Chapter 2011: Nine Stars Appear, Black Heaven Nine Stars Versus Immortal Emperor Luo Tian

"Arbiter Immortal Emperor, you're here! Hurry! Tell Dragon Shadow Immortal Emperor and their soldiers to leave this place at once!" Myriad Dusk Immortal Emperor said.

However, Arbiter Immortal Emperor shook her head and said, "No one is leaving with you. You can't leave either."

"What is the meaning of this?" Myriad Dusk Immortal Emperor was confused.

Then, an astral diagram appeared in the void.

A sword qi burst out from the astral diagram and was aimed at Myriad Dusk Immortal Emperor, who was blasted a few steps back.

"Black Heaven Nine Stars!" Myriad Dusk Immortal Emperor said with furrowed brows.

"We've been exposed," Immortal Emperor Luo Tian said with a grim look on his face.

More and more astral diagrams appeared in the void, each representing a powerful Prodigy elite elite.

They were Ye Zhu, Jue Wushen, Yu Zhi, Lan Yu, Shang Honghua, Hua Wuai, Chu Hong, Desire Flower, and Shi Ying.

The Nine Stars had appeared!

Their combined aura alone sealed the entire area.

"Immortal Emperor Luo Tian, you cannot escape," Ye Zhu said.

"Interesting. Very Interesting. If I'm right, the Central Heaven Universe's army has fallen into your trap," Immortal Emperor Luo Tian said.

"You're right. We knew you were the spy, so the Queen told everyone to play along and provide you with fake intel, misleading you and trapping the Central Heaven Universe," Jue Wushen said with a scoff.

"Smart, really smart. I did not expect that after so many years hiding in this universe, I lost to a punk." Immortal Emperor Luo Tian finally understood what happened.

It was all Chu Kuangren! He was the mastermind behind all these!

The only question remaining was when did Chu Kuangren find out?

It no longer mattered though.

Chu Kuangren told him to take down the Eleventh Continent, resulting in an embarrassing loss.

With that, Chu Kuangren confiscated his military rights and now he was used to deliver fake intel to the enemies.

He was being toyed with all along!

On top of that, Chu Kuangren planted his spy in his own team.

With that, he looked at Arbiter Immortal Emperor coldly. "What did Chu Kuangren promise you? Why did you help him?"

"Let me reintroduce myself. I am Arbiter Immortal Emperor, who used to be the Great Arbiter Divine Maiden. I am the replacement for the Nine Stars," Arbiter Immortal Emperor smiled.

Then, her beautiful face showed a frosty grin, and she explained, "As for what Chu Kuangren promised me, nothing. However, betraying the Pan Gu Universe is a fact and that fact alone makes you the common enemy of everyone!"

"Great! Just great! I have done a lot for the Immortal Hall and now you, a new Immortal Emperor, called me a common enemy?!" Immortal Emperor Luo Tian cackled due to anger.

He felt sad as well.

Then, he looked at everyone coldly and said, "I would like to see which one of you is strong enough to kill me!"

Then, he dished out a palm strike.

The aura of a Multi-Embodier erupted, flooding the area.

He was still a Peerless Warlord with undeniable power.

Most of the Nine Stars were barely able to block his palm strike.

Then, Hua Wuai stepped out. Donning a beautiful glorious black robe, she swung her sleeves and summoned countless equinox flowers that released Samsara energy.

The two different energies clashed and both of them were pushed back.

"Equinox flower. I believe you are the oldest of them all," Immortal Emperor Luo Tian said with surprise.

He had heard of the equinox flower before, but he did not expect her to be one of Chu Kuangren's Nine Stars.

"Yes, I am." Hua Wuai nodded.

"A flower from ancient times possesses this much power? If those ancient elites live until today, Chu Kuangren will never be in charge," Immortal Emperor Luo Tian exclaimed.

The Immortal Hall used to be glorious and powerful in ancient times. The Four Divisions, Six Royals, everyone feared and revered the Immortal Hall.

Now Chu Kuangren has stripped the Immortal Hall of its last remaining glory.

It saddened Immortal Emperor Luo Tian.

"The King is as talented as the elites from ancient times and he is ten thousand times better than you," Jue Wushen said.

Then, the Void Daoist Law's energy erupted.

The Nine Stars combined their attacks at Immortal Emperor Luo Tian.

Myriad Dusk Immortal Emperor tried to escape but Arbiter Immortal Emperor stopped him.

"Get out of the way!" Myriad Dusk Immortal Emperor bellowed.

He blasted Arbiter Immortal Emperor away with a palm strike but then multiple figures stood before him.

It was Dragon Shadow Immortal Emperor, Immortal Emperor Wu Ming, and the others.

"You! All of you betrayed me?!" Myriad Dusk Immortal Emperor shouted in disbelief.

The others looked at him with a complicated gaze.

A while later, Dragon Shadow Immortal Emperor said, "Myriad Dusk Immortal Emperor, it is not us who betrayed you, it is you who betrayed the Pan Gu Universe."

"Fine! Let's see if all of you are strong enough to stop me!"

Myriad Dusk Immortal Emperor raised his hand, summoning a dazzling starry path in the shape of a dragon. It was the Premium Supreme Innate Treasure, the River Chart!

The River Chart was a treasure that excelled in offense and defense.

The other Immortal Emperors were blasted away.

Then, a black palm seal crashed down on him from above.

Myriad Dusk Immortal Emperor tried to block it but he was blasted a few hundred meters away.

It was the Grand Darkness Celestial Demon!

"The Immortal King has given the order to kill the betrayers of the Pan Gu Universe!" Grand Darkness Celestial Demon bellowed coldly.

"Damn it!"

Myriad Dusk Immortal Emperor started to feel helpless as he slowly plunged into despair.

On the other side, the Nine Stars fought Immortal Emperor Luo Tian.

Ye Zhu utilized the Green Leaf Sword Vision skillfully. A steam of sword grass appeared behind him, and with a shake, Immortal Destruction Sword Qi was fired out.

Jue Wushen's Void energy erupted into a tidal energy wave. With the Immortal-Slaying Platform hovering above him, endless murderous qi scattered in the area.

Lan Yu wielded her scepter coldly and unleashed the river of light forward. Each sliver of energy she released contained the power to kill even an Absolute Arch Gilded Immortal.

Chu Hong's Phoenix Flame, Shang Honghua's Twin Dragon energy, Hua Wuai's Samsara energy, Shi Ying's Buddhist Light, Desire Flower's Desire energy, all kinds of mystical energies intertwined into dazzling Immortal Sparks.

Their cultivation level might not be as high as Immortal Emperor Luo Tian but the combined attack was surprisingly powerful.

It was so powerful that it managed to suppress a Peerless Warlord like Immortal Emperor Luo Tian.

"What is happening?" Immortal Emperor Luo Tian was surprised.

On a closer look, he realized all nine of them had an astral diagram spinning beneath their feet.

All nine astral diagrams resonated with each other and combined into an even more powerful formation.

"What kind of formation is this? I haven't seen this before!" Immortal Emperor Luo Tian was baffled.

"The Black Heaven Nine Stars Formation. My brother created it. Of course, you haven't seen it before," Chu Hong said with a smile.

"No need to explain it to him. Use the Star God Slash," Ye Zhu said.

The others nodded.

The nine of them rose to the sky with endless starlight glimmering around them.

They were like nine brightest stars in the sky and their position formed a massive astral diagram.

A terrifying aura erupted and froze the realm.

Even Immortal Emperor Luo Tian felt threatened.

As the dazzling starlight shone in the sky, a massive stardust saber, formed with the power of the stars and the galaxy, was swung down.

The stardust saber contained all kinds of powers and energies. The Phoenix Flame, the radiant energy, samsara energy, Buddhist Light, and more.

It was the combined attack of the Black Heaven Nine Stars!

"Black Heaven Star God Slash!"

All nine of them shouted as they swung the saber down.

The saber destroyed even the void as it swung down at Immortal Emperor Luo Tian.

Immortal Emperor Luo Tian roared and channeled his energy to the limit.

"Immortal Emperor Onslaught!"

A golden sword appeared in his hand.

As he slashed, the massive sword shadow unleashed boundless murderous qi forward.

The stardust saber versus the murderous sword!

As the two different energies clashed, a powerful energy storm was created.

At the very moment of the collision, the entire continent shook violently.

Chapter 2012: Grand Battle Incoming, Coexist? Nonsense

The Black Heaven Nine Stars versus Immortal Emperor Luo Tian.

As they fought each other with their strongest attack, the entire continent trembled.

Immortal Emperor Luo Tian was pushed back by sheer force.

"I lost?!"

Immortal Emperor Luo Tian's expression looked mortified.

Being a Peerless Warlord, he was suppressed by a bunch of juniors whose ages were younger than him even if they were added together.

"Aaargh!"

An excruciating cry came from further away.

Myriad Dusk Immortal Emperor has fallen. He was struck by Grand Darkness Celestial Demon's palm strike and his Dao exploded.

"Immortal Emperor Luo Tian, you can't escape now!"

Grand Darkness Celestial Demon and the others surrounded him.

Then, a terrifying energy came from the void.

A figure wielding a black staff and emanating a pressuring aura that rivaled Immortal Emperor Luo Tian appeared.

"Li Tu, it's you!"

Immortal Emperor Luo Tian recognized the man at first glance.

