Chapter 421 - Water Dividing Altar's Water Treatment Method (3)

The golden progress bar was slowly growing. He estimated that the grade of this progress bar should not be low.

Everything had to slow down until he was done.

As time passed, night gradually replaced day. The noise quietly slipped away, and silence once again covered the land.

Xu Bai sat quietly by the river, his gaze unwavering. He was like an emotionless statue. The moonlight shone on his body, covering him with a layer of white light.

The puppet of the Fourth Stage stood quietly by the side, as usual.

Of course, everything was normal at Xu Bai's place. At the bottom of a river far away from Xu Bai, a commotion was happening.

At the bottom of the river, there was an antique building.

The building was surrounded by a huge bubble. From time to time, bubbles would sink down from the river and exchange the air inside.

This building was extremely vast, and there were hundreds of people standing inside.

These people either had demons wrapped around their waists or their shoulders. In short, they were very terrifying, like a group of demons dancing in chaos.

Lin Yong sat on the chair, his face full of anger. His right hand was clenched into a fist and placed on the armrest of the chair. At this moment, his state looked very gloomy, and he was just short of raging.

He was very angry. Not long ago, some of his spies knew what Xu Bai was doing.

After all, Xu Bai must have done something big back then, so it was not difficult to find out.

At that time, although he didn't know the main purpose of Xu Bai collecting those things, he still ran away with everyone.

It was better to be cautious. The rabbit still had three holes. He had to run first.

But no matter what, he had escaped once again. He must be in a very bad mood.

The Wind Chimes Prefecture Magistrate Zhao Yin saw Lin Yong's expression and said, "'Those who achieve great things can't be constrained by trifles. If you can't even stand this little grievance, how can you achieve great things? How can we take revenge?'"

The surrounding subordinates were all silent. Obviously, they did not dare to speak at this moment.

On Zhao Yin's shoulder was a turtle. Its eyes were filled with a cold light.

"Grievance?" Lin Yong suddenly turned his head, as if he had found the source of his venting, his hands clenched even tighter, and he said, "'Do you think it's just a little grievance? That place was clearly about to be completed, and now we had to start all over again. If we could drag the entire Le Shui Festival into the water, we would be able to summon it.'"

As he spoke, Lin Yong stood up and pointed at Zhao Yin's forehead. He said angrily, "'Because of you, you forced me to deal with Xu Bai on the surface. I told you before that I couldn't do that.'"

As he spoke, Lin Yong put down his hand and paced back and forth.

If Xu Bai were here to hear these words, he would definitely sigh. Lin Yong's original plan was indeed very good.

"I told you not to come into contact with him. How did those people in the previous places die? It's not like you don't know."

"As long as I don't come into contact with him and quietly do my own thing, after I succeed and summon that existence, he will definitely die."

"But you just had to find him and try to assassinate him. Aren't you courting death

His tone carried a kind of anger towards his stupid teammate. Obviously, he felt that he had been tricked.

That was indeed the case. If they didn't look for Xu Bai, there wouldn't even be any news. Xu Bai wouldn't have been able to follow these clues and find them.

At that time, they would not even have any clues. They would have already succeeded.

Zhao Yin was originally sitting calmly, but after hearing Lin Yong's accusation, his temper also rose. He took a few steps forward and grabbed Lin Yong's collar, his eyes blazing with flames.

"Do you think I want to do this? You said that summoning that existence could definitely kill Xu Bai, but what about us?"

"Ask anyone here, who would be willing to do something like this? You're the only one who's willing, but none of us are!"

Those subordinates originally had their heads lowered. After hearing Zhao

Yin's words, a few of them could not help but tremble. There were even some who opened their mouths, wanting to agree with Zhao Yin's words. However, when the words reached their mouths, they swallowed them down.

Who would want to die if they could live?

Who doesn't want to live well?

Only a crazy person like Lin Yong would think of a way to die together with them. They really didn't want to.

Lin Yong was stunned for a moment. Clearly, he was unable to react to this scolding.

However, he quickly reacted. He grabbed Zhao Yin's collar and used the same method to bring him in front of him.

"What the hell are you talking about?" Lin Yong no longer had the demeanor that a family head should have. He cursed, "We are Demon Masters, the descendants of Demon Masters. How did we fight them back then? Have you forgotten? What? I'm afraid of death now!"

At this moment, Zhao Yin calmed down. He slapped Lin Yong's hand away and returned to his chair. He crossed his legs and his expression became extremely calm.

"Lin Yong, that was all in the past. Now that I can think of a way to get rid of the emperor, this capable subordinate, it's already considered my old love. There's no need to throw myself into it."

Lin Yong was stunned and did not come back to his senses for a long time. After a while, he sat down on the ground with a dejected expression..

Chapter 422 - Water Dividing Altar's Water Refitting Method (4)

“Let me tell you the truth. I didn’t plan to kill everyone during the Happy Water Festival. I just wanted to drag Xu Bai into the water and take advantage of his lack of water to kill him.”Zhao Yin said slowly.

As if he felt that it was not enough, he added fuel to the fire and became the last straw that crushed Lin Yong.

“You can ask these people if they are willing to die generously or if they are willing to continue living. They only have one life, and they are not doing it for the so-called old feelings.”Zhao Yin continued.

As he finished speaking, the people around him also raised their heads. These subordinates all took a step back.

Although no one said anything, the meaning was obvious.

They didn’t want to die, they wanted to live!

If he couldn’t do it, he wouldn’t have used the method of mutual destruction that Lin Yong had mentioned.

Lin Yong turned his head and looked around. When he saw the actions of his subordinates, the confusion in his eyes increased.

“Are you going to give up just like that?”

He couldn’t understand why everything had changed so drastically overnight.

Zhao Yin stood up again and walked to Lin Yong’s side, saying condescendingly,“The facts have proven that we have already failed. Stop struggling. I will leave in a few days and bring them with me. The world is so big, there will always be a place for us to struggle at death’s door.”

“Why don’t we leave now?” Lin Yong raised his head. The confusion in his eyes was slowly disappearing, replaced by a kind of understanding. You want the remains of the Water Dividing Altar.”

