Chapter 2201: The Infernal Dragon Energy's Influence, Which One Do You Like, Feel Free to Pick Any of Them

Only silence filled the starry space.

Countless dragons looked at the white-robed figure with deep fear in their eyes. That person was no longer a mere human to them.

He was nothing short of a demon!

"Ha! Your fear of me shall become your greatest protection, and I suggest you cling onto it tightly. Your chances of surviving before the likes of me will increase by doing so." Chu Kuangren sneered.

However, the dragons could not retort his sarcasm.

They could not even move because of the fear in their hearts.

As such, they could only watch as Chu Kuangren stepped into the Dragon Soul World, a sacred place regarded by all dragons where no outsiders were allowed to enter.

All those dragons felt ashamed of themselves.

"That b*stard!"

"Chu Kuangren! How dare he!"

After Chu Kuangren left, some of the dragons suppressed their fear and roared crazily. The other dragons were also furious.

They were from the Hongmeng Dragon Tribe, one of the strongest in the Great Hongmeng Universe, yet they were bullied by a human in their territory.

Where was the justice in that?

"Just you wait, Chu Kuangren! I shall wait and see how you'll escape when the Dragon Tribe's elite forces arrive! This Dragon Tomb will certainly be his burial ground!"

Some of the dragons said glumly.

Although Chu Kuangren was powerful, he was in the Dragon Tombs.

'This is the Dragon Tribe's territory. No matter how powerful Chu Kuangren is, he's just one person! How could he survive against thousands upon thousands of dragons? How could he?'

Besides, they had heard that a Monarch dragon was preparing to come here.

When that time came, his fated death would be sealed!

The dragons were eagerly waiting for Chu Kuangren's life to end.

...

Chu Kuangren and Long Shuijing had just entered the Dragon Soul World.

When Chu Kuangren saw the countless dragon souls hovering before him, he closed his eyes. He tried to sense whatever it was that was reacting with the Infernal Dragon energy inside his body.

"Have you found it?" Long Shuijing asked.

She knew Chu Kuangren had been searching for something.

"The dragon soul auras here are too jumbled up. What I'm looking for is hidden somewhere within them, which makes it hard for me to trace its location," said Chu Kuangren.

Then, he looked at the dragon souls in his surroundings and pondered.

Could it be that the thing resonating with him was a dragon soul too?

At that thought, an idea suddenly popped into his mind.

Since he could not find the source, he might as well let it come to him instead!

"Let's try this!" Chu Kuangren chuckled.

He rose into the air, releasing an incredibly domineering dragon aura from his body that caused the surroundings to tremble.

Somewhere far away, Heilong Ya was working hard to resonate with the Monarch-level Black Dragon soul.

After spending tremendous effort, that dragon soul finally acknowledged him. It soared into the sky and swooped toward him, preparing to pass on its inheritance.

Heilong Ya was overjoyed.

He opened his arms wide, preparing to accept the dragon's soul.

However, a burst of dragon aura suddenly erupted in the distance.

That dragon soul sensed something and immediately stopped. It turned its head to the source of that dragon aura and flew toward that direction.

Heilong Ya froze.

The inheritance he had worked so hard on was suddenly gone.

He had no idea what was happening.

He looked toward the dragon aura in the distance with an ice-cold gaze. "I must find out who ruined all my efforts!"

It was as if the bird he caught had flown away.

Anyone would be displeased if it happened to them.

Moreover, other than being a Black Dragon's soul, it was also a Monarch dragon soul's inheritance!

The instant that domineering dragon aura appeared, the entire Dragon Soul World trembled. As if they were summoned by something, countless dragon souls dashed across the skies like rays of light, heading toward the source of that dragon aura.

Every dragon in the Dragon Soul World was dumbfounded.

"What... What is happening?"

"What is going on?"

"These dragon souls did not even respond to us when we tried to make contact with them. Why are they dashing toward that direction all of a sudden?"

"By the heavens..."

Every dragon was shocked.

Like the dragon souls, many dragons also headed in that direction.

Many of them did not look pleased.

Similar to Heilong Ya, they were also about to receive the dragon souls' inheritances. However, because of that dragon aura's sudden appearance, all the dragon souls fled from them.

Meanwhile, Chu Kuangren stood in the air. This time, countless dragon souls were circling him like planets around a star, surrounding him at the center. Waves of dragon roars echoed in the sky.

It was as if thousands of dragons were worshiping and gracing his presence.

Long Shuijing was stunned when she saw what was happening.

"Chu Kuangren, how are you doing all of this?"

She knew Chu Kuangren could not be understood by conventional means.

However, the scene before her eyes was simply unbelievable. Millions upon millions of dragon souls were now surrounding Chu Kuangren.

Although they were just dragon souls, Long Shuijing could sense the intention to submit from all of them.

"What... What is this?"

Soon, some of the dragons arrived at the scene. Upon seeing Chu Kuangren surrounded by countless dragon souls, they were shocked.

"Who the hell is he?"

"Look at the respectful gestures of those countless dragons. Is he a Dragon King?"

"Impossible. Judging from his aura, he's just a human."

More and more dragons arrived at the scene.

When they saw what was happening, they were shocked too.

Especially when they saw dozens of Monarch-level dragon souls circling near Chu Kuangren in a submissive and obedient manner, they could not believe their eyes.

'To think even the Monarch-level dragon souls are behaving with such respect...'

'Is this person some sort of peerless ruler amongst the dragons?'

'He's just a mere human!'

"H-He's Chu Kuangren!"

Suddenly, a dragon who recognized Chu Kuangren exclaimed with shock.

Chu Kuangren was the Dragon Tribe's enemy.

However, seeing the souls of their dragon ancestors now circling him with such obedience and reverence shattered their worldview.

"Impossible."

"Chu Kuangren, what have you done?"

A Grand Dao dragon could not stand it and charged toward Chu Kuangren. His dragon qi surged as he questioned Chu Kuangren.

The countless dragon souls looked at him as though they could sense the hostility in him and released a massive burst of dragon aura.

"Boom!"

That dragon was instantly slammed into the ground, immobilized.

Horror filled his eyes.

'Are these heroic dragon souls protecting Chu Kuangren?'

'They're protecting the Dragon Tribe's enemy!'

'Is there anything more ridiculous than this in the entire world?'

Meanwhile, high in the air, Chu Kuangren looked at the countless dragon souls before him and pondered.

He had a very peculiar feeling that he could command those dragon souls.

'Is it because of the Infernal Dragon's power inside me?'

'Interesting.'

However, he did not find the source of that feeling among those dragon souls. Even the Monarch-level dragon souls did not feel as special to him.

"My King!"

"Sect Leader!"

Shang Honghua, Elder Dragon Huang, and the others had rushed over upon sensing Chu Kuangren's aura. They, too, were stunned to see what was happening.

"Oh, it's you, Honghua. I've finally found you guys."

Chu Kuangren looked at Shang Honghua and the others with a smile.

The words that came from his mouth right after dumbfounded every dragon at the scene.

Chu Kuangren merely pointed at the dragon souls before him and said to Shang Honghua, "Which dragon soul do you like? Feel free to pick any of them."

Chapter 2202: Devouring Millions of Dragon Souls, Becoming an Elite Dragon Cultivator

"Which dragon soul do you like? Feel free to pick any of them."

When Chu Kuangren said those words, the other dragons were beyond stunned. After all, those were dragon souls he was talking about!

There were even a few Monarch-level dragon souls among them!

However, Chu Kuangren implied that he was giving away those dragon souls casually like they were worth nothing.

'Did he just say they were free to pick any of the dragon souls?'

"I can't believe it. What does he think these dragon souls are?"

Some of the dragons gritted their teeth in anger.

Even so, none dared to charge ahead rashly, seeing that the dragon who did so earlier was still pinned to the ground by the dragon aura.

"Can we pick any of them?"

Elder Dragon Huang looked at the countless dragon souls and started to panic.

Were the countless dragon souls, including those Monarch-level ones who possessed powerful inheritances, all available for his choosing?

He almost thought he was dreaming.

Meanwhile, next to him, Shang Honghua not shocked. She pointed at a Blood Dragon and said, "I want this one, my King."

The Blood Dragon was the same one she was trying to establish a connection with earlier. However, Chu Kuangren's dragon aura attracted it away just now.

"Very well."

Chu Kuangren mobilized his thoughts. He looked at the Blood Dragon, focused his gaze, and channeled his Infernal Dragon energy. Soon, an Infernal Dragon apparition appeared behind him.

"Your inheritance shall belong to her."

The tone in Chu Kuangren's voice carried an unquestionable authority.

The Blood Dragon lowered its head and looked at Shang Honghua. Then, it dived down, turning into a stream of light that entered her body, passing on its inheritance to her.

"It's... It's actually possible!"

Many dragons were shocked.

They had spent so much effort trying to gain the dragon souls' acknowledgment and obtain their inheritances. However, all Chu Kuangren did was command the dragon souls to pass their inheritances to anyone he wished.

The countless dragon souls obeyed him, and it was simply unbelievable.

"Sect Leader, I choose to have that one," said Elder Dragon Huang as he pointed to a Monarch Elder Dragon's soul.

"Alright."

Chu Kuangren pointed his finger at Elder Dragon Huang. As per his command, that dragon's soul immediately entered Elder Dragon Huang's body.

"Sect Leader, I want one too."

"Me too."

