

Unparalleled 211

Chapter 211: Crow Language in the Mass Grave (3)

Yun Zihai took it. When he saw the contents, his expression was exactly the same as Xu Bai's.

The two of them looked at each other. Seeing the same emotions, they shook their heads in unison.

It was very fake!

Not only was it fake, it was ridiculously fake.

With just this little bit of content, he had put all the blame on the Ye family head. Everyone knew the ins and outs of this.

"Fake is one thing. Don't you think it's a provocation?" Xu Bai said.

Yun Zihai nodded.

As long as they were smart enough, they could tell that this was fake, but the other party was still doing this. It was obvious that this was a provocation to them.

The meaning was very simple. I just wanted to make such a feint for you to see. You have no clues and can't find me. So what?

"It seems that we guessed correctly. At least the Ye family has connections." The clouds came from the sea.

As soon as he came over, he found out that the Ye family's master was dead. Then, the Ye family must have some connections. Otherwise, he wouldn't have been silenced. Or rather, the Ye family's master knew about this.

“No matter how you guess, it’s useless. We need someone who knows.” Xu Bai looked at Lady Wang and smiled.

As the saying goes, the person beside you knows the inside story the best. Moreover, there seemed to be something interesting in Eldest Madam Ye’s crying just now.

Lady Wang was still crying. She could hear their conversation, but it didn’t seem to affect her at all. She was crying with all her might.

Yun Zihai felt that it was very troublesome. Now that he was crying like this, how could he bring the other party back to the government office?

Since they were going to ask questions, they naturally couldn’t do it in the Ye family. If the other party came again to silence them, the consequences would be that all the clues would be lost.

“I’ll do it.” Xu Bai smiled and squatted down in front of Eldest Madam Ye. Then, he whispered a few words to her.

These few words were spoken very softly, and only the Eldest Madam of the Ye family could hear them.

After Xu Bai finished speaking, the Eldest Madam of the Ye family immediately stopped crying. She looked up at Xu Bai, wiped the tears from the corners of her eyes, and stood up with difficulty.

After standing up, he walked to the door and announced that he was going to the government office to cooperate with Lord Yun’s investigation. He told them not to panic and to do as they had done before.

The entire process was as smooth as flowing water. There was no delay at all. It was completed in an instant.

Chu Yu’s small mouth was slightly agape, and she could stuff a few eggs into it. She looked at the scene in front of her in disbelief.

With just a few words, he instantly pulled back a person who was crying so hard that the sky and earth collapsed.

She was very curious about what they said.

Chu Yu was eager to go up to Xu Bai, but when she saw that Xu Bai was busy with his work, she retracted her curiosity and hid behind him like a cat.

She wanted to ask but didn't dare to, as if her heart had been scratched by a cat.

"Let's go." "It's more important to return to the government office first," Xu Bai said."

With Xu Bai's words, everything became very smooth. The Eldest Madam of the Ye family followed them and left the Ye family directly, rushing towards the government office.

With the instructions of the First Madam of the Ye family, the people of the Ye family did not dare to say anything and followed her instructions.

By the time he returned to the government office, it was already afternoon.

The Eldest Madam of the Ye family had been following behind them without saying a word throughout the journey. However, there were fewer people around now, so Yun Zihai and Chu Yu's curiosity was aroused.

"Young Master, what did you say to her just Yu pulled Xu Bai's sleeve and tilted her head as she asked curiously.

Although Yun Zihai did not say anything, the expression in his eyes could not fool anyone. He was also very curious about what Xu Bai was saying.

“I told her that now that Master Ye is dead, the Ye family has a big business in Yunlai Mansion. We can’t let others divide the property. As long as Master Yun is here, everything will belong to First Madam. “Xu Bai glanced at the Eldest Madam of the Ye family and said with a teasing tone.

With First Madam, there would naturally be Second Madam, Third Madam, and Fourth Madam.

Although the Eldest Madam of the Ye family was crying just now and looked sad, the content of her crying was really not simple.

In just two or three sentences, he had taken over the heavy burden of the Ye family. As for whether this heavy burden was heavy or fragrant, who could say for sure?

What Xu Bai said was equivalent to telling the Eldest Madam of the Ye family that as long as she cooperated, she could be justified. With the support of the

Yunlai Manor, everything would be smooth sailing.

Yun Zihai was speechless.

Why did it feel like he had been Brother Xu’s cover recently?

Out of the blue, he was given another task and had to escort the First Madam of the Ye family.

“Brother Yun, do you think I’m borrowing your power?” Xu Bai said with a smile.

Yun Zihai hurriedly waved his hand.”

He really didn’t have such thoughts. He was just complaining.

“Actually, I’m doing this for your own good.” “You’ve just entered Yunlai Mansion, and you don’t even have any manpower. What do you need the most?” Xu Bai asked enigmatically. What you need is

people. The Ye family is a big family in Yunlai Mansion. It's good for you to have them helping you, but it's all a deal."

Xu Bai didn't say anything else, but Yun Zihai understood it clearly.

If he helped the First Madam of the Ye Family now, she would help him in return when she took over the power. This was a fair and reasonable deal.

When Yun Zihai thought of this, he grabbed Xu Bai's hand and said,""Brother Xu, I didn't expect you to be so considerate of me. I feel ashamed. It's my fortune to have met Brother Xu in this life.."

Chapter 212: Crow Language in the Mass Grave (4)

He was truly touched. There was nothing fake about it. He was sincere.

Xu Bai was speechless.

Actually, there was something he did not say. It was to help Yun Zihai recruit the Ye family. It was just a side effect.

However, looking at Yun Zihai's inexplicably touched expression, Xu Bai felt that it was better not to say this. After all, if he said it, everyone would be embarrassed.

Chu Yu took out the small notebook that she always carried with her and

started to remember it again. She kept repeating it as she did so.

"Old schemer, cunning old fox..."

Xu Bai was stunned. He then grabbed Chu Yu's ear and dragged her closer.

"It hurts, it hurts, it hurts, it hurts..." Chu Yu cried out in pain within a second. "Change it a little. It's far-sighted and unparalleled in wisdom."

Chu Yu widened her eyes and looked pitiful. Under Xu Bai's coercion and temptation, she finally crossed out the two words and replaced them with new words according to Xu Bai's instructions.

