

Unparalleled 871

Chapter 871: Planet Zi's Army Attacks, Wang Clan Great Forefather's Plan

In the starry sky outside the Firmament Star, Chu Kuangren's combat unit was battling a Planet Zi Guardian. The powerful battle fluctuations generated from this clash shook most of the Firmament.

Just as Gold Guardian was summoning all his strength to dash past Chu Kuangren and make his way toward the Firmament Star, the Heavenly Dao of Firmament Star suddenly emerged!

"Melt!"

Chu Kuangren said indifferently.

Then, the little golden man, which was the Heavenly Dao, suddenly merged into Chu Kuangren's body. With that, the strength of his combat unit soared once again!

Terrifying breaths of energy shook the starry sky, causing the Giant Blood Wolf to watch on with fear in his eyes.

"Incantation from Heavenly Dao!"

The Giant Blood Wolf said solemnly. Then, he let out a furious roar and fired out countless balls of light from behind him.

A seemingly infinite number of balls of light smashed toward Firmament Star like a meteor shower.

Although Firmament Star was protected by the Detaching Heaven Megaformation, it could not block all the attacks. At least a few prefectures would be destroyed if the attacks got through.

Nevertheless, Chu Kuangren would never allow such a thing to happen.

"Human King Seal!"

With a low growl, Chu Kuangren pushed the combat unit's power to the extreme and continuously injected it into the Human King Seal.

The Human King Seal radiated with dazzling brilliance, and hundreds of millions of golden rays poured out of the sky, forming a huge light barrier.

The countless meteors were blocked by the light barrier.

"This is impossible!"

The Giant Blood Wolf exclaimed.

The power that Chu Kuangren and the Heavenly Dao unleashed together had surpassed his power, and by a whole tier that was!

"No, I can't stay here any longer."

Although the Giant Blood Wolf was savage, he was not dumb to seek his own death. His animal instinct told him that he would likely die here if he did not leave at once.

“Do you really think you can come and go as you please? Not on Firmament Star!”

Chu Kuangren sneered when he saw what the Giant Blood Wolf had in mind.

The Human King Seal flew out, growing bigger against the wind. Soon, it had expanded almost to the size of an asteroid filled with a monstrous domineering aura.

A powerful forbidden sealing force also erupted, locking the surrounding starry sky into space. As such, it left the Giant Blood Wolf with no means to escape!

“No, I can’t die here!”

The Giant Blood Wolf snarled madly.

The yokai qi struck the Human King Seal’s forbidden sealing force.

However, it was useless. His enormous body may be hundreds of meters tall, but before the Human King Seal today, it appeared exceptionally minute.

Boom!

The Human King Seal smashed brutally on the Giant Blood Wolf.

The giant wolf’s entire body was reduced into a cloud of blood mist as it imploded in the air!

A Heavenly Daoist Celestial had fallen!

The Human King Seal quickly shrunk, returning to the size of a palm.

Chu Kuangren held the Human King Seal up in his hand and looked into the distance. “Planet Zi has taken their move. My true vessel, you have to be careful.”

What he left on the Heavenly Daoist Celestial Combat Unit was just a wisp of his consciousness.

However, this wisp of consciousness had lost contact with Chu Kuangren not long ago when Chu Kuangren drank the Godly Awakening Wine in his closed-door meditation.

“I guess I should head back first.”

With that, Chu Kuangren turned around and returned to Firmament Star.

...

At the Ancient Godly Moon Kingdom.

Back in the city hall, the Godly Moon Daoist Celestial suddenly opened his eyes. He looked out at the Extraterritorial Region, and a hint of grimness appeared in his eyes. “Such strong energy, accompanied by the presence of so many people... They’re all approaching the Ancient Godly Moon Kingdom!”

He mobilized his Emperor Thoughts beyond the interstellar space of his kingdom.

That was where he saw amongst the starry sky out there, tens of thousands of warships were coming towards the Ancient Godly Moon Kingdom. Through the signs on those warships, Godly Moon Daoist Celestial recognized where these warships were from... It was none other than Planet Zi!

“Planet Zi is suddenly coming with such a huge force. Are they here for Brother Chu? No, I must notify the Dust Sky Psuedo Immortal at once.”

He could not stop Planet Zi’s Army alone.

Not only the Godly Moon Daoist Celestial, but most of the elites in the Ancient Godly Moon Kingdom had sensed the mighty aura that came from that fast-approaching strong presence.

“For Planet Zi to launch such a sudden large-scale invasion, they must have come for the Sword Poet Immortal, Chu Kuangren. The Ancient Godly Moon Kingdom is in grave danger!”

“Alas, the Ancient Godly Moon Kingdom has been cursed by this bad omen’s arrival.”

“How is Godly Moon Daoist Celestial going to deal with this?”

All the forces in the Ancient Godly Moon Kingdom were panicking.

At that moment, an indifferent voice came from afar, from outside the ancient city.

“Those who have no relations with Chu Kuangren, leave the Ancient Godly Moon Kingdom at once!”

It was the Planet Zi Guardian’s voice.

Upon hearing that voice, the crowd was stunned.

However, a commotion ensued among the crowd soon after. The people quickly packed their bags hastily and left the Ancient Godly Moon Kingdom in multiple streams of light.

The originally lively ancient city became deserted in less than half a day. The streets were now empty with a few too little souls in sight.

Inside the city hall, Godly Moon Daoist Celestial let out a scoff. Then, with a gentle wave of his sleeve, a powerful wave of energy flooded out from him and spread out in all directions.

Suddenly, there were numerous Daoist patterns intertwining in all corners of the ancient city. Four pillars of light rose into the air, and in the blink of an eye, they transformed into a huge light shield that covered the whole city.

It was the ancient city’s defensive formation.

“Planet Zi, if you want to play this game, I shall play with you until the end!”

A cold glint flashed across the Godly Moon Daoist Celestial’s eyes.

In the starry sky.

Among the tens of thousands of warships.

On one of the huge warships, a playful look flashed in the purple-robed young man's eyes when he noticed the golden light shield in front of him. "Oh, a defensive formation? How long do you reckon this could hold off my Planet Zi's Army?" he said mockingly.

Beside him, the middle-aged Sky Guardian in white robes walked up.

"Your Highness, we are ready now. Do we attack immediately?"

"No rush."

Zi Xiao said calmly.

He leaped to the sky above Ancient Godly Moon Kingdom and stared down at the glorious city below. As his Emperor qi circulated around him, their incessant sounds spread throughout the ancient city.

"Planet Zi is only here this time to kill Chu Kuangren. If the Godly Moon Daoist Celestial hands over this man, Planet Zi will let you all go."

In the Ancient Godly Moon Kingdom, there were still some clans and orthodoxies that had not left.

Their base and foundations were all here, so they could not leave so easily.

When he heard Zi Xiao's words, they wavered.

"It really isn't worth it to put the entire ancient city's safety on the line for a Chu Kuangren. Can we please get the city lord to hand this guy over?"

A white-haired old man said in a cold voice.

He was Wang clan's Great Forefather, one of only a few Heavenly Daoist Celestials in the Ancient Godly Moon Kingdom.

Upon hearing his words, the remaining elites of Ancient Godly Moon Kingdom also agreed. With that, they rushed to the city hall.

"City Lord, please hand over Chu Kuangren."

"Yeah, Planet Zi is coming in with full force now, and they're not a force that we can resist. Handing Chu Kuangren over is the only way to ensure Ancient Godly Moon Kingdom's survival."

"Yes, we plead that you will make a good judgment based on the whole picture, City Lord."

Despite facing rigorous persuasion from the crowd, the Godly Moon Daoist Celestial's expression still looked exceptionally calm.

If it had been a few months ago, when he had only owed Dusty Sky Pseudo Immortal a favor, he might have been moved by everyone's persuasion and abandoned Chu Kuangren.

Yet now, the situation was different.

On top of his relationship to Dusty Sky Pseudo Immortal, Chu Kuangren had also helped his daughter awaken her immortal body, and he had not yet repaid that great favor.

“Everyone, say no more. I will be providing Chu Kuangren a safe haven regardless. If all of you wish to leave, please go ahead and do so. I won’t hold it against you.”

Godly Moon Daoist Celestial reiterated.

His words made the Wang clan Great Forefather jeer coldly, “You are the lord of our city, yet you disregard the whole situation and can’t even take decisive action for the sake of the kingdom. My clan and I will not be awaiting our deaths here with you. Farewell!”

Due to the matter with Chu Kuangren, the Wang clan now had a grudge against the Godly Moon Daoist Celestial. Now that Planet Zi had attacked, it was simply impossible to ask the Wang clan to stay and fight for the Ancient Godly Moon Kingdom.

Wang clan Great Forefather turned away and looked at that mighty army of Planet Zi outside the starry sky with curiosity in his eyes. “Perhaps I can take this opportunity to make good friends with Planet Zi.”

Wang clan Great Forefather aside, the few remaining orthodoxies glanced at each other, conflicted about what to do.. In the end, only a few were willing to stay.

Chapter 872: Battle of Pseudo Immortals, Arrival of Powerful Cultivators From All Corners of the Galaxy, Returning the Favor

On Dusty Sky Planet, the Dusty Sky Pseudo Immortal had received a message from the Godly Moon Daoist Celestial.

A cold look flashed across his eyes. “Oh, so Planet Zi has assembled a massive army for this, huh? It looks like things are really getting serious. I guess it’s time for this old pile of bones to join the action then.”

He slowly stood up.

Powerful surges of Pseudo Immortal aura filled the air. However, a similar Pseudo Immortal energy soon came from the skies in the next instant.

A coffin made entirely out of Purple Metal was seen approaching through space before crashing into the Dusty Sky Planet like a meteor.

Waves of Pseudo Immortal energy were seeping out from that coffin.

The Dusty Sky Pseudo Immortal’s pupils shrank.

“This coffin... Hmph! I can’t believe you’re here.”

The Dusty Sky Pseudo Immortal snorted coldly.

With a creak, the coffin opened.

A skinny old man in gorgeous purple robes walked out. With cloudy eyes filled with sparks of light, he looked at the Dusty Sky Pseudo Immortal and said, “It’s been a while, Brother Dusty Sky. I see you’re still looking tough as ever. Oh, how I envy you.”

The Dusty Sky Pseudo Immortal replied coldly, "Cut the nonsense. For someone who already has one foot in the grave to suddenly show himself, I have to ask, why are you here?"

"Oh, it was just on a whim. I want to mentally spar with you. That's all."

"Hm, just want to spar, you say? I bet you're trying to stall me so that I can't go to the Ancient Godly Moon Kingdom. Am I right?" The Dusty Sky Pseudo Immortal sneered.

"Is that Immortal Progeny worth doing so much for?"

The skinny old man asked.

