Chapter 201: The Heart Technique of Sewing More and More (3)

He thought that he would have to waste a lot of effort to convince her. After all, it would be unfair to let a lord's daughter become a servant girl. He did not expect Chu Yu to answer so quickly and readily.

"Yes, Young Master." Chu Yu placed her hands on her abdomen and crossed them.

Xu Bai rubbed his forehead and turned to leave.

Chu Yu came to the side of the stage and burned it down. She then followed Xu Bai and walked along eagerly.

After returning to the Yin Posthouse, Chu Yu took off her costume, revealing a light yellow shirt and pants. At the same time, she removed the makeup on her face. Only then did Xu Bai see her true appearance.

She had a pure and beautiful appearance, and she had a delicate feeling unique to women. Moreover, one could see that she was somewhat similar to King Sheng You.

After returning to her room, Chu Yu walked around the room. Fortunately, the room that the Yunlai Manor's postmaster was staying in was very large, so there was enough room for Chu Yu to stay in.

Very soon, Chu Yu disappeared from sight. A moment later, she walked to Xu Bai with a basin and placed it down.

"Young Master, wash your feet." Chu Yu squatted down and put her knees together. She tilted her head and sized Xu Bai up.

"Even if it's role-playing, you shouldn't be so engrossed in it," Xu Bai said."

“It’s the same in the palace.” “Besides, didn’t you say that you wanted me to be a servant girl? I’m just doing what a servant girl should do.” Chu Yu said in a

daze.”

As she spoke, Chu Yu rolled up her sleeves, revealing her fair arms.

“You go back first. I can do it myself.” Xu Bai quickly stopped him. In the end, Chu Yu returned to her room with a puzzled expression.

Xu Bai rubbed his temples, feeling a headache coming on.

“Forget it, I’ll just teach him properly.”

He couldn’t understand how a powerful figure like King Sheng You could give birth to a daughter who was naturally dumb, as if she didn’t know anything.

However, after thinking about it, it was really possible. After all, she was the daughter of King Sheng You, and the relationship between King Sheng You and the emperor could not be any better.

King You Sheng faked his death to complete the emperor’s plan. The emperor naturally had to take care of his only remaining daughter. It was rare for Chu Yu to maintain such a state of mind in such an environment.

No wonder she had to send her daughter to him. It turned out that she wanted his daughter to grow up.

Of course, there was also a conspiracy theory.

If the Emperor had continued to groom her, he would not have nurtured such an ignorant little girl.

Then what was the Emperor thinking?

He didn't understand.

Xu Bai shook his head and threw away these complicated thoughts. He took out the Purple Cloud Imperial Technique in his hand again.

No matter what they thought, the most important thing for him now was to finish the progress bar.

The oil lamp flickered. Under the light of the oil lamp, Xu Bai looked more and more seriouslv.

The next day.

It had to be said that the progress bar of the Rank- 5 was indeed much slower than the previous progress bar.

However, he had used his heart and soul to do it, so his progress was still there. It was just that it was slightly slower.

Early in the morning, Xu Bai smelled the fragrance of rice. When he walked out of his room and came to the hall, he saw two bowls of rice, two meat dishes, and one vegetable dish on the table. There were a total of three dishes.

"Young Master, are you up?" When Chu Yu saw Xu Bai walking out, she skipped over to him and raised her head." "I made it."

"You know how to cook?" Xu Bai was stunned."

Chu Yu lowered her head when she heard that. She did not know what emotions she had touched, but her eyes were a little dim. "When I was at home, there were some people who were especially respectful to me. When I couldn't find anyone to chat with, I would cook and eat as much as I could. I was the happiest when I ate."

Chu Yu's eyes darkened as she said that.

"Even those people who respected me left after I became sensible. I never saw them again. I asked uncle, and uncle said that they had completed the mission and had already given them a reward."

Xu Bai was speechless.

Reward?

What a bullsh * t reward.

From what he could see, all of them had been silenced. After all, Chu Yu's identity was a top secret at that time.

"Oh right, try it." Chu Yu regained her composure very quickly. It was obvious that this was not the first time she had encountered such a situation. She tugged Xu Bai's sleeve and walked to the dining table in a hurry.

"This, this, and this!"

She pointed at the three dishes and began to explain to Xu Bai how they were made.

He praised her as if she was the God of Cooking.

In front of Xu Bai were a plate of shredded pork with green peppers, a plate of stir-fried vegetables, and a plate of stir-fried green beans.

"Where did you find this material?" Xu Bai asked.

Chu Yu pointed at the kitchen." There's still a lot there. I think they were left inside earlier."

Xu Bai followed Chu Yu's hand and looked over. His expression darkened slightly.

Chu Yu was shocked and quickly retracted her hand. She thought that she had offended Xu Bai, so she lowered her head and did not dare to speak.

"Today, I'll give you your first lesson. Never touch something unfamiliar to you. If it's poisonous, you'll be the one who's harmed." Xu Bai said seriously.

In this aspect, Xu Bai had always adhered to a principle, which was to do things for money.

Just like how he had helped Liu Xu and Wu Hua before, and then helped Yun Zihai, he had done the same.

If they did not do anything for money, they would only be able to rip off new customers. Only by doing good things for money would there be an endless stream of returning customers..

Chapter 202: The Heart Technique of Sewing More and More

This kind of casual teaching was simply at Xu Bai's fingertips.

Chu Yu saw that Xu Bai did not reprimand her but started teaching her instead. She quickly took out a palm-sized notebook from her sleeve and a brush. She started writing on it while mumbling to herself.

"Don't touch unfamiliar things..."

Her expression was very serious. Obviously, she had already made plans to take notes. This thing was definitely prepared in advance.

After Chu Yu was done recording, she kept the book and brush as if she was performing magic. She then continued to pull Xu Gai's sleeve and dragged him to the table.

"Young Master, try it!" Chu Yu pointed at the dishes on the table excitedly.

From Xu Bai's point of view, the vegetables were poisonous.

However...

"You first." Xu Bai said.

To be on the safe side, Chu Yu ate first.

Chu Yu was a simple-minded person, so she didn't know Xu Bai's intention. She quickly picked up her chopsticks and took a bite.

She took a bite of each plate and nodded vigorously. At the same time, she narrowed her eyes as if she was enjoying it.

"Delicious."

This feeling was already extremely far away from the high ground of intelligence.

As Xu Bai thought about it, he took a bite. Then, his eyes lit up.

It was indeed not bad. It was not particularly delicious, but it was very suitable for Xu Bai's taste.

