Chapter 2191: Chu Kuangren Completes His Closed-door Meditation, Challenge? No, Jian Shifang's Wait

Meanwhile, in Myriad Arms City, there was a house covered with all kinds of restriction seals.

A man emerged from within, wearing a set of white robes and exuding a transcendental aura.

It was Chu Kuangren who had just completed his cultivation.

His aura was much more elusive than before.

"This strange feeling..."

Chu Kuangren looked into the distant sky with narrowed eyes.

He felt the calling of a certain energy, and it was calling to the Infernal Dragon's energy inside him.

Chu Kuangren also possessed the power of the dragon.

"Interesting. Is this about the dragons?" Chu Kuangren thought to himself.

"Master, the source of this feeling might be the legendary Dragon Tombs," Lil Ai's voice echoed in his head.

As the Omniscient Spirit, she had absorbed the knowledge of thousands of universes' Great Dao. She was so knowledgeable that no one else in the past could rival her bank of knowledge.

She had records of the Dragon Tombs in her database.

Soon, Lil Ai provided Chu Kuangren with information regarding the Dragon Tombs.

"I see. It's an interesting place," Chu Kuangren thought to himself as he rubbed his chin.

"Swoosh!"

Then, several figures arrived before him.

It was Lan Yu, Chu Hong, and the others who sensed that Chu Kuangren had come out of his closed-door meditation.

He glanced at them and realized all of their cultivation levels had increased significantly. It seemed like the Grand Dao Mountains he provided them played a vital role.

"How has the Pan Gu Sect been recently?" he asked.

"Everything is progressing well. A while ago, Honghua, Elder Dragon Huang, and some dragons have left for the Dragon Tombs," Lan Yu said.

Chu Kuangren was not surprised.

If he could sense the Dragon Tombs calling, Shang Honghua, who possessed the power of the Twin Dragon, and the dragons with pure dragon lineage must have sensed it as well.

"Great. I was planning to visit the Dragon Tombs," he said.

Before he left for the Dragon Tombs, he took care of some sect affairs and checked what the sect required for future development.

Suddenly, a sword ray shot across the sky.

It was fast, sharp, and contained an astonishing sword intent.

"Hmm?"

Chu Kuangren furrowed his brows. The sword ray was heading straight for the Blazing Flame Volcano without concealing. It was an act of provocation.

"Audacious! Who goes there?"

The elites of the Pan Gu Sect rushed out.

They teamed up and tried to block the sword ray, but the sword ray's unusual power overpowered them, even though they were a lot stronger than before.

"Petty trick," Chu Kuangren muttered as he shook his head.

He pointed his sword hand sign forward, releasing a stronger and sharper sword intent to destroy the sword ray.

Then, a voice echoed across the sky.

"Ten days later, I, Jian Shifang, wish to challenge the Pan Gu Sect Leader at Edgeless Mountain. I will be waiting."

Everyone was surprised.

"Jian Shifang is ranked sixth on the Human Divine Bachelor Leaderboard!"

"He wants to challenge the Sect Leader?"

"He's got nerves."

Chu Kuangren looked at the fading sword intent. "The sword intent is from the Holy Spirit Sword Art. It seems like he's from the Divine Sword Palace, like Jue Jian."

The Divine Sword Palace was one of the human race's Monarch-class forces, and Jue Jian was one of the elites there.

Judging from the aura from the fading sword ray, Jian Shifang's cultivation level might be higher than Jue Jian's.

He might be a tough opponent for the rest of the sect, but he was nothing to Chu Kuangren after the latter completed his cultivation.

"Where is this Edgeless Mountain?" Chu Kuangren pursed his lips.

He was planning to visit the Dragon Tombs, not answer Jian Shifang's challenge.

Many wished to challenge him.

If he answered all the challenges, he would be extremely busy.

Hence, he refused to go.

Chu Kuangren did not care about the challenge invitation. After he dealt with the sect affairs, he put Lan Yu and the others in charge before heading to the Dragon Tombs.

He traveled alone not just because it would be more convenient, but it was also because the Dragon Tombs, as its name suggested, was a graveyard for dragons. Non-dragons or people with no dragon power could not enter.

...

Meanwhile, at Edgeless Mountain, a swordsman in violet robes was hugging his sword while waiting for his opponent to arrive.

He had slivers of sword qi circling him, granting him a terrifying demeanor.

The man was Jian Shifang, the one who just sent the challenge invitation to Chu Kuangren.

He ranked sixth on the Human Divine Bachelor Leaderboard. He was also the direct disciple of the Human Sanctuary, the Divine Sword Palace.

"Who do you think will win? Chu Kuangren or Jian Shifang?"

"I don't know. Chu Kuangren is ranked first, but the Divine Bachelor Leaderboard doesn't represent one's strength. I can't tell."

"I guess you're right."

"I think Chu Kuangren has the advantage because he killed Jue Jian and is the first on the Grand Dao Leaderboard."

The Grand Dao Leaderboard was unlike the Divine Bachelor Leaderboard. Being the first on the Grand Dao Leaderboard directly reflected Chu Kuangren's strength.

However, some leaned toward Jian Shifang as well. He was not ranked on the Grand Dao Leaderboard because he was already a Grand Dao Supreme Honorable.

Many gathered around Edgeless Mountain to witness the battle.

They came after knowing that Jian Shifang had challenged Chu Kuangren.

At the peak of Edgeless Mountain, Jian Shifang was changing his sword intent.

He knew Chu Kuangren was strong because he killed Jue Jian. He dared not be careless or underestimate an opponent of such level.

He had to adjust his mind and energy to the best level.

"Chu Kuangren, I am ready to fight you. Let me see how strong your sword is!"

Jian Shifang looked forward to fighting Chu Kuangren.

Time flew. Five days went by, and then ten days went by.

It was almost time for the battle, but Chu Kuangren was nowhere to be seen.

With a frown, Jian Shifang grunted and said, "Hmph. I never thought Chu Kuangren wasn't a punctual person. What a disappointment."

Instead of leaving, he continued to wait.

In his opinion, Chu Kuangren was also a swordsman, one of the greatest out there. Such a great swordsman had his pride and would never deny a challenge.

He believed Chu Kuangren would come.

Fifteen days went by.

One month went by.

Jian Shifang started to lose his patience.

Three months went by.

Jian Shifang's sword intent grew restless. The void around him was torn.

"Chu Kuangren is a great swordsman! He will never turn down my challenge! He will show up!"

Jian Shifang continued waiting until half a year went by.

By then, the cultivators around Edgeless Mountain had lost their patience, and more than half of them went home.

The rest grew bored and were disappointed by the outcome.

"I thought we could witness an amazing battle, but the guy stood there for half a year, and nothing happened. How boring."

"Is Chu Kuangren afraid of the challenge?"

Some of them refused to believe Chu Kuangren was afraid. As the first on the Grand Dao Leaderboard, Chu Kuangren challenged even the Monarchs, so why would he be afraid of Jian Shifang's challenge?

"I don't think he's afraid. I think Chu Kuangren doesn't even care about Jian Shifang's challenge. That's why he didn't show up," someone said.

The words entered Jian Shifang's ears.

"Kaboom!"

The sword intent he had been charging for half a year exploded. Like a flash flood, the terrifying sword intent wreaked havoc around the mountain.

Jian Shifang's expression was grim, and anger overflowed from his eyes.

"Chu Kuangren, how dare you insult me like this! This will not end well! It's either you or me!"

Chapter 2192: Transcendent-tier Formation Master Inheritance, Reuniting With Long Shuijing

It was a peaceful day in Myriad Arms City.

The weaponsmiths continued forging their weapons, and the cultivators of the Pan Gu Sect continued their cultivation.

Everything was progressing smoothly until a sharp sword intent came from the distant sky.

A figure carrying a vast sword intent flew toward the city, leaving a trail of black cracks in the void.

Myriad Arms City shook as the sword qi enveloped it.

"Chu Kuangren, show yourself!"

A frosty voice echoed across the sky of the city.

Then, a blazing aura erupted, and a figure engulfed in flames emerged. It was Armament Destruction.

He stared at Jian Shifang coldly, saying, "The Sect Leader isn't here now, but this isn't a place where you can cause trouble."

The Blazing Flame energy and sword intent clashed.

Jian Shifang narrowed his eyes. To his surprise, he found a strong sense of threat in Armament Destruction.

Other than Chu Kuangren, the Pan Gu Sect seemed to have another elite.

"You, name."

"Armament Destruction."

Jian Shifang was surprised to learn the name. "Armament Destruction, the first on the Primordial Leaderboard? Your aura is already in the Grand Dao Realm."

Armament Destruction had broken through to the Grand Dao Realm. During the next refresh, he might be in the top ten of the Grand Dao Leaderboard, like Chu Kuangren.

"Leave, or I will make you leave," Armament Destruction said coldly.

"I want an explanation from Chu Kuangren. Why did he ignore my challenge?" Jian Shifang said coldly.