"In this world, the value doesn't matter to me. What matters most is whether I'm willing to do it or not." A longsword with a green light swirling around it appeared in the Dusty Sky Pseudo Immortal's hand. Then, he immediately lifted his hand and unleashed a magnificent surge of sword qi.

The skinny old man quickly mobilized his thoughts.

His coffin instantly moved in front of him to block that attack.

When the two attacks collided, the Dusty Sky Planet rumbled, and huge cracks began to spread from the two of them.

"Now, let us begin."

Pseudo Immortal energy started swirling around the skinny old man's body.

A battle between Pseudo Immortals was about to begin!

...

In the Ancient Godly City.

Looking at the few Daoist Celestials who were willing to stay behind, the Godly Moon Daoist Celestial was very grateful. "You have my deepest gratitude for doing this."

"My lord, there's no need to thank us for this. When I was hunted down by my enemies in the past, you were the one who saved me and allowed me to start a sect in the Ancient Godly Moon Kingdom. Till this day, I still haven't had the chance to repay this kindness you showed me."

A hulking man in yellow robes laughed.

Meanwhile, a cold-looking woman standing beside him glanced at the Godly Moon Daoist Celestial and said, "I'm staying back not because of you or Chu Kuangren, but for the Lunar Palace and all of its disciples there. So, don't think too much of it."

That woman was the Lady of the Lunar Palace, a Heavenly Daoist Celestial.

The Godly Moon Daoist Celestial had known her for many years, and she was firm in speech but soft in heart. Although he did not say much, he was still grateful toward her.

The others also had strong relationships with the Godly Moon Daoist Celestial.

In the air above the Ancient Godly Moon Kingdom.

Having seen everything inside the city, Zi Xiao said indifferently. "It looks like you have made your choice."

He then gently raised his arm.

The cannons from the countless warships behind him were aimed toward the city.

Daoist patterns of light swirled, and surges of energy began accumulating.

"It's a shame that the path you chose... is the path of death!"

Zi Xiao lowered his arm.

Countless light beams were immediately fired from the warships!

Boom, boom, boom...

The energy from the light beams rained down upon the golden barrier of the Ancient Godly Moon Kingdom with a loud bang.

Ripples gradually appeared on the golden barrier.

The war had begun.

At that moment, the Wang clan's Great Forefather came before Zi Xiao and greeted him with cupped fists. "Chu Kuangren is an enemy of my Wang clan as well. Hence, I'm offering to contribute by taking the lead against Chu Kuangren."

Zi Xiao nodded upon seeing this. "It seems that not everyone in the Ancient Godly Moon Kingdom is an idiot since smart people like you are still around."

Just like that, the Wang clan joined the great army of Planet Zi in the conquest of the Ancient Godly Moon Kingdom.

Although the great defensive formation of the Ancient Godly Moon Kingdom was very powerful, the great Planet Zi army was no joke as well. Under the successive bombardment from thousands of light beams, the great formation had started to crumble.

"Prepare for battle!"

The Godly Moon Daoist Celestial said.

After drawing his sword, his terrifying sword aura erupted!

Meanwhile, not far away, a flash of sword ray swooped in and resonated with his sword aura.

"Who's this?"

The Godly Moon Daoist Celestial was a little confused.

He did not sense any sign of hostility from that sword ray at all.

'Unless that person is not from Planet Zi?'

"Haha. My name is Yang Xiao, and I've come to help the Ancient Godly Moon Kingdom!"

A heroic voice came from within the sword ray.

A handsome middle-aged man with hair graying at his temples arrived before the great Planet Zi army. Then, he struck out with his sword, releasing a powerful sword ray toward them.

Dozens of warships were destroyed under his attack!

“Yang Xiao? The Yang Xiao of the Heavenly Sword Sect?”

Planet Zi’s Sky Guardian said coldly, “How dare you people from the Heavenly Sword Sect interfere with this? Aren’t you afraid that Planet Zi will retaliate?!”

“I once owe the Dusty Sky Pseudo Immortal a favor, so I’ve merely come to return it today. This has nothing to do with the Heavenly Sword Sect. If you want revenge, you’ll have to take it out on me.”

Yang Xiao laughed as his white robes fluttered in the air, his sword aura raging forth like a dangerous tide.

Upon seeing that from below, the Godly Moon Daoist Celestial was overjoyed.

‘This guy, Yang Xiao, is a Heavenly Daoist Celestial too.’

‘With his help, the Ancient Godly Moon Kingdom will last a bit longer.’

Whoosh, whoosh, whoosh...

At that moment, several rays of light swooped into the city from space.

Although each of them exuded different Dao fluctuations, all of them were emanating with incredibly powerful Daoist Celestial auras.

“Daoist Celestial Shi Ling, here to assist the Ancient Godly Moon Kingdom!”

“Haha! I, Yun Xiaotian, have come to protect Chu Kuangren, the Sword Poet Immortal!”

“Wandering cultivator, An Tian. I’m here to join the fun too.”

Many of them announced their names one after another.

They were powerful cultivators from the Violet Gold Galaxy, and right now, all of them had come to protect Chu Kuangren.

Everyone was secretly stunned.

They understood that although these people were stating their intentions to protect Chu Kuangren, they were actually here to return the favor to the Dusty Sky Pseudo Immortal.

“The Dusty Sky Pseudo Immortal’s reputation in the Violet Gold Galaxy is just too high. Look at all these powerful cultivators who he once helped.”

“That’s right. Take Yang Xiao, for example. Rumor had it that he used to be an Immortal Progeny and that his Demonic Heaven Sword was made by the Dusty Sky Pseudo Immortal. That sword has been with him ever since.”

“The Dusty Sky Pseudo Immortal’s network is just too powerful.”

Thi spectating cultivators outside the Ancient Godly Moon Kingdom were amazed.

At the same time, the Godly Moon Daoist Celestials and others were greatly overjoyed.

“Ha! As expected of the Dusty Sky Pseudo Immortal. Who can gather all the powerful cultivators from all corners of the galaxy here but him?”

The Godly Moon Daoist Celestial laughed.

On the other hand, the powerful cultivators from Planet Zi looked extremely grim.

“The Dusty Sky Pseudo Immortal is really troublesome.”

The Sky Guardian snorted.

Even he did not expect the Dusty Sky Pseudo Immortal would have such an influence. To think he had such a strong network across the galaxy.

“Planet Zi, do you still wish to fight?” said Yang Xiao with his hands behind his back and a crowd of cultivators here to repay their favor to the Dusty Sky Pseudo Immortal behind him.

“Heh.”

A chuckle rang out as Zi Xiao took a step forward. Then, he said coldly. “A ragtag group like this intends to go against Planet Zi?!”

“No matter who comes today, Chu Kuangren must die!”

“Attack!”

As soon as the order to attack was given, the powerful cultivators from Planet Zi immediately flew out from their respective warships.

Countless powerful auras soon filled the sky above the Ancient Godly Moon Kingdom.

“In that case, bring it on!”

Yang Xiao said indifferently.. With the swing of his sword, a powerful sword aura erupted!

Chapter 873: Battle of Heavenly Daoist Celestials, the Might of the First Seat

The horn of war had sounded!

The powerful cultivators of Planet Zi were dispatched.

The most notable among them were the three Planet Zi guardians, who were all Heavenly Daoist Celestials.

Besides them, there was also a man and a woman wearing black robes and white robes respectively. The two of them were Heavenly Daoist Celestials as well. Known for being a pair of Daoist companions, they were the famous Black and White Star Duo from Planet Zi.

Including the Wang clan Great Forefather, the Planet Zi forces had six Heavenly Daoist Celestials among their ranks.

On the other hand, the Ancient Godly Moon Kingdom had the Godly Moon Daoist Celestial, Lunar Palace Lady, Yang Xiao, and an old man holding a staff. Altogether, there were only four Heavenly Daoist Celestials among them.

The remaining Daoist Celestials from both sides were numbered almost the same.

However, because a Heavenly Daoist Celestial was as powerful as dozens of Great Daoist Celestials, someone must hold off the remaining two Heavenly Daoist Celestials from Planet Zi.

“Leave the Black and White Star Duo to me!”

Yang Xiao said to the Godly Moon Daoist Celestial using his Emperor Thoughts.

“Are you sure you can take on two Heavenly Daoist Celestials at once?”

“Don’t worry. You can leave it to me!”

Yang Xiao nodded.

“Then what about the other Heavenly Daoist Celestial? Who’s going to deal with him?”

“I’ll take care of him.”

The Godly Moon Daoist Celestial said.

A glint flashed in Yang Xiao’s eyes. As the long sword in his hand trembled slightly, a fiery battle intent erupted. “Alright, attack!”

Whoosh!

Yang Xiao stepped forth, immediately heading towards the Black and White Star Duo.

With a swing of his sword, a raging sword ray shot out.

While Yang Xiao was facing off against the Black and White Star Duo, the other Heavenly Daoist Celestials attacked. Each of them soon found their opponent in no time.

The Lunar Palace Lady was fighting against the Earth Guardian.

The old man with a staff was facing the Dark Guardian. As he waved his hands, countless vines flew out, moving about into the void wildly.

“Hmph. Only death awaits you!”

The Sky Guardian, who was second only to the Holy Violet Temple Ruler in strength, snorted. He held his spear and attacked, releasing a devastating aura everywhere.

At that moment, a ray of light appeared and blocked his path.

It was the Godly Moon Daoist Celestial.

“Sky Guardian of Planet Zi, come and face me in battle!”

A violent clash between sword and spear ensued.

Terrifying surges of strength qi spread everywhere like a crashing wave.

Just as he began battling Planet Zi's Sky Guardian, the Wang clan Great Forefather who was nearby looked toward the city hall with a gleam in his eyes. "I'll first destroy this formation and then drag Chu Kuangren out!"

By then, all of the Heavenly Daoist Celestials were occupied in battle.

No one could stop him.

The Emperor qi inside his body surged while his Daoist pattern intertwined. As a terrifying aura was swirling around him, he raised his hand and was about to destroy the formation to drag Chu Kuangren out.

However, while fighting Planet Zi's Sky Guardian, the Godly Moon Daoist Celestial immediately shot several sword rays out towards the Wang clan Great Forefather.

The Wang clan Great Forefather snorted upon sensing that attack. "Hmph! Want to hold me back while fighting the Planet Zi Sky Guardian? You're too naïve!"

Then, he raised his palm and slammed it towards the sword ray.

The sword ray collided with his palm and shattered!

However, the shattered sword ray suddenly dispersed into countless tiny strands of sword qi that intertwined to form a sword qi cage in the void!

Having been trapped within, the expression on Wang clan Great Forefather's face changed.

He unleashed a punch towards the sword qi cage.

With a bang, his palm qi was immediately dispersed, but the sword qi cage was left unscathed!

"What kind of weird technique is this?!"

The Wang clan Great Forefather said coldly.

"Just stay where you are, Wang clan Great Forefather," sneered the Godly Moon Daoist Celestial.

