

## Unparalleled 2131

### Unparalleled After Ten Consecutive Draws

#### Chapter 2131: Celestial Dzi Bead, Hongmeng Supreme Treasure's Power, Feng Sha Falls

Feng Sha gripped the spear in his hand tightly as he glared at Chu Kuangren frostily. "I shouldn't be surprised since you're the one who made it through the Hongmeng Primordial Tribulation. With such strength, you are worthy to be my opponent."

Then, he attacked with his spear again.

He swept forward, unleashing his Carnage Great Dao energy and flames, which transformed into a Godly Phoenix's shadow that flew toward Chu Kuangren with indomitable power.

The fiery attack contained unimaginable power.

A Common Grand Dao cultivator would easily perish under such a powerful strike.

Chu Kuangren, on the other hand, held his sword hand sign and swept it in the air.

He did not use his Primordial energy or the Radiant Dao but summoned a boundless vitality qi energy.

"Vitality Qi Divine Celestial, Almighty Heavenly Slash!"

The vitality qi energy manifested into a massive heavenly saber that swung downward.

The void was destroyed by its sheer force.

The Godly Phoenix's apparition was also cut in half, and it burst into a sea of flames.

After his powerful attack was canceled, Feng Sha's spear shone in a blazing light, and he channeled a stronger attack without the slightest hesitation.

"Apocalyptic Demon Martial Art, Nine Heavens Phoenix Cry!"

The crimson flame formed a stronger and bigger Godly Phoenix. It flapped its blazing wings and scorched the realm. It was as if the heat had turned the world into fire.

The Godly Phoenix was hotter than the sun, and its golden eyes were locked onto Chu Kuangren with an overflowing carnage aura.

The Flame Great Dao was just a cover.

The true power of the Godly Phoenix was the Carnage Great Dao.

Following its powerful cry, the Godly Phoenix flew down with a flap of its wings. The void, engulfed in its flame, was distorted.

Chu Kuangren channeled his vitality qi and unleashed it as a counterattack.

A bloody dragon was summoned with its fangs and claws targeting the Godly Phoenix.

"Vitality Qi Divine Celestial, Rising Dragon!"

As the dragon roared, both phoenix and dragon clashed.

The massive energy fluctuation expanded outward, wreaking havoc across the Apocalypse Martial Society Branch.

The cultivators caught in the blast were killed instantly.

However, Feng Sha disregarded the casualties. He channeled his Carnage Great Dao and infused the energy into the Godly Phoenix apparition to fight the bloody dragon.

Further away, Xiong Sha roared when he saw the scene.

He, too, channeled his Great Dao and summoned a grizzly bear to attack.

As for Hu Sha, because he was heavily injured by Chu Kuangren and his Great Dao was on the brink of collapse, he was in no position to join the fight.

Ou Chen showed a strong determination in his eyes as he stared at Chu Kuangren.

"If he doesn't die, I will never be at peace! Don't blame me for what I am about to do!"

Ou Chen performed a set of mystical hand seals, and a violet light shone from his body. The violet light was from a violet pearl that emanated Hongmeng spiritual qi.

It was a Hongmeng Supreme Treasure!

"Celestial Dzi Bead, go!"

Ou Chen continuously infused his Great Dao's energy into the violet pearl.

The pearl grew larger as it traveled, growing into the size of the sky in just a blink of an eye.

It crashed down at Chu Kuangren, carrying a vast image of the galaxy.

It felt like the universe was falling on him.

"Kaboom!"

It crashed right on top of Chu Kuangren.

The entire void around him collapsed instantly.

Everyone was delighted to see the hit land

"Did it work?"

"It's a direct hit from a Hongmeng Supreme Treasure. Even if he's not dead, he's surely severely injured."

However, when the dust settled, a person stood tall and firm with domineering vitality qi energy surrounding him.

One of his hands was holding the crashing sky, and the other wielded his sword. He looked grand and majestic.

"What?"

Ou Chen refused to believe his eyes.

Did Chu Kuangren stop the attack from the Hongmeng Supreme Treasure without any damage?

"So, is this the Hongmeng Supreme Treasure you crafted? I wonder how it squares against mine?" Chu Kuangren said calmly.

He then drew the Descendant Self Sword and swung it forward.

The sword qi burst upward to the sky, attacking the universe that the pearl manifested.

"Bang!"

As the universe exploded, the pearl was blasted away, reverting into its tiny pearl form. Ou Chen also suffered from the repulsion, and blood gushed from his mouth.

Chu Kuangren rose to the sky with the Descendant Self Sword in his hand.

He swung it forward. With a boost from the Hongmeng Supreme Treasure, even the simplest slash contained unparalleled power.

The sword qi flew and destroyed the Godly Phoenix and grizzly bear.

"Die!"

With a growl, Chu Kuangren locked his attack on Xiong Sha.

He swung his blade forward, and the sword qi slashed through the realm, tearing open the void.

Xiong Sha did not even get to resist before his mountain-like body was blasted away. The Great Dao inside his body was shaken to the point of collapse.

He managed to stabilize his Great Dao, but Chu Kuangren's next attack arrived. The sword qi carried power that could cut open worlds.

"Bang!"

Xiong Sha bled profusely as his bones and muscles were torn.

Finally, the Great Dao inside his body collapsed, marking his end.

"Xiong Sha!"

Feng Sha was horrified.

"Don't worry, you're next," a cold voice said.

It sounded like the whisper of death to Feng Sha.

Chu Kuangren raised the Descendant Self Sword and slashed downward.

Feng Sha raised his spear to block.

"Clank!"

His spear shook when it clashed with the Descendant Self Sword.

The Descendant Self Sword's power was terrifying.

One strike was all it took to blast Feng Sha away. Where the blade struck, there was even an obvious crack on Feng Sha's spear.

The spear was a Premium Chaos Supreme Treasure, yet it suffered a crack from the clash.

Only the Hongmeng Supreme Treasure, the Descendant Self Sword, could damage the spear to that extent.

"Swoosh!"

Followed by a sharp whirr, Chu Kuangren arrived before Feng Sha with a slash.

The vast sword qi that the blade released contained a powerful murderous aura.

It was the Immortal Destruction Sword Art!

"Clank!"

Feng Sha was blasted away again. This time, his spear broke into two.

"Damn it!"

Without his spear, his combat capabilities weakened severely.

On the contrary, Chu Kuangren's combat strength increased with the Descendant Self Sword in his hand.

"Celestial Dzi Bead, go!"

Ou Chen channeled his Hongmeng Supreme Treasure again and sent the entire universe crashing at Chu Kuangren once again.

"It's a good treasure. But if you insist, I'll take it," Chu Kuangren said.

He reached out to the incoming pearl and grabbed it.

At the same time, he channeled his Nine Primordial Tribulations Physique to the limit.

When he caught the Celestial Dzi Bead, it vibrated violently.

Ou Chen still had control over the pearl and was trying to take it back from Chu Kuangren.

However, Ou Chen's power was not strong enough to fully utilize the pearl's potential.

Chu Kuangren held the pearl tightly and channeled his vitality qi. He managed to stabilize it after a while.

That was when Ou Chen felt that his link with the Celestial Dzi Bead had broken, which shocked him.

Without the Hongmeng Supreme Treasure, he had lost his leverage against Chu Kuangren.

"Damn it! Apocalyptic Demon Martial Art, Nirvana!" Feng Sha roared.

Even without his weapon, the crimson flame around him engulfed him whole and transformed him into the Godly Phoenix.

The Godly Phoenix darted forward at Chu Kuangren like an arrow.

Feng Sha used all his power in that final attack.

The power of a Grand Dao Supreme Saint was utilized to its full potential.

Chu Kuangren reacted by raising his hand, summoning the power of the Radiant Great Dao and his Primordial energy.

He bellowed, "Radiant Three Thousand Worlds!"

Endless Immortal Sparks shone across the realm.

The majestic might attacked the Godly Phoenix that was Feng Sha.

The clash between the two energies released a blast so bright that it shadowed the sun.

"Bang!"

The Godly Phoenix's apparition was destroyed.

Feng Sha was blasted away. Multiple parts of his body exploded into bloody mist before he crashed onto the ground like a ragdoll.

The life of fire in him was extinguished when he crashed, and the wind carried his blood away.

Just like that, Feng Sha had fallen.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2132: Monarchs' Willpowers Clash, God Of Slaughter**

"Is... Feng Sha dead?"

The cultivators of the Apocalypse Martial Society were shocked, and their faces paled. Feng Sha was one of the high-ranking Killer Stars, yet he was dead. They were hit hard by the outcome.

Hu Sha, Elder Yun, Ou Chen, and the others were shaking.

However, Chu Kuangren's killing spree did not stop with Feng Sha.

He pointed his sword hand sign forward and unleashed tens of thousands of sword qi.

The sword qi contained his Primordial energy, and it was so strong that it could easily match the power of a common Grand Dao cultivator.

"Bang!"

Elder Yun was the first of many who suffered the same fate as Feng Sha. The sword qi ground him to bits.

Then, it was Xiong Sha's turn.

"No! No!"

Young Master Yuan was mortified. He crawled on the ground with disbelief smeared all over his face.

However, the sword qi showed him no mercy and easily drowned him.

Ou Chen might have lost his Hongmeng Supreme Treasure, but he was still a Grand Dao cultivator. Moreover, as a weaponsmith, he had quite some treasures with him.

