

## Unparalleled 381

### Chapter 381: I've Made the Transmigrator Look Good (3)

Ye Zi's shadow suddenly moved and quickly bound her hands and feet, making her unable to move.

"Ying Zong, you're from Shadow Sect!"

After all, he was a member of a large family. Ye Zi naturally recognized him.

"The Shadow Sect colluded with the fox demons."

Xiao Nuan looked at Xu Bai, who was already in a daze, and smiled gently. "You're right. The Shadow Sect knew that they couldn't rely on their own strength to advance, so they found some desolate demons.

The fox clan was very powerful, and the seed was one of the most prominent ones."

As she spoke, Xiao Nuan lifted her slender and fair legs and walked over to Xu Bai, touching his face with her hand.

"Let go of my young master!" Ye Zi exerted strength with both hands, wanting to break free from the shadow's restraint. However, she was not good at this, and was more suitable to be a support.

After struggling for a long time, it was useless.

"From tonight onwards, he is my young master." Xiao Nuan mocked. She stretched out her right hand and began to undo Xu Bai's belt.

But at that moment, Xu Bai suddenly reached out and held Xiao Nuan's right hand.

Xiao Nuan:

She suddenly raised her head and looked into Xu Bai's fiery eyes. She did not understand why such a thing had happened.

"In other words, you are the mastermind behind the clay mansion, and the Shadow Sect is behind you?" Xu Bai's eyes were still burning with passion. The symptoms had not disappeared, but he could still maintain his clarity at this moment.

"How could you?" Xiao Nuan's eyes were dull.

She could tell that the fire in Xu Bai's eyes was not fake. It proved that he had been drugged by her. But why was he still awake?

This wasn't poison. Even if Xu Bai had a way to cure it, he couldn't!

"It's probably because I have better self-control." Xu Bai said with a smile.

Medicine?

Wasn't this very similar to some medicine in his previous life?

Indeed, after being drugged, he felt very uncomfortable. For example, a certain part of his body felt particularly uncomfortable.

It was as if it was about to explode. It was extremely unbearable, but it didn't mean that it couldn't be tolerated.

A long time ago, he had obtained the technique of bed.

After that, when combined with the kidney strengthening technique, it became the kidney strengthening harvesting technique.

What skill was that?

A Tier 5 skill!

Very fierce!

After reaching the maximum level, the bed technique itself was an extremely exquisite skill.

In this aspect, he had enough control and could take it back or release it.

He had the initiative. He could restrain himself if he wanted to.

He originally thought that this function was just an accessory, but he didn't expect it to have such a miraculous effect.

Originally, men were at a disadvantage in this aspect. After all, there was no such thing as a bad field.

But Xu Bai was different. He had the initiative.

Of course, he wasn't completely unprepared. He wasn't just lucky. He had been prepared for this.

Even if he was affected, the puppet of the Fourth Stage next to him wasn't a human, so it wouldn't be affected by the fragrance in the slightest.

If he hadn't discovered that he could control it, the puppet of the Fourth Stage would have already acted and chopped off Xiao Nuan's head.

As for why they didn't do anything, it was because they wanted to see who was behind the scenes. Now that they knew, there was no need to continue.

"A piece of trash like you doesn't even have the possibility of arousing my interest." Xu Bai said indifferently.

Xiao Nuan was stunned. Then, she let out a hysterical scream.

"You called me a piece of trash!"

"Yeah, what's wrong? Doesn't a piece of trash want to hear others call her a piece of trash?" Xu Bai said with a smile.

"You!" Xiao Nuan was about to continue.

But the next moment, she felt a pain in her chest. When she looked down, she saw that the black blade Hundred Rend had pierced through her.

"You want to leave your current life and pretend to be Ye Zi by my side? You must be dreaming." "Are you worthy?" Xu Bai asked expressionlessly.

"I'm not worthy." Xiao Nuan felt a tingling pain in her chest and couldn't help but look up. "I really lost this time."

She had indeed lost completely.

Actually, there was no big problem with her plan.

The first was the move to kill the Tong Manor Magistrate, to frame him and force Xu Bai into a dead end. It was indeed flawless, but the most wrong thing was that he should not have used any tricks.

However, there was nothing he could do about it. After all, Xu Bai's Black Blade Hundred Rend was quite clever. Only then could he get away with it.

However, Xiao Nuan had never expected that Xu Bai's so-called ingenuity was at the maximum level.

Secondly, drugging him was also an excellent move.

Even now, Xu Bai was still in the state of being hit, but he could restrain himself.

The only thing he could do was restrain himself, which coincidentally became Xiao Nuan's dead end.

If it were anyone else, they would have already fallen for the trick and been planted by Xiao Nuan.

Only Xu Bai could perfectly counter it.

"You still have a lot of obstacles to overcome. I don't believe that you can make it to the capital alive. I'll wait for you down there." Xiao Nuan maintained the last trace of gentleness in her tone, her hands slowly hanging down, her eyes wide open.

"Swoosh!"

Xu Bai sheathed his saber and took two steps back. He placed his hand on his chest and breathed heavily.

"Search her for anything valuable."

Killing and searching for corpses was Xu Bai's unchanging principle.

At this moment, Ye Zi finally broke free from the restraints. After hearing Xu Bai's words, she obediently ran to the pile of clothes and searched them all over, but she did not find anything useful..

Chapter 382: I've Made the Transmigrator Look Good (4)

She realized that something was wrong with Xu Bai's condition at the moment. She quickly walked to Xu Bai's side and held his arm.

"Lord Xu, I'm here!"

Not far away, a figure appeared. The Tong Residence Magistrate hurried over.

However, when he arrived, he only found a naked corpse on the ground.

"Lord Tong, I'll leave this matter to you. Ye Zi, help me back to the inn." Xu Bai didn't even look at the Tong Residence Magistrate.

"Yes!" Ye Zi quickly agreed. She held Xu Bai's arm and walked towards the inn.

The puppet of the Fourth Stage followed behind him, gradually moving further and further away.

Only the Tong Residence Token was left behind, scattered with the wind.

He had been an official for so many years, but he had never encountered such a thing.

They were already prepared for a bloody battle, but they didn't expect Xu Bai to have already finished everything when they arrived. He was just here to wrap things up.

"Lord Xu is really different." The Tong Residence Magistrate smiled bitterly.

The current him no longer had the arrogant and unruly aura of the past. He had already become submissive.