The Fencing Sword Qi Cage was one of his strongest sword techniques.

Although the technique could not do much damage to his opponents, it was most suitable for trapping people. Even cultivators on the same level as him would need some time to break free from it.

"Hmph. Do you think this mere sword qi cage can trap me for long?"

The Wang clan Great Forefather snorted.

He then unleashed several palm attacks successively.

With every attack, the sword qi that was trapping him became weaker.

While the Heavenly Daoist Celestials were in battle, the other Daoist Celestials also attacked, causing several terrifying energy bursts to erupt one after another.

Zi Xiao, Planet Zi's First Seat, stood in the air with a grim expression on his face.

He could not intervene in the battle of Heavenly Daoist Celestials and could only order the warships to focus their light beams on the Ancient Godly Moon Kingdom's great defensive formation.

"We must first catch a snake by its head!"

"As the First Seat, Zi Xiao holds a very important position in Planet Zi. As long as we can subdue him, we'll gain a bargaining chip against Planet Zi."

A hulking man's eyes lit up at that thought.

His figure then turned into a flash of light and rushed towards Zi Xiao, dodging the attacks from several Great Daoist Celestials along the way.

He was so fast that he was in front of Zi Xiao within a blink of an eye.

"Now kneel before me!"

The hulking man yelled.

The might of his late-stage Great Daoist Celestial Realm erupted. His horrifying Emperor qi surged and turned into a gigantic golden palm that grabbed Zi Xiao.

"Fool!"

Zi Xiao snorted.

Countless streams of starlight were swirling around him. When the golden palm landed on them, it could no longer move closer.

"Galactical Starlight Immolation!"

Zi Xiao raised his hand and unleashed his Immortal Technique.

The countless streams of starlight gathered to form a starlight vortex in his palm. Within the vortex, a whole galaxy launched out!

The golden palm immediately crumbled under the power of the galaxy!

As a result, the hulking man was sent flying out of the battlefield while he spat out mouthfuls of blood.

"How is he so powerful?!"

The hulking man's expression changed. Before he could recover from his shock, a ghastly figure suddenly appeared above him.

It was Zi Xiao.

He gently raised his hand. Within his palm radiated with starlight.

Then, he slammed his palm down mercilessly onto that Great Daoist Celestial's head with the might of a crashing meteor.

Bang!

That hulking man's head exploded, and blood splashed everywhere!

The sight of that greatly shocked the powerful cultivators from the other camp.

"Is this the might of Planet Zi's First Seat? Killing Great Daoist Celestials with the lift of his hand? He's simply terrifying!"

"As expected of one of the Violet Gold Galaxy's powerhouses!"

"No one below a Heavenly Daoist Celestial's level can injure him."

Everyone was scared.

Even the Immortal Progenies who were Planet Zi Seats were speechless.

"Such power! So this is the might of the First Seat!"

"It has only been a few hundred years since he became a Great Daoist Celestial, and he can already kill someone in the same cultivation realm as him. It seems like he has gotten a lot stronger since then."

"The Second Seat is nowhere close to being his opponent."

Zi Xiao stood in the air proudly.

His striking gaze landed on the Ancient Godly Moon Kingdom's city hall. "Sword Poet Immortal Chu Kuangren, how long are you planning to hide? Are you still not coming out?"

There was no response.

"What a shame. All of these people have come to protect you. Little do they know that they're protecting a shut-in slouch like you, who doesn't even dare to come out and fight."

Zi Xiao continued to make fun of Chu Kuangren.

There was absolute silence inside the city hall.

Boom, boom...

Only the sounds of energy light beams bombarding the great formation could be heard.

At that moment, the Ancient Godly Moon Kingdom's great formation finally gave way. Cracks began to form, one after another, until the formation crumbled!

Energy blasts rained down upon the ancient city.

Countless buildings were immediately reduced to nothing!

"Lock on to the city hall!"

Zi Xiao sneered.

With the warships' cannons aimed toward the city hall, energy light beams blasted upon the city hall, turning the place into a pile of rubble.

If the Godly Moon Daoist Celestial did not evacuate Tang Haitang and the others to somewhere safe, there would have been numerous casualties.

While the city hall's buildings were continuously destroyed, a room remained unscathed. There were several mysterious Daoist patterns surrounding that room, blocking all the energy light beams that hit.

"Oh, so that's where you are?"

Chapter 874: He's Actually Sleeping, Creating Immortal Techniques, Two in One Go

"Oh, so that's where you are?"

Zi Xiao sneered as he stared at a room surrounded by seals and restrictions in the city hall. With a raise of his hand, he ordered everyone to target it.

One by one, several energy light beams landed on the sealing restrictions.

Even the Ancient Godly Moon Kingdom's great defensive formation could not withstand such a powerful attack, let alone this room's sealing restrictions.

After a round of bombardment, thirty percent of the seals had broken.

However, that was enough to shock everyone.

"Only that much has been broken?"

Zi Xiao could not help but frown.

The Ancient Godly Moon Kingdom's great defensive formation was created using countless resources, whereas that room's sealing restriction was set up by only one person.

Nevertheless, only thirty percent of it had broken under the bombardment of thousands of warships?

"Hmph! Continue and fire!"

After the warships replenished their energy, the bombardment of energy light beams continued!

Forty percent!

Fifty percent!

Seventy percent!

Eighty percent!

Soon, eighty percent of the sealing restrictions had broken down. A faint glow could be seen on the remaining twenty percent as if it was a thin layer of paper that could be torn apart easily.

At the sight of that, the Godly Moon Daoist Celestial and others suddenly got anxious.

However, they were all still occupied with their respective opponents, so none of them could do anything.

The energy light beams from the warships stopped firing.

These energy light beams could not be fired anytime at will as they required a supply of energy. Currently, the warships were charging up the energy.

Another round of bombardment would suffice to destroy that seal!

The person inside was no exception!

A few moments later, the warships were fully charged.

They were now waiting for Zi Xiao's order.

"I know you're in there, Chu Kuangren. Are you not going to come out? Show yourself now, and let me witness the might of the Sword Poem Immortal!" Zi Xiao said indifferently.

There was a hint of fighting intent in his eyes. He really wanted to find out how powerful the Immortal Progeny, who had recently risen to fame, was.

Yet, there was still no reply.

At that moment, the sound of someone snoring could be heard vaguely from that room.

It was as if someone was sleeping in there.

The cultivation level of the people present was not low, which meant that they had sensitive senses. Hence, they could hear the light snoring loud and clear.

For a moment, there was a strange expression on everyone's faces.

After all, they had been battling so fiercely out there.

To think that someone had been sleeping inside the entire time?!

Did that person take them seriously at all?!

'Can you give some respect to the people who are dying for you out here?'

Even Zi Xiao was enraged by it, and he snorted. "Consider this a blessing that I'm letting you die in your sleep!"

He raised his hand, giving the order to attack.

As Daoist patterns flowed through the warships' cannons, countless energy light beams rained down from the sky, cutting through the void and towards that room!

That round of bombardment was enough to destroy the last twenty percent of sealing restrictions.

In the process, the surrounding area was reduced to nothing!

"This is bad!"

The Godly Moon Daoist Celestial exclaimed.

However, at that moment, the winds ceased, and the clouds stopped!

Still caught in shock, everyone realized that the light snoring inside that room had stopped.

Following that, a surge of menacing and tyrannical Emperor qi erupted from that room, surging in every direction like a raging wave!

That room was blown apart by Emperor qi, which automatically disabled the sealing restrictions. Any energy light beams heading towards it were instantly dispersed by the Emperor qi, one by one.

Billows of smoke and dust filled the air due to the impact of the energy light beams.

“What’s going on?!”

“What terrifying Emperor qi!”

Everyone was shocked.

Both sides immediately stopped fighting and looked towards the room that was now covered in smoke and dust. One after another, countless Emperor Thoughts headed towards it, seeking to find out what happened.

Once the smoke and dust dissipated, all everyone saw was a bed amidst the rubble.

Someone was sleeping on it.

That person was none other than Chu Kuangren!

‘F*ck me!’

‘This guy is really sleeping!’

Everyone was dumbfounded.

‘What the f*ck is going on?’

Chu Kuangren slowly opened his eyes, with slight confusion in his eyes. He looked drowsy as he had just woken up.

However, everyone suddenly sensed an immeasurably powerful energy fluctuation spreading from him, and it had an indescribable mystery within it.

“This is... an Immortal Technique fluctuation?!”

Zi Xiao and the other Immortal Progenies who knew Immortal Techniques were surprised.

What followed next stunned them even more.

Surges of mysterious fluctuations spread from Chu Kuangren’s body, turning into displays of conjurations before everyone’s eyes. There were conjurations of meteors lighting up the sky, mountains crumbling near a sea of fire, endless snowfall and blizzards, frost freezing a huge area, and thousands of spiritual weapons hovering in the air...

As the conjurations continued to transform, the Dao fluctuation from Chu Kuangren’s body grew more and more powerful until everyone felt a suffocating fear.

At the same time, heaven and earth rumbled, and mysterious Daoist chimes echoed from the depths of the universe. Thousands of golden lotuses also sprouted around Chu Kuangren.

The heavenly and earthly spiritual qi gathered above Chu Kuangren's head to form an incredibly mysterious rune-like seal!

"T-This is the Dao Proclamation Seal!"

One of the powerful cultivators could not help but gulp in shock. He could not believe his eyes.

The other Heavenly Daoist Celestials were horrified.

"The Daoist chimes sing the Dao Proclamation Seal!"

"How is that possible?!"

"This is impossible. This is certainly impossible!"

Some of the powerful cultivators even shook their heads frantically in disbelief.

Many cultivators were puzzled at that sight.

'What is going on with these powerful cultivators?!'

"The Dao Proclamation Seal is something that can only form by the will of the great Universal Dao. It can only appear whenever a cultivator has created a new and powerful cultivation technique!"

The Godly Moon Daoist Celestial uttered with a trembling tone, "To form the Dao Proclamation Seal, the lowest level of cultivation technique invented must at least be an... Immortal Technique!"

Everyone finally understood.

However, they were still stunned.

All of them looked at Chu Kuangren with a look of horror.

"In other words, Chu Kuangren has created a new... Immortal Technique!"

The whole area fell silent when those words were spoken.

Following that, gasping sounds sounded.

The Immortal Progenies, especially, were very startled as they stared at Chu Kuangren who was still sitting in his bed. Their Daoist cores were almost crumbling from the shock.

They were struggling and working hard to become an Immortal, yet Chu Kuangren had already created a new Immortal Technique!

That was something that only an Immortal could do!

While everyone was shocked speechless, the spiritual qi from the whole area surged and gathered to form another Dao Proclamation Seal above Chu Kuangren's head!

Two Dao Proclamation Seals!

“How could this be? Two Immortal Techniques... He has created two Immortal Techniques in one go! How can something like this happen?”

