

## Unparalleled 311

### Chapter 311: Xu Bai: This Isn't Good Even if I Add Money (3)

The young man in front of him was wearing ordinary clothes and carrying a longbow on his back. He stood in the middle of the road.

He was handsome and had decent facial features, but the longbow on his back was abnormally exaggerated. The two ends of the longbow were sharp, and it could obviously be used as a melee weapon.

"Have you thought it through today? He actually used his true appearance to meet me. I didn't expect that." Xu Bai said with a smile.

Xu Bai had seen this young man with a longbow last night.

It was just that this person did not reveal his true face last night, but today he did.

The young man sighed and said, "It's broad daylight. It's too ostentatious to wear night clothes. Fortunately, I'm prepared.""

As he spoke, the young man reached out and wiped his face. He had already changed into another appearance.

"Disguise?" Xu Bai narrowed his eyes slightly. "It seems like you've been prepared. You have a way to stop me today?""

This was not his true face. Although the young man had changed his face, who knew if this face was real or fake?

"Lord Xu, I have already said that I did not oppose Lord Xu. Last night, I merely saw injustice on the road." The young man took down his longbow and said stubbornly.

“Then get lost. Don’t stand in my way.” Xu Bai pulled out his blade and pointed it at the young man.

“If Lord Xu returns, nothing will happen today. If you don’t return, you can only let me stop you.” The young man shook his head and said.

Xu Bai smacked his lips. This matter had become even more complicated.

In his opinion, even if this young man was not the mastermind, he was related to the mastermind.

But today, the young man did not give in and only asked her to go back.

If it was really the person behind the scenes, he would definitely kill him directly. However, if he only wanted him to return, the identity of this person was uncertain.

“Who are you and what is your purpose?” “I’ll only give you one chance,” Xu Bai asked again. “If you don’t answer, I’ll beat you half to death.”

The young man shook his head and said, “I’m just a passerby who sees injustice. Since Lord Xu likes to fight, I’ll take a few moves.”

As he spoke, the young man raised his bow.

Seeing that the young man did not say anything more, Xu Bai already understood.

He exerted a little force on his feet, and he was already flying in the air. At the same time, the money bag at his waist moved, and countless copper coins flew up.

The three forms of Broken Break were used, and sharp gales rose in all directions.

Countless copper coins were also wrapped in strong winds, blocking the young man.

When the young man saw this scene, his pupils constricted slightly. “As expected of Lord Xu.”

Then, he pulled the bowstring.

There was no arrow on the bowstring, but as the young man pulled it, a green arrow appeared in the next moment.

“Clang!”

The young man ignored the attacks around him and released the bowstring, making a soft sound.

The green arrow flew out.

A strong gust of wind blew, carrying the green arrow.

The copper coins and the wind were blown away by the strong wind and lost their direction.

This arrow was like a shooting star, heading toward Xu Bai’s hand that was holding the saber.  
“Attacking?”

Xu Bai frowned.

This young man didn’t attack his vitals directly. Instead, he attacked his arm.

He didn’t have any killing intent.

However, at this moment, he could not care so much.

I don't care if you have killing intent or not, as long as I do.

It was a good plan, but a fool appeared out of nowhere. How disgusting.

With a slight step, Xu Bai used the Second Shift of Breaking Movement and instantly dodged the green arrow.

At this moment, the jade green arrow suddenly shone brightly and exploded with a boom.

Cracks appeared on the Diamond Heart Devil Body's black light. Xu Bai felt a tightness in his chest, but fortunately, he was fine.

The young man had already nocked his second arrow. Just as he was about to shoot, Xu Bai's saber arrived.

This saber move was extremely fast, and the astral winds were pulled into a thin line.

The young man knew that he could not shoot a second arrow, so he could only give up and raise the longbow in his hand.

A green light covered the longbow, and in the next moment, the longbow and Ghost Head Blade collided.

"Boom!"

The loud noise spread throughout the entire forest.

With the two of them as the center, the wind swirled with sand and dust, breaking the surrounding trees.

"A master of the flow." Xu Bai said.

“Thank you for your praise, Lord Xu.” Sweat appeared on the young man’s forehead.

This was true. To be able to fight back and forth with Xu Bai, this person was also one of the top experts among Rank-5.

After the longbow blocked the blade, it immediately turned around and swept toward Xu Bai.

The young man knew very well that it was impossible to pull away from him.

If an expert like Xu Bai only wanted to increase the distance between them, he would end up in a very miserable state. It was better to directly engage in close combat!

“Dang!”

In the quiet forest, a series of tinkling sounds rang out.

In the blink of an eye, the two had exchanged dozens of moves. Xu Bai looked calm, but the young man was sweating profusely.

A crack appeared between his thumb and forefinger. The opponent’s saber could pierce through armor and traveled along the longbow. Every move was a blow.

“How long can you last?” “ You can still fight me with your bow and arrow if you pull away from me,” Xu Bai said with interest.” If you can’t pull away from me, then just wait for your death.”“

“As long as Lord Xu returns, I will leave.”the young man said.

“Alright, you’ve only experienced my saber technique. Now, let’s begin to experience the next one. “Xu Bai waved his hand, and copper coins appeared again.

He did not use the copper coin to attack earlier because he wanted to see if the other party had any helpers. He deliberately exposed his weakness. Now, it seemed that the other party did not have any helpers..

Chapter 312: Xu Bai: This Isn't Good Even if I Add Money

There was no use in keeping it.

When the young man saw the copper coin appear, his face turned even paler.

However, he still gritted his teeth and continued to persevere.

The copper coin brought along the strong wind as it quickly approached. Just as the young man was about to disappear, a voice suddenly sounded.

“Lord Xu, please hold back!”

This voice was very familiar. He had heard it not long ago.

Xu Bai let go of Ghost Head Blade and took a step back. He looked at the newcomer and said in an unfriendly Xiaoshan, I'll give you a chance to organize your words. If I'm not satisfied, then the two of you can leave.” His words were filled with killing intent.

Xiao Shan, the young master of the Jiqiao Pavilion, was about to speak when he heard Xu Bai's words. His face turned pale.

He stopped, bent down, and bowed.”Lord Xu, he is my sworn brother, Ji Xiaojian. He is my father's adopted son. When he was young, he read too many novels and couldn't stand any injustice.”

As he spoke, he glanced at Little Arrow. Seeing that Little Arrow's face was pale, he could not help but heave a sigh of relief.

Fortunately, he arrived in time. Otherwise, it would have been gone.

