Chapter 281: I Want to Borrow Xu Bai's Life Providence (3)

"Where?" Xu Bai's eyes lit up.

Hearing such news was undoubtedly the most exciting, especially when it concerned the Indestructible Body.

"Only the physical body is indestructible, but the soul is not. "Chu Yu pointed at her own head and said,""So that genius of Taoism wanted to improve it again, but there was a problem. His soul was destroyed and he died. That was very early, during the period of the Gale Country." To improve the cultivation technique?

Divine Soul Extinguishment?

Xu Bai rubbed his chin and fell into deep thought.

Based on what Chu Yu said earlier, it was very difficult to obtain the cultivation technique of the Indestructible Body.

How could he obtain a Return when he was already dead?

Moreover, the drawbacks of this cultivation technique were too great, especially in the aspect of the divine soul.

The divine soul was the soul and the consciousness.

If he lost his divine soul and only had a physical body, what was the use?

"It seems that I still have to rely on the progress bar to continuously fuse and gradually perfect myself." Xu Bai thought to himself.

While he was in a daze, Chu Yu's eyes darted around. She extended her fair little hand and touched Xu Bai's chest quietly.

That was where Xu Bai had placed the book.

Chu Yu's face was filled with excitement.

Hmph, it must be something fun. Young Master is hiding it on purpose and not letting me see it.

Just as she was about to get close, a hand suddenly appeared and grabbed her fair wrist.

Chu Yu looked at Xu Bai innocently and said, "Young Master, there is dust on your chest..."

Xu Bai let go of his hand and said, "Alright, go back and review today's homework first."

Chu Yu could only leave dejectedly when she heard Xu Bai's words and realized that he did not get her things.

After Chu Yu left, Xu Bai picked up the book in his arms and continued reading the progress bar.

He would have plenty of time to slowly fuse the Indestructible Body in the future. The most important thing now was to fill up this book first.

The progress bar kept increasing. Xu Bai continued to read the contents of the book leisurely.

While Xu Bai's progress bar was busy, the masked man's progress bar was not as good.

“Milord, this subordinate has already verified that Yun Zihai has used this opportunity to manage all the families. Those families are all in danger, afraid that Yun Zihai will send a memorial to the capital.” The black-robed man stood at the side, bowed, and told him everything he had found.

Ever since the previous incident, the masked man had become extremely silent. Although he did not say anything, anyone with a discerning eye could tell that the masked man had reached the end of his rope.

After hearing the black-robed man’s report, the masked man was still in a daze. After a long while, he waved his hand.

“Let’s not bother about them.”

It was just five words, but it was filled with exhaustion.

The black-robed man hesitated for a long time and finally asked, “Sir, you said last time that you have other plans. Can we take action?”

After thinking about it, he decided to ask.

There was no harm in asking now. After all, in the masked man’s mind, the black-robed man was on the same boat as him.

The masked man didn’t answer. Instead, he took out a wooden box and a map from a secret place.

When these two items were taken out, the black-robed man tried his best to remain calm, but his heart was in turmoil.

This was what he had always wanted, a map of the tunnel!

Ever since he entered Yunlai Mansion, he had been looking for an opportunity. However, the map had always been carried by the masked man, so he had no chance at all.

Now that he had seen it, if he had not tried his best to restrain himself, he would have been exposed long ago.

As the black-robed man had restrained himself very well, the masked man did not notice.

The masked man looked at the map and the wooden box. He stroked it gently with his hand and muttered to himself, as if he was talking to the black-robed man.

“I’ve spent so much effort to use the corpse of Da Feng, who has a huge grudge against Great Chu, to cultivate Feng Shui. The purpose is to destroy Great Chu’s Feng Shui and make it unable to recover.”

“We were about to succeed, but Yunlai Mansion will soon lose its Fengshui. At that time, a large number of people will die, and the place where Yunlai Mansion is located will become a desolate land.”

“But I never expected Xu Bai and Yun Zihai to jump out of nowhere. My plan was instantly destroyed.”

“Now, I can only control what I can control.”

When a person succeeded, he needed to confide in someone. When a person failed, he also needed to confide in someone.

The masked man now appeared abnormally deranged.

The black-robed man heard everything, and his heart kept churning.

Destroying the Feng Shui pattern, destroying all life, and leaving a desolate land?

It turned out that the Dark Tower had such thoughts.

The black-robed man tried his best to control his tone and asked, “Milord, if you need me to do anything, please feel free to tell me. As long as it is within my ability, I will do my best.”

“Now is a critical moment of life and death. I need you to take half of the jade stones and the map, go to the tunnel, and put the jade stones at this point.” The masked man pointed at the mark on the map and said slowly, “Yun Zihai can be considered as half of the Feng Shui, and I am the other half. Since I can’t destroy everything in Yunlai Mansion, I will destroy the other half.”

As he spoke, the masked man divided the jade and the map into half and handed them to the black-robed man.

When he handed it over to the black-robed man, he even emphasized that the black-robed man must be careful.

The black-robed man held the jade stone and the map and fell into deep thought.

He thought of the masked man’s intentions.

This time, he and the masked man acted separately, so there were more chances of success..

Chapter 282: I Want to Borrow Xu Bai’s Life Providence (4)

Yun Zihai’s existence was a part of Feng Shui, but it was only half of it. As a Feng Shui master, the masked man represented the other half.

Now, since he couldn’t destroy all of them, the masked man wanted to destroy half of them. At least, he wouldn’t let Xu Bai and the others have an easy time.

“What are you still doing here?” The masked man saw that the black-robed man was still standing there and thought that the black-robed man was afraid of death. He said, “At least they don’t know where we are, so we’re safe for now.”

“Yes, this subordinate understands.” The black-robed man bowed, and his eyes flashed. “Your subordinate is not worried about life and death, but something else.”

“What is it?” the masked man asked.

The black-robed man approached the masked man and said, “Yes...”

Before he could finish speaking, the black-robed man was decisive. He directly hit the masked man’s chest with his palm.

At such a close distance, the masked man couldn’t react in time. He only had time to stomp on the ground.

It was a unique ability of a Feng Shui Master. It extended from the ground and finally gathered in the chest.

“Boom!”

The masked man was hit by a palm strike. Although he temporarily blocked a portion of it, he was still hit by a huge force. He was sent flying, crashing into the window and flying far away.

