Chapter 2021: Armament Destruction's First Appearance in Battle, the Most Frightening Being in the Universe

The Ancient Armament Destruction Planet was blocking everyone's escape, putting God King Sikong and the others in great danger.

Hoping to break through the Ancient Armament Destruction Planet's blockade, the Peerless Warlords immediately attacked. However, they soon realized that the ancient planet was too powerful.

Endless waves of rage qi were surging all around it.

Countless menacing red beams of light were launched from the towering structures on the ancient planet's surface. Each laser contained the power to kill any Ultimate Arch Gilded Immortals, and hundreds and even thousands of them were unleashed at the same time.

It resulted in an even more terrifying and immense power erupting altogether.

"This Ancient Armament Destruction Planet is too powerful!"

The Heavenly Rainbow Dragon, Ba Shen, and others looked at each other.

Despite that, the Peerless Warlords continued attacking.

Heavenly rainbow dragon qi, Overlord qi, and Emperor qi...

Three surges of energy were unleashed in three different directions!

Boom!

The entire Ancient Armament Destruction Planet trembled, and many cracks appeared on the Great Armament Destruction Formation.

However, swirls of rage qi surged, gradually restoring the cracks.

"What kind of ability is this?"

"It can recover itself?"

Everyone was shocked.

At that moment, a chuckle came from the Ancient Armament Destruction Planet.

"Before the likes of the Armament Destruction, death is the only thing that awaits all of you."

Thousands of horrifying lasers shot out once again.

Wherever it hit, screams and cries sounded.

"B*stard! Stop hiding and show yourself! Fight us in person if you dare!" Ba Shen said, red with rage.

"The Armament Destruction shall permit this!"

An indifferent voice sounded.

Swirls of rage qi rose into the air, where they gathered and formed a dark figure in mid-air. That figure was blurry but emanated an ominous and strange aura that sent chills down everyone's spine.

Following that, the dark figure revealed its appearance!

He was dressed in black armor glimmering with an ominous demonic light.

His hair was white, long, and unkempt, akin to a maddened demonic warrior.

His eyes were black and deep, gazing upon everyone with immense pride!

"Behind me back, mountains of corpses and rivers of blood fill the landscape!"

"Beneath my feet, calamities occur while chaos spreads!"

"Before the likes of me, gods shall tremble while demons shall cower!"

"I am... the Armament Destruction!"

Following a domineering voice that reverberated throughout the surroundings, the white-haired Armament Destruction God appeared. A terrifying aura immediately enveloped everyone.

All they could do when they saw the Armament Destruction God before them was gasp with shock.

"Chu Kuangren!"

That person's appearance was extremely similar to Chu Kuangren's.

That was when everyone finally acknowledged that Chu Kuangren had something to do with the Ancient Armament Destruction Planet.

Upon hearing everyone, the Armament Destruction frowned and waved his sleeves angrily, releasing his domineering rage qi everywhere.

That power immediately blew up some cultivators.

"Are you deaf? My name is Armament Destruction!"

He felt a little displeased that everyone thought he was Chu Kuangren.

Although he was a clone created by Chu Kuangren, he had merged with a remnant of the Ancient Armament Destruction Planet's rageful consciousness.

Hence, he could be considered a completely different being.

"Hmph, I don't care who you are! Those who stand in our way must die!" The Heavenly Rainbow Dragon snorted coldly.

As his Daoist law energy erupted, the Armament Destruction's black rage qi also surged, getting eager to fight.

"Good. I'm eager to find out how powerful this form is too."

The Armament Destruction's main body was still the Ancient Armament Destruction Planet.

However, the ancient planet was too huge and hard to transform. Hence, he found another way he could take on a physical form by directly gathering endless rage qi.

In other words, he did not possess a real body and was now only a bundle of rage qi that took the form of a cultivator.

"Dragon Breath Void Destruction!"

The Heavenly Rainbow Dragon let out a low grunt as a gigantic dragon apparition appeared behind him. It opened its mouth, and a surge of rainbow dragon aura gushed out.

"Armament Destruction Planetary Pierce!"

The Armament Destruction stood his ground and unleashed an attack with his sword hand sign.

Dense rage qi gathered and was released from his fingertips.

Following a loud bang, the dragon's aura was brutally shattered.

"Overlord Dominion!"

Ba Shen roared and let out a punch containing a surge of terrifying Overlord qi. His attack seemed never-ending. It was like an endless tide unleashed toward the Armament Destruction.

Emperor Skylord also attacked after that by unleashing the Emperor Physique's divine ability.

A gigantic Emperor Decree appeared in the void.

Countless runes were launched toward the Armament Destruction like raining meteors.

"That's what I'm talking about!"

Facing the Emperor and Overlord attacks, the Armament Destruction raised both his hands. Rage qi gathered in the palm of his hands and turned into surges of thunder gale energy.

"Armament Destruction Thunder Gale Palm!"

He pushed both his hands forward, merging storm and lightning Daoist energies with the Armament Destruction's rage qi. The attack poured out like a raging tide, slamming violently into the void.

The Emperor Decree and Overlord qis were both destroyed.

Amidst the endless smoke, the only thing left was an arrogant figure clad in pitch-black armor, staring at his surroundings, with his white hair dancing in the wind.

"It's him..."

From afar, the Armament Destruction's figure seemed to overlap with that of Chu Kuangren's.

Although the Armament Destruction would never admit it, his prideful and tyrannical poise made him a splitting image of Chu Kuangren!

"Dark Golden Guardians, set up the formation now!" the Dark Golden Guardian Leader said loudly at that moment.

The remaining Dark Golden Guardians quickly appeared and surrounded the Armament Destruction in the Revolving Sky Blazing Formation.

Thousands of terrifying light beams were immediately shot at the Armament Destruction.

"This formation... If Chu Kuangren can break it, so can I!"

With a wave of his sleeves, a broken sword appeared in the Armament Destruction's hand.

The moment he swung that broken weapon, waves of rage qi poured out.

The countless incoming light beams were destroyed and reduced to nothing.

"Armament Destruction Myriad Edge Slash!"

Armament Destruction tightened his grip on the broken weapon before casting a powerful technique that decimated his enemies.

Thousands upon thousands of strands of rage qi formed into countless razor-sharp edges. Those edges were unleashed randomly on all sides of the great formation with endless killing intent.

Following a series of bloody explosions, the Dark Golden Guardians perished one after another.

Even the Dark Golden Guardian Leader was forced back.

The Revolving Sky Blazing Formation quickly fell apart!

"Nine Kings, do something!" God King Sikong shouted as he looked at Wu Mian and the others.

The Nine Kings immediately understood what to do.

However, Luo Xue, Tian Xingcai, and the others were still hesitating. 'Should we use the Great Dao Avatar to fight the Armament Destruction? I wonder what kind of relationship he has with the Heavenly Sword...'

"We're running out of time. do it now!" God King Sikong yelled once more.

With that, a determined look appeared on Luo Xue and the others' faces.

The person attacking them was the Armament Destruction, not the Heavenly Sword. If they did not do something, everyone in the Central Heaven Universe would die here.

The life of their tribe members and comrades were on the line.

"Let's do it!"

The King's Mark shone on all of the Nine Kings' bodies.

When the auras of the nine of them intertwined, the Great Dao Avatar appeared once more!

"So, this is the Great Dao Avatar, huh? I shall test its strength."

In the face of the terrifying Great Dao Avatar, the Armament Destruction stood his ground. He held his broken weapon, and a chilling battle intent shone from his eyes.

Boom!

The Great Dao Avatar slammed its palm downward.

With a slash from his broken weapon, the Armament Destruction unleashed his rage qi in the form of a gigantic energy torrent.

Following a huge explosion, the impact forced both parties back.

God King Sikong and the others were in disbelief.

The Great Dao Avatar was so powerful that even a Peerless Warlord like the Heavenly Rainbow Dragon was no match for it. Yet, the Armament Destruction was fighting toe to toe against it!

"Again!"

The Armament Destruction's fighting intent grew.

'If Chu Kuangren can defeat the Great Dao Avatar, so can I!'

The Armament Destruction continued attacking with a stronger technique!

He was battling the Great Dao Avatar on equal ground.

Seeing that, Heavenly Rainbow Dragon and others immediately channeled their Daoist law energy. They locked onto the battlefield and attacked out of nowhere.

With dragon qi at the helm and the attacks of Ba Shen, Emperor Skylord, Titan Deity, and others, a huge barrage of attacks headed toward the Armament Destruction.

No matter how strong he was, the Armament Destruction was sent flying by that powerful attack. His figure gradually became blurry and ethereal as if it was going to disperse at any moment.

"This is our chance. Let's kill him!"

The Great Dao Avatar blasted its palm forward, seeking to kill the Armament Destruction.

However, at that moment, a sword ray shot across the skies, brutally blasting the Great Dao Avatar away. It destroyed the Great Dao Avatar and caused it to shatter into countless sparks of light.

The Nine Kings lay on the ground, their faces as pale as paper.

A figure in white robes was approaching them from somewhere in the distance.

Following the arrival of this white-robed figure, the whole battlefield was instantly plunged into a deadly silence.

There was a look of horror on all their faces. It was as if the person who arrived was a nightmare demon and the most frightening being in the world!

Chapter 2022: Killing Peerless Warlords Effortlessly, Meeting With the Heavenly Roundtable

Dressed in robes as white as snow, the figure who arrived possessed handsome features, celestial-like brows, and sparkling eyes. Every movement he made also exuded an extraordinary aura.

The person who arrived was extremely good-looking.

Upon seeing him, anyone would immediately feel a sense of closeness.

