Unparalleled After Ten Consecutive Draws

Chapter 1951: The Fifth Lotus Seed, Go, Fight Without Holding Back

Inside the secret realm where the Mist Tribe was, the army from both sides fought fiercely.

Terrifying murderous qi spread and scattered across the space.

Following Chu Kuangren's command, the Five Ways Divine Shadow Army and the million Underworld Terracotta Army charged toward the Mist Tribe's army.

A fierce fight broke out.

The millions of Underworld Terracotta Army carried extremely dense murderous qi as they charged toward the Mist Tribe army.

Chariots, formations, and all kinds of war tactics were displayed skillfully as they trampled over the soldiers from the Mist Tribe.

On the other hand, the Five Ways Divine Shadow Army perforated the Mist Tribe's army like a sharp knife.

The Crimson Fire Troops scorched the enemy's formation with burning flames.

The Wither Water Troops flooded the enemies like an indomitable tide.

The Metal Armor Troops went on a rampage with their sword qi, severing limbs and heads as they charge forward, causing the Mist Tribe soldiers to burst into clouds of mists.

The Heft Earth Troops obliterated the enemies with their massive power.

The Lush Wood Troops supported all four other troops plus the others.

The Five Ways Divine Shadow Army complimented each other and worked together perfectly.

There were only a thousand of them, yet they fought like there were ten thousand of them, and their domineering might was jaw-dropping.

The Mist Tribe was no match for them.

On the other side of the battlefield, the generals from both sides fought each other.

Chu Kuangren spotted a young man on the battlefield. When he saw the young man, he sensed something unusual in him.

The Dao contamination qi in him was rumbling, and it seemed to be resonating with the young man.

Other than that, the young man also had a Green Lotus Mark on his forehead, which aroused his desire because he was the Chaos Green Lotus' manifestation.

"Interesting. Very interesting. So, the Mist Tribe has been collecting the Dao contamination qi, which explains why they are missing from their original locations. Did the Mist Tribe use the Dao contamination qi to create this guy?" Chu Kuangren muttered as he looked at the young man.

"Chu Kuangren, he's the masterpiece of the Mist Tribe, formed by countless Dao contamination qi. He has a natural advantage over cultivators of Pan Gu Universe, like you!" said the Mist Tribe Leader.

"Not only the Dao contamination qi but the Green Lotus Mark and that spear are all made from the fragments of the Chaos Green Lotus!"

Chu Kuangren recognized them all.

The spear that the young man wielded was the Godkiller Spear, the supreme treasure of the Demonic Dao.

"Who would have thought that the Godkiller Spear would end up in the Mist Tribe's hand? As for the young man, he's even more intriguing. He emanates a similar energy presence as the Four Innate Lotuses.

"I know where all the four lotuses are, and this can only mean that the legend is true. He is the fifth lotus seed."

Chu Kuangren looked at the young man, identifying his background with just a few glances. He did not have Lil Ai with him in this universe, so it was all educated guesses based on his experience and understanding.

After all, he was the manifestation of the Chaos Green Lotus.

"Chu Kuangren, you are indeed my arch-nemesis!"

Pan Lian stared at Chu Kuangren with hostility. He was the manifestation of the Chaos Green Lotus' fifth seed, and he had specifically absorbed the Green Lotus' power. Therefore, his Dao contamination qi was a bane to all the cultivators in the Pan Gu universe, except for Chu Kuangren.

Quite the opposite, Chu Kuangren was the bane of Pan Lian.

"Pan Lian, you're not his match now. Leave us," the Mist Tribe Leader said heavily.

Then, he flew to the sky, releasing his Daoist law energy.

The strongest Embodier energy was released and locked onto Chu Kuangren.

In addition to that, deep inside the Mist Tribe, several more Embodier energy presences erupted, and one of them forced a grim look on Chang Feng's face.

"Multi-Embodier?!"

Kaboom!

A massive humanoid shadow appeared from the sky, surrounded by three different Daoist law energies. It was a Multi-Embodier!

"Damn it. We miscalculated. We didn't expect the Mist Tribe to have a Multi-Embodier among them," Chang Feng said solemnly.

"What's wrong? You can't deal with it?" Chu Kuangren said.

"No. Dealing with the Multi-Embodier isn't that hard, but if I do, I won't be able to cover you. The other Embodiers..."

Once Chang Feng engaged with the Multi-Embodier, the other Embodiers like the Mist Tribe Leader would go after Chu Kuangren.

It might be manageable if there were only one or two, but there were five of them!

How could Chu Kuangren deal with so many Embodiers?

It was Chang Feng's greatest concern at the moment.

"Come on, how much do you look down on me?" Chu Kuangren said indifferently.

Then, an intense sword aura exploded and scattered into the air.

"Don't worry about me. Just go. Leave them to me."

Chang Feng was surprised when he heard Chu Kuangren, but then, he laughed. "Hahaha! Fine. I'll be back in a moment."

A blast of Celestial Demon qi erupted from him, and four different Daoist law energies intertwined around him.

He had one Dao more than the Multi-Embodier from the Mist Tribe.

He wielded a sword in his hand.

His mild and tender presence suddenly transformed into an indomitable and sharp presence of a peerless sword cultivator.

"I'm in a hurry, so come and meet your death!" Chang Feng said coldly to the Mist Tribe's Multi-Embodier.

The Mist Tribe Multi-Embodier's expression turned grim. "The Celestial Demon Tribe is really arrogant."

On the other hand, the Mist Tribe Leader and the other Embodiers had Chu Kuangren surrounded. Several Daoist laws were locked onto him.

"Chu Kuangren, today we will destroy you and remove our biggest obstacle," the Mist Tribe Leader said coldly.

The other Embodiers exchanged a quick look before they launched their attacks.

"Kill him!"

Their respective Daos transformed into a mist that surrounded and shrouded Chu Kuangren.

"Kill me? You people are not worthy of that yet."

Chu Kuangren also had multiple Daoist law energies intertwining around him.

When his Daoist laws clashed with the others' Daoist laws, both sides were evenly matched.

"How?"

The Embodiers were surprised.

They had teamed up against Chu Kuangren, yet they were only evenly matched!

How terrifying was Chu Kuangren exactly?

They found it difficult to believe, but before they could ponder the situation, Chu Kuangren swung his sword forward.

With just a swing, a surge of sword qi burst forward.

"Green Lotus, Open Sky!"

One of the Embodiers was caught by the sword qi, and his body exploded on the spot. Even his Dao was ground into nothing.

The power that Chu Kuangren unleashed was terrifying.

"Be careful!" the Mist Tribe Leader bellowed.

He channeled his own Dao to the limit, and Daoist Rhymes started to emanate from his body. He threw a palm attack forward, and the rumbling black mist around him transformed into a vicious beast, attempting to rip Chu Kuangren to shreds.

"Too bad it's not strong enough."

Chu Kuangren swung another slash forward, splitting the beast in half.

The Mist Tribe Leader was blasted away by the slash as well. His Dao was severely shaken as he crashed, and the expression on his face spelled horror and fear.

It was just one slash, and one-third of his Dao had been destroyed.

"No. If this continues, we won't be able to beat him. Everyone, lend me your strength!" the Mist Tribe Leader roared.

The other Embodiers tacitly understood the Mist Tribe Leader's meaning.

They took a deep breath.

"That's the only way."

Their bodies exploded into clouds of mist before they all fused with the Mist Tribe Leader's body.

The Mist Tribe Leader's energy surged all of a sudden and swiftly surpassed the strength of an Expert Embodier.

Although he was not a Multi-Embodier, his sudden gain in power rivaled that of one.

"Chu Kuangren, taste the power of the Mist Fusion Technique!"

The Mist Tribe Leader roared, but the voice was a mix of male and female. It sounded strange as if he was no longer a single entity but a combination of multiple Mist Tribe's Embodiers.

Unparalleled After Ten Consecutive Draws

Chapter 1952: Black Heaven Nine Stars' Troop Breaker, The Dao Delving Technique's Wonder

The Mist Tribe Leader used the secret technique of the Mist Tribe to fuse with the other Embodiers, granting him power that rivaled a Multi-Embodier.

The powerful energy flooded the field and every direction.

Chu Kuangren looked at the Mist Tribe Leader with a teasing gaze. "Come on, show me how much you can struggle."

His scornful grin fueled the Mist Tribe Leader's anger.

The moment he punched forward, extremely powerful Daoist law energy gushed forward together with the ominous black mist.

The mist easily shrouded Chu Kuangren whole and corroded his body.

However, Chu Kuangren raised his hand, and the Descendant Self Sword spun in the air. A dazzling sword ray shone and dispersed the mist.

It took him one slash to disperse the mist that tried to corrode his body, and it was just the start.

The Mist Tribe Leader, who had the power of multiple Embodiers now, did not just stop there.

He reached out to grab the void, where endless black mist intertwined in the air and transformed into a terrifying wicked weapon.

It was a pitch-black halberd.

The wicked weapon's aura shook the universe with terrifying power.

Chu Kuangren barely reacted to the pitch-black weapon.

When the halberd was swung toward him, the Daoist Rhymes sounded from the Green Lotus Mark on his forehead.

The image of a green lotus appeared.

It was the second technique of the Green Lotus Art, Eternal Green Lotus Dominion!

Kaboom!

Suppressed by the green lotus' energy, the Mist Tribe Leader grunted as he glared at Chu Kuangren viciously.

