

Unparalleled 601

Chapter 601 - Xu Bai, I Can Attack Her Soul (3)

Liu Xu shook her head and said, "I don't know either. Maybe it's because of the things that have happened one after another recently. In short, I feel that I've been very strange recently."

"Every night, I would wake up from my sleep, but I don't know why I woke up. Moreover, my strength is actually growing rapidly."

As she spoke, Liu Xu released her Qi.

"Rank One. Even I find this speed strange."

"By the way, I had a dream last night about you."

Xu Bai put down his wine cup. He felt Liu Xu's aura and heard what Liu Xu said.

He asked, "What dream?"

Liu Xu carefully thought about it before organizing her words and saying it.

"In a temple far away from the Academy, I saw you waiting for me there. I don't know why, but I recently went to the place in my dream."

"Moreover, this temple is an abandoned temple. No one comes and goes."

"There was a Buddha in the temple, just like in my dream. However, the

Buddha in my dream shed tears of blood, but this Buddha looked very ordinary. I could only take a look from afar and did not rashly enter.”

As she spoke, Liu Xu sighed and drank another cup of wine.

“The most important thing is that you were also in my dream. I suspect that this matter will affect you. Why don’t the two of us go and take a look?”

Xu Bai fell into deep thought. This dream was quite strange. He was just about to tell Liu Xu that he could take some time to take a look, but before he could say anything, he suddenly thought of something.

He quietly used the Soul Inspection Technique and swept it over Liu Xu.

In the next moment, Xu Bai’s eyes flashed as he saw that there were two divine souls in Liu Xu’s body.

One of the divine souls was very weak, while the other divine soul was very powerful, suppressing that divine soul.

Xu Bai put down his wine glass and smiled. “Tomorrow. I’m a little tired today. I’ve read too many books.”

Good heavens, he wouldn’t have known if he hadn’t swept his eyes over her. He was shocked when he swept his eyes over her. It turned out that the old witch that he had been searching for so hard was actually hiding on Liu Xu’s body.

What Liu Xu said just now was probably the old witch’s plan. She wanted to lure him out. She probably thought that there was no time to make a move in the Academy.

With this thought, everything came together. However, Xu Bai did not agree immediately.

Now that he had received the news, he had to communicate with the dean and make sure to kill this old witch here.

And most importantly, this old witch just had to occupy Liu Xu's body. Xu Bai felt that it was a little difficult to make a move.

"Sigh, then let's go tomorrow." Liu Xu sighed again and said, "I'll be leaving first."

Without getting a definite result, and without even finishing the wine, Liu Xu turned around and left, using the excuse that she had something to do.

After Liu Xu left, Xu Bai sat on the chair and thought for a moment. Then, he stood up and walked towards the director's room.

The matter was urgent and he could not delay it, so he did not waste any time.

Soon after, he returned to the room and knocked on the door. The dean opened the door again and asked with a puzzled expression,

"Don't tell me you've already found it?"

Xu Bai nodded and said nothing.

The director instantly understood. He let Xu Bai into the room and closed the door. "Don't worry, no one here can know what we're talking about. You can say whatever you want. Even Yun Zihai won't hear what I don't want others to know."

Xu Bai nodded and told him everything.

After hearing this, the dean fell into deep thought.

Xu Bai didn't say anything either. Other than Yun Zihai who was still playing with the iron ball, there was no other sound in the room.

Yun Zihai acted as if he hadn't heard what the dean said.

The room was quiet, and time seemed to have stopped. After a long time, the director let out a long sigh.

"It really is Liu Xu."

"From what you're saying, you already knew Liu Xu had this possibility?" Xu Bai raised his eyebrows."

"Child, there's something special about this," the dean said with a wry smile."

"Not only can she read the books of the righteous path, but she can also read those books of the evil path. Moreover, she herself won't even be affected by those books of the evil path."

"I think she's a potential talent, because I've rarely seen someone like her who won't be affected."

"This situation is also particularly attractive to my junior sister. I think junior sister should have planned to do this long ago."

The dean sighed and continued.

