

Unparalleled 271

Chapter 271: Fused Flying Sword Technique, Fierce!

“Strategy?” The masked man sneered. “I don’t have any plans. The other party is directly showing us their moves. They’re turning the light into darkness. We’re the ones who are passive.”

“Then, are we just going to let the other party drag this on?” “Sir, although this subordinate doesn’t know what our mission is, if this continues, we won’t be able to afford it.”

The masked man stood up and walked to the black-robed man’s side. “I know. That’s why I’ve been thinking. Since we’ve already reached this point, I have no choice but to take risks.”

As he spoke, he lowered his voice and moved closer to the black-robed man.

“Find and capture all the commoners that you can capture. Then, use their lives to threaten Yun Zihai. Tell Yun Zihai that if he wants to save someone, he should commit suicide.”

Hearing this, the black-robed man was shocked.

If he wasn’t covered in a black robe, the masked man would have noticed his abnormality.

This was using the commoners as a hostage. This move was really vicious.

“Milord, this subordinate feels that they won’t fall for it. “The black-robed man still wanted to struggle.” After all...”

But before she could finish, she was interrupted by the masked man.

“It’s just a try. We won’t lose anything. “If Yun Zihai is really as the rumors say,” the masked man said, “he should do it. If he doesn’t, we won’t suffer any losses.”

“But sir, there will definitely be traces to follow. The other party will definitely search for traces. If Yun Zihai does not do this, our people will...” The black-robed man continued to guide him, trying to make the masked man give up on this idea.

He was a spy planted in the Dark Tower by Great Chu. He wanted to do his best to salvage this matter.

“What are you worried about?” The masked man’s tone became strange. “They’re just chess pieces. Before that, I’ll cut off the corresponding connections so that the search won’t be able to find me. As for those people, they’re dead.” As he spoke, the masked man looked at the black-robed man with a strange gaze.

After all, he was different from the black-robed man who listened to him.

At this moment, the black-robed man realized that he had unknowingly revealed himself.

Sensing the masked man’s words and gaze, the black-robed man’s mind raced and finally came up with an excuse.

“This subordinate is just... I’m just worried about myself.”

After saying this, the black-robed man pretended to tremble, as if he was worried that the masked man would blame him.

This excuse was reasonable. After all, everyone was not afraid of death.

The masked man seemed to be convinced by the black-robed man’s words. He smiled and said, “Don’t worry, you’ve been with me the longest and are also the person I value the most. Of course, I won’t let you die.”

Hearing the masked man’s words, the black-robed man put on a relieved expression.

“This subordinate naturally believes in Milord. Then this subordinate will take his leave and instruct those people to make their preparations.”

“Go ahead.” The masked man did not seem to want to say anything more. He waved his hand and the black-robed man left..

After the black-robed man left, the masked man’s initial calmness was gone.

One could see with the naked eye that the masked man was somewhat worried.

“If it doesn’t work, then think of another way.”The masked man sighed.

The room fell silent again. No one knew what the masked man was thinking.

After leaving the room, the black-robed figure continued walking silently.

He followed the information that the masked man had previously given to the members of the Dark Tower. After informing them all, he did not go back. Instead, he returned to the room where he started.

After some thought, the black-robed man left the room and walked in a direction.

It was a cool night.

At this moment, it was already the end of Autumn.

There were no more dead leaves on the branches, but a bare scene.

As he walked on the streets, the wind blew from time to time, causing the originally cool weather to suddenly drop by several degrees.

The black-robed man was wrapped in clothes. When the wind blew, he could not help but tighten his clothes and shrink his neck.

There was no one on the street. After confirming that there was no one following him, the black-robed man walked quickly and finally arrived outside the walls of the Yunlai Mansion.

The surrounding streets were quiet, and so was the government office of Yunlai Prefecture. It seemed particularly deserted.

The black-robed man stood outside the wall. After thinking for a while, he finally gritted his teeth and stood up from the corner of the wall.

He looked around and saw that there was no one in the wall. He quietly jumped in.

The black-robed man held a ball of paper in his hand, and there was a dagger stuck in the ball of paper.

After thinking about it, he still felt that he had to come over.

It was to tell Xu Bai and the others about the masked man's latest movements.

The masked man had already decided to kill the people. The black-robed man could not sit idly by. He could not help it.

Fortunately, the lie was covered up in the end, so it was still considered safe.

"This is all I can do. As for what you guys do later, I can't interfere anymore." The black-robed man looked at the house in front of him and thought to himself.

He tiptoed and prepared to find a random house to throw the dagger in his hand. This way, he would have completed his mission.

However, before he could do anything, he suddenly felt a cold wind blowing, causing him to shiver uncontrollably.

It should be cold and dry in this season, but the black-robed man felt that the coldness was bone-chilling..

Chapter 272: Fused Flying Sword Technique, Fierce!

“Not good!” The black-robed man was shocked. He immediately turned around and saw what was behind him.

Behind him stood a paper figurine with stiff facial features drawn on its face, revealing a smile that made one’s scalp tingle.

The moment the paper man appeared, the black-robed man already knew that he had been discovered.

“Friends come from afar. Don’t you know?”

Xu Bai’s voice rang out in the darkness.

The black-robed man suddenly took two steps back and looked in the direction of the sound.

In the darkness, Xu Bai, Yun Zihai, and the others appeared together. No one was left behind.

“Surround them!” Xu Bai said.

Everyone spread out and surrounded the black-robed man. All the paths were sealed, leaving him no way out.

'Wait!'

At this moment, the black-robed man felt Xu Bai's murderous intent and quickly spoke up.

It was impossible not to make a sound.

Although he was a spy, he more or less knew Xu Bai. After all, in their line of work, information was extremely important.

In his mind, Xu Bai was not only powerful but also very cunning.

In addition to his decisiveness and ruthlessness, the black-robed man knew very well that if he did not express his intentions as soon as possible, he would very likely be beheaded or even tortured in the next moment.

Therefore, at the most critical moment, doing the most critical thing was the most important thing.

Xu Bai saw that the black-robed man was retreating very quickly, but the interest on his face grew stronger and stronger.

He didn't act immediately because he had a feeling that the black-robed man seemed to have something important to say.

"I'm a spy from Great Chu, a member of the Dark Tower!" At this moment, the black-robed man could not care less.