Then, he scoffed and added, "I guessed so. You have to fight a Peerless Warlord with a Peerless Warlord."

Li Tu looked at the man with a complicated gaze.

They were comrades that fought side by side during the previous universal war, yet Immortal Emperor Luo Tian chose to betray them.

He took a breath to calm his thoughts. His eyes turned cold.

"Immortal Emperor Luo Tian, surrender now."

"Shut your nonsense and just bring it on!"

Bang!

Without further chatter, the two engaged in a fierce fight.

Daoist law energy enveloped them whole, forming a massive ball of light.

Everyone else was pushed back by sheer pressure.

The fight lasted for quite a long time but unfortunately, Immortal Emperor Luo Tian escaped in the end.

It was not easy to completely kill a Peerless Warlord.

"We go back and regroup. The final battle is coming," Li Tu said.

...

On the other side, the Central Heaven Universe's massive army was marching toward the Pan Gu Universe.

However, the way to the Pan Gu Universe was filled with traps.

The Central Heaven Universe lost around twenty percent of their total men, even with Peerless Warlords protecting them.

Without the Peerless Warlords' escort, the casualty rate would surge higher.

"Damn it!" God King Sikong bellowed regretfully.

Chu Kuangren stood in a corner of the battleship, enjoying his leisure time.

Beside him was Heavenly Shadow, cautiously standing guard. He said softly, "Master, their numbers are increasing."

"Three thousand six hundred," Chu Kuangren said.

They were surrounded by three thousand six hundred enemies, each possessing the power of at least an Arch Gilded Immortal, and thirty-six of them were God Kings.

The combined power proved to be a terrifying one.

No one knew the existence of such a powerful squad in the Central Universe.

It was Chu Kuangren's first time learning of their existence either.

"It seems like the Central Heaven Universe is coming after Master."

"Hmph. It's fine. We are way past the safety point now, it doesn't matter."

Chu Kuangren was not overly concerned.

It was just a matter of time before the Central Heaven Universe targeted him.

Swoosh!

A figure appeared in front of the soldiers.

It was Immortal Emperor Luo Tian.

He looked wretched as he had just escaped from the battle with Li Tu.

His arrival alarmed the soldiers.

The Peerless Warlords wanted to engage him but God King Sikong stopped them.

"Stop!"

He went up to Immortal Emperor Luo Tian and sighed with a shake of his head. "It seems like you failed. You didn't bring back anyone."

"No! I am still alive! I am a Peerless Warlord, I can cover a million soldiers! I haven't lost!"

Immortal Emperor Luo Tian glared at God King Sikong coldly. "I want the Central Heaven Universe to help me regain control of the Immortal Hall!"

"We shall talk about that when you help us take down the Pan Gu Universe," God King Sikong said.

A hint of frostiness flashed in his eyes.

Immortal Emperor Luo Tian was not as useful as before. His life and death would depend on the Central Heaven Universe's mood after the war, let alone helping him regain control of the Immortal Hall.

However, he was still a Peerless Warlord, a capable fighter.

God King Sikong wanted to squeeze the last bit of value from the man before kicking him away.

Immortal Emperor Luo Tian was blinded by revenge and he did not think of that at all. He looked in the direction of the Pan Gu Universe coldly.

"Chu Kuangren, I haven't lost!"

...

Almost all the military forces of the Pan Gu Universe were on the First, Second, Third, Fourth, and Fifth Continents.

The five continents formed a strong defense line and everyone was in an alert state.

Even the Peerless Warlords looked heavy.

Suddenly a deafening blast sounded from afar.

It was the noise of battleships arriving from the void.

Then, countless battleships of the Central Heaven Universe arrived. Each ship was crowded with soldiers.

An intense pressure assaulted the Pan Gu Universe.

"We set up that many traps and there are still so many of them. Tsk, they are really resourceful."

"This is it. This is the final battle."

Li Tu, Moon Rabbit, Hong Yan, the Black Heaven Nine Stars, everyone had a heavy look on their faces.

This final battle would decide the fate of their universe.

"Cultivators of the Pan Gu Universe, here is your last chance to surrender. Surrender and we can coexist peacefully!" God King Sikong said loudly.

Coexists?

It amused everyone in the Pan Gu Universe.

He used the word 'coexists', but what he really meant was 'enslave'.

"Shut your nonsense! If you want war, you will get one!" Li Tu roared.

"If so, you shall fall!" God King Sikong said coldly.

Following his command, the cultivators of the Central Heaven Universe launched their attack at the Pan Gu Universe.

Beams were fired from the battleships but the continents were shielded by a light shield.

Formation boundaries!

Bang! Bang!

The formation boundaries blocked the beams from the battleship.

"You are trying to block our attack with that? Foolish!"

Heavenly Rainbow Dragon rose to the sky.

With just a raise of his hand, rainbow Immortal Sparks swirled and shone. Seven terrifying Daoist law energy intertwined and formed a massive dragon shadow.

The dragon shadow then crashed onto the formation boundaries.

The powerful strike destroyed the formation boundaries easily.

The other Peerless Warlords followed up with their own attacks.

"We have more Peerless Warlords and soldiers than you," God King Sikong said with a scoff.

The Central Heaven Universe had lost Six Eyes but they originally had eight Peerless Warlords.

With one gone, there were still seven of them.

Now with Immortal Emperor Luo Tian on their side, he made up for the missing number.

On the other hand, the Pan Gu Universe only had five Peerless Warlords.

Li Tu, Hong Yang, Lu Jun, Moon Rabbit and Drunkard.

The five of them fought Emperor Skylord, Ba Shen, Nether King, Heavenly Rainbow Dragon, and Titan Deity.

The other three Peerless Warlords from the Central Heaven Universe side, other than Immortal Emperor Luo Tian, the remaining two were a couple.

The three of them fought the Celestial Demon Tribe.

"Immortal Emperor Luo Tian, you traitor! Die!"

Xue Wu and Bei Ming fought Immortal Emperor Luo Tian.

On the other side, Chang Feng, Zi Jinlun, and Ling Hua fought the other couple of Peerless Warlords.

They looked grim as they channeled their Celestial Demon qi.

"Hmph! Celestial Demon Tribe is the biggest enemy of the Central Heaven Universe, and Wu Han and Chu Kuangren are from your tribe. Today is the day you perish!"

The man of the couple scoffed as he glared at the three of them scornfully.

Chapter 2013: A Stem Of Green Lotus Pillars Heaven And Earth, One Strike Heavily Injuring A Peerless Warlord

The elites and cultivators of both universes went to war on the Void Battlefield.

All kinds of Daoist law energies collided in the void.

Embodier versus Embodiers.

The battle between some of the strongest cultivators of both universes was terrifying.

However, the battle between common soldiers also happened on a grand scale.

Hundreds of millions of soldiers clashed like two torrential waves colliding. The noise from the clash was so loud that it shook heaven.

Then, someone was blasted away from the battlefield.

It was Zi Jinlun.

The Celestial Demon trio fought against the couple Peerless Warlords.

Despite the advantage of numbers, they could barely keep up with their opponents.

"Damn it!" Chang Feng grunted coldly.

Tens of thousands of sword qi gushed out from his body and aimed at the two Peerless Warlords, but his attack was easily blocked.

"I said you three can't stop the two of us," said the man in black, sounding absolutely contemptuous.

He pointed at Chang Feng.

Multiple Perfected Dao energies intertwined at his fingertip and blasted Chang Feng away.

At the critical moment, nine astral diagrams appeared in the void.

The Black Heaven Nine Stars had arrived!

The Black Heaven Nine Stars Formation was cast and aimed at the two Peerless Warlords.

The Nine Stars managed to somehow slow the two of them down.

"Oh, this is interesting," the man in black ridiculed.

On the other hand, Wu Mian, Xuan Yuanfeng, and the other Nine Kings could no longer sit back from the fight when the Nine Stars appeared.

Wu Mian took the lead and said, "Let's go meet our counterpart."

Nine Kings versus Nine Stars!

The Nine Stars channeled their energy into the Black Heaven Nine Stars Formation.

Both sides collided and a fierce fight broke out.

"This formation is rather interesting."

Wu Mian noticed that the formation that the Nine Stars used somehow was able to suppress the Nine Kings.

The Nine Kings exchanged a tacit gaze before they shrouded themselves in a mystical light.

The King's Mark appeared, followed by a boundless energy aura.

It was the Great Dao's energy!

Billions of Immortal Sparks enveloped the Nine Kings whole and transformed into a titan wrapped in golden armor.

The Great Dao Avatar has appeared again!

Its appearance boosted the morale of the Central Heaven Universe's soldiers.

"The Nine Kings are here!"

"The Great Dao Avatar! It's even stronger than when it fought Chu Kuangren many years back!"

The soldiers were in awe.

The Black Heaven Nine Stars reacted heavily to the Great Dao Avatar's appearance.

Neither of them dared to be careless.

The Black Heaven Nine Stars Formation was channeled to the limit and a massive stardust saber appeared from the void, slashing towards the Great Dao Avatar.

"Foolish!"

A mixed voice sounded from the Great Dao Avatar.

Then, it raised a punch at the stardust saber.

It was just a simple punch but the stardust saber shattered and disintegrated into light particles.

Daoist law energy rebounded and blasted the formation into pieces.

All the Nine Stars were blasted away with blood gushing from their mouths.

