kuangren, behold the power of a Primordial!"

Suddenly, a long blood-red saber appeared in Demon Feng's hand.

With a powerful swing, his blood-colored Primordial power turned into a saber ray shot out. In its trail, vague demonic apparitions appeared.

Chu Kuangren, however, stood his ground.

Boosted by his Three Immortal King Treasures and True Emperor Dragons, he unleashed a powerful slash with his Descendent Self Sword. With that, a green and white colored sword ray shot out.

When the sword ray and saber ray met, the two powerful energies collided brutally in space.

An ear-shattering explosion occurred.

As the sword qi and saber qi consumed countless planets, which were instantly reduced to dust, the whole galaxy was almost at the brink of collapse.

The group of onlooking Embodiers was looking at that battle with grim expressions.

Some of them were getting eager to join in too.

"To think that Chu Kuangren can fight against a Primordial from the Central Heaven Universe. This means that the Primordial must be severely injured."

"If even a younger cultivator has attacked, what does that say about us? What else are we waiting for? Shouldn't we take action now?"

"That's right. Are we going to act like cowards?"

Some of them could no longer stand and watch idly.

Meanwhile, the others continued watching the battle.

After all, their opponent was a Primordial!

They did not know what kind of power their foe was capable of unleashing.

The intense battle in space continued.

Waves of blood-red Primordial energy swept out, revealing countless blood-colored demonic apparitions within them. Meanwhile, swirls of green and white sword qi were also everywhere.

The longer they fought, the more Demon Feng grew fearful.

'Does Chu Kuangren really have the strength to fight me?'

"Although I'm so severely injured that only a thousandth of my power remains, no matter what, I'm still a Primordial!"

"Why can Chu Kuangren fight me? Why can he withstand the power of a Primordial's attack?"

Demon Feng was in disbelief.

After all, ordinary Embodiers could never survive a Primordial's attack. Their bodies and Dao would be severely damaged if hit by one.

However, Chu Kuangren was still unscathed having battled him for so long.

'This is simply too unusual. How is he doing this?'

'Should I retreat for now?'

"Haha, what are you afraid of, Demon Feng?"

Chu Kuangren laughed loudly. "Your attacks are getting slower!"

He then unleashed another slash, forcing Demon Feng back once again.

Upon hearing Chu Kuangren's words, Demon Feng immediately became enraged. He was angry not only at Chu Kuangren but himself too.

After all, he was a Primordial.

How could he possibly be pressured so badly by a mere Embodier that he thought of escaping?

'This won't do! Have I lost all my pride?'

"Demon Feng Saber, Ghoulish Specter Dao!"

Demon Feng grunted as he raised his long blood-red saber and swung it out, unleashing blood-colored saber rays.

The saber ray reflected countless demonic apparitions ghouls and specters that charged toward Chu Kuangren to devour him.

That saber attack was not only filled with killing and destructive intent, but it also contained a unique power that would affect one's mind.

A Primordial was a being with the fusion of several Dao!

Hence, it was no surprise that a Primordial's attack would contain several different energies, and Chu Kuangren's expression turned serious when he saw that incoming attack.

"Green Lotus Art, Heavenly Reckoning!"

A sword shadow emerged in the sky. As if being unleashed from the dawn of time, the merciless sword qi of that attack tore apart all the demonic apparitions!

At that moment, Demon Feng appeared before Chu Kuangren at lightning speed and slashed his long blood-red saber at Chu Kuangren!

"Die!"

Waves of Primordial energy poured out!

Boom!

An explosion erupted and blasted Chu Kuangren away.

Demon Feng's expression was grim.

Even a Multi-Embodier would be critically injured if hit by that attack, but was that enough to kill Chu Kuangren?

Amidst the ruins of shattered planets in space, a person walked out.

It was Chu Kuangren!

'Just like I thought, he's alive!'

"I see. There's something unusual with your physical body!" Although Demon Feng was a little shocked, he looked as if he finally understood something.

"So you've noticed it."

Chu Kuangren chuckled.

His physical form was never ordinary in the first place.

After all, it was made from the Chaos Green Lotus.

Even a Primordial could not necessarily damage it, let alone Demon Feng, a crippled Primordial who was critically injured.

That was Chu Kuangren's greatest trump card for him to stop the Primordials!

"It seems I was mistaken, Chu Kuangren."

"The Central Heaven Universe's greatest threat is not Wu Han. Although he's powerful, we have a clear grasp of his limits. However, unlike him, you're still getting stronger each day. The limits of your true power are unknown!"

"The only person who can stand toe to toe against you in my Central Heaven Universe would be the Heavenly Sword. No matter how powerful you are, you will always fall to the might of the Heavens!" Demon Feng said indifferently.

It was as if he possessed great admiration for the Heavenly Sword.

A hint of pity appeared in Chu Kuangren's eyes as he looked at his opponent.