His life was more important.

He couldn't possibly die in the hands of his own people, right?

If he died at the hands of his own people, that would be too unjust.

Even if he had to die, he had to die on the path of a scout.

Xu Bai was slightly stunned when he saw the black-robed man's reaction.

This answer was unexpected.

He had thought of many possibilities, but he had never thought of this possibility.

Qin Feng formed a sword seal with his hand and said, "Do you really think we're fools? You even used such a reason?"

"I'm really a spy from Great Chu. I'm not lying to you about this." The black-robed man smiled bitterly when he heard this.

When he said this, he knew that the other party would not believe him, but it did not matter. He had a way to make the other party believe him. After the black-robed man finished speaking, he suddenly struck out a palm toward the ground.

After this palm was swung out, it carried a sharp wind and left a deep palm print on the ground.

Xu Bai was speechless.

Qin Feng was speechless.

What did this mean?

The sudden palm strike was inexplicable.

Actually, it was understandable that they didn't know.

Qin Feng was from the Ancient Moon Sword Faction and had no relationship with Great Chu.

As for Xu Bai, he still thought of himself as a newbie. Although he had killed a lot of people and was now quite famous in the game, he still thought of himself as a newbie.

Yun Zihai and Chu Yu were different.

Chu Yu was a member of the royal family, while Yun Zihai was someone the emperor thought highly of. Naturally, the two of them were more knowledgeable.

“Imperial family’s cultivation technique?” Chu Yu was slightly stunned.

“It’s really like this. Yun Zihai nodded.

Their words were even more inexplicable.

“What are you two talking about?” Xu Bai grinned.”

“That’s right, that’s right. We don’t know anything. We’ll just watch the two of you play riddles here.

“Qin Feng interjected.

After the two of them talked, Yun Zihai finally reacted. Other than being able to fight, these two people did not know much about many things, especially Xu Bai.

Therefore, Yun Zihai explained,“ It’s like this. All the spies of Great Chu will definitely go to the royal family to learn a martial art. Whether they are martial artists or not, they must learn it. This is a way to show their identity.”

“So direct?” Xu Bai frowned. If someone else learned it, wouldn’t they be used to pretend to be a spy?”

If the method of revealing his identity was so simple, then there would be a loophole to exploit.

After all, as long as they had the royal martial arts, they could pretend to be spies and have a lot of room for maneuver.

“Others can’t learn it. This martial art requires a member of the royal family to pass on a trace of the royal family’s bloodline through the Underworld Doctor.”“ Oh right,” Chu Yu explained,“ the so-called Nether Doctor can be understood as a doctor. It’s a very unique kind.”“

“You still need a trace of the royal family’s bloodline, then...” Xu Bai understood, but he thought of a problem.

Who would be the one to cross this bloodline?

Yun Zihai coughed.” It’s the Seventh Prince. He’s specially here to do this.”“ Seventh Prince?

Xu Bai felt that it was a little familiar. After thinking for a while, he understood.

Wasn’t this the Seventh Prince who had sent someone over and asked Xu Bai to personally welcome that person?

That person was killed by Xu Bai.

No wonder he was so familiar.

“Why do I feel like I’m being forced to be a breeding bull?” Xu Bai asked with a strange expression.”

It’s a very important position,” Yun Zihai said awkwardly.” Although it feels that way, it’s actually a very important position. After all, it involves many spies.”“

Everyone understood that it was indeed very awkward. However, he was the Seventh Prince after all, so Yun Zihai did not want to talk too much about it.

“I say, everyone, I already understand my identity. Now is not the time to discuss the Seventh Prince. The most important thing is information! “The black-robed man saw that the topic was a little off, so he quickly handed over the paper ball in his hand.

He explained the reason why he couldn't make a move and the purpose of this trip. He also stated that everything was written on the paper ball..

Chapter 273: Fused Flying Sword Technique, Fierce!

After saying this, the black-robed man was afraid of being exposed. He did not even want to say another word and quickly left.

Come in a hurry, go in a hurry.

Seeing the black-robed man skillfully climb over the wall and leave, Xu Bai sighed and said that he was a fellow wall-climber again. Then, he opened the ball of paper in his hand.

Everyone was curious and gathered around.

When they saw the contents, Yun Zihai reacted the fastest.

Yun Zihai's face was filled with obvious anger, and his eyebrows were about to stand up. 'Bastard! This was originally a matter between the two sides, but it had brought disaster to the people. It was simply worse than pigs and dogs!'

Qin Feng knew about the Dark Tower. He said, "Although dirty methods can be used in the conflict between two countries, such methods are unheard of." Sneak attack, poison, deception...

When two countries fought, they could use all kinds of despicable methods. After all, it was to win.

However, if it harmed the people and implicated innocent people, then it would really be a beast.

Xu Bai also felt it.

Looking at the plan, he thought of a more common saying-I'm a pervert. Just looking at me makes me feel perverted.

"There are so many citizens in Yunlai Manor. I'm afraid we can't take care of them," Chu Yu said worriedly."

Yunlai Mansion was too big, and there were too many commoners. If the other party really did this, they would not be able to take care of them with so few people.

It was like a vast ocean. With only one ship, it was impossible to cover the entire ocean.

This was a hard question that made everyone feel troubled.

The most important thing was that they could not find anyone else to help.

Xu Bai stroked his chin and said, "It's a little difficult to force him..

His words were already very tactful.

"Then what should I do?" "Most importantly, we can't rely on the other families in Yunlai Mansion. No one knows if they're from the Dark Tower." Yun Zihai muttered."

There were many families in Yunlai Mansion, and there were even some good businesses.

Originally, according to the previous method, he could have asked those families for help.

However, the problem was that Yunlai Manor had been infiltrated too seriously, and it would only backfire.

“Actually, there’s a way.” Xu Bai stood in the backyard and paced back and forth. After walking for a while, he raised his head and said, “I do have an idea that might work.”

When Xu Bai said this, everyone turned their heads and looked at him.

“How do we proceed?” “Brother Xu, it’s already come to this. Don’t keep us in suspense.” Yun Zihai said anxiously.”

Xu Bai slowly said, “The other party wants to use the people as a threat. In terms of numbers, they will definitely not be small. If there are too few, it might not be of much use. However, if there are too many, it will be easy for things to go wrong.”