They all looked at the Great Dao Avatar with reverence and fear.

"We are no match for the Great Dao Avatar."

"Damn it..."

Not only the Nine Stars, but even Li Tu, Moon Rabbit, and the other Peerless Warlords were afraid.

The Great Dao Avatar was a lot stronger than its previous appearance.

All of them had a bad feeling that even if they teamed up and attacked the Great Dao Avatar together, they would still lose.

The Nine Kings were indeed the ultimate weapon the Central Heaven Universe had prepared.

"Pan Gu Universe, this is the end! All that is left for you is doom!"

A strange voice echoed from the Great Dao Avatar.

The titan had no facial features, only a cloud of energy that contained different Daoist laws inside. Its lack of facial expression gave it a solemn presence.

The Great Dao Avatar raised its palm and boundless Daoist law energy gathered at its hand. The energy was so strong that it flooded the entire Third Continent.

The palm slowly crashed down to its land.

The power was so strong that it pressured and froze everyone.

All the cultivators beneath Arch Gilded Immortal Realm were pounded to the ground and unable to get back on their feet.

Even the Arch Gilded Immortals could barely keep their poise.

The cloud dispersed, and the void cracked.

Before the massive palm even touch the ground, the terrifying palm energy sent the continent into a violent quake, causing the land to crack open.

The entire continent was on the brink of collapsing.

"Stop it!"

Moon Rabbit, Li Tu, and Lu Jun were engaged with their respective enemies and could not spare extra attention to stop the Great Dao Avatar.

No one was able to withstand the palm strike.

"It's over!"

The cultivators on the Third Continent instantly fell into despair. The palm crashing down on them felt like the apocalypse descending upon them.

The sky was shadowed by its sheer size.

Everyone's heart swiftly plunged into despair.

Back on the ship, Chu Kuangren narrowed his eyes when he saw the scene. He wanted to do something but when he tried to move a muscle. The three thousand six hundred people who surrounded moved as well.

Energy presences and Immortal Consciousnesses locked onto him.

They would attack him if he tried to do anything.

Chu Kuangren grinned.

Then, he sensed something. He no longer had the urge to help.

...

The palm that would destroy the entire continent was crashing down.

Right before the palm could land, someone opened his eyes in a massive palace further away.

Daoist law lights were shot out from his eyes.

Then, everyone saw a massive green light pillar shot up to the sky from that palace, as if a giant tree had sprouted.

At the highest point of the green light pillar, a green bud rapidly bloomed into a beautiful green lotus.

The green lotus grew in size rapidly.

Each petal on the green lotus contained extreme Daoist law energy and the vital energy of Chaos.

It bloomed under the massive palm and somehow stopped it from crushing the continent!

The green lotus bloomed and shielded the entire Third Continent from annihilation!

It was the beacon of hope for everyone!

"This energy presence belongs to the Immortal King!"

Everyone was instantly excited. They looked in the direction of the Imperial Palace.

A figure in white slowly walked out from the palace, looking handsome and majestic.

A sword was hanging at his waist and he was surrounded by destruction and creation energy streams.

"It's Chu Kuangren!" the Great Dao Avatar bellowed coldly when it saw Chu Kuangren.

The Daoist law energy on itself rumbled and the palm energy gathered once more. It was trying to destroy the green lotus.

Chu Kuangren scoffed. He stretched his hand out and clutched the air.

Bang!

The lush green lotus exploded into billions of light particles, blasting the Great Dao Avatar's palm away.

Bang!

Following a deafening blast, the universe trembled.

The Great Dao Avatar was pushed a few steps back.

Chu Kuangren arrived on the battlefield. Each step he took created a stream of Daoist law energy.

They were so powerful that they destroyed mountains and rivers and shook the stars in the sky.

"As long as I am here, no one is invading the Pan Gu Universe," Chu Kuangren's voice echoed in the sky.

All the Pan Gu Universe's cultivators regained their confidence and cheered loudly. Their morale skyrocketed!

"The moment he appeared, the soldier's morale was boosted. It's troublesome. If we want to completely conquer the Pan Gu Universe, we must kill him first," said the man in black.

His figure flashed. He flew towards Chu Kuangren and pointed his finger forward.

The power of multiple Dao intertwined and was blasted toward Chu Kuangren.

Chu Kuangren did not even spare a glance at the man.

He wielded the Sky Dominion Halberd and swung it forward, tearing the universe apart.

Bang!

The finger energy from the man in black was destroyed and his body exploded into a cloud of bloody mist.

His multiple Daos were badly damaged!

One strike and Chu Kuangren heavily injured a Peerless Warlord!

Unparalleled After Ten Consecutive Draws

Chapter 2014: Defeat The Great Dao Avatar Again, Flaming Dark Golden Guardians Attacks, We Are One

One strike! It took Chu Kuangren one strike to almost completely destroy a Peerless Warlords' Dao.

The power he possessed left everyone mortified.

Even Heavenly Rainbow Dragon and the other Peerless Warlords were shocked.

"He has improved a lot compared to many years ago."

"How is he improving this fast?"

The Dao partner of the Peerless Warlord, who almost got destroyed, roared and charged Chu Kuangren with a Supreme Treasure.

It was something that resembled a yarn ball.

The ball was hurled at Chu Kuangren. It transformed into mountains, rivers, and land. It also contained the power of the Five Ways, complimenting and restricting one another.

"Hmph. Too weak," Chu Kuangren scoffed.

Sky Dominion Halberd was swung forward.

The mountains, rivers, and the Five Ways energies were all destroyed. The ball was cut in half, breaking down into countless threads of yarn.

The Peerless Warlord was blasted away with blood gushing out from her mouth.

The Dao inside her was heavily injured as well.

The couple Peerless Warlords were both heavily injured with just one attack from Chu Kuangren.

Everyone else on the battlefield was in awe.

Chu Kuangren was ridiculously powerful.

"Chu Kuangren, fight us again!"

Then, the Nine Kings' voice came out from the Great Dao Avatar.

"We trained ourselves hard for all these years just to fight you again. We are no longer who we used to be!"

The Great Dao Avatar dished out a palm strike.

Daoist law energy intertwined, forming a massive and endless river of Daoist law energy.

The tremendous power it carried could crush everything in existence.

Chu Kuangren swung his halberd forward.

The halberd ray was shot at the incoming river of Daoist law energy. Following a massive explosion, the river of Daoist law energy was destroyed.

The Great Dao Avatar was pushed back several meters.

Its gilded armor even cracked after the brief collision.

"Indeed you are different. All of you are even weaker than a few hundred years ago," Chu Kuangren said.

He did not hold back with his next attack.

He stepped forward. As the Creation Dao and Destruction Dao intertwined, the energy of the Chaos Green Lotus was channeled to the limit.

"Green Lotus Art third Form, Divine Universal Supremacy!"

The divine light shone brightly, devouring all.

Endless divine light was smashed onto the Great Dao Avatar, destroying it into pieces instantly!

The Nine Kings were expelled from their titan form and crashed onto the ground.

They looked at Chu Kuangren standing in the air with disbelief and horror.

It took him one strike to destroy the Great Dao Avatar?!

At the moment of defeat, the Nine Kings felt that all their hard work over the past hundred years was a joke.

Not only the Nine Kings, everyone from the Central Heaven Universe was mortified and stunned.

The Nine King's Great Dao Avatar lost to Chu Kuangren once, but they only lost after a fierce fight.

Now, they were defeated with just one strike!

It did not make sense! Nothing seemed reasonable!"

"Heavenly Sword, why aren't you doing anything?"

God King Sikong then looked at Heavenly Sword Chu Kuangren, urging him to act with a frosty tone.

Chu Kuangren stood on the battleship and smirked. "It is not Heaven that should act, it is... you!"

Then, he swung his sleeve and released terrifying Immortal's Core energy outwards.

The Flaming Dark Golden Guardians, donning dark gold armor, appeared.

Everyone else was astonished.

The Central Heaven Universe had a secret team hiding in plain sight?

No one knew anything about their existence!

"You kept this secret team back to deal with Heaven, you really think Heaven doesn't know?" Chu Kuangren said coldly.

Before God King Sikong gave the order, the Flaming Dark Golden Guardians' leader roared, "In formation!"

Instantly, three thousand six hundred Flaming Dark Golden Guardians surrounded Chu Kuangren, forming a strange formation that somehow isolated him away from the surrounding space.

"Heavenly Sword, here's a taste of the Revolving Sky Blazing Formation!" bellowed the leader.

When the formation formed, its energy presence shook the realm.

They were trying to kill the Heavenly Sword with this attack.

"Thirty-Six Thousand Divine Murderous Light!" the leader bellowed.

Murderous light containing endless murderous qi was blasted at Chu Kuangren, a total of three thousand six hundred beams.

Each beam contained the power to kill an Absolute Arch Gilded Immortal, even a God King would be afraid of this attack.

Thirty-six beams could threaten even a Multi-Embodier and could kill one if careless.

Chu Kuangren had nowhere to escape or hide as the beams locked onto him from every single direction.

He clenched his fingers into the sword hand sign and released the sword qi from his body.

The sword qi clashed with the murderous light, causing endless explosions in the void.

Further away, countless cultivators were stunned when they saw the scene.

Especially the cultivators from the Pan Gu Universe were more confused than others.

"What is this? Internal conflict?"

"I have no idea."

"What are they doing?"