"I reckon that Junior Sister has already entered Liu Xu's body. However, during normal times, she didn't block the control of her body and allowed Liu Xu to control it. Liu Xu didn't know about this and only allowed Junior Sister to control it at the critical moment. Otherwise, Liu Xu's teacher should have been able to tell."

"Principal, you mean that your junior sister originally wanted to occupy Liu Xu's body and completely devour her soul?" Xu Bai frowned."

The dean looked at Xu Bai meaningfully and said, "That's right. For a special type like Liu Xu, my junior sister naturally wanted to forcefully occupy her. However, I didn't expect that you would appear midway. And to my junior sister, you are a better choice."

"It is also because of your appearance that Liu Xu is temporarily not in danger.

She is just being controlled by my junior sister.."

Chapter 602: Xu: I Can Fight Her Soul

"It's indeed difficult." Xu Bai muttered."

If he followed the dean's method, he could solve his junior sister's problem, but it could only be solved temporarily.

Most importantly, Liu Xu would be imprisoned forever, and this was not what Xu Bai wanted to see.

"Is there no other way?" Xu Bai asked.

The Headmaster shook his head." No. Unless Liu Xu's soul is strong enough to suppress her, it's impossible. The more we fight with her, the weaker Liu Xu's soul will be."

"And most importantly, after she took over Liu Xu's body, her cultivation speed would definitely improve by leaps and bounds. After all, she had once stopped at a very high level, so she would catch up sooner or later."

"And before we catch up, I have no choice but to take the necessary measures." The necessary method was to kill Liu Xu.

The Headmaster didn't say this very clearly because he knew that Liu Xu and Xu Bai had an extraordinary relationship. It wouldn't be good to say it too clearly.

However, Xu Bai was such a smart person. How could he not understand the meaning behind it?

“In other words, he doesn’t need Liu Xu’s soul to make Liu Xu’s strength soar.”“In the end, I had no choice but to kill Liu Xu, but she would still escape.”“

“Yes.” The Headmaster smiled bitterly.” If it was someone else, it might not be so fast. However, Liu Xu has the advantage of both good and evil. Moreover, she won’t be controlled by the evil book, so it just happens to match her characteristics.”“

All in all, it was difficult.

For Xu Bai, the follow-up was even more difficult. If he really couldn’t kill this old witch, she would definitely make a comeback and find him again.

Therefore, he had to take this opportunity to completely destroy the old witch.

He couldn’t kill Liu Xu, not only because Xu Bai and Liu Xu’s relationship was extraordinary, but also because after killing her, the old hag would definitely be in trouble. At that time, she would be in the dark, and Xu Bai would be difficult to deal with.

Then, was there any solution?

Xu Bai paced back and forth, thinking of a solution.

He went through everything that the dean had told him and finally raised his head.

“If I let her occupy my body and then use my soul to fight her, what will happen?”

The dean was stunned for a moment, and then his expression changed drastically.”You mustn’t. Her divine soul is very powerful. It’s impossible for you to defeat her.”

Xu Bai shook his head and said, "What I mean is, what if my soul can be repaired?"

When the dean heard this, he thought for a moment and said, "If it can be repaired, it is possible to slowly exhaust her to death. However, you must know the difference between your divine soul and his. Otherwise, if you are instantly killed, there is no way to talk about it."

Halfway through his sentence, the dean suddenly realized the main point.

"You can repair the soul?"

He felt that Xu Bai had surprised him wave after wave recently.

The method to repair the soul was extremely rare in the martial world. There were some, but they were basically in an extremely precious state.

In the past, in order to find this method, the white-robed man, Liu Qingfeng, had found many ways to repair the divine soul, but in the end, they all failed.

The dean felt that this young man in front of him couldn't be the legendary son of God, right? How could he know everything?

Of course, Xu Bai ignored the dean's shock.

He took out a piece of paper and roughly drew two circles. One circle was larger, and the other was smaller, only half the size of the larger circle.

Then, he described the proportions, indicating that these two circles were divine souls. They were drawn on the paper according to a certain proportion. The larger one was the divine soul of the dean's junior sister, while the smaller one was his own.

"With such a gap, can you not be instantly killed by her?" Xu Bai asked.

It had to be said that the dean's junior sister was indeed worthy of being the top existence of that era. This divine soul power was really too enormous.