King Sheng You had beaten him up, and he could assume that the other party's status was higher than his, so although he was convinced on the surface, he was still unconvinced in his heart.

However, Xu Bai was different. At first, he looked down on Xu Bai, a Jianghu person, and thought that Xu Bai was just lucky. But now, Xu Bai had crushed him in all aspects.

"Perhaps I was really short-sighted in the past." Commander Tong looked at the corpse on the ground and fell into deep thought.

"Lord Xu's slap back then was really good. It completely woke me up. From now on, I'm going to change my mindset."

He touched his swollen face and said to himself. He immediately began to clean up the mess.

On this side, Tong Manor's Magistrate was completely turned into a tool. On the other side, Ye Zi supported Xu Bai as they swiftly arrived at the inn.

"Young Master, are you alright?" Ye Zi closed the door of the inn and helped Xu Bai to the bedside. She could not help but reach out to touch Xu Bai's forehead.

Hot!

It was as hot as fire.

The medicine seemed to only work on men, and Ye Zi did not feel anything unusual.

"Go and stand guard outside the door." Xu Bai ordered the puppet of the Fourth Stage.

The puppet of the Fourth Stage listened to the order and walked to the door to stand guard.

“Stay away from me.” Xu Bai took a deep breath and said.

This medicine was indeed powerful. Although he had already suppressed it, if this thing was simply suppressing it, it would stay with him forever.

If it stayed with him, he would feel uncomfortable forever. At this moment, besides being conscious, Xu Bai felt really uncomfortable.

Ye Zi instantly understood Xu Bai's meaning and also knew Xu Bai's current state.

She suddenly reached out and grabbed Xu Bai's hand.

What are you doing?

Being suddenly touched like this, Xu Bai raised his head and saw Ye Zi's naturally charming appearance. He could not help but have a thought. “Let Ye Zi do it.” Ye Zi held Xu Bai's hand and placed it in her palm.

Xu Bai fell silent.

“Young master, don't worry about the country.” Ye Zi looked at Xu Bai with watery eyes and said Zi is your servant girl. Moreover...’

He paused for a moment before continuing.

“Moreover, that night, you protected Ye Zi behind you. This is something that no one has ever done before. The sisters who were once sent out by the clan have never done such a thing.”

“This is Ye Zi’s honor. Ye Zi wants to share Young Master’s burden.” Xu Bai remained silent.

Ye Zi released her hand and unbuttoned her clothes. ‘Young Master...’

This voice was so gentle that it almost melted people. When Ye Zi said this, she slightly used her divine soul ability.

At this time, Xu was restraining himself. When he heard this voice, he could not hold it in anymore.

The next moment, the curtain by the bed was pulled up...

(Omit a night here.)

The next day.

When the first ray of sunlight shone in through the window, Xu Bai opened his eyes and looked at Ye Zi beside him. The corners of his mouth twitched slightly.

He... Was this considered giving face to the transmigrator?

In the past, when she read s, the male leads were still complete until the last

But he...

This was what a transmigrator should do, even though he didn’t take the initiative.

Xu Bails movements naturally woke Ye Zi up.

Ye Zi opened her eyes in a daze and stretched out her fair arms. As if she realized that her body was empty, she suddenly retracted her hands and curled them into a ball. She blinked her eyes and looked at Xu Bai.

“Duke... Young Master...”

Xu Bai massaged his eyebrows. He was ready to ruin it.

The crisp sound of tapping rang out. Coupled with the beautiful morning and

Ye Zi's red face, everything was especially beautiful.

Before long, Ye Zi was dressed neatly under Xu Bai's gaze.

“Let me help you get dressed.”

It seemed that after putting on clothes, Ye Zi became bolder. She hurriedly ran over and helped Xu Bai tidy up his clothes.

“Last night...” Although Xu Bai planned to start, he still had to say it.

Ye Zhen's slender fingers pressed on Xu Bai's mouth and said, “Young Master treats me well, so I will treat Young Master well. This is what I should do.”

Xu Bai held Ye Zi's hand and sighed. “Let's go out for dinner.”

Ye Zi grunted and opened the door.

Outside the door, the puppet of the Fourth Stage had maintained its appearance from last night, standing guard outside for the entire night..

## Chapter 383: I i ve Made the Transmigrator Look Good (5)

The few of them went out for a meal. After the meal, Xu Bai did not continue to return to the inn. Instead, he brought Ye Zi to the government office.

Yesterday, he had already asked the Tong Residence to clean up the mess. After a night, there should be some results. He planned to go over and take a look today. If he did not find anything else, he would rush to the next place.

When he rushed over, he found that the Tong family's magistrate was sitting on a chair with a tired expression.

"Lord Xu is here?" When Commander Tong saw Xu Bai coming over, he quickly stood up to welcome him. He no longer had his usual arrogance.

Xu Bai didn't think much of the change in the Tong Manor Token. Whether the other party changed or not had nothing to do with him. He just wanted to know what happened next.

"Lord Tong, are there any more clues?"

"No." The Tong Residence Magistrate spread out his hands, indicating that there were no follow-up clues.

Indeed, he didn't. He didn't sleep the whole night just to find out the root of the matter, but he couldn't find any follow-up clues.

"In that case, I'll leave in two days." Xu Bai said.

"Lord Xu, aren't you going to stay for two more days?" When I have the time, I will bring Lord Xu to tour the terracotta manor."

Xu Bai shook his head." I have to go to the capital after all. It's not convenient for me to stay here.""

He had promised the Emperor that the sooner he could finish it, the sooner he could be at ease. Of course, he had to hurry.

"Alright, then I won't stay any longer. Have a safe journey, Lord Xu." Seeing that Xu Bai had already made up his mind to leave, the Tong Residence Magistrate did not continue to persuade him.

Xu Bai left the government office and returned to the inn.

As for why he had to stay for two more days, he realized that the enemies he encountered recently were getting stronger and stronger. It was better to read one more book.

The most important thing was that this latest nameless saber scripture had already started. If he did not finish it, Xu Bai's obsessive-compulsive disorder would not be able to take it.

After that, Xu Bai returned to the inn. Nothing strange happened again. He seemed to be at ease.

It was not that there was nothing to do in his leisure time. Other than eating every day, he was busy with the nameless saber in his hand.

Of course, there were also some special activities in between, so the night was no longer boring.