When Immortal Emperor Luo Tian saw the scene, realization struck him. "So he's the spy from the Pan Gu Universe!"

It explained why the Heavenly Sword ruined his plan.

He was already exposed many hundred years ago.

A spy?

Li Tu, Lu Jun, and the Black Heaven Nine Stars were all surprised.

They had a spy in the Central Heaven Universe?

None of them knew anything about this.

The cultivators from the Central Heaven Universe were mortified.

"What?! The Heavenly Sword is a spy?"

"No way!"

Luo Xue, Heaven Maiden You, Long Shuijin, and many others from the Heavenly Roundtable were shocked beyond words. They even started to suspect their entire existence.

They had been working for the spy all along?!

"No, this isn't real!"

"What is going on!?"

They could not accept the fact.

At the same time, Chu Kuangren wielded the Void Sword while being trapped in the Revolving Sky Blazing Formation. He was preparing for a powerful sword technique.

"You are trying to stop Heaven with this little formation?"

He slashed.

Thousands of murderous lights were shattered by the sword qi.

The Flaming Dark Golden Guardians were killed one after another.

Beyond Heavenly Sword opened up a crack in the formation!

"So this is the true power of the Heavenly Sword?" the leader of the Flaming Dark Golden Guardians was slightly surprised.

He was not weak by all means, almost rivaling a Peerless Warlord, yet even with his men and formation, he felt they were being suppressed by the Heavenly Sword's power.

Swoosh!

Chu Kuangren flew out from the Revolving Sky Blazing Formation.

He and Heavenly Shadow arrived on the Pan Gu Universe's territory.

Li Tu, Hong Yang, and the others looked at him in shock.

The Heavenly Sword was on their side?

God King Sikong's expression turned grim. "Heavenly Sword, I was right! I am curious. You are not any weaker than Chu Kuangren, why are you siding with him, following his command?"

Heavenly Sword Chu Kuangren looked at them from the opposite side.

Luo Xue and the others were shocked and confused.

Heavenly Rainbow Dragoon and the other Peerless Warlords were infuriated.

Heavenly Sword Chu Kuangren captured every expression on their faces and chuckled. "You want to know the answer? Fine. Heaven will let you know the answer."

Then, Green Lotus Chu Kuangren appeared beside him and the two of them started to shine brightly, being enveloped in endless Immortal Sparks and surrounded by mystical Daoist rhymes.

Their figures floated up and merged into a massive ball of light.

All kinds of Dao swirled in the ball of light.

Then, the Daoist law energy rapidly imploded, crushing the ball of light into endless light particles.

A brand new figure, or rather a familiar one, emerged from within.

His white robes were free from a spec of dust, and black and white swords were floating around him.

He emanated an endless terrifying aura that surpassed everyone on the field.

Chu Kuangren opened his eyes and looked at everyone on the battlefield.

He said, "The answer is that we are one!"

Unparalleled After Ten Consecutive Draws

Chapter 2015: One Versus Nine, Casual And Leisure, True Power

"We are one!"

Chu Kuangren's voice echoed across the battlefield, shocking everyone who heard him.

The strongest Prodigy in the Central Heaven Universe, the Heavenly Sword, and the Immortal King of the Pan Gu Universe, Chu Kuangren, both were the same person!?

Unbelievable!

"What in the..."

"We were all deceived!"

"Chu Kuangren and Heavenly Sword are the same person?!"

Luo Xue, Long Shuijing, and the others looked at Chu Kuangren with a conflicted gaze.

Some were shocked, some were in disbelief and some were drowning in grievance.

Why?

They viewed the Heavenly Sword as their leader and now he turned out to be their enemy?

It impacted them seriously.

Not only them but the Sword God King from the Spiritual Sword Tribe was also shocked beyond words.

"Heavenly Sword is Chu Kuangren, Chu Kuangren is Heavenly Sword?"

Sword God King was confused, he could not wrap his head around the matter.

"Great! Great!"

"Chu Kuangren! The two universes became your little playtoy!" God King Sikong was in disbelief.

His expression was at the grimmest.

He was shocked but for some reason, it felt reasonable.

It was not easy for an anomaly like Chu Kuangren to exist, let alone have two of them in the same era.

It somehow made sense for the two of them to be the same person.

His resentment of Chu Kuangren increased to an unprecedented level.

"Chu Kuangren, now that you have shown your true self, die!"

God King Sikong ordered everyone to attack.

Heavenly Rainbow Dragon, Nether God, Ba Shen, Emperor Skylord, and all the Peerless Warlords flew toward Chu Kuangren.

However, Luo Xue, Long Shuijing, and the others did not respond as they were still shocked.

They did not know if they should attack the Heavenly Sword, or should they say, Chu Kuangren.

"The emissary of Destiny is indeed outstanding," Di Feitian shook his head and chuckled.

He was not as shocked as the others. He knew behind Chu Kuangren was the mysterious Divine Destiny Temple.

It was not too surprising for Chu Kuangren to achieve all this single-handedly.

"Help the Immortal King!"

Li Tu, Moon Rabbit, and the others wanted to help Chu Kuangren but then thousands of cultivators donning dark golden armor appeared, surrounding them.

The Flaming Dark Golden Guardians!

The Revolving Sky Blazing Formation was casted again and they managed to pindown the Peerless Warlords!

The battlefield was instantly divided into multiple battles.

The soldiers from both universes clashed on the land.

The Embodiers that lead the Celestial Demon Tribe fought the God Kings of the thousand tribes.

The Flaming Dark Golden Guardians fought the Pan Gu Universe's Peerless Warlords.

As for the fiercest battle, it was Chu Kuangren versus the Peerless Warlords of the Central Heaven Universe, including Titan Deity, Heavenly Rainbow Dragon, Immortal Emperor Luo Tian, Emperor Skylord, Ba Shen, Nether King, and the couple.

In addition to that magnificent lineup, the Flaming Dark Golden Guardians leader who possessed strength that rivaled the Peerless Warlords joined the fight as well.

A total of nine extremely powerful experts.

"I don't care if you are the Heavenly Sword or Chu Kuangren! I have been wanting to fight you for a long time!" Titan Deity roared.

He channeled the Four Elemental Daoist law energy.

Earth, wind, water, and fire gathered upon him as he thrust his punch forward.

The Daoist law that consisted of four different energies shone colorfully as if a meteor flew across the sky.

Chu Kuangren stretched his hand out to grab the Descendant Self Sword on his right.

"O' Heaven Bear Witness, Emperor Overlord Dominion!"

Emperor Overlord qi intertwined and fought the fist energy, disintegrating it.

Emperor Skylord and Ba Shen were confused.

If Chu Kuangren was the sky, how did he master the Fully Realized Emperor Overlord Physique?

There were a lot of mysteries revolving around Chu Kuangren and they did not have the time to solve it.

They cautiously looked at him to prepare for the fight.

Chu Kuangren then reached out to the Void Sword on the left.

He had the Descendant Self Sword and the Void Sword in both his hands.

Endless sword pressure scattered outwards. It was so tense that it felt like the sky and land would bow before him.

Chu Kuangren had reached an unprecedented power level.

When Green Lotus Chu Kuangren and Heavenly Sword Chu Kuangren combined, the surge of his Immortal Core energy was not to be underestimated.

"You people want to fight me for a long time right? Do your best and show me what you got," Chu Kuangren said.

The others no longer held back after he provoked them.

"Kill!"

Heavenly Rainbow Dragon roared, unleashing his full Daoist law energies. They intertwined in the void and formed a vicious dragon shadow.

Following a deafening roar, the dragon shadow opened its mouth and fired rainbow dragon breath at Chu Kuangren.

Chu Kuangren did not step back. He slashed with the Void Sword, unleashing a sword qi that trumped all other existence in the universe. It contained a strong sense of transcendental invincibility.

O' Heavens Bear Witness, Beyond Heavenly Sword!

The rainbow dragon breath was torn apart and Heavenly Rainbow Dragon was blasted away.

The Dao in his body trembled violently.

His pupils shrank in shock. "He's a lot stronger than a while ago!"

Only he fought Chu Kuangren twice and no one other than him knew better how strong Chu Kuangren had grown after the merger.

Compared to the previous fights, Chu Kuangren was like another person!

"Four Elements Heaven Blast!"

Titan Deity arrived in front of Chu Kuangren like a gale. His fists contained extreme Daoist law energy, so strong that it could blast heaven apart.

Chu Kuangren swung his fists in a flurry, crushing Titan Deity's attacks.

Then, he swung the sword on his right hand at random, shattering all the Titan Deity's attacks. When he retracted his hand, the universe shook with a boom.

Titan Deity was blasted away.

The armor that he wore buzzed violently, which shocked him. If not for the armor, he would already be heavily injured.

"Overlord Spear!"

"Emperor's Seal!"

Ba Shen and Emperor Skylord attacked with their respective divine abilities.

Endless Overlord qi and terrifying Emperor intent were unleashed.

The violet spear was thrust forward, perforating even the void; the golden Emperor's Seal crashed down from the sky.

The two different attacks were aimed at the same person—Chu Kuangren.

"Yin Yang Heavenly Sword, Heaven Opener Slash!"

He used the technique of the Heavenly Sword with the sword on his left and cast the power of the Chaos Green Lotus on his right.

The two sword qi was blasted out from his left and right respectively.

Bang! Bang!

