

Unparalleled 401

Chapter 401: The Beginning of the Assassination in the Night (3)

Kong Xu thought about what Xu Bai had just said. He nodded and then shook his head.

“Lord Xu, if you want to calculate more deeply, perhaps you can give it a try. However, you have to wait for me to recuperate for a few days because I can’t calculate anymore.”

He was already seriously injured. If it wasn’t for the quick treatment, he would have already lost the amount of his body. Therefore, he had to wait until his injuries were healed before he could calculate it.

“It’s fine. You just need to rest. When you’re done resting, you can calculate it for me.” Xu Bai said.

Kong Xu nodded.

“Guys, you can stay in my Ye family.” Ye Family Head said.

Today was really a scary day. If anything happened to them again, she would not be able to get away with it.

Kong Xu nodded and said, “Then I’ll have to trouble Patriarch Ye.”

After that, nothing else happened. Lord Ye Jia arranged for Kong Xu to recuperate in a place while Xu Bai returned to his room.

“Young Master, I know what you are thinking. “” Perhaps they intercepted the Kong Family’s Second Young Master not because he has any combat strength, but because of his ability to read fortunes,” Ye Zi said gently.”

Actually, Ye Zi was not stupid. She was very smart.

Not only was it a good support ability, but sometimes it could also open up new ideas for Xu Bai.

Xu Bai nodded and said calmly, "That's true. This divination ability can help me solve many problems, so they tried their best to kill me."

"Young Master, it seems like tonight is destined to be a sleepless night. "Ye Zi walked to Xu Bai's side and peeled the fruit on the table before putting it into Xu Bai's mouth." "We have to keep an eye on the Kong family's second young master."

Xu Bai smiled and said, "Not just tonight. We have to be careful for the next few days. The other party will definitely come. You and I are thinking the same thing. ""

His fortune-telling ability was still of the fifth grade, so it must be helpful to Xu Bai. The other party was also afraid of this ability, so he wanted to kill Kong Xu at all costs.

Not only did he not kill Kong Xu, but he also allowed Kong Xu to escape to the Ye Clan. He would definitely make another move next. Otherwise, Xu Bai would have benefited for nothing.

Since the other party might want to make a move, this was Xu Bai's breakthrough point.

"You've used your power again." Xu Bai rubbed Ye Zi's head and said.

Ye Zi acknowledged.

Behind him, the puppet of the Fourth Stage quietly left. It found a secluded corner outside Kong Xu's residence and waited.

Time gradually passed, and nothing happened during the day. Everything was quiet and peaceful.

The demon masters did not attack again. It was as if all the demon masters had disappeared overnight. The water in Wind Chimes Manor had also calmed down.

In the blink of an eye, it was late at night.

The night was very cold.

The weather was getting colder and colder, especially at night. If one did not add a blanket, it would give one a cold feeling.

In Ye Yu's room.

At this moment, Ye Yu was looking at the oil lamp in front of her in a daze, not knowing what to think.

Today, Kong Xu had come, and Ye Yu had also taken a glance at him from the crowd.

To be honest, if it were any other time, it would be in line with her thoughts. After all, the Kong family head was an official in the capital. In terms of status, he was equivalent to a state magistrate.

However, everything had to be compared.

If she had seen Kong Xu before Xu Bai appeared, she would have been willing to do so.

However, after Xu Bai appeared, everything changed. It became a little uncomfortable.

Kong Xu and Xu Bai were incomparable in Ye Yu's eyes.

Just this morning, Kong Xu's respectful attitude in front of Xu Bai made Ye Yu feel disgusted.

If she were to go there, she would really be inferior to Ye Zi forever.

This feeling was very uncomfortable, and Ye Yu didn't want to feel it.

Ye Yu looked at the oil lamp in front of her and clenched her fists.

"Is this my last life?"

The sorrowful feeling in his heart grew deeper and deeper.

At this moment, a voice sounded from the surroundings. "Of course, this is not your fate. Your fate can be completely changed." The voice was low and hoarse. It was a man's voice.

Hearing this voice, Ye Yu suddenly turned around and looked behind her.

The man in black appeared again with a black and white snake wrapped around his waist. He looked a little terrifying.

"You demon masters ambushed Second Young Master Kong during the day, and you still dare to come and see me at night." Ye Yu tried her best to calm her emotions and make her voice calm. However, her voice was trembling and could not be suppressed.

"What's there to be afraid of? We even dared to touch Xu Bai. What do you think we have to be afraid of?" The black-shirted man's tone was indifferent, as if he was describing a very ordinary matter.

The scene fell into silence. Ye Yu didn't know how to answer because she couldn't answer these questions.

The man in black came to Ye Yu's side and reached into his pocket. He took out a box and handed it to Ye Yu, saying, "Take it, then go to Kong Xu's room and open this box. Your goal will be achieved. As long as Kong Xu is dead, you don't have to go there, and you don't have to feel inferior."

Ye Yu stared blankly at the box in her hand. The box was only the size of a palm and looked extremely ordinary.

When the box was in her hand, she could feel an obvious vibration. There was a living thing inside..

Chapter 402: Beginning of the Night Assassination (4)

“Are you joking? If I were to make a move, would I be able to escape?” Ye Yu prepared to throw the box away.

The next moment, the man in black grabbed her wrist and stopped her.

“Only you can get close. After all, you’re going to the Kong family. It’s perfectly justifiable. As for whether you can escape or not, don’t worry.”

Ye Yu stopped talking.

She lowered her head as if she was thinking about what the man in black had said.

“I know what you’re thinking.” The man in black slowly said, “Killing Kong Xu is only the first step. We still have to kill Xu Bai. By then, you will be able to vent your anger. At that time, we can even make you the master of the Ye family. Are you satisfied?””

As the man in black spoke, the snake at his waist made a sizzling sound.

Ye Yu was still thinking about it, but after hearing this voice, her mind went into a mess. She didn’t know why, but she agreed inexplicably.

“Alright.”

She took the box in her hand and walked out of the door towards Kong Xu.

After Ye Yu left, the man in black turned into smoke and disappeared without a trace.

Ye Yu had been thinking about what the man in black had said the entire time. Unknowingly, she had arrived at Kong Xu's door with the wooden box in her hands.

