

## Unparalleled 521

### Chapter 521: He's Bad

Perhaps the memories of his previous life were still affecting him, or perhaps his principles were affecting him. In short, when he saw such a vulnerable person who had been hurt, he could not muster up any killing intent.

The two hands came closer and gradually held each other. Xu Bai looked at the woman. Although the woman's eyes were empty, the corners of her mouth curled up as if she was smiling.

"Follow me to take a look." Xu Bai pulled the woman and slowly walked outside.

Ye Zi and the others followed behind and arrived at the courtyard.

The corpse was still lying on the ground in the courtyard. At this moment, due to the weather, it did not stiffen quickly.

Xu Bai pointed at the corpse on the ground and asked, "Can you see anything?"

He knew that the woman in front of him had gone crazy, but he still wanted to give it a try. After all, the only difference now was the addition of this woman.

Therefore, he tried to keep his question as simple as possible. It would be best if the other party could understand him.

There was nothing wrong with trying. If it didn't work, then forget it. If it worked, then it was a profit.

The woman continued to tilt her head and stare at the corpse in front of her, as if she was thinking about something.

She had been standing behind Xu Bai and did not walk up to him.

Xu Bai was very patient as he carried her. If he could find some clues, he would be even more patient.

The woman didn't say anything. She just looked at the corpse on the ground. It seemed that she was a little annoyed. She suddenly raised her hand and waved it gently.

This action seemed simple, but when she used it, the corpse on the ground moved.

In front of everyone, the corpse without a heart suddenly twitched as if it was not completely dead.

The corpse's eyes were tightly shut, and its mouth was wide open, maintaining its appearance before death.

However, it was twitching for no reason. It gave people an extremely strange feeling.

In the next moment, the corpse suddenly turned its hands around and propped itself on the ground. Under the force, it actually changed from a lying position to a standing position.

Other than the tightly shut eyes, the gaping mouth, and the bloody hole in his chest, which brought about a bloody visual experience, he looked like a person.

The woman let go of Xu Bai's hand. Then, she ran to the crushed heart and picked it up bit by bit.

At this moment, the woman's empty eyes finally changed. She seemed to have regained some spirit. Her expression became especially sacred. Not only sacred, but Xu Bai also saw a trace of other emotions.

– Respect.

That's right, it was reverence. This reverence was produced by the corpse in front of him.

"Corpse collectors believe that no matter what the dead were like when they were alive, they are still a corpse after death. They maintain sufficient respect for corpses." Ye Zi said softly, "This is also the reason why the righteous and evil paths will not disturb them, because they are very..." Very..."

After a long time, Ye Zi could not find an adjective to describe the scene at this moment.

"Pure." Xu Bai looked at the solemn and respectful expression on the woman's face. He did not disturb her from sorting out her broken heart and said, "It's just to give the corpse a burial."

Ye Zi nodded her head vigorously, as if Xu Bai's words had hit the bottom of her heart.

Even though the woman had gone crazy, she still did not forget her responsibility. The bloody heart in her hand was no longer terrifying. It was actually gradually pieced together.

There were no threads or needles, but the corpse collectors had their own unique methods. The broken heart did not need to be stitched up, and it actually glued itself together, including some broken flesh and blood.

The woman held the heart as if she was holding a sacred object and slowly put it into the corpse's chest.

Even the broken pieces of flesh and blood were carefully tidied up by her.

Then, the woman suddenly covered her head and let out a tragic cry.

Xu Bai was stunned. This scene was beyond his understanding.

He tried to circulate his True Core Strength. After carefully sensing it, his expression changed drastically. "Not good, she's recovering her memory!"

A woman who had messed up her soul was recovering. Anyone who heard this would be surprised.

Xu Bai couldn't explain it. It was just like how some people who had been in a coma for many years would wake up.

"Maybe it's because I rearranged a corpse." he thought.

But now was not the time to recover.

The reason why Xu Bai couldn't be sure was because once he recovered, the pain would be overwhelming.

This was not physical pain, but mental torture.

What did a woman care about the most? Needless to say.

Now, could a woman withstand such a blow?

Xu Bai wanted to stop him, but he stopped in the end.

"Perhaps this is her own idea. In any case, I have no right to interfere with her recovery of her memories."

The woman's screams came one after another. She hugged her head and rolled on the ground. Her soul was recovering bit by bit. Xu Bai was proficient in this. Although his level was not high, he knew that this was a miracle.

It was like the miracle of a vegetative person regaining consciousness in his previous life.

After about the time it takes for an incense stick to burn, the woman looked up at the sky with endless pain in her eyes.

She didn't scream, but the pain in her eyes didn't decrease at all.

Xu Bai thought for a moment, then slowly walked over and extended his hand to the woman.

The woman turned her gaze, and tears flowed down her scarred face. In the end, she reached out her hand and held Xu Bai's hand. She struggled to get up from the ground.

The next moment, the woman leaned on Xu Bai's shoulder and cried loudly..

Chapter 522: He Is Bad

Her tears fell silently, and she cried so loudly that the entire courtyard could hear her.

Some bailiffs walked in from outside, but they were stopped by a look from the Ying Prefecture Magistrate and quickly retreated.

Xu Bai held the woman's shoulder and said nothing.

She could still cry, proving that she didn't have the will to die. He was just thinking about whether he should stop the woman if she wanted to commit suicide, but now it seemed that he was overthinking it.

This woman was stronger than he had imagined. Crying was just a way to vent.

Gradually, the crying became softer.

The woman released her hand and raised her head. Her eyes were slightly spirited.

"They are all dead. I killed them." Xu Bai had never been in such a situation

before, so he didn't know how to speak. He could only follow his pattern and say, ""That old man, you personally killed him."

"Thank you." The woman nodded. Although her expression was gloomy, her tone was very calm.

Although Xu Bai had never encountered such a situation before, he was not a person with a bump in his head. It was impossible for him to ask something he should not have asked at this time.

For example, are you okay? Or have you already gotten over it? These words are just poking at people's scars.