"As I said, the Sect Leader isn't here. As for why he ignored your challenge, maybe you're not worthy of challenging him," Armament Destruction said.

He spoke the most hurtful words using the calmest tone.

Jian Shifang's expression turned grim. "Nonsense!"

He struck forward with his sword, releasing a sharp sword intent that enveloped the realm.

Armament Destruction swung his Broken Arms forward and blasted his Blazing Flame energy at the sword intent.

The two energies clashed and exploded.

Both of them were pushed back.

Then, their figures disappeared, and a fierce fight happened in the air.

Everyone who saw the fight was terrified.

"Is Armament Destruction strong enough to fight Jian Shifang?"

"Let's just believe in him."

"Jian Shifang wouldn't dare to cause a scene here," Nuwa said.

The Pan Gu Sect was not just any sect. Its Sect Leader was Chu Kuangren, who had three Monarchs behind his back.

Jian Shifang would not dare to cause any serious trouble.

He was simply expressing his frustrations.

After a few rounds, Jian Shifang stopped.

He knew he could not force the Pan Gu Sect to his will. Even the Divine Sword Palace would have to consider the consequences of killing Chu Kuangren.

He could not afford to mess with the Devil King, the Radiant Goddess, and the Tempest King.

"Tell me where Chu Kuangren is!" Jian Shifang asked.

"It's none of your business."

"Hmph! He avoided my challenge. What a coward! If he comes back, tell him that I despise him!"

Jian Shifang grunted coldly before disappearing into a stream of light.

"Human Divine Bachelor? What an idiot," Armament Destruction grunted.

Further away, Lan Yu and the others were left speechless.

Chu Kuangren was also one of the Human Divine Bachelors and the strongest one at that.

By saying that, Armament Destruction was indirectly cursing Chu Kuangren.

...

"Achoo!"

Chu Kuangren sneezed all of a sudden as he made his way to the Dragon Tombs.

He rubbed his nose, confused. "No way. I shouldn't get a cold at my cultivation level. Is someone talking about me behind my back?"

He used the Great Destiny Technique to do a divination.

Soon, pieces of information appeared in his mind, and he pieced them together.

"Someone is throwing a tantrum at the Pan Gu Sect."

However, he was not worried at all.

Armament Destruction was in the sect, and he had set up the Water Nation Warring Map Formation.

Even if a Monarch caused a scene, it would be difficult for them to destroy the city.

Moreover, Chu Kuangren had three Monarchs behind his back.

He was curious about who had the nerve to cause a scene at Pan Gu Sect.

"This person's destiny is shielded by another elite, so it's difficult for me to figure out who. However, that destiny carries a sharp sword intent. If I'm right, it should be Jian Shifang."

He did not answer Jian Shifang's challenge, so the man must be mad.

How ungentlemanly of Jian Shifang.

Chu Kuangren pursed his lips and then stared at the Hongmeng Leaderboard in the sky.

While he was away cultivating, two more leaderboards had been revealed — the Weaponsmith Leaderboard and Formation Leaderboard.

All the weaponsmiths and formation masters were ranked. Ou Yenuo was ranked fourth in the Weaponsmith Leaderboard, which was a decent ranking.

Other than that, the first on the Formation Leaderboard was the Formation King, and the rest of the top ten were from the Heavenly Formation Palace as well.

It was not much of a surprise because the Heavenly Formation Palace was the biggest force of formation masters in the Great Hongmeng Universe.

The Formation King was also a Monarch.

The formations he set up could stop even the Radiant Goddess.

"If I have the chance, I must take down the Heavenly Formation Palace," Chu Kuangren thought to himself.

Half a month went by.

"Congratulations, Host! You've won the Transcendent-tier prize, the Formation Master Inheritance."

On that day, Chu Kuangren spun the Fantasy Roulette.

However, he found it strange.

Just as he was thinking about how to deal with the Heavenly Formation Palace, the Fantasy Roulette gave him a Transcendent-tier prize, the Formation Master Inheritance.

He was ridiculously lucky.

Chu Kuangren accepted the inheritance, and a large amount of formation knowledge entered his mind, instantly making him a top-tier formation master.

"So this is the true essence of formation."

Chu Kuangren gained new insights into formations after accepting the Formation Master Inheritance. For that, he was grateful.

"I wonder who is stronger now, the Formation King or me?" Chu Kuangren thought to himself and looked forward to meeting the Formation King.

Other than the formation knowledge, he had Lil Ai as support.

With that, he could gain the upper hand against the Formation King.

"Roar!"

A loud dragon roar came from further away.

Chu Kuangren utilized his Immortal Consciousness to take a look and saw a dragon being hunted. However, he knew the dragon.

"It's her..." Chu Kuangren was surprised to see the rainbow-colored light emanating from the dragon.

It was Long Shuijing from the Central Heaven Universe, one of the Heavenly Roundtable members.

Long Shuijing was in bad shape as two humans in black armor were chasing her.

The two men were fully armed with bows, crossbows, and spears. Each weapon was carved with mystical runes.

Moreover, the runes seemed to have a suppressing effect against dragons.

Long Shuijing's tensile dragon scale became extremely brittle before their weapons.

"Damn, Dragon Hunters!"

Long Shuijing roared and released her Rainbow Dragon Breath.

However, her Rainbow Dragon Breath did not damage the Dragon Hunters' armor, which seemed forged to withstand the dragon's breath.

"Hehe! A Heavenly Rainbow Dragon. What a rare one. I bet the materials on you can fetch a good price," one of the Dragon Hunters sneered, looking greedy.

Rare materials always fetched a great price, and the Heavenly Rainbow Dragon was a rare breed among the dragons.

Due to their beautiful outlook, the materials from their bodies could easily fetch a high price in the black market.

"Die!"

The two Dragon Hunters hurled their weapons at Long Shuijing.

At that critical moment, a sword qi flew in from the sky and tore the two Dragon Hunters in half.

The armor they wore failed to protect them.

"You seem to be in trouble, Long Shuijing," a nonchalant-sounding voice said.

Chapter 2193: Enter The Dragon Tombs, Reunite With Hei Xuan, He Can Suffer For A Bit

When Long Shuijing heard the familiar voice, Long Shuijing turned around immediately and saw a figure in white coming her way.

It was the Heavenly Sword of Central Heaven Universe, Chu Kuangren.

"Heavenly Sword... I mean, Chu Kuangren. What are you doing here?" Long Shuijing was rather surprised.

"Don't forget who gave you the Heavenly Rainbow Dragon Bloodline," he said.

Long Shuijing pondered. Chu Kuangren was the one who gave her the Heavenly Rainbow Dragon Bloodline, and he seemed to be related to the dragons.

"Are you here for the Dragon Tombs?"

"Yes."

Chu Kuangren nodded. Then, he looked at the bodies on the ground, and his eyes narrowed.

"The Dragon Hunters, huh? How interesting. The dragons almost annihilated all of them back then, but here they are again."

The Dragon Tribe and the Dragon Hunters were arch-nemesis.

Now that the Dragon Tombs had opened, the dragons across the Infiniverse would gather. The addition of the Dragon Hunters would make things interesting.

"Chu Kuangren, I heard you founded Pan Gu Sect." Long Shuijing started the conversation with the first topic that popped up in her mind.

Chu Kuangren nodded. "I did. Do you want to join us? Since you were one of the Heavenly Roundtable members, I'll make an exception for you."

Te had founded the Heavenly Roundtable in the Central Heaven Universe to counter the invasion.

However, after the revelation of his true identity and the loss of the Central Heaven Universe, things became unpleasant. With his capabilities, it was not difficult for him to regain control of the Heavenly Roundtable.

There were quite some talented cultivators, such as Luo Xue, Tianxing Cai, Heaven Maiden You, and more.

Of course, that was if they could see through the past and serve him again.

"I'll consider it."

To his surprise, Long Shuijing nodded instead of rejecting his offer.

She seemed to be considering Chu Kuangren's invitation.

After that, they parted up and headed to the Dragon Tombs together.

On the way, they ran into other dragons and many other Dragon Hunters on the move.

Some engaged them in a fight, but all of them were beaten off by Chu Kuangren.

Surprisingly, they did not meet Shang Honghua or Elder Dragon Huang along the way.

Perhaps they were already inside the Dragon Tombs.

Soon, Chu Kuangren and Long Shuijing arrived at the Dragon Tombs.

It was actually a massive dragon head floating in the sky, formed by countless spiritual energies and Daoist laws.

Unlike the other dragons Chu Kuangren had seen, that dragon's head had a human face. It was crimson, and its eyes were tightly shut.

At its mouth was a massive golden spiral that emanated a powerful dragon qi from within.

"Is that the... Infernal Dragon?"

When Chu Kuangren laid eyes on the dragon's head, the Infernal Dragon's energy in him started to resonate.

The Infernal Dragon was said to be the origin of the dragons across the Infiniverse.