He knew his brother very well. He had been influenced by novels since he was young. He had already fallen into a trance and wanted to do chivalrous things all day long.

“Is that what I meant?” Xu Bai’s gaze became colder and colder. “Justice has gone too far. It doesn’t matter if I kill the Miao family. What’s the meaning of killing the old monk? Also, what’s the meaning of stopping me today?”

Xu Bai’s killing intent grew stronger with every word he said. He was about to draw his saber again.

Ji Xiaoshan quickly signaled with his eyes for Ji Xiaojian to speak.

Ji Xiaojian was stunned. He then reacted and explained, “When I saw that the courtyard was filled with dried corpses and that it was the old monk’s doing, I became even angrier. I wanted to kill him. As for why I stopped him again...’ At this point, he was a little hesitant.

“Because those people are all evil people, and they came here by relying on Lord Xu. If Lord Xu doesn’t leave, we can lure them out, and I can also uphold justice.”

After he finished speaking, the surroundings became quiet, and not a single sound could be heard.

However, Ji Xiaoshan could feel that the atmosphere was getting heavier and he quickly said, “Lord Xu, you should know my purpose. I won’t do something like taking off my pants and farting. My adopted brother is just like that. He’s very stubborn and straightforward. Lord Xu, on account of Wu Hua, why don’t you...”

He was only halfway through his sentence when Xu Bai slowly walked up to Ji Xiaojian.

To everyone’s surprise, Xu Bai slapped Little Arrow’s face.

The little arrow tilted to the side and froze for a second before reacting. "A warrior can be killed but not humiliated! I was only doing a righteous thing. Why did you hit me? It's fine if you don't understand, but why did you hit me?"

"Chivalry your mother! Idiot!" Xu Bai even said the curses from his previous life. He said, "Do you know what my motive is? With your ruckus, even your sworn brother has come out!"

Since the people hiding in the dark dared to make a move, they must have spies.

Previously, Ji Xiaoshan had been looking for him at the inn, so he must have

avoided him.

In the end, Ji Xiaoshan rushed over in a hurry today, which was equivalent to a big exposure.

Ji Xiaojian was slightly stunned, but he quickly reacted and looked at his brother.

Ji Xiaoshan nodded with a bitter smile, meaning that it was true. He had been exposed today.

If it wasn't for his status, he would have slapped his brother too.

Too not dry personnel, too one person, destroy a game of a game.

It wasn't easy to set it up, but now it was all gone.

"Pa!"

This time, he didn't throw a tantrum. He just lowered his head silently and didn't say a word.

Xu Bai was still angry and continued to fan.

A series of slapping sounds rang out, especially clear in the forest.

Ji Xiaoshan didn't stop him. He knew very well that his brother deserved a slap.

Little Arrow kept shaking its head. It didn't fight back, nor did it say anything. It just silently endured the pain.

After a few minutes, Xu Bai retracted his hand and looked at the swollen little arrow. "Why didn't you fight back?"

"I did something wrong. I deserve to be beaten." Little Arrow finally stopped talking.

"Ha, you're still a man. Not bad." Xu Bai nodded and looked at Ji Xiaoshan, "Take your brother and get lost!"

"Then our..." Ji Xiaoshan was stunned.

"No." Xu Bai said, "I didn't kill your brother because of Wu Hua. You should know that I can't keep giving him face. Even if Wu Hua is here, he won't stop me, understand?"

Ji Xiaoshan didn't know whether to laugh or cry, but he was too unwilling to leave just like that.

The Jiqiao Pavilion had wasted a precious treasure to find out the emperor's intentions. If they failed now, wouldn't they lose both their lives and money?

If he wanted to rise, he could only rely on the Emperor. But now, it seemed that he had to get past Xu Bai first.

NO!

No matter what, he could not give up this opportunity.

“As long as Lord Xu can forgive our rashness.” Ji Xiaoshan closed his eyes and gritted his teeth. “No matter what you want us to do, we will agree!” As soon as he said this, he seemed to have lost all his energy.

In his opinion, this condition would definitely move him.

Although the Jiqiao Pavilion was not as good as it used to be, it was still one of the best in the Purple Wood Mansion.

Even if the conditions proposed by the other party were more deceptive, he was still willing.

There were some things that one had to pay the price for doing wrong. No matter how big the price was, one had to bear it even if they gritted their teeth..

Chapter 313 Xu Bai: This Isn't Good Even if I Add Money

“Oh?” Xu Bai stroked his chin and said thoughtfully, “If that's the case, then it's a business deal. Then everything will be easy.”

Ji Xiaoshan opened his eyes and said, “As long as Lord Xu says the word, even if it means a mountain of knives and a sea of fire, we will go.”

“It's not that bad, it's not that bad.” Xu Bai waved his hand, as if he had changed his character into a businessman. “I want all the secret manuals of your Jiqiao

Pavilion. How about it?”

Box

The matter had already happened and could not be changed.

The appropriate fishing back to the cost of the time to the time to the time to dry things.

Ji Qiao Pavilion. The name suggested that it was related to mechanisms. Xu Bai had never learned this before, so of course he was interested.

Hearing this, Ji Xiaoshan was stunned for a moment before saying, "However, my Jiqiao Pavilion only has a fifth-grade secret manual left. Other than that, there's nothing else."

"Including his, he's a martial artist, right?" Xu Bai pointed at Little Arrow.

Ji Xiaojian's face was swollen. Hearing Xu Bai talking about him, he nodded and said, "Reporting to Lord Xu, I am a martial artist. Because I have no talent in the Jiqiao Pavilion, I have cultivated a longbow technique that I accidentally obtained. If Lord Xu needs it, I am willing to give it to you. I only hope that Lord Xu will forget about the past.'

As long as it could be salvaged, he would give anything.

"Good!" "Great!" Xu Bai waved his hand. Tomorrow, I want to see your books. If you don't see them, you know the outcome."

Hearing this, Ji Xiaoshan and Ji Xiaoshan nodded repeatedly to show that they understood.

"I'm leaving." Xu Bai didn't waste any time. He turned around and rushed toward the Purple Wood Mansion.

He didn't choose to leave again. After all, with what Little Arrow had done, if the other party had spies, they wouldn't attack easily.

Fortunately, the other party only knew that he had a relationship with the Jiqiao Pavilion and did not know the Emperor's intentions. There was still room for negotiation.

After Xu Bai left, the place was quiet, leaving only Ji Xiaoshan and Xu Bai. "Brother, I was too rash this time," Ji Xiaojian said with a bitter smile."

