Chapter 2001: This Is An Accident, Confiscating The Immortal Hall's Military Rights

Looking in the direction where Immortal Emperor Luo Tian fled, Chu Kuangren did not pursue. He was almost certain that Immortal Emperor Luo Tian was the mole that the Central Heaven Universe planted in Pan Gu Universe, but he did not want to kill the man yet.

He could still use the man in part of his plans.

Then, he looked at the soldiers on the continent and said, "The enemies have been defeated. The danger is over!"

The soldiers were thrilled to hear his voice!

"Heavenly Sword!"

Someone took the chance to call out his name.

"Heavenly Sword!"

"Heavenly Sword!"

The others echoed. Soon, everyone was chanting his name.

Chu Kuangren nodded happily.

He had gained more reputation for himself, a bargain indeed.

Emperor Skylord looked at Chu Kuangren, who was adored by many. He clenched his teeth as the bitter emotion rose.

It was not that he could not beat Immortal Emperor Luo Tian, but to the soldiers, it looked exactly like that.

The Heavenly Sword defeated the enemy that he could not. Therefore, the Heavenly Sword's reputation would surely surpass his.

Comparison was the thief of joy.

"Heavenly Sword... What a troublesome opponent indeed."

...

Back in the temple, God King Sikong was confused.

His plan was flawless. In order to make sure Immortal Emperor Luo Tian secured the Eleventh Continent, he even secretly cut all reinforcement calls from that land.

The other continents were also mobilized to strengthen their defenses.

However, why did the Heavenly Sword show up on the Eleventh Continent?

Should he not be on the Ninth Continent?

God King Sikong was struck by a massive headache.

He must get a clear answer from the Heavenly Sword during the next meeting.

The news of the Heavenly Sword supporting the Eleventh Continent and defeating Immortal Emperor Luo Tian, whom Emperor Skylord had lost to, spread like wildfire.

Almost everyone in the universe heard of the news.

It sparked a heated discussion among the people.

...

On the Fourth Continent of Pan Gu Universe, Immortal Emperor Luo Tian came back with his soldiers from an embarrassing defeat.

"Damn it! Damn it!"

Immortal Emperor Luo Tian was infuriated.

He vented out his anger at the continent, blasting mountains into powder.

Myriad Dusk Immortal Emperor and the others watched from the side but dared not say a word.

"It seems like the loss has dealt a great blow to Immortal Emperor Luo Tian."

"The Heavenly Sword is really powerful. Not even Immortal Emperor Luo Tian is his match. I think only Chu Kuangren can fight him."

The other Immortal Emperors exclaimed with a sigh.

Soon, Immortal Emperor Luo Tian was done lashing out.

He went to the secret room and contacted God King Sikong.

He said with a grim look, "I want an explanation."

God King Sikong shrugged helplessly. "It was an accident."

"Accident?"

Immortal Emperor Luo Tian laughed out loud. "I brought a hundred million soldiers from the Immortal Hall there, and you're telling me it was an accident? Before I led my men to battle, I told them I would take down the Eleventh Continent, and now I've embarrassed myself in front of them. Yet, you're telling me that it's an accident?!"

"I took a huge risk to betray my universe just to work with you, and you're telling me it was a f*cking accident?"

Immortal Emperor Luo Tian was infuriated.

If God King Sikong were real, he would jump on the man and eat him alive.

He was frustrated!

However, God King Sikong was not angry at all after being scolded. He simply said, "I didn't expect the Heavenly Sword to appear."

"Isn't he one of you? Can't you stop him? You represent Shen Tian, but why don't you have the power to stop the Heavenly Sword?"

"Heavenly Sword is a special one. I suspect he's a spy, so I cannot tell him about you."

"A spy?"

Immortal Emperor Luo Tian was surprised. "Pan Gu Universe sent a spy over there? Why haven't I heard anything about this?"

"I want you to investigate this secretly."

"I will take note. What are you going to do with the Heavenly Sword?" Immortal Emperor Luo Tian asked.

Even though the battle was his first meeting with the Heavenly Sword, the embarrassing loss not only disrupted the plan but also injured him.

Therefore, he also resented the Heavenly Sword, who was second only to Chu Kuangren.

"I'm still thinking of a way to deal with him. He's a special one, similar to Chu Kuangren of your universe."

"Chu Kuangren? Hmph!" Immortal Emperor Luo Tian grunted coldly.

Both the Heavenly Sword and Chu Kuangren were outstanding but similarly resentful.

After the secret meeting, Immortal Emperor Luo Tian received a call from Chu Kuangren to attend the meeting in the Deep Mind Dimension.

He frowned and had a bad feeling about that meeting.

Inside the Deep Mind Dimension, all the Embodiers of Pan Gu Universe gathered.

When Immortal Emperor Luo Tian arrived, all eyes were on him.

Some sneered at him, while some felt bad for him.

They all knew he had just lost the battle.

For a moment, Immortal Emperor Luo Tian felt embarrassed.

"Tsk, ts. It's not easy for you to come back alive," Zi Jinlun sneered at him.

"Hmph!" Immortal Emperor Luo Tian grunted without saying anything.

Chu Kuangren glanced at him and then proceeded with the meeting.

"The meeting today is to inform you that from now on, you will be transferred away from the Fourth Continent and assigned to the Thirty-Fourth Continent. As for Myriad Dusk Immortal Emperor, Dragon Shadow Immortal Emperor, and the others, I have other arrangements for them."

Upon hearing Chu Kuangren's arrangement, Immortal Emperor Luo Tian shivered. He looked at Chu Kuangren in disbelief and bellowed, "You're trying to weaken my military rights!"

"It's just a necessary arrangement."

"Nonsense!"

Immortal Emperor Luo Tian threw a fit.

Aside from losing the battle to the Heavenly Sword, Chu Kuangren was trying to further weaken his military influence!

He would not allow it!

"Mind your words."

Chu Kuangren glared at him and said, "Do you have any idea how many men you lost in this siege on the Eleventh Continent? You can't even utilize the military rights of the Immortal Hall to its full potential."

"But this is my military right. What does it have to do with you?"

"I can transfer and deploy any military forces in the Pan Gu Universe now, including your military rights of the Immortal Hall soldiers."

"You..."

Immortal Emperor Luo Tian tried to argue, but what Chu Kuangren said next silenced him.

"I know you won't accept this easily, so I got everyone here to make a vote. Those who agree for Immortal Emperor Luo Tian to keep his military rights over the Immortal Hall, raise your hand."

Immortal Emperor Luo Tian looked around.

Aside from Buddha Yun Lan, Yun Zhongyue, and the Black Heaven Nine Stars, Moon Rabbit, the drunkard, Lu Jun, Li Tu, and all the Peerless Warlords who used to be his comrades-in-arms did not raise their hands.

It was obvious that Immortal Emperor Luo Tian had lost more than just a battle — he lost his reputation.

He felt terrible.

"Immortal Emperor Luo Tian, the Immortal King is the leader of Pan Gu Universe, and he has the right to mobilize all the military forces in this universe. It's not appropriate for you to possess the military rights of the Immortal Hall," Li Tu said, attempting to persuade him.

Immortal Emperor Luo Tian was pressured by everyone else at the meeting.

In the end, he was forced to accept his defeat.

"As your command, Immortal King," Immortal Emperor Luo Tian said helplessly.

There was no room for him to argue.

As a matter of fact, if Chu Kuangren wanted, he could slowly confiscate the Immortal Hall's military rights.

However, if Immortal Emperor Luo Tian handed the military right over himself, it would make him look less of an embarrassment.

"Chu Kuangren! I will never forget this!"

Immortal Emperor Luo Tian hated Chu Kuangren for leaving him without the military rights to the soldiers of the Immortal Hall. All he had left was the title of the Peerless Warlord.

If he wanted to deal with Chu Kuangren, he would have to rely on the Central Heaven Universe.

Meanwhile, in the Central Heaven Universe, another meeting was being held.

Unparalleled After Ten Consecutive Draws

Chapter 2002: Passing By, There's A Spy Among Us, Suspicion

A meeting to discuss the attack on the Eleventh Continent was held in the Central Heaven Universe.

This time, all the attendees no longer criticize or sneer at Chu Kuangren.

A while back, they sneered at him for not contributing to the war.

Now, he had fought off Immortal Emperor Luo Tian, a Peerless Warlord.

It was a massive achievement because not even Emperor Skylord could successfully defend the continent, but Chu Kuangren did it single-handedly.

With that achievement alone, it would not be an exaggeration to confer him the title of Peerless Warlord.

Luo Yunxiu, Wu Mian, and the others from the Nine Kings were against Chu Kuangren, but after he achieved such huge merit, it fueled their jealousy and resentment of him.

However, they were more surprised about his strength — that he could single-handedly stop the Peerless Warlord, a Multi-Embodier.

It was something even they could not achieve.

"Heavenly Sword, don't get ahead of yourself. This is just one achievement. The Nine Kings have achieved a lot more than you," Luo Yunxiu said with a cold grunt.

"Hold up. I may be a Nine King, but I dare not be boastful in front of the Heavenly Sword. You can represent yourself," Ling Fei said.

Luo Xue echoed, "It's just one achievement, but to be able to defeat a Peerless Warlord and fend off the siege is a massive feat. It's even more important than countless other achievements."

"Emperor Skylord, what's wrong with you? I refuse to believe you can't stop Immortal Emperor Luo Tian with your strength."

Ba Shen switched the target to Emperor Skylord.

Emperor Skylord was rendered silent, and his lips twitched helplessly.

He could, of course, stop Immortal Emperor Luo Tian, but he could not reveal the truth. The feeling of keeping a secret from the others was terrible, and he had to swallow up all the grievance alone.

