Chapter 2181: Chu Kuangren, The Reincarnation of a Great One? Tempest King Versus Apocalypse Martial Ruler

The Tempest King Avatar appeared above the sky of Myriad Arms City.

A powerful suction force that could absorb all life in existence buffed the avatar's might, boosting its power infinitely closer to a Monarch's. The Apocalypse Martial Ruler was shocked.

"How is this power possible?"

An avatar with the power of a Monarch?

How powerful was the Tempest King in person?

It left the Apocalypse Martial Ruler stunned.

"It's the Tempest King's Heaven-devouring Technique!"

Someone from the previous Hongmeng era recognized the technique.

The Heaven-devouring Technique was created by the Tempest King, and it allowed her to absorb massive amounts of spiritual qi to increase her strength.

"I remember that during the previous Hongmeng era, the Tempest King's Heaven-devouring Technique could only absorb spiritual qi. Now, it could even absorb the qi essence of trees, rivers, mountains, and celestial objects! How did it become so powerful?!"

"The Tempest King must have perfected it. She's even more terrifying than the previous era. If the avatar can unleash power that rivals a Monarch with the Heaven-devouring Technique, it's hard to imagine how powerful she really is."

"The Heaven-devouring Technique might be an Absolute Dao-level technique."

Many elites were shocked by the technique.

They feared and revered the slender figure standing in the sky, peering down at all life with absolute power.

Meanwhile, in the Devil Tribe, the Devil King looked at the Tempest King Avatar and yawned. "I've been asleep so long that someone this interesting appeared during the previous era. If I were there, I would have taken her into the Devil Tribe and made her my strongest subordinate."

The Devil King had been alive for many eras, and only less than a handful of people intrigued her.

Most of the time, she would not even bat an eye at other Monarchs. Only Chu Kuangren and the Tempest King were strong enough to attract her attention.

Meanwhile, in the Dragon Tribe, a black dragon rose to the sky and stared coldly in the direction of Myriad Arms City. The raging dragon aura was fluctuating around him.

He was the Black Dragon King, the Monarch of the Dragon Tribe.

"Tempest King, Tempest King, you have appeared once again. This aura... Damn it. It's only an avatar, yet it's already so strong! I'll never get my revenge!"

The Black Dragon King was furious and annoyed.

During the previous era, some foolish one in the Black Dragon Tribe offended the Tempest King, causing her to trample over the Black Dragon Territory and defeat him.

It was a stain in his entire life that he could never forget.

He cultivated relentlessly just to get his revenge.

However, if the Tempest King Avatar possessed the power of a Monarch, how powerful would her true self be?

How would he get his revenge?

...

"For trying to kill my honorable teacher, I will kill you," the Tempest King said to the Apocalypse Martial Ruler.

Her words shocked everyone.

The Tempest King's honorable teacher? Who?

The Tempest King had a teacher, and the Apocalypse Martial Ruler wanted to kill the person?

The Apocalypse Martial Ruler was trying to kill Chu Kuangren!

In other words, was Chu Kuangren the Tempest King's honorable teacher?

Everyone's jaw dropped, and they could not comprehend the situation.

Powerful elites from the void placed their Immortal Consciousness on Chu Kuangren, attempting to pry a thing or two. However, they were blocked by a strange power.

It was the Soul Barrier. Chu Kuangren's Soul Barrier was not only protecting him from soul attacks, but it could also prevent others from prying deep into his mind.

"Hm. He's strange."

"He's just a Grand Dao cultivator. How could he be the Tempest King's honorable teacher? Something else must be going on here."

"Wait a minute, I got it!"

Realization struck someone. "He must be the reincarnation of some top Transcendentalist! He must've been the Tempest King's honorable teacher in his previous!"

"Yeah, that's possible."

The crowd seemed to have reached a plausible explanation.

It made sense. If Chu Kuangren was the reincarnation of a great one, it explained why he could achieve so many ridiculous feats and why the Tempest King called him her honorable teacher.

Everyone revered Chu Kuangren.

"The Tempest King's honorable teacher must be something else. We must be careful if we run into him next time."

"The Tempest King seems to respect her honorable teacher a lot. She even created this powerful avatar just to protect him."

"The Radiant Goddess, the Devil King, the Tempest King, and his identity of a previous great one... He seems to be a nameless cultivator from the Pan Gu Universe, but his background is astonishing."

Regarding Chu Kuangren's background, the crowd filled in the blanks with their imaginations.

Even the cultivators from the Pan Gu Universe were surprised. They, too, found his background shocking.

He might very well be a reincarnation of a great one who just happened to be reincarnated to the Pan Gu Universe.

The battle between the Tempest King and the Apocalypse Martial Ruler started.

As the Tempest King pointed a finger at him, the boundless Great Daoist law energy transformed into a beam of galactic energy, blasting forward.

"Apocalyptic Demon Martial Art, Absolute Heaven Slash!"

The Apocalypse Martial Ruler dared not be careless. He roared as he drew the saber from the sheath and unleashed a saber ray consisting of Great Daoist law energy.

When the galactic beam and the saber ray clashed, the realm shook violently.

Chu Kuangren felt the unbelievably powerful aura of a Monarch. It was as if there were mountains on his shoulder, pressuring him to the point of collapse.

However, he did not step away. Instead, he watched the battle eagerly.

It was a battle between two Monarchs, and he wanted to see it with his own eyes to gain some insights.

The biggest difference between a Grand Dao and a Monarch would be that a Monarch had deeper mastery of the Great Dao and could convert it to the Great Daoist law energy.

Great Daoist law energy had absolute dominance over Great Dao energy.

It was like a monarch and his subjects, which was also the origin of the Monarch's name.

Chu Kuangren watched as the Tempest King and the Apocalypse Martial Ruler fought with their respective Daoist laws. The terrifying energy from the clash shattered the void.

Its destructive power was nothing jaw-dropping. It was only slightly stronger than the power of a Grand Dao Supreme Honorable, but the energy fluctuation from the clash was countless times stronger.

A sliver of that energy fluctuation could easily kill a common Grand Dao Supreme Honorable.

It was a higher level of power and different from the core.

"Apocalyptic Demon Martial Art, Thousand Martial Zenith!" the Apocalypse Martial Ruler roared.

The saber he wielded shone brightly. The Daoist law energy dazzled and transformed into tens of thousands of cultivation techniques.

Then, the cultivation techniques merged into one blinding and unparalleled saber ray.

The Daoist law energy contained in the saber ray was boundless and powerful.

It was the Apocalypse Martial Ruler's strongest attack. The technique had reached the Hongmeng level, and it was considered one of the stronger ones.

Chu Kuangren had a few Hongmeng-level cultivation techniques as well.

In terms of level, they might be the same, but in terms of power, they were heaven and earth apart.

"Only a Monarch can fully bring out the potential of a Hongmeng-level cultivation technique," Chu Kuangren thought as he looked at the Tempest King.

He wanted to see what she would do to block that attack.

"Thousand Raging Tempest!"

The Tempest King channeled her energy to the limit. Tens of thousands of Daoist law energies converged and summoned an endless tempest around her.

The tempest tore even the void, and countless shards of the void reflected the worlds they represented.

The tempest swept over everything as if it wanted to destroy the world.

Chapter 2182: The Will of the Pan Gu Universe's Cultivators. Apocalypse Martial Ruler Falls?

When the apocalyptic saber ray and the destructive tempest clashed, the endless light and Daoist law energy it released overshadowed the universe.

The saber ray intertwined with the tempest and painted a catastrophic scene.

All were shocked as they watched the clash between the two different Daoist law energies.

Some cultivators tried to gain insight from the clash, but the slightest movement of the Immortal Consciousness would cause the destructive energy to attack their minds.

"Such terrifying auras and Monarch intent."

"This is a fight between Monarchs. Not only can't we get close, but if we want to gain insights on the Daoist law energy, we also have to take a huge risk."

"It's terrifying."

Some tried to comprehend the Monarch's Daoist law energy but returned fruitless. They shook their heads in disappointment.

Everyone admired such power.

"You guys, look there!" someone said in shock.

Someone was standing before the clash, closer than anyone could get to, and he seemed to be comprehending the Daoist law energy from within.

It was Chu Kuangren!

"Not even a Grand Dao Supreme Honorable can sustain the impact of the Daoist core, yet he can do it without being affected."

"Hmph. He's the reincarnation of a great one. He might also be a Monarch in his previous life, so it's no surprise he can gain insights from the clash."

"Wait. If he was a Monarch in his previous life, why would he need to gain insights from this clash? It wouldn't be useful to him," someone asked.

Everyone was baffled.

If he were a Monarch, he would already have a deep understanding of the Great Dao. As long as he continued cultivating, he would break through to the Monarch class one day.

Why would he need to gain insights from the fight between two other Monarchs?

It would be useless.

Was he really the reincarnation of a great one?

Everyone was baffled again.

"Maybe he wasn't a Monarch in his previous life," someone said.

Chu Kuangren was a man with many mysteries.

No matter how the people tried to guess it, it felt wrong. Hence, they gave up on trying to understand him.

On the other hand, when the cultivators from the Pan Gu Universe saw the erupting Daoist law energy in the sky, they tried their best to gain insights from it.

To gain insights from the Monarch's Daoist law, one must endure the powerful might of the Monarch's intent.

It was a huge test of one's Daoist core and mind.

When the cultivators from the Pan Gu Universe saw Chu Kuangren fighting alone, they felt a sense of urgency.

They did not want Chu Kuangren to fight for them alone, they wanted to stand with him and improve together, but they had to be strong enough first.

They would never let any chance to be stronger slip by. Since it was rare to see two Monarchs fight, they tried their best to get something out of it.

