Unparalleled After Ten Consecutive Draws

Chapter 2101: First Show of Bodhi Samadhi, I Am the Light

On the square of the Radiant Church, Bachelor Saint Lang questioned Chu Kuangren's status as the Child of Light.

Hatred was overflowing from his eyes.

"I refuse to accept that you're the Child of Light!"

Not only Bachelor Saint Lang, but the other cultivators of the Radiant Church also shared the same doubts.

Was Chu Kuangren really the Child of Light?

"You killed my younger brother, Bachelor Saint Tao, and many other cultivators of the church. Why are you the Child of Light? I can't accept this!"

Bachelor Saint Lang's emotion also stirred something in the other church congregants, and they started to talk.

"Yeah. He was a heretic before this and killed many of us. Now that he has become the Child of Light, he wants us to forgive him?"

"Yeah. The Radiant Church doesn't allow a heretic to be one of us."

Some of them raised their voices.

With that, the crowd grew tumultuous.

"Chu Kuangren, I did whatever the Radiant Goddess said, but the church members refuse to accept you. There's nothing I can do."

The Radiant Left Sky King gloated at Chu Kuangren from the side with a vicious grin.

The crowd got louder, and they all glared at Chu Kuangren with hatred and grievance.

"Chu Kuangren, give us an explanation! Why are you the Child of Light?" Bachelor Saint Lang questioned Chu Kuangren loudly.

"Sigh."

Someone sighed.

Chu Kuangren had his back to the crowd, which hid his expression from them.

However, in the next second, a burst of white radiance appeared around him and lit up the entire square.

At the same time, beautiful white lotuses bloomed in the void.

The lotuses scattered the petals across the square, and each petal landed precisely on a church member.

The enraged church members instantly calmed down when the petals touched them.

Their tumultuous emotions were replaced by peace and harmony.

The rage, anger, and killing intents were all gone. It was like the rain had stopped.

The noisy square instantly quieted down.

"This is..."

The Radiant Church Leader, Liu Hu, and the other Bishops were surprised when they saw the lotus petals.

The others might not have noticed, but as Grand Dao elites, they could sense the power in the petals.

"The petals can cleanse a person's excessive thoughts?"

"Not only excessive thoughts, but it can also cleanse one of their anger, greed, obsession, and other negative emotions. What kind of technique is this?"

The crowd was astonished.

The petal rain that Chu Kuangren summoned surprised them.

He then turned around and looked at them. The Radiant energy he released instantly swept across the square.

"My heart is clear as water. What I do is justice, for I am the light! How do you like my explanation?"

Chu Kuangren's voice echoed across the square. Everyone heard him loud and clear.

The petal rain had washed away the rage in people's hearts. Now, they looked at Chu Kuangren with his Radiant aura differently. Suddenly they found him holy and inviolable.

Even Bachelor Saint Lang, who held the deepest grudge against Chu Kuangren, was calm. He knelt before Chu Kuangren and said respectfully, "Child of Light!"

The others followed with sincerity and admiration.

The scene shocked the Radiant Left Sky King. Chu Kuangren's method was similar to brainwashing!

Bodhi Samadhi could cleanse one of their greed, hatred, and delusion.

Even though Chu Kuangren knew of its effect, he was still surprised when he used it on others.

"If I use this technique to preach a religion, it must be terrifying."

Chu Kuangren clicked his tongue in amazement.

Since the technique originated from the Buddhist World, if it were used with Buddhist energy, it would only be more powerful.

Chu Kuangren may know one or two Buddhist techniques, but they were not as strong as the Radiant energy that the Radiant Seed provided him.

Fortunately, the Radiant energy was more or less similar to the Buddhist energy.

Using the Radiant energy as a substitute also worked wonders.

...

Back in the Holy Radiant Church, the Radiant Goddess and Ming Fei were standing beside a pool of milky water.

The pool projected the scene that was happening at the square, where Chu Kuangren summoned the petal rain.

"This cultivation technique is similar to the Buddhist World's Harmony Tranquility. Is he related to the Buddhist World as well?"

Ming Fei was surprised.

"This cultivation technique is even more mystical than the Heavenly Buddhist Pure Land's Dustless Dharmic Seal. How interesting," the Radiant Goddess said.

The Heavenly Buddhist Pure Land was the origin of Buddhism in the Great Hongmeng Universe.

It had unpredictable power and resources under its control.

Even the Radiant Church revered them.

The Dustless Dharmic Seal was one of the superior cultivating techniques of that place.

It could eliminate worldly thoughts and allow the monks to concentrate on Buddhism.

The Radiant Goddess witnessed it many years ago, but the Bodhi Samadhi Chu Kuangren used was much more mystical than the Dustless Dharmic Seal.

"Chu Kuangren, you're making me more curious about you," the Radiant Goddess muttered.

Was he really just the Child of Light?

...

Back in the Radiant Church, after Chu Kuangren dealt with the uprising led by Bachelor Saint Lang, he led the group to the Hongmeng Spirit World.

On the way there, Bachelor Saint Lang and the others looked at him with a hint of admiration.

They seemed to have believed that he was the Child of Light.

Bishop Liu Hu, however, was deeply shaken.

Chu Kuangren turned someone who hated him into a sincere admirer, and such a technique was terrifying.

Although Liu Hu revered Chu Kuangren, he also started to believe that Chu Kuangren was the Child of Light.

With his pure Radiant energy and the way he changed people's minds, if he were not the legendary Child of Light, how could he have achieved them?

On a barren mountain ridge somewhere in the Great Hongmeng Universe, an army of people gathered.

There were no wildlife or mythical beasts around except for the abundance of cultivators.

They all possessed different auras.

Some had runic restriction seals surrounding them, and the restriction seals felt like they were formed by all things in the universe.

Some looked frosty and serious.

There were also many half-beast cultivators. Those cultivators emanated a wild and feral aura as if they came from a barren land.

Regardless of who they were, all those who gathered were anything but common cultivators.

Each of them could conquer a universe on their own.

"Only the Radiant Church is left," said a man carrying a black saber on his back. He had pitch-black saber qi surrounding him, and it was so powerful that it felt like it could tear the void, making it difficult for others to get near him.

"The Radiant Church seems to be engaged with the Darkness Tribe. I wonder if they can send someone here to enter the spirit world."

"I'm not so sure about that. I heard that they recently got a Child of Light or something. He seems quite powerful."

"There's always a limit on how powerful he can be."

While the crowd chatted among themselves, a white warship approached.

It was the Radiant Church.

Unparalleled After Ten Consecutive Draws

Chapter 2102: Kill Master Chen, Enter Hongmeng Spirit World, Strange Mountain Ridge

The warship arrived carrying majestic Radiant energy, which captivated everyone.

On the deck was a person in white robes and a transcendental presence.

One glance at the person made everyone's expression shift to a more serious one.

"An outstanding aura."

"Is he the Child of Light?"

After the warship arrived, Chu Kuangren looked at the gathered crowd and pondered.

Before he arrived, he had learned about the forces wanting to explore the Hongmeng Spirit World. Albeit complicated, there were three he should pay attention to.

They were the Heavenly Formation Palace, the Apocalypse Martial Society, and the Beastman Tribe.

All three forces had Monarch Class Transcendentalists behind them that almost rivaled or was much more powerful than the Radiant Church.

"It's him, Chu Kuangren."

One of the cultivators from the Heavenly Formation Palace cried in shock.

It was none other than Master Chen, who was present at the Tempest Palace to remove the restriction seals back then.

He was flabbergasted when he saw Chu Kuangren as the Child of Light. Was Chu Kuangren not a heretic hunted by the Radiant Church?

"Oh, it's you." Chu Kuangren scoffed.

He raised his hand, summoning a white spear formed by Radiant energy, and hurled it forward.

"Swoosh!"

The white spear shredded the void, and its grand Radiant energy locked onto Master Chen.

"Damn it!"

Master Chen's expression shifted. He revealed a formation using multiple compasses, but the spear's force broke it.

At that critical moment, a white-haired elder from the same force channeled countless restriction seals before Master Chen to form multiple defensive barriers.

The white spear clashed with the defense barriers, releasing a deafening blast.

An explosion erupted in the void.

Master Chen was blasted away, with his face pale.

"Radiant Church, what is the meaning of this?"

The white-haired elder of the Heavenly Formation Palace looked at Chu Kuangren coldly. He was deeply shaken by the power of the spear as well.

It seemed like a plain and simple strike, yet it contained such power. Clearly, Chu Kuangren was not to be underestimated.

Master Chen was also astonished.