At this moment, the black-robed man didn’t continue to chase after the masked man. He grabbed all the maps and jades while the masked man flew out, changed directions, and left at the fastest speed in his life.

After he left for a while, the masked man jumped in from the window. He looked at the empty table and was furious.

“You are a traitor! That’s right, I was wondering why things weren’t going well!”

The masked man looked at the opened door with a gloomy expression.

It was too late to chase after him now.

After some thought, the masked man did not stay any longer and fled in another direction.

“My chance was stolen by you, so I’ll truly destroy both jade and stone. Xu Bai,

Yun Zihai, I want you to die!”

The masked man’s voice sounded in the empty room.

The black-robed man left the house. He did not dare to stay any longer and rushed straight to the government office.

Along the way, no one came to stop him. Very smoothly, he arrived at the government office.

He had no other choice. At that time, it was best to make a decisive move. Otherwise, he would miss the opportunity.

In fact, he had indeed obtained what he wanted and had not failed.

When the black-robed man climbed over the wall, the paper figurine in the government office immediately reacted.

Xu Bai, who was in the room, sensed it. He put down the book in his hand and walked straight to the backyard.

When he saw that it was the black-robed man who had arrived, Xu Bai narrowed his eyes and swept his gaze over the item in the black-robed man’s hand. He also asked the paper figurines hidden everywhere to inform Yun Zihai and the others.

Yun Zihai and the others quickly rushed over and surrounded the black-robed

man.

“Quick, there’s no time. We need to act as soon as possible!”

The black-robed man handed the thing in his hand to Xu Bai and told him the whole story as quickly as possible.

“Destroy half of the Feng Shui? A barren land?”

After hearing the black-robed man’s explanation, everyone was slightly surprised.

“He didn’t pursue you?” Xu Bai asked.

Since this thing was so important, the masked man had to get it back even if he had to die. Now, it seemed that the other party had no intention of chasing after him.

“This is what I’m worried about. He didn’t chase after us, so he definitely has a backup plan. Let’s hurry to different tunnels.”The black-robed man said anxiously.

Xu Bai was different. The more anxious he was, the more he needed to calm down.

He took out a map and said, “This tunnel includes the entire Yunlai Mansion. It’s very troublesome.””

Yunlai Mansion was too big. If the other party really had such intentions, it would be very difficult to discover.

“Oh right, he told me that the important location of the jade stone is in this position.”The black-robed person pointed to half of the map and said.

Xu Bai glanced at it and shook his head.””If that’s the case, we only know the location of half of the map and nothing about the other half.”

The black-robed man sighed. He had no choice.

Because of the situation at that time, if he asked the masked man again, it would arouse suspicion.

At this moment, Chu Yu raised her hand and said, "Young Master, I know." Xu Bai turned around and looked at Chu Yu.

In the past, when she mentioned that it was related to Feng Shui, Chu Yu made it clear that she had read books related to Feng Shui. However, she did not know much about it because she was not a Feng Shui master.

Xu Bai's eyes lit up when Chu Yu suddenly spoke. He grabbed Chu Yu's hand and brought her closer. "Hurry up and tell me."

"It should be here." Chu Yu racked her brains for a while and pointed at a spot on the other half of the map. "I once saw a similar map in uncle's study, but it was huge. This is only a part of it. There should be a mark on it."

"Your uncle?" Yun Zihai was confused, not understanding what was going on.

"Her uncle is working in the palace." "If that's the case, then let's set off." Xu Bai said simply.

Xu Bai knew very well who Chu Yu's uncle was.

Since it was marked by the emperor as the right one, then there was a high possibility that it was the right one.

However, there was still a question involved, which was why the emperor had a mark.

This was a Fengshui situation. Did the emperor already know about it?

But since they knew, why didn't they interfere? Instead, they pretended not to know and pretended to let spies like the black-robed man go and find out the news?

Everyone had their own ideas. Xu Bai believed that he could not understand everyone's thoughts, especially the one in the capital..

Chapter 283: I Want to Borrow Xu Bai's Life Providence

The most important thing now was to find those two locations and get rid of the mastermind.

"Looks like we really have to split up this time."The clouds came from the sea.

The two locations were extremely far apart. If they went the right way and happened to meet the person behind the scenes, everything would naturally be fine.

However, if he went the wrong way and did not meet the person behind the scenes, the time wasted in the middle could easily cause a big deal.

"I'll team up with Chu Yu, you'll team up with Qin Feng. Black Robe, you'll team up with Yun Zihai and Qin Feng." Xu Bai said.

The black-robed man was speechless.

Although I'm wearing a black robe, my name isn't Black Robe!

When Qin Feng heard this, he decisively shook his head and said,"I will follow my cousin and protect her."

"Are you stronger or am I stronger?" Xu Bai quickly shook his head."

Qin Feng was slightly startled, but he remained silent.

Although he didn't say anything, it was obvious that he couldn't beat Xu Bai.

"It's better to be with me than with you." Xu Bai said.

"Then I'll follow you." Qin Feng added.

Everyone frowned when they heard this.

Xu Bai narrowed his eyes. "You don't have a choice. If you follow me again, what will you do with Brother Yun?"

Qin Feng remained silent.

Yun Zihai wanted to persuade her, but Chu Yu spoke up unexpectedly.

"Cousin, I will be very safe with Young Master." Besides, the mastermind can only go to one place," Chu Yu said. "As long as one of us realizes that we've missed our target, we'll rush over with all our might while the other party holds them back."

Qin Feng revealed a conflicted expression.

His mission was to ensure Chu Yu's safety. However, the safest option was to distribute the food equally. He understood this principle.

He and Chu Yu were both flying swords, so they had their shortcomings.

But... If that was the case, how could he be at ease?

"I'm stronger than you. If I can't protect you, you can't either. If you follow me directly, I'll follow Yun Zihai." Xu Bai didn't force him, but every word he said hit the nail on the head.

After hesitating for a while, Qin Feng finally nodded and agreed.

“Alright, let’s go!” Xu Bai kept half of the map and the jade stone. Then, he brought Chu Yu along and walked towards a certain direction.

As for Yun Zihai and the other two, they walked in another direction.

As they rushed to their destination, the masked man was moving quickly in the hidden tunnel.

“How did the Gale of that year build such a fancy tunnel!”

The masked man cursed in his heart as he hurried along.