He didn't say anything, and the others didn't say anything either, because there was really nothing much to say now. Everyone knew that the suffering that this woman had suffered could be said to be earth-shattering.

If it was any other person, they might not be able to withstand it, let alone this corpse collector.

The woman seemed to know what everyone was thinking and said, "I've seen them all. You helped me kill them. Thank you. I also know what you're looking for. Although I'm crazy, I can remember everything that happened after I met you.

"You're very strange. Your background makes me feel afraid, but it also makes me feel at ease. Even with my soul in chaos, I was still awake at that time."

It was just that I lacked an opportunity at that time. This opportunity was the time for me to pick up my skills as a corpse collector again. Now, the opportunity had been achieved."

His words were filled with language that no one could understand, but in summary, it was a simple expression.

She was able to wake up entirely because of Xu Bai. When she came into contact with Xu Bai, she was already awake. She could see what happened after that. She was just missing an opportunity, and the opportunity was now.

As for why these things happened and why there was such an opportunity, even this woman could not explain it, let alone others.

Xu Bai was speechless.

Even these professionals couldn't understand, so how could he?

All in all, it should be Little Gold's credit.

The woman gave a simple explanation and changed the topic."I was arranged to stay in the house by you. When I heard the commotion, I found that man coming over to take the book. I took a look outside. The man looked at me and was very afraid, so he ran out."

When Xu Bai heard this, he calculated in his heart and already had a reason.

The dead man should be from the Gu God Sect. Combined with the previous fight with Miao Zheng, the person who collected the corpse seemed to be from the Gu God Sect.

From the looks of it, it was very normal.

"In other words, you know which book he took?" Xu Bai asked.

The woman nodded vigorously and said,"I know. That book is called Lingyun State Poetry Collection."

"Poetry collection?" Xu Bai repeated.

In this day and age, all scholars were definitely well-educated. There would be many scholars born in every place. They loved to recite poems, so it was normal for them to have poetry collections.

"I remember now. This collection of poems is a specialty of Lingyun State. When the previous person left, he didn't take it with him, right?"The governor of the Ying Prefecture said.

Xu Bai felt that something was wrong and secretly glanced at the Ying Prefecture Token.

However, now that he had a clue, he just had to look for it. The poetry collection was a specialty of Lingyun Zhou. If that was the case, he should be able to find it anywhere here. However, he did not know if it was any different from the destroyed ones.

"I'll immediately send someone to find a collection of poems. "The governor of the Ying Prefecture said-

Xu Bai shook his head and said," There's no need for you to find it. If there are still people from the Gu God Sect who want to cause trouble, you will be a great help. Wu Hua, go and find one.""

No Flower was slightly stunned, but he quickly reacted. After secretly exchanging glances with Xu Bai, he agreed and went out.

A moment later, Wu Hua returned with a thick book in his hand. He handed it to Xu Bai and said that he could buy it anywhere in Lingyun State.

Xu Bai picked up the book and casually flipped through it. It was full of poems and songs, but he felt a headache and couldn't see anything.

"If there is something about scholars that needs to be solved, I have some ways. Why don't you let me study it?"The governor of the Ying Prefecture said.

Xu Bai nodded and said," This thing is indeed a headache for me. After Lord

Ying has researched it, let me know.""

The Ying Prefecture Token hummed and was about to agree when he suddenly reacted and asked, "Lord Xu, are you not coming?"

Xu Bai turned his head and said, "No, I really can't take it in. Just let me know when Lord Ying has finished his research. ""

"Alright then."

Seeing that Xu Bai was determined, the Ying Prefecture Token did not force him.

Since there was nothing to do for the time being, he left the matter to the Ying Prefecture Magistrate. Xu Bai and the others returned to their respective rooms.

After the woman returned to normal, she did not stop..

Chapter 523: He's Bad

But in the back room before, there was no flower and Miao Xiao, but in the back room, there was Xu Bai.

Ye Zi still felt a little puzzled and did not understand.

However, seeing that his young master didn't say anything, he naturally didn't ask further.

"Almsgiver Xu, be careful that the walls have ears." No Flower said softly, handing over a collection of poems. Bought two poetry collections?

The walls have ears?

Seeing this scene, Ye Zi finally understood what they were up to.

It was obvious that he was worried about the Ying Prefecture Token.

Only Miao Xiao was dumbfounded...

Who am I?

Where am I?

Why are these two people acting so mysterious?

Xu Bai ignored Miao Xiao's expression and walked to the table. He poured the tea on the table and started writing slowly.

"I felt that something was wrong just now. Even if he was busy with work and didn't have time to read, a scholar would definitely pay attention to the poetry collection. In the end, he didn't notice that the poetry collection was gone."

"This made me suspicious. Later, I remembered what happened today. There were clearly so many people who were poisoned, but he didn't tell us and ran out to check first."

"Can I suspect that he's attald to stay here .It something happens and I tell nim not to move, no one will be able to steal the book."

A series of words were written on the table by Xu Bai. When everyone saw it clearly, he waved his sleeve and scattered the water in front of him.

Ye Zi dipped her hands in the water and wrote,"In Young Master's opinion, we should also study it and see if we can figure it out.""

Xu Bai shook his head and continued writing, "No, I don't have the time to look for clues. I just want to find an item that can calculate things."

He was not a puzzle-solving person, let alone a scholar. How could he find clues so easily?

However, this did not matter. He had skills.

A golden light appeared on Xu Bai's finger.

In the next moment, a golden compass appeared in the air. With Xu Bai's guidance, it began to calculate with the collection of poems in front of it.

The needle began to spin wildly, proving that there was indeed a relationship, but the frequency of its rotation was not high, and it did not stabilize for a long time.

After a while, Xu Bai stopped calculating because there were too few clues and he couldn't figure it out.

Actually, it was very simple. After all, this collection of poems was casually bought. It was already very rare to be able to calculate the relationship.

However, it didn't matter. Xu Bai calculated again. This time, he used the Ying Prefecture Token as a guide.

The needle spun once more and finally stopped after a long time. The direction it was pointing to was the direction of the Ying Province Token's room.

This was his idea. He would first use the poetry collection to see if he could figure it out. It would be best if he could.