She looked at the tightly shut door, gritted her teeth, and knocked on the door. The sound of knocking echoed in the corridor. Soon, Elder Sun's voice was heard.

"Who is it?"

Elder Sun's voice was filled with vigilance.

"It's me, Ye Yu," Ye Yu said.

Before Kong Xu arrived, he naturally knew who he was looking for, so when Elder Sun heard the name, he opened the door from inside.

"Second Young Master is seriously injured and it is not convenient for him to receive Young Lady. "Elder Sun said politely.

Ye Yu held the box in her hand tightly and tried to calm her tone. She raised her head and said, ""It's like this. I know that Second Young Master Kong is seriously injured, so I spent a lot of effort to find a medicine that might be able to save Second Young Master Kong."

Elder Sun fell silent, not knowing how to answer.

At this moment, Kong Xu spoke.

"It must be Miss Ye Yu. Let her in."

Kong Xu's voice sounded in the room. He still sounded very weak.

Since Kong Xu had already spoken, Elder Sun did not hesitate anymore. He opened up a path and let Ye Yu in.

Ye Yu walked into the room and saw Kong Xu sitting weakly on the bed.

Compared to the morning, his complexion was much better. It would probably take a few days for his injuries to completely recover.

"Miss Ye Yu, I'm truly sorry that I can't stand up to welcome you." Kong Xu said politely.

Ye Yu hesitated when she saw Kong Xu's expression.

In fact, from the moment she entered the room until now, Kong Xu had been behaving in a well-behaved manner.

However, when she thought about Ye Zi, Ye Yu became ruthless again.

Especially when she thought of these things, the hissing sound of the snake just now flashed in her mind, making her feel even stronger.

The young master of the hole. Ye Yu took a few steps forward and slowly raised the wooden box in her hand, preparing to open it. "This is the medicine I got for you. It can treat your injuries."

Kong Xu was slightly curious as he moved closer.

At this moment, the palm-sized box was opened by Ye Yu, and the sound of flapping wings came from inside.

A black shadow flashed past, heading straight for Kong Xu.

Upon closer inspection, it was a centipede with wings.

“Not good!” Elder Sun instantly reacted and chased after the centipede in a few steps.

However, before he could run far, the box vibrated again. Another centipede with wings flew out from inside and pounced straight at Elder Sun.

This scene happened too quickly, so the two of them did not react in time.

To be more precise, they never expected that they would encounter such an assassination in the Ye family.

They had thought that they might be assassinated, but they didn't expect it to be someone from the Ye family, let alone Ye Yu.

This was a quagmire of thinking.

Ye Clan, Ye Clan's people, Ye Yu.

Step by step, they felt a sense of security. And within this sense of security was a cold killing intent.

The winged centipede was very fast.

Elder Sun had lost an arm, and he was already good at bare-handed martial arts. Because of the loss of his arm, he had already lost half of his strength.

Due to the centipede's wings, it was very agile in the air. It would not be able to break through for a while.

But Kong Xu felt terrible.

Kong Xu was already heavily injured and could not react at all. He could only watch as the centipede approached.

At this moment, even faster footsteps sounded. Then, a knife suddenly exploded and turned into fragments in the middle.

The puppet of the Fourth Stage was wrapped in a black coat, and it was executing the Five Forms Forms of Saber Go.

Although it was only the prototype of Xu Bai's saber technique, it was already very strong. Coupled with the ingenious saber that Xu Bai had specially forged for it, it managed to block the centipede by a hair's breadth.

However, since this winged centipede could be used for assassination, it must be more than that. It could only hold them off for a moment before breaking through the encirclement and continuing to chase after Kong Xu.

“Crack!”

The centipede bit down fiercely in front of him. In the next moment, he felt a hard touch.

The puppet of the Fourth Stage stood in the center, a hole having been bitten through its chest, but it didn't feel anything.

“My poison is ineffective?” The winged centipede was speaking in human language..

Chapter 403: The Beginning of the Assassination in the Night (5)

It would never have thought that a puppet could be poisoned.

“Demon?”

At this moment, another voice came from outside the door. Xu Bai stepped into the room and waved the black saber in his hand.

To be able to speak human language, it must be a demon.

The Black Blade Hundred Splits instantly shattered into pieces, turning the centipedes that surrounded Elder Sun into ashes.

Five Styles of the Knife, Seventh-Order Knife Technique, Saber Intent, Third-Grade Itinerant...

When these things were combined, it would be strange if they could not be killed in one move.

On the other side, a portion of the fragments separated and swept up another winged centipede. In the next moment, the wings and densely packed feet were cut off. The centipede fell to the ground and rolled in pain.

“Crack!”

Xu Bai didn't stop. He quickly broke Ye Yu's limbs.

This crisp sound was mixed with Ye Yu's miserable cry, making people shudder.

Ye Yu let out a miserable cry. Then, her eyes rolled back and she fainted on the ground.

“Good, decisive, and the technique of using it” Although Elder Sun only had one arm left, he could not help but shiver when he saw Xu Bai's swift movements.

At this moment, Xu Bai was the Xu Bai that was rumored in the martial world, not an ordinary young man.

Ruthless and temperamental

A faint killing intent surrounded Xu Bai, causing everyone present to shudder. They did not dare to look Xu Bai in the eye.

Especially when Xu Bai had broken Ye Yu's limbs, he did not hesitate at all.

In the eyes of everyone, this situation made them feel that the rumors in the martial arts world were rather simple.

"If you want to go further, you have to be more careful in the future. "Xu Bai looked at Kong Xu and said indifferently,""Compared to your peers, you are still a little lacking."

If it was Liu Xu Wu Hua, this wouldn't have happened today.

If it was Yun Zihai, he could even kill him.

Even Qing Xue could see the clues.

As for Chu Yu...

Forget it, Chu Yu...

It could only be said that Kong Xu's idea was very accurate, including coming to find him. However, there were some details that were still lacking.

Kong Xu nodded his head mechanically.

He didn't know why, but when he heard Xu Bai's words, he couldn't help but treat Xu Bai as a senior.

"I understand, Lord Xu." Kong Xu said with difficulty.