In the end, after a struggle with his thoughts, he said, "Immortal Emperor Luo Tian is something else. I'm glad the Heavenly Sword decided to help."

God King Sikong was annoyed to see that.

He knew Heavenly Sword did not do anything, but to the others, he had achieved something big.

The battle between the Heavenly Sword and Immortal Emperor Luo Tian had spread like wildfire.

Due to that, the Heavenly Sword's reputation had risen to a whole new level.

"Heavenly Sword, why were you on the Eleventh Continent," God King Sikong asked curiously.

"The Heavens was passing by," Chu Kuangren said.

'He was passing by? That's it?'

He passed by and simply defeated a Peerless Warlord?

The others were speechless.

"Were you really just passing by?" God King Sikong was suspicious.

The Void Battlefield was massive and almost boundless, yet he chose to pass by the Eleventh Continent to disrupt their plan, was it?

God King Sikong refused to believe it.

"Actually, I was the one who requested support from the Heavenly Sword."

It was then that Di Feitian spoke up, and it surprised everyone.

They did not know that Di Feitian kept in contact with the Heavenly Sword.

God King Sikong frowned. He had cut off all the communication channels on the Eleventh Continent but missed out Di Feitian.

"Let's put that aside first. The Heavens have something more important to say," Chu Kuangren said as he looked around.

The attendees of the meeting were curious. Even God King Sikong was intrigued. Hence, he picked up his cup of tea and was all ears.

"The Heavens believe there's a spy among us."

God King Sikong spat his tea out immediately.

Spy?

The biggest suspect was him, the Heavenly Sword!

Heavenly Rainbow Dragon, Ba Shen, Emperor Skylord, and the few ancient God Kings narrowed their eyes.

They knew about the spy, but most of the God Kings did not

When the other attendees heard Chu Kuangren, they were shocked.

"Spy? Who is it?"

"Damn it! Which f*cker betrayed us!?"

"Heavenly Sword, do you have any proof? You can't simply accuse anyone!"

Everyone looked at Chu Kuangren.

However, Chu Kuangren remained calm. "The Heavens have a guess as to who the spy is. This person holds great power and position, and we should not underestimate this person."

He then looked at God King Sikong.

God King Sikong's heart skipped a beat, and a bad feeling rose in his heart.

"This person is you! God King Sikong!"

Everyone else immediately looked at God King Sikong, leaving him stunned.

'What in the hell? I've been secretly investigating the spy, and it turns out to be me in the end, huh?'

"Heavenly Sword, mind your words," God King Sikong said grimly.

"The attack on the Eleventh Continent isn't by chance. First of all, the attack happened when the other continents were mobilizing and strengthening their defenses. Secondly, Dei Feitian asked me for help because all the communication methods were cut off for some reason.

"These are all highly classified military secrets, and only God King Sikong has access to all of them. Think about it. If it's not God King Sikong working with the enemy, why would Immortal Emperor Luo Tian attack at such a sensitive time, leaving Emperor Skylord in an isolated situation?"

Chu Kuangren's explanation sounded reasonable, and everyone started to believe him.

God King Sikong was sweating nervously. 'Damn it!'

Chu Kuangren sounded so convincing that the others believed him.

Most importantly, God King Sikong really did all of those mentioned because of the plan.

However, he was not the spy. He was just trying to give the Eleventh Continent to Immortal Emperor Luo Tian, the spy they implanted in Pan Gu Universe, to strengthen his influence there. It was classified, and he could not reveal it at the meeting.

While the others glared at him suspiciously, he suddenly had no words to defend himself.

Emperor Skylord felt bad for him.

'God King Sikong, you're on your own on this one,' he thought to himself.

"God King Sikong, we demand an explanation!"

"Is the Heavenly Sword telling the truth?"

"If you're a spy, I will rip you apart!"

Some questioned him, and some revealed their killing intentions.

God King Sikong took a deep breath and said, "I admit I did not plan things out carefully for the defense mobilization. But as for the cutting off of the communication channels, I have sent someone to investigate it, and it's actually a technical error..."

His words were not convincing at all.

God King Sikong continued, "I knew about the spy a long time ago, and I've been investigating it secretly for years. Heavenly Rainbow Dragon and Ba Shen can vouch for me."

"He's right."

"Indeed."

The others calmed down a little after Heavenly Rainbow Dragon and the rest vouched for God King Sikong.

God King Sikong breathed a sigh of relief. 'That was close.'

"Besides, I'm the designated representative of the Temple Master. I have pledged my loyalty to him and will never betray him."

The others then remembered that God King Sikong was chosen to be Shen Tian's representative, so the odds of him being a spy was near zero.

That was unless he could fool even a Primordial.

"You said you were investigating the spy. What have you gotten after all these years?" someone asked.

"This spy is hiding very well, and I haven't been able to pinpoint this person yet," God King Sikong glanced at the Heavenly Sword as he spoke.

The Heavenly Sword frowned when he caught God King Sikong's glance. "Are you trying to say the Heavens is the spy?"

God King Sikong explained, "I didn't mean that."

"Hmph!"

The meeting carried on as they talked about the spy, but it ended without any result.

At the end of the meeting, the God Kings were extra suspicious of one another and started to be cautious.

God King Sikong's heart skipped a beat.

Suddenly, a terrifying thought popped up in his mind.

Flushing out the spy was not the true intention of the Heavenly Sword.

Heavenly Sword's true intention was to release the information to them so that the God Kings would doubt and suspect each other.

From there, he would break them apart from the inside.

If God King Sikong's thought was true, it would be terrifying.

The odds of the Heavenly Sword being the spy skyrocketed in his mind, but it all remained as groundless guesses.

He had no solid proof.

Given the Heavenly Sword's reputation and power, calling him the spy without any solid evidence would cause panic across the universe.

If they somehow killed him and he turned out not the spy, the universe would lose its strongest sword against Chu Kuangren of the Pan Gu Universe.

Chapter 2003: Secret Realm Open, Nine Kings Strike, Chu Kuangren Went Alone

The meeting ended on a bitter note, and God King Sikong remained shaken after the meeting.

"God King Tianji was sent to investigate the Heavenly Sword, but he died. Six Eyes tried to have a peek into the Heavenly Sword's destiny, but he died as well. Immortal Emperor Luo Tian and I planned to surrender the Eleventh Continent to Pan Gu Universe, allowing Immortal Emperor Luo Tian to have more influence over there, but Heavenly Sword foiled the plan..."

"Maybe he has started to suspect that I was investigating him, so he intentionally brought up the topic of the spy and sowed discord among us during the meeting..."

God King Sikong pondered.

To him, he had labeled the Heavenly Sword as the spy already.

What a terrifying opponent!

Even if he was certain that the Heavenly Sword was the spy, he could not act recklessly. Who knew what the Heavenly Sword would do if he was forced into a desperate situation?

The Heavenly Sword had quite an influence in Central Heaven Universe.

A few of the Nine Kings had a strong relationship with him.

If he decided to go after the Heavenly Sword, he must strike fast and surely, or else, the consequences would be terrible.

"The Temple Master said that the secret realm is about to open soon. Since we can't go there ourselves, we should send the Nine Kings there. As for Pan Gu Universe, Chu Kuangren would probably go there himself.

"After all, their overall combat capabilities pale in comparison to us, and after losing two Peerless Warlords, they have limited manpower.

"The resources in that secret realm are important, and there's a high chance that Chu Kuangren might go there alone," God King Sikong muttered to himself.

It should be time for the Nine Kings to fight Chu Kuangren.

...

On the Ninth Continent of the Central Heaven Universe, Chu Kuangren was deducing the outcome of the universal war again, and the results he saw this time were a lot more positive.

Even though the odds were still against Pan Gu Universe, the ratio had increased from three to seven.

"It seems like it's because I've weakened the Immortal Hall's military rights and instilled suspicion in the higher-ups of Central Heaven Universe," Chu Kuangren muttered to himself.

He had done a lot to change the outcome, but the odds continued to favor the Central Heaven Universe.

It was solid evidence of how powerful the Primordials were.

However, Wu Han had heavily injured the two Primordials, and it would certainly take them a while to recover.

What did they do to hasten their recovery?

He could not deduce that particular outcome.

All he saw was a terrifying blood-colored glare in the blur.

He tried exploring more, but he did not get anything beyond that.

Suddenly, he sensed something from the Void Battlefield.

He looked at the Void Battlefield and felt an energy fluctuation.

A spatial crack opened up.

All kinds of treasures could be seen inside, such as Immortal Herbs, Immortal Metal, Embodier Fragments, and more.

Was it a treasure land hidden in the Void Battlefield?

Those who saw the spatial crack breathed heavily as they were thrilled, but because of military order, they could not enter it.

Chu Kuangren was slightly surprised.

"Oh? This secret realm..."

He tried to deduce more about the secret realm. However, before he could reach the outcome, Lil Ai beat him to it and provided him with the analysis result.

"This secret realm is the spatial crack of the Void Battlefield. But because it has absorbed an abundance of Embodier Fragments, it has produced all kinds of treasures..."

Chu Kuangren gave a big thumbs up to Lil Ai as he listened to the analysis result.

Lil Ai was useful at times.

While Chu Kuangren was concentrating on the spatial crack, Lil Ai sighed.

As Chu Kuangren grew stronger and wiser, he rarely used Lil Ai for analysis anymore.

Now, with his newly acquired Great Destiny Technique, his deduction result was more or less equivalent to Lil Ai's analysis result.

Lil Ai suddenly felt useless.

She was eager to grow stronger, but there was no way for her to do that.

...

The appearance of the secret realm alerted the two universes.

God King Sikong saw it as well.

He told everyone to be on standby and not act recklessly. Then, he informed the Nine Kings and sent them there.

A bolt of lightning flashed high across the sky.