The first Infernal Dragon was known as the Origin Infernal Dragon, one of the oldest beings in the Infiniverse, and it possessed unimaginable power.

"Let's go in and have a look."

There was not much of a defense outside the Dragon Tombs, simply because it was not needed.

The Dragon Tombs was a mystical place. Other than dragons and people with the dragon's power, not even a Monarch could enter.

When Chu Kuangren entered the Dragon Tombs, he sensed a certain energy scanning his body as if it was trying to expel him.

Then, the Infernal Dragon energy inside him shook and removed the odd sensation.

When the two of them entered the Dragon Tombs, the first thing they saw was a vast starry sky.

Countless dragon corpses were floating under the starry sky. Besides the common Five Ways Dragons, there were Crystal Dragons, Black Dragons, Winged Dragons, and many others.

The corpses glimmered in Immortal Sparks like stars brightening the sky.

A vast dragon qi filled the entire space.

Long Shuijing was astonished by the scene. As a dragon, looking at the dragon corpses in the sky frightened her.

She bowed respectfully at the dragon corpses in the sky.

Then, the two of them explored the massive Dragon Tombs.

Chu Kuangren realized that although there were a lot of dead dragons, most of them were just Primordial or Grand Dao cultivators. There were countless runes surrounding the corpses, seemingly preventing them from decaying.

"Chu Kuangren, it's you!"

Just then, a black dragon flew toward Chu Kuangren, releasing a surge of Darkness energy fluctuation.

It was Hei Xuan from the Darkness Tribe.

"Oh, you're here as well."

Chu Kuangren was delighted to see Hei Xuan alive. As expected, the Devil King did not give the Darkness Tribe a hard time. She even returned them their freedom, or Hei Xuan would not be here.

"Chu Kuangren, how can you act like nothing happened?" Hei Xuan was pretty angry when he saw Chu Kuangren looking so relaxed and nonchalant.

Chu Kuangren tricked him into becoming his ride using the Darkness Ruler Amulet and then became the Child of Light.

After saving them from the Devil Tribe, he abandoned them and left without saying anything.

Hei Xuan had mixed feelings toward Chu Kuangren after what the latter did.

He was both grateful and angry at the same time.

He looked at Chu Kuangren, trying to swing a punch at his face. However, knowing that Chu Kuangren had the Darkness Ruler Amulet and was his savior, his fist relaxed.

"What? You want to punch me?" Chu Kuangren teased the silly Black Dragon.

"You owe me an explanation," Hei Xuan said, upset.

Before Chu Kuangren could say a word, Hei Xuan sensed something. He turned around and somehow looked nervous.

He said to Chu Kuangren, "I'll look for you soon!"

With that, his figure disappeared in a flash as he flew away.

After he left, a group of Black Dragons arrived with an intense killing intent. They were heading in the direction where Hei Xuan flew away, mumbling something about eliminating the traitor and erasing the disgrace of the Black Dragons.

The leading Black Dragon looked familiar to Chu Kuangren.

The leader, too, seemed to have noticed Chu Kuangren. However, as he turned around for a glance, his eyes widened in shock, and he quickly flew away.

"Huh? They're afraid of you?" Long Shuijing looked at Chu Kuangren strangely.

The group of Black Dragons was rather powerful, and a few of them were Grand Dao cultivators. They could kill Long Shuijing with just a slap, yet they were afraid of Chu Kuangren.

Chu Kuangren was indeed a man of miracles.

"I don't think I'm that scary. It's not like I'll remove their spine or any of that sort," Chu Kuangren said with a chuckle.

"Why do I feel like that's exactly what you'll do?" Long Shuijing shuddered when she saw the grin on his face.

She continued, "The group of Black Dragons are chasing the one who spoke to you. Aren't you going to help? You seem to know him."

"It's alright. That Black Dragon misunderstood me, so he can suffer for a bit."

Chu Kuangren did not plan on saving Hei Xuan immediately.

As one of the Eight Great Heretics, Hei Xuan had been able to survive thus far while being hunted by the Radiant Church. It meant he must be good at escaping.

His priority would be exploring the Dragon Tombs and locating Shang Honghua and the others.

"I wonder what lies at the source of this strange feeling," he muttered.

The strange resonance grew stronger after he entered the Dragon Tombs, and it intrigued him. He wondered what was calling to him.

Chapter 2194: Heavenly Rainbow Dragon's Body, Why Would I Hurt You

A group of Black Dragons flew by.

After a while, Heilong Mingshang finally stopped. He turned around for a glance, looking terrified.

"Why is that monster here in the Dragon Tombs? What is going on? How did a human enter this play?"

Heilong Mingshang was confused.

"Dragon Ruler, what's wrong?" one of the Black Dragons asked.

Heilong Mingshang took a deep breath and said, "Send a message to my father. Tell him that Chu Kuangren is in the Dragon Tombs."

The other Black Dragons were shocked upon hearing him.

"The first on the Grand Dao Leaderboard, Chu Kuangren!"

"The man who has three Monarchs behind his back! Isn't he a human? How did he get in here?"

The Black Dragons were confused and surprised.

Heilong Mingshang grinned and said, "Hmph. Now that he's here, let's make the Dragon Tombs his grave as well."

The other Black Dragons grinned as their eyes glimmered wickedly.

The grudge between Chu Kuangren and the Dragon Tribe was deep. After all, he did extract a dragon's spine once, and it was an insult to all dragons of the Hongmeng Dragon Tribe.

Almost all the dragons wanted to kill him.

The Dragon Tombs required one to be a dragon or possess dragon energy to enter, and not even a Monarch could be exempted.

With him inside, the three Monarchs would never be able to support him, so it would be the perfect place to kill him.

"Let's ignore Hei Xuan for now and focus on taking down Chu Kuangren. We cannot allow him to leave Dragon Tombs alive," Heilong Mingshang said coldly.

"I'll contact the Black Dragon King immediately."

"As for the other dragons, tell them to be prepared."

"Chu Kuangren won't be able to escape this time."

All the Black Dragons were eager to get a piece of Chu Kuangren.

...

The dragon corpses floated in the starry sky, glimmering and releasing dragon qi that filled every corner of the Dragon Tombs.

Chu Kuangren and Long Shuijing walked under the starry sky.

The strange feeling guided them to the center of the Dragon Tombs. There were fewer dragon corpses around, but each one of them had a stronger dragon qi than the others.

Even though they had been dead for eons, their corpses remained shimmering like the indestructible Immortal Metals.

The dragons buried here were at least in the Grand Dao Supreme Saint Realm.

Suddenly, a rainbow-colored dragon corpse floated toward them, and the runes around the corpse released an astonishing energy fluctuation.

With that, a few more similar dragon corpses with colorful dragon scales floated over.

They were the Heavenly Rainbow Dragons.

"This corpse feels ancient. The aura it emanates surpasses the common Grand Dao Supreme Honorable. This must be a Pseudo-Monarch Dragon who has gathered enough Daoist law energy before his death," a dragon said.

"If we can get the inheritance, we can gain a lot!"

Some dragons flew toward the Heavenly Rainbow Dragon's corpse but were blasted away by the runic energy.

The dragon corpse did not want to give its inheritance away.

"Why?"

"I'm also a Heavenly Rainbow Dragon. Why can't I get it?"

The Heavenly Rainbow Dragon was confused.

Then, Long Shuijing sensed something and headed toward the dragon's corpse. When she got near the runes, they did not reject her and allowed her to enter.

The other Heavenly Rainbow Dragons frowned.

"The senior has chosen her as his heir."

"Why her? She's just a Primordial. She's not even a Grand Dao cultivator."

The others were aggrieved.

However, Chu Kuangren's eyes glimmered.

"This dragon corpse has accepted her. Not bad."

Long Shuijing approached the corpse and put her hand on it.

The moment she touched it, the corpse buzzed and disintegrated into countless light particles.

The light particles then flew toward Long Shuijing and entered her body.

A massive amount of information and powerful dragon energy entered her rapidly, increasing her power.

She was originally a Mystic One Primordial, but after she absorbed the light particles, her cultivation level rose to Mystic Five Primordial.

It had bumped her up by four stages!

Her jaw dropped in disbelief.

"It's so powerful! I can feel that the dragon energy isn't complete, or my power will rise even higher."

Aside from the boost in her cultivation level, the cultivation techniques of the Dragon Tribe that entered her mind became the key to her future cultivation.

"Damn it. I was here first! This inheritance belongs to me!" The Heavenly Rainbow Dragon who was rejected felt dissatisfied.

He looked at Long Shuijing and said proudly, "You're also a Heavenly Rainbow Dragon, right? I order you, as the young master of the Heavenly Rainbow Dragon Tribe, to hand over the inheritance, and I will take you in as my guard."

Long Shuijing was baffled.

She looked at the so-called young master of the Heavenly Rainbow Dragon Tribe as if he were an idiot.

