Chapter 441: Terrifying Black Clouds Attack (3)

“Little mouse, do you want to hide like this? Or was it that his strength had greatly decreased after losing this spear?”

The surroundings fell into silence. It was as quiet as death.

As he said this, Xu Bai moved.

As if it had heard its master’s command, the fragments of the black blade, Hundred Rend, swept in a certain direction in the next moment.

There was nothing there.

“I don’t believe that you completely disappeared into nothingness. In my opinion, you’re just hiding your body.”

Xu Bai smiled faintly and turned the hilt in his hand.

The shard returned and circled around Xu Bai, blocking him completely.

“Go ahead.”

The fragments began to spin at high speed. Then, with himself as the center, they spread out in all directions.

However, this set of attacks had no effect. The surroundings were still empty. The other party did not seem to want to come out, or it could be said that he was looking for Xu Bai’s weakness.

“You really can dodge. A Rank One expert is nothing more than this.” Xu Bai said indifferently.

As soon as he finished speaking, City Lord Huang’s voice rang out.

“Brat, you’re very strong. I admit that you have the strength to fight someone of a higher cultivation level. However, if I don’t come out or leave now, you’ll have to stay here for the rest of your life. No, with your strength, you probably won’t be able to last long here.”

To be able to reach Rank-I in a very ancient era, not to mention anything else, his ability to survive was indeed first-class.

It had to be said that City Lord Huang did not want to fight head-on. He was prepared to leave.

He could completely exhaust the other party to death. There was no need to sacrifice himself here.

The other party’s strength was too strong. It was simply ridiculous!

Who had seen a Rank-3 beating a Rank-I until his teeth were all over the floor?

It was the first time City Lord Huang had seen it.

He did not plan to risk his life. He just wanted to leave.

“Did I ask you to leave?” Xu Bai suddenly said.

“Can you find me?” City Lord Huang was stunned.”

“I can’t find him.” “But that doesn’t mean I can’t kill you. For example...” Now.”

A white and flawless paper crane appeared. It flapped its wings like a living thing and slowly landed on the spear in Xu Bai's hand.

Looking for a trace!

The next moment, the paper crane flew in a direction.

Why did he snatch this spear? For this very moment.

In an intense battle, it was impossible for the other party to erase his traces. After obtaining the spear, he could use it to search for traces and achieve his goal. His true goal was to completely find the other party's location.

Wherever he passed, not a blade of grass grew.

The next moment, the air in that place moved, and Xu Bai finally noticed something unusual.

With this abnormality, Black Blade Hundred Rend followed the flowing air like a maggot attached to a bone under his control.

Wherever the air flowed, the fragments of the Black Saber Hundred Rend would follow.

The saber intent was terrifying and as dazzling as the sun. Castellan Huang's furious voice rang out in the air.

"Kid, do you really want to fight to the death?"

' You sent me back in peace, and nothing would have happened," Xu Bai sneered." But you wanted to kill me, so I had to kill you first. ""

Black Blade Hundred Rend was even faster.

From time to time, he could hear a scream. Although he could not see the exact situation, Xu Bai knew that the other party was starting to get injured.

“I’m standing here. Come and attack me.” “Weren’t you mocking me just now?”

Xu Bai said arrogantly. “Why can’t you do it now?”

No one answered him. At this moment, City Lord Huang kept dodging.

He had tried many methods, even going underground, but the fragment still followed him.

The reason was very simple. When he first dodged in front of Xu Bai, his Qi had already become chaotic. In fact, if he was given a breath’s time, he could recover, but Xu Bai did not give him time.

Even if they went underground, the shards carried an unparalleled destructive power that shattered the ground.

The wounds on his body gradually deepened.

Although they weren’t serious injuries, he had managed to dodge a portion of them. If this continued, the combination of these injuries would result in a terrifying outcome.

City Lord Huang became more and more anxious as a vicious thought flashed through his mind.

“Since you want me to die, then let’s die together!”

At the thought of this, City Lord Huang began to move. This time, he didn’t dodge to the side. Instead, he pounced straight at Xu Bai.

This was a battle of life and death. He knew that the other party would never let him go, just like how he would never let the other party go. Whether it was begging for mercy or other methods, it would only lead to death.

Since that was the case, he would fight again in a desperate situation.

In front of Xu Bai's eyes, the air in front of him was flowing and gradually surging toward him.

"I'm finally going to risk my life."

Xu Bai stood where he was and waited silently. He didn't take a step back.

City Lord Huang was getting closer and closer. His eyes were filled with ferocity and madness.

This was the true form of a demon, and not the friendliness they had when they first met. That was all an act.

A faint layer of blood-red light appeared on City Lord Huang's beast claw. This time, he went straight for Xu Bai's neck.

You can recover?

Alright, I'll directly pull your head off. I don't believe that you can still recover

after losing your head..

Chapter 442: Terrifying Black Clouds Attack (4)

As he got closer and closer to Xu Bai, the madness on City Lord Huang's face grew deeper and deeper. Just as he was about to reach Xu Bai's neck, Xu Bai suddenly moved his feet and disappeared from where he was.

Wait a minute!

City Lord Huang was stunned.

Then, he realized that he had committed a grave mistake.

No matter what the situation was, even if it was a battle of life and death, he could not let his guard down. He could not let himself fall into madness. Instead, he had to calm down.

He had forgotten that Xu Bai had that kind of movement technique.

But... Why did he forget?

When he was alive, he had experienced all kinds of battles. Countless humans had died at his hands. How could he make such a low-level mistake?

A melodious tune was heard.

City Lord Huang suddenly reacted.

He had fallen into a trap again!

This was music!

A melody that could disrupt the soul.

Even if his level was not high, being in this state for a long time could still make his heart slightly chaotic.

This was a true battle of life and death. A careless flaw could cause him to fall into a desperate situation, not to mention that he had fallen into the opponent's trap.

His divine soul had been disturbed, and now that he had rashly launched an attack, there was no way out.

He had failed. He had completely failed.

Behind him, the shards carried terrifying blade intent as they passed through his body.

Pain spread throughout his body.

City Lord Huang could no longer hide his body and was exposed. He knelt on the ground and used his hands to support himself, forcing himself not to fall.

“You...”