Lei Shentian stared at the spatial crack with his electrifying gaze. "I am now an Expert Embodier God King and am one step shy from achieving Peak realm. There might be some treasures that can help me breakthrough."

On the other hand, Wu Mian vanished and headed toward the secret realm.

He had replaced Nether God as the strongest among the Nine Kings, but it was far from enough.

Be it Chu Kuangren or the Heavenly Sword, he had no confidence to beat either of them.

However, there might be some great Opportunities of Fortune inside the secret realm for him.

With that, the Nine Kings appeared and headed to the secret realm.

The cultivators of the Central Heaven Universe were thrilled to see them.

"The Nine Kings! The Nine Kings has moved out together!"

"Ha! The Nine Kings' strengths are extraordinary! If they move out together, they can easily conquer the puny secret realm!"

"You're right!"

Meanwhile, in the other universe, everyone was also eager to explore the secret realm, and they debated who should be sent there.

However, as they had to defend against the Central Heaven Universe's invasion, most of them could not leave their station and those who could were no match to the Nine Kings.

"I'll go," Chu Kuangren said.

Zi Jinlun raised a brow and voiced his objection. "No, you're our leader. What if something happens to you? Who's going to lead us?"

"Yeah!"

"Let me go. I'm strong enough to fight the Nine Kings." Immortal Emperor Luo Tian volunteered to go to the secret realm.

"You should stay where you are," Chu Kuangren said.

He strongly believed if he sent Immortal Emperor Luo Tian to the secret realm, the man would not only allow the Nine Kings to explore the place at will, but he might even hand over the treasures willingly.

"When I'm away, all of you will take orders from Linglong," Chu Kuangren said.

Everyone knew that Gu Linglong was his Daoist partner.

In the past few decades, Gu Linglong had presented herself as a capable leader and commander in battle despite her lack of strength.

No one voiced any objections about her taking Chu Kuangren's place.

However, Immortal Emperor Luo Tian grumbled and said, "Are you going to let a woman take command? What a joke!"

His words infuriated the other women present at the meeting.

Supreme Overlord Soul, Moon Rabbit, Hong Yang, and other female elites glared at him with gazes as sharp as blades.

Under their threatening gazes, the man shivered and decided to zip his mouth.

After finalizing the details, Chu Kuangren left.

Zi Jinlun and Li Tu suddenly lamented.

"If it weren't because of our lack of military power, the Immortal King wouldn't have to do this himself," Zi Jinlun said with a shake of his head.

"I agree. With the current situation, it's not an exaggeration to say that the Immortal King single-handedly carried us all in this war. If not for him, we would have lost this war already."

After decades of war, Chu Kuangren's reputation had reached an unprecedented high.

Even the ancient Embodiers who looked down on him at first started to believe in him.

"Alright. Now that the Immortal King is away, let's stay focused and be wary of the enemies! We must defend our bases!"

"Of course!"

All of them were energized, except for Immortal Emperor Luo Tian.

A bitter feeling rose in his heart. He resented Chu Kuangren, yet Chu Kuangren's reputation grew higher by the day.

The Immortal Hall's reputation alone was not enough for him to return to his former glory.

Hence, it made him even more determined in working with the Central Heaven Universe. It was his only hope.

Chapter 2004: Enter The Secret Realm, Fight Nine Kings, Great Dao Avatar

Chu Kuangren arrived in the secret realm inside the Void Battlefield.

The place was massive. The land was borderless, and the sky was filled with endless stars.

Mystical Daoist law light could be seen flickering in the sky.

On a closer look, the starry sky was actually a manifestation of the Daoist law energy.

It reminded Chu Kuangren of the Central Heaven Temple.

The temple had a similar starry sky, but this one was much bigger and the Daoist law energy was much more lively.

"I'm looking forward to meeting the Nine Kings," Chu Kuangren muttered.

He was not concerned about the individual Nine King, but when all of them were together, they could summon the manifestation of the Great Dao.

However, the Nine Kings had not displayed this ability of theirs yet.

It seemed like they were using it as a killer move against himself.

Unfortunately, unbeknownst to them, he already knew what they were preparing.

He explored the secret realm and found many treasures, but only a few intrigued him.

Suddenly, Chu Kuangren saw some light further away.

He walked closer to find a colorful fruit tree in front of him.

The colorful Divine Fruits on the tree were crystal clear, and they all emanated a mystical Five Elemental Daoist law energy.

"These Divine Fruits have absorbed the Embodier Fragments. If I absorb and refine them, I can fuse the Five Ways Dao."

Chu Kuangren's Dao had reached the Perfected realm, and he had broken through to become a Multi-Embodier long ago.

In the past few decades, other than his own Dao, he had also fused the Destruction Dao and Creation Dao, which were based on the characteristic of the Chaos Green Lotus.

Both his Creation and Destruction Dao were at Peak levels.

Now, he had three Dao in his body.

Compared to decades ago, his combat power had not skyrocketed, but it did improve quite a bit.

Chu Kuangren looked at the Five Elemental Divine Fruits before plucking them

"I'll refine them when I get back."

Several days later, a boundless surge of Daoist law energy came from deep inside the secret realm.

Chu Kuangren's eyes narrowed.

Then, a pillar of light shot up into the sky.

The starry sky formed by countless Daoist laws trembled, and the stars in the sky were shattered by the violent quakes from the pillar of light.

They shattered into the purest forms of Daoist law energy and were absorbed into the pillar of light.

Chu Kuangren's eyes shone.

Judging from the commotion, something amazing must be hidden in the light.

Chu Kuangren's figure flashed and headed to the pillar of light.

Meanwhile, the Nine Kings who were exploring the secret realm sensed the energy as well.

"This energy is unusual."

"Let's go have a look."

Wu Mian, Xuan Yuanfeng, and the others were thrilled.

They had acquired many treasures from their exploration, but they had a feeling that all the treasures they had gathered so far paled in comparison to what was in the pillar of light.

It must be a massive Opportunity of Fortune!

The nine of them immediately headed to the pillar of light.

...

Deep inside the secret realm was a massive lake.

When Chu Kuangren arrived at the lake, even he was shocked and in awe by what was inside the lake.

The lake was different from other lakes.

Its water was glimmering with different colors.

On a closer look, it was not actually water but unimaginably dense Embodier Fragments and Daoist law fragments.

"How many Embodier elites had to die here to create such a massive lake?" Chu Kuangren was astonished.

The two universes fought for many years in the Void Battlefield.

It seemed like all the Embodier Fragments from the dead Embodiers had ended up in this lake.

He pondered as he stared at the lake.

If he could absorb all the Embodier Fragments in the lake, how much would his cultivation level increase?

The thought alone excited him.

Then, multiple figures flew in.

They were the Nine Kings.

The nine of them narrowed their eyes when they saw him, and their expressions turned serious. All of them had started to channel the Daoist law energy inside them.

They were extremely afraid of Chu Kuangren.

"The biggest enemy of the Central Heaven Universe, we have finally met," Wu Mian told Chu Kuangren.

"I've heard a lot about the Nine Kings. I heard you guys rival the Black Heaven Nine Stars," Chu Kuangren said.

In the past few decades, the Nine Kings had fought the Black Heaven Nine Stars the most.

Besides the Peerless Warlords, the eighteen of them were the brightest stars in the Void Battlefield.

With their counterparts pressuring them, both sides improved rapidly.

"You're the one who founded the Nine Stars, right?"

"That's right."

"Great. We shall see how strong the creator of the Nine Stars is."

Wu Mian skipped the chatters and attacked immediately. The Dao in his body buzzed, and he swung the saber that he summoned at Chu Kuangren.

The saber ray danced in the sky, and a tidal wave of Daoist law energy erupted.

On the other hand, Chu Kuangren pointed his sword hand sign and blasted a sword qi forward.

Bang!

The saber ray shattered, and the remaining sword qi blasted Wu Mian several hundred meters away.

The look on his face changed.

It was just one strike, and he could tell the difference in their strengths was obvious.

"Is this the Nine Kings? You people are much weaker than I expected," Chu Kuangren said scornfully.

Wu Mian looked at him with fear in his eyes.

Chu Kuangren's power had far exceeded his expectations. He gave his all in his attack, yet it was destroyed with just one strike of his opponent's sword qi.

The difference in strength was unbelievable.

The others were shocked when they saw Wu Mian blasted away by a single sword qi.

Luo Yunxiu shouted, "Together!"

The Nine Kings attacked together.

All kinds of Immortal Techniques and divine abilities were blasted at Chu Kuangren like a ceaseless wave, including sword qi, saber ray, lightning energy, and more.

All the Nine Kings were Outliers Prodigies, and their combat powers surpassed their cultivation level.

When all nine of them teamed up, even a Peerless Warlord must be careful.

However, Chu Kuangren remained unfazed, showing no intention of retreating.

Daoist law energy started to swirl around him, and his Immortal Core energy filled the sky.

As he pointed his sword hand sign to the sky, boundless sword qi gathered at the tip of his fingers, and energy fluctuation rippled outward.

The Immortal Techniques and divine abilities were all negated when they collided with the energy fluctuation ripple.

Chu Kuangren was unscathed.

"What?"

"How is he so powerful?"

Wu Mian narrowed his eyes. "We must use our trump card."

The others then released a unique energy fluctuation, and mystical runes appeared above them.

It was the Nine King's Mark!

The mark of the Nine Kings swirled in the air and merged.

Bang!

The void exploded, lighting the realm with the endless Immortal Sparks that burst out.

The Nine Kings transformed into nine streams of light and merged into the burst of Immortal Sparks.

Then, Daoist Rhymes echoed across the secret realm, causing the whole secret realm to tremble violently.

When the Immortal Sparks faded, a golden titan appeared, clad in golden armor and with mystical Daoist patterns carved into its body.