No one would give such a powerful inheritance away so easily, yet the young master said he would allow her to be his guard after she handed it over.

The young master must have thought the offer was some kind of blessing. He must be a spoiled brat who had never suffered the brutality of society.

"I don't like the way you look at me."

The Heavenly Rainbow Dragon Young Master grunted and released his dragon aura, attempting to crush Long Shuijing with its sheer power.

He was a Grand Dao cultivator, so he was much more powerful than Long Shuijing.

"If you don't want to hand it over, I'll have to take it myself."

He extended his hand, and his Rainbow Dragon qi transformed into a dragon claw.

"Did I give you permission to hurt my people?"

Then, a sword qi was shot at the dragon claw, cutting it off easily.

The Heavenly Rainbow Dragon Young Master cried out in pain.

"Young Master!"

"This aura is of a human!"

"Why is a human here? Is it the Dragon Blood Tribe?"

The other Heavenly Rainbow Dragons looked at Chu Kuangren in shock.

"Who are you?" The Heavenly Rainbow Dragon Young Master covered his broken arm and questioned Chu Kuangren.

"Chu Kuangren."

"Chu Kuangren? The one who extracted Elder Dragon Xingyun's spine?"

The Heavenly Rainbow Dragon Young Master was terrified. He got goosebumps all over his scales as fear struck his heart.

Elder Dragon Xingyun was a lot stronger than him.

If Chu Kuangren could extract Elder Dragon Xingyun's vein, he would be no match for Chu Kuangren.

"You're a human. How did you get in?"

Chu Kuangren did not say a word. Instead, he raised his hand, channeling his sword qi at his finger.

The Heavenly Rainbow Dragon Young Master and his men immediately fled.

"Swoosh!"

The sword qi was fired.

No matter how fast the Heavenly Rainbow Dragon Young Master was, he failed to outrun the sword qi and was killed on the spot.

The others immediately scattered away and fled.

Long Shuijing looked at Chu Kuangren with surprise. "Why didn't you kill the others?"

"They were too fast," Chu Kuangren said.

Long Shuijing did not believe him. "Escaping the person who ranks first on the Grand Dao Leaderboard? Do you think I'm stupid? You let them go on purpose!"

Suddenly, realization struck. She stared at Chu Kuangren, saying, "You let them go on purpose because you want the Dragon Tribe to know I'm with you so that I will be isolated."

"Come on. Do you really think that of me? We know each other. Why would I hurt you?" Chu Kuangren said as he looked at Long Shuijing sincerely.

Chapter 2195: Dragon Hunters Enter Dragon Tombs, Dragon Tombs Forbidden Land, Saber Grave Domain

Long Shuijing was certain that Chu Kuangren wanted her to be isolated from the Dragon Tribe. Then, she would have to rely on the Pan Gu Sect to survive in the Great Hongmeng Universe.

She clenched her teeth tightly but could not do anything to change the outcome.

"Chu Kuangren, you're as evil as ever," Long Shuijing said helplessly.

"I saved you twice, and you think so badly of me? Long Shuijing, who's the one being evil here," Chu Kuangren exclaimed.

"I..." Long Shuijing bowed her head out of guilt. Regardless of her thoughts, it was a fact that Chu Kuangren saved her twice.

She even spotted a hint of sadness in Chu Kuangren's eyes. She believed she had crossed the line, so she apologized. "I'm sorry. I shouldn't have thought of you that way."

Maybe he was not as evil as she thought.

"It's fine. I used to be an enemy of the Central Heaven Universe, so it's normal for you to be cautious against me," Chu Kuangren said as he waved his hand.

Then, he walked away.

Long Shuijing looked at him from the back, and a sense of melancholy struck her.

She felt terrible that she had mistaken him.

Hence, she quickly went after him.

"Chu Kuangren, I just can't escape you, can I..."

"It seems like I'm quite the actor."

Chu Kuangren grinned when he noticed the guilty expression on Long Shuijing. He was not sad at all.

In fact, Long Shuijing was right from the start.

He wanted her to be isolated from the Dragon Tribe and eventually lure her into joining the Pan Gu Sect.

If it were earlier, Chu Kuangren would not have gone the extra mile to recruit her.

He did not mind or even care about what she could do.

However, once she got the inheritance of a Pseudo-Monarch, her value skyrocketed, and she became extremely useful.

She would certainly ascend into the Grand Dao Realm in the future.

With the right Opportunity of Fortune, she might even become a Grand Dao Supreme Honorable.

Such elites remained limited within the Pan Gu Sect.

The Pan Gu Sect was still new, and it could use everything it could get, such as resources and manpower.

He wanted everything to strengthen the sect.

"It feels like I'm running Black Heaven Sect again," he said as he shook his head and chuckled.

...

A dozen figures arrived at the entrance of the Dragon Tombs.

All of them were in the same armor, equipped with a bow and all kinds of melee weapons.

They were the Dragon Hunters.

"There are a lot of dragon corpses here."

One of the Dragon Hunters looked up at the starry sky greedily.

The dragon corpses were a harvest to the Dragon Hunters. The more corpses they could gather, the richer they would get.

The glittering sky was the biggest treasure they had ever seen.

"Foolish dragons, they really think others can't enter the Dragon Tombs. We have converted our blood into dragon's blood, so coming in isn't difficult at all."

"We have to thank the Blood Dragons for this."

"Hmph! Don't even get me started. That disgusting Blood Dragon gives me the creeps. If not for retrieving the weapon, I would never have transfused my blood," one of the Dragon Hunters responded with disgust.

"Cut the nonsense. There are many corpses here, but they are not our target. Remember, we are here for one purpose and one purpose only: to retrieve the Ultimate Divine Weapon, the Dragonslayer!"

The other Dragon Hunters were thrilled when they heard the name. Their eyes were glimmering with eagerness.

The Dragonslayer was the divine weapon of the Dragon Hunters.

"Many years ago, the Dragonslayer was taken away by the Elder Dragons and sealed off in these Dragon Tombs. Back then, the Dragon Hunters were almost wiped out and were too weak to retrieve the weapon. However, after recovering for so many years, plus meticulous planning, we must retrieve our weapon this time!"

"Yeah! With that, we will be able to regain our previous glory! We will instill fear in the dragons once again!"

The Dragon Hunters were eager.

"Contact Huang Jiulong. Ask him how things are right now."

"Alright."

...

Chu Kuangren had no idea what was happening in the Dragon Tombs.

He continued to follow the feeling in his heart and headed in a certain direction.

Then, when he walked past a planet, the Infernal Dragon energy in him sensed a major threat and grew restless.

"What's this?"

Chu Kuangren was surprised.

He looked at Long Shuijing and spotted a frown on her face.

She was looking into the distant galaxy, and the sense of disgust on her face was visible.

"What did you sense?"

"Something that disgusts me a lot. It's like my body rejects it," Long Shuijing said as she stared further away.

"Interesting." Chu Kuangren wondered what lay beyond the distant galaxy.

"Hey, you two. Don't you know that's the Saber Grave Domain of the Dragon Tombs? It's forbidden. If you're looking for Opportunities of Fortune, look elsewhere. You can't come here."

One of the passing dragons warned them when he saw them.

'Saber Grave Domain? Forbidden land?'

Chu Kuangren's interest grew.

Unfortunately, he was following the feeling in his heart, trying to locate the source that resonated with his Infernal Dragon energy. He did not have the time to explore the Saber Grave Domain.

"Let's go."

Chu Kuangren and Long Shujing wanted to leave.

The dragon did not follow them or do anything. Instead, he continued searching elsewhere as well.

He transformed into his true form, which was a winged dragon named the Yinglong.

He was one of the strongest dragons among the Dragon Tribe.

The power of his tribe rivaled that of the Elder Dragon Tribe.

That Yinglong was extremely quick, and it flew off into the distance with a flap of its wings.

Suddenly, an arrow soared across space and pierced its neck.

"Roar!"

The Yinglong roared excruciatingly before crashing onto a planet, losing all signs of life.

Chu Kuangren and Long Shuijing were shocked to notice the Yinglong's fall.

Further away, a group of men arrived.

One of them wielded a bow with a domineering aura. He was the one who shot the Yinglong down.

"It's the Dragon Hunters!" Long Shuijing's pupils shrank in fear.

Chu Kuangren raised his hand and released some Primordial Crystals to form a formation that could conceal the two of them.

The Dragon Hunters looked in the same direction but did not spot them. All they saw was an empty space. They were not able to locate Chu Kuangren or Long Shuijing.

"What happened? Where are the two of them?"

The Dragon Hunter was confused. He saw the Yinglong speaking to two people.

"They must have fled."

A young man came over and frowned at the Yinglong's lifeless corpse on the ground. "You acted too fast. What if you attracted the dragons' attention?"

"Come on. Out of the three great Dragon Tribes, the Black Dragon, the Yinglong, and the Elder Dragon, the Yinglong has the highest value. How can I let it go?"