Back when they were at the Tempest Palace, Chu Kuangren was not even a Primordial. However, he had now mastered the Radiant Great Dao and became a Grand Dao elite.

It was unbelievable.

"I'm killing him. Are you blind?" Chu Kuangren said nonchalantly.

"You're trying to kill one of us in front of me? How arrogant!"

"So what?"

Chu Kuangren's figure vanished in a flash.

The white-haired elder wanted to defend, but Radiant energy swirled around him and formed chains to restrain him on the spot.

"What?"

The white-haired elder was not the only one shocked. Even Master Chen was mortified.

A chilling threat of death shrouded and drowned him whole.

Before he could react, a blast of white light flashed before him, and a white palm seal expanded before his eyes, filling his entire sight.

"Bang!"

Following a burst of blood mist, Master Chen was slammed to death by the white palm seal. He did not even have the chance to react.

Everyone was shocked.

"Radiant Church, what is the meaning of this? Explain yourself!"

Infuriated, the people from the Heavenly Formation Palace glared at the cultivators from Radiant Church.

"I had a grudge against the man. Why couldn't I kill him?" Chu Kuangren said indifferently with his hands behind his back.

"Oh? If that's the case, I can kill you now that you killed Master Chen," said a cold voice.

A man in green robes stepped out from the Heavenly Formation Palace's side. He had countless mystical restriction seals surrounding him that emanated the presence of the Five Ways and Bagua.

His presence was as strong as the Great Dao!

The man was an elder of the Heavenly Formation Palace named Yuan Hong.

He was one of the main explorers of the Hongmeng Spirit World.

Chu Kuangren narrowed his eyes and said, "If you have what it takes, go ahead."

"I would like to test you out myself."

With his hands raised, Hong Yuan summoned multiple mystical restriction seals. The aura of the Five Ways filled the space and formed a powerful formation.

"Enough. If you two are going to fight, why don't you fight inside the Spirit World after it opens? Don't waste everyone's time here!"

A black-robed cultivator wielding a saber stepped out to stop the fight.

Chu Kuangren glanced at the man and was slightly surprised. "This aura feels familiar."

"Master, when you were traveling the Infiniverse, you met a cultivator named Apocalyptic Saber Cultivator. The Apocalyptic Demon Martial Art he cultivates has the same source as this man in black."

"Oh? So he's from the Apocalypse Martial Society, which means that Apocalyptic Saber Cultivator is related to this force."

Chu Kuangren pondered as he stroked his chin.

He told Lil Ai to analyze the elites from the Apocalypse Martial Society as the auras in them seemed to be connected to a certain being.

Similar to Apocalyptic Saber Cultivator, they all possessed strange willpowers in them.

"Lei Xuan is right. Stop this right now. You guys can continue after we get into the Spirit World," grumbled a tall beastman with the horns of a bull.

Yuan Hong glanced around and was aware of the crowd's growing displeasure. Hence, he grunted coldly and said, "In that case, let's open the Hongmeng Spirit World first."

"Afraid? Boring." Chu Kuangren shook his head.

"You..." Yuan Hong was furious. "After we enter the Spirit World, I will throw you into the Five Ways Grand Formation and burn you to ashes!"

"I look forward to it."

Everyone then worked together to open the Hongmeng Spirit World.

Liu Hu, Hong Yuan, Lei Xuan, and others unleashed their Grand Dao energies. As the energies clashed, the power tore open a crack in the void.

The spatial crack was the entrance to the Hongmeng Spirit World.

A chaotic aura came from within, and one could spot blinks of treasures through the entrance.

"Let's go."

Everyone entered the spatial crack in a flash.

Chu Kuangren entered as well.

However, when he passed the spatial crack, a powerful spatial energy covered him and attempted to disfigure his body.

With a solemn look on his face, he used the Radiant energy to shroud and protect himself.

Then, the scenery before his eyes changed.

He arrived at a mountain ridge blanketed by black qi, and no one was around him.

"It seems like the Hongmeng Spirit World separated everyone at the entrance," Chu Kuangren thought out loud.

However, it was not entirely bad either since he could move around more freely.

With that thought in mind, he looked at the black mountain ridge and headed inside.

He also told Lil Ai to analyze the black qi around the mountains.

"Roar!"

A furious roar echoed in the Spirit World.

A striped tiger came out from the mountain forest, covered in black qi. Its eyes shone with brazen viciousness as he jumped on Chu Kuangren.

Chu Kuangren unleashed a palm strike forward, blasting the tiger into bits.

"The tiger seems to have lost its sanity."

He was surprised by the tiger's reaction.

"Master, the tiger might be affected by the black qi around the mountains," Lil Ai said.

Chu Kuangren also had a similar guess, so he conserved his Radiant energy and grabbed the black qi in the air.

The black qi seeped into his body, making him restless for some reason.

"It's the black qi," Chu Kuangren muttered.

His Daoist core was shaken because of the sliver of black qi.

Other cultivators would have fallen into a blind frenzy when they touched the black qi.

Unparalleled After Ten Consecutive Draws

Chapter 2103: Frenzied Minotaur, Violet Pupil, The Devil King

"However, this aura is rather familiar."

"Master, based on the analysis, the black qi actually matches the Heavenly Shadow a lot."

Heavenly Shadow was the being hatched from the Devil Egg.

Ever since Chu Kuangren entered the Great Hongmeng Universe, Heavenly Shadow went on his own cultivation journey.

"Is this mountain ridge related to the devil somehow?" Chu Kuangren wondered.

Nevertheless, he ventured deeper and encountered many insane vicious beasts along the way.

"Kill! Kill! Kill!"

Then, a figure rushed out from a cave with a terrifying aura.

Given the horns on his head, it was a beastman or a minotaur.

His eyes were bloodshot as he charged at Chu Kuangren. The Great Dao in him released a frenzied presence.

"Oh, he's one of the explorers from before."

Chu Kuangren found the minotaur familiar because he saw the beastman outside. However, he did not expect the next time he saw the minotaur to be when the latter had lost his sanity and gone mad.

It must be the black qi in the area.

The minotaur was a Great Dao cultivator, yet he went insane because of the black qi. It proved how powerful the black qi must be.

"Grand Radiant Palm!"

Chu Kuangren channeled the Radiant Great Dao energy and blasted it at the charging minotaur in the form of a massive Radiant palm seal.

"Bang!"

The minotaur was pushed back, but his sturdy body and Grand Dao Realm cultivation protected him from heavy damage.

Hence, he continued to charge at Chu Kuangren.

Each stomp and punch contained the strongest power of the Strength Dao, and his frenzied charge made the black qi in his path rumble.

"I can use this chance to test my cultivation." An idea popped up in Chu Kuangren's mind.

He had been learning many Radiant cultivation techniques at the Holy Radiant Church and simply needed a practice target.

"Sixty-Four Light Prison!"

Chu Kuangren channeled the Radiant Great Dao and manifested white pillars of light that fell from the sky. A total of sixty-four pillars formed a cage that trapped the minotaur on the spot.

"Roar!"

The minotaur grabbed the pillars and roared. He used all his strength to try to break free. Even the veins on his forehead were popping.

"Crack!"

The light pillars cracked, inch by inch!

By then, Chu Kuangren had hovered into the sky, and the Radiant Great Dao's energy in him manifested into a long white bow.

As he drew the string, a white arrow formed. "Radiant Divine Arrow!"

"Swoosh!"

The arrow perforated the void and punctured a hole in the minotaur's chest, thus damaging the Great Dao in its body.

Even so, the minotaur continued its frenzied rampage. He channeled the remaining energy he had and roared.

"Kill, kill, kill!"

"Bang!"

With the light pillars shattered, the minotaur jumped to the sky and threw a punch at Chu Kuangren. The domineering fist energy gushed forward like a tornado, causing the void to buzz and ripple.

"Great Judgment of Light!"

Chu Kuangren raised his hand to summon a giant ball of light.

The ball of light crashed down, and its powerful energy shook the entire mountain ridge. Its absolute force immediately dispelled the domineering fist energy.

The minotaur roared as he raised both his arms into a defensive stance to block the ball of light.

However, the ball of light was powerful, and he was already injured by the Radiant Divine Arrow. He was no match for it.

The ball of light crushed his body bit by bit. A large amount of blood splattered and painted the land red.

As a light pillar shot upward, the mountain ridge was turned into a massive crater that spanned over tens of thousands of kilometers. In the center of the crater was the minotaur's mutilated body.

The signs of life were slowly leaving him.

Chu Kuangren glanced at the dying minotaur before he looked at the cave where the beastman charged out.

The cave was at the end of the mountain ridge, and rumbling black qi came out from within. It was quite terrifying.