The Pan Gu Universe dragons who came along with Elder Dragon Huang and Shang Honghua quickly expressed their excitement. They hurriedly went forward to pick a dragon soul with incredible delight.

Although they could not withstand the power of the Monarch dragon soul's inheritance, they could go for the inheritances of the Grand Dao dragon souls.

As the Pan Gu Universe dragons absorbed the dragon souls' inheritances, the other Hongmeng dragons could do nothing but watch. Their eyes were red with rage, jealousy, and shock.

"What the hell is happening?"

Elder Dragon Ning, the elite Prodigy of the Elder Dragon Tribe, trembled in shock as he watched the scene unfold. He could not believe what he was seeing.

The same could be said for Heilong Ya and Yinglong Wu.

"Long Shuijing, is there a dragon soul here that you want?" Chu Kuangren asked as he turned and looked at Long Shuijing.

Long Shuijing's gaze swept across the myriads of dragon souls before she pointed at a Heavenly Rainbow Dragon's soul and said, "I want this one. Is that alright?"

"Of course."

Chu Kuangren did not mind and gave her that dragon soul.

"Brother Chu, I'd like one too."

At that time, a Black Dragon flew over.

It was Hei Xuan.

He looked at Chu Kuangren with an awkward smile and said, "Brother Chu, uh... I'd also like a dragon soul. Can you give me one too?"

"Oh, isn't this my mount? What's the matter? You don't want an explanation from me anymore?" Chu Kuangren teased.

"It's alright. I don't need it. I believe you have your reasons for doing those things, Brother Chu," Hei Xuan said after having finally figured it out.

If Chu Kuangren wanted to kill him, he could have done so with a single slap. However, he was still alive, so he believed Chu Kuangren must have a reason for doing that.

Instead of being bothered by Chu Kuangren's identity as the Child of Light, he might as well ignore it and worry less about it.

After all, Chu Kuangren had not brought harm to the Darkness Tribe.

On the contrary, the Darkness Tribe still existed because of him. Otherwise, they would have either been brainwashed by Black Feather Archduke or slammed to death by the Devil King.

More importantly, those dragon souls were too tempting.

"Make your pick. Which one of them catches your eye?"

"That one." Hei Xuan pointed at a Black Dragon soul and said.

Far away, Heilong Ya immediately got agitated. "That one's mine!"

However, everyone ignored him.

Chu Kuangren raised his hand, and the Black Dragon's soul instantly entered Hei Xuan's body.

Following that, he stepped into the air. A dragon aura erupted from his body, and his eyes radiated endless brilliance. "Now, come to me at once!"

The moment he said that, the countless dragon souls charged toward him, turning into an overwhelming torrential force that entered his body at once. Endless pieces of information immediately erupted inside his mind.

Those were the inheritances of countless dragon souls.

If anyone else were to accept the inheritances of so many dragon souls, their minds would have been so confused that they would be reduced to mindless fools.

However, with the Soul Barrier's protection and Lil Ai's help organizing all the information, Chu Kuangren miraculously held on through that process.

As the dragon souls entered Chu Kuangren's body one by one, his Infernal Dragon energy also unleashed a powerful absorption force, devouring all those souls.

In the process, his Infernal Dragon's power rapidly increased.

Those dragon souls were merely remnant souls of their former selves, so their remnant power was less than a thousandth of their prime. Time would eventually weaken all of them, and the same would happen to the inheritances possessed by those dragon souls.

As thousands upon thousands, millions upon millions of dragon souls entered Chu Kuangren's body, his Infernal Dragon energy skyrocketed to a dozen times its original strength.

By then, he was no longer accepting the dragon souls' inheritances!

He was devouring the dragon souls' inheritances!

The sight of it frightened every dragon present.

"Monster! He's a monster!"

Some dragons' voice was trembling as they exclaimed, and fear was visible in their eyes.

Yinglong Wu, Elder Dragon Ning, and the other Prodigy dragons just stood there and watched as if they had lost their ability to speak.

They were trying to figure out why Chu Kuangren could do all of that.

"The Infernal Dragon's power!"

Suddenly, Elder Dragon Ning looked at the Infernal Dragon's apparition behind Chu Kuangren and said confidently. "Chu Kuangren possesses the Infernal Dragon's energy!"

"Even if he has the Infernal Dragon's power, the fact that he can still make all the dragon souls obey him and serve his command is simply unbelievable."

The probability of an Infernal Dragon being birthed was extremely low.

However, there had been births of the Infernal Dragons in the Dragon Tribe, but even an Infernal Dragons could not make the countless dragon souls obey them.

Not to mention, Chu Kuangren was not an Infernal Dragon but a human instead.

He only possessed a portion of the Infernal Dragon's power.

"But what if it's... the Primal Infernal Dragon?"

There was a slight tremble in Elder Dragon Ning's voice. "If his power comes directly from the Primal Infernal Dragon, wouldn't everything make sense?"

The dragons gasped.

The Primal Infernal Dragon was a legendary being even amongst the dragons!

Throughout the eras, very few cultivators had seen the Primal Infernal Dragon. If it were not for the Dragon Tribe keeping records of its existence in their scriptures, the dragons would have thought that the being was a fairy tale legend. However, Chu Kuangren had now proved he had a connection to the Primal Infernal Dragon!

In the air, Chu Kuangren had devoured millions of dragon souls.

Eventually, he could feel that the Infernal Dragon's power inside him was reaching a limit and he could not devour any more of the dragon souls. Almost every brain cell in his head was filled with countless information, making him a little dizzy.

He had accidentally devoured too much.

Then, he was enlightened.

Under the strengthening of the countless dragon souls, Chu Kuangren's mastery and understanding of the Dragon Tribe's various cultivation techniques had reached the peak. They were like second nature to him now.

At that moment, he had become an elite dragon cultivator.

Unparalleled After Ten Consecutive Draws

Chapter 2203: The Dragonslayer, The Infernal Dragon's Soul, Get Out of My Way

"However, I still haven't found what I'm looking for."

Despite having devoured millions of dragon souls, obtaining countless dragon cultivation techniques and cultivation knowledge, becoming an elite dragon cultivator, and his Infernal Dragon energy being dozens of times more powerful than before, Chu Kuangren was not satisfied.

It was because the thing that drew his attention was not the dragon souls he devoured. What he had been looking for had yet to appear.

"Can it be that whatever's resonating with my Infernal Dragon energy is a dragon soul as well? If that's the case, is it somewhere among the dragon souls here? Now, how do I find it?"

Chu Kuangren looked at the countless dragon souls before him.

He may have devoured millions of them, but there were still many dragon souls in the surroundings.

After all, the Dragon Tombs had existed for countless years.

The number of dragons laid to rest here was in the billions.

If Chu Kuangren alone wanted to devour all the dragon souls that had been accumulating here since countless eras ago, it would be an impossible task even for him.

However, he had devoured most of the strongest Monarch dragon souls, which was better than devouring millions of other dragon souls here.

'If the higher-ups of the Dragon Tribe learn about this, will they die in rage?' Chu Kuangren thought.

'Oh dear, I've diverted my main objective. I should think of a way to find the source that's causing this resonating feeling.'

"Master, perhaps you can try the Dragonslayer," Lil Ai suggested.

"The Dragonslayer?"

"That's right. The Dragonslayer is the bane of every dragon's existence. However, the source of the resonating feeling that attracted Master's attention is extraordinary. It might be strongly related to the Infernal Dragon energy inside Master's body. A being on such a high level of existence might not be afraid of the Dragonslayer."

Chu Kuangren immediately understood Lil Ai's idea.

The Dragonslayer could scare away the other dragon souls. It meant that whatever remained was not afraid of it and might be the thing that drew him here.

"Have I ever mentioned how good it is to have you with me, Lil Ai?"

Chu Kuangren did not hold back with his praise.

"Hehe." Lil Ai seemed delighted.

Following Lil Ai's suggestion, Chu Kuangren retracted his Infernal Dragon energy and took out the bronze box that contained the Dragonslayer.

Within that instant, an overwhelming wave of ferocious qi spread everywhere.

The aura made all the dragons present shudder. Their faces turned pale as they fixed their gazes on the bronze box with an instinctive fear in their eyes.

They did not know what was inside that box.

However, they knew that whatever was kept inside posed a huge threat to them, like a monstrous beast that feasted on dragons!

"Roar! Roar..."

The dragon souls also began letting out low, uneasy roars the instant the bronze box appeared. Some even got enraged and began roaring continuously with intense fury.

"Buzz..."

The bronze box started trembling violently in Chu Kuangren's hand.

As if it had sensed the countless dragon souls, the Dragonslayer inside the box emitted an extremely bloodthirsty aura.

It seemed eager to rush out to have its fill of dragon blood!

"Boom!"

The bronze box opened.

Strands of blood-red aura permeated from the Dragonslayer, eventually forming a giant blood-colored dragon baring its fangs and spreading its wings.

That giant dragon was a manifestation of the hatred and rage qi of countless dragons.

Due to that, it possessed a tremendous restraining effect on all dragons.

The moment that rageful dragon appeared, the countless dragon souls frantically fled in all directions. Even the powerful dragon souls that were roaring earlier escaped.

Chu Kuangren, who was surrounded earlier as if he were the center of the universe, suddenly found himself standing alone in a desolate space.

The dragons looked at the giant blood-colored dragon from afar with fear and horror.