He used multiple life-saving treasures to keep himself alive, but he knew he was still too weak to face Chu Kuangren now.

"Chu Kuangren, you can't kill me! Spare me, and I will tell you a secret about Myriad Arms City!"

However, Chu Kuangren was barely interested. He was not tempted by the alluring offer.

Now, Ou Yenuo was in control of the entire Myriad Arms City, and he served Chu Kuangren. Even if there were secrets in the city, Chu Kuangren had the time and leisure to explore it slowly.

Why would he need Ou Chen?

Ou Chen almost made him lose a Hongmeng Supreme Treasure.

He had to pay for what he did.

"Die."

Chu Kuangren swung the Descendant Self Sword down.

"Stop!"

Before the blade could strike its target, a boundless and domineering aura came from the void.

However, Chu Kuangren endured the aura and pressed forward with the slash. He slashed Ou Chen in half, ending the famed weaponsmith's life once and for all.

Clouds rumbled violently in the sky.

A powerful aura and killing intention flooded the realm.

It was as though the entire realm fell into purgatory.

A terrifying willpower has descended.

"Chu Kuangren, you shall die!"

A frosty voice came from the clouds and echoed across the realm.

Chu Kuangren narrowed his eyes.

It was a Monarch!

In other words, it must be the Apocalypse Martial Ruler!

The Apocalypse Martial Ruler sent only his willpower to intercept Chu Kuangren, not his true self, and it already contained such terrifying power and aura.

A Monarch was indeed powerful.

Chu Kuangren may be powerful enough to fight almost anyone below the Monarch class except for the Grand Dao Supreme Honorables, but unfortunately, he could not match the power of a Monarch.

When the Apocalypse Martial Ruler's will descended, the clouds at the horizon shone brightly as another Monarch's willpower arrived.

Chu Kuangren was familiar with the bright willpower.

It was the Radiant Goddess.

"Apocalypse Martial Ruler, have you forgotten about our deal? Or are you looking to fight me, Monarch versus Monarch?" the Radiant Goddess said.

"Kaboom!"

The two willpowers clashed, causing mystical images of destroyed stars and crushed planets to reflect in the void. A horrifying image was presented before everyone's eyes.

The battle between the two Monarchs released a powerful energy that overshadowed everything in the realm.

Even though it was just the clash of their respective willpower, they were mighty.

Chu Kuangren was amazed.

The other cultivators of the Apocalypse Martial Society knelt on the floor in fear.

The pressure from the Monarchs' auras prevented them from standing straight or lifting their heads.

"Radiant Goddess, the deal is still on, but Chu Kuangren has wreaked havoc on my branch and killed my men. He's going out of control."

"Ou Chen almost destroyed his Hongmeng Supreme Treasure, and the feud between them couldn't have been resolved peacefully. Yet, you and the Apocalypse Martial Society took Ou Chen in. It's obvious you're trying to oppose him. If I were him, I would strike your headquarters instead of your branch."

"You..."

The Apocalypse Martial Ruler was furious but speechless.

It all started because of Ou Chen.

However, being in a morally wrong position was not the main reason the Apocalypse Martial Ruler found himself in a difficult situation.

The main reason was that the Radiant Goddess protected Chu Kuangren and was even open to a full-fledged fight.

On second thought, the Apocalypse Martial Ruler decided to swallow his grievance and take a step back. He grunted and said, "Radiant Goddess, don't forget our deal. Once Chu Kuangren fails, I will take his life immediately. No one can stand in my way then."

"I have faith in him."

"Hmph. Why are you people still standing there?"

The Apocalypse Martial Ruler then grunted at the cultivators of the branch.

Everyone immediately scattered away.

However, deep down, they were surprised.

They had no idea what the deal was about, but they realized not even the Apocalypse Martial Ruler could lay a finger on Chu Kuangren.

After everyone left, the battlefield was left in a wretched state.

"Chu Kuangren, the leaderboard will be appearing soon. Don't let me down," the Radiant Goddess said.

Chu Kuangren was intrigued by her words.

'Leaderboard?'

Before he could get more information from her, the Radiant Goddess' willpower disappeared.

After a quick thought, Chu Kuangren went for a stroll in the Apocalypse Martial Society Branch. However, except for some information, he found nothing useful.

Since it was almost certain that Chu Kuangren would ultimately fight the Apocalypse Martial Society in the future, he took the information back to study them.

...

"So this is what the Radiant Goddess was talking about."

Chu Kuangren had a jade scroll in his hand that contained information about the leaderboard the Radiant Goddess mentioned.

The leaderboard's full name was the Hongmeng Leaderboard.

The leaderboard would appear whenever the Great Hongmeng Universe reset.

There were many types of leaderboards, such as the Primordial Leaderboard, the Grand Dao Leaderboard, the Celestial Talent Leaderboard, the Supreme Treasure Leaderboard, the Divine Ability Leaderboard, and more.

No matter which it was, all cultivators wished for their names to be on them.

On top of that, those listed on the leaderboard would get a mysterious buff of fortune that would greatly aid one's cultivation.

The higher the ranking, the stronger the buff. Hence, the leaderboard was the main focus whenever the Great Hongmeng Universe had a reset.

"The Radiant Goddess reminded me of the leaderboard for a reason. It seems like the deal she had with the Apocalypse Martial Ruler revolves around this," Chu Kuangren thought to himself.

However, he could not do anything about the leaderboard ranking. It was an automatic system operated by the Great Hongmeng Universe. Not even a Monarch could affect it, let alone him.

"Let's just focus on how to deal with the Apocalypse Martial Society first."

Chu Kuangren took the jade scrolls he got from the Apocalypse Martial Society Branch and studied them.

Surprisingly, he found something useful.

"The God of Slaughter..."

Chu Kuangren had seen the name on the jade scrolls multiple times. The Apocalypse Martial Society seemed to be searching for that particular person as well.

The God of Slaughter was an ancient being.

Legend had it that he was born to kill everything in the Infiniverse. Many resets ago, he used to be one of the strongest beings in existence.

However, he disappeared without a trace after a while, and the Apocalypse Martial Society has been searching for him since then.

"The cultivators of the Apocalypse Martial Society cultivate the Carnage Dao, and the God of Slaughter was born carrying the killing intentions of the Infiniverse. Is the Apocalypse Martial Ruler trying to surpass the Monarch class and reach a higher level using this old God?"

Chu Kuangren pondered.

Despite being able to describe the God of Slaughter using a few sentences, the person was certainly a powerful being and probably stronger than a Monarch.

However, it was a distant topic for Chu Kuangren at his current level.

He did not have the time or capabilities to understand more.

"Let's refine the Celestial Dzi Bead first."

Chu Kuangren took out the Hongmeng Supreme Treasure he got from Ou Chen.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2133: The Person on the Bone Throne, Shenchu Ascends to the Grand Dao Realm**

Refining a Hongmeng Supreme Treasure required a lot of time.

The Celestial Dzi Bead was unlike the Descendant Self Sword, which was quenched by the heavenly thunder and had a strong link with him. It even had a sword spirit infused in its blade.

That was why he could use it even without refining it.

However, the Celestial Dzi Bead was Ou Chen's, so he had to refine it before he could use it.

A few years later, Chu Kuangren managed to refine the Celestial Dzi Bead.

Up until this point, he already had three Hongmeng Supreme Treasures.

Such a lineup could rival even a Monarch.

"Master, I have news."

On the day Chu Kuangren exited his closed-door meditation, Ou Yenuo came to him and brought him to Blazing Flame Volcano.

Ever since the Flame Stabilizer Pillar exploded, the volcano's leylines had been damaged.

After multiple repairs, the leylines were slowly recovering.

Yet, recently, Ou Yenuo and his men found something strange under the volcano.

Ou Yenuo brought Chu Kuangren inside and went through the volcano's lava.

The Blazing Flame attempted to burn them alive but was shielded by an invisible force.

"What is that..."

When Chu Kuangren arrived inside the volcano, he saw a pitch-black cave underneath.

The cave was dark, and it emanated a faint spatial energy.

It was a forest realm.

"Did you send anyone inside?"

"I did, but none returned."

"I see."

It seemed like danger lay within the forest realm.

Chu Kuangren narrowed his eyes and then raised his sword hand sign. He separated a part of his Primordial energy and Immortal Consciousness to form a clone.

The clone dashed inside the forest realm without hesitation.

When the clone entered the forest realm, a dense murderous aura gushed outward. It was as though he had entered purgatory.

"This aura is something else."

Chu Kuangren narrowed his eyes.

He looked around, but all he saw was boundless darkness.

Suddenly, several dead bodies appeared before Chu Kuangren. Upon closer look, they were the weaponsmiths of Myriad Arms City, and their Daos had been destroyed.

There were different categories of Dao destruction.

Some were broken, while some were destroyed.

However, Chu Kuangren could sense that the weaponsmiths' Daos were crushed to bits within a very short time.

Considering that not even pieces of their Dao were left, they must have been overpowered by something or someone countless times more powerful than them.

As he looked beyond the bodies, he spotted a blurry figure sitting on a throne in darkness.

The throne was made up of countless skulls and skeletons.

A chilly presence could be felt from the figure on the bone throne.

"Who is that?" Chu Kuangren squinted at the figure.

