

Unparalleled 2081

Unparalleled After Ten Consecutive Draws

Chapter 2081

"What should we do now, Lord Evil Dragon?"

Fei Peng and the other Darkness Tribe cultivators looked at Hei Xuan and asked.

"Don't worry. I'll deal with it," Hei Xuan said with a grin, looking very confident.

Although he had not recovered his full strength, he was powerful enough to defeat everyone present. Priest Fei Ma and the others would not stand a chance against him at all.

Meanwhile, Priest Fei Ma secretly glanced at Hei Xuan.

He then exchanged gazes with Heilong Kong who was in the sky.

Inside Tempest Palace, Chu Kuangren was refining the Three Thousand Dao Compass, comprehending the Daos contained in it.

The number of Dao he fused had increased drastically.

As time passed, almost a year had gone by.

On that very day, Chu Kuangren suddenly opened his eyes. The auras of countless types of Dao surrounded him, and there were three thousand Daos!

Integrating and fusing three thousand types of Dao was a rather impossible feat to achieve throughout history.

However, Chu Kuangren had done it!

"I estimated it'd take me a hundred thousand years to accomplish this, but it only took me less than one year. As expected, this Three Thousand Dao Compass is very powerful. The Tempest King must have put a lot of effort into creating this item," Chu Kuangren lamented.

"Ahem..."

At that moment, Lil Ai cleared her throat.

"Well, of course, Lil Ai, your contributions were also crucial to my success. If it weren't for you, I wouldn't have achieved my goal in such a short time, not even with another ten pieces of Three Thousand Dao Compasses," Chu Kuangren said honestly.

After all, Lil Ai had gone all in to help Chu Kuangren with fusing the three thousand types of Dao.

Without her assistance, Chu Kuangren would not have succeeded so quickly.

"It's all in a day's work," Lil Ai said calmly, but there was an unconcealable delight in the tone of her voice.

Ever since her evolution, she possessed richer emotions.

It was not the first time Chu Kuangren lamented that in his heart.

"Alright. Now that I've achieved my goal of fusing three thousand Daos, the next step will be to combine all these Daos and ascend to the Primordial Realm!"

That would also be a huge undertaking in and of itself.

In some ways, it would be much more difficult than integrating three thousand Daos.

However, Chu Kuangren was confident he could do it.

It was not only because Lil Ai was around but also because he believed in himself. After all, his Invincible Self-empowering Dao was powerful enough to suppress every type of Dao and fuse them all!

That unique Dao of his was why he could integrate three thousand Daos.

"Those people outside must be getting mad from waiting so long."

Chu Kuangren looked outside the Tempest Palace with a confident grin. "I'm really curious as to how powerful I am now."

Outside Tempest Palace, although the crowd had waited for one year, everyone had no intention of leaving. They were exceptionally patient and dead set on waiting for Chu Kuangren to come out.

Master Chen, on the other hand, was still studying the restriction seals surrounding the Tempest Palace. He was looking for a way to break through it and relieve himself from the humiliation.

Unfortunately, everyone had lost hope in him.

Frankly speaking, considering Master Chen had spent so much time on it, he had made little to no progress on it.

The restriction seals placed by the Tempest King were so advanced and profound that he could not understand them at all.

"This can't be. How could the Tempest King possess such proficient-level restriction seals? I'm afraid only the Formation King is capable of solving this."

"What kind of freak is the Tempest King? She's already legendary when it comes to combat prowess. How is she so well-versed in restriction seals as well?"

Master Chen was in disbelief. However, there must be a reason why the Tempest King was known as the most talented person during the previous Hongmeng Era.

"He's out!" someone suddenly exclaimed.

A figure was slowly walking out from the Tempest Palace.

His robes were as white as snow, with Immortal Sparks swirling around him.

His black hair was over his shoulders, and he looked ethereal.

It was as if an otherworldly and peerless Immortal had descended into the world.

Lady Yue of the Immortal Lust Palace could not help but smack her lips when she saw Chu Kuangren. "I can't believe it. This man is just too handsome."

Bachelor Saint Tao's gaze turned ice-cold. "This extraordinary aura... It looks like he has obtained the Tempest King's inheritance."

"The Tempest King's inheritance is mine to have!"

Heilong Hua looked determined to get his hands on the inheritance.

Everyone, even Master Chen, was glaring at Chu Kuangren.

Master Chen pondered. "I heard that this person entered the Tempest Palace with ease and ignored all its restriction seals. Could it be that he has mastered the secret of the restrictions seal? No, I cannot allow that to happen. I must capture and question him about this."

Master Chen's intention was simple.

If he could not enter the Tempest Palace, why could Chu Kuangren?

As Chu Kuangren walked closer to the restriction seals, everyone immediately prepared to take action.

Hei Xuan was also prepared to take action and protect Chu Kuangren. Next to him, Yu Nie's eyes lit up as if he had thought of something and had no intention of taking action.

When Chu Kuangren was about to walk out of the restriction seals, he suddenly stopped.

Everyone was taken aback.

'What the hell is he doing?'

Chu Kuangren observed the restriction seals with amazement. "It's been so long, yet you guys haven't broken the restriction seals. What a bunch of useless fools."

His sarcastic comment made everyone's expression darken.

Then, they all looked at Master Chen in unison.

After all, he was the professional.

"Hmph. You ignorant brat, how dare you boast about this without even understanding the profoundness of this restriction!" Master Chen snorted coldly.

Chu Kuangren simply ignored him and slowly walked out of the restriction seals.

The instant he stepped out of the restriction seals, Bachelor Saint Tao and Heilong Hua quickly made their moves. Within the next instant, they both appeared before Chu Kuangren and launched their ultimate techniques!

Hei Xuan, too, was about to take action.

However, Priest Fei Ma and Heilong Kong stood in his way. Although they were not as powerful as Hei Xuan, they still managed to stop him for an instant.

By then, Heilong Hua's and Bachelor Saint Tao's long-prepared ultimate technique had been unleashed.

One of them was holding a long halberd in his hand, swinging it with a domineering aura of destruction, while the other blasted a palm attack forward, unleashing a vast wave of Radiant aura.

The power of their attacks was on par with a Primordial's level!

No one dared to take their eyes away from that battle.

"Jeez, you guys can't wait, huh?"

A chuckle sounded.

As Chu Kuangren stepped forward, his violent aura poured out like a raging torrent. His Daoist laws intertwined and erupted from his body with great might!

Two of his opponents were immediately sent flying, with blood spurting from their mouths. Meanwhile, Chu Kuangren stood with both hands behind his back as if he had done nothing.

Everyone was astonished.

"What a terrifying power. What did he just do?"

"This person's aura is extraordinary!"

"Don't forget, this guy has obtained the Tempest King's inheritance!"

Everyone's expression turned stern.

Feeling incredibly humiliated, both Bachelor Saint Tao and Heilong Hua prepared to launch their killer techniques in a fit of rage.

"Radiant Divine Arrow!"

Bachelor Saint Tao stood up and held up his white longbow.

An arrow manifested.

Heilong Hua also grunted softly, and a domineering dragon's roar echoed from him. With the halberd held tightly in his hand, he channeled his power to launch an attack.

In the face of the two killer techniques again, Chu Kuangren remained calm and unbothered. All he did was make a sword hand sign, which caused his vitality qi to surge like a tsunami.

"Now, go!"

Bachelor Saint Tao released the arrow from his bow.

Heilong Hua also unleashed his attack.

With a thrust from his halberd, the surroundings turned dark, and surges of destructive energy swept across the land!

"Heavenly Universal Annihilation!"

Chu Kuangren raised his hand slowly at the two killer techniques.

Large amounts of vitality qi gathered, forming a gigantic heavenly saber. It contained an incomparably razor-sharp intent and brutal domineering vitality qi!

It was akin to a heavenly saber that could destroy everything in its way!

"Vitality Qi Divine Celestial, Almighty Heavenly Slash!"

"Boom!"

The moment the blood-colored heavenly saber struck down, the white radiant arrow shattered, and the black destructive energy dispersed. The surroundings were dyed with an endless blood-red color!

Both Bachelor Saint Tao and Heilong Hua took the full blow of that attack.

Amidst the blood-red surrounding, their bodies exploded, and their blood rained everywhere!

Unparalleled After Ten Consecutive Draws

Chapter 2082: The Grand Dao Level Being Appears, Heilong Mingshang, The Despised Master Chen

The Vitality Qi Divine Celestial was a versatile technique that could be used for offense and defense.

It was a profound technique that made use of the user's vitality qi.

The Almighty Heavenly Slash was only one of the ways the Vitality Qi Divine Celestial could be used.

However, just that technique alone had everyone present stunned.

With a single technique, Bachelor Saint Tao and Heilong Hua were killed on the spot!

Lady Yue, who was about to attack, immediately turned pale with fright. That lustful and covetous look she had earlier was no longer present.

Now, she looked horrified.

Although fine men were fun to play with, she had to act accordingly, and the man standing before her was absolutely untouchable.

"Bachelor Saint!"

"Damn it!"

Upon seeing their respective Prodigies killed, Priest Fei Ma and Heilong Kong burst out in anger. They, too, were about to attack Chu Kuangren.

However, Hei Xuan would not stand idly by and let them have their way either.

Along with a mighty roar, his domineering dragon aura swept across the land, causing the surroundings to tremble!

"Want to attack him, huh? To do that, you'll have to go through me!"