There were too many forks in this tunnel, and there were many places that he had to take a detour. Fortunately, he had already remembered, or else he would have gotten lost here sooner or later.

“I hope I can make it in time.”

With this thought in mind, the masked man quickened his pace.

As time passed, the masked man got closer and closer to his destination.

When he crossed another fork in the road, he arrived at a relatively vast space.

There were countless coffins in this space.

Due to the darkness below, the masked man could only rely on the torch in his hand to illuminate the place.

Under the light of the torch, the coffin looked unusually eerie.

Finally,”

The masked man hung the torch on the wall and took off his mask under the light of the flame.

Under the mask was a face full of knife wounds, looking extremely terrifying.

“That day, your Great Chu destroyed my Great Wind. You didn’t expect me to join the Dark Tower, right?” “I’m sorry,” the masked man muttered to himself. “Today, I’m going to bury the entire Yunlai Mansion with the dead soldiers of Gale.

He could not help but think of the past and many things.

There was a saying that no matter how bad something was, there would always be someone who liked it.

Back then, Gale was rotten to the bone, but there were still Gale’s subjects who still showed their loyalty.

The masked man was one of them.

After escaping by luck, he joined the Dark Tower in order to deal with Great Chu.

Today, he believed that he could wash away his previous humiliation.

“I will use this broken body to destroy half of Yunlai City!” The masked man raised his foot and stomped on the ground.

The energy was converted into the unique Feng Shui power of a Feng Shui Master. Under the guidance of the masked man, the Feng Shui energy of the entire space was activated.

“Destroying them will take time. Please help me. Feng Shui Array, raise a hundred corpses!”

The masked man made a hand seal, and the power of Feng Shui suddenly changed. It became extremely smelly.

However, he could not sense it at all.

At this moment, the coffins on the ground began to shake. The boneless corpses floated in the air like cooked noodles.

A sinister feeling continued to surround him.

This was one of the abilities of a feng Shui master, borrowing the fate of the dead.

The masked man sat cross-legged on the ground and closed his eyes.

The power of wind and water was constantly being extracted from his body.

After a long time, his body was gradually fading.

In the blink of an eye, the masked man turned translucent and floated in the air.

He opened his eyes and shook his head.

“Not enough, far from enough. I still need to borrow the Life Providence of a living person...Wait a minute! Is Xu Bai here? Alright, alright, I’ll borrow your

Life Providence, hahaha!”

The laughter echoed, and the masked man gradually disappeared.

Outside a passage, Xu Bai looked at the dark light inside and sighed. ""1 miscalculated. I didn't bring a torch.."

Chapter 284: What Kind of Life Providence Is This? \_1

From Xu Bai's angle, the entrance opposite was pitch black. There was no light at all.

Following that half-map, the road sped forward, and finally, the intersection turned out to be a cave in a barren mountain.

It was pitch-black inside. Due to the depth of the cave, there was a gust of cold wind blowing out from inside. The slight sound of the wind blowing made one's hair stand on end.

When Chu Yu heard Xu Bai's words, she reached into her pocket and fished for two pearls the size of peanuts. She handed one of them to Xu Bai.

"The pearl in my big uncle's treasure vault, as long as you inject one type of essence, qi, and spirit into it, it will emit light."

Xu Bai received it and felt the warmth of the pearl. He nodded and looked at the pitch-black hole. Time was of the essence, and there was no time to think. He took the lead and stepped into the hole.

"Follow behind me and be careful."

As soon as he stepped into it, he immediately felt a cold surge from the surroundings, and the surrounding temperature dropped quite a bit.

The darkness around him was like ink, so sticky that it made one's heart feel cold. Fortunately, when he walked into the cave, the pearl-sized bead in his hand emitted bursts of light, dispelling the darkness around him.

The cold feeling disappeared as the light shone. Looking at the pearl in his hand, Xu Bai thought to himself that it was a treasure. When the light shone, he felt a quiet and peaceful aura coming from the pearl.

Something that could be stored in the royal treasury was definitely extraordinary. This pearl could calm one's mood and had an unimaginable effect in stabilizing one's state of mind.

"Young Master, why do I feel that the thing inside is giving me goosebumps? Moreover, that disgusting aura is getting stronger and stronger." Chu Yu walked in from the outside. She frowned even deeper when she saw the darkness around her being dispersed by the light.

This feeling was extremely similar. It was the same feeling she had in the lake previously.

"Since you have such a feeling, then we came to the right place. No matter what, we should be careful." Xu Bai said as he walked forward.

The last time Chu Yu was in such a situation, it was caused by the corpses of the Gale Nation people in the karst cave. Now that the same situation had occurred again, it was obvious that there was something unusual about this place.

This abnormality meant that they had come to the right place. This should be their destination.

Xu Bai took out a map and followed the directions on the map.

Chu Yu understood what Xu Bai meant when he spoke earlier. She did not say anything and just followed behind him with her head lowered.

Although the two of them were hurrying on their way, they were both on guard against their surroundings to avoid any danger.

The path of the cave extended downward. As the two of them continued to walk deeper, they were further and further away from the ground.

The passage was gradually becoming narrower, and in the end, only one person could pass through.

Except for the brilliance of the bead, there is no danger happening.

“We have entered the tunnel.”

This narrow situation was similar to the bottom of the lake, which proved that they were already in a tunnel.

“We encountered many forks just now. Fortunately, we have this map. Otherwise, we would have wasted a lot of time.” Xu Bai turned around and said to Chu Yu, “Is the feeling of disgust getting deeper and deeper?”

Chu Yu nodded her head vigorously and replied, “Yes, it’s getting deeper and deeper. It proves that we didn’t go wrong.”

Chu Yu was stunned when she said that.

In front of her, Xu Bai’s figure was fading, as if he had suddenly lost all color. He was disappearing at an extremely fast speed.

Chu Yu reacted very quickly. She quickly reached out her hand to grab Xu Bai’s back, but her hand grabbed nothing.

Not only that, but the surrounding scenery was also fading. The original darkness became transparent, then blurred, and finally became clear.

When everything became clear, Chu Yu turned around to look at her surroundings and realized that she was outside the cave again.

“What’s going on? Where’s Young Master? Why did I suddenly appear here?” Chu Yu’s mind was filled with question marks. She was extremely anxious and could not figure out the current situation.

Looking at the pitch-black hole in front of her, she raised her feet and walked in anxiously.