The dean took a rough look and shook his head. "It's very difficult. Even if you're just a sliver away from the power of your soul, it's like the difference between heaven and earth. Most importantly, I don't know your recovery ability and can't calculate it."

Xu Bai opened his arms and said silently, "Hit my soul."

The dean was slightly surprised.

How could he not guess that Xu Bai wanted to test it out, but he had to say it first.

"The pain I've suffered before is much worse than this," Xu Bai said with a smile.

Back then, in the Bizarre Market, that kind of pain was really unbearable. The pain that struck the soul was far more difficult than the physical body.

"Moreover..." Xu Bai paused for a moment. He narrowed his eyes and a cold light flashed in them.

"She must die because I can't let a threat exist forever. Even if she has to pay the price, she must die."

At this moment, Xu Bai's body emitted a boundless coldness.

This wasn't a movie or a TV series. He couldn't possibly let a potential danger go. He should find an opportunity to kill the enemy. That was what he should do.

Should he wait for the enemy to shout that the river would flow thirty times east and thirty times west?

Wait for the enemy to develop for a few hundred years before coming back to settle the score with him?

It was impossible.

The dean retracted his gaze, but there was still a look of approval on his face. "When I first saw you, I thought that the rumors in the martial world were false. After all, they say that you're ruthless, but now I can see two points."

"Ruthless, your ruthlessness is not only ruthless to others, but also to yourself.

It's unreasonable for a young man like you to not achieve much in the future.."

Chapter 603: Xu Bai, I Can Attack Her Soul (5)

In the Headmaster's mind, he had never seen the shadow of the Bloody Slaughterer Swordsman ever since he met Xu Bai. However, today, he realized that the shadow of the Bloody Slaughterer Swordsman had followed Xu Bai like a shadow.

As he spoke, the dean raised his index finger and pointed at Xu Bai's forehead. "I'll be careful, but it's very painful."

"Come on," Xu Bai said with a smile.

In the next moment, a burst of righteous energy burst out from the dean's fingertips and entered Xu Bai's mind.

The Headmaster knew his limits. He did not use his full strength, only a trace

of it.

But that was the case. A sharp pain suddenly exploded in Xu Bai's mind.

The divine soul in his mind was being destroyed by the Noble Spirit, but soon, the effect of the Indestructible Soul Body appeared.

The destroyed divine soul was actually repaired in the blink of an eye. As for the trace of righteous qi, after destroying the divine soul, it was already exhausted and turned into nothingness.

"It does hurt." Xu Bai forced a smile. "I'll increase my strength."

Xu Bai nodded.

This time, more Noble Spirit entered his mind. Xu Bai's spirit was like a canoe in the sea, rolling continuously.

However, the recovery power of the undying soul body was repairing his soul at an even faster speed, allowing his soul to remain in a state of equilibrium forever.

Xu Bai guessed that the two attacks on his soul did not cause any reaction from the Goldfinger. It was probably because it did not cause any fatal damage to him. Otherwise, it would have reacted a long time ago like the Bizarre Market. After a moment, the dean retracted his hand and nodded. "There's a chance."

After hearing these two simple words, Xu Bai nodded and said, "Then let's do it."

"You believe me?" The dean asked in surprise.

"In today's world, who wouldn't believe the Dean's words? Moreover, even the Dean wouldn't dare to let me die in the Green Cloud Academy, right?" Xu Bai said with a smile.

He was a King with a different surname, and he had the Emperor and King Sheng You backing him up. Even the Qingyun Academy did not dare to let anything happen to him here, or else he would have to bear the wrath of the Great Chu State.

“You’re smart. Don’t worry, if I say it’ll work, it’ll work.” “No one knows Junior Sister better than I do. I know her from head to toe.” The dean said confidently.”

The corner of Xu Bai’s mouth twitched. He felt that the dean was talking about tigers and wolves again.

As expected, the director added another sentence, making this sentence that was originally crooked correct.

“After all, we’re like brother and sister. We grew up together.”

Xu Bai rubbed his forehead. After making sure there was nothing unusual, he said, ““Tomorrow, I will let her go to the temple I mentioned. At that time, it will be time to make a move.”