"Let me see what secret lies beyond."

Chu Kuangren entered the cave in a flash. At the same time, he veiled himself with the Radiant energy to prevent the black qi from corroding him.

However, the deeper he ventured, the denser the black qi.

Even with the Radiant energy's protection, the black qi seeped into his body and affected his mental state.

If his Daoist core were not indestructible, he might not have been able to venture deeper.

"Interesting. What is the cave hiding?"

At the end of the cave, Chu Kuangren saw a violet orb floating in the air.

An orb was a simplification because it looked more like an eyeball.

"A violet eyeball? Whose eyeball is this?"

With just a glance, a blast of energy shook his mind and started to affect his mental state.

It was trying to rob his sanity and drive him crazy.

"Analyzing... Failed."

"Analyzing... Failed."

Lil Ai swiftly scanned the strange energy that entered Chu Kuangren's body, but it was too strange for Lil Ai to analyze it in such a short time.

However, something more surprising happened next.

The violet eyeball transformed into a streak of light and entered Chu Kuangren's body.

"Oh? Interesting guy. You're suitable to be my host," a feminine voice sounded in Chu Kuangren's head.

"Who are you?" Chu Kuangren asked with a frown.

"You don't need to know who I am. It is your honor to become the host of the Devil King."

'Devil King?'

He had not heard of the name before, but if the voice was bold enough to call itself king, it must be at least a Monarch-class cultivator.

Powerful energy corroded Chu Kuangren's sanity, pushing him over the edge of insanity.

"Locked onto the source of the energy!" Lil Ai's voice sounded.

"Suppress it!"

Chu Kuangren narrowed his eyes. He channeled the Radiant energy in him, and by following Lil Ai's guidance, he tried to suppress the violet eyeball inside him.

"Interesting. You seem to host an interesting soul inside you."

The feminine voice seemed surprised at Lil Ai's existence, but Chu Kuangren was unfazed.

He sat with his legs crossed and continued to suppress the eyeball's power.

However, the frenzied intent did not diminish. On the contrary, it was slowly growing stronger.

No matter how sturdy Chu Kuangren's Daoist core was, the black qi started to affect him, and he started to feel vicious qi inside him.

Vicious qi?

A sudden realization struck him.

He pointed his sword hand sign at his forehead, and a white lotus bloomed at his fingertip.

It was the Bodhi Samadhi that could cleanse one of their negative emotions.

With the Bodhi Samadhi cast to erase the vicious qi inside him, he slowly regained his calm.

"Little guy, you're quite interesting."

The Bodhi Samadhi's effect surprised the so-called Devil King.

"If so, let us have a battle of the soul," the feminine voice said.

Chu Kuangren's consciousness entered the realm of his own mind.

The mind realm was flooded by a large amount of black clouds.

Above the clouds was a feminine figure sitting on a throne, peering down at Chu KUangren.

Her long black hair, her leggy figure, her fair and slender arms, and her lazy posture — every aspect of her screamed superiority.

She was like a queen that could enchant all life with her wicked charms.

Unparalleled After Ten Consecutive Draws

Chapter 2104: Fight the Devil King, Powerful Soul Energy

The Devil King peered down at Chu Kuangren inside his own mind realm.

An unrivaled pressure was released and blasted at him.

It was the first time Chu Kuangren sensed such a high level of soul aura.

Her soul energy was one to two realms higher than his, and it must be beyond Transcendence.

Chu Kuangren's soul realm was only at Chaos, so he could not beat her.

However, despite the overwhelming odds, Chu Kuangren did not want to give up.

"Giving up without a fight is not my style," Chu Kuangren muttered.

His gaze turned even more serious. He knew it would be the rare occasion that his life was in danger.

"Little guy, tell me your name."

"Chu Kuangren."

"I'll remember your name. It's your honor to become the vessel for the majestic Devil King. Don't worry. I have never met someone as interesting as you. I won't kill you. At most, I'll seal you away and study you," the Devil King said in a teasing tone.

She seemed eager to get Chu Kuangren.

"We don't know who's gonna win this fight yet." Chu Kuangren chuckled.

He raised his soul energy to the limit and manifested the Descendant Self Sword in his hand. He swung his sword downward, unleashing a soul sword ray at the Devil King.

That slash was just a test.

The Devil King raised her slender fingers and pointed at the void.

"Clank!"

The soul sword ray burst like a bubble.

"Feisty. I like you."

The Devil King grinned wickedly.

As she fixed her gaze on her target, the dark clouds around her rumbled and formed a black palm seal that fell from above.

The palm seal's power was massive as it contained an endless and mighty soul aura.

Forced to take it seriously, Chu Kuangren no longer held back and unleashed all his soul energy.

"Buzz!"

A violet bell manifested in the void and rang loudly.

The chime echoed and released soundwaves to counter the black palm seal, but it did not stop its indomitable power. It felt like the sky was crashing down.

Chu Kuangren was not surprised, or rather, he had expected that to happen.

He spun the Descendant Self Sword in hind and unleashed a myriad of sword qi. The sword qi gushed forward like a torrential wave, attempting to counter the palm seal.

"Bang!"

The violet bell and the soul sword qi combined their power.

Fortunately, the combined attack managed to stop the palm strike, but it was just the start of the Devil King's attacks.

"Let me see how far you can go." The Devil King chuckled.

She raised her slender hand and pushed her palm at Chu Kuangren again.

The massive palm seal emerged from the dark clouds once more.

She did not use any profound soul techniques. Instead, she simply relied on her soul energy to overpower Chu Kuangren.

It was the simplest attack that brought great pressure onto Chu Kuangren because her soul energy was boundless.

"Soul Flame! Soul Edge! Nether Abyss Saber!"

Chu Kuangren used all the soul techniques he learned from the Soul Restricted Area in an attempt to fight the Devil King.

After unleashing a barrage of attacks, he managed to dispel three of the Devil King's attacks.

However, the Devil King's attack got stronger with each strike, and the power she wielded felt limitless.

"Even though this soul energy only has less than one ten-thousandth part of my original self's soul energy, it's as strong as a Supreme Saint Grand Dao cultivator's soul. It's great that you can stop three of my attacks consecutively."

The Devil King praised Chu Kuangren for his relentless attempt.

Chu Kuangren was deeply shaken.

Less than one ten-thousandth of the soul energy, and it was as strong as a Supreme Saint Grand Dao cultivator's soul realm?

How powerful would her real self be? How high would her cultivation and soul realm reach?

She might not even have a match among the Monarch Class opponents.

"I'm going to be serious in the next attack." The Devil King chuckled.

With her hand raised, the mind realm froze, as if everything stopped just because she wanted to cast an attack.

"Damn it!"

Chu Kuangren became nervous.

Without further ado, he channeled the Pocket Universe's energy inside him.

His soul received a boost from the Great Dao's will, and its energy surged.

In just a moment, his soul realm broke the limits of the Chaos realm and reached the Transcendence realm!

"Abyss of Darkness!"

He concentrated his gaze, and the mind realm plunged into an abyss of darkness.

It was the unique soul cultivation method from the late Nether God, and when he cast it, the power rivaled that of, if not more powerful than, the Nether God.

"Interesting. Evil Devil, Erebus Shadow!"

The Devil King smiled and used her technique for the first time.

Boundless soul energy formed a pitch-black shadow that held a sharp blade, and it darted over to Chu Kuangren in an instant.

As the shadow slashed its blade forward, the sharp energy from the blade could easily tear one apart.

Chu Kuangren then shone in green.

The Chaos Green Lotus was activated. It had the effect of protecting one's soul, so it managed to block the slash.

However, the slash cut off several pieces of the lotus leaf. Chu Kuangren got emotional when he saw the leaves fall.

The Chaos Green Lotus had been with him since his early years, and it could no longer keep up with the power level in his universe.

Unfortunately, he did not have the luxury of time to be sad.

After blocking the slash, white lotuses bloomed around his fingers, and it rained petals all around.

It was the Bodhi Samadhi, the cultivation technique that could clean one of anger, greed, and obsession.

The mystical effect is almost like brainwashing.

It was also closely related to the soul.

Nevertheless, he took the risk and used it, wondering if it was effective against the Devil King.

The petal rain landed on the Devil King, and for a split second, her charming face looked stunned.

"It's effective!" Chu Kuangren's eyes shone in delight.

Seizing the chance, he channeled his soul energy to the limit, summoning the violet bell above him.

The bell rang loudly again

"Dong! Dong! Dong!"

The chime echoed, releasing ripples of soundwaves.

When the Devil King was hit, she released a large amount of soul energy at Chu Kuangren, attempting to drown him.