"It's... It's the Dragonslayer!"

Some of the dragons screamed and broke out in cold sweat.

The Dragonslayer was the scourge of all dragons.

It was a supreme divine weapon that once belonged to the Dragon Hunters. According to the Dragon Tribe's records, that weapon was described as a demon and was nothing short of the greatest nightmare for all dragons!

The Dragonslayer's appearance now terrified every dragon.

Some dragons could not help recalling their dark past of being hunted by the Dragon Hunters. Their faces turned pale as their knees suddenly buckled, and they slumped on the ground powerlessly.

"Chu Kuangren has the Dragonslayer!"

"Is he destined to be the Dragon Tribe's greatest calamity?"

Elder Dragon Ning and the others' expressions were grim.

With the Infernal Dragon's power, the Dragonslayer, and being an enemy of the Dragon Tribe, what could he possibly be if not the Dragon Tribe's greatest enemy?

Even a Monarch cultivator could not pose a threat as great as Chu Kuangren.

"Huh?" Chu Kuangren said as he furrowed his brow.

With the Dragonslayer out, many of the dragon souls were frightened of him, and they fled just as fast as they had rushed to him earlier.

Not a single soul could be found within a radius of a million kilometers around him.

There was only one exception.

It was a crimson dragon soul with the face of a human but the body of a snake. Its appearance was identical to the Infernal Dragon, but compared to the other dragon souls, it was just too small.

Even the other weakest dragon souls were at least a hundred meters long.

The Infernal Dragon before him was only the length of an arm, and compared to the other dragon souls, its size had made it invisible.

However, the tiny dragon soul remained in the Dragonslayer's presence when the other dragons fled in fear.

"Roar..."

As if it had sensed the tiny Infernal Dragon soul's presence, the rage-qi dragon apparition looked at it and let out a low, frightening roar.

That Infernal Dragon, too, was seemingly angered and let out a roar in retaliation.

Its roar was as loud as a thunderclap!

That tiny thing released an earth-shattering roar that was louder and clearer than any dragon soul, and its body began to expand rapidly.

Soon, it grew to several kilometers long.

The Dragonslayer trembled, releasing a massive burst of draconic rage.

That Infernal Dragon was also roaring. As both dragons faced off against each other, their terrifying auras erupted, causing the whole Dragon Soul World to quake violently.

"I found it! This is the source that's been drawing me here!" When Chu Kuangren saw the Infernal Dragon soul, the Infernal Dragon energy inside his body trembled.

He closed the bronze box and kept it inside his Enchanted Sleeve.

The gigantic bundle of draconic rage also dissipated following that.

Upon noticing the disappearance of the Dragonslayer, the Infernal Dragon's soul started to shrink and eventually returned to its arm-sized length.

Chu Kuangren dashed ahead in a flash, wanting to grab that Infernal Dragon's soul to study it. However, it disappeared in a flash, trying to escape.

"Want to leave, huh? That won't do, I'm afraid."

Chu Kuangren laughed as he chased after it.

"This is bad. We can't let him get that Infernal Dragon soul!" Elder Dragon Ning exclaimed.

Any dragon with a keen eye could tell that if it could stand up against the Dragonslayer, it was no ordinary dragon soul.

Chu Kuangren had devoured countless dragon souls already. If he were to obtain the Infernal Dragon soul, he would certainly pose a greater threat to the Dragon Tribe in the future.

Yinglong Wu, Heilong Ya, and the other dragons instantly unleashed a barrage of dragon cultivation techniques at Chu Kuangren.

"Get out of my way!"

Chu Kuangren snorted, and waves of domineering dragon auras erupted from his body. With a wave of his sleeve, the terrifying Infernal Dragon energy gushed into the surroundings.

In an instant, the various dragon cultivation techniques were all shattered.

Many dragons were sent flying with blood spurting out from their mouths.

"His strength..."

Elder Dragon Ning looked at Chu Kuangren with disbelief. His face was pale.

Meanwhile, the person who ranked twenty-two on the Grand Dao Leaderboard, Heilong Ya, who was beside him earlier, had been smashed into pieces. He was dead.

Besides Heilong Ya, that wave of Chu Kuangren's sleeve had killed more than half of the dragons who charged toward him. His overwhelming strength deeply shocked Elder Dragon Ning.

He was a Supreme Honorable cultivator.

However, after witnessing Chu Kuangren's strength, he was afraid. It was a bone-deep fear that sent shivers down his spine.

Chapter 2204: The Infernal Dragon Power Combines With the Infernal Dragon's Soul, The Dragon Soul World Collapses

In the Dragon Soul World, Chu Kuangren looked at the Infernal Dragon's soul and was determined to get it.

His instincts told him it was an Opportunity of Fortune no weaker than the Dragonslayer.

He leaped forward in a flash, traveling as fast as he could. Although he did not specialize in speed, he was still an all-rounded cultivator, and his speed greatly surpassed that of his peers.

"Dragon Soaring Heavens!"

"Whoosh!"

Chu Kuangren even used some sort of speed-enhancing dragon cultivation technique.

He channeled the dragon qi around him into a dragon apparition that boosted his speed.

The other dragons were puzzled as they watched it unfold.

"Isn't the Dragon Soaring Heavens an advanced technique of the Dragon Tribe? Why does he know how to use it? It also seems like he's very proficient at it."

"Damn it. This guy seems more familiar with the dragon cultivation techniques than us."

Chu Kuangren was too weird.

He held too many mysteries, making it hard for people to see through him.

Enhanced by the dragon cultivation technique, Chu Kuangren caught up with the Infernal Dragon soul in no time. As he reached his hand out, his dragon qi erupted, forming a giant dragon's hand.

"Now, come over here."

Just as Chu Kuangren's dragon hand was about to grab the Infernal Dragon soul, the dragon soul's eyes released a mysterious energy that carried an indifferentness but almightiness to it.

In just a split second, a peculiar energy field of a radius of several meters formed around that dragon soul.

Chu Kuangren's dragon hand stopped moving the moment it entered that energy field.

"This is..."

Chu Kuangren's gaze narrowed.

He was no stranger to spatial freezing techniques like that as he could do it with his spatial energy.

However, because he possessed the Void Sky Seal, he was very familiar with spatial techniques. That allowed him to instantly identify that the Infernal Dragon was not using a spatial technique.

Instead, it was using an even more mysterious energy.

It was...

"Time energy!"

That dragon soul did not freeze space but time itself!

After the dragon's soul halted time, it escaped from Chu Kuangren's dragon hand. Chu Kuangren unleashed his dragon qi again but was met with the same time-stopping technique.

As long as he got near it, the dragon soul would halt time and then escape.

"Ha! How interesting." Chu Kuangren chuckled.

According to legends, it would be day when the Infernal Dragon opened its eyes and night when it closed its eyes, thus making it the ruler of time.

'It looks like the legends are true.'

However, neither his nor Huang Jiulong's Infernal Dragon power contained any ability similar to that. It meant he had not fully mastered the Infernal Dragon's true power.

Now, that power had appeared on the Infernal Dragon's soul before him, and it made Chu Kuangren want it more.

"You might be able to control time, but I can control... the space itself!"

Seeing that the Infernal Dragon's soul was about to escape, Chu Kuangren's gaze narrowed, and he took out the Timespace Treasure. In an instant, the power of that item spread forward, sealing off the surrounding space and time.

The Infernal Dragon soul roared when it sensed a threat.

Its time energy spread forward, clashing against the Timespace Treasure's power.

"Your resistance is futile!"

That Infernal Dragon soul's power was incomplete.

Similar to the other dragon souls, it was only a remnant soul. Under the power of Chu Kuangren's Timespace Treasure, it was eventually suppressed.

"Roar!"

The Infernal Dragon's soul roared with fury. Its roar reverberated throughout the soul world.

It was trying to make a final struggle.

"If that's the case, I shall make you submit!"

Chu Kuangren rose into the air, releasing waves of Destiny Great Dao aura from his body. Soon, a white pair of gates appeared in the void.

It was the Destiny's Gate from the Great Destiny Technique!

Under the suppression of Destiny's Gate, the Infernal Dragon soul was suppressed.

"Hm?" Chu Kuangren hummed lightly.

He noticed that the power of Destiny's Gate could not affect the Infernal Dragon soul's destiny. One could only imagine how priceless and noble its destiny was.

Even for the ordinary Infernal Dragons, only a handful would possess such a level of destiny, and only one Infernal Dragon in the entire Infiniverse would possess such a highly noble destiny.

"It looks like it's really the Primal Infernal Dragon's remnant soul!" Chu Kuangren exclaimed with shock.

However, he wondered why the Primal Infernal Dragon would leave behind a remnant soul in the Dragon Soul World. Did that mean it was dead?

No. Beings like it were incredibly ancient and nearly immortal.

Chu Kuangren did not think any further.

Although his Destiny's Gate could not suppress the Primal Infernal Dragon soul, the power contained within it that stemmed from the destinies of all beings was immense. Hence, its suppressing power was unfathomable.

Moreover, the Timespace Treasure's power was weighing upon it too.

With the help of those two energies, the dragon soul was suppressed until it was immobilized.

Chu Kuangren immediately dashed forward and reached out to grab it.

The instant he made contact with the dragon soul, his Infernal Dragon energy reacted by erupting uncontrollably.

The Infernal Dragon's power and the Infernal Dragon's soul instantly merged.