He pointed at Xu Bai, his fingers trembling slightly.

“You’re a great enemy of my Monster Race! You must not live!”

City Lord Huang gritted his teeth.

If such a peerless genius was allowed to return to the human world, he would definitely be an indomitable existence of the human race. Such a person could not be allowed to return.

“Ah!”

City Lord Huang roared towards the sky, his voice echoing out in layers, it was unknown how far it traveled.

Xu Bai was stunned. Then, he activated the shard without hesitation and pierced through City Lord Huang's body again.

This time, City Lord Huang's roar came to an abrupt halt. He finally fell to the ground and stopped breathing.

In the next moment, Xu Bai waved the handle of the blade in his hand, and the fragments of the black blade returned to the handle.

Putting the Black Saber Hundred Rend back into its scabbard, Xu Bai picked up the token on the ground and walked toward the round platform without stopping.

Before City Lord Huang died, his roar was so far away that it seemed endless.

Xu Bai had a feeling- He had a feeling that City Lord Huang must have released some kind of signal before he died. Perhaps reinforcements would come.

No matter what, he couldn't stay here for long.

Thinking of this, Xu Bai held the token in his hand and stood on the circular platform.

He didn't know how to use it. When he stood up, he subconsciously looked at the token in his hand.

"Try it."

Since the token was related to the passage, he wanted to see if the transmission of True Core Strength was effective.

Xu Bai activated his True Core Strength and circulated it on the token. Then, something magical happened.

On the ground, the patterns on the circular platform were gradually lighting up. The speed of lighting up was not fast, but it was not slow either.

“Hurry!”

Xu Bai tightened his grip on his True Core Strength as the bad feeling in his heart grew deeper and deeper.

In the distant blood-red sky, a large patch of dark clouds was sweeping over.

Xu Bai raised his head and stared at the dark clouds in the distance. With his eyesight, he could see dozens of terrifying figures moving in the dark clouds.

Every single one of them was stronger than the City Lord!

The dark clouds were still far away, but at this speed, it would not be long before they reached his position.

“Hurry up! Hurry up!”

Xu Bai continued to urge his True Core Strength.

With the help of the connection between the token and the round platform, the patterns on the round platform lit up faster.

Just as the dark clouds were about to arrive, the last trace of the pattern was finally covered by light.

The next moment, Xu Bai disappeared from where he was.

Above the dark clouds, countless attacks fell, destroying the entire area.

“Human! A living human!”

“There are still people in this world whose souls haven’t been devoured!”

“Not dead! Huang Kui actually had such a person in his pocket!”

“Bizarre Demon Market No. 563 is a heinous crime! He actually hid such a secret. He should be destroyed!”

A series of voices came from the dark clouds, carrying an invincible might.

Countless attacks fell from the dark clouds and landed on Bizarre Demon Market No. 563.

In just an instant, the vast and boundless Bizarre Demon Market No. 563 disappeared without a trace, turning into a wasteland. All the monsters on it died...

After activating the round platform, Xu Bai felt a wave of dizziness. A moment later, he found himself at the bottom of the river again.

“I’m back.” Xu Bai performed the Suiting Water Technique and let out a long breath.

This time, it was filled with all kinds of dangers. In the end, he managed to escape from the danger and successfully walked out of that world.

“Bizarre Demon City.” Xu Bai marked this place in his heart. If he encountered it in the future, he would have to pay attention to clues in this area.

This place was very mysterious, especially the power that devoured people’s divine souls. If there was a chance, he would definitely want to explore it again.

But not now. The most important thing now was to return to the Ye family first.

Thinking of this, Xu Bai put those thoughts in his heart and directly left the river, rushing toward the Ye family..

Chapter 443: Terrifying Black Clouds Attack (5)

Ye Clan.

When Xu Bai arrived at the door, the servant at the door looked as if he had seen a ghost.

“Patriarch, Patriarch, Lord Xu is still alive!”

The servant shouted as he ran, as if he had seen the most magical thing in the world.

Xu Bai was speechless.

Listening to the servant’s words, a guess silently formed in his heart. Perhaps in the few days that he had disappeared, everyone thought that he was dead.

Following the servant’s words, not long after, the Ye family head rushed out from inside with an excited expression.

When she saw Xu Bai, she grabbed his hand excitedly.

“Lord Xu, you’re fine. That’s great!”

Kong Xu followed behind, his expression also excited.

However, Xu Bai frowned and paced around the crowd. He did not see Ye Zi.

Logically speaking, Ye Zi should have run the fastest at this time, but why didn't he see her?

"Where's Ye Zi?" Xu Bai suddenly had a bad feeling.

Hearing this, Ye Family Head's face froze, but it quickly recovered and said, "Lord Xu, let's go in and talk."

Xu Bai nodded and walked towards the Ye family's courtyard.

After going around the winding corridor, the Ye family head brought Xu Bai to the living room.

Xu Bai saw that there was a package on the table, and on the ground next to the package lay the puppet of the Fourth Stage and the wooden carving.

He walked forward and opened the package. Inside was the Nameless Saber Scripture.

"Ye Zi...She..." Ye Family Head hesitated, but still explained, "Ever since Lord Xu disappeared, your puppet suddenly lost control and became like this. Ye Zi thought that you...Death, so death

"So what?" Xu Bai's frown deepened.

"Ye Zi cried for the whole night. Then, she suddenly came to me the next day and said that she wanted to help you finish the rest of the journey."

She said that this was the oath that you had to take. If you really met with

misfortune, she was your servant girl, so she had the responsibility to help you complete this path and make up for your regrets."

"You mean she has already left Wind Chime Manor?" Xu Bai asked." Ye Zi's personality and the possibility of doing such a thing.

Although Ye Zi looked weak on the surface, she was actually strong on the inside.

When they were together, Ye Zi had already treated him as everything. Now that something had suddenly happened to him, Ye Zi might really be able to walk the rest of the road for him.

However, the Ye Family Head shook his head and smiled bitterly. "Before she left, Ye Zi said that Lord Xu was very bored at the bottom of the river alone, so she played a song by the river for the whole night. She said that she wanted her song to accompany you. After she finished walking your path, she would come to the bottom of the river to accompany you forever."

