Chapter 2151: Electric Shadow!

However, he does not like to be involved in power disputes, so he will not take the initiative to expand the power for the Wang family.

At the same time, in most cases, he would not take action. He would only help when the Wang family's direct line encountered danger.

However, even so, in the past few decades, relying on the existence of the old man, the Wang family has also secured its overlord position in this capital city!

Although Ma Hongduo looked down upon Wang Kai as a person, firstly, the Patriarch Wang was kind to him, and Wang Kai was the son of the Patriarch Wang.

Second, Ma Hongduo stayed in Wang's house for decades, and he was regarded as watching Wang Kai grow up. Although he didn't say anything, he actually had feelings for Wang's family and Wang Kai.

Ye Chen injured Wang Kai on the spot, and he was furious!

The old man slowly raised his hand. Before he took his action, a torrent of weather had already swept the entire restaurant. The guests present were no longer shocked or scared, but fainted and vomited. Foam in the mouth of Foam!

The best is to be crushed on the ground, shaking crazily!

This is just the breath leaked by the old man at the door, it is already so terrifying!

The few people who could still retain their consciousness thought in their hearts, Ye Chen, who faced this coercion, didn't even need the old man to take action. He was directly crushed and seriously injured, even broken to pieces, died?

What if it can resist Wang Kai's sword?

This coercion and Wang Kai's attack are not at the same level at all!

However, they did not see that Ye Chen still had an indifferent look, but his hand really stopped.

The old man was relieved when he saw this. He knew that even if he could crush Ye Chen, if Ye Chen really insisted on shooting Wang Kai, he was really not sure to save Wang Kai. The main reason for releasing his breath was to deter. Ye Chen.

Wang Kai was sweating profusely, and his face was full of joy after the disaster!

But at this moment, Ye Chen smiled faintly: "What? Feel relieved? Now, want to go? Did I let you go?"

"What are you talking about?" Wang Kai's complexion changed drastically, his whole body agitated, and he was about to flee Ye Chen's side desperately. Ma Hongduo's eyes also burst, his eyes sharpened instantly!

He looked at Ye Chen angrily and said, "Boy, people can be crazy, but you can't be too confident! The old man said, let you stop. If you treat the old man's words as if you are so despising the old man, don't blame the old man for being big Bullying!"

As he said, the hand that had not been completely put down, once again gathered boundless spiritual power, transformed into a roaring angry dragon, with distinct claws and vividness!

With a palm hit, the angry dragon flew towards Ye Chen with the sound of dragon chants that shook the entire Tianducheng!

Under the power of this angry dragon, everything seems to be surrendered in front of it! No exceptions!

This palm is very strong!

This Ma Hongduo is worthy of being an unworldly powerhouse who has been immersed in martial arts for thousands of years, and his shot is really extraordinary!

Moreover, Ye Chen looked at that angry dragon's eyes gleaming, he knew that Ma Hongduo had left his hand.

With this palm, he did not intend to kill himself.

This Ma Hongduo, even though he was a little short in his protection, was able to indulge Wang Kai.

However, even so, Ye Chen certainly didn't mean to let Wang Kai go.

He is a person with a bottom line. Before he violates his bottom line, he can not care about you.

However, if he violates his bottom line, he will definitely make a move. Once he makes a move, no one can stop it!

Although Wang Kai was running away desperately, his poor speed was like a snail in Ye Chen's eyes. How could he escape?

Ye Chen's palm seemed to move slowly, and the next moment, a scream resounded through the entire Tianducheng!

With a loud bang, Wang Kai really personally was slapped to the ground by Ye Chen, his face was **** and bloody, and even Wang Kai's facial bones were shattered by this palm!

Ma Hongduo writhed with anger, but at the same time, his pupils contracted slightly, this palm, so fast!

Even soon, the palm of the angry dragon he played hadn't reached Ye Chen!

And that angry dragon arrived in a flash, as if feeling the surge of anger from the owner, spreading its teeth and dancing claws, it looked ten times more hideous!

Ma Hongduo said coldly: "Damn boy, it seems that I won't teach you a lesson, you really don't know what the sky is thick!"

"Oh, is it so?"

Ye Chen looked directly at the angry dragon who threw himself in front of him, his expression still calm, turned his hand, and held a long sword.

He said lightly: "I really don't know the sky and the earth are thick, but you don't seem to be qualified to teach me."

Ma Hongduo laughed wildly, the palm print did not fall for a while, but was tumbling around Ye Chen, he smiled at Ye Chen:

"Hahahahaha, boy, ordinary people are crazy, it's impossible to say this kind of thing in the face of my palmprint?"

I don't know if you are really not afraid of death, or if you have a brain problem, but the old man still appreciates you, bow your head, I don't want to hurt you, arrogant, but if you don't have enough strength, being too arrogant will kill you. of. "

Accompanied by Ma Hongduo's stern shout, the giant dragon flying around Ye Chen finally roared and suppressed!

The entire restaurant trembled crazily under the shocking palm of Ma Hongduo, and countless tables, chairs and furniture were instantly shattered to dust, and the warriors who were still sane all feared from the heart, and their teeth trembled.

Is this the power of the strong man?

It is beyond imagination!

With a loud bang, the dragon descended, palms puffing, and dust filled the sky.

Originally, where Ye Chen stood, a huge hole was blasted out, but Ye Chen was not seen.

And everyone was finally liberated from Ma Hongduo's momentum.

They stood up and breathed a sigh of relief. The coercion of closing the door halfway was really unbearable.

One person looked at the pothole and wondered: "Where is the kid named Ye Chen just now? Why is he missing?"

The person beside him didn't care, and sneered: "What else? You don't look at how strong that palm is, you might be smashed directly?"

Another person shook his head and said, "This Ye Chen is amazing. With such a strong pressure, we can't resist even the slightest leak, but Ye Chen can face it, but this person is too crazy. , It turns out that madness has to pay a price."

But at this time, Ma Hongduo's pupils shrank suddenly, he knew that his palm didn't cost Ye Chen's life, and it was even more impossible to annihilate it into nothingness!

So, where did Ye Chen go?

But other people can't even feel Ye Chen's existence. Why is that?

At this time, in Ma Hongduo's eyes, there are countless electric lights that are invisible to ordinary people. The reason why they are invisible is because the speed of these electric lights is too fast!

It's almost unbelievable!

Chapter 2152: The trail of Chen Zhifan!

Even he can only catch a trace of shadow!

Ye Chen didn't disappear at all, but because he displayed an extremely terrifying body technique, the speed was so fast that everyone in this restaurant, except for him, could not detect the existence of Ye Chen!

Ma Hongduo's expression completely changed!

How could it be possible that it was a kind of shenfa that a martial artist could use?

Such a speed, even in the early stage of the closure, can't be touched at all, right?

Only those who are really good at closing doors, and those who are good at speed, can have such a high speed!

Suddenly, the electric light in Ma Hongduo's eyes suddenly disappeared, and Ye Chen's figure suddenly appeared in this restaurant like a ghost!