At this point, Xu Bai gestured with his hand and paused for a moment before continuing, “Brother Yun, the Ye Clan’s role will be played.”

Yun Zihai was slightly taken aback and did not understand.

The Ye Family was the family of the corpse carriers whose family head was killed by Gui Qi.

The person in power now was the First Madam of the Ye family. Due to Yun Zihai’s support, the process of taking power was very smooth.

Xu Bai said slowly, “The Ye Family is a big family in Yunlai Mansion. Then let’s hold a banquet in the name of the Ye Family and invite all the big and small families. As for the reason, just think of one. All the invited families must be stabilized for me.”

“Since the Dark Tower’s influence in Yunlai Mansion is very deep, they must have infiltrated various families. In this way, they can control it in a disguised way.”

“The Ye family’s reputation is somewhat useful. As long as they don’t have any grudges, they will come. They only have two choices.”

“If they choose to wait, I’ll seize the time and install paper in their residences while they’re empty.”

The paper-tying technique was extremely mysterious and could even monitor the situation on behalf of the user.

What he needed was time.

If he took this opportunity, he would have time. As long as he monitored them properly, he would be able to find these nails as long as there was any movement.

“What should we do if they don’t agree or find an excuse not to come?” Chu Yu asked. ”

Everyone nodded.

If he didn’t come, he could just randomly come up with a reason. This wouldn’t be too big of a problem.

After all, it was just a banquet. It was understandable that he didnt come.

Xu Bai revealed a smile and said the coldest words in a casual tone,“”If we don’t come, then narrow down the area for us. If there’s anything abnormal, kill without mercy.”

It was even better if he didn’t come. It would definitely be a profit if he directly reduced the range by a large amount.

Not only could he get rid of the other party, but he could also make the person behind the scenes feel uncomfortable. It was the best of both worlds.

“Brother Xu’s idea is indeed unique.” Yun Zihai thought about it carefully and said, “I think the inside can be improved.””

With Xu Bai’s hint, Yun Zihai’s train of thought was completely opened.

“I knew it. Brother Yun isn’t stupid. I think Brother Yun and I have the same plan.” Xu Bai said with a smile.

Chu Yu and Qin Feng were both stunned.

When they first heard Xu Bai’s idea, they felt that it was not bad.

Now that he saw the two of them talking in riddles, he did not know what it was.

“Brother Xu, why don’t I count to three, two, one, and we say it together?” Yun

Zihai looked straight at Xu Bai..”

Chapter 274: Why Is He Here?

When Yun Zihai said that, Qin Feng’s Chu Yu was the most confused.

What are they doing?

Aren’t we a little redundant here?

Then let's go?

Qin Feng looked at Chu Yu and said solemnly, "Biao Younger Sister, remember this. When you travel the martial world in the future and meet such a crafty person, you must hide far away."

"I understand. I'll definitely hide far away." Chu Yu nodded seriously.

Everyone present was an expert, so they didn't try to hide anything. Xu and Bai heard them clearly, and it felt like they were plotting something loudly.

"Nonsense. Brother Yun and I are clearly on good terms, so how could I be a crafty old fox?" Xu Bai corrected.

Yun Zihai nodded repeatedly. "I've been in the officialdom for so long, but this is the first time I've seen someone who I get along with like Brother Xu."

The corner of Qin Feng's mouth twitched. "Why don't the two of you tell me the follow-up plan? I'm thinking that if the two of you continue to talk like this, you might burn yellow paper and become brothers."

The topic that was already a little off topic was forcefully pulled back.

Yun Zihai coughed to cover up his initial awkwardness and said, "If my guess is correct, Brother Xu is trying to throw me as bait at the other party."

As soon as he finished speaking, Xu Bai nodded and admitted it, revealing an expression of agreement.

"This is the best opportunity for us to not only make a high profile, but also let the other party know that we are preparing to eliminate their personnel."

At this point, Xu Bai explained his thoughts and the ins and outs.

When everyone heard this, they nodded in unison.

According to Xu Bai's thoughts, the most important thing to find out the clues behind the scenes in the name of the banquet was to see the other party's performance.

If the other party was sure that they were coming and didn't intend to expose themselves, Xu Bai would take advantage of the time when the other families were empty to go to those families and use the method of tying paper to set up spies.

And this was the best time to throw out Yun Zihai, this bait.

It was actually very simple to throw out Yun Zihai as bait. As long as Xu Bai left, the other party would come and attack Yun Zihai.

Then Xu Bai would leave openly.

Of course, he was only doing this on the surface. He did not need to leave. He would even wait at the Yunlai Prefecture's government office, waiting for the other party to come.

As for how to stay in the government office and make the other party believe that he had already left, it was actually very simple.

Xu Bai looked at the corner of the wall. There was a paper figurine leaning against the wall. The paper figurine had a stiff smile on its face.

The art of binding paper had endless magical uses.

"If that's the case, wouldn't we be able to destroy them Yu clapped her hands in delight.

She was not brainless. She could already foresee that when a group of people came to attack, they would see Xu Bai sitting in the government office with a golden knife. The expressions of those people would definitely be interesting.

“The person behind the scenes is extremely cautious. I don’t think he will come. Yun Zihai said, “However, we still have a backup plan.

When the person behind the scenes has no one to use, we can only use the black-robed man. Moreover, the black-robed man is a

spy of Great Chu. The person behind the scenes will be attacked from both sides.”

At this point, the plan had come to a complete end. There were only a few details that needed to be perfected.

He couldn’t let the paper man go out naked. After all, the paper man didn’t look like Xu Bai.

Everyone discussed the details of the game, and only then did they stop.

“Brother Yun, please take care of the Ye family’s banquet.” “Don’t be too secretive, and don’t be too high-profile,” Xu Bai said.”

Yun Zihai nodded, indicating that there was no problem.

At this time, the sky was getting darker and darker. After discussing, everyone did not wait any longer and left one after another.

Xu Bai returned to his room. He did not hurry up the progress bar. Instead, he folded a paper figurine of the same size as himself.

With a thought, the paper figurine began to move. Its every move was very similar to Xu Bai’s, almost no difference.

Xu Bai thought for a moment and took out a set of black clothes from the cabinet. He put them on the paper figurine and covered its face with a black cloth.