'Will he go mad if he finds out that I'm the Heavenly Sword all along?'

"Hmph, the battle today is over." Demon Feng snorted coldly.

With that, he turned around and dashed toward the universe-connecting portal.

Upon noticing that he could not damage Chu Kuangren's extraordinary physical body in his current state, Demon Feng chose to retreat.

'I'm not escaping!'

'It's just a strategic retreat!'

Demon Feng consoled himself.

"Want to run? No way!"

At that moment, several Embodiers suddenly appeared at the entrance of the universe-connecting portal. Those cultivators had rushed over to help Chu Kuangren.

Demon Feng's gaze was cold as he slashed forward with his blood-red saber, causing the ferocious demonic apparitions to appear once again.

That power sent all the Embodiers flying.

Their Daos were also shaken by the impact.

"He's so powerful!"

"Sure enough, even a critically injured Primordial is not to be underestimated. How the hell did Chu Kuangren manage to fight him for so long?"

"Damn it, we can't stop him!"

The Embodiers were a little disheartened.

Despite so many of them joining forces, Chu Kuangren alone was still more powerful than them.

"Want to leave, huh? You have to ask for my permission first!"

Just then, Chu Kuangren's indifferent voice sounded.

He raised his hand, and several weapons appeared in the void. There was a sword, a cauldron, a bell, a seal, an axe...

It was the Ten Directions Godly Weapons!

The light of the Godly Weapons illuminated the area. As Chu Kuangren set up the Universal Godly Weapons' Ten Directions Formation, Demon Feng was immediately immobilized by its powerful energy!

That power made Demon Feng's expression changed a little.

Following that, the Godly Weapons started swirling in the air, causing a powerful formation energy to erupt!

"Ten Directions Godly Weapons, Overworld Tremor!"

A colorful light beam shot out at Demon Feng.

"There's no way you can stop me, Chu Kuangren!"

Demon Feng let out a chilling roar.

He ignored his wounds and channeled his Primordial energy even further.

The moment he unleashed a saber attack, the blood-colored saber ray shot forward with great might.

Boom!

The pillar of light shattered from the intense impact, and the Ten Godly Weapons were scattered all over the place.

However, when the megaformation was destroyed, Demon Feng immediately sensed an even greater power descending from above.

All he could see was a greenlit sky.

Upon taking a closer look, it was an extremely gigantic green lotus!

The green lotus swayed from above, its petals adorned with countless mysterious Daoist patterns, each of them containing dreadful destruction energy!

"Eternal Green Lotus Dominion!"

[Unparalleled After Ten Consecutive Draws](#)

**Chapter 1947: Killing Demon Feng, a Sealed Wu Han**

"Eternal Green Lotus Dominion!" Chu Kuangren said indifferently.

After his Universal Godly Weapons' Ten Directions Formation was destroyed, he immediately unleashed a more powerful technique. It was the Green Lotus Art's second form!

That technique was also the purest form of the Chaos Green Lotus's energy!

When that attack was unleashed, the surrounding space crumbled.

The gigantic green lotus swayed and descended, with each petal containing an overwhelmingly powerful destructive energy!

It was as if it had been holding dominion over the ages, sending countless gods and demons to their deaths!

Upon sensing the horrifying power of that attack, Demon Feng naturally had to do something about it. Hence, he roared and unleashed a powerful slash with his saber.

However, the instant his blood-colored saber ray collided with the green lotus, the green lotus' destructive energy gradually disintegrated and destroyed the saber ray.

The green lotus then landed on Demon Feng's body with incredible momentum, and its terrifying destructive energy immediately started wearing away his Dao!

Although he was a powerful Primordial, the Dao inside his body was not indestructible!

Unlike Embodiers, the Dao inside a Primordial's body was a fusion of many different Dao, so it would be harder to destroy.

However, Demon Feng was already critically injured, with seventy to eighty percent of the Primordial Dao inside his body damaged.

Now, it had been damaged even more under the attack of the green lotus!

"I'm a Primordial, for crying out loud! How can I possibly be defeated by a mere young Embodier!" Demon Feng yelled furiously.

As a Primordial, he was extremely prideful.

He had always been at the pinnacle of existence in the universe, standing at the top of power since ancient times.

Ordinary Embodiers were like mere ants to him.

However, he was now going to die at the hands of one of those ants. How could he accept that?

Ignoring his injuries, Demon Feng summoned every ounce of his strength to channel his Primordial Dao. A blood-colored demonic light emerged, gradually corroding the green lotus.

After the Daoist patterns on the green lotus were corroded, they began to shatter, and the whole green lotus started to crumble.

"Heh, what should I say? Should I be in awe of your strength as a Primordial? To think you still possess such power after being critically injured!"

Chu Kuangren chuckled and stepped forward. When he appeared above the green lotus, he stomped on it with one foot!

Whatever power he had left in his body was all released!