Originally, everyone who was still talking about it, instantly their hearts were scared!

Many people weakened their legs and shouted: "Ghost!" They sat down on the ground and looked at Ye Chen, terrified to the extreme!

Ma Hongduo was silent for a moment, and finally said: "Young man, Ma, I have lived for thousands of years. I have seen all kinds of big winds and waves and all kinds of strange things.

However, I have to admit that you are indeed the most terrifying evildoer I have ever seen. It is not an existence that can be measured by common sense. The old man admits that it is indeed not qualified to teach you. I take back what I said before. "

But soon, he snorted coldly: "Huh, kid, but don't be proud, I admit that your speed is against the sky, the old man can't match it, but fast speed does not necessarily mean strong!"

Ye Chen smiled and said, "I agree with this, so..."

"Lao Ma, now you can do your best."

In Ma Hongduo's eyes, a ball of light suddenly burst out: "Boy, you mean, don't you hide?"

Ye Chen smiled faintly: "Not bad."

"Okay!" Ma Hongduo said with war intent in his eyes: "Sure enough, I am extremely proud!" When he was young, he was arrogant, all the time, without looking forward to competing with those peak geniuses, but with time As he progressed, his cultivation level became higher and higher, but the flame in his heart gradually extinguished.

Now, in the face of Ye Chen, Ma Hong duo for a while, but he has regained the blood boiled and the raging fighting spirit of the year!

"Don't die, kid!" Ma Hongduo yelled, and in an instant, his momentum broke through Nine Heavens, and the powerhouses in the entire Tiandu City cast their gazes in the direction of Ma Hongduo.

There was a dragon chant, echoing high in the sky, and the whirlpool of heaven and earth spiritual power revolved frantically around the restaurant!

Horror!

The whole city is terrified!

Even Ye Chen was slightly surprised, and Ma Hongduo, who was doing his best, had such a momentum?

Sure enough, he is indeed a boss hidden in the Southern Territory!

Ye Chen was injured, but he also wanted to see what it meant when he stepped into the eighth layer of the good fortune realm!

"True dragon dances wildly!"

Ma Hongduo waved his palms in succession, bursting out of palm strength, collapsed in the void, everything surrendered, boundless palm strength, turned into a dragon shape, danced wildly around Ye Chen, every time he moved, there would be infinite power, and the dragons screamed. Amazing!

"go with!"

In the next moment, Ma Hongduo's beard and hair stood upside down, the blue veins violently, and his spiritual power surpassed the limit. With that dragon-shaped palm power, his eyes instantly lit up with cold light, the dragon was surging, and he slammed into Ye Chen!

Ye Chen's gaze sank, and the beast sword against his shoulders also swung fiercely as the dragon shadow struck. The sword light flickered, the cold light entered his heart, and the absolutely cold killing intent, shocking the sky!

Even the citizens of the entire Tianducheng felt an extremely killing intent invisibly, passing over the whole body, and couldn't help shaking slightly!

Under the killing intent, there is a light! Jianguang!

Ye Chen's sword light!

The extreme shining sword light broke out in this small restaurant!

Ma Hongduo's pupils shrank, vaguely, he seemed to see another world, the world of swords, the sea of swords, bursting out from the bit of sword light that Ye Chen had cut out!

This is another realm of sword!

This is the realm that he has lived for tens of thousands of years and has never seen it before!

But today, I saw it here!

In one, he saw it in the young man he didn't even look at at first!

In Ma Hongduo's silent heart for a long time, an emotion suddenly surged!

That is fear!

It is precisely because he has lived for tens of thousands of years that he can truly realize the horror of this sword!

However, only for such a moment, Ma Hongduo suppressed the boundless fear!

Because he knows that if he is dominated by fear, he will definitely lose!

Moreover, losing is extremely shameful!

Even if he wants to lose, he must do his best to lose after a battle! Instead, I lost to myself!

After a billionth of a second, a loud bang broke out in this restaurant!

The strong light flashed, and the aftermath of the attack and collision swept across the entire Tiandu City. Everyone felt an extremely strong wind raging through the city!

And that restaurant, under the collision of this powerful attack, collapsed and broke apart!

At this time, there were already countless people, attracted by the shocking fluctuations, and gathered outside the restaurant.

Among them, the Wang Family Patriarch was also included. From the fluctuations just now, he clearly felt the breath of Ma Hongduo!

He couldn't understand, who in the city forced Ma Hongduo to make a full shot?

You know, it's not easy for Ma Hongduo to be in the state of closing the door!

Could it be that Ma Hongduo provokes who can block the door?

Thinking of this, the head of the Wang family panicked, and immediately rushed outside the restaurant.

However, everyone is staring at the ruins, where is the strongest person?

I saw a young man holding a long sword, standing calmly, and this young man was amazingly good fortune!

Patriarch Wang, his eyes glared suddenly, his glaring was not because of Ye Chen, but because of an old man who was half-kneeling opposite Ye Chen, with blood on his mouth and a wry smile on his face.

And this old man is Ma Hongduo!

Seeing the half-kneeling Ma Hongduo, the Wang Family Patriarch was extremely frightened!

How is this going?

Who hurt Ma Hongduo?

At this time, he moved his gaze to Ye Chen!

But soon, he smiled and shook his head, feeling absurd for his own ideas.

But in the next moment, Ma Hongduo stood up and arched his hands towards Ye Chen: "I am the one who lost."

Patriarch Wang, petrified in an instant, and his brain would stop functioning. For a while, he couldn't understand what Ma Hongduo meant.

Not only him, but everyone present was all dumbfounded and looked at Ye Chen blankly.

Is Ma Hongduo the strong one to close the door?

How could it be defeated by a martial artist?

Ye Chen looked at Wang Kai coldly, and said lightly: "I won't kill you, but tell me everything I investigate."

Wang Kai smiled bitterly, and then said what had happened before.

Some time ago, in the restaurant, Wang Kai saw a young man wearing a mask and clothes that did not look like Southern Territory Wang Kai said a few words, but he did not expect to be directly injured by the other party. !

At that time, Ma Hongduo was not present.

Afterwards, the Wang family also tracked down the whereabouts of this young man, knowing that he was heading to Jiuyuan City, but just as he was preparing to take revenge, the young man disappeared in Jiuyuan City somehow!

Ye Chen's eyes flickered slightly, and he asked, "Do you remember the martial arts he used?"

Wang Kai recalled for a moment, and then replied: "It seems...to hear him sip'Zhen Wu Huan Tian'?"

"Zhen Wu!" A golden light burst out in Ye Chen's eyes!

It seems that this person is really Chen Zhifan!

Chapter 2153: God's punishment!

After Chen Zhifan separated from himself, his cultivation base and strength also improved by leaps and bounds!

Ye Chen had such a chance against the sky, isn't Chen Zhifan's chance too weak?

But why did Chen Zhifan come to this southern region?

Ye Chen pondered for a moment, suddenly his eyes flashed!

Could it be because of the order Chen Zhifan gave him, because of the inheritance?