After doing all this, he made the paper figurine move again.

Because of the mask, from the outside, it looked like Xu Bai was wearing black.

“That’s it. We just have to wait for the fish to take the bait. With such a big bait, he should not be able to resist it in his current desperate situation.” Xu Bai thought to himself, ‘Yun Zihai still owes me a fifth-tier book for scholars. After this, I’ll get another big harvest.”

As the night grew darker, Xu Bai came to the window and looked at the night sky outside.

In a secret part of the room, the earthen jar lay there quietly, as if it was saying, “I’ve fallen behind for so long. Come and give me a hard time!

Ever since the black-robed man came that night, everything had returned to normal.

On Yun Zihai’s side, he had already gone to contact the Ye family. It was said that he was preparing.

As for Xu Bai, after such a long delay, the earthen jar was finally complete.

Light blue smoke appeared and gradually gathered in the air, forming a new line of words.

[You studied the terrine and comprehended the Indestructible Body (Incomplete).]

When the words appeared, Xu Bai touched his chin.

“Indestructible body sounds very cool, but why is it a cripple?” “Looks like this is similar to the Nameless Saber Scripture.”

Crippled meant incomplete..

Chapter 275: Why Is He Here?

However, it didn't matter to Xu Bai whether it was complete or not.

It didn't matter if it was incomplete. After so many fusions, the Nameless Saber

Scripture had changed greatly.

As long as he had enough cultivation techniques, it did not matter if he was crippled or not.

After the light blue smoke turned into words, it also began to fade. In the end, it turned into a large amount of information and entered Xu Bai's mind.

A moment later, the latest attribute panel appeared.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Three Breaks (Level 4): Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Four Steps (Level 3): Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Strengthening Technique (Level 4): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.] [Paper Binding Essence (Level 5): Max Level.]

[Indestructible Body (Incomplete)(Level 5):[Maximum level.]

” Comprehension: Maximum level.”

Level 5, another Level 5. Xu Bai was very satisfied.

After he absorbed the information about the Indestructible Body, he understood the essence.

Xu Bai took out a bottle. Inside was the Emerald Cry Pill that he had snatched from Qin Feng. It had a miraculous effect on healing.

Now, he felt that he no longer needed this thing.

There was no other reason. The so-called Indestructible Body was a skill related to recovery.

True essence energy could not dissipate, and the body could not be destroyed.

It sounded very powerful, but because it was an incomplete chapter, it actually had its drawbacks.

There was nothing to say about his recovery ability. It was indeed powerful.

Xu Bai took out his Ghost Head Blade and cut his arm.

Blood immediately gushed out, but in less than a breath’s time, the wound healed.

The speed of his recovery was astounding.

Ghost Head Blade had the Hundred Violent Poison, but as the wound healed, the Hundred Violent Poison also disappeared.

Not only was it indestructible, but it was also poisonous.

“What do you mean by indestructible? This is called indestructible.” Xu Bai leaned back and thought to himself.

This strengthened his recovery ability and made up for Xu Bai’s weakness.

However, the only drawback of this skill was that the more serious the injury, the more Refined Qi it consumed.

In fact, if he were to think about it from another perspective, if he was seriously injured and still had the same amount of True Core Strength, wouldn’t he be invincible?

Of course, Xu Bai had already cultivated it to the maximum level and understood the true meaning of it.

If this skill was perfect and not incomplete, the Refined Qi would be greatly reduced. It was really a bug.

Most importantly, according to his understanding, this skill should be able to regrow severed limbs. Unfortunately, it was only an incomplete chapter and did not have this effect.

“I have to find an opportunity to understand what an indestructible body is. It would be great if I could get the complete one.” Xu Bai thought.

Limb Regrowth was quite strong. He really wanted to finish the dungeon. When that time came, it would definitely be a huge improvement.

But now was not the time to think about it.

Looking at the clay pot in front of him, Xu Bai let go of it and let it fall to the ground.

“Clang!”

A heavy sound was heard. The earthen jar was smashed into pieces by Xu Bai and lost its original appearance.

He would destroy the thing that triggered the progress bar for every skill he learned. It was for no other reason than to prevent his cheat from being discovered. Destroying all possible clues was the safest.

Looking at the debris on the ground, Xu Bai suddenly thought of a problem.

“Speaking of which, am I getting stronger and stronger now?” Xu Bai rubbed his chin and thought to himself.

High attack, high defense, melee, ranged, fast speed, strong recovery, and a mobile supply warehouse.

Xu Bai felt that he was getting more and more ridiculous.

“It’s not a big problem, but we still need to keep a low profile.” Xu Bai thought.

With this thought in mind, Xu Bai planned to go out and ask Yun Zihai about the fifth-tier scholar’s mental cultivation method.

After all, it was Yun Zihai who added the money.

However, before he could reach the door, Yun Zihai hurriedly walked in.

“Brother Xu, it’s settled. The banquet will be held tonight.” After Yun Zihai entered, he went straight to the point.

“Oh? That’s great. I’ve already prepared everything. It seems that everything is ready. “Xu Bai had just finished the last progress bar, so he was fine.

“From now on, I’ll stay in the government office until night.”

In the corner of the wall, the paper man was wearing black clothes and stood quietly.

Everything would wait for the night.

While Xu Bai was making the necessary arrangements, the masked man was listening to the black-robed man’s report.

When he heard the black-robed man say that the Ye family was holding a banquet and invited all the famous families in Yunlai Mansion, he could not help but frown.

“Why are there such movements?” The masked man frowned and pondered.

He couldn’t figure out where this move came from.

It was as if both sides were exchanging blows, and the other party suddenly used a strange move that caught them off guard.

“Sir, I guess they want to help Yun Zihai consolidate his power in Yunlai Manor.” The black-robed man said.

Of course, he said this in the most unlikely way. After all, he knew a little about the things inside.

That night, when he sent the information over, Xu Bai immediately made such a plan. It was very likely to target the masked man's plan.

However, there were some things that could not be said clearly. The black-robed man was even leading the masked man into a ditch.

However, the masked man was not an idiot. After hearing what the black-robed man said, he shook his head. "No, it's definitely not that simple. There must be a deeper meaning. If they know our plan, they're doing this to

restrict all of our people..

Chapter 276: Why is He Here?