"Chu Kuangren, you can't kill me!"

A large amount of mist erupted from his body and transformed into ominous runes that countered the green lotus' energy.

As the two different energies clashed, the destructive energy contained in the green lotus shook terribly before it disintegrated.

"I'm as powerful as a Multi-Embodier. You can't kill me now!"

The Mist Tribe Leader slowly got up on his feet as he countered the green lotus' energy.

"Is that so?" Chu Kuangren grunted softly.

Then, nine dazzling strands of dragon qi appeared behind him.

With the buff from the dragon qi, his power rose to a whole new level and allowed the green lotus to shine brighter than before.

A loud explosion erupted, and the Mist Tribe Leader was overwhelmed.

"I'm going to kill you even if you are a Primordial, let alone a Multi-Embodier," Chu Kuangren said as he pressed his hand down.

The destructive energy of the green lotus rumbled fiercely.

At the same time, the Dao in the Mist Tribe Leader was collapsing.

"Chu Kuangren, Pan Lian will come for you one day!"

"Do you think he will be able to escape?" Chu Kuangren said with a grin.

Further away, a massive astral diagram appeared in the sky, and nine stars on it were connected by a streak of light, looking mystical.

It was the Big Dipper Nine Stars Diagram!

One of the nine stars shone brighter than the others.

"What is that?"

The Mist Tribe cultivators were surprised by the sudden appearance of the massive astral diagram. They were curious and shocked as to what Chu Kuangren was about to do.

Pan Lian, who attempted to flee the scene during the chaos, was stopped by the astral diagram.

Irritated, he thrust his spear at the astral diagram.

The Dao contamination qi, together with the unique cultivation technique of the Mist Tribe, were fused into the Godkiller Spear, a Premium Source Supreme Treasure.

The thrust from the spear carried such indomitable power that even the void was torn in half.

However, one of the stars on the astral diagram shone and negated the thrust's power with its void energy.

Then, the astral diagram disappeared and a white-haired young man appeared, carrying a terrifying aura with him.

Following his appearance, the space around him imploded and collapse.

"This is the Celestial Demon energy! It's someone from the Celestial Demon Tribe!" the Mist Tribe Leader bellowed as he looked into Pan Lian's direction.

"It's the Black Heaven Nine Stars' Troop Breaker, Jue Wushen!" Chu Kuangren said indifferently.

"I don't care who you are! You're going to die!" Pan Lan grunted coldly.

He thrust the Godkiller Spear forward once more. The terrifying Dao contamination qi swept across the field and attempted to overwhelm Jue Wushen.

However, Jue Wushen stood firm and confidently as his white hair fluttered in the wind.

He clenched his fist and channeled the Daoist law energy inside him.

He had broken through into the Embodier Realm!

"Feel the power of the Void!" Jue Wushen said coldly.

Gray divine light shone as it fused with the Daoist law energy in him.

Pan Lian's rapid thrust clashed with the sudden burst of energy.

The clash between two powerful energies caused a massive explosion that destroyed the space around them.

Jue Wushen did not even flinch, and neither did Pan Lian.

They stared at each other coldly with overflowing killing intent.

"Even if you are an Embodier, you are no match for the Dao contamination qi!" Pan Lian channeled even more Dao contamination qi!

Jue Wushen felt a hint of suppression, but he refused to step down.

"By order of my king, the Mist Tribe shall be eliminated today. Not one will escape!"

As soon as Jue Wushen's words subsided, multiple figures appeared from the void, and each of them carried rampant Celestial Demon qi.

They were all cultivators from the Celestial Demon Tribe!

Then, Jue Wushen punched his fist into the void, which started crumbling to reveal a massive and grand golden platform.

The platform had countless runes on it, and it released an intense murderous qi.

It was the supreme treasure of the Immortal Hall, the Immortal-Slaying Platform!

The Immortal-Slaying Platform's appearance brought endless murderous qi that had Pan Lian surrounded.

Coupled with Jue Wushen, there was no way for Pan Lian to escape.

As for the other Mist Tribe cultivators, they tried to escape, but they had to face the Underworld Terracotta Army and the Five Ways Divine Shadow Army first.

On top of that, they still had to face the cultivators from the Celestial Demon Tribe.

In other words, they had no way to run!

"Damn it! Damn it! Chu Kuangren, for destroying the Mist Tribe, I will drag you down with me even if it costs me my life today!" the Mist Tribe Leader roared madly.

The Dao inside him rumbled violently, and Daoist law energy gushed outward.

His Dao was collapsing on its own!

More importantly, an even more terrifying surge of energy was compiling inside him.

Chu Kuangren narrowed his eyes at the situation. "Oh? Sacrificing his own Dao? I commend you for your bravery."

By sacrificing his own Dao, the Mist Tribe Leader sought to perish together with Chu Kuangren.

"Unfortunately, you're not capable enough to drag me down with you."

Chu Kuangren raised his hand, and the Daoist Rhymes in his body chimed.

Daoist laws around him manifested into ancient runes.

Then, the Great Dao's vital force descended and surrounded him, prompting a vast aura to sweep across the field.

Everyone on the field sensed and felt that incredibly strong power.

Even Chang Feng and the Multi-Embodier of the Mist Tribe was shocked.

"This energy... It's the Great Dao!" Chang Feng identified the power Chu Kuangren was channeling at first glance.

'The Great Dao's energy?'

"How is this possible?!" the Mist Tribe Leader muttered in disbelief.

He had sacrificed his own Dao to the Universal Great Dao for more power, yet Chu Kuangren simply drew power from the Great Dao itself.

It was simply ridiculous!

The Mist Tribe Leader was utterly stunned.

"The Dao Delving Technique is indeed amazing," Chu Kuangren said with a smile.

He was using the Dao Delving Technique, which allowed him to draw power from the Pan Gu Universe's Great Dao to overpower the Mist Tribe.

"Slash!"

Chu Kuangren did not resolve in using any Immortal Techniques or divine abilities. He simply swung his sword for a normal slash, and the powerful energy around him transformed into a vast sword qi.

It left a trail of destruction as it slashed through the Mist Tribe.

Even the Mist Tribe Leader, who had just sacrificed his own Dao, felt pressured.

He was blasted away by the sword qi.

The collapsing Dao in his body was severely damaged again, and he was left with less than one-third of his Dao.

Unparalleled After Ten Consecutive Draws

Chapter 1953: Mist Tribe Annihilated, The Dao King Tribe's Ancient Embodier

After using Dao Delving Technique, Chu Kuangren's power received a massive boost. It shook heaven and earth. Sword rays that he simply released shook even the starry sky.

The entire secret realm that the Mist Tribe was in could not contain his power and was forced to the brink of collapse.

The Mist Tribe Leader was decimated by Chu Kuangren. The Dao inside his body buzzed violently as if it would explode at any moment.

Even after sacrificing his Dao, he was no match for Chu Kuangren and could not even withstand or resist the attacks.

Bang!

In the end, following a devastating cry, the Mist Tribe Leader was completely eliminated by Chu Kuangren, and his body disintegrated into ashes.

Further away, Jue Wushen's fight with Pan Lian continued.

Chu Kuangren arrived in front of him with just one step. He raised his hand and fanned out his fingers before gently pressing his palm down.

A loud explosion sounded, and the void around the area was shattered.

Pan Lian felt like the sky was falling on him. The attack was so powerful that he could not resist even with his full strength. Fear was written all over his face.

"Impossible! The Mist Tribe created me as the final weapon! I should be on a rampaging killing spree in Pan Gu Universe! How could I fall like this?" Pan Lian roared.

He wielded the Godkiller spear and channeled the Dao contamination qi to the limit. As he infused it into the spear, Daoist Rhymes echoed.

Then, the spear thrust forward with the ultimate murderous and destruction qi.

The thrust was terrifying. Less than a handful of cultivators in Pan Gu Universe would be able to withstand such an attack.

Other than its sheer power, the Dao contamination qi that was the bane of all cultivators in this universe was the key to that strike.

Unfortunately, the Dao contamination qi was useless against Chu Kuangren.

As his palm pressed down, the boundless spear energy was crushed, and the palm struck Pan Lian's body.

As his body exploded, a large amount of Dao contamination qi gushed and swept across the field.

Chu Kuangren immediately cast the Heavenly Devouring Daoist Art.

The endless Dao contamination qi was absorbed into his body, and the Daoist laws intertwined, sealing them inside him.

After Pan Lian was destroyed, a green lotus seed and a pitch-black spear floated in the air.

Chu Kuangren took a glance at them before keeping them away.

Poor Pan Lian. He was just born a while ago, but before he could do anything, he was killed and even gifted Chu Kuangren with the lotus seed and the Godkiller Spear.

They were all manifestations of the green lotus' fragments.

If Chu Kuangren could absorb them, his power would reach a new height.

"Wushen, nicely done/" Chu Kuangren smiled at Jue Wushen.

"I am ready to give my life up for my King," Jue Wushen said respectfully.

Even though he had broken through to the Embodier Realm, he remained humble in front of Chu Kuangren, without the slightest arrogance.

It was rare.

"You are the first to achieve the Embodier Realm among the Black Heaven Nine Stars," Chu Kuangren praised.

"But I won't be the only one. I believe the others will catch up soon," Jue Wushen said with a smile.

Other than Chu Kuangren, no one knew the Black Heaven Nine Stars better than him.