He sensed a terrifying murderous intent from that figure. Although its willpower was not as strong as the Apocalypse Martial Ruler, it was much more intense.

It reminded Chu Kuangren of a name — God of Slaughter, the one that the Apocalypse Martial Society had been searching for.

Only the ancient being who once reigned the Infiniverse could possess such intense murderous intentions.

"So, is this the secret that Ou Chen mentioned?" Chu Kuangren narrowed his eyes.

"Buzz!"

Suddenly, the figure on the throne moved.

He opened his eyes, and terrifying murderous intentions gushed forward.

All it took was just a moment, and Chu Kuangren's clone disintegrated into dust.

Back outside the forest realm, the real Chu Kuangren opened his eyes.

He looked at the dark forest realm with a hint of reverence.

"Who would have thought the Blazing Flame Volcano hides something so terrifying? Could it really be the God of Slaughter?"

Even if it was not the God of Slaughter, the figure must be someone closely related.

Why would such a person be under a volcano?

Chu Kuangren shook his head. Then, he said to Ou Yenuo, "Seal this place. Other than me, no one is allowed access."

"Yes, sir."

After leaving the volcano, Chu Kuangren gave Ou Yenuo some blueprints. "Tell your men to build these things in secret."

Ou Yenuo was surprised when he looked at the received blueprints. "They seem to be items used in a formation. Master, are you planning to set up a formation?"

"Just make them," Chu Kuangren simply said.

The items he wanted Ou Yenuo and his men to forge were indeed for his formation.

It was the Great Water Nation Warring Map Formation, the formation that played a vital role in the battle between the Pan Gu Universe and the Central Heaven Universe.

However, he could not fully utilize the formation's power back then.

Now, he wanted to set up the formation here in the Feng Domain.

The domain had intense murderous qi and was a great source of fuel for the Great Water Nation Warring Map Formation. Perhaps it could play an important part in opposing the Apocalypse Martial Society.

Time flew by, and Chu Kuangren cultivated for many years in Myriad Arms City.

On that particular day, a thought in his mind woke him up as he sensed something from inside him.

It was an energy fluctuation from his Pocket Universe.

At a closer look, the first Chaos Celestial Demon in his Pocket Universe, Shenchu, had ascended into the Grand Dao Realm.

The moment Shenchu ascended to the Grand Dao Realm, he would gain the ability to match the Great Dao's power and have a chance to break free from the Great Dao's shackles.

Chu Kuangren was not overly surprised.

With just a thought, he released Shenchu from his Pocket Universe.

Light flowed from Chu Kuangren's body, and a figure emerged from within.

It stood majestically in front of Chu Kuangren.

The person had long silky hair and beautiful features that somehow blurred the lines of gender. He had starry light flowing around him and the Stardust Great Dao's energy rumbling in him, shaking the void around him.

"You are quite talented to have broken through the Grand Dao Realm in such a short time," Chu Kuangren said with a satisfying nod.

As a matter of fact, Shenchu was the first living being in his Pocket Universe, the one who started it all. Hence, he could be considered the God of Creation of his Pocket Universe.

It was only normal for someone of his level to be talented.

"Where am I?"

Shenchu looked around and was surprised to find himself in an unfamiliar environment.

He could sense the difference in the Great Hongmeng Universe.

Before he could say a word, Chu Kuangren pointed his sword hand sign at Shenchu. His Immortal Consciousness swirled at his fingertip before it was shot into Shenchu.

Shenchu tried to resist, but the restrictions of the Great Hongmeng Universe slowed him down as he had yet to adapt to the new environment, making him no match for Chu Kuangren.

Chu Kuangren pointed at Shenchu's forehead.

At that instant, a massive amount of information gushed into Shenchu's mind.

Shenchu absorbed and digested the information he received, learning about the world that he was in.

He looked at Chu Kuangren in shock.

The person before him was the Great Dao who nourished him!

Shenchu knelt before Chu Kuangren. "Great Dao!"

"No need for courtesy. You're a Grand Dao cultivator now. Try your best to adapt to the restrictions here," Chu Kuangren said.

"I understand."

After that, Chu Kuangren arranged for Shenchu to stay in Myriad Arms City.

He stared at Shenchu as the newly ascended Grand Dao cultivator walked away.

He pondered. "Shenchu is talented. If I raise him properly, he will become another helping hand."

Time flew by again.

On that day, the sky above the Great Hongmeng Universe grew restless, and a large amount of Hongmeng spiritual qi gathered.

Endless violet Immortal Sparks rumbled and shed their light on the land. They were so bright that they shadowed the stars.

Countless living beings on the land were in awe.

Some ancient beings, however, had expected this unusual phenomenon.

"The Hongmeng Leaderboard is here."

"I wonder which leaderboard will make its appearance first this time."

### [Unparalleled After Ten Consecutive Draws](#)

## **Chapter 2134: Hongmeng Leaderboard Appears, Primordial Leaderboard, Ancient Beings Are Listed on the Leaderboard**

It was a restless day in the Great Hongmeng Universe.

As the unusual phenomenon in the sky shrouded the entire world, all the cultivators were captivated. Even the cultivators who had never heard of the Hongmeng Leaderboard knew something big was coming.

Those who knew were more curious than ever.

Everyone wondered what the first leaderboard would be.

Hongmeng spiritual qi rumbled in the sky as if something was brewing in the clouds.

The mysterious and mystical energy was captivating.

"This day has finally arrived."

Back in the Holy Radiant Church, the Radiant Goddess looked at the Hongmeng spiritual qi, which was manifesting the leaderboard, with utmost anticipation.

Next to her, Ming Fei was extra curious as well. "Goddess, do you think the Child of Light can make it into the top ten?"

"It depends on what leaderboard it is," the Radiant Goddess said.

Suddenly, the Hongmeng spiritual qi in the sky started to compress and form a massive violet ball of light.

The ball of light was as big as the sun as it floated in the sky.

Countless runes swirled around it.

At the top of the ball of light were words — Primordial Leaderboard.

'Primordial Leaderboard?'

The Radiant Goddess' eyes gleamed.

"The first leaderboard is the Primordial Leaderboard, which means it ranks how strong the Primordials are. The Child of Light just went through the Hongmeng Primordial Tribulation. There's a high chance he might rank in the top ten."

"I wonder if Lan Yu is on the leaderboard," Ming Fei muttered.

The Radiant Goddess chuckled at Ming Fei's words. "You seem to care a lot about your student. That's rare."

Other than herself, Ming Fei rarely showed concern for anyone.

She was not even moved by her colleague, the Radiant Left Sky King, who had pursued her for millions of years and used almost every possible method.

Now, Ming Fei was concerned about her student, which surprised the Radiant Goddess.

"I'm raising Lan Yu as my successor, so of course, I have to be concerned," Ming Fei said.

Then, the two concentrated on the Hongmeng Leaderboard.

More words appeared on the leaderboard.

The Primordial Leaderboard contained the names of a thousand Primordials, and they were ranked according to their strength.

Names started to appear on the ball of light.

The cultivators of the Great Hongmeng Universe started to understand the use of the Hongmeng Leaderboard, so everyone paid full attention to the names it revealed.

"There are countless Primordials across the Infiniverse, but the Hongmeng Leaderboard has only listed a thousand. It seems like these one thousand Primordials are the best of the best."

"The leaderboard is getting interesting."

"I wonder if there are any rewards for being listed on the leaderboard."

A heated discussion sparked among the cultivators.

Names started to appear on the Primordial Leaderboard.

In the thousandth place was Yun Ze from Thunder Dragon Universe.

In the nine-hundred ninety-ninth place was Yao Tian from the Yao Feng Universe.

In the nine-hundred ninety-eighth place...

Somewhere in the Great Hongmeng Universe, a large group of cultivators gathered to watch the appearing names on the ball of light.

One of them emanated a mystical aura that would easily capture attention.

"This aura... Is it the fortune?"

"Such a strong fortune energy."

"How could someone possess such strong fortune energy?"

"I know him. He's Yao Tian!"

Someone cried in shock.

When the cultivators heard it, they all looked at the Primordial Leaderboard.

The man was Yao Tian, the nine-hundred ninety-ninth place.

"Now I see! Being listed on the leaderboard will bless one's fortune!"

Someone finally realized the perk of being listed on the leaderboard.

Everyone was intrigued after learning the fact.

Fortune was something auspicious, especially the fortune of the Great Hongmeng Universe.

Meanwhile, another stronger fortune energy burst further away.

It was from a cultivator ranked in the eight-hundredth range.

The higher the ranking, the more fortune one would get.

The others who were not listed were jealous when they saw the blessing.

Nevertheless, the ranking continued.

In the six-hundred and sixty-sixth place was Lan Yu from the Pan Gu Universe.

Back in the Holy Radiant Church, a mystical fortune energy erupted.

Lan Yu, who was cultivating, was confused when she felt the sudden blessing.

"What's going on?"

She felt that her cultivation had gotten smoother and easier.

"Don't worry. It's the blessing of fortune."

Ming Fei's voice echoed in her ears.

She sounded happy and satisfied.

Only after she received words from her master did Lan Yu rest her uneasy heart.

"I've been listed on the Primordial Leaderboard? What about aster?"

With that in mind, her eyes widened and gleamed.

She, too, paid close attention to the leaderboard.

When the Radiant Goddess saw Lan Yu's name on the leaderboard, she also nodded in satisfaction.