He breathed fire from his mouth, and Heilong Kong was the first to get hit. They might both be Black Dragons, but the difference in strength caused him to be sent flying away.

"Hei Xuan, that b*stard killed my master's son. He'll never be forgiven for this!" Heilong Kong roared.

"Heilong Mingshang's son can be dead for all I care. However, when it comes to that lad, no one is allowed to lay a finger on him!" Hei Xuan said with a grin, and his dragon aura grew more domineering.

"Oh, is that so? What if I still insist!"

At that moment, a chilling voice reverberated through the surroundings.

A terrifying dragon aura soon descended from the clouds!

The surrounding terrain quaked.

A black dragon dozens of kilometers long mightily swooped down from the skies.

"All hail the Dragon Ruler!"

Heilong Kong knelt before that dragon with the utmost respect.

"What a powerful dragon aura!"

"B-By the heavens! This dragon aura... It's... It's a Grand Dao-level aura!"

Everyone gasped.

That black dragon was a being above the Primordial level, a Grand Dao-level being!

"Heilong Mingshang!"

Hei Xuan's gaze gradually turned cold when he saw who was there.

"Long time no see, Hei Xuan," Heilong Mingshang said indifferently.

His gaze carried a vague killing intent.

"Heh! If I were still in my prime, would you have dared to come meet me?" Hei Xuan replied sarcastically.

Heilong Mingshang did not answer, but his dragon aura grew stronger. "I don't care what you say. I must kill this human today!"

"You'll have to go through me first!"

Without another word, Hei Xuan attacked.

In his current condition, he had recovered enough to unleash his strength at the Grand Dao level. Hence, he was unafraid of facing off against Heilong Mingshang.

The fight between the two black dragons was terrifying.

The void trembled as the clouds in the sky rumbled.

Meanwhile, Heilong Kong, Priest Fei Ma, and the others focused on attacking Chu Kuangren.

"Die, human!"

Heilong Kong immediately unleashed a palm attack.

The domineering destruction qi from his attack turned into a gigantic black dragon claw.

Chu Kuangren stood his ground and channeled his Vitality Qi Divine Celestial.

Another slash was unleashed with the heavenly saber.

"Bam!"

The gigantic dragon claw shattered along with the heavenly saber.

Heilong Kong was a little shocked. "I can't believe this guy's vitality qi has reached such a powerful level. He's strong enough to go head-to-head against me now?"

After all, he was a Primordial Mystic Five Realm cultivator!

He was several times more powerful than Chu Kuangren, a mere Embodier.

"No, it's not just his vitality qi. He also has a divine ability that utilizes vitality qi, and this divine ability is very mysterious. Everyone, do be careful," Priest Fei Ma said seriously.

He then raised his hand and began gathering Radiant energy, instantly turning it into countless light needles, which rained down upon Chu Kuangren!

"Whoosh..."

The raining light needles locked onto Chu Kuangren. In the blink of an eye, the area within several hundred kilometers of him was all reduced to nothing by the raining light needles.

Everyone looked toward the billows of smoke and dust.

They could vaguely see a blood-colored figure.

It was none other than Chu Kuangren.

He was slowly walking out, with a blood-colored armor clad on his body.

The millions of light needles that rained down upon him were all blocked by that blood-colored armor.

"Vitality Qi Divine Celestial, Blood Congelation Armor!" Chu Kuangren said calmly.

Condensing vitality qi into armor was something he already knew back then.

However, with the Vitality Qi Divine Celestial, the process was even easier and more natural now.

Its defensive capabilities were also much more terrifying now.

"Whoosh!"

Suddenly, Chu Kuangren disappeared from the spot.

When he appeared again, he was already in front of Heilong Kong. He condensed his brutal vitality qi into a punch.

The power of that attack was extremely horrifying.

As Heilong Kong could not dodge in time, the attack hit him.

Large amounts of blood suddenly spurted out and shattered his Black Dragon scales. Heilong Kong was sent flying into the distance like a meteor, crashing through several mountains.

Fortunately, he was a Black Dragon.

If any other ordinary Primordial cultivators took the hit, they would certainly not survive that attack.

"Bast*rd!"

Heilong Kong's dragon qi surged.

At the same time, Priest Fei Ma channeled his Radiant Daoist law energy.

They were both elite cultivators in the Primordial Mystic Five Realm, so when they unleashed their full power and ultimate techniques, it was a terrifying sight to behold.

"Heavenly Universal Annihilation!"

"Judgement Sword!"

The two Primordial energies containing powerful Daoist laws erupted at once.

Both attacks locked onto Chu Kuangren!

However, Chu Kuangren was not about to give up either. Wanting to test the extent of the Vitality Qi Divine Celestial's power, his vitality qi instantly surged. "Vitality Qi Divine Celestial, Rising Dragon!"

A large amount of his vitality qi formed a gigantic blood-colored dragon.

On the body of the giant dragon were blood-colored flames burning all over.

The gigantic dragon charged forward with a roar.

The three energies clashed in a brutal display of power, sending incredible amounts of energy everywhere. It caused an apocalyptic energy hurricane that made many cultivators quickly back away from the scene.

After the hurricane was over, both Heilong Kong and Priest Fei Ma were visibly injured.

Only Chu Kuangren, clad in the vitality qi armor, was unscathed!

"Have a taste of my Thousand Radiance Flying Wheel Formation!"

At that moment, Master Chen took action.

He waved his hand, causing countless runes to appear in the void. Several Daoist compasses flew out and immediately formed a great formation around Chu Kuangren.

While Chu Kuangren was busy fighting Priest Fei Ma and Heilong Kong, he was secretly setting up the formation technique, hoping to defeat Chu Kuangren in one go.

"Even a Primordial Mystic Seven cultivator will find it difficult to break through my Thousand Radiance Flying Wheel Formation. Let's see what you can do now." Master Chen sneered.

Next to him, both Priest Fei Ma and Heilong Kong secretly nodded.

"It looks like Master Chen is not completely useless after all."

"Apparently, the killing formations he set up are extremely profound and unbreakable. It should be enough to deal with someone like this."

When Master Chen noticed the change in the way everyone looked at him, he was delighted.

After being utterly humiliated by the Tempest King's restriction seals, he finally managed to regain his reputation.

"Now, speak. How did you enter the Tempest Palace?" Master Chen questioned.

That was what he wanted to know the most.

However, Chu Kuangren did not answer. He merely looked at the so-called great formation and chuckled. "What a lousy formation."

"B*stard, how dare you look down on me?"

Master Chen's expression turned grim, and he immediately activated the formation.

Several killer light beams shot out from the Daoist compasses in the formation and headed toward Chu Kuangren from all directions.

However, Chu Kuangren looked relaxed as he dodged the killer light beams. It was as if he already knew where the attacks would hit.

Master Chen was a little shocked. "This is impossible. H-How can you see the flaws and weaknesses in my formation?"

"As I said, it's a lousy formation."

Chu Kuangren gently raised his hand, unleashing a surge of vitality qi that transformed into a saber.

The attack immediately landed an attack on the formation's weak spot.

"Bang!"

One Daoist compass was hit, and it instantly shattered.

Just like a domino effect, it released a chain reaction.

With a single location of the formation hit, its other sections began to fall.

Master Chen was dumbfounded. He could not believe that the ultimate killing formation he took pride in was destroyed so easily!

"Hmph, he's just as useless as I thought."

Heilong Kong snorted while glancing at Master Chen.

The others also looked at him contemptuously.

'Not only can't he break the Tempest King's restriction seals, but he can't even defeat Chu Kuangren.'

'He can't do anything, yet he's still so arrogant. Where's his self-awareness?'

Unparalleled After Ten Consecutive Draws

Chapter 2083

"Radiant Sky King Formation!"

After Chu Kuangren destroyed Master Chen's great formation, the cultivators of the Radiant Church had already set up another formation technique. The Radiant Left Sky King's apparition appeared, its domineering aura locking onto Chu Kuangren once again.

Despite facing such a powerful threat, Chu Kuangren remained calm. He merely glanced at the Radiant Left Sky King whom he once fled from without any emotion.

The Radiant Left Sky King's apparition used to be extremely powerful to him.

He only managed to turn the situation around last time with Lil Ai's help.

However, he did not feel pressured at all now.

"Die, heretic!"

The Radiant Left Sky King snorted coldly while channeling his Radiant energy. Within an instant, large amounts of Radiant aura poured out, forming a giant white spear.

Chu Kuangren casually released an attack from his fingertip, and his vitality qi turned into the heavenly saber.

Along with a deafening bang, the white spear shattered while the vitality qi dispersed.

"You have indeed become stronger. However, if you think you're a match for me at this stage, you're greatly mistaken!" The Radiant Left Sky King snorted.

He then raised his palm into the sky!

A gigantic ball of light manifested in the palm of his hand. It was like a great sun, instantly engulfing Chu Kuangren with its endless domineering Radiant energy.

After learning his lesson from their previous encounter, the Radiant Left Sky King immediately started with his most powerful attack!

He did not want to give Chu Kuangren any chance to break through the formation.

"Great Judgment of Light!"

The gigantic ball of light descended from the sky.

Chu Kuangren's gaze was calm despite facing such a tremendously powerful attack.

He could not defend against it the last time, but this time, he had a strong feeling that the incoming attack was nothing to him!

With that thought in mind, bright lights shot out from his eyes.

As his gaze narrowed, the auras of several types of Daoist laws suddenly erupted from his body!

One, two... a hundred, two hundred, three hundred... one thousand, two thousand, three thousand Daos!