There were some things that one could taste after eating the marrow. This saying was absolutely true.

In the past, Xu Bai had seen some people post on the Internet that they would get tired of these things after a long time.

How could he get tired of such things? Even if he was eighty years old, he wouldn't get tired of it.

If he was really sick of it, there could only be two situations.

First, if he was not good-looking, he would just be handing in his job.

There was no need to say much about Ye Zi's looks.

She was born charming and natural. She was the elite of the elites nurtured by the Ye family. There was no such thing as being tired of her.

Secondly, if his body was not good enough, he would have to use the excuse of being sick of it.

Was Xu Bai's body not good enough?

Alright!

Not only was he capable, but he was also very strong.

The kidney harvesting technique was no joke.

Ye Zi was the one who admitted defeat every time.

When both situations were resolved, would he still get sick of it?

Of course not.

Xu Bai only felt that his life was getting better and better.

"Young Master, where do you plan to go next?" Ye Zi asked softly as she placed a peeled fruit into Xu Bai's mouth while resting her head on his chest.

Next to him, the puppet of the Fourth Stage raised the book in its hand like a machine, acting as a bookshelf.

Extravagant, it was too extravagant.

He finally understood why a wealthy family needed so many maids.

He is both good and capable.

Xu Bai tilted his head and placed it in a softer position. ""The next stop, which you are very familiar with, is Wind Chime Manor."

Winding Manor?

Ye Zi's right hand paused slightly.

Of course she was familiar with it. The Ye family was there. She was afraid of being given to Xu Bai that day, so she ran away from the Ye family.

But now...She felt that it was right for her to run out that day. Otherwise, there wouldn't have been such a series of things.

Especially that night, when Xu Bai protected her behind him, she could brag about it for the rest of her life.

How?

Just like that.

Now that she heard that the next stop was Wind Chimes Manor, Ye Zi had many thoughts.

“Since what happened that night has already happened, you are now one of my people. Don’t worry, they won’t dare to do anything to you.” Xu Bai said indifferently.

Ye Zi nodded vigorously.

Of course, she was relieved. She had never been worried when she was by Xu Bai’s side.

“Right, speaking of which, I feel that my strength has increased recently and will soon enter the Fifth Stage.” Ye Zi’s beautiful eyebrows slightly raised, and her small face was filled with doubt.

She didn’t know why, but now that she had entertainment activities every night, it made her stronger and stronger.

“That’s because of me,” Xu Bai said mysteriously.”

Ye Zi’s face was flushed red. She raised her fair hand and gently patted Xu Bai. Actually, Xu Bai was right. The kidney harvesting technique itself continued the effect of the bed technique. Under the feedback, Ye Zi would naturally improve.

Xu Bai had a feeling that once this news spread, he would be taken away by some evil woman.

After all, it could increase one’s strength and entertain them at the same time. It was indeed very attractive.

At the thought of this, Xu Bai teased Ye Zi for a while. After Ye Zi was embarrassed, he stopped thinking and continued to read the Nameless Saber Scripture.

This was a new book, and it was about to be completed. After this book was finished, he only had 16 nameless saber scriptures left.

At this moment, the progress bar was still moving slowly.. As time passed, the progress bar finally reached the final perfection...

Chapter 384: My Friends Are Very Expensive (1)

When the last bit of progress bar reached perfection, Xu Bai sat up and stared at the air in front of him.

A faint blue smoke gradually appeared and formed a line of words in the air.

[You have studied the Nameless Saber Scripture and comprehended the 24 armor-breaking moves (incomplete).]

It was still the same recipe and the same taste. Xu Bai took a quick glance and found that the skill this time was still a saber technique. There were no new changes.

At the next moment, the new fusion information appeared again.

[Fusion option found. Fusion in progress. ]

[Four strokes of the chess blade +24 armor-breaking strokes (incomplete):

Five strokes of the chess blade.]

[Fusion successful.]

When the words that had been successfully fused appeared, the light blue smoke gradually disappeared in the next moment. It turned into information that entered Xu Bai's mind and disappeared in an instant.

Before he could test it out, Ye Zi, who was beside him, said.

“Young Master, why do I feel that these fragments have a consciousness?” Ye Zi stared at the debris that filled the sky. She could not help but gently press her hand on Xu Bai’s shoulder, her fingers trembling slightly.

She had a feeling that when Xu Bai used the saber, every piece of the fragment was powerful enough. But now, apart from being powerful enough, every piece of the fragment here also had a faint sharpness.

Most importantly, this sharp edge was like a human, giving people a sense of consciousness.

“Saber Intent.” Xu Bai gently patted Ye Zi’s hand, telling her not to panic.

Saber intent?

Ye Zi was stunned. She was not in this line of work, so of course, she did not understand what it meant.

However, if he had never eaten pork before, how could he not have seen a pig run?

It was said that in the industry, any powerful person would comprehend the true meaning of it and their strength would multiply.

For example, a good saber user would comprehend the so-called saber intent after using a long saber for many years. After comprehending the saber intent, his strength would increase by several levels.

“Now, I might be able to fight a Rank Two expert with this saber technique.” Xu Bai thought to himself as he looked at the flying fragments.

Before this, his strength was almost invincible among Level Four experts. Even if many Level Four experts came, they could not be compared with him. After all, in terms of group battle, Black Blade Hundred Rend’s group battle strength was simply at the peak.

If a Rank-3 expert came to him and fought with him, he would be able to make the other party unable to return with all his various abilities.

However, Rank-2 was different. For every profession, Rank-2 was a qualitative change. For example, after a martial artist reached Rank-2, he would be able to have long-range abilities. Therefore, Rank-2 was an excellent watershed. It was the difference between the strength of a profession.

However, Xu Bai was different. With the saber intent, he could fight a Rank-2 because the saber intent was the essence.

The improvement of saber intent to saber techniques was really terrifying. After all, many Level Two experts might not be able to comprehend saber intent.

And how big was it?

His current Five Moves of the Go Sword had doubled in power due to the saber intent.

Moreover, he still had over a hundred pieces...

Even a Second Stage would frown at the sight of a hundred pieces of Five Moves of the Go Knife that doubled its power.

“Good! Sure!”

Xu Bai was overjoyed. He hugged Ye Zi and gave her a fierce kiss.

Ye Zi’s entire body went limp as she lay in Xu Bai’s arms.

She knew that this was a great thing for Young Master. She was also happy to see Young Master improve.