The True Emperor Dragons soared, the Three Immortal King Treasures lit up with dazzling light, the Hundred Academy's Three Great Conjurations appeared, Chi You's Demonic Patterns, Battle Secret Technique...

Chu Kuangren simultaneously unleashed every strengthening technique at his disposal. He was using them to fortify and enhance the green lotus beneath his feet.

At that moment, he was overflowing with Immortal Sparks. The mysterious auras of countless cultivation techniques poured out from him, sending shockwaves throughout space.

Upon seeing that, some of the Embodiers could not help but gulp in shock.

"So, this is Chu Kuangren's true strength!"

"How terrifying!"

"How did he manage to learn so many cultivation techniques?"

"Is this Chu Kuangren's full power? This is truly frightening. How did he manage to achieve this level?"

There were several top-tier Embodiers among the onlooking group.

However, even their hearts were palpitating with fear right now.

Boom, boom!

A burst of Daoist chime was emitted from Demon Feng, who was at the bottom of the green lotus. Under the overwhelming suppression of the green lotus, his already cracked Primordial Dao began to crumble even further, wearing his Dao away.

"No, no!"

"I'll never lose to a mere Embodier like this!" Demon Feng roared.

He forcefully held on and suppressed the crumbling Dao inside his body.

Chu Kuangren, on the other hand, frowned.

'This Primordial...'

'I can't believe he can hold on for this long after being injured so badly.'

Just then, a ray of light appeared from the distance.

It was a great halberd!

The great halberd immediately pierced through Demon Feng's body, causing his Dao to tremble violently. He looked at that halberd in disbelief.

"This... This is the Heavenly Mighty Halberd!"

"Wu Han?!"

While Demon Feng was caught off guard, Chu Kuangren's eyes lit up. With all his might, he immediately channeled the Green Lotus' power to the maximum!

Boom!

The Primordial Dao inside Demon Feng's body shattered completely!

As countless fragments of his Primordial Dao scattered into space, the eyes of the Embodiers watching in secret lit up, and they immediately went for those fragments.

However, the green lotus suddenly trembled before blowing up into countless sparks of light.

The shockwaves from that explosion sent all the Embodiers in hiding flying. Neither of them looked happy.

"What is the meaning of this, Chu Kuangren?" said one of the Embodiers with a grim face.

"Oh, I didn't see you guys do anything when I was dealing with Demon Feng earlier. And now that there are treasures, look at how proactive you guys have suddenly become!"

Chu Kuangren sneered.

His words made everyone's expression turn ugly.

Despite that, none of them dared to talk back and could only stand and watch as Chu Kuangren gathered all the fragments of Primordial Dao in one go with a swing of his arm.

Chu Kuangren, of course, did not forget the Embodiers who helped at the final moment of the battle. Although they did not provide much help, he still gave them a few of the Primordial Dao fragments. Those fragments were much more priceless when compared to Embodier fragments.

If fortunate, one could even comprehend a Primordial Technique from those fragments and help them solidify their progress toward breaking through to the Primordial Realm.

The Embodiers who received the priceless fragments were overjoyed, but some felt a little undeserving to receive it.

"But we didn't even attack. Honorable Immortal King, all effort goes to you for defeating Demon Feng. We don't deserve such a valuable item."

"Everyone, the fact that you stood out and stopped Demon Feng, even for a mere instant, is proof that you're more courageous than others. You deserve to have them," Chu Kuangren said.

As for the others he mentioned, their expressions were unsightly.

"Damn this guy."

"How dare he speak of us like that?"

"Isn't he afraid of getting on our bad side?"

"Heh! That's Chu Kuangren we're talking about. What could he be afraid of?"

"That's right. If he could stop a Primordial, do you think he'll be afraid of Embodiers like us?"

Although some were dissatisfied with Chu Kuangren, most were impressed by his act of stopping a Primordial from escaping.

"This halberd..."

Chu Kuangren could not care less about what the Embodiers thought of him. Now, all his attention was on that halberd.

He could clearly sense a surge of Celestial Demon qi emanating from it, and it was incredibly powerful.

It was powerful enough to pierce through a Primordial's Dao, helping him to defeat Demon Feng.

Ordinary Embodiers could never achieve something like that.

'Could it be...'

Chu Kuangren had a good guess about this weapon's owner.

Hence, he grabbed the halberd and went off in the direction it came from. The other Embodiers immediately followed him too.

Soon, everyone arrived at a certain area in space.

That area of space was filled with countless ominous-looking runes, which did not only exist in space.

They were even engraved in the deepest part of the void.

Chu Kuangren frowned and made a sword hand sign to unleash a powerful blast of sword qi at the runes.

A huge explosion erupted. However, those runes were not damaged at all!

"It's useless. This is a seal placed by those three b\*stards. It's impossible to break unless you're a Primordial."

At that moment, a voice sounded.