"Ye Zi, let's begin." Xu Bai didn't bother about Kong Xu anymore and turned to Ye Zi.

Ye Zi gently nodded as her ten fingers danced.

A glowing thread appeared in the air. As Ye Zi moved, sounds kept circulating.

The centipede that was rolling on the ground was screaming, but after hearing the music, its screams gradually faded.

This was what Xu Bai thought.

It was too easy for him to dodge the other party's move. He naturally had to follow the other party's move and find some clues.

"Where is the person behind all of you?" Xu Bai asked.

The centipede lying on the ground stopped rolling and screaming. After hearing Xu Bai's question, it let out an unpleasant sound.

"I don't know...I don't know..."

Xu Bai frowned.

Of course, he knew that it was impossible to ask so easily, but he did not expect the other party to not know.

“Do you have any clues to tell me?”

Thinking of this, Xu Bai put it in another way.

This time, the centipede finally gave a detailed answer.

” Three days later, the largest boat in the Water Festival Festival of the Wind Chimes Manor...Gather.”

It was another simple sentence, but it gave a location.

“Young Master, the Pleasure Water Festival is the annual festival of Wind Chime Manor. It is mainly held in Xunyu River. During this festival, there are countless boats. On the boats, there are all kinds of talented scholars and beautiful women exchanging music. “Ye Zi explained to Xu Bai.

“Is there anything else?” Xu Bai rubbed his chin.”

The centipede lying on the ground did not speak anymore. Clearly, it had nothing else to say.

Xu Bai thought for a while and his heart skipped a beat.

The puppet of the Fourth Stage brandished its long saber and ended the centipede.

Since there was nothing to say, then there was no value. It was best to kill him.

After doing all this, Xu Bai turned his gaze to Ye Yu, who was on the ground.

Due to her limbs being broken by Xu Bai, Ye Yu had already passed out due to the sudden pain.

Their fight naturally attracted attention. The Ye family head rushed over in a hurry and saw this scene in front of him.

“This...” Ye Family Head was stunned.

She had thought that something might happen, but she did not expect it to be like this. She only needed to take a look at the situation now to know what it was like.

However, Ye Zi still explained it appropriately to prevent any misunderstanding from the Ye family head.

Hearing this, Ye Family Head gritted his teeth and said, “I will give you an explanation.”

She couldn’t afford to offend either of them. She had to give them an explanation.

Xu Bai shook his head and said, “I don’t want to see this woman alive. I have to give her an explanation, but not now. I still have something to ask her.”

Although there was not much information about Centipede, the woman called Ye Yu was still alive. Since she was involved in this matter, she more or less knew something.

“Lord Xu, you can do whatever you want.” Ye Family Head nodded.

“Slap.” Xu Bai said.

The puppet of the Fourth Stage walked forward and slapped Ye Yu’s face twice.

Gradually, Ye Yu woke up from her coma. When she saw the scene in front of her, her expression was filled with confusion.

But soon, her confusion disappeared and was replaced by fear..

Chapter 404: The Boat of Joy (1)

As Ye Yu woke up, the memories from not long ago echoed in her mind. She recalled the scene of her limbs being broken by Xu Bai, and her fear grew stronger.

Immediately after, the pain was like the second person who was running slower, arriving right after her, causing her forehead to be covered in dense cold sweat.

“It hurts...” Ye Yu couldn’t help but shout.

The Ye Family Head looked at his family members and revealed a look of reluctance. However, it was followed by determination. The reluctance that had appeared at the beginning had already disappeared with the wind. “If you answer the question honestly, I can plead with Lord Xu on your behalf and give you a quick death.”

Ye Yu was slightly stunned. The pain that had spread throughout her body seemed to have slowed down for a moment. She then turned her gaze to Xu Bai’s position and revealed a sad smile. “Is it satisfying...When I decided to do this, I had already thought of the outcome. Lord Xu, ask whatever you want.”

Failure was a death penalty. There was no other way to choose. Other than death, there was no other way.

Ye Yu thought that she should regret it, but if she didn’t do it, she would regret it even more. Compared to that kind of long- term torture, she hoped for a quick death.

“What do you know? Tell me everything. For the sake of your family head, I can let you die quickly. “Xu Bai said indifferently.

She had to die.

Even though he had experienced so many things, it still couldn't change the fact that Xu Bai was ruthless.

If he had compassion in his heart just because she was a woman, then the consequences would definitely be a disaster that would bring disaster to himself.

"The person who asked me to do this was a demon master. There was a snake wrapped around his waist. It was a black and white snake." Ye Yu said, "He should be a monster trainer type demon master. That snake's voice has the ability to bewitch. To be precise, it shouldn't be called bewitching, but it can amplify the desires deep in one's heart. ""

She thought carefully about the first time she met that person and everything that happened after that. The only suspicious point was the black and white snake.

In the end, when she decided to assassinate Kong Xu, she felt that her mind was being controlled by something. Now that she thought about it carefully, her inner desire had expanded.

"Black and white snakes?"

Xu Bai didn't feel anything, but when Kong Xu heard this, his face revealed a bewildered expression. It was as if something that was originally going well had been shrouded in a layer of fog.

"Lord Xu, this person is on the list." Kong Xu said, "Demon Master Calamity Heart is a second-grade demon master. He's good at bewitching people and magnifying their desires, turning them into slaves. He's always been wanted by the Great Chu State's Heaven Inspectorate."

"Demon Master Calamity Heart?" "Is this a profession?" Xu Bai rubbed his chin."

"It's not a profession. This is a title given by people in the martial arts world. There are good and bad titles, such as Lord Xu..." Kong Xu suddenly shut his mouth, knowing that he had said too much.

When this sentence came out, it was as if the entire topic had suddenly been twisted. Xu Bai's interest was instantly piqued.

What was that?

I also have a title. What's going on? Why haven't I heard of it before?

"You said I have a title. What is it?" Xu Bai asked.

Kong Xu's fluency instantly disappeared when he was asked this question. He started to stammer as if he had something to say but didn't dare to say it out loud. "Lord Xu, let's talk about serious matters. We'll talk about the title later."

"No!" Xu Bai found a blind spot. "It's just a matter of a few words. It won't delay much. Tell me, what's my title?"