If he couldn't figure it out, he would use the second method.

Now, it seemed that he really could not calculate it.

Then, he would use the second method to directly calculate the Ying Prefecture Token.

And the result was very obvious. He had calculated that it was indeed related to the Ying Province Token.

No Flower observed from the side and also saw the signs. He dipped some water in it and wrote on the table: "Let's beat him at his own game and see what kind of plan he can come up with."

The corner of Xu Bails mouth curled up as he wrote, "What plan? Just go and kill him!"

What kind of joke was this? How could they beat him at his own game in this situation?

The other party had only two answers. The first was that they had not developed it, and everything was left unsettled.

The second was to give them the wrong direction. The direction was wrong to begin with. No matter how he beat them at their own game, it would be wrong.

If he knew that something was wrong with the other party, he would just go and catch them directly. There was no need for a reason at all.

However, this person was still a state token, so they had to deal with him as quickly as possible.

Thinking of this, Xu Bai called them over and distributed their tasks.

Miao Xiao was the most confused, but when he heard that there was a mission for him, he came over excitedly.

On the other side, the Ying Prefecture's Ling was ashen. He sat on a chair and looked at the collection of poems in front of him.

"Bastards, these people are really bastards, they actually dared to attack those commoners! ""

"They even said that they wanted me to help them. I've already helped them to this extent, but these people almost died."

"But what should I do next?"

"Those bastards from the Gu God Sect are actually so crazy. It's a pity. If I wasn't worried that Xu Bai would find clues, I could still continue to study that book."

The Ying Prefecture Token roared in his heart and only calmed down after a while.

He looked at the collection of poems in his hand and heaved a sigh of relief.

"Fortunately, other than my oldest collection of poems, I couldn't find any clues. I just needed to casually lie and say that I didn't research it."

"But I still have to be careful. Xu Bai is not to be trifled with."

Thinking of this, the Ying Prefecture's Magistrate pondered what excuse he should use tomorrow.

At this moment, a knock on the door interrupted his thoughts.

"Who is it?" The Ying Prefecture Magistrate put down the book in his hand.

Xu Bai's voice came from outside the door.

“Lord Ying, I have discovered something here. Quickly open the door. We might be leaving tomorrow.”

Yingzhou Ling Yi was stunned to discover that he had been granted a great deal of space?

Impossible!

How could he have discovered anything?

He didn't know what was going on, but he still walked forward and opened the door.

“Lord Xu, please come in.”

Xu Bai smiled and walked in.

Ye Zi and the others followed behind and entered the house.

The Governor of the Ying Prefecture closed the door and turned around to speak. However, a black knife came at him..

Chapter 524: Battle in the Canyon (1)

This slash was extremely fast and did not shatter. In the blink of an eye, it had already arrived in front of the Ying Prefecture Token.

Not only that, the moment Xu Bai attacked, No Flower did not hide anything. He quickly attacked, and his fist covered in a layer of light landed in front of the Ying Prefecture Token, sealing the other side of the token.

“Weng...”

The sound of flapping wings could be heard as Miao Xiao released a bunch of Gu worms, blocking the gap between the two's attacks.

In less than a few breaths, the Ying Province Token was already trapped and could not move at all. If it moved even a little, it would face a storm-like attack.

Ye Zi did not make a move, but she was ready to flick the light in her hand at any time.

As long as the Ying Prefecture Token dared to resist, she would immediately interfere with the Ying Prefecture Token's soul.

Cold sweat trickled down the forehead of the Ying Prefecture Token. His face turned extremely pale, but he still forced himself to appear calm and spoke tentatively.

"Lord Xu, what do you mean by this? Do you want to murder an official of the Imperial Court? I don't remember offending you in any way."

There was no flaw in his words. It sounded ordinary, and there was even a hint of questioning in his calm tone.

This feeling was similar to the anger one would show after being controlled for no reason.

"Your acting skills are pretty good." Xu Bai smiled and said, "You know what I'm talking about. What's the meaning? It's better to say it earlier.""

Governor Ying blinked, and the beard on his chin trembled slightly. "What acting skills? And what do you want me to say? I've told you all I know!" "Lord Ying, are you still going to play dumb?" Wu Hua said.

Although they did not have any evidence, No Flower absolutely trusted Xu Bai.

At least for now, every decision Xu Bai made was not wrong. Moreover, the Feng Shui Sutra pointed to this direction, so there could not be any accidents.

“I really don’t know what you’re talking about. Do you know that what you’re doing now is murdering an official of the imperial court? No matter what your identity is, it’s against the laws of Great Chu. “When the Ying Prefecture Token heard what No Flower said, he heaved a sigh of relief and his tone became tough.

This group of people attacked him for no reason, so he did not dare to resist, but he did not immediately produce evidence to prove it.

This meant that these guys had no evidence. Everything was just their guess.

Since there was no evidence, he was not afraid.

Governor Ying felt that he still lacked vigilance. Perhaps it was because he had been in this position for too long.

He was a Level Two expert. If he had been vigilant just now, he would not have been restrained in an instant.

The other party had calculated with his heart, and he really did not react in time.

Because you think we don’t have any evidence, so you’ve become stubborn,” Xu Bai said with a smile.” Do you really think I can’t pry anything out of your mouth without evidence?””

“What exactly do you mean?” The Governor of the Ying Province was still playing dumb. I don’t have any problems at all. What evidence do you need?”

What a joke. He would die if he said it, but he could still live if he didn’t. Even if he cut off all his limbs, as long as he didn’t say it, he wouldn’t have any evidence. At that time, Xu Bai would have to die with him.

Xu Bai didn't waste any more time talking to him. He flicked the blade hard and produced a melodious tune.

In the next moment, the Ying Prefecture Token was completely unharmed as it stared blankly at Xu Bai.

"Useless?" Xu Bai frowned.'

Governor Ying smiled and said," Lord Xu, I think you're overthinking things. I know divine soul techniques. I'm so many years older than you, so I'm already at Double Second Stage.'"

Xu Bai was speechless.