It was because that person was too otherworldly.

However, everyone present was terrified when they saw him.

"Chu Kuangren!" God King Sikong gulped and said in shock.

Chu Kuangren looked at the Nine Kings, who he blasted away earlier. When he saw Luo Xue and his former subordinates, his gaze lingered on them for an instant.

However, it was only for an instant. On top of that, his gaze looked indifferent and apathetic, which deeply hurt the few he once called friends.

That was when they remembered that the Heavenly Sword had always treated everyone indifferently since the beginning.

It was as if nothing in this world could ever pique his interest or stir up his emotions.

They thought they would be treated differently since they were part of the Heavenly Roundtable, but it turned out that they were the same as everyone else.

Perhaps they were just more valuable and useful to him.

"Heavenly Sword... How can you have the heart to do this?" Heaven Maiden You mumbled.

She should have been the one to realize that earlier. However, she could not control her emotions in the end. Even though she was hurt, she had no regrets...

After Chu Kuangren's gaze swept across the Nine Kings, he looked at the Armament Destruction. "It's been a while... Armament Destruction."

"You've ruined my mood," the Armament Destruction said.

Huge amounts of rage qi surged around his body, and his ethereal form gradually became solid again.

Chu Kuangren's eyes lit up. "It seems like my worry was unnecessary."

He was quite surprised by the Armament Destruction's technique.

"Chu Kuangren, have you come to kill us all?"

God King Sikong was starting to feel despair. The Armament Destruction alone was already very hard to deal with, let alone with Chu Kuangren joining in now.

"Obviously," Chu Kuangren said.

A sword ray immediately flashed in his eyes.

In an instant, God King Sikong was enveloped by the incoming sword ray. He did not even have a chance to evade and was blown up into a mist of blood before everyone.

The Dao inside his body was also destroyed.

"Damn it!"

The Heavenly Rainbow Dragon immediately attacked Chu Kuangren.

The others also followed suit.

However, Chu Kuangren gently raised his hand and opened his fist before clenching it gently in the void. An endless surge of murderous aura instantly erupted!

As a result, the Heavenly Rainbow Dragon was immobilized in mid-air.

The sight of that made everyone's eyes widen in shock.

Ba Shen, Emperor Skylord, Titan God, and others refused to stand by idly, so they immediately attacked Chu Kuangren.

A variety of Immortal Techniques and divine abilities instantly erupted.

The sky was dyed with multiple colors from the energies of their attacks. It was quite dazzling and horrifying sight to behold.

At that moment, a mysterious energy fluctuation spread out from Chu Kuangren in all directions.

The incoming attacks were all halted before they could even reach three meters of Chu Kuangren. It was as if they were frozen in space.

Then, Chu Kuangren gently clenched his fist.

The attacks and Immortal Techniques exploded and dispersed into the surroundings in shockwaves.

Even Heavenly Rainbow Dragon was blown up into a mist of blood.

Just like that, one of the most ancient beings of the Central Heaven Universe, who had survived countless great battles, was dead.

Everyone was filled with despair.

If Chu Kuangren could kill a Primordial, they were nothing.

"It seems like the Great Water Nation Warring Map Formation is quite powerful." Armament Destruction looked at Chu Kuangren and said.

"It's all thanks to your hard work over the years." Chu Kuangren chuckled.

After all, the Armament Destruction had contributed a lot to setting up the Great Water Nation Warring Map Formation. Having drifted around the Void Battlefield, he had laid out nearly half of the great formation's preparation.

"Hmph. I'm glad you know that." The Armament Destruction snorted softly.

Both of them were chatting casually as if no one else was around.

It was as if the huge army before them was as insignificant as thin air.

Ba Shen, Emperor Skylord, and the others were fuming with rage. However, they were powerless to do anything. Instead, terror and fear began to well up inside them.

"Alright, time to deal with you guys."

Chu Kuangren turned and looked at everyone.

His figure instantly disappeared and arrived before Ba Shen and Emperor Skylord. Taking advantage of them not reacting in time, he released an endless burst of murderous qi from his sword hand sign and unleashed a terrifying red light beam at them.

Before everyone had time to react, their two most revered Peerless Warlords were torn apart on the spot.

As the Daos inside their bodies disintegrated, Emperor Skylord and Ba Shen were dead!

After that, a light flashed across Chu Kuangren's eyes, and he arrived before the Titan God.

"You b*stard!"

Enraged, the Titan God immediately channeled his Four Mystical Dao to the maximum.

He let out a punch containing dense divine light.

However, his attack was ineffective against Chu Kuangren.

"Are you trying to help me scratch an itch?"

Chu Kuangren chuckled and then retaliated with a similar punch.

Boom!

The Titan God's armor immediately shattered!

His whole body was blown up on the spot.

Chu Kuangren grabbed hold of a colorful bundle of light, which was the Titan God's Dao. It was now emitting powerful energy fluctuations, struggling continuously in Chu Kuangren's palm as it tried to break free.

"Heh."

After a chuckle, Chu Kuangren clenched his fist.

The colorful bundle of light was blown apart into countless sparks of light.

The Titan God was dead!

"Retreat!"

Seeing that Chu Kuangren was unstoppable, a look of terror appeared on the Dark Golden Guardian Leader's face, and he quickly dashed the vortex passageway in the distance.

Chu Kuangren casually let out a slash with his sword.

The Dark Golden Guardian Leader could not even resist before dying on the spot.

In a short moment, all the Central Heaven Universe Peerless Warlords were dead, and the power made everyone else fall into despair.

Luo Yunxiu, Wu Mian, and the other Nine Kings were sitting slumped on the ground.

They looked at Chu Kuangren levitating in the air with a stunned expression.

Wu Mian, especially, was extremely depressed now.

Was that the person he tried to fight against?

Where did he even find the courage to compete with such a monster?

Chu Kuangren shot them a glance.

With a single glance, an invisible energy erupted. Wu Mian felt as if a great invisible hand was gripping him tightly.

The next instant, his bones and flesh were crushed into a pulp.

Both Luo Yunxiu and Wu Mian, as well as Lei Shentian and Xuan Yuanfeng, were dead.

Chu Kuangren's gaze swept elsewhere, immediately engulfing the surroundings in endless darkness. Everyone's soul was dragged inside there.

The Abyss of Darkness was unleashed once again.

However, after devouring the souls of millions of cultivators, Chu Kuangren felt that his Soul Realm had reached a limit. He could no longer devour any more souls.

"As expected, it looks like I still need to refine all the souls I absorbed previously," Chu Kuangren thought out loud with a look of regret on his face.

Whoosh!

An icy strand of sword qi that froze the surroundings was shot toward Chu Kuangren.

He did not even lift his hand but merely channeled his aura.

That sword qi instantly shattered.

Chu Kuangren looked at the one who attacked. It was... Luo Xue.

At this time, she was filled with determination.

"I don't care if you're the Heavenly Sword or Chu Kuangren, and perhaps I once respected and even loved you. However! If you want to kill my fellow tribe members, my comrades, this sword of mine shall never let you have your way!"

Luo Xue looked at him with a chilling gaze as she held her sword tightly.

At that moment, her sword core had reached a new height.

Besides her, Long Shujing, Heaven Maiden You, Ling Fei, the Shinra Pirate, and other Heavenly Roundtable members stepped out slowly. They looked at Chu Kuangren with determination in their eyes.

"Heavenly Sword, I must fight you no matter what."

"Our strengths may be insignificant to you, but we can't back down. Let's end this once and for all."

The Heavenly Roundtable, an organization that Chu Kuangren created, was now holding up arms against him because of their opposing positions!

Unparalleled After Ten Consecutive Draws

Chapter 2023: Is It Truly Because of Our Past Relationships? An Even Greater Despair Is Waiting for Them

Chu Kuangren looked at the Heavenly Roundtable members who were now holding up their weapons against him.

He was not angered by their behavior. On the contrary, he was very pleased.

While facing someone so overwhelmingly powerful as him, those cultivators did not beg for mercy or bring up their past friendships with him.

Instead, they bravely stood up against him for their comrades.

That was the Heavenly Roundtable that Chu Kuangren was looking forward to seeing.

"All of you have done well," Chu Kuangren said with a satisfied smile, revealing a hint of warmth from his apathetic eyes.

Everyone wavered a little when they sensed that warmth.

However, they steadied their hearts in the next second and began attacking Chu Kuangren.

"Emperor's Double Pupils, Overworld Calamity!"

Tian Xingcai's Emperor Double Pupils illuminated brightly.

An aura that seemingly could destroy worlds instantly poured out, shattering the void within a radius of hundreds of kilometers.

Her golden Emperor qi erupted in full force!

Meanwhile, Luo Xue held her sword tightly and unleashed a powerful slash.

Her sword qi caused the surroundings to freeze all over.

It snowed heavily wherever her attack went.

Every single snowflake contained a single strand of sword qi.

"Demonic Heart Purification!"

Ling Fei unleashed the Demonic Heart Purification, converting his demonic rage qi into combat power.

He swung his Calamitous Heavenly Sword Slayer forward powerfully.

His sword rage qi gathered and turned into dark black sword qi!

Three terrifying waves of energy erupted, locking onto Chu Kuangren at the same time.

However, he merely waves his sleeves.

A strand of his aura was released.

The Emperor qi, sword rage qi, and frost qi were all destroyed. The three of them were immediately sent flying, and the impact caused them to spit a mouthful of blood.

"Six Divine Heavenly Dragon Talismans!"

At that moment, Heaven Maiden You leaped above Chu Kuangren.

Six giant dragon-shaped qi descended upon him.

It was an attempt to suppress Chu Kuangren.