Chu Kuangren recognized that voice. "Wu Han."

"It's me. Well done, young lad. I can't believe you killed a Primordial!" Wu Han said with a content smile. "It looks like the Daoist Progenitor and I have made the right decision by entrusting Pan Gu Universe to you."

Chu Kuangren let out a bitter laugh instead. "Geez, the two of you... One sacrificed himself to restore the Dao, while another is now sealed. What a mess you two have left for me to deal with."

### [Unparalleled After Ten Consecutive Draws](#)

#### **Chapter 1948: What Are All of You Afraid Of? The Purple Heaven Hall Embodiers Awaken**

"Wu Han has been sealed!"

"By the heavens, what are we going to do now? He's the only Primordial in Pan Gu Universe. How are we supposed to fight against the Central Heaven Universe now? They still have two Primordials around."

"That's right. Is Pan Gu Universe fated to meet its doom?"

"How can it be..."

After learning that Wu Han was sealed, the Embodiers started to panic.

When the sealed Wu Han saw that, he could not help but sneer.

That was why he and the Daoist Progenitor had to entrust the task of saving the Pan Gu Universe to the young Chu Kuangren instead.

The others simply could not be relied upon.

"Silence!"

Just then, an indifferent voice rang out.

Vast surges of sword aura spread everywhere, and as soon as the crowd of Embodiers sensed it, they were shocked.

Chu Kuangren let out a cold snort. "What are you all afraid of? With me around, Pan Gu Universe is far from being doomed."

Everyone gradually regained their composure after hearing that.

However, they still did not hold much hope for him.

Chu Kuangren may be powerful, but he was only an Embodier.

"Since I've critically injured three Primordials of the Central Heaven Universe, it will take them several epochs to recover their full strength. Even with the help of recovery items, they will not be able to do anything for the next thousand years," Wu Han said.

His words made everyone ponder.

"At least a thousand years... Do we have a way to deal with the Primordials within the next thousand years?"

"Damn it! Becoming a Primordial within a thousand years is simply impossible."

On the contrary, Chu Kuangren was relieved to hear that he still had a thousand years left. He chuckled. "A thousand years... is enough for me!"

He could achieve a lot of things in a thousand years.

"You guys can go," Chu Kuangren said to the other Embodiers as if he was giving orders to his subordinates.

Everyone looked at each other. Although they were displeased, Chu Kuangren had demonstrated a combat strength that far surpassed theirs earlier.

Even if they did not want to listen to him, they had to consider their strengths.

In the end, they had no choice but to leave.

Once everyone had left, Chu Kuangren took out that halberd. "Is this your weapon?"

"Yeah. I used my remaining strength earlier to send it out. This Pseudo Chaos Supreme Treasure is yours," Wu Han said.

To be able to casually give away a Pseudo Chaos Supreme Treasure, such generosity was unmatched.

Anyway, Wu Han could not use the weapon now that he was sealed, and if he gave it to Chu Kuangren, the latter would be able to bring out the weapon's full potential.

"Don't mind if I do then."

Chu Kuangren kept that weapon away. "The Daoist Progenitor has also sacrificed himself to restore the Dao, which means that Pan Gu Universe's Great Dao has been restored. Do you know about this?"

"Of course."

"What are your thoughts on it?"

"The Great Dao being restored is a good thing. In terms of the Great Dao, both universes are now on equal footing, but the rest of the problems lies with us. Although I've been sealed and the Central Heaven Universe Primordials are critically injured, their overall forces are still more powerful than ours..."

"Now that I've been sealed, they will not let this opportunity slip by. The day a full-scale war breaks out isn't far off."

"To prepare for the battle of the two universes, the Central Heaven Universe has a few ancient Embodiers who have been in deep slumber. Does Pan Gu Universe have similar Embodiers like that too?"

"We do, and they're currently in slumber inside the Purple Heaven Hall. Seeing that a great war is near, I suppose most of them will awaken soon... However, those guys are rebellious and prideful in their own right, so they might cause some trouble for you. I'll have Xu Wu and the others assist you with this."

Among the Seven Celestial Demon Cultivators, besides Wu Han, there were the other six of them.

Other than Xu Wu, Bei Ming, and Ling Hua, Chu Kuangren still had not met the other three.

According to Wu Han, one of them was currently dealing with the Mist Tribe, the other was at the Purple Heaven Hall, and another was at the Void Battlefield.

In that case, Bei Ming was the weakest among the seven as he had just become an Embodier in the past few years.

"Do you know about a giant purple door?"

"The Daoist Progenitor mentioned it before, but I haven't seen it."

Chu Kuangren asked about the giant purple door again, but even someone like Wu Han did not know much about it.

After discussing a few other matters, Chu Kuangren left and returned to the Immortal World, where he started refining the Daoist Progenitor's information.

...

In Pan Gu Universe, a towering and magnificent purple palace stood somewhere in the void.