Everyone was working hard to improve.

"They are really trying hard."

Ou Yenuo realized what the Pan Gu Universe's cultivators were doing.

Nuwa was drenched in sweat, but she clenched her teeth and continued comprehending the mystical Daoist law energy.

Although the Black Heaven Nine Stars had lower cultivation realms, they did not give up on trying. Even when their Daoist cores were shaken, they refused to surrender.

The Three Clarities also sat down together. Daoist laws surrounded them and linked their consciousness together to resist the Monarch's intention so that they could gain insights better.

The cultivators failed after multiple attempts, but they never stopped. Some of them even passed out from the attempts.

"They will change the Infiniverse one day," Ou Yenuo thought to himself.

He, too, was shocked by his own thoughts.

The Infiniverse was filled with powerful elites, and making a name across the universes would not be easy.

However, Ou Yenuo had a feeling that the cultivators from the Pan Gu Universe could do it.

Meanwhile, the destructive tempest and the apocalyptic saber ray continued to clash.

The clash of the two energies painted a doomsday scenery across the realm.

Gradually, the saber ray was destroyed by the tempest.

As the Apocalypse Martial Ruler's Daoist laws could not resist the Tempest King's ultimate attack, he was caught in the tempest's relentless attack.

The Tempest King noticed the advantage and cast the Heaven-Devouring Technique again.

The energy of all life and objects gushed toward her, and she used the energy to boost her avatar's power to the limit.

"Dominion Honored Finger!"

The Tempest King narrowed her eyes and released a supreme intent.

She was like the empress who ruled over the universe with unrivaled power.

She pointed her fingers at the void, and tens of thousands of Daoist law energies gathered, forming a massive finger that would crash on its target.

The finger's aura shook the land across millions of kilometers.

The finger ultimately crashed on the Apocalypse Martial Ruler, crushing the Great Daoist law energy in him into pieces.

Following an excruciating shout, the Apocalypse Martial Ruler's body exploded.

The blood of a Monarch tainted the sky.

A crescent saber fell from the sky and plunged into the land. Slivers of murderous qi lingered around its blade as it released a faint cry.

The Apocalypse Martial Ruler had fallen!

The Tempest King raised her hand into the void and closed her fingers into a fist. The shattered Daoist law energy of the Apocalypse Martial Ruler gathered upon her hand.

In the end, the pieces formed a mystical light orb consisting of mysterious Daoist law energy.

It was the Monarch's Heart!

All the cultivators' eyes widened eagerly at the Monarch's Heart.

One might not be a Monarch with the Monarch's Heart, but it would provide a greater chance for ascension than others.

If it was fitting to the user's Dao, it would be a huge opportunity to ascend.

"Honorable teacher, I have ground a Monarch's will from this Monarch's Heart. It's not complete, but it's also a decent treasure. Please take it as my offering to you," the Tempest King said as she gave the Monarch's Heart to Chu Kuangren.

Everyone was in awe.

The scene of a tyrantess, who ruled over the previous era with an iron fist, bowing to someone respectfully was a scene to be remembered.

"An incomplete Monarch's Heart? Is it damaged?" Chu Kuangren asked curiously.

"It's possible, but this Monarch's Heart isn't complete from the start. A part of it has been artificially cut out," the Tempest King said with a frown.

"How strange."

The Apocalypse Martial Ruler was a Monarch. Who could have cut off his Monarch's Heart?

Or did he do it himself?

Chu Kuangren thought of something. "It seems like we might have the chance to meet the Apocalypse Martial Ruler in the future."

"Honorable teacher, I'm outside Hongmeng dealing with some urgent matters. Please give me some time. Once I'm done, I will come back to your side," the Tempest King said urgently.

Although expected, Chu Kuangren's power still surprised her.

He had made enemies out of the Dragon Tribe, the Celestial Divine Tribe, and the Apocalypse Martial Society, which were three Monarch class forces, within such a short time. Moreover, the Dragon Tribe and the Celestial Divine Tribe were Hongmeng Tribes.

Her avatar was designed to be used multiple times so that she could protect Chu Kuangren for a longer period. However, to her surprise, the first time Chu Kuangren summoned her was to defeat a Monarch, which drained her avatar's power.

"If you have something to attend to, just go. You don't need to worry about me. I'm your honorable teacher, after all," Chu Kuangren said with a smile.

Chapter 2183: Strongest Kept Man Chu Kuangren, Something Strange Between The Three Ladies

"I shouldn't be relying on Lan that much. As her master, I should really be stronger," Chu Kuangren thought to himself.

Then, an astonishing burst of Radiant energy came from further away.

The Radiant Bridge appeared, and the Radiant Goddess arrived before Chu Kuangren.

When she saw the Tempest King Avatar, she narrowed her eyes. She bowed and said, "Tempest King."

The Radiant Goddess knew of the Tempest King, who had been a Monarch since the previous era. She did not expect the Tempest King to be so ridiculously strong that she defeated the Apocalypse Martial Ruler with only an avatar.

"Radiant Goddess, I've heard a lot about you."

In terms of strength, the Tempest King was not afraid of any Monarchs.

In terms of experience, she fell short compared to the Radiant Goddess, who had been a Monarch since many eras ago.

Even the Apocalypse Martial Ruler was more experienced than her.

However, she did not get the chance to meet the two of them during the previous era.

"Me, too."

The Radiant Goddess looked at the Tempest King with a smile.

She was in awe of the difference in strength between the two of them.

She became a Monarch many eras before the Tempest King but was not as strong or gifted as the Tempest King, who had a much higher potential in cultivation.

"Goddess, thank you for your support." Chu Kuangren bowed at the Radiant Goddess.

Not only did she send the Radiant Left Sky King and the others to help, but she even used the Daoist Core Oath. Even though she did it because he was the Child of Light, the friendship was real.

"You thanked them, but what about me?" A coquettish voice sounded.

Chu Kuangren felt a burning sensation in his left eye.

He smiled bitterly.

Not far away, a bewitching and alluring woman with jet-black wings on her back approached gracefully. Her willowy waist swayed with every step, and she exuded an enchanting allure.

Every move she took was sexy, and it made countless cultivators blush.

Even the female cultivators were attracted by her charms.

It was the Devil King, the ancient king who was much more alluring than common succubus and possessed the strong demeanor of a ruler.

Her charms did not only work on men but also on women.

Chu Kuangren looked at her. He knew it was not the Devil King's real self but a projection of her willpower thought-form. Hence, he was not afraid that she might do something out of the blue.

"How can I forget the Devil King's support?"

For unknown reasons, the Devil King helped him as well, so he had to express his gratitude.

"If you want, I can do more than just give you moral support. I have hundreds of millions of devil soldiers at your disposal," the Devil King said with an enchanting smile.

She spoke the most terrifying words using the most alluring tone.

The Dragon Tribe and the Celestial Divine Tribe, who were watching from the dark, were terrified by her words. They were not sure if she was being serious or if she was just teasing Chu Kuangren.

Now, they were more afraid of Chu Kuangren than ever.

The others were also shocked by the Devil King's words, and it only fueled their jealousy for Chu Kuangren.

"The Radiant Goddess, the Devil King, and the Tempest King... To have three Monarchs on his side, he's really terrifying."

"Not only that, but the three Monarchs are also absolute beauties, which is the most enviable."

"I'm so jealous of him."

"He's like the king of kept man!"

"Not only is he a kept man, but he's powerful enough to kill Jue Jian and Elder Dragon Xingyun. Are you people as strong as him?"

"You're right..."

With the Tempest King, the Radiant Goddess, and the Devil King surrounding Chu Kuangren in the sky, the atmosphere suddenly became awkward.

The ladies looked at each other, each having their own thoughts.

"Chu Kuangren is the Radiant Church's Child of Light, so why would the Devil King help him to such an extent? What does she see in him? And there's an extreme source of evil inside him. It's the Devil energy, but did she give it to him? Would it affect Chu Kuangren's Radiant energy?" the Radiant Goddess thought to herself.

The Child of Light was the key to countering the Doomsday Darkness, so she had to be careful.

Anything that might affect her plan had to be considered.

"Honorable Teacher has only arrived in the Great Hongmeng Universe not long ago, but he has made enemies with multiple Monarch-class forces. The Radiant Goddess and Devil King are quite friendly with him, but what are they planning?

"Whatever. Since the two of them stood against the Dragon Tribe and the Celestial Divine Tribe for the sake of Honorable Teacher, at least they won't hurt him now. I have to settle my things as soon as possible and come back here to protect him. With me around, no one can hurt the Honorable Teacher!" the Tempest King thought.

Even though she was handling something urgent and important, nothing was more important than Chu Kuangren's safety.

"Interesting. This little one is much more interesting than I thought. So the Tempest King is his disciple? If I can get him on my side, does it mean I can get the Tempest King as well? That would be great!"

The Devil King looked at Chu Kuangren. The more she looked at him, the more satisfied she was.

She no longer desired Chu Kuangren's Supreme Treasures or his cultivation technique. She did not even care if he could soothe her wicked thoughts with the Bodhi Samadhi. She simply wanted him as a person.

Chu Kuangren looked at the ladies and cleared his throat awkwardly. "Ladies, this fight is over. Why don't you guys come to my place and have a drink?"

"Little one, if you have time, drop by the Devil Tribe, and I'll let you taste the most beautiful wine the Devil Tribe has brewed." The Devil King smiled attractively before she faded.

She did not mention anything about taking back the Devil's Pupil. It was as if she had tacitly allowed him to possess it.

The Tempest King Avatar also started to disintegrate into light particles. "Honorable Teacher, my avatar's energy is depleted. Please take care of yourself from now on."