Zhao Yin nodded and said, "You're right. You're the son of the Water Dividing Altar's Altar Master, so I need a few days to refine you and take out your remains. With it, it will be the resting place for us aquatic demon masters.""

"In your dreams!" Lin Yong clenched his fists and prepared to stand up and resist.

However, before he could get up, his subordinates behind him attacked in unison. All kinds of attacks came crashing down like mountains and seas.

He wasn't Xu Bai, so he didn't have the strength to fight against a hundred people alone. He was severely injured in an instant, and his entire body couldn't move.

"You're simply rebellious. You're a member of my Water Dividing Altar, yet you actually dare to do such a thing. If you die, how can you face those seniors?" Lin Yong could only speak with his mouth, and he let out an angry roar.

Zhao Yin smiled. "After a person dies, there's nothing left. Right, it might become strange, but that doesn't matter anymore. I just want to live well now.""

"Old Tortoise, it's up to you now."

On his shoulder, the cold old turtle retracted its limbs and head into its shell and jumped off his shoulder. Its body suddenly grew to the size of half a house in the blink of an eye.

A moment later, Lin Yong, who was lying on the ground, felt a suction force and was sucked into the turtle shell in the blink of an eye. The huge turtle slowly spun on the ground, and waves of screams came from the turtle shell.

"Everyone." Zhao Yin looked at his subordinate beside him and said, "We just need to wait a few days. During these few days, everyone should not cause any more trouble. Xu Bai doesn't dare to go into the water, so we shouldn't provoke him. As long as I refine him, we will leave this place.

“With the Water Dividing Altar’s remains, we can kill the ordinary people and feed them to our demons. Then, we can use the remains to escape. Isn’t that better?”

No one dared to say anything and nodded in agreement.

In this huge building, there was no other sound other than Lin Yong’s scream.

Time gradually passed. In the blink of an eye, several days had passed.

At the moment, Xu Bai was sitting on the roof of the River of Pleasure, looking at the progress bar seriously.

The puppet of the Fourth Stage stood at the side, solemnly and monotonously standing guard.

During this period of time, besides eating and sleeping, Xu Bai had been working on the progress bar. Even eating and sleeping were spent on the roof.

He was waiting, waiting for the progress bar to be completed, waiting for the cultivation method he imagined to appear, and then he would bring this cultivation method to kill.

In the past few days, Ye Zi came once to deliver food to Xu Bai.

Usually, Ye Zi would not have rushed over after receiving Xu Bai’s orders, but he had come with news.

An official from the Heaven Inspectorate came. After learning about this matter, he did not say anything. He only said that the Emperor would arrange for new officials to take up their posts.

This piece of news was of no use to Xu Bai. Originally, Ye Zi did not need to come over to explain things to Xu Bai. However, before Si Zheng left, he took out something and asked her to bring it to Xu Bai.

It was a piece of wood, about a meter tall, and Xu Bai’s face was carved on it.

It was carved beautifully, just like Xu Bai's seal. At that time, Ye Zi was very surprised. After asking, she found out that Si Zheng had obtained it in the wild.

He didn't know what use it had, but with Xu Bai's appearance, Si Zheng decided to bring it over. It was on the way anyway, so Ye Zi handed it over to Xu Bai.

At that time, Xu Bai was very interested. When he saw the wood carving, he was stunned. There was a progress bar on the wood carving, and judging from the progress bar, it was a high-quality skill.

As for what this wood carving was and who made it, he did not know either..

Chapter 423 - Water Dividing Altar's Water Refitting Method (5)

This made people feel very inexplicable. Xu Bai was very happy that there was an additional progress bar for no reason, but when he thought about what was going on later, he felt that he could not be happy.

After thinking about it, he decided to ignore the wooden carving for the time being and focus on the progress bar in front of him. After all, he still needed water-related skills.

As for the wood carving...

It wouldn't move if it was placed here. Although it was more than half a meter tall, it was still by his side. He didn't have to worry about it falling.

After this period of hard work, Xu Bai finally filled up the progress bar in front of him.

Light blue words appeared in the air and gathered into a line of words before

Xu Bai's eyes.

[You have observed the Water Dividing Altar (Imitation) and comprehended the Water Assimilation Technique.]

This time, there was no new fusion situation. After all, there were no related skills.

Soon, the light blue words turned into information and entered Xu Bai's mind.

Xu Bai closed his eyes and digested all the information in his mind before opening them again.

The latest attributes appeared in front of him.

[Name: Xu Bai]

Realm: Third-stage unspecialized.”

“Five Sword Moves (Level 7): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Song (Level 7-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through rank four (level 6): Maximum level.] [Shifting Stars (Level 4): Maximum level.] [Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Clever Puppet Technique (Level 6): Maximum level.] [Indestructible Body (Incomplete)(Level 5):[Maximum level.] [Water Aptitude Technique (Level 5): Maximum level.] ” Comprehension: Maximum level.”

“Only Tier 5...” Xu Bai was slightly disappointed.

Humans naturally wanted to climb higher, and so did their foresight. In the past, he would be happy for a long time if he casually obtained a low-level skill, but now, Tier 5 was nothing in front of him.

However, it was good. At least it was a skill, and it was important to him.

As the name suggested, the Water Adaptable Method could adapt to water.

With this skill, he could breathe freely. Not only that, but he could also use all his skills to their fullest potential.

Skills of the fifth step and above could be fully utilized underwater.

Those below grade-5 would be able to unleash twice the power.

The main point was that the skills below the fifth step could display twice the power. In other words, his low-level skills had a qualitative change.

After thinking about it, it made sense. After all, it was only a Tier 5 skill. It was already very good to be able to double the power of a Tier 5 skill.

Unfortunately, it could only be used in the water. If it was on land, he would really feel great.

Of course, Xu Bai had other thoughts.

“You can do this in the future. When you encounter enemies, you can pull them into the water and fight them.” Xu Bai rubbed his chin. He had a new battle plan.

Thinking about it carefully, this battle plan was quite perfect.