With a whoosh, it returned inside Chu Kuangren's body.

"What..."

Chu Kuangren could sense the Infernal Dragon energy inside his body. It was deep in his Great Dao's sea of qi, currently undergoing some sort of evolution.

He could only know what changes it had undergone after the evolution process was complete.

"The Infernal Dragon soul has merged with the Infernal Dragon energy. And having devoured millions of dragon souls and obtained the Dragonslayer, I can say that this visit to the Dragon Tomb is finally complete."

Chu Kuangren let out a satisfied smile after thinking through what he had gained on the trip.

Suddenly, the Dragon Soul World started trembling.

Gigantic cracks began to appear in the void.

Many dragon souls flew into the cracks, leaving the Dragon Soul World. Many dragons who saw it could not help but panic.

"W-What is happening?"

"The Dragon Soul World is about to crumble. What happened?"

"It's him. It must be because of him."

The dragons looked at Chu Kuangren.

After all, he was the one who caused the greatest commotion in the Dragon Soul World. Since the dragons already had a grudge against him, it was no surprise that they all placed the blame on him.

"Hmph. What does it have to do with me?" Chu Kuangren snorted.

'So what if I absorbed a few dragon souls and killed a few dragons? Do I deserve to be blamed for everything just because of that?'

He wanted to know why the Dragon Soul World was starting to collapse too.

"Master, that Infernal Dragon soul is the core of this Dragon Soul World. Since you have taken the core, this Dragon Soul World will cease to exist soon." Lil Ai's voice sounded.

Chu Kuangren froze for a while after learning that. "Wait, is it really because of me?"

"Yup."

"Ahem, well... What's so special about a lousy Dragon Soul World anyway? Just let it collapse." Chu Kuangren cleared his throat and did not seem bothered by it.

Then, he dashed to Shang Honghua, Long Shuijing, and the others, saying, "The Dragon Soul World is about to disappear. Let's leave quickly."

Everyone was afraid to linger any longer, so they quickly left the place with Chu Kuangren.

The space within the Dragon Soul World began to collapse behind him, and giant cracks started spreading in the void like a spiderweb.

Soon, a terrifying spatial hurricane swept across the land, causing the ground to shake.

The hurricane silently wiped out some of the dragon souls.

As the Dragon Soul World crumbled, countless dragon souls flew out and scattered all over the Dragon Tombs.

The crumbling Dragon Soul World did not matter to the dragon souls as long as the Dragon Tombs still existed.

Instead of being in the Dragon Soul World, they would be in the Dragon Tombs.

"But without the Dragon Soul World's protection, these dragon souls will die much faster now," Chu Kuangren thought.

Nothing could last forever, and the same could be said for the dragon souls.

Previously, the Dragon Soul World possessed some sort of effect that could prolong the duration of the dragon souls before they dissipated into nothingness. With the Dragon Soul World gone, those dragon souls would perish much faster.

However, there were countless dragons in the Infiniverse. As long as the dragons did not go completely extinct, the number of dragon corpses and souls would only increase in the Dragon Tombs.

Chapter 2205: The Dragons Gather, As Long As I Can Fight by My King's Side, I Don't Care if I Die Fighting

In the Dragon Tombs, the star-filled space trembled.

As the Dragon Soul World collapsed, it caused a huge chain reaction, sending tremors all across the Dragon Tombs. A colorful burst of energy erupted in space, and the sounds of dragons roaring reverberated in the air.

Countless dragon souls were everywhere.

All the dragons were stunned.

"The Dragon Soul World... has collapsed!"

"W-What happened?"

"By the heavens, what the hell happened..."

Many dragons were confused.

Somewhere in the void, Chu Kuangren, Shang Honghua, and the others had exited the Dragon Soul World.

"Let's leave. This place has nothing worth exploring anymore." Chu Kuangren said calmly.

He had obtained the Dragon Slaying Saber and the Infernal Dragon soul. With the two greatest items of the Dragon Tombs now in his hands, the Dragon Tombs had nothing better to offer.

While he, Shang Honghua, and the others were about to leave the Dragon Tombs, everyone else was heading toward the Dragon Tombs's entrance.

Along the way, Chu Kuangren continued observing the merging of the Infernal Dragon energy with the Infernal Dragon's soul. Although he said he wanted to leave the Dragon Tombs, he was not in a hurry to do so.

It was because he knew that an even greater threat was waiting ahead.

After all, he had caused such a great commotion.

There was no way the Dragon Tribe would do nothing about it.

"How strange," said Shang Honghua with a frown. "We haven't seen any other dragons so far. Where have they all gone?"

The Dragon Tombs may be a massive location, but it was strange that they had not even encountered any dragons along the way so far.

"Well, it's not strange at all," Chu Kuangren said calmly.

"Could it be..." As if she had thought of something, Shang Honghua's eyes widened in realization.

The other Pan Gu Universe dragons' expressions also turned grim.

"There's no need to worry," Chu Kuangren comforted them.

Then, he took out a warship to transport everyone before entering one of the rooms on the warship and starting his closed-door meditation.

"Let's take our time. There's no need to hurry."

Everyone looked at each other when they heard what Chu Kuangren said.

"Jeez. I can't believe the Sect Leader is still in the mood to go into closed-door meditation, but should I say I'm not surprised?" Elder Dragon Huang said with a bitter smile.

He had anticipated the grave situation that everyone was in right now.

If everything proceeded as expected, they would be facing an extremely dangerous and even life-threatening situation soon.

However, the fact that Chu Kuangren could remain so calm impressed him very much.

"Has he always been like this?"

Hei Xuan looked at Shang Honghua and asked curiously. He could tell from the last few days that Shang Honghua was the closest to Chu Kuangren.

"You can always believe in our King," Shang Honghua said.

She had complete confidence in Chu Kuangren.

"How strange. Why are you addressing him as your King, yet the others are addressing him as Sect Leader? What is his identity actually?"

Hei Xuan scratched his head, a little confused.

"My King is my Sect Leader, and my Sect Leader is also my King. You don't have to care about this."

Shang Honghua addressed Chu Kuangren like so because he was the Human King of the Pan Gu Universe's Firmament Planet, and she had never stopped addressing him that way ever since.

She did not intend to change it either, and Hei Xuan ignored it.

Everyone continued steering the warship slowly toward the Dragon Tombs' entrance.

...

At the Dragon Tombs's entrance, countless dragons had gathered there.

Besides the three great tribes consisting of the Water Dragons, Elder Dragons, and Black Dragons, the other tribes such as the Five Elemental Dragons and Heavenly Rainbow Dragons were present too.

Countless dragons were blocking the entrance of the Dragon Tombs, each of them exuding a murderous aura. They were clearly the elite warriors of the Dragon Tribe.

Their expressions were stern and cold.

They were waiting for a person, the person who single-handedly turned the entire Dragon Tombs upside down, destroyed the Dragon Soul World, and caused the Dragon Tribe's reputation to go down the gutter.

Today, they gathered just to eradicate that man!

"How long has it been since the Dragon Soul World collapsed?" an Elder Dragon asked in a solemn voice.

That Elder Dragon was clad in black armor and exuded a terrifying draconic aura. His cultivation level was in the Grand Dao Supreme Honorable Realm.

He was no ordinary Supreme Honorable.

"It's been two years," said another dragon with a similarly terrifying aura standing beside him. He was a Black Dragon exuding a domineering aura of destruction.

"Two years... It's been two years since the Dragon Soul World collapsed. If Chu Kuangren wants to leave the Dragon Tombs, he should be appearing anytime soon."

"This is the only entrance to the Dragon Tombs. He'll surely have to pass through here if he wants to leave, but there's no way he can escape!"

"This time, six of the Dragon Tribe's Thirteen Warlords have been dispatched. I'm eager to see if he has what it takes to escape from us!"

The Dragon Tribe's Thirteen Warlords were the most powerful cultivators below the Monarchs of the Dragon Tribe. They were only recruited based on their strength and not the purity of their bloodline. Each of them was assigned an army to lead.

They were the ones that formed the Dragon Tribe's main force in foreign conquests.

Each of them possessed incredible power. Ordinary Grand Dao Supreme Honorables were nothing before the likes of them.

As seconds and minutes went by, another year soon passed.

However, none of the dragons present were getting impatient. Having been through countless battles, those warriors had enough patience to wait for their enemy.

Their intense murderous intent and hatred toward Chu Kuangren had only strengthened their resolve. They were willing to wait for thousands or even tens of thousands of years!

The moment Chu Kuangren appeared, they would kill him on the spot!

Just then, Elder Dragon Qianshan of the Thirteen Dragon Tribe Warlords suddenly opened his eyes.

"He's here!"

A warship was slowly approaching from the far reaches of space.

Every dragon soldier and cultivator narrowed their eyes.

An overwhelming draconic aura filled with dense murderous qi burst forward.

Onboard the warship, Elder Dragon Huang, Shang Honghua, and the others could not help but gulp in fear.

Although they had anticipated something like that would happen, they were shocked to see the Dragon Tribe armies that filled the surrounding space.

"Wait, this is simply too much."

"Has every Hongmeng dragon in the universe gathered here?"

"By the heavens, can we escape from this alive?"

Some Pan Gu Universe dragons were so frightened by the terrifying draconic qi that they fell to the ground, looking horrified.

Even a Grand Dao Supreme God like Hei Xuan's mouth twitched, and his body began to shudder uncontrollably. "It looks like it's all over for us now."