"It's good that you know!" Ji Xiaoshan's eyes widened." Lord Xu is magnanimous. He only made these two requests. If it was someone else, who knows what kind of huge request he would make. You should feel lucky. Otherwise, if Father finds out about this, we won't be able to bear the consequences. "

Ji Xiaojian nodded repeatedly." That's true. Lord Xu did not ask for an exorbitant price. He's really different from the rumors. We should learn from him.

In their eyes, Xu Bai was deliberately giving them a chance. Otherwise, why would he make such a simple request?

The Jiqiao Pavilion cultivated essence energy. Although they all knew that Xu Bai was cultivating more, it was no secret in the martial world.

However, they thought that even if Xu Bai cultivated more, he couldn't cultivate one more. After all, if he cultivated more, he would really become ordinary.

As for Ji Xiaojian's martial arts manual, that was reasonable.

Therefore, they thought that Xu Bai was being magnanimous and giving the Jiqiao Pavilion a chance.

"When you return, report to father truthfully that Lord Xu has given our Jiqiao Pavilion face, so he is a friend of our Jiqiao Pavilion." Ji Xiaoshan said.

Little Arrow nodded repeatedly. He only knew how to fight, and he also knew how to uphold justice. He really didn't know anything about this.

The two of them did not stay in this place anymore and left directly.

The forest returned to silence. Other than the wounds on the ground, there was no movement at all.

After the time for an incense stick to burn, a masked man appeared.

The masked man had appeared out of thin air. He was extremely skilled in concealment, so he had specially followed him this time.

He didn't understand what kind of deal the Jiqiao Pavilion had with Xu Bai, but the situation was clear now. The Jiqiao Pavilion had made contact with Xu Bai.

"Xu Bai is actually related to the Jiqiao Pavilion. I have to report this to Master quickly."

At the thought of this, Masked Man quickly left in a certain direction.

After leaving this place, a certain Xu, who was known as magnanimous, returned to the Purple Wood Mansion and booked a room again.

"Let's wait and see."

Sitting on the chair, Xu Bai looked at the progress bar of the second book, which was already halfway through, and thought, "'Take your time."

For now, he could only wait and see if there were any new movements.

Fortunately, if he stayed here, his strength would not decrease. On the contrary, it was still increasing.

"When the time comes, should I focus on the new book or the old book first?" Xu Bai sized up the Nameless Saber Scripture and thought to himself.

Ji Xiaoshan was going to send two more books over tomorrow, so it was a little difficult to choose.

Xu Bai suddenly realized that he had become rich.

The remaining 20 Nameless Saber Scripture alone was the highlight of the show. There would be a new book tomorrow.

This feeling was like having difficulty making a choice after becoming rich overnight.

“Of course I want all of them, but just like eating delicacies, when you eat, you have to pay attention to the order.” Xu Bai made up his mind and continued to stare at the Nameless Saber Scripture.

The night was very long, but on the other side, the night was very short.

A man wearing a bamboo hat and a face cloth was fishing by the lake.

The surface of the lake was like a mirror, and the moon was like water. Coupled with the back view of the fishing, the atmosphere of a landscape painting was overwhelming.

Beside him, there was a fish basket filled with fish.

If Qin Feng was here, he would definitely be so envious that he would cry when he saw the fish.

After the masked man reported what he had seen and heard, he turned around and left.

The Dangling Fisher didn't say anything. He held his breath and focused.

A moment later, a grass carp jumped out of the lake and took the bait.

The angler put the grass carp into the fish basket before putting away the fishing rod.

An old voice came out of his mouth...

“Since the dark doesn’t work, let’s do it openly..”

Chapter 314 - Nameless Saber Scripture Mental Cultivation Method, Rank-4

As the old voice rang out, the person in the bamboo hat lowered his body, bent down, and reached out his hands to press the fish basket on the ground, slowly lifting it up.

The fish in the fish basket were jumping around and wagging their tails, making loud flapping sounds, which were especially obvious in the dark night.

“The world is a fish pond, and we are the fish in the pond. We are just seeking a life.”

The bamboo hat man held the edge of the fish basket with one hand and placed the other at the bottom of the basket.

The fish in the fish basket became more and more inclined. They flapped their tails and were poured out one by one into the lake, causing a large splash.

If Qin Feng saw this scene, his eyes would probably pop out. Fishing and releasing, this operation was very puzzling.

Box

“My lord.”

The pitch-black night was like a splash of ink. In this dark night, a figure slowly walked out.

This figure was wrapped in a black robe, and his appearance could not be seen clearly.

“My lord.”

These two simple words clearly indicated the identity of the hooded figure.

“Several families were wiped out by Xu Bai in a row. Five of them might have concrete evidence, but the Miao Family definitely doesn’t.” The bamboo hat man slowly said, “We can’t beat him by playing in the dark, so we can only play in the open. So many things have happened in the Purple Wood Mansion, and the people from the Heaven Inspectorate will be here soon. As far as I know, it’s a director who’s here this time. Go, you should understand what I mean.”

“I understand. I’ll do it now.” The black-robed man cupped his hands and prepared to leave.

However, just as he turned around, he felt a sharp pain in his chest. When he looked down, he realized that a fishing rod had emerged from his chest. Blood was slowly dripping down the fishing rod to the ground.

“Sir, why...” The black-robed man turned his head with difficulty, but because his back was facing the bamboo hat man, he couldn’t turn his gaze at all, nor could he see the bamboo hat man’s expression.

Instead, due to the movement of turning his head, his injuries worsened, and he spat out a few mouthfuls of blood. His face turned from red to pale.

His breathing became more and more difficult. He could feel that his vitality was gradually decreasing, but the confusion in his heart was getting bigger and bigger.

After a burst of laughter came from behind him, a cold voice rang out, sending chills down the man’s spine.

“The person from the Jiqiao Pavilion can testify for him, so I don’t want anything that can testify. It just so happens that you two are very important in the Purple Wood Prefecture.”

“I was loyal to you, but you treated me like this.” The black-robed man wanted to resist.

The next moment, he felt a terrifying force coming from the fishing rod.

Immediately after, a crack appeared on his chest and he lost consciousness.

The bamboo hat man looked at the two corpses and shook his head. He placed the fishing rod in the lake.

The blood was diluted by the lake water. In the blink of an eye, the fishing rod was restored to its original state as if it had never been stained with blood.

“Heh...You are loyal to me, so I need you to contribute. This is a very fair exchange.”