The Dragon Hunter laughed as he pulled a saber out.

A few slashes later, the Yinglong was skinned and dismembered.

He was extremely skilled, and it was definitely not his first time.

Long Shuijing felt disgusted when she saw the scene from inside the formation. Her fists clenched tightly as she grumbled, "B*stards!"

"Calm down. Let's see what they're up to," Chu Kuangren said calmly.

It was nothing to him because he had extracted the dragon's spine before.

Chapter 2196: Dragon Blood-Transfused Dragon Hunters, Ultimate Divine Weapon Dragonslayer

"How did the Dragon Hunters get in here?" Chu Kuangren was confused.

"Master, they're not common Dragon Hunters. They possessed dragon qi. I believe they did a dragon blood transfusion."

"Oh? The Dragon Hunters did a dragon blood transfusion?"

Chu Kuangren was rather surprised.

Based on his knowledge, the Dragon Hunters and the Dragon Tribes were arch-nemesis. Peace was never an option, and the Dragon Hunters despised the dragons.

They hunted and killed dragons, dismembered the body, and sold the body parts for money.

They treated dragons as they treated livestock.

The Dragon Hunters having a dragon blood transfusion would be equivalent to a human infusing chicken or pig's blood into himself.

No humans would ever do that.

"Interesting. They did the dragon blood transfusion to get in here. What are they after? I'm intrigued."

Chu Kuangren continued to observe the Dragon Hunters from inside the formation.

He found out that that particular Dragon Hunter's dragon blood purity was lower than the others.

Among them, the Dragon Hunter in yellow robes had high-purity dragon blood in him. One could mistake him for a dragon and a high-level one at that.

However, he was still human at his core.

Based on their conversation, the Dragon Hunters came from a Blood Dragon Tribe named the Huang clan, and the young man with the highest dragon blood purity was Huang Jiulong.

The name rang a bell in Chu Kuangren's mind.

"Oh right, he's ranked tenth on the Human Divine Bachelor Leaderboard."

He had roughly glanced through names on the leaderboard before.

Other than that, he sensed a strange aura from Huang Jiulong, which caused a strange reaction to his Infernal Dragon energy.

"Swoosh!"

More Dragon Hunters flew in from far away. Those who came in must have done the dragon blood transfusion too.

"So this is the Saber Grave Domain..."

All the Dragon Hunters looked at the starry space with heightened anticipation.

"Yes. The ancestors of the Huang clan entered the Dragon Tombs multiple times and concluded that this place probably holds the thing you guys are looking for," Huang Jiulong said.

"The Dragon Hunters' Ultimate Divine Weapon lies here!"

The leader of the Dragon Hunters was an energetic elder, a Grand Dao Supreme Honorable, and also the strongest among them.

He looked at the Saber Grave Domain eagerly. "Let's go. We shall retrieve the Dragon Hunters' Ultimate Divine Weapon and regain our tribe's glory!"

The group then flew deeper into the Saber Grave Domain.

Chu Kuangren's eyes glimmered upon hearing them mention the Ultimate Divine Weapon!

He had heard of the Chaos Supreme Treasure and Hongmeng Supreme Treasure, but the Ultimate Divine Weapon was a first to him. If it was named Ultimate, it must be on the same level as an Ultimate-level technique, and its value would surpass even the Hongmeng Supreme Treasure.

Not even a Monarch had the chance to own multiple Hongmeng Supreme Treasures.

Hence, the Ultimate Divine Weapon was much more precious than the Hongmeng Supreme Treasure.

Even Monarchs would fight over it.

"I didn't expect this surprise at all." Chu Kuangren was pretty excited.

He gave up on searching for the resonating source of the Infernal Dragon energy and brought Long Shuijing deeper into the Saber Grave Domain.

It was an opportunity that he should not miss.

...

"I have a strange feeling about this."

The Grand Dao Supreme Honorable of the Dragon Hunters, the strongest of them all, was named Honorable Seven Evils. He frowned as an uneasy feeling overcame him.

"What's wrong?"

The other Dragon Hunters were curious.

"I don't know, but something feels off."

"Maybe it's because you're finally achieving your lifelong dream. That's why you're overthinking," Huang Jiulong said with an odd look in his eyes.

Honorable Seven Evils rubbed his temples and said, "It's not that. I feel like someone is following us."

"Is that so?"

Huang Jiulong released his Immortal Consciousness to scan the area, and the others did the same.

However, no one noticed anything.

"Other than us, no one else is in the Saber Grave Domain. Honorable, you're overthinking it," Huang Jiulong said.

"Yeah. This is the forbidden land of the Dragon Tombs. Why would the Dragon Tribe come here? As for humans, other than us, no one else is here," the other Dragon Hunter echoed.

Honorable Seven Evils scanned the area with his Immortal Consciousness over and over again. After making sure no one was following them, he breathed a sigh of relief.

"It seems like I'm overthinking, but be careful and stay alert."

"Yes."

Long Shuijing, who saw the scene from behind, looked at Chu Kuangren strangely.

She asked curiously, "Since when did you know how to set up formations? It's so good that even a Grand Dao Supreme Honorable can't detect us."

Chu Kuangren said, "I've always known how to set up formations."

He had always known how to use formations, but after he acquired the Transcendent-tier Formation Master Inheritance, his level of mastery improved.

The Formation Master Inheritance contained many different kinds of formations.

The formation he used was the Conceal Trick Formation, a formation specialized to conceal one's presence.

It only required some Primordial Crystals or some Great Dao's Sources to make it work.

With sufficient materials, he could even conceal himself from a Monarch, let alone a Grand Dao Supreme Honorable.

Long Shuijing nodded. "I guess so. You did set up a massive formation in the Void Battlefield and kill Emperor Feng before you were even a Primordial."

The formation she was referring to was the Great Water Nation Warring Map Formation.

It was considered one of the key factors that led Chu Kuangren and the Pan Gu Universe to victory against the Central Heaven Universe.

Now that he had acquired the Formation Master Inheritance, he had mastered countless more formations, but none were comparable to it.

The Great Water Nation Warring Map Formation was profound. The power it displayed in the Void Battlefield was just a fraction of its full power.

"They seem to have located it," Long Shuijing said.

The Dragon Hunters and Huang Jiulong arrived on a massive planet. On it was a giant dragon corpse.

The dragon's corpse was tens of thousands of kilometers in length, and its head lay on a massive altar. On it was a crimson saber, more than ten thousand meters long.

The altar was carved with countless mystical runes, forming multiple layers of restriction seals that suppressed the crimson blade.

Countless chains restrained the saber and concentrated the dead dragon's dragon qi at the altar.

"The altar, the chains, the dragon qi... With triple seals just to seal a saber, this saber is really something," Chu Kuangren muttered.

He could sense that the dragon was once an Elder Dragon and probably a Monarch.

The dragon qi contained a sliver of Daoist law.

For the Monarch Elder Dragon to set up multiple seals just to seal the crimson saber in the Dragon Tombs, it must fear the saber and desperately want to keep it from returning to the outside world.

"What an ominous saber," Long Shuijing said with her brows furrowed.

The discomfort she felt in the Saber Grave Domain originated from the saber. It was as if it was the bane of all Dragon Tribe.

"The Dragonslayer! We've finally found it!"

"Great! We will reclaim the glory of the Dragon Hunters!"

Honorable Seven Evils and his men looked eagerly at the massive saber.

Chapter 2197: Dragonslayer Unsealed, Anomaly, Huang Jiulong Possessing The Infernal Dragon Blood

"Many years ago, the Dragon Tribe rose to prominence and almost wiped out the Dragon Hunters. They took our Ultimate Divine Weapon into the Dragon Tombs and used the characteristics of the place to prevent it from ever appearing in the world again.

"Dragons, you have underestimated our resolutions! We went as far as doing a blood transfusion just to come in here to retrieve our Ultimate Divine Weapon. Now, we have finally achieved our life-long goal!"

Honorable Seven Evils was excited. He wielded a weapon carved using a dragon bone and slashed it at the sealed Dragonslayer.

The massive saber qi slashed forward with an indomitable might.

"Boom!"

Unfortunately, the saber qi exploded upon hitting the altar, and it did not land a scratch. It did not even break through the outer layer of dragon qi.

"Let's attack together," said one of the Dragon Hunters.

All the Dragon Hunters attacked together with their strongest attacks.

However, they still could not break through the outer layer of dragon qi, let alone damage the altar, break the chains, and release the Dragonslayer.

"The Monarch Elder Dragon's seals are quite something, but we came prepared," Honorable Seven Evils scoffed.

He took out a red bead and hurled it at the Dragonslayer.

Then, a large amount of muddy liquid oozed out from the bead, and it contained strong dragon qi.

It was actually dragon's blood, a massive amount of it.

The dragon's blood rained down like a waterfall. Since the dragon's blood and the dragon qi were of the same source, the dragon qi did not reject it.