"She's only in the Primordial Mystic Five Realm, yet her name is on the leaderboard. Maybe you're right. She might become your successor."

"Let's hope so." Ming Fei smiled with utmost anticipation.

Back in Myriad Arms City, Chu Kuangren was looking at the leaderboard as well.

When he saw Lan Yu's name on the leaderboard, his eyes widened. "Lan Yu is here in the Great Hongmeng Universe."

On second thought, it was not surprising.

Lan Yu disliked being alone, and it was only normal for her to continue her cultivation in the Great Hongmeng Universe.

Then, Chu Kuangren spotted a couple more familiar names on the leaderboard.

In the three-hundred thirty-first place was Papiyas from the Pan Gu Universe.

In the two-hundred twentieth place was Cundi from the Pan Gu Universe.

In the two-hundred nineteenth place was Receiva from the Pan Gu Universe.

In the one-hundred and twenty-first place was the West Ruler Matriarch from the Pan Gu Universe.

In the fifty-first place was Luo Hou from the Pan Gu Universe.

All the names were familiar to Chu Kuangren. The names that had appeared on the leaderboard were all ancient beings of the Pan Gu Universe.

They were powerful beings themselves and were capable of making a name for themselves in the Infiniverse.

People then started to pay attention to the Pan Gu Universe.

Compared to the other universes, Pan Gu Universe appeared frequently on the leaderboard.

"A lot of them from the Pan Gu Universe have been listed on the leaderboard."

"What universe is that?"

"It's really a universe with an abundance of talents."

Chu Kuangren could not help but chuckle as well.

"Not bad. They might still be Primordials, but to rank so high on the leaderboard states their potential. They will be a great help to me when I reign over the Great Hongmeng Universe."

However, for someone as hostile as Lou Hou, it would be better for him to remove the threat as soon as possible.

In eleventh place was Liu Feng of the Luo Tian Universe.

In tenth place was Shi Long from Time Universe.

Soon, the names of the top ten started to appear.

Chu Kuangren was rather surprised because some names he expected were not on the leaderboard.

"Cundi, Receive, Nuwa, and the others were on the leaderboard, so where's Li Jun?"

He had high hopes for three particular people.

The first would be Master Daoist Yang Mei.

He had lived for eons and was experienced.

The second would be Armament Disaster because the latter was his clone.

The third would be Li Jun.

Li Jun was the leader of the Three Clarities during ancient times, and his insights into the Dao rivaled that of the Daoist Progenitor.

Both his junior brothers, the Heavenly Grandmaster and Divine Primeval Imperial, ranked at seventy-first and seventy-second respectively.

Where was Li Jun's name not on the leaderboard?

There were three possibilities.

One was that Li Jun had fallen.

The second was that Li Jun had broken through to the Grand Dao Realm.

The third was that Li Jun was ranked in the top ten.

Chu Kuangren pondered as he continued to pay attention to the rankings.

The top ten of the leaderboard were revealed one by one, and it captured all the attention in the world.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2135**

The appearance of the Hongmeng Leaderboard surprised everyone.

Names were listed on the leaderboard, and the cultivators whose names appeared on the leaderboard received the blessing of fortune that sparked jealousy and envy.

Soon, the top ten on the leaderboard was revealed.

Somewhere in the Great Hongmeng Universe, a young man in white robes looked at the name ranked tenth on the leaderboard.

His brows slightly furrowed. He was not frustrated but was not entirely satisfied with the result either.

"Tenth place? That's it?"

A mystical aura appeared on him.

It was the blessing of fortune from the Great Hongmeng Universe.

The blessing was so strong that it surpassed those who had appeared on the leaderboard.

The young man was Shi Long, the tenth place on the Primordial Leaderboard.

Being ranked tenth was already an honor, but it was not enough for him.

He expected himself to rank at least the top five or top three, yet he was ranked tenth place.

Shi Long shook his head.

"It seems like this reset is much more competitive than the previous one. Even with my capabilities, I'm ranked tenth place. Those who are ranked higher than me, I wonder who they are."

Back at the Holy Radiant Church, the Radiant Goddess wore a beautiful smile on her face because Chu Kuangren's name had not appeared on the Primordial Leaderboard.

"It seems like he will be ranked within the top ten."

Could Chu Kuangren's name not be on the leaderboard?

The Radiant Goddess had never thought of such a possibility.

How could someone who passed the Hongmeng Primordial Tribulation not be listed on the leaderboard?

What a joke.

If his name had yet to appear, he must be within the top ten.

She had won the bet against the Apocalypse Martial Ruler and the Formation King.

"I wonder what place he will be ranked in."

"I have no idea. Those ranked in the top ten are capable people. The Child of Light might have passed the Hongmeng Primordial Tribulation, but he is still fresh and has barely spent time in the Primordial Realm. It's not easy for him to be within the top ten."

...

"Damn it!"

The Apocalypse Martial Ruler crushed the Immortal Metal-forged table in front of him.

He looked grim.

"He's really in the top ten!"

"The Radiant Goddess has won the bet. It won't be easy to deal with Chu Kuangren from now on."

He took a deep breath to regulate his anger.

Meanwhile, in the Heavenly Formation Palace, the Formation King frowned at the result as well.

"It's going to be more difficult to go after the Tempest King's inheritance now."

He looked at the leaderboard with anticipation.

"In the previous Hongmeng Era, the Tempest King was ranked fourth on the Primordial Leaderboard. I wonder, with her inheritance, how high can you get?"

On an ancient planet surrounded by rich Hongmeng spiritual qi, a terrifying tribe resided — the Celestial Divine Tribe.

Naming themselves the Celestial Divine, they deemed themselves superior to all beings in the world.

A young man in golden robes and violet hair in the tribe stared at the Primordial Leaderboard in space. His eyes narrowed.

He was the Divine Daoist of the Celestial Divine Tribe — Tianshen Chang.

He was one of the best cultivators in the tribe. He reached the peak of the Primordial Realm at a young age and was prepared to ascend to the Grand Dao Realm at any time.

However, he had been holding back his ascension because he wanted to rank high in the Primordial Leaderboard.

"Tianshen Chang held his cultivation back for so many years. He's already strong enough to fight a Grand Dao Supreme Saint, so he's definitely going to rank first on the Primordial Leaderboard!"

"Yeah. Then, he will be able to gain a large amount of fortune blessing. His cultivation will only be smoother from thereon, and he could break through to become a Monarch with ease. In fact, he might even surpass the Tempest King of the previous era."

"You're right."

The Celestial Divine Tribe had high hopes for Tianshen Chang.

Tianshen Chang, too, was confident in himself.

Being able to rival a Grand Dao Supreme Saint as a Primordial was an amazing feat, and his powers were unmatched in the Primordial Realm.

If he did not rank first, who else could it be?

...

"My son, the time has come for the Great Hongmeng Universe to know your name."

"If you can rank first in the Primordial Leaderboard and get the fortune's blessing, you will definitely be crowned king. You might even have the chance to achieve the Overlord Realm and more."

A golden elder dragon was talking to a Dragon Bachelor who had horns on his head.

The young man was the sky-pride of the Elder Dragon Tribe, Elder Dragon Chengtao.

Similar to Tiansheng Chang, he had withheld his ascension to the Grand Dao Realm for a long time.

His eyes were also on the first place on the Primordial Leaderboard.

"Father, don't worry. I will get first place on the Primordial Leaderboard!" Elder Dragon Chengtao said confidently.

...

Everyone in the Great Hongmeng Universe paid close attention to the Primordial Leaderboard and the names on it.

Words continued to spell themselves on the ball of light.

In ninth place was Mo Liu from the Demon Universe.

In eighth place was Lie Feng from the Heavenly Saber Universe.

In seventh place was Gudu Bubai from the Sword Universe.

In sixth place was Yang Mei from the Pan Gu Universe.

"Oh, Yang Mei is in sixth place..."

Chu Kuangren was intrigued when he saw the name.

However, it was as expected of the oldest existence in the Pan Gu Universe. Yang Mei was older than Hong Jun and was an anomaly. It was not too surprising that he ranked sixth on the Primordial Leaderboard.

"Someone from the Pan Gu Universe again."

Many cultivators were shocked by the frequent appearance of the Pan Gu Universe.

The Pan Gu Universe seemed to produce many talented cultivators.

In Fifth place was Bigu from the Divine Beast Universe.

"Bigu, I know this person. He's a monster among the Beastman Tribe. He's strong and terrifying. I saw him transform into a golden behemoth and punch a Grand Dao Supreme Spirit to death."

There were many different species of Beastman, such as minotaurs, centaurs, dragons, and more.

The golden behemoth was the king of the Beastman. They possessed terrifying powers that trumped other species and were almost unrivaled among their peers.

In Fourth place was Elder Dragon Chengtao from the Dragon King Universe.

When the name was announced, Elder Dragon Chengtao's eyes widened in shock. A domineering draconic aura erupted uncontrollably.

"How is it possible? I'm in fourth place? I should be the first!"

Elder Dragon Chengtao looked grim.

The Elder Dragon King looked at him and sighed. "Chengtao, don't feel defeated. Fourth place... is pretty good. Besides, it's just a leaderboard. You still have a lot of chances in the future. Don't let it affect you."

"I understand."