Planet Zi’s Sky Guardian said in shock.

Creating a new Immortal Technique was already astounding in itself.

Yet, Chu Kuangren had gone and created two instead!

“The Sword Poem Immortal... Is he really an Immortal?!”

Someone murmured.

When Chu Kuangren was initially given this nickname, many had questioned his abilities. However, no one had any objections now.

Creating not one but two new Immortal Techniques in one go? Even if Chu Kuangren were not an Immortal, he would certainly become one in the future!

It was only a matter of time before he did.

“Oh, that was a good dream.”

Chu Kuangren mumbled.

Having drunk all of the Godly Awakening Wine, he utilized the help of the wine qi to study his Single Thought Series and Invincible Technique. However, the alcoholic effects of the Godly Awakening Wine were too strong that it felt as if he had a wonderful dream.

A dream about Dao and Dharma.

The best thing was that he had finally succeeded.

He had successfully increased his Single Thought Series and Invincible Technique to an Immortal Technique’s level!

The conjurations around him soon dispersed.

After the two Dao Proclamation Seals entered Chu Kuangren’s body, Chu Kuangren could sense their powerful energy fluctuation.

‘Another valuable treasure in the bag.’

Chapter 875: Dressing Neatly, Tying the Descendant Self Sword to His Waist, Killing His Foes With Every Step, Armies of Thousands Are Nothing to Him

“Alright. It’s time to deal with you guys.”

Holding his head with his left arm as he leaned on the bed, Chu Kuangren looked at the powerful cultivators from Planet Zi and chuckled.

Although he was a little confused about the current situation, he fully grasped everything that was happening after sweeping through the area with his Emperor Thoughts.

“It’s rude to disrupt someone’s beauty sleep, you know.”

Chu Kuangren said with a yawn.

Upon seeing his languid look, the powerful cultivators from Planet Zi, who had just recovered from their shock, immediately became enraged.

They were a great army consisting of a few Heavenly Daoist Celestials. Yet, Chu Kuangren only saw them as people who disturbed him from his beauty sleep?!

He was not taking them seriously at all.

“Attack! So what if this guy has created a new Immortal Technique. He’s just a mere Daoist Celestial now! He hasn’t become an Immortal yet!”

A Great Daoist Celestial yelled.

Then, his figure flashed as he immediately rushed towards Chu Kuangren.

“That’s right. He still isn’t an Immortal. Why is he so arrogant?”

“Hmph! Now die!”

A few Daoist Celestials dashed towards Chu Kuangren and attacked.

Seeking to destroy Chu Kuangren this time, Planet Zi had promised wonderful rewards to anyone who could kill Chu Kuangren.

Considering how huge that reward was, even Heavenly Daoist Celestials would be attracted.

Sword rays, fist strength, surges of palm qi...

All sorts of energies and Esoteric Techniques were unleashed toward Chu Kuangren.

“Heh. You guys are just too weak to kill me.”

Chu Kuangren took on all of the incoming attacks in bed.

Holding his head with one hand, he gently raised his other hand and unleashed his Emperor qi, which formed a purple vortex.

Countless mysterious Daoist patterns were swirling inside that vortex.

Soon, a wave of Immortal Technique fluctuation spread out.

It was the Invincible Technique, Empyrean Maelstrom!

As an Immortal Technique, the Esoteric Art was much more powerful now!

It was also an Immortal Technique that was most in line with Chu Kuangren’s way of Dao!

When the vortex appeared, every incoming attack was absorbed and dissolved. The Daoist Celestials could not injure Chu Kuangren at all.

“How can this be?!”

“Is this the Immortal Technique he created?!”

“Retreat!”

The Daoist Celestials’ pupils shrank in fear, and they immediately decided to flee.

Only then did they realize that they had been locked on by some sort of vital force.

“Retreat? Where can you guys run off to?”

Chu Kuangren moved his palm lightly, unleashing saber rays, fist strengths, and surges of palm qi from his vortex. Those were the attacks unleashed by the Daoist Celestials earlier.

He had returned all of his opponents’ attacks to them!

Not only that, but since they were also strengthened by Chu Kuangren’s Emperor qi, those techniques were even more terrifying. Before those few Daoist Celestials could escape, they were immediately blown into mists of blood!

The whole battlefield fell silent following this attack.

As the winds blew through the curtains of his room, Chu Kuangren slowly stood up and got out of his bed.

He raised his hand, grabbed the gorgeous white robe on the hanger next to him, and put it on casually.

After making sure that he was dressed neatly, he tied his Descendant Self Sword to his waist.

Chu Kuangren then took a step forward, unleashing a devastating aura that raged forth like a tsunami with his every movement. All of the cultivators at the scene could not help but shudder in fear.

“Are you guys ready? I tend to get a bit grumpy when I wake up.” Chu Kuangren chuckled as his gaze swept across everyone.

With Lil Ai, the Omniscient Spirit’s help, he had identified everyone on the enemy’s side and those that were here to help him with just one glance.

“Everyone, prepare for battle!”

A Daoist Celestial yelled in horror.

However, in the blink of an eye, Chu Kuangren disappeared before everyone.

The Daoist Celestial, who yelled, widened his eyes.

“Where is he?!”

“Over here.”

A chuckle rang out behind him.

Before that Daoist Celestial could turn around or escape, he felt a sudden chill run down his spine. After that, his vision spun before, and he saw a headless corpse in front of him.

‘Wait, isn’t that my body?’

That Daoist Celestial thought.

Then, his consciousness disappeared into the darkness.

After chopping off the head of a Daoist Celestial, Chu Kuangren's Descendant Self Sword released a razor-sharp and chilling sword qi.

"Attack!"

A great roar was heard.

All of Planet Zi's cultivators immediately charged toward Chu Kuangren.

"Come, let us dance!"

Chu Kuangren did not escape. Instead, he faced everyone head-on.

The Descendant Sword in his grasp radiated brightly as he danced through the crowd of attacking cultivators. One by one, his opponents either had their heads sliced off or were sliced in half by his sword qi.

"Knights of Yan Zhao donning plain robes, with sabers gleaming with a frost-like glow."

Suddenly, a poem was recited on the battlefield,

Everyone's hearts trembled as they looked at Chu Kuangren, who was slaughtering his enemies with his sword.

"It's him. He's reciting poetry!"

"It's the Sword Poet Immortal, Chu Kuangren!"

The cultivators who were spectating this battle were all stunned.

'He's fighting while reciting poetry?!'

'F*ck me!'

'Is this the Sword Poet Immortal in action?!'

'He's so f*cking cool!'

"Their silver stallions sparkled bright and far, galloping as fast as a shooting star."

Chu Kuangren's figure looked ethereal. Although he did not use his Spatial Conveyor Skill to move around, he was still incredibly fast.

His figure shot through the battlefield like a meteor as he danced with his sword, unleashing sword rays that illuminated the sky.

"Falling foes with every ten steps, unstoppable with skills adept."

None of the Planet Zi cultivators could lay a finger on him at all. When it came to defensive abilities, Chu Kuangren was almost indestructible in that aspect.

With techniques like the Empyrean Maelstrom, Heavenly Daoist Weapon, Stellar Undying Body, Immortal Body, and many more, he could fight his way through the great army unscathed.

On the contrary, he would take countless lives whenever he swung his sword.

He killed his foes with every step he took!

Armies of thousands were nothing to him!

“Calmly leaving when things are done, hiding their fame once they’re gone.”

Chu Kuangren struck out with his sword horizontally.

His sword qi was retracted.

Taking its place was his mind power, which swirled around him and spread everywhere in the form of circles of light. Every cultivator who got close to the lights was all blasted away with blood spurting from their mouths.

For a moment, no one was left standing around Chu Kuangren.

Standing with his sword and dressed in white, he had the appearance of a Sword Immortal.

Only the screams, cries, and corpses of his enemies surrounded him.

All of Planet Zi’s cultivators were so shocked by his techniques that they could only stare at him in horror. Having seen what had happened earlier, everyone was hesitant to attack him as none dared to act rashly.

Chu Kuangren chuckled.

Then, he took out a jar of Boundless Breeze Lunar and drank it.

He had stopped reciting poetry simply because he had forgotten the parts that came next.

However, those few lines earlier were enough to dazzle everyone witnessing the battle. All of them gazed at him with a yearning look in their eyes.

“So this is the Sword Poet Immortal!”

“Reciting marvelous poetry and wiping out powerful enemies with every move? The Sword Poet Immortal is truly a master in poetry and swordsmanship! His reputation precedes him!”

“He’s too powerful.”

“Falling foes with every ten steps, unstoppable with skills adept! How splendid and filled with killing intent these lines are! It truly captures the scene of the current situation.”

“Chu Kuangren... He’s so charming and romantic!”

The onlookers were all amazed.

Some female cultivators even stared at him with obsessive gazes, mesmerized by what they saw earlier.

“Wonderful, simply wonderful! As expected of the Sword Poet Immortal, Chu Kuangren!”

Even a Heavenly Daoist Celestial like the Planet Zi's Sky Guardian was impressed. However, a stronger killing intent boiled within him!

'The more magnificent and talented Chu Kuangren is, the bigger a threat he poses to Planet Zi. This person cannot remain alive!'

'If we don't kill this person today, Planet Zi shall know no peace!'

"Attack!"

The Planet Zi's Sky Guardian was about to attack Chu Kuangren.

However, he was stopped by the Godly Moon Daoist Celestial!

Besides him, the remaining Heavenly Daoist Celestials were also kept in place by Yang Xiao, the Lunar Palace Lady, and the unknown old man.

"Haha, do you see that, Sky Guardian of Planet Zi? That is the person you're seeking to kill!!! Now I wonder, can you kill him?!"

The Godly Moon Daoist Celestial burst into laughter.

Yang Xiao nearby was also amazed. "I finally understand why Senior Dusty Sky handed him the Dusty Sky Jade Order.. He's such a magnificent person! Hah! He truly deserves to be called the Sword Poet Immortal!"

Chapter 876: The First Seat's Brutal Takedown, Unleashing an Immortal Technique With an Immortal Physique

A great battle was taking place in the Ancient Godly Moon Kingdom.

Chu Kuangren displayed his strength, killing enemies left and right while reciting poems. Everyone was utterly stunned by his prowess as the Sword Poem Immortal.

During that time, the Heavenly Daoist Celestials from Planet Zi could not do anything against Chu Kuangren as they were held back by the other Heavenly Daoist Celestials. As for the remaining Daoist Celestials, all they could do was stand and watch as Chu Kuangren slaughtered them one after another.

Just when the Planet Zi cultivators were deep in trouble, a powerful aura erupted from their camp and swept out everywhere.

Everyone's eyes lit up when they realized who it was.

"It's the Royal Highness!"

"The First Seat of Planet Zi, Zi Xiao!"

Their eyes gleamed with hope.