The banquet was just an excuse. If they didn't know, then this intention... It's very likely that they want to find out who we are."

When the black-robed man heard the masked man's analysis, his heart skipped a beat. He said, "Milord, how could they know about our plan? Moreover, even if they wanted to find out who our people are, there's no other way."

The black-robed man said that he didn't know and quickly asked questions. He didn't want the masked man to think too much about this question.

The masked man chuckled and said, ""Have you forgotten that Xu Bai cultivates many things? He also cultivates the art of binding paper. This profession is extremely strange. There are many things in it."

Surveillance?

The black-robed man was slightly stunned." Sir, you mean that the other party might use this reason to deceive all of our people and then take advantage of the time when everyone is gone to place paper figurines in various families?""

The masked man nodded, indicating that it was true.

“Then what should we do?” the black-robed man asked hesitantly.”

“Since they want to hold a banquet, just go. If you don’t go, you’ll be exposed.”“It’s just a banquet,” the masked man said.”How long can it last?” After the banquet ended, there was no harm in capturing the commoners. I don’t need it. I’ve already laid out a plan. It’s useless to monitor them. They’re still a step too late.”

At this point, the masked man’s voice turned cold.”Also, keep an eye on the government office and see who went out to set up the paper figurines.” His meaning was obvious. He didn’t care about Xu Bai’s plan.

“Then this subordinate will inform them and let them act cautiously.”The black-robed man hurriedly said respectfully.

The masked man nodded and did not say anything else. He let the black-robed man go.

The black-robed man did not stay and left very quickly.

After leaving the room, the black-robed man followed the masked man’s instructions.

After everything was settled, he thought about it again and gritted his teeth. He decided not to spread this information.

The masked man had said that there were two possibilities. If he was still thinking about the first possibility and thought that Xu Bai might know his intention, then he would be in danger.

For now, he could not be exposed. He was the last plan.

“I hope you can understand.” The black-robed man secretly broke out in cold sweat.

Tonight was a very lively night in Yunlai Mansion.

There was no other reason than the fact that the Ye Family had invited all the big and small families in the Yunlai Mansion.

The largest restaurant in Yunlai Mansion was already filled to the brim. The people here were all wealthy people dressed in extraordinary clothes.

Regarding the Ye family, those who were in the industry were also clear about it.

Since the death of the Ye family's master, the First Madam had been in charge. Everyone had their own ideas about the banquet.

It was nothing more than to gain connections after taking power.

Of course, many families could tell, but it didn't matter. After all, connections were mutual.

There were also some people in these families who had different thoughts, but on the surface, there was nothing unusual.

At this moment, the Ye family was bustling with people. Cheers and noise rose and fell, making it a lively scene.

But on the other side, the government office of Yunlai Mansion was deserted.

It was as dark as water, silent and boundless.

Xu Bai sat on a chair and looked at the oil lamp on the table.

The oil lamp flickered.

“Time’s up.” Xu Bai snapped his fingers.

A man in black walked out from the corner of the wall.

Her movements were agile, and her walking posture was extremely similar to Xu Bai’s.

When the paper man in black walked to Xu Bai, he bent down slightly.

Xu Bai took off the Ghost Head Blade from his waist and wrapped it with a black cloth, leaving only its outline. He placed it on the paper figurine’s waist.

After everything was done, the paper man opened the door and walked into the night.

There was no one in the room. Xu Bai hid in the dark and watched the paper figurine leave. The corners of his mouth curled up slightly.

Outside the government office, in a dark street, there was a man in black standing quietly.

Suddenly, the paper figurine walked out of the gate of the government office, attracting the attention of the men in black.

The man in black was slightly surprised. Then, he reacted and his body moved slightly.

The color on his body was gradually fading. In an instant, he turned into the same color as his surroundings and quietly followed behind the paper man.

The streets were quiet. Other than the Ye family’s residence, the other places were still as quiet and deserted as usual.

The paper man walked until he reached a building.

The decoration of the building was very grand. Just the stone lion outside the door showed the wealth of this family.

The paper figurine jumped up and quickly climbed over the wall.

In the darkness, the air distorted, and the black-robed man appeared again. Looking in the direction where the paper figurine had left, he took out a messenger pigeon and threw it into the sky.

The carrier pigeon left his hand and gradually disappeared.

“As expected by Milord, they want to seize the time and place surveillance items everywhere.”

The man in black muttered and quickly left the street.

The carrier pigeon flew all the way, but it wasn't far.

In a hidden alley, the masked man grabbed the carrier pigeon and removed the letter from its leg.

When he saw the contents on it, he was slightly stunned before he reacted.

“He really left? That would be a great opportunity.” the masked man muttered to himself.

He was a little conflicted about whether to do it or not.

But after hesitating for a while, the masked man finally made a decision..

Chapter 277 - Why Is He Here?

– Fuck!

Such a good opportunity was right in front of him. If he did not cherish it, it would be a waste of a good opportunity.

Thinking of this, the masked man took out a letter from his pocket, placed it on the leg of the carrier pigeon, and let it fly.

“It’s done tonight!” The masked man thought confidently.

The night was getting darker, but the Ye family was bustling.

On the dark street, for some unknown reason, a strange bird cry suddenly sounded.

More than 30 members of the various families at the banquet were stunned.

Immediately after, these people silently found an excuse to leave the Ye family, leaving behind the dazed First Madam of the Ye family.

After the thirty people left the Ye family, they did not stay in the dark. They looked at each other and walked towards the government office.

At this moment, the government office was still silent.

On the dark street, more than 30 people were quietly approaching.

After they arrived at the government office, they directly climbed over the wall and charged towards Yun Zihai’s room.

These people were not weak. The weakest among them was at Rank-6. When they were about to rush into Yun Zihai’s room, something strange happened.

The ground shook slightly. Then, countless pages rose from the surroundings and wrapped around the government office.

Looking from the inside, it looked like a huge wall, and the government office was inside the wall.

Everyone present was stunned on the spot, not knowing what was going on.

They looked ahead and saw Yun Zihai holding a brush. The brush was emitting light.

“This is the unique skill of the Emerald Academy, the Qi Curtain of the Fifth Stage. ”

Someone recognized the commotion and shouted.

The Talent Qi Screen was a unique unique technique of the Green Cloud Academy. Although it was only a fifth-grade technique, it had miraculous effects.