At this point, Ye Family Head suddenly felt his breathing stop.

She could feel that Xu Bai's body was filled with killing intent, and this killing weapon was aimed at her.

"Lord Xu, please listen to me first."

"Alright, go ahead." Xu Bai suppressed the killing intent in his heart.

Ye Family Head wiped the sweat on his forehead and said, "That night, she didn't come back. I was with her at that time, but the person who came was too strong. It was a crazy female Taoist priest. I couldn't stop her at all."

Xu Bai was stunned.

A crazy female Taoist priest?

He remembered who this guy was.

Female Abbey Dean!

Because he had created a cultivation technique that imitated all the abilities of all trades, he had imitated too many abilities, resulting in him falling into madness.

Back then, he had kidnapped Xu Bai and brought him to a cave. Later, King Sheng You had also arrived and severely injured the female Abbey Dean.

This fellow had disappeared for so long, but he had actually come out again.

Seeing that Xu Bai had fallen silent, the Ye family head thought that Xu Bai was preparing to lose his temper. He quickly explained, "She's fine and has already set off. She's probably almost at another place now.

After the crazy female Taoist priest took Ye Zi away, she woke up for a rare time. Although it was only for a very short time, she let her go after she played a song related to the soul."

Xu Bai rubbed his chin thoughtfully.

According to the Ye family's master's statement, Ye Zi was only captured for a while, the female temple master recovered for a moment, after waking up, she only let Ye Zi play a song, then let Ye Zi go.

"Recovering my consciousness...Perhaps he had begun to regain his consciousness after they parted in the cave." Xu Bai thought to himself.

The last time in the cave, the Abbey Dean had learned his Star Shifting Technique and had signs of sobriety. Now, after such a long time, she could actually achieve a short period of sobriety. It seemed that she was gradually recovering.

There was still a difference. Back in the cave, the female Abbey Dean could only have a trace of consciousness, and she could not completely control it.

Now that he could maintain a short period of lucidity and control himself, there was a huge improvement.

But now was not the time to think about this.

It was good that Ye Zi was fine. As long as she followed the established route, she would be able to catch up to her.

After all, she might be in danger if she took that route alone.

Thinking of this, Xu Bai heaved a sigh of relief and prepared to leave.

Unexpectedly, before he could speak, the Ye family head spoke again.

“Lord Xu, before Ye Zi left, she asked me to bring you a message.. She said that she saw something at the female Taoist priest’s place...”

Chapter 444: Meeting Again in Fenghua State

“Oh, I saw something related to me at the female Daoist’s place. Tell me what it is.” Xu Bai said.

Xu Bai was actually quite curious about that crazy female Abbey Dean.

Although he had kidnapped her to the cave, Xu Bai could feel that even though he had completely fallen into madness, he still wanted to find a trace of clarity in this madness.

Therefore, he really wanted to know what state the female Abbey Dean was in, and whether a short period of lucidity could really help her gradually recover.

Unfortunately, the Ye family head didn’t seem to be discussing this issue. After

Xu Bai asked, she organized her words and said it out loud.

“When Ye Zi was taken away, she saw something. She realized that it was exactly the same as this wood carving.”

As he spoke, the Ye Family Head pointed at the wooden carving at the side. This wooden carving was discovered by the unknown Si Zheng in the wild. When he found out that it looked exactly like Xu Bai, he brought it over to Xu Bai when he came to Wind Chimes Manor to investigate the matter of the prefecture token.

Xu Bai had been quite curious at the time. After seeing the progress bar, he had kept it by his side and had never had the time to work on it. After that, he had gone to the bottom of the river and entered the Bizarre Demon City. A series of things had happened, so he had kept it here.

Now, the Ye Family Head told him that this wooden carving had appeared at the female Abbey Dean’s place before. Moreover, Ye Zi had seen it before. Could it be that this was carved by the female Abbey Dean?

“That crazy female Taoist priest is still carving, and she has only carved a semi-finished product.

“So I suspect that this wood carving was carved by her. Perhaps it has something to do with Lord Xu.”

“But I don’t know what the connection is, so I can only tell Lord Xu.”

Xu Bai rubbed his chin and fell into deep thought.

Now it seemed that it was really carved by the female Abbey Dean. However, why did the female Abbey Dean carve a wood carving that was exactly the same as his? There was room for thought.

It couldn’t be that the other party admired him, so he carved it for him, right?

It was even more impossible that the other party admired and loved him, so he

carved his appearance day and night. Every night when it was quiet, he would take out the wood carving and do some strange things.

There must be a deeper reason, but Xu Bai couldn't think of it.

However, these were not important. What was important was that he knew that Ye Zi was fine now, so he had to leave quickly and find Ye Zi as soon as possible.

It just so happened that this was on the way, so there was no time to lose and they had to set off immediately.

"Patriarch Ye, I'll take my leave first." Xu Bai said.

As soon as he finished speaking, his true essence energy surged, and the Fourth Stage puppet that was sitting paralyzed on the ground nearby moved. It stood up again, like a guard that didn't know fatigue.

The Ye Family Head didn't expect Xu Bai to say goodbye as soon as he arrived. However, hearing Xu Bai's words, he couldn't persuade him to stay. He just gritted his teeth and said, "Lord Xu, so many things have happened during your visit to Wind Chime Manor. It's true that my Ye family didn't take good care of you. If there's anything you need to compensate, you can tell me at any time."

How could it be as simple as not being thoughtful enough?

Xu Bai had been missing for several days. If he hadn't come back this time, she wouldn't know what to do.

The person that the Emperor had his eyes on, and moreover, something had happened on the way to the capital to receive a reward, and it had even happened in Wind Chimes Manor. It was absolutely impossible for the Ye family to erase this crime.

Moreover, they were not injured at all, but Xu Bai was the one who was in trouble. At that time, even if they had a hundred mouths, it would be difficult to refute. Moreover, once the emperor was furious, how could he give them a chance to refute?

Fortunately, nothing happened. Everything was just a false alarm.

"I know what you're thinking. Don't worry, if Ye Zi is able to fuse with the Yin Xian Song, I'll definitely get it back for you." Xu Bai said indifferently.

This was a deal. Xu Bai was considered a businessman at some point.