Xu Bai ate two more mouthfuls of rice.

At this moment, Chu Yu had also started to move her chopsticks.

It was inevitable to chat when eating at the dining table. After all, it was quite boring to just eat.

Xu Bai took a few bites and said casually, "What is your ability? That day I saw you use a gun to block my knife, but before you left, you burned all the guns."

Chu Yu's ability was not to be underestimated since she was able to block the Second Breaker Move.

This was just a casual question he asked during dinner.

Chu Yu put down her chopsticks and only answered after she had swallowed the food in her mouth. "The Daoist Formless Heart Sutra, hmm... The stronger I temper my heart, the stronger I become."

"To put it in layman's terms," Xu Bai looked puzzled.

Some things were too profound for him to understand. After all, he was just a new rookie.

Heart training?

What heart?

There was no beginning or end to these words, so she could only hear the gist of it.

"Formless Heart Sutra, maintain a flawless Dao heart and experience the world. The more you experience, the stronger you become." Chu Yu tilted her head and said, "As for the means of attack, it's up to you to do whatever you want. When I blocked your knife, I sensed danger and blocked it at will. I blocked it right away."

Xu Bai nodded silently and ate a mouthful of food expressionlessly. However, he had other thoughts in his mind.

It was cool to listen to what he wanted.

Moreover, he had a flawless Dao heart. It felt like a fantasy.

“Could it be that this cultivation method caused your personality?” Xu Bai seemed to have thought of something and asked.

As for Wu Xia, it was easy to link her to Chu Yu’s personality.

“Big Uncle said that it wasn’t because the Formless Heart Sutra created my personality, but because my personality created the Formless Heart Sutra. “” The so-called ‘flawless’ means that I’m colorless and formless, and I can transform into all things. No matter how much my personality changes, my original personality will always be flawless,” Chu Yu explained.”

“In other words, if your personality changes because of me, it won’t affect your strength at all. “Xu Bai pondered.

Chu Yu nodded vigorously and used her chopsticks to stir the rice in her bowl. “It shouldn’t be affected.”

Xu Bai ate the rice again. The more he ate, the more delicious it became.

Xu Bai only ate a few mouthfuls of rice. When he was almost done, he put down his chopsticks.

“After you finish eating, pack up your things. I’ll give you a lesson and tell you the rules of Jianghu.”

Chu Yu’s eyes shone with excitement when she heard that she had to go to class. She nodded vigorously.

The two of them finished the dishes very quickly. Chu Yu was also clearing the bowls and chopsticks on the table excitedly. She did not have the temperament of a royal at all.

When everything was done, Chu Yu took the small notebook and the brush. She then moved a small stool and sat in front of Xu Bai.

Chu Yu put her slender legs together and placed the small notebook on her knees. She raised her head and stared at Xu Bai with her sparkling eyes, pretending to listen obediently.

Xu Bai did not waste any time. After some thought, he used himself as an example to explain to Chu Yu.

In the days to come, Xu Bai had to tell Chu Yu about it every day. Sometimes, he even had to ask Chu Yu to answer his questions.

Other than that, he had to progress every day.

It was worth mentioning that Chu Yu was a fast learner. She was also very serious and did a good job in learning what Xu Bai taught her.

However, Xu Bai had a nagging feeling that something was amiss. He could not pinpoint the exact details. It was not until one day when he looked into Chu Yu's eyes, which were still the same as before, that he finally understood what was amiss.

He would be giving a systematic explanation every day. In the end, it was just a theory on paper. If Chu Yu did not experience these things personally, she would only feel that it was superficial after all.

The second half of the sentence, 'I have to do it by myself' needed to be verified by practice. Otherwise, it would forever remain in books.

After thinking about it, Xu Bai couldn't find a place to put it into practice for the time being, so he put it on hold for the time being.

During this period of time, the posthouse people did not bring anything with a progress bar, so it was rather tasteless.

Something worth mentioning was that Yun Zihai had come by during this period of time and said that there were already some signs, but at the moment, it was not good to alert the enemy. Once there was news, he would inform them in time..

Chapter 203: The Heart Technique of Sewing More and More

Of course, he also saw Chu Yu.

Of course, Yun Zihai did not know who Chu Yu was. After all, she was protected by the emperor, so very few people in the world knew about her.

At that time, Yun Zihai was shocked.

“Brother Xu, where did you get a Level Six expert from?”

These were the original words at that time. Xu Bai was also surprised that this silly girl was actually a Level Six expert.

However, Xu Bai concealed Chu Yu’s identity and only said that he found her in a forest.

When it came to words, it was the easiest for others to believe the truth and falsehood.

Of course, Yun Zihai did not believe this. He even felt that Xu Bai was insulting his intelligence. However, it was obvious that Xu Bai was hiding his identity. Yun Zihai did not ask about it.

They were all smart people. Who didn’t have some secrets these days? If they asked about secrets when they encountered them, how could they make friends?

Therefore, Yun Zihai only informed him of the news and left immediately. Moreover, he did not see him again during this period of time.

The only thing that made Xu Bai happy was that the Purple Cloud Imperial Technique was finally about to run out.

The weather was clear and cloudless. The entire sky looked extremely comfortable. At a glance, it was boundless.

Xu Bai moved the recliner to the courtyard outside. Chu Yu was sitting on a small stool beside him. She leaned her head on the handle of the recliner and looked up at the little notebook.

It was the lesson taught by Xu Bai. She had written down all the content on it. The small notebook was almost full.

Chu Yu continued to read as if she would not be able to read it if she did not read it out loud.

Xu Bai did not bother with Chu Yu. He stared at the Purple Cloud Imperial Technique in his hand and watched as the progress bar increased bit by bit. The excitement in his heart grew.

After a while, the last bit of progress bar was finally completed. Then, light blue smoke appeared.

Only Xu Bai could see the light blue smoke. When he appeared, it immediately gathered in the air and formed a line of light blue words in the blink of an eye.

[You have observed the Purple Cloud Imperial Technique and comprehended it.]

“This is perhaps the most symmetrical.” Xu Bai thought to himself.

Looking at the things he had observed in the past, he had often observed one thing and comprehended another. This was the first time he had seen someone observe and comprehend the Purple Cloud Imperial Technique like this.

After the light blue words appeared, they did not stay for long. In the blink of an eye, they disappeared. At the same time, new words appeared again.

[Fusion option found. Fusion in progress.]

[Purple Purple Heaven Imperial Technique + Reverse Yin Yang Chaos Chaos Four Directions = Reverse Purple Heaven Chaos Yin Yang.]