Elder Dragon Chengtao nodded, but it did not wipe the grim look off his face.

He continued to look at the leaderboard, wondering who could beat him in securing the first place.

In third place was Armament Destruction from the Pan Gu Universe.

When the name was announced, the crowd was in an uproar.

"Another one from the Pan Gu Universe? What universe is that?"

"Yeah. How could so many cultivators from that universe rank on the leaderboard?"

"Two from the Pan Gu Universe are ranked the top ten on the leaderboard!"

Some intrigued parties had started their investigation on the mysterious Pan Gu Universe, trying to find out why so many cultivators from that universe ranked high on the leaderboard.

Back in the Celestial Divine Tribe, Tianshen Chang was surprised when he saw the Pan Gu Universe's name again.

"This universe is rather surprising."

"It doesn't matter. As long as you are first, nothing changes," said an elder.

Tianshen Chang nodded. "Let's see who's the one ranked behind me."

The one who ranked second might be his rival.

The Primordial Leaderboard shone in violet.

In second place was Tianshen Chang from the Celestial Divine Universe.

Tianshen Chang's smile froze.

He stared at his name on the leaderboard in disbelief.

'Second? How can I be second?'

If he ranked second, who ranked first?

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2136: First on the Primordial Leaderboard, It's Him, Everyone's Reaction**

Somewhere in the Great Hongmeng Universe, a man with white hair stood high on a mountain peak.

He wielded a broken weapon, looking frosty as he stared at the Primordial Leaderboard in the sky.

He looked at the last empty spot on the leaderboard and grinned.

"Will it be you? No, it has to be you!"

Back in the Holy Radiant Church, the Radiant Goddess felt extremely nervous as she looked at the empty first place on the Primordial Leaderboard.

"Could it be the Child of Light?"

Logically speaking, Chu Kuangren made it through the Hongmeng Primordial Tribulation, so he should be ranked high on the leaderboard.

However, his name had yet to appear.

Although the Radiant Goddess was pretty surprised that he could make it on the leaderboard, she was unsure if Chu Kuangren got the first place on the leaderboard.

In fact, not only the Radiant Goddess but even the Apocalypse Martial Ruler was nervous.

He stared at the last spot on the leaderboard with a hint of anticipation. "Please don't let it be Chu Kuangren. Please. He has just ascended to the Primordial Realm a while ago. How could he be in the first place? It can't be him!"

He tried his best to comfort himself.

All eyes in the Great Hongmeng Universe were on the Primordial Leaderboard.

Tianshen Chang of the Celestial Divine Tribe stared at the leaderboard, wondering who snatched the first place from him.

"It's here!" someone screamed.

The first place on the Primordial Leaderboard had finally appeared.

First place was Chu Kuangren from the Pan Gu Universe.

The entire Great Hongmeng Universe was shocked.

The majority of cultivators had not heard of the name before, but Pan Gu Universe was a familiar term.

The universe had produced many talented cultivators who were ranked on the Primordial Leaderboard. Now, three of the top ten were from the same universe, including the first place.

That fact alone was shocking.

"Chu Kuangren? Who is that?"

"The Pan Gu Universe is freaky! How did it produce so many Primordials that are ranked so high on the leaderboard? That is sick!"

"Someone, go find out about the Pan Gu Universe!"

"Tsk, tsk. Chu Kuangren. This name is now famous in the Great Hongmeng Universe."

"Kaboom!"

A burst of intense killing intent erupted from the Apocalypse Martial Ruler. He looked grim as he grunted. "It's him!"

Despite having a hunch that it would be Chu Kuangren, he could not hold back his anger.

Meanwhile, at the Heavenly Formation Palace, the Formation King sighed as well.

"Sigh."

The Radiant Goddess in the Holy Radiant Church smiled brightly at the result. "Child of Light, you did not let me down."

Ming Fei nodded. "Now, the Apocalypse Martial Ruler and Formation King can no longer target him. Goddess, you don't need to go to war with them anymore."

Ming Fei did not care about Chu Kuangren's ranking on the leaderboard. All she cared about was the Goddess winning the bet against the Apocalypse Martial Ruler and the Formation King.

With that, she would not have to take the risk to start a war with them.

"Haha, it really is Master!"

Lan Yu, who was cultivating somewhere in the Holy Radiant Church, smiled when she saw the name on the leaderboard. She was not too surprised.

On the contrary, seeing the name ignited her determination and boosted her morale. "Since Master has ranked first, I should work harder on my cultivation."

...

In the Elder Dragon Tribe's territory, Elder Dragon Chengtao stared at the name on the leaderboard with a grim look. He grunted and said, "Chu Kuangren, I'll remember you."

"My son, don't feel bad. The leaderboard is not that important. It can change. As long as you grow stronger, the rankings will change."

"I understand."

...

In the Celestial Divine Tribe, Tianshen Chang narrowed his ice-cold eyes.

"Pan Gu Universe, Chu Kuangren... You and I will face each other one day. I look forward to that day," he said with a grunt.

He might not be the first, but he did not give up. He swore to become stronger and snatch the first place from Chu Kuangren. After all, such cases had happened before in the previous eras.

...

In a pure land surrounded by Buddhist Light, Cundi and Receiva were looking at the Primordial Leaderboard as well.

When the first place was announced, they exchanged a concerned look and saw the shock in each other's eyes.

"He's always under the spotlight wherever he goes."

"You're right. It has only been a while since he arrived, and out of everyone in the Infiniverse, he is ranked first on the Primordial Leaderboard. I believe he's even more talented than Hong Jun."

"Why isn't the Supreme Clarity on the leaderboard?"

"Maybe he is already in the Grand Dao Realm."

The two pondered for a while before continuing their cultivation.

They had to become stronger because they had beef with Chu Kuangren. Now that Chu Kuangren was ranked first on the Primordial Leaderboard, they felt pressured.

...

On a certain mountain peak, the West Matriarch Ruler chuckled at the Primordial Leaderboard.

"Interesting. There are quite a number of us from the Pan Gu Universe. There are even three in the top ten. They're going to attract a lot of attention."

"Honorable teacher, what should we do?" Yu Zhi asked.

"What else can we do? Cultivate harder and become stronger. With enough power, you can handle all the unforeseen circumstances that go your way."

The West Matriarch Ruler smiled at Yu Zhi and asked, "You should be more hardworking. Look at Lan Yu, she's on the leaderboard. You're no weaker than her, but you lack the competitive nature. This will slow you down."

"In terms of talent, I'm not as talented as Miss Lan Yu," Yu Zhi said with a smile. She did not want to compare herself to Lan Yu either.

"Since Chu Kuangren is ranked first, he will definitely face many challenges in the future. As I recall, you are one of the Black Heaven Nine Stars. Are you sure you want to continue your leisure way?"

The West Matriarch Ruler yawned as she ridiculed.

"I... I will work harder." Yu Zhi nodded.

Her honorable teacher's words ignited her dormant competitive spirit.

...

"Chu Kuangren, you really are the center of attention wherever you go."

In a dark demonic land, Luo Hou wielded his black spear as he stood on a mountain of bones.

His demonic qi surged, releasing a terrifying aura.

He felt pressured when he saw the name on the leaderboard.

Compared to Cundi and Receiva, he had a stronger disagreement with Chu Kuangren.

Should he run into Chu Kuangren, he would be in danger.

"Not only Chu Kuangren, but even Armament Destruction is above me, ranking third. I can't underestimate him anymore," Luo Hou thought to himself.

Suddenly, he sensed something. He stared into the distant sky, and a fierce blazing flame burned the horizon.

From there, a white-haired figure emerged, carrying a strange-looking weapon as he approached Luo Hou.

"Got you."

Armament Destruction looked at Luo Hou with intense killing intent.

"It's you again!"

Luo Hou reacted grimly to Armament Destruction's arrival.

He had encountered Armament Destruction multiple times over the years, and each encounter escalated into a fierce battle.

They seemed to have established a rival relationship.

"No words are needed. Can you escape from me this time?" Armament Destruction said as he swung his weapon forward.

Then, his vast Primordial energy gushed forward.

Luo Hou's spear vibrated as it released boundless demonic qi.

When the two energies clashed, Armament Destruction did not even flinch, but Luo Hou was pushed back.

"This is bad."

Luo Hou frowned.

The difference in strength between them remained huge.

Armament Destruction was ranked third, while Luo Hou ranked fifty-first.

Armament Destruction was much stronger than him.

"I have to leave."

Luo Hou pretended to fight Armament Destruction, but he secretly used his Supreme Treasure, transforming him into a stream of black light that disappeared into the horizon.

Armament Destruction grunted. "The Demonic Forefather fleeing a battle over and over again. Are you not ashamed?"

He pursued Luo Hou but lost his target after a few million kilometers.

"He escaped again..."

Armament Destruction shook his head helplessly.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2137: Fortune's Blessing, Pan Gu Universe Is a Force to Be Reckoned With, Liu Feng's Challenge**

Back in Myriad Arms City, Chu Kuangren smiled when he saw his name in first place on the Primordial Leaderboard.

"Hmm, not much of a surprise."

If he gave everything, he could rival a Grand Dao Supreme Honorable despite being a Primordial.

Such power was unmatched within the Primordial Realm.

Hence, it was only normal for him to be in first place.

When his name was announced, a large amount of spiritual qi rumbled in the realm, and a mystical energy of fortune came from the sky.