The Ye Family Head said in embarrassment, "I'll have to trouble Lord Xu then. From now on, the Ye Family will be Lord Xu's lackeys. If there's anything you need, feel free to call. The Ye Family will definitely go through mountains of swords and seas of flames. We won't hesitate."

Xu Bai smiled and shifted his gaze away from the Ye Family Head to Kong Xu.

Kong Xu didn't say anything. He just stood there silently.

Did he want to talk?

Of course he wanted to talk.

However, he knew that now was not the time to talk. After all, the two of them were still discussing important matters. If he interrupted them rashly, Xu Bai would not be happy, and the loss would outweigh the gain.

Now that he saw Xu Bai's gaze, he quickly took two steps forward and cupped his hands. "Lord Xu, I... Can we find a quiet place? I have something to discuss with Lord Xu."

The Ye Family Head was a discerning person. He could tell at a glance and smiled. "Since the two of you have something to discuss, I'll take my leave first." With that, Ye Family Head left the room.

After the Ye Family Head left, only Xu Bai, Kong Xu, and Elder Sun were left. Xu Bai looked at Kong Xu with interest and said, "Tell me."

This second young master of the Kong family, his father was an official in the capital. In terms of official position, he was equivalent to a provincial magistrate.

Such a person should have enjoyed a good life, but it was not enough.

He had indeed enjoyed a life of luxury, but at the same time, it also meant that he would not be able to improve for the rest of his life.

He had a big brother above him who wanted to get rid of him as soon as possible. As long as he became the family head, the next step would be to deal with him without any scruples..

Chapter 445: Meeting Again in the Fenghua State (2)

His father, the head of the Kong family, was also an extremely old-fashioned person who valued ethics more than his life, so he would never allow him to usurp the throne.

Even if Kong Xu was more outstanding than his big brother in all aspects, it was impossible.

In Xu Bai's eyes, he was a genius.

Although he was only at the Fifth Stage Realm, Kong Xu was a scholar and a diviner.

Dual cultivation was an extremely terrifying thing. As mentioned before, the more one cultivated, the slower the speed. This was not reflected in Xu Bai, but it was vividly reflected in others.

As for why Kong Xu wanted to dual cultivate, it could be seen that he was a

diviner. He wanted to know what was going on so that he could be safe.

I'd like to ask Lord Xu to recommend me to cooperate with the Ninth

Princess,” Kong Xu said through gritted teeth.”

Xu Bai frowned. This answer was indeed unexpected.

He had thought that the other party wanted to cooperate with him, but he did not expect that he would be the one to recommend him, and the target of the recommendation was the Ninth Princess.

Bai had only heard of the Ninth Princess, but he had never come into contact with her. The only person he had come into contact with was her personal maid, Qing Xue.

Xu Bai finally understood what Kong Xu’s goal was.

This guy was in a very dangerous situation. To be honest, if he relied on his own ability, no matter how strong he was, he would not be able to resist the arrangements of the family. He would definitely lose his position in the family, and losing his position in the family was an extremely dangerous situation for him.

In that case, he could not just rely on his own strength. He had to seek the help of others. The royal family was the best choice for him.

The Kong family was indeed a flourishing family, but compared to the royal family, it was still lacking. If Kong Xu could become a member of the royal family, even his father would have to respect him.

“The Ninth Princess and I don’t really have much interaction. If you want to have any expectations in this regard, you might end up empty-handed.” Xu Bai said.

“I understand what you are thinking now, but there are still many unrealistic aspects in your idea. Even if I can introduce you, what ability do you have to make the Ninth Princess agree?”

“More importantly, are you absolutely sure that the ninth princess will be interested in you?”

Regardless of whether he was the one who recommended him or not, if this Kong Xu wasn't strong enough, then even if he was recommended, he would still be mediocre. At that time, the Kong family head would still not treat him as a garlic.

"Lord Xu, you may not care much about your reputation, but it's actually very important to you." Kong Xu took a deep breath and said.

"As long as Lord Xu can say a few words to the Ninth Princess, I will have a stepping stone. If I can't do it by then, I will only blame myself, not Lord Xu." As he spoke, he looked at Elder Sun.

Elder Sun only had one arm left. When Kong Xu looked over, he took out a book and handed it to Kong Xu.

Kong Xu held the book in his hand and slowly brought it in front of Xu Bai. He said, "Lord Xu, please take a look at this book."

"I know that Lord Xu likes to read other books, so I feel that no gift can compare to this one."

"If I can fully understand this book, it's equivalent to the ability of a second-grade practitioner. Unfortunately, I don't have the corresponding mental cultivation method."

"Lord Xu, if you don't mind, you can use it as an item for this transaction."

The fortune-telling book was slightly worn out, and even the words on the cover were blurry. However, in front of Xu Bai's eyes, a golden progress bar appeared on the book.

A second-grade fortune-telling book?

Xu Bai's eyes revealed a trace of unnoticeable fervor.

He had been drooling over the ability to divine fortunes for a long time, but he had never had the chance to obtain it. Fortunately, he could predict the future and even find many clues.

Xu Bai still had a long way to go. If he had this ability, it would be like adding wings to a tiger. It would be of great use to him.

“Alright, I’ll do this business, but you’ve already said it at the beginning. I’m only responsible for the introduction. The rest is up to you.”

It had to be said that this Xu Xu was quite bold, and the fortune-telling book of the second grade was given to him as he wished.

“Lord Xu, don’t worry. I’ll keep my word.”Kong Xu said.

Xu Bai took the book and handed it over to the puppet of the Fourth Stage, saying,“I’m going to set off immediately. Do you want to come with me?”

Kong Xu shook his head and said,“ My injuries haven’t fully recovered. Even

Elder Sun needs to rest for a few days. I won’t trouble Lord Xu anymore.”“

Although the Ye family had used a lot of medicine and their injuries had mostly recovered, some of them had not fully recovered, so they planned to rest here for a few more days.

There was a good saying, see through but not expose.

These two guys didn’t want to rest for a few days. They were afraid that they would be assassinated again if they followed Xu Bai along the way. After all, these two guys had achieved their goal.

This was a transaction. The item of the transaction was the second-grade fortune-telling book in his hand. Xu Bai still had to hurry to find Ye Zi along the way. Of course, he would not let them follow him and slow down his

progress..