In the blink of an eye, the auras of three thousand Daoist laws were swirling around Chu Kuangren. He was surrounded by endless Immortal Sparks that flowed everywhere, illuminating the whole area!

His vast aura also enveloped the area!

Everyone was overwhelmed with shock.

"Divine Universal Supremacy!"

An indifferent voice reverberated through the air.

Chu Kuangren unsheathed the Descendant Self Sword at his waist. A green sword ray containing Destructive Energy, Creation Energy, and the power of countless Daoist laws shot out!

With a single slash from his sword, the heavens and earth started to roar.

It was as if the world around them was on the brink of collapsing.

That giant ball of light was also sliced in half before the sword ray.

However, that was not the end of it.

The sword ray slashed through the Great Judgement of Light and locked onto the Radiant Left Sky King's apparition before continuing to head toward him with unstoppable might!

"What?"

The Radiant Left Sky King's eyes widened with fear. He immediately channeled his Radiant energy into the palm of his hands, seeking to block that attack.

Alas, it was useless.

The sword ray contained the might of three thousand Daoist laws within it.

Even a top-tiered Primordial would not be able to defend against such an attack.

Under the Radiant Church cultivators' gazes of disbelief, the sword ray slashed the Radiant Left Sky King in half.

The entire Radiant Sky King Formation also began to crumble.

However, the sword ray continued forward, slashing across the ground.

It tore open a gigantic chasm that was hundreds of thousands of kilometers long.

It was as if the land itself was on the brink of demise.

The auras of various Daoist laws intertwined and flowed within that chasm. The Daoist laws left behind in there were so profound that they could be used as a cultivation ground for countless cultivators.

Dead silence filled the air.

None of them expected Chu Kuangren's sword attack to be so powerful that it killed the Radiant Left Sky King's apparition in a single attack.

'Is this a power that an Embodier can achieve?'

Everyone looked at Chu Kuangren with horror in their eyes, especially the ones from the Radiant Church.

It felt as if they were facing the greatest terror in this world!

"The Radiant Left Sky King, huh? What a disappointment."

Chu Kuangren's ridicule rang out amidst the silence.

He did not speak loudly, but everyone heard his words.

...

Inside a divine temple somewhere, a man in long white robes suddenly stood up with a livid expression on his face. There was even a hint of shock in his eyes too.

That person was none other than the Radiant Left Sky King.

"Integrate and fuse three thousand types of Dao?"

"Can it really be achieved in this world?"

The Radiant Left Sky King was not the only one in disbelief.

As Chu Kuangren released the aura of having fused three thousand types of Dao, some of the Transcendentalists in the Infiniverse picked up on its presence.

"Oh, this is interesting."

"I didn't expect someone like this to appear in this Hongmeng Era."

"This might even be more exceptional than the Tempest King's."

"How strange. I can't seem to find out this person's origin with my divinations."

Within the depths of the universe somewhere, a pair of eyes opened, and the person chuckled.

"As expected of my master. I can't believe he has fused three thousand types of Dao right after receiving the Three Thousand Dao Compass. I am nothing compared to such a level of talent and skill."

The Tempest King turned her gaze elsewhere and pondered. "Hm, master's talents will surely draw the attention and fear of some certain individuals. Let's just hope those people know their place."

...

Outside the Tempest Palace, Chu Kuangren had displayed the power of three thousand Daos.

With his terrifying power, he killed the Radiant Left Sky King in a single move.

His capabilities had stunned everyone present.

"Three thousand Daoist laws... It's three thousand Daoist laws!"

Someone identified Chu Kuangren's power and could not help but exclaim in shock.

The power of three thousand Daoist laws was something told only in legends. Now that they had witnessed it firsthand, everyone was shocked.

Even Hei Xuan and Heilong Mingshang who were engaged in an intense battle had to stop. They both looked at Chu Kuangren with disbelief.

"I've known this person to be very powerful, but I didn't expect him to be so ridiculously powerful. Did he just master the power of three thousand Daoist laws?"

"This is beyond the strength of an Outlier. This certainly makes him a monster."

While everyone was shocked, Chu Kuangren looked at the Radiant Church's Priest Fei Ma, Heilong Kong, and others. Then, he released a vast sword ray from his Descendant Self Sword.

The sword ray burst forward, causing ripples in the void.

Priest Fei Ma and Heilong Kong were the first to get hit. Before the likes of such power, they were instantly torn to shreds and died on the spot.

Eventually, the many Radiant Church cultivators by their side also met the same fate.

Somewhere nearby, Lady Yue of the Immortal Lust Palace and her elites were watching the scene unfold. They were trembling with fear.

They felt lucky that they did not attack just now.

Otherwise, they would be the ones losing their lives.

Chu Kuangren stood proudly in the air as three thousand Daoist laws swirled around him, their Immortal Sparks illuminating the surrounding area. His every movement contained an unfathomable power.

In just a short time, the people surrounding him were all dead.

"This is terrifying."

"The power of three thousand Daoist laws is just too terrifying. Although this person is just an Embodier, he's killing Primordials left and right like they're mere mongrels!"

"That's right. I'm afraid only the Grand Dao-level beings can take him down. No one else can be his match."

Everyone gasped and gulped in horror as they watched Chu Kuangren unleash his unparalleled divine-like power. However, Fei Peng and the other Darkness Tribe members were watching the scene play out with great delight and excitement.

"With this person's help, the Darkness Tribe will stand a higher chance in our fight against the Radiant Church. If we give him more time, he might even become as powerful as His Highness. When that time comes, we don't have to fear the Radiant Church anymore!"

Fei Peng was overjoyed.

He finally understood why the Dark Demonic Ruler would hand over his Ruler Amulet to Chu Kuangren. With Chu Kuangren's talents and skills, he would certainly be the greatest asset to the Darkness Tribe in the future!

Unparalleled After Ten Consecutive Draws

Chapter 2084

"Chu Kuangren... What the hell are you..."

Yu Nie could not help but mumble as he looked at Chu Kuangren.

Chu Kuangren's talents drowned him with fear. To someone who had always thought himself superior to others, he felt frustrated for the first time.

However, that frustration soon turned into greed.

"To think he could master the power of three thousand types of Dao... Perhaps this has something to do with the Tempest King's inheritance. If I can get the Tempest King's inheritance, I'll also obtain such power... That's right. The Tempest King's inheritance, the Ruler's Amulet... I want them all!"

Yu Nie's ambition and greed grew.

However, Chu Kuangren was incredibly powerful now. Hence, he did not act.

He decided to work on a long-term plan instead.

"Monster... He's a monster."

Master Chen's face turned pale as paper as he watched Chu Kuangren going on a killing spree.

He took out a few Daoist compasses and set up a powerful defensive formation.

Unfortunately, Chu Kuangren did not even need Lil Ai's help to find the weakness of his formation. With just a little of his three thousand Daoist law energies, it was instantly shattered into dust. He was on a completely different level compared to Chu Kuangren.

Without another word, Chu Kuangren swung his Descendant Self Sword toward Master Chen, and a mighty sword ray that could kill him shot out.

However, at that moment, a vast burst of Radiant aura suddenly gushed out from the heavens.

Chu Kuangren's sword ray disintegrated.

That Radiant aura shocked everyone.

"Has an elite from the Radiant Church shown up?"

"Who is it?"

Chu Kuangren also narrowed his gaze and revealed a playful smile.

Amidst the void, large amounts of Radiant aura surged, eventually forming a dazzlingly radiant path in the air. Following that, a man clad in silver-white armor and riding a white horse approached from the end of that great path!

His body emanate an endless radiance as if he was a knight that symbolized the holy radiance itself!

"He's riding a white pegasus. That person is a Holy Knight from the Radiant Church!" someone exclaimed.

There was a special unit in the Radiant Church, and it only contained a handful of individuals.

However, each of them was a top-tiered elite cultivator, specially tasked with helping the church to eradicate their enemies. They were the main force in dealing with the Great Heretics.

That group was known as the Holy Knights!

"Thou shall know my name, for I am the Holy Knight Laude!"

He rode his white pegasus and arrived above Chu Kuangren. His domineering Radiant energy was so powerful that it weighed down on Chu Kuangren like a mountain, intent on suppressing him.

Despite that, Chu Kuangren remained calm as his three thousand Daoist laws surged.

That suppressing force did not affect him at all.

"You shall be commended for the act of mastering three thousand Daoist laws. However, for the crime of consorting with heretics and falling into corruption, I shall carry out judgment on behalf of the Radiant Goddess!" Laude remarked.

A silver-white spear then appeared in his hand.

The pegasus under him neighed as it swooped toward Chu Kuangren. The pegasus was not an ordinary one. It was extremely powerful, possessing formidable combat strength comparable to that of a Primordial.

On top of that, Laude was also a Grand Dao-realm cultivator.

The Holy Knight and his pegasus charged forward with endless Radiant energy around them. It was as if an army of thousands was charging toward Chu Kuangren with incredible might.

Before that attack landed, the menacing aura it gave off already made everyone's knees soft.

"Green Lotus Art, Divine Universal Supremacy!"

Chu Kuangren channeled his green lotus energy and attacked with the might of three thousand Daoist laws. The Daoist law fluctuations in the void were equally mighty too.

With a bang, the two energies collided, which resulted in Chu Kuangren sent flying thousands of meters away.

On the other hand, Laude was sitting on his pegasus with Radiant energy swirling around him. He exuded a commanding aura that made him seem invincible, leaving those who saw him in awe.