After saying this, the bamboo hat man turned his head and looked into the darkness.

If Xu Bai was here, he would have realized that this man was Ji Xiaojian.

“Greetings, Milord.”

‘ Master, you’re indeed wise.” Ji Xiaojian said.” They seem to believe that I’m not from this side.”

The bamboo hat man did not waver in the face of Little Arrow’s flattery.

Instead, his voice turned extremely cold, “”What I want is not a bootlicker, but a useful subordinate. Do you still not understand the true intentions of the Jiqiao Pavilion? If that’s the case, I won’t keep you alive.”

Ji Xiaojian was stunned for a moment, then shook his head and said,“”It seems that only the pavilion master and Ji Xiaoshan know about this. They keep it a secret from everyone. They only told me that Xu Bai is especially important. Other than that, I don’t know anything else.”

“No matter what, the intention of the Jiqiao Pavilion is to completely cling onto Xu Bai’s thigh. You should know what to do.”the bamboo hat man said.

After this sentence was said, the scene fell into silence.

The surrounding night was very quiet, and the lake was occasionally rippling? Fish jumped out of the lake, making a slight noise.

“Kill Xu Bai and seize Jiqiao Pavilion!” Little Arrow’s voice was very cold. “Good!” “What plan do you have?” the man in the bamboo hat asked.”

“Yes!” Ji Xiaojian’s eyes were filled with killing intent.” Master said that he wanted to come here. I know what Master wants to do. I have my own way. Xu Bai has his eyes on my technique, so I gave him a chaotic technique and let him reap what he sowed.””

In Ji Little Arrow’s heart, although Xu Bai had learned a lot of things, the most important thing was the way of martial artists. The cultivation technique that he had given him was also a martial artist’s cultivation technique.

However, once some of the contents of a cultivation technique were changed, it would not have any effect at all. In serious cases, it would cause irreversible damage and even become a cripple.

This was exactly what Little Arrow was thinking of.

“Are you confident?” the hooded figure asked.

“No, I haven’t.” Ji Xiaojian took out a secret manual from his pocket and handed it to the bamboo hat man.””Milord, if I were to casually modify it, I would be very worried that he would see through it. However, if Milord were to make a move, there would be no problem.”

The bamboo hat man took the manual and nodded.”Alright, I’ll use my plan, and you’ll use yours.. Under the pincer attack from both sides, Xu Bai will definitely die!”

Chapter 315 - Nameless Saber Scripture Mental Cultivation Method, Rank-4 (8000)

The laughter of two people rang out by the dark lake. In this silent night, it was especially terrifying.

The next day.

After what happened last night, the clues were cut off again, but it didn't matter to Xu Bai.

As long as he was still here, the other party would not let go of the opportunity to make a move. The clues would come sooner or later, so there was no need to worry about this at all.

Leaning against the chair in the room, Xu Bai placed his legs on the table and lay down, looking at the Nameless Saber Scripture in his hand.

The progress bar was growing by the minute. At this moment, he was not far from perfection. He only needed half a day at most to obtain another Nameless Saber Scripture.

As time passed, the streets outside gradually became more lively. The noise was so loud that Xu Bai could hear some slight noises.

This inn was located on the side of the street. It was already considered very good to be able to be soundproof to such an extent that only a slight sound could be heard.

After all, the Purple Wood Manor was much more prosperous than the Cloudcome Manor.

It was early in the morning, and the streets were already filled with people. There were vendors and stalls everywhere, shouting and selling all kinds of items.

"Let's eat first."

After such a disturbance, Xu Bai came back to his senses. He stopped playing with the progress bar and put the Nameless Saber Scripture into the wooden box. Then, he wrapped the wooden box with a bag and carried it on his back. Then, he turned around and left.

There were many pedestrians outside the street, and most of them were hanging around various stalls. Xu Bai walked along the street and finally came to a small stall and ordered breakfast.

Compared to some big restaurants, these small stalls were more lively.

Before long, the stall was filled with people, and Xu Bai's breakfast was served.

There were people coming and going around, and from time to time, there would be sounds of conversation, sometimes loud and sometimes soft, but Xu Bai could hear it very clearly.

He listened as he ate, his eyes narrowing slightly.

The surrounding discussions gradually entered his ears.

"Have you heard? Many families had died, all of them from prestigious families. They had died miserably."

"I've heard about it long ago. They probably offended someone. Otherwise, how could they have been exterminated?"

"You still dare to say that? Now that Lord Prefect Ling is also involved, it's better to speak less. Be careful not to capture all of you."

"I seem to have heard from the government runner that this time, the governor is only protecting the scene. There are other important figures coming over specifically to investigate this matter."

The conversation was intermittent, but Xu Bai came to a conclusion after listening to everything.

Firstly, the extermination of these few clans had already caused a sensation in the Purple Wood Prefecture.

This was fine. After all, he had evidence in his hands. These people attacked the officials of the imperial court, so it was only right for them to end up like this. At most, they would find an excuse, such as an excuse that he had no choice but to act in a crisis.

Secondly, someone was coming over, and the reason why the prefecture order had protected the surrounding area was because of this person.

“Who is it?” Xu Bai drank the last mouthful of porridge and thought to himself, “It’s probably the Heaven Inspectorate.”

This matter was very obvious. In a situation where the prefecture magistrate did not know the inside story and did not know who did it, it was very likely that he would think that it was something related to the martial world. Therefore, it was very normal for the Heaven Inspectorate to come.

“Let’s wait and see.” Xu Bai thought of this and stood up. He took out some money and placed it on the table to pay the bill. Then, he turned around and walked back to the inn.

Nothing else happened along the way. After Xu Bai returned to the inn, he picked up the nameless saber and continued to go through his liver.

Since the other party did not make a move, he was happy to be idle. Continuing with the Nameless Liver Saber Scripture was the best choice.

The longer the time, the more advantageous it would be for the ‘loy’. After all, as time went on, the more skills he obtained, the stronger he would be, and the more stable he would be.

As he watched the progress bar slowly increase, Xu Bai became more and more excited.

There were only one or two traces left on the progress bar. He was waiting, waiting for the last trace of the progress bar to be completed. However, he did not expect that at this moment, there was a knock on the door.

“Who is it?” Xu Bai placed the book back into the wooden box and closed it. He then placed it in a secret place before raising his head and asking.

Outside the door, as Xu Bai asked this question, the knocking stopped abruptly. Then, Ji Xiaoshan’s voice was heard.