Chapter 446: Meeting Again in the Fenghua State (3)

Next to him, the puppet of the Fourth Stage was carrying a bundle on its back, and it was also hugging the wooden carving as it followed Xu Bai.

“Let’s go.”

Xu Bai didn’t stay any longer. After informing the Ye family’s head, he rode a fast horse and headed out into the wilderness. He walked very cleanly.

The Ye Family Head and Kong Xu stood at the door to see Xu Bai Ott. It was not until Xu Bai’s figure disappeared that the two of them looked at each other.

“We have to keep in touch in the future.”

“Of course, of course.”

The two of them complimented each other as they returned to the Ye family...

Xu Bai didn’t care about what the two of them were talking about. He had already arrived in the wilderness.

As he hurried, he pondered in his mind.

The trip to Wind Chime Manor was considered very fruitful.

Not only did he obtain the replenishment of his soul, but he also obtained the replenishment of his immortal body.

These two things were his flaws, but now he had made up for a large part of them.

The only regret was that the Indestructible Body still could not protect the divine soul. This was one of his regrets.

“If there’s a chance in the future, I’ll definitely put in a lot of effort in this area and make up for the flaw in the protection of the soul as soon as possible.”

His physical body’s recovery speed had already reached a terrifying level, but only his divine soul was lacking.

If he could replenish the recovery speed of his divine soul, he would be able to truly perfect this cultivation technique.

“However, there’s no hurry now. Let’s think about where to start next.”

Xu Bai now had three options on how to proceed to the next progress bar.

The first path was to continue with the Nameless Liver Saber Scripture. If he could finish this thing, it would definitely not be Rank One. After all, he had already fused many other skills.

The second path was the liver divination book. It was already clear that this divination book was at the level of the Second Stage. Although it was not a mental cultivation method and could not increase one’s strength, the skills of the Second Stage also had great benefits.

The third option was wood carving.

If it was before, he would temporarily rule out the wood carving. But now, after knowing that the wood carving was related to the female Abbey Dean, Xu Bai had an idea.

Could it be related to the skill, Shifting Stars?

To be honest, the mechanism of the skill, Shifting Stars, was especially perfect. It could be used to return the favor.

However, it had a serious flaw, which was that its grade was too low. At Xu Bai's current realm, the grade of Star Transposition could no longer satisfy his daily needs.

The skill itself had benefited from the female Abbey Dean and had been integrated with other skills to become what it was now.

The mechanism was so perfect that even the female Abbey Dean would have kidnapped him if she had seen him that day.

From this, it could be seen that if this skill could be upgraded, it would definitely be a powerful combat strength.

Thinking of this, Xu Bai had already prioritized the Nameless Saber Scripture and was finally entangled with the wood carving and the second-grade divination book.

After thinking for a long time, Xu Bai decided to carve the liver first.

There was no other reason. If the progress bar of the wood carving was really as he thought, it would definitely be a huge improvement for him. Although the second-grade fortune-telling book could provide him with excellent support, it was not as strong as the wood carving in terms of combat strength.

Even if he could calculate it, if he was not strong enough, everything would be for nothing.

Moreover, these two didn't come one after the other.

Putting the second -grade fortune-telling book at the back would only delay it slightly.

Thinking of this, Xu Bai's heart moved.

The puppet of the Fourth Stage that had been acting as a pawn in the front moved. It tied the wooden carving behind its back and rode on the horse while pointing the wooden carving at Xu Bai.

Xu Bai rode his horse behind him, staring at the wood carving as the progress bar slowly increased.

Time passed without him noticing. During this period of time, besides stopping at the Yin Posthouse for a while, Xu Bai had been rushing non-stop.

Unfortunately, he still could not find Ye Zi.

And now, he was getting closer and closer to his next target..

Fenghua State was ranked second in the capital.

As a province, this area was naturally incomparably large, and the number of prefecture roads under its jurisdiction was also as many as the hair on an ox.

At this moment, a woman with a veil on her face was walking slowly on the street with a fast horse in her hand.

Although the woman was covered with a veil, in the eyes of others, she could not hide her temperament.

It was stunning and eye-catching.

Ye Zi didn't know how to ride a horse. She fell down countless times along the way, but she eventually learned how to.

If she wanted to walk the path that Young Master walked, she had to let herself learn these things. Fortunately, she had talent in this area.

“Stay here for a while and then leave.” Ye Zi scanned the surrounding streets and thought to herself.

Ever since she found out that Xu Bai had disappeared and thought that Xu Bai was already dead, Ye Zi felt as if a knife had been twisted in her heart. She was filled with grief. That night, the entire night, she washed her face with tears.

In this world, Xu Bai truly treated him as a person, not as a commodity.

Especially when she thought of how Xu Bai protected her behind him in the wilderness, hugged her tightly, and used his back to withstand the endless attacks, the grief in Ye Zi’s heart deepened.

That night, she had wanted to follow Xu Bai countless times, but every time she had this thought, she would think of the things that Xu Bai hadn’t completed..

Chapter 447: Meeting Again in the Fenghua State

Therefore, after crying for an entire night, Ye Zi, who was soft on the inside but tough on the outside, finally made up her mind and decided to finish what Xu Bai had not finished.

That day, she came to the riverside and played a tune.

“Young Master is alone at the bottom of the river.”

Ye Zi had already made up her mind. As long as she completed this path, she would return to the Wind Chime Manor, return to the riverside, and throw herself into the river so that Xu Bai would not be so lonely.

“This is the only person in this world who treats her as a human. Then, after death, follow Young Master.”

Ye Zi led the horse as she walked while thinking.

Not long after, she arrived at the inn.

After booking a superior room, Ye Zi asked the waiter to bring the horse to feed it, then left the inn alone, planning to find a place to eat.

As she had been with Xu Bai for quite some time, Ye Zi also tended to go to some small stalls to eat.

After a simple meal, Ye Zi was not in a good mood. She returned to her room and stayed inside alone.

With Xu Bai gone, Ye Zi suddenly felt as if she had lost her direction in life.

She stayed in the room and did not go out. Time passed slowly.

In the blink of an eye, it was already late at night.

It was getting late, and she planned to rest and set off tomorrow morning.