As an elite nurtured by the Ye family, Ye Zi actually understood men very well many times.

When a man got the perfect thing, he needed a woman to praise him.

Low-level compliments were just words.

As for high-level compliments...He also used his mouth.

Ye Zi's hand that was wrapped around Xu Bai's waist moved up and down. She raised her fair face and moved closer to Xu Bai's neck, exhaling like orchids. "Young Master has broken through. Ye Zi wants to reward Young Master."

Xu Bai was slightly stunned. He felt the hot air blowing out from his neck. A hand passed through Ye Zi's legs and threw her on the bed.

Then...Draw the curtain...

It was a scene.

The next day.

Xu Bai got up early and prepared to leave the clay mansion for the next place..

Chapter 385: My Friends Are Very Expensive (2)

Ye Zi had started earlier than Xu Bai and had already packed up everything.

The puppet of the Fourth Stage carried a long saber at its waist, and on its back were bundles of various saber scriptures. Ye Zi had already packed them all up.

There were 16 nameless manuals left. Xu Bai didn't know if he would be able to finish all of them when he arrived at his destination, but he would be satisfied with every book he could get along the way.

"Young Master, are we leaving now?" Ye Zi's face was covered with a veil, covering her cheeks. She asked as she helped Xu Bai put on his clothes.

She always knew her place. Even though she had a special relationship with Xu Bai, she still helped Xu Bai get dressed.

As for the next stop being Wind Chime Manor, Ye Zi actually did not have much of an idea either. She would just go.

According to the rules of the Ye Family, if the elites of the Ye Family were sent out, they would help the Ye Family instead.

But Ye Zi did not want to.

Not only did she not want to, but she was also unwilling.

If it was in the past, she might have had such thoughts, but ever since that night, when Xu Bai protected her behind his back, she had dispelled those thoughts.

Even if the Ye family were to stab her in the back in the future, she would not be willing.

The reason was simple. She wanted to have a relationship with Xu Bai as a deal with the Ye family.

It was great now. Xu Bai didn't treat her as a transaction, but as a person.

If she broke this balance, she would regret it to death.

“Don’t worry, the Ye family won’t do anything to you.” “If you really need my help, I’ll do my best,” Xu Bai said.”

Ye Zi was slightly stunned. Then, she reacted. She could not help but lower her head and stir her fingers together.

She didn’t expect to receive such an answer. In other words, Young Master really wanted to help her, so that she wouldn’t be stabbed in the back.

“Thank you, Young Master.” Ye Zi said gently.

Xu Bai smiled and rubbed Ye Zi’s head.” “Let’s go.”

“Yes.” Ye Zi’s voice was like a mosquito’s as she softly acknowledged.

The two of them did not stay any longer. They left the inn and rode their fast horses towards the next location.

They gradually left the earthen clay mansion that was filled with people and followed the path of the Yin Posthouse.

Ye Zi sat at the front, Xu Bai sat behind Ye Zi, and the puppet of the Fourth Stage ran at full speed on the ground.

Of course, in order to prevent the Nameless Saber Scripture from falling out of his bag, Xu Bai still took it out from the puppet of the Fourth Stage and let Ye Zi hold it in her arms.

Fortunately, the puppet of the Fourth Stage wasn’t a human. It was just a nimble move that didn’t know fatigue, so it was able to keep up.

Ye Zi leaned against Xu Bai's chest and moved up and down as the horse galloped. She turned her head and said, "Young Master, when you go to Wind Chime Manor this time, remember to go to the Ye family and ask for a book on the soul."

She had told Xu Bai before that Xu Bai still had some shortcomings, such as his soul. If he didn't have these shortcomings, he wouldn't have been affected by her when he saw her that day.

The Ye family was a branch of the musician branch, the Soulmaster. In essence, they used music to affect the soul of others. They could slow down the other party's movements, even if the other party's soul was injured or killed. They could also hear the other party's secrets and make the other party speak without reservation.

When it came to support, the Bizarro Sound Master was undeniably strong.

The last time at the Clay House, Ye Zi had also played a decisive role.

The soul was indeed Xu Bai's weakness. After all, the black light of the Vajra Heart Fiend Body couldn't defend against soul attacks, and the Indestructible Body couldn't repair the soul.

If the Indestructible Body could be restored, that peerless genius of Gale Country would not have become a fool and still be missing.

Therefore, if he wanted to go to the Ye family this time, he had to get a progress bar.

"Oh yes, your Ye family is blatantly trying to win over high officials and dignitaries. What does His Majesty the Emperor think about this?" Xu Bai asked.

According to Ye Zi, the Ye family had truly relied on this move to gain a firm foothold in Wind Chime Manor. Even many large families did not dare to offend them easily.

But how could the Emperor not have any objections to such brazen behavior?

Ye Zi turned her body slightly to make herself sit more comfortably. Then, she placed her ear on Xu Bai's chest and listened to the thumping of his chest. She closed her eyes and said with a look of enjoyment, "Young Master, the reason why the Ye family dares to do this is because they have a limit. They don't dare to do anything that goes against Great Chu. Moreover, even if they really have this idea, those high officials and nobles don't dare to."

The reason was actually very simple.

The Chu Emperor would always be the Chu Emperor. As long as the Chu Emperor was alive, all the high officials and nobles of the Great Chu State would have to bow down to him.

Just like King Sheng You, when he returned, the originally unstable border had become increasingly stable.

In the eyes of King Chu, the so-called Ye family's actions were always trivial matters.

If they had really broken the so-called bottom line, the Ye family would have been wiped out long ago.

Xu Bai nodded. "We'll go to the next Yin Posthouse. Rest for a while and replenish your food and water before setting off."

The horse continued forward and disappeared into the distance in the blink of an eye.

Yun County.

It was located in a small county of Wind Chime Manor's Lantern Street.

At this moment, an important figure had arrived at the Yin Posthouse of Yun County.

In the dilapidated Yin Li, more than a dozen uniformed people with weapons were sitting in front of a table. Beside the table sat a young man in

embroidered clothes.

Beside the young man was an old man in a long black robe. The old man looked to be in his seventies. Although his hair was a little white, he did not look old. Instead, he looked more like a young man..

Chapter 386: My Friends Are Very Expensive (3)

“The food in this Yin Posthouse is really like pig feed.”The young man took a bite and spat out the food in his mouth with a disgusted expression. He then took a sip of water.