Under the guidance of the Noble Spirit, the surrounding pages had already turned into an iron wall, sealing off the surrounding space.

However, this absolute art had a weakness. The user could no longer be distracted, or else it would collapse on its own.

Therefore, this ultimate art was used as a support.

“Kill Yun Zihai. He can’t move. Don’t wait for Xu Bai to return!”Someone shouted.

The rest of the people started to move and rushed towards Yun Zihai. Yun Zihai remained calm and collected, not making any movements.

“Swoosh!”

Two voices rang out, and two flying swords swept towards the crowd at an extremely fast speed.

In midair, the two flying swords split into four.

Chu Yu and Qin Feng arrived beside Yun Zihai.

“Today, I will kill all of you!” Qin Feng said in an extremely pretentious manner.

It’s those two helpers. Be careful!”

“Stop the flying sword!”

“Xu Bai isn’t here. If we can restrain these two people, we can kill Yun Zihai.”

“Once the Qi Curtain is formed, the outside world will not be able to enter. If Xu

Bai comes in, we will have a chance to escape.”

More than thirty people made different sounds.

Among them, many people used their own methods. Fire, ice, wind, and even smoke.

They used everything they could to block the four flying swords.

The other half of the people had their hands free. They seized the time and attacked Yun Zihai.

Their faces were filled with excitement, as if they were about to succeed. "Kill him, and the Dark Tower will definitely reward you handsomely!" "If Daren's plan succeeds, our brothers will be able to soar!"

"At that time, only Xu Bai will be left. He won't be able to cause any trouble!"

Everyone had different thoughts, but there was one thing in common: excitement.

Since Xu Bai had left, this was their world.

The four flying swords were blocked, and Yun Zihai was controlling his Qi to form a curtain, so he couldn't do anything.

He was getting closer and closer to Yun Zihai, but Yun Zihai remained calm and collected, as if there was no wind or waves. Finally, someone noticed that something was wrong. "Why is he so calm?"

"Xu Bai has already left. What else does he have to rely on?"

"We've already reached this point. We can only walk down this path until the end."

The people who were attacking gritted their teeth and continued attacking.

At this moment, Yun Hai looked in a direction and said, "'Brother Xu, if you didn't come, I would have been separated from you." Brother Xu?

These two words stunned everyone present.

They followed Yun Zihai's line of sight and saw a tightly shut door.

The next moment, the door opened, and hundreds of copper coins flew out of the room.

The speed was so fast that it left people speechless.

The person at the front couldn't react in time and was instantly pierced by the copper coin.

The people behind him narrowly avoided it and heaved a sigh of relief.

However, before he could catch his breath, the copper coin that had already flown past him suddenly made a turn and shot towards him again.

" You can turn???"

Someone was stunned and was directly pierced through by the copper coin.

There were also people who had been vigilant and dodged again.

At that moment, they finally gave up on attacking and looked at the room warily.

A foot stepped out of the room. Then, when they saw the person's full appearance, they were all stunned.

Bai!"

"Impossible. He has already left, hasn't he?"

"There must be a mistake in the information. He didn't have Ghost Head Blade on him. Someone must have faked it!"

Hundreds of copper coins were circling Xu Bai, floating in the air.

This scene was extremely spectacular, causing everyone present to hold their breaths.

Xu Bai, who was in the middle of the copper coin array, gave off an extremely terrifying pressure.

Not only the enemies, even Qin Feng and Chu Yu were shocked.

The two of them looked at the flying sword that was fighting with the enemy and suddenly felt that it was not fragrant anymore..

Chapter 278 - Why Is He Here?

It was like eating shredded potatoes when the other party took out a plate of braised pork. Who could withstand that?

Yun Zihai was already used to it. If there were no surprises, he wouldn't be called Xu Bai.

He pointed at these people and said loudly, "Brother Xu, please help! ""

"Hahaha!" Xu Bai laughed." You guys are quite capable to avoid the second turn. I wanted to do it a few more times. You guys can't hide forever, but I want to hurry up. ""

As he spoke, he snapped his fingers.

Don't ask why he snapped his fingers, just one word-handsome.

Didn't a certain famous Purple Potato Spirit like to snap his fingers?

Of course, Xu Bai thought that it was a villain who would lose if he snapped his fingers. He was different. He was a positive...It didn't seem to count.

As he thought of this, he snapped his fingers and the hundreds of copper coins around him moved.

They didn't move at all. Instead, they shot out terrifying astral winds.

Return to Wind Snow!

Hundreds of astral winds, the scene was very spectacular, almost covering all the places that could be hidden.

The next moment, screams rose and fell.

Those who were slightly weaker died directly, while those who were slightly stronger were seriously injured.

Sometimes, if a meal was not enough, then two meals would be served.

Similarly, if once was not enough, then twice.

The second release of the astral winds was like plowing the ground, and no one on the field survived.

On the other side, Chu Yu and Qin Feng also avoided the entanglement. They activated their flying sword techniques and prepared to kill.

A few of them lost their will to fight and wanted to escape, but when they touched the wall made of pages, they screamed and were bounced back by the wall.

A few copper coins flashed past and killed all of them.

A moment later, there were no more living creatures on the scene.

Xu Bai waved his hand, and the copper coins floating in the air returned to his purse.

He felt a gaze on him. Turning his head, he discovered Qin Feng staring at him with sparkling eyes.

“So it can be like this. If I shatter all the flying swords, will it work Feng muttered to himself.

Xu Bai was speechless.

Being possessed was a yes.

Of course, Xu Bai didn't care about Qin Feng's muttering. Under everyone's gaze, he began to search the corpse.

A moment later...

“How poor...” Xu Bai put away a bunch of silver notes and sighed.

The corners of Yun Zihai and the others' mouths twitched, but they did not say anything.

I'm used to it, some things have been seen and gotten used to.

“It's a success. Only the person behind the scenes is left. This time, he suffered such a huge blow.” The clouds came from the sea.

Chu Yu raised her hands high and cheered. “I'm so angry

Qin Feng didn't say anything, as though he was thinking about something.

It was obvious that this guy really wanted to smash the flying sword into pieces.

“Now is not the time to be happy. Let’s see if the black-robed man will cooperate.” Xu Bai shook his head and said.