She had planned to stay a little longer, but she realized that the longer she stayed, the more anxious she became. She wanted to finish this road as soon as possible so that she could return to the riverside and spend the rest of her life with Xu Bai.

After blowing out the oil lamp in front of her, Ye Zi lay on the bed and prepared to sleep.

Unexpectedly, just as she closed her eyes, she heard a voice.

Ye Zi suddenly turned over and stood up, coming to the corner of the wall.

The voice just now came from the corner. She heard it clearly, as if there was a conversation.

She didn't want to eavesdrop, but the content of the conversation just now made her eyes widen.

A soft sound came from the other side of the wall.

“Have you heard? Xu Bai is not dead. He has reappeared and is on his way here.” “Then we must continue with our plan. Inform our men to kill Xu Bai on the way here.”

“Are you crazy? Previously, many people tried to kill him on the road. Don’t you know what happened in the end? Do you still want to take this old path?”

“Then what should we do?”

“What else can we do? Let’s give up on this path for now.”

“Give up? You mean you won’t kill him? Don’t forget that if he enters the capital, he’ll be like a fish in the sea.”

“Hehe, there are countless people who want to kill him. I’ll take you to a place tomorrow and you’ll know.”

Voices came from the other side of the wall.

Ye Zi was stunned on the spot. There was only one sentence in her mind...

“Young Master is not dead...”

She had also figured out the identity of the person on the other side of the wall. He must be the one who assassinated Xu Bai.

None of this was important. What was important was that Young Master was not dead!

An emotion called joy reverberated in Ye Zi's heart. Ye Zi's ashen emotions were rekindled, and her dark eyes shone.

Ye Zi covered her mouth tightly, not allowing herself to make a sound. She quietly returned to the bed, but the joy in her heart was overwhelming.

Xu Bai was the bright light in her heart, lighting up her life that was originally in darkness. Now that this bright light had lit up again, Ye Zi could not describe her feelings at this moment.

Her tears kept flowing and she even forgot to wipe them away.

Young Master was not dead...

Ye Zi's tears wet her face. She only knew to repeat these words in her heart.

After a long while, the excitement gradually calmed down.

When she calmed down, she thought of something else.

"Young Master isn't dead. He will definitely take this path. I just need to wait here and I will definitely meet him again." Ye Zi thought to herself.

In her joy, she thought of what she had just heard.

"These people should be the ones who want to kill Young Master. They won't attack Young Master on the way. It seems like they want to wait until Young Master enters before attacking."

In her mind, the words she had just said kept replaying. Ye Zi was also thinking of countermeasures in her heart.

The person on the other side of the wall seemed to have no desire to talk anymore. Soon, there was no sound, and Ye Zi could not hear any other movements.

Just like that, the night passed.

The next morning, Ye Zi, who hadn't slept the entire night, got up early and went to the corner.

There was movement on the other side of the wall again. There was a sparse sound, as if someone was washing up.

After a while, the people inside left the inn.

Ye Zi stood where she was and thought for a while, but she still temporarily gave up on the plan to follow.

Although she had already entered Level Four, her combat ability was not strong. She was more inclined to support. She was not a stupid person. She should not follow him at this time to avoid causing trouble for Young Master.

“Everything...It's better to wait until Young Master arrives.”

With that thought in mind, Ye Zi left the house and arrived at the entrance of the Fenghua State.

She wanted to wait here. This was the only entrance from Fengling Manor to Fenghua State. She wanted to see Young Master as soon as he arrived.

People came and went around. Ye Zi found a tea stall and sat there, staring at the city gate.

There was an endless stream of commoners around. People came and went, and it was filled with prosperity and liveliness. Compared to the prefecture, the level of liveliness in the state was simply worlds apart..

Chapter 448: Meeting Again in the Fenghua State (5)

The tea ran out. Xu Bai didn't come, but an irrelevant person did.

"Miss, you're drinking tea here alone. It seems like you have something on your mind."

A young man dressed in silk and satin slowly sat opposite Ye Zi with a folding fan in his hand.

The young man was handsome. Coupled with the expensive clothes he was wearing, the folding fan in his hand looked expensive, and he had an extraordinary temperament.

Ye Zi took a sip of tea and put down the teacup. She glanced at the young man indifferently and did not say anything. She continued to drink the tea. She knew her own beauty, and she also knew the thoughts of these prodigals.

However, she didn't want to say a word now.

Compared to Young Master, the young man in front of her...Haha.

He couldn't even compare to a strand of hair on Young Master's head.

"Miss, what do you mean by this?" The young man was slightly stunned and then said, "I was just having a conversation with you. Why are you full of disdain for me?"

The young man's name was Jiang Tong, the eldest son of the Jiang family in Fenghua State.

The Jiang family was a family that specialized in the trade of silk. They had dealings with many large families.

The Jiang family's profession was martial arts.

That's right, a warrior.

It did sound strange for martial artists to trade in silk, but their talent in the business world was no match for them. They had managed to carve out a path for themselves in Fenghua State.

Today, Jiang Tong was strolling around when he suddenly saw a great beauty drinking tea here, so he rushed over in high spirits.

He thought that with his looks and family background, he could chat and get closer to her. He did not expect that this beauty would ignore him at all.

"In that case, I won't disturb you anymore." Jiang Tong cupped his hands and prepared to leave.

Not all the descendants of the aristocratic families in this world were good-for-nothings.

On the contrary, due to their family background and connections, they had received a good education since they were young and knew how to keep a low profile.

In Great Chu, the law was strict. Other than small places like Sheng County, the bigger the city, the more cultured the descendants of these families were. They also understood that there were always people better than them in this world. Usually, they would not offend them.

Ye Zi drank her tea and didn't care about this person. She just kept looking at the city gate, waiting for that figure to appear.

Jiang Tong took a few steps and was about to leave, but before he could go far, he heard a happy voice behind him.

"Young Master!"

There was joy in his voice, and a hint of sobbing. It was as if he had been wronged for a long time and finally saw someone he could vent to.

Jiang Tong's heart skipped a beat. In Fenghua State, there were quite a few people who called him Young Master. He subconsciously turned his head.

Immediately after, he saw the great beauty from before rush towards the city gate like a gust of wind and quickly jump into the arms of a young man.