In the martial world, once you made a name for yourself, you would naturally have a title. However, this title was not given to you by yourself.

If he could add a title to himself, that would be too cool, and it would not sound good.

Therefore, this title was given by people in the martial arts world. As time passed, it was passed down and slowly came into use.

There were good and bad things, and it was naturally easy to tell.

For example, Demon Master Calamity Heart, he sounded like a person who did no evil.

"With my charisma, I'm sure the title I get will be one that will shake the world." Xu Bai said slowly.

Kong Xu was originally planning to say it all in one breath, but when he heard Xu Bai's words, he was stunned.

"Lord Xu's guess is correct. It is indeed awe-inspiring. However, there will be plenty of opportunities to understand this title in the future. Let's..."

He still wanted to fool her. In short, this sentence could not come out of his mouth.

Xu Bai also noticed the abnormality in Kong Xu's expression, and his face darkened. "Is it not good?"

Kong Xu waved his hands. "No, no, no. It's especially good. It's just that it's a little bloody. There are two girls here. It's not good to say it."

Xu Bai's mouth twitched.

Bloody?

I am a majestic man, how could I have anything to do with blood?

Too dirty!

Seeing that Kong Xu did not dare to say it out loud, Ye Zi could not help but purse her plump lips and reveal a smile. She moved closer to Xu Bai's ear and used her hand as a megaphone to softly say...

After hearing Ye Zi's explanation, Xu Bai's eyes suddenly widened. He tightened his grip on Black Blade Hundred Rend.

"Who was the first to spread the news?"

His voice was filled with killing intent. It was like snowflakes falling on the ground in the middle of winter, suddenly adding a layer of frost to the ground..

Chapter 405: The Boat of Joy (2)

Kong Xu forced a smile and said, "Lord Xu, this title comes naturally. We don't know who said it first. ""

Xu Bai took a deep breath and said, "Bloody Butcher Blade Guest. Damn it, this name is not poetic at all. It's especially uncultured. If I find out who was the first to name it, I'll twist his head off."

Everyone was speechless.

Xu Bai's current aura matched this title very well.

"Young Master, having a title is actually a recognition from the martial world. This is a good thing. It proves that Young Master's strength cannot be underestimated. "Ye Zi gently massaged Xu Bai's shoulders to make him relax.

In terms of speaking, Ye Zi was the best. With just a few words, Xu Bai felt a little more comfortable.

"Hurry up and give me a quick death."Ye Yu also took this opportunity to say, ""I've already said what I need to say. I don't know anything else."

She was still suffering from the pain of her limbs being shattered, so she had no choice but to say it.

If they were to continue chatting like this, it would probably take a lot of time. It was better to have a quick chat.

Ye Yu closed her eyes.

Before Xu Bai could make a move, the Ye Clan member turned around and said to Xu Bai.

“Lord Xu, she’s a member of the Ye family. I want to send her off one last time.”

This sentence was reasonable and well-founded, and he even played the emotional card.

Xu Bai looked at the Ye Family Head with interest. He extended his right hand and a paper crane flew out. It landed on Ye Yu’s head and turned into ashes.

Finding no clues, he said, “Ye family head is indeed a businessman. You have a good plan. Alright, you can do it.”

The Ye family head’s words just now were actually to clear her suspicion and even give her a good reputation. After all, she could put righteousness above family, so there would be no explanation for her in the outside world.

“Thank you, Lord Xu.”

The Ye Family Head walked up to Ye Yu and raised his hand, ready to strike.

Ye Yu’s tightly shut eyes suddenly opened. She looked at the Ye Family Head and said, “Patriarch, I am a sinner myself, but I now understand that there is a problem with the family’s development model.”

“This is not something you should worry about.” Ye Family Head shook his head and slapped Ye Yu’s head.

The Ye Family Head looked at Ye Yu’s corpse and then at Xu Bai.

Of course, she knew that the current situation was always dependent on others.

However, she had already found a new countermeasure. As long as Xu Bai arrived in the capital, Ye Zi could merge the songs and reach the second grade of the Yin Xian Song, which could change the situation.

Therefore, all her treasures were on Xu Bai.

“I will go with Lord Xu to the Water Festival three days later.” Ye Family Head said, “I just want to show my loyalty.””

Xu Bai nodded and did not refuse.

One more person meant one more power, so he would not be stupid enough to reject it.

“Three days later, my injuries should have recovered. I’ll go with Lord Xu.” Kong Xu said.

Xu Bai nodded.

Kong Xu’s fortune-telling ability was quite good. After he recovered, he would first do a divination and then go to the so-called Happy Water Festival.

Now that everything had been settled, Xu Bai didn’t stay any longer. He still had to hurry back to the bend of the liver and yin, so he left with Ye Zi and the puppet of the Fourth Stage.

In three days, he estimated that he should be able to finish the cultivation technique in his hand. After all, he had been a little greedy before.

After returning to the room, Ye Zi focused on making Xu Bai’s bed, while Xu Bai looked at the progress bar in his hand and thought.

In the blink of an eye, three days had passed.

In Xu Bai’s room, he was concentrating on reading the book in his hand. The progress bar was slowly growing, and he was only a little bit away from perfection.

Ye Zi stood by the side obediently and did not speak.

After about the time it took for an incense stick to burn, the progress bar in front of him finally reached perfection.

Light blue smoke appeared, then condensed into a line of words in the air and appeared in front of Xu Bai.

[You studied the Yin Xian Song and comprehended it.]

The words were simple. After they appeared, they turned into nothingness. Immediately after, information entered his mind.

However, the information had only entered halfway when it stopped, and a new light blue smoke appeared.

[Fusion option found, fusing...]

[Yin Xian Song + Reverse Purple Cloud Squall Yin Yang Disorder = Reverse

Purple Cloud Squall Yin Yang Song.]

[Fusion successful.]

Xu Bai's mouth twitched.

This cheat was really bad. He didn't even give a proper name and casually changed another word.

But fortunately, at least it was changed, unlike before when it was not changed at all.

Xu Bai stretched lazily and passed the Yin Xian Song to Ye Zi. ""Keep it and learn slowly."

As he spoke, he watched as the light blue text in front of him transformed into information again and entered his mind. Immediately after, the true essence energy in his body increased a little. The latest panel appeared.