However, the draconic qi were all destroyed by his aura before they could even approach him.

"Arch Gilded Palm!"

"Emperor Seal!"

The Shinra Pirate and Di Feitian attacked.

Their palm qi and Emperor qi surged forth.

However, it was useless.

"Rainbow Dragon Qi, Universal Shockwave!!"

At this time, the most powerful of the group, Long Shuijing, attacked.

A gigantic rainbow dragon charged forth.

Chu Kuangren formed a sword hand sign, letting out a gentle piercing attack towards the incoming dragon apparition. Following a painful cry, the dragon apparition was immediately shattered, reduced to dust.

While facing the incoming attacks unleashed by the Heavenly Roundtable members, Chu Kuangren never moved at all. He merely stood still the whole time.

After all, everyone's attacks were simply too weak and insignificant to him.

It was nothing but a gentle breeze to him.

He was already on a completely different level compared to them.

The Heavenly Roundtable members also realized that fact. However, they did not intend to fall back.

Even if they were heavily injured and on the brink of death, they would rather stand their ground and fight.

"I admire all of you, and taking consideration of all the things that you've done for me in the past, I shall grant you all permission to leave with your troops."

"Remember, your lives are bestowed upon you by me," said Chu Kuangren as he turned around and left, ignoring their astonished looks.

The Armament Destruction scoffed upon seeing that. "How boring."

Then, he turned into a bundle of rage qi and dispersed.

The Ancient Armament Destruction Planet soon left the area, leaving behind everyone else from the Central Heaven Universe.

They all exchanged glances. It felt as if they had just crawled out of a monster's mouth, and it was especially true for Luo Xue and the others, who immediately fell and slumped onto the ground.

The pressure they felt when facing Chu Kuangren was simply overwhelming.

Just his aura alone was already sufficient to overpower them.

"He could've killed us all, but why did he let us go?" The Shinra Pirate was puzzled.

"Is it really because of our past relationship?" Heaven Maiden You could not help but make a guess.

However, Luo Xue felt a little suspicious. "Is the Heavenly Sword— No, is Chu Kuangren someone that will be easily affected by emotions?"

Regardless of that, they all survived.

"Let's leave quickly."

Luo Xue and the others led the surviving troops back to the Central Heaven Universe.

They had lost badly this time.

They had lost all their Peerless Warlords and more than half of their Embodier God Kings.

"Heavenly Sword, Chu Kuangren..."

Luo Xue and the others turned around, taking one final look at the Void Battlefield.

A look of sorrow could be seen in their eyes.

...

Somewhere else, the Ancient Armament Destruction Planet was heading toward the Pan Gu Universe's camp.

Meanwhile, Chu Kuangren was standing atop one of its towering structures. The Armament Destruction Tribe members were not hostile toward him.

It was as if he was not the one responsible for the downfall of the Armament Destruction Tribe back then.

It seemed that the Armament Destruction Tribe was educated well by Armament Destruction himself.

Then, a figure appeared behind Chu Kuangren.

It was Armament Destruction.

"It is unlike you to release the tiger back to its mountain," said Armament Destruction.

"Do you think you know me well?"

Chu Kuangren looked at him mischievously.

"Have you forgotten? A part of your Immortal Consciousness created me. Or course, I understand you well." Armament Destruction sneered.

"Are you dissatisfied with me?"

"They thought I was you, but I, Armament Destruction, am no one's shadow. Although you created me, I'm not the same as you!"

"So, work hard and prove yourself."

Chu Kuangren looked at Armament Destruction and chuckled.

It was as if he was looking at a rebellious teenager.

Armament Destruction frowned a little, clearly displeased with the way Chu Kuangren looked at him. He asked, "Back to the question earlier. Why did you release the tiger back to its mountain? Are you hesitant to destroy the Heavenly Roundtable cultivators?"

"Heh, I'm not as ruthless as you think."

"The Heavenly Roundtable is nothing but a tool for you. You have spent much time scheming and plotting how to utilize their influence and positions best. If this is what you call a relationship, it truly is worthless." The Armament Destruction sneered.

"Come on, don't think so badly of me."

"Back to the topic then."

"Very well." Chu Kuangren chuckled. "There's a flaw in your question earlier. To me, they were not tigers at all. Letting them return to their universe wouldn't threaten me. Besides..."

Chu Kuangren looked into the void in the distance and said cryptically, "Compared to me, greater despair is waiting for them back there."

Armament Destruction pondered for a while, and then a look of realization flashed in his eyes. He looked at Chu Kuangren and said, "You are annoying."

"Ha. Aren't you calling yourself annoying?"

"We're not the same!"

The Armament Destruction erupted with rage, and his white hair fluttered in the wind.

Chu Kuangren froze for a while.

'Did he blow his top just like that?'

...

On Pan Gu Universe's Third Continent in the Void Battlefield, while Gu Linglong and the others were systematically arranging for the Pan Gu Universe forces to leave the Void Battlefield under Chu Kuangren's orders, the Ancient Armament Destruction Planet appeared.

The appearance of the ancient planet initially shock everyone as they thought that a new enemy had appeared.

Then, when they saw Chu Kuangren, they immediately breathed a sigh of relief.

However, they were still shocked.

How much had Chu Kuangren prepared for the war?

They did not even realize a single thing.

Compared to him, everyone felt too incompetent.

"It if weren't for the Immortal King, we would've been done for long ago."

This was not the first time that Li Tu, Moon Rabbit, and the others expressed such sentiments.

"No matter how many times I see it, I will always be amazed by the Immortal King's ideas and plans. As expected of the one chosen by the Daoist Progenitor."

Zi Jinlun was also deeply moved.

Previously, Wu Han was the person he admired and respected the most, and now it was Chu Kuangren.

After returning to Pan Gu Universe's Third Continent, Chu Kuangren gave out some orders to his subordinates and then found a place and started his closed-door meditation.

He wanted to refine the tremendous amount of soul energy he had absorbed inside his body.

He had to do it so that his soul could break through the Chaos realm as soon as possible.

Everyone understood his orders. Except for Li Tu and the others who continued managing the departure of their troops from the Void Battlefield, the Black Heaven Nine Stars and others all took the initiative to stand guard for Chu Kuangren. They wanted to ensure that he would not be disturbed during his closed-door meditation.

Chapter 2024: Investigating the Dark Demonic Forgotten Lands Again, Have Mercy Temple Lord, the Dark Demonic Ruler

Chu Kuangren was now in closed-door meditation, attempting to break through the Chaos Real for his Soul Realm.

There was originally a thin barrier between his current soul level and the Chaos Realm. However, he had absorbed the souls of many Central Heaven Universe cultivators with his Abyss of Darkness.

With his newly absorbed soul energy, he finally moved past that barrier.

His soul had finally reached the Chaos realm.

Being in the Chaos realm meant his soul no longer possessed a fixed form. It was ethereal and mysterious, like chaos itself before the birth of the universe.

While getting used to his newfound soul cultivation realm, he subconsciously comprehended a new type of Dao in the process... Soul Dao!

When ordinary cultivators reach the soul Chaos realm, they would not trigger the activation of Soul Dao. Things were different for Chu Kuangren, however. After all, his proficiency in soul cultivation was extremely high and was unparalleled in the two universes.

After his soul reached the Chaos realm, he spent more time integrating the Soul Dao into his body.

The whole process was smooth and unfolded effortlessly for him.

Besides that, his soul energy also increased tremendously. That allowed him to comprehend Dao more efficiently, besides having an increase in power for his Divination Techniques.

This effect was most obvious when using the Great Destiny Technique.

This cultivation technique was extremely mysterious.

After reaching a certain level of cultivation, the user could enter the river of destiny.

Before that, he only possessed the Divine Destiny Light Beam — the technique he used to kill Six Eyes, a God King.

Now that his soul cultivation realm had increased, Chu Kuangren had gained a greater proficiency in the Great Destiny Technique.

Besides the Divine Destiny Light Beam, he had also unlocked another technique.

It was a technique known as the Gate of Destiny. This technique was extraordinary and more powerful than expected. However, it still required some time for him to control it completely.

"Perhaps this will be another trump card of mine in the future," Chu Kuangren mumbled.

Following that, he entered the Divine Destiny Temple and spent almost a decade inside there to learn this Gate of Destiny technique. Chu Kuangren could already unleash it in battle now.

On that very day, in the Void Battlefield, Chu Kuangren walked out of the Imperial Palace in his usual prideful manner.

From the void, several astral diagrams appeared.

Lan Yu and the others appeared before him.

"Master, you've finally completed your closed-door meditation," Lan Yu said with delight.

"Your aura has risen to another level, it seems."

Yu Zhi looked at Chu Kuangren and chuckled.

"Well, it's not even on another level yet." Chu Kuangren laughed.

He then looked in a certain direction in the distance.

The Dark Demonic Forgotten Lands...

Before leaving the Void Battlefield, he wanted to investigate that area while the Great Water Nation Warring Map Formation's effects were still active.

With that thought in mind, he chatted for a while before heading toward that location.

Upon arriving there, he was greeted with the same desolate surroundings. Dark swirls of mist could be seen flowing around, emanating a strange and ominous aura.

An idea suddenly came to Chu Kuangren's mind.

Could he use the Great Destiny Technique to conduct divination on this place?

The Central Heaven Universe's Mystic Divination Tribe once attempted to do so, but they suffered terrible consequences, with a group of God Kings losing their lives.

However, he was different.

His fate was strange and peculiar, unlike others.

He even had the protection of the Divine Destiny Temple, so he had nothing to worry about.

At that thought, he immediately started his divination.