There were still crystal clear tears on the beauty's face.

"This..."

Jiang Tong was stunned, and the corner of his mouth twitched.

The woman, who was as cold as ice a moment ago, was now as passionate as fire and even threw herself into a man's arms. This scene made Jiang Tong doubt himself.

He sized up the young man from head to toe. Then, he realized that the young man looked very familiar, as if he had seen him somewhere before.

In the next moment, Jiang Tong finally knew where he had seen it before. It was in a portrait.

His father, who was also the head of the Jiang family, had once shown this portrait to everyone in the Jiang family. The scene in the portrait was exactly the same as the young man in front of him. This was... Bloody Butcher Blade Guest!

Xu Bai!

Jiang Tong was shocked.

In fact, when Ye Zi threw herself into Xu Bai's arms passionately, Jiang Tong was still wondering how he had lost. Now that he looked at it, he felt that his loss was justified!

This was the Bloody Butcher. Now, it had spread like wildfire in the entire martial world. Everyone knew about the Bloody Butcher.

After Jiang Tong recovered from his shock, he suddenly thought of something.

His father had said that if he wanted to befriend this person, he had to show his sincerity.

Now, many families had such thoughts. Since that was the case, he had to take the initiative when he saw it first.

At this moment, Xu Bai hugged Ye Zi and patted her head.

These few days, he had been rushing and finally arrived. However, he did not expect that Ye Zi was already waiting for him at the city gate.

Presumably, the news that he was not dead must have spread like wildfire long ago. It was only right for Ye Zi to wait for him at the city gate.

He had originally planned to find a place to rest and finish carving. After all, he had been on the road for quite some time, and the progress bar for carving was not far off. However, he thought that it was not far from Fenghua State, so he might as well go there first.

I thought of it, I really thought of it, I really thought of it, I thought of it, I thought of it, I thought of it, I thought of it, I thought of it, I thought of it, I thought of it, “Young Master, it’s good that you’re fine.” Ye Zi choked.

She had thousands of words she wanted to say, but they were all gathered at the tip of her tongue.

Yes, it was good that he was fine.

Ye Zi only hoped that Xu Bai would be fine and did not care about anything else.

At the thought of this, she hugged him even tighter.

Xu Bai sighed and was about to say something.

To his surprise, he heard footsteps. He raised his head and looked in the direction of the footsteps.

“I’m Jiang Tong of the Fenghua Prefecture. Greetings, Bloody Butcher Saber Guest. “Jiang Tong cupped his hands.

In his opinion, if he could call out the other party’s title, he would definitely be able to gain the other party’s favor.

However, he did not expect Xu Bai’s face to darken..

Chapter 449: Stellar Transposition Upgrade (1)

“Impossible, it shouldn’t be!”

“I don’t think I’ve ever offended him. This is also the first time we’ve met.”

“Although I was suspected of hitting on him just now, I left after he ignored me. I didn’t cause any trouble!”

“But why is Lord Xu’s expression so ugly that his face has turned black?” He could tell that Xu Bai’s expression had turned ugly after he said that.

This was something that could be seen clearly with the naked eye. Even an ordinary person would be able to tell that Xu Bai was definitely in a bad mood.

But why?

Jiang Tong was very sure that this was the first time he had met Xu Bai, and he hadn't offended him or done anything unreasonable. However, Xu Bai seemed to dislike him very much.

"Let's go." Xu Bai ignored Jiang Tong. He held Ye Zi's hand and planned to leave.

Jiang Tong didn't know what mistake he had made. He gritted his teeth and braced himself. He walked a few steps and stood in the middle of Xu Bai. "Bloody Butcher, this is the first time we've met. I don't think I've offended you in any way, so why are you giving me that attitude?"

Some things, if not asked or said, could very well become misunderstandings. These descendants of large families had received a good education since childhood, so they naturally understood this basic principle. Even if Xu Bai did not like him, he should know the reason.

Can't he change it?

Thinking of this, Jiang Tong endured the immense pressure and did not take a step back.

When Xu Bai heard that title again, a faint killing intent rose from his body. He looked at Jiang Tong and said in an unfriendly tone, "I think that you are innocent because you don't know, but you can't do it more than three times. If I mention it again, you have to be careful of your head."

He wasn't a bad person, nor was he a good person. However, he wouldn't casually attack and kill the innocent.

He also knew that the other party had called him by that title unintentionally, so he naturally would not draw his sword immediately. However, he had mentioned the reason. If the other party still called him by that title, it would be deliberately provoking him.

However, even if he didn't draw his saber, his impression of the young man in front of him had already fallen by a large margin.

There was a saying called first impression, and there was another saying called first impression. The young man in front of him had called him by his title the first time they met, which directly affected Xu Bai's opinion of him.

When Jiang Tong heard this, he froze on the spot and did not react for a long time.

“So...Is that so?”

He finally understood that this powerful man in front of him did not like his title. This was extremely rare in the martial arts world.

In the martial world, other than those extremely evil titles, most people would not mind their own titles.

The word "title" wasn't given by him at all. It was a kind of recognition from the martial world. It could be said that whoever had a title would receive some recognition. Therefore, those who mingled in the martial world understood that this was a kind of recognition and honor.

However, the person in front of him, the favorite of the Emperor, did the opposite. He hated titles.

After Jiang Tong understood the reason, he was originally prepared to remedy the situation. However, he saw that Xu Bai was not interested at the moment and thought about the time when Xu Bai and Ye Zi met. He thought about it and decided not to disturb him for the time being.

The other party was currently in a bad mood. If he rashly disturbed him, he would only bring misfortune to himself.

It would be better to wait for a few days for the other party to cool down, then he would come to apologize. Moreover, he could also take advantage of this time to return to the family and communicate with the family.

What he had seen and heard today, perhaps the family had something better than him as an apology gift for compensation.

“It’s my fault for being presumptuous. I won’t disturb the two of you any longer.” Jiang Tong cupped his fists and said the words.

Xu Bai nodded his head slightly and agreed. Without saying a word, he pulled Ye Zi and walked into the city.

Jiang Tong stayed where he was until Xu Bai disappeared at the end of the street. He finally heaved a sigh of relief and fell to the ground weakly.