Do you want to experience my power at its peak? If you do, then fight me in the water.

It was perfect!

Xu Bai stood up from the ground and clenched his fists tightly. His eyes were filled with excitement.

He looked at the wood carving at the side. For the time being, he did not remove the progress bar for the liver wood carving. He did not think about who the progress bar belonged to, nor did he think about why it looked exactly like him.

These things were not the most important. The most important thing was...

Lin Yong.

The county magistrate.

You guys are finished.

The puppet of the Fourth Stage had tied the wooden carving to its back with a rope, and it was placed there together with the Nameless Saber Scripture.

Xu Bai didn't hurry on his way. Instead, he returned to the Ye Clan with the puppet of the Fourth Stage.

He handed the package and the wooden carving to Leaf and told her to take good care of them. He also told her to leave the puppet of the Fourth Stage behind to guard the place.

Could the Nameless Saber Scripture be soaked in water? He didn't know that if it got wet and broke, he would really suffer a loss.

After doing all this, Xu Bai did not let the others follow him. After all, these people did not have the ability to fight underwater.

He raised his foot and walked towards the Xunle River.

Ye Zi looked at Xu Bai's departing figure and felt that someone was going to be unlucky.

Xun-Le River.

Zhao Yin was refining Lin Yong.

He only needed one more day to refine Lin Yong and make the remains of the Water Dividing Altar appear.

Lin Yong wasn't dead yet. As long as he didn't refine the remains of the Water Dividing Altar, he wouldn't die.

At this moment, Zhao Yin was not distracted. He even had his subordinates guard outside and not disturb him.

He could feel that Lin Yong was on the verge of collapse.

"I'm going to succeed." Zhao Yin thought to himself.

The more he thought about it, the more excited he became.

It was as if he could already see the future, and it was waving at him. His life would get better and better.

"Faster, faster! As long as I refine it, I can escape. Who will care about Xu Bai?" With this thought in mind, Zhao Yin could not help but speed up a little.

However, at this moment, he suddenly heard something unusual.

The sound seemed to be from a fight, and it was in the water.

In the water?

“What’s going on?” Zhao Yin was stunned, his face dull..

Chapter 424 - Is This Really Demonic? (8000) _1

Zhao Yin stood up from his cross-legged position, his face filled with disbelief. He was at the bottom of the river and was very far from the river. How could he come down?

Even Xu Bai couldn’t go down to the bottom of the river. Moreover, there was no one in the entire Wind Chime Manor that was suitable for fighting in the water.

Not long after, a subordinate ran in from outside in a panic. On the way, he tripped and fell on the ground. In the end, he crawled in front of Zhao Yin on his hands and feet.

“Not good, not good!” “ Xu Bai is here,” the subordinate said in a panic.” He has killed dozens of our men in the blink of an eye. We can’t stop him anymore. ”“

Zhao Yin was stunned.

Xu Bai called? How was this possible?

From the information he had, he did not have any underwater cultivation techniques, let alone the ability to fight underwater.

Not to mention him breaking in, even if he could sneak to the bottom of the river, it would not be an easy task. Moreover, he had to find them in the river. How was that possible?

“It’s true. He’s already fought his way in. For some reason, the surrounding water can’t affect him.”

The subordinate was covered in cold sweat, and his face was getting paler and paler. It was obvious that he had begun to feel fear when he thought of the scene when Xu Bai had attacked.

He couldn't control it at all, and even his shoulders began to tremble.

When Zhao Yin saw this scene, his brows were tightly locked. In the end, he quickly walked forward. As for the incomparably huge turtle, he left it where he was first and planned to go out and see the situation first.

They walked to a hidden corner where they could see the fighting scene outside.

When Zhao Yin saw the figure in the distance, his entire person was stunned on the spot. His eyes were wide open as if they were about to pop out of his eyes. He could not believe the scene in front of him.

At the bottom of the river not far away, a figure was shuttling back and forth. This figure was tall and straight, and he held a pitch-black long saber in his hand.

With a casual wave of his hand, the black saber Hundred Rend would turn into fragments that filled the sky, bringing with it a terrifying saber intent.

Not only that, but each fragment could also perform its own saber technique, and even brought with it a burst of pleasant music.

His subordinates were no match at all and were instantly pierced through by the fragments.

This was not the most important thing. The most important thing was that Zhao Yin saw that the surrounding water flow did not seem to affect Xu Bai at all.

There was a short distance between the water at the bottom of the river and Xu

Bai. No water could enter that distance, and it allowed Xu Bai to move freely. As Xu Bai moved, the surrounding water seemed to be afraid of him and avoided him.

"He... How can he be good at fighting in the water?" Zhao Yin was stunned.

When the subordinate saw this scene, he hurriedly said, "Think of a way. If we continue to kill like this, we will all be killed by him in less than half an incense's time."

"Yes, yes, yes. Think of a way. Don't be anxious. Let me think about it." Only then did Zhao Yin recover. He took two deep breaths to calm himself down. He turned around and looked at his subordinate.

In the next moment, under the expectant gaze of the subordinate, he suddenly took two steps forward. Then, a sharp blade appeared in his right hand and pierced through the subordinate's chest.

His movements did not stop. The dagger in his subordinate's chest was gently slashed, and his subordinate fell to the ground.

The demon standing on the shoulder of this subordinate let out a miserable cry and rolled on the ground. After a moment, his body stiffened and he lost his breath.

When a demon master died, the demon would not be able to live. This was the wonderful thing about a demon master.

"I'm sorry, I can only ask you to help me stop him." Zhao Yin said. Without any hesitation, he turned around and returned to the huge turtle.

"Quick, hurry up and run. Refine as you run. It doesn't matter if your speed is a

When the turtle, whose head and limbs were hidden in its shell, heard this, it returned to its original state and stopped spinning.

At this time, Zhao Yin had climbed onto the back of the tortoise. The tortoise moved its limbs quickly and quickly rushed towards the distance of the river.

Zhao Yin had already run away.

On the other side, Xu Bai looked at the defeated soldiers in front of him and the corners of his mouth curled up slightly.