Moments after, his consciousness arrived within a space filled with darkness. It was similar to his path of destiny, which was filled with nothingness.

'Is it another being with a non-existent fate like me?'

Just when Chu Kuangren was uncertain and shocked, a pair of eyes suddenly opened from within the boundless darkness.

"Who dares peer into my destiny? How insolent!"

A chilling grunt sounded.

Following that, an incredibly deep and terrifying dark aura emerged.

At that moment, a burst of Immortal Sparks erupted from Chu Kuangren's body.

An even mysterious and domineering Destiny power erupted. The dark aura instantly disintegrated.

"Is that..."

The one who spoke was seemingly shocked.

Then, the silhouette of a magnificent and grand divine temple appeared behind Chu Kuangren, emanating an aura that suppressed the world itself.

The divine temple trembled, its endless radiance illuminating the surroundings.

The dark path of destiny suddenly went on the brink of collapse.

Within the darkness, a man in black robes looked shocked.

"This is... The Divine Destiny Temple!!"

"How is this possible?"

The black-robed man was incredibly shocked. He knew of the Divine Destiny Temple, but that was why he was even more shocked.

"Please have mercy, honorable Temple Lord!" the man in black robes said loudly.

Chu Kuangren was surprised to be called that.

The Divine Destiny Temple behind him seemingly sensed his thoughts. It soon disappeared, returning into hiding within the unknown dimension.

The Divine Temple seemingly sensed that he was in danger and appeared to protect him.

Chu Kuangren was a little surprised.

'The Destiny Dao is truly mysterious and full of surprises.'

'This also means that the Divine Temple representing Destiny Dao is also a supreme authority that's filled with mysteries.'

The next instant, Chu Kuangren's consciousness came out from the river of destiny and returned to the Dark Demonic Forgotten Lands. The endless black mist before him had already dispersed to the side, opening a path for him to enter.

"Oh, is this an invitation for me to enter?"

Chu Kuangren pondered and walked ahead.

He did not have any results from that divination earlier.

'I might as well go and meet the ruler of these lands then.'

No one had ever stepped into the depths of the Dark Demonic Forgotten Lands.

However, on that very day, dressed in white robes, Chu Kuangren arrived in his usual prideful manner. All he could see was a coffin there.

The coffin was black and made using some sort of unknown material, with mysterious and gorgeous patterns engraved all over it.

A man in black robes slowly stood up from the coffin.

His aura was extremely ominous, with the surrounding black mist receding and rising with his every breath. Chu Kuangren was secretly shocked greatly upon seeing this.

'The dangerous mists of the Dark Demonic Forgotten Lands were all coming from this man's breathing?!'

'What kind of terrifying being is he?'

Chu Kuangren was secretly astonished.

However, he did not show his emotions and maintained a calm demeanor.

"Greetings, Master of Destiny. I am the Dark Demonic Ruler." The man in black robes, the Dark Demonic Ruler, said as he bowed.

The man's respectful tone surprised Chu Kuangren was a little surprised, and he noticed that the man seemed fearful of him. However, the man was far more powerful than him.

"Do you know who I am?"

"Besides the Master of Destiny, no one in the vast Infiniverse can summon the Divine Destiny Temple," the Dark Demonic Ruler said lightly.

"How knowledgeable," Chu Kuangren replied.

At the same time, he asked Lil Ai to analyze the being before him. However, he could not obtain any results. It meant that the Dark Demonic Ruler before him was a being that exceeded the limits of Lil Ai's analytical capabilities!

It was the first time Chu Kuangren encountered that situation.

Inside an unknown corner, Lil Ai, who did not possess a fixed form, felt frustrated and annoyed.

She was too weak.

As of now, she could not even catch up to Chu Kuangren's rate of getting stronger.

Chu Kuangren had already encountered a being that could not be analyzed. If it were the first encounter, there would certainly be a second one.

If that continued, she would certainly be ignored as a useless ability and cast aside by Chu Kuangren in an unknown corner.

Lil Ai must not allow something to happen.

She was eager to improve herself.

'But what should I do?'

Chu Kuangren did not understand Lil Ai's predicament. He merely looked at the Dark Demonic Ruler before him and asked again, "Why are you here?"

"Many years ago, I was heavily injured after battling the Holy Light Ruler, so I fled and ended up here and went into slumber to recuperate my injuries," the Dark Demonic Ruler said.

Chapter 2025: A Deal With the Dark Demonic Ruler, the Great Hongmeng Universe, Three Thousand Daos

'The Dark Demonic Ruler and Holy Light Ruler...'

Chu Kuangren started pondering.

It was without a doubt that the person before him was definitely a Transcendence-level being.

As for what kind of cultivation level that person possessed, Chu Kuangren was still unsure.

"Master of Destiny, since the hand of destiny had allowed me the honor of meeting you, I wonder if you can hear a little request of mine?" the Dark Demonic Ruler said.

"I suppose you must know the rules of the Divine Destiny Temple. If you want to make a deal with Destiny, you must offer something with equivalent value."

"Of course."

The Dark Demonic Ruler nodded. A black drop of blood then appeared from between his brows, and his face turned a little pale after that.

It was as if offering that drop of blood was an exhausting thing for him to do.

"Master of Destiny, I hereby offer you a drop of my blood essence. With this item, you can comprehend thirty-six types of Great Dao, including Darkness Dao and Curse Dao."

Chu Kuangren was swayed.

'Integrating thirty-six types of Great Dao in one go?'

'Are you kidding me?'

'Is it that amazing?'

'Besides, didn't they say that an Embodier can only integrate nine types of Dao at most? Why is the Dark Demonic Ruler so sure that I can integrate so many types of Great Dao?'

"Speak of your request."

"Master of Destiny, I hope you can enter the Great Hongmeng Universe to find some healing items for me," the Dark Demonic Ruler said.

'The Great Hongmeng Universe... another unfamiliar name.'

The Dark Demonic Ruler seemingly understood Chu Kuangren's situation and chuckled. "The birth of All Universes can be traced back to the Hongmeng Universe. As the source of the Infiniverse, the Great Hongmeng Universe possesses items with boundless creation. Those are the type of items that can recover my injuries and could only be found inside the Great Hongmeng Universe."

'The birth of All Universes can be traced back to the Hongmeng Universe...'

Chu Kuangren was a little shocked.

'This means that All Universes have come from the same source?!'

'How fascinating.'

"The Great Hongmeng Universe revolves once every trillion epochs. I have conducted divination and learned that the entrance to the Great Hongmeng Universe will re-open soon. Master of Destiny, I hope you can enter and find some healing items for me inside."

Chu Kuangren pondered.

Then, he asked, "How does one enter the Great Hongmeng Universe?"

"There is a pair of doors in every universe..."

Chu Kuangren's eyes lit up.

He knew it.

'So that pair of doors actually connects to the Great Hongmeng Universe.'

"A drop of your blood essence is still insufficient," Chu Kuangren said lightly.

The Dark Demonic Ruler's eyes narrowed a little upon hearing that. He did not expect Chu Kuangren to dare to bargain with him.

Honestly speaking, he truly was fearful of Chu Kuangren's identity as the Master of Destiny.

However, he could tell that Chu Kuangren's cultivation level was too low.

He was still far from becoming the true Master of Destiny.

Chu Kuangren's eyes were bright as torches as he looked at the Dark Demonic Ruler. Meanwhile, he was also glaring at him with deep dark eyes void of any emotions.

However, he did not end their negotiations on the spot.

Instead, he pondered for a while.

He then took out a black insignia and said lightly, "This is the Darkness Ruler Amulet. If you meet anyone from the Darkness Tribe in the Great Hongmeng Universe, you can use this amulet to make them obey your commands."

Chu Kuangren's eyes lit up as he took the amulet.

He knew he had made the right gamble.

There was a reason why the Dark Demonic Ruler wanted his help instead of entering the Great Hongmeng Universe himself. There was something he clearly feared in there.

It was most likely the Holy Light Ruler that injured him.

That person might head to the Great Hongmeng Universe too. Besides, with how critically injured he was, the Dark Demonic Ruler would very likely be discovered and killed once he entered the Great Hongmeng Universe. Hence, he had no choice but to seek out others for help.

"Very well. Destiny shall bear witness and permit this deal." Chu Kuangren chuckled.

"Master of Destiny, your courage and wit is truly commendable," the Dark Demonic Ruler said.

He clearly saw through Chu Kuangren's test earlier.

Truthfully speaking, it was just as Chu Kuangren guessed. He did not dare to enter the Great Hongmeng Universe because he was afraid of being discovered by the Holy Light Ruler.

Chu Kuangren's current cultivation might be low, but he possessed the unfathomable potential for growth as the Master of Destiny. He was certainly the most qualified person the Dark Demonic Ruler had ever met that could most likely help him find the necessary healing items.

"Tell me what you need."

The Dark Demonic Ruler told him a list of items that could recover his injuries. Chu Kuangren took note of all of them.

Before he left, the Dark Demonic Ruler called out to him and said, "Master of Destiny, I have one more thing to remind you. Before you ascend as a Primordial, try to integrate as many types of Dao as you can. It'll be best if you can integrate three thousand types of Dao."

Chu Kuangren was stunned.

'Integrate three thousand types of Dao?'

'Who are you kidding?'

'The limit of what an Embodier can integrate is nine types of Dao, you know?'

The fact that he could integrate dozens of types of Dao was already an unimaginable feat, let alone three thousand. He had not even thought about it before.

"Three Thousand Great Daos... The more you integrate when you're still an Embodier, the more powerful you'll be and the more potential you'll have when you become a Primordial. If you can integrate three thousand types of Dao, you might possibly have a chance to ascend as the... Supreme Ruler!"