The effect of Abyss of Darkness was activated.

When one party was hurt, the soul energy would be absorbed by the opposite party.

As the Devil King's soul energy was sizable, it boosted Chu Kuangren's soul realm higher in just a moment.

Suddenly, malicious intent erupted from his body, attacking his mental state once more.

Endless vicious qi tried to drag him into the vortex of insanity.

Chu Kuangren used the Bodhi Samadhi again to dispel the vicious qi. He started to get wary of it. "This malicious intent is a little too scary!"

The malicious intent contained the evil of all lives in the universe.

It was probably, or if not the most, horrifying thing in the universe.

"Are you satisfied with my soul energy?"

The Devil King regained her composure from the attacks. It might have consumed some of her soul energy, but it was not a big deal to her.

She stretched her hand out to the void and grabbed it.

"Bang!"

The Abyss of Darkness was attacked by her boundless soul energy.

In just an instant, the Abyss of Darkness shattered.

They both returned to Chu Kuangren's mind realm.

Intrigued, the Devil King looked at Chu Kuangren and said, "Little guy, that attack was good. Why don't you use it again?"

Unparalleled After Ten Consecutive Draws

Chapter 2105: The Devil King's True Form, Lil Ai Appears

"I'll stay still, and you use that technique on me again," the Devil King said.

Chu Kuangren was baffled.

Why would she stay still and allow him to attack her?

What was she trying to do?

However, he would never let that great opportunity slip. He pointed his sword hand sign at the Devil King and cast the Bodhi Samadhi again.

A lotus landed on the Devil King.

Surprisingly, she did not dodge or attack, like she said.

"This feeling... It's been a long time since I felt peace."

The Devil King reminisced about her past.

Then, Chu Kuangren's follow-up attack arrived.

The domineering soul sword was slashed across the air as he aimed at her.

In retaliation, she threw a palm strike at the sword ray, and the collision threw her off a few steps.

"Little guy, what technique did you use?" the Devil King asked curiously.

Chu Kuangren's answer was his relentless attacks.

However, the Devil King simply dispelled and negated his attacks easily.

"Why don't you and I make a deal?" the Devil King said.

"Oh? What deal are you proposing?"

"Give me the cultivation technique you used on me, and I will allow you to have a certain level of freedom while you become my host."

Chu Kuangren scoffed. "In the end, all you want is to take over my body. Cut the nonsense and continue the fight."

"What a pity."

The Devil King shook her head. "If that's the case, I'll have to subdue you and then interrogate you."

She released a vast amount of soul energy.

An endless malicious intent erupted. If she looked coquettish, laid-back, and elegant a moment ago, she looked ominous, frenzied, and wicked now.

She was like the culmination of all evil in the universe — the manifestation of disaster and calamity.

"So, is this your true form?" Chu Kuangren asked grimly.

The Devil King grinned wickedly. "Scary?"

Chu Kuangren did not reply. Instead, he gripped his sword tighter.

"Lock!" she bellowed.

Endless soul energy with malicious intent transformed into countless chains, blocking Chu Kuangren's escape and advance route.

Chu Kuangren sensed chills from the chains.

"I want money! I want to be rich!"

"I'll kill you! I'll kill you!"

"You stupid b*tch! Pretentious b*tch!"

All kinds of malicious intentions formed countless images before Chu Kuangren, showing him the evil side of humanity.

Chu Kuangren suddenly realized why the Devil King wanted him to use the Bodhi Samadhi on her.

Bodhi Samadhi was a technique that could cleanse negative emotions such as greed, anger, and obsession, and most of the malicious intentions of the universe branched out from those three.

The Devil King was the culmination of all malicious intentions, so even she was constantly affected by the negative emotions.

The Bodhi Samadhi could calm her malicious intentions for temporary peace.

However, her malicious intentions were too many and too complicated. Even if Chu Kuangren cultivated the Bodhi Samadhi to its highest level, he could not cleanse her completely.

"Little guy, stay put in my chains," the Devil King said.

Chu Kuangren frowned. Only then did he realize he could not break free from the chains.

It seemed like using the Tempest King's manifestation was imminent.

Even though he had no idea whether the Tempest King was good at utilizing soul energy, it was his current strongest ace card that he could use on the Devil King.

Right before he could summon the Tempest King manifestation, his mind realm trembled.

Then, a spatial crack opened.

A figure emerged from within and was enveloped in golden light. The body was also covered with countless mystical runes.

The swirling runes formed worldly images across the universe as if they were deducing all things in existence.

"Oh, it's you, the interesting soul."

The Devil King was surprised by the figure that entered the mind realm, but that surprise soon turned into intrigue.

Chu Kuangren looked at the figure shining in gold and found it familiar.

He pondered for a moment before realization struck him.

"Analyzing current situation..."

"Analyzing current target..."

"Choosing a template, forming figure..."

A series of mechanical voices came from the golden figure.

Chu Kuangren finally realized what was happening.

It was Lil Ai!

The golden figure gradually formed a person's figure that looked almost like Chu Kuangren but with a hint of gentleness.

It was like looking at a female version of Chu Kuangren.

Most importantly...

"She's bare naked..." Chu Kuangren's lips twitched.

Lil Ai had nothing on her.

Both Chu Kuangren and the Devil King could see her naked body, but there was nothing to see.

There were no gender traits on her body, except for the feminine version of Chu Kuangren's face.

Immortal Sparks circulated her, and runes swirled around her like planets circling the sun, making her look holy. It was as if she was a superior God looking down on all life.

"You are indeed an interesting soul. You seem to hold a lot of secrets in you too." The Devil King glanced at Chu Kuangren and said.

It strengthened her thought of seizing Chu Kuangren's body as her vessel because she would be able to discover more secrets in him.

However, she suddenly frowned and looked at Lil Ai floating in the air with a heavy look.

"This aura..."

Lil Ai's aura skyrocketed.

Her soul energy was not enough for the Devil King to take her seriously, but in just a few seconds, it rose that of a Supreme God Grand Dao cultivator.

"Target, Devil King."

"Attempting to hurt my master. The proposed solution — suppression."

Lil Ai's mechanical voice echoed across the mind realm.

Then, blades formed by soul energy appeared in her hand, and she used it to cut off all the chains around Chu Kuangren.

After Chu Kuangren regained his freedom, he went over to Lil Ai.

He was surprised by Lil Ai's appearance as well.

Had she evolved again?

"Interesting. I would really like to see how you'll suppress me."

The Devil King channeled her soul energy into a massive black palm seal.

Lil Ai did not dodge. Her soul energy intertwined and formed a massive light barrier around herself and Chu Kuangren, which managed to block the palm strike.

The soul energy used to form the barrier was not strong enough, but its structural integrity was unbelievably strong.

Lil Ai's mastery over the soul energy was so high that it felt unbelievable.

"Suppression solution one..."

Lil Ai channeled the soul energy from her hand and unleashed chains at the Devil King, attempting to subdue her.

However, the chains were struck off easily.

"Suppression solution two..."

After the first failed attempt, Lil Ai switched her method. Her soul energy formed a massive cage that trapped the Devil King. Alas, it failed again.

"Suppression solution three..."

The multiple defeats did not discourage Lil Ai.

The runes around her swirled as she continued to analyze the Devil King. She was also coming up with new suppression solutions after each defeat.

She might not be as strong as the Devil King, but she could match the Devil King's power. Meanwhile, Chu Kuangren watched and pondered but decided to observe first.

The important thing was that interfering would only disrupt Lil Ai's tempo.

As minutes went by, the Devil King lost more and more soul energy.

Lil Ai, on the other hand, released new solutions one after another and got stronger in the battle with the Devil King.

Unparalleled After Ten Consecutive Draws

Chapter 2106: Suppress Devil King, Refine the Devil's Eye, Hongmeng Level Treasure

"Damn! What is wrong with her? She's only getting stronger in soul energy. The speed is unbelievable."

The Devil King could not help but curse at Lil Ai's ridiculous improvement speed.

"Suppress!"

Lil Ai bellowed at the end, and countless runes in the mind realm intertwined. As though a massive net had appeared, the entire mind realm was locked. The runes then formed a golden ball that trapped the Devil King inside.

"Damn it!" the Devil King shrieked.

She released a vast amount of soul energy to strike the golden ball, but when the golden ball shone, her soul energy was absorbed.

On the other hand, Chu Kuangren felt a massive amount of energy entering his body, together with an astonishing amount of malicious intention.

He calmed down and refined the soul energy immediately. Then, he looked at the golden ball in surprise.

"Did the seal absorb the Devil King's soul energy and create feedback to my body?"

The trap and absorption technique was astonishing.