The overpowering aura was coming from none other than Zi Xiao, the most powerful Immortal Progeny of Planet Zi!

“Sword Poem Immortal, Chu Kuangren!”

A low and grim voice sounded.

Zi Xiao glared at Chu Kuangren with a powerful battle intent lit up in his eyes.

Only when Chu Kuangren looked at Zi Xiao did it hit him. “I seem to recall someone making a commotion nearby while sleeping earlier. Was that you?”

“Hmph. You’ve truly surprised me with your strength.”

Zi Xiao replied with a snort.

Purple swirls of light soon surrounded him, and a purple armor appeared on his body. It was a defensive Heavenly Daoist Weapon.

“That’s the Planet Zi Starry Divine Armor!”

Planet Zi’s Third Seat, Zi Feng’s eyes were wide with surprise.

The Planet Zi Starry Divine Armor was one of the most powerful defensive Daoist Weapons that Planet Zi possessed. Even a Heavenly Daoist Celestial would have trouble breaking through its defenses.

After summoning the Starry Divine Armor, Zi Xiao took out a long dark purple saber. On the long saber sword with patterns that formed a dragon silhouette.

“That’s the Purple Dragon Saber, the offensive Daoist Weapon that accompanies the Starry Divine Armor!”

“It is a Heavenly Daoist Weapon as well. Bringing out two Heavenly Daoist Weapons at the start? It looks like the First Seat is feeling threatened.”

Zi Feng said sternly.

In fact, the power Chu Kuangren displayed had far exceeded that of the Second Seat. Hence, it was not a surprise that Zi Xiao would feel threatened.

Armed with two Heavenly Daoist Weapons, Zi Xiao’s aura instantly erupted!

“Chu Kuangren, ever since I became a Great Daoist Celestial five hundred years ago, no one below the level of a Heavenly Daoist Celestial has ever injured me except Planet Jin’s First Seat. Now, I wonder. Can you do the same?!”

Zi Xiao said coldly.

Although the fact that Chu Kuangren could create Immortal Techniques shocked him, Zi Xiao knew he was also a late-stage Great Daoist Celestial like his opponent. As such, he was confident that he could defeat Chu Kuangren.

“Heh. Where did you get this confidence from, despite being so weak?”

Chu Kuangren shook his head and scoffed.

“Take this!”

Zi Xiao stepped forth and charged with his long saber, slashing it across the air.

A dense surge of saber qi suddenly burst out from the saber and intertwined with his Daoist patterns, turning into a purple dragon apparition that roared towards Chu Kuangren.

“What a useless attack!”

Chu Kuangren casually struck out with his sword.

His Prominent-grade Emperor qi and sword qi erupted, instantly tearing apart that dragon apparition!

Following that, his figure disappeared and immediately reappeared before Zi Xiao, where he unleashed a gorgeous sword ray from his Descendant Self Sword.

Zi Xiao raised his saber and blocked the attack.

Clang!

Sounds of metal clashing rang out as a tremendous strength qi spread everywhere!

Zi Xiao could only feel an inexplicably powerful force sweeping toward him, sending him flying out of control.

“Such power!”

Zi Xiao felt his whole arm turning numb from that attack.

If it were not for his Starry Divine Armor, his arm would have been torn apart by that tremendous force.

Whoosh...

Chu Kuangren’s figure disappeared again in a flash.

He then appeared above Zi Xiao and immediately unleashed a punch at his opponent.

Boom!

His fists landed on the Starry Divine Armor.

Chu Kuangren’s planet-crushing strength caused the Heavenly Daoist Weapon to tremble incessantly. Although Zi Xiao did not take the direct impact of that blow, his internal organs were still shaken by the tremors.

After that punch, Chu Kuangren grabbed Zi Xiao’s arm and tossed him into the air. His figure flashed again, landing punches and kicks on Zi Xiao’s body from left to right and then upwards around his opponent...

Everyone was dumbfounded.

Before the likes of Chu Kuangren, their great and dignified First Seat was as defenseless as a child. The gap in power between them was just too much!

Chu Kuangren appeared above Zi Xiao and kicked him.

Bam!

Zi Xiao crashed into the ground like a meteor.

With a loud bang, the whole Ancient Godly Moon Kingdom shook, and a gigantic crater was created.

Lying inside the crater, Zi Xiao spat out mouthfuls after mouthfuls of blood. Even his indestructible Starry Divine Armor had several cracks on it.

His hair was messy, and he looked like a mess.

He was overcome by a crippling sense of humiliation that he had never experienced before.

It was the first time ever since he became a Great Daoist Celestial that he was beaten up so badly. Even Planet Jin's First Seat had never injured him to such an extent. Besides, he was completely overpowered and suppressed! That was no different than bloody torture!

"This turtle shell of yours is quite tough, it seems."

Chu Kuangren slowly descended onto the ground.

He chuckled. "Speaking of which, I can't believe you're weaker than I thought. It seems like the Planet Zi Seats are nothing but tough talk."

Then, he looked at the other Planet Zi Seats watching from the sidelines. "Say, why don't the few of you join in as well? It's easier for me to wipe everyone out in one go."

Upon hearing his words, they felt a chill run down their spine and quickly took a few steps back. By then, they had completely lost the will to fight him.

The difference in power was just too big!

"Chu Kuangren, I'm going to f*cking end you!"

"I'll wipe you off the face of this world!"

At that moment, Zi Xiao slowly stood up inside the crater, glaring at Chu Kuangren with unfathomable hatred.

"Galactical Starlight Immolation!"

Zi Xiao grunted as he unleashed his Immortal Technique.

The surrounding starlight rapidly gathered around him to form a colorful river of starlight seething with a domineering aura that swept towards Chu Kuangren.

Chu Kuangren merely unleashed a punch.

Invincible Technique, Inverted Universe!

Boom!

The two devastating techniques clashed, immediately causing the surrounding void to crumble!

In the end, the starlight was broken through, and the dense fist energy landed on Zi Xiao's body. Just like that, he was sent flying with blood spewing out from his mouth once more.

Even in terms of Immortal Techniques, Chu Kuangren had overpowered him!

“No, no! Argh!”

Zi Xiao roared.

As Planet Zi’s First Seat, he was a very prideful person, yet he was now beaten up brutally before everyone’s eyes.

His pride had been trampled by Chu Kuangren.

“Behold this technique!”

“Planet Zi Divine Eyes!”

Zi Xiao leaped into the air as a powerful Immortal Technique fluctuation emanated from his body. A purple light radiated from his eyes.

At the sight of that, Zi Feng and the other Immortal Progenies could not help but exclaim.

“That’s the Planet Zi Divine Eyes! Planet Zi’s most powerful Immortal Technique!”

“Only a few people in Planet Zi’s history have managed to cultivate this Planet Zi Divine Eyes Technique. As expected of the First Seat Elite, he has done it!”

Zi Xiao’s Immortal Technique fluctuation grew stronger.

The purple light in his eyes also shone brighter like a burning star!

“Take this!”

The purple light from Zi Xiao’s eyes had lit up to its brightest.

In an instant, a purple ray of light shot out and shattered the void wherever it passed, displaying catastrophic conjurations of planets crumbling.

Even the Heavenly Daoist Celestials were frightened by this attack.

“Single Thought Series, Endless Subzero Decimation!”

An incomparably powerful energy fluctuation erupted from Chu Kuangren’s body.

Surges of freezing qi appeared, freezing up the void.

However, those were not ordinary freezing qi.

They were freezing qi unleashed by the Moon Frost Immortal Physique!

He was unleashing an Immortal Technique with an Immortal Physique!

Terrifying surges of freezing qi erupted and formed a glacial mountain that came crashing down.

As soon as the purple light crashed onto the glacial mountain, the freezing qi began eroding the purple light until it froze. Then, it shattered effortlessly!

The Heavenly Daoist Celestials gasped as their eyes widened in fear.

“An Immortal Physique!”

Chapter 877: The Everchanging Nine Dragon Rune and Heavenly Dao Energy, Slaying the Heavenly Daoist Celestial

After smashing through the Planet Zi Divine Eyes’ purple light, the glacial mountain landed on Zi Xiao’s body, shattering his pride and dignity into pieces.

With a bang, his Starry Divine Armor was covered in cracks.

Having taken a barrage of attacks from Chu Kuangren, that indestructible armor finally gave in and broke into countless shards of metal on the ground.

Zi Xiao was hence affected by the freezing qi, which almost froze his entire body.

The Heavenly Daoist Celestials looked at Chu Kuangren with horror.

They were not mistaken at all.

An Immortal Physique fluctuation did indeed erupt from Chu Kuangren’s body earlier.

“He... He has an Immortal Physique!!”

Planet Zi’s Sky Guardian explained, stupefied.

“It’s a frost-attribute Immortal Physique. Is the frost-attribute Dao his main specialized cultivation?! What a terrifying freezing qi!”

“No wonder he’s so powerful. It’s because he has an Immortal Physique!”

Cultivators with Immortal Physiques were extremely rare to find in the Violet Gold Galaxy.

Of all the civilizations known in the Violet Gold Galaxy, only a handful of Immortal Physique existed. Even the current generation of Planet Zi and Planet Jin Seats were not hosts to an Immortal Physique.

Compared to the other Heavenly Daoist Celestials, the Godly Moon Daoist Celestial was more surprised.

‘Isn’t that Haitang’s Moon Frost Immortal Physique?’

‘How did this happen?’

‘Why does Brother Chu possess Haitang’s Moon Frost Immortal Physique?!’

The Godly Moon Daoist Celestial was extremely dumbfounded.

Chu Kuangren was just too full of surprises.

“Tear this barrier apart!”

At that moment, a cold roar came from the skies.

Having finally broken through the Godly Moon Daoist Celestial's sword qi cage, the Wang clan Great Forefather immediately charged toward Chu Kuangren with a coveting and desperate look in his eyes.

"Those Dao Proclamation Seals, that Immortal Physique..."

"Every Opportunity of Fortune and secrets you have are all mine!"

The extent of Chu Kuangren's combat strengths and talents was simply unbelievable. If he reached that level without any Opportunity of Fortune or secrets, no one would f*cking believe it.

'Perhaps the secrets and Opportunities of Fortune can help me to become an Immortal!'

The Wang clan Great Forefather became elated at that thought.

"So a lowlife like you wants to learn my secret?"

Chu Kuangren snorted.

With a single thought, a golden flame lotus appeared in the palm of his hand.

It was no ordinary flame that created the flame lotus.

Instead, it was the Phoenix's Flames!

That flame was seemingly on par with the freezing qi from Chu Kuangren's Immortal Physique. In fact, the Godly Phoenix Physique might even be more powerful than the Moon Frost Immortal Physique.

The moment the flame lotus launched, the surrounding void was set aflame.

The Wang clan Great Forefather unleashed a palm attack in return. When the two terrifying attacks clashed and exploded, the Wang clan Great Forefather found himself pushed back dozens of meters by the surging flames.