The Nine Stars were some of the best Prodigies. They rivaled that of the Nine Kings of the Central Heaven Universe, and some were better even.

He knew that if the Black Heaven Nine Stars could grow stronger, the power they possessed could change the outcome of the battle.

Chu Kuangren chatted with Jue Wushen for a while.

Then, he switched his attention to the battle between Chang Feng and the Multi-Embodier. He enjoyed the battle as if it was a fascinating show.

Chang Feng, one of the seven Celestial Demons, was extremely powerful and was a master in using the Celestial Demon qi.

As Jue Wushen and Chu Kuangren were both from the Celestial Demon Tribe, watching the battle would benefit and educate them.

The Multi-Embodier Realm had its own categorization as well. Chang Feng had fused with four Daos, while the Multi-Embodier of the Mist Tribe only had three.

Therefore, there was an obvious strength difference between them.

"Can you tell which Daos Chang Feng has fused with?" Chu Kuangren asked.

"Metal Dao, Wind Dao, Murderous Dao, and the Starry Sky Dao," Jue Wushen said.

"What else?"

"Each Dao he possesses carries a unique sharpness. Is it because he's a swordsman?" Jue Wushen asked.

"That's right. The unique sharpness is fused with his Daos, granting him more destructive power in his attacks," Chu Kuangren explained.

Just then, Chang Feng roared, and a terrifying sword ray burst into the sky.

The astonishing sword intent shrouded the starry sky.

"Tornado Nebula Slash!"

Multiple Dao energies from inside Chang Feng buzzed loudly as they erupted and gushed forward like a tidal wave.

The sword ray drowned the Multi-Embodier of the Mist Tribe.

The sword ray dismembered his body, and the Dao inside him buzzed loudly as it collapsed into nothingness.

"This can't be happening! No!" the Mist Tribe Multi-Embodier roared.

No matter how much he roared, his fate was sealed.

Seeing the Multi-Embodier die before their eyes, the rest of the Mist Tribe cultivators were plunged into despair.

Soon, the entire Mist Tribe was wiped out.

"Hahaha. Thank you, Immortal King, for the help," Chang Feng said with a smile.

He looked at Chu Kuangren in awe.

He did not expect Chu Kuangren to kill the Mist Tribe Leader by siphoning the energy from the Great Dao. Even he dared not underestimate Chu Kuangren's strength.

It was as expected of the man chosen by the Daoist Progenitor and his brother, Wu Han.

"You are welcome. The Mist Tribe threatens the existence of the Pan Gu Universe, and eliminating them is doing the universe a good deed. What are you going to do next?" Chu Kuangren asked.

"I'm going to the Void Battlefield. It's the main battlefield for both universes after all," Chang Feng said.

"Alright. I'll get prepared and head there as well," Chu Kuangren said with a nod.

More than half of the Black Heaven Nine Stars were at the Void Battlefield.

As such, he had to go there as soon as possible.

The news of Mist Tribe's annihilation spread like wildfire and shocked everyone who heard it.

After learning that it was Chu Kuangren who wiped them out, they were not just in awe, but they also respected the young Immortal King.

The battle established quite a bit of prestige for him.

...

Meanwhile, at the Central Heaven Universe, after Shen Tian and Emperor Feng were heavily injured at Pan Gu Universe, the forces in the entire universe started to mobilize their troops.

A massive amount of soldiers were sent to the Void Battlefield.

Other than that, some ancient God Kings had started to awaken.

They all returned to their respective King Tribes.

The Dao King Tribe welcomed back a man with a crooked nose and gloomy expression. He was one of the ancient God Kings of the Dao King Tribe.

His power was much more terrifying than God King Molin as he had reached the Multi-Embodier Realm.

"Heavenly Sword! How dare he do this to us! It is because of him that our tribe is in this terrible state! He's really done it!"

God King Molin stood at the side with his lips sealed.

He bore a certain responsibility for what happened to the tribe.

"Where is the Heavenly Sword now?" the man with the crooked nose asked.

"I have no idea. Maybe he's at the Spiritual Sword Tribe, or maybe he's at the Central Heaven Temple..." God King Molin could not provide an exact answer.

"What about the Nine Kings? Who are they?"

"They are..."

After grasping the current situation, a cold glint appeared in the eyes of the man with a crooked nose.

"The Dao King Tribe cannot just sit back and do nothing after suffering such a huge loss! It's hard for us to do anything to the Heavenly Sword now, but the Shinra Pirates must pay for what they did to us!"

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1954: I Know What I'm Doing, That's It For An Ancient God King

A fleet of warships was cruising somewhere in the universe.

Ever since joining the Heavenly Roundtable, Shinra Pirate carried out tasks assigned by the Heavenly Sword.

His fleet was heading toward the Void Battlefield.

Then, a figure emerged in front of the fleet out of nowhere.

"Who goes there? Name yourself!" a crew member shouted.

However, the person did not respond.

He simply threw a punch forward.

The domineering Daoist law energy transformed into a thousand bolts of lightning, crushing the ships into pieces. No one on the destroyed ships survived.

"He's a God King!"

"Why would a God King stand in our way?"

The surviving crew members were shocked and cautious.

Then, a figure came forward to confront the God King.

It was Shinra Pirate, and he, too, carried the aura of a God King.

He looked at the God King in front of him and asked grimly, "Who are you?"

"Mo Tianyin of the Dao King Tribe," said the man.

The aura of a God King erupted, and it contained the energy presence of two different Daos, which easily overwhelmed Shinra Pirate.

The power of a Multi-Embodier erupted.

"It seems like the ancient God King of the Dao King Tribe has returned," Shinra Pirate said with a grim look on his face.

"Shinra Pirate, for offending the Dao King Tribe, you must pay for what you did with your life," Mo Tianyin said. He raised his hand, and energy swirled around his fingers.

"You can't kill us. We have already decided to head to the Void Battlefield," Shinra Pirate said, attempting to stop Mo Tianyin.

"What does that have to do with me?"

"Mo Tianyin, he's right. You can't kill them," said another calm voice.

Another figure emerged from the void.

It was God King Sikong from the Central Heaven Temple.

He explained, "The war between us and Pan Gu Universe has started, and the Void Battlefield needs every soldier it can get. Shinra Pirate has requested to head to the Void Battlefield to fight the war, and the Central Heaven Temple has approved his application. They are our treasured manpower, so you are not allowed to harm them."

Mo Tianyin's expression darkened when he heard the explanation.

Shinra Pirate was smart enough to use the Central Heaven Temple as cover.

"Then, am I supposed to turn a blind eye to what they did to the Dao King Tribe?" Mo Tianyin said coldly.

"Please consider the overall situation," God King Sikong said.

"Overall situation? Fine. I can spare the others, but Shinra Pirate must die!"

"Oh? Are you trying to hurt one of the Heavenly Roundtables?" another voice said.

Chu Kuangren came from afar.

He had sword qi swirling and Daoist laws intertwining around him. His body emanated a mystical Daoist Rhyme that echoed across the universe, shaking every star in its way.

Behind him was a black-robed young man who had a wicked look on his face, and he followed Chu Kuangren around like his obedient pet.

"The Heavenly Sword?!"

Mo Tianyin recognized Chu Kuangren at first glance.

There had been many rumors about the Heavenly Sword. Even as an ancient God King who had just awoken from slumber, he had heard of the notorious name.

"Why is he here..."

God King Sikong suddenly had a headache.

What exactly was the Heavenly Roundtable?

An organization founded by the Heavenly Sword?

Who else was in it? How powerful were they?

God King Sikong was concerned about the mysterious Heavenly Roundtable.

"Heavenly Sword, you're just in time. I was going to you after I dealt with Shinra Pirate," Mo Tianyin said coldly.

"Heavenly Sword, Mo Tianyin has a short temper. Now that the two universes are at war, we shouldn't be fighting against ourselves anymore. Please stand down and try not to cause a huge scene," God King Sikong talked to Chu Kuangren via telepathy.

"Don't worry, the Heavens know what he is doing," Chu Kuangren replied telepathically.

God King Sikong breathed a sigh of relief.

It was settled.

It was great that the Heavenly Sword understood the difficulties of his position.

"Heavenly Sword, I take your silence as a sign of fear. If you want to die together with Shinra Pirate, I don't mind granting you your wish," Mo Tianyin continued.

"Since you have offended the mighty Heavens, I will allow you to challenge me."

Chu Kuangren raised an eyebrow, and a boundless aura erupted.

God King Sikong was stunned.

'Heavenly Sword, do you really know what you are doing?'

Mo Tianyin grinned, and the aura of a Multi-Embodier erupted. "If you win, the Dao King Tribe will no longer hold Shinra Pirate responsible for what he did to us; if you lose, I will kill you and him together."

Without further ado, he stretched his hand toward Chu Kuangren.

Daoist laws intertwined, and as his Dao had reached the Perfected level, a common God King would have a hard time defending against his attack.

Chu Kuangren chose to face the incoming attack with his sword hand sign.

Daoist law glowed at the tip of his finger and transformed into a sharp sword qi.

The moment the sword and palm clashed, the explosion sent both of them sliding away.

Mo Tianyin was surprised. "You can block my attack? I'm a Perfected Multi-Embodier. Heavenly Sword, you are amazing."

"You, however, have disappointed the Heavens," Chu Kuangren said.

Then, he drew the Void Sword from his waist.