Because it was her first time, she moved faster this time.

However, at the very beginning, not far from where they had just entered the tunnel, the scene from before reappeared and they appeared outside the cave again.

“How could this be?” Chu Yu was stunned.

However, the scene at the moment was too bizarre. She could not help but think of the lesson that Xu Bai had given her before. There was a sentence that was very important.

The more dangerous the situation was, the more one had to think calmly. Panic was the prerequisite for people to fall into a desperate situation, and calmness was the key to breaking the situation.

At the thought of this, Chu Yu forced herself to calm down. Her mind was spinning rapidly. Everything she had learned in the imperial palace flashed through her mind like a movie. She suddenly thought of the reason behind it.

“It’s Feng Shui, Feng Shui Array. In Feng Shui, there are soldiers everywhere.” Chu Yu’s eyes widened slightly as her heart trembled.

Now that the Feng Shui array had been completed, it meant that the person behind the scenes was here.

When Feng Shui was formed, everything in this Feng Shui pattern was a weapon to attack people. If she was exposed, it must have been done by the person behind the scenes..

Chapter 285: What Kind of Life Providence Is This? \_2

“But why did he only send me out and not do anything else? Could there be something else going on?” Chu Yu’s mind was spinning rapidly as her heart was filled with anxiety.

Now that she was teleported out, Xu Bai was the only one inside. She was worried that Xu Bai would not be able to handle it.

However, after thinking for a long time, she could not figure out why. She decided not to think about it anymore and repeated her previous actions.

Halfway through, the surrounding scenery returned to the same state as before. This time, Chu Yu did not hesitate as she controlled her flying sword to shoot towards the surroundings.

As the flying sword shot out, the surrounding scenery swayed for a moment, but it quickly returned to calm.

“I can be hit, but my current strength is not enough to completely destroy it.” Chu Yu thought to herself.

The scenery gradually became clear, and she appeared outside the cave again.

“No, cousin and the others must have gone to a fake place. They will be here soon. I have to continue trying to crack it. When they arrive, I will gather all my abilities and be able to crack this Feng Shui pattern.” Chu Yu gritted her teeth and did not stop. She continued with her previous actions. “Young Master, you must hold on. We’ll come in to help you soon.”

Chu Yu had already fallen into a cycle while Xu Bai witnessed her disappearance with his own eyes.

The moment Chu Yu disappeared, a voice rang out from the surroundings before Xu Bai could react.

Bai.”

The sound came from all directions, but he couldn't find the direction or identify the source.

Hearing the voice, Xu Bai drew his Ghost Head Blade from his waist, and the dark light of the Vajra Heart Devil Body rose from his body. “Are you finally willing to come out and meet me?”

The darkness in front of them created a huge vortex. A translucent figure walked out of the vortex.

This person's face was covered in knife wounds and looked extremely terrifying. At this moment, this person had an inexplicable aura.

Although it's standing there, but it's not like it's standing there.

It was hard to tell whether the person standing in front of them was a person or something else.

“Don't worry, I just don't want that fellow with the Great Chu bloodline to interfere with my Feng Shui pattern. After all, I don't have much energy to deal with an expert like you now.”

There was a sense of satisfaction in his voice as if he was about to take revenge. It was as if the person standing in front of him was not Xu Bai but a dish that he could eat freely.

“Let me introduce myself. My name is You Mu, a criminal of the Gale Country.” Cleansing You had a smile on his face. Because of his smile, the scars around him looked ferocious and terrifying.

“I have no interest in a person who doesn't even dare to stand in front of me.

You don't even have the right to mention his name.” Xu Bai said indifferently.

When You Mu heard this, he didn't get angry. Instead, he smiled and said, "I'm indeed standing in front of you, but I've already become one with the feng Shui of the entire tunnel. I'm the feng shui, and all of this is thanks to you. If my jade stone hadn't been stolen, I wouldn't have paid such a price."

"Then you have to thank me. Tell me, if you want to use black and white, just say it." Xu Bai curled his finger and said disdainfully.

"Awesome, then I'll be straight with you. I want your fate. As long as you agree to me obediently, I'll reduce your pain." Cleansing You looked as if he had everything under control, and said, "You've reduced the pain and I've also saved time. After all, you can't beat the entire Feng Shui system."

"I don't understand. Why do you want my fate?" Xu Bai suddenly changed his attitude and asked, "I'm a good person, but I'm very curious. Since you already have a plan, why don't you tell me?"

You Mu narrowed his eyes. "What's the harm in telling you? If I lack jade, I'll use myself as the price. But I've overestimated the consumption here. That woman with the blood of Great Chu is incompatible with the Fengshui pattern of Gale Country. She's not suitable at all. I don't need to pay a huge price. You're the only one who's most suitable to deal with the two of you."

Feng Shui, Xu Bai did not understand. After all, the Feng Shui of this world had nothing to do with his previous life. It was impossible to use his previous life to get the Feng Shui of this world. Moreover, he did not understand the Feng Shui of his previous life.

However, he still understood the meaning behind it.

This guy obviously wanted his life.

Hearing this, Xu Bai looked at the ugly person in front of him as if he was looking at an idiot and said, "Idiot."

It was a simple word, but the meaning was obvious.

Cleansing You was stunned for a moment before shaking his head, putting on an extremely arrogant look, "Fine, since you don't want to die obediently, I'll beat you half to death and steal your Life Providence."

As soon as he finished speaking, a gust of wind passed through his chest, but it did not cause him any harm.

Xu Bai put away his saber and frowned.

"I've said it before, I've already combined with the Feng Shui pattern of the tunnel. Unless you find my real body, how can you break the power of Feng

Shui? You don't have the ability."

Cleansing You's figure slowly faded and soon disappeared.

After Cleansing You disappeared, the surroundings started to change. The narrow passage was spreading to both sides. It looked much wider, but the danger did not decrease at all.

The walls, the ground, and the endless darkness seemed to come alive..

Chapter 286: What Kind of Life Providence Is This? \_3

They had spirituality, but this spirituality represented endless killing intent.

These murderous intentions were all directed at Xu Bai. Under the Feng Shui pattern, Xu Bai was targeted by the entire Feng Shui pattern.

"This feeling is pretty good. It feels like I'm going against the world." Xu Bai stared at the darkness in front of him and said.