"Suppression solution one hundred thirty-six, success!"

Lil Ai looked at the Devil King trapped inside the golden ball. Her eyes flashed with a runic glow before they slowly faded.

"Damn it! Let me out!" the Devil King shrieked frenziedly. Her beautiful face showed nothing but anger.

Chu Kuangren ignored her shrieks and looked at Lil Ai. "What's your current status?"

Lil Ai said, "A new form. After I evolve, I can change my soul's status, but I haven't used it until now."

"I see, so how did you suppress her?"

"I went through eight hundred and sixty-one universes' soul knowledge, analyzed them, reformed them, and recreated them into this golden ball to suppress her."

"Sounds like a heavy undertaking."

Chu Kuangren was moved.

It was already tiring for him to learn all the knowledge of one Soul Restricted Area. However, Lil Ai's capability to read and absorb hundreds of universes' knowledge in an instant was much more amazing.

"Can she escape?" Chu Kuangren asked the most concerning question.

"I will keep an eye on her. Master, you don't have to worry."

"Great." Chu Kuangren nodded.

His consciousness then returned to his physical body.

Soon, he realized something was wrong with his right eye. It felt hot and ticklish.

He summoned a mirror and saw that his left pupil had turned violet.

A wicked energy could be felt from it. Now, the violet pupils had added a tinge of wickedness to his holistic and radiant presence.

He seemed like a combination of good and evil.

"Is this the violet eyeball from before?" Chu Kuangren frowned.

If he was correct, it was the Devil King's eyeball, and he could feel the terrifying amount of power in the eyeball.

"Master, the Devil King's soul fragment is contained in the eyeball. Now that her soul has been sealed, you can refine the eyeball and use the power inside at will."

"I got it."

With that, Chu Kuangren sat with his legs crossed and started to refine the Devil's Pupil.

As time flew, he gained mastery over the Devil's Pupil, but the power contained inside was too terrifying.

Whenever he tried to use the energy, a large amount of malicious intention would try to corrode him.

If not for his indestructible Daoist core and the Bodhi Samadhi, even the strongest Grand Dao cultivator would be driven crazy by the malicious intention.

"The Devil's Pupil may be strong, but similar to the Tempest King's manifestation, it's a last resort ace card."

With a thought from his mind, the violet pupil transformed back to golden, which was his current pupil color due to the Radiant energy.

He had gained two powerful ace cards — the Devil's Pupil and the Tempest King's manifestation.

"Now, I should go explore the place."

The Hongmeng Spirit World was huge, so it had many Opportunities of Fortune.

Even though the Devil's Pupil and suppressing the Devil King was already considered a golden opportunity, no one would be satisfied with just one opportunity.

Chu Kuangren chuckled before his figure vanished in a flash.

After he left, that particular mountain ridge's black qi disappeared.

Later, another group of people arrived at the mountain ridge.

The black qi in the mountain qi contained powerful malicious intents, and common cultivators would be driven mad once touched.

However, that particular group of people was able to move in the black qi with ease.

"The Devil qi is fading. What's going on?"

The man in black robes noticed the unusual phenomenon of the area, and he frowned. A bad feeling rose in his heart.

Then, they searched the mountain ridge but got nothing in the end.

When the Devil qi completely faded, they knew something was wrong.

"The King's power is gone!"

"Who? Who took the King's power?"

Their expressions looked bitter.

"Could it be that the King found a vessel and left the place?" someone said.

It was likely, but the thought shocked them. They did not wish for the Devil King to find a vessel.

Or rather, they were afraid.

"No matter what it is, we must go back and report this to the Archduke."

"Mhmm..."

...

The initial expedition team continued their exploration of Hongmeng Spirit World.

It had been decades since they entered that place.

Some lucky ones had gotten some decent harvest.

Some even got Chaos Supreme Treasures.

Somewhere in the Hongmeng Spirit World, a dazzling divine light shot up to the sky, and mystical light rippled like soundwaves.

The light attracted much attention.

Everyone instinctively believed it was the appearance of a Supreme Treasure.

"This aura is unusual."

"Let's go have a look."

The Apocalypse Martial Society, the Radiant Church, the Beastman Tribe, and the Heavenly Formation Palace headed to the location of the divine light.

"Swoosh!"

A figure appeared before the divine light.

It was Yuan Hong, the elder from Heavenly Formation Palace.

He looked at the divine light in shock.

A white stone was floating in the light, and it had a large amount of runes carved on it. There was also a hint of violet spiritual qi floating around it.

"The stone is giving out Hongmeng spiritual qi! This is a Hongmeng-level treasure!" Yuan Hong was thrilled.

Above the Chaos Supreme Treasure was the Hongmeng Supreme Treasure.

Chaos Supreme Treasure was already a rarity across the Infiniverse, let alone the Hongmeng Supreme Treasure, which could only be found in the Great Hongmeng Universe.

Even the strongest Grand Dao elites would be tempted to acquire it.

"This is a Hongmeng-level divine steel! If it's used for forging, it can at least forge three Premium Chaos Supreme Treasures! This is amazing!"

Yuan Hong was excited.

He wanted to retrieve the divine steel, but a saber qi was blasted at him, forcing him away from the divine steel.

"The Apocalypse Martial Society is claiming this divine steel."

It was Lei Xuan from the Apocalypse Martial Society.

Moreover, he was not the only one.

Following a roar, a horned, furry beastman appeared from the sky, releasing a barren aura in the area.

"The Beastman Tribe must get this divine steel!"

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2107: Battle Royale, Chu Kuangren Has Arrived, One Versus Three

The appearance of the Hongmeng-level divine metal attracted the attention of all forces.

The Heavenly Formation Palace, the Beastman Tribe, and the Apocalypse Martial Society were all there, attempting to seize the divine metal for themselves.

Their energies clashed fiercely, turning the atmosphere in the area into a tense and unwelcoming place.

Some of the common cultivators could not even get close.

"This Hongmeng Divine Metal is probably one of the rarest treasures in Hongmeng Spirit World. I believe no one would let it go without a fight."

"Cut the cr*p."

"If so, a fight is inevitable."

Yuan Hong started to summon restriction seals around him.

The furry beastman closed his fists and released a barren surge of energy that attempted to overpower everyone at the scene.

Lei Xuan of the Apocalypse Martial Society swung his saber around.

The other cultivators behind them were eager to compete for the divine metal as well.

"Go!"

Following a shout of command, Yuan Hong started the battle by blasting the restriction seals forward. In an instant, a massive light barrier surrounded the area, casting immense pressure on everyone.

"The formation of the Heavenly Formation Palace is indeed powerful," Lei Xuan said with a heavy grunt.

He then swung his saber at Yuan Hong, unleashing sharp saber qi mixed with murderous qi from his Great Dao.

The beastman threw a punch as well. The domineering power caused the void to explode loudly.

When the two attacks landed on the formation, they crushed it completely.

However, the shattered restriction seals swirled and formed another more mystifying formation that contained the Five Ways energy

"Have a taste of the Five Ways Formation!" Yuan Hong bellowed.

Cultivators from different forces fought a messy battle. Their fight almost tore the realm apart.

Further away, Liu Hu from the Radiant Church brought his men over.

When he saw the Hongmeng Divine Metal in the light, his eyes gleamed with interest.

"A good treasure."

His figure flashed forward, attempting to seize the divine metal away.

The Radiant Great Dao's energy swirled and formed a massive palm seal, but Yuan Hong, Lei Xuan, and the others noticed him.

"Oh, no you don't! You're not getting the divine metal so easily!"

Lei Xuan swung a slash at Liu Hu.

Yuan Hong channeled his formation and summoned countless flames that formed a vicious fire dragon. It tried to engulf and devour Liu Hu whole.

The attacks from two Grand Dao elites forced Liu Hu to take things seriously.

He was forced to give up on the divine metal and counter with his Radiant palm seal. He managed to block the combined attack but was pushed more than ten steps away.

"I shouldn't miss the Hongmeng Divine Metal, but it's difficult to determine the victor. I should stay away and observe further," Liu Hu thought to himself as he retreated.

With that, the other cultivators from the Radiant Church kept their patience and stayed away from the battle.

Yuan Hong and the others noticed their intention.

"Are you trying to stay out of this? No way!"

"Hmph! Do you think we'll give you the chance?"

Lei Xuan and Yuan Hong exchanged a quick look before they attacked Liu Hu together.

They were trying to drag Liu Hu into the fight.

As Liu Hu could not escape the combined attack, he was forced to join the fray.

The other cultivators from the Radiant Church were being targeted as well.

Everyone was fighting for the divine metal, and the Radiant Church wanted to stay aside as an observer?