As she changed, she felt wronged.

"I'm so angry. I wrote the truth."

The journey was very safe and there were no abnormalities.

When they returned to the yamen, Xu Bai and Yun Zihai took the Eldest Madam of the Ye family to a room.

The Eldest Madam of the Ye family was very obedient throughout the entire process and did not resist at all. After all, what Xu Bai had said to her previously had made her think differently.

"Tell me everything you know. Don't hide it. I'll be able to see it." Yun Zihai sat on the chair and looked straight at the Eldest Madam of the Ye family as he spoke seriously.

"I know. Recently, Old Master has been very abnormal. From time to time, he locks himself in the house alone and refuses to see anyone. The Eldest Madam of the Ye family sorted out her emotions and told him everything she knew.

According to the Eldest Madam of the Ye family, the head of the Ye family had become extremely abnormal since a while ago. He no longer appeared in front of everyone. Other than when he was eating, he spent most of his time alone in his room and did not see anyone.

As time passed, everyone realized that the Ye Family Head had become extremely haggard, as if he hadn't slept for months. He was visibly exhausted.

As the head of the Ye family who could fight ten people, this was the first time he had such an image. Although everyone was puzzled, no one dared to ask. After all, in the entire Ye family, the head of the Ye family had the final say.

Eldest Madam Ye didn't dare to ask, but she kept this doubt in her heart.

Until not long ago, the Ye family's master suddenly found her and gave her a brocade bag. He told her not to open it and to keep it with her unless there was a major change.

There was a special seal on the brocade bag. Once it was opened, it would be seen.

Although the Eldest Madam of the Ye family was curious, she thought that she had to establish an image in front of her master, so she had never opened it. It wasn't until today that she remembered this matter, and she felt that it was even more ridiculous.

As she spoke, Eldest Madam Ye took out the brocade bag and placed it on the table, pretending to be very honest.

Xu Bai picked up the brocade bag and looked at the specially made seal on it. He used a little force with his fingers and easily opened it.

When he saw what was inside clearly, he frowned slightly. He stretched out his thumb and index finger and took out a fist-sized paper ball from the brocade bag.

Through the back of the ball of paper, one could see the words written on it. Clearly, this ball of paper was filled with words.

Xu Bai opened the piece of paper and saw that it was densely packed with small words. After he finished reading the contents, he handed the paper to Yun Zihai.

“Look, this matter is quite complicated.”

Yun Zihai was just about to put away the scroll when he saw Chu Yu looking at him curiously.

Yun Zihai had no choice but to pass the letter back to Chu Yu.

Chu Yu’s eyes widened as she continued reading. Her eyes were filled with shock.

The letter said that not long ago, a man in white found the Ye family’s master.

The man was dressed in white, and his eyes were covered with a piece of white cloth, as if he could not see.

At that time, the man told him that he needed him to do something, and it was very simple.

As long as the new Prefecture Magistrate arrived and placed many mirrors on the way, he would be safe.

Otherwise, the entire Ye Clan would be slaughtered.

The Ye Family Head believed it because this man in white had displayed an unusual strength. That strength made the Ye Family Head’s heart tremble.

He did so, but the more he did so, the more uneasy he felt.

During this time, the man in white came to the Ye family twice. After the exchange, the Ye Family Head found some clues.

He discovered the identity of the man in white.

While the two of them were talking, the man in white accidentally revealed the skin on his sleeve. There was a special tattoo on his skin.

The tattoo of a zombie!

The Ye Family wasn't the only family with corpse carriers. There were many other places with corpse carriers, and this was a tattoo unique to corpse carriers.

Every profession had its own unique and strange aspects, and of course, it was the same for a corpse carrier.

The reason why there were tattoos was that this profession was very unique. A unique tattoo could play the role of seeking good fortune and avoiding evil. What was tattooed on it was a ghost head with its eyes wide open.

Ghost heads had fiends, and fiends were used to suppress fiends!

However, it was this tattoo that made the Ye family head even more confused. After all, their profession needed ugly people to do it..

Chapter 213: Crow Language in the Mass Grave (5)

Although the man in white had his eyes covered, he looked like a handsome young master.

Why would a good-looking person become a corpse carrier?

When the Ye family head was confused, he went to look up the ancient books about their profession. Needless to say, he really found it.

In their line of work, there really were such unique people.

It was an extremely secretive branch, and even the corpse bearers were rarely known.

If it wasn't for the fact that the Ye Clan's Patriarch had this ancient book, he wouldn't be so clear about it.

This profession was known as the ghouls.

Why is it called eating corpses?

Of course, all of this was related to the characteristics of the zombie.

They were doing their job of transporting corpses from all over the world, but the easiest thing to trigger in the middle was the mutation of the corpses. After they became strange, they would produce terror.

Some of them would be affected by the evil aura of the corpses and lose their way.

If they were lucky, they would be able to get out in three to five days. If they were unlucky, they might be trapped for ten to twenty days, or even forever. Only when they died would everything disappear.

As time passed, the food and water they brought with them would gradually run out.

When a person had no food or water, they would feel a severe sense of hunger. A hungry person would never be able to resist the temptation of food.

Therefore, they set their sights on the so-called corpse.

Nothing could set a precedent, and it was the same in their line of work. Ever since that precedent was set, they discovered the benefits.

After eating corpses, the ghouls could actually extract the baleful aura for their own use and strengthen themselves.

Moreover, he could use this as a supplement to cultivate another profession, resulting in a terrifying cultivation speed.

However, there was a limit. The more he improved, the stronger the corpse he needed.

Eating corpses was known to everyone.

At that time, the corpse carriers also discovered their unique branch, and a great battle ensued.

What the ghouls did could be said to have abandoned the concept of this profession.

Corpses were originally customers of the corpse carriers, but they had eaten their own customers. Under such circumstances, they were despised by the entire industry.

Some even colluded with grave robbers to do some dirty things.

That battle lasted for a very long time.

The ghouls had just risen to prominence, so they naturally could not withstand the impact of an old profession. They quickly disappeared and were basically never seen again.

As for why he was so handsome, that was the effect of eating corpses. He was not from this branch, so the Ye family head could not explain it clearly.

In this letter, there was a particularly important clue at the end.