A large amount of Daoist law intertwined across its blade, and the Dao energy presence that it released was almost at Peak level.

"He has improved so much in such a short time!" God King Sikong was in awe.

Chu Kuangren's improvement was mind-blowing.

"Divine Lightning Sky Dominating Punch!"

Mo Tianyin channeled his Multi-Embodier energy.

A pitch-black palm seal fell from the sky, carrying massive lightning energy as it crashed toward Chu Kuangren.

"O' Heavens Bear Witness, Beyond Heavenly Sword!"

Daoist laws swirled at the tip of the Void Sword, activating the Ultimate Almighty Source power.

The slash decimated the massive pitch-black palm easily.

As a result, Mo Tianyin was forced back by the blast.

"What? He blocked my attack!"

Mo Tianyin was shocked. After all, his attack carried genuine Multi-Embodier energy.

It was not something a common Supreme God King could withstand, yet Chu Kuangren decimated it with just one slash.

His power was a little too terrifying.

Then, it was Chu Kuangren's turn to attack.

He swung the Void Sword in a flurry and unleashed sword rays that blinded the realm.

Mo Tianyin channeled his energy to the limit to block it, but he felt he was being suppressed.

His expression turned heavy.

He was a Multi-Embodier, for crying out loud!

"Violet Thunder Blade!"

Mo Tianyin unveiled a supreme treasure in his hand.

It was a long saber surrounded by violet lightning. With the supreme treasure in hand, his energy surged.

He unleashed a slash and shattered Chu Kuangren's sword rays.

"Heavenly Sword, taste my full power!"

Mo Tianyin raised the long saber. Daoist laws intertwined, and a massively terrifying saber shadow fell from the sky. The aura from the saber shadow shattered millions of planets.

Chu Kuangren unveiled the Eight-faced Emperor Hammer to counter the ultimate attack.

The power of a Pseudo Chaos Supreme Treasure erupted.

Kaboom!

The saber shadow shattered, and the shockwave blasted Mo Tianyin away.

The Dao in his body was deeply shaken.

Chu Kuangren followed up with a more powerful attack with the hammer.

Following a massive explosion, one of Mo Tianyin's Dao was shattered.

"Heavenly Sword, stop it! Please stop it!" God King Sikong shouted. He could not allow Chu Kuangren to continue his killing spree.

However, Chu Kuangren did not stop.

Right before the deadly blow was delivered, Mo Tianyin bit the bullet and imploded his body to transform into countless blood particles that scattered away.

Chu Kuangren grunted. Although he had used Heavenly Prison to hold them back, the blood particles were too many and he could not capture them all.

Many blood particles disappeared beyond the stars.

"Hmph. That's it for an ancient God King?" Chu Kuangren scoffed and grinned.

Unparalleled After Ten Consecutive Draws

Chapter 1955: Black Sky Embodier Art, The God King Meeting, Is the Heavens' Reputable Enough?

"That's it for an ancient God King?"

Chu Kuangren scoffed and sheathed the Void Sword.

Then, he looked at God King Sikong and saw the shock on his face. It was as if the man was shocked by his abilities.

God King Sikong regained his composure when he noticed the questioning look from Chu Kuangren. He immediately said, "Heavenly Sword, you've improved a lot, so much that it's surprising."

Chu Kuangren barely reacted to his words. Instead, he said, "Is that all you have to say?"

"Oh, actually, I want to invite you to attend the God King Meeting at the Central Heaven Temple," God King Sikong said.

"The God King Meeting?"

"Yes. Now that the two universes are at war, we've decided to hold a meeting, and we hope you can attend," God King Sikong said.

In response, Chu Kuangren's lips curled into a smile.

He had grown so strong that he was invited to attend the meeting of higher-ups of the Central Heaven Universe, and it would greatly benefit his future plans.

"The Heavens will attend," Chu Kuangren said.

"Then, I will inform you of the time when it's fixed," God King Sikong said before he nodded and left.

"Thank you for saving us, Chairman."

Shinra Pirate expressed his gratitude for Chu Kuangren's help.

Chu Kuangren was the founder of the Heavenly Roundtable, so calling him chairman was only fitting.

"It's fine. You guys should head to the Void Battlefield first."

"We understand."

Shinra Pirate led his men away and continued cruising toward the Void Battlefield.

"Let's go, Heavenly Shadow," Chu Kuangren said as he turned away.

The Heavenly Shadow simply followed him away without saying a word.

Two years went by.

However, for Chu Kuangren, even tens of thousands of years had passed by, it was like a snap of his finger.

Two years were nothing to him.

"Congratulation, Host! You've won a God-tier prize, the Black Sky Embodier Art!"

Chu Kuangren was doing a gacha draw and got a God-tier prize.

Most of the God-tier prizes were no longer significant to him, but he had a look at it out of habit.

Upon checking the attributes of the prize, he was surprised.

The Black Sky Embodier Art was a special Embodier Technique. The Embodier Technique combined the manifestation technique, the cultivation technique, the Dao enlightening technique, and others.

The technique allowed a person to split into two, a main and a sub, or a clone.

When the main and the clone continued their cultivation and ultimately fused, the cultivated techniques and enlightenment would be combined.

It was like doubling one's cultivation speed and efficiency.

It might sound extremely powerful, but it had its restrictions and limitations as well.

It could only be used once in a lifetime and was only effective for cultivators below the Primordial Realm.

Despite the limitations, it was still a powerful technique.

It reminded Chu Kuangren of Green Lotus Chu Kuangren.

The Green Lotus Chu Kuangren was a manifestation of himself.

He was a lot stronger and was at a much higher grade than a common clone, which made him the other Chu Kuangren.

If he and the Green Lotus Chu Kuangren cultivated the Black Sky Embodier Art and both fused in the end, how powerful would he become?

It made Chu Kuangren even more excited.

Hence, he cultivated the technique and transferred it to Green Lotus Chu Kuangren as well.

The two of them cultivated the technique together and soon mastered it.

Another year passed, and Chu Kuangren had completely mastered the Black Sky Embodier Art.

Then, he received a message from the Central Heaven Temple, inviting him to attend the God King Meeting.

"Now, let's see which God Kings are attending the meeting," Chu Kuangren said with a grin.

...

All the God Kings from different forces gathered in the Central Heaven Temple.

Most of them were shrouded in Immortal Sparks to conceal their true identities, but they all emanated an ancient energy presence.

"Mo Tianyin, I heard you lost a spar with a junior."

A teasing voice echoed across the room.

Mo Tianyin's expression turned grim. "Hmph! Thousand Flame God King, are you asking for a fight? I wouldn't mind having a full-out brawl."

"Haha! One of your Dao has been destroyed. Are you still strong enough to fight me?" Thousand Flame God King, who was shrouded in Immortal Sparks, ridiculed.

"You..." Mo Tianyin was furious.

As a matter of fact, a Multi-Embodier's strength was determined by the number of Dao they embodied.

Mo Tianyin only had two Dao originally, so he was not the strongest among Multi-Embodiers.

Now that Chu Kuangren had destroyed one, it would take him at least tens of millions of years to recover.

Chu Kuangren's hammer attack was vicious.

"Enough. Stop the argument. The Heavenly Sword is an unusual one. I fought him once, and he wasn't easy to deal with," said another voice.

It was the Titan Tribe's Multi-Embodier, God King Yuan Teng.

His fight with the Heavenly Sword surprised the others.

Yuan Teng then explained that when he woke up from slumber, he fought the Heavenly Sword at the Ancient Merchant Planet.

He said in a gruff voice, "Back then, one of my Dao was still recovering, but I was able to escape. And now, Mo Tianyin has lost one of his Dao to the Heavenly Sword. The Heavenly Sword's improvement is staggering."

"Could it be that Mo Tianyin is useless?" the Thousand Flame God King continued to ridicule.

Mo Tianyin was furious, and his God King aura erupted. "Thousand Flame God King, if you want to fight, just get on with it! Stop spitting nonsense!"

"Hmm? Come on, I'm not afraid."

Then, a streak of rainbow light swept across the room, causing all the God Kings to tremble before it.

They all looked at the figure enveloped in the rainbow Immortal Sparks with reverence and a hint of fear.

The man was the strongest of the ancient God Kings and also one of the oldest beings in the Central Heaven Universe. His power was second only to the Primordials.

"You people annoy me," the figure in rainbow Immortal Sparks said.

His words immediately silenced everyone in the room, and no one dared to speak up.

Then, another man entered the room. It was God King Sikong.

He counted the people enveloped in Immortal Sparks.

Although some did not show up, the meeting could carry on.

However, he was concerned about a particular person that he invited and did not show up.

The Heavenly Sword said that he would attend, yet he was nowhere to be found.

"God King Sikong, when is the meeting starting?" asked an impatient God King.

If God King Sikong were not the Left Guardian of the Central Heaven Temple, the representative of the Temple Master, the God Kings would not answer to his invitation.

"Wait. Someone is not here yet," God King Sikong said.

"Hmph. Are you saying that all of us should wait for this particular someone?"

"God King Sikong, we allowed you to host this meeting because you're Shen Tian's representative. Don't get carried away and waste our time here."

"I want to know who is such a big deal that we have to wait for," someone said with a cold grunt.

"What about the Heavens? Are the Heavens reputable enough for you to wait for?"

Another voice sounded across the room.

Followed by an oppressive sword aura, all the God Kings shrouded in Immortal Spark were almost forced out of their disguises.