No way!

As such, the Radiant Church was forced to join the fight.

A battle royale broke out, and cultivators from different forces attacked each other with everything they had.

Suddenly, a bright light shone from the sky, and a pillar of light descended. The pillar of light contained vast Radiant energy that swept across the battlefield.

The powerful blast sent the weaker cultivators flying away.

Those who stayed stared at the pillar of light with intrigue.

"This is..."

Liu Hu's eyes lit up.

A figure emerged from the pillar of light.

He had white robes, silver hair, and a transcendental appearance. Each move he made had Radiant energy. It was as if the son of light had descended.

It was Chu Kuangren!

"The Child of Light!"

"It really is him! Great! He's here!"

Chu Kuangren's arrival boosted the Radiant Church's cultivators' morale. They were thrilled to have him on their side.

His boundless Radiant energy gave them a sense of safety.

However, Liu Hu and the other Bishops were doubtful.

Chu Kuangren's energy level might be high, but no one knew how capable he was in terms of combat strength. After all, there were multiple Grand Dao elites on the battlefield.

Could he be strong enough to handle them?

Chu Kuangren laid eyes on the divine metal as soon as he arrived, and his eyes lit up as well.

He agreed that the Hongmeng Divine Metal was indeed a good treasure.

"My Descendant Self Sword can use a suitable divine metal for an upgrade."

Following the activation in his cultivation level, the Descendant Self Sword could no longer contain his full energy, so he rarely used it in battle.

He wanted to upgrade it, but it required a suitable divine metal, which, in this case, would be the Hongmeng Divine Metal.

"Are you here for the divine metal as well? Do you have what it takes to snatch it?" Lei Xuan roared coldly.

Yuan Hong stared at Chu Kuangren coldly as well. He was still angry that Chu Kuangren killed Master Chen before they entered the Hongmeng Spirit World.

His hatred for Chu Kuangren remained.

Hence, he ought to take on Chu Kuangren first since he had arrived.

"Hey, punk! Have a taste of my fist!"

The furry beastman of the Grand Dao Realm scoffed. Then, he channeled his Grand Dao energy and punched Chu Kuangren.

The domineering punch energy gushed forward like a tidal wave, shaking even the void.

Chu Kuangren, however, did not move. Instead, he channeled his Radiant Dao energy.

He also countered with a punch, and another white pillar of light shot out.

"Bang!"

The two different energies clashed in the void, pushing both casters away.

Then, another saber ray locked onto Chu Kuangren.

The saber ray contained extreme murderous intent.

It was Lei Xuan from the Apocalypse Martial Society.

"Great Judgment of Light!"

Chu Kuangren used his ultimate skill, tossing a ball of light at Lei Xuan.

"Kaboom!"

The powerful energy shattered the saber ray.

Then, multiple restriction seals appeared from the void and formed a formation around Chu Kuangren, trapping him.

"Five Ways Formation, activate!"

It was Yuan Hong's formation.

Chu Kuangren scoffed. "Three versus one? Not bad."

In fact, he was speechless.

The few of them were busy fighting each other, but when he arrived, they all turned their attention to him.

Could it be that he had some kind of hidden talent for attracting hatred?

Despite that, he did not think about the situation too much. He was not afraid of taking on three of them at once either.

"So what if you are the Child of Light? I will crush you today with the Five Ways Formation!" Yuan Hong said coldly.

With that, the Five Ways Formation was activated.

The energy of the Five Ways swirled, summoning elements of metal, wood, water, fire, and earth.

Blazing flame, torrential waves, sword qi, sandstorms, and landslides — different natural phenomena unleashed their powers at Chu Kuangren.

The vast energy from the attack could shake the realm.

Meanwhile, Lei Xuan and the horned beastman were outside the formation, channeling their respective Great Dao's energy to charge their ultimate attack.

All of them were Grand Dao Life Mastery elites.

Although they were not exactly the strongest, Chu Kuangren could only reach the same realm with a boost from the Radiant Seed.

Fighting three of them alone seemed difficult, and the odds of winning were not in his favor.

Unparalleled After Ten Consecutive Draws

Chapter 2108: Five Ways And Bagua, Radiant Three Thousand Worlds, Who Else Wants The Divine Metal

Five different energies flowed in the Five Ways Formation.

All kinds of surreal phenomena appeared and attempted to overpower Chu Kuangren.

Then, he summoned the Radiant Great Dao's energy to form a barrier, protecting himself from all the attacks.

"Your formation is good but not strong enough."

Chu Kuangren channeled the Radiant Great Dao energy in him.

A blast of Radiant energy erupted, sweeping across the field.

All the phenomena of the Five Ways Formation were destroyed.

Even the formation was shaking violently.

Chu Kuangren's power shocked Yuan Hong. "His Radiant Great Dao is strong!"

As always, there were powerful and weak Grand Dao cultivators, and the same went with the Dao that the cultivators cultivated.

The Radiant Dao that Chu Kuangren cultivated was from the Radiant Seed, an item closely related to the source of the Radiant Dao. Hence, its power was undeniably powerful.

His Radiant Dao far surpassed his peers at the Radiant Church. Not even the Radiant Goddess was as strong as him when she was in his realm.

"Bagua Diagram Formation, go!"

Yuan Hong threw a bagua diagram into the Five Ways Formation, boosting its power to the next level.

The phenomena that the formation conjured became more realistic and mystical.

Earth, wind, water, fire, mountainous terrain, and all kinds of phenomena shifted magically as if the entire universe was presented before one's eyes.

The domineering power from the combined formation was strong enough to destroy the realm.

Chu Kuangren was at the center of the phenomena, and the Radiant energy around him was shaken. It felt like the energy could shatter at the next moment.

However, Chu Kuangren remained unfazed. On the contrary, he released an even stronger Radiant Dao energy, destroying the Five Ways Bagua Formation in an instant.

The entire formation then collapsed into pieces.

"How?"

Yuan Hong's eyes widened in disbelief.

On the other hand, Lei Xuan and the horned beastman unleashed their charged-up attack after Chu Kuangren broke Yuan Hong's formation.

"Apocalyptic Demon Martial Art, Godslayer!"

Intense killer intents turned into a saber ray.

"Barren Flush, House Shatter!"

The domineering fish energy burst forward like a meteor.

Both attacks flanked Chu Kuangren from left and right.

"Radiant Judgment, Heaven Earth Judgement."

Chu Kuangren raised his hand, and his Radiant energy erupted to the limit.

The strongest cultivation technique of the Radiant Temple was cast.

The technique contained endless Radiant energy, so strong that it amazed even Liu Hu and the other Bishops.

As he pushed the energy upward, he unleashed two streams of Radiant energy that shook the realm.

The saber ray, fist energy, and the Radiant energy clashed.

At the moment of collision, a massive energy shockwave spread across the land.

The land across a million kilometers trembled violently.

Following that, tiny spatial cracks started to spread in the void.

Amidst the blast of energies, all three of them were blasted away.

The horned beastman and Lei Xuan were hurt, and their Great Daos had taken a hit as well.

Chu Kuangren, however, remained clean and unfazed. His silver hair continued to dance along the wind.

The fact that he was unscathed shocked everyone.

"He's strong!"

"He's just a Grand Dao Life Mastery cultivator, yet his Radiant Dao is mighty. This is unbelievable."

Chu Kuangren stood in the air, with his white robes fluttering along the wind.

Radiant energy continued to sweep across the field.

Yuan Hong frowned as he sensed immense pressure.

His strongest Five Ways Bagua Formation was destroyed. With that, he could no longer avenge Master Chen.

However, he wanted the Hongmeng Divine Metal more, so he looked at the divine metal.

Then, he contacted Lei Xuan and the horned beastman telepathically. "You two, hold Chu Kuangren back. I'll get the divine metal, and we will split it three ways. It's better than surrendering it to him."

The two of them pondered the suggestion for a while before they nodded reluctantly, expressing their agreement.

"Swoosh!"

Yuan Hong's figure disappeared while Lei Xuan and the horned beastman attacked Chu Kuangren, trying to stall him.

Further away, Liu Hu wanted to join the battle, but he was stopped by the elites from other forces.

As Chu Kuangren's power made the forces afraid, everyone tacitly agreed to target the Radiant Church first.

"Damn it!" Liu Hu cursed.

He watched as Yuan Hong approached the Hongmeng Divine Metal, but at that moment, Chu Kuangren took a step forward.

"In your dreams!"

"Stay!"

Lei Xuan and the horned beastman attacked. Their Great Daos intertwined and formed a web to capture Chu Kuangren.