Their goal was for the person behind the scenes. To put it in more detail, it was the final plan of the person behind the scenes.

Just as the black-robed man had said, after killing the mastermind, the Dark Tower would send out a second one. It was impossible to kill them all.

Only by solving the root of the problem could one truly treat the symptoms and root of the problem.

Now, the person behind the scenes had nothing left. He would definitely use the last resort. As for what method he would use, it would depend on whether the black-robed person understood.

After all, the only person that the mastermind could rely on was the black-robed man. If the black-robed man understood and used the best advantage of being a spy, there would be many operations to speak of.

“Sigh, this aftermath is really difficult.” Yun Zihai sighed.

With so many people from the big families dying inexplicably, Yun Zihai still had to deal with the aftermath. After all, it was related to Yunlai Manor.

Xu Bai, Chu Yu, and Qin Feng turned around silently and left, leaving Yun Zihai alone to clean up the mess.

On the dark street.

The masked man looked at the wooden token in his hand and knew that everyone was dead. His eyes were lifeless.

His face was dull and his entire person was in extreme chaos.

Why?

Why didn't they kill Yun Zihai? Why were they all wiped out?

Could it be that the other party was hiding an expert?

He couldn't understand. Since Bai had already left, he should have been able to take down the remaining three, but the result wasn't satisfactory.

All his subordinates were gone.

The black-robed man stood at the side and wanted to laugh.

All gone, hahahaha!

As a spy, he was very carefree.

However, he knew that this was not the time to laugh.

The black-robed man remained silent. From the outside, it seemed as if he was in pain.

"Tell me, why!" The masked man finally recovered. He grabbed the black-robed man's collar and shouted.

The black-robed man pretended to tremble and stammered, unable to say a word.

The masked man maintained his anger and looked through the mask as if he could spit fire.

“Milord, let’s leave first. We shouldn’t stay here for long. As long as there’s life, there’s hope.”The black-robed person carefully said.

The masked man finally reacted when he heard this. He took a few deep breaths to calm the anger in his heart.

“Let’s go! Go back!” The masked man’s tone was very low.

The black-robed man didn’t say a word and just nodded silently.

Before leaving, the masked man looked at the dark street and clenched his fists

tightly.

“In that case, there is only one last method...”

Chapter 279: I Want to Borrow Xu Bai ‘s Life Providence

As the masked man finished speaking, the surrounding air seemed to turn cold.

The black-robed man was still lowering his head, waiting for the masked man’s instructions.

When he heard this, he frowned.

The last resort?

What was that?

As a spy, the black-robed man knew very well that this was what he wanted to know the most.

But now that they were leaving, and it was the black-robed man who suggested leaving, he did not want to say anything more.

At this moment, he also understood Xu Bails true intention.

Those who could be spies were definitely not stupid. If they were not smart, they would have been discovered long ago.

Xu Bai wanted him to play his final role. If the masked man wanted to make a big move, he could only use him when no one else was available.

If he really used him, he would have a chance to pass on information and even take down the masked man and the tunnel's movements in one fell swoop.

"I didn't expect that after working so hard for so long, it would be completed because of this man."The black-robed man thought as he walked.

They gradually walked away and disappeared into the dark alley.

Something big had happened in Yunlai Mansion, and this news spread like wildfire. The entire Yunlai Mansion, from the big families to the ordinary people, all knew about it.

Just last night, many family members had gathered together to assassinate the new magistrate of Yunlai Mansion, but all of them had failed.

Once this news spread, it instantly caused a huge uproar.

Attacking an official of the imperial court was a serious crime in Great Chu.

Even if you were a relative of the royal family, you would still be beheaded after autumn.

Especially a prefecture order. In the capital, it was already not considered low. If the capital knew about it, the consequences were self-evident.

Yun Zihai's method of handling this matter was relatively direct. It directly explained that he had been attacked last night. The mess at the scene could explain everything.

There were actually some forces among these families, but when they heard that the Prefecture Magistrate had been attacked, they all became mute and did not dare to say a word.

He still had to survive in Great Chu. It was already good enough that he was not questioned at this time. Who would dare to ask?

Yun Zihai was also extremely brilliant. He took this opportunity to use this excuse to call the heads of the various families over. Under a series of threats and promises, he actually gradually stabilized his authority.

In a situation like this where an official of the Imperial Court was attacked, if a letter was sent directly to the capital, the family involved would be implicated. With this information, all the big families bowed their heads and obeyed Lord Yun's orders.

Under such circumstances, Yun Zihai could not help but sigh when he was alone.

"Brother Xu is really my lucky star. I didn't expect to be able to resolve this matter at the same time."

He was holding a book in his hand and rushing toward Xu Bai.

This was his cultivation method, a fifth-grade scholar's book.

When they were ambushed that day, they had promised Xu Bai that they would pay more for this.

After thinking about it, he still felt that he should give this thing to Xu Bai.

The books of the Green Cloud Academy should not have been passed on to outsiders. However, this book was not from the Green Cloud Academy. Yun Zihai had obtained it from a dilapidated academy.

That academy was already dead in name, and the book in his hand was also an extinct one.

In this day and age, who didn't have some fortuitous encounters?

Since it was a book that existed only in name, he naturally had absolute control over it.

Moreover, this book was a little strange. With the characteristics of scholars, Yun Zihai was a little frightened when he read it, afraid that it would disturb his mind.

"Since I'm already a Rank-5, I can ask the imperial court for a book by a Rank-5 scholar. I really can't read this book." Yun Zihai thought.

There were two kinds of people in the Green Cloud Academy.

One was to enter the official career after completing his studies, and the other was to continue to stay in the Academy as a teacher or a student. Of course, other than taking the official career test, he could also join the Heaven Inspectorate.

If he left the Green Cloud Academy and entered the Great Chu State, other than having some connection with the Green Cloud Academy, the Green Cloud Academy would not care about the things in the book.

Correspondingly, the imperial court was in charge.

This is also the promise of the Qingyun Academy and the big Chu State, some smaller academies, there is no such promise.

If he entered the Heaven Inspectorate, the Academy would still take care of him.

However, most scholars would not join the Heaven Inspectorate. After all, official career was what they wanted.

Of course, there was another possibility, which was to enter the martial world directly.

No one cared about the consequences of this possibility.