"No wonder we didn't even see anyone on the way here. It's because they've all gathered here, and it looks like we're in huge trouble now." Elder Dragon Huang bitterly smiled.

Beside him, Long Shuijing began channeling her draconic qi, preparing to fight to her death.

Shang Honghua held her dragon spear so tightly that veins began to bulge on the fair skin of her arms.

Although she was also shocked by the scene before her, she had yet to lose her courage to fight.

"As long as I can fight by my King's side, I don't care if I die fighting!" Shang Honghua mumbled.

"Well, Honghua, I certainly wouldn't let you fall in battle."

A chuckle sounded in her ear.

A white-robed figure had appeared next to her out of nowhere.

It was Chu Kuangren.

He then took the lead and stood in front of everyone. As he took a step forward, his radiated with Immortal Sparks while his domineering Grand Dao aura surged like a mighty torrent of energy, pouring forward mercilessly!

The visit to the Dragon Tombs had allowed him to increase his cultivation level to the Grand Dao Supreme God Realm, skipping the Supreme Spirit Realm in the process.

However, judging by his aura, even the Supreme Honorables could no longer compare to him, let alone the Supreme Gods.

His overwhelming aura spread from him as the center and collided with the countless draconic auras in space, causing the surroundings to quake!

"Well, what a pleasant surprise. I didn't expect such hospitality from the Dragon Tribe. I must say, I rather like this grand farewell ceremony they have prepared for me," Chu Kuangren said as he stood with both hands behind his back, and his gentle voice echoed in space.

Unparalleled After Ten Consecutive Draws

Chapter 2206: Six Warlords Attack, A Clash between Dragon Tribe Cultivation Techniques

Did Chu Kuangren say he liked the farewell ceremony?

The dragons were infuriated upon hearing Chu Kuangren.

They had gathered not to send Chu Kuangren off but to kill him, yet he did not seem concerned by the overwhelming numbers.

It was no doubt that they would be infuriated.

"Chu Kuangren, you speak with such eloquence and confidence, but no matter what you say, today will be the day you die!" a Dragon Tribe Warlord bellowed coldly.

Then, a terrifying draconic aura erupted from behind him.

Chu Kuangren remained calm and released his own aura to counter the draconic aura.

He single-handedly stood against all the dragons, yet he managed to hold up against the pressure.

His almighty demeanor left Shang Honghua, Long Shuijing, and the others in awe.

"Cut the chatters. Kill him!" a Black Dragon Warlord said coldly.

After that, the Dragon Tribe's soldiers charged forward with overwhelming rage qi.

"Kill him!"

"Whoever kills him will do the Dragon Tribe a great deed!"

The raging dragon qi converged into a massive energy stream.

All kinds of Dragon Tribe cultivation techniques were cast astonishingly.

Chu Kuangren waved his sleeve, keeping Shang Honghua and the others safe in the Enchanted Sleeve. Then, he looked at the incoming energy stream and pushed his palms forward.

"Kaboom!"

A terrifying Great Dao energy gushed forward, crushing even the void.

The Dragon Tribe cultivation techniques were useless against Chu Kuangren as they were all dusted in seconds.

"So, is this all there is to your wrath?" Chu Kuangren said calmly, but to the dragons, he was insulting them.

"Fine. Take this one slash from me!" Chu Kuangren pointed his sword hand sign forward. Sword qi gathered at his fingertips, distorting the void around it.

It was the Void Sky Slash!

The sword qi burst through the sky, tearing the void apart. All the dragons in its way were instantly killed.

"Damn it! Dragon King Claw, Yin Yang Slasher!"

The Elder Dragon Warlord attacked.

His cultivation surpassed a common Supreme Honorable. As the claw was dished out, vast dragon qi shook the realm. A massive golden claw was hurled at Chu Kuangren.

"Oh? A Dragon Tribe cultivation technique? Great, I know it as well."

"Bang!"

An indescribable dragon qi erupted from Chu Kuangren.

All the dragons at the scene shuddered as if they were facing a supreme dragon.

Then, Chu Kuangren curled his fingers and dished out the same claw attack.

The massive dragon qi he released transformed into a dragon claw as well.

It was the same attack that the Elder Dragon Warlord used.

"Dragon King Claw, Yin Yang Slasher!" Chu Kuangren bellowed.

The two massive claws clashed in the air. As expected, Chu Kuangren easily overpowered the Elder Dragon Warlord and blasted him away.

The Elder Dragon Warlord could not believe it. "What? How can his insights into the Dragon King Claw surpass mine?"

Little did he know that Chu Kuangren devoured the inheritance of tens of thousands of dragon souls, including several Monarch dragon souls. Chu Kuangren was already a powerful cultivator of the Dragon Tribe.

Even a Monarch dragon might not surpass him in the mastery of the cultivation technique, let alone a mere Grand Dao Supreme Honorable.

"Kill him!"

The other Black Dragon Warlord attacked.

He channeled destructive dragon qi in his hand, and the Destruction Dao in him trembled violently. It formed a vicious dragon shadow in the void.

"Black Dragon Devour!"

A boundless aura erupted from the dragon shadow, leaving a trail of destruction in its way.

Chu Kuangren channeled the Infernal Dragon energy in him and used the same attack.

"Black Dragon Devour!"

A stronger dragon shadow appeared and attacked with a fiercer aura. Its roar was so strong that it could shatter the realm and devour everything.

"Bang!"

When the two dragon shadows clashed, a series of explosions erupted in the surrounding planets.

The Black Dragon Warlord was blasted away by the explosion.

"Hmph! How can you overpower us in terms of Dragon Tribe cultivation technique? I don't believe it!"

Another Heavenly Rainbow Dragon Warlord bellowed and roared at Chu Kuangren.

Colorful light appeared around him. Flames burned, plants sprouted, a metallic aura appeared, water flooded, and mountains grew around him.

All kinds of conjurations appeared.

The energy presence of the five elements appeared and surrounded him. Yin and Yang energy were also present.

It was the ultimate attack of the Heavenly Rainbow Dragon Tribe, Rainbow Universe.

The Heavenly Rainbow Dragon Warlord raised his hands high as he roared.

Colorful dragon qi crashed down from the sky and attempted to overpower Chu Kuangren. It was so powerful that even the void around him was crushed.

Chu Kuangren remained calm at the intimidating scene. He raised his hand, and a colorful light appeared.

"Rainbow Universe!"

He used the same attack as well.

As the Five Elemental energy converged and intertwined with Yin and Yang, a stronger Rainbow Universe was unleashed.

"Kaboom!"

Following an earth-shattering explosion, the void around the area shattered, and the stray Five Elemental qi and Yin Yang energy scattered in all directions.

It felt like the world was reverting to its chaotic state.

Then, someone was blasted away from the colorful blinding light.

It was the Heavenly Rainbow Dragon Warlord!

All the other dragons were stunned.

How? How did Chu Kuangren master all the cultivation techniques?

He knew the Elder Dragon cultivation technique, the Black Dragon cultivation technique, and even the rarest Heavenly Rainbow Dragon cultivation technique.

Chu Kuangren seemed to have studied the entire Dragon Tribe.

"Together!" said the Heavenly Rainbow Dragon Warlord as he wiped the blood off his lips.

All six Dragon Tribe Warlords attacked together with their respective powerful Dragon Tribe cultivation techniques.

"Yinlong Divine Slash!"

A Water Dragon Warlord slashed with his spear, unleashing domineering power that crushed ten planets in its way.

Again, Chu Kuangren used his sword hand sign to shoot an endless and sharp qi forward.

The raging dragon qi was unstoppable.

"Water Dragon Divine Slash!"

"Kaboom!"

The moment the two energy rays clashed, the spear that the Water Dragon Warlord wielded trembled violently. Even his hands and the bones all over his body shook to the verge of exploding.

"Dragon Scorch Realm!"

The Fire Dragon Warlord roared and unleashed his dragon breath.

"Heavenly Dragon Blood!"

Chu Kuangren simply raised his hand, summoning a vast dragon qi and murderous qi that negated the dragon breath.

The impact hit the Fire Dragon Warlord in the head, and he cried in pain before his head exploded.

"Dragon King Claw, Realm Breaker!"

"Rainbow Universe!"

"Black Dragon Yin Yang Strike!"

The Dragon Warlords attacked together by furiously channeling their dragon qi and Great Dao energy to their respective limits.

Meanwhile, Chu Kuangren stood in the air with his hands behind his back. The Infernal Dragon energy swirled as his eyes glowed in dark gold.

"Dragon God War Worlds!"

Then, the vast dragon qi gushed into the sky, forming a massive golden dragon shadow that was ten thousand meters in length. A rampant battle intent erupted.

The golden dragon shadow released a thunderous roar, shaking even the planets, before lunging forward and engaging the Dragon Warlords.

A powerful explosion erupted upon collision, and its energy wave scattered in all directions.

The six Dragon Warlords were blasted away with blood gushing from their mouths.

They stared at the epicenter in disbelief.

"Dragon God War Worlds? How does he know the secret technique of the Dragon Tribe?"

Unparalleled After Ten Consecutive Draws

Chapter 2207: As Easy As Breathing, Kill Heavenly Rainbow Dragon Warlords, Myriad Dragon Grand Formation

There were countless cultivation techniques within the Dragon Tribe.