As soon as he finished speaking, a spike suddenly appeared on the ground behind him and hit his back.

“Don’t talk about martial arts.” Of all places, he had to hit her waist.

“Boom!”

Cracks appeared on the Vajra Heart Demon Body’s black light. A huge force penetrated it, causing it to stagger.

Before he could react, he realized that the surrounding walls were gradually closing.

The darkness mixed with the air, like an invisible giant sword, fiercely struck his chest.

The black light shook violently again, and more and more cracks appeared. Fortunately, Xu Bai used Stellar Transposition in time to divert the attack to another direction.

Xu Bai was already being targeted by this world.

This feeling was very wonderful. It was as if he was fighting against the world. It was filled with endless happiness, but it also brought endless trouble. Xu Bai held the Ghost Head Blade in his hand, and the three forms of Breaking kept unleashing violent gales that shot out in all directions, blasting the wall that was gradually closing into pieces.

His other hand slapped his waist, and countless copper coins revolved around him. He used Wind Snow Return.

The attacking darkness was disrupted by the copper coin and gradually disappeared.

“Awesome!” Xu Bai’s face lit up with excitement.

The other party was very strong, especially when he was able to merge with the Feng Shui without paying any attention to the price. He was so powerful that it was shocking.

At least for now, it seemed that Xu Bai was a huge problem that he couldn't find the other party's real body. However, the reason why he felt happy was that he could use all his knowledge. That kind of carefree feeling arose spontaneously.

In the past, Xu Bai had thought that the loneliness of the masters in those novels was pure nonsense.

However, ever since he gained more and more abilities, he had also advanced from Rank-9 to Rank-5. None of his enemies had been able to survive for the time it takes for an incense stick to burn.

Now, there was someone who could make him feel good. That was indeed very good.

In the darkness, You Mu, who was hiding in the dark, was shocked.

"This man is so strong that it makes one's hair stand on end!"

As a Feng Shui master, he was very clear about the function of this Feng Shui array.

Among the Rank-5, almost no one could compete with him. After all, it was impossible for anyone to compete with the heaven and earth in the Feng Shui pattern.

But the man in front of her did it.

Not only did he do it, but he even firmly suppressed one of them.

What did it mean to suppress one head? It meant that very few people of the same level could compete with this man.

“What a pity. If this person could have appeared in Gale Country at that time, he would have been famous all over the world by now.” You Mu thought.

Although he was shocked, You Mu didn't panic.

Judging from the current situation, Xu Bai was indeed dominating, but that was only the current situation.

You Mu had his own considerations when he decided to set this place as the location of the final battle. This was because there were a large number of corpses of the Gale Country here.

And these corpses were his endless supply.

He had an endless supply of supplies, but the other party did not. It was enough to slowly exhaust the other party until he had no stamina, and then he would go up and reap the benefits.

“Speed up!” You Mu activated the power of Feng Shui and extracted energy from the hundreds of corpses.

He was speeding up the pace. He knew that Xu Bai wasn't the only one here. There were a few others who hadn't arrived yet. If they really arrived and forcefully broke through the barrier he had set up, he would probably be completely finished.

Previously, he did not choose to deal with Chu Yu because she was destined to be a member of the imperial family of Great Chu State and was incompatible with the situation.

He did not kill Chu Yu directly because she was an expert as well. It would exhaust him.

What he wanted to do now was to get rid of Xu Bai.

White, who was attacking without restraint, suddenly frowned. He felt that the pressure of heaven and earth around him suddenly became stronger and the frequency of attacks towards him became faster and faster.

“Can’t you wait? That’s good. I can’t wait either.” Xu Bai narrowed his eyes and thought to himself.

He had already had his fill. The next step was to find that fellow and kill him completely.

As for how to find Xu Bai, he had his own ways.

When he was chatting with this guy, he said that he would beat him half to death before coming out.

Since that was the case, then let him be. He was beaten half to death, so this guy was going to come out, right?

Thinking of this, Xu Bai continued to attack at the same pace as before. However, there was a hint of performance mixed in this rhythm.

There was no trace of this performance. His rhythm was slowing down, as if he was gradually struggling.

After a while, the black light on his body suddenly shattered.

A spike appeared on the wall and pierced through Xu Bai’s chest.

“F \* ck, it really hurts!”

Xu Bai rolled his eyes. He felt that after acting for so many times, the price he paid for acting this time was quite high.

Before he could think further, many spikes appeared around him and pierced through his limbs from different angles.

Xu Bai raised his eyebrows. The pain was so painful that it was numb. Even the golden silkmail he obtained from the Ferocious Tiger Camp for the first time had turned into pieces. However, he did not scream. Instead, he looked at the darkness not far away..

Chapter 287: What Kind of Life Providence Is This?

\_4

You Mu walked out from the darkness, a smile on his terrifying face. "It's a pity that I won.'

He looked at the wounds on Xu Bai's body and was confident.

These were all serious injuries. As a part of the Feng Shui pattern, he could naturally feel it.

With such a heavy injury, Xu Bai couldn't even move. How could he resist? Therefore, he walked out boldly.

"Don't blame me. You are an opponent worthy of respect, but if I want to steal your Life Providence, I have to keep you alive. "You Mu came in front of Xu Bai and shook his head," "But don't worry, I'll accompany you on the dark path."

Xu Bai glared at You Mu. He wanted to say something but couldn't. Instead, he coughed out a mouthful of blood.

This was indeed not his acting, but a real experience.

It really f \* cking hurt!

If he had known earlier, he wouldn't have played so much.

However, now that this guy had come out, he would wait and see.

Thinking of this, the anger in Xu Bai's eyes deepened.

"Sigh, you and I are both going to die. Why do you still have such great resentment?" You Mu sighed, raised his right hand, and pressed it on Xu Bai's head with the power of Feng Shui.

Xu Bai's eyes lit up when he felt the touch on his head.

At this moment, You Mu noticed Xu Bai's expression and had a bad feeling.

NO, he had already suffered irreparable injuries. HOW could he still have the strength to resist?

If he was outside, he might have been able to sense that Xu Bai was lying to him or acting. However, now that he was in his Fengshui, he could sense that Xu Bai was definitely not acting. This was indeed a serious injury that could not be resisted.

However, sometimes, things tended to develop in the opposite direction.