The dean nodded and said, “I’ll secretly monitor her and make sure that no one else besides her will participate.”

Xu Bai replied. Suddenly, he thought of something and reached out his hand. “Give me your power.”

“What?” The dean was stunned.

Xu Bai smiled cunningly.” You see, I’ve helped your Academy get rid of such a great scourge. I should at least show some gratitude, right?”

At this moment, the killing intent on his body disappeared, and the ruthless aura was also gone. In its place was the shrewdness of a businessman.

The dean said helplessly,” But I asked you to come to the Blue Cloud Academy to help you get rid of her. Even if you were outside, you would attract her attention. I’m here to keep you safe.”

“No, no.” Xu Bai waved his hand and said, “You can’t talk about this like that. Actually, I’m the one who takes the bigger share, right? You’re the one who takes the smaller share. If that’s the case, I’ll have to pay more, so I’m still more important.”

“Tell me, what do you want?” The dean’s mouth twitched.

“Why don’t you let me go to the Green Cloud Academy at will and read books everywhere for a year and a half...” Xu Bai probed.

The dean interrupted him. “Stop. This book is another travel book I wrote when

I was young. The books of the Academy are very precious. There are rules,

rules set by the deans of the past generations. I can’t break them. You can take this book.”

When Xu Bai heard this, he also knew that this matter would not succeed, so he could only settle for the next best thing. He received the travel notes and was still very satisfied when he saw the golden progress bar on it.

“Then I’ll be leaving. Remember to act together tomorrow.”

He waved his hand and left, leaving the dean standing there with a dumbfounded expression.

After returning to his room, Xu Bai closed the door again. He did not go out again. Instead, he held the strengthened Body-strengthening Technique in his hand and checked the progress bar again.

As for dealing with the dean’s junior sister, there would naturally be a result after tomorrow.

Xu Bai had to make a move because this guy was an old monster, and a cunning old monster at that.

If he let her escape, she would come back to find Xu Bai after she matured. That would be a big problem.

Xu Bai would usually eliminate the root of trouble, so the old witch had to die.

“Let’s see what you can do tomorrow.”

The next day.

The morning sun shone in earlier than usual. Xu Bai opened his eyes when he heard the knock on the door.

When he arrived at the door and opened it, he saw Liu Xu standing outside the door calmly and could not help but smile.

“Shall we set off now?” Liu Xu asked.’

“Of course.” Xu Bai’s smile deepened..

Chapter 604 - The Old Witch’s Death and the Redwood Tribe’s Ambush

They had agreed to go over today, but Liu Xu had rushed over early in the morning. Clearly, she couldn’t wait any longer. However, Xu Bai couldn’t wait either. Since he had nothing to do now, he would rush over to take a look. At the same time, he would kill this old witch completely in that place.

Liu Xu did not have any strange thoughts when she saw Xu Bai’s direct answer. This was because Xu Bai’s performance was flawless, so she could not tell that she had already exposed herself.

After hearing Xu Bai’s answer, Liu Xu did not stop. She turned around and led the way, with Xu Bai following behind. The two of them left the Green Cloud Academy one after the other.

Outside the Green Cloud Academy, there was still a bustling street. There were all kinds of scholars in an endless stream. Some were holding books, some were holding pen and paper.

Liu Xu was wearing a veil, and Xu Bai followed behind with a Hundred Splits hanging from his waist.

Such a combination was very rare in Nanhua Road. After all, almost no Jianghu people were willing to step foot here. However, Xu Bai's performance at this moment was more like a Jianghu person.

Xu Bai did not speak, and neither did Liu Xu. The two of them remained silent as they walked along the bustling streets and gradually entered a remote alley. Finally, they left Nanhua Road and arrived at a desolate mountain ridge.

As it was broad daylight, even if no one passed by this wilderness, it looked very normal. Other than some desolation, there was nothing unusual. Liu Xu stopped and turned around. Her eyes stared straight at Xu Bai.

Was it coming?

Xu Bai understood in his heart, but he still pretended not to know on the surface. He asked in confusion, "Didn't we agree on a temple with a Buddha statue in it? Why is there nothing here? Did it disappear for no reason?"

He began to pretend to be confused. On the surface, there were no flaws, as if he was really puzzled.