The titan's face had no facial features. Only an endless swirl of Daoist law energy was flowing within it, and a sliver of its energy presence would easily terrify a common Embodier.

Chu Kuangren looked at the Titan and felt an immense pressure — a pressure he did not even feel from Heavenly Rainbow Dragon.

In other words, the titan was much stronger than Heavenly Rainbow Dragon.

"So this is the final power of the Nine Kings, the Great Dao Avatar," Chu Kuangren muttered.

He was not afraid. Quite the opposite, he felt inspired and eager to challenge the titan.

"In that case, I shall see whether the Great Dao Avatar or my Chaos Green Lotus' energy is stronger!"

Chapter 2005: Fighting The Great Dao Avatar, The Battle That Lit Up The Void

Inside the Central Heaven Temple, Shen Tian suddenly opened his eyes.

He lifted his hand and summoned a light screen.

The screen was showing the battle between Chu Kuangren and the Great Dao Avatar, summoned by the fusion of the Nine King's powers.

The two faced each other, and an amazing battle was about to break out.

"They finally met. Let me see who is stronger," Shen Tian mumbled.

On the other side of the universe, a man sitting in a blood palace sensed the upcoming battle in the Void Battlefield as well. A grin appeared on his face.

"What a massive Great Dao Avatar. I would like to see how Chu Kuangren can stop this."

The man was Emperor Feng, one of the remaining two Primordials.

Back in the Void Battlefield, many elites sensed the Great Dao Avatar's appearance, and they all looked in the direction of the secret realm.

"What a powerful aura! Who is that?"

"It's similar to the Nine Kings, is it really them?"

Even the ancient God Kings were surprised.

The temple and the Nine Kings had kept the Nine Kings' ability to summon the Great Dao Avatar a secret, so only a handful of people knew about it.

Most of them did not know the Nine Kings had such a powerful trump card.

God King Sikong smiled. "The Great Dao Avatar! They've finally unveiled the trump card they've been hiding for so long! Now, show me what you can do!"

...

"It's so powerful! Can the Immortal King handle it?"

"I didn't expect the Nine Kings to have such a powerful trump card hidden under their sleeves. Damn it! This is a trap set up by the Central Heaven Universe!"

"Who knew the Nine Kings could do this?"

The people of the Pan Gu Universe were worried when they sensed the Great Dao Avatar.

On the other hand, Immortal Emperor Luo Tian's anticipation rose.

"Damn. The Central Heaven Universe still has this little trick under its sleeves. This is... great! I hope that thing kills Chu Kuangren now."

...

Back inside the secret realm, the moment the Great Dao Avatar appeared, endless pressure was blasted at Chu Kuangren, attempting to drown him.

However, Chu Kuangren stood in the air, unconcerned.

Then, he revealed a halberd in his hand.

It was the Sky Dominion Halberd!

He used the Pseudo-Chaos Supreme Treasure to fight the Great Dao Avatar that the Nine Kings summoned. After all, he dared not to be careless either.

"Fight!"

A cold voice sounded from the Great Dao Avatar.

It sounded neither like a man nor a woman. It was more like their voices combined into one.

Following the voice, the Great Dao Avatar threw a palm strike at Chu Kuangren.

There were no fancy Immortal Techniques whatsoever — only the purest form of power.

Endless Immortal Sparks swirled in its palm as it aimed its pressuring aura at Chu Kuangren.

The aura was so dense that even the space he stood in froze.

There was no way for Chu Kuangren to dodge the palm strike, and neither did he intend to.

"Green Lotus Art, Heaven Reckoning!"

Chu Kuangren's Daoist law energy gushed outward, transforming into a terrifying halberd ray that fused with the halberd attack.

A deafening explosion later, the halberd ray and the palm clashed.

The realm trembled to the brink of collapse.

Not only the secret realm but the entire Void Battlefield saw the fight as well.

The Immortal Sparks from the clash lit up half of the entire Void Battlefield. The massive palm energy and halberd strike contained unimaginable power.

"It's Chu Kuangren!"

"Is he fighting a titan?"

"The titan seems to have the presence of the Nine Kings! Could they have fused into that thing?"

The people were in awe when they saw the Great Dao Avatar.

Just one glance at it, and they, too, felt intimidated.

The power was far superior compared to anything they had seen before.

They revered and feared the Great Dao's energy.

The cultivators from Pan Gu Universe were calmer than their enemies because it was the Great Dao Avatar of the Central Heaven Universe, not the Pan Gu Universe.

Nevertheless, the intimidation remained.

Almost all of them were worried for Chu Kuangren.

"Immortal King, please win!"

The Black Heaven Nine Stars, Li Tu, Hong Yang, Moon Rabbit, and the others were praying.

Inside the Imperial Palace, Gu Linglong also saw the battle that was reflected in the void. She was worried, but she watched with a firm gaze.

She believed Chu Kuangren could win!

...

The halberd ray was destroyed.

Subsequently, Chu Kuangren was blasted several hundred meters away, crashing through mountain after mountain.

"Chu Kuangren, this is the Great Dao Avatar. You will lose!"

The voice came from the titan once more.

It raised its hand, and endless Daoist law energy transformed into a sword qi at the tip of his finger.

Then, boundless snowy intent scattered outward.

When he swung his sword hand sign downward, the entire realm froze.

Even time and space were frozen by the attack.

Chu Kuangren recognized the attack. It was Luo Xue's Frosty Snow Realm but countless times stronger than the original.

He dared not underestimate the attack.

He used the halberd as his sword and thrust it forward, casting the Immortal Destruction Sword Art.

The halberd ray reflected the images of Gods being slayed like animals.

When the two different energies clashed, the void in the area shattered to dust.

However, that was not the end.

The Great Dao Avatar used its power again and unleashed another sword qi.

This time, it contained endless rage qi.

It was Ling Fei's technique!

The sword rage qi flooded the realm instantly.

Then, the Great Dao Avatar followed up with a punch that contained boundless lightning energy.

It was Lei Shentian's technique!

The sword rage and the lightning bolts were hurled at Chu Kuangren, who still did not try to dodge them.

The Daoist law energy on his halberd erupted and fused with his own Daoist law energy before he swept his halberd forward.

The lightning bolts shattered, and the sword rage dissipated.

Before he could catch a breath, six dragon-shaped energies fell from the sky.

It was Heaven Maiden You's Six Divine Heavenly Dragon Talismans.

The runic symbols enveloped Chu Kuangren whole with intense pressure.

The Great Dao Avatar then pointed its sword hand sign at him again.

Starry light gathered at its fingertip.

It was the Stardust Dao, Tianxing Cai's technique!

Chu Kuangren roared and channeled the Chaos Green Lotus' Destructive Energy.

A massive green lotus bloomed beneath him.

"Eternal Green Lotus Dominion!"

Then, he unleashed the second form of the Green Lotus Art.

The green lotus energy swirled out and destroyed the six dragon-shaped energies. Even the starlight from the fingertip was disintegrated by the green lotus' destructive energy.

As the green lotus dashed toward the Great Dao Avatar, the void collapsed silently, and all lives perished in silence.

It was the purest and strongest form of destructive power — the power that existed from the beginning of the universe!

The Great Dao Avatar simply raised its hand, and a colorful streak of light gushed forward. It was Long Shuijing's technique.

The colorful streaks of light transformed into a massive dragon shadow, resembling the real Heavenly Rainbow Dragon.

When the dragon shadow and the green lotus clashed, everything else was destroyed.

Chu Kuangren was blasted away, while the Great Dao Avatar was pushed back one step.

Everyone who saw the battle held their breath.

"The Great Dao Avatar is terrifying!"

"It's really powerful!"

Back in the Central Heaven Temple, God King Sikong grinned. "We've won."

Shen Tian was satisfied with the Great Dao Avatar's performance as well.

"If the Nine Kings can further improve their cultivation levels to the Multi-Embodier Realm, even I must take their Great Dao Avatar seriously."

The only question remaining would be, was that Chu Kuangren's limit?

Shen Tian narrowed his eyes with curiosity.

Theoretically speaking, to be able to fight the Great Dao Avatar to that extent would be the limits of an Embodier.

However, he had a feeling that Chu Kuangren was not a simple man.

Chapter 2006: Endless Destruction, Boundless Creation, Divine Universal Supremacy

"Master, Chu Kuangren seems to be at a disadvantage now."

The Heavenly Shadow looked at the battle taking place in the void and said.

Since his return from the Spiritual Sword Tribe, the Heavenly Shadow already had an idea of Chu Kuangren's relationship with the Heavenly Sword.

Hence, he could not help but feel slightly worried seeing Chu Kuangren at a disadvantage.

However, Chu Kuangren replied with a chuckle. "There's no need to worry."

Others might have no idea, but he knew the extent of his own strengths.

In the Void Secret Realm, the Great Dao Avatar manifested by the Nine Kings was having a great advantage in battle. It spoke with a magnificent voice as it watched its enemy get blasted away again.

"Chu Kuangren, you're powerless before the likes of us!"

The Nine Kings were amazed by the Great Dao Avatar's power too.

They had a feeling that might not be the limit of the avatar's power. It was due to their low cultivation levels that they could not unleash the full power of the Great Dao Avatar.

However, the power they were wielding now was already quite terrifying.

"Oh."

At that moment, a chuckle sounded.

Then, a figure casually walked out of the smoke and dust with Immortal Sparks swirling around his body, dazzling everyone that looked at him.

It was Chu Kuangren.

Despite being sent flying by the Great Dao Avatar, he was still unscathed!

Furthermore, the strength of his aura continued to increase, and he had a shimmer of gold light on the surface of his body.

Nine True Emperor Dragons dashed out from within him and flew high into the sky. Each dragon was thousands of kilometers long, filling the surrounding area with its terrifying and menacing aura.

