Chapter 291: This Book's Skill is Not Serious

The word fate was his greatest scheme.

As the Emperor of Great Chu, only his own family knew about his own affairs.

He knew very well how Great Chu came to be.

He had risen up from the bottom of the world, but at the last moment, he had overthrown the rule of the Gale and established himself here. Only he knew the sadness in the process.

But from the beginning to the end, the big Chu has always been the most important drawback of the most important.

It wasn't evil or unorthodox, but fate.

He was established on the Gale Country and took over the Gale Country's territory.

However, this fate energy was completely sealed by Gale Country at the last moment.

A country without fate might not have any abnormalities in the short term, but over time, the disadvantages would be revealed.

Natural and man-made disasters were still a small matter.

Therefore, from the beginning to the end, the Chu Emperor was seeking luck. In the end, he discovered that the gale did not cut off all the qi, but hid it all in the tunnel.

He had thought that he could take everything and return the fate energy to Great Chu, but the result was completely different.

The entire tunnel was a Feng Shui array. It was an extremely powerful Feng Shui array that bound all the fate energy, making it impossible to find it.

Director Zhang was Great Chu's strongest Feng Shui master. After many failures, he also came up with nothing. In the end, he came up with a method.

The one who tied the bell needs to untie it.

To truly find the fate, the only way was to let the survivors of Gale Country open up the current Feng Shui pattern.

Thus, the Chu Emperor had set up this plan.

He had all the tunnels and the most crucial points of all the Feng Shui arrays, but he lacked the person to break the array. And the person to break the array had to be an old man from Gale Country.

He only needed to crack one and Director Zhang would be able to use it as a foundation to take down all the qi.

He had planted people in every corner of Jingzhou Prefecture Road, and he also had spies in the Dark Tower.

However, he didn't expect Yunlai Mansion to be the first to crack it.

"No matter what, this is the best outcome." The Chu Emperor opened his eyes once again. Even at his level, he still couldn't suppress his joy.

"Xu Bai is really my benefactor. What kind of reward should I give him for this matter?"

The Chu Emperor stood up and walked to the study table. He took out a booklet and picked up a brush. After thinking for a long time, he still couldn't write.

"I am the highest and my words carry weight. He has indeed completed this matter, so I should give him a chance to leap into the sea. However, I am unwilling. How can I let such a good talent slip away?"

"But how can I explain to my younger brother? If I go back on my words, I can't guarantee that my younger brother will come to my place and make a scene." The Chu Emperor put down his brush and sat on his chair, sighing.

He stared at the blank booklet and thought for a long time, but he could not think of a reason.

A moment later, the Chu Emperor sighed again.

He picked up the brush again and wrote on the booklet.

Above it is a line word, a line word.

"Yun Zihai and Xu Bai have destroyed the operation of the Dark Tower. They have made great contributions and deserve to be rewarded. Now, they will reward Yun Zihai with 1,000 taels of silver and the fourth-grade Heaven Ascending Brush from the imperial family's treasury."

"The reward is Xu Bai, below the fourth level of the royal family's treasury. You will be allowed to watch for a month, and you will have to go to the royal family's treasury by yourself."

The Chu Emperor put down his brush in satisfaction and nodded.

"This time, Zhen also went back on his words and even gave a reward. Younger brother, you can't make a scene anymore."

"When he comes to the capital, it's unknown who he'll be with."

“My stupid brother, don’t you know that talents are all snatched?”

The Chu Emperor came to the window and the window opened automatically.

Looking at the night sky outside the window, Emperor Chu thought to himself, “Besides, Xu Bai is on his way to the capital, so I can complete my new plan again.”

It had been a few days since the last incident.

During this period of time, the most relaxed person was none other than Xu Bai. As for the most tired person, it was naturally Yun Zihai.

Without the biggest crisis, Yun Zihai was completely busy and could not escape from all kinds of matters.

What was worth mentioning was that Qin Feng had finally left the Yunlai Mansion. Before he left, he had left with sadness.

These few days, he had changed places every day, but there was not a single fish.

Qin Feng blamed it on the bad feng Shui and left angrily.

As for why it was Feng Shui, he had no other reason.

Especially when he saw an ordinary person’s basket full of fish, he almost fainted from anger.

After Qin Feng left, Xu Bai also returned to the Yin Posthouse.

During this period of time, he still lived his normal life every day.

In the morning, he would teach Chu Yu, and in the evening, he would go to the Yin Posthouse to see if there were any good things.

At the same time, he also read the book that Yun Zihai gave him.

Unfortunately, other than that earthen jar, he really didn't find anything good.

"Alright, today's class is over. You can go back and rest." Xu Bai looked at Chu

Yu and said.

This time, Chu Yu didn't leave. Instead, she gritted her teeth as if she was struggling with something. She grabbed the corner of her clothes and kept kneading it. The corner of her clothes was about to wrinkle.

"What's wrong?" Xu Bai asked.

"Young Master, I received a messenger pigeon yesterday, so I'm leaving." Chu Yu raised her head and said.

"Gone?" Xu Bai was stunned for a moment, then he reacted and said, "You're going back to the army?"

Chu Yu nodded and said, "Yes. Father said that he's almost done learning. It's time to go back. I can't keep troubling you." Chu Yu lowered her head again.

Chu Yu was very happy when she was here..

Chapter 292: This Book's Skill Is Not Serious (4)

Although she was a heartless person, she was especially free here.

There was no need to consider the various rules of the palace or the rules of the army. He was free and could do whatever he wanted.

Although Xu Bai had to take care of her and learn so many things every day, she was still quite happy.

He was really not used to the sudden departure of the Longs.

“Raise your head.” Xu Bai said.

Chu Yu raised her head immediately. Her eyes were a little wet.

“All good things must come to an end. Are you going back alone this time?” Xu Bai raised his eyebrows and said.

Xu Bai was still worried if Chu Yu went back alone.

Even though Chu Yu had learned a lot of experience during this period of time and had mastered it thoroughly, it was still a long journey. It was inevitable that she would be at risk if she were to walk alone.

He did not know how Chu Yu managed to run over alone.

Chu Yu hummed softly and said, “I’m not going alone. Father said that Eunuch Wei will be coming to Yunlai Mansion in a few days and has something important to announce.”

“Eunuch Wei?” Xu Bai was slightly relieved when he heard Chu Yu’s words. He repeated it subconsciously.