The Overlord qi was dispersed, and the Emperor intent was destroyed.

The two divine abilities of the Overlord and Emperor Physique did not hurt Chu Kuangren at all.

"Blazing Flame Thrust!"

A dark golden spear came from the sky, aiming at Chu Kuangren's chest. The tip of the spear carried endless Murderous Daoist law energy.

The leader of the Flaming Dark Golden Guardians attacked.

The spear thrust contained indomitable power and was difficult for anyone to block.

Nether King channeled his Soul energy and fired violet divine light at Chu Kuangren from his eyes, trying to affect his mental state.

However, Chu Kuangren's Green Lotus' Mark blinked and the soul attack was easily blocked.

Clank!

The sword and spear clashed.

The Void Sword stopped the thrusting spear in front of his chest with ease.

Then, Chu Kuangren's eyes narrowed. He swung his swords and released a sweeping sword qi forward.

The leader of the Flaming Dark Golden Guardians was forced to retreat.

"He's too strong!"

Everyone was in awe of Chu Kuangren's power.

With that many Peerless Warlords attacking a single person, none of them was able to lay a scratch on Chu Kuangren.

It was ridiculous!

Chu Kuangren was not even a Primordial, or a Pseudo-Primordial!

"Alright. Enough with the warm-up. It's time to show you people true power," Chu Kuangren said with his hands behind his back.

Everyone was shocked by his words.

He did not even use his full strength to block their attacks?

Chapter 2016: Kill Multiple Peerless Warlords, A Primordial Makes A Move

Chu Kuangren shocked everyone with his words.

He had fought nine Peerless Warlords without using his full strength!

Immortal Sparks rumbled around him. Then, the energy fluctuation of his Dao came from inside his body.

One, two, three... six, seven, eight... fourteen!

He had a total of fourteen Dao, including the Invincible Self-empowering Dao that he cultivated!

Moreover, each Dao was at the Perfected level.

Everyone was shocked beyond words.

It was common knowledge that nine Dao was the limit that an Embodier could fuse.

Heavenly Rainbow Dragon had fused with the most Dao among the Peerless Warlords — a total of seven.

He was considered one of the rarest beings among the Peerless Warlords.

However, Chu Kuangren had fused with a total of fourteen, which was twice as many as Heavenly Rainbow Dragon!

They were all Perfected Daos as well!

Everyone was rendered speechless.

What kind of power was that?

"Monster!"

Heavenly Rainbow Dragon, one of the oldest beings in the Central Heaven Universe, gulped nervously as he looked at Chu Kuangren in disbelief.

The aura of fourteen Daos circulated Chu Kuangren. It was so strong that it blanketed the entire battlefield.

Basked in the endless Immortal Sparks, Chu Kuangren felt superior and magnificent.

Everyone was astonished.

"Now, have a taste of this," Chu Kuangren said.

He locked onto Immortal Emperor Luo Tian.

It was just one glance, and Immortal Emperor Luo Tian's Dao trembled in fear.

He was afraid!

"Swoosh!"

Chu Kuangren vanished and reappeared in front of Immortal Emperor Luo Tian.

"I hate traitors the most."

As soon as he said that, he swung the Descendant Self Sword down.

The power of fourteen Daos was unimaginably powerful, and it easily cut Immortal Emperor Luo Tian in half.

The Dao in his body trembled violently and crumbled to pieces.

Out of the four Perfect Daos that Immortal Emperor Luo Tian had fused, more than half of them were destroyed, and the remaining one was on the brink of collapse.

"Hurry up! Attack him with all you've got!" Heavenly Rainbow bellowed.

His tone had a hint of fear that even he did not notice.

The eight Peerless Warlords channeled their powers to the limit and blasted eight tremendous streams of Daoist law energy at Chu Kuangren.

However, Chu Kuangren remained unfazed by the combined attack. He grabbed Immortal Emperor Luo Tian and tossed him out as a shield.

Immortal Emperor Luo Tian's life was already hanging on a thread after all the battles.

As he was thrown in front of the combined attack, the Daos in his body disintegrated, and he was killed on the spot.

Never did he expect to be killed by the Central Heaven Universe's Peerless Warlords after he betrayed the Pan Gu Universe to work with them.

After killing Immortal Emperor Luo Tian, the eight combined streams of energy did not stop. It continued forward with indomitable energy and attempted to overwhelm Chu Kuangren.

Chu Kuangren chuckled and channeled his Daoist law energy.

"Divine Universal Supremacy!"

He slashed his sword forward, unleashing the creation and destruction energy together.

Just like that, the combined attack from eight Peerless Warlords was destroyed.

"What?!"

The eight of them were shocked.

When they finally reacted to the situation, Chu Kuangren stepped forward and dashed toward them with extreme speed.

He threw a slash at the Peerless Warlords who were a couple.

They were already injured earlier, so they were rendered defenseless against that slash, which cut them both in half by the waist.

As the Daos in them crumbled, the two of them died together.

"Next."

Chu Kuangren then switched his attention to Nether King.

Nether King felt chills running down his spine as if he had fallen into an icy abyss.

To be able to kill a Peerless Warlord with just one attack, Chu Kuangren's power was terrifying!

What a monster!

"K-Kill him now!"

Nether King urged the others to attack knowing that Chu Kuangren had his eyes on him.

Right before the others could move...

"Heavenly Prison!"

In an instant, the space around them was frozen.

Chu Kuangren had not fused with the Spacetime Dao, but he could use the spacetime energy from the Timespace Treasure.

In addition to his current power level, he could freeze a larger space than before.

Even the Peerless Warlords were frozen.

The window allowed Chu Kuangren to kill Nether King.

The moment the Void Sword was swung down, Nether King watched with bulging eyes as the Void Sword cut him in half.

The Dao in him gradually disintegrated, and that marked the end for the Nether King.

"Five more."

Chu Kuangren looked at the remaining with a grin so cold that it sent chills down their spines.

With more than half of the Peerless Warlords killed within a short time, the battle could no longer continue.

They should start kneeling and begging for their lives.

Kakroom!

While the remaining Peerless Warlords were mortified by Chu Kuangren's strength, a vast aura came from the void. It was so powerful that it shook the entire Void Battlefield.

The Flaming Dark Golden Guardians' leader sensed a familiar presence, and he was instantly delighted.

He cackled and said, "The Emperor! The Emperor is here!"

After that, a massive crack opened up in the Void Battlefield.

Inside the crack was a man in dark golden armor, and he emanated an intense murderous qi. He stepped out of the crack proudly, with a terrifying aura that swept across the battlefield.

It was Emperor Feng, one of the two remaining Primordials of the Central Heaven Universe!

Following his arrival, the Primordial's energy shook both universes.

The Pan Gu Universe cultivators were shocked.

"How? How could the Primordial recover that fast? I thought Wu Han injured them!"

"What happened..."

Everyone was baffled and afraid because of the Primordial's appearance.

They finally understood where the Central Heaven Universe got their confidence.

"No wonder they launched a final attack on us! Their Primordial has recovered! This is going to be troublesome!"

"What should we do?"

The Primordial was a terrifying existence, and no one on the battlefield was his match.

Chu Kuangren stood in the air and looked at Emperor Feng calmly.

"I wonder what the lives of a billion planets taste like?"

No one understood what he was saying, but Emperor Feng was slightly surprised.

"Oh? You knew?"

"You could recover so fast because you resolved in extreme measures. While the cultivators of the Central Heaven Universe fought in the front line, you and Shen Tian absorbed the lives of billions behind them. How vicious."

Chu Kuangren's words echoed across the battlefield, sending the soldiers into a frenzy.

"Is it true? Is the Heavenly Sword telling the truth?"

"If not, how could he recover so fast?"

God King Sikong noticed the lowered morale among the soldiers. He bellowed, "Chu Kuangren is trying to deceive you! Do not believe him!"

The soldiers slowly regained their morale, but the anxiety did not fade.

Emperor Feng did not explain himself. He expected everyone to know the truth sooner or later and was prepared to suppress them with his regained power.

Now, his priority was to deal with Chu Kuangren.

"Heavenly Sword, Chu Kuangren... Who would have thought you two are the same person? Your talents are astonishing, but in this era that I've created, an anomaly like you is not allowed to exist," Emperor Feng said coldly.

Then, he pointed at Chu Kuangren.

Unparalleled After Ten Consecutive Draws

Chapter 2017: A General Builds His Success On Ten Thousand Bleaching Bones, A Primordial Level Fight

As Emperor Feng pointed at Chu Kuangren, the power of a Primordial erupted.

Compared to Demon Feng, who Chu Kuangren had defeated in the past, Emperor Feng's power was countless times stronger.

That should be the true standard of a Primordial.

Chu Kuangren remained unfazed by the attack, but the fourteen Dao in his body buzzed strongly, and their energy erupted at the same time.

He sheathed both his swords and chose to wield the Sky Dominion Halberd.

The aura of a Pseudo-Chaos Supreme Treasure exploded.

As he swung it forward, the Daoist law's divine light blasted out.

Together with the Chaos Green Lotus' energy, it transformed into a massive green lotus.

Kaboom!

The clash sent Chu Kuangren flying backward, crashing onto a continent and creating a massive crater upon impact.

The scene shocked everyone.

Chu Kuangren remained the strongest on the battlefield a while ago.