“Lord Xu, it’s me.” Ji Xiaoshan’s voice came from outside the door, carrying a trace of respect.

Compared to before, his tone was completely different. After all, their identities were different now, and they had already changed directions.

In the past, he had talked to Xu Bai as a collaborator. They were talking about a business deal, and each of them had their own capital. However, it was completely different now.

Everything had changed after his adopted brother attacked Xu Bai. They were in the wrong first, and Xu Bai did not make any excessive demands. Just this alone made them feel disadvantaged.

However, it didn’t matter if they were at a disadvantage. As long as they could cling to this thigh and rely on the Emperor, the day of the Jiqiao Pavilion’s recovery was just around the corner.

Last night, he had talked to his father. After his father heard the ins and outs of the matter, he was furious. However, after calming down, he immediately gave him the right.

No matter what, they could not give up on this thigh. On the contrary, since the other party had already expressed the intention to negotiate, they had to take action no matter what the outcome was..

Chapter 316 - Nameless Saber Scripture Mental Cultivation Method, Rank-4 (8, 000)

What he had brought with him was exactly what Xu Bai had requested last night.

“Come in.” Xu Bai leaned back on the chair and narrowed his eyes.

He knew that Ji Xiaoshan was coming today, so he didn't lock the door.

Ji Xiaoshan pushed open the door and entered. He saw Xu Bai staring at him and quickly took out two books from behind him. He walked to Xu Bai with his head lowered and placed the books on the table. Then, he lowered his hands and stood to the side.

"Lord Xu, I have brought everything you wanted. Please take a look."

Xu Bai nodded and picked up the book at the top. On the cover were the words '

Secret Techniques of Manipulation '

The name wasn't important. What was important was the progress bar. He put the book aside in satisfaction and picked up the second book.

The cover of the second book also had four words on it. It was called "A

Hundred Steps to Pierce a Poplar "

However, when Xu Bai saw the book, he did not show a satisfied expression. Instead, he frowned and sized it up.

His hands kept flipping the pages of the book. As he read the contents, his frown deepened.

The content of the book was very complete, but there was no progress bar, not even a trace of a progress bar.

"Fake?" Xu Bai thought to himself.

Ever since he had the cheat, he could activate the progress bar as long as it was a secret manual. Now that he could not activate this one, that was the only possibility.

Ji Xiaoshan's hands hung by his sides obediently as he waited for Xu Bai's reply. However, he saw the change in Xu Bai's expression and could not help but feel puzzled.

When Xu Bai saw the first book, he was obviously satisfied. However, when he saw the second book, his expression was completely different. Not only did he not look satisfied, but he seemed to be deep in thought.

"Sir, is this book not to your liking? If it really is not to your liking, you can make other requests, and we will agree to them."

Even though Ji Xiaoshan didn't understand why Xu Bai's expression changed, he still asked.

There were some things that would never be answered if you didn't ask. Only by asking could things be resolved satisfactorily.

"Your brother gave me this book, right?" Xu Bai asked.

Ji Xiaoshan was slightly taken aback. He nodded and agreed, "Sir, you're right. This book was indeed given to you by my brother. This was also according to your request at that time. We didn't do anything wrong."

"Very good." "I really like this book," Xu Bai suddenly said.

After saying this, Xu Bai placed the second book on the other side, indicating that he was very satisfied.

"Since you're satisfied, sir, then I'm relieved." "

"What is my real purpose? You didn't tell him, did you?" Xu Bai thought for a moment. He didn't use his voice to say this.

He saw Xu Bai wet the cup on the table with his hand and wrote on the table.

This action was very bizarre, it happened very abruptly, causing Ji Xiaoshan to be confused.

But seeing Xu Bai do this, he understood what he meant. He didn't want others to hear him.

Therefore, after reading the contents, he quickly nodded, indicating that he did not tell anyone else.

Xu Bai continued to write something on the table.

"The book is fake, and there's a problem with Little Arrow."

When he finished writing, Ji Xiaoshan's face was filled with shock. It was as if this was the first time he had heard it, and he couldn't help but take a step back.

Other than shock, there was also disbelief on his face.

"Act according to the situation. Step up the surveillance." Xu Bai wiped the water off and wrote another paragraph.

Ji Xiaoshan's expression became more and more complicated, but he still nodded, indicating that he already knew.

"Go ahead." Xu Bai waved his hand.

"Farewell." Ji Xiaoshan didn't stay. He cupped his hands and left.

What happened today was too bizarre. He had to go back and think about what went wrong, especially Xu Bai. He had to tell his father. Otherwise, if it was true, the loss would be too great.

It was not that he had not thought about whether Xu Bai was lying to him, but this thought had only just appeared and was quickly extinguished by him.

Impossible. With Xu Bai's status, he would never lie.

After all, Xu Bai was now the emperor's favorite. He would not do such a thing for the secret manual.

They had already agreed to hand over the secret manual. If Xu Bai still did this, it would be unnecessary.

"We have to tell father immediately. Nothing must happen."

After a while, Ji Xiaoshan disappeared from the room.

Xu Bai stood up from his chair and walked to the door. He closed the door and put the bolt back into place.

After doing all this, he returned to his chair, closed his eyes, and combed through what had happened last night.

After the time for an incense stick to burn, Xu Bai opened his eyes again. His eyes were shining brightly.

"There's a flaw!"

There was a huge flaw in everything that happened last night.

The biggest flaw was in that temple.

He remembered that after Ji Xiaojian appeared, the first person he wanted to kill was the old monk.

This kind of action could be explained by other reasons. For example, according to Little Arrow, it was due to extreme anger.

A little further up was what Little Arrow had said. He was like this because he saw those dried corpses.

Then the question was, when did he see it? Was it before or after?

Chapter 317: Nameless Saber Scripture Mental Cultivation Method, Rank-4

If it was before, then Ji-Little Arrow wouldn't have been able to hold on and would only attack after Xu Bai won.

A person who could be controlled by his thoughts would definitely not hold back at that time.

Furthermore, when he was fighting with Ji Xiaojian in the forest, the first thing that was shot was his arm.

Perhaps he could use another reason to avoid Xu Bai's death, but this reason was not enough.

In the battle at that time, both sides had actually not held back. The arrow was shot everywhere, and there was no difference between the arm and the chest. "If that's the case, then it's a good thing to beat him at his own game." Xu Bai stroked his chin and thought.

He could completely pretend that he did not know the truth of the matter and use this as an excuse to find the real person behind the scenes. Thinking of this, Xu Bai felt that this matter was very feasible.