The corner of Xu Bai's mouth curled up. The Refined Qi in his body was being consumed at a rapid speed. It was like drinking water. In the blink of an eye, the Refined Qi had disappeared completely.

As all his True Core Strength was depleted, the injuries on his body were recovering at a speed visible to the naked eye.

It was incredibly fast.

Indestructible Body.

True essence energy could not dissipate, and the body could not be destroyed.

The more serious the injury, the more Refined Qi would be consumed. This had nothing to do with the speed of recovery. If he consumed all his Refined Qi in one go, the wounds on his body would recover at the fastest speed.

It didn't matter if his True Core Strength was empty.

Kidney Strengthening Technique!

In the next moment, a warm current flowed through his kidneys. Immediately after, the True Distant Force in his body was quickly replenished.

The copper coins flew out of the pouch on his waist and pierced You Mu's body.

" Ah— The body trembled and she screamed.

He was originally translucent, and after being attacked, the degree of his body's invisibility gradually deepened. It was obvious that he had suffered great damage.

Xu Bai didn't waste any time. He controlled the copper coin to return quickly and once again pierced You Mu's body. At the same time, he pulled out the Ghost Head Blade. The blade light turned into afterimages and covered him from top to bottom.

"Impossible, how can you still resist?"

Amidst the screams, there were sounds of uncertainty. This scene had obviously gone beyond You Mu's common sense.

What kind of person was this!

Was this kind of ridiculous recovery ability something a human could have?

He felt that he was not fighting against a person, but an incomparably powerful monster, a monster that made him tremble.

However, no one answered him. At this moment, Xu Bai's face was filled with killing intent, making people's scalps go numb.

The blade was faster than the last, and the copper coin was like a shooting star.

You Mu could feel that he was about to die. He couldn't live, and now he had suffered such a heavy blow. He didn't have much time left.

"Since I can't steal all of your Life Providence, I can steal a little bit. I can't change the Feng Shui of half of Yunlai Mansion, but I can make all the tunnels collapse. "

Cleansing You knew that he was dead for sure, but before he died, he couldn't let the other party have it easy.

Originally, he had planned to destroy this half of the Fengshui and make this place a land of peril, but now he could only settle for the next best thing.

After all, he couldn't steal all of Xu Bai's Life Providence. He could only steal a little and then make half of the tunnel collapse.

Half of the Yunlai Mansion was built on the underground tunnel. If this half of the underground tunnel collapsed, this half of the Yunlai Mansion would instantly become ruins.

However, compared to directly changing the feng shui, although it could become ruins if it collapsed, it could be rebuilt.

You Mu didn't care anymore. People on the verge of death would go crazy.

Thinking of this, he frantically activated the power of Feng Shui in his body.

Then, ignoring the pain in his body, he began to steal Xu Bai's Life Providence.

Originally, he could only steal everything when Xu Bai was powerless to resist. Now, he could only steal a trace at most.

Before You Mu's eyes, Xu Bai's Life Providence was pulled out and poured into him.

The next moment, You Mu was stunned.

"What did I just see?"

When a Feng Shui Master stole someone else's Life Providence, he could see a trace of something related to the person. At this moment, You Mu looked at the scene in front of him and fell into a daze.

Waves of voices were like the voices of gods and devils, constantly revolving around Xu Bai. Behind Xu Bai, darkness and light suddenly appeared. The two intertwined and devoured each other, but there was a sense of harmony in the entanglement..

Chapter 288: What Kind of Life Providence Is This? \_5

Above the darkness and light was a face whose facial features could not be seen clearly.

Half of the face was glowing with a holy light, while the other half was a skeleton.

Holy and evil interweaved, yet they were able to fuse together steadily. This abrupt feeling made one's scalp go numb.

You Mu was lost, lost in it.

He seemed to see a person sitting on the clouds, floating in the air.

However, under the clouds were skeletons that were like a small mountain, filled with evil aura.

You Mu's heart shook. At this moment, he could no longer speak, but he kept shouting in his heart.

"A position that cannot be looked at directly, an unfathomable abyss, the number one life matrix in the world, a life without life that only appears in legends. How could it appear on him!"

You Mu shouted in his heart, but he had no chance.

Xu Bai raised his hand and slashed down. With the last slash, You Mu's life force was completely cut off.

The surrounding scenery disappeared, and he returned to the narrow passage. "Hu..." Xu Bai let out a long breath and wiped the non-existent sweat from his forehead.

"Today is really quite good."

It was indeed quite exciting. This Cleansing You was very strong.

However, there was one thing he didn't understand. Why did You Mu have such a shocked expression before he died, as if he had seen a ghost?

He couldn't stop to ask in the life-and-death battle just now. Now that the other party was dead, there was nothing he could ask.

It didn't matter. He was dead anyway.

Xu Bai sheathed Ghost Head Blade at this thought. He looked at the darkness ahead and thought for a moment.

He was wondering if he should go and take a look.

However, he did not expect to hear footsteps behind him.

Xu Bai turned around and saw a figure lunging at him, falling into his arms.

“Sob, sob, sob. Young Master, I thought you were dead.” Chu Yu did not say anything else. She grabbed his sleeve and wiped away the tears on her face.

Behind Chu Yu, Yun Zihai, Qin Feng, and the black-robed man heaved a sigh of relief.

The few of them felt that something was wrong and went to the wrong place. They hurried over and saw Chu Yu trying non-stop.

At that time, Chu Yu was already in a state of extreme panic. No matter how calm she was, she could not calm down.

During this period of time, Xu Bai’s teachings to her had long been etched in her mind. Chu Yu was unable to break through, so she naturally became more anxious and almost cried. Now, she was indeed crying.

“Brother Xu, it’s good that you’re fine. Let’s hurry up and find the person behind the scenes and get rid of him.” Yun Zihai also heaved a sigh of relief.

In his mind, Xu Bai was like a bosom friend. The two of them hit it off very well, so he naturally couldn’t bear to see this scene.

Xu Bai pushed Chu Yu away and said in disdain, “Just wipe your tears and don’t stick your snot on me.”

So what if she was a beauty? Her snot was also very dirty, okay?

This was Xu Bai's point of view.

In the past, when he used to watch videos on his phone, he often saw some girls posting fitness photos, especially when their backs were facing the mirror. They stuck their backs up high, as if their pelvises were leaning forward.

Most importantly, a bunch of people commented that it looked good.