Beside him, the old man did not say anything but stood respectfully at the side, waiting for the young man to eat.

The old man’s hands were tucked into his sleeves, and his sleeves bulged.

“Elder Sun, how long will it take for us to reach Wind Chimes Manor?”The young man said impatiently, “I’m already a little tired of this long journey.”

When Elder Sun heard the young man’s words, he took a step forward and bowed. “Young Master, we will arrive in three days. The food in the Yin Posthouse is too poor. Why don’t this old servant go to the carriage and bring some for Young Master?”

The young man waved his hand and said,” No need. I’ve already felt disgusted after eating the food here. By the way, is the Ye family sure that they’ve found a good candidate for me?””

Elder Sun nodded and said,” I heard that the woman’s name is Ye Yu. She’s the elite of the Ye family’s current generation of elites. She’s also specially prepared for the young master. Her goal is also to get close to our Kong family’s power.””

The young man heard this and said,” If I didn’t hear that the women of the Ye family are very beautiful, I wouldn’t have accepted their gift. This young master wants these things. They have everything.””

Old Sun quickly nodded in agreement.

At this time, the conversation box was opened. Elder Sun saw that the opportunity was better, so he took this opportunity to talk about another matter.

“Young Master, on this trip to Wind Chime Manor, we might meet someone called Xu Bai. If possible, don’t get into a conflict with him.”Elder Sun said slowly.

Kong Xu, who was addressed as Young Master, nodded.

“I have naturally heard of his name, so I naturally won’t have any conflict with him.”

Elder Sun nodded and did not say anything else.

Kong Xu took another sip of water to wash away the taste in his mouth. He sized up Elder Sun from head to toe, and an unnoticeable look flashed across his eyes.

This expression was extremely complicated, and it contained a very subtle disgust.

The Kong family was a prestigious family in the capital. The head of the Kong family was an official in the Imperial City. In terms of status, he was about the same as a prefecture magistrate.

Jing Prefecture said. Out of these four names, only Jing did not have an order.

What a joke, there was only one Jing, how could there be a Ling?

But the officials in the capital were not ordinary people.

For example, his Kong family’s status was equivalent to a state magistrate.

This trip was because the Ye family wanted to curry favor with his family, so they asked him to come here specially to pick a qualified woman.

Speaking of his position, it was very awkward in the Kong family.

He was not a legitimate son, but a concubine. He had an elder brother above him, and his relationship with his brother was difficult to explain in a few words.

As an official of the capital, the Kong family had been a scholar since childhood. They had started from an ordinary academy in Jiangnan Road, but they had come to this point. The Kong family had climbed from the bottom to the present.

The Kong family, who had climbed up from the bottom, had somehow gone crazy and placed more importance on the so-called status.

For example, his elder brother was usually at odds with him, but he had no choice. After all, in terms of status, it was reasonable for his elder brother to inherit the position.

Fortunately, the head of the Kong family cared about his reputation and treated him well. Even this trip to Wind Chime Manor was arranged by the head of the Kong family.

However, Kong Xu knew very well that this so-called arrangement had completely set his position so that he would not have any thoughts of competing with his big brother.

Even Elder Sun was a bodyguard arranged by the family head.

A Peak Rank-2 expert was good at bare-handed martial arts.

They were bodyguards, but they were more of a form of surveillance.

If he really had this thought, he would probably end up in a very miserable state.

Forget about the father-son relationship, Kong Xu knew his father very well. He was able to become a rich young master because he cared about his reputation.

It was precisely because he cared about his reputation that he couldn't let him be the head of the family. Otherwise, if word got out that he had been taken over by a concubine, the Kong family head would probably lose face.

Of course, in Kong Xu's view, only those with virtue could make the family flourish and prosper.

However, Master Kong was such a person. Moreover, his elder brother was not a useless trash, so his position was especially awkward now.

Accepting his father's arrangement, taking in a woman from the Wind Chime Manor's Ye family, and honestly living the life of a rich young master, this seemed quite good.

However, Kong Xu knew very well that this state would not last for long. Once his elder brother became the head of the family, his position might really be in danger.

His big brother was not easy to deal with. When the time came, he would arrange everything for him.

"So... I'm trying to find a way out for myself. It's all because you forced me." Kong Xu thought to himself as he looked at Elder Sun.

At this moment, the Yin Posthouse was especially quiet.

It was a county Yin Posthouse, and the area here was very small, so there were not many people.

Just as Kong Xu and the others were planning to rest for a while more, the sound of hurried horse hooves suddenly rang out.

Kong Xu put down the cup in his hand and looked in the direction of the voice, frowning.

A man and a woman arrived on a fast horse. The woman was covered with a veil, so her face could not be seen clearly. After the man tied the fast horse to the stable, he hugged the woman's waist and took her down.

Next to the couple was a man dressed in black. His face and gender could not be seen clearly. There was an ordinary knife hanging from his waist..

Chapter 387: My Friends Are Very Expensive (4)

Kong Xu narrowed his eyes.

He recognized this man.

Xu Bai.

When Xu Bai was about to enter the capital to receive the reward, his portrait had already appeared in the hands of many people. After all, such a person naturally attracted the attention of many forces.

Kong Xu naturally paid attention. He looked at Xu Bai and thought, "I didn't expect to meet him here."

Elder Sun also saw Xu Bai. He quickly walked forward and said, "Second Young Master, it's Bai. Don't have any gruwith him."

Most of these big families had been cautious until now and would not have any problems with the details.

Kong Xu nodded and agreed, but he was thinking about something else.

Naturally, Xu Bai had also noticed the situation here. After all, it would be difficult to not be discovered by a dozen people gathered together.

However, this had nothing to do with him.

Xu Bai brought Ye Zi and prepared to leave after purchasing new supplies at the Yin Posthouse.

He still had to hurry up and arrive at Wind Chime Manor as soon as possible so that he could complete one thing earlier. Moreover, the progress bar of the divine soul had always been in his heart. Of course, he wanted to obtain it as soon as possible.

However, sometimes, the more he wanted to leave, the more he couldn't leave.

Kong Xu stood up, ignoring Elder Sun's attempts to stop him. He walked to Xu

Bai and blocked his way.

Xu Bai stopped.

Before he could make a move, the puppet of the Fourth Stage next to him had already drawn the saber at its waist.