Mass Grave.

If the man in white had any hiding place, it would only be in the Mass Grave. The chances of him hiding anywhere else were very small.

The ghouls had this characteristic, but they also had restrictions.

What they did was absorb evil energy.

If one didn't eat it for a long time, they would be disturbed by the evil aura and die very quickly.

Therefore, the Mass Grave was the most suitable place.

The content of the letter ended here.

Xu Bai rubbed his chin and said, "It seems that I have to go and take a look. ""

"There's no time like the present. Let's go tonight." Yun Zihai nodded.

Since he had found something, he would hurry over and take a look.

"What about this person?" Chu Yu asked as she sized up Eldest Madam Ye.

"Let her go home directly. Let's go and do something important first." Xu Bai said.

Yun Zihai nodded repeatedly in agreement.

After that, they told the Eldest Madam of the Ye family to go home. Then, they rushed to the mass grave in Yunlai Prefecture without stopping.

The mass grave of Yunlai Prefecture was located in the western suburbs.

Mass graves were places where many people who died did not have a grave. They would find a place to bury them casually. Moreover, the direction of the graves dug was different, which was why this place was called a “mass grave”.

Of course, the government also placed the nameless bodies of murder cases there. Over time, more and more graves were buried here.

Not to mention a living person, even an animal would not pass by here normally. It looked gloomy.

Especially at night, people who passed by this place would even have to take a long detour to avoid getting a frown on their faces and getting into trouble.

At this moment, due to a series of events, it was already late at night. When Xu Bai and the others arrived, the moon was already hanging in the sky, shining with a pure white silver glow.

The moonlight was bright and clear, but when it shone on the mass grave, it looked abnormally sinister.

“Croak...Croak...”

A strange bird cry was heard. In the forest, on a withered tree, a black crow was standing on a branch, curiously sizing up Xu Bai.

The most terrifying thing at night was the crows ‘cawing. It was unpleasant and strange.

From the outside, the Mass Grave looked the same as before. There was nothing unusual. When Xu Bai and the others approached, they stopped.

Xu Bai narrowed his eyes and sized up the crow on the tree.”“Brother Yun, it looks like we were discovered as soon as we arrived here.”

Yun Zihai followed Xu Bai's gaze and finally stopped at the crow. On the tree, the crow tilted its head and actually spoke in human language...

Chapter 214: The Night Battle of the Beastmen (1)

"I didn't expect you to find this place."

In the forest, the crow standing on the branch had a hint of evil in its eyes. It stared at them with a horrified gaze and spoke in human language.

In the dark night, the crow's voice was as unpleasant as rubbing glass. It made one's hair stand in end

"And who are you?" Xu Bai looked at the crow with interest and teased.

Yun Zihai was on guard while Chu Yu was curious. She sized up the crow as if she was thinking about something.

The crow was like a piece of wood, standing on the tree without making any movements. Other than letting out a terrifying sound, it did not move at all.

"Xu Bai was originally a bodyguard in Sheng County. During the process of escorting, he was robbed by the Ferocious Tiger Gang and inexplicably returned to Sheng County. After that, he became a ninth-grade martial artist." ' After that, he destroyed the plot of the Extreme Life Sect one after another. He also received the support of the Jingang Temple and the Academy, which made him very popular in Sheng County..

Crow didn't answer. Instead, she began to recite Xu Bails life, starting from the Raging Tiger Camp.

Every sentence was detailed. From the beginning of the Raging Tiger Camp to the end, it included all of Xu Bails experiences.

“Xu Bai, am I right?”

After Crow had finished explaining Xu Bai’s experiences, she added with a hint of mockery and pride, as if she had just learned about the world’s greatest event and was eager to share her findings with others.

Xu Bai narrowed his eyes, his eyes filled with killing intent.” Asking to get very good, no missing place, it seems you are also getting ready to come, how? You asked so much about me just to show off?”

Xu Bai didn’t hide his killing intent when he said this, and it was getting stronger.

It was obvious that the other party was trying to find out more about him.

In other words, he had long been known by the other party. After all, it was impossible to gather so much information without a large amount of time.

Beside him, Yun Zihai was also frowning. Clearly, the other party had long calculated Xu Bai’s involvement in this action.

“Of course, I’m not trying to show off. In fact, I don’t mean to show off either. I just want to know what kind of person came to Yunlai Mansion to get involved in this mess.” Crow shook her head and said.

“This cloud is coming to the palace, but I don’t think you can wade through it.

In addition, I also want to ask Lord Yun about something.””

After explaining, Crow stopped talking to Xu Bai and turned her attention to Yun Zihai.

In the end, he seemed to have thought of something and added,”The three of you, don’t even think about going in to catch me. I’ve already left. In fact, I deliberately stayed here to see if you can find me.”

There was a hint of excitement in his words, as if he had met an enemy who had a 50 – 50 chance of winning.

“What do you want to ask me?” The clouds came from the sea.

“I want to ask, did Lord Yun come to Yunlai Mansion to enforce the law impartially, or to join in the evil?” Crow said slowly.

“Of course it is to enforce the law impartially. It is to realize my dreams and revenge. This Yunlai Mansion is my goal.” Yun Zihai said without hesitation.

“Yes.” When Crow heard Yun Zihai’s answer, she lowered her head as if she was thinking. After a long while, she said, “In that case, how about I point out a clear path for Lord Yun?”

Xu Bai realized that Chu Yu had her head lowered the whole time as if she was not interested in all of this.

According to his understanding of Chu Yu, she should be especially excited at this moment. After all, she loved strange things like this the most.

“It’s a little abnormal.” Xu Bai thought to himself.

However, he did not say it out loud. The current situation was not suitable. It would be the same if he asked later.

After hearing Crow’s question, Yun Zihai’s expression was calm. “A clear path?”

“What are you trying to show me?”

He was the Prefecture Token of a prefecture, yet he was being guided by an outsider, who even said that he would show him a clear path. Wasn’t this a joke?

Of course, if Xu Bai had said that to him, he wouldn't have any problems with it. He would even want to hear it very much.

What kind of person was Xu Bai? They had all gone through life and death in Sheng County. Yun Zihai would definitely listen.

But now, this crow dared to point fingers at him. Wasn't this nonsense?