Good heavens, although the Ying Prefecture Token was old, he could reach the Second Stage in both dual cultivation. This proved that his talent was not low.

If he only cultivated one, he would probably have reached the Extraordinary Realm.

However...

Since this fellow had a cultivation technique that supported the soul, he probably had a secret and did not want this kind of person to know.

And it was a big secret. Otherwise, why would he do such a self-harming thing?

"No Flower." Xu Bai suddenly said, "Do you guys have a way to deal with such stubborn people?"'

Xu Bai could tell from this guy's performance that even if he was tortured, the Ying Prefecture Token would not say anything.

But it didn't matter. He wasn't fighting alone now. No Flower had been in the

Sky Inspectorate for so long, so he should have some way to force a confession. No Flower thought that Xu Bai had something important to say. When he heard

that he wanted to torture him, he was slightly stunned. Then, he answered honestly, "In the Heaven Inspectorate, there's a department that specializes in extorting confessions by torture. I'm not very good at it, but I can write a letter to the higher-ups and ask them to send someone over. After all, our current situation here is a little complicated."

"As for whether we can pry open his mouth, I've never heard of anyone who entered the Sky Inspectorate alive not talking."

"To use a phrase that Almsgiver Xu often says, it's called professionalism."

Xu Bai smiled.

Professional?

Very good.

He wanted a professional now.

When Ying Zhouling heard what Wu Hua said, his eyes bulged, and his face revealed an obvious expression of fear.

Everyone knew that the people in the Heaven Inspectorate had many tricks up their sleeves. No one who went in would not tell the truth. Even if a tough guy went in, he would become a weakling when he came out.

No Flower continued, "But if we want to call someone over, it will take a long time. I'm afraid something will happen..""

Chapter 525: Battle in the Canyon (2)

The Ying Prefecture Magistrate heaved a sigh of relief.

It would take a long time in the middle, so he could delay it for a long time. Perhaps he would have a solution during this period of time.

Wu Hua continued, "But it doesn't matter. When I came out, I had already considered these things, so I specially asked for a bottle of pills from the person in charge of interrogating him. As long as he eats it, he will confess everything."

"I heard that as long as one is below the mortal realm, no one can withstand it."

The Ying Prefecture Magistrate's expression changed again and became even paler.

In just a short while, his expression changed again and again.

There were too many ups and downs in life, and he couldn't handle it at his age.

No Flower took out a bottle of medicine and handed it to Xu Bai.

Xu Bai smiled and opened the cork. He poured out one pill and prepared to let the Ying Prefecture Token take it.

"Xu Bai, let me remind you," the Ying Prefecture's Token shouted. "You are abusing the authority of an official of the imperial court. I must report this to His Majesty."

"I've already put a knife on your neck. Do you still care about this?" Xu Bai said with a smile.

A medicinal pill streaked across the sky and fell into the Ying Prefecture Token's mouth.

In the next moment, the Ying Prefecture's Token suddenly clutched his neck and broke out in a cold sweat. His eyes gradually became unfocused.

"Almsgiver Xu, within two hours, you only need to ask him to answer." No Flower extended his hand.

Xu Bai put away the bottle and gave No Flower a high five.

I'm here to get the medicine back. What do you mean by high-fiving me?

Xu Bai said, "Brother Wu Hua is really generous. You even give me bottles of medicine."

No Flower was speechless.

I didn't say that I would give them one bottle at a time!

Looking at Xu Bai's expression, he knew that his bottle of medicine was gone.

After all...This was not the first time Xu Bai had done this.

Forget it, forget it. At most, he would just say that he had used it up.

No Flower sighed again.

Xu Bai looked at the Ying Prefecture Token, whose eyes were unfocused, and asked, "Tell me what you know."

The Ying Prefecture Token was already under the effects of the medicine. After hearing Xu Bai's question, it quickly revealed the matter.

“The Gu God Sect wants to kill you. Not only that, but they also want to throw a large area of your territory into the human market.” The Humanoid Bizarre Market?

Xu Bai was stunned for a moment before he reacted.

It wasn't the first time he had heard of this name. After all the living beings in this world died, they could turn into strange beings.

After a demon died, it would turn into a strange creature and have a very small chance of entering the Bizarre Demon Market.

The strangeness of a person after death was when they entered the market.

Of course, the chances of that happening were extremely small.

If it wasn't for the strangeness, one would have lost their soul and become an idiot after entering those two places. On the contrary, those who entered the human world from those two places would also become an idiot. This was the reason why there was strangeness and no rationality left.

Xu Bai had been to the Bizarre Demon City before, and under the protection of the golden finger, he had not lost his soul. He had even fought with the city lord of that area and killed him.

After the Strange Ones died, they would enter those two places. They would have a long life and would never be able to increase their strength. They would be as strong as they were before they died.

“I knew it. It's impossible for them to descend here. Otherwise, the entire Bizarre City would probably become idiots.” Xu Bai thought to himself.

According to what the Yingzhou Token had meant just now, it wanted to drag him and the area around him into the Human-Bizarre Market.

As for how to delay it, he suspected that it had something to do with him having already become a mark. And the mark was that he had once been to the Bizarre Demon City. At that time, when he was in the Wind Chimes Manor, he probably had a mark.

“What is the use of that book?” Xu Bai continued to ask.

“In the past, the Fey planned to kill the human geniuses and set up the Five Elements Fey Altar Array.”

“Although it was destroyed later on, the Li Fire Altar still exists in the Lingyun State. The location of the Li Fire Altar is hidden in that ancient collection of poems.”

“I’m a scholar and I’m good at finding these things, so I was arranged by them to find the location. So far, I’ve arrived, but there’s still a part that I haven’t studied thoroughly.”

“That is how to make everyone die there, including the Gu God Sect.”

Xu Bai raised his eyebrows.

When he was in Wind Chime Manor, it was the remains of the Water Dividing

Altar. He even used the remains to comprehend the Water Assimilation Technique. He did not expect that there would be another remains in Lingyun

State.

He felt that he was infinitely close to the truth and continued to ask.

“Where is the Li Fire Altar? Why did you want them all to be wiped out?”