He killed four Peerless Warlords without breaking a sweat. His power was so terrifying that he easily trumped everyone on the battlefield until the arrival of Emperor Feng.

Emperor Feng sent him flying with just a point of his finger.

The power of a Primordial was much more terrifying than Chu Kuangren!

"We can win!" God King Sikong thought to himself.

With such a terrifying power on their side, there was no way Chu Kuangren could win.

"Can the Immortal King win?"

"I don't know."

"The Primordial is so scary. There's no way..."

The Pan Gu Universe cultivators were shaken.

Meanwhile, nine astral diagrams remained floating in the sky. The Black Heaven Nine Stars looked at the crumbled continent with a solemn and determined look.

They had not given up hope.

They believed that as long as Chu Kuangren remained, hope remained.

A dust storm whirled across the shattered continent. Then, a figure in white emerged from the dust storm, surrounded by Immortal Sparks.

It was Chu Kuangren!

He was fine after taking a hit from a Primordial!

"Is that all there is to the power of a Primordial?" Chu Kuangren chuckled.

Emperor Feng frowned when he heard Chu Kuangren's chuckle and pointed at Chu Kuangren again.

This time, his finger energy was much stronger than the previous.

Chu Kuangren did not move or dodge.

Instead, another Supreme Treasure emerged from his body.

It was the Timespace Treasure.

When the Chaos Supreme Treasure appeared, the space around him was instantly frozen. Even the finger energy from the Primordial stopped.

Chu Kuangren took a step forward, appearing in front of Emperor Feng.

Then, the halberd containing the power of the Chaos Green Lotus was swung down at him.

With the fourteen Dao and the Chaos Green Lotus' energy unleashed together, that attack was terrifyingly powerful.

Emperor Feng could not move due to the Timespace Treasure.

However, right before the halberd could strike him, a grunt sounded. It was followed by Primordial energy erupting from Emperor Feng's body.

"Bang!"

It blasted the halberd ray into pieces.

"Is the Chaos Supreme Treasure your strongest move? Unfortunately, even if you have the Chaos Supreme Treasure, you don't have enough power to utilize it, and you still can't threaten a Primordial," Emperor Feng said.

He was able to break free from the Timespace Treasure's effect.

Not only that but he was also surrounded by his Primordial energy, shielding him from the Timespace Treasure's effect.

With Chu Kuangren's current cultivation, he could no longer use the Timespace Treasure on Emperor Feng.

"The Primordial is indeed troublesome," Chu Kuangren thought to himself.

Emperor Feng then threw a punch forward.

The endless murderous qi from the fist energy made Chu Kuangren feel like a massive army was coming for him.

Bang!

Chu Kuangren swung the halberd forward to block the attack.

The collision was so strong that his hands were numbed by the vibration. All fourteen Dao in his body buzzed as they were shaken.

Emperor Feng followed up with that attack by using his Primordial energy to form a giant black saber that he slashed at Chu Kuangren.

A green light flashed from Chu Kuangren's body.

Then, flowers bloomed around him, and the Chaos Green Lotus appeared.

The Chaos vital energy swirled on its petal and helped Chu Kuangren block the attack.

Emperor Feng frowned.

"Another Chaos Supreme Treasure? You do have a lot of treasures with you."

A hint of eagerness appeared in his eyes.

Chaos Supreme Treasures were the rarest items in any universe. Not even a Primordial like Emperor Feng had one.

If he could kill Chu Kuangren, he would be able to take all the Chaos Supreme Treasures for himself.

The thought alone excited him.

"I'm done playing. I'll end you with this!" Emperor Feng said.

He revealed a spear in his hand.

At the tip of the spear was a blazing energy that contained a terrifying aura.

Emperor Feng's energy presence rose. He was planning to increase his power to the limit to eliminate the anomaly once and for all.

"Why isn't Shen Tian here?" Chu Kuangren suddenly asked.

"He's still recovering," Emperor Feng said. After that, he scoffed and explained, "I alone is enough to kill you. Why should he be here?"

"That's too bad." Chu Kuangren shook his head regretfully.

He then said, "Did you say you don't allow an anomaly like me to exist in the era that you've created?"

"I did."

"You are wrong. It's not that you won't allow me to exist in your era. It is I who won't allow your new era to exist!"

Chu Kuangren roared, and a tremendous amount of Daoist law energy was dispersed outwards.

Endless murderous qi erupted from every corner of the Void Battlefield, and red lines forming strange patterns could be seen in the void.

Everyone who saw the red patterns in the void trembled.

"What is that?"

"Oh my good..."

As they watched the red patterns expand, fear started to build up within them. Even Emperor Feng frowned.

"This is... a formation? A formation that includes the entire Void Battlefield?!"

Emperor Feng suddenly felt uneasy.

God King Sikong and the others were shocked as well. They knew Chu Kuangren must be behind it.

"This monster, how many more tricks does he have up his sleeves?"

Those who fought Chu Kuangren before were mortified.

The monster seemed to have no limits.

As the red patterns spread across the entire Void Battlefield, blood-colored lights shone from the patterns and sent endless murderous qi to Chu Kuangren.

At that moment, Chu Kuangren's energy level skyrocketed. Behind him, mountains of bones and rivers of blood appeared.

"As the water nation paints itself onto the war map, the people no longer have the luxury to live a common life; do not speak of conferring generals as a general's success is built on mountains of bones!"

Chu Kuangren's bones echoed across the sky.

The mountains of bones behind him released endless murderous qi that gathered upon him.

The endless murderous qi erupted because of him.

He was the general who would succeed after stepping on mountains of dead bodies!

"Emperor Feng, are you ready to have a taste of my Water Nation Warring Map Formation?" Chu Kuangren bellowed as he gripped the Sky Dominion Halberd tightly.

"Bring it on!" Emperor Feng did not step away.

He wielded the black spear that emanated a blazing energy, like the emperor that emerged victorious from the battlefield.

The two of them exchanged a quick look before both their figures disappeared from the common eyes.

Then, heavy clanks and clunks sounded across the void.

Every time the halberd and the spear collided, the void across tens of thousands of kilometers was wrecked by the violent energy storm.

It cracked, collapsed, and formed a massive spatial void.

Everyone saw two figures fighting in the spatial void. Each collision released an energy stream so strong that it could destroy an entire galaxy.

"This is definitely a battle between Primordials!"

A bunch of experts watched the battle in awe.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2018: Murderous God Versus War God, Disadvantage, Die!

Water Nation Warring Map Formation was activated!

Chu Kuangren gathered all the murderous qi on the Void Battlefield upon himself, causing his own aura to skyrocket.

Each move he made overflowed with boundless murderous qi. He was like a Murderous God that could annihilate all life with a breath.

Emperor Feng was similarly powerful.

As a Primordial, he had been through countless battles. With that, his experience in battle and cultivation was unrivaled.

If Chu Kuangren was a Murderous God, it would make Emperor Feng a War God!

It was the Murderous God versus War God!

The two godlike beings fought fiercely without giving in.

Powerful auras flooded the entire Void Battlefield, shaking continents and even the sky.

"Blazing Flame Infinite Calamity!"

Emperor Feng raised his spear high in the sky, and his battle intent surged as endless spiritual qi gathered upon him rapidly.

As he thrust his spear forward, a large area of the void collapsed into nothingness because of its terrifying power.

Everyone else's heart skipped a beat when they saw the thrusting spear.

Chu Kuangren stood firm against the spear. He narrowed his eyes, and his murderous qi surged before he swung the Sky Dominion Halberd forward.

"Divine Universal Supremacy!"

Endless halberd rays and terrifying killing intent were blasted forward.

Its power rivaled that of Emperor Feng's spear.

Bang!

Following a universe-shaking explosion, the stray energy from the blast destroyed continent after continent, tearing into the Deep Void.

Chu Kuangren and Emperor Feng were both pushed back.

Pan Gu Universe's cultivators watched the battle with utmost concentration, and all of them had a hint of anticipation in their eyes.

Chu Kuangren was the bringer of miracles, so they hoped he could continue to surprise them with even more miracles.

"I believe not even the strongest formation of the Central Heaven Universe, Universal Seven Obliteration Formation, is as good as the formation you boosted your power with."

Emperor Feng was impressed.

However, Chu Kuangren pouted.

There was no doubt that his formation was better than whatever formation Emperor Feng mentioned.

The Water Nation Waring Map Formation was a Transcendent-tier formation.

Unfortunately, he did not have enough time to perfect the formation. If he had a few hundred or few thousand more years to collect more murderous qi, the formation would be stronger.

Then, he could easily overpower a Primordial.

Sadly, he did not have the luxury of time. He did not expect the Primordial to recover so fast.

"It seems like you have a lot of treasures with you. I will be taking your Chaos Supreme Treasure and this formation!" Emperor Feng roared.

Then, a black blazing flame ignited all over his body. It was so black that it looked like ink dancing around.

The surroundings started to dim as if the black flame had devoured the surrounding light.

Endless spiritual qi from the void gushed toward Emperor Feng and boosted his aura again.

Chu Kuangren narrowed his eyes. He gripped the Sky Dominion Halberd tighter as more murderous qi descended from the red patterns in the void.

The murderous qi was then infused into his body, boosting his aura too.

When both Chu Kuangren and Emperor Feng's aura clashed, the void tens of thousands of kilometers away crumbled silently.

The crumbled continents floated in the void, and the moment the pieces of continents got near them, their auras disintegrated the chunks of land, leaving nothing behind.