"Now, let's see how you're going to attack."

Xu Bai took out the Nameless Saber Scripture again and continued to check the progress bar. With new clues, his mentality of checking the progress bar became much better.

He already had a new plan. After he finished reading this book, he would read the book that Ji Xiaoshan had sent him. It was about mechanics.

After the Nameless Saber Scripture was split up, the level of each book was actually not high, so it was better to focus on a high-level book.

As time passed, the last progress bar was finally completed.

Light blue smoke appeared and floated in the air, gradually condensing into a line of words.

[You have studied the Nameless Saber Sutra and comprehended the armor-breaking mental cultivation technique (incomplete). ] When Xu Bai saw this line of words, his face revealed a look of joy.

It's coming, it's finally coming!

The facts proved that he was right.

After the Nameless Saber Scripture was divided into 24 portions, it was indeed not just saber techniques. There were also other skills. Otherwise, how could he enter Rank-I after collecting 24 portions?

The mental cultivation method was the foundation of all skills and was also extremely important.

To make a very simple analogy, if the mental cultivation method was a person, then the other moves were weapons. If no one used the weapon and it was just placed on the ground, it would forever be a dead object.

Of course, it wasn't that other skills weren't important. They were actually complementary to each other.

Xu Bai was now a Fifth Stage unspecialized, but all his skills were at the maximum level. Even if the level was not high enough, ordinary Fourth Stage experts would not be able to gain any advantage in front of him.

Therefore, it was not just the mental cultivation method, but the skills were also equally important. They were not contradictory to each other. Instead, they were in perfect harmony.

“I guess it will increase by one level.”

Looking at the light blue smoke in front of him, Xu Bai looked forward to the moment of fusion.

As expected, the next moment, the fusion began.

The light blue smoke gradually dissipated and floated in the air, gradually turning invisible. However, it did not last long before a new light blue smoke appeared.

[Fusion option found. Fusion in progress. ]

[Reversed Purple Cloud Squall Yin-Yang Disorder + Armor Breaking Heart

Technique (Incomplete): Reversed Purple Cloud Squall Yin-Yang Break.]

[Fusion successful.]

Xu Bai was speechless.

As expected of Little Gold, he only changed one word.

A large amount of information gradually disappeared along with the light blue smoke and merged into Xu Bai's mind. The next moment, the latest interface appeared.

[Name: Xu Bail

“Realm: Fourth Stage unspecialized.”

[Three Breaks (Level 4): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Break (Level 6):

” Comprehension: Maximum level.”

Tier 6 mental cultivation technique!

Rank-4 strength!

His True Core Strength was growing at an extremely terrifying speed. After it reached a certain level, it  
gradually stopped.

Xu Bai could feel the change in the True Core Strength in his body. It had almost doubled compared to  
before.

With his current strength, even if it increased a little, it would be considered a success. Moreover, after he advanced from Rank-5 to Rank-4, his strength had doubled!

No matter which angle he looked at it from, it was a qualitative improvement for him.

Moreover...

After Xu Bai absorbed the information in his mind, he finally understood how domineering this mental cultivation method was.

Reversing Yin and

Yang— — — —

Purple Clouds-Borrowing the momentum, can increase strength by 10%, and the consumption of True Core Strength will also increase accordingly.

Astral Wind-True Core Strength surges and can form powerful astral winds to attack enemies from a distance.

Break-Every move, every move had the power to break armor!

This last ability was the new ability that Xu Bai had obtained, and it was also the ability that Xu Bai thought was extremely powerful.

In the past, he needed to use his saber technique to have this characteristic, but it was different now.

Even if it was a punch, a kick, or even a finger poke, as long as the True Core Strength surged, it would have the power to break through armor.

“Wouldn’t I become a human-shaped weapon?” The corners of Xu Bai’s mouth curled up, and he felt even more satisfied.

From the looks of it, the left hand saber and right hand fist, coupled with the copper coins and astral winds, had a rich attack..

Chapter 318: Nameless Saber Scripture Mental Cultivation Method, Rank-4 (8, 000)

Although he didn’t know any fist techniques, a casual move from him carried the power to break armor.

Xu Bai only wanted to say, “Can you block my 20 years of cultivation?” “Very good, I have a deeper grasp.” Xu Bai thought.

With a good start, Xu Bai’s mentality naturally became better, and his mood became happier. Xu Bai took out the < Secret Techniques of Manipulation >> that Ji Xiaoshan had given him and continued to work hard.

Logically speaking, a Level Four expert should have some demeanor, but Xu Bai was not.

When he was reading, his entire body was relaxed, just like an ordinary person. If it weren’t for the Fifth Grade paper figurine serving tea and pouring water beside him, no one would have noticed it.

Time slowly passed, and the progress bar was increasing.

While Xu Bai was trying to catch up with his progress, Ji Xiaoshan found his father after he returned to Jiqiao Pavilion.

The pavilion master of Jiqiao Pavilion was a Level Four expert, a middle-aged man.

He was wearing ordinary clothes and looked very ordinary. He was the kind of person who would not be found in a crowd.

In fact, Pavilion Master Ji was not only a Level Four. As one of the top forces in the past, it was unreasonable for him to only have this level of strength. However, that incident and that idiotic young lunatic had directly caused him to fall to this level.

The room he was in had a unique technique. Other than Ji Xiaoshan, even Ji Xiaojian could not enter.

After all, no matter what, Ji Xiaoshan was his relative. Especially in Great Chu, this custom was human nature.

Therefore, Ji Xiaoshan did not have any misgivings and told him everything Xu

Bai had told him. He stood quietly at the side and waited for his father to speak.

Pavilion Master Ji was expressionless. After waiting for a long time, he finally let out a long sigh, and his face looked a little older.

"I know why. Little Arrow definitely cares."

"Yes." "Although we treat him as a family member, there are many secrets that we haven't allowed him to get involved in," Ji Xiaoshan replied. "So it's only right for him to think too much, but he shouldn't have done such a thing."

"I think too much..." "Let's not talk about blood relations." Pavilion Master Ji smiled bitterly. "I can't break a rule left by my ancestors."

He can't even cultivate the art of ingenuity, so how can I let him know more secrets? This is the rule of the ancestors. No matter how much I treat him as my flesh and blood, it won't do."

"But Little Arrow doesn't think so." "He will think..." Ji Xiaoshan said. "If we lie to him, he will even feel dissatisfied. Dissatisfaction and resentment are the root of all bad things."