With that, she dispersed into countless light particles, but a beam of light entered Chu Kuangren's forehead, transforming into a mystical cultivation technique.

It was the Heaven-devouring Technique!

Chu Kuangren was surprised. The cultivation technique was ridiculously strong, strong enough for the Tempest King Avatar to defeat another Monarch.

If he could master it, he would have another powerful trump card.

Chu Kuangren then looked at the Radiant Goddess.

She nodded and followed him to Myriad Arms City.

After a brief reunion, the Radiant Goddess returned to the Holy Radiant Church.

"Heavenly Formation Palace?"

The Radiant Goddess said it was the Formation King who got in her way.

Chu Kuangren noted her words carefully. He intended to hold the Heavenly Formation Palace accountable for their actions in the future.

He intended to let the Formation King know the consequences of messing with him.

"The next thing would be the cultivators from the Pan Gu Universe."

Chu Kuangren gathered all of them together to form his own force so that he could organize and plan for their future better in the massive Great Hongmeng Universe.

It was time to meet all of them and discuss the matter.

Unparalleled After Ten Consecutive Draws

Chapter 2184: Pan Gu Sect, It Was Just One-tenth of What He Had, Confident

In Myriad Arms City, Chu Kuangren gathered everyone from the Pan Gu Universe in the forest realm.

Everyone gathered.

They all looked at Chu Kuangren with utmost anticipation.

"Immortal King!"

"Brother Chu."

Everyone bowed at him respectfully.

Chu Kuangren accepted their courtesy. He glanced at all of them and said, "I believe everyone knows why I summoned all of you here. The Great Hongmeng Universe is ever-changing and dangerous, and the Pan Gu Universe isn't particularly strong across the Infiniverse. In fact, it's weak."

No one argued with Chu Kuangren about the facts. They saw the battle, and none of them could beat Jue Jian.

Other than Jue Jian, there were many other Grand Dao Supreme Honorable, Pseudo-Monarchs, and even Monarchs who had mastered the Daoist laws.

"We might be weak, but I believe in our potential. If Pan Gu Universe wishes to rise above in the Infiniverse, the Great Hongmeng Universe would be the key. It's okay that we're weak right now because the key lies in the future.

"To fight for a better future, we must unite. That's why I want to create our own force to adapt to the ever-changing future."

After that, everyone bowed to Chu Kuangren.

"We're at your command, Immortal King!"

Chu Kuangren was happy with their answer. It seemed like he had quite a reputation in the Pan Gu Universe.

"Brother Chu, what should we name this force?" Li Jun asked.

Name? He had never thought of it before.

"Why don't everyone give some suggestions?"

"Immortal King, since it's your idea, you should be the one to name it," someone said, and the others agreed.

Chu Kuangren nodded. "Hm. Let me think..."

Lan Yu's heart skipped a beat.

Chu Kuangren naming the force?

She would prefer it if he did not.

She could recall that Chu Kuangren had no sense in naming.

He was the one who named her and Chu Hong.

He named her based on her blue eyes and wings, so her name basically meant blue wings.

As for Chu Hong, she was mostly covered in red because she was a Godly Phoenix. He originally wanted to call her Lil Red, but the elders of the Black Heaven Sect stopped him, forcing him to change it to Chu Hong.

Knowing Chu Kuangren's poor sense of naming, Lan Yu's lips twitched.

She really hoped her master had improved over the years.

Chu Kuangren closed his eyes to ponder.

Everyone was looking forward to his answer.

"I got it."

Chu Kuangren opened his eyes. "Let's name it Pan Gu Sect."

Pan Gu Sect?

Was it because they originated from the Pan Gu Universe?

It was a decent name, but it felt strange.

Everyone had high hopes for him to come up with a grand name, but the name he came up with was pretty normal.

Lan Yu, on the other hand, breathed a sigh of relief. Fortunately, he did not derive too much from the meaning.

She cleared her throat and said, "Pan Gu Sect sounds nice. Since we're all from the Pan Gu Universe, as the name suggests, we shouldn't forget our roots."

Chu Kuangren was impressed by Lan Yu's explanation.

"Lan Yu knows me the best."

"Master, you flatter me."

Lan Yu simply wanted to support her master, so she did not give much thought to it either.

Realization struck when the others heard Lan Yu's explanation.

"I see."

"To remember our roots... This is the reason the Immortal King has named our force as Pan Gu Sect. The Immortal King never forgets the people of the Pan Gu Universe!"

"On top of that, the God of Creation of our universe, Pan Gu, started the universe and created everything. The Immortal King must've named the sect over the God of Creation to honor him!"

Everyone acknowledged the meaning of the name as they discussed it among themselves.

The meaning of the name struck a chord with them.

"Sect Leader!"

Lan Yu took the lead and knelt before Chu Kuangren.

The others followed.

"Sect Leader!"

"Sect Leader!"

Them calling him Sect Leader reminded him of his days of being Black Heaven Sect's Sect Leader.

He was busy, but he lived a productive life back then.

Unfortunately, Elder Ruyan was not around. Otherwise, he would put her in charge of the new sect's affair.

Back in the Pan Gu Universe's Immortal World, Elder Ruyan, who was working on a mountain of documents, sneezed.

She frowned and said, "No way. I'm already an Embodier. How do I still have a cold? Or is someone cursing me?"

She glanced at the mountain of documents before her stable and sighed.

"I guess I must be tired. Damn it, King. I must quit when you get back. I want to go on a vacation!"

...

Back in Myriad Arms City's forest realm, after the new sect was named, they started to discuss the future development of the sect. Although they already had enough members for a new sect, they should be focusing on acquiring development resources, and Chu Kuangren was prepared for that.

He raised his hand and unveiled the massive Great Dao Mountains he collected a while ago.

The Great Dao Mountains contained a massive amount of the Great Dao's Sources. The powerful energy fluctuation instantly flooded the entire forest realm, shocking everyone.

"These are the Great Dao's Sources! And there are so many of them!"

"These are key items to break through to the Grand Dao Realm! It's important even to cultivators in the Grand Dao Realm!"

"The Great Dao's Sources are much more precious than the Primordial Crystals!"

As the number of mountains increased, the people's jaws dropped. When the sky of the forest realm was filled with a hundred mountains, everyone was stunned.

The number of Great Dao Mountains was more than enough for them to cultivate and break through the Grand Dao Realm.

Chu Kuangren sighed. "Too bad the forest realm isn't big enough. It can only hold one-tenth of the Great Dao Mountains."

Everyone looked at Chu Kuangren in shock.

What? One tenth?

They thought he must be kidding.

Some of them had barely even encountered a Grand Dao's Source after exploring the Great Hongmeng Universe for many years, let alone seeing a massive mountain covered with the Grand Dao's Sources.

Yet, it was just one-tenth of what Chu Kuangren owned!

The Heavenly Grandmaster, Nuwa, and Fuxi were in the Great Dao Spirit World with him, so they were not surprised.

When they saw the shock on everyone's face, they exchanged a quick look and chuckled.

They reacted the same when they saw Chu Kuangren absorb the mountains in the Spirit World.

"The Great Dao Mountains are not all. The Sect Leader even has an entire Great Dao Lake," the Heavenly Grandmaster exclaimed.

The others were astonished.

What had Chu Kuangren gone through all these years?

Although some of them arrived at the Great Hongmeng Universe earlier than Chu Kuangren, their spoils and resources combined were not worth one Great Dao Mountain.

Chu Kuangren arrived at the Great Hongmeng Universe not long ago, yet he had collected many resources and even gained the support of multiple Monarchs.

Their respect for him grew.

"I will open up more forest realms in the city to put the Great Dao Mountains. You guys can go in and cultivate.

"Also, Myriad Arms City is a city specialized in forging weapons. If you guys have enough materials, you guys can get the weaponsmiths to forge you new Supreme Treasures," Chu Kuangren said.

Everyone's eyes lit up with joy.

With resources, weapons, and the support of multiple Monarchs provided, they were confident in the Pan Gu Sect.

Unparalleled After Ten Consecutive Draws

Chapter 2185: Nine Humanity Treasures, The Human Ancestors' Secret, Monarch's Heart Remains

After founding the Pan Gu Sect, Chu Kuangren opened up nine more forest realms in Myriad Arms City.

Eight of them were used to store the Great Dao Mountains, and the last one was for the Great Dao Lake.

The forest realms were used as cultivation grounds for the Pan Gu Universe's cultivators.

With the help of the Great Dao Mountains, their cultivation speed would increase.

Chu Kuangren was in a palace looking at a floating mirror.

The mirror was showing him the situation inside the forest realms. He watched as the cultivators' cultivation progressed smoothly and nodded in satisfaction.

"They're progressing smoothly. Not bad."

To most of the cultivators, it was rare to come across a Great Dao Mountain in their lifetime. It was even normal for them to fight each other to acquire the resources in it, which happened back in the Great Dao Spirit World.

However, Chu Kuangren wanted to test the cultivators with the Great Dao Mountains as well.

He wanted to see if the cultivators could strengthen not only their bodies but their minds. Now, it seemed like he was not disappointed.

The Pan Gu Universe's cultivators started off with minor conflicts. However, with the help of the Three Clarities, Nuwa, and the others, the conflict dissolved, and they cultivated in harmony.

The Pan Gu Universe had been through many catastrophic events, and many of them used to fight side by side. Hence, it was easier for them to unite than other cultivators.

He summoned the Black Heave Nine Stars.

Other than Hua Wuai, who was still in the Underworld of the Pan Gu Universe, the other eight were here, and they were his most trusted people.

He had to train them even harder.

"Lil Red, take this Celestial Divine Lance and refine it."