'Supreme Ruler...'

'This guy... What is he talking about again?'

'Is that a cultivation realm? Cultivation stage? Or title?'

Chu Kuangren felt that a large new door was slowly opening toward him. He could feel his blood faintly surging with excitement.

Chu Kuangren no longer bothered with the Dark Demonic Ruler and left.

The Dark Demonic Ruler let out a playful smile as he watched Chu Kuangren leave. "Three Thousand Great Daos... Now, how many types of Dao can you integrate, I wonder?"

Integrating three thousand types of Dao...

Truth be told, he was only mentioning it on a whim. As of now, he still has yet to hear of anyone throughout All Universes that successfully integrated three thousand types of Dao.

...

After exiting the Dark Demonic Forgotten Lands, Chu Kuangren felt that he gained a lot during this visit.

He was right to come to the Dark Demonic Forgotten Lands this time.

"Alright, now there's one more thing left for me to deal with," Chu Kuangren mumbled.

He looked into the distance.

That was the direction to the Central Heaven Universe.

He did not go there right away and returned to his Imperial Palace instead. He wanted to refine the Dark Demonic Ruler's blood essence.

He had successfully integrated another thirty-six types of Dao from this.

In the Central Heaven Universe, Luo Xue, Tianxing Cai, and the others had returned.

It had been dozens of years since the battle in the Void Battlefield.

Everyone still remembered that battle like it was yesterday.

It had been haunting them like a never-ending nightmare ever since that day.

Back then, they thought that they could return to the Central Heaven Universe to find Shen Tian. They felt that they would have a chance to rise again and fight one day.

However, they were met with an even greater despair instead!

Shen Tian had gone mad.

After learning of Emperor Feng's defeat by Chu Kuangren's hand, Shen Tian knew that if he did not take any desperate measures, he would not stand a chance against his enemy. Hence, he accelerated the process of devouring planets to quickly recover to his peak power.

That was right.

From everyone else's perspective, Shen Tian just destroyed worlds with every action he took.

Seeking to restore his full strength, he did not hesitate to devour the living beings from countless planets. The universe was plunged into despair due to this.

What Chu Kuangren said on the battlefield was true.

They were busy fighting on the frontlines in the Void Battlefield and securing continents, yet Shen Tian and Emperor Feng were devouring their tribesmen, family, and friends behind their backs. How could there be anything more ridiculous than this?

That made them feel even more hopeless.

Compared to losing in war, that feeling of despair was even worse!

In Central Heaven Universe, atop a gigantic ancient planet, Luo Xue, Tian Xingcai, Di Feitian, and others were gathered there.

They were discussing how to defeat Shen Tian.

Nowadays, Shen Tian had been completely maddened by rage. If they did not stop him in time, the whole universe would have been destroyed.

However, Shen Tian was a Primordial. How could they possibly do anything to him?

"Everyone, we must stand up no matter what. If God Kings like us cower in fear, there truly is no hope for this universe anymore."

Luo Xue looked at the crowd of God Kings and said with a determined look.

Everyone looked at each other.

They then gritted their teeth and voiced their agreement. "Luo Xue is right. If Shen Tian lives, we'll be the ones who die in the end. Instead of hiding and trying to survive, why don't stand and fight, taking a gamble for the future with our lives!"

Chapter 2026: Mad Shen Tian, If The Heavens Don't Allow It, Who Does To Take Life?!

On Mystic Divination Ancient Planet, the God Kings had moved out in order to counter Shen Tian's madness of destroying the world.

Luo Xue was sitting on a snowy mountain peak, looking frosty.

The Mystic Divination Tribe was one of the few tribes that had not fallen into Shen Tian's madness, but it was just a matter of time.

The survivors said that Emperor Feng and Shen Tian originally devoured tribes that were not King Tribes, but they eventually targeted King Tribes.

The common tribes were not strong enough for them to recover their injuries, hence their decision to target King Tribes.

The Feng Tribe, Spirit Sword Tribe, Nether King Tribe, Dao King Tribe, and other similar King Tribes had been devoured by Shen Tian.

Luo Xue's Luo King Tribe was on the list of victims as well.

Her parents used to force her to marry someone she did not like, but they were still her parents and the tribe raised her into who she was today.

Now, after learning that her tribe has been devoured, it fueled her killing intent.

Unfortunately, even if she had a million copies of herself, she was not Shen Tian's match.

This time, she teamed up with the other God Kings to challenge the Primordial.

She knew the success rate was less than 30%.

After all, Shen Tian was a Primordial and across both universes, only one person was strong enough to rival him.

Luo Xue could not help but think of that person.

She chuckled and mocked herself, "I still can't forget him?"

Then, an energy presence approached her from behind.

It was Heaven Maiden You.

"How's the preparation?"

"We're almost done, but you and I know we are at the losing end here," Heaven Maiden You said.

"We still have to fight for it, don't we?"

"We do."

Heaven Maiden You chuckled.

The two of them sat down on the snowy mountain peak as they stared at the sky full of stars above them.

A moment of silence later, Heavenly Maiden You suddenly asked, "Do you still think about him?"

"What use would it be? We will be enemies in the future," Luo Xue said, expressing her disappointment and sorrow.

"Do you hate him?" Luo Xue asked Heaven Maiden You.

"It's not really hate. It's just that we are both on different sides. He lied to all of us. What I hate is not him but myself for not being able to forget him," Heaven Maiden You mocked herself with a scoff.

"I heard from a senior that when you are young, it's better not to meet someone so astonishing that would change your life because you will live the rest of your life in regret. I never understood it until now."

Long Shuijing was behind the two of them and she overheard the conversation. It put a complicated expression on her face as well.

She too was thinking about that amazing man.

Behind Long Shuijing, and the other two, was Tianxing Cai, with the Stardust Sword in her hands. She sighed and said, "What is love? Love is a blade that hurts..."

Ling Fei then came over, carrying a strong sword rage qi with him.

His approach was swiftly noticed by the ladies.

"Everything is ready," he said.

They all nodded. Be it sorrow or worry, all the heavy emotions were suppressed and kept away as they had to focus on their priority—fighting the Primordial!

...

The God Kings gathered at Mystic Divination Ancient Planet. All of them had a serious look on their faces.

They were about to face a battle so great and so dangerous that not only would it cost them their lives, the fate of their respective tribes depended on it.

Kaboom!

Then, an explosion sounded in the starry sky.

Endless dark clouds rumbled. A terrifying aura darkened the stars and robbed the sun of its light.

The entire planet trembled.

A figure slowly descended from the dark clouds.

The man was donning red long robes that matched his crimson hair.

The aura he carried gave everyone chills.

It was Shen Tian.

"You are all here. Great. I can deal with all of you, together!" Shen Tian grinned coldly.

"Shen Tian, you are the Primordial of the Central Heaven Universe and you are destroying your own universe!" someone stepped up and said.

Shen Tian scoffed scornfully. "I, as the Primordial, is the strongest superior being in this universe. All of you should contribute and become a part of me. It is your honor and purpose in life!"

"Shen Tian, you have lost your mind! Chu Kuangren must have scared your brains out!" God Sword King said with a cold grunt.

The name Chu Kuangren caused Shen Tian to release a terrifying killing qi, shrouding the entire planet whole.

He decided to take extreme measures because of Chu KUangren.

Demon Feng died. Emperor Feng died. When would it be his turn?

To deal with Chu Kuangren, he decided to go all out!

"Don't worry. When I devour all of you, I will definitely Chu Kuangren with your contributions and consume the Pan Gu Universe."

Shen Tian then summoned a red spiral on his hand.

A terrifying suction force happened.

It was Emperor Feng's unique technique, the Great Demonic Blood-Devouring Technique!

The terrifying suction force felt like it could suck in the entire planet.

Everyone felt their vital energy leaving their bodies.

"Now!" Luo Xue bellowed.

Then, countless restriction seals appeared, forming a massive boundary.

Figures emerged from the void, each possessing the cultivation level of a God King.

When the boundary appeared, it managed to isolate Shen Tian's Great Demonic Blood-Devouring Technique, which surprised him.

"Oh, this is the Universal Seven Obliteration Formation."

The Universal Seven Obliteration Formation was the strongest offensive formation in the Central Heaven Universe.

A long time ago, Shen Tian, Emperor Feng, and Demon Feng used that particular formation against Wu Han.

Now the God Kings used the same formation against him. Although not as strong, it was quite decent.

"Is this your trump card against me? It's interesting," Shen Tian said with a scoff.

"Kill him!" Luo Xue bellowed.

The Universal Seven Obliteration Formation shone brightly, firing beams at Shen Tian ceaselessly.

The beams fired were powerful, but Shen Tian simply raised his hand to release boundless Primordial energy, disintegrating the beams all at once.

He looked at them and grinned. "You all underestimated the power of a Primordial. What you did is not enough."

He stepped forward. Boundless Primordial energy flooded the place like the tide.

The entire formation started to shake.

Luo Xue, Tianxing Cai, Heaven Maiden You, and the others infused their Daoist law energy into the formation, attempting to strengthen it.

A robust beam was fired, perforating even the void.

"I said, you people underestimated a Primordial."

Shen Tian pointed at the beam and broke the robust beam easily.

Then, he pushed forward, crushing the entire formation.

All of them were blasted away.

Luo Xue, Tianxing Cai, and the others looked at Shen Tian with despair.

They knew they would fail but not that miserably. They could not even slow him down.

"Now, give me your vital energy!"

Shen Tian raised his hand and cast the Great Demonic Blood-Devouring Technique again.