Everyone's eyes widened.

'Did Chu Kuangren force a Heavenly Daoist Celestial back?!'

'He can go head to head against a Heavenly Daoist Celestial!'

"This guy can use Phoenix's Flames too?!"

The Wang clan Great Forefather's pupils shrank in shock.

Then, he looked at Chu Kuangren with even brighter eyes. "First, that Immortal Physique, and now this Phoenix's Flame? All your secrets are mine!"

"I'm afraid you'll have to put your life on the line then."

"Do you possibly think you can battle me, a Heavenly Daoist Celestial?!"

The Wang clan's Great Forefather scoffed.

As he channeled his Emperor qi to its limit, the aura of his Heavenly Daoist Celestial instantly erupted and blasted towards Chu Kuangren.

Upon seeing that, Chu Kuangren's mind power surged.

A gigantic colorful rune appeared in the void!

Nine colorful dragons soared into the air and entered his body soon after, rapidly strengthening his aura to the level of a peak-stage Great Daoist Celestial!

"Dao Fusion!"

Chu Kuangren let out a low grunt.

The hidden Heavenly Dao energy within him also erupted!

Surges of Heavenly Dao energy emerged.

Due to that, his aura was boosted once more!

With both the Everchanging Nine Dragon Rune and Heavenly Dao energy in effect, Chu Kuangren's cultivation level was now extremely close to a Heavenly Daoist Celestial's level.

His combat strength was even more unfathomable!

"I bet you must be sick of staying alive all these years, old man. Well, good news for you. I'm going to send you to meet your maker!" said Chu Kuangren coldly.

Then, his figure disappeared in a flash.

Upon noticing spatial fluctuations appearing behind him, the Wang clan Great Forefather immediately turned and sent a palm attack behind him.

That attack landed on the body of a longsword.

Powerful energy came crashing from the sword and into the arm of the Wang clan's Great Forefather, making him scream in pain.

He could feel it.

That tremendous force did not only contain Emperor qi.

There was also the presence of mind power and raw physical strength!

Emperor qi, mind power, and raw physical strength — three times the normal amount of combat strength!

Even a mighty Heavenly Daoist Celestial was blasted away.

"D*mn it!"

"Tyrannical Troop Piercing Palm!"

The extremely enraged Wang clan Great Forefather channeled his Emperor qi and unleashed a palm attack. His Daoist patterns and Emperor qi intertwined, forming a gigantic black palm in the air!

"Imperial Monarch Sword Art, Cosmic Universal Conquest!"

The fluctuations of Chu Kuangren's Immortal Technique erupted.

A menacing Grand Emperor Avatar soon appeared behind him.

Thousands of sword qi strands were swirling in the palm of the avatar's hand, where a golden sword shadow formed. Then, it was immediately struck out at the Wang clan's Great Forefather!

The black palm and golden sword qi collided!

The black palm was the first to shatter!

Struck within the sword qi attack, the Wang clan Great Forefather was sent flying backward. In the process, the sword qi gave him several bloodied cuts on his body.

Everyone's mouth hung wide open as they watched everything unfold in disbelief.

Chu Kuangren could overpower a Heavenly Daoist Celestial!

"By the heavens, are my eyes working, right?"

"I can't believe something like this can happen!"

"The difference between a Great Daoist Celestial and a Heavenly Daoist Celestial is like day and night. However, Chu Kuangren is now overpowering a Heavenly Daoist Celestial with his Great Daoist Celestial cultivation level!"

"Look! Are those Heavenly Dao fluctuations on him?! He has also gained the Heavenly Dao's recognition! He's a Planet Ruler!"

Everyone was having heated discussions about the battle before them. Chu Kuangren's combat strength had far exceeded that of an ordinary sky-pride.

The Wang clan Great Forefather's pupils trembled as he looked at Chu Kuangren.

He was feeling threatened!

An unforeseen threat of death was now looming upon him!

The Wang clan Great Forefather gulped in fear. To his surprise, he could feel a terrifying threat of death coming from the young man before him!

"Hey, old man. Aren't you a Heavenly Daoist Celestial? What about that talk earlier about wanting my secrets? What's the matter? Feeling afraid now?"

Chu Kuangren walked towards the Wang clan's Great Forefather, his aura growing stronger with every step. With a swing of his sword, another surge of sword qi swarmed out.

"D*mn it!"

The Wang clan's Great Forefather gritted his teeth as he roared and hurled his palm towards the incoming sword qi attack. Despite that, he was forced hundreds of meters backward.

"Quick, help me!"

The Wang clan's Great Forefather yelled to the cultivators from Planet Zi.

Alas, everyone was frightened by Chu Kuangren's power by then. They could not even escape in time, let alone have the courage to face him in battle.

"Your end is here, old man!" Chu Kuangren channeled the power of his Emperor qi and mind power to the maximum before unleashing his Inverted Universe Invincible Technique.

In an instant, the sun and moon were inverted while the whole universe itself was pushed out of order!

The Wang clan Great Forefather was soon enveloped in an unimaginably terrifying burst of fist energy. No matter how he tried to resist, it was no use as his body was eventually blown up into a mist of blood!

Chu Kuangren had killed a Heavenly Daoist Celestial with a devastating one-sided victory!

"You're next."

Chu Kuangren looked at Zi Xiao.

Zi Xiao felt a cold chill run down his spine, and there was a look of terror in his eyes. In the face of death, his pride as Planet Zi's First Seat and his poise as an Immortal Progeny did not matter to him anymore.

The only thing he wanted was to escape.

However, because his body was affected by the freezing qi, he could no longer move.

At that moment, flowing Daoist patterns began glowing on the warships in the air, and all the cannons were aimed toward Chu Kuangren.

"Fire at will!" yelled the Third Seat Elite fiercely.

Countless energy light beams rained down.

"Fools!"

Chu Kuangren gently raised his hand.

Ripples soon appeared in the void.

The countless energy light beams disappeared at once before him and mercilessly rained down upon all the warships in the next moment.

It was his Spatial Conveyor Skill!

One by one, the warships were taken down as they exploded under attacks they launched.

However, that was not the end of it.

Chu Kuangren raised his hand, gathering the surrounding spiritual qi and turning them into countless spiritual weapons. Then, he aimed them at the Planet Zi Seats and remaining warships.

Single Thought Series, Unlimited Armaments Desolation!

Everywhere the spiritual weapons went was as if the god of death himself was passing through!

Countless warships were blown up like fireworks as the enemy cultivators fell one after another.. Even the Planet Zi Seats could not escape the same fate...

Chapter 878: Clone of the Holy Violet Temple Lord, Declaration of War Against Planet Zi

As the barrage of spiritual weapons rained down, one warship after another blew up!

Countless Planet Zi cultivators were dead because of this.

Having killed the Wang clan Great Forefather while the Planet Zi Heavenly Daoist Celestials were held back, Chu Kuangren was now unstoppable!

“Today, those who seek to kill me... shall know death!”

Chu Kuangren said coldly, his frighteningly chilling intent sweeping in all directions.

Then, he looked at Zi Xiao nearby.

He raised his hand, formed a spiritual weapon, and hurled it towards Zi Xiao!

The spiritual weapon shot across the void.

Zi Xiao’s pupils shrank as an unprecedented threat of death enveloped him. However, at that moment, a ray of purple light was released from his body.

The purple light turned into a barrier of light that repelled the incoming spiritual weapon!

From the barrier of light, a figure walked out.

It was the Holy Violet Temple Lord!

“It’s His Royal Highness, the Temple Lord!”

“No, wait... That’s only His Royal Highness’s clone.”

“This is a clone that His Royal Highness, the Holy Violet Temple Lord, left in Zi Xiao’s body. His Royal Highness has spent many resources creating that clone, which possesses at least a late-stage Heavenly Daoist Celestial’s combat strength. This is great news. Chu Kuangren’s death is certain now!”

The Planet Zi cultivators were delighted.

A late-stage Heavenly Daoist Celestial was much stronger than the Wang clan Great Forefather.

Furthermore, that was a clone of the Holy Violet Temple Lord himself.

He was a master of Immortal Techniques.

“Chu Kuangren, how dare you remain standing? Can’t you see that His Royal Highness is here? Bow down, now!” Upon seeing the Holy Violet Temple Lord’s appearance, Zi Xiao suddenly gained some courage to talk back.

“That’s just a clone, you know. Do you possibly think it can stop me from ending your life?” Chu Kuangren said indifferently.

Sword qi surged around him and locked onto the Holy Violet Temple Lord.

On the other hand, the Holy Violet Temple Lord was also glaring at him with a terrifyingly grim expression. Soon, a terrifying aura erupted from his body.

“You b*st*rd!”

“How dare you inflict such heavy losses upon my Planet Zi?”

Chu Kuangren could not help but laugh upon hearing this. Then, he replied with a chilling tone, “You’re one to talk. Who was the one that wanted to kill me in the first place, huh? And now you’re blaming me for all the casualties you’ve suffered? Oh, Lord of Holy Violet Temple, did you have a screw loose inside that skull of yours?”

If everyone left him alone, he would leave them alone too. Chu Kuangren had always lived by that principle. However, if anyone dared to mess with him, he would surely retaliate tenfold!

Planet Zi’s actions had deeply angered him.

The fact that they had sent the Gold Guardian on a mission to destroy the Firmament Star was particularly infuriating. How could he stand it when Planet Zi had the audacity to destroy his civilization!

“Today, not only am I going to deal heavy casualties to you people from Planet Zi!”

“But in the future, I will also personally visit Planet Zi and let you people know what it feels like to have your civilization destroyed, reduced to ruins!”

Chu Kuangren’s voice reverberated in the sky and space.

All the cultivators watching this battle were shocked.

Chu Kuangren has declared war against Planet Zi!

If Planet Zi wanted to kill him, he would destroy their whole planet in return!

He was planning to go against a whole civilization on his own!

“Can he do such a thing?!”

Everyone was seemingly at a loss.

Meanwhile, a fiery rage could be seen in the Holy Violet Temple Lord’s eyes.

As one of the two strongest civilizations in the Violet Gold Galaxy, few dared to challenge the might of Planet Zi, let alone publicly declare war against them.

Moreover, they were challenged by a young cultivator!

Something like that had never happened before in history.

The Holy Violet Temple Lord exploded with rage while his aura fumed. “Chu Kuangren, I shall send you to your grave today!”

The moment he said those words, he raised his hand to gather the surrounding starlight!

Once a gigantic starlight sword was formed, it immediately struck out at Chu Kuangren!

A bone-chilling sword aura swept through the whole Ancient Godly Moon Kingdom.

Nevertheless, Chu Kuangren did not evade or flee.

His mind power and Emperor qi erupted at once!

“Imperial Monarch Sword Art, Cosmic Universal Conquest!”

His Grand Emperor Avatar manifested!