“Success!” Xu Bai thought to himself.

After the fusion was successful, the light blue words turned into information that entered Xu Bai’s mind and disappeared.

The next moment, the latest attribute panel appeared in front of him.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized. I

[Broken Second Level: Level 3]: Maximum level.] [Reversing Purple Clouds, Disrupting Yin and Yang (Level 5):[Maximum level.]

[Maple Leaves Like Rain (Tier 2): Maximum level.] [Four Steps (Level 3): Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Strengthening Technique (Level 4): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.]

[Comprehension (max level)]

When a new attribute panel appeared, the True Core Strength in his body began to increase at a speed visible to the naked eye.

Rank-7...Rank-6...Rank-5!

After reaching the Fifth Stage, the growth rate of the Refined Qi would slowly decrease.

Xu Bai sensed for a while and found that his entire body was already filled with Refined Qi. If he continued to stack it and reached the Fourth Stage, his body might not be able to withstand it.

“Perhaps there will be a qualitative change when I reach the Fourth Stage.” He thought to himself.

He had to find a time to ask Yun Zihai about the various classifications of grades. This was the most basic thing. He had to figure it out.

Thinking of this, he suppressed this thought and carefully chewed on the information in his mind.

After inheriting the characteristics of other mental cultivation techniques, it added a technique called borrowing power. It could borrow the power of heaven and earth to increase one’s strength by 20%.

However, this ability consumed a lot of Refined Qi. Fortunately, he had the Kidney Strengthening Technique, which was equivalent to having a mobile storage of Refined Qi, so he could still use it.

Borrowing momentum, converting between reality and illusion, group battle, and other abilities had already made this mental cultivation technique very practical, and it was also becoming more and more stitched together.

Xu Bai was very satisfied. He turned around subconsciously and saw Chu Yu’s stunned expression.

“Young Master, you...Did you break through?”

Chu Yu was stunned. She had broken through to a higher level than her during her lunch break. Was that reasonable?

She could feel that Xu Bai's aura was even stronger than hers. It was hard to hide it at the moment of his breakthrough.

Rank-5?

It was unbelievable.

"No wonder the evaluation is so high. "Chu Yu was stunned.

Xu Bai raised his hand and knocked on Chu Yu's head."It's a routine operation. Continue reading your book."

Chu Yu covered her head and did not dare to make a sound. She continued to read the contents of the book in a wronged manner.

At this moment, Xu Bai had just retracted his hand when he heard a commotion.

"Plop...'

Chapter 204: A Clue Revealed by Stitching a Corpse (1)

The sound of wings flapping could be heard. Xu Bai turned his head and looked in the direction of the sound. He saw two pigeons standing on the eaves of the room.

"Pigeons?"

It was not just pigeons, but two of them. At this moment, the two pigeons on the roof were whispering to each other, appearing very intimate.

Nowadays, even animals began to show their love.

Xu Bai was the first to react, but Chu Yu was the first to stand up and run under the eaves.

“My pigeon!” Chu Yu pointed at the pigeon on the roof and turned to look at Xu Bai. The excitement in her eyes was self-evident.

As she reached out her hand, a pigeon fluttered its wings and slowly landed on

Chu Yu’s palm.

The other pigeon was still standing on the eaves.

“Only one.” Chu Yu stroked the pigeon’s feathers gently and took out the note on the pigeon’s leggings.

She tilted her head and looked at the other pigeon on the roof. She turned to Xu Bai and said, “It seems to be yours.”

Xu Bai also came to the roof and raised his head.

Other than Yun Zihai, no one else could send a messenger pigeon at this time.

Seeing Xu Bai approaching, the pigeon flew down from the roof and landed on Xu Bai’s shoulder.

As for why the pigeon could differentiate between humans and humans, Xu Bai could not explain why it was different from the pigeons in his previous life.

The Otherworld was naturally different.

Since he had come to the Otherworld, he had to respect the settings of the Otherworld. He could not be a troublemaker.

Using the world view of his previous life to explain the setting of this fantasy world was equivalent to applying it mechanically.

After removing the note from the pigeon's leg, Xu Bai released his hand, and the pigeon flew away.

On the other side, Chu Yu's pigeon flew away and she took the note.

As she was one step ahead, she had already finished reading the contents. After putting down the note in her hand, her eyes had a strange expression.

Xu Bai wanted to see the contents of the note in his hand first, but after seeing

Chu Yu's expression, he asked doubtfully, ""What's wrong?"

Chu Yu regained her senses and raised the note in her hand. She handed it to Xu Bai."Eldest Uncle has released the restrictions on the Imperial Family."

The royal family?

Xu Bai's interest was piqued.

He did not look at the note in his hand but opened the one Chu Yu handed to him first. When he read the contents on it, the corners of his mouth curled up slightly.

“It’s normal.”

It was a simple answer.

The contents of the note were also very simple. It was that the emperor had loosened the restrictions on the royal family and allowed the royal family to no longer be limited to the study of Rank-6.

Including recruiting subordinates, it was not limited to Rank-6.

Of course, how many could be recruited depended entirely on one’s ability.

In Xu Bai’s opinion, it was normal for the Emperor to release the restriction. Initially, the Imperial Family was restricted. On the surface, the Emperor wanted to control all the power, but in fact, it was just to promote the King of the Underworld.

They wanted to find a disloyal member of the royal family and use it as a condition for King Sheng You to be resurrected.

Now that King Sheng You had been resurrected, there was naturally no need to restrict him. Restricting the royal family was actually a kind of restriction on himself.

For a proud person like the emperor, no matter how much the members of the royal family grew, they could be controlled with one hand.

“However, the situation might change.” Xu Bai thought to himself.

Now that the restrictions of the royal family had been lifted, it was no longer like before, where they were just playing house. Now, things had become much more complicated, and the situation in the past would also change.

However, this had nothing to do with him. He did not want to participate in the disputes of the royal family. He only wanted to guard this piece of land in peace.

At the thought of this, Xu Bai returned the note to Chu Yu and opened the note in his hand.

Just as he had expected, this note was indeed sent to him by Yun Zihai. The content on it was also very simple. The general meaning was to tell him that there was already news.

Xu Bai turned around and patted Chu Yu's shoulder after reading the contents.

Chu Yu was stunned. She looked at Xu Bai with a puzzled expression, not understanding what he meant.

"It's time to go to Yunlai Mansion." Xu Bai said.

"Work?" Chu Yu tilted her head and still did not understand.