"So this is a Grand Dao-realm combat strength," Chu Kuangren mumbled.

At the Grand Dao Realm, the power one controlled would no longer be Daoist laws or Primordial energy. Instead, it was a form of Great Dao power obtained from the evolution of one's Dao!

Such power was sufficient to destroy a whole universe.

"For you to be able to resist my charge, the power of three thousand Daoist laws is indeed impressive. However, how can mere Daoist laws compare to the likes of the Great Dao itself?" Laude said.

After that, he raised his spear high to release a torrential burst of Radiant aura.

Countless flowers began to appear amidst the torrential waves.

Every single one of them contained enough energy to shatter thousands of planets.

Many were terrified at the sight of it.

"How powerful. This is too powerful."

"So, this is the Grand Dao Realm that's above the Primordial Realm. This cultivation realm that transcends the universe's Great Dao itself is simply too terrifying."

For many cultivators, the Grand Dao-realm beings were on a completely different level of existence than them.

"It looks like he's doomed this time."

"That's right..."

Everyone shook their heads.

Some of them also could not help but find it a pity. After all, only less than a handful of individuals had ever mastered the power of three thousand Daoist laws.

Even calling it a rare occurrence would be an understatement.

For many people, that was only nothing but a legend.

Now, the legend that had just appeared was about to die.

Otherwise, they would be eager to see how far he could go.

The vast river of Radiant energy made its way across the void.

However, Chu Kuangren simply stood in the air with his hands behind his back. Behind him, the Pan Gu Avatar slowly manifested.

Then, the Genesis Axe flew out.

It contained Strength Dao as the primary driving force, with the other types of Dao intertwined within it.

"Bang!"

Dozens of flowers exploded from the vast river of light.

The Pan Gu Avatar was immediately destroyed!

Chu Kuangren staggered backward.

"Young lad!" Hei Xuan was shocked.

Just as he was about to go and help Chu Kuangren, he was kept occupied by Heilong Mingshang and could not get away.

"Damn you. Get out of my way!"

"Hei Xuan, that person will be dead soon, and you'll be next..." Heilong Mingshang sneered.

Meanwhile, Holy Knight Laude looked at Chu Kuangren coldly and said, "The next technique shall be the end of you!"

He raised his long spear high. That endless surging river of light descended from the sky, heading toward Chu Kuangren with indomitable might again.

That was when terrifying Darkness energy erupted from Chu Kuangren's body!

The new energy intertwined with the three thousand Daoist law energies and formed several barriers that successfully blocked the incoming river of light.

Everyone was shocked by the sudden change of events.

"This aura... Could it be..."

Hei Xuan froze for a moment before his face lit up with delight. "What a lad. I didn't expect him to have mastered this!"

As Holy Knight Laude looked at Chu Kuangren, his gaze gradually turned serious.

A large amount of Darkness energy was emanating from Chu Kuangren's body.

As if he had turned into a black hole, he swallowed all the light in the surroundings. For a moment, it seemed like the whole world was going to be plunged into darkness.

While witnessing that terrifying scene, Holy Knight Laude suddenly thought of someone.

That man was the most terrifying heretic recorded in the Divine Radiant Scriptures!

It was the Dark Demonic Ruler!

"No one in the Infiniverse can decide my path, let alone its end!"

Chu Kuangren stepped forward with Darkness energy pouring out from him. Following the surrounding barriers shattering, the vast river of light immediately collapsed.

Soon, endless darkness enveloped the world.

The overwhelming pressure was suffocating everyone.

The limbs of the pegasus under Holy Knight Laude started trembling. It let out a restless neigh and took several steps back.

"What is happening?"

"By the heavens, this Darkness energy is more terrifying than the Dark Evil Dragon! What relation does he have with the Darkness Tribe?"

While everyone was horrified and puzzled, a black ray of light shot out from Chu Kuangren's body and formed a gigantic black amulet in the void.

The ancient amulet was surrounded by a black light.

All the Radiant Church cultivators immediately felt the Radiant Dao inside their bodies being suppressed. Even Holy Knight Laude was no exception to that.

With the appearance of the Darkness Ruler Amulet, the light surrounding the area dimmed!

Unparalleled After Ten Consecutive Draws

Chapter 2085: Overpowering the Holy Knight, O' Holy Radiance Protect Me, Bless Me With Thy Divine Might

"It's the Darkness Ruler Amulet!" Yu Nie exclaimed after seeing Chu Kuangren taking out the Ruler Amulet.

Meanwhile, Hei Xuan laughed. "I can't believe he can control the power within the Ruler Amulet. It looks like His Highness trusts this person a lot."

Without the Demonic Ruler's permission, no one would be allowed to use the power inside the Ruler Amulet. That was why he initially thought Chu Kuangren only possessed the Ruler Amulet.

However, he did not expect Chu Kuangren to be able to use the amulet's power too.

In his opinion, the Dark Demonic Ruler must have permitted Chu Kuangren to do so.

The Demonic Ruler had truly regarded Chu Kuangren as one of his confidants.

At first, Hei Xuan held a little bit of a grudge about being a mount for Chu Kuangren. However, that grudge of his disappeared when he saw Chu Kuangren use the Ruler Amulet's power.

'Only the Dark Demonic Ruler can use the Ruler Amulet.'

'However, Chu Kuangren can too.'

'In other words, this means he's an ambassador for the Demonic Ruler.'

'If I let him ride on my head, wouldn't this mean I'm letting the Demonic Ruler do so?'

He had to admit that it was a wonderful misunderstanding.

On the contrary, Holy Knight Laude's expression was grim as he looked at Chu Kuangren wielding the power of the Darkness Ruler Amulet. "What relation do you have with the Dark Demonic Ruler?"

"That's not important."

Chu Kuangren chuckled, and his Darkness energy swept out into the surroundings. "What's important is that you should be begging me for your life instead!"

Then, he raised his hand and closed his fist in the void.

A black spear suddenly manifested in his hand.

"Whoosh!"

As the long spear shoot across the sky, it almost tore the void apart with its power.

"Hmph!" Holy Knight Laude snorted coldly as he thrust his spear forward.

His Radiant energy surged.

However, he suddenly realized that the Darkness Ruler Amulet was suppressing his Radiant Dao. Hence, he could not unleash his full strength.

"Oh no!"

His expression changed.

Following that, his figure moved in a flash, dodging out of the way.

Alas, the pegasus he was riding was not so fortunate as the razor-sharp energy from the spear tore it into half.

Blood splattered everywhere.

When Holy Knight Laude saw what happened, his expression darkened. "B*stard!"

He dashed toward Chu Kuangren at lightning speed and waved his spear to unleash his Radiant energy.

"Although the Ruler Amulet can suppress the Radiant Dao, I have experienced countless battles as a Holy Knight. When it comes to combat experience, I am hundreds of times more experienced than you. You are no match for me!"

With that, he waved his spear.

Every attack he made was profound and filled with immense power.

However, Chu Kuangren merely chuckled.

His figure became elusive and ethereal.

He easily dodged all of Laude's attacks. On top of that, he also attacked with his sword from time to time, usually at the blind and weak spots between Laude's attacks. It made Laude so tired that Chu Kuangren eventually overpowered him!

"Comparing combat experience, huh? I might be less experienced than you, but when it comes to combat itself, you're far from being on my level!" Chu Kuangren struck Laude's chest with his sword.

His domineering sword qi erupted and immediately sent his opponent flying. The Great Dao inside his opponent's body started roaring due to the impact.

Chu Kuangren looked at him mischievously.

Sure enough, the Holy Knights were cultivators well-versed in combat. When it came to combat experience, no one in the same cultivation realm could be compared to them.

However, Chu Kuangren was different. With Lil Ai's help, he did not need any combat experience. With Lil Ai helping him analyze the best attack pattern and his enemy's weak spots, he could easily anticipate his enemy's moves!

He could even act before an attack was thrown at him!

"Great Judgment of Light!"

Holy Knight Laude let out a low grunt, and rays of dazzling light burst out from his long spear, followed by an extremely powerful Radiant Dao.

Although he was suppressed by the Ruler Amulet, the power he could unleash should not be underestimated.

The gigantic ball of light was launched across the sky.

Its power was so domineering that even the Radiant Left Sky King's apparition could not compare to it. After all, it was an attack unleashed by a true Great Dao-realm cultivator.

The Judgement of Light's rays illuminated the surroundings.

Chu Kuangren held his Descendant Self Sword tightly, with countless Daoist laws swirling around him.

The power of three thousand Daoist laws merged with the Darkness Ruler Amulet's darkness energy and formed a black torrent of energy.

"Boom!"

The two energies collided.

The heavens and earth trembled as energy shockwaves swept across the terrain within several hundred thousand kilometers, destroying mountains, rivers, forests, and more.

Besides the Tempest Palace, everything within a five-hundred-thousand-kilometer radius on the ground was leveled.

More importantly, it happened in the Great Hongmeng Universe.

If it happened in other universes, the power of that clash would be enough to destroy dozens of galaxies.

The impact of such powerful energy shockwaves killed many of the onlooking cultivators.

Everyone knew that such battles were not something ordinary cultivators could afford to watch, so most of them quickly moved back, for fear of being caught up by the energy shockwaves.

"This battle between those two is just too terrifying."

"This is undoubtedly a Grand Dao-level battle. It's terrifying."

Everyone gasped with horror.