A mysterious surge of Daoist Rhyme was flowing within it.

Inside the palace, there was a golden Buddhist statue, a purple crystal coffin, a mysterious ball of light surrounded by countless Daoist patterns, and many others...

On that very day, a dazzling light suddenly burst out inside that purple palace!

The golden Buddhist statue opened its eyes, the lid of the purple crystal coffin was pushed open, while signs of life emerged from the mysterious ball of light...

"I've been asleep for so long, but I'm finally awake."

A sound came from the mysterious ball of light.

"Amitabha, a great calamity is upon us."

The Buddhist statue held both its palms together, with a look of compassion on its face.

On the contrary, the middle-aged man who sat up from the purple crystal coffin smirked and said with chilling killing intent, "Well, it's going to come sooner or later. I've had enough sleep, and it's time for these muscles and bones to get some action."

"I can sense those b\*stards we used to fight from the Central Heaven Universe waking up as well," the mysterious ball of light said.

At that moment, a young man in long purple robes slowly walked into the palace. Seeing him put a solemn look on the Embodiers' faces.

"Hall Guardian."

"Don't call me that. I only came to the Purple Heaven Palace because I had to recover from the injuries I suffered in the Void Battlefield, and keeping watch of all of you was something I did on the side. Now that my injuries are mostly healed, whoever wants to be the Hall Guardian, be my guest." The young man waved his hand and said.

"When everyone wakes up, there won't be a need for a Hall Guardian anymore," the middle-aged man who walked out of the coffin said coldly.

"That's true."

Following that, the young man in purple robes raised his hand and injected several rays of light into the Embodiers' bodies.

"This is what has been happening in Pan Gu Universe over the years. Take some time to adapt to this era," said the young man in purple robes.

Everyone started going through the information inside their minds.

"The Immortal Hall has been chased out of the Immortal World?"

Shocked by the news, a tremendous energy fluctuation permeated from the Daoist patterns in the ball of light.

"The Daoist Progenitor has sacrificed himself to restore the Dao and Wu Han has been sealed?"

They soon learned of even more shocking news.

However, many of them quickly regained their composure and read through everything that happened.

They eventually realized that those major events usually involved a certain person, Chu Kuangren, which amazed them.

"That person has caused a great stir in everything he's involved in. Just look at all the huge events that happened. They always begin with him."

"Chu Kuangren, Immortal World King, Celestial Demon King, Human Emperor... Just look at the titles he has."

"Is he the successor chosen by Wu Han and the Daoist Progenitor? I can't wait to meet him."

"I can't believe this person has caused such damage to the Immortal Hall. For that, I will never let this guy off the hook!" The mysterious ball of light was furious.

However, when the purple-robed man heard it, he casually let out a palm attack. Following a deafening explosion, the ball of light was destroyed.

A man dressed in lavish golden robes appeared.

That was the ball of light's true form.

"What is the meaning of this, Hall Guardian?"

"If you wish to harm a member of my Celestial Demon Tribe, I wouldn't mind ending your life here!"

The purple-robed man played with his fingers. Although he looked slender and weak, his voice carried a chilling murderous intent that could send shivers down one's spine.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 1949**

Inside the Purple Heaven Hall, the purple-robed young man stunned everyone with his threat to kill the Immortal Hall's ancient Embodier.

That threat made the ancient Immortal Hall Embodier's expression change. His aura fluctuated while he looked at the purple-robed young man with caution.

"Hall Guardian— no, Zi Jinlun of the Celestial Demon Tribe, does this mean you've decided to protect Chu Kuangren?" the ancient Embodier asked with a grim expression.

"I'll make it simple for you. If you want to kill him, you'll have to go through me!"

Seeing that things were getting heated between them, two other Embodiers quickly stepped in to smooth things over. That prevented them from fighting.

"Let's put aside the matter of the Immortal Hall and Chu Kuangren for the time being. The most important thing now is to focus on the war against the Central Heaven Universe."

"That's right. We still have to prioritize the bigger picture."

After some persuasion, the ancient Immortal Hall Embodier decided not to pursue the issue with Chu Kuangren.

"Since all of you are awake, you should go to the Void Battlefield as soon as possible. A full-scale war is about to break out between the two universes."

After saying that, Zi Jinlun turned around and left.

The others exchanged glances before preparing to set out.

...

Meanwhile, somewhere inside the Immortal World, Chu Kuangren had comprehended most of the insights left behind by the Daoist Progenitor, and his Embodier Realm cultivation had improved once again.

It was now at the Expert stage, which was similar to Heavenly Sword Chu Kuangren.

However, he also sent those insights to Heavenly Sword Chu Kuangren, who also benefitted greatly from that.

As a result, he was now very close to reaching the Peak Embodier Realm.

The fact that he, who had just become an Embodier, could reach the Peak Embodier Realm in such a short time was simply unbelievable.