“A very old-fashioned old man.” Chu Yu gestured and described it in an exaggerated manner. “He’s the head of the eunuchs in the palace, but he’s especially old-fashioned. Sometimes, when his hair is messed up, he’ll scold him for half a day. Every member of the royal family has been scolded by him.”

Xu Bai was speechless.

In that case, he was really old-fashioned.

“However, Father didn’t say why he came to Yunlai Mansion.” “I have to go back with him anyway. It’s so boring.” Chu Yu wrinkled her nose.

Xu Bai smiled and said, “Actually, you can’t say that. Since you’ve learned something, you’ll naturally have to put it to use. When the time comes, you’ll be prepared to surprise His Highness.”

Chu Yu felt slightly better after hearing that. She waved her little fists and said, “The current Chu Yu is no longer the Chu Yu of the past. I am the shrewd Chu Yu!”

Xu Bai stroked Chu Yu’s head and said, “Alright, smart Chu Yu, go back and revise quickly. Since you’re leaving in a few days, I’ll prepare myself and teach you more in the next few days.”

Chu Yu’s face fell instantly when she heard that.

“Sob sob sob, I thought I could relax for two days.”

Under Chu Yu’s resentful gaze, Xu Bai pushed Chu Yu’s back and pushed her away.

Xu Bai was still waving his hand as he watched Chu Yu’s back view.

‘ Oh, the shrewd Chu Yu. Tomorrow’s classes will be doubled...

Chu Yu tilted her body and almost fell to the ground.

Xu Bai looked at Chu Yu's back and retracted his hand after she had left. The smile on his face gradually disappeared as he turned around and returned to his room to sit down.

He poured a cup of tea and took a sip. He placed the teacup back on the table and gently spun the teacup with his fingers.

"The head of the eunuchs came to Yunlai Mansion to announce a major event?"

Xu Bai thought more than Chu Yu, especially when he heard that he was the head of the eunuchs.

Now that the matter was basically over and the crisis in Yunlai Mansion was over, what was left was to reward them according to their merits.

After all, it was an extraordinary matter. It was normal for him to be rewarded according to his merits for ruining the Dark Tower's scheme.

According to the previous agreement, the Emperor would not say anything about recruiting, but Xu Bai felt that it would not be so simple.

The Emperor of the Great Chu State was a cunning old man. One could tell from his recent plans.

Some things had to be guarded against.

However, the problem now was very complicated. He did not even know what the other party's move was.

"Let's take it one step at a time. Let's see what the emperor will do first." Xu Bai thought to himself as he took another sip of tea.

After making up his mind, Xu Bai calmed down and took out the book Yun Zihai had given him.

The real harvest from these few days was this book.

The progress bar was almost full. According to Xu Bai's estimation, he would be able to harvest it in the time it takes an incense stick to burn.

As a professional, Xu Bai had a very accurate grasp of the time.

"Open the liver!" Xu Bai rubbed his face hard and began to work hard.

As time passed, the progress bar was finally full.

The pale blue smoke appeared in front of her eyes and gradually formed a line of text.

[You have studied the nameless book and comprehended a new bed technique!]

Xu Bai:

What was that?

Did I see wrongly?

What was this?

Xiao Jin, you've changed. You're starting to become indecent.

Looking at the words 'new bed technique', Xu Bai felt uncomfortable.

In fact, he already had a guess. After all, the content of this book was indeed interesting.

However, he still held onto a glimmer of hope. In the end, the reality was that his hopes were wrong.

“What do I want this for?”

“I took good care of my kidney, okay?”

Xu Bai, who could not help but complain, finally began to complain in his heart.

The light blue words disappeared and transformed into information that surged into Xu Bai’s mind.

However, before the process was complete, new words appeared.

Xu Bai was very clear about this situation. This was due to the fusion. Otherwise, it would not have happened a second time.

However, most of the fused skills were of the same type.

“I understand now. I still have an indecent skill.” Xu Bai swore in his heart.

Light blue smoke quickly gathered and new words appeared.

[Fusion option found. Fusion in progress.]

[Kidney Enhancement Technique + Chuang Di New Technique = Kidney

Enhancement Harvest Technique.]]

[Fusion successful..]

Chapter 293 - This Book’s Skill Is Not Serious (5)

A large amount of information entered Xu Bai's mind, and the latest attribute panel appeared.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Three Breaks (Level 4): Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.]

[Four Steps (Level 3): Maximum level.]

[Shifting Stars (Level 4): Maximum level.] [Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Paper Binding Essence (Level 5): Max Level.]

' Comprehension: Maximum level.'

When Xu Bai mastered this skill, he could not help but sigh in his heart.

"Although it looks very indecent, it's really not bad."

The original Kidney Strengthening Technique was a Tier 4 skill, corresponding to the Sixth Stage, and could store the True Essence Energy of the Sixth Stage.

And now, after the fusion of the two, the kidney harvesting technique could store fifth-grade True Core Strength. Although it was only an increase in grade, it was a qualitative change.

Most importantly, the previous kidney strengthening method had its drawbacks. It required a large amount of medicinal herbs to be stored inside, but now it was completely unnecessary.

The word "collection" was originally a new technique that could only be collected in a specific situation. Although it was called collection, it was actually beneficial to both parties.

However, it was different now. Not only in a special occasion, but even when he was walking on a daily basis, he could slowly collect True Core Strength from the surroundings and store it inside.

The speed was very fast. According to Xu Bai's calculations, it would only take about a day to store the Refined Qi of a Fifth Stage expert.

Very strong.

"Doesn't that mean that I'm already a Rank-5 now, and there's another Rank-5 added together?" Xu Bai rubbed his chin and thought to himself.

With this, he had a huge boost in his ability to fight a prolonged battle.

Xu Bai looked at the book in front of him. After savoring it for a while, he took out a brazier and threw it in.

The flames rose and the book gradually turned into ashes.

This was originally a gift from Yun Zihai. There was no need to return it. He had the absolute right to deal with it. In order to reduce the risk of his cheat being exposed, he directly set it on fire.

After the book turned into ashes, Xu Bai finally felt relieved.

“Hmm, the next step is to wait for the head of the eunuchs and see what kind of tricks he has up his sleeves.”

Time continued to pass. In the blink of an eye, a few days had passed. Xu Bai did not have any new progress bars to work on these few days. He was focused on training Chu Yu.

Ever since the number of classes increased, Chu Yu had been sighing. However, she was still very obedient and did not make a fuss. She only muttered a few words from time to time.