[Name: Xu Bai]

Realm: Third-stage unspecialized."

"Five Sword Moves (Level 7): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Song (Level 7-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through three turns, level 5]: Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level..]

Chapter 406: The Boat of Joy (3)

[Kidney Harvester (Level 5): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.]

[Clever Puppet Technique (Level 6): Maximum level.]

[Indestructible Body (Incomplete)(Level 5):[Maximum level.]

' Comprehension: Maximum level."

Xu Bai was speechless.

Good heavens, the 0.5 rank that he had not seen for a long time had appeared again.

This also gave him a proof that his current cultivation method was already considered very good. After all, he had fused with a level 6 cultivation method, which was only level 7-5.

Although there wasn't much improvement, there were many changes in his body.

In his mind, his soul had strengthened. At the same time, Xu Bai could feel that his perception of his surroundings had also become stronger. If someone was hiding in the surroundings, he could easily discover them.

Not only that.

Most importantly, he had learned Ye Zi's ability.

His fingers moved slightly and he pulled out the black blade Hundred Rend from his waist.

In the next moment, Black Blade Hundred Rend turned into fragments that filled the sky.

These fragments waved in the air, displaying the Five Moves of the Knife.

Moreover, the fragments that he used carried waves of melodious sounds. Not only could they accelerate the fragments, but they could also affect the opponent.

Ye Zi covered her mouth with her hand, her face full of surprise.

Young Master, he...It seemed that his attainments in the divine soul were already stronger than hers.

“Young Master, are you one of those old monsters who reincarnated? I heard that some old monsters can reincarnate...” Ye Zi muttered softly. However, before he could finish, Xu Bai knocked on his head.

Ye Zi clutched her head, her face full of grievance.

“What old monster, how can you say that about your young master?” Xu Bai said with a smile.

He was quite happy now that he had obtained the compensation for his divine soul.

Ye Zi rolled her eyes and pouted. “Young master, is Ye Zi useless...”

She suddenly felt as if she had lost the characteristic of being a tool.

“It’s useful.” “You play it,” Xu Bai said, “and with my pieces, the overlapping effect will be even stronger.”

Ye Zi heaved a sigh of relief when she heard that.

As long as it was useful, it was fine. She was afraid that she would not be able to help Xu Bai in any way.

“Alright, we can move now.” Xu Bai stood up and walked to the door.

Since the progress bar had run out, and the time was up, then he would go and see what the other party was up to.

Ye Zi quickly ran to the door, opened it, and followed Xu Bai out.

In the front yard.

Kong Xu and the Ye Family Head had been waiting there for a long time. Elder Sun had also recovered most of his strength during this period of time. He stood in the courtyard and waited.

When they saw Xu Bai, they greeted him in unison.

“In the future, you can’t call me Bloody Slaughterer Swordsman, understand?” Xu Bai said solemnly.

“I know, I know.” Everyone nodded repeatedly, indicating that they would never mention this title.

Xu Bai nodded in satisfaction.

At this moment, the Ye Family Head spoke.

“Lord Xu, the Happy Water Festival starts at night. Shall we go over now?” The Happy Water Festival was an annual festival in Wind Chime Manor.

As a residence that advocated music, music was integrated into their daily lives. From the high officials and nobles to the peddlers and soldiers, they more or less understood a little. Even in their daily lives, many people were intoxicated by it.

Some things would form a festival to celebrate when there were too many people.

Every time it was the Happy Water Festival, there would be boats appearing on the Xunle River.

The so-called pleasure boat was actually a very large boat. It was only because of this festival that it had such an elegant name.

On the boat, they sang and danced, enjoying themselves.

Not only the officials and nobles, but even the ordinary people would board the music boats on this day to exchange music or listen to beautiful music.

This was a matter that both refined and vulgar people enjoyed. It had always been spread in Wind Chime Manor, and even many outsiders lingered here.

“Of course, I’ll go now.” Xu Bai said.

There was nothing much to do here, so it was better to rush over and see if anything had happened.

Ye Family Head understood and nodded, not saying anything else.

Xu Bai looked at Kong Xu and asked, “Right, can you calculate anything?”

Kong Xu turned his head. “Lord Xu, I’ve already tried it just now. Without any evidence, it’s very difficult to calculate. Perhaps I can find some clues tonight and I can figure it out.”

Xu Bai pondered for a moment.

He might really find something tonight. When he found something, he would let Kong Xu calculate and see if he could figure out anything.

“Let’s go.” Xu Bai said when he thought of this.

Following that, the Ye family head took the lead and began to rush towards the Xunle River.

The Ye family was still some distance away from the Xunle River. They walked for about an hour before reaching their destination.

This river was very big and wide. At this moment, the river surface, which was rarely visited by people, was already filled with all kinds of boats.

The larger ships could hold up to a hundred people, while the smaller ships could hold five or six people.

If the commoners wanted to go to the big boats, or if they wanted to go to the small boats, they could choose from here.

Not only that, the riverside was overcrowded, and many people had already arrived early.

There were also people setting up those ships.

All kinds of exquisite lanterns were hung on it, and there were even couplets or colored strips.

It was a joyous feeling.

Chapter 407: The Boat of Joy (4)

Xu Bai looked in the direction that Ye Zi was pointing at and saw a boat that could accommodate up to a hundred people anchored at the center of the river.

In the middle of the ship, there was a plaque with the words "Zhile Ship" written on it.

"Who built such a big ship?" Xu Bai narrowed his eyes and asked.

"It's the Lin family, the number one family in the Wind Chime Manor." Ye Zi explained, "It is said that their family has connections with many high officials and nobles in the capital. The Lin family is very good at war drums. The head of the family has already become a third-grade musician and is a drum master of the musician branch."

Xu Bai nodded.

He was only interested in these things. As for the rest, he was not interested. He was only interested in those demon masters.

“Oh, right.” Xu Bai seemed to have thought of something and asked, “Why haven’t I seen you guys use musical instruments before?”

He suddenly remembered that the Ye family was also a branch of musicians. Why had he never seen Ye Zi use an instrument? He had only seen Ye Zi use white light to make silk threads to play.