It was massive.

As Chu Kuangren was getting blessed, he had a feeling that his cultivation would be much smoother from now on, and he was even more intrigued by the Hongmeng Leaderboard.

"This is just one of the leaderboards. If I can rank high on multiple leaderboards, I can get more blessings. What would happen then?"

He was interested to find out more, but he knew it was not easy to rank first in the Primordial Leaderboard.

There were some leaderboards that he was not qualified at all, such as the Monarch Leaderboard that had appeared before.

The leaderboard would only consider Monarch-class Transcendentalists in the Great Hongmeng Universe.

Since he was not even a Monarch, he was not qualified to be on it.

There was also a Divine Maiden Leaderboard, which was exclusive to female cultivators.

There was no way a man like him would be on that leaderboard.

However, he had heard of a Young Master Leaderboard.

Would his handsome looks qualify or even rank high on that?

"Congratulations, Master, for ranking first on the Primordial Leaderboard."

Ou Yenuo came over with a surprised look on his face. He knew Chu Kuangren was something else but not to that extent.

He had just ascended to Primordial a while ago, yet he was ranked first on the Primordial Leaderboard already.

However, it strengthened Ou Yenuo's loyalty. There was no harm in serving someone as strong as Chu Kuangren.

"Ou Yenuo, I heard there's a leaderboard for weaponsmiths. I wonder how high would you rank on that?" Chu Kuangren asked.

Ou Yenuo pondered. "There are many talented people in the Infiniverse. I may be confident of my weaponsmithing skills, but I dare not claim the first place. However, I think I can be within the top ten."

He had done some research and knew that in the previous Weaponsmith Leaderboard, the first place could easily forge the highest-grade weapon, which would be the Hongmeng Supreme Treasure.

Considering that he had forged one, he should be able to rank in the top ten.

"Hm."

Chu Kuangren nodded.

The Primordial Leaderboard sparked a commotion across the Great Hongmeng Universe.

Those whose names were listed received the blessing of fortune.

It aroused jealousy and envy from some people. Moreover, some interested parties refused to sit back and do nothing.

Some started to study old records to find out more about the leaderboards.

That was when they learned that the ranking on the leaderboard was not fixed. When the next leaderboard was announced, the ranking on the previous leaderboard would update as well.

In other words, the names on the leaderboard could be replaced.

The thought aroused the fighting spirit in many cultivators.

It gave them the idea to defeat the name on the leaderboard and snatch those from their ranking and blessing.

As for Chu Kuangren, who was placed first, many eyes were on him. However, since he was capable enough to be ranked first, people deemed him as a force to be reckoned with. For now, no one dared to make a move on him.

Other than the commotion sparked by the Primordial Leaderboard, some started their investigation on the Pan Gu Universe.

After all, the Pan Gu Universe had produced cultivators that ranked high on the Primordial Leaderboard. There was no way the universe would remain unknown.

However, some forces who investigated the universe were disappointed by the results.

"Is that it?"

"The strongest in that universe is Chu Kuangren, the first place on the Primordial Leaderboard? They don't even have a Grand Dao cultivator?"

"Isn't this a normal universe? How powerful could it be? How disappointing. Let's just leave it for now."

"Hmph. They were even invaded by another universe. I bet they have limited resources."

Many people thought that, to be able to produce that many names that ranked high on the Primordial Leaderboard, the Pan Gu Universe must be resourceful.

Hence, there must be at least multiple Monarch beings there.

However, the strongest in the Pan Gu Universe was Chu Kuangren, the first on the Primordial Leaderboard, and it did not have any Monarchs or a Grand Dao cultivator.

With that, the other forces and universes did not view it as a threat.

"They can only rank high on the Primordial Leaderboard. I don't think they will make it to other leaderboards."

"Yeah. We don't have to care too much about them."

Back in the Holy Radiant Church, the Radiant Goddess held a jade scroll in her hand that contained all the information regarding the Pan Gu Universe.

"Interesting."

The Radiant Goddess was much more interested in the Pan Gu Universe than the other forces.

"Goddess, why are you so concerned about this universe?" Ming Fei asked.

"It's a universe that went through multiple major disasters and survived. Why shouldn't I be concerned about them?"

The Radiant Goddess said with a smile, "Based on the information here, the ancient beings of the Pan Gu Universe went through reincarnations, so they have only been cultivating for tens of thousands of years.

"For them to return to the Primordial Realm in such a short time and rank high on the Primordial Leaderboard, do you think they are like the other cultivators?

"They might not have enough powerful cultivators in that universe, but they have high potential. You can't be sure if they won't ascend to the Monarch Class in the future. You really shouldn't underestimate the Pan Gu Universe."

Ming Fei nodded in agreement. "Lan Yu is from that universe as well. She revealed that she knows Chu Kuangren and that they're quite close. We should really pay close attention to people from that universe."

Ming Fei was astonished by fate itself. Just when she finally found a disciple after so many years, her disciple turned out to be closely related to Chu Kuangren.

"I have a feeling that this Pan Gu Universe will one day be known across the Infiniverse," the Radiant Goddess said with anticipation.

...

Back in Myriad Arms City, Chu Kuangren was cultivating to comprehend the Heaven-Slaying Sword Drawing Technique.

On that particular day, he sensed a powerful aura coming his way and had locked onto the entire Myriad Arms City.

Sword qi that shadowed the sky formed a massive dark cloud above the city.

The terrifying aura blanketed the land.

It felt as if the dark cloud would crash on the city.

Ou Yenuo and his men stared at the dark cloud with solemn looks. They saw a man standing beneath the dark cloud.

The man in gray robes had powerful sword qi swirling around him that caused his long dark hair to dance along with the wind.

"Who is that?"

"Judging from his cultivation, he's just a Primordial. However, he possesses such a powerful aura. He must be someone on the Primordial Leaderboard!"

"Indeed, and he doesn't seem friendly."

The weaponsmiths were worried.

The man in the sky shouted, "I am Liu Feng, placed eleventh on the Primordial Leaderboard. I'm here for Chu Kuangren, hoping that he will enlighten me."

He stated his intention succinctly.

Ou Yenuo and the others were not overly surprised.

The cultivators in the city also heard Liu Feng, including the cultivators who came to the city to investigate Chu Kuangren.

They were all intrigued when they heard Liu Feng's challenge.

That might be the chance for them to finally see the true power of the one ranked first on the Primordial Leaderboard.

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2138: One Slash At Liu Feng, Celestial Dzi Bead Destroys A Grand Dao Supreme Saint**

Liu Feng arrived at Myriad Arms City with an overbearing presence.

His intense sword qi felt boundless. They transformed into a massive dark cloud above him, pressuring the entire city and the cultivators within it.

Even Ou Yenuo felt pressured.

"He's as strong as a Grand Dao Supreme Spirit."

"Yeah. He's powerful."

"But too bad..."

Ou Yenuo shook his head.

He had seen Chu Kuangren fight before.

Chu Kuangren was powerful enough to kill Feng Sha, a Grand Dao Supreme Saint. Liu Feng might be powerful, but he was only as powerful as a Grand Dao Supreme Spirit. He was no match for Chu Kuangren.

With that in mind, Ou Yenuo rose to the sky and said, "Friend, if you're here to challenge my master, please prepare a challenge invitation."

If Chu Kuangren were to answer every challenge at his doorstep, he would be extremely busy.

Ou Yenuo believed he should lessen the burden on his master.

"Oh? A challenge invitation? I'm here. Why do I need a challenge invitation? Just tell him to come out," Liu Feng said with a raised brow.

"Without a challenge invitation, my master answers to no one," Ou Yenuo said.

"Why? How could the first place on the Primordial Leaderboard choose not to answer a challenge? It's an insult to his position," Liu Feng ridiculed.

He decided to use provocation to lure Chu Kuangren out.

The other cultivators who came to investigate Chu Kuangren voiced out as well.

"Yeah, is the first place afraid of a challenge?"

"No way."

"Tell him to come out and convince us with his strength."

"If he doesn't answer this challenge, he's not worthy of being in first place."

Many cultivators voiced their disagreement.

Ou Yenuo's expression slowly turned grim. "The Hongmeng Leaderboard decides the ranking, not you. None of you have the right to say anything!"

His Grand Dao Supreme God aura exploded, silencing those weaker than him.

However, a stronger aura erupted from the void and suppressed Ou Yenuo.

"Master Ou, why so feisty? My young master simply wants to see how strong the first place is. He's not here with any hostile intents," said someone.

A white-haired elder appeared behind Liu Feng.

The energy fluctuation he released was as powerful as Feng Sha's.

He was at least a Grand Dao Supreme Saint.

It showed that Liu Feng was a young sky-pride of a certain force, or he would not have a Grand Dao Supreme Saint following him around, protecting him.

"Elder Feng, watch him," Liu Feng said to the elderly man.

He then rose higher into the sky and released a vast Immortal Consciousness to scan the entire city, attempting to locate Chu Kuangren.

Suddenly, his eyes fixed on a certain spot.

That particular spot was covered with restriction seals.

His eyes gleamed with interest. "That place is covered with restriction seals. It might be where Chu Kuangren is hiding."

With that, he flew toward that particular spot.

His intense sword qi swirled as if they were dark clouds circulating him.

"Brother Chu, I, Liu Feng, am honored to meet you. Please enlighten me with your technique."