The class went on as usual today. Xu Bai was about to let Chu Yu go back to rest after the lesson when he heard the sound of flapping wings. A white carrier pigeon flew in from outside and landed on Xu Bai's desk.

Seeing this, Xu Bai raised his eyebrows.

He recognized the pigeon as a pigeon from Yunlai Prefecture, which was used to communicate with the Yin Posthouse.

When he saw this messenger pigeon, he already understood what had happened, but he still reached out and took the letter inside.

Opening the paper, a line of words appeared on it.

“Brother Xu, someone from the capital has sent an imperial edict to invite Brother Xu to come to Yunlai Manor immediately.”

It was written in Yun Zihai's handwriting, and the explanation was clear. It seemed that the head of the eunuchs, Eunuch Wei, had come.

Chu Yu was like a curious baby as she moved closer to Xu Bai. Her little head was moving randomly as she read the contents on the paper.

When she saw what was written on it, her small face immediately became bitter, as if she had suffered a great grievance.

"I'm going back..." Chu Yu's face was filled with sorrow. She did not know why she would make such a grand scene when she was just going home.

"Let's go. No matter what, we have to go and take a look." Xu Bai led Chu Yu out of the room and left the matter to Liu Er before rushing to Yunlai Mansion.

Since he was already here, he would meet him and see what he was up to.

The two of them did not stop along the way. When they arrived at the government office, they saw that the door of the government office was open. An old man in eunuch clothes stood inside.

The old man's hair was white and his face was wrinkled, but he had no beard and was bald.

On the surface, this old man looked very old, but his straight back and the divine light in his eyes could tell that this old man was not an ordinary person.

Yun Zihai stood next to him as if he was communicating with the old man.

Xu Bai walked in with Chu Yu. When the two of them walked in, the old man's ears twitched and he looked in the direction of the voice.

Eunuch Wei had come to deliver the news of His Majesty the Emperor. At the same time, he wanted to see what kind of person Xu Bai was.

As the Emperor's trusted aide, there were many things that needed to be done well, just like now.

When Eunuch Wei turned around and saw Xu Bai walking in, he was obviously stunned.

Of course, he knew Chu Yu who was beside him. After all, Chu Yu had been lectured many times in the imperial palace.

However, Eunuch Master Wei was more interested in Xu Bai.

“This person is not simple.”

When Eunuch Wei saw Xu Bai for the first time, these words instantly appeared in his mind..

Chapter 294 Twenty-One Progress Bar

At Eunuch Wei’s level, he could see many things clearly, especially whether a person had potential.

This was not ability, but experience.

From the beginning of the Great Chu Country, all those who had followed the Chu Emperor had started out in the midst of war.

Eunuch Wei was originally a normal man. However, because of a battle, he had fought against dozens of experts of the same level alone. In the end, he had suffered irreversible injuries and became like this.

At that time, Great Chu was established. Founding heroes like them had made immortal contributions to Great Chu.

The Emperor of Chu had wanted to confer a high official position on Eunuch Wei, but Eunuch Wei had refused no matter what. He was unwilling no matter what. Even when the Emperor of Chu was furious, he was unwilling to become an official.

In his words, he was already a eunuch. If he became a high official, wouldn’t he become a laughingstock?

Eunuch Wei had always followed etiquette since he was born.

It was a rule, a principle, and even a role model.

From then on, Eunuch Wei became the head of the eunuchs.

However, the people of the imperial court were very respectful to Eunuch Wei.

Even if a first-class official had a problem with etiquette and was scolded by Eunuch Wei in public, he would not dare to say anything.

There was no other reason. When a person set an example, others would have nothing to say, not to mention that this was a person who had given up countless fame and fortune.

Since then, the world had lost a powerful official of the imperial court, but the palace had gained a head eunuch.

As for how strong Eunuch Wei was, there was a world ranking that included Great Chu, Great Yue, and even the barbarian lands.

Eunuch Wei was ranked twenty-third.

In the past, dozens of experts had infiltrated the palace to assassinate him. That night, in the Chu Emperor's courtyard, Eunuch Wei carried dozens of heads and had the eunuch in charge drag them out to feed the dogs.

Old was old, but no one could underestimate him.

Someone once said that the Chu Emperor was extremely lucky, for these experts to be willing to bow down to him.

Only Eunuch Wei smiled disdainfully when he heard this and ignored it.

Such an expert, who could make a first-grade official in the palace not dare to speak, had such an evaluation of Xu Bai. If others knew about it, it would definitely cause a great uproar.

This was Eunuch Wei's intuition, and he had always believed in it.

"If that's the case, no wonder your highness wanted to throw a tantrum in front of His Majesty." Eunuch Wei thought to himself.

At this moment, Xu Bai walked in and met Eunuch Wei's gaze.

He looked at Eunuch Wei's slightly cloudy eyes and felt that the head of the eunuchs in the palace had an inexplicable emotion towards him.

"Hiss..."

It was said that when a man lost that thing, his personality would change a little. Could it be...

Xu Bai silently turned his gaze away.

"Brother Xu, you're here. This is Eunuch Wei from the palace. He's specially come to deliver the Emperor's secret edict." Yun Zihai also saw Xu Bai and hurriedly greeted him.

Xu Bai walked over and greeted him. He cupped his fists and said, "Greetings, Eunuch Wei."

Eunuch Wei nodded in agreement.

This appearance was originally normal, but in Yun Zihai's eyes, it was not normal at all.

“Eunuch Wei, who is extremely polite, how could he be indifferent to Xu Bai’s actions?” Yun Zihai was extremely puzzled.

He really didn’t have time to remind him. Even when he was writing the letter, Eunuch Wei was watching from the side.

He couldn’t talk about other people’s quirks in front of others, right?

“Lord Yun, are you very puzzled?” Eunuch Wei glanced at Yun Zihai. Yun Zihai was slightly stunned, then he said very honestly, “Yes, Eunuch Wei.”

“As the princess’s teacher, there is naturally no need to bow to me.” Eunuch Wei said slowly.

The princess’s teacher?

Yun Zihai’s face was filled with astonishment. He then turned to Chu Yu, who was hiding behind Xu Bai, and asked in astonishment, “I’ve never heard of a princess in the royal family. Could it be his highness?”

At this point, Eunuch Wei had already pointed it out, so Xu Bai simply admitted it.