The pressure just now was very strong, especially the terrifying killing intent of the other party. It was a battle of blood and fire, not a pretense, so he was under a lot of pressure.

“No, I have to leave quickly and return to my family. I have to tell my family about this.” Jiang Tong thought to himself as he quickly left the street.

On the other side, Xu Bai was holding Ye Zi’s hand as they walked on the street.

After experiencing the reunion just now, Ye Zi was now abnormally excited. She was even skipping when she walked. Knowing that Xu Bai was not dead, other than happiness, there was only happiness left in her heart.

The two of them walked for a while before finally arriving at an inn. Ye Zi pointed at the inn and chattered, “Young Master, the room has been opened. It’s inside, I haven’t had time to check out.”

Xu Bai smiled and patted Ye Zi’s head.

Ye Zi led the way in front. The two of them entered the inn and found a superior room. Ye Zi then opened the door and let Xu Bai in.

The moment they entered the house, the door was closed by Ye Zi. Then, Ye Zi wrapped her arms around Xu Bai’s waist from behind and hugged him. Xu Bai could feel that Ye Zi was trembling slightly at this moment. Moreover, there were even sobs being emitted..

Chapter 450: Star Transposition Upgrade

“Young Master, I thought I would never see you again.”

“Alright, it’s fine. I’m fine.” Xu Bai held Ye Zi’s hand and smiled.

Ye Zi did not let go. She hugged him for a long time until she calmed down. Then, she let go and pulled Xu Bai to sit down. She stood behind Xu Bai and massaged his shoulders.

Xu Bai was already used to this scene. He closed his eyes and rested his head on Ye Zi’s chest, enjoying it quietly.

“Young Master, I encountered something last night.” Ye Zi thought of what happened last night and told him what happened.

Xu Bai laughed. “This group of useless chickens and dogs has really learned to be smart. They know that ambushing me on the road is just a waste of their lives. Now, they have learned to gather together and come to the finish line to deal with me.”

“Young Master, do you have a countermeasure?” Ye Zi tilted her head and asked curiously.

Xu Bai shook his head and said, “The enemy is in the dark and we are in the open. We don’t have a plan yet. But we have to wait a few days. Maybe we will have a solution after a few days.”

The other party did not make a move, and he could not find a solution, but it was not necessarily impossible. He was currently in the progress bar of the liver carving.

When the progress bar of the wood carving was full, he would go to the divination book. With the second-grade divination book and the tracing of the paper binding technique, he might be able to predict the enemy’s first move.

When Ye Zi heard this, she already knew that her Young Master definitely had a solution. She did not continue asking and continued to massage Xu Bai’s shoulders.

The puppet of the Fourth Stage was standing at the side, hugging the wooden carving, allowing Xu Bai to look at the progress bar of the wooden carving. The progress bar was slowly growing in his eyes.

It wasn't long before he reached perfection. Xu Bai didn't lack time. He just needed to wait slowly.

Time slowly passed.

This morning, Xu Bai woke up early and went out for breakfast with Ye Zi before returning to his room.

After returning to his room, Xu Bai rubbed his waist.

Last night, Ye Zi was fierce.

In the room, the puppet of the Fourth Stage was still holding the wooden carving. The golden progress bar in front of Xu Bai's eyes was just a sliver away from completion.

A few breaths later, the last progress bar was finally completed.

A light blue mist appeared in front of Xu Bai's eyes and condensed continuously. Finally, it condensed into a new line of text.

[You studied the wood carving and comprehended the Shifting Stars (Changed).]

Xu Bai was speechless.

He had thought that he had comprehended the female Abbey Dean's cultivation technique. He did not expect it to be a Shifting Stars technique with the word 'change' added at the end.

Change, change what?

Xu Bai's expression became a little strange. He seemed to have thought of something.

Not only had she secretly learned it, but she had also completely simulated it. Moreover, she had even made some changes on the basis of the simulation.

"The geniuses of this world are truly terrifying."

As a former genius, she was able to create a cultivation method that could accommodate all kinds of industries. Now, she could even improve the Star Transposition. The female Abbey Dean was indeed a proud son of heaven at that time.

Xu Bai couldn't help but feel a little impressed.

However, despite his admiration, he really wanted to know what new effects would be produced after the fusion of the skills.

Soon, the light blue smoke disappeared and was replaced by new light blue smoke. It gradually gathered in the air and turned into new words. [Fusion option found. Fusion in progress.]

[Shifting Stars + Shifting Stars (Changed): Transposition.]

[Fusion successful!]

Xu Bai was speechless.

He looked at the wooden carving. Alright, it was indeed a piece of wood. It was a rather appropriate name. The latest panel appeared.

[Name: Xu Bai]

Realm: Third-stage unspecialized."

“Five Sword Moves (Level 7): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Song (Level 7-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.]

[Breaking through rank four (level 6): Maximum level.]

[Transposition (Level 8): Maximum level.] [Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Clever Puppet Technique (Level 6): Maximum level.] [Indestructible Body (Incomplete)(Level 6): [Maximum level.] [Water Aptitude Technique (Level 5): Maximum level.]

” Comprehension: Maximum level.”

F * cid

Even with Xu Bai’s current temperament, he could not help but curse.

He wasn’t very cultured and couldn’t think of many adjectives. Whether it was joy, anger, sorrow, or joy, he could only use the word ‘f * ck’ to describe it.

After all, the word ‘f * ck’ could represent most emotions. It was simple and straightforward, common and understandable.

Tier 8!

A true eighth-rank skill was equivalent to a second-grade skill!

How fierce!

As expected of the female Abbey Dean!

Xu Bai looked at this skill and even had an idea in his mind.

Wasn't the female Abbey Dean still carving his appearance? If he could stay there, wouldn't he be able to take advantage of her?

This idea was feasible, but Xu Bai couldn't find a way for now. He couldn't run to the streets and shout, right?

Besides, the female Abbey Dean could stay awake for a short time now, but if she went crazy, wouldn't he be unable to withstand it?

"Sigh, what a pity."

If the female Abbey Dean could reach this level with just one wood carving, she would really be rich if she learned his skill and carved a few more.

At this moment, the light blue smoke turned into streams of information and entered his mind..