As a large amount of dragon blood rained on the Dragonslayer, the blade of the Dragonslayer started to glow in an ominous red.

Following that, a vortex appeared on its blade and absorbed all the dragon's blood.

"Hmph. The Dragonslayer was forged with the blood essence of ten thousand dragons, so its power can be activated by using the dragon blood as a trigger. The seals are nothing before the superior power of the Dragonslayer!" Honorable Seven Evils laughed hysterically.

A strong zeal for the Dragonslayer flashed in his eyes.

As the Dragonslayer continued to absorb the dragon blood, the ominous red glare on the blade grew stronger, and a strong aura emanated from it.

The dragon blood continued raining down for hours. It was as if the bead contained the sea inside it.

Chu Kuangren was in awe.

How many dragons had they killed to gain that amount of blood?

"Kaboom!"

Then, the Dragonslayer shook violently. Countless saber qi intertwined above it, tearing the void apart.

The power made everyone's heart race in fear. Even Honorable Seven Evils, who had an extraordinary zeal for the Dragonslayer, was numbed when he sensed the power.

It was indeed a ferocious weapon.

"Clank! Clank!"

The golden chains around the blade started to break.

The altar started to crack as well.

"Roar!"

A dragon's roar echoed across the sky.

The dragon corpse that was tens of thousands of kilometers long growled, and a massive surge of dragon qi gathered into a vicious dragon, clinging onto the Dragonslayer. It was trying to suppress the saber.

"It's useless. No matter how strong you were before, your remaining dragon qi is not enough to stop the Dragonslayer after it has absorbed the dragon blood," Honorable Seven Evils said with a scoff.

A while later, the golden dragon qi started to disintegrate under the Dragonslayer's sharp edge, ultimately disappearing into nothing.

The terrifying saber qi exploded, tearing the massive dragon's corpse and ripping it into pieces that crumbled and collapsed into bones.

Having broken out of the seal, the Dragonslayer started to shrink rapidly. It eventually turned into a meter-long saber that was covered in dragon-scale patterns with terrifying rage qi surrounding its crimson blade.

A Dragon Hunter got anxious and wanted to take the Dragonslayer, but as soon as he touched it, the terribly hot temperature of the hilt burned him. His palm charred, and he cried excruciatingly.

"What is going on? I can't take the saber!"

"Idiot, don't forget that the Dragonslayer is the bane to Dragon Tribes. We have dragon blood in us, so how could we touch it now?" Honorable Seven Evils said as he grunted.

He then took out a bronze box, performed a series of hand seals, and the Dragonslayer flew into the iron box.

"We're done," Honorable Seven Evils said.

Back in the formation, Chu Kuangren chuckled. "It's time for me to make my entrance."

However, before he could do anything, something strange happened.

The Dragon Hunters started to collapse to the ground in pain.

"What's wrong?"

"The dragon blood in my body is boiling. It's so hot! It's burning my organs and my body!"

"Is it because of the Dragonslayer?"

"No. The Dragonslayer is a masterless item, and no one is using its power. How could it work against us?"

Everyone was confused.

However, a sudden realization struck Honorable Seven Evils, and he looked at the unaffected Huang Jiulong further away. "It's you!"

"You're right!" Huang Jiulong chuckled.

"The blood in your bodies is from us, the Huang clan. Did you really think we wouldn't be prepared?"

"You tinkered with the dragon blood?"

"Dragon Hunters are familiar with the dragons. If we did anything to the dragon blood, you guys would know, so no, we didn't do anything to it," Huang Jiulong said with a grin.

That was when a powerful draconic aura appeared on him, and it grew stronger by the second.

Upon sensing the draconic aura, the Dragon Hunters had a sudden urge to submit in their blood, and it shocked Honorable Seven Evils. "Bloodline suppression?"

"Yes, the simplest bloodline suppression. This is because my bloodline is far superior to yours."

Huang Jiulong stood with his hands behind his back. Dragon blood flowed in his body as his aura grew stronger and more dominating. He was like the king of dragons.

"How is it possible? How is your dragon blood so powerful? Not even the Elder Dragon's blood can suppress other dragons to this extent. Your dragon blood... Wait, it's the Infernal Dragon!"

Realization struck, and it shocked Honorable Seven Evils even more.

"Hahaha, Honorable Seven Evils, you are really knowledgeable. I, Huang Jiulong of the Blood Dragon Tribe from the Dragon King Universe, am the first in history who awakened the Infernal Dragon's blood as a human!" he said proudly.

The Infernal Dragon was the strongest of all dragons as it was the origin of all dragons.

Even among the dragons, the odds of one awakening the Infernal Dragon's bloodline were extremely slim.

That was why the fact that Huang Jiulong had awakened the Infernal Dragon's bloodline as a human was shocking to the Dragon Hunters.

Chu Kuangren watched from inside the formation and found it strange. "Things are getting more interesting. Even the Infernal Dragon's blood is here. No wonder it felt different."

He possessed the Infernal Dragon energy, so it made sense that it resonated with the Infernal Dragon's blood.

Chapter 2198: Acquire Dragonslayer, Kill Huang Jiulong, Anomaly Deep In The Dragon Tombs

Huang Jiulong tricked the Dragon Hunters with the natural bloodline suppression, weakening them to one-tenth of their powers.

"Now, hand over the Dragonslayer."

Huang Jiulong reached out to the bronze box behind Honorable Seven Evils. His eyes were burning with desire.

The Dragonslayer was an Ultimate Divine Weapon.

Even if he had the dragon blood in him and could not use it for now, he believed that the weapon would be valuable. It might even be the key for the Huang clan to restrain the Dragon Tribe in the future.

It was the main reason the Huang clan worked with the Dragon Hunters.

They wanted to use the Dragon Hunters to acquire the Dragonslayer so that they could restrain the Dragon Tribe.

Then, the Blood Dragon Tribe would rise above all the Dragon Tribe.

"Don't even think about it!"

Honorable Seven Evils growled and channeled his energy. He suppressed the restless dragon blood in himself and threw a punch at Huang Jiulong.

"Bang!"

It was Honorable Seven Evils who was sent flying.

Due to the restraints on his dragon blood, he was no match for Huang Jiulong.

"Leave!"

Honorable Seven Evils wanted to leave with the Dragonslayer.

"Leave? How naive," Huang Jiulong said with a scoff.

The Huang clan members who followed him there surrounded Honorable Seven Evils, cutting off all possible escape routes.

"Damn it!"

Honorable Seven Evils channeled his energy regardless of the consequences.

"Seven Evils Slash!"

He swung his saber in a flurry, sweeping it across every direction.

Huang Jiulong's figure flashed and appeared behind him. He threw a punch with a loud dragon roar at Honorable Seven Evils.

"Bang!"

Honorable Seven Evils was blasted away with blood spewing from his mouth.

The Dragonslayer flew off his back as well.

"No!"

Huang Jiulong laughed hysterically and channeled his dragon qi into a massive dragon claw to grab the Dragonslayer.

"The Ultimate Divine Weapon is mine!"

He was thrilled. To him, having the Infernal Dragon's blood made him superior to other dragons.

In addition to the Dragonslayer, he would certainly rule over the humans and dragons.

However, it was then that his dragon qi was blasted by another powerful energy shot, blasting it into dust.

The box holding the Dragonslayer landed on a clean palm.

"The Ultimate Divine Weapon, huh? Not bad."

Everyone looked at the owner of the hand and was shocked.

"What? How is a human here?"

"Who is he?"

Honorable Seven Evils was shocked as well. "I was right. Someone was following us on the way here! Who are you?"

As the common target, Chu Kuangren chuckled after he got the bronze box. "My identity is not important. The important thing is that this belongs to me now."

He then kept the box in his Enchanted Sleeve.

"How audacious!"

Huang Jiulong was infuriated. The treasure, which he had his eye on, was snatched away in front of him.

How could he tolerate it?

As the Infernal Dragon's blood in him boiled and rumbled, a massive surge of dragon qi gathered in the void and formed a crimson dragon's image with a man's face.

It was the Infernal Dragon Shadow!

In ancient myths, it was day when the Infernal Dragon opened its eyes and night when it closed its eyes.

It controlled the essence of fire across the Infiniverse and was a master in the mystic of time.

It was so powerful that it became the strongest dragon.

When the Infernal Dragon Shadow appeared, the other Huang clan members, who had dragon blood in them, had the urge to kneel before him. Even the Dragon Hunters were trembling.

They took pride in killing dragons, but out of the tens of thousands of dragons, they feared the Infernal Dragon the most.

No Dragon Hunters had ever killed an Infernal Dragon before, not just because it was rare, but because a mature Infernal Dragon was incredibly powerful.

"I don't care who you are. Anyone who dares to take the Ultimate Divine Weapon from me will die!"
Huang Jiulong growled fiercely.

The Infernal Dragon Shadow behind him lunged toward Chu Kuangren to rip him apart.

"Oh? Infernal Dragon? I have it too."