Chu Kuangren took the Celestial Divine Lance out, which he got from Tianshen Chang. It was a Hongmeng Supreme Treasure with outstanding power that even a Monarch had to take seriously.

Since Chu Kuangren already had multiple Hongmeng Supreme Treasures and the Celestial Divine Lance was not much use to him, he gave it to Chu Hong.

Then, he gave the Celestial Dzi Bead to Lan Yu.

Others got some treasures as well.

The Fantasy Roulette was the source of his endless Supreme Treasures, which he usually saved up every time he did a gacha draw. Now, there were enough to distribute among the eight of them.

The Supreme Treasures would be useless if he kept them. It was only by putting them to good use that its full potential could be unleashed.

After the Black Heaven Nine Stars got their respective treasures from Chu Kuangren, they started their cultivation. They had to become stronger so that they could contribute to the sect.

A few days later, Nuwa went to talk to Chu Kuangren.

"Sect Leader, I have something to talk to you about."

She looked serious.

She took the Hongmeng Supreme Treasure she got from the Great Dao Spirit World, which was the crystal. "I have refined this Hongmeng Supreme Treasure and found a secret I think you should know about."

"Oh? Come in."

Chu Kuangren was intrigued.

"This is the Creation Crystal, which is also one of the Nine Humanity Treasures. It is closely related to the origin of the human race," Nuwa said.

There were humans all over the Infiniverse, and Nuwa was the founder of the human race in the Pan Gu Universe.

She was the mother of all humans back in the Pan Gu Universe.

As a matter of fact, there were many other cultivators with similar roles to her in other universes. They were led by a mysterious force to create the human race in their respective universe.

They were known as the Human Guardians.

Among the Human Guardians, some were named the Human Ancestors.

They were the origin of the human race in the Infiniverse, the first humans.

They possessed unlimited power, and their consciousness was scattered across the Infiniverse. It was the Human Ancestors' consciousness that led the Human Guardians to create the human race.

"I know this from the Creation Crystal. The Human Ancestors left an inheritance in the Great Hongmeng Universe, and it can only be accessed with the Nine Humanity Treasures. This Creation Crystal is one of them."

Chu Kuangren was intrigued after listening to Nuwa's explanation.

The origin of the human race was the Human Ancestors.

It was surprising that the Hongmeng Supreme Treasure that Nuwa found had such a deep history.

No wonder Nuwa resonated with the crystal. Other than her Creation Dao, she was also one of the Human Guardians.

"You can keep the Creation Crystal for now. As for the Human Ancestors' inheritance, when the time is right, it will show up," Chu Kuangren said.

The power distribution of the Great Hongmeng Universe was complicated.

As one of the bigger forces, the humans founded different forces among themselves.

However, as humans, they would all be interested in the Human Ancestors' inheritance. That was why he believed they would eventually show up.

"I understand." Nuwa nodded.

After she left, Chu Kuangren continued to ponder about the Human Ancestors.

There was no rush in acquiring the inheritance, so he put it aside for now.

"Next, we will have to develop slowly, starting from Feng Domain," Chu Kuangren thought.

However, he had to deal with the remains of the Apocalypse Martial Society first.

They would be an underlying danger if he allowed them to stay in Feng Domain.

He had to deal with them quickly and take total control of Feng Domain.

With that in mind, he exited the palace and headed to the headquarters of the Apocalypse Martial Society, trying to erase the remains.

As soon as he stepped out of the palace, he ran into someone — Armament Destruction.

He looked at Chu Kuangren and said, "If you're going to deal with the remains of the Apocalypse Martial Society, count me in. I'm itching for a fight."

"Sure. Let's go."

...

Meanwhile, at the headquarters of the Apocalypse Martial Society, Long Sha and Ling Sha managed to escape the slaughter of Myriad Arms City.

They had regrouped, but they did not look good. In fact, they were drowning in fear.

"What should we do now? The Apocalypse Martial Ruler is dead. Chu Kuangren will never let us go!" Lin Sha said with a trembling voice.

"Not only Chu Kuangren, but other forces will not let go of this big piece of meat either," Long Sha said with a sigh.

The Apocalypse Martial Society was strong because of the Apocalypse Martial Ruler, and the members were practically villains in the Great Hongmeng Universe.

Now, with the Martial Ruler dead and only two out of the ten Killer Stars left, the society was as good as dead.

The forces they used to oppress would never let that chance slip.

They would be at the doorstep sooner or later.

"What should we do now?"

"Let's open the thing the Apocalypse Martial Ruler left behind."

A glint of hope flashed in Long Sha's eyes.

The Apocalypse Martial Ruler had left behind something mysterious. He said if he was not around and the Martial Society was in danger, they could open it.

Now would be the time.

With that, Long Sha and Lin Sha went to the underground basement to retrieve a bronze box.

The box was carved with countless mystical runes.

With the instructions left behind by the Apocalypse Martial Ruler, the two of them infused their Great Dao energy into the box to open it.

A streak of light flew out and transformed into a ball of light covered in countless mystical runes and Daoist laws.

"It's the Monarch's Heart!" Long Sha cried in shock.

The box was holding the Monarch's Heart!

"Wait, this isn't complete. It's broken," Long Sha said after a closer look at the ball of light. He was baffled.

Before he could understand why, a mysterious force in his body suddenly erupted, attempting to escape his body.

"What?"

Long Sha and Lin Sha could not react in time. Their bodies exploded into clouds of blood mist and were absorbed by the ball of light.

Soon, it formed a human figure that was the Apocalypse Martial Ruler!

He was still alive!

Unparalleled After Ten Consecutive Draws

Chapter 2186

The Apocalypse Martial Ruler slowly opened his eyes.

A cold, dangerous glint flashed in his eyes. "Chu Kuangren and Tempest King, I will remember what you both did to me. Just you wait!"

He then made a mysterious hand sign.

In the Apocalypse Martial Society, something strange began happening to the cultivators who cultivated the Apocalyptic Demon Martial Art. The Carnage Great Dao in their bodies started activating automatically all of a sudden.

"W-What's happening?"

"Why can't I control my Grand Dao power?"

"It's the same with my Primordial power too."

"What's going on?"

The Apocalypse Martial Society's cultivators were terrified. The power inside their bodies quickly gushed out of them along with their life force as if being leeched away by some unknown force, and it gathered toward the Apocalypse Martial Ruler.

Meanwhile, the Apocalypse Martial Ruler's power rapidly recovered.

Although he could not unleash the combat strength of a Monarch, it was enough for self-protection.

"Luckily, I tampered with the Apocalyptic Demon Martial Art back then. This has allowed a portion of my consciousness to attach to anyone who cultivates this technique. And coupled with this portion of my Monarch's Heart that I cut off, I have been able to revive myself."

The Apocalypse Martial Ruler felt relieved.

It was a secret technique he developed that allowed his consciousness to attach to the cultivators of the Apocalyptic Demon Martial Art. That way, he could strip them of their power whenever he wished.

As long as those cultivators were not a Monarch, they would not be able to free themselves of his control.

"Chu Kuangren will never let my Apocalypse Martial Society survive. It's only a matter of time before he gets here. I must find somewhere else to recuperate my strength," the Apocalypse Martial Ruler thought to himself.

Then, his figure disappeared in a flash.

Soon after he left, two figures arrived at the Apocalypse Martial Society.

It was Chu Kuangren and Armament Destruction.

The two of them were a little stunned to see dead bodies lying all over the place.

Armament Destruction went ahead and checked them for a while. "There are no obvious injuries on their bodies, but their life force and power have disappeared for some reason.

"It's as if something has drained their power and life force."

Chu Kuangren pondered on it before sending his Immortal Consciousness to cover a radius of a million kilometers. He noticed that in the other Apocalypse Martial Society branches, corpses also lay scattered all over the place, and all of them Apocalypse Martial Society's cultivators.

"How interesting. This must be your work, right, Apocalypse Martial Ruler?" Chu Kuangren mumbled.

A very long time ago, he noticed that the cultivators of the Apocalypse Martial Society who cultivated the Apocalyptic Demon Martial Art had a strange consciousness lying dormant inside their bodies.

It seemed like that consciousness was the Apocalypse Martial Ruler.

That must be the key factor to his revival.

However, the Tempest King had taken a huge portion of his Monarch's Heart away and gave it to Chu Kuangren. Even if he could revive, he would surely be left with very little power.

He would not be able to cause any trouble for the time being.

Still, he would not let go of the grudge so easily.

He would surely find Chu Kuangren one day.

"Oh well, I'll deal with him when the time comes," Chu Kuangren thought.

To him, the Apocalypse Martial Ruler was no longer a threat.

"Let's go."

With that, he and Armament Destruction left the Apocalypse Martial Society.

"The Carnage aura in Feng Domain is dense and abundant. If we set up the Great Water Nation Warring Map Formation here, it will thrive."

On the way back, Armament Destruction looked at the Feng Domain's terrain and suggested.

Chu Kuangren chuckled. "Ha! As someone who was once a part of me, we sure share the same idea."

Armament Destruction looked at the Feng Domain again. "No, that's not right. You've already set up the Great Water Nation Warring Map Formation here, and it's been here for a while too."

Having once assisted Chu Kuangren in setting up the formation, Armament Destruction was quite familiar with the formation's layout. That was how he could tell.

"That's right."

"I see, so that's how it is." Armament Destruction came to a realization. "Even if you didn't have the Tempest King's avatar, you could've used this formation to go against the Apocalypse Martial Ruler."

He finally understood why Chu Kuangren wanted to establish the Pan Gu Sect in the Feng Domain and why Chu Kuangren was so calm during the Apocalypse Martial Ruler's attack.

"Ha! I never engage in battles that I can't win."