A number of secret cultivation techniques were deemed the most powerful and terrifying, and only less than a handful of dragons could learn and master them.

The Dragon God War Worlds was one of them.

It was a Hongmeng-level cultivation technique.

"He has an unimaginable understanding of the Dragon Tribe cultivation technique. We must remove him now, or he will become a massive threat to our tribe!"

"Indeed."

The Dragon Warlords feared Chu Kuangren.

It was unbelievable that a human had mastered higher-level Dragon Tribe cultivation techniques than them and could use all the techniques skillfully.

If he were allowed to live, it would definitely threaten the Dragon Tribe.

"The blast is huge. I believe even he..."

The Elder Dragon Warlord thought that even Chu Kuangren would be hurt by the powerful blast, but before he could finish his sentence, his eyes widened in shock.

When the dust storm settled, a figure enveloped in endless Immortal Sparks appeared.

The figure was surrounded by boundless dragon qi and an unmatched aura.

The dragon qi even had mystical patterns in them.

It was Chu Kuangren, and he did not look hurt.

He remained calm, and his white robes remained as white as snow. There was not even a drop of blood on it. On the other hand, the Dragon Warlords were badly hurt and covered in dirt and blood.

"How is this possible?" the Elder Dragon Warlord cried in disbelief.

The others could not believe it either.

All of them were no common Grand Dao Supreme Honorable, yet even with their powers combined, they could not lay a scratch on Chu Kuangren, a Grand Dao Supreme God.

It was unbelievable.

"How impossible could it be?" Chu Kuangren chuckled.

He looked at the Dragon Warlords with a deep and calm gaze. His eyes glowed in dark gold that instilled fear in people's hearts.

"The Dragon Mark Armor?"

The Water Dragon Warlord noticed the patterns in Chu Kuangren's dragon qi and was shocked by his discovery. It was another secret yet powerful Dragon Tribe technique.

The technique was so secretive that even they did not have the chance to learn it.

"Chu Kuangren, how did you learn all these secret techniques?" the Heavenly Rainbow Dragon Warlord asked.

There was envy in his eyes.

As the Dragon Warlord, he had been cultivating for many years, yet the number of techniques he mastered was not as many or as skillful as Chu Kuangren, a human.

He did not know any secret technique that Chu Kuangren had just displayed.

How could he not be jealous?

"Secret technique? Do you call these secret techniques? It's as easy as breathing," Chu Kuangren said with a smile.

The Heavenly Rainbow Dragon Warlord was stunned. All the other dragons, too, were infuriated by Chu Kuangren's frivolous provocation.

As easy as breathing?

What did he think the Dragon Tribe cultivation techniques were?

Infuriated, the Heavenly Rainbow Dragon Warlord jumped forward in a flash and unleashed his dragon qi at Chu Kuangren.

The other Dragon Warlords resumed their attacks.

Standing in the air, Chu Kuangren channeled the Infernal Dragon energy to the limit and cast another secret technique of the Dragon Tribe.

"Absolute Thousand Dragon Roar!"

The dragon qi in him gushed forward like a tidal wave, transforming into smaller dragon-shaped energies that blanketed the area together with his Great Dao energy fluctuation.

Dragon roars echoed across the realm.

The six Dragon Warlords were blasted away again, with blood gushing out of their mouths.

The Heavenly Rainbow Dragon Warlord was severely injured and on the verge of dying.

The attack easily overpowered all six of the Dragon Warlords.

Chu Kuangren's power had grown so powerful that he would leave the world trembling.

Countless dragons were in shock.

Countless Dragon Tribes looked at Chu Kuangren, who had stronger dragon qi and better mastery of Dragon Tribe cultivation techniques, as if he was the supreme dragon ruler of some kind.

Their hearts were pounding.

"Swoosh."

Chu Kuangren appeared above the Heavenly Rainbow Dragon Warlord and delivered a punch. He crushed the Dragon Warlord's head in front of the other dragons.

"Heavenly Rainbow Dragon Warlord!"

"Damn it!"

The other Dragon Warlords were fuming, but there was nothing they could do about it.

Chu Kuangren's absolute power struck fear in them.

"How's the Myriad Dragon Grand Formation going?" Elder Dragon Warlord shouted.

A dozen Grand Dao dragon cultivators led the other dragons to prepare the massive formation in the sky, and it began to take shape.

"It's done!" shouted another dragon.

The moment the formation was completed, the void trembled, and a formless energy barrier expanded.

Chu Kuangren was trapped within, with endless rampant dragon qi surrounding him.

He could see the dragon qi intertwining and growing stronger when connected to the formation.

Tens of thousands of dragon shadows surrounded Chu Kuangren completely, pressuring him whole.

The other Dragon Warlords immediately surrounded him while the rest of the dragons prepared the formation to kill him.

"So, is this your trump card?" Chu Kuangren showed no fear in facing the massive formation.

He looked relaxed and casual from the beginning.

"Chu Kuangren, this is the Dragon Tribes' strongest formation. Tens of thousands of us prepared this formation just to kill you. You have no escape now!" the Elder Dragon Warlord said coldly.

Then, he dragged his injured body backward and merged into the formation.

The other Dragon Warlords did the same.

With the addition of the Dragon Warlords, the formation's power surged. The dragon aura grew so rampant that it started to disrupt the void.

A massive void domain was formed.

Chu Kuangren became the only one in the realm facing the powerful formation.

Tens of thousands of massive dragon shadows appeared before him, making him look as tiny as a speck of dust in the universe.

"The Infernal Dragon energy and the dragon souls' fusion are at their final stage," Chu Kuangren thought as he scanned his body's condition.

In the past three years, other than spending time cultivating the Dragon Tribe's cultivation technique, he had been observing the fusion of the Infernal Dragon energy and the dragon souls.

He realized that the more dragon qi he used, the faster the fusion. It was the reason why he had been using dragon qi to fight his enemies.

"How dare you look elsewhere before the Myriad Dragon Grand Formation? You are too arrogant, Chu Kuangren!" the Elder Dragon Warlord roared.

Then, the formation started to move.

Terrifying dragon qi in the shape of a dragon lunged toward Chu Kuangren to crush him.

The domineering aura was powerful and terrifying.

Chu Kuangren punched forward without stepping away, unleashing another terrifying surge of dragon qi.

When the two energies clashed, Chu Kuangren was blasted several hundred meters away.

It was his first time being pushed back.

The Elder Dragon Warlord and the others were delighted.

"Hahaha! Chu Kuangren, you're not invincible after all!"

Then, they channeled their energies into the formation again.

Countless dragon-shaped dragon qi flew around the void and attacked Chu Kuangren relentlessly.

"Absolute Thousand Dragon Roar!"

Chu Kuangren utilized the dragon qi in him again. Countless dragon shadows emerged from his body and scattered in all directions.

However, after the second clash, Chu Kuangren fell into a disadvantageous position.

The power of tens of thousands of dragons was terrifying.

"Chu Kuangren, die!" the Elder Dragon Warlord roared.

The countless dragon qi then converged into a massive Elder Dragon Shadow.

"There are many people who want to kill me, but can you guys do it?" Chu Kuangren said.

Then, he scattered his dragon qi away, which the dragons found surprising.

Unparalleled After Ten Consecutive Draws

Chapter 2208: The Black Dragon King Arrives, Provocation, You Have Underestimated Me

Chu Kuangren dispersed his dragon qi while trapped in the Myriad Dragon Grand Formation, which shocked the dragons.

However, they were not overly bothered by it.

"Have you decided to surrender because you know you're doing down?"

"Hahaha! Chu Kuangren, you're nothing!"

"Kill him!"

Tens of thousands of dragons converged their dragon qi into a massive Elder Dragon Shadow that was tens of thousands of meters in length. It lunged at Chu Kuangren, attempting to devour him whole.

The combined strike of tens of thousands of dragons was beyond terrifying.

The Elder Dragon Shadow left a trail of disruption in its wake, wreaking havoc across the realm. The heaven shook, the earth shattered, and all things returned to nothingness.

It was the ultimate attack.

Chu Kuangren was tiny before the massive attack, smaller than a speck of dust. It felt like he could disappear with just the slightest breath from the Elder Dragon Shadow.

"This sword shall break your formation!" Chu Kuangren bellowed. His voice was as loud as thunder, sending powerful sound waves that caused several explosions across the realm.

Then, billions of Immortal Spark erupted from his body. Despite being the size of a speck of dust, he became so bright that he could turn the night into day.

A boundless surge of sharp qi flooded the entire Myriad Dragon Grand Formation, and the destructive aura locked onto every dragon in the formation.

"Buzz!"

A crisp buzzing of the sword echoed across the air.

Chu Kuangren had the Descendant Self Sword in his hand, and an endless sword ray shot out as the blade buzzed. The buzz grew louder and faster as if the sword itself was thrilled.

"Sword Twenty-three!"

With the sword in his hand, Chu Kuangren's Great Dao rumbled as he swung the sword at the massive Elder Dragon Shadow, performing a destructive slash.

The slash was created solely for killing and slaughter.

It was the ultimate supreme technique of the Human Sanctuary, the Divine Sword Palace.

Jue Jian had used that attack on him in Myriad Arms City back then, but he managed to mitigate it because the Sword Twenty-three Jue Jian used was incomplete.

In fact, it was just child's play.