"Greetings, Lord Xu." Kong Xu showed no fear at all. He raised his fist and bowed slightly to Xu Bai.

Xu Bai raised his eyebrows and sized up the man.

He thought that he was here to stir up trouble or assassinate him again. He did not expect this man to bow to him directly. This was something.

"Kong Xu?" Xu Bai had never heard of this name before.

“Young Master, they are from the Kong family.” Ye Zi played the role of a tool and explained to Xu Bai, “The Kong family is an official in the capital. Although they aren’t strong, the Kong family’s main official rank is equivalent to the prefecture’s order. Kong Xu is the second young master of the Kong family, and I remember that the Ye family seems to be giving him a member.”

“Oh?” ‘Young Master Kong, why are you blocking my way?’ Xu Bai asked.”

Now that he knew the other party’s identity, there was naturally a reason for the other party to block his way. Xu Bai did not immediately attack because he wanted to know why.

At this moment, Elder Sun and his men rushed over.

“Lord Xu, my young master saw you, so he couldn’t help but come over to say hello. He has no other intentions.” Old Sun hurriedly said, as if he was afraid of offending Xu Bai.

Except for those who wanted to assassinate him, all the other officials knew to be on good terms with Xu Bai as long as they knew some principles of officialdom.

Elder Sun was afraid that his second young master would be unreasonable and offend Xu Bai. If the Sun family was tripped up, it would not be good.

Xu Bai felt that it was .

He didn’t expect his status to become like this. Even an official in the capital was so careful with him.

However, the officials in the capital were indeed smart. Even the people in these families were not all good-for-nothing.

After all, they couldn’t ignore the education of their family members. If their family members were arrogant and despotic, they might get themselves burned.

That was the capital. There were not many things, but there were many officials.

“Lord Xu, are we going to Wind Chime Manor this time?” Kong Xu asked.

From the beginning to the end, he did not even look at Ye Zi. His gaze was fixed on Xu Bai.

Ye Zi was very beautiful. Even with a veil over her face, it could not hide her temperament.

However, Kong Xu knew very well that a person like Xu Bai who had a beauty by his side, Kong Xu would definitely not look at him carelessly, because if he looked carelessly, he would get into trouble.

“That’s right,” Xu Bai nodded and said,

His itinerary had never been a secret. After all, those who wanted to assassinate him had probably known about it long ago.

There was no harm in saying it.

“I saw that Lord Xu was only riding a fast horse. How can a horse seat three people? Why don’t Lord Xu sit in the carriage with me? I want to go to Wind Chime Manor too.” Kong Xu invited.

Xu Bai shook his head and said, “I’m used to being alone, so I don’t really want to sit in your carriage. If it’s really because of this, Young Master Kong might be disappointed.”

There was no need for him to take the carriage. In Kong Xu’s eyes, the puppet of the Fourth Stage was a true person. However, it was actually just a puppet.

He and Ye Zi rode a horse, which was much faster than a carriage.

Seeing this, Kong Xu did not say anything. Instead, he looked at a subordinate beside him and said, “Bring Lord Xu a fast horse.”

The subordinate was slightly stunned, but he quickly brought a horse over.

“Lord Xu, if you don’t want to go with me, this horse is my gift to Lord Xu.” Kong Xu didn’t care about Xu Bai’s unwillingness to go with him. Instead, he sent a fast horse over.

Xu Bai smiled but didn’t say anything.

At this moment, the fourth puppet walked up and caught the horse.

“Just one horse might not be enough. Young Master Kong, if you want to achieve your goal, you might need more. “Xu Bai hugged Ye Zi and mounted the horse.” This Xu is in a hurry, so I won’t stay any longer.”

With that, Xu Bai left quickly.

Now that the puppet of the Fourth Stage had a horse, it followed behind on its horse.

Kong Xu stared in Xu Bai’s direction. Only after Xu Bai had walked far away did he recall Xu Bai’s words and fell into deep thought..

Chapter 388: It Is Very Expensive for Me to Make Friends with a De-Lor

“Second Young Master, please don’t do anything stupid.” Elder Sun suddenly said.”

He was a member of the Confucius Residence, so he naturally knew that the Old Master only wanted the Second Young Master to live the life of a rich man and did not want the Second Young Master to disrupt his elder brother’s plans.

However, looking at the situation today, the Second Young Master also wanted to befriend Xu Bai. There were many ways to do so.

Kong Xu recovered from his silence and said, "Elder Sun, who do you think is more suitable, me or big brother?"

Elder Sun was stunned and sighed. "Second Young Master is more suitable, but Old Master is stubborn. Only Eldest Young Master is legitimate. He wants face."

"Yes," "But I believe that only virtuous people can make a family flourish," Kong Xu said slowly.

"You're making things difficult for me." Elder Sun said, "Besides, the person you befriended is Xu Bai. It's unknown whether he can make it to the capital alive. Why waste time here? As long as you don't offend him, it's fine."

"No, he can." Kong Xu said, "I'm very accurate in judging people. Don't forget, besides being a scholar, I've also studied divination. I just read his fortune."

Kong Xu couldn't hold it in anymore and spat out a mouthful of blood. His face turned extremely pale. He didn't know when he had been injured.

Elder Sun was shocked. Just as he was about to speak, he was interrupted by Kong Xu.

"It's all blurry. Even with my strength as a scholar and a diviner of the Fifth

Stage, I can't see anything. "Kong Xu looked very weak."

Elder Sun was silent. After a long time, he said, "But I..."

"You have a daughter. If big brother succeeds the family head, she will be a concubine." Kong Xu looked straight at Elder Sun and said firmly, "As for me, I will take her as my wife. From now on, you, Elder Sun, will take off your status as a servant and become my father-in-law."

Elder Sun fell silent again, as if he was stunned by Kong Xu's words. He did not reply for a long time.

After a while, Elder Sun finally left the silent atmosphere. His eyes were filled with complicated emotions.

He looked at the dozen or so subordinates around him with killing intent in his eyes. "If that's the case, we can't keep these people alive."

The topic they had just discussed was very secretive. They must not let these people hear it, or else it would be a disaster.

"There's no need to kill them. They're already my people." Kong Xu handed Old Sun a pill and said: "Elder Sun, take it. This is an antidote pill. You can circulate your true qi and know that you've been poisoned by me."