Now that Xu Bai’s Yin Music had been perfected, he naturally understood that if he had a musical instrument, its power would multiply.

“Young Master, the instruments of the Ye family are all in the second volume of the Yin Xian Song, so we don’t know what to use.” Ye Zi said.

The second volume had already been lost, so of course they couldn’t find it, so they could only use the method of the first volume.

Xu Bai nodded and did not say anything else. He focused on the river.

At this moment, there were more and more people. As time passed, the sun gradually set.

The sky gradually darkened, but it was as bright as day here.

All kinds of lanterns were hung high up. Even on both sides of the Xunle River, there were lanterns hanging side by side. The fire-like light illuminated the river surface.

For such a grand event, someone had to host it.

Not long after, Xu Bai saw a middle-aged man walk out of the largest Zhile Boat.

This person was dressed in silk and satin, and he looked rich and overbearing. He had a kind smile on his face and looked very kind.

When this person came out, the surrounding lively scene paused slightly. Everyone's eyes followed this person's figure and looked over.

"Everyone, regardless of whether you are a local or a foreigner, you are all welcome to participate in the annual grand event of my Wind Chime Manor." The middle-aged man in silk laughed and said, "I, Lin Yong, am the head of the Lin family and am here to host this banquet. Now, let's welcome our prefecture commander."

There were two servants standing on both sides of the boat with a red cloth in their hands.

The red cloth was pulled straight, and behind the red cloth, the magistrate of

Wind Chime Manor walked up in his official robe, holding a pair of scissors in

his right hand.

As per usual, he said a few words of courtesy.

At this moment, the crowd was already very excited. After all, they could only participate once a year. Of course, they were very excited.

"Alright, I see that everyone is already extremely excited. Then, I will announce the start of the Music Water Festival."

The governor cut the red cloth with scissors. The next moment, the Music Water Festival officially began.

When the red cloth was cut off, cheers rose and fell, and all kinds of noises sounded one after another.

The Happy Water Festival had begun.

“Young master, if you want to go to the biggest Zhile Ship, you have to pass that small boat first.” Ye Zi pointed to the side of Zhile Boat.

Not far away from Zhile Boat was a boat that could only accommodate a few dozen people. People boarded it one after another, and people came down.

“Interesting.” Xu Bai smiled. “It seems that you have to pass a test before you can go up. What is the test? Is it music?”

Ye Zi said softly, “Young Master’s guess is correct. Naturally, it will be tested on temperament.”

“Ye Zi and I should be fine. Young Master Xu, Young Master Kong Xu, and

way, we’ll have an excuse to go up.”

Those who could pass the test were naturally high-ranking officials and nobles. Of course, they would bring their servants up, and no one would stop them.

Xu Bai thought for a moment and nodded.

Actually, for him, there was no problem with the temperament test. After all, he had already maxed out the Yin Xian Song.

But at this moment, it was better to keep a low profile.

If even Xu Bai had no problem, Kong Xu naturally had no problem either.

After everything was arranged, everyone took a small boat and headed to the boat next to Zhile Boat.

Along the way, Xu Bai's divine soul was sensing the changes in the surroundings, but nothing happened.

There was nothing unusual, and there were no sneaky demon masters. It was as if nothing had happened.

However, the centipede's words were still ringing in his ears. Something big was definitely going to happen tonight.

The small boat was getting closer and closer to the ship. In the blink of an eye, they had already arrived.

When Xu Bai stepped in, he realized that the ship was already crowded with people. There was a lamp in every corner of the ship.

There was a note in the base of each lamp.

There were all kinds of questions written on the paper.

"Young Master, if you want to answer the questions, you can bring them to the servants on the ship. You only need to tell them the answers. As for whether they are correct, the servants on the ship have already memorized them." Ye Zi moved closer to Xu Bai and whispered.

"How can music be summarized with just one answer?" Xu Bai shook his head.

Ye Zi said, "There's no other way. It can only be like this."

Xu Bai thought for a moment and agreed.

If he really wanted to achieve the best of the best, it would cost too much manpower and material resources, and it would be very difficult.

After all, how could these servants understand profound music?

Chapter 408: The Boat of Joy (5)

If those who knew music were to be the judges, there would be too few of them. There were so many people here, and the scene would be particularly chaotic.

Not long after, the Ye family head found a question and walked in front of a servant. He answered them one by one and passed the test smoothly.

After all, it was still a Wind Chime Manor family. The identity of the Ye family head was naturally known by many people. From time to time, the surrounding people would cast their gazes over.

The servant led Xu Bai and the others to the place where the small boat and the big ship were handed over.

There was an upward staircase at the intersection. Following this staircase, one could board the Zhile Ship.

Xu Bai was about to step forward, but before he could take two steps, a sound came from around him.

“Patriarch Ye, you have brought a lot of servants with you today.”

Hearing this, Xu Bai frowned slightly and turned his head to look at the source of the voice.

A woman dressed in silk slowly walked over. Her hair was tied up high with a jade hairpin on it.

When Ye Family Head saw this woman, his face instantly darkened.

She looked at Xu Bai's expression and decided not to talk to this woman. She wanted to bring Xu Bai up.

The woman in silk did not intend to let Ye Family Head off at all. She walked in front of Ye Family Head in two steps and stood in the middle. She raised her right hand and pointed at Ye Zi elegantly.

"I heard that Ye Zi from your Ye family is back. Why did you bring her on the boat? I think people who don't care about family interests should be kicked out."

Ye Zi was speechless.

To be honest, she had thought of other situations, but she did not expect that it was because of her.

The Ye Family Head gritted his teeth and moved closer to the Liu Family Head, saying, "'I advise you to quickly move aside."

If it was any other time, Patriarch Ye would really have said something here. But it was different now. Xu Bai was following behind him.

If Xu Bai couldn't board the ship because of this, everyone would be in deep trouble if they blamed him.

The Liu Family Head did not expect the Ye Family Head to be in such a state.

She had also come over to say a few words casually to humiliate the Ye Family Head. After all, the two families had a lot of resentment.

As for what resentment it was, the matters between these families were very complicated.

She had only heard that Ye Zi, who had escaped, had returned, so she had followed the news and ran over to check on her.

However, he did not expect to receive such an answer.