"Lock the door and go over first. You'll know when you arrive." Xu Bai did not explain further.

Chu Yu did not ask any more questions. She turned around and locked the door before following Xu Bai.

Xu Bai turned his head and looked at the empty Yin Posthouse. The posthouse staff had not arrived yet, so it seemed a little deserted.

"I've just become the station chief and haven't even had a stable two days before I have to go out and busy myself."

He thought that after this matter was completed, he would call Liu Er over and ask him to help guard the Yin Posthouse so that he would have extra time to see if there was a progress bar.

The two of them did not stay for long. They left the Yin Posthouse and rushed towards Yunlai Mansion.

There was no carriage along the way. She had to walk on her own feet. Chu Yu might look like she was in a daze, but she was actually a Rank-6 expert. Her speed was not slow at all.

The two of them did not stop along the way. They rushed all the way to Yunlai Mansion. After about two hours, when they were getting closer and closer to Yunlai Mansion, Xu Bai stopped.

As Xu Bai stopped, Chu Yu stopped as well. She looked at her surroundings with a blank expression. Soon after, her blank expression disappeared and was replaced by a stern and guarded look.

Although she was innocent, she still had some basic details of life. For example, she did not hesitate when she encountered danger.

In the beginning, there was still a slight wind blowing in the surroundings, but after arriving at this open space, the wind gradually disappeared and it was

quiet..

Chapter 205: A Clue Revealed by Stitching a Corpse (2)

“There are many people.” Chu Yu said.

There was a slight vibration on the ground, and there was the sound of footsteps ahead.

The forest was collapsing at a speed visible to the naked eye. In the blink of an eye, the forest in front of them was completely destroyed, and a group of people appeared in front of them.

Xu Bai pulled out his Ghost Head Blade and looked at the hundred people in front of him, his eyebrows slightly raised.

“These guys are really unscrupulous.”

When he entered this circle, the enemies he encountered were all sneaky. This was the first time he encountered such a situation where he mobilized more than a hundred people to surround him.

This showed that the other party had great influence in Yunlai Mansion and did not care about the risk of being exposed at all. Or rather, the news was blocked and could not be exposed at all.

But no matter what, it was more important to solve the problem at hand.

More than a hundred people stood in front of Xu Bai. Each of them had their faces covered, and only their eyes were exposed.

They each carried different weapons, and some even came empty-handed. It was obvious that they had come prepared and even hid their identities.

There was no communication between the two sides. They didn't even say a word. The other party decisively chose to attack.

Over a hundred people charged forward with great momentum. The weakest among them was a Level Eight expert.

"The first lesson of the pugilistic world is to never be soft-hearted when you encounter an enemy." Xu Bai looked at Chu Yu and said, "Kill them all."

Chu Yu was stunned for a moment. Then, she nodded her head vigorously and dashed into the crowd faster than Xu Bai.

She didn't seem to have any moves. She just casually slapped and punched. Every punch and palm could send five or six people flying.

These people were not ordinary people. Even the weakest among them was a Level Eight expert. However, Chu Yu was able to chop them up as easily as chopping melons and vegetables.

The Formless Heart Sutra emphasized on doing whatever one wanted. There were no fixed moves. Every punch and palm followed one's heart.

With Xu Bai's words, Chu Yu appeared to be very serious. She exerted all her strength in every move, and her goal was to kill the other party.

Xu Bai stood there and watched for a while, then nodded silently.

No wonder King You Sheng sent his daughter over to be taught by him. If this kind of personality fell into the hands of bad people, who knew what kind of person she would be nurtured into.

Xu Bai did not stop when he saw Chu Yu's effortless performance. He took a step forward and executed the Four Steps of Travel.

This step seemed to be very short, but in an instant, he landed in the crowd. Then, the long saber in his hand began to move.

Every slash was the end of a life, and every slash was extremely accurate on the neck.

With the death of each masked man, a ball of invisible essence energy flowed along the blade to replenish the True Core Strength that Xu Bai had consumed.

Among the Purple Cloud Reversal of Yin and Yang, there was a Slaughter Heart Technique that was extremely suitable for group battles. After killing the enemy, one could replenish themselves and become more and more courageous as the battle progressed.

The saber in Xu Bai's hand was like an arm, and when he used it, it was very pleasing to watch. However, it was also filled with endless killing intent.

Every enemy could not even withstand a single move from him before they died.

Between the two of them, it was a feast of slaughter. These hundred people were simply like ants, unable to move the tree at all.

In less than half an incense's time, there were no longer any living people on the scene.

Xu Bai had wanted to leave one alive, but the other party had eaten the same poison as the one that Posthouse Chief Ou had eaten before, and had instantly turned into a pool of blood.

Looking at the corpses on the ground, his frown deepened.

There were many people in this group, and each of them was not weak, but they were far from enough to deal with him.

Since the other party was able to entangle themselves in Yun Nan Prefecture, why would they do such a stupid thing? Sending a group of opponents that they were not confident in to deal with him was equivalent to sending a sheep into the tiger's mouth.

Xu Bai felt that something was going on inside, but he couldn't figure out why.

"It's so uncomfortable." Chu Yu's face was a little pale. She walked over while clutching her stomach and stuck out her tongue. "I feel like vomiting."

She wasn't exhausted, nor was she injured. It was just that she was a little nauseous from the smell of blood.

"You didn't hesitate at all when you killed him. This isn't your first time killing someone, is it?" Xu Bai cast a glance at Chu Yu from the corner of his eyes and said meaningfully.

Chu Yu scratched her head foolishly and did not try to hide anything. "No, when I was in the palace, I would be arranged by my uncle to kill a death row prisoner every day. Uncle said that it's fine to be innocent, but in this world, it's impossible not to kill.""

Xu Bai was speechless.

Looking at Chu Yu's innocent face and listening to her vicious words, he felt a strange sense of disparity.

"Let's hurry on our way." Xu Bai said.

No matter what, he had to go through everything. As long as the other party used any tricks, he would just deal with them. The most important thing now was to rush over and see if there was any movement from Yunlai Mansion.

The two of them didn't stay any longer and continued their journey towards Yunlai Mansion.

After they left for a while, a young man in white suddenly appeared on the empty ground filled with corpses.

The young man was dressed in white, with a white cloth covering his eyes and tied to the back of his head.

He looked ordinary and did not have anything special about him. He did not hold anything in his hands.

"His saber technique is exquisite, and he also has a special movement technique. There are several characteristics in his mental cultivation technique. This time, he only tested out the characteristics of group battles.."