Chu Kuangren laughed.

Both of them went their separate ways after returning to Myriad Arms City.

Armament Destruction had comprehended some profound aspects when observing the fight between the Tempest King and Apocalypse Martial Ruler. Although it did not increase his cultivation level, from a cultivation standpoint, it benefited him greatly.

Somewhere in Myriad Arms City, Armament Destruction swung the Broken Arms forward.

A vast surge of Blazing Flame spread, shaking the surroundings and leveling a mountain range in front of him. His shockingly powerful Primordial energy was flowing all over the place. Its might was far more terrifying than even a Grand Dao Supreme Sage!

"Using my understanding of Daoist law energy into certain techniques has clearly made my attacks more powerful," Armament Destruction mumbled.

Then, he looked toward the depth of Myriad Arms City.

That was the direction of where Chu Kuangren was having his closed-door meditation.

"I still have a long way to go compared to him," Armament Destruction thought.

On that day, the wind blew in the void, and waves of Hongmeng spiritual qi appeared.

Every being in the Great Hongmeng Universe was excited to see it.

"This phenomenon... It looks like a new Hongmeng Leaderboard is about to appear."

"I wonder what leaderboard it will be this time."

In the Celestial Divine Tribe, Tianshen Chang suddenly opened his eyes. His broken arm had recovered by now, but he could still feel a faint throbbing pain.

That was a mark of humiliation Chu Kuangren left for him.

"Chu Kuangren, I'll never forgive you for stealing my divine weapon and cutting my arm. I will not let this matter slide so easily."

Tianshen Chang held his right arm with a chilling gaze. Then, he looked at the Hongmeng Leaderboard with excitement. "Now that Chu Kuangren has broken through to the Grand Dao Realm, the first spot on the Primordial Leaderboard will surely be mine!"

Frankly speaking, he could have ascended to the Grand Dao Realm long ago.

However, he had been suppressing his cultivation level because he wanted to obtain the surge of fortune's blessing for being the first on the Primordial Leaderboard. This time, he was very confident that he would succeed.

In the void, a new Hongmeng Leaderboard appeared. It was the Human Divine Maiden Leaderboard!

The Human Divine Maiden Leaderboard would only rank the divine maidens of the human race.

Everyone was quite surprised.

Humans were the first great species to appear in the Infiniverse. Although they were not necessarily the strongest, their numbers were certainly the highest.

They could be found scattered all over the Infiniverse with their countless numbers, making them the deserved masters of the universe.

Hence, the appearance of a leaderboard that specially ranked humans was not so surprising.

"Ha! We humans are truly the masters of the universe. There is even a custom Hongmeng leaderboard for humans."

"That's right. I'm curious as to which Divine Maidens will be ranked."

"Human Divine Maidens, huh? Based on experience, those who are ranked aren't necessarily the strongest cultivators, but they will surely be young and gorgeous."

"I heard that the Divine Maiden Leaderboard and Divine Bachelor Leaderboard will always appear at the same time. Will the Divine Bachelor Leaderboard appear after this, I wonder?"

"It's possible."

The Human Divine Maiden Leaderboard would only rank cultivators below the Monarch class. A total of a hundred female cultivators would be ranked based on their cultivation level, potential strength, appearance, and many other factors.

Following that, several names started appearing in the giant purple ball of light.

Number ninety-nine was Yun Yan from the Wind Universe.

Number ninety-nine was Xue Yue from the Ancient Universe.

Number ninety-eight...

One by one, the names of those stunningly beautiful Divine Maidens appeared on the leaderboard. Several bursts of fortune energy scattered all over the universe, and many cultivators watched with envy. Some male cultivators even wished they were female so that they could vie for a spot in the Divine Maiden Leaderboard.

Chapter 2187: The Divine Maiden Leaderboard's Rankings, Tianshen Chang's Frustration, Tianshen Wuxin

The Human Divine Maiden Leaderboard's appearance attracted the attention of many.

In Myriad Arms City, Chu Hong looked at the Divine Maiden Leaderboard and yawned. It did not matter to her whether her name would be on it.

After all, the Divine Maiden Leaderboard was not a power-ranking leaderboard.

Besides, she was not a human either.

"Oh, it's Honghua."

Suddenly, Chu Hong's eyes lit up when she saw a familiar name on the Divine Maiden Leaderboard. Shang Honghua was ranked thirty-eight on the Divine Maiden Leaderboard.

"Wait, is that my name?"

Shang Honghua blinked and was very much surprised.

Beautiful women were everywhere in the Infiniverse, so she had never expected her name to be on that leaderboard.

"Is this Divine Maiden Leaderboard serious? To think even someone like me can enter its ranks."

Shang Honghua shook her head and lamented.

"It seems pretty normal to me. You underestimate yourself, Honghua."

Lan Yu walked up to her and smiled.

"If someone like me can be ranked, wouldn't that make you the first on this leaderboard, Lan Yu?" Shang Honghua chuckled.

Truth be told, Lan Yu was one of the prettiest women she had ever met. Although she knew she was somewhat beautiful, she knew she was no match for Lan Yu.

"Well, I'm not human, so I'm not eligible to be ranked on this leaderboard."

Lan Yu laughed. After all, she was a winged human.

"Look over there, guys. Yu Zhi's name is on it as well," Chu Hong said.

After Shang Honghua, Yu Zhi's name was displayed on the Divine Maiden Leaderboard. She was ranked thirty-sixth.

Coincidentally, Yu Zhi was walking toward them. She looked at the Divine Leaderboard and laughed. "I can't believe someone like me is on the leaderboard. What a surprise."

At that moment, two surges of fortune's blessing descended from the sky, landing on both Shang Honghua and Yu Zhi.

"The Divine Leaderboard states that those who qualify are considered based on several other factors besides beauty. For instance, their cultivation level, how much potential they have, and more. But regardless of that, the fact that you two are ranked is the best proof of your excellence." Lan Yu laughed.

"Let's keep our eyes on it. The women ranked on the Divine Maiden Leaderboard are all extraordinary sky-prides and Prodigies. Perhaps we might encounter them one day," Lan Yu said.

Everyone continued observing the Divine Maiden Leaderboard.

Soon, the Divine Maiden Leaderboard's top ten were listed.

The one ranked first was a woman named Mingyue Wuxia.

That person was not well-known in the Great Hongmeng Universe, and nobody knew which force she was affiliated with. However, it was certain that she was a human.

Following the appearance of the Divine Maiden Leaderboard, the other leaderboards were also refreshed.

In the Celestial Divine Tribe, Tianshen Chang stared intently at the Primordial Leaderboard. "Here it comes. My name should be ranked first!"

From his perspective, Chu Kuangren had ascended to the Grand Dao Realm, so there was no way Chu Kuangren could fight him for first place on the Primordial Leaderboard. This time, the first place should belong to him.

Once he obtained the first place and the fortune's blessing, he would immediately prepare to ascend to the Grand Dao Realm. After that, he swore he would take revenge for what happened to him.

The others also had their eyes on the remaining leaderboard.

Chu Kuangren's matter had caused a great commotion all across the universe. After all, it was rare that so many Monarch-level forces were pitted against each other.

"Now that Chu Kuangren is a Grand Dao cultivator, I bet the first spot on the Primordial Leaderboard belongs to Tianshen Chang." Someone made a guess.

Many others shared the same guess. However, when everyone saw whose name it was on the top of the Primordial Leaderboard, they were stunned.

Chu Kuangren's name had indeed disappeared from the Primordial Leaderboard.

However, the person who took the first spot was not Tianshen Chang as everyone guessed.

Instead, it was... Armament Destruction!

"Armament Destruction? This guy used to be ranked third on the Primordial Leaderboard, right? Wasn't he ranked below Tianshen Chang? How did he get to the top?"

"He has surpassed Tianshen Chang."

"It's not just that. Look, the second isn't Tianshen Chang but... Pan Gu Universe's Luo Hou!"

"And ranked third... is Pan Gu Universe's Nuwa!"

"Damn. I can't believe Tianshen Chang has fallen to the fourth place on the Primordial Leaderboard while the top three are all Pan Gu Universe's cultivators."

"These Pan Gu Universe cultivators are terrifying!"

Everyone looked at the Primordial Leaderboard and noticed that the Pan Gu Universe cultivators' ranks had improved significantly.

Nuwa, especially, had jumped from below one hundred all the way up to the third.

She even managed to push Tianshen Chang to one rank below her.

Currently, more than half of the Primordial Leaderboard's top ten were populated by the Pan Gu Universe's cultivators. Ranked first was Armament Destruction, second was Luo Hou, third was Nuwa, fifth was Yang Mei, and ninth was the Heavenly Grandmaster.

The rankings shocked everyone.

Was everyone from the Pan Gu Universe playing cheats now?

"By the heavens, what's going on?"

"T-This is unbelievable."

"What is going on?"

Everyone was puzzled.

Meanwhile, in the Celestial Divine Tribe, someone screamed. Tianshen Chang's face was red with rage. It felt like he had a huge mountain weighing on his chest, making it hard for him to breathe.

Amidst his raging fury, he spat out a mouthful of blood.

"Young Master!"

The Celestial Divine Tribe members quickly rushed over to him.

They looked at Tianshen Chang with pity in their eyes.

"How can this be? How can this be..."

It did not matter if he was not ranked first.

However, seeing himself being pushed down to the fourth rank and the Pan Gu Universe's cultivators taking the top three rankings was simply a huge blow to him. 'What the hell is going on?'

No matter how he racked his brain for an answer, he could not arrive at any conclusion.

"Pan Gu Universe... Just you guys wait. I'll remember every single one of you, and you, Chu Kuangren! I will definitely take my revenge on all of you one day!" Tianshen Chang said in frustration. It fueled his hatred for Chu Kuangren and the Pan Gu Universe's cultivators.