After saying this, the scene fell silent.

After a long time, Pavilion Master Ji closed his eyes and said, "According to Lord Xu, this is a strategy to beat him at his own. We will cooperate. You should know what to do."

"Yes." "I'm leaving now. Take care, father." Ji Xiaoshan bowed.

Pavilion Master Ji nodded without saying anything.

Even after Ji Xiaoshan had left for a long time, he still maintained his gaze in front of him, his eyes dull.

"I treat you as my flesh and blood. However, now that you have done such a thing, I can only...You're putting righteousness above family."

"In that battle, apart from a sharp drop in cultivation, he also suffered irreparable injuries. Only the medicine in the imperial family can save his life."

"I can't fall. If I really fall, then the entire Jiqiao Pavilion will never be able to rise again."

His voice echoed in the room for a long time.

At this moment, everyone had their own thoughts and were doing their own things.

In the Yin Posthouse far away from the Purple Wood Mansion, a well-dressed young man with a long saber at his waist was drinking tea.

On his waist was a plaque with the name of the Heaven Inspectorate carved on it.

The Purple Wood Mansion was very big, and so were the surrounding Yin Posthouse. Naturally, it attracted many posthouse men to do business here.

After all, in this day and age, it was much better to be able to make a stable fortune than to wander in the martial arts world.

But at this moment, the surrounding posthouse people were all doing their own business and did not look over.

A few of the braver ones immediately retracted their gaze when they saw the plate on the man's waist. They did not dare to look at it anymore.

The Heaven Inspectorate was famous in the martial world.

With the imperial court as his backing, he was in charge of Jianghu matters and killed evil spirits.

The power was so great that it made people feel intimidated.

The posthouse people were also considered people of the martial world. Of course, they were afraid. Not only were they afraid, but they were also afraid to the depths.

The young man didn't look at these people. He had a letter in his hand. There was no signature on the letter. He had picked it up on the way here.

This time, he had come for the Purple Wood Manor. After all, so many murder cases had occurred. Of course, he had to investigate them thoroughly.

On the way, he received another letter. One could imagine how strange it was.

While he was resting, the young man did not pause and opened the letter in front of him.

After opening the envelope and reading the contents, the young man frowned.

He saw the first two words, and it was precisely because of these two words that his emotions fluctuated.

The young man stared at the letter and slowly read out the words in his heart.

Xu Bai!

Chapter 319: Public Remarks From All Sides (1)

As the young man read out these words, his hand that was holding the letter trembled slightly, and at the same time, he frowned.

Although there was no big change in his expression, he could see from his eyebrows that at this time, the young man's mentality seemed to be wrong.

After a long while, the young man released his hand and took out a lighter to light the letter.

When the surrounding posthouse men saw this situation, they would occasionally glance at it, but they would quickly look away.

"Sigh, how did it involve Xu Bai?"The young man thought to himself.

The rumors about Xu Bai in Jianghu were no longer as silent as before. Rescuing King Sheng You and solving the Feng Shui situation, just these two things were already famous.

Even the Heaven Supervisor, Si Qianchang, had already paid attention.

However, even though he was famous, he didn't break the law. On the contrary, everything was in accordance with the laws of Great Chu.

Not long ago, the Emperor had sent Xu Bai to the capital to receive a generous reward.

Anyone with discerning eyes could see that Xu Bai was very important to the Emperor. He would likely be put in an important position in the capital this time.

These were not the most important things. The most important thing was that he felt that he had taken over a hot potato.

This trip of his was originally to resolve the Purple Wood Mansion's extermination case.

However, the letter he received at the beginning said that this case was related to Xu Bai.

Although he didn't have any substantial evidence, with this letter, when he entered the Purple Wood Mansion, he would have to check it out from Xu Bai.

"My head hurts." The young man, Song De, rubbed his forehead helplessly. He was the chief of the Heaven Inspectorate and was in charge of the affairs of the prefecture. As long as it was related to the martial world or the evil, he had to care about it.

In fact, it was fine to investigate a post station chief, but Xu Bai was currently popular, so it was not easy to do.

"I only hope that this Lord Xu can be reasonable. After all, we are all in the officialdom. No matter what, we have to give him some face." Song De thought to himself.

It was getting late. He ate something and did not stay any longer. He rode a fast horse and rushed towards the Purple Wood Mansion.

The next day.

Xu Bai woke up early and had breakfast outside. Then, he returned to his room and continued reading the progress bar.

Coincidentally, the mastermind seemed to have disappeared without a trace.

He had thought that at least something would happen, but now it seemed that nothing had happened.

“He must be holding back his ultimate move.” Xu Bai thought as he leaned against the chair and looked at the Secret Technique of in his hands.

The calmer the surface of the water, the more undercurrents surged.

It was impossible for the other party to let go of this opportunity so easily. The result was obvious. They must be looking for an opportunity to kill in one blow.

“The longer I delay, the better it will be for me.” Xu Bai watched the progress bar slowly increase and thought with satisfaction.

It would be best if he could drag it out for a month or so. When he had read a few more books, his strength would increase rapidly and he could kill as many as he wanted. Wouldn't that be beautiful?

“Dong dong dong...”

Just as Xu Bai was thinking this, someone knocked on the door.

“Who is it?” Xu Bai put down the book in his hand and looked toward the door.

He stood up from his chair and pressed down on Ghost Head Blade's hilt.

“It's me, Ji Xiaojian. Is it convenient for Lord Xu?”

Ji Xiaojian's voice came from outside the door.

The corners of Xu Bai's mouth curled up slightly. He was finally here.

He put away the Secret Technique of Jiqiao and picked up the fake " Piercing a

Poplar in a Hundred Steps " that Ji Xiaojian had given him. He walked to the door and opened it.

Outside the door stood an unfamiliar man. He had a longbow on his back and was tied up with a cloth. If he hadn't known beforehand that it was a longbow, he wouldn't have been able to tell just by looking at his silhouette.

"Is this your true face?" Xu Bai glanced at Ji Xiaojian and said indifferently.

"This time, I came to see Lord Xu with my true face. I dare not hide it." Ji Xiaojian bowed, but his eyes were looking at the Poplar Piercer in Xu Bai's hand, and there was a subtle flash of light in his eyes.

He was watching!

Xu Bai was reading this fake book!

This meant that Xu Bai was not far from going berserk!

Ji Xiaojian suppressed his joy and acted very naturally, "Milord, I came here to ask if there is anything else that I need to do. As long as Milord says the word, I'll definitely do it!"