They were all family heads, so they naturally had some intelligence. Therefore, in an instant, Family Head Liu seemed to have thought of something and looked at the man beside Ye Zi.

The next moment, the Liu Family Head raised his hand and pointed at Xu Bai. His face was filled with shock.

“Bloody Butcher Blade Guest!”

This sentence was shocking, but with the noise around them, no one could hear it clearly.

Just now, Master Liu did not care about Xu Bai's situation. Now that he saw Xu Bai's appearance clearly, he was shocked.

When these four words came out of his mouth, the Liu Family Head didn't think anything was wrong, but the Ye Family Head already understood in his heart that this guy had completely offended Xu Bai. As expected, Xu Bai's face instantly darkened.

F * Ck you.

You're even mentioning this title to me, right?

He looked straight at the Liu Family Head with a cold gaze. If it wasn't for the fact that the current situation was different, he would probably give the Liu Family Head a few slaps.

The Liu family's head realized that he had said something wrong. After all, Xu Bai's expression was right there.

“Liu Family Head, after tonight, I hope that you will still understand my intentions. As you can see, Lord Xu is now on my side.” When Ye Family Head saw Liu Family Head's dumbfounded look, he felt that it was funny in his heart, so he went up and mocked him.

Then, they left the dumbfounded Liu Family Head and walked toward Zhile Boat.

Xu Bai got on the boat and found that it was even bigger than he had seen before.

Although it was very big, not many people could come up, so it seemed unusually empty.

There were groups of people in twos and threes talking to each other. It was obvious that many of them knew each other.

“Lord Xu, what should we do next?”Kong Xu whispered.

They were indeed here, but they did not have any further plans. After all, everything seemed normal here.

Xu Bai narrowed his eyes and said,“ Let’s wait and see. Before that, we need to familiarize ourselves with the situation here and walk around.””

He had to familiarize himself with the situation here first. As for the future, he had to see if anything unusual happened before he could follow the clues.

Everyone nodded. Xu Bai was the backbone here. They followed Xu Bai’s method and began to walk around the ship.

The ship was divided into three levels, and they were currently at the bottom level.

Xu Bai seemed to have underestimated his reputation in the martial arts world.

Most of the people who could come on this ship were proficient in music, and those who could be proficient in music in Wind Chimes Manor were naturally dignitaries.

Being able to become a high-ranking official, they would naturally be concerned about the changes in the situation around them. Therefore, they knew very well what Xu Bai looked like.

Then, before Xu Bai and the others could walk more than a hundred meters, he was surrounded by people.

“Greetings, Lord Xu.”

Looking at the flattering expressions of these people, it was as if they were all bootlickers, trying their best to curry favor with him.

Xu Bai suddenly felt that sometimes, being a celebrity didn't seem too good..

Chapter 409: Inadequacies in the Water

Looking at the people around him, who were greeting him with cupped hands and flattering words, Xu Bai expressed that he just wanted to keep a low profile.

“We have to speed up the disguise. We keep forgetting about this matter.” Xu Bai grinned and thought to himself.

In a situation like this, if there was a way to disguise himself, this situation would not have happened. He could have kept a low profile, but he could not keep a low profile at this time.

“I didn't expect the Ye family to have a relationship with Lord Xu. It seems that we have to interact more often!”

“I didn't expect Lord Xu to be so interested in music. Why don't we accompany Lord Xu and tour the Zhile Ship?”

“Lord Xu, my daughter’s age is just right. She’s peerless and beautiful. It’s when Yunying is not married. Why don’t we...”

Voices rose and fell in the surroundings. At this moment, the music was no longer important. What was important was that Xu Bai was already conspicuous enough.

The Ye Family Head was extremely cautious at this moment. He scanned the surroundings with a vigilant gaze, afraid that something unusual would happen.

She was not afraid of the people around her, but she was afraid that these people would lose their minds and say Xu Bai’s nickname in the Jianghu. If Xu Bai got angry, it would not be fun.

Fortunately, this group of people had some knowledge. They did not say Xu Bai’s title and only called him Lord Xu.

As the saying went, one should not hit a smiling person. Xu Bai could not bring himself to be flattered by these people.

“Everyone, I don’t want to be too eye-catching. Let’s just do what we need to do.” Xu Bai cupped his hands and said.

The people present were all smart people. The greeting just now was just to get familiar. They couldn’t guarantee that they would have a second chance to interact with each other.

Seeing that Xu Bai didn’t seem to care much, they understood that now was not the time to talk, so they gradually dispersed.

“Lord Xu, I don’t think the rest of the journey will be easy.” Kong Xu watched the group of people leave and revealed a bitter smile.

They were originally here to investigate, but because of Xu Bai, their identities had been exposed.

If the other party really wanted to cause trouble on this ship, they would definitely dodge at this moment. Otherwise, they would be too stupid.

Xu Bai naturally understood the current situation. He turned around and looked around. Although the people around had already left, there were still people who looked over from time to time.

“Let’s keep looking. What if we can find some information?”

After being in this industry for so long, this was the first time that something unexpected had happened, and it was in such a place.

No one was perfect. He was not 100% sure that he could consider everything. He really did not consider the value of his face.

Just like what Kong Xu said, the other party must be on guard now. The commotion he caused just now was too big, so he might not be able to find anything.

But since he was already here, he had to take a look.

Even if there is no new discovery, being able to appreciate this annual festival is also a kind of harvest.

Since Xu Bai had said so, everyone did as he said.

They continued to follow their original plan and looked around the ship. The first level was quickly completed, and they did not find anything different.

During the search, Xu Bai had been observing the surroundings with his Soul Consciousness. After making sure that there was nothing unusual on the first floor, he led the group along the stairs at the end and slowly walked to the second floor.

Compared to the first floor, the second floor was not much different in terms of layout or other aspects. The reason why it was divided into the first, second, and third floors was to make rational use of space.

Of course, when Xu Bai walked into the second floor, it caused a different commotion, just like the first floor.

It was impossible for him to cover his face. After covering his face, he felt like he was deceiving himself.

After all, in this matter, for example, it might be normal for Ye Zi to cover her face with a veil. However, it was not normal for a man to cover his face with a veil.

The few of them searched again, but still found nothing.