Chu Kuangren boldly stepped forward.

A loud explosion rang out as a domineering draconic aura erupted from him.

The same crimson dragon with a human face and a snake's body appeared behind him. However, it was much stronger than Huang Jiulong's Infernal Dragon Shadow.

Those who had dragon blood in them were suppressed even further.

They could feel that their abilities were more restrained as if Chu Kuangren's Infernal Dragon energy was at a higher level than Huang Jiulong's Infernal Dragon's blood.

"Kaboom!"

The clash between the two crimson dragon shadows shook the starry space.

Huang Jiulong was blasted away, and the Infernal Dragon's blood in him grew restless.

"How?"

Huang Jiulong was in disbelief.

The Infernal Dragon was the strongest among the dragons.

Despite having the Infernal Dragon's blood in him, he was overpowered by another dragon's energy. It was unbelievable.

Could there be a stronger dragon than the Infernal Dragon?

There was no way.

"Wait, Infernal Dragon? You have the Infernal Dragon energy, and it's stronger than my Infernal Dragon's blood. Could it be..."

An outrageous thought popped up in Huang Jiulong's mind.

The only thing that could overpower an Infernal Dragon was a higher-level Infernal Dragon.

Across the Infiniverse, the highest level of Infernal Dragon would be the first dragon, the dragon known as the oldest across all universes, the Primal Infernal Dragon.

Could Chu Kuangren's energy originate from the Primal Infernal Dragon?

Huang Jiulong refused to believe it.

"No, it can't be. The Primal Infernal Dragon hasn't shown itself for eons. How could its power be in a human? Impossible!"

Huang Jiulong shook his head in disbelief.

Chu Kuangren could not care less about Huang Jiulong's response. He simply raised his hand and ordered the Infernal Dragon Shadow to rip Huang Jiulong apart.

"Damn it!"

Huang Jiulong channeled his energy to the limit and punched forward. A large amount of Infernal Dragon Flame was blasted forward in the shape of a dragon.

As the Human Divine Bachelor, his cultivation level was outstanding, and he was already a Grand Dao Supreme Honorable.

With the Infernal Dragon's blood boosting his strength, he had grown a lot stronger, and no common Supreme Honorable Grand Dao would be his match.

Unfortunately, he ran into Chu Kuangren, who was much stronger than him.

"Bang!"

When the two energies clashed, Huang Jiulong was blasted away again. This time, blood gushed from his mouth, and his body started to crack.

Dragon scales started to show from the cracks.

"Damn it! Transform Dragon!"

He growled, and his body started to expand. He transformed into a semi-dragon, and his draconic aura grew even stronger.

As he lunged toward Chu Kuangren, his claws tore the void into shreds. The power contained in his claws could easily kill a common Grand Dao Supreme Honorable.

"Nice. I shall test my cultivation result on you." Chu Kuangren smiled.

He pointed his sword hand sign forward while channeling the Grand Dao energy in him. A sharp and destructive sword qi gathered at his fingertips.

"Sword Twenty-two!"

He cast Sword Twenty-two of the Holy Spirit Sword Art!

The sword qi tore the void apart, and the massive destructive qi enveloped Huang Jiulong in his semi-dragon form.

His claws were crushed, and the dragon scales on his body failed to protect him from the sword qi.

The sword qi surrounded him, leaving cuts across his body.

Blood gushed as the sword qi ground him to bits.

"No! I'm the Infernal Dragon. I'm supposed to be the supreme lord who rules over the humans and dragons! How can I die here? Impossible!"

Huang Jiulong fought as hard as he could to prevent the sword qi from grinding his body to shreds, but he failed.

When the sword qi faded, Huang Jiulong was dead.

He, who ranked tenth on the Human Divine Bachelor Leaderboard, had died just like that.

"All of you are next."

Chu Kuangren looked at the others.

Before he moved, a sudden divine light burst from deep inside the Dragon Tombs, and a dragon's roar echoed across the starry sky.

"What is that?"

Chu Kuangren narrowed his glittering eyes. The Infernal Dragon energy in him grew restless and resonated strongly with the blast of light.

Unparalleled After Ten Consecutive Draws

Chapter 2199: Dragon Soul World Appears, Stepping Into The Trap? Eliminate All At Once

"What's that?"

Chu Kuangren looked toward the deepest part of the Dragon Tombs. The Infernal Dragon energy in his body resonated with the blast of light.

Countless blinding lights gathered in the starry sky and formed a massive colorful ball of light that became the brightest planet in the sky.

At a closer look, the massive ball of light had countless dragon qi surrounding it, and dragon roars could be heard from within.

There were even vague figures of dragons flying inside.

"Dragon Soul World!" Chu Kuangren muttered as the name of the ball of light appeared in his mind.

Lil Ai had mentioned to him about the Dragon Tombs before. The Dragon Tombs was artificially created, and inside it was another world.

It was a world within another world called the Dragon Soul World.

The Dragon Soul World, as its name suggested, was a resting place for all the dragons' souls.

The Dragon Tombs was for the dragons' corpses, and the Dragon Soul World was for the dragons' souls.

The Dragon Tombs had opened up many times, but the Dragon Soul World was fewer, and it was where the biggest Opportunity of Fortune was inside the Dragon Tombs.

If one could be favored by the powerful dragon souls inside, especially a Monarch dragon, and get the inheritance, one's cultivation level would skyrocket.

"So this is why the Infernal Dragon energy inside me was restless. The Dragon Soul World... I wonder what's calling me inside."

Chu Kuangren was intrigued.

Honorable Seven Evils and the other Dragon Hunters scattered away while Chu Kuangren was looking at the Dragon Soul World.

They knew they were no match for Chu Kuangren.

"Damn it. He has the Dragonslayer!"

"I'll remember you! The Dragon Hunters will come for you!"

Honorable Seven Evils took one last glance at Chu Kuangren as if he was trying to imprint Chu Kuangren's face into his mind.

Suddenly, his eyes widened as chills ran down his spine.

It was the feeling of death!

"No! Run now!"

Honorable Seven Evils clenched his teeth as he channeled all his energy. He even used the desperate move to reverse his Great Dao, just so he could escape quickly.

"All I did was look away, and you guys tried to run. Did you ask for my permission to leave?"

Chu Kuangren pointed his sword hand sign, and the Timespace Treasure in his body shone brightly.

Mystical spacetime energy expanded and sent ripples across space.

Having been caught by the unimaginable spacetime energy, Honorable Seven Evils and the Dragon Hunters constricted and pinned to the spot.

Then, a sharp sword ray lit up the starry sky.

"Swoosh!"

As the sword ray shot across the air, the Dragon Hunters and the Huang clan members were killed one after another.

Not even Honorable Seven Evils could resist or struggle.

When the sword ray faded, the starry sky returned to its previous peace and quiet.

Chu Kuangren stood with his hands behind his back. His white robes fluttered without a single speck of dust, and his transcendental aura filled the space as if he were an unmatched Immortal that would only appear in paintings.

Long Shuijing was deeply captivated.

Chu Kuangren was still unmatched in terms of aura and temperament.

She shuddered when she saw the dead bodies around her. Upon recalling the scene of Chu Kuangren killing Grand Dao Honorable Supremes and common Grand Dao cultivators like he was squashing an ant...

He was still as scary as ever.

"I could still compete with him when we were back in the Central Heaven Universe. Now, he's too far ahead of me. Others may be improving, but he's evolving," Long Shuijing exclaimed.

Then, she looked at the Dragon Soul World.

"Are you going there?"

"Of course."

"You should know that you're a common target of the dragons. Now that the Dragon Soul World has appeared, it will definitely attract other dragons in the Dragon Tombs. And if you go there, you'll be stepping into a trap. So, are you sure about this?"

Long Shuijing was somehow worried about Chu Kuangren.

"If you're scared, feel free to move alone."

"That's not what I meant," Long Shuijing said helplessly.

As a matter of fact, she already had a hunch the moment she reunited with Chu Kuangren that she could never escape his grasp.

"Hehe. There's one thing you're wrong about," Chu Kuangren said with a chuckle.

He looked at the Dragon Soul World and asked, "How can you be so sure that I'll be stepping into a trap instead of trapping the others there?"

Then, his figure flashed as he flew toward the Dragon Soul World.

Long Shuijing quickly followed him.

...

The Dragon Soul World's appearance attracted the attention of all the dragons in the Dragon Tombs, including famed sky-prides and Prodigies of the era across the Infiniverse. Some were known as Outliers who had the chance to ascend to the Monarch Realm.

A Black Dragon flew across the sky, carrying a destructive and domineering dragon qi that swept across the land.

"It's Heilong Ya from the Black Dragon Tribe!"

"I heard he's the Black Dragon King's favorite son and that he's already a Supreme Saint. He ranked twenty-first on the Grand Dao Leaderboard.

"His dragon qi is indeed astounding."