Xu Bai laughed. He wasn't stupid, so how could he not see through Ji Xiaojian's intentions?

The reason why this fellow found this excuse was to see if he was learning the < Hundred Steps Piercing the Poplar Now that he had seen what he wanted to see, he was naturally satisfied.

Details, what are details?

Xu Bai had already thought of the "open the door" and had already switched to the "Hundred Steps Through Yang

Upon hearing this, Ji Xiaojian hurriedly put on a grateful expression, "Thank you for your magnanimity, Lord Xu. Since there's nothing else, Little Arrow will leave now and not disturb Lord Xu."

"Yes." "Mm." Xu Bai agreed.

Ji Xiaojian left.

Xu Bai closed the door and sat back on the chair. He continued to flip through the Secret Techniques of Manipulation and read the progress bar on it.

As for what happened just now, it was just an interlude. He didn't care about it at all.

What the other party wanted to see had already been seen by the other party. Now, it was up to their reaction.

Thinking of this, Xu Bai didn't think too much about it. He calmed down and continued to read the progress bar. "Dong dong dong!"

The knocking sounded again.

Xu Bai put away the Secret Skill of Manipulation and asked with a frown, "Who is it?"

Chapter 320: The Rise of Public Public Opposition (2)

There were so many things to do today. He had to take a good look.

An unfamiliar male voice sounded outside the door.

“Lord Xu, I am Song De of the Heaven Inspectorate. I have something to discuss.”

The Heaven Inspectorate?

Si Zheng?

Xu Bai stroked his chin and thought, ‘It’s indeed the Sky Inspectorate.’

When he was eating yesterday, he had heard from the passers-by that a person who specialized in dealing with these matters was coming. Now, it seemed that his guess was right. It was indeed the Heaven Inspectorate who was coming to deal with it.

He had not interacted much with the Heaven Inspectorate. To be precise, he had only interacted with Wu Hua.

As for that Iron Calculation Immortal, he was just a dead man. There was nothing to talk about.

Xu Bai walked to the door and opened it. He saw a young man with a long saber at his waist.

When it came to playing with a knife, Bai was also a good player. At first glance, he felt that this knife was not simple.

It looked like an ordinary long saber, but there was a faint smell of blood.

“This person isn’t a simple character, he’s an expert.” Xu Bai thought to himself.

Most of the time, one had to rely on one's intuition to judge a person, especially the first time they met.

Xu Bai's intuition was very accurate, especially when it came to using a saber.

Just as Xu Bai had expected, Song De's attainment in saber techniques was quite high. He also looked at the Ghost Head Blade at Xu Bai's waist and praised it in his heart.

Ghost Head Blade was obtained from the Ferocious Tiger Stockade, and it was actually not a very good item.

It was mainly people who used knives.

Xu Bai stood in front of Song De, but he gave Song De a feeling.

The person in front of him was like a sharp blade hidden in a scabbard. Once it was unsheathed, it would be a mountain of corpses and a sea of blood.

"It's an honor to have Director Song here. Please come in." Xu Bai moved aside to let Song De in.

Song De nodded slightly and entered the room.

There was no conflict between them for the time being, and they were very polite to each other. This was very normal.

After all, not everyone was like a lunatic who would fight back when they met.

However, Song De knew very well that what he was going to say next might change the situation.

"Lord Xu, I have come to tell you something extremely important." When Song De saw that Xu Bai was already pouring water, the corners of his mouth twitched slightly.

Was this really the ruthless Xu Bai who was widely known in the martial world? “Drink some water first and talk slowly.” Xu Bai smiled and handed the teacup over.

Song De was helpless. He could only take a sip of water and then tell him everything.

Xu Bai had been listening. The smile on his face didn’t change. Instead, it grew wider and wider.

Song De felt his hair stand on end and subconsciously gripped the hilt of his long saber.

“Lord Song, according to your suggestion, what should we do?” Xu Bai asked.

Heh...

To frame someone.

What kind of sh \* t was this?

If he couldn’t win head-on, he would use this method.

He really did not expect the other party to play such a trick.

When Song De heard this, he put down his teacup and smiled bitterly. “Lord Xu, you have to be wronged. Go to the prison of the government office. As long as I investigate, you will definitely be fine. Moreover, in prison, you will be treated well.”

“Prison?” Xu Bai narrowed his eyes. “Lord Song, let’s not talk about anything else. The other party just sent me a letter. It’s not a loss for me to say that I’m trying to frame him, right?””

“I know that Lord Xu is right, but according to the rules of the Heaven Inspectorate, this matter involves too many people.” “Lord Xu, don’t worry. I will investigate this matter as soon as possible. I won’t let Lord Xu stay for too long,” Song De said helplessly.”

Song De began to organize his words again, as if he wanted to use other reasons to persuade Xu Bai.

However, before Song De could continue, Xu Bai interrupted him.

“Sure.”

This simple answer caused Song De to hold his breath.

This...

He agreed so quickly?

I had prepared so many excuses, but none of them were useful.

“This is Lord Song’s official business. Everyone is an official in Great Chu, so I naturally support it. However, Lord Song needs to promise me one thing.” Xu Bai pointed at the wooden box with the Nameless Saber Scripture and said, “I want to bring a knife and these things.”

“As long as Lord Xu is willing, these are not a problem.” Song De was overjoyed when he heard this.”

“Then let’s go.” Xu Bai picked up the bag without hesitation.

He had already thought it through.

Since the other party had used this move, his goal could not be so simple.

There would definitely be a backup plan.

If he was going to beat her at her own game, then he would beat her at her own game to the end.

He would first go inside and wait, then deal with whatever came his way.

“Good, Lord Xu is indeed a straightforward person.” Song De walked to the door and opened it. He cupped his hands and said, “Please!” Xu Bai walked out of the door.

Song De followed behind without saying a word.

The two of them left the inn and walked on the bustling streets, attracting a lot of attention.

After all, they were both carrying sabers. Although it was not uncommon for martial artists to carry sabers in Great Chu, the aura of these two people made people feel afraid at a glance. Therefore, many people were curious and hurriedly retracted their gazes after taking a look.

The two of them traveled quickly, and they talked a lot during the journey.

“Speaking of which, Lord Xu is also an expert with a saber.”

“No, no, I wonder which sect Lord Song is from?”

“The Heaven Saber Tower is an inheritance that specializes in using sabers. I’m not talented, but I can be considered to have some position in it. If Lord Xu has any problems in the future, you can call for me..”