What a terrifying scene!

Chu Kuangren and Emperor Feng were like the source of all destruction. Each move they made contained the power to destroy everything in existence.

"Violent Divine Blazing Flame, Calamitous Apocalypse"!

Emperor Feng's eyes were shining with endless divine light.

Then, the black flame around him was absorbed into his body before they were infused into the spear he wielded.

The spear was imbued with power that could destroy universes.

As he hurled the spear out, it perforated the void easily, and the spear energy broke the walls of the deep void, shattering countless planets in the universe.

The incoming spear somehow sent chills down Chu Kuangren's spine as if a ball of black flame was about to devour him whole.

Fortunately, he managed to suppress the chills. His eyes turned frosty as he gripped the halberd tightly and thrust it forward at the spear!

The halberd thrust released a massive and powerful shockwave, destroying the void and the continents.

After the powerful shockwave came, the energy blast attempted to flood the universe like a massive tide.

In just the blink of an eye, its energy flooded the universe.

Everyone saw the black flame devour everything in its way, turning the realm and even the void into a scorching hell.

No one knew what exactly happened inside the sea of flame.

They tried to send their Immortal Consciousness inside but were blocked out by the sheer heat.

Everyone was worried.

Kabaam!

Then, a massive explosion erupted.

A figure was blasted away from the sea of flame, crashing through continent after continent like a meteor.

It was Chu Kuangren!

"Immortal King!"

"How..."

The cultivators of Pan Gu Universe gasped in shock and were deeply concerned.

Gu Linglong bit her lips tightly as she watched the blood-stained Chu Kuangren flying away. Her heart ached for him.

Lan Yu, Chu Hong, and the others got teary as well.

They wanted to help, even though it would cost them their lives.

However, a Primordial-level fight was so powerful that the aura from the clash alone blocked them from getting close.

"Immortal King..."

Li Tu, Lu Jun, and the others watched with concern, their fists tightly clenched, and their eyes bloodshot.

If Chu Kuangren lost, it would be over for Pan Gu Universe.

On the other hand, God King Sikong of the Central Heaven Universe was similarly shocked, but he also breathed a sigh of relief.

"Even though Chu Kuangren has many trump cards, they are all useless before a Primordial."

"Yeah, we've won!"

Everyone from the Central Heaven Universe's side was happy, except for the members of the Heavenly Roundtable.

They reacted with a conflicted gaze.

Chu Kuangren might have deceived them, but he was still the most respectable Heavenly Sword.

"Heavenly Sword, I don't care who you really are, but I wish you can make it out alive..." Luo Xue muttered as she watched.

Tianxing Cai and the others shared the same thought.

They might be on opposing sides, but they were worried about the Heavenly Sword as well.

"Chu Kuangren, you are no match for a Primordial!"

Emperor Feng emerged proudly from the sea of black flame.

The aura he released remained domineering.

He had used everything he currently had in that particular strike.

As his Primordial power rumbled and the divine light around him flickered, Chu Kuangren slowly emerged from the rubbles of the crumbled continents.

The spear attack was indeed terrifying. It almost destroyed his Chaos Green Lotus and destroyed the Daos in his body.

Although his body was moderately damaged, it was recovering rapidly due to the effect of Indestructible Physique.

However, the lingering Primordial energy continued to corrode him.

The Indestructible Physique could recover his physical body, but it could not expel Emperor Feng's Primordial energy.

The Indestructible energy and Primordial energy reached a strange stalemate in his body where one continued to repair his body while the other continued to destroy.

Chu Kuangren chuckled. "A Primordial's combat power is indeed outstanding."

"How are you still in the mood to laugh? I will make you cry!" Emperor Feng scoffed.

Then, he stepped forward and appeared before Chu Kuangren.

He thrust his spear forward, but Chu Kuangren blocked it with the halberd.

Clank!

The powerful shockwave from the clash disarmed Chu Kuangren of his halberd, sending it flying away.

Having been disarmed, Chu Kuangren was forced into an absolute disadvantage.

"Die!"

Emperor Feng swung his spear down with power that could crush galaxies.

Many others who saw the scene screamed at the top of their lungs.

"Immortal King!"

"No!"

The spear was aimed at Chu Kuangren's head.

Bang!

A tremendous shockwave erupted, and what happened shocked everyone.

Unparalleled After Ten Consecutive Draws

Chapter 2019: Great Dao's Power, Killing Emperor Feng, Devour Hundred Million Souls

"What happened?"

"Impossible!"

God King Sikong and the others watched in disbelief.

Chu Kuangren, whose head should have been smashed by Emperor Feng's spear, caught it with his bare hand.

The spear could not move another inch closer to Chu Kuangren.

The scene was shocking!

Chu Kuangren was disarmed of his weapon, but he stopped Emperor Feng's powerful spear attack single-handedly!

The sudden turn of events was shocking and unbelievable.

Even Emperor Feng's eyes widened in shock.

"Your aura..."

He sensed a powerful energy rising in Chu Kuangren, and it made his heart race.

It was the power of the Great Dao!

The Nine Kings sensed it as well, and their jaws dropped.

They could not believe Chu Kuangren had the power of the Great Dao as well!

What? How?

"Is it the Great Dao of Pan Gu Universe?"

Everyone had the same question in mind, except for Li Tu, Lu Jun, and some others.

Chu Kuangren was not using the power of Pan Gu Universe's Great Dao but a third Great Dao other than the two universes.

"No one in either universe can kill me!"

As Chu Kuangren glared at Emperor Feng fiercely, Immortal Sparks erupted, and the Great Dao's energy gushed out.

The burst of energy pushed Emperor Feng back.

"Emperor Feng, do you have the nerve to fight me again?"

Chu Kuangren stretched his hand out, and the Sky Dominion Halberd flew back to his hand immediately.

His gaze was cold, and his aura skyrocketed.

The Great Dao's energy and the murderous qi from the Water Nation Warring Map Formation intertwined in his body.

The combined energy was so powerful that it started to overpower Emperor Feng!

"Why should I be afraid?" Emperor Feng roared.

He stepped forward, thrusting his spear at Chu Kuangren again.

Chu Kuangren swung his halberd in retaliation.

When the blades clashed with a clank, planets exploded.

At the very next moment, boundless energy gushed forward, moving through the bodies of the weapon and blasting Emperor Feng's body.

The massive blast sent him flying.

Everyone from the Central Heaven Universe was in awe.

"How? How could he possess such powerful Great Dao energy? It's a lot stronger than the Nine Kings!"

"How did he do it?"

Wu Mian was trembling.

The nine of them had to combine their powers to be able to utilize the power of the Great Dao, yet Chu Kuangren wielded it as if it was his own power. On top of that, it was a lot stronger than theirs.

It came as a huge blow to the Nine Kings.

"Emperor Feng, is that all you can do?" Chu Kuangren sneered after he blasted Emperor Feng away.

His power had reached an unprecedented level.

After all, he had prepared a lot for this final battle.

The fusion between Green Lotus Chu Kuangren and Heavenly Sword Chu Kuangren, as well as the setup for the Water Nation Warring Map Formation, were just part of a bigger plan.

In addition to that, he had one more trump card left — the Dao Delving Technique the Daoist Progenitor taught him.

The technique allowed him to borrow the power of the Great Dao, but it had restrictions on the location since one must be in a particular universe to be able to borrow that Great Dao's power.

Despite that, Chu Kuangren was different!

He had the Pocket Universe, so he was the Great Dao of that universe!

Unfortunately, due to his cultivation restrictions, he could not use the Great Dao's power outside the Pocket Universe.

However, with the Dao Delving Technique, he could siphon a large amount of power from his Pocket Universe, bringing them out to the current universe to work for him.

On top of the Water Nation Warring Map Formation's help, that would be the final trump card he prepared for this battle.

"F*ck!" Emperor Feng roared.

He zipped forward like a bolt of lightning, thrusting his blazing spear forward.

"Blazing Flame Destruction Calamity!"

Chu Kuangren did not move away from the incoming attack. Instead, he grunted and casually hurled the halberd forward with endless power.

"Bang!"

The spear and halberd clashed once more.

A deafening bang later, Emperor Feng was once again sent flying.

The spear he wielded was destroyed, and Chu Kuangren overpowered him!

"Divine Universal Supremacy!"

Creation and destruction energies swirled around him.

With the boost from the Great Dao's energy, he swung the halberd down.

Endless divine light swallowed Emperor Feng whole.

As his Primordial body was not strong enough to withstand the blast, he spat out a mouthful of blood. However, that was not the end of it.

Chu Kuangren appeared above Emperor Feng and smashed the halberd down.

Each strike carried the power of the Great Dao.

Like a massive waterfall, the halberd landed on Emperor Feng again and again.

After sustaining multiple deadly hits, Emperor Feng's face paled, and the Primordial Dao in his body buzzed violently before breaking.

He had not recovered a hundred percent, and now with Chu Kuangren's relentless attacks, the Primordial Dao in his body went out of control.

"I must be dreaming..."

God King Sikong watched Chu Kuangren smash Emperor Feng continuously with a blank look.

Not only he, but all the other cultivators of Central Heaven Universe were also shocked, especially the Flaming Dark Golden Guardians.

To them, Emperor Feng was a superior and unrivaled existence.