"How embarrassing."

An indifferent voice sounded, and a young man slowly approached. He could not help but shake his head at Tianshen Chang's sorry state.

When Tianshen Chang saw the young man, his expression turned cold. "Tianshen Wuxin."

Tianshen Wuxin was one of the Celestial Divine Tribe's Prodigies.

His cultivation talent was better than or, if not, on par with Tianshen Chang's. Moreover, he started his cultivation earlier, so he was now in the Grand Dao Realm.

Besides, he was ranked third on the Grand Dao Leaderboard, below the Radiant Right Sky King and Jue Jian.

"Just ascend to the Grand Dao Realm, Tianshen Chang. With the state you're in right now, there's no chance for you to become the first on the Primordial Leaderboard anymore," Tianshen Wuxin said indifferently.

His expression was as cold as ice.

"Hmph. It's none of your business."

Tianshen Chang harrumphed softly.

Frankly speaking, he already knew he could not afford to wait anymore.

He must break through to the Grand Dao Realm as fast as possible so that he could take revenge on Chu Kuangren.

"Chu Kuangren... When I become the first on the Grand Dao Leaderboard, I'll find a chance to see how powerful he is. Seeing that we're from the same tribe, I might as well help you to take revenge as well," Tianshen Wuxin said.

"The first on the Grand Dao Leaderboard? Are you confident that you can beat Ming Fei?"

"Previously, no, but you never know now. At the very least, Jue Jian is no longer a match for me," Tianshen Wuxin said with both hands behind his back. A ray of Celestial Divine Light emanated from his body, and just that tiny ray of light released an incredibly powerful aura.

Tianshen Chang's eyes widened when he sensed the aura within it. "This aura... You have reached the fifth stage of cultivating the Celestial Divine Light!"

The Celestial Divine Tribe's unique Celestial Divine Light could be categorized into seven stages.

The user's strength would increase with every stage achieved.

Although it could not immediately increase a cultivator's cultivation realm, it could significantly increase their combat power while being in the same cultivation realm.

Tianshen Chang was only in the fourth stage of the Celestial Divine Light, yet the significant increase in strength at the Primordial Realm could already allow him to battle Grand Dao Supreme Sage cultivators. That alone proved the power of that technique.

On the other hand, Tianshen Wuxin was already in the Grand Dao Supreme God Realm. Coupled with him reaching the fifth stage of the Celestial Divine Light cultivation, it was hard to imagine how powerful he was.

"There's been a little progress, I suppose," Tianshen Wuxin said with a smile lighting up his cold face.

"Quick, look over there. The Grand Dao Leaderboard is changing too," someone exclaimed.

Tianshen Wuxin looked at the Grand Dao Leaderboard with a little excitement. However, his eyes widened in shock the next second.

Unparalleled After Ten Consecutive Draws

Chapter 2188

Tianshen Wuxin was the top Prodigy of the Celestial Divine Tribe.

When it came to cultivation and talent, he was far superior to Tianshen Chang. After all, very few had managed to cultivate the Celestial Divine Tribe's Celestial Divine Light to the fifth stage.

Yet, he was one of them.

Before achieving the fifth stage of Celestial Divine Light, he was already ranked third on the Grand Dao Leaderboard. Compared to Jue Jian, there was only a little difference between them.

Jue Jian only had an advantage over him with his slightly higher cultivation level.

He was a Grand Dao Supreme God, while Jue Jian was a Grand Dao Supreme Sage.

Now that he had achieved the fifth stage of the Celestial Divine Light, his combat strength had increased considerably. His cultivation level was very close to the level of a Grand Dao Supreme Sage.

He believed defeating Jue Jian would not be hard. He even had the confidence to fight the Radiant Right Sky King, Ming Fei, for the Grand Dao Leaderboard's first spot.

When the Grand Dao Leaderboard was refreshed, he quickly looked at it with excitement.

However, the name that appeared on the first spot was an eyesore!

It was because the person ranked first on the Grand Dao Leaderboard was... Chu Kuangren!

"How can it be him?"

Tianshen Wuxin's gaze gradually turned ice-cold.

He looked at the top ten cultivators on the Grand Dao Leaderboard and noticed that he was ranked second. The Radiant Right Sky King, Ming Fei's name was nowhere to be seen. It was either she had died or had ascended to the Supreme Honorable Realm, making her ineligible to be on the Grand Dao Leaderboard.

Tianshen Wuxin found the latter to be more likely.

However, regardless of that, he could have been ranked first on the Grand Dao Leaderboard if not for Chu Kuangren. As of now, he was ranked second.

Although he had moved up one rank compared to before, he felt a little disappointed.

"Jue Jian and Ming Fei are no longer on the Grand Dao Leaderboard. Logically speaking, I should be ranked first on the Grand Dao Leaderboard right now. I can't believe Chu Kuangren has taken that spot from me. Didn't he just break through the Grand Dao Realm not long ago? How is he qualified to be ranked first?"

Tianshen Wuxin's eyes were cold as he thought about it.

Meanwhile, Tianshen Chang gloated. "It looks like your dream of ranking first on the Grand Dao Leaderboard has been shattered, just like mine."

Although he said that, it bothered him a lot.

The more powerful Chu Kuangren became, the more resentful he was

Now that Chu Kuangren was ranked first on the Grand Dao Leaderboard, only he would know how much fortune he could receive.

"It looks like I'll have to go and see what Chu Kuangren is made of now," Tianshen Wuxin said calmly.

...

Everyone was shocked when the Grand Dao Leaderboard was refreshed.

Chu Kuangren, a cultivator who had just broken through to the Grand Dao Realm, had risen to the first on the Grand Dao Leaderboard. Nothing like that had ever happened throughout history.

"Tsk. He did kill Jue Jian back then. And now that Ming Fei is not on the leaderboard, it's no surprise he takes the first spot in her place."

"That's right. The strength he displayed in Myriad Arms City was simply terrifying."

Everyone was engaged in a discussion.

Although they did not expect the ranking to turn out that way, they thought it made sense.

Meanwhile, several powerful surges of fortune energy descended from the sky in Myriad Arms City.

One of them was the most powerful, and it belonged to the Chu Kuangren, who was now ranked first on the Grand Dao Leaderboard. It directly landed in the place where he was undergoing his closed-door meditation.

Under the buffs of the fortune energy, his cultivation efforts were made much smoother.

Chu Kuangren slowly opened his eyes.

"Has another Hongmeng Leaderboard appeared?"

Only then did he realize the appearance of a new leaderboard after the fortune energy strengthened him.

He mobilized his Immortal Conscious and went to check it out.

"The Divine Maiden Leaderboard? It has nothing to do with me."

"Oh, Ming Fei isn't on the Grand Dao Leaderboard anymore. She must've ascended to the Supreme Honorable Realm.

"More than half of the Primordial Leaderboard's top ten are Pan Gu Universe's cultivators. It looks like everyone has been improving. What a pleasant surprise."

Chu Kuangren thought about it.

During the battle between the Apocalypse Martial Ruler and the Tempest King, the Pan Gu Universe's cultivators were determined to comprehend the Daoist laws from the fight. By doing that, they had more or less benefited from it.

Besides, with the Grand Dao Mountains he provided, it was no surprise that their cultivation progress skyrocketed.

"Nuwa is now ranked third. I suppose it must be due to the buffs from her Creation Crystal. Luo Hou is ranked second, so he must have found some fortunate opportunities. The Heavenly Grandmaster is ninth... I guess his Immortal Destruction Formation must have improved."

Chu Kuangren looked at the Primordial Leaderboard while guessing the reason behind everyone's improvement.

Then, he looked at the Spiritual World Leaderboard.

There were no significant changes to it.

Just then, surges of Hongmeng spiritual qi appeared in the void.

A giant ball of light appeared.

Another Hongmeng Leaderboard was about to be unveiled.

This time, it was the Human Divine Bachelor Leaderboard.

"First, it was the Divine Maiden Leaderboard, and now it's the Divine Bachelor Leaderboard. How interesting." Chu Kuangren chuckled while rubbing his chin.

What rank would he be placed in, he wondered?

...

Inside a gorgeous and magnificent golden palace in the Great Hongmeng Universe, a bunch of cultivators gathered. They were discussing the Divine Bachelor Leaderboard.

"Quick, look over there. The Divine Bachelor Leaderboard has appeared."

"Ha! Since Sister Mingyue is ranked first on the Divine Maiden Leaderboard, I bet the first spot on the Divine Bachelor Leaderboard will belong to our Elder Senior Brother."

"That's right. If anyone among us humans is worthy of Sister Mingyue, it must be our Elder Senior Brother. Now that Sister Mingyue is ranked first on the Divine Maiden Leaderboard, Elder Senior Brother will surely be ranked first on the Divine Bachelor Leaderboard."

Those cultivators were speaking about their Elder Senior Brother with deep admiration and reverence.

Amidst the clouds, an imposing but handsome-looking man dressed in white robes looked at the Divine Bachelor Leaderboard. There was a hint of anticipation in his eyes.

He was the Elder Senior Brother that everyone was referring to, Lu Wuheng.

They were currently in a sanctuary for the human race, the Heavenly Human Sanctuary.

"Mingyue Wuxia, I'll prove to you that among the entire human race, I, Lu Wuheng, am the person most worthy of having you," Lu Wuheng mumbled.

...

Inside a sword mountain surrounded with countless strands of sword qi, a young man in purple robes suddenly opened his eyes, releasing terrifying bursts of sword qi into the air. The void in the clouds was immediately torn open.