As soon as he said that, a blast of energy came from the restriction seals and formed a dazzling sword shadow.

The sword shadow looked colorful and dazzling. It contained the sharpest energy that could shake the heavens.

Before the dazzling sword shadow, Liu Feng felt that his Primordial energy was as tiny as a speck of dust.

"Buzz!"

Before anyone could react, the sword slashed across the void, leaving a massive crack in its trail.

Liu Feng's eyes widened in fear. He roared and tried his best to counter by channeling the dark cloud of sword qi behind him and fighting the incoming slash.

However, his attack was useless.

The slash cut the dark cloud in half, including Liu Feng.

The Dao inside him was crushed instantly.

Just like that, the eleventh place in the Primordial Leaderboard was dead!

Chu Kuangren did not even show up throughout the entire process. He simply released one strand of sword qi, and it was enough to shock everyone.

"What a terrifying sword qi!"

The others slowly regained their composure after a while.

The lingering sword qi in the realm continued to frighten them, causing them to tremble in fear. As the seconds went by, the fear in them was amplified.

"Is this the power of the first place in the Primordial Leaderboard?"

"How could it be this scary? The eleventh place, Liu Feng, could rival a Grand Dao Supreme Spirit, yet he was killed before he even met Chu Kuangren in person."

"My God. His power matches that of a Grand Dao Supreme Saint!"

"No. That's not even his full strength. It could just be a casual attack."

"How ridiculous!"

The cultivators who came to investigate Chu Kuangren were stunned and shocked by the scene.

They tried their best to predict Chu Kuangren's strength, but when they saw the scene, all of them were astonished.

"Chu Kuangren! How dare you kill the sky-pride of the Luotian Sect?" the white-haired elder roared furiously.

Luotian Sect was a top force from the Luotian Universe.

It was considered one of the strongest forces across the Great Hongmeng Universe.

Even without a Monarch, they had multiple Grand Dao Supreme Honorable cultivators.

"He won't be the only one I kill. I want you dead as well."

Chu Kuangren's voice echoed.

Now that he was in the first place, he had to display his strength to fend off unwanted visits, or he would be annoyed by all the challenges.

He did not care about the Luotian Sect.

As the Child of Light, he had the support of the Radiant Goddess.

Even if the Radiant Goddess failed, he still had the Tempest King.

He did not have to be afraid of the Luotian Sect.

After that, another massive sword shadow formed and slashed down at the white-haired elder.

The elder was a Grand Dao Supreme Saint, so he was by no means weak.

He roared at the incoming slash as he summoned a saber in his hand to counter it.

When the saber ray and sword shadow clashed fiercely, the clouds in the sky dispersed.

The collision blasted the elder away.

"What a powerful sword qi! Chu Kuangren is strong enough to fight a Grand Dao Supreme Saint!"

The white-haired elder was in disbelief, but it was a cold, hard fact he had to accept.

"I must leave!" the elder thought to himself.

He was outnumbered in Myriad Arms City. In addition to Chu Kuangren's unpredictable strength, staying back would only put him in danger.

Just as he thought about leaving, a boundless and domineering aura descended from above his head.

It was the sky!

It felt like the universe was falling on him.

It even carried the strong presence of the Hongmeng spiritual qi.

"A Hongmeng Supreme Treasure!" The white-haired elder was shocked.

The universe above his head was a Hongmeng Supreme Treasure!

It was the Celestial Dzi Bead that Chu Kuangren had just refined.

Chu Kuangren was able to utilize the Celestial Dzi Bead better than Ou Chen's, and the power from the pearl had locked onto the white-haired elder.

The man had no chance to resist.

"Bang!"

He was crushed by the crashing universe, bursting into a cloud of blood mist.

With that, a Grand Dao Supreme Saint was killed.

Everyone else was shocked by the scene.

"A Hongmeng Supreme Treasure? Chu Kuangren has a Hongmeng Supreme Treasure?"

"Damn. He sure has quite the resource."

"His strength is unpredictable, and he possesses the Hongmeng Supreme Treasure. As expected of the first place on the leaderboard, he's really hard to deal with."

### Unparalleled After Ten Consecutive Draws

#### **Chapter 2139**

Outside Myriad Arms City, multiple pairs of eyes were staring at Chu Kuangren.

They were all Primordials ranked in the top ten on the Primordial Leaderboard.

All of them reacted grimly to the scene.

Chu Kuangren had killed Liu Feng with just one slash, destroying a Grand Dao Supreme Saint with a Hongmeng Supreme Treasure.

The power that he displayed was more than enough to deter them.

"The first place on the leaderboard is indeed scary."

"That slash contained ridiculously powerful Primordial energy, but it also contained a lot of Dao, which is strange."

"I heard he just passed the Hongmeng Primordial Tribulation a while ago."

"He's a force to be reckoned with."

Like Liu Feng, they were here to challenge Chu Kuangren once they got a hold of information about him.

Now, Liu Feng's defeat deterred them and discouraged them from taking further action.

The strength Chu Kuangren displayed and his resolve to kill somehow struck fear in them.

"Liu Feng did not have the capabilities to test Chu Kuangren's full strength, but we got to see him in action. Now, we know."

"We can be more confident when we face him in the future."

"Let's go."

The cultivators left Myriad Arms City one after another.

Back in the city, when Chu Kuangren sensed the leaving crowd, he smiled. "Hmph. At least that witty bunch knows when to retreat."

Instead of giving chase, he continued his cultivation.

Now that the Hongmeng Leaderboard had appeared, the Great Hongmeng Universe had officially entered a new phase — a volatile one at that.

In order to maintain his own pace and secure his cultivation development, Chu Kuangren needed to be more powerful. Being a Primordial or a Grand Dao was not enough anymore. He must at least reach the Monarch class.

Time flew. Given Chu Kuangren's current cultivation realm, one cultivation session could last a few hundred to a thousand years.

Many years went by while he gained insights into the strike he unleashed during the Hongmeng Primordial Tribulation.

With the blessing of fortune, he could make more effective progress.

On that particular day, his eyes narrowed and released a sharp aura.

His eyes gleamed sharply as though they were blades.

Then, the void around him tore.

"I got it!"

He raised his hand to form a sword hand sign, and a stand of sword qi was fired from his finger.

The sword qi was no longer than three inches, but it contained the three thousand Daoist law energies that evolved from his Primordial energy.

All three thousand Daoist laws, including the Five Ways, Ying Yang, Bagua, Destiny, Spacetime, and more, were contained in the tiny sword qi.

From one to many, from the complicated to the simplest, it all came down to that sharp sword qi.

Its sharpness was unmatched. It was as if it could cut through time, fate, and everything in existence.

"Heaven-Slaying Sword Drawing Technique was the very first sword technique that I created. All Dao converges into one for a conquest of the realm... It's been a while," Chu Kuangren muttered.

Be it the Immortal Destruction Sword Qi or the Blade of Zhou, he had comprehended and mastered tens of thousands of sword techniques.

However, he had created and mastered the strongest sword technique from the very beginning. The only problem was that he did not continue developing the technique.

Now that the Heaven-Slaying Sword Drawing Technique was finally back in the spotlight again, its power was countless times stronger than it once was.

"Descendant Self, I bet you've missed this technique as well," Chu Kuangren said with a smile as he put his hand on the sword hilt at his waist.

The sword buzzed as if it was replying.

Chu Kuangren then conserved his sword qi and exited the room.

The city was still filled with scorching heat as the weaponsmiths continued forging all kinds of weapons.

Some were discussing what they should forge next.

Chu Kuangren left Ou Yenuo in charge of the city.

He planned to return to the Holy Radiant Church.

It had been a while since he visited.

...

When Chu Kuangren arrived at the Holy Radiant Church, he ran into the Radiant Left Sky King.

The Radiant Left Sky King narrowed his eyes and ridiculed, "Well, well, if it isn't this the Child of Light? I thought you moved to Myriad Arms City for good."

"Radiant Left Sky King, why the hurry? Where are you heading to?"

"Eliminate the heretics," the Radiant Left Sky King said.

Chu Kuangren's eyes gleamed when he heard the man. "Heretics?"

"The heretics who escaped Black Flame City."

"Oh, I see. I wish you all the best," Chu Kuangren said.

He showed no emotions on his face. It was as if he had no feelings for the Darkness Tribe.

In fact, other than Hei Xuan, he was not exactly close with the Darkness Tribe, and Yu Yan was an enemy to him.

After the Radiant Left Sky King left, Chu Kuangren ran into Ming Fei and the Radiant Goddess. They were enjoying the flowers in the garden.

The Radiant Goddess smiled happily when she saw Chu Kuangren. "First place on the Primordial Leaderboard, huh? You did not let me down."

"It's just the Primordial Leaderboard. It's nothing."

"Oh, being humble, I see. Very well."

Chu Kuangren knew what was going on.

The Radiant Goddess then glanced at Ming Fei.

Ming Fei tacitly nodded and walked to Chu Kuangren. "Draw your sword and fight me."

Chu Kuangren knew what was going on.

The Radiant Goddess wanted to test his strength.

"Very well. I have always wanted to see how strong the Radiant Right Sky King is."

Chu Kuangren was eager for the fight as well.

He, too, wanted to know how much of a strength difference there was between him and Ming Fei, someone second only to a Monarch.

The two of them went to a spacious ground within the church.