At that time, Xu Bai was very confused and sent a comment directly. He did not expect to be blocked by the other party in an instant.

The comment was simple-such a beautiful butt, wouldn't it shit?

He felt that he was telling the truth, but he really did not expect that he would instantly break through the other party's defense.

Sigh, a woman's heart was like a needle at the bottom of the sea.

Hearing Xu Bai's words, Chu Yu quickly hid her head and took out a handkerchief from her bosom. She wiped her face and did not dare to raise her head. She was a little embarrassed.

"There's no need to find the person behind the scenes." Xu Bai said indifferently.

The moment he said that, the entire place fell silent. Even Chu Yu stopped wiping her face and looked at Xu Bai with her mouth agape.

Xu Bai told them what had happened, and the surroundings became even quieter.

“Brother Xu, are you really not the reincarnation of those old monsters?” Yun Zihai had already asked this question countless times.

“Yes, it’s not a loss for me to lose to you.” Qin Feng proudly raised his head. The meaning in his words was indeed that he had admitted defeat.

Chu Yu did not say anything but thought to herself, ‘Am I fighting for my uncle or my father?’

The black-robed man was the most unbearable. Although he did not say anything, his expression had already betrayed him. He could not close his mouth.

“It’s a routine operation.” Xu Bai waved his hand.

The corners of everyone’s mouths twitched. They felt that rushing over anxiously just now was a wrong decision.

“Then shall we go back now?” Yun Zihai asked.

Since he had settled this matter, it was time to return.

Xu Bai thought about it and was about to speak when Chu Yu spoke first.

Xu Bai frowned and turned to look at Yun Zihai.

Yun Zihai’s body was the same. The sharp aura he had encountered at the bottom of the lake appeared again.

“Could it be related to the Gale Country’s corpse?” Xu Bai said.

The black-robed man shook his head. “I’ve been by his side for a long time, so I know some things. The Fengshui Master is dead, and the Fengshui array has been broken. It shouldn’t affect them anymore.”

“Then what is the reason?” Xu Bails frown deepened.

Chu Yu shook her head. Her face was filled with confusion. At this moment, something unexpected happened.

“Dong...” Thump... Dong...”

Footsteps sounded in the dark passage ahead..

Chapter 289 - 289: This Book's Skill Is Not Serious (1)

Footsteps?

When the footsteps sounded, everyone present became alert.

They had just taken care of one of the people behind the scenes, and a new danger had appeared.

Everyone looked into the depths of the darkness.

The darkness was so deep that one could not see the bottom, but the sound of footsteps could be heard clearly. Every step they took echoed in the darkness. The sound was distant at first, but as time passed, it slowly became muffled.

This was getting closer and closer.

“Young Master...” Chu Yu tugged on Xu Bails sleeve. She tilted her head and pointed at her heart with her fair finger. “That feeling of disgust is gone.” Xu Bai was slightly stunned. He turned to look at Yun Zihai after hearing what Chu Yu said.

Not far away, Yun Zihai's fierce aura also disappeared.

What was going on?

According to the situation they encountered at the bottom of the lake, the Gale Country, the Qingyun Academy, and the Great Chu Country were irreconcilable enemies. This was also the reason why it affected the two of them.

The black-robed man had said that the Fengshui Master was dead, and the Fengshui array was no longer there. Hence, Chu Yu's situation would not exist.

However, it still appeared, and there were footsteps.

The sound of footsteps was one thing, but Chu Yu and Yun Zihai suddenly returned to normal after the sound of footsteps.

But the problem was that the footsteps were still there, and they were getting closer.

Xu Bai couldn't figure it out, and he didn't have time to think about the situation before him.

As the footsteps got closer, a figure walked out from the darkness ahead.

The figure's entire body was enveloped in a golden light. His face could not be seen clearly. Under the golden light, it was as if he had no facial features.

After this golden figure appeared, it stopped not far from Xu Bai and the others. It did not take another step forward.

The crowd fell silent, and no one moved.

The golden figure was not a living thing, but was made of pure gold.

The moment it appeared, the surrounding darkness was dissipating.

The warm light shone on the person's body, making him feel relaxed and happy.

As soon as the surrounding darkness came into contact with the golden light, it would automatically retreat, as if it was afraid of sticking to it.

At this moment, the silent Yun Zihai spoke.

"It's fate!" Yun Zihai said loudly,

Xu Bai frowned.

Fate, what was that?

The current situation did not seem very dangerous because Yun Zihai seized this time to explain to Xu Bai.

"The so-called fate is an extremely mysterious thing. It exists in everyone. If the fate is good, everything will be fine. If the fate is bad, bad luck will spread."

"This thing is extremely mysterious. It's a skill of the fortune-teller lineage. Oh right, the Fengshui Master is a branch of the fortune-teller."

"There are many branches of fortune-tellers, such as geomancer, physiognomist, diviner, etc."

As Yun Zihai explained, Xu Bai gradually understood.

In Xu Bai's summary, the so-called fate was regarded as luck. If that was the case, then the golden figure was really not human.

"This thing isn't hostile?"

Ever since the golden figure appeared, he had been standing there without making any movements.

"This should be the fate of our Great Chu...One of them." Chu Yu took two steps forward and stared at the golden figure in front of her. "After it appeared, not only did I not feel disgusted, but I also felt an extremely comfortable sense of security."

The fate of Great Chu?

Xu Bai was stunned for a moment, then he seemed to have thought of something.

Could it be that this was also within the calculations of that person in the capital?

From the very beginning until now, Xu Bai had long known that the emperor knew the location of all the tunnels. He could tell from Chu Yu's ability to read the map.

This is the emperor's teaching, that is the emperor's knowing everything.

However, the Emperor pretended not to know and even pretended to send so-called spies.

Now, a golden qi appeared, and it belonged to Great Chu. This was very obvious.

The emperor's goal was definitely the golden fate.

However, he did not know what the actual operation was.

“It’s just standing here without moving?” Xu Bai muttered.

The current situation was very awkward. The surroundings were pitch-black, but the golden figure was emitting a nouveau riche light. Most importantly, the golden figure did not move.

In Xu Bai’s opinion, should they just fight?

Just as he thought of this, the golden figure seemed to sense something. He slowly turned his head and looked directly in Xu Bai’s direction.

The face was as smooth as a mirror, without any facial features, but Xu Bai could feel that the other party was looking at him.