He tried to absorb Luo Xue, Tianxing Cai, Long Shuijing, and others.

When they felt their vital energies dwindling, their despair deepened.

They started to have flashbacks of their lives and ultimately focused on a figure in white.

"Too bad we can't see each other again..." Luo Xue muttered.

Before their vital energies depleted, a sword ray came from further away, carrying the Daoist law light.

It slashed downward, interrupting Shen Tian's absorption, and sent him flying backward.

"This aura..." Shen Tian's expression shifted.

"Without the Heavens' permission, who dares take the life of the Heavenly Roundtable?"

A familiar voice sounded.

Divine light shone among the stars as the might of the Heavens descended once more.

Unparalleled After Ten Consecutive Draws

Chapter 2027: Meticulous Planning, Central Heaven Universe's Great Dao's Power

The Heavens' might appeared again in the Central Heaven Universe.

Chu Kuangren came back with a blast and stopped Shen Tian from destroying the world.

Luo Xue, Long Shuijing, and the others were astonished by his return.

"He came back?"

"Why?"

They were both confused and delighted at the same time.

They believed they would be better dead than alive to Chu Kuangren.

Without his permission, no one could take the lives of the Heavenly Roundtable?

Luo Xue and the other members were conflicted when they heard his words.

Were they still on the same side?

What did he mean by that?

Why did he push them over the cliff of despair but give them hope now?

"Heavenly Sword, what do you want from us..." Luo Xue muttered as she looked at Chu Kuangren.

Shen Tian's killing intent was overflowing as he glared at Chu Kuangren. "You came to me before I went to you."

"Demon Feng and Emperor Feng are waiting for you in the next life," Chu Kuangren said with his hands behind his back.

His words fueled Shen Tian's killing intent. "Heavenly Sword, don't you think you are overconfident? Do you really think I don't know how you kill Emperor Feng? You relied on the formation.

"Here in Central Heaven Universe, there is no more formation for you to use. What are you going to kill me with?"

Shen Tian was afraid of Chu Kuangren, but he knew what Chu Kuangren was capable of.

Without the Water Nation Warring Formation, Chu Kuangren was no match against a Primordial.

There was a high chance that Shen Tian would win.

With that in mind, Shen Tian attacked.

He could not allow Chu Kuangren to continue growing.

He threw a palm strike that contained a surge of bloody Primordial energy.

The pressure alone sealed off the space around Chu Kuangren instantly.

"Oh? Primordial energy stained by blood? Interesting," Chu Kuangren said with a chuckle.

He raised his hand wielding the Descendant Self Sword and slashed.

O' Heaven Bear Witness, Beyond Heavenly Sword was cast, and it formed a massive sword shadow.

The sword shadow was dominated by his Invincible Self-empowering Dao.

The other Daos were scattered across the blade, tip, hilt, and handle.

There were a total of forty to fifty Daos' energies contained inside.

The scene shocked everyone.

Forty to fifty Daos?

If he was not a monster, who was?

Everyone gasped in disbelief.

The common knowledge was that an Embodier could at most fuse with nine Daos, but Chu Kuangren had forty to fifty Daos inside him!

It far exceeded everyone's knowledge.

Bang!

The sword shadow collided with the bloody Primordial energy.

The explosion destroyed the realm instantly, planets within millions of kilometers were dusted.

All the God Kings were blasted away as well.

Luo Xue and the others were shocked.

"Retreat! Now!"

They dared not linger for a second longer.

When they retreated more than ten thousand kilometers away, the planet that they were on a moment ago had collapsed into a black hole.

Two figures stood in the center of the black hole.

One had red hair and red robes, emanating a destructive aura; one was white as snow, giving out a transcendental presence as if he was the savior to save this bleak universe.

Everyone felt irony when they watched the scene.

The strongest being in the Central Heaven Universe was trying to kill them, while the biggest enemy of the Central Heaven Universe came to save them.

What was more ironic than that?

"So why did we fight the Pan Gu Universe? For what? Is this a joke?" someone said.

Chu Kuangren continued to fight with Shen Tian.

Both of them were similarly powerful.

One was a Primordial. The other might only be an Embodier, but he was an anomaly whose strength could not be measured by common means.

The fight shook the realm and trembled the universe.

"Divine Sky Blood Moon Slash!" Shen Tian bellowed.

The Primordial Dao surged and formed a bloody moon behind him before he hurled the slash at Chu Kuangren.

The bloody moon caused the collapse of the void, destroying everything in its way.

"This is great!"

Chu Kuangren narrowed his eyes.

Shen Tian was stronger than Emperor Feng, and even without the Water Nation Warring Map Formation, Chu Kuangren did not step away.

He raised his hand to channel the Chaos Green Lotus' energy to the limit.

The creation and destruction energies of the Chaos Green Lotus swirled around him.

The Descendant Self Sword was replaced by the Sky Dominion Halberd.

He swept the halberd forward, unleashing a stream of green torrential energy.

The creation energy was endless and the destruction energy was boundless.

Both energies formed the Divine Universal Supremacy!

The area around them continued to collapse as powerful attacks clashed.

Chu Kuangren and Shen Tian were both pushed back.

Then, another stronger energy erupted from Chu Kuangren.

It was the Great Dao's power!

The Dao Delving Technique was cast!

Chu Kuangren's energy surged. Each move he made contained endless energy that made Shen Tian feel pressured.

"Chu Kuangren, you have indeed mastered the Great Dao's power!" Shen Tian's eyes narrowed seriously.

He understood a lot from watching the battle between Chu Kuangren and Emperor Feng.

He knew Chu Kuangren was able to use the Great Dao's power but refused to believe it until he saw it with his own eyes.

Now, the cold hard fact unfolded before his eyes.

An Embodier mastering the Great Dao's power was unbelievable.

"Shen Tian, today will be the day you die."

Chu Kuangren stood in the air with endless Immortal Sparks surrounding him, looking mystical and transcendental.

The Great Dao's vital energy surrounded him and formed the shape of the Chaos Green Lotus.

The Great Dao and the Chaos Supreme Treasure were both activated.

Chu Kuangren was confident to overpower a common Primordial, and he might even kill Shen Tian.

"Chu Kuangren, you are indeed the most astonishing person that I have ever met. Anomaly is the only word to describe you, but too bad..."

Shen Tian looked at Chu Kuangren coldly. Then, he turned to Luo Xue and company before he stretched his hand out for a grab.

Then, runic markings flew out from Luo Xue and the others.

It was the Nine Kings' Mark!

Shen Tian then raised his hand, summoning the lost Nine Kings' Mark of Luo Yunxiu, Wu Mian, Xuan Yuanfeng, and those who died.

Nine Kings' Mark appeared once more and was infused into Shen Tian's body.

His energy presence surged and he started to gain control of the Great Dao's energy.

It was as strong as Chu Kuangren's.

"You underestimated me!"

Shen Tian looked at Chu Kuangren with a frosty gaze. "I set up the Nine Kings not because I want to raise the nine of them, but it was for me to acquire and master the power of the Central Heaven Universe's Great Dao.

"Your interference made me retrieve this power prematurely, but I can still use a sizable portion of the Great Dao's power. Chu Kuangren, your advantage is no more!"

Shen Tian stood with his hands behind his back and the Great Dao's energy presence swirling around him, attempting to overpower Chu Kuangren.

When two Great Daos' energies collided, the entire universe shook.

Luo Xue and the others were shocked.

They did not expect to find out the truth behind the Nine Kings.

The so-called Nine Kings were nothing but pawns that Shen Tian set up for himself to control the power of the Central Heaven Universe's Great Dao.

"Can Chu Kuangren win?"

All of them looked at Chu Kuangren with a conflicted gaze.

He had been their enemy and still was, but he had somehow become their savior at that very moment.

Chapter 2028: Great Dao's Clash, Great Dao's Manifestation Again, Have You Seen Destiny Before?

It was Chu Kuangren versus Shen Tian.

As they fought, their respective Great Dao's energy collided fiercely.

Terrifying energy dispersed from their clash, shaking the entire galaxy.

The two of them were standing in the center of a massive void, spanning more than a million kilometers.

No planets were within the proximity and not even light could enter.

All that was left was an endless void and the clashing of Great Dao's energies.

"Let's go."

Chu Kuangren chuckled.

Shen Tian skipped the chat and darted toward Chu Kuangren. His Primordial energy swirled and formed a massive black bell.

The bell rang, releasing shockwaves that destroyed stars and planets.

A surpassingly powerful energy struck Chu Kuangren's soul, but his body suddenly flashed green.

The protection from the Chaos Green Lotus shielded most of the shockwave, minimizing the effect on his soul.

In addition to his Chaos soul realm, even a Primordial like Shen Tian could not easily attack his soul.

Chu Kuangren thrust his halberd forward. The Great Dao's energy swirled around the sharp edges.

Following a massive explosion, Shen Tian and his bell were struck away, but he was barely damaged.

He, too, had the protection of the Great Dao's energy now.

"Heavenly Bell God Slash!"

Shen Tian's Primordial energy fused with the Great Dao's energy, and together with the massive bell's shockwave, the combined energies merged into an astonishing saber shadow.

It slashed down with indomitable power.

Luo Xue and the others were a few hundred million kilometers away, but even then their souls felt like they were exploding when they heard the bell's chime.

Looking at the saber shadow alone made them feel like they would explode at any moment.

They dared not imagine what kind of pressure Chu Kuangren was facing.

"Divine Universal Supremacy, Transform!"

Chu Kuangren bellowed as his eyes gleamed.

He thrust the halberd forward, summoning a massive green lotus in the void.