They all looked to the source of the voice.

Unparalleled After Ten Consecutive Draws

Chapter 1956: All of You Are Brave, Distribute The Troops, He Killed A Primordial Before

The God King Meeting was finally happening.

While the God Kings questioned God King Sikong's unprofessional conduct, someone walked into the room.

It was Chu Kuangren.

The sword aura he carried swept across the room.

All the God Kings shrouded in Immortal Sparks responded with a strange look on their faces when they sensed the energy presence.

"It's outstanding!"

"The Heavens? It seems like you're the infamous Heavenly Sword."

"This aura... Are you provoking us?"

The God Kings looked on with curiosity, but some of them showed hostility instead, such as Mo Tianyin. His expression turned gloomy as he stared at Chu Kuangren coldly.

He remembered the hammer attack that destroyed one of his Dao like it happened yesterday.

Another one who showed hostility was a figure surrounded by black mist. He was the ancient God King of the Nether King Tribe.

The God Kings from the Emperor Tribe and Luo King Tribe, as well as some ancient God Kings who more or less had a conflict of interest against Chu Kuangren, also showed hostility toward him.

Even though the God Kings concealed their hostility well, the Heavenly Shadow, a devil that feasted on rage and malice, was extremely sensitive toward hostility.

The hostility that the God Kings showed toward Chu Kuangren was all exposed under his sharp senses.

He marked down all the energy presence. Those who stood against the Devil's master must die.

A cold glint shone in the Heavenly Shadow's eyes.

However, Chu Kuangren did not notice the Heavenly Shadow's unusual reaction. He looked at the group of God Kings and told Lil Ai to analyze them for more information.

"Interesting. Your reputation precedes you. You are much more arrogant than I imagined," the Thousand Flame God King said.

Then, a burst of aura came from him.

The energy of a Multi-Embodier assaulted Chu Kuangren like a cataclysmic flame that would burn all living beings to cinders.

Despite being pressured by the aura, Chu Kuangren stood with his hands behind his back.

Then, the sword aura on him became stronger.

When the two auras clashed in the room, the entire temple shook.

"We are all ancient God Kings who were part of the previous universal war. What is a junior like you doing here, attending the God King Meeting?" asked another God King.

Another blast of energy erupted.

"Hmph. Heavenly Sword, it's been a while." Yuan Teng looked at Chu Kuangren with a smile, and his aura erupted.

There was also Mo Tianyin, who lost one Dao to Chu Kuangren and was furious because of the loss.

He, too, wanted to join the others in suppressing Chu Kuangren.

The auras of four ancient God Kings were blasted toward Chu Kuangren. Any common Supreme God King would be trembling uncontrollably under such a domineering combination of auras.

However, Chu Kuangren remained unfazed.

In the next second, a surge of peerless Daoist law energy gushed out. It was so strong that it almost wrecked the place.

"This Dao..."

After the God Kings sensed Chu Kuangren's Dao, their expressions shifted. They somehow felt suppressed and countered.

They could not believe they had lost in terms of aura!

"His Dao is unusual. He has his own embodiment of Dao, and it doesn't belong to this universe. No wonder we can't suppress him."

"The Heavenly Sword is indeed a force to be reckoned with."

Their expressions turned heavy.

In fact, the other God Kings, who did not show hostility, reacted with an odd look as well.

"You guys are brave to be acting so audacious in front of the Heavens? But are you brave enough to fight the Heavens?" Chu Kuangren glared at them as he said.

"Hmph..."

Thousand Flame God King grunted. He wanted to answer the challenge, but God King Sikong intervened and stopped things from exacerbating.

"Everyone, please calm down. We're having a meeting, not a fight."

"God King Sikong, why did you invite the Heavenly Sword?" Thousand Flame God King asked coldly.

"It's the Temple Master's idea. If you have a problem with it, bring it up to him," God King Sikong said with a grin.

Thousand Flame God King simply grunted and sulked.

Question a Primordial?

Even if had the nerves to, he would not do it.

Therefore, everyone agreed to let Chu Kuangren attend the meeting.

"Hmph. What a disappointment," Chu Kuangren said.

Thousand Flame God King breathed heavily in reaction to Chu Kuangren's tease, holding back his anger.

God King Sikong felt extremely helpless whenever Chu Kuangren was around.

He said to Chu Kuangren telepathically, "Heavenly Sword, these are the pillars of the Central Heaven Universe. Can you please be more tolerant of them?"

"Don't worry. The Heavens know what he is doing."

God King Sikong's lips twitched helplessly.

'The Heavens know what he's doing?'

He said the same thing a while back but destroyed one of Mo Tianyin's Dao.

He sighed and decided to carry on with the meeting agenda.

The meeting was held to discuss the situation at the Void Battlefield and to form a solution to deal with the elites of the Pan Gu Universe.

Chu Kuangren was able to learn some information regarding some ancient Embodiers of Pan Gu Universe, including the Seven Celestial Demons.

"Heavenly Sword, I hope you can take the point at the Ninth Continent," God King Sikong said.

The Ninth Continent was one of the Central Heaven Universe's defense lines.

Chu Kuangren nodded without expressing any objections. "Of course."

He had to go to the Void Battlefield sooner or later, so he would treat the Nine Continent as his springboard.

The other God Kings were also assigned to different defense points.

Chu Kuangren marked down all the locations secretly.

After all, it was vital information for the Pan Gu Universe.

"One more thing. When all of you are there, please be careful of this person."

God King Sikong lifted his hand and summoned a Dao projection.

Chu Kuangren glanced at the person.

Who else could it be if not his other self?

"His name is Chu Kuangren. The Temple Master said he will grant anyone who kill this person one wish, be it the insights to breakthrough to the Primordial Realm or a Premium Supreme Source Treasure."

The incentive of killing Chu Kuangren intrigued all the God Kinds, including Chu Kuangren.

It seemed like Shen Tian was invested in killing his other self.

"Who is this person? Why is the Temple Master so concerned about him?"

"Damn, he looks like a baby."

"Killing a junior? Isn't that easy?"

The God Kings chuckled.

What God King Sikong said next left everyone bewildered.

"He killed a Primordial."

His words silenced everyone in the room.

Everyone was deeply shaken, and their fluctuating auras were proof. Even the person in the rainbow Immortal Sparks was surprised.

"Killed a Primordial? Are you serious?"

"Someone in the Pan Gu Universe can kill a Primordial?"

"Huh? Is the Temple Master sending us to our death? How are we going to fight someone who killed a Primordial?"

The request sparked a heated debate.

God King Sikong waved his hand and explained, "Calm down everyone. The Temple Master and two other Primordials headed to the Pan Gu Universe a while back to seal Wu Han, but they were heavily injured.

"This person here seized the chance and killed one of them..."

God King Sikong explained what happened during the battle.

The God Kings calmed down after learning the truth, but they were still surprised.

After all, Chu Kuangren was powerful enough to kill a Primordial!

Unparalleled After Ten Consecutive Draws

Chapter 1957

"Even though he killed a Primordial when the latter was heavily injured, you should not underestimate him. Killing him will be a difficult task," said the person in the rainbow Immortal Sparks.

The others seemed to agree.

The meeting went on with them discussing information regarding Chu Kuangren before it ended.

Then, everyone left Central Heaven's Temple.

Chu Kuangren wanted to head to the Void Battlefield but was stopped by someone on the way there.

Judging from the scorching and domineering aura from the person, he was none other than the Thousand Flame God King.

Chu Kuangren looked at him. "What's the matter?"

"Punk, you were arrogant during the meeting," Thousand Flame God King said coldly.

Chu Kuangren pursed his lips. "Are you challenging the Heavens right now?"

"What if I am?"

The aura on Thousand Flame King erupted, growing stronger and more rampant.

The other God Kings stopped and decided to watch the interesting confrontation.

They wanted to take a look at how powerful the Heavenly Sword, who reigned supreme in this era, was.

"I heard he defeated Mo Tianyin."

"Thousand Flame God King is as strong as Mo Tianyin, but his Divine Flame Phantasm Body might be a little difficult to deal with."

"That's right. Can the Heavenly Sword handle it?"

Bang!

While the other God Kings were talking, Thousand Flame God King started the fight with a fierce attack.

"As a senior, I will teach you a lesson that there are always people stronger than you and skies beyond the heavens!"

The Daoist laws in Thousand Flame God King's body rang as he threw a fiery punch forward, unleashing a scorching flame that gushed toward Chu Kuangren.

Even the void was distorted by the heat.

Chu Kuangren drew his sword with a clunk.

The sharp sword qi that gushed out contained the Emperor Overlord qi.

With a single slash, he split the incoming heatwave into two.

"The Heavens is the highest there is!" Chu Kuangren said.

His sword aura erupted and shook the universe.

"Emperor qi and Overlord qi? No wonder he's so arrogant. Emperor Overlord Physique is a rare one."

"Tsk. Tsk. He's really a monster."

The other God Kings clicked their tongues in awe.

Meanwhile, Thousand Flame God King narrowed his eyes solemnly.

He raised his hand, channeled his Daoist laws, and flames started spewing from his body, forming a few figures in the void.

They were multiple copies of himself!

All the clones looked exactly like him and bore the same scorching and rampant aura.

It was difficult to tell who the real Thousand Flame King was.

"Divine Flame Phantasm Body! Go!"