As he did not have eyes, he could not see any emotions, nor could he feel any abnormalities. There was no so-called pressure or anything like that.

It was as if he was looking at a stranger.

Then, the golden figure made a move.

Under everyone’s gaze, he slowly bent down and bowed to Xu Bai.

Everyone was shocked.

Fate had no consciousness and was a dead object. Other than being related to luck, it had no other characteristics.

But now, this dead thing actually bowed to Xu Bai.

Although it wasn’t a big bow, the slight bending of his waist was already shocking enough.

Xu Bai said solemnly.

He had never come into contact with such a strange thing as fate energy, but now it was bowing to him. No matter how he looked at it, it felt very strange.

After the golden figure finished this action, it raised its body. Then, in everyone's eyes, it turned into specks of golden light and gradually disappeared.

Xu Bai and Yun Zihai looked up..

Chapter 290 - 290: This Book's Skill Is Not Serious (2)

They had a vague feeling that something seemed to have appeared under the sky of Great Chu.

It was very mysterious and hard to fathom.

After such a commotion, the surroundings returned to darkness and silence.

"Let's go and take a look at those corpses first." Xu Bai said.

If he couldn't figure it out, he wouldn't think about it for the time being.

In the future, when he had the chance to come into contact with them again, he would obtain more clues and connect these clues together.

Everyone nodded and tacitly stopped talking about this matter. They followed Xu Bai into the depths of the tunnel.

Next, everyone searched the tunnel carefully, but found nothing else.

The Feng Shui pattern had been broken, and the corpses of the Gale Country had all turned into ashes, leaving nothing behind.

After the search was fruitless, everyone did not stay any longer and returned to the government office along the original path.

They were finishing up.

On the other side, in the capital city, far away from Yunlai Mansion, the Imperial Palace was silent.

On the surface, there was no one else in the Imperial Palace other than the patrolling Imperial Army.

However, as the imperial palace of the Great Chu State, this was the most dangerous place in the Great Chu State. Even the Great Yue State and the border barbarians did not dare to set foot in this place.

In the open and in the dark, there were countless experts guarding this

forbidden area.

In a luxurious hall, a middle-aged man in yellow was reading a book.

This book had no cover, but the handwriting was vigorous and powerful, and the content was all about the way of governing the country.

The middle-aged man looked ordinary, but there was a noble air between his brows that ordinary people did not have. Even if an expert was here, he would not be able to look straight at him.

The night in the Imperial Palace was very dark, but the lights here were as bright as day. A large number of lights were lit, and it was no different from daytime.

The middle-aged man was lying on a luxurious fur chair. Even the chair was made of extremely precious wood.

He read the book and frowned from time to time, as if he was considering the feasibility of the content in the book.

At this moment, the middle-aged man suddenly stopped. He got up from the recliner and walked to the window step by step.

Even though he did this, the middle-aged man's back was still very straight. Although his eyes were calm, there was a kind of majesty that others did not dare to look at.

He went to the window. Before his hand could touch the window, the window opened automatically.

There were two shadows outside the window. After opening the window, they disappeared into the darkness.

The middle-aged man looked in a direction and put down the book in his hand. In that direction, in the dark sky, a golden light that ordinary people could not detect flashed.

When this scene appeared, the middle-aged man smiled.

Even though he was smiling, he could not change the noble aura. Instead, it became even stronger.

"Men.

Two words came out of the middle-aged man's mouth.

There was no one around, but as he spoke, an old man in eunuch clothes appeared outside the window.

“Your Majesty.” The old eunuch’s hair was white, but his divine light was restrained. One could tell at a glance that he was an expert.

“Pass on my order, let the head of the Heaven Observation Department come over. “The Emperor of the Great Chu Country, the Chu Emperor, said calmly.

“Your Majesty, we’ve been established for many years, so it’s not suitable for us to be addressed like that in the past. It’s not the first-in-command, but the supervisor.”The old eunuch’s mouth twitched as he spoke.

“Oh, call him over.” The Chu Emperor indifferently replied with an ‘oh’. He was extremely dissatisfied as he casually waved his hand and said.

“Yes, sir.” The old eunuch quickly bowed respectfully and disappeared in a flash.

Seeing that the old eunuch had disappeared, the Chu Emperor looked up at the sky again and did not speak for a long time.

After about half an incense’s time.

The old eunuch led an old man in a Taoist robe over and knocked on the door.

Emperor Chu: ”

He is at the window but he wants to knock on the door, he is at the close old eunuch, he is at the number of etiquette, he is too stubborn, stubborn to morbid.

“Come in.” The Chu Emperor turned around and lay down on the recliner.

At this moment, two black figures appeared and carefully closed the window, afraid that they would disturb the number one person in Great Chu.

The door opened, and the old eunuch led the old Taoist priest in.

As the old Taoist entered, he tidied his clothes. His right eye was already bruised.

“Being untidy is the greatest disrespect to His Majesty.” An old eunuch with great etiquette said solemnly.

The Chu Emperor smiled and shook his head, not saying anything.

The old eunuch left and closed the door behind him.

Director Zhang rubbed his eyes and didn’t know whether to laugh or cry. However, standing in front of the Emperor, he didn’t dare to lose his manners and quickly knelt on the ground. “This humble subject is the Heaven Supervisor. Greetings, Your Majesty.”

The Observatory sounded powerful, but it was not a powerful organization in the capital.

All of their members were fortune-tellers. Some were geomancers, some were physiognomists, and some were diviners. There were all sorts of people.

What they did was very simple. They observed the weather, calculated the solar terms, and observed the fate.

“Rise.” The Chu Emperor waved his sleeves and said indifferently, “It’s done.”

Director Zhang had just stood up when he heard that. He was slightly stunned, and then his expression became excited.

Did he succeed?

Success!

“You should know what to do next.”the Chu Emperor said.

Director Zhang nodded vigorously and said excitedly, “This humble subject will take my leave now and immediately begin Your Majesty’s plan.”

The Chu Emperor nodded and said, “Go.””

After receiving the Chu Emperor’s order, Director Zhang didn’t stay. He turned around and left.

After Director Zhang left, Emperor Chu leaned back on the recliner and closed his eyes. He sighed and said, “”1 didn’t expect that after I set up chess pieces in every place, Yunlai Manor would succeed in the end. My Great Chu finally has fate..”