“Kong Xu, try and see if you can calculate anything.” Xu Bai rubbed his chin and asked.

If they wanted to perform divination, they would definitely have to find something related. At this moment, they were on the ship, so they could be considered to be connected.

Therefore, Xu Bai asked Kong Xu to give it a try. If it worked, it would be a good thing. If it didn't, he would go to the third level to take a look. Kong Xu nodded and took out a copper compass from his waist.

A faint glow appeared on his finger.

He pressed his finger on the copper compass and closed his eyes.

From the outside, this process did not seem to have changed much. Other than the light on his finger, everything was normal.

But in fact, Kong Xu had already started his divination.

The white light followed Kong Xu's finger and slowly entered the compass. Then, a shocking scene appeared.

The needle on the copper compass began to spin rapidly. It was not rotating at a constant speed, but sometimes it was fast, and sometimes it was ordinary fast. It looked a little obsessive-compulsive.

After a few breaths, Kong Xu opened his eyes and said solemnly, "Lord Xu, I didn't calculate the exact information, but combined with our current location, I can sense some information.

Look at the needle on the copper plate. It's moving quickly, which proves that there's still a connection here. However, there's too little information, so I can't calculate the exact situation."

For his sect, the higher the grade, the fewer clues he needed to divine. However, he was only at the Fifth Stage now, so he naturally needed more information..

Chapter 410: Underwater Disadvantage (2)

"As long as it's related. Let's go to the third floor." Xu Bai raised his head and looked at the third floor.

Since they could still find out the relationship, it must be the third floor. This ship only had three floors in total. It would be beneficial to take a look.

The group did not hesitate any longer. They reached the end of the stairs and walked up to the third floor.

There were obviously fewer people on the third floor. It was unusually empty. When Xu Bai walked up, he saw someone approaching him.

"So it's Lord Xu. I heard a servant report just now, so I quickly came down to welcome you. "

The person was dressed in silk and satin. As he walked, he made a clear voice.

Xu Bai narrowed his eyes and sized up this person.

Lin Yong, the head of the Lin family.

He was in charge of the opening ceremony of the Music Water Festival, and the governor cut the ribbon.

Now that Xu Bai had just come up and bumped into him, he couldn't help but wonder if it was a coincidence or something else.

"Lord Xu, may I take you on a tour of this Zhile Ship?" Lin Yong was smiling as he spoke, looking easy-going.

Xu Bai said with interest, "I came here this time to keep a low profile and take a look at this annual grand festival. Since I already know my identity, I'll let the Lin Family Head lead the way. ""

When something happened too coincidentally, there must be something.

Xu Bai thought, "Since I'm already up here and my identity has been exposed, this is the last level. Why don't I let this person bring me along?"

"This is my honor, Lord Xu, please."" Lin Yong turned his body slightly, raised a hand, and made a gesture of invitation.

Xu Bai nodded. He didn't stand on ceremony and lifted his feet in that direction.

Lin Yong followed behind him from time to time to explain to Xu Bai, he didn't give Xu Bai the way, but where Xu Bai went, he explained to where.

The whole process was very peaceful.

Although the ship was very big, Xu Bai still finished exploring the third level without any problems.

“Lord Xu, do you want to sit inside?” Lin Yong pointed at the entrance to the room on the third floor.

Xu Bai had also gone to the first two floors. Now, he was on the third floor, leaving only this one.

“Then I’ll have to trouble Patriarch Lin to lead the way.” Xu Bai said with a smile.

“I should.” Lin Yong agreed in a very low-key manner, then walked in front of Xu Bai and led the way.

The rooms on the third floor were slightly more luxurious than those on the first and second floors.

There were not many people inside. Most of them were drinking and having fun, talking about all kinds of music.

Xu Bai looked around and asked, “Why isn’t the prefecture commander here?”

At first, it was the Prefectural Magistrate who cut the ribbon. However, Xu Bai did not see the Prefectural Magistrate, so he asked.

“Lord Prefect Ling has some official business to attend to, so he will take his leave first. Of course, he doesn’t know that Lord Xu is here. If he knew, he would definitely be here to accompany him.” Lin Yong explained as he brought Xu Bai to a seat and ordered for good wine and food.

“Lord Xu, I still have things to do, so I won’t disturb you here. You can play here for a while and have fun.”

“Wait.”

Xu Bai poured a glass of wine for himself and another for Lin Yong. “This cup of wine is to thank Master Lin for leading the way.”

Lin Yong smiled, picked up the wine glass, and slowly clinked it with Xu Bai's. He drank it in one gulp and then left.

Xu Bai raised his head and took a sip. He looked at Kong Xu and said, ""There's a big problem with this person. Use him as an excuse to read your fortune." Before Kong Xu could answer, Ye Family Head asked curiously.

Before Xu Bai could reply, Ye Zi spoke first.

"Patriarch, there's indeed nothing wrong with him. He's acting too normal.

Sometimes, being too normal is also abnormal."

As she spoke, Ye Zi looked at Xu Bai and said, ""Young Master, is Ye Zi right?" Xu Bai nodded and shook his head, ""Yes, and no."

This scene piqued everyone's curiosity. Kong Xu stopped divining and waited for Xu Bai to continue.

Xu Bai poured himself another glass of wine and drank it up. Then, he said, ""Just because he acted normal doesn't mean he's abnormal. When he clinked glasses with me just now, I noticed something suspicious."

It had to be said that this was indeed an annual festival. This wine was indeed delicious. Just this sip alone was probably worth a lot.

Everyone was stunned. They carefully recalled the situation just now, but there was nothing wrong. They could not help but look at Xu Bai with even more confusion.

Xu Bai put down his wine glass and pointed at his head. ""From the beginning, I could feel that his emotions didn't change at all. Only when he drank did there be fluctuations."

Now that he had the ability in the divine soul, doing this was naturally a piece of cake.

When he clinked glasses with Lin Yong just now, he could clearly feel that Lin Yong's soul had fluctuated, proving that his emotions had also changed at that time.

"I think he really has something important to do. When I said the word 'hold on,' he thought that I wouldn't let him go. However, he later realized that I was just clinking glasses with him, so he returned to normal. As for what important thing it is, it depends on whether you can calculate it.."