Heilong Ya looked at the colorful Dragon Soul World and fixed his gaze on a Black Dragon's soul. The draconic aura that the Black Dragon's soul emanated made his heart throb.

"This feeling I'm getting should be an ancient Monarch's Dragon Soul. If I can get its inheritance, I can be more confident in ascending to the Monarch Realm in the future!"

At the same time, a golden dragon qi came from further away.

A golden Elder Dragon came flying. His Elder dragon qi wreaked havoc in its wake, shaking the sky.

All the other dragons were surprised to see him.

"It's Elder Dragon Ning of the Elder Dragon Tribe!"

"I heard his cultivation level is at the Grand Dao Supreme Honorable. He's less than a million years old, but he's already a famed elite of the Elder Dragon Tribe. He's one of the Elder Dragons in this era who has the highest chance to ascend to become a Monarch."

"It's difficult to ascend to the Monarch Realm. If someone has a one in one-thousand chance to ascend to the Monarch Realm, he is already considered a top Prodigy, and being a Supreme Honorable isn't that difficult. However, I heard that Elder Dragon Ning's chance to ascend to the Monarch Realm is one in a hundred."

"He is more talented than Elder Dragon Chengtao."

Everyone looked at Elder Dragon Ning with reverence.

He was not just a Grand Dao Supreme Honorable. He was also an Outlier who had a one-hundredth chance to ascend to the Monarch Realm. Even if he failed, he would be one of the strongest, second only to a Monarch.

"Elder Dragon Ning... What a trouble." Heilong Ya frowned as he glanced at Elder Dragon Ning.

He did not want to admit it, but it was a fact that he was no match for Elder Dragon Ning at his current stage.

"Haha! Elder Dragon Ning, Heilong Ya, you two are here!"

A burst of laughter sounded.

A Water Dragon with wings came flying toward them. The Water Dragon was exceptionally strong, almost rivaling Elder Dragon Ning.

"Yinglong Wu."

"Another Prodigy of the Water Dragon Tribe."

Other dragons recognized him and were impressed by his aura.

The appearance of the Dragon Soul World attracted all the Dragon Tribes' Prodigies and Outliers who were exploring the Dragon Tombs.

"Before we go in, do you guys know that the first on the Human Divine Bachelor Leaderboard, Chu Kuangren, is here in the Dragon Tombs?" Yinglong Wu asked.

Heilong Ya replied, "Heilong Mingshang has informed us about it, but I believe the Dragon Soul World is the top priority now. After we explore the Dragon Soul World, we can take care of him."

"You're right. The Dragon Generals have sealed off the entrance to the Dragon Tombs, so Chu Kuangren will be trapped here in the Dragon Tombs. There's nowhere for him to escape," Elder Dragon Ning said.

He was not overly concerned about Chu Kuangren.

Chapter 2200: To the Dragon Soul World, Worms Should Be Aware of Where They Stand

Chu Kuangren's name caused an uproar among the dragons.

Among the few human-formed dragons, one woman, whose face was hidden behind a red mantle, was surprised to hear the name.

It was Shang Honghua. Beside her was Elder Dragon Huang and the other dragons of the Pan Gu Universe.

They knew the Hongmeng Dragon Tribe hated Chu Kuangren, so they concealed their identities from the Pan Gu Universe before they entered the Dragon Tombs.

Now that they had arrived before the Dragon Soul World, they found out that Chu Kuangren was also in the Dragon Tombs.

"The King is here as well."

Shang Honghua was surprised. She thought those who were not dragons or without dragon energy could not enter the Dragon Tombs.

However, she soon discarded her concerns.

Chu Kuangren's capabilities were beyond her imagination, and they should not be measured with common sense. Hence, it was not too surprising that he could perform miracles.

"Haha. You're right. We should focus on the Dragon Soul World first. As for Chu Kuangren, he's no threat at all," Yinglong Wu said.

Then, he looked at the Dragon Soul World and dashed forward.

The other dragons followed him inside.

"Elder Dragon Huang, let's go," Shang Honghua said.

With that, her figure flashed and entered the Dragon Soul World.

The Dragon Soul World was actually a vast void floating with countless dragon souls.

Brute strength was not the way to acquire the inheritance here.

In addition to one's cultivation, one's compatibility with the dragon soul was also important. Other than that, aspects like opportunity, insight, talents, and so on played a role as well.

Normally, dragons with higher cultivation levels and greater talents would tend to be favored by powerful dragon souls and thus receive the inheritance.

"I'm one of the best Prodigies of the Black Dragon Tribe, so I'm not looking for common dragon souls. I'm only looking for a Monarch dragon soul," Heilong Ya muttered as he looked at a specific Black Dragon Soul.

The Black Dragon was one of the strongest dragon souls, a Monarch before it died.

That was why Heilong Ya deemed it worthy of his attention.

He looked at the Black Dragon soul and released his dragon qi, attempting to resonate with it for its inheritance.

However, no matter how much dragon qi he released, they did not resonate.

He was not in a hurry either.

Based on records, it was rare for dragons to receive Monarch Dragon souls.

The resonance with a specific dragon soul might take at least six months, and Heilong Ya had sufficient patience to achieve it.

Other than Heilong Ya, Yinglong Wu and Elder Dragon Ning also found their respective dragon souls, which were both Monarch dragon souls.

They tried to resonate with the dragon souls as well.

"The rage qi contained in this dragon soul is terrifying, but it doesn't belong to a Water Dragon, Elder Dragon, or Black Dragon. It's not the common Five Ways Dragon as well. So this should be a subspecies."

Shang Honghua also found a dragon soul that she liked. It was a crimson Blood Dragon lying down on a massive mountain peak formed by pure dragon qi. It also exuded strong rage qi that no dragons other than Monarch dragons dared to approach it.

That particular dragon soul must be as powerful as a Monarch dragon Soul.

"This dragon soul is similar to the Ashura Blood Dragon in me. This is the most compatible one," Shang Honghua thought to herself and started to resonate with it.

Soon, the Ashura Blood Dragon energy started to appear.

The crimson dragon looked at Shang Honghua, seemingly intrigued. It flew around Shang Honghua a few times as if considering giving her its inheritance.

Time flew, and several months passed.

There were still many dragons entering the Dragon Soul World.

The Dragon Soul World was crowded with dragons. More than ten million of them were looking for their respective dragon souls.

"Have you heard? Chu Kuangren is also in the Dragon Tombs," one of the dragons said.

The news was widely spread within the Dragon Tombs.

Many dragons planned to exterminate him, but due to the appearance of the Dragon Soul World, they switched their priorities.

They cared more about the dragon soul's inheritance than exterminating Chu Kuangren.

"I heard, but he's considered dead already. The entrance is sealed. Even if he's extremely capable, he won't be able to escape now."

"Do you think he will come into the Dragon Soul World?" one of the curious dragons asked.

The other dragons sneered at his question.

"What are you talking about? He's not an idiot. There are so many dragons in the Dragon Soul World. Even if he has the nerves, he won't step into such an obvious trap," said another dragon.

"You're right."

Then, a white streak of Immortal Sparks shot across the distant horizon.

A man in white and a girl emerged from the white Immortal Sparks.

"A human?"

The dragons who saw the man and the girl were shocked.

Some were confused.

"He looks familiar... Wait, a human? How could a human enter the Dragon Tombs? He... He's Chu Kuangren!"

The name caused an uproar among the dragons.

All the dragons stared at Chu Kuangren in disbelief.

They thought Chu Kuangren would never come into the Dragon Soul World, but he walked in without even bothering to conceal himself. It was as if he was on a sightseeing tour.

The dragons were enraged as they saw it as an act of provocation.

"Damn. He's too arrogant!"

"He's not even scared of us!"

"We must teach him a lesson!"

Some of the dragons got impatient and jumped on Chu Kuangren.

Surges of dragon qi swept forward into the void.

"Worms, don't stand in my way."

Chu Kuangren was calm when the dragons jumped on him. He swung his sleeve and released a domineering Great Dao energy that blasted them away.

The weaker ones were blasted into clouds of blood mist.

"How terrifying!"

"He sure is ranked first on the Grand Dao Leaderboard! He's powerful!"

The dragons were shocked, but they kept trying to stop him from moving forward.

"This is the Dragon Soul World, the place where the souls of the great dragons rest. This is no place for a human!"

"You shall not pass!"

"Move!"

The dragons attacked fiercely with whatever they had.

Chu Kuangren raised his hand, and the Great Dao energy transformed into Three Thousand Worlds.

The Three Thousand Worlds destroyed all the dragons in its way, leaving a trail of dragon blood in its wake. Chu Kuangren stepped on the bloody path and headed deeper into the Dragon Soul World.

"I said stay out of my way. Worms should be aware of where they stand," Chu Kuangren said as he released more sword qi.

The sword qi swept across tens of thousands of kilometers.

The dragons that were caught cried out excruciatingly.

Long Shuijing sighed as she followed him deeper.

"Why must you guys stand in the monster's way?"