Thousands of sword qi strands then gathered to form a golden sword shadow in the avatar’s hand!

Boom!

It was the starlight sword against the grand emperor’s sword!

The two sword shadows clashed, spreading powerful shockwaves that sent every surrounding cultivator flying and smashing into the ground.

That clash of swords forced both Chu Kuangren and the Holy Violet Temple Lord back.

However, their fight had only begun.

“Single Thought Series, Unlimited Armaments Desolation!”

Thousands of spiritual weapons were formed, and they locked onto the Holy Violet Temple Lord.

Boom, boom, boom!

The barrage of spiritual weapons was seemingly endless!

The Holy Violet Temple Lord grunted. “Galactical Starlight Immolation!”

His Immortal Technique fluctuations spread everywhere.

A river of starlight thousands of kilometers long soon formed around him, blocking all of the incoming spiritual weapons before it unleashed towards Chu Kuangren after that!

“Single Thought Series, Endless Subzero Decimation!”

That was when he unleashed his Immortal Technique with his Immortal Physique.

A terrifying surge of freezing qi erupted, forming a glacial mountain in the air.

All of a sudden, the river of starlight was frozen!

The unparalleled coldness of the freezing qi advanced further, causing the Holy Violet Temple Lord’s pupils to shrink in spite of himself.

“An Immortal Physique!”

He channeled his Emperor qi and attacked once more to shatter the glacial mountain.

However, the powerful force of the impact sent him flying hundreds of meters backward.

“This person must die today!”

“Or else, Planet Zi shall never be at peace!”

The Holy Violet Temple Lord’s eyes were bursting with killing intent. He let out a loud yell, gathering the endless surrounding starlight towards him to form several rivers of starlight in the void. The immense starlight energy was already enough to make the void crumble.

“Bring it on!”

Chu Kuangren grunted coldly.

His Emperor qi and mind power fused with mysterious Daoist patterns covered his body.

Soon, a terrifying Immortal Technique fluctuation erupted from him.

“Take this!”

The Holy Violet Temple Lord swung his arm.

At that instant, the rivers of starlight were hurled towards Chu Kuangren.

As the starlight rivers flowed in the void, they intertwined and formed a gorgeous conjuration. However, everyone was frightened by the might of that attack.

On the other hand, Chu Kuangren stood still in the face of that attack.

Suddenly, the surrounding winds disappeared while the clouds in the sky stopped moving!

The whole area plunged into an eerie silence.

Chu Kuangren then opened his gleaming eyes fiercely.

“Single Thought Series, Absolute Silence, Planetary Destruction!”

Countless purple and crimson-colored bands of light that appeared as a combination of his Daoist pattern, Emperor qi, mind power, Immortal Physique’s freezing qi, and Phoenix’s Flame spread out in all directions.

Wherever the bands of light went, the void was shattered!

Eventually, the rivers of starlight collided with the purple and crimson-colored bands of light.

A never-ending series of explosions ensued, followed by the crumbling of the void with every time the starlight river and light band clashed. As a result, the whole Ancient Godly Moon Kingdom began to rumble.

The clash had reduced more than half of the Ancient Godly Moon Kingdom to ruins.

As Chu Kuangren and the Holy Violet Temple Lord were directly caught in the impact, they were both forced back.

The might of that impact did not affect Chu Kuangren at all because of his horrifying raw physical strength. However, things did not look good for the Holy Violet Temple Lord.

With his face turning pale and blood dripping from the corner of his mouth, he looked at Chu Kuangren with shock. "Such terrifying power."

"That's all it takes to shock you?"

Chu Kuangren sneered.

After that, his figure disappeared in a flash.

When he appeared before the Holy Violet Temple Lord the next instant, Chu Kuangren immediately attacked with the Descendant Self Sword. The Holy Violet Temple Lord was caught on the defensive.

By then, Chu Kuangren had unleashed a myriad of techniques. At his current cultivation level, all his cultivation techniques were incredibly powerful.

His Single Thought Series, Invincible Techniques, Imperial Monarch Sword Art...

"Inverted Universe!"

With a swing of his sword, the might of Chu Kuangren's Invincible Technique erupted.

The sword attack sent the Holy Violet Temple Lord flying.

"Planet Zi Divine Eyes!" The Holy Violet Temple Lord yelled, and a purple light appeared in his eyes. He had unleashed the most powerful Immortal Technique from Planet Zi!

"Time Lock!"

Just when his opponent's Immortal Technique was unleashed, a mysterious burst of energy fluctuation suddenly appeared from Chu Kuangren's body. He was using a divine ability!

A time-based divine ability!

The purple light from the Holy Violet Temple Lord's eyes froze for a moment.

The next instant, Chu Kuangren was already before the Holy Violet Temple Lord, and the Descendant Self Sword in his hand swung forward.

With a swing from his sword, a blood-colored light shot out!

The Holy Violet Temple Lord's clone had fallen!

Somewhere on Planet Zi.

Inside a palace, the Holy Violet Temple Lord opened his eyes fiercely. "Chu Kuangren! I'm going to f*cking kill you!"

2

Chapter 879: A Heavenly Daoist Celestial's Self-Destruction, the Great Battle Ends
In the Ancient Godly Moon Kingdom.

Chu Kuangren had defeated the Holy Violet Temple Lord's clone with a swing of his sword. During that fight, the variety of techniques he used had stunned everyone.

“Did he just use a time-based technique? How many trump cards does this guy have?”

“This is simply terrifying.”

“He seems to have an endless arsenal of techniques and even divine abilities. How did this guy even manage to cultivate all of it to this level? He’s only forty years old, for heaven’s sake!”

Planet Zi’s Sky Guardian, the Black and White Star Duo, and others were very frightened.

After killing the Holy Violet Temple Lord’s clone, Chu Kuangren came before Zi Xiao, Planet Zi’s First Seat, and unleashed a punch without a second thought. In a split second, Zi Xiao’s body exploded!

The First Seat of Planet Zi was dead!

“Retreat!”

Planet Zi’s Sky Guardian said through gritted teeth.

Chu Kuangren could already kill a late-stage Heavenly Daoist Celestial at his current strength. With the Godly Moon Daoist Celestial, Yang Xiao, and others around as well, it was clear that Planet Zi’s forces were utterly defeated. None of them were able to kill him at all.

The only thing they could do now was to retreat!

“Going so soon? I don’t think so.”

Chu Kuangren’s gaze locked onto the Black and White Star duo. His figure disappeared in a flash and arrived in front of them, where he unleashed his Imperial Monarch Sword Art right away!

The Grand Emperor Avatar manifested!

The sword shadow in its grasp then came crashing down upon them!

The White Star of the Black and White Star duo let out a cry and gathered a bunch of starlights, turning them into a gorgeous starlight river before she attacked.

However, her attack could not stop the Grand Emperor’s sword at all!

The river of starlight was quickly destroyed!

Following a scream, the White Star was brutally torn into two by the sword shadow.

“Lian’er!”

The Black Star roared upon seeing that, his eyes wide with sorrow.

“You’re f*cking going down with me!”

Staring daggers at Chu Kuangren, the Black Star channeled his Emperor qi to the maximum with grief and rage. Soon, his body was emanating with countless mysterious Daoist patterns.

As the Daoist patterns swirled, strands of starlight started gathering around him.

As if he had turned into a planet, the Black Star immediately charged towards Chu Kuangren, seeking to perish with him!

“I’m bringing you down with me no matter what! Crumbling Planetary Self Destruction!”

Along with a great roar, the Black Star’s body started to swell and expand as he got closer to Chu Kuangren.

Boom!

An earth-shattering explosion erupted.

Shockwaves from the explosion spread in all directions, affecting planets as far as millions of kilometers away in space. A great portion of the void crumbled, and countless cultivators died from being caught in that explosion.

The explosion of a self-destructing Heavenly Daoist Celestial was truly horrifying.

However, many cultivators were curious about the situation at the heart of the explosion.

“I bet that guy must be dead by now.”

The Planet Zi cultivators could not help but feel excited about that.

Nevertheless, once the dust settled, smoke dispersed, and energy fluctuations dwindled, everyone was greeted by an extremely shocking sight at the center of the explosion. Amidst the smoke and dust, a white figure stood in the air as if an otherworldly Immortal had descended.

It was none other than Chu Kuangren!

He had no injury on him at all.

“A Heavenly Daoist Celestial’s self-destruction can’t even hurt him?!”

“H-How is this even possible?!”

“No, no. This is impossible. How can he be so powerful? How can a Heavenly Daoist Celestial’s self-destruction not hurt him at all?”

The Planet Zi cultivators were in utter disbelief.

Meanwhile, standing amidst the energy storms caused by the explosion earlier, Chu Kuangren merely patted his chest and said apathetically, “So he chose self-destruction, huh? Only a meaningless death awaits such a fool.”

The explosion of a self-destructing Heavenly Daoist Celestial was undoubtedly terrifying.

Even with the Heavenly Daoist Weapon protecting him, Chu Kuangren was still greatly affected by the impact of that explosion. However, it only caused minor injuries to his Stellar Undying Body — injuries that his Immortal Body could heal in a second.

“He’s a monster...”

One of the Daoist Celestials gulped in fear.

Indeed.

At that moment, Chu Kuangren was no different than a monster to them.

‘What kind of sky-pride or Immortal Progeny possesses such power at forty years old?’

‘This guy is a freaking monster!’

“Out of my way!”

The Planet Zi cultivators panicked and started to escape.

Upon seeing that, thousands of sword qi emanated from Chu Kuangren’s body and rained down on the battlefield, where the thousands of sword qi transformed into clones.

The sword qi clones hunted down every one of the Planet Zi cultivators.

Endless death and casualties would follow wherever the sword qi clones went!

That slaughter lasted for one whole day.

Only a tenth of the Planet Zi cultivators remained after that. Even those people had no idea how they survived such a terrifying situation.

It was just too scary.

Upon recalling Chu Kuangren’s face, they shuddered in fear.

Ever since that day, Chu Kuangren had become their nightmare.

As for the cultivators watching the battle, they swore never to forget everything that happened that day for the rest of their lives.

He alone could stop an entire army!

He alone slaughtered Planet Zi’s forces to the point of total annihilation!

The glory and feats that person alone had achieved could light up the whole galaxy!

On the battlefield, Chu Kuangren’s sword qi clones were soon dispersed one by one.

Following that, his aura gradually dwindled and became weaker. As the effects of the Everchanging Nine Dragon Rune faded away, he soon returned to the late-stage Great Daoist Celestial Realm.

However, no one in his surroundings dared to underestimate him.

It was because that Great Daoist Celestial had killed four Heavenly Daoist Celestials on his own before their very eyes!

Among the four included a late-stage Heavenly Daoist Celestial too.

“Brother Chu, are you alright?”

The Godly Moon Daoist Celestial went up to him and asked.

“I’m feeling great.”