However, some looked at Chu Kuangren with a serious gaze.

When it came to cultivation realms, an Embodier was several levels lower than a Grand Dao-realm cultivator.

Yet, one was now engaged in an intense battle with a Grand Dao-realm cultivator.

Chu Kuangren even showed signs of overpowering his opponent. Such a display of power was simply unimaginable.

They had never seen such an extraordinary Embodier cultivator before.

"This person is certainly an Outlier among Outliers."

"That's right. If nothing goes wrong, he will certainly become one of the most outstanding cultivators in this era."

"That's right. He can even have a chance to be crowned king!"

"How exciting."

"However, he must first survive!"

The battle continued.

Under the Darkness Ruler Amulet's suppression, Holy Knight Laude's combat power decreased drastically. Chu Kuangren, on the other hand, was getting more powerful the more he fought.

In fact, he was getting more proficient in the use of the Darkness Ruler Amulet and the powers of the three thousand Daoist laws.

'If this goes on, I... Will I die?' Holy Knight Laude thought.

Then, he took a deep breath.

He let out a long howl, and an incredibly powerful Radiant aura erupted from his body. That aura seemed to have attracted the presence of a certain existence somewhere.

An apparition gradually appeared behind him.

"O' Holy Radiance protect me, bless me with thy divine might!" Holy Knight Laude said with unparalleled devotion.

In an instant, a mysterious force was bestowed upon him.

"Master, he's using the Power of Faith to channel a certain existence's power. I suspect it to be the Radiant Goddess of the church."

Lil Ai analyzed it and immediately came to a conclusion.

Upon hearing that, Chu Kuangren nodded gently.

He could vaguely make out the silhouette of a goddess behind the Holy Knight Laude, shrouded in infinite brilliance, looking sacred and untouchable.

"Now, behold the power of the goddess, heretic!" Holy Knight Laude yelled.

Besides possessing strength, one must possess great faith in the Radiant Goddess to become a Holy Knight. With that level of faith, the Holy Knights could, to a certain extent, receive the protections of the Radiant Goddess and be blessed with her divine power.

That was one of the reasons why the Holy Knights had high status in the Radiant Church.

"In that case, let's end this," Chu Kuangren said calmly.

While the Darkness energy around him surged violently, the power of three thousand Daoist laws swirled around him.

The energy of a Universal Dao also erupted from his body.

Strengthened by several energies, Chu Kuangren was now incredibly powerful. When he raised his hand, the space trembled violently.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2086: Kill The Holy Knight, Black Flame City, Eight Great Heretics Yu Yan

Both Chu Kuangren's and Holy Knight Laude's attacks clashed.

Dao and Dao collided, exploding like beautiful fireworks.

Laude rose to the sky and unleashed his strongest attack. He raised his spear high in the air and transformed it into a light pillar.

Countless white flames surrounded the light pillar with the ability to scorch the world.

Chu Kuangren stared at it coldly. Multiple energies in him intertwined, especially the three thousand Daoist law energies, which resonated and boosted his energy.

"Pan Gu Avatar, Singular Genesis!" Chu Kuangren bellowed.

The divine ability of Pan Gu Universe's Creation God, Pan Gu, was activated.

Three thousand Daoist laws transformed into the Genesis Axe. Its blade shimmered in billions of Immortal Sparks, unleashing power that struck fear in people's hearts.

The axe could start a universe and also end one!

The white pillar of light and the axe were surrounded by three thousand Daoist laws.

When the two attacks collided, the Daos clashed with one another violently.

The unmatched power started to shake space, causing it to buzz.

"Crack!"

A tiny crack appeared.

The Great Hongmeng Universe's spatial structure was solid, yet the clash was able to leave a crack in it.

Even a tiny crack was shocking because, in other universes, such a tiny crack could devour an entire galaxy.

After the extreme clash, the axe ray continued forward like a torrential wave, crushing the white pillar of light. It drowned Holy Knight Laude in a moment, and his body started to disintegrate.

As though he knew he was at his end, Laude did not beg for mercy. Instead, he looked at Chu Kuangren coldly and said, "Heretic, the Goddess will punish you one day!"

Then, he vanished into a cloud of smoke.

Chu Kuangren did not react to his words or his demise. "I look forward to stomping your Goddess beneath my foot."

His vile words defiled the beliefs of the Radiant Church, but none of them dared to attack.

Since the Holy Knight was killed, they were no match for Chu Kuangren.

"Priest Fei Ma and Holy Knight Laude were killed. I think only the Bishop is strong enough to stop this heretic!"

"Yeah! We're not his match!"

The cultivators from the Radiant Church stared at Chu Kuangren in fear before they quickly hopped onto their warships and fled the scene.

Master Chen fled as well.

At that moment, Chu Kuangren noticed Heilong Mingshand and Hei Xuan fighting further away. His figure disappeared in a flash, and he wanted to lend a hand.

Although the Ruler Amulet was powerful, it was only effective against the Radiant Church.

It was not much of a use against the Black Dragon Tribe.

On top of that, using the amulet required a massive amount of energy, so he decided to put the amulet away and resolve the matter with his three thousand Daoist laws.

After several exchanges, Heilong Mingshang was injured.

"Hmph. Hei Xuan, I shall spare you today, but this isn't over! We shall meet again!"

"And you, human! The Black Dragon Tribe will remember you!"

After a cold grunt, Heilong Mingshang swiftly exited the battlefield.

As a Grand Dao-realm Black Dragon, he might not beat Chu Kuangren and Hei Xuan together, but escaping was not difficult.

"Haha! Kid, you did well!"

Hei Xuan reverted to his human form, which was a buff man in black clothes, almost twice as tall as Chu Kuangren.

He tapped on Chu Kuangren's shoulder and laughed. "I didn't expect you to be so powerful. I'm impressed."

Hei Xuan did not expect Chu Kuangren to kill a Grand Dao-realm opponent.

Suddenly, he felt scared.

If he insisted on killing Chu Kuangren right after breaking out from his seal, he would already be a dead dragon.

The thought gave him shivers.

He decided to never provoke or offend such a monstrous person.

Chu Kuangren simply smiled it off.

Then, Yu Nie came over and bowed with a fist salute. "Brother Chu, I am deeply impressed by your power. It is our tribe's honor to call you an ally."

He was good with flattery, but Chu Kuangren still sensed the hint of hostility in the young man.

Chu Kuangren smiled pensively and was not overly bothered.

"Since the Tempest Palace is done with, we would have to ask you to bring us to your father, Yu Yan," Chu Kuangren said.

"Of course," Yu Nie said with a smile.

Before they left, Chu Kuangren glanced at Hei Xuan.

Hei Xuan tacitly transformed back to his dragon form and allowed Chu Kuangren to sit on his head.

The jaw-dropping scene left many of them speechless.

"Damn! He really treated Hei Xuan as his personal ride!"

"He's really scary!"

Hei Xuan was a well-known Grand Dao-realm Black Dragon, a famous person during the previous Hongmeng era, yet he willingly became Chu Kuangren's ride.

It shocked everyone, including Yu Nie.

"Brother Chu, this is..."

"There's nothing to discuss about this matter. Lead the way."

Hei Xuan stopped Yu Nie before the question could be asked.

Chu Kuangren was surprised because Hei Xuan seemed to have gotten used to being his ride, which was a good thing.

The group was on their way again.

Chu Kuangren rested his cultivation and re-evaluate the battle he had with Holy Knight Laude.

It was his first time fighting a Grand Dao-realm opponent.

He realized that when he used his final attack, the three thousand Daoist laws resonated with each other, and the power skyrocketed.

That information intrigued him.

He told Lil Ai to analyze the moment.

Not many people across the long history of the Infiniverse could master three thousand Daoist laws, so no one knew how amazing it was or what potential it held.

Chu Kuangren had just picked up the new power and had yet to fully understand the magic of it.

On the way to meet Yu Yan, he started to deduce his three thousand Daoist laws and improve himself.

He improved a lot in just two years' time. Lil Ai's deduction allowed him to develop new techniques using the three thousand Daoist laws as a base.

Chu Kuangren opened his eyes.

A deep and strong vital energy flashed in his eyes.

Yu Nie had been watching Chu Kuangren from the side, and when he saw that particular moment, his heart skipped a beat. He was shocked.

"Why does he feel more unpredictable than two years ago? It's just been two years. Could he have improved that much?"

Yu Nie found it difficult to believe.

Two years was nothing to people in his cultivation realm, yet Chu Kuangren made significant improvements.

It was unbelievable.

"Brother Chu, Black Flame City is just ahead," Yu Nie said.

Black Flame City was Yu Yan's base and one of the gathering points for the Darkness Tribe, a priority target of the Radiant Church.

The group arrived at Black Flame City.

The one who received them was the man labeled one of the Eight Great Heretics by the Radiant Church, Yu Yan.

The man dressed similarly to his son — black robes with flame patterns sewn on them.

He had a black crown with flame patterns etched on it as well.

He released a dominating aura just by standing there.

"Yu Yan, it's been a while!"

Hei Xuan laughed when he reunited with his friend.

However, the next moment, Yu Yan unleashed a rampant surge of energy and summoned a black flame from his hand.

His target was Chu Kuangren!

Unparalleled After Ten Consecutive Draws

Chapter 2087: Jiu Yin And Chi Yun, Yu Yan's Trap, Three of The Eight Great Heretics

Chu Kuangren and company finally met up with Yu Yan, one of the Eight Great Heretics.