When the Ying Prefecture Token heard this, a look of disgust appeared in his eyes.

“That location is...In the Shattered Cloud Valley, twenty miles north of Lingyun State.”

“As for why...They have something on me. Not long after I took office, I once got drunk and took a girl... Killed.”

“I don’t want to continue being threatened by them. I’ll let them all die. That way, I’ll be the Prefecture Token of this place again.”

‘What a pity, I didn’t find it.’

At this point, the Ying Prefecture Token didn’t say anything else, as if he had already finished speaking.

Xu Bai asked again, but the Ying Prefecture Token only shook his head, indicating that he didn’t know anything else.

As for what the Ying Prefecture Token had done, Xu Bai’s current tolerance was already very strong. After all, after experiencing the incident with the corpse collector, it was impossible for him not to be strong..

Chapter 526: Battle in the Canyon (3)

“Can we just kill him?” Xu Bai asked.

No Flower nodded and said, “Yes. ””

“Oh?” ” Just because we heard what he said,” Xu Bai was surprised.” We can kill him without any concrete evidence?””

Wu Hua put his palms together and said, " Lord Xu, there are many capable people in the Heaven Inspectorate. Some of them are very proficient in karma. Things like karma are very mysterious. If I know about it, they will be able to figure it out."

"I see." Xu Bai nodded and pointed at the Ying Prefecture Token, saying, "Wake him up."

Wu Hua nodded. He raised his right hand and slapped the Ying Prefecture Ling's face.

This method of removing the effects of the medicine was truly unique.

Accompanied by a crisp sound, the Governor of the Ying Province woke up and finally realized what he had done. His face became extremely pale, and cold sweat poured down his forehead. His legs went weak, and he directly sat on the ground.

He wanted to speak, but before he could, a bright saber light suddenly lit up.

Governor Ying felt a pain in his neck. After touching it with his hand, he realized that his hand was covered in blood. Then, he turned his gaze...

A head fell to the ground, and blood dyed the ground red.

Since No Flower said that he could kill him, then he would just kill him.

The people present didn't feel that there was anything wrong and didn't care. "Let's go and take a look at the Shattered Cloud Valley." Xu Bai sheathed his saber.

What should come would always come.

Since he already knew the other party's goal, he would go and see what the other party wanted to do.

There were some things that the other party would not do just because you delayed. On the contrary, the more you delayed, the greater the danger.

Without any hesitation, they followed Xu Bai and headed toward the Shattered Cloud Valley.

However, before they could walk out, a woman blocked them.

The woman had already changed her clothes, but the scars on her face were still obvious. She was the woman from the corpse collector lineage.

“I want to go with you.”

There was a trace of timidity in his voice.

Xu Bai was taken aback.” Don’t worry about the killing of the Regional Magistrate. You just need to explain. Before the Heaven Inspectorate arrives, the people from the Regional Office won’t dare to do anything to you.””

The woman shook her head and said in a low voice,“”You said before that our line of work can deal with them. Maybe I... If I can help you, if you can help me take revenge, I hope to repay you.”

As she spoke, she seemed to recall the past. She subconsciously raised her hand and touched the scar on her face. There was still pain in the depths of her eyes that she could not hide.

No matter how hard she tried to hide it, she had experienced that kind of thing, so it would not be easy for her to turn around.

Xu Bai fell silent.

The woman continued, “Don’t worry. I won’t be a burden to you. I...”

“Alright.” “But I can’t guarantee your safety. You have to understand this.” Xu Bai interrupted the woman.”

Corpse collectors countered the Gu God Sect. After all, the Gu God Sect raised Gu using corpses.

However, no one here knew how to restrain it, including this woman.

Xu Bai felt that if he wore it, it might have a miraculous effect.

However, he had always been a person who put the ugly words in front of him, so he made it clear first. It might not guarantee his safety. As for whether to go or not, it was up to this woman to decide.

“I know, I know...” The woman nodded vigorously.

“Then let’s go.”

Time waits for no one. Xu Bai took the lead and walked in the front. Everyone followed behind him and directly left the Lingyun State, heading in the direction of the Shattered Cloud Valley.

The Shattered Cloud Valley was a canyon twenty miles north of Lingyun State. This canyon got its name because it looked like a cloud that had been split open. From the outside, it looked very spectacular.

However, in this era, no matter how spectacular a place was, it was remote and no one visited it. Therefore, this place seemed to be deserted. Other than some wild beasts and birds, very few people came here.

When Xu Bai and the others arrived, everything was normal.

There were mountains on both sides, and a huge depression in the middle formed the characteristics of the Shattered Cloud Valley. The depression was densely forested and looked lively. The mountains on both sides were also covered with all kinds of plants.

Standing at the entrance of the Shattered Cloud Valley, Xu Bai looked at the tall canyon in front of him and narrowed his eyes slightly.

From the outside, there was nothing unusual about this place. Instead, it looked like a beautiful place.

“Shall we go in and take a look?” No Flower asked.

Xu Bai nodded.”

Since he was here, he had to be careful.

Xu Bai walked at the front, with No Flower in the middle, Ye Zi and Miao Xiao at the back, and the woman standing beside Xu Bai.

Xu Bai had learned the woman’s name after a brief conversation on the way here.

– Ting Chen.

“Do you feel anything different?” Xu Bai asked Chen Ting about the & Ting Chen shook her head blankly.” I don’t have any other feelings. I just feel very flustered.”

Panic?

Xu Bai didn’t ask further, because Ting Chen didn’t know the reason either. He took the lead and stepped into the canyon first.

After entering, a gust of wind blew, and the temperature seemed to drop a little.

Xu Bai looked around. Everything was normal except for the temperature.

There was usually only one path in a canyon like this, and everyone followed the path in front of them.

After walking for about an hour, an abnormality appeared.

Xu Bai had thought that there would be at least some small monsters. Just like in games, he would clear the small monsters first, then the big monsters at the end, and finally the boss..

Chapter 527: Battle in the Canyon (4)

But he didn't expect the abnormal meeting to come so quickly. A burning smell wafted from the surroundings. Then, with the cold wind blowing, it reached Xu Bai's position.