The old witch was still in Liu Xu's body. If he couldn't let the old witch out, it would be very difficult for him.

Therefore, he could not reveal that he already knew the situation. He had to lure this old witch out first.

Lure them out, and everything would be easy.

Due to the fact that Liu Xu was wearing a veil, her expression could not be seen clearly. However, from her curved eyes, one could see that Liu Xu was smiling. As she smiled, she walked towards Xu Bai with her slender legs.

Liu Xu's slender legs moved, and she quickly arrived in front of Xu Bai. She stretched out her hands and pressed them on Xu Bai's chest. She raised her head, and her clear eyes were filled with endless temptation.

"That temple seems to be gone, but it doesn't matter. At least we found something."

"Oh?" "Why do I feel like something is wrong with you?" Xu Bai rubbed his chin."

At this moment, even a normal person could tell that something was wrong. Therefore, Xu Bai said this sentence without any flaws.

Liu Xu's eyes turned into two crescent moons. "There's nothing wrong with me. On the contrary, I'm better than ever today because I can completely possess you."

Xu Bai was speechless.

Although these words came from Liu Xu's mouth and sounded a little charming, Xu Bai still felt a chill run down his spine.

This was because there was an old witch hidden in Liu Xu's body. All these words were said by the old witch.

Just imagine, being told this kind of words by an old witch, knowing that Xu Bai had already gotten a layer of goosebumps.

Fortunately, this old witch did not do anything even more disgusting. In the next moment, her hands that were pressing on Xu Bai's chest flashed with a white light. Immediately after, Xu Bai felt something appear from Liu Xu's body and then enter his own.

This was the old witch's divine soul.

Xu Bai finally understood why the dean had said that it would be fine as long as she was imprisoned. It was because, judging from the situation, if the old witch wanted to transfer her soul, she would have to come into contact with someone else. Otherwise, it would be impossible for her to touch him at such a close distance.

However, now was not the time to think about this. Liu Xu's eyes were filled with confusion, but she quickly returned to normal. She looked around in surprise and realized that her hands were pressed against Xu Bai's chest. She quickly withdrew them.

"Where am I?"

"I'm fine." "It's good that you've recovered," Xu Bai said with a smile.

Liu Xu felt even stranger when she said this in a daze. Just as she was about to ask more questions, she did not expect Xu Bai's face to turn abnormally pale the next moment.

"It hurts!" Xu Bai hugged his head and squatted down slightly, then his shoulders kept swinging.

He could feel that another powerful divine soul had entered his mind and was constantly devouring his divine soul at an extremely fast speed. This was the old witch's divine soul, and it was currently attacking him.

"What's wrong with you?" When Liu Xu saw this scene, she panicked and wanted to go forward to help him up.

A figure flashed past and waved at Liu Xu. Liu Xu immediately took a few steps back.

"Don't touch him. Be careful not to get into your body again." With his hands behind his back, the dean sized up Xu Bai, who was squatting on the ground, and asked, "How do you feel? Are you alright?"

Xu Bai raised his head and revealed a pale smile. "I feel alright, except for some pain. "

His divine soul was being obliterated bit by bit, but the characteristics of the indestructible soul body were being unleashed. The obliterated divine soul was recovering at an even faster speed. At this speed, the consumption was not even as fast as his recovery.

Xu Bai could clearly feel that after the old witch's divine soul attacked him, it quickly became weaker..

Chapter 605 - Death of the Old Witch and the Ambush of the Redwood Tribe (2)

At the same time, Xu Bai heard the voice of an old woman in his mind.

"You've been tricked. How do you still have the means to repair your divine soul?"

Xu Bai didn't know how to answer, but he thought that the old witch was in his mind. Perhaps she could sense what he was thinking, so he thought to himself.

"Old witch, how do you feel?"

After these words were transmitted in her mind, the old witch's soul became abnormally chaotic, as if she was completely enraged.

"You schemed against me!"

"So what?" Xu Bai thought happily, If you didn't want to occupy my body, how could you end up like this?"

While the two of them were talking, the old witch's soul launched several fierce attacks, shattering Xu Bai's soul. However, in the next moment, his soul returned to normal at an extremely fast speed.