Yet now, Chu Kuangren had crushed and overpowered such a superior being, forcing him into a complete disadvantage.

They could not believe their eyes.

"Impossible! Impossible! How is Chu Kuangren strong enough to beat the Emperor? This must be fake!"

"Yeah! The Emperor hasn't used his full strength! That must be the case!"

The Flaming Dark Golden Guardians could not accept the fact.

Meanwhile, Chu Kuangren channeled the Great Dao's energy to the limit.

He smashed the halberd on Emperor Feng, sending the Primordial crashing onto a continent.

Then, a green light appeared around Chu Kuangren.

The Chaos Green Lotus shone brightly before it crashed down onto Emperor Feng.

As soon as the massive green lotus fell on top of Emperor Feng, the vast vital energy of chaos together with the Great Dao's energy ground his Primordial Dao away.

Boom! Boom!

Emperor Feng could seemingly hear the explosions of his Primordial Dao inside his body, and it scared him.

'Will I... die?'

Emperor Feng refused to believe it, but he could not stop his Primordial Dao from getting destroyed.

With the combination of the Chaos Green Lotus and the Great Dao's energy, the blast destroyed the Primordial Dao which had not recovered fully.

Emperor Feng's consciousness faded into darkness.

From the audience's perspective, they saw Emperor Feng's body and his Dao disintegrating into light particles under the Chaos Green Lotus, disappearing into nothing.

Just like that, Emperor Feng had fallen!

As soon as the Primordial died, the soldiers of the Central Heaven Universe lost their will to continue the war.

No one continued fighting.

"No! No! This isn't happening!" God King Sikong had a hard time believing that a Primordial was killed.

The others, on the other hand, started to flee.

More than a billion soldiers fled in the direction where they came from.

It was a grand and awe-inspiring scene.

Chu Kuangren looked at the fleeing soldiers with a frosty look. Then, he narrowed his eyes, and a mystical energy fluctuation dispersed outward.

"Abyss of Darkness!"

Souls of the billions of cultivators from Central Heaven Universe were dragged into somewhere filled with strange darkness, and they were overwhelmed with fear.

Chu Kuangren stepped into the dark world with Immortal Sparks surrounding him.

"Abyss of Darkness? It's the cultivation of the Nether King Tribe!"

One of the Nether King Tribe cultivators recognized the technique.

They looked at Chu Kuangren in fear.

Chu Kuangren stared at them coldly, releasing a massive amount of soul energy that swept out in every direction.

The cultivators from the Central Heaven Universe were slaughtered by his soul energy.

Billions of souls were shattered and transformed into the purest form of soul energy by the Abyss of Darkness.

Then, he absorbed all the soul particles.

Chapter 2020: Armament Disaster Ancient Planet Stops the Deserters, This Is Also Chu Kuangren's Plan

Inside the Abyss of Darkness, as Chu Kuangren absorbed the fragments of the broken souls, his soul energy skyrocketed.

His Soul Realm was already one step shy from the Chaos realm, and now with such a large amount of soul energy absorbed, his Soul Realm was breaking through into the Chaos realm.

Billions of souls were shattered in the Abyss of Darkness, including many Arch Gilded Immortals and Embodiers.

After he finished absorbing the souls, Chu Kuangren felt like his soul was bloated from all the absorption.

Then, he exited the Abyss of Darkness.

The soul energy that he absorbed grew restless in his body, but he could not suppress them for now and planned to refine them after the war.

This time, he believed he could ascend into the Chaos realm.

He looked at God King Sikong and the others who were still fleeing and smiled. "Running away? It's useless unless you have somewhere to run to."

He did not chase after them because he had everything planned out.

"Immortal King!"

Li Tu, Lu Jun, and the others went up to Chu Kuangren.

They looked at him with uncontrollable zeal and admiration.

Chu Kuangren just killed a Primordial!

How shocking!

"Immortal King, I will form a team to pursue them," Li Tu said eagerly.

The others were similarly eager to hunt down the invaders, wanting to wipe out the Central Heaven Universe once and for all.

However, Chu Kuangren stopped them. "No need to rush. I've planned out for this. The soldiers have just been through a serious battle. Let them rest for a while."

All the others accepted his arrangements.

...

Meanwhile, God King Sikong brought the remaining soldiers back to their universe.

He could not understand how they lost so miserably even with a Primordial on their side.

"We've lost. We've lost everything," Heavenly Rainbow Dragon muttered.

Then, he glared at the Heavenly Roundtable members coldly and said, "Heavenly Sword is the spy, which makes all of you his accomplices!"

He roared, and his aura intensified.

Before he could attack, God King Sikong stopped him. He bellowed, "Stop it! They didn't know about this."

"Those who sided with the Heavenly Sword must die," Titan Deity said coldly.

Tianxing Cai, Heaven Maiden You, and the others were alarmed.

The members of the Heavenly Roundtable felt wronged as well.

The Heavenly Sword that they admired and respected was the spy!

None of them could recover from the shocking fact.

"Our priority is to return to our universe. Don't forget, we still have the Temple Master, so we haven't fully lost this war yet," God King Sikong said.

His words reignited the tiny bit of hope in everyone's hearts.

God King Sikong was right.

Emperor Feng might be dead, but Shen Tian, who was also a Primordial, was still alive.

They might still have the power to fight Chu Kuangren.

"The power Chu Kuangren wielded is unusual. He might have used a certain technique to boost himself, and the Heavenly Roundtable must know something about this. We need them to provide us with any possible clues or answers," God King Sikong said after a calm analysis.

The others finally calmed down.

However, Tianxing Cai and the others reacted with a complicated expression.

They had a hunch about the Water Nation Warring Map Formation because they were the ones who prepared the materials and set them in specific locations based on Chu Kuangren's orders.

At first, they had no idea what the materials were for. However, they knew now, and it was one of the main reasons that their universe had lost.

"Heavenly Sword..." Luo Xue muttered painfully

She respected and admired the man, but in the blink of an eye, he became the enemy of the universe.

The other members shared a similar conflicted feeling.

Sword God King was devastated as well. He looked dispirited and depressed.

Ling Fei was beside him, but he had no words for the situation.

"Our priority is to go back as soon as possible," God King Sikong said.

With that, he led the remaining soldiers toward the portal.

Since there might be pursuers, they dared not stop or pause along the way.

Half a year later, they arrived at the entrance of Central Heaven Universe, which was a massive spiral passageway.

However, something strange happened.

The passageway was covered with restriction seals.

"What is this? Is this part of Chu Kuangren's plan as well?" Heavenly Rainbow Dragon said as his expression shifted.

He looked at the Heavenly Roundtable, who was as confused as he was. They had no idea about the restriction seals.

"Don't worry. This isn't Chu Kuangren. This is the Temple Master's restriction seals. It's to prevent deserters," God King Sikong explained.

The others were displeased by his explanation.

Deserters?

The Temple Master seemed to have underestimated them.

God King Sikong smiled as he took a pearl out from his sleeve. Then, he tossed it into the spiral passageway and it exploded into a blinding light.

After that, the restriction seals on the passageway disappeared.

While they were waiting for the restriction seals to fade, a black planet flew toward them.

The planet was surrounded by black mist, which emanated an ominous aura and sent chills down their spines.

"W-What is that?"

"It's the Armament Destruction Ancient Planet! Why is it here?"

They were all confused as they were surprised.

They knew exactly what or who the Armament Destruction Planet was.

The planet had been drifting across the Void Battlefield since the war started, absorbing rage qi around the place.

It was no secret to everyone, but since the planet never interfered with the war and no one wanted to pick a fight with it, it was ignored as time went by.

Now, the planet appeared while they were trying to flee back to the Central Heaven Universe.

God King Sikong had a bad feeling in his heart.

"I heard the Heavenly Sword had visited the planet before and annihilated half of the Armament Destruction Tribe. Could this be him as well?" God King Sikong muttered as he gulped nervously.

Then, red lights shimmered all across the planet's surface.

As though a storm had started, red lasers were fired down on them, the soldiers of the Central Heaven Universe!

Bang! Bang! Bang!

Warships were wrecked by the laser rain.

"It's an enemy attack!" God King Sikong bellowed.

Everyone entered a defensive stance, and some started to counterattack.

Millions of ships turned their cannons, firing beams at the planet.

However, the black mist was actually broken weapons that concentrated around the planet and blocked all the beams fired at the planet.

The Armament Destruction Ancient Planet's strength surprised everyone.

"This must be Chu Kuangren's plan as well!" God King Sikong looked at the situation with a bitter expression.

Everyone else was shocked.

The Heavenly Roundtable, Heavenly Sword's true identity, the Water Nation Warring Map, the Great Dao's power, and now the Armament Destruction Ancient Planet... Everything was part of Chu Kuangren's grand plan!

With trump card after trump card, the man seemed to have endless backup plans.

What a terrifying opponent!

"How dare a mere planet try to stand in our way just because of the Heavenly Sword? How naive!" Heavenly Rainbow Dragon bellowed.

He then threw a punch at the planet, trying to crush it.

However, after absorbing hundreds of years of rage qi, the Armament Destruction Ancient Planet was no longer what it used to be. Countless rage qi gathered into a crimson light and blasted it at Heavenly Rainbow Dragon, sending him flying backward.

Although Heavenly Rainbow Dragon was injured in a fight with Chu Kuangren just now, it also proved how strong the Armament Destruction Ancient Planet had become.