He could only say that it was indeed worthy of being called the Suiting Water Technique. The power of this skill really made him look at it in a new light.

Although it was only a Tier 5 skill, the feeling in the water was very different.

The surrounding water seemed to be afraid of him and avoided him far away. Moreover, it could compress the oxygen contained in the water to supplement his lack of oxygen.

Back then, when he had entered the river, he had started to search quickly along the river.

With the Water Adaptability Technique, he was exceptionally agile in the water and his speed was extremely fast.

Not long after, he found another building. Moreover, it was his destination this time. He had encountered so many enemies as soon as he entered, but they were all shrimp soldiers and crab generals. In an instant, they had been beaten into pieces, and only one was still alive.

The only person who was still alive had a dull expression on his face. He was already frightened by the scene in front of him. Even though he had experienced a lot, he could not react for a long time.

The bottom of the water was covered in blood. The blood floated in the water and looked extremely terrifying. Especially the corpses on the ground. Some of the corpses were even rolling up and down with the current. This scene was simply tormenting his heart.

“Come here.” Xu Bai said indifferently.

When the only person alive heard the voice, he subconsciously raised his head. However, before Xu Bai could say anything, he saw Xu Bai reach out and gently flick the black blade, Hundred Rend..

Chapter 425: Is This Really Demonic? (8000) _2

A crisp sound rang out. Since Xu Bai had already learned the Aqua Suiting Technique, it could be easily transmitted.

In the next moment, the only person alive was stunned on the spot. He had already been controlled by Xu Bai's melody.

"Tell me everything you know." Xu Bai said slowly.

"Lord Zhao wants to refine Lin Yong and obtain the remains of the Water Dividing Altar in Lin Yong's body. He is currently refining it inside. Someone has already run in to look for it, but he hasn't come out yet..." The only person who was still alive did not hesitate. Under Xu Bai's control, he directly spoke the truth.

After Xu Bai heard what he said, he chopped off the head of the person in front of him.

After chopping off the man's head, Xu Bai did not stop. He walked straight to the building in front of him.

Just now, this person said that Lin Yong was killed, so there should be other people inside. They just didn't come out. They either ran away or were waiting for him inside.

As expected, not long after they walked, they found a corpse on the ground. The chest was pierced by a sharp weapon, and the blood had already mixed with the water.

Xu Bai didn't take a closer look. He took a few more steps inside and realized that it was empty. There was no one else. Judging from the situation, they must have run away.

"Where can you run to?" Xu Bai closed his eyes and used the Aquatic Method to carefully sense the changes in the water flow. After a moment, he looked in a direction and the corners of his mouth curled up.

He immediately disappeared from where he was and rushed in that direction. The surrounding water surged, not only avoiding him, but also pushing him forward, making his speed much faster than before.

Xu Bai continued to chase after him. After about the time it takes for an incense stick to burn, Xu Bai saw a figure in front of him running at high speed.

To be precise, it was not a person, but a person sitting on a huge turtle.

The turtle's four legs were like fire wheels that kept swinging, and its speed was not slow at all.

Seemingly sensing that someone was chasing after him, Zhao Yin, who was sitting on the turtle, turned his head. When he saw Xu Bai holding the black blade, Hundred Rend, he was scared out of his wits, and his face revealed a horrified expression.

“Not only does he know how to fight underwater, but he's also very skilled.”

Zhao Yin panicked and tried his best to calm himself down. However, no matter what, he could not hide the fear in his heart.

He tried his best to urge the turtle to speed up and escape from Xu Bai's clutches. However, the distance between them was getting closer and closer at a subtle speed. It was only a matter of time before they caught up.

“Why? He clearly said that he didn't have this ability? But why did he have it? If he really had it, why didn't he chase after us on the ship that day?”

“It's impossible for him not to chase after us. Could it be that he didn't have this ability before this?”

“But why did it appear later? Did he learn it on the spot? Impossible. If he could learn so quickly, how could he have learned so many abilities? If he had only learned one ability, he might have already been ranked as a Rank-I!”

Zhao Yin didn't understand what was going on with Xu Bai, but he knew that if he couldn't escape today, he would die here sooner or later. Therefore, he could only run away.

Sometimes, your hard work was nothing in front of others.

Xu Bai looked at the figure running in front of him, and the smile on his lips became more and more obvious.

"There's no use running. Stop and let me kill you. I'll give you a quick death."

His voice passed through the layers of water and entered Zhao Yin's ears. When Zhao Yin heard this, he did not reply. He gritted his teeth and continued to escape.

"Happy?"

What bullsh * t pleasure!

It was the difference between dying easily and dying hard.

Was there a difference? No, it was all death.

Zhao Yin continued to run.

At this moment, the turtle under Zhao Yin's feet made a sound.

To be precise, it was not the turtle's voice, but Lin Yong's.

"Sigh, I didn't expect him to know an underwater cultivation technique."

There was no panic in this voice, nor was there any panic. There was no hysterical scream either. There was a calmness to it, so calmness that it made people feel a little scared.

Zhao Yin was stunned for a moment before he reacted. "You're fine!"

This was Lin Yong's voice!

But what was going on?

He clearly remembered that he had refined Lin Yong into a turtle.

Although the turtle was still running, it turned its head and said with a mocking look, "What do you think?"

Zhao Yin was stunned.

He suddenly felt that he had lost all connection with the turtle he was sitting on. This turtle was no longer a demon, but Lin Yong.

"You schemed against me!" Zhao Yin gritted his teeth and said, "This is the

Water Dividing Altar's top secret technique, the Blood Transfusion

Technique!"

"That's right." The turtle was not slow at all. It was still running wildly, but it answered Zhao Yin's question, "I knew that you wanted to be traitors, but I can't do anything to you alone. Why don't I beat you at your own game? It's a pity that Xu Bai knows how to practice underwater techniques. I didn't expect this, but it won't affect my plan."

Zhao Yin angrily said, "What are you trying to do?" Now is not the time to plan. As long as you run, I'll help you do whatever you want."

There was still a fierce god chasing after him. Zhao Yin didn't want to be distracted at all. He just wanted to escape as soon as possible..