The buffs from the nine dragons boosted Chu Kuangren's power even more.

With that, his Battle Secret Technique and Chiyou's Demonic Patterns were activated.

Besides the True Emperor Dragons, the buffs from the other two secret techniques were becoming insignificant.

However, it was still useful to him.

After activating the three great secret techniques, the Immortal Sparks swirling around Chu Kuangren's body erupted with a great flash. In the next instant, the Three Immortal King Treasures were on him.

"Come, show me what you got!" Chu Kuangren laughed.

Upon hearing him, powerful waves of Daoist law energy erupted from the Great Dao Avatar, seemingly angered by his taunt.

"Being a foe of the Great Dao means death!"

As the Great Dao Avatar slammed its palm at Chu Kuangren, surges of rainbow-colored Immortal Sparks, lightning flashes, and strands of sword qi were imbued within its palm.

That was a terrifying palm attack.

Sword Dao, Lightning Dao, Yin Yang Five Elemental Dao... The various Daos intertwined, and with the Great Dao energy contained within it, that attack came crashing down with earth-shattering might!

"Wonderful!" Chu Kuangren laughed.

He leaped into the sky and channeled the Green Lotus' Destruction Power.

A green lotus bloomed in the sky.

The strength of that attack was many times more powerful compared to earlier.

"Eternal Green Lotus Dominion!"

Previously, Chu Kuangren was immediately sent flying when their attacks clashed.

However, instead of being pushed back this time, he stood toe to toe against the Great Dao Avatar!

The next instant, Chu Kuangren appeared above the Great Dao Avatar. He swung his halberd with the power that could split the heavens and unleashed a powerful blow with it.

"Heavenly Reckoning!"

Boom!

When the halberd ray landed on the Great Dao Avatar's body, a massive explosion erupted and pushed the Great Dao Avatar backward. There was now a crack on the part of the body where the halberd struck.

"Damn you!"

The Great Dao Avatar unleashed another palm attack at its enemy.

Chu Kuangren swung his halberd forward to block that attack before unleashing another blow with his halberd.

Both parties continued exchanging blows in battle.

A variety of Daoist law energy erupted, spreading everywhere in terrifying shockwaves.

Everyone in the Void Battlefield was stunned with their mouths agape as they watched the battle unfold in the sky. It was safe to say that they were all utterly shocked yet amazed.

"Divine Great Dao Destruction, Annihilation of all Beings!"

Meanwhile, several Daoist chimes sounded from inside the Great Dao Avatar.

Nine types of Dao – each representing the Nine Kings respectively – erupted at once and merged with the Great Dao's power.

Soon, an endless pillar of divine light rose into the sky, with the divine light intertwining to form a gigantic saber!

It was a saber that could sever all life and destroy all things in the universe!

That was the most terrifying attack to appear thus far.

It was also the most powerful attack the Great Dao Avatar could unleash at its current level. Even a Primordial would have to be on the defense when facing such an attack.

However, Chu Kuangren stood his ground despite seeing that attack.

As he stood proudly in the air in his white robes and with the Sky Dominion Halberd in his hand, he appeared magnificent and noble.

Despite his seemingly slender figure, those who looked at him could feel an immensely majestic aura coming from him.

"Even if you can wipe out every being in the universe, you can never destroy me!"

"That's because I am the only one who appears once throughout history! I am he who's the maddest man throughout eternity!"

The Daoist law energy inside Chu Kuangren's body surged.

This time, besides, besides his unique Dao, his Creation Dao and Destruction Dao also emerged and intertwined around him.

"Within Chaos lies a green lotus, the master of creation and destruction!"

"Green Lotus Art, Third Form... Divine Universal Supremacy!"

Chu Kuangren roared.

The three Daoist law energies merged into the halberd in his hand while the Green Lotus' power was channeled to its limit. Then, he slashed his sword forward, and a massive divine light ray shot out!

Endless destruction and boundless creation followed in its wake!

Worlds were destroyed yet were recreated moments after!

The two contradictory energies were merging flawlessly at that moment. It was as if they were one and whole, and their power was shocking!

Boom!

The Green Lotus Art's Third Form collided intensely with the Great Dao Avatar's ultimate attack.

The whole Secret Realm started crumbling as it was being torn apart.

The onlookers from outside the Secret Realm could only see dazzling Immortal Sparks and divine light radiating from inside. As the light was blinding, they had to cover their eyes immediately.

Even if they were not involved in the battle and were outside the Secret Realm, the cultivators could still sense that terrifying aura coming from the battle within.

It was a power that far surpassed theirs.

Just a single strand of that aura would be sufficient to kill thousands of them.

"What a powerful clash!"

"Who won?"

Curious, everyone started sending their Immortal Consciousnesses into the Void Secret Realm.

However, the terrifying energy fluctuations coming from within were preventing them from peering inside to watch the battle.

After the blinding light dispersed, everyone could see two figures facing each other inside the Secret Realm.

One was in robes as white as snow, holding a black divine halberd, whereas the other was as tall and mighty as the heavens.

However, this time, that extremely massive figure was riddled with cracks and tears all over its armor and body.

The Great Dao Avatar was almost destroyed!

"How is this possible??"

Meanwhile, inside the Central Heaven Temple, God King Sikong trembled.

'Even the Great Dao Avatar is no match for Chu Kuangren?'

'How is he so powerful?'

Shen Tian also sighed with frustration, feeling helpless. "As expected, the Outlier's power is truly beyond our comprehension. To think that the Great Dao Avatar can't even keep him in check."

The Central Heaven elites were terrified and in disbelief.

Meanwhile, the Pan Gu Universe cultivators were delighted.

"I knew it. The Immortal King is invincible!"

"After all, he's the one who appears once throughout history, the one who's the maddest man throughout eternity. Do you think a person like him will lose?"

Everyone was overjoyed.

Whether it was the Black Heaven Nine Stars or o the Peerless Warlords, everyone, e breathed a sigh of relief.

Chu Kuangren did not let them down.

He was still as powerful as ever, and his strength assured everyone.

"Ha! The!T Nine Kings are still far from being strong enough to be able to defeat Master!" Lan Yu chuckled and said proudly.

"As usual, his techniques are extraordinary." Yu Zhi, who was sitting atop a white lotus, said with a smile.

"Of course, that's my brother you're talking about."

Chu Hong lifted her chin slightly and was brimming with pride as she watched everyone cheer for Chu Kuangren. An expression of great honor could be seen on her face.

As members of the Black Heaven Nine Stars, they were closer to Chu Kuangren, so they understood his strength more than others.

Hence, they were not surprised to see Chu Kuangren win against the Great Dao Avatar. On the contrary, they were delighted.

Unparalleled After Ten Consecutive Draws

Chapter 2007: Absorbing the Embodier Fragments, Eight Different Types of Dao, A Small Goal

Inside the Void Secret Realm, the Great Dao Avatar's body was riddled with cracks and on the brink of crumbling.

When Chu Kuangren saw that, he snorted coldly and stepped forward. His Green Lotus' Destruction Power erupted once again as he swung his halberd in the air.

A halberd ray that contained the power to tear open the sky landed on the Great Dao Avatar's body.

Following a huge bang, the Great Dao Avatar finally shattered into countless Daoist law fragments.

Meanwhile, the Nine Kings were all sent flying backward.

After they spat out a mouthful of blood, their faces turned pale.

Nine of them looked at Chu Kuangren with horror.

The Nine King's greatest trump card, the Great Dao Avatar, had lost!

Even with the nine of them joining forces, they still lost to a single person!

"How is this possible?"

"No way..."

Xuan Yuanfeng, Wu Mian, and the others could not believe it.

Even Luo Xue, Ling Fei, and the others were shell-shocked. Besides the Heavenly Sword, that was the first time they had encountered such a powerful Prodigy.

"The Nine Kings? The Great Dao Avatar? These things mean nothing to me!" Chu Kuangren chuckled.

Then, he stepped forward and arrived above Wu Mian.

With a thrust with his halberd, an endless aura of death instantly enshrouded him.

'Am I going to die?'

Immense terror instantly enveloped Wu Mian!

At that moment, rainbow-colored light swirled in the void.

An incredibly powerful force erupted from somewhere and turned into a terrifying dragon apparition that charged toward Chu Kuangren.

Chu Kuangren's gaze narrowed when he saw that energy.

He, who was prepared to attack Wu Mian, shifted the tip of his Sky Dominion Halberd in the other direction, shattering the dragon apparition right away. Then, he looked at the person who attacked.

It was none other than the Peerless Warlord, Heavenly Rainbow Dragon!

After the Heavenly Rainbow Dragon was exposed, he attacked without another moment's hesitation. The draconic power inside him erupted while his Daoist law energy shook the surroundings.

Be it powerful dragon claws made from Daoist laws, menacing dragon apparitions, or dazzling and mighty rivers of power, he unleashed several powerful Immortal Techniques and divine abilities in quick succession.

Ordinary Multi-Embodiers would be heavily injured in the face of that power, and despite how powerful Chu Kuangren was, he had just fought the Great Dao Avatar moments ago.

Now that he had to face another top-tier elite in battle again, everyone could not help but break out in cold sweat.

The Pan Gu Universe cultivators had their hearts in their throats.

"The Central Heaven Universe cultivators are despicable!"

"Hmph, to think that they have planned something like this other than the Nine Kings. This is simply despicable, despicable, I say!"

Inside the Void Secret Realm, Chu Kuangren was facing the Heavenly Rainbow Dragon's barrage of attacks, which he was not surprised by, and was swinging his Sky Dominion Halberd casually.

His Green Lotus power erupted.

Boom, boom, boom...

The collision between the Daoist laws caused powerful energy explosions that erupted like to erupt fireworks in the sky.

Heavenly Rainbow Dragon was shocked. He did not expect Chu Kuangren to be so powerful after battling the Great Dao Avatar.