But at this moment, the Patriarch Wang, who had been watching his words and expressions for a long time, walked up to Ye Chen with a flattering smile, and said to Ye Chen: "Under the Patriarch Wang Yan, this son, does the dog offend you?"

If there is any rudeness, my family, I am willing to compensate you as much as possible! "

Ye Chen glanced at him lightly, ignored it, and directly cast a flash of wind and thunder, which instantly turned into a thunder light, and went in one direction!

In Jiuyuan City, a luxurious mansion. At the gate is a spar plaque on which is written with **** gold powder and two large characters, Hong Jia. The font is flying, and a kind of majesty is looming.

In this mansion, there are many servants coming and going, and their cultivation bases are not low, obviously they are not ordinary people.

This is one of the strongest forces in Jiuyuan City, the Hong Family!

The Hong family also has a strong and colorful stroke in ancient times!

Even his status in the Southern Region is extremely high!

And many of the Hong family's children have entered the Shenfeng Academy in Lingwu Continent!

At this time, a man was being held in a dark secret room of the Hong family.

The man had long hair loose, his hands extended diagonally upwards, left and right, and he was actually chained to a wall by shackles.

Not only that, but his feet were also locked. What's even more shocking was that even the man's tailbone was penetrated by a huge hook with runes.

The man bowed his head, was bony and scarred all over, obviously, he was tortured unimaginably.

If Ye Chen were here, he would definitely be recognized.

This man was Chen Zhifan, the first friend Ye Chen met in Lingwu Continent!

At this moment, a man in a golden robe, long sword, sword eyebrows, tall and straight, looks handsome but very gloomy, walks out of the shadow in the corner.

He walked in front of Chen Zhifan and stared at Chen Zhifan, "Boy, I will give you another chance to tell the whereabouts of the stone and the heritage. I can spare you not to die. This is your last chance, do you know? "

Chen Zhifan raised his head, opened his eyes, and looked at the handsome man with hollow eyes. He opened his chapped lips as if he wanted to say something.

The handsome man's expression moved, and a hint of joy flashed across his face. In the past few months, they have exhausted almost all torture methods for this kid, trying to inquire where things are, but in the end this man is really a tough guy. Never said anything from beginning to end!

Chen Zhifan moved his lips, as if he was saying something, but his voice was extremely weak.

The handsome man quickly put his ear to Chen Zhifan's mouth and said, "What are you talking about? Speak louder!"

"Fuck your mother!"

This is Huaxia's curse.

"What?" The handsome man frowned, thinking he had heard him wrong.

At the corner of Chen Zhifan's mouth, he raised a faint smile, and said, "I said go, stupid."

"Trash! You are looking for death!"

The handsome man's anger rose instantly, in his eyes, killing intent curled up, his body aura, raging wildly, with a move of his hand, he had pulled out the long sword, the cold light shone, the sword light flashed, and the blood splashed!

This sword actually cut off Chen Zhifan's hand directly!

But what about Chen Zhifan? But he didn't even wrinkle his brows, there was only peace in his eyes.

The handsome man panted, trying to calm his anger. He knew that Chen Zhifan could not be killed. In that case, there would be no chance to know the whereabouts of the stone and the heritage!

The inheritance of whereabouts is not very important, but the legendary stone is related to the future of the Hong family!

This stone is said to control reincarnation!

If it is dedicated to the kingdom of God, the Hong family can definitely reach the sky in one step!

He looked at the man in front of him, and he really couldn't understand how Chen Zhifan resisted so much torture and never gave in?

How strong is his heart?

At this moment, there was a loud bang at the gate of Hong Mansion!

The entire gate, together with the piece of extremely hard spar and a plaque with the formation blessing, was directly blasted to pieces!

A man with an indifferent expression stepped into the Hong Mansion.

The first people who saw Ye Chen were the servants of Hong Mansion.

They all looked at Ye Chen stupidly, in disbelief.

This is Hong Mansion!

In a big city like Jiuyuan City, there are big families in the top three!

Someone dared to break into Hong Mansion so unscrupulously?

Do you want to die?

What makes them even more distrustful of their own eyes is that the intruder is actually a martial artist!

crazy! This person must be crazy!

At the same time that Ye Chen stepped into Hong Mansion, dozens of gray shadows flashed and blocked Ye Chen's front.

The breath of these dozens of people is extraordinary. Although they are wearing the gray clothes used by the subordinates, they are obviously not comparable to ordinary subordinates in terms of material and workmanship.

And these people are the cultivation base of good fortune and star aperture.

The one headed is even the existence of the Seventh Floor of the Star Aperture. He stared at Ye Chen and sternly shouted: "Ignorant lunatic! Do you know where this is? How dare you to trespass? Now kneel down and grab it!"

At the same time he was speaking, the dozens of people completely surrounded Ye Chen as soon as they moved!

The nurse at the head looked at Ye Chen, sneered in his heart, and immediately shouted: "Do it! Beat this person to death! Throw him out of Hong's house!"

After all, he was the first to make a move. In those big hands, a cold iron long stick appeared out of thin air. On the long stick, there were complicated inscriptions!

That long stick was turned into ten, with ten stick shadows, containing powerful power, stirring the situation, and smashing it at Ye Chen!

Not only him, the dozens of good fortune nursing homes, with their own means, dozens of attacks, and at the same time, flooded towards Ye Chen!

Ye Chen didn't even see these attacks and still walked forward. Although these attacks couldn't hurt him at all, it would be annoying to have a group of flies around you constantly making noise.

Especially when you are in a bad mood.

At the moment these people attacked, Ye Chen said calmly: "Kill Shenhai."

Suddenly, time seemed to stand still!

Surprisingly murderous, burst out!

That extremely cold killing intent, like a long **** river flowing out of a glacier, directly swallowed all these courtyards!

Effortlessly, they broke their spirits!

Not only that, in this long river, there is actually a horrible divine intent, like this river of blood, descending from the nine heavens, not belonging to the mortal world, but the divine punishment of the gods!

Chapter 2154: Goodbye old friend!

Ye Chen is the **** who rules all things and controls life and death!

What Hong family, what nursing home, at this moment, all disappeared from their minds!

In their hearts, there was only cold, the coldness of the soul!

If you know that you have offended the true god, and the **** who can control your life and death at will, will you feel cold?

These dozens of nursing homes, in this short instant, within a billionth of a second, all their souls were damaged, and their Dao Hearts collapsed. That's it, severely injured and passed out!

And their attack dissipated before it fell.

And Ye Chen just walked past their bodies.

This Killing Shenhai is a kind of mental attack created by Ye Chen combined with Mujia's soul skill, Tianhun shock, into the divine breath and killing intent domain, although the power is not as powerful as the real Tianhun shock for the time being. However, it is more than enough to deal with these existences.

Moreover, this Killing Shenhai will increase with his understanding of Tianhunzhen.

The neighbors and servants all looked dumbfounded, and they were so horrified that the sea of consciousness was about to shatter, and the look in Ye Chen's eyes was like watching the devil coming out of hell.