The Divine Flame Phantasm Body was the Thousand Flame God King's unique Embodier Technique.

It allowed him to create clones using the Divine Flame inside his body, and each clone possessed a part of his strength, which was the reason why it was so difficult to differentiate the real one from the clones.

"Oh? Clones? So what?"

Chu Kuangren swung his sword in a flurry.

The powerful sword qi crushed the clones easily, but the flames gathered once more and reformed the same clones.

It was an endless battle.

"Hahaha! Heavenly Sword, I created the clones with the Divine Flame. As long as I'm here, they are indestructible! No matter how strong you are, how many more can you kill?"

Thousand Flame God King's voice sounded from all directions.

It was difficult to locate the real Thousand Flame God King based on his voice alone.

Chu Kuangren's eyes narrowed coldly. He wanted to use Lil Ai to find the real Thousand Flame God King, but the Heavenly Shadow came up with a suggestion.

"Master, can the Devil have him?"

"Oh? You're interested in him, huh?"

"Yes," Heavenly Shadow said.

"You can have it."

Chu Kuangren sheathed the Void Sword.

Upon seeing that, Thousand Flame God King's expression turned grim.

"You're sending your follower to fight me? Heavenly Sword, this is too much!"

Then, the Divine Flame Phantasm Bodies jumped on Chu Kuangren.

However, Chu Kuangren was unfazed and continued to stay in his spot.

At that moment, a black saber ray shone, and violet devilish flowers bloomed in the void, looking creepy and beautiful at the same time.

Wherever the devilish flowers bloomed, death intent followed.

The flowers crushed the Divine Flame Phantasm Bodies one by one.

"You are unforgivable for attacking Devil's master!"

As the Heavenly Shadow raised his hand, a giant black flower bloomed behind him and released endless malicious intent.

The other God Kings were in awe.

"I have never seen this power before!"

"What a terrifying malicious intent!"

The devilish flower bloomed and transformed into a pitch-black saber.

Following that, the Heavenly Shadow attacked again.

The pitch-black saber ray shrouded the area.

"Evil Flower, Eight-Ways Slaughter!"

The Divine Flame Phantasm Bodies were crushed once more by the saber ray.

However, the flames continued to burn, and Daoist laws intertwined to form phantasmic clones with the same powerful auras again.

"You can't kill all the clones!"

"Is that so?" Heavenly Shadow grinned wickedly.

He locked onto one of the Thousand Flame God Kings, and his pitch-black blade unleashed a chilling and malicious intent.

Devilish flowers bloomed around him, and when the flowers were in full bloom, the realm was silenced.

"Flowery Wither, Beyond Man's Return, Silent Blade!"

The flowers withered rapidly, and a boundless death intent flooded the area.

A beautiful but sharp saber ray slashed across the horizon, hitting all the Thousand Flame God Kings.

Bang! Bang! Bang!

The saber ray left no Thousand Flame God Kings alive.

Then, blood splattered everywhere, and an arm was severed.

Thousand Flame God King looked at his severed arm with the grimmest look. His expression spelled disbelief as he roared, "How did you find me?"

"Your malice is too obvious," Heavenly Shadow said with a hint of pity in his eyes.

His slash was aimed at Thousand Flame God King's weak point, but the man dodged it at a critical moment.

Hence, the Heavenly Shadow could only take one of Thousand Flame God King's arms, which was not enough!

The Heavenly Shadow's gaze turned cold, and he swung the devilish blade in a flurry once more.

To him, the clones from the Divine Flame Phantasm Body were nothing but a fake image, so it could not confuse him.

He was the Devil and was sensitive toward malice.

The Divine Flame Phantasm Bodies might look real, but they were all puppets without emotions.

No matter how well the Thousand Flame God King concealed himself, as long as he held malicious intentions toward the Heavenly Shadow or Chu Kuangren, the Heavenly Shadow would be able to locate him easily.

"Evil Flower, Heavenly Devil Dance!"

He brandished the devilish blade in the air, casting devilish flowers in the area.

Thousand Flame God King was caught off guard. Coupled with the fact that he had lost one of his arms, he could not respond in time and was immediately put in a disadvantageous position.

"Damn it! A wise man should know when to back off! I must leave!" Thousand Flame God King thought to himself.

With that, his figure flashed, wanting to flee the scene, but the Heavenly Shadow's bloody eyes shone.

The Devil's Blood Eye was activated.

A massive bloody boundary appeared and sealed the entire area.

"Damn it!"

Thousand Flame God King looked at the Heavenly Shadow after his escape route was shut. "I surrender. I lost."

Heavenly Shadow scoffed. "You insulted the Devil's master, and surrendering isn't enough. You shall pay with your life!"

He then unleashed another deadly attack at the Thousand Flame God King.

"What? You're going to kill me?" Thousand Flame God King's expression turned bitter.

Then, a domineering rainbow-colored palm seal fell from the sky and crushed the bloody boundary, saving Thousand Flame God King at that critical moment.

Chu Kuangren looked in the direction of the palm attack.

It was the person shrouded in rainbow Immortal Sparks, and he had intervened.

However, his aura somehow felt familiar.

"I see..."

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1958: Heavenly Rainbow Dragon's Concern, Ninth Continent, Chi Xue's Display Of Strength

"I see..."

Looking at the person shrouded in rainbow Immortal Sparks, Chu Kuangren's eyes glinted in realization. Then, he chuckled and said, "Intervention? Are you trying to go against the Heavens as well, Heavenly Rainbow Dragon?"

Heavenly Rainbow Dragon?

The person shrouded in rainbow Immortal Sparks was one of the oldest beings in the Central Heaven Universe, the forefather of the Dragon Tribe, Heavenly Rainbow Dragon.

"Hmph. Heavenly Sword, even if Thousand Flame God King offended you, he shouldn't be punishable by death. You're too tyrannical," Heavenly Rainbow Dragon said calmly.

"Tyrannical? It's because the Heavens have the power to be tyrannical!"

"I cannot allow you to kill him."

"In that case, we shall see if you have the power to save him."

Chu Kuangren stood with his hands behind his back, and a powerful aura erupted.

Heavenly Rainbow Dragon skipped the chatters and pointed his finger at Chu Kuangren.

Immediately, a rainbow-colored dragon claw stretched out at Chu Kuangren.

It contained all kinds of powerful Daoist law energies that felt mystical.

Chu Kuangren raised his hand, and a ball of golden flame was ignited in his palm. It then transformed into a crimson beast shadow.

It was the Infernal Dragon's power!

Bang!

The Infernal Dragon's power clashed with the rainbow-colored dragon claw.

The void was torn to shreds by the explosion, and it took a while for the two energies to dissipate.

"It really is the Dragon Tribe's power..." Heavenly Rainbow Dragon muttered.

As a matter of fact, he did not care about Thousand Flame God King's life or death.

The reason he intervened was because he needed an excuse to test Chu Kuangren's power.

He had heard a lot about Chu Kuangren, and what he found the most intriguing thing was Chu Kuangren's use of the Dragon Tribe's power.

He wanted to witness it with his own eyes. Now that he had seen the power of the Infernal Dragon, he was deeply shocked.

He even had a feeling that the Infernal Dragon's power surpassed his own in terms of potential and quality.

It was the first time he heard in countless years that there was another older and stronger dragon in this universe other than the Heavenly Rainbow Dragon!

With that, he wanted to kill Chu Kuangren.

The strongest dragon in this universe could only be him, the forefather of the Dragon Tribe!

There should not be any stronger or older dragons other than himself.

It should not exist!

"Are you afraid?"

Seeing the change in Heavenly Rainbow Dragon's emotion, Chu Kuangren scoffed.

At the same time, fighting the Heavenly Rainbow Dragon with the Infernal Dragon's power verified some of his thoughts. The Infernal Dragon's power indeed had the potential to suppress the Heavenly Rainbow Dragon.

In terms of quality, the Infernal Dragon's power was much higher than the Heavenly Rainbow Dragon.

"Hmph. Heavenly Sword, we will meet again soon."

The Heavenly Rainbow Dragon calmed himself down before he disappeared in a flash.

As for Thousand Flame God King, he was long gone.

Only the other God Kings were left in the void, staring at each other, baffled.

"That's it?"

"I can't believe they didn't brawl it out!"

"I have a feeling that the Heavenly Rainbow Dragon reveres the Heavenly Sword. How unbelievable."

"Indeed..."

A short discussion later, the group scattered away.

Chu Kuangren did not linger as well and made his way to the Void Battlefield.

At the same time, other forces of the Central Heaven Universe were heading to the Void Battlefield.

...

The Void Battlefield had multiple continents floating in space, creating a freaky and strange scenery.

Two figures arrived at one of the continents.

It was Chu Kuangren and the Heavenly Shadow.

They were heading toward the Ninth Continent, where the Central Heaven Universe constructed their tactical defense line.

There was a massive fortress located on the Ninth Continent, painted in black and looking solemn.

The fortress had an army of fully armed soldiers on guard. They were handpicked from all the different forces across the Central Heaven Universe.

Deep inside the fortress was a room with all the generals gathered up for a meeting.

"I just received an order from the higher-ups that they are sending someone here to take charge of everything on the Ninth Continent," said the leader of the group.

The man's name was Chi Xue, a God King who had been in charge of everything on the Ninth Continent for some time now. All the others in the room were his trusted men.

When his subordinates heard him, their expressions shifted.

"What are the higher-ups up to? Why are they sending someone here all of a sudden?"