“Brother Xu, you’ve been hiding it from me for so long.” Yun Zihai smiled bitterly.

He had guessed Chu Yu’s identity before, but he did not expect her identity to be like this.

“Hello, Grandpa Wei.” At this moment, Chu Yu cowered and greeted him.

All of the royal family members in the palace had learned etiquette from Eunuch Wei. From a young age, that kind of torture was simply ingrained in their bones.

A rare smile appeared on Eunuch Wei’s face. “The little princess should have gained a lot from this experience. In the future, she will definitely not make

His Majesty and His Highness worry anymore.”

Chu Yu nodded timidly. She was still very afraid.

Eunuch Wei retracted his gaze and shifted it to Xu Bai.””Lord Xu, this is a secret edict from His Majesty. According to the rules of Great Chu, there is no need to bow to receive the edict.”

As he spoke, Eunuch Wei took out a memorial from his bosom.

For example, the secret decrees of Great Chu were not made of cloth, but made of memorials.

When the memorial was taken out, Eunuch Wei’s aura changed, and it became deep into the sea.

“Prefecture Magistrate Yun Zihai, Prefecture Post Station Chief Xu Bai, accept the decree.”

Xu Bai and Yun Zihai looked at each other and cupped their hands.””I have received the edict of the State of Qi.

There was still etiquette, but there was no need to bow.

Eunuch Wei nodded and said,” The two of you have contributed greatly to the battle at Yunlai Mansion. You have made great contributions to Great Chu. We will now reward you according to your contributions.””

“Yun Zihai has made great contributions on this trip. He will be rewarded with a thousand taels of silver and a fourth-grade Cloud Climbing Brush.”

As Eunuch Wei finished speaking, a brush appeared from his sleeve and floated in front of Yun Zihai..

Chapter 295: Twenty-One Progress Bar (2)

This brush was like white jade, and there was a shimmering luster on it. It was obvious that it was not an ordinary item.

Yun Zihai took it with both hands and said, "Thank you, Your Majesty. Long live my Emperor.

Eunuch Wei didn't answer. Instead, he looked at Xu Bai and said, "Xu Bai has contributed greatly to this battle. We have decided to give Xu Bai the right to read the imperial family's treasure vault for a month. He can read any fourth-grade book he wants."

Xu Bai was speechless.

What?

He wondered if he had heard wrongly.

One month's reading rights?

Was the surprise so big?

Xu Bai was stunned when he heard the news.

If he could read a Fourth Stage book for a month, he would at least be able to read a few books.

This reward was completely in line with his requirements.

However...

Is there really a free lunch in this world?

Xu Bai rubbed his chin and thought, "You still want me to go to the capital.. ' There was already something he needed to go to the capital.

"Lord Xu?" Eunuch Wei saw that Xu Bai did not answer, so he asked, ""Do you have any doubts?"

"No, I haven't." Xu Bai reacted and said, "I understand. ""

Let's talk about it later and see what happens later.

Eunuch Wei hummed in acknowledgment and looked at Chu Yu. ""Little princess, come with me. I'll send you to the army."

Chu Yu replied with an 'oh'. She rolled her eyes and said, 'Young Master, come with us."

Before Xu Bai could reply, Eunuch Wei interrupted him, ""Lord Xu needs to set off in three days, and the route he takes is different from ours. Little princess, don't play around and lose your manners."

As soon as the words "etiquette" were said, the scene instantly fell silent.

Chu Yu shrunk her neck and lowered her head. "Alright then." After saying this, she turned her eyes and looked at Xu Bai.

"Come to the army to visit me often in the future."

Xu Bai nodded with a smile and agreed.

What happened next did not happen as Xu Bai had imagined. For example, whether there would be any disagreements. Everything went smoothly and peacefully.

Chu Yu followed Eunuch Wei and left for his father's army. Xu Bai was about to return to the Yin Posthouse alone when he was stopped by Yun Zihai.

"Brother Xu, I'm afraid that your trip to the capital isn't as simple as just going to read the books in the royal treasury. Yun Zihai naturally saw this. After pulling Xu Bai back, his face revealed a solemn expression.

This reward came out of nowhere. If it was Yun Zihai, it would be fine if he was rewarded with a few books, but why did Xu Bai have to personally go to the capital and read them in the imperial family's treasure vault?

Yun Zihai couldn't figure out what His Majesty was thinking and what plan he had.

"There are still three days left." Xu Bai said.

He would only set off three days later. During this time, Xu Bai could consider all kinds of clues to see if he could come up with a conclusion, even if it was a

vague one.

"I hope it's okay." Yun Zihai said.

"It's okay. I'll be leaving first." Xu Bai waved his hand and left.

After leaving the government office, he went straight to the Yin Posthouse and instructed Liu Er to take care of the Yin Posthouse during this period of time.

He sat on a chair and closed his eyes in deep thought.

After a long time, he opened his eyes.

He had a feeling that something was going on, but he couldn't figure out what it was.

It was impossible for the Emperor to make a move on him. If he really wanted to make a move, it was enough at Yunlai Mansion. Eunuch Wei could solve all the problems by making a move directly.

Since she didn't want to attack him, she must have other thoughts.

"Are you going or not?" Xu Bai pondered.

Although he had already accepted the secret edict, there were still three days. He could consider whether he should go or not.

After thinking for a long time, Xu Bai stood up from his chair and made up his mind.

– Go.

Not to mention anything else, just being able to read all the fourth-grade books in the imperial family's treasury in a month was already tempting.

What he lacked the most right now was a progress bar.

If he could stay for a whole month, it would definitely be a profit.

NO!

Xu Bai had already made up his mind when he suddenly thought of something.

Was it really a profit?

He was now a fifth-grade master, and most of his skills were at the fifth-grade. Although fourth-grade books were hard to find, they were not absolute.

As long as they found a place to stabilize themselves, they would at most be able to last a little longer. There was no need to take this risk.

“But if we don’t take the risk, we’ll have to find a place to hide. After all, directly defying the imperial edict seems to be quite a heavy crime.” Xu Bai thought to himself.

Receiving the decree and then defying it, the price of this operation was a little high.

“The Emperor is really good at this. On the surface, he gave me enough rewards, but he wants me to personally rush to the capital. On the surface, it makes sense, but the most important thing is that I can’t refuse.” Xu Bai placed one hand on his chin and played with the teacup on the table with the other.