Is that human being?

This is simply a **** and devil!

With these inferior eyesight, naturally, I don't know what soul skills are.

Countless people screamed when they looked at Ye Chen who came by. They looked at this indifferent young man in terror, thinking in their hearts, is there no one who can stop him?

At this moment, several figures came whizzing!

The breath of these people is shocking!

What's more, they are wearing all kinds of gorgeous clothes that seem to be of good grade, instead of being dressed like a nurse.

These people are the worship of the Hong family!

Of course, it's just the most common worship.

A man in a red robe with a goatee and a jade crown frowned as he looked at Ye Chen as he walked, his eyes flashed with a different color, and soon he found that Ye Chen was lying behind him, lying on the ground, many unconscious The nursing home snorted coldly:

"Huh, these useless waste, so many people, dozens of times the opponent, but even a warrior of the same realm can't stop it?"

"I don't know what the Hong's use of these rice buckets is! Now, even a good-for-nothing warrior would bother me to solve it personally! Unreasonable!"

This red-robed man, named Fang Yue, had the highest cultivation base of the Star Aperture Peak among several people. It could be said that he was the leader among the general worships!

As soon as the man in the red robe finished speaking, there was a man in a green robe next to him who looked more than 20 years old and shook a folding fan. In his eyes, the traces of the years were faintly revealed and laughed:

"Brother Yue, don't be irritable, so how do you deserve to let you take care of the dead waste like this? Xiao Wen, is it okay to leave this person to you?"

And Wen Ye, standing next to the man in the green robe, wearing a strong black outfit and with a sword scar on his face, flashed a cruel look in his eyes, and sneered:

"Brother Qi, don't worry, I will definitely educate this person well and let him know that the door of the Hong family is not so broken!"

His whole body was surging with spiritual power, and the star aperture directly pressed Ye Chen, and said coldly:

"Immediately kneel down and amputate your limbs, and I can spare your life. If I take the shot, you will have only one end, and that is death! You..."

In Ye Chen's eyes, a cold light flashed. He didn't even pay attention to what the other party was saying. He was concerned about Chen Zhifan's safety now, but he was getting in the way by annoying clowns twice, naturally, he was impatient!

Before Wen Ye finished speaking, Ye Chen stepped on his feet, endless pressure surging! !

"roll!"

Everyone around had no time to react, and the powerful air wave directly lifted them!

Vomit blood one by one!

Ye Chen Binghan's eyes fell on Fang Yue at the end!

Fang Yue's face was already distorted from fear at this time, and he was almost crying. Under Ye Chen's cold gaze, his whole body was shaking, even his pants were a little wet!

He opened his mouth tremblingly, and begged for mercy: "My son... I beg you, let me go. I'm just a dog working for the Hong family. I have no eyes. I offended the son, please..."

"Go away." Ye Chen shouted coldly, interrupting Fang Yue's words.

Fang Yue was taken aback for a moment, and then he was ecstatic, and ran away from Ye Chen.

But Ye Chen still looked at where Fang Yue had fallen.

What he saw was not Fang Yue at all!

It's where Fang Yue fell!

To be precise, it is a secret room built deep underground below this location!

There, he felt a familiar breath!

"broken!"

Ye Chen gave a cry and stepped heavily on the ground with a bang, and the entire Hong Mansion was shaking like an earthquake!

The gravel was flying, and the hard ground was actually stepped out of a deep hole by Ye Chen's foot!

And Ye Chen's figure also disappeared into the pit in an instant!

The handsome man in the secret room is the young master of the Hong family, Hong Feiyuan, who has no more than a hundred roots, and is already a cultivation base of a sealed door!

He is even the best batch of graduates of Kamikaze Academy!

Even make friends with many people from the kingdom of God!

By chance, he got an inheritance jade talisman, and then he has been looking for the place of inheritance!

The key is that there is still a legendary treasure in this place of inheritance!

Reincarnation Xuanbei!

Relying on the power of the Hong family, he really found some clues, but he still couldn't know the exact location.

Until Chen Zhifan appeared, he happened to learn that Chen Zhifan was inquiring about some news that might be related to the ruins, and he immediately attacked Chen Zhifan!

Although Chen Zhifan's strength is far beyond the realm, he can even barely cross a large realm to fight, but how can he be his opponent?

After being captured, Hong Feiyuan detained him in the secret room of Hong Mansion!

And in Chen Zhifan's storage bag Hong Feiyuan quickly found the inheritance jade charm like his own!

Immediately, he began to torture Chen Zhifan and asked him to confide everything he knew, but what he didn't expect was that no matter how terrifying and cruel he used to destroy Chen Zhifan, Chen Zhifan was like a dead person, without feeling at all. of!

Moreover, its vitality is extremely strong, even if his hand is cut off, his hand will grow back in a few days.

Therefore, until now, Hong Feiyuan has not received any information from Chen Zhifan.

Just when Hong Feiyuan was still considering how to make Chen Zhifan speak, there was a sudden explosion above his head, and countless rubble fell, making Hong Feiyuan shocked!

Then, a figure appeared before his eyes.

Chapter 2155: Disappeared?

Ye Chen entered this secret room, the first thing he saw was Chen Zhifan.

When he glanced over Chen Zhifan's severed hand and the wounds on his body, the ice in his eyes almost froze the air!

And Chen Zhifan, looking at Ye Chen who appeared before him, was stunned, completely stunned.

Originally, he was desperate, and the reason why he hadn't completely collapsed was just because he still remembered Ye Chen's words and his pride.

However, he couldn't think that Ye Chen appeared in front of him at this time!

Chen Zhifan's eyes gradually lit up. In this despair, he finally found the light of hope!

Even with Chen Zhifan's character, at this time, he couldn't help being a little excited, and said in disbelief, "Ye Chen, is that you?"

Ye Chen smiled and nodded, "Brother Fan, it's me."

And Hong Feiyuan on the side was shocked at first by the young man who suddenly appeared in the secret room. After all, not everyone would appear in this strange way.

However, soon he calmed down, because he had already seen Ye Chen's cultivation level!

When Hong Feiyuan heard the conversation between Ye Chen and Chen Zhifan, Hong Feiyuan stayed for a while, then looked at Ye Chen with a sneer, and said with a haha:

"I heard you right? You know? Don't tell me, you came to save your friend? Just because of this, you broke into my Hong's house?"

Hahaha, there must be a limit to stupidity! "

But Ye Chen didn't pay attention to Hong Feiyuan at all. He flipped his wrist and a long sword fell into his palm. Then the sword light flashed, facing Chen Zhifan's wrist and other places, cutting out several times, and the sound of clicking!

Those chains were severed by Ye Chensheng!

However, Chen Zhifan fell to the ground as soon as his body was light. After a long period of torture, he even lost the strength to stand, and could only stand with Ye Chen's support.

Originally, Hong Feiyuan looked at Ye Chen's expression on the chain that had locked Chen Zhifan out of his sword, but his expression was indifferent.