Chapter 426: Is This Really Demonic? (8000) _3

"No, no, no. I want to say it. If I don't say it now, I won't have a chance to say it again. To be precise, you, Xu Bai, and I won't have a chance."" It's a pity that I can't summon it," Lin Yong said regretfully." But it's great that I can bring you there.""

"Bring... Shall we go over?" Zhao Yin seemed to have thought of something. He placed his hands on the turtle shell and wanted to jump up, but it was too late.

It was as if his entire body was being sucked in, unable to move at all. He could only maintain this position.

"Have you heard of...A demon master offering sacrifices?"

"Using the Demon Master's blood to trigger the surrounding changes, causing that place to appear."

"This is the secret technique of the Five Elements Demon Altar Formation. However, I only have the remains of the Water Dividing Altar, so...I can only let you in."

"I need a large amount of Demon Master's blood. Originally, I planned to take this opportunity to fuse with your turtle and then use the explosive potential of the fusion to kill all the Demon Masters, but Xu Bai helped me."

"Now, we still need you."

Lin Yong rambled on. Just like what he said just now, if he didn't say it, he wouldn't have the chance to say it again.

Before death, some people would choose to remain silent, while others would choose to complain.

Obviously, Lin Yong belonged to the latter.

"I was planning to lure Xu Bai out after the matter was settled. I didn't expect Xu Bai to come. Hahaha!"

"Please, let me go. I don't want to go to the Bizarre Demon City." Zhao Yin began to beg for mercy. Although he couldn't move, he was crying and snot as he begged crazily.

This was Lin Yong's last sentence, because as he finished speaking, blood stains appeared on his body. Blood mist floated out of the blood stains and fused with the surrounding water. Immediately after, a huge change occurred in the surroundings.

The turtle turned into an incomparably huge ball of blood, while Zhao Yin fell to the bottom of the river, as if he had been hit by something, unable to move.

Xu Bai was in the middle of chasing after them. When he saw this scene, he suddenly stopped. He felt that something extremely dangerous was locking onto him.

"Not good!"

Before Xu Bai could react, the blood ball exploded.

Blood mist spread out, and soon after, streams of blood appeared at the bottom of the river, covering the surroundings with a blood-red color.

Xu Bai frowned. He raised the black blade in his hand and swept it around.

In the next moment, countless fragments hit the surrounding blood, but they were rebounded.

He realized that he seemed to be trapped.

Zhao Yin sat on the ground and repeated it repeatedly, as if he had fallen into a daze.

“It’s over, it’s over...”

“You motherf * cker! What the hell is this! Xu Bai took two steps forward, grabbed Zhao Yin’s collar, and lifted him up.

It was very dangerous. Xu Bai’s intuition told him that he was in a very dangerous situation. It was something he had never encountered before.

Zhao Yin finally came back to his senses from his daze. He looked at Xu Bai’s expression towards him. He did not know what was going on, but he guessed that Xu Bai had messed it up. He laughed loudly.

“You’re asking me about the situation?”

“Have you heard of the Bizarre Demon City? After the demon died, it turned into a strange entity. The strange entities gathered and formed a unique world.”

“What humans gather when they transform into strangeness is the human-strangeness market, and what demons gather when they transform into strangeness is the demon-strangeness market.”

“The living are forbidden grounds, the home of the dead. As long as there are living things there, no one has ever walked out.”

“Hahaha, Xu Bai, you’re going to die. You’re finally going to die. I’m going to die too.”

Zhao Yin seemed to have fallen into some kind of madness. He danced around, not afraid of Xu Bai at all. Instead, he carried the last bit of madness and chaos.

Xu Bai was speechless.

Strange Demon City?

He had never heard of it before, but now that he heard the other party's explanation and the unfathomable danger he felt, he knew what would happen next.

"A forbidden place for the living and a home for the dead?"

Xu Bai held the black knife in his hand tightly and watched silently.

No matter where it was? Since he had already fallen into it, he had to go and try. His body emitted an endless fighting spirit, causing the surrounding blood to sway slightly.

"I cannot die in the hands of Yao Gui. It is too terrifying. I cannot die in their hands..."

Zhao Yin muttered to himself crazily. Suddenly, he stretched out his right hand and slapped his forehead.

The sound of bones cracking could be heard. Zhao Yin's head tilted to the side, and he had already lost his life.

Xu Bai frowned and let go of Zhao Yin's body, throwing it to the side.

He was so afraid that he would rather commit suicide than go in. It was obvious that the danger inside was extraordinary.

Xu Bai took a deep breath and continued to be on guard.

In the next moment, the blood in front of him suddenly stopped. Then, it surged crazily. In less than the time it takes for an incense stick to burn, the blood turned into a huge vortex.

A huge suction force spread out, and Xu Bai became the only target of this suction force.

The suction force was so strong that Xu Bai could not resist it. In the next moment, Xu Bai could not control his body and was sucked in by the suction force.

The blood was slowly fading. When Xu Bai disappeared completely, the water returned to normal.

Xu Bai felt as if the world was spinning. It was as if he had been thrown into a washing machine. As the drum spun, it kept shaking. It was a very disgusting feeling..

Chapter 427: Is This Really Demonic? (8000) _4

Fortunately, this feeling did not last long. After a moment, it gradually stopped.

When Xu Bai regained his senses, he found himself standing on a piece of black land.

There was no sun in the sky, but there was a hazy red light shining down, turning everything around them dark red.

As he stepped on the charred soil, he felt a cold and gloomy feeling. Coupled with the surrounding red light, the cold and gloomy feeling was even stronger.

Xu Bai looked around and found that he was in the middle of a street surrounded by dilapidated houses. Under the illumination of the red light, there was a strange feeling.

There was no one on the street, and it looked unusually deserted.

On the street, all kinds of stalls were placed there, looking no different from usual. Other than the red light that filled the sky and the scorched earth under their feet, it looked like an ordinary town.

Although there was nothing unusual, the feeling of danger lingered in Xu Bai's heart.

"Is this the Bizarre Demon City?" Xu Bai rubbed his chin and thought to himself.