However, Chu Kuangren had grasped the essence of the Sword Twenty-three he used on the Dragon Tribe, and its power was countless times stronger than Jue Jian's.

That one slash unleashed billions of sword qi forward.

The sword qi converged in the void and formed a massive sword shadow almost a million meters long. Its terrifying and destructive sword intent flooded the realm as if it were going to destroy everything.

When the sword shadow and dragon shadow clashed, it triggered an earth-shattering explosion.

Even the Yin and Yang energy were affected. With the physical law of the world disrupted it felt like reality was reverting to chaos.

The void shattered the moment the dragon qi and sword qi clashed. As the stray qi scattered outward, it hit the massive Myriad Dragon Grand Formation.

The powerful impact made the dragons lose control of the formation, and they suffered repercussions.

Even though the repercussion was shared among tens of thousands of dragons, the weaker ones could not hold on and burst into clouds of blood mist.

The Dragon Warlords sustained most of the damage. Other than the Elder Dragon Warlord and the Black Dragon Warlord, the others died instantly.

"What sword technique is this?"

The Black Dragon Warlord looked at the violent energy storm in fear.

"Swoosh!"

Another surge of sword qi was fired from the center of the energy storm, and it was locked onto the Black Dragon Warlord.

"Damn it!"

The Black Dragon Warlord tried to put on an effective defense, but with his current condition, he lost half his body to the sword qi.

Then, a figure slowly emerged from the raging energy streams. It was Chu Kuangren.

The massive explosion had messed up his aura, so he was injured. However, it was not serious.

The Descendant Self Sword was in his hand, and his eyes were glowing in dark gold.

As he strutted forward, he resembled a God of Slaughter who ruled the world through murder.

The remaining dragons were horrified.

More than half of the dragons behind the Myriad Dragon Grand Formation were dead, including most of the Dragon Warlords.

Chu Kuangren, on the other hand, was alive and kicking.

The dragons were devastated by the outcome, and fear replaced their hatred for him.

"Monster..."

"Can anyone beat him?"

"He's the Dragon Tribe's calamity. He's the bane of us all!"

The Elder Dragon Warlord looked at Chu Kuangren in fear. "How can such a monster exist in this world?"

Chu Kuangren reminded him of the Dragon Hunters.

The Dragon Hunters were the cause of the dark age for the Dragon Tribe, and Chu Kuangren was about to do it again.

"Die!"

Chu Kuangren could feel that the fusion between the Infernal Dragon energy and the dragon soul was complete, and his newly gained power was about to explode.

He did not have the time to mess around with the rest of the dragons.

He had to find a quiet place to study his newly gained power.

However, before he could deliver the killing blow to the Elder Dragon Warlord, a massive dragon claw appeared outside the Dragon Tombs and was aimed at Chu Kuangren.

"That's..." Chu Kuangren narrowed his eyes and immediately switched his target.

When the sword ray from his sword clashed with the unknown dragon claw, the powerful dragon claw crushed the sword ray and blasted Chu Kuangren away.

"Master, it's a Monarch," Lil Ai seriously said in his mind.

"Hmph. I suppose only a Monarch has such power."

Chu Kuangren felt a tightness in his chest that made him feel like coughing up blood.

The attack from a Monarch should not be underestimated.

He looked at the entrance of the Dragon Tombs and saw a massive Black Dragon's head entering. The domineering and destructive aura immediately blanketed half of the place.

A real Monarch had arrived, not the Monarch dragon souls of the Dragon Soul World.

"Black Dragon King..." Chu Kuangren muttered.

Based on his knowledge, other than the Elder Dragon King, the Hongmeng Dragon Tribe had another Monarch, which would be the Black Dragon King.

As for whether there were other hidden Monarchs, the world had no idea, but Chu Kuangren's gut told him that there were more.

However, it was not a question for him to find out at that moment. He had to come up with a way to deal with the Black Dragon King first.

"Defeating tens of thousands of dragons yourself... Chu Kuangren, you are indeed powerful. No wonder the Tempest King thinks highly of you," the Black Dragon King said.

Immortal Sparks shone on his body, and he transformed into his human form.

His human form was a tall, middle-aged man in black robes with black dragon horns, and he exuded a powerful destructive aura.

"So, are you the Black Dragon King that the Tempest King defeated?" Chu Kuangren asked.

His words silenced the entire Dragon Tombs.

All the dragons looked at Chu Kuangren and gasped in shock. Then, they looked at the Black Dragon King in fear.

Everyone knew that the name, Tempest King, was taboo in the Dragon Tribe, especially in the Black Dragon Tribe as it had been a thorn in the Black Dragon King's pride.

Whoever mentioned the name would be killed.

Chu Kuangren may not have cursed the Black Dragon King, but to rub salt into the Black Dragon King's old wound was hurtful and insulting to the Black Dragon King.

He was deliberately provoking the Black Dragon King.

"Chu Kuangren, I thought of giving you a quick death, but now I will crush every bone in your body piece by piece, strip every muscle off your bones, and burn your soul with my dragon breath for ten thousand years!" the Black Dragon King said coldly.

The realm suddenly turned cold, and even the rest of the dragons shivered.

Only Chu Kuangren remained calm. "Do you have what it takes to do that?"

"Hahaha! Chu Kuangren, look around. This is the Dragon Tombs. No Monarch can come in unless they're a dragon. The Tempest King, Devil King, and the Radiant Goddess won't be able to save you." The Black Dragon King laughed hysterically.

"You're wrong about that."

Chu Kuangren looked at the Black Dragon King and said, "I've never needed anyone to save me, and you have severely underestimated me."

Unparalleled After Ten Consecutive Draws

Chapter 2209: Transform Primal Infernal Dragon, Devil King's Delight

"You've severely underestimated me," Chu Kuangren said.

Then, an explosive energy erupted from his body, and it was a powerful suction force.

The spiritual qi across a billion kilometers were sucked into his body.

The power of the stars and even the dragon corpses were transformed into red light particles that were sucked into his body.

"The power to devour all things and all life in existence... This is the Heaven-devouring Technique!"

The Black Dragon King's eyes widened.

He knew that particular technique better than anyone because it was a technique created by the Tempest King.

Back then, it was with that cultivation technique that the Tempest King defeated him and almost killed him.

Seeing Chu Kuangren using the Heaven-devouring Technique now reminded the Black Dragon King of the insult.

His gaze grew vicious.

"Chu Kuangren, you're not the Tempest King. You may be able to use the Heaven-devouring Technique, but how strong can you get?" the Black Dragon King shouted.

He raised his palm, and the Destruction Dao's Daoist law energy gushed forward. The powerful energy destroyed the void with ease.

With the Heaven-devouring Technique, Chu Kuangren's power skyrocketed, and he used the Descendant Self Sword to cast Sword Twenty-three!

"Kaboom!"

When the destructive sword qi clashed with the destructive dragon qi, the stray sword qi scattered and tore the space apart.

The dragon qi wreaked havoc across every direction.

A sliver of Daoist law energy made it through and struck Chu Kuangren, blasting him across a dozen planets.

...

Meanwhile, in a grand palace at the Devil Territory, the Devil King, in her glamorous black dress, leaned on her throne lazily. She had a glass of bloody red wine in her hand, and her eyes were half closed and slightly out of focus.

Beside her were several succubuses, including the Succubus Archduke.

Even as a Pseudo-Monarch, she lowered herself to serve the Devil King as a most loyal and obedient maid.

"Huh?"

Suddenly, the Devil King sensed something. A cold glint flashed in her right eye, and her aura spread outward.

The few succubuses were frightened.

Fortunately, it lasted only for a second, or the succubuses would have passed out.

"I wonder what caused the displeasure, my King?" the Succubus Archduke asked.

"It's Chu Kuangren. He's in danger. A stupid little Monarch is giving him trouble," the Devil King said calmly.

"Monarch? Who could it be?"

"He's in a strange place, a strange space artificially created. The aura belongs to... It's the Dragon Tombs!"

"So it's the Dragon Tribe." The Succubus Archduke pondered.

"It's them. It seems like they've ignored my advice," the Devil King said with a contemptuous sneer.

"Based on my knowledge, only dragons can enter the Dragon Tombs. If not, not even a Monarch could enter," the Succubus Archduke replied.

"Indeed. The place was created by the Primal Infernal Dragon, so trying to get in there will be a little troublesome," the Devil King said.

'A little troublesome?'

The Succubus Archduke was stunned by what she said, and her reverence for the Devil King increased.

"My King, are you going to save Chu Kuangren?"

"No rush in that."

The Devil King swirled the glass of wine in her hand and chuckled. "With my eye on him, even if his soul separates and his body disintegrates, I can save him. I'm more interested in what he can do against a Monarch. Besides..."

She grinned. "I like to see the little one suffer a little."

She liked Chu Kuangren a lot, but she did not want to be overprotective. She needed a brave warrior on her side — a powerful man who could fight by her side, not a weakling who needed her protection at all times.

...

Back in the Dragon Tombs, the Monarch's strike blasted Chu Kuangren away.

The Black Dragon King scoffed and said, "I've told you. You're not the Tempest King. Even if you used the Heaven-Devouring Technique, you're no match for a Monarch!"

Chu Kuangren emerged from the dust storm and tapped the dirt off his chest.

Even though he was hit, he was barely injured.

"As I said, you've severely underestimated me."

"Punk, I'd like to see how many attacks you can take!"

The Black Dragon King grunted and punched his fist forward again.