However, upon meeting, Yu Yan struck Chu Kuangren with a blast of black flame.

The scorching force was aimed at Chu Kuangren, who was on Hei Xuan's head.

Chu Kuangren was unfazed by the ambush. He pointed his sword hand sign, and Daoist law energy gathered at the tip of his fingers.

When he attacked, the power of three thousand Daoist laws gushed forward.

The Daoist law and black flame clashed, pushing both casters away.

Yu Yan looked at Chu Kuangren with astonishment.

Hei Xuan shouted, "Yu Yan, what the hell are you doing?"

"Hei Xuan, don't worry. I will kill you and break you free!" Yu Yan said righteously.

Hei Xuan, however, shouted, "I'll break your ribs! Do you know who he is? He's the Dark Demonic Ruler's favorite! He has the Ruler Amulet! How dare you attack him!"

Yu Yan was more surprised than before. "What? He's the owner of the Ruler Amulet?"

He conserved his black flame and walked up to Chu Kuangren with a fist salute, looking apologetic.

"I'm so sorry for my manners. I was blinded and didn't know who you were. Please don't take it seriously."

Chu Kuangren smiled at the man. "You really don't know who I am?"

"I had no idea. I saw you sitting on Hei Xuan's head and thought you forced Hei Xuan to do your bidding. I got anxious, so I attacked," he explained. It was as if he got impulsive because of his friend.

"Is that so?" Chu Kuangren smiled it off.

"Cut the nonsense. Yu Yan, we've traveled a long way here. You should show some hospitality." Hei Xuan voiced his dissatisfaction.

"Yes, yes. Where are my manners? I'll tell the men to get prepared."

Soon, the arrival of the Darkness Evil Dragon spread across Black Flame City.

The cultivators from the Darkness Tribe were thrilled.

"Great! Lord Evil Dragon is back! We don't need to be afraid of the Radiant Church anymore!"

"But I heard Lord Evil Dragon was sealed for a long time and that he has less than ten percent of his original strength."

"Don't worry. Lord Yu Yan will definitely help Lord Evil Dragon recover."

Inside the Black Flame City was a palace.

Hei Xuan was feasting on the wine and food before him. Each dish contained dense spiritual qi.

They were not just dishes. There were also supplements that nourished one's body.

"It feels good!"

Hei Xuan laughed after having a satisfying feast. He was able to recover some of his strength through the meal.

"Have as much as you like. If you want more, I'll tell my men to bring more," Yu Yan laughed.

He then looked at Chu Kuangren, "I wonder, how did you meet the Ruler, Brother Chu?"

"Coincidence."

"How's the Ruler now?"

"I have no comments."

"Uh... Brother Chu, if you don't make it clear, it's hard to convince us," Yu Yan said.

"It doesn't matter. All you need to know is that I possess the Ruler Amulet now. Are you going to defy the Ruler Amulet?" Chu Kuangren said with a meaningful grin.

"I don't mean that!"

"Great."

After the feast, Yu Yan told his men to bring Chu Kuangren and Hei Xuan to their rooms.

Only Yu Yan and Yu Nie were left in the main hall.

"Father, what are you planning to do?"

"Are you certain of Chu Kuangren's power?" Yu Yan asked with a frosty look.

"He rivals that of a Grand Dao cultivator."

"It's too general. There are weak and strong Grand Dao cultivators. Judging from your information, it's not enough to determine his true strength. The Ruler Amulet is important, and I cannot allow any mistakes. Figure out a way to find out how strong Chu Kuangren really is."

Yu Yan was a meticulous man. Even though Chu Kuangren was just an Embodier, he dared not be careless.

After all, the young man possessed the Ruler Amulet and was anything but simple or weak.

"My Lord, Jiu Yin is here."

A dark figure appeared behind Yu Yan and reported.

"Jiu Yin? What's he doing here? Is he alone?" Yu Yan asked with a raised brow.

"He brought someone with him. A young man that looks like him."

"I see. Let them in."

A while later, a black-haired middle-aged man brought a young man into the hall.

The young man had long red hair and emanated a scorching aura like he was a walking sun.

"Jiu Yin, how long has it been?" Yu Yan smiled and welcomed the man named Jiu Yin enthusiastically.

The two of them chatted.

When Yu Nie saw the guests, he released his aura, and it felt somewhat competitive.

"Not bad, but too bad it's not enough," said the red-haired young man.

He grunted and increased his aura until it easily overpowered Yu Nie.

"Chi Yun, manners," Jiu Yin bellowed.

The red-haired young man grunted and conserved his aura.

Yu Nie wanted a fight, but Yu Yan held him back.

Yu Yan looked at the young man and said, "I see a young Prodigy here. Jiu Yin, who might this be?"

"He's my son, but he doesn't cultivate my Nine Yin Dao. He cultivates the Flame Great Dao instead. I heard the Black Flame City has something called the Underground Fire Eye, which contains a large amount of Primordial Flame. That's why I've brought him here, and I'd like to ask you for a favor."

"Jiu Yin, we've known each other for so many years. Of course, I can do you the favor."

"I thank you in advance."

"It's nothing. However, it takes time to open the Underground Flame Eye. I'll tell my men to prepare rooms for you."

"Thank you."

Yu Yan then told his men to bring Jiu Yin and Chi Yun to their rooms.

Yu Nie grunted coldly. "If we fight, I might not lose to Chi Yun."

"Don't be so competitive. Yu Nie, control your temper."

"Yes, Father."

Despite his unwillingness, Yu Nie dared not defy his father.

Yu Yan glanced at the boy and said, "Yu Nie, I want you to approach Chi Yun in the next few days, and..."

He continued the sentence through telepathy.

Yu Nie's eyes gleamed. "I understand."

Meanwhile, Chu Kuangren and Hei Xuan were resting in the side palace.

Suddenly, they sensed two auras approaching.

"This is Jiu Yin's aura," Hei Xuan said with puckered lips.

Before his voice subsided, two figures entered the side palace's hall.

It was Jiu Yin and Chi Yun.

"Hey, Darkness Evil Dragon. You're here as well."

"It's none of your damn business where the hell I am," Hei Xuan argued. He was not exactly friendly toward Jiu Yin.

"Hmph. I'll respect Yu Yan as the host for today and spare your little dragon skin."

Jiu Yin grunted as he brought Chi Yun into the palace.

Before they left, Chi Yun glanced at Chu Kuangren.

"Your aura is different. You're a much more worthy opponent compared to Yu Nie!"

Chu Kuangren did not say a word.

After the father and son duo left, Chu Kuangren asked Hei Xuan, "You have beef with them?"

"Not exactly. We've fought in the past. Jiu Yin is also labeled by the Radiant Church as one of the Eight Great Heretics."

Chu Kuangren was surprised.

It seemed like the Black Flame City currently had three out of the Eight Great Heretics.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2088: Chi Yun's Challenge, Chi Yun Killed In Seconds, An Enraged Jiu Yin

Jiu Yin was not one of the Darkness Tribe.

He was originally a vicious beast that contained all the Yin qi of the realm.

However, he got into conflict with the Radiant Church and killed many of the church's cultivators, hence getting labeled as one of the Eight Great Heretics.

The reason why he disliked Hei Xuan was that they were both powerful and ferocious beasts, who simply fought because of their natural instinct.

If it were just the competition between two vicious beasts, it would not be anything worthy of people's concerns.

However, Hei Xuan detested Jiu Yin's method.

Jiu Yin cultivated the Yin Qi Dao, and the Nine Yin Heavenly Art that he cultivated was a strange technique. It allowed him to absorb the Yin core of other cultivators to strengthen himself, especially the Yin cores of women.

Women's Yin cores were a great nourishment to Jiu Yin. Apparently, he absorbed the Yin core of the Radiant Church's Saint Maiden, and that was why he was labeled as one of the Eight Great Heretics.

Hei Xuan detested his vile methods.

Chu Kuangren was struck with realization after the explanation.

...

A raging energy burst out in the void.

Two figures were blasted away.

It was Chi Yun and Yu Nie.

They were fighting.

"Again!"

Chi Yun looked battle-aroused. His domineering Daoist law transformed into crimson flames, and he hurled them at Yu Nie.

Yu Nie was forced to dodge in a hurry.

A while later, Yu Nie surrendered.

He looked at Chi Yun and said, "I am impressed by your strength."

"Hmph. You're too weak."

Chi Yun grunted as he looked at his hands. "I shall be the ruler of this newly reset Great Hongmeng Universe!"

He was ambitious.

Yu Nie rolled his eyes at Chi Yun's outrageous claims.

He was also a proud person, but he knew there were countless Prodigies and Outliers in the Great Hongmeng Universe.

It was not easy to rule over this era.

Although Chi Yun was far from qualified, it did not discourage him. He said with a pretentious smile, "Brother Chi Yun is ambitious. I believe you will be able to make a name here in the Great Hongmeng Universe one day and maybe be as good as the Tempest King from the previous era."

"Tempest King..."

The name reminded Chi Yun of something. "I heard the Tempest Palace appeared a while ago. Was it true?"

The Great Hongmeng Universe was boundless.

The Tempest Palace's appearance attracted many forces, but not all forces could make it to the scene.

Many of them did not know about the appearance at all.

"It was, and the one who got the Tempest King's inheritance is in Black Flame City. It's Brother Chu, who I brought here."

"The human that rode on Hei Xuan's head?"

"Yes."

Chi Yin's eyes shimmered. "How strong is he?"

"Very strong."