Yun Zihai was still a genius of the Green Cloud Academy. To be able to write an article that could move the emperor, the arrogance of a scholar was not lacking at all. In fact, there was a lot of it.

However, in front of Xu Bai, he wouldn't show his arrogance. After all, there were different people..

Therefore, the crow's tone made Yun Zihai extremely unhappy.

"I know that Lord Yun doesn't like to be ordered around, but what I want to say is that if Lord Yun chooses the second option, we'll join hands and this Yunlai Mansion will really be yours." Crow said.

'We've talked for so long and you're not even willing to tell us your identity. You don't even have the sincerity to cooperate with us, right?' Xu Bai said.

"Since when did I need you to interrupt my conversation with Lord Yun?" The crow turned to Xu Bai. "Although you have many fortuitous encounters, you are not as noble as Lord Yun. You can't speak after I'm done.'"

After he said that, Xu Bai did not say anything, but Yun Zihai and Chu Yu gasped..

Chapter 215: The Night Battle of the Beastmen (2)

Good fellow, he was really good fellow.

Did he hear wrongly just now?

This crow seemed to be berating Xu Bai, and it seemed to be very disdainful?

Other people might not know, but Yun Zihai knew that Xu Bai was a man who was valued by King You Sheng. Just this point alone was really amazing.

Chu Yu had the same expression on her face. She knew more than Yun Zihai that the emperor was also snatching Xu Bai.

This crow was really awesome.

“Sigh, he’s finished. With Brother Xu’s vengeful heart, he basically saved and avenged himself.” Yun Zihai thought to himself.

Ever since Crow said that, Xu Bai had shut his mouth.

He looked calm on the surface, but deep in his eyes, there was a trace of unnoticeable ferocity.

This was the first time someone looked down on him after stepping into this circle.

Why don’t we find the person behind the scenes and cut him into pieces...

Xu Bai thought to himself.

“Lord Yun, you only need to do one thing to find out our identities.””

“What is it?” asked Yun Zihai.

“No matter what method Lord Yun uses to destroy the entire Ye family, as long as you do it, we will appear.” Crow continued.

“Then, I was caught by you and became your puppet from then on.” Yun Zihai smiled. “I think that the prefecture magistrate from before was killed by you because of this.”

Crow didn’t say much when she heard this. Clearly, she tacitly agreed with Yun Zihai’s words.

However, acquiescence was one thing, and some things were still explained.

“If you are a person without talent or virtue, you will naturally be a puppet.

However, Lord Yun is different. If Lord Yun joins us, you will be equal to us.” Crow’s tone became strange.

“I know that everyone wants to know my identity and who I belong to, but I won’t tell you these things. You won’t be able to find me. As long as Lord Yun does as I say, you will know.”

“Alright, I’ve already said so much. Believe it or not, it’s up to you. If you’re willing to do it, then do it. If you don’t, the rest of your days might not be very good.”

After the last sentence, the crow suddenly stiffened and fell from the branch. After landing on the ground, it struggled a few times and lost its life. The surroundings were dark, and no sound came out. It was unusually cold.

“Brother Xu, do you have any good ideas?” Yun Zihai asked.

The other party clearly wanted to drag him down, or else they would continue to hide and cause trouble in the dark.

Actually, according to his thoughts, he would either pretend to do this or not do it. When the other party destroyed it more times, the clues would naturally appear.

However, there was still a very important problem.

That was whether the damage they caused was great. If the damage was great, would what they sacrificed be worth it?

“If you ask me what to do, why don’t you ask her?” Xu Bai did not answer Yun Zihai’s question directly. Instead, he turned around and looked at Chu Yu beside him. He raised his right hand and patted Chu Yu’s shoulder.

Chu Yu had been deep in thought ever since she saw the crow. She only regained her senses when Xu Bai patted her shoulder. She looked up with a blank expression. It was obvious that she did not hear what Xu Bai said.

“You should have some ideas.” Xu Bai said with a smile.

According to Chu Yu’s personality, she would not be so quiet. Something must have happened to make her look like that.

Chu Yu was stunned.” I just realized that if what I knew before was true and that the man in white was a ghoul, he might not be just a ghoul.”

As she spoke, Chu Yu pointed at the crow on the ground. She paused for a

moment before she continued, “This is very similar to a beast language master. It is a very ancient profession that specializes in controlling all kinds of wild beasts and bestowing them with special abilities. They can also use wild beasts to speak, or in other words, they can sense the situation around them through wild beasts.”

Beast Speaker?

“Brother Yun, have you heard of this profession?” Xu Bai stroked his chin.”

Yun Zihai thought about it and nodded. Then, he shook his head. "I've heard of it, but I've never heard of it. Just like this lady said, this profession is especially ancient. I only know that during the war between Great Chu and Great Yue, this profession controlled wild beasts and played an important role."

Chu Yu said, "To be precise, there's almost no such thing in the Great Chu State. However, there are some in the Great Yue State. Although it's not common, there are some in the Great Yue State. From this, I can infer that the hidden forces might be related to the Great Yue State. ""

Yun Zihai fell into deep thought.

If what Chu Yu said was true, then there were more and more secrets in this place.

If it was just a fight between local forces, then everything would be fine. However, if it was involved in the Great Yue State, the nature of this matter would change.

The internal problem had turned into an external problem.

"Besides, I know this industry quite well. Maybe I can find his position." At this moment, Chu Yu finally said something useful.

"What?" Xu Bai's eyes lit up. You can find the exact location. Tell me, where is this guy hiding? I really want to catch him and skin him alive."

This disgusting crow actually dared to berate him and even spoke to him in such an extremely disdainful language.

He, Xu Bai, was extremely vengeful.

"You know about the Beast Speaker?" Yun Zihai raised his head abruptly."

He couldn't help but recall what the lady had said just now..

Chapter 216: The Night Battle of the Beastmen (3)

If this business was extremely secretive, how did this girl know?

Thinking of this, Yun Zihai could not help but turn his head and size up Xu Bai.

In his eyes, not only was Xu Bai mysterious, but even the people around Xu Bai were mysterious. For example, this girl was definitely not as simple as she looked.

Not to mention the strength of a Rank-6 expert, just the knowledge alone was very abnormal.