After doing this a few times, the old witch's divine soul became much weaker.

Xu Bai raised his head and stood up from the ground. Just now, he felt that he was no longer in pain.

The old witch did not continue to attack his divine soul. Instead, she stayed at the side and stayed quietly.

“What’s wrong?” The Headmaster asked when he saw this scene.

Xu Bai said slowly, “She seems to be afraid. She knows that if she continues to attack, she will disappear first. That’s why she stopped attacking me, but she still stays in my body.”

The Headmaster frowned. This scene was unexpected.

He knew his junior sister’s personality very well. She could be said to be very stable. The current situation seemed to be a little unexpected.

If he continued to attack, it would not be a big deal.

With Xu Bai’s spirit recovering, he could definitely withstand it. However, the problem was that his junior sister had stopped attacking.

In other words, her junior sister had already occupied Xu Bai’s body, but she had not completely controlled it.

If it couldn’t be solved once and for all, it would always be a disaster if it stayed in the body. Who knew, one day, he might seize the opportunity to counterattack.

The director was very clear about this, but since it had already happened, he had to stabilize it first. “Let’s go back to the Academy first. I’ll think of other ways.”

He thought Xu Bai would listen to his suggestion, but he did not expect Xu Bai to shake his head when he heard this.

"I have an idea." Xu Bai said.

These four simple words were filled with inexplicable confidence. The dean saw it and temporarily gave up the idea of returning to the Academy. He wanted to see what Xu Bai was going to do.

After Xu Bai said that, he asked in his soul.

"Old witch, are you really not going to attack anymore?"

The divine soul was completely silent. After a long time, the old woman's voice rang out once more.

"Do you think I'm a fool? I don't want to waste my time and effort and be wiped clean by you in the end." Xu Bai rubbed his chin and said, "I suggest you continue to attack."

"Why?" The old witch asked.

"That way, you'll die with dignity," Xu Bai said with a smile. "At least you'll be killed by my attack, not by mine."

As soon as he finished speaking, the old witch fell silent. She felt that Xu Bai's words had a hidden meaning.

If he was attacked to death, could it be that he was going to take the initiative to attack?

This thought suddenly appeared in her mind. The next moment, the old witch found that her thought was confirmed.

Xu Bai controlled his soul and attacked the old witch's soul.

In the eyes of outsiders, this was a suicidal attack, because the difference between the two souls was too great. However, Xu Bai didn't care. He had an indestructible soul body and a powerful recovery ability, so he didn't care about this.

Their souls collided, and pain spread through Xu Bai's mind. However, Xu Bai smiled.

From the outside world, from the perspective of the dean and Liu Xu, Xu Bai was covering his head with his hand. His brows were tightly furrowed, and he seemed to be in extreme pain.

However, the corners of his mouth curled up slightly, revealing a smile amidst

the pain. It made people feel very crazy.

"Old witch, how do you feel?" Xu Bai said crazily.

"Crazy, are you crazy!" The old witch's voice was filled with endless anger.

"I'm not just crazy. If I don't kill you now, I won't be able to sleep soundly." Although Xu Bai was in extreme pain, his expression did not change. "Don't!" The old witch's voice was filled with panic. Stop attacking!"

While the two of them were talking, Xu Bai launched attacks on his soul one after another. His soul was shattered again and again, but it was repaired again and again. On the other side, the old witch's soul was not repaired after it was shattered. It was decreasing at a visible speed.

At this moment, the old witch was afraid and began to speak.

"Don't attack me anymore. Find me a person and I'll leave your body."

"Do you think I'm a fool?" "After we leave, we'll let you escape completely?" Xu Bai asked. Although the dean's method can imprison you, it's not 100% safe. I can kill you 100%, so why not?"

“I can guarantee that I won’t come looking for trouble with you again.”

“How much can a piece of energy be worth these days?” Xu Bai snorted.

The old witch fell into silence. She felt that Xu Bai was like a wall and there was no way to communicate with him.

However, the problem was that Xu Bai had the initiative now. If he continued to attack her like this, she would definitely die.

The old witch felt that she had to think of a way to escape, but she couldn’t find a way after thinking for a long time..