"Compared to me?"

"Uh..." Yu Nie sounded hesitant.

His hesitance irritated Chi Yun.

Chi Yun grunted and said, "So, am I weaker than him?"

Yu Nie shook his head. "I didn't mean that. I guess you are both good in different fields."

"Good in different fields? You make it sound good, but I think you believe Chu Kuangren is a lot stronger than me," Chi Yun argued.

Knowing the time was right, Yu Nie lamented, "He got the Tempest King's inheritance, after all. It's only normal for him to be better than you and I."

"Is that so? In that case, I must test how strong he is."

Chi Yun's figure vanished in a flash.

Yu Nie's eyes shimmered, and he quickly sent a message through his talisman.

...

Somewhere in the palace, Chu Kuangren was cultivating and planning his next move.

Hei Xuan got up and wanted to head outside.

With a look of anticipation, he said to Chu Kuangren, "Chu Kuangren, I'm going drinking with Yu Yan. He said he has a million-years-aged wine. Are you coming?"

"If he invited you, I shouldn't interrupt," Chu Kuangren said.

Yu Yan knew Hei Xuan was with Chu Kuangren, and if the man did not invite him, it was obvious that he did not want Chu Kuangren to tag along.

If so, why embarrass himself?

"Alright. I'm heading out."

Hei Xuan left eagerly.

After he left, a powerful aura descended from the sky and enveloped the palace whole.

Chi Yun strutted into the hall.

He looked at Chu Kuangren, eager for a battle. "Draw your sword and fight me. If you lose, hand over the Tempest King's inheritance."

The Tempest King was crowned king for her conquest during the last Hongmeng Era.

Every sky-pride and Prodigy admired her, including Chi Yun.

If he wanted to rule over this era, the Tempest King's inheritance would be a great help to him.

"You're a little cocky," Chu Kuangren said as he looked at Chi Yun coldly.

His gaze made Chi Yun feel like he had fallen into an abyss of ice.

Then, his body was engulfed in crimson flame, and the light from the Daoist law shimmered around him. The flame even contained the energy of multiple Daos.

He was a Primordial!

Chi Yun revealed his true strength.

He was a young Primordial, and judging from his combat strength, he had fused more than nine Daos. He was not just any common Primordial!

"So what if I'm a little cocky?" Chi Yun chuckled.

The flame burned strongly in his hand and formed a long saber that had mystical Daoist law patterns carved on it.

It was a decent Premium Innate Supreme Treasure.

He swung the saber at Chu Kuangren, unleashing a blast of flame forward.

It engulfed the entire palace in flame in just a moment.

"Bang!"

The saber swung down. However, when it was inches away from Chu Kuangren, it stopped and could not move further as if it had hit a wall.

It did not even budge!

"What?"

Chi Yun was surprised.

Then, he bellowed and channeled his energy to the limit.

The Primordial Flame attacked Chu Kuangren's barrier again.

"Only an able person can be cocky; if you're not capable enough, it will get you killed."

Chu Kuangren got up.

The Daoist law energy in him was activated, and it shattered the barrier in an instant.

Terrifying energy drowned Chi Yun whole in an instant.

Before he could use his ultimate attack, he exploded into a cloud of blood mist and tainted the hall red.

Just like that, Chi Yun was killed!

The gory scene shocked Yu Nie, who came to have a look.

He had considered Chu Kuangren killing Chi Yun, but he did not expect it to be so easy and swift.

"Brother Chu, how could you kill Brother Chi Yun? All he wanted to do was spar with you!" Yu Nie roared angrily.

Chu Kuangren said, "Isn't this what you wanted?"

"What do you mean?"

Yu Nie's expression changed. He bellowed, "Chu Kuangren, don't you accuse me. You're the one who killed Brother Chu Yun!"

After that, a terrifying aura swept in from outside the palace.

It flooded the area in an instant.

"Who killed my son?!"

An enraged voice echoed across the universe.

Jiu Yin entered the palace with a frosty look. When he saw the blood across the hall, he got so angry that his body shook.

He glared at Chu Kuangren, his gaze cold.

"You killed my son! You will pay for this!"

Only Chu Kuangren and Yu Nie were in the hall, and he knew Yu Nie was not strong enough to kill Chi Yun. Hence, the killer must be Chu Kuangren.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2089: Jiu Yin Wants To Kill Chu Kuangren, Using Black Flame City, Hei Xuan Protects His Master

Jiu Yun was enraged by Chi Yun's death.

He arrived at Chu Kuangren's place in a fury. The energy of the Nine Yin Dao erupted and froze the entire palace with its ominous presence.

As rage took over his sanity, Jiu Yin attacked.

"You shall die for killing my son!"

His attack contained a blast of the Nine Yin Dao energy, and it suppressed Chu Kuangren like never before.

It was as powerful as Holy Knight Laude's attack, if not stronger.

Chu Kuangren was forced to be serious.

The three thousand Daoist law energy erupted. With the boost from the Universal Dao and Ultimate Almighty Source Physique, he combined the three energies into a massive attack.

"Bang!"

The Nine Yin Dao clashed with the Daoist laws.

The space around the clash was heavily distorted.

The blast destroyed the entire palace.

Yu Nie was blasted away by the shockwave. He looked at Chu Kuangren's immense aura in shock.

"He's a lot stronger than two years ago. What is with his cultivation speed?"

Two years was just a flick of a finger to Embodiers and Primordials, yet Chu Kuangren managed to get stronger in such a short time.

It was inconceivable to Yu Nie.

"Three thousand Daoist law energies?!"

Jiu Yin was shocked when he saw Chu Kuangren's power, but he had to avenge his dead son.

As he roared, a large amount of Yin qi swirled around him, and they slowly formed a massive projection of a nine-headed snake.

It was the projection of Jiu Yin's true form.

It reminded Chu Kuangren of the Nine-Headed Snakelet from the Pan Gu Universe.

Both seemed to be the same species.

Hence, Chu Kuangren was barely surprised. The Great Hongmeng Universe was the start of the Infiniverse, so it was not surprising to see images of the Pan Gu Universe here.

"Nine Heavenly White Bone Claws!"

Jiu Yin looked at Chu Kuangren coldly.

He raised his hand and channeled his Yin qi to form an ominous skeletal claw to grab Chu Kuangren. The claw possessed unmatched power.

Chu Kuangren did not dodge the claw. Instead, he continued to unleash his three thousand Daoist law energies.

A green lotus bloomed beneath his feet.

"Green Lotus Art, Divine Universal Supremacy!"

The otherworldly green lotus, containing the power of three thousand Daoist laws, shook the realm.

When the lotus and the claw collided, an explosion erupted in the void.

Chu Kuangren was sent flying away by the blast.

The Chaos Green Lotus was a Chaos Supreme Treasure, but the Green Lotus' energy paled in comparison to that of the Grand Dao Realm.

Even with the three thousand Daoist laws support, he was not a match for Jiu Yin's power.

He was not a common Grand Dao realm cultivator. He was one of the Eight Great Heretics, someone more powerful than Holy Knight Laude!

Chu Kuangren relied on the Ruler Amulet for the natural advantage against the Radiant energy, but it was useless against Jiu Yin.

"Singular Genesis!"

Despite being overpowered by Jiu Yin, he did not want to give up just yet.

The Pan Gu Avatar's divine ability was activated again.

The massive Pan Gu Avatar rose in the sky and swung its axe containing the mystical and unpredictable power at Jiu Yin.

"Hmph!"

Jiu Yin grunted and channeled the Nine Yin Dao's energy again.

He threw a palm attack forward, crushing the axe ray in pieces.

The Pan Gu Avatar was destroyed as well.

"Human, I'm a vicious beast with the Supreme Spirit Grand Dao Realm, and you're just an Embodier. Even though you've mastered the power of three thousand Daoist laws, the difference in our cultivation realms is too big. How are you going to make up for the difference? You're not my match! Now, die!"

Jiu Yin roared as the Nine Yin Dao energy erupted.

As he possessed the Supreme Spirit Grand Dao Realm, every move he made contained power that could easily kill a top Primordial, let alone an Embodier.

"He's dead!"

Yu Nie looked forward to the death of Chu Kuangren.

If Jiu Yin could kill Chu Kuangren once and for all, it would be the most ideal outcome.

Jiu Yin was not a part of the Darkness Tribe, so neither of them would have to bear the consequences of betraying the Ruler's order.

With Chu Kuangren dead, they would be able to get the Darkness Ruler Amulet and the Tempest King's inheritance.

Maybe they could even find clues on Chu Kuangren's dead bodies.

Yu Nie was fantasizing already.

Then, a black light shone on Chu Kuangren's body.

The Darkness Ruler Amulet was used again.

When the amulet appeared, a powerful Darkness energy shrouded Chu Kuangren, and all the cultivators of the Darkness Tribe in Black Flame City sensed it.

They looked in Chu Kuangren's direction. When they saw the ancient projection behind him, their expressions shifted. All of them were shocked.

"T-That's the Ruler Amulet!"

"Is it really the Ruler's amulet? What happened? Why is the amulet here? Is the Ruler back?"

Everyone was delighted and shocked at the same time.

At that moment, Chu Kuangren said, "The amulet represents the Ruler himself. The Dark Demonic Ruler is here! With the Ruler Amulet, I hereby order all of you to take down Jiu Yin!"

His voice echoed across the entire city.

Countless Darkness Tribe cultivators rose to the sky and arrived before Chu Kuangren.