From Zhao Yin's muttering just now, he could also get a lot of information. The so-called demon race became strange after they died. After gathering together, they would enter this world. And this world only had demons and strange existences. Living things could not leave alive after entering.

However, what was going on with this empty street?

Xu Bai thought to himself.

This place was empty. Although the feeling of danger had been lingering, he did not see the so-called Strange Demon City, nor did he see anything unusual. Could it be that he had come to a fake Strange Demon City?

Moreover, he thought of a problem. Whether it was a human or a demon, after they died, they became strange and did not have any consciousness.

Under such circumstances, even if they gathered in this world, they would definitely kill each other. Why did it look like a world of ordinary people now? Xu Bai's doubts grew as he thought about this. However, he could not solve these doubts because he did not see anything else.

At this moment, he suddenly heard a sound coming from afar. It was the sound of a gong.

"Clang!"

The sound of the gong echoed throughout the entire street. After a moment, the street suddenly became lively.

The shops on both sides of the street opened their doors, and strange figures walked out. Some of them had beast heads on their heads, some had beast claws on their hands, and some had furry tails. After they appeared, they began to set up their stalls.

Demon.

No, it was demonic!

These things that looked like demons had a deathly aura about them. They did not have the aura of a living person, nor did they have the aura of a living creature.

This was an aura that only dead creatures had, an aura that made the living despair.

Xu Bai's presence on this street seemed to be the only abnormality on this street. This abnormality was also sparkling, attracting the attention of all the monsters.

If you were a man and were thrown into a group of women, you would be recognized at a glance. Xu Bai was in such a situation now.

When all the monsters looked at him, he did not feel uncomfortable. Instead, he felt surprised.

These demonic eyes...There were emotions!

As mentioned just now, all strange beings, regardless of whether they were human or demon, had no consciousness, so it was impossible for them to carry emotions.

But now, in Xu Bai's eyes, all these things in front of him were filled with emotions. It was as if they were conscious.

No, it wasn't like that. Xu Bai knew that it was definitely intentional.

"How did this happen? Why did these monsters have consciousness?"

Xu Bai was shocked. Feeling the gazes around him, he tightened his grip on the Black Saber Hundred Break.

These gazes were filled with curiosity, but there was more calmness in their curiosity, as if they had seen it many times.

At this moment, something even more shocking happened to Xu Bai. These monsters actually made a sound.

"How long has it been since a living thing came in?"

"It's been a long time, right? Anyway, I don't remember it, but it's probably going to be gone soon."

"Indeed, the guy who came in last time quickly became an idiot and fought here."

"Wasn't he killed by the City Lord? He had no choice. Who asked him to become an idiot?"

Become Idiot?

Xu Bai was stunned. Then, he realized that his head was hurting.

Pain came from all directions and flooded his mind. He couldn't help but hold his head and slowly squat on the ground.

This kind of pain was extremely stimulating and was more direct than the pain in his body. It was acting on his soul. He could feel that his soul was gradually being eaten by something.

It hurt! It was too painful!

It was more painful than losing my love and looking at the ruins.

This pain lasted for a long time, but Xu Bai did not endure it. He fell into a coma under this pain.

Just as he fell unconscious, something strange happened.

Rays of golden light flashed in his mind. Then, Xu Bai, who was lying on the ground, opened his eyes. Two rays of golden light shot into the sky and shot out from his eyes.

Xu Bai was still unconscious, so he didn't know what was going on.

After the golden light appeared, the blood color in the surroundings seemed to have solidified. The monsters who were setting up stalls in the surroundings trembled unconsciously, as if they had seen the most terrifying thing. "What is this? Why do I feel fear from the bottom of my heart?"

Chapter 428: Is This Really Demonic? (8000) _5

"This child is so young, but he is so terrifying. Could it be that he is resisting the disappearance of his divine soul?"

"Resist? Can anyone resist?"

"Impossible. I remember that in the distant past, there was once an expert who dominated an area. He accidentally entered the Bizarre Demon City and turned into a fool in an instant. He casually attacked here and was killed by the City

Lord."

The surrounding voices gradually grew louder and turned into a clamor.

At this moment, the golden light in Xu Bai's eyes gradually faded until it slowly disappeared.

Xu Bai returned to normal in an instant. He also regained his consciousness. He got up from the ground in a daze and looked around.

"I'm fine?"

What was going on? He could not understand.

The pain from before had disappeared, and everything had returned to normal. But how did it recover?

"Oh my god! He's really fine. Did you see that? It's really fine!"

One of the monsters grabbed the monster beside him and swayed excitedly, speaking incoherently.

The other demon that was being swayed by him was also very excited.

"What is that thing? It can actually...Ah!"

Before he could finish his sentence, the demon suddenly let out a miserable cry and turned into nothingness from head to toe.

This scene happened too quickly, causing the surrounding monsters to be stunned. Then, they shut their mouths.

No discussion.

Or rather... He could not talk about it in front of this person.

Otherwise, it would lead to a terrifying disaster.

The surroundings fell silent. Xu Bai also reacted and frowned.

"Xiao Jin is awesome.

He wasn't a fool. He had already guessed the mystery of the situation in front of him.

To be able to survive in such an extremely strange environment without any abnormalities, it was only with the help of the progress bar.

However, Xu Bai did not think too much about it. Instead, he slowly lifted his feet and walked towards one of the monsters.

When the demon saw Xu Bai walking over, it took a step back in fear and

Obviously, the situation of his companion had caused him to fall into fear.

This action made Xu Bai even more convinced that this place was abnormal.

This was the first time he had seen something so strange that it could be afraid. Moreover, it could talk and converse. Was this freaking strange?

Everything here was strange. Xu Bai wanted to try and see if he could communicate with them.

"You guys are Yao Gui?"

"Yes, yes, yes!" This demon nodded his head and spoke in an extremely awkward manner.

Xu Bai frowned slightly.

He knew this grammar. After all, he had absorbed the original owner's memories.

This was a very ancient grammar that was no longer used in Gale Country, let alone Great Chu Country.

How to describe it...