On the surface, he had given him a reward, but who knew what he was secretly up to? Moreover, this reward was quite good on the surface. Most importantly, this was the emperor’s reward, so he could not refuse.

Just as Xu Bai was about to make a decision, he heard footsteps coming from outside the door.

“Who is it?”

This was the place where the station chief lived. No matter how bold the group of people outside were, they would not dare to step foot in this place.

He looked in the direction of the footsteps and saw Eunuch Wei walking in with

a kind face..

Chapter 296: Progress Bar

“Greetings, Lord Xu. It seems that Lord Xu hasn’t chosen the right direction yet, so I’m here to help you.
“After Eunuch Wei entered, he greeted Xu Bai politely. He stood in front of Xu Bai with his hands hanging by his sides.

Xu Bai silently placed his hand on Ghost Head Blade’s hilt and said, ““Why did

Eunuch Wei come to my small place instead of sending Chu Yu off?”

“The little princess is temporarily in a safe place. I came here mainly to tell Lord Xu something, and then I really left.”When Eunuch Wei saw Xu Bai put his hand on the hilt of his saber, he was not angry. Instead, he showed an expression of admiration.

He had seen too many young people, and he had also seen many so-called proud sons of heaven. He had even seen people who were extremely talented.

However, in his mind, those were just flowers in a greenhouse. After being carefully nurtured by their families or sects, they gradually became famous today.

In Eunuch Wei’s opinion, with the resources of the clan and the sect, even a pig with intelligence could take off.

But Xu Bai was different.

He had already investigated all kinds of information about Xu Bai. From the beginning to the present, this young man had always been fighting alone.

There might be some fortuitous encounters, but who didn’t have some fortuitous encounters these days? The most important thing was that this young man’s personality was very much to his liking.

He was brave and resourceful. Even in this situation, he still dared to fight. Just this point alone was something that many young people in the world could not compare to.

Most of the so-called Heaven's Favorites lost their composure after encountering him. Some of them could not even lift their weapons. However, this person was able to treat him calmly. From the looks of it, he still wanted to fight him to the death.

"If the younger generation of my Great Chu had Lord Xu's personality, then there would be no successors in Great Chu. Unfortunately, there are too few of them." Eunuch Wei said sincerely.

Was there anyone in the younger generation who could compare to Xu Bai?

The world was vast, there were definitely some, but there were very few.

Hearing Eunuch Wei's praise, Xu Bai's lips curled up slightly. "It is my honor to receive Eunuch Wei's praise. However, Eunuch Wei didn't come today just to praise me, right?"

"Of course not." Eunuch Wei raised his right hand. A medium-sized wooden box had appeared in his right hand.

After placing the wooden box on the table, Eunuch Wei pointed at it, indicating for Xu Bai to open it.

Xu Bai frowned and opened the box in front of him. When he saw what was inside, his frown deepened.

There was a map inside. It was a map of Great Chu. Under the map, there were 21 books.

When Xu Bai took out one of the books, he found that the progress bar was still in the wooden box.

Every book had a progress bar!

This situation was beyond Xu Bai's imagination. He was surprised. He opened one of the books and slowly closed it.

Next, he opened and closed each book, and finally slowly closed the lid of the wooden box.

“Isn’t Your Majesty’s reward a little too heavy?”

Inside the wooden box were the remaining parts of the Nameless Saber Scripture.

If the 24 Nameless Saber Scriptures could be combined into one, he would be able to enter the First Stage Realm.

“His Majesty said that you like doing business the most. Now, we are also discussing business with you. Since we are discussing business, of course, we have to have the corresponding capital.” “Can you accept this business?” Eunuch

Wei asked slowly.”

“It depends on the business.” Xu Bai picked up the map and found some places marked on it.

Eunuch Wei took two steps forward and pointed at the map.” “Lord Xu only needs to stop at these marked places on the way to the capital.”

Xu Bai stroked his chin and didn’t say anything. He looked straight at Eunuch Wei, and the meaning in his eyes was obvious.

Reason. He wanted to know the reason. After all, he couldn’t do things without reason.

“From the establishment of Great Chu until now, a large amount of time has already been spent. His Majesty has worked hard to govern the country and has managed everything in an orderly manner.” said Eunuch Wei.

“However, there is more than one Great Chu in this world. The current Great Chu has suddenly developed back then, but it has forgotten many places to make up for its loopholes.”

“The Great Chu that looks like a piece of iron actually has many wormholes in the depths. Therefore, we need to be ruthless and fill all the holes in our bodies.’

At this point, Eunuch Wei paused for a moment. It seemed that he was old and needed to slow down, but Xu Bai knew that the strength of this person in front of him had nothing to do with age.

He didn’t interrupt or interrupt Eunuch Wei, waiting for him to continue.

He knew what Eunuch Wei meant by the hole. It was none other than those people hiding in the dark of Great Chu, ready to overthrow Great Chu at any time.

However, he couldn’t possibly investigate everything that had anything to do with him. He wasn’t in this line of work, so how could he interfere?

“Lord Xu can be said to be in the limelight now. Putting aside other factors, just by solving the matter here, he has obtained the emperor’s favor, and this favor is known by others.” Then, the person hiding in the dark will never come out except for the huge benefits,” Eunuch Wei said.” And now, the benefits are here.”

Xu Bai narrowed his eyes.

He finally understood that the main purpose of this journey was not to end up in the capital, but to be on the way..

Chapter 297: Twenty-One Progress Bar

It was actually very simple why he was on the way.

He was now famous, and even the emperor offered a huge price to let him enter the capital to meet the emperor.

Some people wanted him to go, while others didn't want him to go.

Those who didn't want him to go would naturally use all means to stop him.

Otherwise, when Xu Bai really arrived, the Emperor would have a powerful assistant.

As for those who tried to stop them, they could not be found at first. However, with Xu Bai's actions along the way, they were only waiting for them to be pvnnqpd and then linrnntpd the F.mnprnr of Great C.hll

"Your Majesty's plan is truly amazing." Xu Bai said.

"Of course." Eunuch Wei nodded as if it was natural. He slowly placed his hands behind his back and looked at Xu Bai seriously. Without even blinking, he asked, "In that case, does Lord Xu agree? If he agreed, he would give the remaining Nameless Saber Scripture to Lord Xu."

Xu Bai stroked the surface of the wooden box and said, ""This is something that no one can refuse."

As mentioned earlier, since it was a business deal, then there must be the capital to do business. The other party had already handed over the capital, and Xu Bai naturally accepted it happily.