Of course, Yun Zihai also knew that everyone had their own unique secrets, so he did not ask around. In his opinion, it was enough as long as there was news.

Seeing that Xu Bai was in a hurry, Chu Yu did not stop and began to explain.

“Beast Whisperers are able to control wild beasts not because they can speak the language of the beasts, but because they can forcefully wipe out the souls of wild beasts, then extract their own energy and inject it into the wild beasts, giving them unique abilities. As their strength increases, the more energy they can extract.”

However, we can track them because Beast Whisperers have a weakness. They are very fragile, and the beasts they control are connected to them. Even if they die, we can still find many traces.”

“For the crow that died just now, we can use our energy to infiltrate the crow and search for traces. Unfortunately, we don’t have anyone here who can use energy.”

As she spoke, Chu Yu made a helpless gesture, indicating that she really had no other choice.

Chu Yu's Formless Heart Sutra was actually a cultivation method of the Taoist school, and it cultivated divine essence.

As for Yun Zihai, he was also a scholar who converted his divine essence into Noble Qi.

Neither of them had the energy to search for it.

There seemed to be more clues here, but in fact, they had already been cut off and were of no use.

'Let's go back and discuss how we should come up with the next step,' Yun Zihai said.

Since there were no clues, he would follow Crow's words and think of a way to trace the clues to the melon. He would see if he could find anything from it and find a solution.

However, before he could finish his sentence, he was interrupted by Xu Bai.

"If it's just energy, I might be able to give it a try.""

"Brother Xu, aren't you a martial artist? How could a warrior have the energy?"

Wait, I remember that when you were dealing with the eighth prince, you seemed to have a different ability. You cultivated multiple times, no, you cultivated three times!"

Chu Yu was shocked when she heard that. She looked at Xu Bai as if he was a monster.

"Young Master, how old are you this year?" Chu Yu's mouth was agape, and her eyes were wide open.

"I should be about the same as you," Xu Bai said."

Impossible! Absolutely impossible!" Chu Yu shook her head repeatedly."

You're the Third Cultivator of True Virtue, the Third Cultivator of True Virtue.

This is no joke. You're so young, yet you're able to achieve such a realm with the Third Cultivator of True Virtue. How is that possible?!"

She looked like she had been played with.

Since ancient times, they had heard of the existence of multi-cultivation, but those were all old monsters- Even if they cultivated more. They could not

withstand it. The side effects of being distracted were very big.

Only by slowly enduring it over time could they endure it. However, by the time they reached that realm, those who cultivated alone would have already become much stronger.

Just now, Xu Bai said that he was about the same age as her, but his strength was stronger than hers. Wasn't this a lie?

No wonder, no wonder he had to fight with his father over his eldest uncle.

"I told you, this is just a basic operation. Don't be surprised." Xu Bai waved his hand and pretended to be calm, telling the two of them not to be too excited.

At this moment, he did not want to discuss this issue too much. Instead, he walked to the crow and slowly squatted down.

The crows were pitch black. If one was far away, they would not be able to see the situation clearly. They would not even know that a crow had died here.

Xu Bai thought that since he was required to use energy, his True Core Strength was completely capable of doing it.

True elemental energy could be converted between the three of them. It could be said to be an extremely buggy existence.

At the thought of this, Xu Bai looked at Chu Yu, who was still in a daze, and asked with a frown.

“Why are you still in a daze? Come over quickly and teach me how to do it.”

Chu Yu was still immersed in her shock. She was shocked when she heard Xu Bai’s words. She quickly regained her senses and walked to Xu Bai to teach him how to operate the machine.

Xu Bai followed Chu Yu’s instructions and began to channel his vital essence. He closed his eyes and sensed it carefully. In just a short while, he sensed a trace of abnormality.

Within the crow’s body, there was a tiny speck of light, at most the size of a

sesame seed, in the crow’s mind.

This was the energy that the white-robed man had injected into him. At this moment, it was gradually dissipating at a speed visible to the naked eye. Once it disappeared completely, it would be very difficult to find it again.

Xu Bai was very serious. He carefully controlled his True Core Strength and wrapped it around the ball of energy.

When the True Essence Energy got close, it was like a ferocious beast that devoured the ball of energy.

However, although it looked like it was being swallowed, it actually wasn’t. Instead, it was preventing the energy from spreading and disappearing, but it was only slowing down.

Xu Bai suddenly opened his eyes. He sensed something unusual.

It was as if there was a mysterious guide telling him the location of the man in white.

“Have you found it?” Chu Yu asked curiously.

When she was in the palace, she liked to read all kinds of books. She had read about this method in a book, but she was not sure if it would work..

Chapter 217: The Night Battle of the Beastmen (4)

Xu Bai nodded and unsheathed his Ghost Head Blade.”Before this ball of energy completely disappears, let’s hurry over and press him on the ground.”

When he said this, Xu Bai’s body was filled with a fierce killing intent. It circled around Xu Bai and made people shudder.

Yun Zihai rubbed the space between his brows and sighed. The man in white

was probably doomed.

Of all the people, why did they have to provoke this one? Wasn’t it asking for trouble?

“Brother Xu, leave one alive later.” Yun Zihai felt that he still had to say something to prevent Xu Bai from killing with all his might.

Xu Bai turned around and took out the antidote pill from his waist.””Don’t they like to commit suicide by taking poison? I’ve already prepared the antidote for them. I’ll give them the antidote first and then leave a mouth for that guy to speak.”

The poison that these mysterious people had consumed was also in the Hundred Poisons Dissolution. Coincidentally, he could cure it now.

Everything that happened before was too sudden. After all, the poison was very powerful. After eating it, it would immediately turn into a pool of blood. There was no time to take the antidote.

However, it was different now. After understanding it, as long as it was taken before the incident, the poison would be useless.

Yun Zihai heaved a sigh of relief.

As long as he could speak, it was fine. As for the rest, he couldn't care less. Xu Bai didn't delay any further. He followed the directions in his mind and headed toward that place.

At this moment, in a remote wilderness, a young man in white was standing on the spot, looking at the full moon in the sky.

To be precise, he didn't need to look at this action. He just looked up.

His eyes were covered with a piece of white cloth, so he couldn't see anything at all, let alone admire the moon.

Beside the young man was a pack of wolves.