It was just like vernacular and semi-classical Chinese. You could understand some of the semi-classical Chinese, but it was very difficult to understand.

"All of you...Is he conscious?" Xu Bai asked again.

Yao Gui raised his head and said in surprise, "Of course we are conscious. Although we are already dead, we are still conscious."

Xu Bai was speechless.

He was even more confused. Yao Gui knew that he was dead and that he had consciousness. What was going on?

Xu Bai could sense that he had discovered a great secret that everyone wanted to know.

At this stage, regardless of whether it was Great Chu or other places, they all knew that strangeness had no consciousness. They could not communicate with each other, and it was even impossible to prevent them from causing trouble.

But now, he realized that this place was strange. Not only did it have consciousness, but it also did not seem to be hostile to living people.

Well... At least for now, she didn't seem to be hostile to him, and she seemed to be afraid of him.

"You... Can you stand a little further away? I'm scared." The minotaur demon trembled slightly and asked tentatively.

A companion had just disappeared right before his eyes. It would be a lie if he wasn't afraid.

The corner of Xu Bai's mouth twitched. He took a step back and said, "Is this okay?"

The minotaur demon nodded, but one could still see his aggrieved expression.

Of course, it felt very wronged. There were so many questions here, but it had to be asked. Other than feeling wronged, it was also afraid.

Xu Bai rubbed his chin and organized his words, preparing to continue asking.

This was a great opportunity for them to communicate and there was no hostility. If they did not take this opportunity to gather more information, how could they be satisfied?

If he could get some meaningful information or get some clues about this world, he would definitely be very happy.

However, before he could ask, he heard footsteps around him.

As the footsteps sounded, all the demons did the same thing.

The monsters present looked in the direction of the footsteps.

Seeing this, Xu Bai also looked over.

Groups of armored monsters rushed over from afar in squads. They held weapons that shone with cold light in their hands, and their bodies carried a deathly aura.

They split into two rows and slowly walked over.

In the middle was a male demon wearing armor with a single horn on his head. He carried a long saber on his back and was surrounded by teams on both sides, showing his different identity.

They were coming from Xu Bai's direction.

Xu Bai narrowed his eyes and looked at the team with interest.

Especially the one-horned demon in the middle with a long saber on his back.

Very strong..

Chapter 429: The Mysterious Person's Palm Print (1)

He could clearly feel that the one-horned demon in front of him was very strong.

The two rows of demonic soldiers remained silent and stood where they were.

The blood-red color around them made them look unusually sinister, but Xu Bai could feel the gazes coming from their eyes.

This gaze was completely different from the sinister one. It was filled with curiosity.

It was a very strange feeling. It was clearly strange, but it carried the emotions of a human. The curiosity in his eyes was even stronger than that of a human.

Although the horned demon in front of him was very strong, Xu Bai did not sense any killing intent from it.

He had been in this circle for a long time, so he had some feelings about killing intent. His intuition told him that it was unlikely to start a fight.

As expected, the one-horned demonic creature who was leading the team also looked at him curiously. After a moment, he took two steps forward tentatively and asked, "Humans?"

Xu Bai nodded and asked back, "Demon?"

No one would have thought that the meeting between the two sides would actually be in such a manner.

After the two of them finished asking each other questions, they fell into a long silence.

"The 563rd City of the Bizarre Demon City, City Guard Captain Wang Fu, welcomes you." Wang Fu suddenly cupped his hands and said, "Your Excellency must have experienced a lot of hardships to be here. Why don't you go to the city and have a seat? The City Lord has already set up a banquet in the city to entertain you."

Xu Bai narrowed his eyes and stroked his chin, thinking.

The other party's attitude was simply too strange. It might have been reasonable for them to start a fight before meeting, but now, they were inviting him to the city as a guest. Moreover, this strange person called Wang

Fu wasn't even the City Lord.

Should he go or not?

This was a question worth considering.

Wang Fu seemed to see that Xu Bai was hesitating, so he waved his hand and said, "Sir, please don't misunderstand. Everyone knows that the City Lord is hospitable. Moreover, if I really wanted to harm you, I would have already taken action."

Xu Bai raised his head. The other party was right.

Now, it was equivalent to him walking into the other party's nest. If the other party really wanted to attack him, he would have done so long ago. There was no need to waste so much time here. If it were him, he would have pulled out his knife and given him a stab instead of talking here.

"Since the City Lord is so hospitable, then it would be impolite of me to refuse. Please lead the way!" Xu Bai said with a smile.

"Please!" Wang Fu stretched out his hand and pointed in a direction as he led the way.

Xu Bai walked behind them. As he walked, he looked around.

This place was really too much like a place where humans lived. Be it the surrounding houses or the atmosphere, it really did not look like a Bizarre City.

If they were placed in the human world, or if they were given a different appearance, they would probably be a gathering of humans.

Along the way, he did not speak.

Wang Fu did not seem to plan on asking anything and just silently led the way.

Seeing this, Xu Bai did not plan to say anything and simply followed behind.

After walking for about the time it takes for an incense stick to burn, a magnificent building appeared in front of them. Compared to the surrounding houses, this building was simply a crane in a flock of chickens. It looked abnormally luxurious. This style was definitely the City Lord's Mansion.

Two rows of guards stood in front of the city lord's mansion. They were holding weapons in their hands and standing on both sides. They looked unusually solemn. If not for the deathly aura, they looked no different from human soldiers.

"Please, the City Lord is inside." Wang Fu opened the door and raised his hand, making an inviting gesture.

Xu Bai didn't go in. Instead, he stood at the door and looked inside. From outside, he could see the situation in the courtyard through the door.

In the courtyard, there was a huge table. On the table were delicacies, wine, and delicacies.

On both sides of the table stood various guards and maids. In front of the table sat a plump middle-aged man.

The middle-aged man looked no different from a human, but he had a few long whiskers on his face, like a mouse. Moreover, his hands were like beast claws, looking especially sinister.

If this wasn't the case, he looked more like a fat man who often smiled.

The middle-aged man seemed to have sensed Xu Bai's gaze and looked over. His eyes were kind, but there was more of a deathly stillness than kindness.