Chapter 206: A Clue Revealed by Stitching a Corpse (3)

"And that woman seems to be using the Formless Heart Sutra, which is known as the gradeless book in the royal library."

"We have to try again. This Xu Bai person definitely has more tricks up his sleeve. Otherwise, he wouldn't have participated in the matter of King You

Sheng.”

The young man rambled on as if he was talking to himself. After a while, he turned around and left the forest.

Yunlai Manor.

Yun Zihai waved his hand and wiped away the fork on the brush.

“Ahem.” Yun Zihai coughed lightly. There was no expression on his pale face.

In front of him was a piece of paper that he had rolled into a strip.

“This is the third letter that went straight to the Imperial Court, but there was still no response. It seems that it was intercepted midway.”

“But I’ve been following the carrier pigeon all the way until it flew out of Yunlai Mansion, and there’s nothing unusual.”

“No, if the other party is luring the tiger away from the mountain, I’ll be in big trouble.”

As he straightened out the forks on the brush, he pondered in secret.

He had already sent three letters to the Imperial Court in a row, but the results were unsatisfactory and there was no response.

The occurrence of such a situation made him wonder if someone had intercepted the messenger pigeon, causing him to not receive any news.

However, he couldn't chase too far. If he chased out of Yunlai Mansion, the other party would be luring the tiger away from the mountain. If he fell into the trap, it would be troublesome.

Up until now, he seemed to have cut off contact with the outside world, but there was only one place that was fine, and that was Xu Bai's Yin Posthouse.

"I hope Brother Xu can come quickly." Yun Zihai thought.

Just as he was thinking about this, he heard footsteps outside the door. He looked in the direction of the sound and saw Xu Bai walking in with the girl he had met earlier.

Yun Zihai was overjoyed. He stood up and walked toward Xu Bai. After taking two steps, he stopped and frowned.

"Brother Xu, did you encounter an ambush?"

Just now, he smelled a faint bloody smell on Xu Bai's body. It was obviously left behind by a battle.

"There are more than a hundred people, and the weakest one is a Level Eight expert." Xu Bai said.

Chu Yu had been trailing behind Xu Bai ever since she entered the government office. She looked just like a real servant girl.

However, his eyes were filled with curiosity as he looked around.

"The other party has created such a huge formation. It seems that they have nothing to fear." Yun Zihai's thoughts were the same as Xu Bai's. Since the other party dared to send so many people over, they must have thought of a backup plan.

'Let's not talk about this for now.' Xu Bai waved his hand. 'Brother Yun, you said you found a clue. Take me to take a look.'"

Hearing this, Yun Zihai didn't say anything more about this issue. He quickly brought Xu Bai to the prison at the side.

This was a prison cell located in the government office. It was dark inside. Other than the oil lamp on the wall, there was no other source of light.

This scene made Xu Bai feel like he had seen it before. Some memories were attacking him in his mind. After thinking about it carefully, he suddenly realized something.

Wasn't this very similar to the scene in the Raging Tiger Camp? The cell in the Ferocious Tiger Camp was also dark and looked very deserted.

It had been a long time since the Raging Tiger Camp, but the experience in that prison cell was still vivid in his mind. After all, that was his first time killing someone, and it was also his first awakening progress bar.

As he walked, he reminisced. Sometimes, memories could make people feel happy. Xu Bai thought about those things and unconsciously, his footsteps became a little lighter.

"Here." Yun Zihai walked with Xu Bai for a while and came to the innermost cell. He pointed at the person in the cell and said, "Brother Xu, do you think this person looks familiar?"

The cell was very dark. Yun Zihai added an oil lamp to the cell alone. Under the faint light, Xu Bai narrowed his eyes slightly when he saw the person in the cell.

This was an ordinary-looking young man with a satchel hanging from his waist. The satchel was very old and there were many traces of sewing on it.

"Zheng Jin?"

Xu Bai still remembered this person's name. Wasn't he the coroner he met when he came to Yun Nan Prefecture?

Oh right, it seemed to be a coroner. It was a special profession.

“Is there a problem with him?” Xu Bai asked.

“Brother Xu, do you still remember what I told you before?” Yun Zihai nodded. The autopsy report that this guy gave me was extremely perfunctory. There was not a single bit of useful information on it. In that so-called autopsy report, any ordinary coroner could have done it.”

“A coroner is good at searching for traces, especially when it comes to the dead. He is in the business of speaking on behalf of the dead. This should not be the case...” Chu Yu tugged at the bars of the cell and stuck her face into the crack of the cell. She was filled with curiosity.

Xu Bai held Chu Yu’s head and pulled her back.””If you want to go in and stay for a while, I can open the back door for you.”

Chu Yu quickly shrunk her head and shook it rapidly.””No, no, prison is not auspicious.”

She was just curious, not stupid. Who would want to go in and stay in such a situation?

Seeing that Chu Yu had settled down, Xu Bai ignored her and continued asking,””Did you find any useful information?”

Yun Zihai said,” I did, but this guy answered too quickly. I suspect he’s trying to bite back.””

As he spoke, he took out a stack of papers from his sleeve and handed it to Xu Bai, indicating that these were Zheng Jin’s statements..

Chapter 207: A Clue Revealed by the Stitching of the Corpse (4)

Xu Bai took the stack of paper and scanned it from beginning to end in detail.”Ye Clan?”

There seemed to be a lot of content on it, but in the end, it only pointed at one family, the Ye family.

Yun Zihai explained, "The big family in Yunlai Mansion was originally in the business of carrying corpses. In the end, there were frequent wars in that era, and too many people died. Therefore, they made a fortune and settled down here. The current generation's Ye family head, other than carrying corpses, also practiced martial arts and was very good at fighting."

Carrying a corpse didn't mean carrying a dead person on one's back, but rather a ritual.

He dug a hole and removed the side panel of the coffin. He climbed into the coffin upside down, not daring to face down. He did all the backhand work.

That's why it's called a corpse.

To learn this profession, there were two requirements: One was bold, and the other was ugly.

It was fine if they were bold, but being ugly was another reason. After all, they were carrying corpses. In order to avoid accidents on the way and prevent the corpses from becoming strange, being ugly had an innate advantage.

If you are ugly, you can go to the evil spirit.

As for what the principle was, only those in the industry knew.

"How good can I be at fighting?" Xu Bai looked at another spot and said.

Yun Zihai thought about it and cleared his thoughts. Then, he gestured with his hand. "This generation's Ye Clan's Patriarch is called Ye Men. He's a Sixth Stage Dual Cultivation Expert. It's said that he can fight ten experts of the same level."