"Heh! Did you think you hid yourself well earlier?" Chu Kuangren snorted coldly.

Only then did Heavenly Rainbow Dragon realize that Chu Kuangren had noticed him a long time ago.

It meant Chu Kuangren had been watching out for him all this time.

'Good gosh.'

'He can deal with the Great Dao Avatar while keeping his eyes on me at the same time.'

'I can't believe he defeated the Great Dao Avatar without being fully focused.'

'Chu Kuangren is truly terrifying!'

"Retreat!"

Heavenly Rainbow Dragon immediately ordered the Nine Kings to retreat.

However, he had to stay to buy them time to escape.

The Nine Kings also knew that they had been severely defeated in the battle against Chu Kuangren today, so they no longer wished to stay and fight.

They instantly disappeared.

Heavenly Rainbow Dragon continued holding back Chu Kuangren in battle.

Soon after, he also turned into a ray of light and escaped into the distance.

The Nine Kings and a Peerless Warlord was a terrifying lineup, yet they ended up retreating in defeat in Chu Kuangren's hand.

The morale of the Central Heaven Universe's forces suffered a huge blow.

"This person is getting stronger faster than I can imagine. If I don't come up with a way to deal with him, it'll be too late when I recover."

Inside the Central Heaven Temple, Shen Tian murmured.

Having been severely injured by Wu Han, his injuries were extremely hard to heal.

Even with the help of healing items, it would take him thousands or tens of thousands of years to fully recover.

However, there was no telling how powerful Chu Kuangren would become by then.

Just as Shen Tian was getting a headache thinking about that, a voice appeared from within the Central Heaven Universe.

"Shen Tian, let's meet up quickly. I have something to discuss with you..."

It was Emperor Feng.

Shen Tian pondered on it after hearing his voice. Then, his figure disappeared in a flash, making his way to meet up with Emperor Feng.

...

Meanwhile, after Nine Kings and the Heavenly Rainbow Dragon escaped from the Void Secret Realm, Chu Kuangren was the only one in there.

He came to the gigantic lake formed by countless Embodier Fragments with a coveting look in his eyes.

"It's time I refine this."

With that, his figure flashed and entered the Embodier Fragment Lake.

In that instant, massive waves of Embodier Fragments came surging toward him.

Chu Kuangren said without another word.

An extremely powerful absorption force erupted from his body.

The countless Embodier Fragments were absorbed into his body. Due to the terrifying absorption force, a colorful vortex gradually formed with him at the center.

At the same time, his understanding of the Dao also rapidly increased.

A new type of Dao began to manifest in his mind.

It was the Reincarnation Dao.

Due to his having the Heavenly Samsara Physique, he quickly comprehended that new Dao.

However, it was just the start.

The types of Dao he comprehended began to increase, from Reincarnation Dao to Life and Death Dao, Frost Dao, Flame Dao...

Previously, he had comprehended many types of Dao inside his Pocket Universe, and right now, he was going through the same process again inside the lake.

After some time, Chu Kuangren had finished absorbing all the Embodier Fragments in the lake. Most of the Embodier Fragments were still stored inside his body and were not completely refined as of yet.

However, just from that alone, he had comprehended five new types of Dao.

They were Reincarnation Dao, Life and Death Dao, Frost Dao, Flame Dao, and Lightning Dao.

Including the Invincible Self-empowering Dao, Creation Dao, and Destruction Dao he possessed before that, Chu Kuangren now possessed eight types of Daos!

As the five newest types of Daos were around the Novice and Expert realms only, they were not as powerful as his other three.

Nevertheless, it was a terrifying feat.

After all, he still had yet to refine a large amount of Embodier Fragments stored inside his body.

If he had more time, he could certainly comprehend more types of Daos. He could even advance those Daos to the Peak or Perfected realms too.

"Among these Daos, my Invincible Self-empowering Dao is the strongest. If I use this Dao and include the others in my attacks, my combat power will surely be many times more powerful than before!"

"Unfortunately, even if I were to refine all these Daos, they would not increase the level of my Invincible Self-empowering Dao to the Ultimate Dao."

One must first possess an Ultimate Dao to attempt ascending to the Primordial Realm.

After that, the stage where other types of Dao were combined would happen.

Those requirements must be met to successfully become a Primordial.

Alas, Chu Kuangren's Invincible Self-empowering Dao was too difficult to improve.

In that case, should he use other types of Dao to take its place? He would never.

His Invincible Self-empowering Dao was a type of Dao unique to him. It was created and cultivated by him as he progressed along his cultivation journey. That Dao was the one that accompanied him through everything, and he would not allow any other Dao to take its place.

Chu Kuangren put his thoughts aside. Since he could not ascend for the time being, he decided to merge many other types of Dao to increase his combat power.

'If I can merge many types of Dao, can I eventually blow up a Primordial with a single punch?' Chu Kuangren suddenly wondered.

Although being an Ultimate Embodier meant merging nine types of Daos, he was an Outlier.

Inside his Pocket Universe, he had merged ten different types of Daos already.

"Alright, let's set a small goal. I'll first merge ten different types of Daos!"

Since he had merged eight types of Daos at that point, he only had two more left.

Unparalleled After Ten Consecutive Draws

Chapter 2008: Not Even a Five Percent Chance of Winning, The Time for the Final Battle Has Come

Chu Kuangren came out from the secret realm after a while.

He brought along mountains of cultivation resources from within too.

Everyone was overjoyed by that.

With those resources, they were even more confident in the battles to come. After that, Chu Kuangren decided to enter closed-door cultivation.

He wanted to refine the remaining Embodier fragments inside his body as fast as possible.

Besides that, he had also obtained the Five Elemental Divine Fruits from the secret realm, which could enable him to comprehend and embody the Five Elemental Dao.

That way, he would have nine types of Dao inside his body.

That was already the limit of what an Embodier could do.

Although Chu Kuangren was confident and ambitious, he knew it would be extremely difficult to break through that limit. Hence, he did not comprehend any more types of Dao.

Instead, he chose to increase the proficiency of the Dao he had accumulated thus far. He wanted to achieve the Perfected Dao for all of them as quickly as he could.

As for how to break through that limit he already had plans on how to do that.

...

Meanwhile, in the Central Heaven Universe's camp, Chu Kuangren was meeting Luo Xue, Heaven Maiden You, and the others who recently came back from the secret realm. All of their faces were filled with dissatisfaction.

"Although I hate to admit it, Chu Kuangren is indeed a powerful cultivator. I can't believe he could even defeat the Great Dao Avatar."

"That's right. Perhaps you're the only one who can deal with him now, Heavenly Sword."

Everyone looked at Chu Kuangren and said.

'Do they expect me to beat myself up?'

Chu Kuangren secretly rolled his eyes.

Even the Heavenly Shadow, who was standing by his side, could not help but chuckle.

"Chu Kuangren is truly a worthy opponent for the Heavens," Chu Kuangren said indifferently.

Then, he did not say anything more about that topic. After Luo Xue and the others chatted with Chu Kuangren for a while at Chu Kuangren, they headed to the other continents and returned to the frontlines.

The current situation of war was getting tenser.

They did not have the time to wallow in sorrow or self-pity because of a single defeat. The only way they could wash away their shame was to become stronger.

"What a bunch of splendid warriors. If possible, the Heavens don't wish to fight them on the battlefield," Chu Kuangren mumbled.

Luo Xue and the others were his friends in the Central Heaven Universe.

Alas, they were on different sides.

Such feelings of melancholy only remained in Chu Kuangren's heart for a while before a chilling look shone in his eyes.

If he truly were to encounter them in battle, he would not show any mercy.

After all, it was war.

The Heavenly Shadow, who was beside Chu Kuangren, also noticed the change in his expression. His eyes were filled with admiration and amazement for Chu Kuangren.

'He's not affected or constrained by emotions.'

'And he's passionate yet ruthless at the same time.'

'Firm and powerful.'

'How splendidly beautiful this is. The Devil is wildly fascinated by such a display of strength.'

'As expected of the Devil's master.'

Several days later...

"Congratulations, Host! You have won a God-tier reward, the Divine Radiant Crystal."

Today, Chu Kuangren was rolling a gacha from the Fantasy Roulette.

The Divine Radiant Crystal was an item that contained the Holy Light Dao.

After refining it, its user could comprehend Holy Light Dao without fail.

Hence, Chu Kuangren chose to enter closed-door meditation and refine that item without that hesitation

As time passed, the war between the Central Heaven Universe and Pan Gu Universe continued.

Another hundred years soon passed.

Within this hundred years, Heavenly Sword Chu Kuangren had obtained several Embodier-tier items like the Divine Radiant Crystal, and he refined them all right away.

Currently, Heavenly Chu Kuangren possessed the Yin Yang Dao, Holy Light Dao, Darkness Dao, Typhoon Dao, and his Invincible Self-empowering Dao — a total of five types of Dao.

Each of those Dao was at quite a high level by that point.

Most of them were now Perfected Daos.

When it came to combat power, Chu Kuangren was confident that no one in the Void Battlefield would be a match for him.

Unfortunately, the war was not a fighting arena.

Unless he possessed absolute overpowering strength, the war would continue.

Today, Chu Kuangren was preparing to comprehend a new type of Dao.

It was none other than... the Destiny Dao, a very powerful and mysterious Dao!

Previously, Chu Kuangren had tried several times to comprehend it but was unsuccessful every time.

This time, he came to the Divine Destiny Temple.

He wanted to take advantage of Destiny's Authority here.

Several years later, he finally succeeded in comprehending Destiny Dao and embodying it into his body.

"Green Lotus Chu Kuangren possesses nine types of Dao, while I have six types of Dao. Putting aside the Invincible Self-empowering Dao that we both have in common, we now possess a total of thirteen types of Dao!" Chu Kuangren thought.