Chu Kuangren chuckled.

Looking at the ruined Ancient Godly Moon Kingdom, Chu Kuangren expressed his apology. "Brother Godly Moon, I'm sorry for dragging the Ancient Godly Moon Kingdom into this—"

"It's alright, Brother Chu. It's just a city, after all."

The Godly Moon Daoist Celestial waved his hand, clearly not bothered by that. "Before Planet Zi's great army arrived, most of the cultivators in this city had evacuated and escaped. Thus, this city is the only thing that's damaged, so don't worry. We'll just rebuild our city."

At that, Chu Kuangren nodded. "Don't worry, Brother Godly Moon. I'll surely help you with rebuilding a more magnificent Ancient Godly Moon Kingdom than before!"

He then looked into the stars with a chilling gaze. "It's only fair for Planet Zi to be the main sponsor for this."

Everyone could not help feeling a chill run down their spine.

That was when they recalled Chu Kuangren declaring war against Planet Zi earlier.

"Brother Chu, are you really going to Planet Zi?"

The Godly Moon Daoist Celestial asked.

"That's right. Planet Zi has caused me too much trouble. They even dared to destroy my Firmament Star too. I will make them pay for this."

"Planet Zi has reigned supreme in the Violet Gold Galaxy for countless years. Their background and foundations are not something to be taken lightly. Besides, I heard that they have Pseudo Immortals in their ranks, too. Brother Chu, I know you're very powerful now, but I'm afraid you'll still come short in your fight against Planet Zi."

The Godly Moon Daoist Celestial tried to offer his advice. From what he could tell, Chu Kuangren, with his current strength, was already at the pinnacle of power in the Violet Gold Galaxy. However, in the face of a civilization like Planet Zi that possessed the resources and connections to boot, he would still pale in comparison.

"Don't worry, Brother Godly Moon. I'm well aware of this, and I won't make my way there now either. For now, I will leave the Ancient Godly Moon Kingdom for a while and make my move when the perfect opportunity arises."

Chu Kuangren explained. He understood the level of danger and the threat he had to put himself in to face an entire civilization alone.

Before he was completely sure, he would never act hastily.

After that, Chu Kuangren then looked at Yang Xiao and the others.

"Everyone, I will remember the act of kindness that you guys have shown me today."

He said with a fist salute.

“Don’t sweat it, Brother Chu. We’re only here to return a favor to the Dusty Sky Pseudo Immortal.”

“That’s right. Senior Dusty Sky forged a sword for me many years ago. And today, I’ve finally repaid that favor to him.”

“Since I’ve returned this favor, my mind is clear. I shall go into closed-door meditation, and I’m certain I can break through my bottleneck this time.”

Everyone continued talking.

“Brother Chu, now that the Planet Zi matter is almost resolved, it’s time we leave too. You can come and visit my Heavenly Sword Sect whenever you’re free. I will definitely welcome you with open arms.”

Yang Xiao chuckled.

With that, he turned around and left.

The others left as well..

Chapter 880: Hunted, Leaving The Ancient Godly Moon Kingdom, You’ll Have To Work Hard

The battle at the Ancient Godly Moon Kingdom was just too remarkable.

The battle had captured the attention of countless forces and civilizations, and the name of Chu Kuangren, the Sword Poet Immortal, was put into the limelight once again.

Everyone was talking about him.

No one thought that Chu Kuangren could survive.

After all, he was facing Planet Zi’s civilization.

However, not only did he survive, but he even made Planet Zi suffer a big loss. Besides the Wang clan Great Forefather and the clone, the battle had killed three Heavenly Daoist Celestials.

The Black and White Star Duo and Gold Guardian were also killed in Firmament Star.

A Heavenly Daoist Celestial was the backbone of a civilization.

How many Heavenly Daoist Celestials could a civilization have?

Even a powerful civilization like Planet Zi had no more than ten Heavenly Daoist Celestials. Yet now, three of them are dead!

Not to mention, the rest of the Daoist Celestials who suffered casualties.

Even Immortal Progenies like the First Seat were dead.

On top of that, the most important thing for Planet Zi was... their reputation!

Forces that were more powerful and famous often valued their reputation very much, just like Planet Zi.

This time, not only did they fail to kill Chu Kuangren, but they also fell into his hands and were used as a stepping stone to make his name a sensation across the galaxy.

He made Planet Zi look like a disgrace!

They were no longer as prestigious as before.

That was the most unbearable thing for the higher-ups of Planet Zi. Hence, after the battle at the Ancient Godly Moon Kingdom, Planet Zi issued a hunting order for Chu Kuangren.

A hunting order with a reward of up to ten billion spiritual marrows!

In addition, they would also be given two Heavenly Daoist Weapons, an Immortal Technique, the position of Planet Zi's Expatriate Elder, and other generous rewards.

It could be said that whoever killed Chu Kuangren would gain instant success!

The issuance of the hunting order caused a great stir in the entire galaxy.

Unfortunately, not many people dared to accept the challenge.

Everyone knew the extent of Chu Kuangren's combat strength. The few Heavenly Daoist Celestials Planet Zi sent could not even defeat Chu Kuangren. In fact, they were killed in embarrassment. Who would dare to provoke a person like Chu Kuangren?

The Heavenly Daoist Celestials dared not.

Some advanced cultivation civilizations dared not as well.

...

In the Ancient Godly Moon Kingdom

After the battle, those cultivators who left returned one after another.

Although most of the ancient city was damaged, some intact places soon became lively again.

"Have you heard about it? Planet Zi has issued a hunting order to Chu Kuangren."

"Yes. The rewards are extremely generous. Even I am tempted. The assassins in this galaxy should be tempted too."

"You're tempted? Why don't you give it a try?"

"What a joke! You saw the battle that day. That man was a monster."

"I heard that Black Blood Tower is taking action."

"My goodness! Someone dares to do it."

In the Ancient Godly Moon Kingdom, countless cultivators were still engrossed in the battle that happened not long ago and could not recover from the shock. Even until this day, they were discussing it.

At that moment, at the end of the street.

A man in a gorgeous white robe was approaching.

People on both sides of the street stepped aside after noticing the white-robed man and made way for him as if they were welcoming a king.

He was none other than Chu Kuangren.

The crowd stared at him with awe and admiration in their eyes.

Chu Kuangren did not bother about the crowd or their comments. He was simply heading to the Three Thousand Firms.

Manager Li attended him.

“Brother Chu, how have you been?”

Manager Li looked at Chu Kuangren with faint reverence in his eyes.

Even Manager Li did not expect Chu Kuangren to be so freakishly powerful, and the latter’s net worth was far beyond his imagination.

“How’s the preparation for the things that I need?” Chu Kuangren came to get the ingredients for brewing Godly Awakening Wine.

“They are almost ready.”

Manager Li took out a Yin and Yang Ring.

It contained various ingredients for brewing the Godly Awakening Wine.

Chu Kuangren took the ring, mobilized his Emperor Thought, and glanced at it. After that, he also took out a Yin and Yang Ring. “This is the agreed final payment.”

He had spent half of his spiritual marrows buying these ingredients.

However, these spiritual marrows were nothing to him. He was willing to spend as much as he could as long as he could successfully brew the Godly Awakening Wine.

“Thank you, Brother Chu.”

Chu Kuangren left after completing the transaction.

“Master Chu.” Upon seeing Chu Kuangren pass by Breeze Lunar Mansion, the Breeze Lunar Mansion’s Madam greeted him.

“Hello, Madam.”

“Master Chu, how are you? Would you like to come in and have a few drinks?”

Chu Kuangren touched his nose and said with a smile, “I’ve just bought some things, and I’m afraid I’m a little tight on finances to spend on drinks.”

“You must be joking, Master Chu. We are willing to serve you out of our pocket. Don’t mention the spiritual marrows,” said Breeze Lunar Mansion’s Madam while pulling Chu Kuangren into the Breeze Lunar Mansion.

“Sisters, Master Chu’s here.”

Breeze Lunar Mansion’s Madam shouted.

Then, Lil Yue and the rest of the ladies walked out.

“It’s Master Chu.”

“That’s great. Prepare some wine for Master Chu.”

Lil Yue said to a servant.

When Chu Kuangren heard that, he said, “No need. I’m just here to listen to some music today. There’s no need for wine.”

Wines in Breeze Lunar Mansion were extremely expensive.

He did not mind spending in the past, but he could not afford it now that he had just bought the ingredients for the Godly Awakening Wine.

“Hey, you don’t have to be shy, Master. As I said, it’s my treat,” said Breeze Lunar Mansion’s Madam as she rolled her eyes.

Lil Yue and the rest of the ladies immediately understood the situation.

“Indeed, Master. Come, have a seat.”

“Since it’s Master Chu, we can serve you for free.”

“Don’t mention it for free. I’m fine even if I have to serve you out of my pocket.”

A lady said delightedly.

Many of the ladies thought the same as well.

Chu Kuangren was just outstanding.

They knew a man like Chu Kuangren was out of their reach, but they would be extremely happy if they had some connection with him.

Meanwhile, there were many guests in Breeze Lunar Mansion too.

Seeing how popular Chu Kuangren was, they began to feel a little jealous.

“How good it is to look handsome?”

“Tsk tsk. Looking handsome is not the point. The point is that he is handsome, powerful, and multi-talented. No one can beat him...”

“No wonder he’s called the Sword Poet Immortal.”

“Those ladies in Breeze Lunar Mansion usually have their noses up high. But with Chu Kuangren, they can’t wait to lose money instead of getting paid.”

1

“Stop talking about it. I feel like an idiot compared to the Sword Poet Immortal.”

...

After letting loose in Breeze Lunar Mansion, Chu Kuangren carried a pot of Boundless Breeze Lunar and drank it on his way back to the city lord’s mansion.

However, he did not plan to stay any longer this time.

He was here to bid farewell.

“Brother Chu, you’re leaving?”

Tang Haitang felt a little reluctant as she looked at Chu Kuangren.

Although they had not spent much time with each other, Tang Haitang was sure she had fallen in love with Chu Kuangren. Now that they had to part, she felt a little sad.

Having sensed Tang Haitang’s sadness, Chu Kuangren smiled. “The universe is huge and vast. There are still many people and scenes waiting for me to meet and explore. Lady Tang, we will meet again in the future if we are destined.”

“Yeah.”

Tang Haitang nodded.

“Farewell then, Brother Chu.”

Godly Moon Daoist Celestial said.

“We shall meet again.”

With that, Chu Kuangren turned and left.

Behind him was Tang Haitang’s reluctant gaze.

The Godly Moon Daoist Celestial looked at his daughter and said calmly, “Brother Chu is destined for bigger things, and he sees what others can’t. Haitang, you’ll have to work hard if you want to stand next to him.”

He was trying to use Chu Kuangren’s existence to inspire Tang Haitang.

“Yes, I will.”

3

Tang Haitang nodded firmly.