"Besides the Daoist Progenitor's insights, I must also comprehend the Dao Delving Technique and Dao Mending Technique quickly so that I can hurry over to the Void Battlefield."

"The two universes are going to start a war soon. I must not be complacent," Chu Kuangren mumbled.

He had sent the Black Heaven Nine Stars to the Void Battlefield ahead of time to secure their territories. However, they still need him there to coordinate their movements according to the overall situation.

...

Meanwhile, inside the Central Heaven Universe, Chu Kuangren slowly opened his eyes.

"So, these are the Daoist Progenitor's insights? As expected, it's impressive."

Just as Green Lotus Chu Kuangren guessed, his cultivation level was now extremely close to reaching the Peak Embodier Realm.

"The Black Heaven Nine Stars have gone to the Void Battlefield to secure their territories, huh? I suppose the Heavenly Roundtable members will not fall behind too far as well," Chu Kuangren said to himself.

However, when he was preparing to gather the Heavenly Roundtable members for a meeting, an emotionless voice suddenly spread throughout the universe.

"The Nine Kings, come to the Central Heaven Temple at once!"

The tone of that voice was incredibly magnificent.

It contained an indomitable and powerful will and reached all corners of the Central Heaven Universe in an instant.

After sensing that powerful will, everyone's expression changed slightly.

"This aura, could it be that person?"

"It's definitely him."

"He's summoned the Nine Kings. What is he planning to do?"

...

A powerful will emerged from within the Central Heaven Temple.

Following that, the Nine Kings rushed to the Central Heaven Temple from all corners of the universe. Chu Kuangren also received the same message from Long Shujing, Luo Xue, and others.

After all, five of the Nine Kings were under his command.

Chu Kuangren pondered a while before deciding to let them go.

"This powerful will... I'm sure of it. It's certainly from the Central Heaven Universe's Primordial. After being critically injured in Pan Gu Universe, not only did he not immediately recuperate upon his return, but he even summoned the Nine Kings. Hm, what are you planning to do?"

Chu Kuangren thought curiously as he stroked his chin.

At that moment, inside the Central Heaven Temple, the Nine Kings had gathered inside a lavish, magnificent palace.

Everyone who arrived looked at each other. That was the first time all the Nine Kings were meeting.

"Luo Xue?! You've become one of the Nine Kings?"

The Nether God's gaze narrowed when he saw Luo Xue. He was a little shocked.

"What about it? Do you have something to say?"

Luo Xue raised her brows and let out a soft snort.

"Hmph, you and Heavenly Sword caused me a lot of trouble

Heaven Maiden You looked at Luo Yunxiu in surprise.

She noticed that his aura had become significantly stronger. Although he was still not an Embodier, he was close to becoming one.

Besides that, she also sensed an incredibly ancient aura back then, Heaven Maiden You!" At that moment, Luo Yunxiu's gaze turned cold when he saw Heaven Maiden You, and he was already getting eager to attack.

coming from him. That aura was similar to the... Titan Tribe!

"I see. So you were saved by the Titan Tribe, huh?" Heaven Maiden You said with a chuckle

"Hmph."

Luo Yunxiu snorted and was about to attack.

However, Luo Xue, Ling Fei, Long Shuijing, and Tian Xingcai immediately walked to Heaven Maiden You's side.

The five of them stood together, releasing an incomparably powerful and chilling aura at Luo Yunxiu.

Although Luo Yunxiu possessed considerable strength, he could not help but shudder before the aura of the five cultivators before him. "You guys..."

"What makes you think you can pick on the Heavenly Roundtable's member?" Ling Fei said coldly.

'The Heavenly Roundtable?'

'What organization is this?'

Luo Yunxiu was a little surprised, and the others were also trying to figure out what it was.

'Have the Nine Kings created an alliance?'

"These people are related to the Heavenly Sword in one way or another. The Heavenly Roundtable... Roundness represents the unity and completeness of the universe, and the Heavenly Sword proclaims himself as the Heavens... Is the Heavenly Sword the master behind the Heavenly Roundtable?"

"Damn it. The Heavenly Sword has five of us under his command!"

Xuan Yuanfeng, Lei Shentian, and the others already had a good guess.

Instead of saying that the Nine Kings were the rulers of the Central Heaven Universe's future, it seemed more likely for the Heavenly Sword to be the ruler instead!

Out of the Nine Kings, he had gained control of five of them!

"Hmph, I don't care what this Heavenly Roundtable is. All of you are nothing before the likes of me!" the Nether God said with a cold snort.

Then, he stepped forward and released his God King aura, instantly suppressing the five of them single-handedly.

However, Luo Xue sneered. "You're no different than a mongrel before the Heavenly Sword. How dare you speak to us like that?"

The Nether God's expression immediately sank.

Previously, during the battle on the Ancient Luo King Planet, he had suffered a terrible defeat at Chu Kuangren's hands, and that incident had since become a thorn in his heart.