The Emperor had already collected all the remaining books of the Nameless Saber Scripture, which was equivalent to saving Xu Bai a lot of time. If he could complete the remaining progress bar of the Nameless Saber Scripture, he would advance to Rank-I.

As the saying goes, wealth comes from danger. When the benefits of something were big enough, the risk was worth it.

Eunuch Wei heard Xu Bai agree and said, ""Lord Xu, don't worry. Those old monsters won't dare to make a move, because once they do, they will be completely exposed. If they really make a move, we will act in time."

The meaning behind his words was already very obvious. The most important thing in this step was to eliminate those extra hands and feet.

“Then what about the fourth-grade books for a month?” Xu Bai felt that there was still room for negotiation.

“Of course we will fulfill this reward. After all, it is indeed what Lord Xu deserves. The books in your hands are only for our business.” said Eunuch Wei.

“Eunuch Wei is really an honest person,” Xu Bai said with a smile. “Since you all think so highly of this matter, I’ll agree.”

“Good, brave and decisive, not a sloppy person.” Eunuch Wei praised, “Your appearance will probably make the younger generation of this world feel insecure. I’m very happy to see that kind of scene. Since you’ve agreed, I’ll take my leave. I have to send the little princess to the military camp immediately.” “I won’t send you off.” Xu Bai cupped his hands.

Eunuch Wei finished what he had to do and left without saying anything else.

Xu Bai had been watching the direction Eunuch Wei had left in until he could no longer see him. Then, he slowly retracted his gaze and looked at the wooden box on the table.

“Good stuff.”

There was nothing that he liked more than the progress bar, and now there were twenty-one progress bars at once. They might all be fake.

Xu Bai walked to the door and shouted, “Liu Er.”

Liu Er, who was patrolling near the Yin Posthouse, hurriedly ran over. “My lord.”

“Come into the house with me. I have something to instruct you.” Xu Bai said.

Since he had decided to go, he would arrange everything here before leaving to prevent others from stealing his house.

Xu Bai's voice rang out in the quiet room.

Time flowed like water.

Life was like a beautiful journey. In this journey, anything could stop and wait for you, but time would not.

In the blink of an eye, three days had passed.

"Brother Xu, the journey is long. Take care." Yun Zihai stood at the entrance of the Yin Posthouse and cupped his hands.

Xu Bai was carrying a wooden box and a bag on his back. He had a paper figurine hanging from his waist. He smiled and said, "Don't make it sound like we're separated by life and death. I'm only going for a trip."

"Sir, the horse is here." Liu Er led a good horse to Xu Bai.

Xu Bai used to be a bodyguard. Although he was not good at horsemanship, he could at least ride a horse.

Taking the reins from Liu Er's hands, Xu Bai mounted the horse and looked back at the Yin Posthouse.

"Alright, it's getting late. Go do what you have to do. I'm leaving."

He didn't say anything else, nor did he say anything like "once a strong man leaves, he won't return". He turned the reins and rode away.

Yun Zihai looked at Xu Bai's back until he was gone before he retracted his gaze.

Yun Zihai's voice rang out in this quiet place.

"Now is the time for a fish to leap into the vast sea. I wonder what kind of storm Brother Xu will set off this time?"

On this side, Xu Bai was rushing toward his destination. Meanwhile, in another place, different voices were heard.

"Oh? Had the young man who rose up in the martial world already rushed to the capital?"

"Good, good, good. If that's the case, it's a great opportunity for me."

"Hehe, the Emperor of Great Chu wants to recruit another talent with potential.

I have to stop him."

"Men! Men! Find out this person's route. You have to be fast!"

There were all sorts of voices in different places, but they all had the same goal.

Other than these places, in a luxurious hall in the capital. One of the rooms was tightly shut, and a hazy light lit up inside..

Chapter 298: Twenty-One Progress Bar (5)

A young woman slowly took off her gauze clothes and walked into the pool in front of her.

In the pool, there was clean and warm water, with unknown petals floating on it.

The young woman had a gentle and beautiful appearance. Her figure was hot as she lay in the water. Beside the pool, her black hair was soaked in the water and slowly spread out, covering the infinite scenery in the water.

But even so, the smooth and fair shoulders that were exposed to the water's surface could not help but make people sway. Looking down, they were faintly discernible between the water's surface, making them look even more mature.

Another pair of fair hands appeared and gently placed on her intoxicating shoulders, slowly kneading them.

Princess Nine closed her eyes and enjoyed the massage from behind her. Suddenly, she said, "Qingxue, your heart is in a mess. Is it because that man is here?"

Qing Xue, who was massaging the Ninth Princess's shoulders, paused for a moment and shook her head.

"Princess, you've misunderstood. Ever since she became your maid, Qingxue has long cast aside her worldly feelings."

"Then why are you hesitating?" The Ninth Princess held Qing Xue's hand and pulled her closer.

Qingxue lowered her head. "Qingxue is thinking that if he comes, the sky in the capital will probably change."

The Ninth Princess fell silent. After a moment, she said, "If he can, you can

receive him."

Qing Xue nodded gently.

“Continue,” said the Ninth Princess.

She was soaking in the water, her slender legs slightly curled up, and no one knew what she was thinking.

On the other side, in another palace in the imperial palace.

“Your Highness, Xu Bai is definitely not an ordinary person. Since he wants to come, we must treat him well.”

Zhou Qing, who had once fought against the Eighth Prince with Xu Bai, stood before the Sixth Prince and resolutely proposed his idea.

As one of the Sixth Prince’s brains, he felt that he had to raise this idea.

Although the Emperor had already lifted the restrictions on the members of the royal family, Zhou Qing still felt that he had to be on good terms with Xu

Bai.

He still couldn’t forget what he had seen and heard that day, especially Xu Bai’s devilish figure, which didn’t lessen his shock at all.

Prince Six frowned.” I still have more talents to recruit now. I really can’t take care of him. If he comes, just recruit him casually. If he doesn’t agree, we just don’t offend him. After all, he was rewarded by Father.”

“Sigh...” When Zhou Qing heard the Sixth Prince’s words, he knew that his Highness had already made up his mind. He did not say anything else. He just felt that it would be a pity to lose such an opportunity.

Xu Bai, could it really not work?

No, Zhou Qing believed that even in the capital, it would be difficult for any young man to be a match for him.