This chain was specially made by their Hong family for imprisoning prisoners, using deep-sea cold iron. No ordinary star-aperture warrior can destroy it, let alone a mere martial artist?

Hong Feiyuan didn't even bother to stop it.

After Ye Chen took out the sword, he subconsciously spoke: "Fool, where can you..."

However, as the sound of metal breaking echoed in the secret room, Hong Feiyuan's words were swallowed back abruptly.

His eyes were wide open, his eye sockets protruding, and he looked at the shackles that were cut off by Ye Chen in shock. The eyeballs were about to fall to the ground!

how can that be?

How did this kid of good fortune realm do it?

Moreover, seeing that his sword is very casual, it doesn't look like he has used all his strength.

Soon, Hong Feiyuan shifted his gaze to the jet-black long sword in Ye Chen's hand, and then his eyes lit up and he felt that he had found the reason!

This long sword turned out to be a true artifact!

His eyes suddenly became hot!

Full of longing for the long sword!

With this long sword, his strength can definitely be improved a lot!

Hong Feiyuan's spiritual strength was rolling, his aura was full, raised his long sword, pointed at Ye Chen, and sneered:

"Boy, put down the long sword in your hand. If you trespass into my Hong family's secret room, you should still be obediently **** and catch it. If this is the case, I might be able to let you go. Otherwise, it won't be as simple as death. !

If you ask your friend about this, he should have a deep understanding. "

Hong Feiyuan originally thought that under the pressure of his aura, Ye Chen would at least reveal some flaws even if he didn't really catch it with his hands?

The reason why he didn't shoot directly, was still a little afraid of the power of the long sword in Ye Chen's hand.

but?

Ye Chen just took out an elixir, took Chen Zhifan's severed hand, carefully crushed the elixir, applied it to the severed hand, then refitted the severed hand to the wound, and took out the bandage!

At the same time, another pill was turned into pure medicinal power and penetrated into Chen Zhifan's body. He didn't care about Hong Feiyuan's words at all, and he simply regarded it as air.

Hong Feiyuan's expression turned gloomy, his eyes flickered wildly, and even the hand holding the sword trembled a little!

This time, he was completely angry!

At first, he thought Ye Chen's ignorance was just evading his own existence!

Now, he felt it out, Ye Chen really didn't put his dignified Hong Family Young Master in his eyes!

As a genius of the Hong family, Hong Feiyuan is like a star holding the moon everywhere. He is naturally a very proud person. How can he bear such treatment?

Immediately, he screamed: "I'm talking to you, are you deaf?"

As he said, a killing intent flashed across the face, a long sword in his hand danced, and the sword intent was surging, and a sword dragon appeared. After wandering around in this narrow chamber, he turned his head fiercely. Pounced towards Ye Chen!

This sword is the ancient secret sword technique of the Hong family, the sword of dragon killing!

As the young master of the Hong family, Hong Feiyuan has practiced this sword technique since he was born, and has now cultivated him to the realm of great achievement.

His sword intent is extremely powerful and extremely restrained!

The sharp, elegant, and fully condensed sword of the sword is sealed in the sword dragon, without any leakage!

This sword, although not too powerful, is also an extremely terrifying sword!

It is estimated that in a rush, the average star orifice peak power can't completely resist it, right?

Hong Feiyuan couldn't hide a hint of blazing heat in his eyes. He couldn't wait to see Chen Zhifan's expression of despair once again after he killed Ye Chen!

Ye Chen glanced at the dragon-shaped sword intent, and said lightly: "You are really annoying, do you know?"

Holding Chen Zhifan with one hand, he actually put away the beastly sword, and with the other hand shot the flying dragon at will!

"What?" Hong Feiyuan was taken aback, wondering why Ye Chen would do this?

It stands to reason that Ye Chen's biggest reliance is the real artifact in his hand? Why would the true artifact be put away?

Still use your own fist to bludgeon the sword?

This is so stupid that it can't be any more stupid choice!

Hong Feiyuan was puzzled He really feels that this natural waste is a brain problem.

In the next moment, Ye Chen's fist collided with that restrained sword intent!

It seemed that the dragon shape with unimaginable power was actually shattered, collapsed, and dissipated in an instant, or even less than a second!

Dissipated without leaving a trace!

"Huh?" Hong Feiyuan rubbed his eyes and didn't even react to what happened. How did his sword intent disappear?

As if confirmed two or three times, Hong Feiyuan's complexion gradually paled, and only then did his thinking return to reality from the shock.

Ye Chen actually broke his sword intent with a casual punch?

What kind of power is this?

Chapter 2156: Strong attitude!

Ye Chen did not speak, but just so quietly supported Chen Zhifan, the powerful medicinal power washed Chen Zhifan's body, and gradually relieved the injury in his body.

He looked at Chen Zhifan's complexion and gradually improved. Ye Chen breathed a sigh of relief, and then asked: "Brother Fan, what happened to you during this period of time, can you tell me?"

Chen Zhifan felt that his strength recovered for a point, and he could stand without Ye Chen's support. He stood beside Ye Chen, nodded, his eyes sank, and looked towards Hong Feiyuan, his eyes were full of rich ice. Han's hatred!

Hong Feiyuan was caught in Chen Zhifan's eyes and couldn't help but shiver!

Afterwards, Chen Zhifan accidentally leaked the news and was caught by Hong Feiyuan's lead. He was imprisoned here, and said all the things he had endured.

The more Ye Chen listened, the colder his expression became.

He even felt that something important was touched.

Reincarnation Xuanbei!

The Hong family must be so to Chen Zhifan because of this thing.

But now that there are so many people with mixed eyes, Ye Chen naturally wouldn't go into it.

It will not be too late after Chen Zhifan is completely rescued.

As for Hong Feiyuan, he was already shaking. He wanted to escape, but he didn't dare to escape!

Ye Chen broke his sword intent with a casual punch!

What he is thinking about now is procrastination!

After delaying time, Ye Chen made such a big movement before, I believe that his father and the elders of the Hong family will be coming soon.

The elders of the Hong family are the real powerhouses of the Hong family, with a high status. Even if he is the young master of the Hong family, he has no right to drive the elders. The elders are directly under the command of the family leader and only obey the orders of the family leader.

When his father and elders arrive, what if Ye Chen is stronger?

Can you be stronger than two super strong?

He is scared! Afraid of myself, this weird warrior cannot help but shoot himself before his father arrives!

His breathing was rapid, cold sweat flowed wildly, his eyes rolled wildly, he barely piled up a smile, and said to Ye Chen: "This young man, Brother Chen is actually wrong. There should be some misunderstanding... "

However, before he could finish speaking completely, a figure flashed before his eyes, and Ye Chen with a frosty face appeared in front of him in an instant. He didn't even see Ye Chen moving!

Then Ye Chen raised his palm like lightning, and with a loud bang, he slammed Hong Feiyuan's face fiercely!

With a bang, Hong Feiyuan's body was severely knocked to the ground!