"You can fight ten of them?" After Xu Bai heard Yun Zihai's answer, he was slightly surprised.

This was beyond his expectations. A person could fight ten experts of the same level. This was no longer a question of whether he could fight or not. He was very good at fighting.

“However, I did some investigation. His family doesn’t have any background. They just made a fortune during that period of time and didn’t cause any trouble in Yunlai Mansion. Since then, they’ve been running their own business, occasionally taking on some business.” Yun Zihai coughed.

In this day and age, one had to have some background to do anything. If one did not have a background, one had to keep a low profile.

If it was really as Yun Zihai had investigated and the Ye family did not have any background, then why did they dare to do such a big thing?

Attacking two officials of the Imperial Court was a serious crime.

“Maybe you didn’t find out. Maybe there’s some hidden background.” “What do you plan to do by calling me here?” Xu Bai asked slowly.

Since he had already found a clue, with Xu Bai’s temper, he could just go over and look for it. However, Yun Zihai had called him over alone, so he must have his own ideas. He wanted to hear it first.

“Actually, I called Brother Xu over because I want to borrow the medicine in your hand. It’s the poison that is specially used to force people to confess. “When Yun Zihai said this, he appeared very ashamed.

He had just arrived at the government office and did not have any useful manpower. It was equivalent to him being the only one busy.

“So you haven’t found out the truth yet. That’s not a problem. By the way, where’s Liu Er?” At this moment, Xu Bai realized that Liu Er was not in the government office.

He had lent Liu Er to Yun Zihai. Now, it seemed that Yun Zihai had arranged for Liu Er to go somewhere else.

“I arranged for Liu Er to go to the Ye family and observe their movements.” Yun Zihai explained.

Xu Bai frowned. “He’s only a Level Nine martial artist. Is it safe for you to arrange for him to go there?”

“Brother Xu, don’t worry. I gave him a piece of paper. On it, I wrote an article. If there is danger, I will protect him at the first moment. Even a Level Six expert will need some time to break through.” Yun Zihai made a relieved expression.

“I see.”

After receiving the reply, Xu Bai temporarily ignored Liu Er’s matter. He took out a medicine bottle from his pocket and was about to open the door when he suddenly stopped.

Yun Zihai’s face was filled with confusion. He did not understand what Xu Bai wanted to do.

He recognized the medicine bottle. It contained the pills that Xu Bai often used to force confessions.

Xu Bai turned his head and looked at Chu Yu. He threw the medicine bottle in his hand at her, then took out the medicine for external injuries and threw it at Chu Yu at the same time.

Chu Yu was still staring at the prison cell curiously. When she saw Xu Bai throwing two medicine bottles at her, she quickly caught them in a flurry. Her clear eyes were filled with confusion.

Why did he give her the medicine bottle?

Wasn’t she here to get a role?

“Young Master...” Chu Yu was about to speak when Xu Bai interrupted her.

Xu Bai pulled out the Ghost Head Blade from his waist and threw it to Chu Yu. He pointed at Zheng Jin who was in the cell and said, "Go and cut off his hands and feet, then treat him with medicine for external injuries. Finally, give him another bottle of poison." Chu Yu was speechless.

"Don't you understand?" Xu Bai shouted.

He had been looking for an opportunity for Chu Yu to put it into practice. It was the best opportunity to put it into practice, so he could not let it go so easily.

After all, he had accepted someone else's Nameless Saber Scripture, so he still had to put in some effort. After all, he was being paid to do things.

To open a business, to be a man of the blue was to be honest. Only in this way would there be repeat customers.

Chu Yu's face was filled with rejection. She put on a pitiful look and said, "Young

Master, I'll just kill him with one slash. I don't want to do this."

Her uncle had taught her to kill people before, but he had never taught her to harm people in this way. She could not bear it.

"If you don't want to do it, then go back. I don't welcome you here." Xu Bai said with a straight face.

Chu Yu immediately quivered and said hurriedly, "I'll do it, I'll do it, but can we compromise? I'll cut off his hands and feet, and Young Master will apply the medicine for him.."

Chapter 208: A Clue Revealed by Stitching a Corpse (5)

As she spoke, she looked at Xu Bai pleadingly with her big eyes.

Xu Bai stroked his chin and snatched the bottle from Chu Yu's hands." 'Next time, you will be in charge of everything."

Chu Yu nodded quickly as if she had been granted amnesty.

Teaching needed to be done step by step, otherwise, going too far was as bad as falling short.

Xu Bai felt that if he allowed Chu Yu to take the first step, the rest would be smoother.

This was indeed the truth. The first time, it was inevitable that it would be very dry. Slowly, it would gradually become smooth.

Although Yun Zihai didn't understand what the two of them were doing, he didn't ask further. When he saw that the two of them had finally confirmed it, he opened the cell door.

"Brother Xu, Zheng Jin has already been crippled by me."

In the end, he added.

Xu Bai led Chu Yu inside.

At this moment, Zheng Jin, who had his back to them, turned around. His face was haggard. When he saw Xu Bai, there was a hint of mockery in his haggard expression.

"Lord Xu is here too."

His words were calm, as if he was in jail.

“I’ll give you a chance to tell me everything you know. Otherwise, the outcome will be very painful.” Xu Bai said expressionlessly.

“I’ve already told you everything I know. It was the Ye Family who asked me to do it.” Zheng Jin spread out his hands, indicating that he had confessed truthfully.

Xu Bai looked at Chu Yu. The meaning in his eyes was clear.

Chu Yu gritted her teeth, lifted the Ghost Head Blade, and slid it casually.

In the next moment, Zheng Jin’s limbs were all severed.

However, a miraculous scene appeared. There was no blood flowing out from the place where it was cut off. It was empty and there was nothing there.

There was flesh and bones, but no blood.

“As expected of Lord Xu. The rumors in the martial world are that you are ruthless.” Zheng Jin was slightly surprised as he saw himself falling to the ground.

This was the first time Xu Bai had seen such a scene.

His hands and feet were cut off, but no blood flowed out. He didn’t look like a human.

“Young Master, he doesn’t seem to be a coroner, but a branch of the Corpse

Carrying Man and the Corpse Sewing Man.” Chu Yu whispered into Xu Bai’s ear.

As if she was worried that Xu Bai wouldn’t understand, she explained again.

“Legend has it that when a corpse carrier is carrying a corpse, if they bump into something, they will be stitched up by a suturing person. The most ridiculous method of suturing is to sew themselves up with a corpse, leaving only their head.”