Elder Sun was stunned. He tried to circulate his zhenqi and found that it was true. He could not help but say in astonishment, "You wanted to see Xu Bai for a long time, and you wanted to get rid of me, a thorn in your side."

The surrounding subordinates were already Kong Xu's men, and only he wasn't. Moreover, he was poisoned when he came here, so the result was obvious.

"I spent a lot of effort to get this poison. If I knew that Elder Sun would agree, I wouldn't have done this. Fortunately, I have the antidote." Kong Xu said helplessly, "There's nothing I can do about it. If my big brother really succeeds the throne, I won't be far from death."

Elder Sun smiled bitterly and took the antidote. "This old man will accompany you once, but you must remember what you said." "Father-in-law, please accept my bow." Kong Xu bowed.

The Yin Posthouse was silent.

They spoke very softly, so no one heard them.

Xu Bai was riding a fast horse and rushing towards Wind Chime Manor.

Ye Zi leaned against Xu Bai's chest and looked up at Xu Bai's face. "Young Master, it seems that the second young master of the Kong family is trying to curry favor with you to ease his anxiety."

"I know." Xu Bai looked ahead and spoke in a faint voice.

"How does Young Master know that?" Ye Zi asked curiously.

"The so-called second young master, just this word alone has already reflected the true meaning of it." "The power struggle in this family is probably at this level." Xu Bai smiled.

Ye Zi giggled. "Young Master, your wisdom is unparalleled. You don't need Ye

Zi's reminder to know the situation."

In fact, the young master of the Kong family and his brother had never been on good terms. The head of the Kong family had already made his brother the next heir.

As expected, when his big brother took over, his life might not be guaranteed."

Xu Bai freed a hand and rubbed Ye Zi's head, causing her to mutter. Only then did he say, "You really know everything."

What Ye Zi said just now was indeed no different from what he thought.

"The clan's nurturing has allowed us to have a rough understanding of the forces in the world," Ye Zi said. "It just so happens that we can help Young Master. Young Master, what do you think?"

"What was I thinking?" Xu Bai muttered to himself, "If you want to make friends with me, I want to make friends with you. It's too cheap. What do you think? What do you want to do behind him? He wants to go to the Ye family. There must be an intersection behind him."

“Yes.” Ye Zi hummed and moved her head. She changed to a more comfortable position and leaned into Xu Bai’s arms.

The horse sped further and further away. Xu Bai didn’t stop along the way and headed straight for his destination.

It was very quiet along the way. There were no so-called assassinations. It was as if everything had returned to peace.

By the time Xu Bai had finished reading the Nameless Saber Scripture, he had finally arrived at Wind Chimes Manor..

Chapter 389: An Inexplicable Death (1)

They had arrived at Wind Chimes Manor.

Compared to the previous few manors, Wind Chime Manor seemed to be particularly unique. Compared to those few manors, this Wind Chime Manor had a unique style.

The word “wind chime” was actually referring to music.

Here, even ordinary people knew some music, and music became the main melody.

The puppet of the Fourth Stage was holding a horse in each hand, while Xu Bai and Ye Zi were walking on foot. Ye Zi leaned against Xu Bai and held his hand.

Xu Bai looked at the scenery on both sides of the street and sighed. The style here was slightly different.

On both sides of the street, there were various vendors selling various kinds of musical instruments in addition to some daily items. Musical instruments had become the mainstream here, and every ordinary person looked different.

As the saying goes, a place's water and soil support a person. In Wind Chime

Manor, even the temperament of the commoners was extremely in line with the way of music.

If it was in some barbaric land, the people would definitely be valiant. However, in this Wind Chime Manor, their temperament was like a water village.

After returning to Wind Chime Manor, Ye Zi became more at ease. After all, she was born and raised here. Even though she did not go out much because of the Ye family, she still felt a trace of homecoming.

"Young Master, why don't you stay in the Ye family?" Ye Zi's slender legs walked happily as she turned around and leaned on Xu Bai's shoulder. "You're a distinguished guest of the Ye Family. Even if you stay in the Ye Family, they will only be happy."

Xu Bai thought for a moment and nodded.

If he found it troublesome, he could directly go to the inn to stay. However, he could go to the Ye family to stay for a few days this time. His purpose was naturally to get that book on the divine soul. After all, this thing was very important to him.

He had to make up for the shortage of his soul as soon as possible. Otherwise, there would be changes if he delayed it. After all, he did not know if the next enemy would be very strong in this aspect.

When Ye Zi heard this, she was overjoyed. She hugged Xu Bai's arm with both hands and leaned against him. "Young Master is so good."

Xu Bai moved his arm, and Ye Zi immediately reacted. Her face turned slightly red.

"Lead the way."

He knew very well what Ye Zi was thinking.

This was similar to returning home in glory, but it was a different version.

In the beginning, when the Ye Family decided to give Ye Zi to him, Ye Zi was extremely against it. In the middle, the other women of the Ye Family also gloated at her. This was what Ye Zi had said on the way here.

At that time, it was a choice in itself, and many women were unwilling. After all, they had heard rumors about Xu Bai in the martial world. Who would be willing to serve a temperamental person?

But in the end, he only chose Ye Zi.

The other members of the family were naturally gloating, and some even sneered.

This was very normal. Not every family was united. Most of the Ye family were women.

As the saying goes, three women make a show. With more women in the Ye family, the show would be especially full.

Ye Zi's intention was naturally to go back and show the Ye family that Xu Bai was not like the rumors in Jianghu. On the contrary, he was a very gentle person.

Regarding this, Xu Bai did as Ye Zi said.

In any case, he had to take the progress bar of the divine soul on the way. It just so happened to satisfy Ye Zi's mentality, so why not?

Ye Zi hugged Xu Bai's arm and led the way.

Xu Bai enjoyed it too. After all, when a particularly spectacular woman hugged her arm and jumped around, her arm felt very comfortable.

Just like that, the two of them walked through various streets and finally arrived at a rather luxurious mansion.

On the plaque, there were two words written in iron and silver- Ye Family.

The servant at the door was guarding the door seriously. Suddenly, he saw someone walking over and subconsciously looked over.

Immediately after, the servant was slightly stunned. He quickly turned around, pushed open the door, and walked inside, shouting as he walked. "Someone come quickly, Ye Zi is back, someone come quickly!"

His voice was so loud that it made Xu Bai feel awkward.

"Young Master, please don't mind. After all, Ye Zi escaped back then." Ye Zi said apologetically.