"Aiya, an honored guest has arrived. Please come in." The middle-aged man stood up with a big belly. He walked to the door and smiled kindly. "I am the City Lord of the 563rd City, Huang Kui. Greetings, honored guest. May I know your name?"

"I'm Lin Yong. Greetings, City Lord Huang." Xu Bai cupped his hands.

As for the name, he learned it on the spot and pulled Lin Yong's name over. In this day and age, there were some sinister moves that could be used to do something through their names.

Therefore, it was better not to reveal his name. Although it was difficult to use those strange moves with just a name, he had to be careful. After all, there was always someone better.

"So it's Mr. Lin, please come in." City Lord Huang stretched out his hand and led Xu Bai into the courtyard. He let Xu Bai sit at the head of the table.

At this time, Xu Bai was closer and saw the things on the table. At first, he thought they were delicacies, but when he got closer, he saw that they were all made of soil.

Xu Bai was speechless.

Good heavens, he was used to many shabby ways of receiving guests, but he did not expect there to be such a shabby way. It even used soil to make the

surface shape..

Chapter 430: The Mysterious Person's Palm Print (2)

City Lord Huang saw Xu Bai's expression. His beast-like claws touched the long beard beside his lips and said in shame, "It's all etiquette that I paid attention to when I was alive. However, there's nothing for living people to eat in the Bizarre Demon City, so I made it look like this. At least we have to go through the formalities."

"City Lord Huang is very thoughtful."

After all, in this situation, he couldn't possibly let him move his chopsticks, right?

The etiquette at the dining table was to talk while eating, but now that they weren't talking while eating, it seemed a little awkward. Talking about things while eating could resolve some of the awkwardness, but this time, the awkwardness was getting bigger and bigger.

The two of them fell silent. Although the surrounding monsters were curiously sizing up Xu Bai, they only took a glance before looking away very obediently.

City Lord Huang did not speak, and neither did Xu Bai. Xu Bai was calm, and he did not know what to say. There were too many mysteries in his mind. He had to clarify one point before asking.

City Lord Huang seemed to have noticed the solemn atmosphere and finally broke the silence.

"Mr. Lin, I invited you here because I know that you can resist rejection, so I'm very curious to see what's going on with you." City Lord Huang said.

Resist rejection?

Xu Bai stroked his chin and pondered.

The so-called rejection, after thinking about it carefully, was very clear. It was just the things that started to devour his soul.

Xu Bai felt his scalp go numb when he thought about what had happened just now. He had been unable to fight back in that situation. Moreover, this was a cultivation technique that he had a divine soul. If he didn't have it, he would probably have been even faster.

Fortunately, his golden finger was more powerful, allowing him to turn the situation around and successfully escape from danger.

But now, this evil City Lord Huang wanted to know what had happened.

Was City Lord Huang strong?

Very strong.

At least in Xu Bai's eyes, he couldn't see through the other party's strength. If he couldn't see through the other party's strength, it meant that he was unfathomable.

"What do you think?" Xu Bai thought for a moment and asked.

Since he wanted to see how he was doing, it would definitely involve the question of how to see him. Xu Bai did not hide it and asked directly.

Who knew that after he asked this question, City Lord Huang shook his head decisively.

"The moment you entered the door, I saw it clearly. No, to be precise, what I saw was a fog that I couldn't guess."

There was a hint of fear in his voice, as if he had seen something he shouldn't have seen. His eyes couldn't take it anymore.

"A fog of fog?" "What is a fog?" Xu Bai asked.

This answer was sometimes nonsensical. Xu Bai seemed to understand it, but also seemed to not understand it completely.

"It's the kind of situation where you can see but can't touch. If you want to look carefully, you have to enter the fog, but if you enter the fog, you can't come out alive." City Lord Huang explained, but he did not explain in detail. It was as if he was afraid that saying too much would cause trouble, so he only gave a general explanation.

This vague answer made the fog in Xu Bai's heart deepen.

“Sigh...” City Lord Huang said, “Mister Lin, to be honest, even I can’t see through it, so I can only describe it roughly. No matter how much you ask, I can’t tell you everything because I don’t know either. Why don’t we talk about something else?”

“What do you want to talk about, City Lord?” Xu Bai asked.

Since the other party had already said so much, Xu Bai did not intend to continue pestering him. When he heard the other party say that he wanted to talk about something else, his curiosity was aroused. Of course, coming here was not just a small matter. He had to ask something.

“I still have some things that I don’t understand. Why don’t you tell me, City Lord Huang? After you tell me, we can talk about other things.” Xu Bai said.

City Lord Huang nodded, “Please ask.

Xu Bai saw how straightforward City Lord Huang was and said, “Why do you have consciousness?”

This sentence caused the scene to fall into silence. Actually, he really wanted to ask this question. Now, the city lord in front of him called Huang Kui was the leader of this place. He must know a lot of things. As for whether the other party would say it or not, it depended on whether the other party was willing.

The silence gradually spread, and the surroundings were deathly silent.

City Lord Huang suddenly raised his hand and waved at the surrounding air.

When the monsters guarding the area saw this, they immediately bowed and left. After a long while, the area returned to silence, leaving only Xu Bai and City Lord Huang.

Xu Bai narrowed his eyes and waited for City Lord Huang to continue.

Since he had called all his subordinates away, he definitely did not want these monsters to hear. Next, it should be the main event.

As expected, after all the monsters left, City Lord Huang sighed. His tone was very bleak.

“Sigh, I knew you would ask this.” City Lord Huang sighed and said, “Actually, I don’t know the reason behind this. But I do know one thing. Only the freaks in the Humanoid City or the Monster City have the consciousness of when they were alive. There is nothing else.”

Xu Bai frowned.

Only the strangeness of these two places had consciousness. Was there any trick to this?

He kept analyzing the two sentences in his mind. A moment later, a clue echoed in his mind.

When a person entered the Bizarre Market, their soul would be devoured. What would happen if their soul was devoured? This was a very simple matter. They would immediately become an idiot and act based on their instincts..