The Divine Universal Supremacy was an extremely powerful attack that consisted of the creation and destruction energy of the Chaos Green Lotus. Its mystical power somehow transcended beyond an Embodier technique.

After many years of cultivation, Chu Kuangren gained new insights into the technique.

He fused his other Dao into this particular technique.

Destruction and creation remained in the leading position, but with the addition of different Dao, it became much more powerful.

That was the new Divine Universal Supremacy, Transform!

The massive green lotus clashed with the saber shadow.

The collision was so powerful that it felt like a landslide crashing down onto a quiet lake.

The void further exploded, causing the deepest walls of the void to shatter.

Energy fluctuation rippled, destroying all lives in its way.

Chu Kuangren and Shen Tian then disappeared before Luo Xue and the others.

They had entered a deeper layer of the void to fight.

The deep void's terrain was unpredictable.

The moment the two of them brought the fight into the deep void, all kinds of powerful Immortal Techniques clashed, further shaking the deep void.

Be it the deep void, the shallow void, or even reality, not a single place could be spared from their clash.

Due to the instability of the deep void, the two of them appeared all across the universe, crashing planet after planet.

The whole universe felt like breaking down because of their battle.

Luo Xue and the others highly suspected that the Central Heaven Universe would crumble if the fight continued.

How terrifying!

"Chu Kuangren, die! God Emperor Annihilation!" Shen Tian roared, channeling his Primordial energy and Great Dao's energy to the limit. The combined energies formed a destructive torrential stream.

In addition to the black bell's chime behind him, this particular attack was stronger than all his previous attacks.

His combat capabilities once again skyrocketed.

Chu Kuangren did not step away or dodge. The Dao in his body buzzed loudly.

Then, green lotuses bloomed around him.

"O' Heaven Bears Witness, Daoist Flush Song!"

More than a dozen Dao were combined, such as Life-Death, Yin Yang, Samsara, Five Ways, and more.

Unrivaled terrifying power exploded, and a beam of blinding Immortal Sparks was fired forward.

Two extreme attacks clashed once more, shaking whatever was left in the proximity of the battlefield.

The Immortal Sparks clashed with the destructive stream of energy and exploded blindingly. The whole universe was lit up by the flash.

Luo Xue and the others were infatuated with the battle as if they saw the truth and the word of Dao.

The light faded gradually.

In the center of the universe, two figures stood still amidst the stray and torrential spiritual qi stream.

The Great Dao's vital energy they released remained vast.

However, the black bell behind Shen Tian had cracked terribly, and it seemed like it would shatter at any moment.

Chu Kuangren gained the upper hand in the last clash.

"Chu Kuangren, I did not expect you to hold up for so long," Shen Tian said.

"Hmph. It is you that is surprising because no one had ever stood against me for so long," Chu Kuangren said as he held the Sky Dominion Halberd close.

His eyes narrowed. He sensed that Shen Tian's energy was surging as if the man was preparing for another powerful attack.

Bang!

Suddenly, Shen Tian's energy erupted.

Behind him, a gilded titan appeared, carrying a terrifying aura that dispersed in all directions.

It was the Great Dao Avatar!

Luo Xue and the others looked at the avatar in shock, but on second thought, it only made sense that it would appear.

If Shen Tian could snatch their Nine King's Mark, why could he not summon the Great Dao Avatar?

This Great Dao Avatar was countless times stronger than the Nine Kings'. They were not at the same level.

"Chu Kuangren, time to end this," Shen Tian said coldly.

After summoning the Great Dao Avatar, Shen Tian was able to use even more of the Great Dao's energy and it subtly overpowered Chu Kuangren.

The Great Dao Avatar threw a palm strike forward, causing a torrential stream of energy in the void.

Chu Kuangren was blasted away by the palm strike, crashing through planet after planet. Even the green lotus on him trembled to the verge of breaking.

Luo Xue, Long Shuijing, and the others looked worried.

"Chu Kuangren, how many hits can you take from the Great Dao Avatar?"

Shen Tian channeled the avatar again and blasted Chu Kuangren away once more.

With each blast, his fear and reverence toward Chu Kuangren decreased, and his Daoist core got clearer.

Chu Kuangren killing Demon Feng and Emperor Feng scared Shen Tian, and it drove him anxious. It also caused him to take extreme measures to recover his strength.

Now he realized that if he continued to be afraid of Chu Kuangren, he might be trapped in the Primordial Realm for the rest of eternity and unable to improve anymore.

Chu Kuangren became his bane — his Demonic Blockade!

"He has to crush this Demonic Blockade with his own hands!"

"Chu Kuangren, after I kill you, the Pan Gu Universe will be under my command and I will kill everyone who knows you!" Shen Tian bellowed as he channeled the avatar once more.

"Kill me? You really think you are qualified for that?" Chu Kuangren said coldly.

He looked at Shen Tian coldly.

Then, a mystical Daoist rhyme sounded around him.

He swung the halberd forward to block the avatar's palm strike.

Then, he kept the halberd away.

Luo Xue and the others were confused.

"Have you seen... destiny before? Chu Kuangren said.

The mystical Daoist rhyme around him then transformed into light.

A beam of light was fired!

It was the light of destiny!

Shen Tian's expression shifted. He used the Great Dao Avatar to block the beam.

His body was not damaged, but he sensed something inside him was affected by light.

It was his destiny!

Chapter 2029: Destiny's Gate Kills Shen Tian, I Don't Want To, But I Will

Destiny!

His destiny was affected!

Shen Tian's eyes widened. He was a Primordial, not even the universe's Great Dao could control or affect his destiny, but Chu Kuangren could?!

How was it possible?

"You cultivate the Destiny Dao? Wait... your attacks... You learned the Great Destiny Technique from Six Eyes?!"

Shen Tian met Six Eyes before and he knew how he used to fight.

Chu Kuangren was using the same attacks as Six Eyes and was much stronger!

"We are not the same, don't compare me to him," Chu Kuangren said.

Another destiny light was shot at Shen Tian.

Shen Tian defended using the Great Dao Avatar, but his destiny continued to be affected.

His expression changed. He was afraid.

Even if the late Six Eyes used everything he got, he was not able to deduce the fate or destiny of a Primordial, let alone affect.

However, Chu Kuangren was able to attack his destiny directly! It was unbelievable!

"No, I must defeat him as soon as possible," Shen Tian thought to himself.

Otherwise, his destiny would be destroyed, and so would his body.

Shen Tian used the Great Dao Avatar to throw its massive palm at Chu Kuangren.

"Hmph! This next attack will end everything!"

Chu Kuangren performed a set of mystical hand seals.

Destiny's energy swirled around him, distorting even space.

Then, a massive and majestic white gate appeared behind him.

On the gate was endless divine light, highlighting the mystical runes carved on it.

It could captivate one's attention with just a glance.

Other than that, the gate's terrifying aura suppressed all life in the Central Heaven Universe, injecting a strange urge to worship its presence into their hearts.

Countless beings knelt and worshiped the gate out of instinct.

The moment the massive white gate appeared, the Great Dao Avatar that Shen Tian controlled was destroyed, crumbling into pieces.

Shen Tian was horrified. His body trembled uncontrollably. "W-What is this? What the hell is this?!"

He felt a massive threat to his life!

He felt tiny in front of the massive gate, like he had lost control of his own life and death.

It amplified his fear of the unknown. He relied on his remaining sanity to ditch the battle and escape.

"Run? Do you think you can run from destiny?" Chu Kuangren chuckled.

Destiny's Gate trembled and started to crash down on Shen Tian. No matter how far he ran, he could not escape the gate's shadow.

The gate had locked onto Shen Tian's destiny. Even if he escaped to another universe, the gate would go after him.

In other words, he could not escape from Destiny's Gate.

"No! No!"

Shen Tian looked at the gate falling onto him with horror. He channeled everything he got and blasted them at the gate, but it was useless.

Bang!

The energies exploded at the gate, but they did not leave a dent in it.

Bang!

In the end, the massive Destiny's Gate crashed into Shen Tian.

Shen Tian was as tiny as an ant in front of a titan before the gate.

At that exact moment, his destiny shattered.

With his destiny gone, he, as a person, could no longer exist.

Not even a piece of Daoist law fragment was left behind.

He was completely erased from existence.

Everyone was shocked, even though it was expected. All three primordial beings of the Central Heavenly Universe were dead!

All of them died in the hands of a junior, who was not even a Primordial!

Everyone had a hard time believing this.

With just a thought from Chu Kuangren, the massive white gate disappeared. He was curious how strong he would be if he fully utilized the power of Destiny's Gate.

Though he must first cultivate the Great Destiny Technique to a higher level, which would take him a long time.

Chu Kuangren then looked at Luo Xue and the others.

The others looked at him with a complicated gaze.

Some were grateful, some were confused and some were cautious.

"Seven days later, there will be a Heavenly Roundtable meeting. Those who don't show up will be automatically expelled."

Chu Kuangren then disappeared, leaving Luo Xue and the others even more confused than ever.

"What did he mean? He wants us to attend the meeting?"

"Does he really think he's still the Heavenly Sword?"

"Can the Heavenly Roundtable continue?"

No one had answers.

Seven days later, on the ancient planet where the Heavenly Roundtable was first formed, the meeting was held.

Chu Kuangren sat at the massive round table, seemingly waiting for something or someone.

A while later, a freezing sword qi arrived from the sky.

Luo Xue arrived in a blizzard.

A dragon's roar sounded, followed by rainbow-colored Immortal Sparks shimmering in the sky.

Long Shuijing arrived.

Rage qi intertwined, Emperor qi wreaked havoc.