Each wolf was very big. They surrounded the young man and prostrated themselves as if they were worshipping a wolf king.

After raising his head for a while, the young man in white slowly lowered his head and returned to normal.

Beside the young man in white stood a woman.

The woman was wearing a pink muslin dress, revealing many parts of her body, making one's blood boil.

She had a seductive appearance, especially her eyes. When she moved them, they were like spring water that seeped into her bones.

"Seven Ghost, you shouldn't have gone to them on your own. What we need is a more suitable opportunity." The flirtatious woman stared at the young man in white, and her tone carried a trace of anger.

However, even this angry voice sounded exceptionally gentle. It did not seem like she was throwing a tantrum, but rather, it sounded like she was pouting.

The white-robed young man, Gui Qi, turned his head and faced the flirtatious woman. "Sometimes, it's better to be direct than to beat around the bush."

The flirtatious woman frowned and wanted to say something, but in the end, she hid all her words and said no more.

She looked at the surrounding wolves and said, "Order them to move aside. I'm leaving."

"Pink, why don't you come with me and watch a good show? Let's see how they choose. And how conflicted you are." Seven Ghost opened his arms, a sickly smile on his face. "I like to see the choices of others. Just like me back then, I gave up my eyes and obtained the ability of a Beast Speaker. With the help of a

ghoul, I was born to stand in front of many solo cultivators."

Pink chuckled. "Then you chose to be a Beast Speaker. This is a fragile and paper-like profession. Every Beast Speaker must destroy one of their five senses in order to be more focused. Is it worth it?"

"There's no such thing as being worth it or not. This is a choice. I was born to be in this line of work." "For example, I'm standing in front of you, but you can't kill me."

As Seven Ghost finished his sentence, his sleeves fell down with the force of gravity, revealing his arms.

His arms were covered with fine wolf fur, which looked extremely terrifying.

"Unfortunately, I wasn't born in that war-torn era. My talent was outstanding enough. The branch of the Beast Speaker, the Beastman Master, transformed himself into a beast. The ghouls were no longer ghouls, but the corpses of wild beasts." "That way, I won't have any weaknesses," Seven Ghost said. "Do you think I'm a genius?"

'You've been bragging to every acquaintance you've met over the years. I think you're not only a genius, but also a genius who loves to show off.'

As she spoke, Hong Fen looked at the strange person in front of her. She felt even more bored and wanted to leave quickly.

"Are you really not going to accompany me to take a look?" "I'm fine." Seven Ghost approached the pink girl and said, "Maybe you can accompany me to take a look and see my talent. We can really spend a night together."

Pink laughed coldly and stopped talking to Seven Ghost. She exerted strength in her legs and flew out of the wolf pack like a bird.

Before she flew away, she left a sentence.

"I don't like to be with wild beasts."

Seven Ghost looked in the direction that Pink had left, and a ferocious expression appeared on his originally calm face. "Heh, just you wait. One day, I'll make you obedient."

After saying this, he looked at a wild wolf beside him and let out a fierce roar. This roar did not sound like a human's voice, but a beast's.

As soon as the roar fell, the wild wolf actually obediently walked in front of Seven Ghost and prostrated on the ground.

Seven Ghost grabbed the wolf's leg and tore it off. Then, he started to eat it in the dark..

Chapter 218: The Night Battle of the Beastmen (5)

The gnawing sound was especially ear-piercing in the dark night, appearing abnormally terrifying and making one's hair stand on end.

In less than the time for an incense stick to burn, the wolf in front of him was gone, turning into a pile of bones.

Seven Ghost took out a handkerchief from his sleeve and elegantly wiped away the blood at the corner of his mouth. His expression was completely different from his earlier expression.

"Ah, fresh flesh and blood, it really makes one drool."

His cold voice echoed in the dark night.

At this moment, in addition to his sigh, there was the sound of broken footsteps, accompanied by a biting cold wind.

To be precise, the sound of the wind was very mixed, as if there was a hurricane drifting past.

Seven Ghost was slightly stunned. He raised his head and turned his head in the direction of the wind. Then, the sky full of copper coins shot toward him with a terrifying black light.

The speed was so fast that before he could react, the copper coin had already landed on his body.

Pain suddenly spread throughout his body. His clothes were torn by the copper coins, and terrifying wounds appeared on his body.

“Who is it?” Seven Ghost said angrily.

Those wounds were disappearing at a speed visible to the naked eye. The recovery speed was so strong that it made people break their tongues.

Although Beast Whisperers would automatically discard one of their five senses, the beast had already become their new five senses. Therefore, he discovered Xu Bai and the others at the first moment.

“Didn’t you say that the Beast Language Master is very fragile? This didn’t look fragile at all.” Xu Bai asked Chu Yu as he walked with Ghost Head Blade.

Chu Yu shook her head in confusion when she heard that. “It seems to be a new branch. I’ve never seen it before.”

There were countless professions in the world, and each profession had many branches. Everyone had a different profession and different branches. Of course, it was impossible to know everything.

“Brother Xu, this person looks no different from a wild beast.” The clouds came from the sea.

At this moment, Seven Ghost finally realized that Xu Bai and the others had followed the trail.

He didn’t know how Xu Bai and the others had found him. After all, Xu Bai and the others didn’t have the energy. However, since they had already come, the situation had become very serious.

“I really didn’t expect you guys to be able to find your way here. But then again, you guys came here just to kill me. You didn’t even consider the idea I started talking about?” Seven Ghost asked.

This sentence was actually directed at Yun Zihai.

Yun Zihai shook his head and said, "Even if I agree, Brother Xu will not agree. After all..." You have truly offended Brother Xu."

"Brother Xu?" "Is he that important?"

It was obvious that Seven Ghost still ignored Xu Bai's existence and thought that Xu Bai was just a foil to Yun Zihai.

Yun Zihai was speechless.

He wanted to say that it was not just important, but very important, but Xu Bai did not give him any chance.

"Let's fight." Xu Bai narrowed his eyes. After saying that, he rushed toward Seven Ghost.

He executed the Four Steps Technique, and with a large opening and closing movement, each step covered a distance of more than ten steps for an ordinary person. In the blink of an eye, he had already arrived in front of them. At the same time, the Ghost Head Blade in his hand attacked the wolf pack at the front.