The Radiant Goddess swung her sleeve and summoned a light barrier to act as a battle ring for the two of them.

"Bring it on."

Ming Fei wielded her silver greatsword, looking frosty.

Chu Kuangren skipped the courtesy and attacked.

His figure flashed as he darted forward with his sword hand sign, unleashing a rapid sword ray that contained his Primordial energy. It was powerful enough to kill a common Grand Dao.

Ming Fei channeled the Radiant Dao's energy in her without flinching.

"Bang!"

Before the sword qi could reach her, it was shattered.

However, Chu Kuangren had gotten close to Ming Fei by then. He pointed his sword hand sign at her, and his sword qi gathered at the tip of his finger before he unleashed different sword techniques.

Different Daoist law energy fluctuations erupted. The different energy fluctuations seemingly conjured the images of all things in the world.

Ming Fei wielded her greatsword and continued channeling energy from her Radiant Dao. No matter how many techniques Chu Kuangren unleashed at her, her light remained radiant and bright.

"Radiant Judgment, Silver Light Overflow!" Ming Fei growled.

The greatsword shone brightly, and a silver sword ray shot out.

It surrounded her and shattered Chu Kuangren's sword qi one after another, forcing him back.

"Draw your sword," Ming Fei said.

"In that case, do watch out, Radiant Right Sky King."

Chu Kuangren drew his Descendant Self Sword.

With the sword in hand, his aura surged. The vast sword aura and Radiant Dao's energy erupted, hitting the light barrier around him.

He appeared before Ming Fei in the blink of an eye and slashed his sword at her.

"Clank!"

The swords clashed.

What followed was a competition of sword techniques.

With Lil Ai's help, Chu Kuangren was familiar with Ming Fei's technique, and he was able to match Ming Fei in terms of battle experience.

He even managed to predict her movements.

"Clank!"

Chu Kuangren landed a thrust at Ming Fei's abdomen.

The Radiant Goddess was rather surprised.

"Did he hit Ming Fei? Not bad."

"Bang!"

When the tip of the sword struck Ming Fei, her Radiant Dao's energy erupted.

Suddenly, everything inside the light barrier was covered with blinding light.

Chu Kuangren could see light shimmering at Ming Fei's abdomen, which meant that his thrust did not inflict any damage on her.

"Tsk. She covered herself with the Radiant Dao's energy, using it as her armor. The Right Sky King is indeed powerful."

Chu Kuangren clicked his tongue in awe.

#### Unparalleled After Ten Consecutive Draws

#### **Chapter 2140: Lan Yu's Whereabouts, Misunderstanding, Jiu Yin Falls**

The fight between Chu Kuangren and Ming Fei continued.

However, they both knew it was just a spar, and neither of them would try to hurt each other.

After a while, they both stopped.

"You are strong enough to rival a common Grand Dao Supreme Honorable cultivator," Ming Fei said.

She did not use her full strength in the spar, and neither did Chu Kuangren.

However, it was enough for her to have a clear insight into Chu Kuangren's current strength.

"Right Sky King, you are powerful too."

Chu Kuangren used Lil Ai to scan Ming Fei and realized she was just a Grand Dao Supreme Saint.

However, not everyone should be measured by common standards, such as himself and Ming Fei.

She might only be a Grand Dao Supreme Saint, but Chu Kuangren knew she could easily defeat most of the Grand Dao Supreme Honorable cultivators.

"Do you know someone named Lan Yu?" Ming Fei asked.

Chu Kuangren was surprised by the name. "How do you know the name?"

"She's my disciple now," Ming Fei explained.

Chu Kuangren was intrigued by Ming Fei's revelation. Many thoughts flooded his mind instantly, one of which was why Ming Fei would take Lan Yu as her disciple.

Was it because he was once a heretic and Lan Yu became her backup plan to oppose him?

Was it a threat?

As though Ming Fei had seen through the concerns in Chu Kuangren, she explained, "Before I took her in, I didn't know about her relationship with you."

"Is that so? What a coincidence."

Chu Kuangren simply smiled it off and did not elaborate on the point.

"Where is she now?"

"She's out training. She should be in Yin Gale Domain. A branch of our church is there. If you want to meet her, you can easily locate her at any time."

"I understand. I'll be on my way now."

With that, Chu Kuangren got up and left.

After he left, the Radiant Goddess smiled at Ming Fei. "It sucks to be misunderstood, right?"

"I don't mind," Ming Fei said.

"Heh, he'll know everything when he meets Lan Yu," the Radiant Goddess said with a smile.

It was the reason why she did not interrupt the conversation earlier.

Sometimes, intervention would make things worse and more complicated.

All she could do was wait for him to understand the truth himself.

...

Chu Kuangren left the Holy Radiant Church and headed for Yin Gale Domain.

On the way, he pondered why Ming Fei took Lan Yu as her disciple.

Was it because of Lan Yu's potential?

Or did Ming Fei take Lan Yu in as a backup plan to counter himself?

He was forced to ponder the topic. He was once the heretic, the enemy of the church, and had close contact with the Darkness Tribe.

It was normal for Ming Fei to be cautious against him.

She would do anything for the Radiant Goddess.

"If it's the former, I have to apologize to her for my rude behavior earlier when I get back. But if it's the latter..."

Chu Kuangren's expression turned cold. "Ming Fei, are you ready to become my enemy?"

Lan Yu was one of Chu Kuangren's closest people.

Anyone targeting her just to get to him would certainly face his wrath.

...

In the Radiant Church's branch in Yin Gale Domain, several cultivators of the church were praying while some were slacking off, chatting.

"I heard the Left Sky King and his men are fighting the heretics in Black Water Domain and that it's getting fierce. I heard they even sent a dozen Bishops."

"I heard that the few powerful heretics on the battlefield are all legendary beings recorded in the books."

"Let's hope for the best for the Left Sky King."

Then, someone came into the church in a hurry.

The person looked terrified as he screamed, "W-We found Jiu Yin in North Sky City, and Divine Maiden Lan Yu and the Bishops are fighting him to protect our people!"

Everyone was shocked.

Jiu Yin was one of the Eight Great Heretics, one of the evil beings recorded in the books.

"Hurry up and contact the Bishop! Tell him to send backup!"

"Most of our forces are in Black Water Domain with the Left Sky King. Even if we can send more Bishops, we won't be able to send help in time!"

Everyone got nervous.

Then, a white pillar of light descended from the sky.

A white figure with golden eyes emerged from within.

His snow-white robes and vast aura announced his arrival.

One of the Grand Priests was surprised by the person's arrival. However, he quickly led the other Priests and believers to kneel before the person.

"Child of Light!"

It was Chu Kuangren.

He asked, "Where is the Bishop of this branch?"

"Child of Light, the Bishop is fighting Jiu Yin at North Sky City with Divine Maiden Lan Yu. Please... Huh? Where did the Child of Light go?"

The Grand Bishop wanted to ask if he could assist Lan Yu, but before he could finish, Chu Kuangren had disappeared.

The Grand Bishop pondered for a moment before smiling in relief. "This is great! With the Child of Light here, we'll be fine!"

"Father, is the Child of Light that powerful?" asked one of the believers.

The Grand Priest smiled. "It's normal for you to question him since you have never seen the Child of Light in action. However, I assure you that, with the Child of Light here, Jiu Yin is no threat."

As he once followed Chu Kuangren into the Hongmeng Spirit World with Liu Hu and the others, he had seen Chu Kuangren in action.

Chu Kuangren was strong enough to kill a Killer Star from the Apocalypse Martial Society with ease.

Meanwhile, in North Sky City, people were fleeing in fear.

A massive snake with nine heads roamed free, wreaking havoc across the streets. The Yin qi it released was chilly.

The unfortunate people who got caught in the Yin qi were corroded and dissolved into cinders.

Suddenly, two flashes of light appeared before Jiu Yin.

One was the Bishop of the Yin Gale Domain branch and the other was a woman in silver armor, wielding a scepter.

"Bishop Li, I believe he's here for me. Bring the people to safety. I'll lure him away," Lan Yu said.

Then, she transformed into a stream of light and flew out of the city.

Jiu Yin went after her immediately.

"Hahaha! Divine Maiden of the Radiant Church, once I absorb the Yin core in you, I will be able to recover completely from my injuries." Jiu Yin roared in laughter.

He had not yet recovered from the injury he suffered during the fight against Chu Kuangren in Black Flame City.

Hence, when he sensed the aura in the Divine Maiden, he realized that her Yin core was extremely powerful.

If he could absorb it, he could recover to his prime.

"Nine Yin Heavenly Snake Roar!"

One of the snake heads roared at the fleeing Lan Yu.

The rumbling Yin qi expanded together with the soundwave from the roar.

"Bang!"

Lan Yu was struck, but the white light on her armor protected her from the Yin qi.

She got the armor from Ming Fei. It was a Premium Chaos Supreme Treasure, and because of it, she was capable of fighting Jiu Yin.

"Even if you have the Supreme Treasure as protection, how long can you last?" Jiu Yin scoffed.

All eighteen of his eyes stared at Lan Yu with greed.

Then, a vast Radiant aura came crashing down on Jiu Yin from the sky like a falling mountain.

"Bang!"

Caught off-guard, Jiu Yin was slammed to the ground by the force. He looked at the endless light in the sky in astonishment.