” The effect of doing this is to achieve a long lifespan conversion. If one’s lifespan is near, they will be transplanted onto another corpse. This way, they will have a fake lifespan.”

“But the price for doing so is very high. They have no sense of touch or even pain. They have no combat ability either. They simply live a long life.”

Corpse carrier?

Stitched corpse?

“It seems that you have a grudge against the Ye Clan.” Xu Bai said with interest. ”

If Zheng Jin was really a branch of the Corpse Carriers, why would he expose the Ye family? In Xu Bai’s opinion, it was very likely that he was framing them.

Of course, this was just a guess.

“What I said is true.” Zheng Jin smiled.” Besides, Lord Xu won’t torture me to get a confession. After all, I don’t even feel pain anymore. The so-called torture won’t work on me at all.”

“Okay, it’s not the Ye family.” Xu Bai said.

Zheng Jin was speechless.

He didn’t seem to have said anything. How did he know that he wasn’t from the Ye family?

Xu Bai looked at Yun Zihai and said, "The person behind this knows that I have something on me that can be used to force a confession, so he specially sent someone who can't feel pain. It's very obvious."

Zheng Jin was stunned for a moment before he reacted and said with a smile, "So what? Even if it's not the Ye family, you won't be able to get anything out of me. Why don't I just tell you a few families?" His words were filled with two words- "I killed him," Xu Bai said.

The Ghost Head Blade slashed past, and Chu Yu sheathed it.

Zheng Jin's head was split into two and he lost all signs of life.

Xu Bai took the Ghost Head Blade from Chu Yu's hands and sheathed it. He then brought Chu Yu out of the cell.

Yun Zihai had been frowning. He was a smart person and naturally knew that Zheng Jin was indeed changing his target.

As for Xu Bai killing Zheng Jin, he didn't have any opinion on it. He felt that it was fine.

For a person who could not feel pain, no matter what kind of torture was used to extort a confession, it would be fake. It would be impossible to force out real clues. Instead of keeping him alive, it would be better to kill him directly. Otherwise, would he be kept alive for the New Year?

"Brother Xu, it looks like our trail is broken again." Yun Zihai pondered.

"No, it didn't." Xu Bai shook his head.

"Oh?" Yun Zihai was stunned for a moment before he reacted and came to a realization. "Brother Xu means that we still have to go to the Ye family."

‘That’s right,’ Xu Bai said without any hesitation.” Since Zheng Jin is a corpse sealer and has connections with the Ye Clan, we might as well start investigating Zheng Jin’s background. The Ye Clan must be very clear about this.”‘

Yun Zihai thought for a moment. That was the case, so he quickly prepared to leave.

Xu Bai and Chu Yu followed behind him. After the two of them left the cell, they saw Yun Zihai enter the room. Then, he quickly took out a few pieces of black clothes.

From the looks of it, he wanted to disguise himself and explore the Ye residence at night.

“There’s no need to go through so much trouble.” Xu Bai stopped Yun Zihai and said, ‘We’ll go openly. This time, we’ll come up with an open plot.’”

Chapter 209: Crow Language in the Mass Burial

“An open plot?” Yun Zihai frowned when he heard this. He did not understand what Xu Bai was planning.

“Sneaking in and coming back secretly, when the other party already knows the inside story, you can only see what the other party wants you to see.” Xu Bai pointed at the corpse on the ground and said, “If the Ye family really has connections, he would have been prepared when you caught him.”

“If we go over brazenly, the other party will be on guard.” Yun Zihai pondered.

Xu Bai walked in front of Yun Zihai and patted his shoulder. His tone was teasing. “Who are you?”

Yun Zihai was stunned. He did not understand what he meant by saying such words at this time.

However, he saw that Xu Bai’s words had a hidden meaning, so he said that he was Yun Zihai.

“Wrong!” Xu Bai raised his index finger and waved his hand. “You’re the magistrate of Yunlai Mansion. You’re the one who has the final say in Yunlai Mansion. You can investigate however you want. Even if you go to his women’s house for a night, they won’t dare to say anything because you’re the one in charge here.”

Yun Zihai was speechless.

Hearing this, he seemed to understand what Xu Bai meant.

He was the magistrate of Yunlai Mansion, and the entire Yunlai Mansion had to listen to his orders.

It was obvious that he was going to investigate the case now. If the Ye family dared to stop him, they could be punished according to law.

“Wonderful, Brother Xu.” Yun Zihai expressed that Xu Bai’s idea was not bad. Xu Bai held down the impatient Chu Yu and said, “Let’s set off now.”

It was an opportunity that could not be missed. If it was lost, it would not come again. He had to seize the time to avoid any more problems.

Since the other party had already made a move, not only did they have to receive it, but they also had to think of a way to return it and give the other party a big fight.

The two of them discussed for a while more before rushing straight to the Ye family.

There was a new lord in Yun Nan Manor, and he was taking over Yunlai Manor in the form of autonomy. Not only did it spread widely among the Jianghu people, but even the common people knew about it.

Since Xu Bai said that he wanted to go over openly, Yun Zihai did not hide his identity. The two of them swaggered toward the Ye family, causing the surrounding pedestrians to turn their heads and look at them.

Earlier, Yun Zihai said that the Ye family was not far from the government office. The few of them only walked for a few minutes before they arrived at the Ye family's main gate.

Xu Bai stood at the door and looked up and down. As expected of a family that made a fortune from war.

Just the two stone lions at the entrance alone were the work of a master in terms of craftsmanship. The cost must have been quite high.

At the door stood two servants on duty.

Xu Bai and Yun Zihai swaggered over with a cowering Chu Yu following behind them. Of course, they were particularly eye-catching.

Originally, Yun Zihai wanted to call Liu Er back, but Xu Bai stopped him. After all, it was not good to expose too many people. He would let Liu Er hide in the dark.

When the two servants saw Xu Bai and the others approach, they looked at each other. One of the servants walked out and cupped his hands at Yun Zihai. "Greetings, Lord Yun. May I know why Lord Yun has come to the Ye family?"

After all, he was the head of a prefecture, a dignified prefecture commander. The servants naturally knew him.

However, what puzzled the servant was why the lord of Yunlai Mansion would suddenly visit the Ye family. It was a little strange.

"I'm here to investigate a case, so there's no need to report anything. Just open the door." Yun Zihai placed his hands behind his back, raised his head, and puffed out his chest, looking very authoritative.

For a large family like this, if someone came to visit, they needed to report it.