He even smashed a hole in the ground. His facial bones, even his skull, were completely shattered by Ye Chen's palm. The originally extremely handsome face has now become a pile of blood-red rotten flesh. , Very ugly!

Ye Chen coldly looked down at Hong Feiyuan at his feet, and said lightly: "I said I didn't say it, you are really annoying? You don't understand? Huh? Who made you speak?"

Domineering, extremely domineering!

Ye Chen is naturally overbearing to those who hurt his friends!

From the perspective of Ye Chen, the cultivation base of closing the door to the sky is not qualified at all!

Ye Chen looked at Hong Feiyuan, who was wriggling his body like a maggot, and said: "Answer me within three seconds, did you cut the hand of Brother Fan?"

Hong Feiyuan's body trembled, and his spirit suddenly awakened from his vague consciousness. However, he looked at Ye Chen in horror, but he did not dare to answer!

The expression in his eyes is full of prayers!

"One."

Ye Chen looked at him coldly, expressionless, turning a blind eye to the begging in his eyes.

"two."

Looking at Ye Chen's deep and cold eyes, Hong Feiyuan exhausted all his strength and finally squeezed two words from his throat.

"it's me."

Facing those eyes, Hong Feiyuan didn't even have the courage to lie.

The next moment, Ye Chen lifted one foot, and at this moment, above the hole where Ye Chen appeared, a violent shout suddenly sounded: "Damn, stop me!"

Ye Chen raised his head and glanced at the top, only to see two figures, flashing above the hollow, with a strong aura, crushing towards him.

However, Ye Chen didn't even have a slight fluctuation in his eyes, and when he moved his foot, he stepped heavily on Hong Feiyuan's body!

With a loud bang, Hong Feiyuan's mouth uttered a scream that rang through the entire Hong Mansion!

With the crackling sound, Hong Feiyuan's bones, meridians, and dantian were all shattered!

Even if he is still alive, there is basically no difference between him and the waste.

Although the Hong family is a family that has survived from ancient times, with the resources and strength of the Hong family, it is probably difficult for Hong Feiyuan to fully recover.

At this moment, Chen Zhifan frowned, staring at the two figures that had just fallen in the secret room, warning Dasheng in his heart!

Before, Ye Chen blocked Hong Feiyuan's attack at will, and then used terrorism to kill Hong Feiyuan instantaneously. Even if he was a little surprised, Chen Zhifan could still accept it.

He knew that Ye Chen was an extremely devilish evildoer, otherwise, it would be impossible to come to this Lingwu continent!

However, the two people who appeared in the secret room now were the head of the Hong family and the elder of the Hong family!

These two people are the existence of the five-tiered sky!

Such a strong person, I am afraid that even Ye Chen can't match it, right?

He couldn't help but whispered: "Ye Chen, be careful, these two people are not easy!"

Appearing in the secret room are two middle-aged men.

One wears a luxurious yellow robe, with a golden thread on it, which outlines a dragon pattern.

Looking closely at this dragon pattern, there is a faint feeling of taking off!

He is wearing a long sword with golden and silver brilliance. Although he looks middle-aged, he has a warm complexion, a tough face, and sharp edges and corners!

A pair of tiger eyes, without anger and prestige, actually looks personable, and a kind of majesty that has been at the top of the Junya!

Looking at his appearance, he was six or seven points similar to Hong Feiyuan, and this person was the head of the Hong family.

And beside him, stood a simple Taoist robe with three long beards under his jaw, his eyes shimmering, his complexion was fair, his cheekbones protruding, and his appearance was ancient!

This Taoist seems to be considered to be an immortal person, with a high temperament, but for some reason, as his eyes turn, he vaguely reveals evil spirits.

Hong Renjie, the head of the Hong family, glanced at the half-dead Hong Feiyuan on the ground, his eyes were splitting, his body was full of momentum, and he came with endless killing intent!

Although Hong Feiyuan is not his only son, he is the one with the best aptitude among his heirs!

It is also the hope of the Hong family in the future. Even the Hong family has decided to use all family resources to cultivate Hong Feiyuan!

Help them advance to a higher level of gate closure!

Hong Feiyuan is not only the young master of the Hong family, but also the hope of the Hong family in the future!

Now, it was ruined in Ye Chen's hands!

How can Hong Renjie accept this?

His Dao Heart, which closed the door to five layers of heaven, was about to be ignited by anger!

Hong Renjie stared at Ye Chen with bloodshot eyes. Ye Chen turned his head and smiled lightly at Chen Zhifan: "Brother Fan, don't worry, I am not afraid of these two people."

Ye Chen stepped into the eighth heaven of Good Fortune Realm.

After so long, the injury has almost recovered.

If you use your full strength, you should be able to fight against the powerhouse of the Fifth Heaven in the Sealed Door Realm!

The above may be a little difficult.

Chapter 2157: Mysterious Invisible Needle

As soon as this statement came out, even Hong Renjie, who was in anger, was taken aback, and then he laughed and said:

"Okay! I don't take it seriously. The cultivation of good fortune can hurt my son like this. You are indeed a monster, with crazy capital, but you are crazy in front of me? That is not crazy, but ignorance! Stupid Die to me!"

With that said, his sword came out of his body, and his gold and silver brilliance was rippling.

And Chen Zhifan glanced at Ye Chen deeply and nodded. He knew that Ye Chen was not a person who would talk nonsense at this time, and he was willing to believe Ye Chen.

But at this moment, the Taoist beside Hong Renjie stretched out his hand to stop Hong Renjie.

Although Hong Renjie showed dissatisfaction on his face, he still reduced his breath and asked, "Brother Chun, what do you mean?"

The elder Hong, named Chunling Taoist, said with a gentle smile:

"Brother Hong, stay safe, don't be impatient, let's tell you that, although this kid only has the eighth layer of the good fortune realm, but the strange thing is that he is full of vitality and blood, and he is only seen in the life of a poor Dao. Can this person be handled by the poor Dao? ?"

Hong Renjie was taken aback when he heard the words, and then he smiled and said: "Brother Chun, you mean..."

Taoist Chunling nodded and said, "Yes, and I only need his physical body, so the storage bag will naturally be handed over to Brother Hong."

Hong Renjie looked at Ye Chen, his eyes were full of pleasure, and he nodded:

"Then Brother Lao Chun will take the shot."

He knew that Chun Ling Dao was born in the Demon Race, and what he practiced was a very evil technique. It was very terrifying and cruel to practice with the essence of human flesh and blood. If Ye Chen was caught by him to practice, then The pain is probably a hundred times more than what Hong Feiyuan has to bear!

In this way, it can be regarded as a solution to his hatred.

Taoist Chunling smiled and said, "Thank you, Brother Hong, for your completion."

Then, he stepped forward, walked in front of Ye Chen, saluted, and said gently: "This little brother, you are offended."

Ye Chen looked at Chunling Taoist's hypocritical smile and sneered:

"Haha, offend? You are all evil, and the exercises you are practicing are not ordinary exercises, right? Naturally, you are not just trying to offend me."