The young man had sharp eyes and a striking presence, giving him a truly extraordinary appearance.

"Oh, the Divine Bachelor Leaderboard, huh? Interesting."

"As the true inheritor of the Divine Sword Palace's techniques, which rank will I be placed in, I wonder?" the young man mumbled.

Then, he looked at the Divine Maiden Leaderboard. "Mingyue Wuxia, the first on the Divine Maiden Leaderboard, seems like an intriguing woman. Perhaps I might meet her one day. If we're a match, I might bring her back as my sword attendant."

...

In a place of pleasure, several figures were engaged in amorous delight behind the enchanting red silk curtains.

Suddenly, amidst the alluring scene, a carefree young man popped his head out while embracing a few beauties. He looked at the Divine Bachelor Leaderboard in the sky and chuckled. "Oh, the Divine Maiden and Divine Bachelor Leaderboards have appeared. It seems like the days ahead will be quite entertaining for me."

"In my opinion, the top spot on this Divine Bachelor Leaderboard belongs to no one but you, Young Master." A woman with her arms around the young man's neck said in an alluring voice.

The young man laughed delightfully and planted a kiss on that woman's cheek. He looked ambitiously at the Divine Bachelor Leaderboard. "I, Divine Bachelor Fengyue, have traversed many worlds throughout the Infiniverse. I'll surely have a place on this Divine Bachelor Leaderboard!"

Divine Bachelor Fengyue was confident in himself.

When it came to appearance, he possessed unparalleled charm and often lingered in places of pleasure. Countless women who might be considered goddesses in the eyes of others were always drawn to him.

He had come so far all because of his appearance.

As for his identity, he was the Divine Bachelor of the Moonwind Human Sanctuary. That Human Sanctuary was one of the more renowned forces in the Infiniverse, with Monarch-level beings sitting at its helm.

As for his talents and skills, he was already a Grand Dao Supreme Honorable. Only a few among the humans could ever compare to him.

He even believed he could take the first spot on the leaderboard.

It was not arrogance.

Rather, it was a conclusion he had drawn from analyzing his current situation.

With the appearance of the Human Divine Bachelor Leaderboard, all the human-established forces in the universe watched eagerly for the names to be unveiled.

Unparalleled After Ten Consecutive Draws

Chapter 2189: First on the Divine Bachelor Leaderboard, The Taller the Tree, The Easier It Falls to the Wind

Ranked ninety-one on the Divine Bachelor Leaderboard was Xue Feilong from the Blizzard Universe.

Ranked seventy-six on the Divine Bachelor Leaderboard was Feng Tianyan from Windmoon Universe.

Ranked fifty-one on the Divine Bachelor Leaderboard...

Many names appeared one after another on the Divine Bachelor Leaderboard.

Everyone watched eagerly as the names were unveiled.

In Myriad Arms City, many cultivators were also watching it with excitement.

"Say, do you think our Sect Leader will be included in this leaderboard?" one of the Pan Gu Sect cultivators asked a female cultivator beside him.

That female cultivator looked at him as if he was a fool. "What kind of nonsense are you talking about? Just think about our Sect Leader's appearance."

That cultivator thought for a moment before clapping his hands and saying confidently, "He'll certainly be ranked on the leaderboard, and very highly at that."

"Of course."

"With how charming and handsome our Sect Leader is, even my manly heart flutters when I look at him. There's no way he'll be excluded from this Divine Bachelor Leaderboard."

"That's right. I feel the same too."

Lan Yu, Chu Hong, and the others were also gathered somewhere.

They looked at the Divine Bachelor Leaderboard and had no doubt that Chu Kuangren's name would be on it. They even believed that he would be ranked very highly.

Ever since he started his cultivation journey, Chu Kuangren's appearance had made him the talk of the town. All who saw him would praise and admire his handsome looks.

Putting it simply, his appearance was unmatched and flawless.

At the very least, that was what the Pan Gu Universe cultivators thought.

"I wouldn't be surprised if Master is ranked first," Lan Yu said lightly.

"You might as well say that if my brother isn't ranked at the top of this leaderboard, this Hongmeng Leaderboard is nothing impressive." Chu Hong said from the side. Their blind admiration for Chu Kuangren had exceeded their reverence for the Hongmeng Leaderboard.

Beads of sweat trickled down Ou Yenuo's face as he listened to them talk.

Although he was very confident in his master, he did not possess such blind confidence as them.

After all, there were countless anomalies and capable individuals throughout the Infiniverse.

How could one obtain the top spot on the leaderboard so easily?

"Well... It'll be very impressive if he's ranked among the top ten," Ou Yenuo thought.

However, he did not dare to say this out loud for fear that Lan Yu and Chu Hong would beat him up.

Hypothetically, they would say, "What did you just say? My Master is so talented, yet to you, he's only worthy to be in the top ten? Do you really think that lowly of my Master?"

Moments later, the names of the top ten on the Divine Bachelor Leaderboard were revealed.

Ranked tenth was Huang Jiulong from the Dragon King Universe.

Ranked ninth was Liu Ruohuo from the Thundergale Universe.

Ranked eighth was Leng Xiaotian from the Archheaven Universe.

Ranked seventh was Ao Qingtian from the Imperial Universe.

Ranked sixth was Jian Shifang from the Sword Universe.

Ranked fifth was Lu Wuheng from Heavenly Human Universe.

Inside Heavenly Human Sanctuary, Lu Wuheng's expression froze.

'Fifth?'

For someone so talented and handsome, he was only ranked fifth!

In that case, what kind of Prodigies were the humans ranked higher than him?

Lu Wuheng was a little disgruntled.

Meanwhile, the other disciples of the Heavenly Human Sanctuary who were confident that their Elder Senior Brother would take the top spot were speechless. They exchanged glances with each other.

'Our Elder Senior Brother is only ranked fifth!'

'What kind of people are the ones ranked above him?'

Ranked fourth was Feng Xueyue from the Windmoon Universe.

Divine Bachelor Fengyue, who was enjoying his time in a place of pleasure, looked at the leaderboard in the sky. The smile on his face suddenly froze when he saw that he was ranked fourth.

He was not even among the top three.

Hence, he was displeased with that.

"I'd like to see who are the human Divine Bachelors in the top three." Divine Bachelor Fengyue looked at the Divine Bachelor Leaderboard and mumbled.

Ranked third was Gu Chan from the Heavenly Buddha Universe.

'Heavenly Buddha Universe?'

'Does this mean he's a Buddhist cultivator?'

In Myriad Arms City, Ou Yenuo stared intently at the Divine Bachelor Leaderboard. Chu Kuangren's name still had yet to appear. 'Could it be...'

His breath grew heavier at the thought of that possibility.

Ranked second was Dao Lingtian from the Myriad Dao Universe.

'The second on the leaderboard has been announced, but it's not Chu Kuangren!'

Ou Yenuo's breathing was heavy.

The Pan Gu Sect's cultivators were also getting increasingly anxious.

Everyone in the Great Hongmeng Universe waited eagerly, hoping to see who was ranked first on the Divine Bachelor among the human race!

Ranked first was... Chu Kuangren from the Pan Gu Universe.

Following the reveal of the first on the leaderboard, everyone was in an uproar. All of them gasped in shock.

Ou Yenuo's eyes were wide open with disbelief.

'I can't believe it's Chu Kuangren!'

After recovering from his shock, he jumped with joy.

Chu Kuangren was now the first on the Divine Bachelor Leaderboard, and it was an honorable achievement among the humans!

He had made the right decision by choosing to follow Chu Kuangren as his master!

"Oh, how wonderful!"

"Master is the first on the Divine Bachelor Leaderboard. This is simply wonderful!"

Unable to contain his joy, Ou Yenuo burst into a spontaneous dance.

Beside him, Lan Yu looked at him and said calmly, "Calm down. This is normal. You'll see more of this in the future."

The others gave Ou Yenuo rather odd looks.

"Ahem. Apologies." Ou Yenuo cleared his throat.

Of all the people there, he was the only one jumping and shouting with joy.

It seemed out of place indeed.

"Boom!"

Just then, a huge burst of fortune energy descended from the heavens, conjuring many golden lotuses along the way. That fortune energy belonged to the Divine Bachelor Leaderboard's top cultivator!

That surge of fortune energy landed in the spot of Chu Kuangren's closed-door meditation. It merged with the fortune energy he already gained for being the first on the Grand Dao Leaderboard and Primordial Leaderboard. It formed an even greater surge of fortune energy to spread in all directions.

A gentle fragrance instantly swept throughout the city.

"What a vast fortune energy."

"Ha! He's the first on three leaderboards. It's no surprise that this fortune energy is so dense and massive."

"That's right."

Everyone exclaimed in admiration, especially the Pan Gu Sect's cultivators, who were now ecstatic.

After all, Chu Kuangren was the Pan Gu Sect's leader. Hence, the more fortune he accumulated, the more the Pan Gu Sect would prosper.

...

After the Human Divine Bachelor Leaderboard was announced, the entire Great Hongmeng Universe was in an uproar.

"It's Chu Kuangren again! This guy has obtained the fortune energy from being the first on three leaderboards. He's too powerful!"

"The Human Divine Bachelor Leaderboard, the Primordial Leaderboard, and the Grand Dao Leaderboard... He's ranked first in all three of them. I can't imagine how much fortune energy he must be getting now."

"This guy is truly a talented and capable individual."

Many were shocked.

Meanwhile, some of the tribes who hated humans started fuming with murderous rage.

"To think that such a powerful anomaly has appeared from the human race. Doesn't this prove that humans are the true masters of the universe? Hmph, how frustrating indeed."

"The true master of the universe? The humans have been occupying this position for too long. How can a feeble race like them be worthy of being the master of the universe?"