The servant would return to the residence and look for the person in charge of the family. If he knew the person, he would bring the person in. If he did not know the person, he would not let the person in.

When he heard Yun Zihai say that he was here to investigate a case, the servant took a step back with a surprised expression on his face. At the same time, he turned to look at his companion, not knowing how to deal with this.

The Ye Family was a very low-key family in Yunlai Mansion. Although they were a wealthy family, they were not arrogant and despotic. Now that someone wanted to investigate the case, and it was the Lord Prefect of Yunlai Mansion, they were at a loss.

This was also the first time they had encountered such a situation where they could not make up their minds.

“Is the prefecture commander or the Ye family bigger?” Xu Bai asked.

The servant nodded without hesitation.”

This was very obvious. In Yunlai Prefecture, who else could be more powerful than the prefecture token? If one really wanted to say that the prefecture token was powerful, it was probably because he had lived for too long and had no hope in life. He wanted to be buried in the ground from now on.

“Then why are you still talking nonsense? Hurry up and open the door.” Xu Bai said.

After this reminder, the servant shivered. He knew that he had been in a daze just now and had indeed not figured out the primary and secondary relationship.

The servant did not dare to dawdle any longer. He turned around and pushed open the door in front of him. He bent down and lowered his head, indicating that he had no intention of resisting.

The other servant also did the same thing, without any intention of disobeying.

When the door opened, there was a front yard inside. It looked extremely vast.

This area would probably cost a lot of money. When they were in the county, Xu Bai's bodyguard agency was not as big as this courtyard.

The threshold of the door was also unusually high, almost reaching one's knees. If one wanted to cross it, it would take time and effort. Although it was just a small threshold, there were many doors inside..

Chapter 210: Crow Language in the Mass Grave (2)

The high threshold of a house was a building habit since ancient times. Many wealthy families had high threshold, which represented a " noble family." In the Great Chu Country, there were many requirements.

It was a symbol of the master's dignity and status. When the officials entered the king's door, they had to walk sideways and not step on the threshold. It was the etiquette of the monarch and his subjects, and it was the distinction between superiority and inferiority.

The height of the threshold for ordinary people was divided into several types. It could be five inches, which was the number of earth in the five elements. It can be three inches and six minutes, and the number is the same as the days of a year. It can be one inch and two minutes, which is the same number as the months of a year.

Now, it seemed that the high threshold used by the Ye family was probably to show their unique identity.

After crossing the threshold, they entered the front courtyard. With the servant leading the way, they soon arrived at the backyard.

There was no one in the front yard. It was not until they entered the backyard that they finally saw the Ye family.

“There’s actually such a strange person in the world.” Xu Bai said subconsciously.

There were people coming and going in the backyard, men and women, old and young, but they all had one thing in common.

Ugly.

Really ugly!

Although it was not to the point of being infinitely ugly, everyone was ugly in their own way. It was simply unbelievable.

The Ye family used to be in the business of carrying corpses, so they had to be ugly to do so. Xu Bai did not know how they passed down their good genes, but he had never seen anyone who looked normal.

These two servants were considered normal. After all, they were only hired by the Ye family to guard the gate and were not members of the Ye family, so their appearances were much more normal.

When Xu Bai and Yun Zihai walked in, they naturally attracted the attention of the surrounding people. A woman in her forties walked over.

Just now, Xu Bai felt that everyone was ugly and unique, and this woman was the same.

He couldn’t tell where it was ugly. In any case, every part of it looked extremely ugly.

“Greetings, Lord Yun, this Lord and this lady. May I know why you have come to the Ye family?” The woman bowed slightly, very polite.

The servant hurriedly introduced, “This is the Eldest Mistress. She happened to be in the residence, so she came over.”

First Madam was naturally the wife of the Ye family's master.

"I have something to do. I'm going to look for your Ye family's master. I have some questions that I want to ask him." The clouds came from the sea.

Knowing Yun Zihai's identity, Lady Wang did not dare to offend him. She quickly asked the servants to bring them to the guest hall and went to find the Ye family's master.

The servant brought them to a luxurious room, served them a pot of good tea, and left.

Chu Yu appeared listless as if she was not interested in anything around her. Instead, she was extremely interested in the prison cell from before.

After all, she was born in the royal family. She had seen all kinds of splendor and wealth. To Chu Yu, all of this was too normal. She was even a little poor.

On the contrary, Chu Yu was even more interested in the novel item.

The few of them did not drink any tea and waited patiently. After less than half an incense stick's time, a commotion came from outside, accompanied by a few screams.

"Something happened." Xu Bai and Yun Zihai looked at each other and took the lead to walk out to observe the situation outside.

Outside, there were a lot of people running in the direction of the house, as if there was something big going on.

"Let's go take a look."

Xu Bai and the others didn't say anything else. They followed behind and rushed in that direction.

The Ye family's house was very big. It took them a few minutes to reach their destination.

It was an extremely luxurious house. From the appearance of the decoration, it seemed that a lot of money had been spent to build it.

At this moment, the house was surrounded by a sea of people.

From the outside, he could not see anything strange, but he could hear some crying.

"Move aside!" Yun Zihai frowned and shouted, causing the surrounding people to turn their heads.

These people from the Ye Family naturally recognized Yun Zihai's identity and did not dare to block in the middle. They all made way for Yun Zihai and the others to walk in.

The door of the luxurious house was wide open. Lady Wang was kneeling on the ground and crying. Xu Bai walked closer and heard the sound of crying. "Why can't you take it! If there's anything, you can say it and discuss it with everyone!"

"If you leave, the burden of such a big family will fall on me. How can I support

"Why did you abandon the entire Ye family? Why did you leave alone?"

The wails were endless.

When Xu Bai got closer, he saw a corpse lying on the ground.

There was a knife stabbed into the chest of the corpse. It was obviously a fatal wound, and blood was gushing out of the wound.

There was nothing unusual in the house, but there was a letter not far from the corpse.

The letter was open. Obviously, Lady Wang had read it.

Xu Bai bent down and picked up the letter from the ground.

At this moment, Lady Wang saw Xu Bai and the others, but she didn't say anything and just cried.

Xu Bai opened the crumpled letter and read it from top to bottom. His frown deepened.

[I sent people to attack the order without permission. I'm the most evil person.

I only hope that I die to protect the Ye family.]

It was a simple sentence, but it described the cause and effect of the matter clearly without any delay.

"Take a look." Xu Bai narrowed his eyes and handed the letter to Yun Zihai..