Chen Zhifan's complexion changed slightly when he heard the words, and the five-layer heavens behind the door were already extremely powerful!

And if it is really like what Ye Chen said, this Chunling Taoist practiced that kind of wicked and weird technique, then his own strength may have to be stronger!

Even if Chen Zhifan trusted Ye Chen extremely, but now his heart is inevitably shaken!

Ye Chen, can he really defeat this Chunling Taoist?

Taoist Chunling looked at Ye Chen with a little surprise, but soon he smiled in relief:

"You can see it? Then I can't let you live."

The exercises he cultivated are his secrets. If they are exposed, they will easily be chased by the strong. After all, there are some enemies like him.

But now he doesn't care, why?

Because the dead will not reveal any news, will they?

Ye Chen smiled faintly: "Really? I'm afraid, you can't do it, right?"

Taoist Chunling laughed and said, "For a long time, I haven't seen a young man as arrogant as you."

With that said, he shot without warning!

I saw that Taoist Chunling stretched out his hands strangely, and there were a few almost transparent rays of light, blasting towards Ye Chen with extreme speed!

Ye Chen's eyes, heart, and lower yin were still aimed at!

This shot is really secretive and extremely vicious!

Even Hong Renjie flashed a different color on his face, and felt a little frightened.

Ye Chen's pupils shrank, staring at the invisible flying needles, a sneer appeared at the corners of his mouth, his body remained motionless, but his hands moved in succession.

Clang clang!

With a few soft sounds, Ye Chen's clenched fists were slightly loosened, and when everyone saw it, they all showed shock!

I saw that the very fast and extremely secret flying needles shot by the Taoist Chunling were just like this, and they were easily grasped by Ye Chen!

Moreover, he still grabbed it with his bare hands!

Although the skin was pierced by the flying needle and some blood shed on his hand, it was nothing more!

This is, there is a flying needle shot from the fifth floor of the gate!

Ordinary martial artists could not even notice it, they might have been hit by a flying needle, seriously injured or even tragically killed!

And what about Ye Chen? He took the flying probe empty-handed!

Moreover, it was just a little broken, and there was almost no injury!

Taoist Chunling looked at Ye Chen in disbelief, but his expression soon calmed down and said:

"Awesome, this little brother, take it seriously, I'm afraid it's one of the most heaven-defying evildoers Chunmou has ever seen, and can actually catch my Secret Spirit Invisible Needle? And he caught it empty-handed!"

With that, the killing intent in his eyes became more and more intense.

"The strength of your physical body also shocked Xiang Dao. Being hit by the Mystic Invisible Needle was nothing more than skin-breaking and bleeding.

But, brother, why are you picking it up with your hands? Can you tell me, do you know that my secret spirit invisible needle is attached to the highly poisonous substance on the Lingwu Hundred Poison List?

That's a poison that even the closed door can't bear!

Hong Renjie was shocked when he heard the words, and exclaimed in disbelief: "Brother Chun, you... what you are talking about is the hundred kinds of extreme poisons that are known to be in existence and can only wait to die?"

However, Chen Zhifan's complexion changed wildly, and his figure flashed quickly. He stood in front of Ye Chen, staring at Taoist Chunling and Hong Renjie like a beast, and said in a deep voice:

"Ye Chen, this Lingwu Hundred Poisons are not trivial, they are not comparable to ordinary poisons, so take care of them! Try to force the toxins out of the body!"

Taoist Chunling watched Chen Zhifan's actions with a smile but didn't care. Now, he has a chance to win.

If it is Lingwu Baipo, if it is so good to be forced out of the body, is it still called Lingwu Baipo?

Chen Zhifan naturally understood this truth, but what else could he do?

A sense of guilt arose in his heart. If he was too weak and was caught by a miss, Ye Chen wouldn't be poisoned! He didn't even ask how Ye Chen found him, but he was certain that Ye Chen came to save him!

It's all because of being too weak! Ye Chen was tired!

Only Ye Chen maintained a calm expression.

Taoist Chunling glanced at Ye Chen, but he was a little surprised, and at the same time he admired Ye Chen's character.

If ordinary people know that they have been poisoned by Lingwu, they are the martial artist, and they will be shocked?

Ye Chen's expression hasn't changed from beginning to end. This character is indeed extremely outstanding.

He turned his head and smiled at Hong Renjie:

"Brother Hong, as for my Secret Spirit invisible needle, there is the 96th-ranked 'Melting God Fire' among them. This Melting God Fire is a kind of fire poison that specifically hurts the soul. Although this poison ranks Low, but mainly because the poison is delivered to the time of death, which is not too fast. If it is among the warriors of the gate, it will probably take one to three days to completely die.

However, the degree of incomprehensibility of this fusion theory is even higher than some of the top 80 strange poisons!

Moreover, hehe, the soul of the poisoned person will suffer like a raging fire, and it will gradually melt like pain, which is much more unbearable than ordinary physical pain.

Everyone who died under the invisible needle of my Secret Spirit, tsk tsk, the state of death, but it is very interesting, brother Hong, you can see it right away. "

Chapter 2158: Blood Abyss Killing Soul!

After listening to Hong Renjie, a chill suddenly rose from the spine, and he said to himself that he must not provoke this Chunling Taoist.

One of the methods is really weird and impossible to prevent.

If he was caught in this melting fire...think about it, Hong Renjie felt a trace of fear.

Then, the Taoist Chunling looked at Ye Chen and said with a smile: "The reason why I chose to attach the poison of the molten **** fire to the invisible needle of the secret spirit is mainly because this toxin is the most suitable practice for me, my practice. The essence of flesh and blood is needed, but the power of the soul is not needed. Moreover, this melting fire poison is slower, and it is also convenient for me to completely refining the opponent's flesh and blood before the opponent's complete death and loss of energy."

Hong Renjie couldn't help but swallowed, viciously! So vicious!

In other words, those who have been hit by this mysterious invisible needle will die in the dual extreme pain of the body and the soul!

This kind of pain, even the most cruel torture, is incomparable, right?

Although this Chunling Taoist looks gentle and elegant, in essence, he is completely a pervert who takes pleasure in torturing others!

Taoist Chunling squinted and smiled, staring at Ye Chen and said: "Little brother, now, do you know what is waiting for you? I don't know, can you still be calm?"

When Chen Zhifan heard the words, his heart kept sinking. He glanced at Ye Chen, and saw Ye Chen, but he was playing with the invisible needle of the Secret Spirit in his hand, still in an indifferent appearance, he couldn't help but shout anxiously:

"Ye Chen, what are you doing! Hurry up and force the toxin out!"

Could it be that with Ye Chen's extremely firm disposition, he couldn't bear the result he had to face, and he was desperate? give up?

A trace of pain flashed in Chen Zhifan's eyes! The more depraved Ye Chen is, the more guilty he is!

However, Ye Chen smiled slightly, put away the Secret Spirit invisible needle in his hand, patted Chen Zhifan's shoulder lightly and said: "Don't worry, Brother Fan, I am not poisoned."