They looked at the Darkness Ruler Amulet in his hand in shock.

"It really is the Darkness Ruler Amulet!"

"I remember him! He's the human with Lord Evil Dragon!"

"I heard Lord Evil Dragon carries him around as his ride. And since he possesses the Ruler Amulet, I think he's related to the Ruler."

"Yeah. We can't let Jiu Yin kill him!"

Yu Nie was stunned when he saw the scene.

He could not believe Chu Kuangren had used the Darkness Ruler Amulet to order the Darkness Tribe in the Black Flame City.

"Damn it. If Jiu Yin clashes with the Darkness Tribe, it will be our loss, and the consequences are unfathomable! I must inform Father immediately!"

Inside a palace covered with restriction seals, Yu Yan and Hei Xuan were drinking. It seemed like the commotion outside could not enter the palace.

However, at that moment, Yu Yan received the news.

He frowned and looked hesitant.

"What's wrong, Yu Yan? Drink!"

Hei Xuan was curious as to why Yu Yan looked hesitant.

Yu Yan pondered for a moment and said, "This is as much as I can drink today. I have something to do."

He then released the restriction seals of the palace.

A blast of energy waves entered from the outside.

Hei Xuan immediately sensed Chu Kuangren's aura, and his expression changed. "Jiu Yin and Chu Kuangren? What is going on?"

He could not afford to linger anymore. His figure vanished in a flash, and Yu Yan followed.

Back at Chu Kuangren's place, the fight with Jiu Yin continued.

However, the cultivators from the Darkness Tribe intervened, which slowed Jiu Yin down. He dared not massacre the Darkness Tribe's cultivators, but he insisted on ripping Chu Kuangren apart with his claw.

"Get out of my way!" he shouted.

A blast of energy erupted, sending the Darkness Tribe's cultivators flying away.

Then, he threw a palm attack at Chu Kuangren.

Chu Kuangren simply stood on the spot without moving or dodging.

"Roar! How dare you!"

A dragon's roar echoed across the universe.

The domineering dragon flame burst beside Chu Kuangren and was fired at Jiu Yin.

As the two energies clashed, the surroundings and the void were affected

That was when Hei Xuan arrived to protect his master.

Chapter 2090: Jiu Yin Escapes, Maybe There Are Unexpected Gains

"Jiu Yin, what the hell is wrong with you?!"

Hei Xuan looked at Jiu Yin with the coldest gaze. His dragon aura spread, and it was so fierce that it felt like an erupting volcano.

Jiu Yin had a grim look on his face as well. "He killed my son. He must answer to me."

"What?"

Hei Xuan looked at Chu Kuangren with surprise.

Chu Kuangren nodded. "I killed his son, but his son started it. It's not my fault."

"Oh, I see. In that case, there's nothing wrong with that." Hei Xuan nodded.

Jiu Yin almost exploded with rage when he heard the Black Dragon.

'Nothing wrong? You're not the one who lost a son!'

Jiu Yin was furious. The Grand Dao energy in him surged terrifyingly, but then Yu Yan arrived.

Seeing Yu Yan, he roared, "Yu Yan, you must say something! This human killed my son! You must punish him for me!"

Yu Yan found himself in a difficult position. "I don't think I can make any decisions here."

"What? This is the Black Flame City. If you can't make any decisions, who else can? Yu Yan, are you trying to protect this person!"

"Brother Jiu Yin, this person possesses the Darkness Ruler Amulet. As one of the Darkness Tribe, I must answer to his command, or I will be defying the Ruler's order."

"You..."

Jiu Yin was anxious.

He had heard of the Darkness Ruler Amulet before. However, he did not expect his son to die at the hands of someone that complicated.

His expression shifted.

Then, he heard Chu Kuangren say the most shocking words.

"Darkness Tribe, I order you to eliminate Jiu Yin right away!"

Shocked, Jiu Yin looked at the Darkness Tribe cultivators around him and felt goosebumps all over his body.

If all of them attacked together, even he might not escape alive.

"Brother Chu, is there a misunderstanding? Let's calm down and talk," Yu Yan said.

He was trying to dissolve the conflict.

Chu Kuangren simply stared at him. "What's wrong? Are you defying my order?"

"I..." Yu Yan hesitated.

Hei Xuan, however, did not hesitate at all. He disliked Jiu Yin from the start, so with the order from Chu Kuangren, he darted out and unleashed his domineering dragon aura.

"Jiu Yin, time to die!"

"Bang! Bang! Bang!"

The fight broke out and instantly shadowed the place.

Having been surrounded by the Darkness Tribe, Jiu Yin knew he would slip into a disadvantage as the battle dragged on.

Hence, he pulled a feint and decided to escape the battlefield.

Before he left, he glared at Chu Kuangren and Yu Yan.

"I won't forget this!"

Yu Yan knew the situation had gone out of control.

His plan did not only fail to kill Chu Kuangren and seize the Darkness Ruler Amulet, but he even made an enemy out of Jiu Yin.

"Hunt Jiu Yin down!" Yu Yan said coldly. He wanted to lead a team for pursuit.

Chu Kuangren said, "You don't need to go after him."

Yu Yan was aggrieved when he heard the order.

It was Chu Kuangren who ordered them to kill Jiu Yin, yet now he was stopping them from pursuing.

He must be taking advantage of the Darkness Ruler Amulet.

However, Yu Yan was in no position to defy Chu Kuangren in front of his people.

After Jiu Yin left, the Darkness Tribe cultivators went up to him and asked him how he got the Darkness Ruler Amulet.

Chu Kuangren was asked many times about the Darkness Ruler Amulet.

As he had no interest in answering, he left Hei Xuan in charge of speaking.

In a palace in Black Flame City, Yu Yan sat at his table, aggrieved.

He slammed his hands on the table made out of Immortal Metal, and it was crushed to pieces.

"Damn it. We accidentally offended Jiu Yin and made an enemy. He might be a problem for us in the future."

"It's Chu Kuangren's fault."

"Forget it. I expected this as well. Most importantly, how's Chu Kuangren's strength? What did you find out?"

"I'm almost certain that he has mastered three thousand Daoist laws. He might be an Embodier, but he can fight a Life Mastery Grand Dao cultivator with ease. However, he's no match for a Supreme Spirit Grand Dao like Jiu Yin," Yu Nie told his father what he saw.

Yu Yan nodded. "It's more or less similar to my guess, which means he's not too difficult to deal with."

It was already astonishing for someone at the Embodier Realm to wield the power of a Grand Dao Realm.

Yu Yan dared not imagine what lay beyond either.

Meanwhile, at Chu Kuangren and Hei Xuan's place, Hei Xuan asked about what happened to Jiu Yin.

Chu Kuangren told Hei Xuan honestly about what happened.

"After you left, Yu Nie brought Chi Yun to challenge me, and after I killed him, Jiu Yin came. Do you think it's a coincidence?"

Hei Xuan's expression went blank.

He might be foolish, but he was not stupid.

Chu Kuangren fought Jiu Yin for a bit, so he should have noticed the aura when the fight started.

However, Hei Xuan only noticed it after the Darkness Tribe cultivators moved out.

Maybe Yu Yan had done something to veil the commotion, such as adding restriction seals around the palace where they were drinking at. The restriction seals were used to block noise and commotion from outside.

It was to stop him from saving Chu Kuangren.

If the Darkness Tribe's cultivators did not respond to the Darkness Ruler Amulet, Yu Yan might have caused a catastrophe, and he might not even know it thus far.

"Are you saying Yu Yan has ill agendas?"

"The Dark Demonic Ruler isn't here, but the Darkness Ruler Amulet can command the normal cultivators of the Darkness Tribe. However, Yu Yan is one of the Eight Great Heretics, so I believe he wouldn't submit that easily," Chu Kuangren said with a smile.

"The rule regarding the Darkness Amulet was set by the Dark Demonic Ruler himself. Is Yu Yan trying to defy the Dark Demonic Ruler?"

"Ha! The Ruler has been gone for so many years. Even the old Hongmeng Era has passed. How loyal do you think Yu Yan is? Not everyone is as straightforward as you."

"Hahah! Are you calling me loyal?"

Hei Xuan scratched his head, looking happy.

Chu Kuangren rolled his eyes.

Hei Xuan was just gullible, not extremely loyal.

"Aside from others, if Yu Yan has an ill agenda, I will not spare him," Hei Xuan said coldly.

Even though it was Yu Yan who sent his men to unseal him and he knew Yu Yan well enough to call him a friend, he was loyal only to the Dark Demonic Ruler.

Those who tried to defy the rules set by the Dark Demonic Ruler shall face his wrath.

"Then, why did you kill Chi Yun when you knew it was Yu Yan's plan?" Hei Xuan asked.

If only Chu Kuangren spared Chi Yun, Jiu Yin might not be so angry that he wanted to take Chu Kuangren's life.

"It's simple. He attacked, and I killed him. Besides..."

Chu Kuangren, on the other hand, was not overly bothered. He wore a grin on his face and said, "I want to play this game with the father and son, and I would like to see what kind of tricks they can pull off."

"Damn. I'll have to give it to you. An Embodier like you going against Jiu Yin and Yu Yan? Aren't you afraid that you might die in the process?" Hei Xuan was doubtful.

"It's more interesting that way, isn't it?" Chu Kuangren smiled.

He had a feeling that Jiu Yin wanted more than the Darkness Ruler Amulet. The man must be planning something.

Maybe Chu Kuangren might be in for a harvest.