Domineering Great Dao and Daoist law energies intertwined and transformed into a dragon qi-infused fist energy. It was blasted at Chu Kuangren, destroying everything in its way.

While facing the incoming attack, the dark golden glow in Chu Kuangren's eyes grew stronger.

Then, dragon qi started to emanate from his body.

The new power he gained from fusing the Infernal Dragon energy and the dragon souls was getting out of control.

"Since I can't hold it back anymore, I'll let it out."

Chu Kuangren no longer held the energy back.

Instantly, the Infernal Dragon energy erupted and surrounded him.

Red dragon scales started to appear on his skin, and dragon bones formed a white mask on his face.

The mask covered most of his face, and on it were strange and mysterious golden patterns.

The patterns were symmetrical on both sides and converged at his eyes, which had turned completely golden.

"Kaboom!"

The moment the Infernal Dragon Mask was completed, a terrifying dragon qi, together with crimson flames, erupted, dissolving the Black Dragon King's attack.

Endless flames burned.

At last, the crimson flames engulfed Chu Kuangren and combined the dragon scale patterns on his body to create a suit of armor.

"That's..."

The Black Dragon King's eyes widened in fear when he saw the mask, the armor, and the patterns on it. He felt very uneasy.

It was like a smaller animal facing a bigger and fiercer predator.

"Infernal Dragon!"

The Black Dragon King was shocked upon recognizing the aura.

When he saw the mask on Chu Kuangren's face, it reminded him of the Primal Infernal Dragon that was recorded in the Dragon Tribe's archives.

The Infernal Dragon had the body of a snake and the face that resembled a man.

Different Infernal Dragons had different faces.

The bony mask on Chu Kuangren resembled the face of the Primal Infernal Dragon stated in the records.

"How? He's a human. How can he transform into the Primal Infernal Dragon? What's going on?"

The Black Dragon King was stunned because what he was witnessing now had surpassed his wildest imagination.

Meanwhile, in a palace at the Devil Territory, the glass of wine fell off the Devil King's shaking hand. It seemed like she was shocked.

"Hahaha! Hahaha!"

She laughed delightfully. "Interesting! He is really interesting! Primal Infernal Dragon, I was wondering why you'd create the Dragon Tombs for no reason, but now I see..."

"Chu Kuangren, you are really interesting."

Unparalleled After Ten Consecutive Draws

Chapter 2210: Dragon Tombs' Blessing, Infernal Dragon's Eye, Fight Black Dragon King

Chu Kuangren stopped holding back his newly gained Infernal Dragon power.

In a split second, the Infernal Dragon energy engulfed him, creating dragon scales and a bony mask on him. The Infernal Dragon also flame ignited him like a human torch.

As a terrifying dragon aura erupted, the entire realm shook.

The terrifying aura frightened all the other dragons in the area.

It felt as if they were facing the oldest dragon of the Dragon Tribe.

Even the Black Dragon King could not contain his fear, not because of how powerful Chu Kuangren had become, but because it was the instinctual reaction caused by the suppression in his bloodline.

"I don't care how you got this power, but hand it over now!" the Black Dragon King growled coldly.

He suppressed the fear in him and attacked Chu Kuangren.

The attack, which contained his vast Daoist law energy and domineering dragon qi, far exceeded the level of a Grand Dao Supreme Honorable. In fact, it was already at the level of a Monarch.

Chu Kuangren responded with a strange glare in his dark golden eyes. A domineering aura erupted as he bellowed, "Freeze!"

Suddenly, the void was frozen by a powerful energy.

Everything in the realm was stopped, including the Black Dragon King's attack. It could not move an inch further, and the Daoist law energy on it slowly faded.

"Is that time energy?"

The Black Dragon King looked into Chu Kuangren's dark golden eyes and felt nothing but fear. Inside Chu Kuangren's eyes contained the unique time energy of the Infernal Dragon.

It was the Infernal Dragon Eye!

"Even if you do possess time energy, I refuse to believe that you're powerful enough to fight a Monarch!" the Black Dragon King said coldly as his Monarch aura erupted.

After all, no matter how powerful or capable Chu Kuangren was, he was still a Grand Dao cultivator. His capabilities were limited to that specific realm, and it gave the Black Dragon King confidence to believe Chu Kuangren was no match for him.

"Is that so?" Chu Kuangren said softly.

He narrowed his eyes, and endless dragon qi, as vast as the sea, gathered upon him.

"Heaven-devouring Technique?"

Now, the Black Dragon King was slightly startled. "No, this isn't the Tempest King's Heaven-devouring Technique. You're using the Infernal Dragon energy to control the dragon qi of this place!"

"The Dragon Tombs was created by the Primal Infernal Dragon, so it's no surprise that I can control the dragon qi in this place." Chu Kuangren's power continued to surge.

"What are you to the Primal Infernal Dragon?" the Black Dragon King asked, his expression grim.

"You don't have to know about that."

Chu Kuangren took a step forward and appeared before the Black Dragon King. As he punched forward, boundless dragon qi gathered on his fist.

Refusing to back down, the Black Dragon King decided to counter with his Great Dao Daoist law energy.

It was a Monarch's Daoist law energy versus the dragon qi of the Dragon Tombs.

When the two different energies clashed, the blast and the blinding light from the collision shocked all the other dragons.

They did not expect a human to have mastery over the Infernal Dragon energy and rival a Monarch, the Black Dragon King, to that extent.

After the extreme collision, Chu Kuangren was pushed back, and so was the Black Dragon King.

Neither of them got the upper hand.

"Black Dragon Heaven Scar!"

The Black Dragon King grabbed the void with his claw.

"Buzz!"

The claw tore five massive cracks in the void with Destruction Daoist law energy as it reached forward at Chu Kuangren.

"Freeze!"

Chu Kuangren's eyes glimmered.

He had used the Infernal Dragon energy again to control time and freeze the attack, but this time, the attack was much more terrifying than before.

It also consumed more energy to mitigate the attack than before.

The moment Chu Kuangren stopped the Black Dragon King's attack, the Infernal Dragon Flame burst out in his hands, and he hurled it forward.

The Infernal Dragon Flame instantly burned off the five cracks in the void.

"It's very energy-consuming just to freeze a Monarch's attack with the Infernal Dragon energy, so freezing the Monarch himself will be much more difficult," Chu Kuangren thought to himself.

It was not easy to affect a Monarch with time energy.

Even though he possessed the Infernal Dragon energy, he was still new to it. Since he was not completely familiar with the characteristics, he was afraid to attempt it casually.

"I'd like to see how long you can last," the Black Dragon King grumbled.

He extended his hand to form another massive dragon claw with the Destructive Daoist law energy again. The vast energy crushed the void in its path.

The collapsed void gathered upon the dragon claw and formed a black hole, which amplified the claw's power.

It was also one of the Black Dragon King's ultimate moves.

"Black Dragon Claw, Voidbreaker!"

The Black Dragon King dared not underestimate Chu Kuangren anymore and fought with all his strength.

"Bring it on!"

Chu Kuangren channeled the Infernal Dragon energy to the limit.

Dragon qi erupted like a volcano and wreaked havoc everywhere. Then, the energy imploded and formed a golden dragon that lunged forward.

It was the secret technique of the Dragon Tribe.

"Dragon God War Worlds!"

It was the black destructive energy versus the golden dragon qi.

The moment the two energies clashed, the ground shook, and the void cracked. A terrifying surge of energy swept away dragons who were too weak, killing them on the spot.

Chu Kuangren and the Black Dragon King were blasted away by the collision, but neither of them suffered any damage.

Quite the opposite, their energy level continued to rise.

"Die!"

The Black Dragon King concentrated his Daoist law energy into a black ball with a strange luster. It looked like it could devour light and destroy everything.

When the black ball was hurled, the void around it was distorted.

Chu Kuangren had used another Dragon Tribe secret technique.

"Absolute Thousand Dragon Roar!"

The vast dragon qi transformed into tens of thousands of dragons that swept across the field. The black ball might be powerful, but it was easily dissolved by the endless waves of dragons.

"Black Dragon Claw, Voidbreaker!"

"Rainbow Universe!"

"Black Dragon Heaven Destruction!"

"Water Dragon Divine Slash!"

Chu Kuangren and the Black Dragon King each cast different powerful techniques, releasing domineering dragon qi and terrifying destructive Daoist law energy.

A series of explosions erupted in the starry sky.

The consecutive casting of Dragon Tribe cultivation techniques made it look like two Monarchs of the Dragon Tribe were fighting.

However, the truth was that one of them was not even a Monarch or a dragon but a human who was not even a Grand Dao Supreme Honorable.

"He's too terrifying!"

"He's scary! I can't believe Chu Kuangren can fight a Monarch. Where did he get the Infernal Dragon energy?"

The scene frightened all the dragons.

Chu Kuangren was not even a Supreme Honorable, yet he rivaled a Monarch.

Even though he had the Dragon Tombs' dragon qi to boost his power, it could be considered a miracle.

After another blast, the Black Dragon King was blasted away, and the black scales on his body started to appear.

Chu Kuangren seized the chance and landed a hit on his chest.

The Black Dragon King's Great Dao was shaken, and his Monarch Heart took a hit. It put a grim look on his face.

"Chu Kuangren, I have to give it to you for reaching this far, but I will end you with my next move!"

With that, the Daoist law energy on him started to rumble.