"We dragons should be the true masters instead!"

"Chu Kuangren... This person is the first on the Human Divine Bachelor Leaderboard. If I have the opportunity to meet him one day, I'll certainly take him down!"

Many members of the ancient tribes looked at the name that was ranked first on the Human Divine Bachelor Leaderboard with malicious intentions.

However, to not incur the wrath of the Radiant Goddess, the Tempest King, and the Devil King, none of the other forces dared to take action against him.

In the Celestial Divine Tribe, Tianshen Chang looked at Chu Kuangren's name on the Divine Bachelor Leaderboard with a grim expression. "This guy has stolen all the glory again! What a f*cking b*stard!"

"Ranked first on three leaderboards, huh? Interesting."

Tianshen Wuxin mumbled, "I look forward to battling him more now."

"I hope you won't lose to him. After all, you're ranked lower than him on the Grand Dao Leaderboard." Tianshen Chang snorted coldly before turning around and leaving.

He wanted to go into closed-door meditation to prepare for his ascension to the Grand Dao Realm.

Tianshen Wuxin watched as Tiansheng Chang left and chuckled. Then, he looked at the Divine Bachelor Leaderboard with an indifferent gaze. "The taller the tree, the easier it falls to the wind. Now that you have grown taller than all the trees in the forest, Chu Kuangren, how long can you withstand the winds before you fall and crumble?"

Chapter 2190: Shang Honghua's Weird Feeling, The Opportunities of Fortune in the Dragon Tombs, Let's Go!

When the name of the human race's top Divine Bachelor was revealed, the various major forces of the human race were in an uproar, especially the Human Sanctuaries led by Monarchs.

Although they had recruited talented individuals from all over the Infiniverse, the first spot was taken by Chu Kuangren, a cultivator who did not belong to any of the Human Sanctuaries.

They were taken by surprise.

In the Heavenly Human Sanctuary, Lu Wuheng looked at the Divine Bachelor Leaderboard with a cold gaze. "This momentary glory won't last forever, Chu Kuangren. Let's see which one of us will be laughing then."

Below Chu Kuangren's name was Dao Lingtian who ranked second, Gu Chan who ranked third, and Feng Yuexue who ranked fourth. All of those people were his future opponents.

However, he had never heard of them before.

He snorted and ordered his men to investigate them.

Meanwhile, within the depths of the Heavenly Human Sanctuary, a veiled woman was brewing tea inside a bamboo hut.

The woman had a graceful figure. Although her face was covered by a veil, the faintly discernible allure radiating from her was enough to leave anyone in awe.

"Chu Kuangren... What an interesting person. Lu Wuheng, in this vast Infiniverse, talented people are everywhere. It seems like you've underestimated the people of this world," that woman murmured.

...

Inside the place of pleasure, Divine Bachelor Fengyue looked at Chu Kuangren's name on the Divine Bachelor Leaderboard with a few beauties in his arms. His eyes lit up. "It looks like the boring days will be behind me soon."

As one of the top-tiered Prodigies of the human race in this era, Divine Bachelor Fengyue had always thought highly of himself, and it was the first time he was overshadowed by someone else.

He had a strong interest in the individuals ranked above him on the Divine Bachelor Leaderboard, especially Chu Kuangren, the one who ranked first.

If possible, he even wanted to... eradicate all of them!

Only one person should be taking the spot of the best Divine Bachelor in this world, and that was him.

...

"Chu Kuangren. What a familiar name."

"I think he killed Gudu Bubai and Jue Jian."

Atop the mountain peak surrounded by sword qi, the Divine Sword Palace's true inheritor, Jian Shifang, looked ahead with a chilling sword intent and killing intent in his eyes. "Is his sword worthy enough for me to unsheathe mine?"

Although Chu Kuangren's position on the Divine Bachelor Leaderboard was higher than his, it was just a Divine Bachelor Leaderboard.

A cultivator's strength was not the main factor for being ranked on it, and there were many other comprehensive factors involved.

Hence, those who ranked high might not necessarily be strong.

Jian Shifang was very confident that he was stronger!

...

In Myriad Arms City, Chu Kuangren's eyebrows twitched.

He suddenly felt that he had become the target of many people.

"More trouble might come now that the Divine Bachelor Leaderboard has appeared," Chu Kuangren thought.

However, he had never feared trouble.

He continued his closed-door meditation. With the buffs from being first on the Grand Dao and Divine Bachelor Leaderboards, he noticed that the speed of his cultivation progress had increased.

"At this rate, it won't take long before I fully comprehend the Heavenly-devouring Technique and the Holy Spirit Sword Art."

That was the main objective for his self-imposed isolation this time.

He wanted to master those two secret techniques. Besides that, he had also given half of the Apocalypse Martial Ruler's Monarch Heart to Armament Destruction. After all, his Blazing Flame Dao was quite similar to Carnage Dao, so he could use it to gain some benefits.

Chu Kuangren had decided to train and nurture Armament Destruction as the second elite cultivator of the Pan Gu Sect.

As for the other half of the Monarch's Heart, he kept it as he planned to comprehend it one day.

It could benefit him in terms of increasing his cultivation level.

In critical moments, he could even use it as he did with the Supreme Honorable's Heart to boost his power by force. In that aspect, it could be considered a good trump card.

Time did not matter in cultivation.

After an unknown number of years since Chu Kuangren's closed-door cultivation, on that very day, Shang Honghua was practicing her cultivation with her dragon spear in Myriad Arms City.

For the past few days, a weird feeling had been bugging her. The Twin Dragon's power inside her was constantly churning as if in response to something.

"Is something calling out to the dragons?" Shang Honghua thought.

She looked into the distance, feeling an urge to respond to that call.

However, she was a human.

Although she possessed the Twin Dragons' power, she was not a pure dragon. Hence, she did not act on the urge rashly.

Instead, she went to find a few other dragons in the Pan Gu Sect.

Among them, there was an elder dragon who was the strongest. Ever since joining the Pan Gu Sect and spending much effort in his cultivation, he was already in the Grand Dao Realm.

He was also the forefather of all dragons in the Pan Gu Universe.

His name was Elder Dragon Huang.

"That mysterious calling, huh? I've sensed it too. Even many of the dragons under me have sensed it, and I have dispatched a few Primordial-level dragons to investigate the situation," Elder Dragon Huang said.

"Even a human like me who possesses the power of dragons can sense it, let alone the other dragons. I bet every dragon in the Infiniverse will take action. There must be great treasures or Opportunities of Fortunate hidden there," Shang Honghua mumbled.

"Even if there are any treasures of that sort, it'll be hard to get our hands on them. There are so many dragons in the Infiniverse, and there's the Hongmeng Dragon Tribe too."

Elder Dragon Huang shook his head helplessly.

Although he was an Elder Dragon, he grew up in the Pan Gu Universe. Hence, he held no emotion or sentiment toward the Hongmeng Dragon Tribe.

He only joined the Pan Gu Sect because of his respect for Chu Kuangren.

"The Hongmeng Dragon Tribe, huh?"

Shang Honghua pondered for a while. Then, she held her dragon spear tightly and said, "Since we've come to the Great Hongmeng Universe, there's bound to be no peace if we want to stand at the peak of power. Even if we have to go against the heavens, the earth, the other forces, or even the Hongmeng dragons, I'd want to give it my best shot!"

Elder Dragon Huang was greatly startled to hear how determined she was.

He looked at the woman possessing the dragon's power before him and thought she saw Chu Kuangren. He could not help but laugh. "I heard the Sect Leader created the Black Heaven Nine Stars. You guys really do possess the same temperament as him."

"Haha! Thank you."

Shang Honghua took it as a compliment.

Trying to keep up with Chu Kuangren had been her lifelong goal, so being told she was similar to him was indeed a compliment to her.

"Sister Honghua, I believe you're right. Since the Opportunity of Fortune has been presented before us, how can we let it slip through our fingers? We might as well fight for it. Let's make a move when I receive news from the dragons I sent out to investigate the situation," said Elder Dragon Huang. He was eager to fight for that Opportunity of Fortune as well.

Soon, news from the dragons who went out to investigate returned.

Elder Dragon Huang's face turned serious after reading the intel. "No wonder every dragon out there has been sensing this. It looks like the Dragon Tombs have opened."

"The Dragon Tombs? What kind of place is it?" Shang Honghua asked curiously.

"I, too, only learned of this after exploring the Great Hongmeng Universe for a while. As the name implies, it's where dragons are buried and entombed! Apparently, when the powerful ancient dragons get a premonition of their death, they would follow this inexplicable feeling to go to the Dragon Tombs and await their death.

"Hence, many of the inheritances of these ancient dragons are hidden in the Dragon Tombs. It's said that the inheritances of Monarch-level dragons can also be found there. This place is so mysterious that even the current dragons can't find it."

"However, whenever the Great Hongmeng Universe opens and a new era starts, the Dragon Tombs will appear once, drawing many dragons to it. The lucky ones will obtain great treasures, while those who are not will only find that location as their tomb..." Elder Dragon Huang explained.

He looked excited. Although the Dragon Tombs was a place where many dragons were buried, it had turned into a location of great Opportunities of Fortune for dragons.

Shang Honghua pondered. "Since I have a dragon's power and can sense the Dragon Tombs, this means that the treasures there will also be of use to me."

"Should we go?" Elder Dragon Huang asked.

"Of course! Let's go!"

Shang Honghua nodded.

She knew that she was not as talented as others. Without any great Opportunities of Fortune, she would stagnate in her cultivation forever, let alone try to catch up to Chu Kuangren.

Hence, she did not want to miss her chance of getting the Dragon Tomb's Opportunities of Fortune.