A flame suddenly appeared. At first, the flame was very small, like a candle. But soon, as the cold wind blew, the flame suddenly grew larger, and the surroundings became a sea of fire.

The fire relied on the wind. Where there was wind, the flames spread very quickly. However, it seemed that no one was panicking.

There was no trace of the Gu God Sect, but these flames in front of him were definitely related to the Gu God Sect.

The flames came and went quickly.

After appearing for about half an incense's time, it disappeared without a trace as if it had been extinguished by water. Other than the charred marks, there was nothing else.

"Flame, what are they trying to do?" Xu Bai thought to himself. At the same time, he urged his divine soul to sense the situation around him.

Someone was there!

Under the sensing of his divine soul, he sensed that someone was lurking around.

Not only were there people, but there were also many of them. There were at least a few hundred of them, surrounding them in the middle. However, because they were hidden very deeply, they did not reveal their figures.

However, all of this appeared unusually crude under Xu Bai's divine soul, and he could not hide it at all.

The other party seemed to know that it was impossible to hide, so after a while, people dressed strangely appeared around the canyon.

“Gu God Sect!” Miao Xiao’s Miao Sect and the Gu God Sect had been fighting each other for so long, so they were very clear about this.

Therefore, at first glance, he already knew the identity of this group of people. “Yuan likes to be straightforward, very good.” Xu Bai said with a smile.

He thought that the other party wanted to beat around the bush with him. After all, he had seen a lot along the way, and they all used roundabout methods to deal with him.

He did not expect the other party to appear right after entering the canyon.

There was no communication or conversation.

This group of people from the Gu God Sect raised their hands together. In the next moment, countless Gu worms flew out of their bodies, covering the sky and the sun, making people tremble in fear.

The number of Gu worms this time was more than the number that Miao Zheng had released back then. It was hundreds of times more. Even in this wide area, every Gu worm was close to each other.

“You want to use numbers to deal with me?” Xu Bai said.

To tell the truth, the number was really a lot. A casual glance was hundreds of Gu worms, and this was just a casual glance.

Even Xu Bai felt his scalp go numb. After all, there were too many of them.

“But... Whether he could fight or not, he would only know after he fought. “Xu Bai pulled out the black saber Hundred Rend from his waist.

A melodious tune sounded, and Ye Zi had already started playing.

Waves of light rose from No Flower’s body and covered his entire body.

On the other side, Miao Xiao also banished his Gu worms, one of which was the golden thread Gu.

Ting Chen did not move. She had no body and could not fight. However, she thought of something and frowned as if she was recalling something.

The Gu worm moved.

Countless Gu worms flew over from all directions, covering the sky and the sun. The sun in the sky was blocked, and no light could be seen.

Xu Bai took a step forward, the black blade Hundred Rend suddenly shattered, countless fragments floated in the air like a galaxy, tearing the thousands of Gu worms in front of him into pieces.

Wu Hua put his palms together, and Buddhist light rose from his body. Buddhist voices came from within, and with him as the center, they attacked the surroundings.

Miao Xiao was slightly weaker, but with Ye Zi’s support, he could barely resist.

With the golden thread Gu as the center, the other Gu worms worked together and advanced rapidly.

The puppet of the Fourth Stage guarded Ye Zi's side. To be precise, there was no need for it to guard.

Because of Chen Ting's presence, the Gu worms seemed to be instinctively afraid and didn't dare to get close.

All the Gu worms that were killed by Xu Bai and the others, after turning into ashes, actually burned fiercely, and the sky turned into a sea of fire again.

Judging from the current situation, they seemed to have the advantage, but Xu Bai didn't think so.

Each attack took away hundreds and thousands of Gu worms, but each time, it was replenished by ten times.

This number was really a headache.

Xu Bai was able to withstand it, but the others were different.

No Flower was very strong. Even though he was a Rank-3, he was still one of the best at this level. For the time being, he did not seem to be able to do much.

Miao Xiao, on the other hand, was different. He seemed to be struggling.

"I can't hold on anymore. I'll go to Ye Zi's place and recuperate for a period of time."

He could tell that only Ting Chen's place was safe.

Gu worms did not dare to approach, in that case, why not treat that place as a resting area?

Miao Xiao nodded. After killing a few more waves of Gu worms, he finally could not hold on any longer. He quickly walked into the area where Ye Zi was, his face a little pale.

After resting for a while, she stepped out and continued.

“Benefactor Xu, I keep feeling that something is wrong. “Wu Hua put his palms together, a large wave of holy Buddhist light shattered countless Gu worms.

“The other party definitely knows who Ting Chen is, but they still want to fight us to the death. Don’t tell me they didn’t consider this?”

Xu Bai frowned.

Just as No Flower said, thinking about it carefully, it was indeed like this. The other party definitely knew of Ting Chen’s existence and knew that Gu worms did not dare to approach, but why did they dare to fight to the death with them?

Their method just now could completely kill all these Gu worms. After all, as long as they could not hold on, they could go in and hide. All they needed was time..

Chapter 528: Battle in the Canyon (5)

The people of the Gu God Sect were stupid. If they were stupid, they would not have been at death’s door until now.

They definitely wouldn’t do such a suicidal thing. Even if they did, they definitely had a purpose.

Xu Bai thought to himself, his hands did not stop moving. With another slash, thousands of Gu worms in front of him were crushed.

The corpses of the Gu worms turned into flames that filled the sky, along with the Gu worms that were not killed.

Xu Bai's eyes narrowed and he finally realized something was wrong.

After these Gu worms died, how could they turn into flames?

Previously, he had killed many Gu worms, but he had never encountered such a scene.

There was a problem!

There was definitely a problem!

"Miao Xiao, have you ever seen someone die like this?" Xu Bai shouted.

Miao Xiao controlled the Golden Thread Gu and bumped left and right in the Gu worm pile. After hearing this, he replied, "After a Gu worm dies, it returns to dust. I've never seen it turn into flames."

She had never seen it before, not even in the Miao Sect.