“I hope Your Highness is right.” He thought to himself.

The dragon gave birth to nine sons, each of them different.

Other than the Eighth Prince who was schemed against by the Emperor, every member of the Imperial Family had their own thoughts.

In another hall, the Seventh Prince slammed the table with a gloomy face.

“Good, you’re finally here. I sent someone to invite you, but you died inexplicably. Although I can’t find evidence that you did it, you’re definitely involved.”

Beside him, his subordinates stood where they were, not daring to make a sound.

After waiting for a long time, a scholarly-looking person mustered up his courage and walked out of the crowd.

“Your Highness, since Xu Bai was invited by His Majesty, it’s better for us not to touch him.”

It would be fine if it was someone else who moved, but if it was a member of the royal family who moved brazenly, it would probably cause a big problem.

However, seeing the Seventh Prince’s angry expression, this person thought for a moment and added, “Even if we want to move, we have to wait until he finishes reading for a month.”

As long as Xu Bai took the reward from His Majesty, it would be more reasonable.

“Good!” “ In that case, come up with a good plan for me.” The Seventh Prince said.” If he dares to touch my people, I will definitely not let him off!””

“Yes, sir!” Everyone hurriedly replied.

Everyone in the royal family had different thoughts.

However, no matter what these people thought, they could not stop Xu Bai’s progress.

Time continued to pass, and in the blink of an eye, several days had passed.

Xu Bai had already approached a Yin Posthouse, planning to rest there for a while.

During this period of time, he did not rest. Even when he was riding a horse, he would check the progress bar from time to time. After all, he did not have to read it seriously. He only needed to focus on it.

Although riding a horse like this was a little unique, at least it could increase the progress bar while being safe.

One of the nameless saber scriptures was almost full. Xu Bai estimated that he would be able to complete it in less than a day or two.

In fact, he did not feel tired. After all, he had been riding a horse the entire time. With his current body, this little bump was nothing.

However, the horse couldn’t run anymore. If it didn’t rest, it would be like killing the goose that laid the golden eggs.

Fortunately, the Yin Posthouse built by Great Chu was very complete. It did not take long for him to arrive inside.

Xu Bai found a spot and sat down. He took out the map and ate a few mouthfuls of dried food.

After paying some money and getting the best fodder for the horses, he did not care anymore.

According to the marks on the map, he was not far from the first mark.

After resting here, there was no need to rest at the next place. He directly arrived at the first marked position.

Xu Bai thought as he watched.

At this moment, he felt a figure moving in front of him. When he raised his head, he frowned..

Chapter 299: Encounter After Encounter (1)

This Yin Posthouse wasn't big, but it was quite small.

There weren't many people in the Yin station, only four or five of them were setting up stalls.

Other than that, there was only Xu Bai who was an outsider.

When Xu Bai sensed something strange, he raised his head and saw more than ten people coming in.

These people led their horses and entered the Yin Posthouse. After tying up their horses, they began to find a place to rest.

However, anyone with discerning eyes could tell that these people knew each other.

They didn't seem to want to hide it and were just going through the motions. They exchanged glances with each other in a rather conspicuous way.

Xu Bai's gaze swept past the waist of the man and his eyes narrowed.

Each of them had a long sword hanging at their waist. Although the style of the long sword was different, they were all the same weapon.

"Twelve." Xu Bai roughly counted and took another bite of dry food, pretending not to care.

His current situation was special, and he had encountered something special.

He would wait and see.

Among the twelve people, the leader was a man about thirty years old. He wore a low-key cotton shirt and looked very ordinary.

After he entered the Yin Posthouse, he glanced at Xu Bai subconsciously and then continued to rest, as if he didn't take Xu Bai seriously.

Xu Bai had been eating while thinking.

After a while, he finished the rest of his rations and stood up.

Initially, he had been observing whether the other party was here to kill him, but now it seemed that they were.

The reason was none other than the glance the leader had given him at the

beginning.

His gaze was very calm, and it didn't even linger on Xu Bai.

Perhaps this kind of gaze was nothing in normal times.

But this was the Yin Posthouse, and Xu Bai was the only one in the Yin Posthouse.

If it was a normal person, they would at least look at it for a while. After all, it was the only one who was not a courier.

However, the man in the lead swept his gaze over them and pretended to be careless. He was acting too much.

Of course, this was just Xu Bai's guess. He might have guessed wrong, but it was not a big problem.

He was leaving anyway, so he just had to be careful.

Thinking of this, Xu Bai walked to his horse and rode away from the Yin Posthouse.

After Xu Bai gradually left the Yin Posthouse, the twelve of them looked at each other.

Someone couldn't help but ask, "Boss, why aren't we attacking?"

Before he could finish speaking, he was interrupted by the leader. "Are you tired of living?"

What kind of place was the Yin Posthouse? No matter how small the Yin Posthouse was, it was still part of Great Chu.

Their goal was not the Yin Posthouse, so it was better to avoid trouble.

At this point, the leader made a gesture and said, "Follow them, wait until they reach a quiet place, and then directly make a move."

"Yes, sir!" Everyone nodded and rode their horses, chasing after Xu Bai.

Outside the Yin Posthouse.

The leader looked at the empty wilderness and frowned.

They had waited for a while, but Xu Bai was nowhere to be seen. Fortunately, there were still hoof prints on the ground.

"Follow the hoof prints." The leader said.

"Yes, sir!" The other eleven people agreed and chased after the horse prints.

After passing the Yin Posthouse, there was a vast wilderness. Twelve people rode on horses and galloped through the wilderness.

The leader followed the horse tracks. The further he chased, the more he felt that something was wrong.

The feeling of unease continued to spread.

Just like that, they chased for about the time it takes for an incense stick to burn before a withered tree appeared not far ahead.

Beside the withered tree, there was a horse.

"It's Xu Bai's horse!" The leader was stunned for a moment before he reacted. "We've been tricked!"

There was only one horse left in the wilderness. This undoubtedly meant that the other party already knew about their matter.

“Alert!”

The leader shouted.

The remaining eleven people reacted quickly as well. They got off their horses and stood in different positions, looking around vigilantly.

Everyone was standing in a different position. When they found their respective positions, they gave off a feeling of being like iron buckets.

Formation!

These twelve people were using a unique formation.

When the array was just formed, a voice sounded in the wilderness.

“I was wondering what kind of ability he had. So it’s a formation. No wonder he dared to chase after me.”