Upon hearing Luo Xue, the woman he liked, bringing up that incident again, he was filled with rage.

"How dare you provoke me! I'll make all of you regret you did that!" the Nether God said coldly.

His God King aura swept out and locked onto Luo Xue and the others.

However, at that moment, a mighty and domineering will descended upon the palace, causing everyone present to tremble involuntarily and fall to their knees!

Even the Nether God was no exception.

"This aura... It's certainly a Primordial!"

The Nether God's expression changed slightly. Even before he was reborn, he was no match for a Primordial.

"This powerful will... Is this the creator of the Central Heaven Temple?"

Luo Xue and the others were also shaken to their core.

Just then, strands of Daoist patterns intertwined, and a person appeared before them.

It was an elderly man with white hair and a white beard. He was not tall but looked extremely stalwart.

"So, the Nine Kings have arrived."

"I am Shen Tian, Lord of this temple! Today, I have gathered all of you mainly because a war between the two universes will break out soon. As the Nine Kings, you will be the main offensive force for attacking Pan Gu Universe. Hence, I hereby bestow upon all of you a magnificent treasure!" Shen Tian said calmly.

He then raised his hand, revealing a golden vortex that appeared before everyone. "This is the Space-time Dimension, where time flows differently. A year inside will be equivalent to a day outside. All of you shall enter this dimension and continue your cultivations. After ten years, this Space-time Dimension will disintegrate automatically."

"As for how far you can progress, it'll depend on you."

#### Unparalleled After Ten Consecutive Draws

#### **Chapter 1950: Chang Feng of the Celestial Demon Tribe, Destroy the Mist Tribe and Give No Mercy**

A year inside the Space-time Dimension was equivalent to a single day in the outside world.

It meant that if ten years had passed outside, three thousand and six thousand years would have passed inside the Space-time Dimension!

With their talents and abilities, if given the necessary resources, they would certainly break through to become a God King. The Space-time Dimension was certainly a marvelous Opportunity of Fortune!

"The mysteries of Spacetime Dao are unfathomable. To think that such a wonderful treasure exists in the Primordial's possession!" The Nether God was a little shocked.

"Since this item is such a good cultivation tool, why don't we spend more time progressing our cultivation inside?" Luo Yunxiu asked.

"This item can only be used once and at a maximum of ten years each time. That's the limit of the Space-time Dimension," Shen Tian said.

"I see."

'Even a Primordial will find it difficult to control time itself. After all, it's one of the most mysterious types of Great Dao out there,' the Nether God silently thought.

"Alright, now enter," Shen Tian said.

Everyone stopped hesitating and immediately entered the Space-time Dimension to begin their cultivation.

Once everyone had entered, Shen Tian's expression instantly turned pale while the power of his aura plummeted.

"Damn you... Damn you, Wu Han!"

"Damn you, Chu Kuangren!"

Shen Tian took a deep breath, revealing a chilling look in his eyes.

This time, he went to Pan Gu Universe with the others and battled Wu Han. Although they managed to seal Wu Han temporarily, making him unable to retaliate for the time being, the price they had to pay was great.

Besides being critically injured to the point that he could not exert too much strength for the next thousands of years, the most important thing was that one of the three Primordials was dead!

"Damn it!"

"Chu Kuangren, I'll never forget what you've done to my fellow comrade!" Shen Tian mumbled to himself.

Then, he summoned God King Sikong and the others.

"We have sealed Wu Han of the Pan Gu Universe. This is the perfect time to launch a full-scale attack. Begin preparations right now."

Upon hearing that, God King Sikong was very delighted.

"Very well."

...

Inside Pan Gu Universe, Chu Kuangren eventually mastered the Dao Delving Technique and Dao Mending Technique that the Daoist Progenitor left behind. Those were two extremely terrifying techniques, especially the Dao Delving Technique.

With that technique, he could borrow the power of the universe's Great Dao as his own.

As such, Chu Kuangren tried to use that technique.

Although the amount of power he could borrow from the Great Dao was limited due to his current cultivation level, it was enough to provide him with a tremendous power boost.

"The Great Dao power that I'm borrowing from Pan Gu Universe belongs to Pan Gu Universe's Great Dao. This means that I can only use it inside Pan Gu Universe. However, the other me, Heavenly Sword, possesses a Pocket Universe of his own.

"If he were to use the Dao Delving Technique, he should be able to summon an even greater amount of Great Dao power. Moreover, he could use it at any moment and anywhere too," Chu Kuangren thought.

Those two techniques truly benefited him greatly.

At that moment, outside the Imperial Palace, a figure in white robes with a gentle and polite appearance had arrived. However, a vague but powerful aura was emanating from him.

Chu Kuangren felt that if he were inside the Immortal World, he might stand a chance to suppress that person. However, it would be another story if he were outside the Immortal World.