This saber, which was wrapped in the dark light of the Vajra Heart Devil Body, instantly killed dozens of wild wolves in front of him.

Seven Ghost had never expected that they would start fighting so soon.

He quickly gathered his thoughts and controlled the wild wolf, which then rushed toward Xu Bai.

The wild wolves roared. Over a hundred wild wolves gathered together, and their power was astonishing.

Moreover, each wild wolf had different abilities. Some could breathe fire, some had strong bodies, and some could even spread their wings and fly in the sky.

This was the ability of a Beast Speaker, granting wild beasts special powers.

“Brother Xu, capture the leader first.” When Yun Zihai saw the pack of wild wolves, he raised the brush in his hand and kept writing in the sky.

With every word, a page would float up. These pages gradually drifted into the pack of wild wolves, like a huge meat grinder, crushing all the wild wolves.

Chu Yu’s attack was even simpler. She dodged every wild wolf’s attack as if she was taking a stroll in the yard. Then, she casually struck out with her palm and used her killing move.

The three of them each had a different attack method, and the situation began to be one-sided.

After seeing this, Seven Ghost didn’t panic at all. Instead, he stared at Xu Bai and the others, his eyes filled with ferocity and anger.

of an eye, they entered Seven Ghost’s body.

Corpse Eaters devoured flesh and blood.

As the blood essence was continuously devoured, Seven Ghost’s body began to gradually expand. His clothes were torn apart, and his exposed skin was covered with black brown hair.

This black brown fur was like a wild wolf. Not only that, but Seven Ghost’s mouth also started to become sharp. Two ears popped out from his head, and he became even more ferocious.

In the blink of an eye, he no longer had the appearance of a human. Instead, he had transformed into a three-meter-tall wolf that stood upright.

“Roar!” Seven Ghost roared and rushed toward Xu Bai.

His anger could not be any greater now, and he vented it all on Xu Bai because he felt that if it were not for Xu Bai, Yun Zihai might have agreed.

Xu Bai slashed the wild wolf in front of him into two halves. Looking at Seven Ghost charging at him, the corners of his mouth curled up slightly.

Putting his saber back into its sheath, a black light rose from his body. Xu Bai stretched out his index finger and hooked it at Seven Ghost.

“Come..”

Chapter 219: Clues Hit and Clouds of Doubt (1)

It was a simple word, but it was especially cold in the dark night. Looking at Seven Ghost rushing over, Xu Bai kept his finger hooked, but his eyes were filled with killing intent.

There were no more wild wolves in the surroundings. All that was left were the corpses of wild wolves. When Seven Ghost rushed toward Xu Bai, his fur was all blown up, and he looked extremely terrifying.

It was extremely fast, and in the blink of an eye, it was already in front of Xu Bai. The pair of huge hands that had already turned into wolf claws grabbed at Xu Bai from top to bottom.

How big was a three-meter-tall standing wolf? How big were his hands?

That hand was like a small millstone. If he grabbed it tightly, he would definitely shatter it into pieces.

The claws brought up the sound of wind as they got closer and closer to Xu Bai. Just as they were about to grab him, Xu Bai reached out and pressed on Seven Ghost's wolf claws.

"Boom!"

A loud sound rang out, bringing with it a strong wind in the surroundings. Cracks appeared where Xu Bai was standing, and they spread out like a spider web. At the same time, the ground began to collapse, and the surrounding wind brought up smoke that spread out.

However, the claw stopped abruptly and did not advance any further.

This might not be the case! Seven Ghost's eyes were filled with shock, and his face was filled with disbelief. This scene had exceeded his imagination.

Even if the other party was a Level Six expert, he would not be able to block his attack so easily. Even if it was a Level Five expert, there would be some changes. At least he would have to take a step back.

But now, not only did Xu Bai not retreat, he did not even move. He just held him down forcefully.

Seven Ghost's gaze stopped on the layer of black light on Xu Bai's body. Then, his expression changed slightly.

It wasn't a matter of strength, but that layer of black light had its origins.

At the thought of this, Seven Ghost wanted to retreat, but in the next moment, he realized that he couldn't. Xu Bai grabbed his wrist and kicked him in the chest.

The Vajra Heart Devil Body's black light could be used for both offense and defense. It wasn't just for defense. In terms of offensive power, it was especially powerful.

The kick landed squarely on Seven Ghost, and a muffled sound came from his chest.

Seven Ghost only felt a pain in his chest. Then, the pain gradually spread along his chest, and his entire body began to go numb.

“Who gave you the courage to talk to me like this?” Xu Bai pulled out Ghost Head Blade and cut off Seven Ghost’s arm.

Ghost Head Blade’s hundreds of fierce poisons flowed through his blood and instantly entered Ghost Weep’s body.

Even a Level Six expert would have huge side effects after being poisoned.

Seven Ghost only felt his blood and Qi were not flowing smoothly, and his head felt dizzy. He hurriedly took two steps back to increase the distance.

In the next moment, a powerful recovery force suddenly appeared. His broken arm began to gradually grow out and interweave. In less than two breaths, it was as good as new.

“Your recovery is not bad.” Xu Bai revealed a mysterious smile that made people confused.

” You’re the strongest here?” Seven Ghost’s eyes flashed with ruthlessness.” I underestimated you.””

Originally, he thought that Xu Bai had only been following Yun Zihai to curry favor with him. However, today had changed his mind.

This was probably not Xu Bai’s thigh, but Yun Zihai’s thigh. Everything had to be reversed.

The man in front of her was unimaginably powerful. Most importantly, he had maintained his calm demeanor without any change.

In such a situation, he was either overly confident or had enough strength. There was no need to worry about anything else.

Looking at his newly grown arm, Seven Ghost knew that his opponent belonged to the second type.

“Your powerful recovery ability is really not bad. “Xu Bai said again. Then, he turned his head and said something to Yun Zihai and the other man,”“It’s been a long time since I’ve been so free. Don’t make a move yet, just prevent him from escaping.”

Yun Zihai and Chu Yu looked at each other and expressed that they did not understand the meaning behind it. However, since Xu Bai had already given the order, they did not care about it anymore. They just stood guard at the side to prevent Seven Ghost from escaping.