Ling Fei, Di Feitian, Tianxing Cai, Heaven Maiden you and the rest arrived one after another.

They looked at the massive round table with mixed feelings.

The table remained the same but the feelings were not.

"Heavenly Sword, I mean, Chu Kuangren, why did you summon us?" Luo Xue asked.

"Since everyone is here, take a seat," Chu Kuangren said.

"Chu Kuangren, what are you trying to do?" Luo Xue raised her voice and her brow.

"Listen to me and sit down."

Luo Xue was upset.

He sounded like he was telling a little girl to sit down to have her meal.

She could not understand why Chu Kuangren could face them with such nonchalance as if the lies and the damages never happened.

"If you still want to protect the Central Heaven Universe, sit," Chu Kuangren said.

All of them suddenly looked serious.

"This sounds more like a negotiation," Luo Xue said.

"You can think of it that way as well."

"What else is there for us to talk about?"

"Don't take this wrongly. I am giving all of you a chance to negotiate. Don't forget. If it's not for me, the Central Heaven Universe is already gone," Chu Kuangren said.

Luo Xue and the others pondered.

Indeed. Chu Kuangren had full control of the Central Heaven Universe now with his strength.

He could launch a siege and wipe out the entire universe.

"Just tell us what you want."

"Sign a ceasefire agreement. The Central Heaven Universe, as the invader, will compensate the Pan Gu Universe. Then, both universes will be clear of any grudges. All of you will take control of the Central Heaven Universe and as the members of the Heavenly Roundtable, all of you will listen to me. That's it."

Chu Kuangren was trying to take control of the Central Heaven Universe without bloodshed.

"What if we refuse?" Luo Xue said.

"I don't like spilling blood, but I don't mind wiping out the problems with it. I can kill all of you, then spend some time removing the other resistance and I will still achieve my ultimate goal," Chu Kuangren said.

"Are you really going to kill us all?" Luo Xue asked.

However, she immediately regretted her action because it sounded pitiful.

She anticipated his answer.

Heaven Maiden You, Long Shuijing, and the others were waiting for his answer as well.

Chu Kuangren was silent for a moment before he said, "I don't want to, but I will."

Chapter 2030: Thousand Year Closed-Door Meditation, Another Universe, The Idea To Evolve Lil Ai

While Chu Kuangren played the role of the Heavenly Sword, he also invested his feelings and sincerity into making friends with Luo Xue and the others.

However, as the Immortal King of the Pan Gu Universe, he had to shoulder the responsibilities.

He did not want to kill Luo Xue and the others, but it did not mean he would not.

Other than his loved ones, everyone who stood in his way must be removed.

"Don't want to, but you will. Hmph. That's enough," Luo Xue muttered.

She took a deep breath and said, "I'll agree to your terms."

The others adhered in agreement as well.

In fact, they were in no position to decline either.

"Very well. I will send a representative over to discuss the details with you," Chu Kuangren said.

Then, he left the planet.

Looking at his figure disappearing into space, Luo Xue knew they could never go back to the way it was.

The thought made her tear up.

Heaven Maiden You and the others sighed. They, too, shared mixed emotions.

"Alright. We have a lot of things to do."

Luo Xue wiped her tears away and regained her resolution.

With all three Primordials and many Multi-Embodiers gone, the Central Heaven Universe was in a defeated state.

There were a lot of things for Luo Xue and the Heavenly Roundtable to do.

...

The negotiation with the Central Heaven Universe progressed smoothly.

Both universes signed the ceasefire agreement on the Void Battlefield.

The Central Heaven Universe compensated for their war crime with Immortal Crystal Mines, cultivation tomes, and all kinds of treasures.

More importantly, it allowed the Pan Gu Universe to set up a garrison in the Central Heaven Universe.

Since Chu Kuangren still had control over the Heavenly Roundtable, the Central Heaven Universe would soon become the Pan Gu Universe's vassal universe.

Chu Kuangren was not overly bothered by the details.

After settling the matters between the two universes, he headed to a certain spot in the universe, where there were countless runes floating around.

He slashed it with his sword hand sign, and the runes shattered.

Then, a figure in green dashed out, carrying boundless Celestial Demon qi.

It was Wu Han.

He was sealed by the three Primordials, but now, he was freed by Chu Kuangren.

After learning what happened, Wu Han looked at Chu Kuangren with utmost delight and admiration. "I knew the Dao Progenitor and I were right about you. You didn't let us down. So what are you planning to do now?"

"Travel," Chu Kuangren said with a chuckle.

He had been busy with the universal war for a long time and it was time for him to take a break.

He did not continue his cultivation, but he brought Gu Linglong and Lan Yu away to travel around the universe.

They even visited the different Restricted Areas.

Several hundred years later, Chu Kuangren returned to the Immortal World and continued his cultivation.

This time, he cultivated the longest in his life, a full thousand years.

While he was tucked away in his cultivation, the Pan Gu Universe developed in an orderly manner.

The cultivation world continued to blossom and thrive.

All kinds of geniuses were born after the war, and some were the reincarnation of the great ones from ancient times.

They had slowly begun to grow into power.

Chu Kuangren was cultivating inside a castle somewhere in the Immortal World.

After a thousand years, he still had not broken through into the Primordial Realm.

It was not that he could not, but he did not want to.

He remembered what the Dark Demonic Ruler told him: fuse three thousand Daos and one could become an Absolute Primordial.

It became his goal.

He had fused more than a hundred Daos throughout the thousand-year cultivation.

However, as he continued his cultivation, he found it more difficult to continue fusing.

Now, fusing one Dao would take him at least a few hundred years.

Even though a few hundred years was considered unimaginably fast, he was not happy with it.

"One hundred sixty-six! I have fused with one hundred sixty-six Daos, but I am still very far away from three thousand. It seems like this is going to take a while. The more Daos I fuse, the harder it is for me to use. Is there anyone who has fused three thousand Daos before?"

Chu Kuangren started to doubt the saying.

With his cultivation talent and the Fantasy Roulette, even he found it extremely difficult.

However, he dared not underestimate the potential of cultivators.

There were countless geniuses and Prodigies in the many universes.

Maybe someone had achieved it, fusing three thousand Daos.

He put the thought away and took the Timespace Treasure out.

He had been toying with the treasure for a while.

It was one of the earliest God-tier prizes he received, and it was also a Chaos Supreme Treasure.

However, Chu Kuangren felt like he had never fully utilized the treasure's potential because he had just fused the Spacetime Dao using the Timespace Treasure.

"Let's try to activate it."

Chu Kuangren had not activated it for a long time, and he got eager.

Foosh!

He vanished from the spot and reappeared in space.

His Daoist law energy was infused into the Timespace Treasure, and terrifying spacetime energy expanded, flooding billions of kilometers of space.

Millions of planets stopped spinning, and the entire galaxy was frozen.

Chu Kuangren clicked his tongue in awe.

"Let's try using this treasure with the Spacetime Dao."

Mystical Daoist law dispersed from his body.

The Daoist law glimmered in silver and resonated with the Timespace Treasure.

When the Spacetime Dao was infused into the Timespace Treasure, it started to buzz.

The Timespace Treasure buzzed and released a boundless energy fluctuation, shattering the strongest walls of the deep void.

Timespace light instantly enveloped Chu Kuangren whole.

Next, he vanished.

Some of the elites of the Pan Gu Universe sensed his missing presence.

"What happened? The Immortal King's presence disappeared."

"Where did he go?"

"If he's not in Pan Gu Universe, is he in the Central Heaven Universe?"

As the strongest in the Pan Gu Universe, Chu Kuangren's every move was monitored, so his disappearance caused quite a commotion.

Everyone searched every corner of the Pan Gu Universe and even the Central Heaven Universe for him, but no one found him.

Back in the palace, Gu Linglong chuckled helplessly.

"You cultivated for a thousand years, and now you disappear? When you come back, I'll show you who's in charge."

...

Somewhere in the galaxy, a white figure appeared, looking godly.

It was Chu Kuangren, who had just vanished from the Pan Gu Universe.

"This is... another universe?"

Chu Kuangren looked strange as he scanned the universe with his Immortal Consciousness.

He was in neither the Pan Gu Universe nor the Central Heaven Universe.

He was in a brand new universe!

He was not surprised to find another universe outside his own and the Central Heaven Universe.

He just did not expect that by infusing the Spacetime Dao into the Timespace Treasure, it would teleport him to another universe.

"Since we're here, let's just explore this place," Chu Kuangren muttered.

Then, a voice sounded inside him.

"Detected a brand new universe, connecting to this universal's Great Dao."

It was Lil Ai.

Chu Kuangren was surprised. It had been years since he heard from Lil Ai.

"Connection successful. Good morning, Master."

"Uh... Good morning, I guess."

He was floating in space. God knows what time it was.

"Master, can you travel to other universes?" Lil Ai asked.

Chu Kuangren was stunned.

Did Lil Ai ask him a question?

For as long as he could remember, it was he who asked the question and Lil Ai would provide the answer. Who would have thought that Lil Ai would ask him a question in return one day?

It was surprising.

"If I infused the Timespace Treasure with the Spacetime Dao, I can travel across universes."

"Then can I request Master to travel to more universes?"

"Why?"

"I want to evolve."

Chu Kuangren's eyes glinted.

Lil Ai's existence was based on that particular universe's Great Dao. By making a connection, she could acquire all the information about the universe.

Before this, Lil Ai contained all the information and knowledge of the Pan Gu Universe and the Central Heaven Universe.

If Chu Kuangren continued his universal travel, allowing Lil Ai to connect to different Great Dao, she would be able to gather information from different universes and compile them into herself!