"The Ninth Continent is as strong as a fortress with us here. There's no need to put someone else in charge."

"Yeah. It's unnecessary."

The group was displeased with the decision of having a new superior.

Chi Xue was satisfied with his subordinates' reactions. It was exactly what he wanted. As long as his men were unhappy with the new superior, he could continue to take charge of the fortress and the entire Nine Continent.

The Ninth Continent had an abundance of resources for cultivation.

Throughout the years, he used his privilege and authority to secure a lot of cultivation treasures for himself, and there was no way he would give the convenience away to someone else.

Shortly after that, Chu Kuangren and the Heavenly Shadow arrived at the black fortress on the Ninth Continent.

He looked at the massive structure before he headed inside.

However, before he set foot inside, multiple auras exploded and locked onto him.

Then, a barrage of Immortal Techniques was fired at him.

Kaboom!

The sword qi in Chu Kuangren erupted and destroyed all the incoming attacks.

"The welcoming ceremony here is quite special," Chu Kuangren said with a frosty glint in his eyes.

"Stop it. Stop it, everyone!"

Chi Xue came out from the fortress, telling his men to stop the aggression.

His men finally stopped after receiving orders.

Chi Xue went up to Chu Kuangren with a smile, saying, "Heavenly Sword, I'm so sorry about that. They thought you were some intruder. That was why they welcomed you in such a rude way. Please don't mind them."

"If the Heavens remember correctly, the temple should have informed you of the Heavens' arrival. Shouldn't you be prepared for that?" Chu Kuangren asked.

"We are so sorry, Heavenly Sword. The general is busy with many affairs, and such a trivial matter might have slipped his mind," said the aide beside Chi Xue.

"Yeah. I believe the famous Heavenly Sword is a magnanimous person. I suppose you won't hold a grudge against us, right?"

"The magnanimous Heavenly Sword wouldn't mind."

"The general is busy, and sometimes he gets carried away. That was why he forgot about your arrival. Please forgive us."

The other aides and generals spoke on behalf of Chi Xue.

Chu Kuangren chuckled at their explanations. "I see you are great at commanding your soldiers. The Heavens haven't said a word, and your men are talking on your behalf already."

"We're all brother-in-arms, and we share a strong bond. Please don't mind them, Heavenly Sword," Chi Xue said calmly.

"Fine. Where is the military consultant?" Chu Kuangren asked.

No one answered.

Then, Chi Xue said, "Military consultant, step forward."

A man in green robes stepped out.

Chu Kuangren's eyes narrowed sharply. "Intriguing."

It seemed like the soldiers refused to listen to his command.

The Heavenly Shadow, who was behind Chu Kuangren, responded with a frosty glare.

For disrespecting the Devil's master, the insolent soldiers should be punished by death.

He could sense the malice the soldiers had for Chu Kuangren, and it fueled his impulse of drawing his sword at them.

"Fine. The Heavens is tired. Take me to my room."

"Men, arrange a room for the Heavenly Sword."

That night, Chi Xue and his men gathered at the general's residence.

"Hahaha! We showed the Heavenly Sword who's the boss, and it felt great!"

"So what if the Heavenly Sword is famous in the Central Heaven Universe? This isn't a place where he can simply step in and take charge. How can he be assigned to take over the Ninth Continent when he has no experience in commanding an army? What a joke!"

"Yeah!"

The men drank and chatted happily.

While they happily drowned themselves with alcohol, someone appeared behind them.

It was the Heavenly Shadow.

Unparalleled After Ten Consecutive Draws

Chapter 1959: Those Who Defied the Heavens Shall Be Executed, Water Nation Warring Map

"Heavenly Sword's follower? Who allowed you in here?" one of the assistant generals bellowed as he stood up.

The others were startled as well.

To be able to sneak into the place without them knowing, even they had to acknowledge that the Heavenly Shadow was someone powerful.

"This is the general's residence. Since the Devil's master has taken over the Ninth Continent, why can't the Devil be here?" the Heavenly Shadow asked.

The others exchanged a baffled look at each other after what he said.

The Heavenly Shadow was right.

However, the problem was that the assistant generals refused to acknowledge Chu Kuangren as their new superior.

"The Heavenly Sword has yet to move into the general residence, so General Chi Xue is still in charge of this place. How rude can you be to barge in uninvited?" one of the assistant generals bellowed coldly.

The Heavenly Shadow scoffed. "Rude? If the Devil decides to be rude, none of you will be able to handle it. The Devil is here to deliver a message from the Devil's master. General Chi Xue, please compile the names of the generals and soldiers in the next two days and hand them over to the Devil's master together with the commanding token."

The assistant generals exchanged another baffled look with each other.

Chi Xue then smiled and said, "I will have them prepared."

"Let's hope so."

The Heavenly Shadow then turned into a black shadow, disappearing from the room.

"General, are you really going to hand over the commanding token?" the military consultant asked.

Chi Xue scoffed. "Hand it over? No way. As long as he doesn't have the commanding token, he won't be able to command the soldiers. Then, I will report this to the temple and label him as incompetent. The temple will transfer him away."

"General, you're wise!"

"We don't need to throw him out. We just need to let him know he is not welcome here and understand it's not easy taking over the Ninth Continent."

"Yeah."

The group continued drinking and chatting.

Two days later, Chi Xue was in one of the general's tents, busy with military affairs.

Suddenly, a vast sword aura swept out and flooded all the tents in the area.

All the soldiers looked in the direction of the source.

"What is going on? Is it an enemy attack?"

"No, this doesn't feel right."

Further away, two people walked over.

It was Chu Kuangren and the Heavenly Shadow.

After Chi Xue sensed the aura, he took his time coming out from the tent and welcomed Chu Kuangren.

"Heavenly Sword, welcome. Please forgive me for not being able to welcome you in time."

Chu Kuangren smiled. "It has been two days. The Heavens is here for the names of the generals and the commanding token. Are they ready?"

"Oh my. I'm so forgetful. I forgot about it again!"

Chi Xue tapped his forehead, feigning regret before explaining, "It's just that military affairs can get quite hectic, and I'm afraid you might not be able to handle the work load. Why don't you let me take charge for now? Then, you can relax and spend some time getting used to the place first."

He sounded sincere, as if he was giving solid advice.

Chu Kuangren laughed at his explanation. "General Chi Xue, I wonder what will you do to soldiers who defy your order here?"

"What do you mean by that, Heavenly Sword?" Chi Xue asked with furrowed brows.

"Tell the Heavens how you will punish them."

"If it's not that serious, their cultivation bases will be stripped; if it's serious, they will be executed," Chi Xue said.

"Very well. In that case, you should execute yourself," Chu Kuangren said.

His words shocked the soldiers.

The assistant generals reacted with not just shock but anger as well.

"Heavenly Sword, no!"

"Heavenly Sword, you have no right to do that!"

Bang!

A vast sword aura swept across the field.

The assistant generals felt like they had mountains on their shoulders and started finding it hard to breathe.

Fear was written all over their faces.

"Heavenly Sword, I, Chi Xue, have given my blood, sweat, and tears to the Central Heaven Universe. I have killed countless enemies on the battlefield and achieved a lot for our universe. Yet, you're going to execute me?" Chi Xue bellowed, and his expression was grim.

"No amount of achievements and merits can allow you to defy an order."

Sword qi gathered at the tip of his finger, which was also swirling with killing intents.

Chi Xue was so angry that he cackled and said frantically, "Very well. I shall see how powerful the Heavenly Sword is!"

He channeled his Daoist law energy and drew his saber.

In a split second, a frosty saber ray shot out at Chu Kuangren. The Daoist law energy it contained felt indomitable, sturdy, and terrifying.

Chu Kuangren, on the other hand, simply drew an arch in the air with his fingers.

Swoosh!

In just a flash, two Daoist law energies clashed.

Two figures exchanged blows in the air.

"Those who defy the Heavens will end up like him," Chu Kuangren said indifferently.

At the next moment, tens of thousands of sword qi burst out of Chi Xue's body and ground his Dao to nothing.

"H-How is this possible?" Chi Xue screamed in disbelief as he looked at his heavily injured body and Dao, which had been ground to nothing.

He could not even withstand one attack!

Bang!

Chi Xue's body exploded, marking the end of his life.

Seeing their general die in front of them, the soldiers were shaking in fear.

Killing a God King with just one slash?

How powerful was the Heavenly Sword?

"Anyone has any objections?" Chu Kuangren looked at the others.

The soldiers trembled before they started to kneel before Chu Kuangren.

"General!"

Chi Xue would never have thought that the brother-in-arms who drank with him a few days ago were all kneeling before Chu Kuangren now.

He died because he neglected the fact that, in the army, power spoke louder than authority, and Chu Kuangren's power far exceeded his.

Soon, Chu Kuangren took charge of the entire Ninth Continent.

He then moved into the general residence and checked the compiled names of the assistant generals and soldiers.

He wanted to know more about how strong the Ninth Continent was.

The Ninth Continent was not too weak but not too strong either, at least to him.

However, he was not overly concerned because he was not here to take charge of the defense either.

On the second day, he did a gacha role.

"Congratulations, Host! You've won a God-tier prize, the Water Nation Warring Map!"

Chu Kuangren's eyes glinted.

Another God-tier prize?

He took a better look at the prize.

The Water Nation Warring Map was a powerful formation technique.