“What do you mean?” Seven Ghost was slightly stunned, not understanding the other party’s thoughts.

“Nothing much. I just feel that there’s finally someone I can play with. “Xu Bai wiped Ghost Head Blade’s blade with his hand, and the smile on his face did not change at all.”“The enemies I encountered in the past were all resolved in a few moves. Today, you are especially lucky to be able to taste all of my abilities.”

As soon as he finished speaking, everyone present was stunned and shuddered.

When a person used a particularly calm tone but said something like a devil, this extreme contrast would make people feel especially afraid.

“You are insulting me!” Seven Ghost finally reacted. With an angry expression, he rushed toward Xu Bai.

“Not convinced?” Xu Bai raised his Ghost Head Blade and slashed it across Seven Ghost’s neck.

This strike seemed weak and weak, but that was reflected in the transformation of the Purple Cloud Reversal of Yin and Yang mental cultivation method. In fact, the strength of this strike could be said to cause people’s expressions to change.

Seven Ghost could also tell that this attack was very weak, but he didn’t let down his guard. He wanted to remove his defense, but he saw that Xu Bai had changed.

In front of him, Xu Bai suddenly became full of flaws. His entire body was full of flaws, and every movement was filled with a large number of weaknesses.

This kind of weakness was intuitive, and anyone could see it.

To Seven Ghost, Xu Bai was like a tempting delicacy. He couldn't help but want to attack..

Chapter 220: Clues Hit and Clouds of Doubt (2)

The giant claw rushed forward and grabbed at one of the weak points. The next moment, he felt a pain in his neck. His head flew high into the air and fell to the ground in a beautiful arc.

“What kind of ability is this?”

The headless body quickly retreated. The head that fell to the ground opened its mouth and roared angrily.

Before this, he had investigated Xu Bai very thoroughly, but he had never expected Xu Bai to have such abilities.

What he investigated was always Xu Bai's abilities, such as the black light of the Diamond Heart Devil Body, Xu Bai's saber techniques, and his movement techniques.

However, abilities like the Stellar Transposition and mental cultivation techniques were hidden in the dark. It was impossible to investigate them on the surface unless one experienced it personally. Those who had experienced it personally had long turned to ashes.

The headless body twisted, and a new head grew out. Seven Ghost's vitality was beyond imagination, and his recovery ability was even stronger. Even if his head was cut off, he could recover to his original state.

“Not bad. Such a powerful recovery ability. The more I look at it, the more I envy it. Unfortunately, I suddenly lost interest in you. “Xu Bai smiled and said,” You’re just a punching bag who only knows how to get beaten up. You’re not interested in me at all. ””

He suddenly felt a sense of disinterest.

To be honest, after entering this circle, he had met many people, but none of them had fully experienced all of his methods. As a result, he could not accurately measure his own strength.

Although he knew that he was very strong, just how strong was he? This indeed required a careful comparison.

He had thought that he could give it a try today and make sure that he knew what was going on. However, it seemed that the wolf in front of him could only be considered a qualified sandbag. It did not even have the ability to counterattack.

“Too weak.” Xu Bai said seriously.

Yun Zihai and Chu Yu’s faces stiffened.

“Brother Xu, you really are a sentimental person.”

“These words came from the young master. If it was someone else, I would have kicked him fiercely.”

Seven Ghost wasn’t weak at all. Whether it was strength or speed, he was one of the best. Coupled with his unimaginable recovery ability, even if he encountered a prolonged battle, he would be able to exhaust his opponent to death.

However, if his opponent was Xu Bai, his evaluation would only be three words.

Too weak.

It was probably Xu Bai's words. They were probably the truth. Otherwise, they would think that the other party was showing off.

When Seven Ghost recovered and heard Xu Bai's words, his face was filled with anger, as if he had been trampled on.

At this moment, in addition to this encounter, he understood in his heart that the other party was indeed much stronger than him.

Although he was very angry, he was not a person who was not afraid of death. On the contrary, he was very afraid of death. Therefore, after his anger, he quickly regained his calm.

Run!

This was the only word left in his mind.

He had to run, and he had to run far away. He would settle the score with them later. Today, he had to solve this predicament first.

His recovery ability was very strong, but he knew in his heart that this ability was not unlimited.

If this continued, he would die here sooner or later.

There was no one who did not cherish their lives, and Seven Ghost was the same. Thinking of this, he turned around without hesitation and prepared to escape.

The moment he turned around, Xu Bai had already seen through his thoughts. He used the Four Steps and arrived in front of Seven Ghost in a few steps.

"I remember you told me to shut up before, right?" Xu Bai's voice was calm, but this calmness was filled with a chill.

The Ghost Head Blade was raised, and the dazzling light of the blade was especially eye-catching in the suburbs.

The power of the two styles of Breaking and Breaking, coupled with the black light of the Vajra Heart Fiend Body, was sufficient.

Seven Ghost felt pain all over his body. In the next moment, his vision became shorter. His limbs had been cut off by Xu Bai, and he fell to the ground with a bang.

“Quickly recover, quickly recover!”

Looking at Xu Bai's smiling face, Seven Ghost screamed in his heart.

His recovery ability began to take effect, and his arms and legs grew back.

However, before he could do anything, he found a foot stepping on his chest. The black light on it carried a powerful destructive force, and his flesh and blood flew everywhere.

“Take your time. I want to see you recover bit by bit.”

This voice was like a devil's groan, causing Seven Ghost to shiver.

In the next moment, his four limbs were broken.

The recovery power continued, but every time it recovered, Xu Bai would cut it off again.

At the same time, the destructive power of the black light on the foot that stepped on his chest was not weak at all, making him unable to move.

At this moment, he deeply understood what despair was and what helplessness was.

He did not have many chances left.

Looking at Xu Bail's smiling face, Seven Ghost gritted his teeth and finally said,

"Please... Let me go."

After saying these words, he felt weak all over. In the end, he lay flat on the ground and made a pose.

Forget it, he might as well beg for mercy.

It was better than death.

Thinking of this, Seven Ghost became even more frustrated.

A pill flew in an arc and fell into Seven Ghost's mouth.

"What did you feed me just now?"

The medicinal pill that melted in his mouth was already gone. He was very horrified now.. What was the other party trying to do?