Yun Zihai estimated that when the time came, he would write a secret letter and send it to the capital. The book would definitely be wanted. As he thought about this, he arrived at Xu Bai's room.

In the room, Xu Bai was sitting leisurely on a chair.

Next to Xu Bai, the paper man was pouring tea and even massaging Xu Bai's shoulders and legs.

Since the last incident, Xu Bai had asked Liu Er to return to the Yin Posthouse, while he continued to stay in the government office.

After all, the matter had not been resolved. It would not be too late to go to the Yin Posthouse after it was resolved.

Seeing this scene, the corners of Yun Zihai's mouth twitched.

He read many books, but he still knew some tricks.

If one's paper binding technique did not reach the corresponding threshold, the success rate of creating these things would not be very high, especially for Fifth Stage paper figurines

Unless one cultivated to the maximum level, there was a chance of failure for a Fifth Stage book to make a Fifth Stage paper figurine.

“Brother Xu is probably at the max level.” Yun Zihai thought about it and could not help but shake his head.

In his opinion, with Xu Bai’s talent, if he were to attack only one area, he would have already become famous..

Chapter 280: I Want to Borrow Xu Bai’s Life Providence (2)

However, he couldn’t interfere in this matter. After all, this was someone else’s business. At most, he could only remind them.

Thinking of this, Yun Hai tidied up her clothes and walked in.

“Brother Xu is really in a good mood. Most people in this world are not as free as Brother Xu.”

When he came close and sat down, the fifth-grade paper figurine brought a cup of tea and handed it to Yun Zihai.

Xu Bai smiled and said, “Things are made to be used. If we don’t use them, it would be a waste. Brother Yun, did you discover something?”

Yun Zihai took a sip of tea and shook his head. “I haven’t found anything. It’s as if the other party has disappeared. There’s no news of the black-robed man either. However, it’s only been a day, so it’s still early.”

As he spoke, Yun Zihai handed over the book in his hand.

Xu Bai obviously knew what it was. He took it and said politely, “Sigh, I was just joking back then. I didn’t expect Brother Yun to take it seriously. Since that’s the case, I can’t let Brother Yun down.”

Yun Zihai was speechless.

Why did she feel that something was wrong when she gave him something?

After Xu Bai said a few polite sentences, he didn't say anything else and opened the book in his hand.

There was a progress bar, and he already knew when he first saw the book.

However, Yun Zihai was here. According to normal progress, after obtaining a new book, he would naturally open it immediately.

As for appearances, they still had to do it.

The cover of the book was a little old, and the name on it couldn't be seen clearly.

When Xu Bai flipped to the first page, he closed it in an instant. Then, his eyes became extremely comical.

"I didn't expect Brother Yun to have such a taste."

The content on the first page was so blatant that it made one's hair stand on end.

However, this literary talent was also very good. Just by taking a look, he felt addicted to it and even imagined the scene in his mind.

This was an ancient version of Little X.

Xu Bai's eyes were opened by the many postures.

“I have to say, at least in terms of literary talent, there are places that can be used for reference.” “Brother Xu, if you don’t like it, I’ll give you another one in a few days.” Yun Zihai’s face turned red.”

How embarrassing!

If I had known earlier, I wouldn’t have taken it out!

At the thought of this, Yun Zihai only felt ashamed and wished he could find a hole to hide in.

“There’s no need. Things exist for a reason. We can’t deny their value just because of their content, except for mosquitoes.” Xu Bai said seriously.

This serious expression stunned Yun Zihai.

“Since Brother Xu likes it, I can rest assured. ” “Then I’ll go deal with other matters.” Yun Zihai cupped his fists and said.”

After saying that, Yun Zihai did not wait for Xu Bai’s reply. For the first time, he lost his manners and left as if he was flying, afraid that he would stay for another second.

Xu Bai looked at Yun Zihai’s departing back and sighed. ” “A scholar’s skin is still thin...”

If there was a progress bar, it was good stuff. As for the content, it didn’t matter.

Moreover, the process of his liver progress bar was very boring, and the content on it was extremely exciting. It just happened to match.

Thinking of this, Xu Bai decided to start.

However, before he could react, Chu Yu walked in from outside with a small notebook in her arms and a few steamed buns in her hands.

Xu Bai kept the book in a panic, which aroused Chu Yu's suspicion.

"Young Master, what are you doing?" Chu Yu placed the bun on the table foolishly and leaned her head into Xu Bai's hand. "Are you hiding something fun? Let me see..."

Xu Bai pressed Chu Yu's head and said, "Learn."

Chu Yu immediately became quiet as soon as he said that. She stood up straight and looked serious.

Xu Bai nodded in satisfaction. The teaching during this period of time was still useful. This response was not bad.

What a joke. How could Chu Yu possibly read the contents of the book? If she did, wouldn't she be dead?

"Alright, let's have class today." Xu Bai took a bite of the bun and said. Chu Yu took out a small notebook and listened attentively.

Xu Bai gave a very detailed lesson.

As time passed, Chu Yu was about to leave when all the classes were over. However, she was stopped by Xu Bai.

Xu Bai pondered for a moment when he saw the confusion on Chu Yu's face, but he still asked.

"Have you heard of the Indestructible Body?"

He thought about it and decided to ask Chu Yu.

Chu Yu was a member of the royal family and the daughter of King Sheng You. She had been carefully nurtured by the emperor and had learned a lot. In terms of knowledge, she was even more knowledgeable than Yun Zihai.

Therefore, asking Chu Yu was the best choice.

The Indestructible Body skill was incomplete. It lacked the limb regeneration skill that Xu Bai wanted the most. He wanted to know how to get it.

“Indestructible body?” Chu Yu was stunned for a moment before she regained her senses. “Isn’t this a cultivation method of the Dao Sect? It’s said that it was created by a genius of the Dao Sect. It’s long gone.”

“No more?” “What do you mean by that?” Xu Bai frowned.

“Legend has it that when this technique is cultivated to the extreme, the body will not be destroyed.” Chu Yu tilted her head and her shapely eyebrows were in a dilemma. “That genius died a long time ago. He died on the road of creating a cultivation method.”

At this point, Chu Yu paused and sighed. “Creating a cultivation technique is a shocking talent. He had already succeeded, so it was good to stop here. However, he discovered a flaw in the Indestructible Body..”