There were too many flames, covering the sky.

Some of the Gu worms were even killed by the flames, but the key problem was that these flames were actually hanging high in the sky and did not fall.

NO!

There must be something wrong with this. There must be something that he didn't pay attention to.

Xu Bai separated a part of his soul and carefully sensed the surroundings.

He sensed every place in the surroundings. When he sensed all the corners, he finally found something unusual.

“It’s a pattern!”

Xu Bai was shocked.

With him as the center, the mountains, the cracks in the ground, and some of the stones placed together formed a natural pattern.

That’s right, it was natural. With the surrounding scenery, rocks, and plants as the foundation, as well as the ashes that were burned at the beginning, they formed a pattern.

It was a picture that was as vigorous as flames.

Flames...Li Fire Altar!

Xu Bai finally understood why they had started that fire in the beginning. The ashes were part of the picture.

It turned out that the pattern on the Li Fire Altar was not the same as the Water Dividing Altar. The Water Dividing Altar was only a small piece, while the pattern on the Li Fire Altar was a large piece.

“Wait!”

“I know where it isn’t!”

Xu Bai’s gaze went around the space and finally landed on Ting Chen.

Previously, at the Water Dividing Altar, Lin Yong was even willing to sacrifice the blood of his companions in order to let him enter the Bizarre Demon City.

Life was the sacrifice.

In that case, this place also needed life.

However, how could they find a large number of lives in a short period of time? If they really went to search in large numbers, it would definitely arouse the attention of the Heaven Inspectorate.

So it's all very difficult

However, this kind of difficulty was not difficult for the Gu God Sect.

Xu Bai had a guess, it was those Gu worms.

Could Gu worms also be used as sacrifices?

And here, with the help of the Li Fire Altar, he could create the Bizarre Demon

Market?

Li Fire Altar, Gu worms, and the mark on his body.

Xu Bai had entered this circle and understood too much. It was easy to connect the dots.

As for why he used Gu worms to attack, this was probably a confusion.

Who would pay attention to those flames when they were fighting with all their might?

The more they killed, the more sacrifices they would have.

Moreover, Xu Bai was standing right in the middle of the Li Fire Altar's picture.

If the flames that filled the sky fell down, it would also be a powerful destructive force, but why didn't it fall down?

Xu Bai felt that it might have something to do with Ting Chen.

He could only think like this, although he still could not understand why these guys did not destroy the Gu worms themselves. They were also considered sacrifices.

However, it was too late now. He had thought too much because he had a feeling that Ting Chen would be in danger.

After crushing the Gu worm in front of him, Xu Bai ran towards Ting Chen and shouted, "Be careful of those Gu worms."

As soon as he finished speaking, he was already standing beside Ting Chen.

Unexpectedly, after he said this, a voice immediately echoed in the valley.

"You're really smart. I feel that you've guessed a lot, but you haven't guessed one thing. ""

The voice of the Gu God Sect rang out.

"That means that you can't stop her anymore. She... You must die."

In the sky, countless flames gradually gathered together. In the next moment, the flames gathered together, and from the state of covering the sky, they gradually closed up to the size of a pinky.

The thumb-sized flame no longer had the color of a flame. It had turned emerald green, but one could feel the terrifying temperature inside. "Can you block the last bit of flame from the Li Fire Altar's remains?"

"You can't stop her. She must die!"

The emerald green flames brought with them a temperature that could burn the sky and boil the sea. They suddenly fell from the sky, and their target was Ting Chen.

This flame was extremely terrifying, and the surrounding space was burned to the point where it cracked inch by inch. As long as one looked at it, they would feel their divine souls burning.

Xu Bai reacted quickly. He looked at the green flames that were gradually descending from the sky and took a deep breath.

He held the Black Blade Hundred Rend tightly.

Xu Bai's True Core Strength surged as he jumped up and charged towards the green flames.

"Interesting."

"If you want her to die, I won't let her die."

"How is it?"

The flames connected with Xu Bai, and the terrifying temperature spread, covering the sky..

Chapter 529: The Horrifying Ruins in the Bizarre

## Humanoid Market (1)

The flame was pale green and looked very weak, like a candle that couldn't be lit. However, when Xu Bai came into contact with the flame, he realized that the power of the flame was extraordinary.

Xu Bai was not just protecting Ting Chen. Most importantly, the other party wanted to kill Ting Chen, which proved that Ting Chen was definitely of great use.

If the enemy wanted to do something, he would not let the enemy succeed. Otherwise, he would be the one to suffer.

The most obvious feeling was the heat. This heat seemed to come from the bottom of his heart and could burn the heavens.

As the fragments of the surrounding area continued to pass through, Xu Bai saw the fragments of the Black Blade Hundred Rend disappear in an instant.

After all, the Black Saber Hundred Splits was only made of fourth-grade materials. Even with the protection of Xu Bai's black light and astral winds, it was still unable to withstand such high temperatures.

In just an instant, the fragments of the Black Saber Hundred Rend were gone, leaving only the hilt.

"Come!"

The saber was gone, so it wasn't a big problem.

The green flame had weakened a lot. Xu Bai threw out the hilt in his hand and let it melt in the green flame. Then, he raised his hands and directly met it.

When his hands came into contact with the green flames, a burning sensation instantly assaulted him. The black light of the Diamond Heart Devil Body shattered in the blink of an eye. In the next moment, Xu Bai used the Transposition Technique.

A portion of the sea of fire soared into the sky, dyeing the entire sky a miserable green color. As the sea of fire spread, even the dark clouds in the sky disappeared.

He felt a sharp pain in his hands. In the flames, his hands were melting.

“Almsgiver Xu, I will help you!”

At this moment, No Flower’s voice rang out.

Bursts of Buddhist light interweaved on his body and then passed to Xu Bai’s body. It could be seen that No Flower’s face was pale and blood was flowing from the corner of his mouth. It was obvious that he was forcing his potential.

“Young Master!”

Ye Zi waved her hands vigorously and danced crazily. They gathered into afterimages in the air. Blood flowed from her nails, but she seemed to be unaware that the mechanics class was playing. Melodious music fell from the sky and enveloped Xu Bai.