Unexpectedly, a strange light shone from Chu Kuangren's body before he disappeared in an instant.

Further away, Yuan Hong was delighted as he approached the Hongmeng Divine Metal.

Suddenly, a white figure appeared before him. It was Chu Kuangren.

He threw a palm strike forward, unleashing a torrent of Radiant energy at his opponent.

Yuan Hong was blasted away.

"You're not fast enough," Chu Kuangren said.

"Is this the Spacetime Dao?"

Yuan Hong was shocked when he sensed the energy of Spacetime Dao in Chu Kuangren.

It was because Chu Kuangren had used the Timespace Dao to shake off Lei Xuan and the horned beastman. That was how he could swiftly appear beside the Hongmeng Divine Metal.

He even used the Timespace Treasure to make things work smoother.

"Damn it!" Yuan Hong cursed.

The others found Chu Kuangren to be a difficult opponent.

"I'm taking the divine metal."

Chu Kuangren grabbed the Hongmeng Divine Metal and kept it in his Yin and Yang Ring. After that, he looked at Yuan Hong, Lie Xuan, and the others.

"As for you all, I shall end this with this attack."

As his words subsided, boundless Radiant energy erupted from him.

The Great Dao in him contained many Daoist law energies. The number alone was shocking enough for everyone at the scene.

"Three thousand Daoist law energies?"

"How could it be? Did he fuse and comprehend that many Daos?"

Fusing three thousand Daos was just a legend to them.

"Radiant Three Thousand Worlds!" Chu Kuangren bellowed.

The Radiant energy and the three thousand Daoist laws he fused with transformed into a new technique with terrifying power.

Billions of Immortal Sparks shone as if they were bright enough to light up the Infiniverse.

Lei Xuan, Yuan Hong, and the others were shocked as a boundless aura overflowed. They realized they had been locked on by the attack, and there was nowhere to run. All they could do was quickly channel their respective attacks.

"Apocalyptic Demon Martial Art, Voidbreaker."

"Barren Flush, Dominance World!"

"Five Ways Bagua Formation!"

The dazzling light from the Great Daos shone, but their attack seemed puny in front of the absolute light.

Saber ray, fish energy, formation restraints, and all other attacks were negated by the light.

The realm was painted white, which contained the three thousand Daos.

Hong Yuan was the first one caught, and his body exploded into pieces.

Then, the horned beastman and Lei Xuan followed the same fate since they could not withstand the attack.

The other cultivators caught in the conflict were killed as well.

When the white light disappeared, the realm fell silent and solemn.

The white figure was the only one left standing in the air. His silver hair danced in the air while his eyes narrowed and gazed upon the land and all directions.

He peered down at the remaining people and asked, "Who else wants the divine metal?"

However, none dared to step up and ask for it or voice their dissatisfaction.

Unparalleled After Ten Consecutive Draws

Chapter 2109: Apocalypse Martial Society's Ten Killer Stars, Chu Kuangren Fights Lang Sha

"Who else wants the divine metal?"

Chu Kuangren glanced over everyone with a cold gaze, giving people the chills.

After seeing his absolute power, anyone with a sane mind would know that he was not someone they could afford to mess with. Going against him would be suicidal.

Since no one said a word, Chu Kuangren took the Hongmeng Divine Metal. Then, he looked at Liu Hu and the others from the Radiant Church.

They all bowed at him respectfully before continuing their exploration of the Hongmeng Spirit World.

Along the way, Chu Kuangren got an update on the situation over the past few years.

They were scattered across Hongmeng Spirit World the moment they entered, so they all went on their own exploration and spent some time locating each other.

Nevertheless, some church members died in the process, including some Bachelor Saints and Saint Maidens.

For example, Bachelor Saint Lang, who argued with Chu Kuangren back then, was killed by another group of explorers while trying to secure himself some treasures.

However, Chu Kuangren did not care about him.

Bachelor Saint Lang was prejudiced against him. Even though he had used the Bodhi Samadhi to cleanse the Bachelor Saint of his hatred, it was just temporary.

The Bachelor Saint would definitely hate him again in the future.

Now that the Bachelor Saint was dead, it had saved him some trouble.

The group continued their exploration of the Hongmeng Spirit World.

After a satisfying exploration, they decided to leave.

The group finally exited Hongmeng Spirit World.

However, the moment they stepped out, a powerful aura descended from the sky and suppressed Chu Kuangren.

"This aura..."

Liu Hu's expression changed. Even with his cultivation realm, he was shaken by the aura.

Further away on a mountain peak, a figure stood tall in the sky. The person was the source of the boundless energy and aura.

He emanated an extremely strong aura that contained a terrifying killing intent. It was intense enough to freeze the realm.

"What a force to be reckoned with."

Chu Kuangren narrowed his eyes.

Lil Ai, too, started to analyze the person.

The person had a high cultivation level at the Grand Dao Supreme God Realm, which was two realms higher than the Grand Dao Life Mastery Realm of Liu Yu and Chu Kuangren.

Even Chu Kuangren felt pressured.

"Judging from the intensity of his killing intent, he must cultivate the Murderous Dao. It feels like he's targeting me. Hm... It's someone from the Apocalypse Martial Society."

Chu Kuangren had a hunch of the person's intention.

After a closer look, Liu Hu recognized the person.

"It can't be wrong. This aura belongs to one of the Ten Killer Stars of the Apocalypse Martial Society, Lang Sha!"

Liu Hu gulped nervously.

The Apocalypse Martial Society had a Monarch class as support, and the society alone was filled with elites.

Other than the ruler of the society, a Monarch-class Transcendentalist, the most feared elites would be the Ten Killer Stars.

All ten of them were murderous killers whose hands were tainted by blood. They all cultivated the Murderous Dao and were crazy enough to destroy universes.

Lang Sha was one of them, and he was a Grand Dao Supreme God.

"Swoosh!"

Lang Sha took a step forward. He jumped off the mountain peak and appeared before Chu Kuangren. His frosty gaze scanned over everyone at the entrance of the Hongmeng Spirit World.

Everyone felt chills from his gaze and had goosebumps all over their skin.

He was too scary. His killing intent alone was enough to make them feel like their bodies were being torn apart.

The only one who responded differently from the others was Chu Kuangren.

He stood still, unfazed and calm, and asked, "I don't remember having any problem with you, so why the intent to kill me?"

"My Murderous Dao makes me want to kill all things in the universe. It's not related to grudges. I have a killing intent for all life in the universe," Lang Sha said.

Chu Kuangren chuckled at his words.

"Well, it must not have been easy for you to make it so far. I'm surprised you're still alive."

With a killing intent for all things alive in the universe, he was obviously the common enemy of all living beings.

Hence, the fact that he was alive in front of Chu Kuangren was proof that he was powerful.

"My killing intent may not be related to grudges, but I'm here for revenge. You killed Lei Xuan and took the Hongmeng Divine Metal. Coincidentally, I lack a piece of divine metal to refine my weapon. I can kill you for it and take revenge for Lei Xuan."

Lei Xuan was the leader of the exploration team into Hongmeng Spirit World.

After he died, the members of the Apocalypse Martial Society informed the higher-ups.

Lang Sha was close, so he was sent to take care of the matter.

"A lot of people have tried to kill me over the years, but they all ended up as dead bodies beneath my feet. The same will happen to you," Chu Kuangren said.

Then, he stepped forward and walked up to Lang Sha.

Radiant energy erupted from his body.

It clashed with the murderous energy from Lang Sha.

The clash of both energies cracked the land.

Affected by the tremble, the cultivators from the Radiant Church lost their balances one by one.

Liu Hu quickly brought the group away.

"Your aura is quite powerful."

Lang Sha praised Chu Kuangren. "Amongst the Grand Dao Life Mastery cultivators I know, you're probably the strongest. However, too bad I'm a Grand Dao Supreme God, and you're just a Grand Dao Life Mastery!"

He unveiled a black sword that fired a sword ray at Chu Kuangren.

The murderous qi was as cold as ice.

"A swordsman?" Chu Kuangren's lips curled into a smile. He pointed his sword hand sign forward, and the Radiant energy formed a vigorous sword qi that was shot at Lang Sha.

"Bang!"

The moment the sword qi clashed, sword intents swept across the field.

The land was damaged by the stray sword qi, and massive sword marks struck the mountains around them.

The sword qi carved deep marks on the land and mountains.

Lang Sha concentrated his gaze on Chu Kuangren. "You're a swordsman as well?"

"I know a thing or two about it."

"If you do, draw your sword."

"My sword can't be used right now."

The Descendant Self Sword could not handle Chu Kuangren's full power now.