The leader was shocked. He looked in the direction of the voice and saw Xu Bai standing not far away, looking at them with a mocking expression.

“Kill them!”

Since he had already been discovered, he no longer hid it and shouted loudly.

The remaining eleven people followed behind the leader and chased after Xu

Bai at an extremely fast speed.

Even though it was extremely fast, it was still not disrupted.

Murderous intent rose from their bodies, making this desolate wilderness seem unusually somber.

Xu Bai looked at the 12 people rushing over and smiled. He extended his right index finger.

He pointed his index finger at the sky, and the purse on his waist began to shake violently.

In the next moment, countless copper coins flew out of the money pouch and revolved around Xu Bai as if they were alive.

“Whoosh!”

The sound of air being torn apart rang out, and it was especially clear in the wilderness.

As the first copper coin flew out, the remaining hundreds of copper coins seemed to have received an order and all flew towards the twelve people.

Hundreds of copper coins flew in the air, and the scene was extremely shocking.

“Defend!”

Seeing this, the leader shouted.

The 12 of them changed their formation, from the initial sharp knife shape to a semicircle.

The first few dozen copper coins were picked up by the long sword and changed their direction.

The twelve of them brandished their swords in succession, and they did so in an airtight manner..

Chapter 300: The Successive Encounters of the

The tinkling sounds continued to ring out like a piece of music in the wilderness.

“Get closer!” the leader said.

The speed at which they brandished their swords became even faster. They were pulling away from Xu Bai.

The copper coin that had been sent flying, with the support of Hui Fengliu and Xue, turned around and attacked again.

Then, a dramatic scene appeared.

These twelve people were stopped by the copper coins that came at them again and could no longer enter.

The copper coin seemed to know no exhaustion. After being swept away, it continued to attack.

It was wrapped in black light and occasionally released strong winds, especially the strong winds of hundreds of copper coins. These twelve people could only encourage themselves to maintain their defense.

The leader was stunned.

This... Was he really just a Level Seven expert?

“There must be a mistake in the information!” The leader said angrily, “How long has it been? There hasn’t been an update. Is Pigeon Building a vegetarian?””

Just based on his ability to control the copper coins, the leader was already numb.

This thing was completely unstoppable.

The other party was still standing on the spot and did not move. If he moved, they would probably be defeated immediately.

“Pigeon House?” Xu Bai raised his eyebrows. Just nice.”

The sudden name proved that the other party seemed to know something. Thinking of this, Xu Bai raised his Ghost Head Blade and slashed out a gust of wind.

With the addition of the astral winds, the twelve people, who could barely resist, instantly broke through their defenses.

Countless copper coins passed through the bodies of these twelve people. In the blink of an eye, dense bloody holes appeared on their bodies and they lay motionless on the ground.

Xu Bai waved his hand, and the copper coin stopped. However, it did not return to the money pouch. Instead, it floated around vigilantly.

The twelve of them didn’t die. Xu Bai spared their lives.

They were lying on the ground and enduring the pain, unable to stand up again.

Xu Bai walked up to them and looked at them with interest. He said to the leader, "Tell me, who sent you here, and what is Pigeon Tower?"

Everyone present remained silent.

Xu Bai had expected this. After all, not everyone would answer their questions.

"There's not much left. I'll ask Qingxue for more when I go to the capital this time." Xu Bai took out a bottle of medicine. It was the extremely painful medicine he had taken from Qing Xue for interrogation.

Looking at the twelve silent people in front of him, Xu Bai rubbed his chin.

"Who should I choose?"

His gaze swept past the faces of the people in front of him and then stopped in front of a person.

Just now, this person had revealed a trace of fear when his gaze swept past him.

Scared?

That would be easy.

The reason why Xu Bai left twelve lives was for this moment.

If one person was left behind and this person happened to be a tough guy, it would be a huge loss if he could not get what he wanted.

Things were different now. With weak people, everything became simple.

“You don’t want to suffer, do you?” Xu Bai shook the medicine and walked up to the person. He said calmly, “If you take this medicine, you will feel endless pain. It’s like thousands of ants biting your body, but you won’t die.” As Xu Bai recounted, the fear on the man’s face grew.

The leader also saw this scene and shouted, “Twelve! I can’t tell you!”

After hearing the leader’s words, the people who had shown fear at the beginning gradually calmed down.

Xu Bai only smiled at this. He walked up to the leader and stepped on his mouth.

“Kacha!”

The crisp sound of bones breaking could be heard. The leader’s chin was crushed by Xu Bai’s foot, and he let out a miserable howl.

Xu Bai took out a pill and threw it into the leader’s mouth.

The next moment, the screams stopped abruptly.

“When the pain reaches a certain level, he won’t be able to cry out.” Xu Bai held the medicine bottle and explained patiently like an experimenter.

Seeing this scene, fear appeared on the face of Twelve once again.

Especially when he saw the leader’s pained expression and Xu Bai’s calm appearance, a strong contrast was formed.

At this moment, Twelve finally couldn’t hold it any longer. His entire body trembled violently.

“Your name is Twelve, right?” Xu Bai said slowly.

“Please, give me a quick death. I’ll tell you everything!” Twelve’s voice was trembling. She was extremely afraid.

“Idiot!” “Trash!”

“Coward!”

The surrounding people all started cursing, expressing their disdain.

Being scolded like this, Twelve lowered his head, feeling extremely ashamed.

Xu Bai didn’t feel anything and said in an extremely calm voice, “Why would a living person bother with a bunch of dead people?”

There was a hidden meaning in his words, and Twelve could hear it.

“Please tell me. Can I live?” Twelve said excitedly.

“As long as you tell me honestly, I will let you live.” Xu Bai said with a smile.

“I’ll talk! We are assassins from the Purple Wood Mansion. We come from the Pigeon Tower of the Purple Wood Mansion. Pigeon Tower is...” Twelve began to explain slowly.

As Shi Er explained, Xu Bai gradually understood.

Pigeon House was built in the Purple Wood Mansion.

The Purple Wood Mansion was Xu Bai’s first location on this trip.

In this world, it was normal to have an assassin organization. The so-called Pigeon Tower was the assassin organization of the Purple Wood Mansion.

They only took care of the matters around the Purple Wood Mansion and also the matters of the Jianghu people.

Pigeon Lou was very smart. He would not touch the officials of the imperial court and not ordinary people. After all, in Great Chu, these two things could not be touched..