That was his plan to break the limit for all Embodiers.

Green Lotus Chu Kuangren and Heavenly Sword Chu Kuangren would first focus on comprehending different types of Dao. After that, the two of them would merge and possess every Dao the two had comprehended.

With that method, he could break through the Embodier Realm's limit!

Moreover, he also analyzed that method with Lil Ai and learned that this method had a high probability of success.

"Now that I have comprehended the Destiny Dao, my Great Destiny Technique has improved to another level. In that case, I'll try deducing all the possible futures of this war," Chu Kuangren thought out loud.

This time, he conducted sixteen million different iterations of divination on how the war would end.

The ratio was seven to three.

However, this time, Pan Gu Universe had seventy percent of winning in the end!

'Wonderful.'

Chu Kuangren smiled happily when he learned that all his hard work had not been in vain.

Suddenly, as if something had happened, a drastic change started to happen in Chu Kuangren's subsequent divination results!

On the sixteenth million sixth thousandth iteration of divination, Pan Gu Universe was defeated!

On the sixteenth million seventh thousandth iteration of divination, Pan Gu Universe was defeated!

On the eighteenth millionth iteration of divination, Pan Gu Universe was defeated!

On the twentieth millionth iteration of divination, Pan Gu Universe was defeated!

On the twenty-third million six hundred and seventieth thousandth iteration of divination, Pan Gu Universe was defeated!

Millions of iterations of divinations after that, most of them concluded in Pan Gu Universe's defeat!

The probability of winning was not even five percent!

It was way less compared to the previous probability of thirty percent!

Chu Kuangren was stunned but infuriated!

'After putting in so much hard work over the past hundreds of years, did I just end up back at square one?'

'F*ck!'

'What the hell is going on?'

Chu Kuangren could not accept it.

Hence, he started to conduct further divination to investigate the cause of that sudden change.

"As I suspected..."

"The final key moment still lies in the Primordials."

Chu Kuangren took a deep breath.

The Primordials had taken action!

Besides, they had taken action earlier than he deduced previously.

'What is going on?'

'How did they recover so fast?'

From his divinations, Chu Kuangren could only see a horrifying flash of blood-colored light.

Suddenly, he saw two figures amidst the blood-colored light.

It was Shen Tian and Emperor Feng. The two of them were at the center of the blood-colored light, with countless blood-colored bundles of light gathering toward them. Behind them, countless barren planets could be seen...

Chu Kuangren's eyes widened in realization.

'Are these two devouring lifeforms from billions of planets?'

Chu Kuangren was shocked and angry at the same time too.

'How could these two strongest beings massacre their own across their universe when the Central Heaven Universe cultivators have been putting their lives on the frontlines, battling day and night?'

Although Chu Kuangren was not from the Central Heaven Universe, he still felt enraged to see that.

Just imagine, if such a thing happened in Pan Gu Universe, he would have exploded with rage.

"These Primordials... They truly are inhuman. Is that why you two can recover that quickly?"

"Hmph. Not even a five percent chance of success, huh? Even if there's less than one percent left, I'll make it into a hundred percent!"

Then, Chu Kuangren's figure disappeared from the Divine Destiny Temple.

He returned to the Ninth Continent, wanting to return to the Central Heaven Universe. However, he discovered that the passage back to the Central Heaven Universe was sealed shut!

He could not even get back.

"It seems like to prevent their vicious acts from being discovered, they've sealed the passageway. So, cultivators can now only enter Void Battlefield but can't leave, huh?"

Before Chu Kuangren could find a way to solve that, God King Sikong suddenly sent out a message to gather everyone.

During the meeting, he immediately said, "Everyone, the time for the final battle has come!"

Chapter 2009: The Two Primordials' Action, the Final Decisive Battle, the Flaming Dark Golden Guardians

In the Central Heaven Universe, Emperor Feng and Shen Tian were sitting with their legs crossed.

Powerful surges of aura were emanating from their bodies while ominous blood-colored vortexes could be seen in their eyes.

"Your Great Demonic Blood-Devouring Technique is quite extraordinary." Shen Tian looked at Emperor Feng before him and said,

"Heh, I created this cultivation technique after spending millions of years combining the Devour Dao and Life Dao. It should be no less than extraordinary."

"This technique allows us to devour the life essence of all living beings and recover our strength. Although most are ordinary living beings, the recovery effect is insignificant. However, the effect will become more evident when we continue devouring more lives."

Emperor Feng looked at the countless planets in the universe that was brimming with life.

A chilling blood-colored light flashed in his eyes.

Shen Tian pondered. He initially did not want to use such an ominous and strange secret technique.

However, after witnessing Chu Kuangren's battle against the Great Dao Avatar, he became fearful.

If the Great Dao Avatar was no match for Chu Kuangren, there was no telling how powerful he would become as the years passed by.

He could no longer afford to wait. He wanted to recover from his injuries quickly, invade Pan Gu Universe, and destroy Chu Kuangren and the currently sealed Wu Han.

That was why he agreed to Emperor Feng's proposition.

Both of them were now cultivating the Great Demonic Blood-Devouring Technique.

"We must pave the way for a new era in the future. There's no need for weaklings in this era. Only the strong shall remain."

"Tribes who are below the rank of King Tribes don't need to exist anymore."

"Their lives shall become the stepping stone for the new era!"

Emperor Feng looked at one of the planets that contained living beings.

He arrived at the planet and raised his hand. A gigantic blood-colored vortex appeared in his palm, followed by terrifying blood-colored light that instantly shot out and enveloped the whole planet in the blink of an eye.

Before they could react, billions of living beings' life essences on that planet were sucked dry and into Emperor Feng's body.

He could not help but jump with joy.

"Shen Tian, there's no need to hesitate anymore. Just do it!"

"Very well!"

Shen Tian stepped forward and arrived at another planet.

He raised his hand, enveloping the planet with blood-colored light.

That planet that was originally bursting with life was instantly reduced into a barren rock. All forms of flora and fauna were gone, and not a sliver of life remained after he was done.

As both of them were Primordials, the same devastating blood-colored light instantly enveloped millions of planets just by a single thought. The living beings were all converted into the purest form of life energy for them.

That very day marked the beginning of the Central Heaven Universe's most terrifying and darkest time since the birth of the universe. Countless living beings immediately found themselves in a living nightmare.

From planets to galaxies, wherever Emperor Feng and Shen Tian went, endless blood-colored light filled the horizons. Everywhere was shrouded in a shadow of doom and destruction.

The planets faded as all life was lost.

As both Shen Tian and Emperor Feng continued with that extreme act of devouring, the condition of their injuries was still the same at the beginning. However, as they devoured more and more living beings, they noticed their wounds were starting to recover.

"Ha! It's working!"

"Let's keep at it."

Emperor Feng laughed and sped up his rate of devouring planets. Shen Tian also began to get sucked into the process of robbing countless life forms of their life essences.

...

Inside the Void Battlefield, God King Sikong's words shocked everyone.

"The final battle?"

"God King Sikong, are you serious? Are we preparing for the final battle? Who told you this?"

"That's right. We're now at a stalemate with Pan Gu Universe. They also have Chu Kuangren on their side, who has been doing us a huge favor by not attacking us all this time. Why are we suddenly preparing for a final battle?"

"That's right. You best not be messing with us."

Everyone looked at God King Sikong with doubt.

'Final battle?'

'Doesn't he know how powerful Chu Kuangren is? Even the Great Dao Avatar summoned with the combined power of the Nine Kings was defeated.'

'The morale of Pan Gu Universe's forces is at an all-time high now. If we unleash an all-out assault, the situation will undoubtedly worsen for us.'

"The Temple Lord and Emperor Feng are close to regaining their full power. They shall come to the Void Battlefield in due time!" God King Sikong gave out a piece of more astonishing information at that moment.

Everyone was shocked.

'The Primordials are going to join the battle!'

That was certainly joyful news to everyone. Nothing else could reassure them of their victory more than that.

"Haha! If the Primordials take action, even if the Pan Gu Universe has Chu Kuangren, there's no way they'll win."

"That's right."

"The Heavens is on our side!"

However, some of the Embodiers were puzzled.

Heavenly Rainbow Dragon asked curiously. "Aren't both the Temple Lord and Emperor Feng heavily injured? How did they recover so quickly?"

A Primordial's injury was very hard to recover from.

Sometimes, it would even be normal for them to rest for millions of years just to recover.

'How have they recovered in such a short time? How?'

"The Temple Lord and Emperor Feng are beings who are favored and blessed with much good fortune. Both of them have found a certain healing item that has greatly reduced their recovery time," God King Sikong said.

Despite hearing that, everyone was still a little puzzled.

'A healing item?'

'And at such a convenient time?'

However, everyone did not give it much thought.

"Oh, by the way, what should we do with the spy among us?" someone suddenly asked.

The mention of that immediately put a serious expression on everyone's face.

They looked at each other around them with faint suspicion in their eyes.

God King Sikong stood with both hands behind his back and said indifferently. "I can give this traitor a chance to turn back from his ways. If he reveals himself now, I can represent the Temple Lord and grant him mercy by handing out a lighter sentence instead."

After saying that, he shot a glance at Chu Kuangren.

Chu Kuangren's curled into a slight grin, but he remained calm and casual.

God King Sikong snorted coldly when he saw no one stand out. Then, he said emotionlessly, "Very well, In that case, don't blame me for being ruthless when the time comes then."

He stopped talking about the traitor after that.

Instead, he began arranging troops.

This time, he did not hide anything.

All of the military arrangements were laid out clearly for everyone present to see.

It was simple and brutal.

The strategy, if it could even be called that, was to gather all their forces and launch an all-out attack on Pan Gu Universe. That was undoubtedly going to be a battle that would determine the winner.