“Golden Thread Gu, transform!”

Miao Xiao could not be idle at this moment, he pointed at the Golden Thread Gu in his hand.

The Golden Thread Gu was gradually turning into golden powder that filled the sky.

“Puff! ”

Miao Xiao spat out blood from his throat, but he gritted his teeth and persevered.

Buddhist light, music, and gold powder.

The three items gathered together. In the next moment, Xu Bai felt as if the True Core Strength in his body was boiling.

His hands were already melted, but at this moment, under the urging of his True Core Strength, his Indestructible Body had also temporarily improved by a huge level.

Xu Bai slowly raised his hands and punched the green flame in front of him.

The clothes on his body were burnt to ashes by the flames, but under this punch, the ball of green flames suddenly dimmed and became only one-third of its original size.

Although the flames still covered the sky, they were scattered and did not fall again.

“Again!”

Xu Bai roared.

The Buddhist light melody that surrounded him, as well as the golden powder transformed from the Golden Thread Gu, gathered on his fist as he moved his right hand.

The fist shone with a colorful light and contained terrifying energy.

He didn't know any fist techniques. It didn't matter, he didn't need them now.

The five fingers of his left hand spread out, forming a hand knife. He slashed at the green flame in front of him from top to bottom.

Using the hand as a knife, the Five Forms of Knife!

When the hand blade came into contact with the flames, the flames could no longer hold on. They turned green and soared into the sky.

This complicated confrontation seemed to be very long, but the moment Xu Bai jumped into the sky, he experienced various changes of life and death.

“Flu...”

The surrounding temperature was dropping. Although the green flames still filled the sky, the threat had been eliminated.

Xu Bai let out a long breath and fell from the sky. Then, he felt his legs go weak and almost lost his balance.

This green flame was truly powerful. After all, it was formed by borrowing the remains of the Li Fire Altar.

The Li Fire Altar was one of the Five Elements Fey Altar’s formations. It was an array formation that could exterminate human geniuses. Even if it was only one of them, even if only its remains were left, its power was still extremely terrifying.

Xu Bai’s True Core Strength had already been exhausted, but it was rapidly recovering.

He didn’t retreat or advance. He just looked at the people around him.

It was so quiet that one could hear a pin drop.

Although the remaining members of the Gu God Sect surrounded them, they remained silent after seeing this scene.

They wanted to say something, but they didn't know what to say.

What did he say?

Could it be that he was threatening her?

If he could even deal with the Li Fire Altar, how could he defeat them?

A figure flashed. It was the leader of this group of survivors.

The leader looked ordinary, but his gaze was extremely complicated. "If word of today's battle spreads, I'm afraid no one will be able to shake the title of the number one expert of the younger generation. As expected of the Bloody Butcher."

"Resisting the Li Fire Altar head-on, ha, formidable..."

His tone was extremely dry. Although it seemed like he was talking about something, it made him feel bitter.

"I won." Xu Bai's eyes were fixed on this person as he frantically recovered.

At this moment, he did not have a single piece of clothing on him. All of them had been burned in that moment, but he did not retreat at all because he could not let the other party see that he was a little weak at this moment.

"No, you didn't win." The leader gritted his teeth and said, "I don't know how long you want to seal your memories, but we had an agreement back then. The descendant of the Miao Sect is here, and I've given you the Golden Thread Gu.. What are you waiting for?!"

Chapter 530 The Terrifying Ruins of the Man-Crazy Market (2)

Xu Bai was slightly stunned. He seemed to have thought of something. He suddenly turned his head and shouted, "Stay away from Chen Ting!"

No Flower and the others were not stupid. They returned to Xu Bai's side in minutes and looked at Ting Chen, who was standing rooted to the ground.

No Flower and the others were also heavily injured. They had used all their strength to support Xu Bai just now, so it was difficult for them to continue fighting.

"What are you talking about?" Ting Chen was confused."

The leader bit and gritted his teeth and said: " At the beginning, you were harmed by those untouchables again and again. You wanted to die, but I saved you.""

"You said that you wanted revenge, and I agreed. I used the Heart Devouring Gu Insect to seal part of my memories. Miao Zheng also gave you the Golden Thread Gu Insect."

Ting Chen was at a loss. She subconsciously lifted her sleeve and realized that there was a golden thread connecting her wrist to her arm.

"What is this?"

"I... Ugh!"

She suddenly held her head and squatted on the ground, trembling slightly as if she was in extreme pain.

"Attack!"

Xu Bai knew that this wasn't the time to restore the other party's memory. Although he couldn't figure out the relationship between them, it was not wrong to make a move now.

Relying on the bit of Refined Qi he had just recovered, Xu Bai used the Four Transformations of Breaking the Path and came to Chen Ting with a knife in his hand. He used the Five Forms of the Knife.

Just as he was about to reach Ting Chen's head, Ting Chen reached out her right hand and grabbed Xu Bai's wrist.

The huge force actually made Xu Bai stop.

Xu Bai was shocked and quickly retreated after he broke free.

"I remember now..."

Ting Chen's body no longer trembled. She slowly stood up from the ground. Her eyes were no longer blank, but replaced by endless hatred.

The green flames in the sky trembled as the hatred and resentment surged into the sky.

"What exactly is going on..." No Flower subconsciously said when he saw this scene.

Before Xu Bai could answer, Chen Ting suddenly spoke.

"All of this was a trap set by me."

Ting Chen's eyes were cold and filled with endless hatred.

"I sealed my own memories and let them secretly feed me the corpses of living people every day. Even the memories that were awakened at the end were covered up."

"The only way to use the Golden Thread Gu is not to use a corpse to raise the Gu, but to use a living corpse to completely absorb the Golden Thread Gu."

"And I am a living corpse..."

As she finished speaking, dense livor mortis appeared on her body.

However, her aura was that of a living person, not a corpse.

” It’s forbidden for the corpse collector to be a part of the unluckiest of us, and coupled with the boundless hatred, I actually devoured the Gold Thread Gu.”

”