Fighting Lang Sha, a Grand Dao Supreme God cultivator, would easily break the sword, which would be pitiful.

Therefore, he chose not to use it.

"A swordsman who doesn't use a sword? Are you mocking me?" Lang Sha said coldly.

He then swung the black sword at Chu Kuangren.

The intense sword ray devoured the path ahead of him.

"Great Judgment of Light!"

Chu Kuangren used the Radiant Dao's strongest technique.

The boundless Radiant energy gushed forward in the form of a light ball and blocked the incoming sword qi with a blast.

The blast marked the start of the battle.

"Radiant Divine Arrow!"

Chu Kuangren manifested a white bow in the air and shot an arrow at Lang Sha.

The arrow soared across the air and tore the void.

Lang Sha blocked the arrow with his sword.

"Clank!"

The arrow shattered into countless light particles.

"Sixty-four Light Prison!"

Chu Kuangren bellowed as he transformed his Radiant energy into light pillars that fell from the sky. The light pillars sealed all of Lang Sha's route.

After that, he used his ultimate technique again.

The vast Radiant energy shook heaven and earth.

It was the strongest technique of the Radiant Temple — the Radiant Judgment, Heaven Earth Judgment!

Radiant energy gushed forward like a torrential tide and flooded the realm and Lang Sha together.

It was so powerful that it shocked Liu Hu and the others.

"Is he going to win?"

"The Child of Light is really powerful!"

Unparalleled After Ten Consecutive Draws

Chapter 2110: Radiant Three Thousand Worlds Again, Offense And Defense, He's Confident

"The Child of Light is too powerful!"

"Yeah! Not even the Killer Star Lang Sha is his match!"

"As expected of a legend!"

The cultivators discussed and praised Chu Kuangren's strength, except for Liu Hu.

He had a frown on his face as he found the whole thing odd.

Lang Sha, one of the Ten Killer Stars, was a Grand Dao Supreme God cultivator. How could he be so weak?

While the cultivators cheered and Liu Hu was baffled, a frosty killing intent erupted.

The killing intent was more terrifying than anything before, and it was from Lang Sha.

As he roared, the Great Dao energy in him expanded outward, blasting the sixty-four light pillars into pieces.

The shattered light fragments scattered everywhere.

Lang Sha raised his sword high and cackled. "Child of Light, you do live up to your name. Now, I'm done testing you. I shall show you my true strength."

"Apocalyptic Demon Martial Art, Seven Wolves Sky Devour!"

The Apocalyptic Demon Martial Art was cultivated by all the cultivators of the Apocalypse Martial Society. They would adapt the cultivation technique to their unique traits and develop a technique of their own.

Some were stronger, while some were weaker.

As one of the Ten Killer Stars, Lang Sha's own Apocalyptic Demon Martial Art was extremely powerful.

When the domineering sword qi was unleashed, it manifested into seven wolves that tried to tear Chu Kuangren into shreds.

The domineering aura shook heaven and earth. The seven wolves and the Radiant Judgment, Heaven Earth Judgment clashed, releasing a powerful blinding blast.

Chu Kuangren was just a Grand Dao Life Mastery cultivator with a boost from the Radiant Seed.

Lang Sha, on the other hand, was a Grand Dao Supreme God.

The Seven Wolves Sky Devour was similar to the Radiant Judgement, Heaven Earth Judgement, in which both were similarly mystical and at the same level.

The power of the technique was not determined by the technique's level but by the cultivator who cast it.

Given the absolute disadvantage in the cultivation realm, the seven wolves rushed forward with indomitable force, crushing the Radiant energy stream. They reached Chu Kuangren in an instant, and their fangs were inches away from shredding him.

The claws and fangs of the wolves were terrifying.

The killing intent of the wolves would instill fear in one.

Chu Kuangren threw a palm strike at the first wolf. Although he managed to block it, he was blasted tens of thousands of kilometers away, crashing through multiple mountains.

Six more wolves were chasing him.

"Die!" Lang Sha shouted.

The Radiant Church cultivators were anxious to see Chu Kuangren blasted away.

"Child of Light!"

"No!"

Then, a rampant surge of Radiant energy erupted from Chu Kuangren.

It contained the power of three thousand Daoist laws.

It was Chu Kuangren's ultimate technique.

"Radiant Three Thousand Worlds!" he shouted.

Endless Immortal Sparks gushed forward like a geyser. The radiance shone in all directions, shedding its light across three thousand worlds.

The three thousand Daoist law energies were combined with the Radiant energy to form a stronger and more vigorous Radiant energy stream than the Heaven Earth Judgment technique.

The combined attack was blasted forward, crushing the void inch by inch.

The six wolves were hit by the blast, howling in pain as they disintegrated into nothing.

The power of the Radiant Three Thousand Worlds continued forward.

After killing all the wolves, it moved forward with indomitable strength, aiming at Lang Sha.

It was a shift between offense and defense!

Lang Sha concentrated his gaze. He was surprised by the power of Chu Kuangren's attack as well.

"Apocalyptic Demon Martial Art, Wolf Elimination!"

He slashed his sword forward, summoning a massive wolf image again.

This wolf was bigger and stronger than all seven wolves he summoned earlier.

The giant wolf rushed toward the Radiant Three Thousand Worlds.

The collision left the land scorched. Even the void had cracks all over it.

Lang Sha was blasted tens of thousands of kilometers this time, similar to Chu Kuangren earlier. He, too, crashed through multiple mountains.

The robes on him were torn, and his hair was messed up.

However, other than looking wretched, he was barely damaged.

Unfortunately, he was in a terrible spot after being blasted away by Chu Kuangren, a cultivator who was two realms lower than him.

It insulted his pride.

"Child of Light! I will kill you... today!"

Frosty killing intent spread from him and formed a blizzard. In an instant, the area around him was frozen.

The cultivators from the Radiant Church were already cheering for Chu Kuangren, but when they sensed the frosty killing intent, they shivered, and their faces turned pale.

They were far away from the battlefield, yet they could already feel such intense killing intent. How intense was the killing intent for Chu Kuangren?

"Can the Child of Light beat this frosty killing intent?"

"I don't know. It's unclear now."

"The killing intent is too strong."

"If the Child of Light dies here, the Radiant Goddess will be mad."

...

Back at the Radiant Temple, the Radiant Goddess and Ming Fei, the Radiant Right Sky King, were beside the white pool, watching the battle outside Hongmeng Spirit World.

They saw the dangerous situation Chu Kuangren was in.

"I don't think he can defeat a Grand Dao Supreme God cultivator."

Ming Fei frowned and said, "Goddess, let me go. It's a little far, but I can make it in time if I use the Radiant Bridge."

Even though she was not fond of Chu Kuangren, he was the hope that the Radiant Goddess believed could counter the Doomsday Darkness. With that point alone, she could not allow Chu Kuangren to die in someone else's hand.

"There's no rush in that. Can't you see his confidence?" the Radiant Goddess said.

The reflection in the pool showed Chu Kuangren's confidence. He was unfazed and remained calm at Lang Sha's fury. In fact, he looked nonchalant and casual as ever.

After spending some time with Chu Kuangren, the Radiant Goddess had gotten to know him better.

He was not bluffing or trying to trick his opponent.

He was truly confident.

It made the Radiant Goddess curious as to how a Grand Dao Life Mastery cultivator gained his confidence when fighting a Grand Dao Supreme God cultivator.

...

Back at the battlefield, the fierce fight continued.

Chu Kuangren was not concerned that Lang Sha was attacking him.

Given his ace cards, unless he faced a Monarch-class enemy, he would need to use everything he had. Otherwise, he was not afraid of anyone.

Back in Black Flame City, Yu Yan, a Grand Dao Supreme God cultivator, had also tried to kill him, but he was able to toy around with the man.

Lang Sha was no exception.

"Maybe I can test the power of this eyeball," he muttered as he touched his left eye.

"Die!"

Lang Sha had no idea about what Chu Kuangren was thinking. He only had one thought in his mind, which was to tear Chu Kuangren to shreds.

With that, his figure vanished in a flash and appeared behind Chu Kuangren. The black sword he wielded swept across the void.

Following an irritating screech, the void was cut open by the blade.

Although Chu Kuangren blocked it with a burst of Radiant energy, he was blasted away again and crashed into a mountain.

Lang Sha did not give him the time to recover and followed up with multiple attacks.

Chu Kuangren used everything he had to block the attacks.

The energy shockwave and ripples from the clashes were strong enough to overturn the world.

The destruction started a dust storm around the mountains.

The others saw nothing but a heavy dust storm at the mountains and dazzling Radiant energy shining in the air. They could not see the fight clearly.