There would be no way to retreat.

God King Sikong intended to end the war in that battle!

"If we gather all our forces, Pan Gu Universe will have no choice but to do the same to counter us as well."

"Without any schemes and plottings, and putting all the combat power we have on full display... It seems like this will be a pure battle of strength," Chu Kuangren thought.

The time for the final showdown between the two universes was here.

"Haha, a full-frontal assault! That's what I'm talking about! Let's see if Pan Gu Universe can survive our direct attack!"

"Very well, I shall return and make the necessary preparations."

After the meeting ended, God King Sikong looked at Chu Kuangren pensively and said, "You haven't done anything else since the battle on the Eleventh Continent, so I hope you'll do something in this battle and show me a glimpse of the Heavenly Sword's unparalleled elegance!"

Chu Kuangren chuckled. "Very well."

After that, he disappeared.

In the Central Heaven Temple, God King Sikong looked at the Heavenly Sword's projection that disappeared and fell into deep thought.

Behind him, a man in dark golden battle armor appeared. The tone of his voice was sharp, resembling gold and iron striking each other as he spoke. "So that's the Heavenly Sword that you're talking about? The most unpredictable Outlier in this war?"

"That's right. I hope the Flaming Dark Golden Guardians can keep a close eye on this person. If he behaves out of line on the battlefield, I want you to kill him at once!" God King Sikong said with a cold look in his eyes.

The Flaming Dark Golden Guardians was a hidden organization in the Central Heaven Universe. They were a special elite unit trained and nurtured by Emperor Feng. Even God King Sikong only knew of that elite unit's existence before the final battle was about to take place.

"How interesting. I shall look forward to fighting him soon."

The man in dark golden armor chuckled. There was a faint flaming aura around him as if he was a flaming war god that had won countless battles.

Unparalleled After Ten Consecutive Draws

Chapter 2010: A Path Filled With Thorns, You Have Already Been Exposed, the Arbiter Immortal Emperor

In the Void Battlefield, something strange suddenly happened.

All the Central Heaven Universe forces had abandoned their defenses and gathered at a location to prepare for a final assault.

Everyone was shocked by the sudden change of events.

After all, the previous war between the two universes lasted for a hundred thousand years.

However, only a few hundred years had passed this time.

It was simply unbelievable that the final battle would happen so soon.

Despite that, Pan Gu Universe forces took action immediately.

They, too, had started amassing their forces.

During the meeting inside the Deep Mind Dimension, Jue Wushen asked, "My Queen, when will our King come out from his closed-door meditation?"

Ever since Chu Kuangren returned from the Secret Realm, he had been in closed-door meditation for a hundred years. Hence, Gu Linglong handled every matter regarding the war.

She was also the only one that could contact him.

Gu Linglong replied, "My husband will exit his closed-door meditation before the battle starts!"

Everyone felt reassured to hear that.

Then, they began to discuss the final battle.

"This time, the Central Heaven Universe will launch an all-out attack. All their Peerless Warlords have been deployed, and the Nine Kings have gathered along with the ancient Embodier God Kings. We must never take them lightly this time."

"We should "

"That's right."

Everyone continued discussing war strategies.

Finally, everyone decided to set many traps along the paths the Central Heaven Universe army would take. The plan was to wear them down before they could arrive.

Immortal Emperor Luo Tian, who also participated in the meeting, noted down every location where the traps and ambushes were going to be set up. He would hand over it to God King Sikong once the meeting ended.

...

The great army numbered in the billions.

The sky was painted with various levitating warships.

All of the Central Heaven Universe's elite troops had been gathered.

God King Sikong was standing onboard one of the warships.

He was holding a jade scroll in his hand, which suddenly lit up moments after. Upon seeing that, he let out a smile. "Our intel is here..."

"Oh, are they planning to set up many traps along the way? It's a good idea, but their efforts will eventually be in vain."

With Immortal Emperor Luo Tian as his spy, they knew all the locations where Gu Linglong and the others were planning to set up traps. Hence, they could steer away from those places.

According to Immortal Emperor Luo Tian's intel, God King Sikong soon found a safe passage that could immediately lead them to the Pan Gu Universe's Third Continent. That location was also very near to the passage to Pan Gu Universe.

"Ok, steer towards that direction."

God King Sikong led everyone toward the safer path.

They passed by an abandoned continent.

Many abandoned defensive structures were visible on that continent, and several great cities were scattered all over the continent. All of them were abandoned and emptied.

Even large amounts of resources were left untouched, with no one to mine them.

Attracted by those resources, some soldiers immediately began to gather them

At that moment, inside one of the cities, bundles of runic light suddenly lit up one by one.

Following that, a powerful energy fluctuation suddenly emerged from the runes inside that city. The whole city had seemingly turned into a gigantic bomb, and the energy fluctuation spread everywhere, erupting with full force!

The soldiers were all blasted into smithereens one after another.

"Oh no!"

God King Sikong's expression changed.

However, it was too late.

Countless runes had begun to appear from all the abandoned continents of Pan Gu Universe, with an earth-shattering energy explosion erupting in each of them.

Boom, boom, boom...

It was as if a chain of fireworks had been set off.

As the continents blew up, many Central Heaven Universe cultivators were killed in the explosion. Their cries and screams echoed throughout the surroundings.

"What the hell is going on?"

"What are you doing, God King Sikong? Do you know the way or not?"

Heavenly Rainbow Dragon's expression sank as he saw the armies begin to scatter. Some took action to save their men, while some began questioning God King Sikong's actions.

"We've been tricked!"

God King Sikong took out the intel that Immortal Emperor Luo Tian gave him.

The safest passage mentioned in the message was anything but that. On the contrary, it was a thorny path of traps and ambushes instead!

'Has Immortal Emperor Luo Tian betrayed us?'

'No, that can't be.'

God King Sikong was confident he had a good eye for judging one's character. After having his military authority revoked, someone as ambitious and greedy as Immortal Emperor Luo Tian would only cooperate with them to get back everything that was taken from him.

There was no way he would betray them.

In other words, Immortal Emperor Luo Tian's betrayal had been exposed!

"What should we do now, God King Sikong?" Emperor Skylord asked.

"Continued moving forward!"

They were already in too deep along that thorny path, and Pan Gu Universe's forces had sealed off their escape route.

Things would not get any better for them if they retreat now.

"Heavenly Rainbow Dragon, go with the others to clear the path ahead for us."

"Very well."

The Peerless Warlords started taking action, and their massive auras spread everywhere.

Chu Kuangren looked at the various traps that appeared in the void non-stop with a slight grin on his face. He then shot a barely noticeable glance at a certain part of the void.

Inside the void, Flaming Dark Golden Guardian, who was in dark golden armor, noticed that too. His gaze froze for a moment before he chuckled. "Interesting. It looks like he has noticed me."

He was not too surprised by that.

Something would be wrong if the famous Heavenly Sword could not notice his presence.

"However... You can no longer live!"

The Flaming Dark Golden Guardian revealed a chilling expression.

Even without God King Sikong's orders, they had to kill the Heavenly Sword. That was because Emperor Feng, their master, had ordered them to do so.

'It doesn't matter whether the Heavenly Sword is a traitor or not, he must die!'

Firstly, he had incurred the anger of many tribes. The Titan Tribe, Nether King Tribe, Dao King Tribe, and many other ancient King Tribes had grudges against him.

Even if Emperor Feng did nothing now, the other ancient King Tribes would do what it would take to kill him.

However, Emperor Feng did not mind giving them a little push and made them owe him a favor for that.

Secondly, his potential was far too great. It had gotten to the point where he had become a threat to Emperor Feng.

If he continued getting stronger without any setbacks, Chu Kuangren would certainly surpass Emperor Feng in strength in the future. Emperor Feng could never allow that to happen!

He wanted to create a new era. Hence, an Outlier like the Heavenly Sword must not be allowed to live.

In conclusion, the Heavenly Sword must die, and besides the Heavenly Sword, Chu Kuangren must not be allowed to live too.

...

On Pan Gu Universe's Fourth Continent, Immortal Emperor Luo Tian was enjoying some liquor with a smile on his face.

He was waiting for the Central Heaven Universe troops to arrive. When that time came, he would attack from the inside, take the Pan Gu Universe forces by surprise, and cause them to become scattered.

"Chu Kuangren, I have never forgotten how you took away my military authority. Now the final battle is upon us, the armies of the Immortal Hall shall gather once more. When that time comes, all I need to do is to raise my arm and give the order. Let's see which one of us they will obey then," Immortal Emperor Luo Tian murmured.

"The preparations are ready, Immortal Emperor Luo Tian." The Myriad Dusk Immortal Emperor walked to him and said.

He, too, knew of Immortal Emperor Luo Tian's traitorous plan.

Furthermore, he also willingly followed him as a fellow traitor.

"Hmmm, very well, Myriad Dusk. This battle today shall be the determinant on whether the Immortal Hall can regain its full glory."

Immortal Emperor Luo Tian nodded.

Suddenly, he received a message.

God King Sikong had sent it, and its contents were short and simple.

"Your identity has been exposed! Escape now!"

Immortal Emperor Luo Tian immediately jumped on his feet. "Impossible!"

His expression was grim, and he immediately told the Myriad Dusk Immortal Emperor. "Take all the Immortal Hall's troops and leave this place immediately!"

Just as the Myriad Dusk Immortal Emperor was about to carry out that order, a female figure appeared before them.

The person who appeared was a gorgeous woman.

The Myriad Dusk Immortal Emperor recognized her as one of the newer Immortal Emperors. She was none other than the Great Arbiter Divine Maiden of the East Sovereign Immortal Hall's Nine Houses.

She was already an Embodier now, but she was known to all as the Arbiter Immortal Emperor.