Not long after, a group of servants walked out from inside and surrounded Xu Bai and the others. At the same time, a large number of women walked out.

"Ye Zi, you still dare to return to the clan. Aren't you afraid of being severely punished?" One of the women looked quite young. There was a beauty mole the size of a grain of rice at the corner of her eye, adding charm to her beautiful face. "The master is on his way here. I advise you not to have any other thoughts."

When Ye Zi saw this scene, she did not panic. She just leaned her head on Xu Bai's shoulder and did not say a word.

Her action attracted everyone's attention, and they all turned to look at Xu Bai.

“Move aside.” Xu Bai said.

When he said this, he thought that these people would move aside. After all, he was not here to cause trouble.

However, he did not expect that the woman in the lead would look disdainful as soon as she finished speaking.

“Are you the wild man she found outside? Let me tell you, you’re in big trouble.”“ Ye Zi is Lord Xu Bai’s woman,” the leading woman said coldly. “ You dare to seduce his woman? I think you don’t want to live anymore, do you?”“ Xu Bai was speechless.

Speaking of which, wasn’t he very famous? Why couldn’t these people recognize him?

Kong Xu had recognized him at a glance. Could it be that there was a hierarchy here?

Or was it because his appearance was too outstanding that he concealed his identity?

Chapter 390: An Inexplicable Death (2)

Xu Bai touched his face.

Although this was a fact, it was not to this extent.

Ye Zi moved closer to Xu Bai’s ear. Due to her height, she tried her best to raise her fair neck and whispered, “Young Master, all of the Ye Clan’s distinguished guests will not let the Ye Clan’s women see their appearances. They want to avoid seeing extremely outstanding ones that would attract the Ye Clan’s women to fight for them.”

One sentence was enough to explain everything to Xu Bai.

Good heavens, even the Ye family, which treated their family members as commodities, had to look at their faces. In this day and age, looks were indeed justice.

Thinking about it carefully, it was indeed so.

If one looked at one's appearance first, they would naturally fight over the outstanding one. After all, who would want to commit themselves to an ugly one?

However, it was a different story when it came to ugly ones.

"If you knew my appearance in advance, would you fight over me?" Xu Bai rubbed his chin and said narcissistically.

Ye Zi burst out laughing and said gently, "If I had seen it in advance, Ye Zi would have followed Young Master no matter what."

A woman with a sweet mouth would make men feel proud.

A woman with a sweet mouth would also make men feel that she had a hidden agenda.

There were two kinds of sweet words. One was that the words were nice, and the other was...

When the leading woman saw that these two people were not only not afraid of her, but were also flirting in front of her, she could not help but frown. Her already beautiful face looked a little weak because of the frown.

The Ye family had their own way of choosing people. The women they chased out had their own charms.

There were tall ones, short ones, delicate ones, tall ones, even big ones and small ones.

“Ye Yu, I know that you’re connected to the Kong family, but do you know that even the Kong family has to be wary of this young master beside me?” Ye Zi made a particularly exaggerated expression and covered her mouth with her hand. “Don’t tell me you don’t know Xu Bai?”

Xu Bai?

Xu Bai!

As soon as he said that, not only the women, but even the servants around him took a step back, making Xu Bai look like a ferocious beast.

In fact, Xu Bai was very famous in Jianghu now. Of course, he had a bad reputation.

He was ruthless, temperamental, and there were even rumors that he liked to torture people. All kinds of rumors were spreading in the martial arts world.

In fact, the various rumors were quite in line with Xu Bai's character. After all, as his enemies, they had all experienced it.

“Is it really Lord Xu?” Ye Yu quickly regained her senses and said in disbelief, “Are you alright?”

As soon as she said this, she knew that she was wrong. Saying this in front of Lord Xu, wasn't she not giving Lord Xu face?

“Not only is he fine, Young Master is not like the rumors say. On the contrary, he is an extremely gentle person.” Ye Zi leaned on Xu Bai's shoulder with a happy expression.

Ye Yu's expression became extremely complicated. No one knew what she was thinking.

At this moment, another set of footsteps sounded from the mansion. Then, a middle-aged woman walked out.

The middle-aged woman was dressed luxuriously and had a jade hairpin in her hair. She looked extremely expensive.

In fact, she was already past her youth, but her figure and temperament had not diminished for a long time. If not for the fact that her makeup and hair style were a little old-fashioned, she would have looked like a young beauty if she changed her style.

Presumably, in his previous life, there would definitely be a bunch of people who lived off women.

It wasn't that he couldn't eat the soft rice, but whether the soft rice tasted good or not.

Who wouldn't be willing to eat a fragrant and delicious meal?

"Lord Xu, it's an honor to visit my humble house. "The middle-aged woman, Ye Family Head, walked out and bowed to Xu Bai. Her figure was elegant and mature."The wind is strong outside. How about Lord Xu go inside?"

As soon as he said this, Xu Bai's identity was completely confirmed, and no one was suspicious anymore.

"Alright." Xu Bai was expressionless. He didn't say anything else. With just a simple word, he walked toward the door.

The less he said, the more indifferent his expression became, making it impossible for others to guess what he was thinking.

The Ye Family Head waited until Xu Bai walked in before turning his head and sizing up Ye Zi. His red lips were slightly parted, but he did not make a sound. However, it could be seen from his lips.

"What exactly happened?"

Ye Zi didn't say anything. She just followed Xu Bai and walked in.

The surrounding women looked at each other. A few of them were already regretful, especially the woman called Ye Yu.

In the beginning, Ye Yu was arranged to go. It was not because she was stronger than Ye Zi, but because her influence in the Ye family was slightly greater.

Even if she was treated as a commodity, she had a different status in the Ye family. Therefore, at first, Ye Yu took the lead. However, due to Xu Bai's reputation in the martial arts world at that time, Ye Yu refused. She changed to a few other women, but she still refused all of them.

Now, it seemed that Xu Bai was not as scary as the rumors in the martial arts world. Moreover, judging from Ye Zi's expression just now, it was not fake. In other words, Ye Zi was genuinely happy.

None of the women who left the Ye family had a really happy smile. The reason was simple. Even if they had a firm foothold in those places, they were just concubines in the end.

Those high-ranking officials and dignitaries would not treat them as equals. They would only give some help when the Ye family needed help. It would not be to the extent of embarrassing these high-ranking officials and dignitaries..