"You are..."

"One of the Seven Celestial Demon cultivators, Chang Feng!"

The person who arrived chuckled.

'Chang Feng...'

Chu Kuangren's gaze narrowed. "What brings you here?"

"It's about the Mist Tribe."

"Oh, the Mist Tribe?"

"That's right."

Chang Feng elaborated on the motive of his visit in detail.

It turned out that the Celestial Demon Tribe had been investigating the Mist Tribe since a very long time ago, and Chang Feng was the one who was in charge of carrying out that task.

"After many years of investigation, I've finally discovered the main base of the Mist Tribe. That is why I've come to seek your help this time to wipe them out once and for all," Chang Feng said.

When Chu Kuangren heard that, he began to ponder.

'The Mist Tribe... They're truly a troublesome bunch to deal with.'

"I can provide you with some troops. However, I need to have a clear understanding of the Mist Tribe's combat strength," Chu Kuangren said.

"No problem..."

Chang Feng continued discussing with Chu Kuangren.

Soon, Chu Kuangren assembled his troops.

A mighty army began to set forward from the Immortal World toward the Mist Tribe's main base. Among the armies, there was a particular battalion that attracted Chang Feng's attention. It was a

terrifying thousand-strong battalion of army mainly formed by Gilded Immortals and Arch Gilded Immortals.

The army marched on with great gusto, and the aura they emanated contained mysterious Daoist Rhymes.

"What a splendid army!"

"This is my Five Ways Divine Shadow Army!" Chu Kuangren said calmly.

The Five Ways Divine Shadow Army was an Undying Army that he received from the Fantasy Roulette a long time ago. Their cultivation level would increase over time according to Chu Kuangren's level.

At that point, the power of that army had reached its peak.

Now, the Commanders of the Five Ways Divine Shadow Army were all Ultimate Arch Gilded Immortals.

As for the rest of the troops, their weakest unit was already a peak Gilded Immortal.

There were also a bunch of Arch Gilded Immortals among them.

Such a powerful army was enough to instill fear in anyone who opposed them!

Besides the Five Ways Divine Shadow Army, there was also the million-strong Underworld Terracotta Army. The overall combat power of the Terracotta Army was on par with the Five Ways Divine Shadow Army too.

"It looks like I've found the right person for the job." Chang Feng chuckled.

He looked satisfied and proud.

He was very glad to have such a talented junior in the Celestial Demon Tribe.

...

Inside the Mist Tribe, the Mist Tribe Leader's expression was solemn as an army of millions stood before him. Their ferocious qi was so dense that the surroundings quaked.

"Everyone, the time that we have all been waiting for has arrived!"

"Now, with the clash between the two universes ongoing, the main forces of Pan Gu Universe are focused on the Void Battlefield. Their rears are now vulnerable and unguarded, and this is the best opportunity for us, the Mist Tribe, to show our strength and seize control of this universe!" the Mist Tribe Leader said loudly.

Excitement and anticipation appeared on the faces of the Mist Tribe cultivators.

Seeking to bide their time over the years, they had hidden away in one of the secret realms inside Pan Gu Universe and had never revealed themselves since then.

This time, the opportunity that they had been waiting for had finally arrived.

"Pan Lian, you are the ultimate weapon we created for this very purpose. You shall be the main force later when we invade Pan Gu Universe."

The Mist Tribe leader looked at a young man beside him.

He was dressed in long black robes and armed with a long black spear. There was also a mysterious Green Lotus Mark on his forehead, with an ominous aura emanating from his body.

Pan Lian let out a chilling smile. "Naturally, the reason for my existence is to bring destruction to Pan Gu Universe!"

Then, he suddenly sensed something and looked into the sky, revealing an expression of uncertainty and worry. "Someone is coming?"

"How is this possible?"

The Mist Tribe Leader could not believe it.

However, following that, a huge explosion erupted in the sky, and the deafening sounds caused the sky to rumble!

As gigantic rift appeared, a powerful surge of aura swept out, causing the surroundings to tremble!

Two figures were seen walking out of that gigantic rift.

It was Chu Kuangren and Chang Feng!

Behind them was an endless army!

"It's the Celestial Demon cultivators!"

"Chu Kuangren... How did they discover this place?"

Upon seeing Chu Kuangren and his army, the Mist Tribe cultivators instantly panicked. They were especially shocked to see his great menacing army, whose terrifying aura was everywhere.

"Don't panic!"

"Chu Kuangren and his men arrived just in time! Let's start with them! We shall pave the way to our conquest with their blood!" the Mist Tribe Leader shouted.

His words motivated his army, and everyone's spirits rose. They all looked at Chu Kuangren and his army with excitement.

"Now, that's more like it," Chu Kuangren said indifferently.

He gently raised his arm, giving an order that everyone in the great army heard. "Everyone, on my command, destroy the Mist Tribe... and show no mercy!"