The formation allowed one to collect rage qi on the battlefield and convert them into power to use.

The more rage qi it collected, the stronger the formation.

It was labeled as a God-tier prize, so its power was self-explanatory.

"Water Nation Warring Map..."

Chu Kuangren's eyes shone.

He had a feeling that the formation would be the key to turning the situation around in the Void Battlefield.

The rage qi of the battlefield?

Where else would have a large amount of rage qi if not the Void Battlefield?

"If I can set this formation across the entire Void Battlefield, the amount of rage qi collected would be astronomical. With that, I can face anyone without fear.

"Of course, I would have to refine the required items and ask the other me to help set up the formation on the entire Void Battlefield," Chu Kuangre muttered with anticipation rising in his heart.

With the soldiers of two universes fighting in the Void Battlefield, he could set up the formation at the Central Heaven Universe's side, but he had to rely on Green Lotus Chu Kuangren to do the same on the Pan Gu Universe's side.

Only with the two of them working together would they be able to set up the Water Nation Warring Map across the entire Void Battlefield.

"General, the enemy is attacking!"

The military consultant rushed in and reported the situation to Chu Kuangren.

"I'll go have a look."

Chu Kuangren's figure flashed and appeared at the walls of the fortress.

A powerful aura was attacking the fortress from afar, where multiple figures were fighting. All kinds of Arch Gilded intents and Immortal Techniques erupted in the air.

"God Kings of the Central Heaven Universe, come out and die!"

A loud cackle echoed across the clouds.

A figure walked across the sky with Immortal Sparks surrounding him.

His powerful aura flooded the entire fortress.

Chu Kuangren took a closer look at the person.

"Oh, it's him..."

Unparalleled After Ten Consecutive Draws

Chapter 1960: Fight Yun Zhongyue, Black Heaven's Fortune Noble Star, The Heavens Look Forward To It

"Oh, it's him..."

Chu Kuangren was surprised by the person who launched the attack.

He had actually met the man before.

The man was Yun Zhongyue, one of the Embodiers who suppressed one of the locations contaminated by the Dao contamination qi back at the Pan Gu Universe.

He was pretty powerful and had achieved the Peak Embodier Realm in his cultivation.

Hence, he was a lot stronger than Chi Xue.

His arrival brought forth a terrifying Embodier aura that surrounded the fortress. All the cultivators within the fortress were so shocked and scared that their bodies started trembling.

"I-It's a God King elite!"

"This aura is a lot stronger than that of General Chi Xue! Damn it! We're in trouble now!"

Yun Zhongyue cackled loudly upon arrival, and his Embodier aura was everywhere.

He lifted his hand, which swirled with Daoist law energy, and with a single punch, the fist energy obliterated tens of thousands of cultivators within its range.

It was terrifying.

Some Arch Gilded Immortals tried to stop him but were no match for him.

The difference in their strengths was too big.

"Hahaha! The God King that holds the fort inside, come out and meet your doom!" Yun Zhongyue bellowed.

His intimidating aura shook even the universe.

Then, Chu Kuangren came out.

In the blink of an eye, he appeared before Yun Zhongyue, and his Dao emanated a loud buzz that easily overpowered Yun Zhongyue's.

"This aura... It wasn't in the brief!"

Yun Zhongyue's expression changed. Based on the information he got, the one in charge of the defense line at the Ninth Continent's fortress was just a Novice Embodier, so there was no way the person could release such a strong aura.

What was going on?

How did the intelligence agent get the information?

Yun Zhongyue cursed to himself.

Unbeknownst to him, Chu Kuangren had arrived just a few days ago, and the information had yet to reach Pan Gu Universe.

"It's the Heavenly Sword! The Heavenly Sword is here!"

The cultivators within the fortress were delighted to see Chu Kuangren.

They had witnessed Chu Kuangren executing Chi Xue with just one slash. It must mean that his strength far surpassed a common God King.

With such strength, he should be able to fight Yun Zhongyue.

"Oh? Heavenly Sword?"

Yun Zhongyue heard the cultivators calling Chu Kuangren the unusual name, and it intrigued him. He blinked his eyes as he said, "So you're the strongest Prodigy of the Central Heaven Universe? This is great!"

Chu Kuangren looked at the man and suddenly remembered what he said before.

Yun Zhongyue once said that if he ran into the Heavenly Sword, he would kill him and remove a big obstacle for Pan Gu Universe.

Who would have thought that his wish would be granted?

"Heavenly Sword, you are unlucky for running into me. Now, die!"

Yun Zhongyue skipped the chatters and lifted his hand, unleashing the terrifying Daoist law energy from his punches.

The Daoist law energy transformed into a silvery white torrent.

Chu Kuangren responded by pointing out his sword hand sign.

Bang!

The collision shattered the void.

Chu Kuangren did not even flinch, but Yun Zhongyue was pushed back a few steps.

"How terrifying!"

Yun Zhongyue's eyes widened in shock.

The other cultivators from Pan Gu Universe were similarly astonished.

"He's so young, yet he has reached such a terrifying level in his cultivation! I think only the Immortal King of our universe, Chu Kuangren, can be his match!"

"Yeah. He's too strong!"

On the Central Heaven Universe's side, the cultivators were excited.

"The Heavenly Sword is the strongest!"

"Yeah!"

Those loyal to Chi Xue were glad that the Heavenly Sword was on their side. Otherwise, there was no way Chi Xue could beat Yun Zhongyue, and if they lost the defense line, it would be the end for them.

"No one is allowed to be so arrogant before the Heavens," Chu Kuangren said to Yun Zhongyue with an indifferent look.

Then, he raised his hand. His sword qi was channeled once again, and the Emperor Overlord qi swirled around him.

It transformed into a vast sword ray that felt like it could tear heaven apart.

"It's so powerful!"

Yun Zhongyue's expression turned grim. Then, he bellowed and unleashed all his Daoist law energy to counter the incoming strike.

Within a second, a bright moon rose behind him.

It was as bright as the real moon in the sky!

Daoist law energy swirled around the artificial moon.

The moon's brilliance was clear as water and beautiful, but it contained intense killing intent.

Wherever the moon's brilliance shone, life withered.

"White Moon Sky Wheel!"

Yun Zhongyue channeled his energy to the limit and hurled the moon at Chu Kuangren.

The sword shadow was also aimed at the hurling moon.

The moment the sword and moon clashed fiercely, the void shattered with indomitable strength, and the cultivators caught in the shockwave were sent flying away.

Even the Arch Gilded Immortals were pushed back.

When the dust settled, everyone saw the figure in white standing firm in the sky while the other party looked weak and pale, with his life hanging by a thread.

Chu Kuangren is unscathed!"

"What?"

The cultivators from Pan Gu Universe were shocked.

They knew how strong Yun Zhongyue was. He was an Embodier Elite who barely had a worthy opponent in their own universe.

However, he could not even land a scratch on Chu Kuangren!

"Damn it! We miscalculated!"

"Retreat!"

The cultivators from Pan Gu Universe wanted to flee, but the cultivators from Central Heaven Universe, whose morale had been boosted after Chu Kuangren beat Yun Zhongyue, chased after them.

"Run? No way!"

"With Heavenly Sword here, no one is escaping alive!"

The Arch Gilded Immortals went after the cultivators of Pan Gu Universe, and Chu Kuangren did not stop them either.

Yun Zhongyue's face looked pale. He clenched his teeth and muttered, "Damn it. I must at least cover their retreat!"

As such, he got up to channel his Daoist law energy again, and another moon rose behind him.

The energy from the moon swept across the field, pushing back all the cultivators in pursuit.

"A spent force," Chu Kuangren bellowed.

He unleashed a palm attack forward, pushing Yun Zhongyue away.

"With the general holding back the Embodier, we can pursue the others!"

"Yeah..."

Then, a massive astral diagram appeared in the void.

The astral diagram contained mystical energy, and the stars on it lined up to form the Big Dipper but with nine stars. It was stunning.

The pursuers were met with an explosive sword qi, raining down on them like a storm.

The cultivators that were hit exploded into clouds of blood mist. Not even the Arch Gilded Immortals could escape from it.

"Whose sword qi is that?"

Those who survived were baffled and surprised.

Someone then threw a palm attack at the astral diagram.

Bang!

The palm attack carried the strength of an Ultimate Arch Gilded Immortal.

It was from one of the assistant generals.

An even stronger sword qi burst from the astral diagram, crushing the palm energy from the assistant general, and blasted the man away, injuring him heavily.

"The Black Heaven's Fortune Noble Star is here! Such audacity shall not be tolerated!" a calm voice said.

Even the voice contained surges of sword qi.

Following that, everyone looked at the fading astral diagram and saw a stem of green sword grass.

The sword grass fluttered and released sword qi that soared across heaven like the milky way.

The sword attack swept across the battlefield and was aimed at Chu Kuangren.

"Oh? Interesting."

Chu Kuangren was slightly surprised.

The attack did not contain any Daoist law, but its power was strong enough to threaten an Embodier.

"He has cultivated the Green Leaf Sword Vision to that level..." Chu Kuangren smiled.

He swung his sword forward and shattered the incoming sword qi with ease.

Meanwhile, Yun Zhongyue seized the chance to flee the battlefield.

"Heavenly Sword, we will meet again one day. When that day comes, I will stand before you and test the strength of your sword," the voice said.

"The Heavens look forward to that day," Chu Kuangren said.