As soon as this remark came out, everyone was slightly dazed.

No poisoning?

You know, Lingwu's hundred poisons are all seen in the presence of blood in the throat, as long as there is a wound and bleeding, it must be poisoned!

How can there be no poisoning?

Immediately, Taoist Chunling and Hong Renjie laughed. This kid is probably already desperate, has a nervous breakdown, and started to lie to himself.

Taoist Chunling shook his head and said, "Originally, I really appreciated your character. Alas, I didn't expect you to have broken down? You started to deceive yourself. It's really disappointing. Torturing a lunatic, but there is no fun. !"

Hong Renjie said cruelly: "It's a pity that when he was sane, he suffered such pain. It was his best punishment for breaking into my Hong's house and hurting Yuan'er! It would be cheaper for him to collapse so quickly. Up."

Chen Zhifan's eyes flickered, although Ye Chen couldn't believe what Ye Chen said, after all, this was against logic.

but! He is willing to believe in Ye Chen! Because he has confidence in Ye Chen's behavior!

Chen Zhifan didn't say much, he stepped aside, sat cross-legged, and began to heal his injuries.

Since Ye Chen said he was not poisoned, he was not poisoned!

Myself, what I have to do now is to hurry up and heal my injuries! Try not to become a burden to Ye Chen!

Ye Chen looked at the arrogant Taoist Chun Ling and Hong Renjie indifferently, and sneered:

"This melting fire, even if the poison is slower, it should show its effect after a while, right? Look, I look like poisoned now? Huh?"

Hong Renjie and Taoist Chunling looked at each other. Finally, they stopped smiling. Both of them frowned and observed Ye Chen carefully.

Hong Renjie's expression changed slightly and said, "Brother Chun, this kid, it really doesn't seem to be poisoned!"

Even if Ye Chen can pretend and bear it, his breath and physical signs can't deceive people!

Ye Chen is now full of vitality and blood, pulse, spirit and other physical signs, and there is no change in the slightest, no way looks like poisoning!

Taoist Chunling frowned and pondered for a moment. This kid's state was indeed a bit weird.

However, Taoist Chunling soon stretched his eyebrows and smiled:

"Brother Hong, don't be deceived by this kid's bluffing method. He should be extremely surging with his own blood and he has mastered some secret technique to forcefully suppress the toxin."

Ye Chen looked at the two amusedly, and couldn't help but play with a hint:

"Well, I came to Hong's house this time only to rescue my friend, and your son hurt my friend and owed me, I almost got it back. I've finished the matter. You guys. If you go away, I won't bother to shoot you, how?"

After Ye Chen finished speaking, a trace of anger flashed across the faces of Taoist Chunling and Hong Renjie!

They are all powerful people, how come before Ye Chen this good fortune warrior, the two of them are actually let go?

Taoist Chunling sneered and said, "Boy, when you say you are bluffing, do you really dare to bluff?"

Speaking out, even a three-year-old child will not believe it, but will laugh out loud? Even if you want to bluff, you should at least find a better reason, right? "

Ye Chen shrugged and said, "If you don't believe me, you can try it on me?"

Daoist Chunling's eyes suddenly became gloomy and stared at Ye Chen, but with his experience, from Ye Chen's performance, he could not see the slightest flaw!

If Ye Chen is acting, pretending, then this acting is really great!

Taoist Chunling suddenly flashed his eyes, and quietly gave Hong Renjie a wink.

Seeing the expressions of the two, Ye Chen shook his head slightly and sighed: "I have already given you a chance. If you are looking for death by yourself, you can't blame me."

Taoist Chunling snorted coldly: "Only you? When you are refined by me I hope you can still pretend to be! Do it!"

He burst into trouble, flipped his hands, and was actually holding two curved swords. The original look of gentle and elegant face also instantly became ferocious, full of evil spirits rolling, as if stepping on blood from hell, reaping the evil of life. Ghostly!

The boundless suffocation whistling, and in the suffocating qi, there is still a faint shadow of countless souls, the wind swept, and the sound of the wind was full of countless wailings, screams, and crying for mercy!

This Chunling Taoist, who has practiced throughout his life, does not know how many people have tortured to death!

Before he really took the shot, his momentum made people shudder!

The two swords in his hand were interlaced, and the blades flickered strangely, and his originally thin body also bulged up solid and strong muscles in an instant, slashing a sword against Ye Chen.

Taoist Chunling shouted in a low voice: "Blood Abyss Killing Soul!"

Chapter 2159: Back to you!

Two fierce blood lights intertwined and swept away towards Ye Chen. In the blood light, it seemed to scream and scream at Ye Chen with countless souls.

On the other side, Hong Renjie didn't neglect at all. With a move of the long sword shining with gold and silver brilliance, his figure was ethereal, his sword intent was rising, and he instantly merged into the gold and silver brilliance!

Under the glorious flow, it was actually outlined a very lifelike dragon light and shadow, this dragon dazzled with lintel claws, covered with golden light, only dragon horns, sharp claws, shining with silver light!

This golden and silver dragon, accompanied by the roar of the ten thousand ghosts, also groaned for a long time, and the sound shook the wild, and the whole body instantly gathered gold and silver, and the dragon's tail swayed and flew toward Ye Chen!

During the action, the silver light in the dragon's horns and dragon's claws became more dazzling and icy. The light was as sharp as a sword, so sharp!

Between these two shots, they had obviously used their full strength!

Moreover, together, there is a tacit understanding!

Obviously, this is not the first time that we have joined forces against the enemy!

Chen Zhifan's expression on the side sank suddenly. In his current state, the breath released by these two strongmen who closed the door made him unbearable and almost injured!

It is conceivable that Ye Chen, who faced these two strong attacks, was so dangerous!

Ye Chen shook his head and said:

"Is this your method? To be honest, it disappointed me. As expected, you are not worth letting me take the shot." What he said was the fact that the strength of the two men was worse than the five-tiered seal he had against him. a lot of!

Obviously it is the cause of the unsteady foundation of the pill!

And the attack of the two people came to Ye Chen's face in a blink of an eye!

Ye Chen still stood in place, motionless!

Chen Zhifan was shocked when he saw this, and said anxiously: "Ye Chen, what are you doing? Hurry up!"

He had seen Ye Chen's excellent physical strength before, thinking that Ye Chen would use that sky-defying speed to deal with these two door closures, but he couldn't think that Ye Chen wanted to take two half-step door closure attacks!

This is really unimaginable, even if Chen Zhifan knows that Ye Chen is a peerless evildoer, he can't accept it!

Ye Chen still smiled, without a trace of movement, the beastly sword in his hand reappeared.

That simple and dark beast sword exuding a powerful aura suddenly moved!

The beast sword moves, the sword shines!

Time seems to stand still!

In this small secret room, everything seemed to be frozen at the moment when the sword light flashed.

The only thing that is still flashing is the extremely dazzling, icy-cold sword light that condenses the terrifying murderous intent that is invincible in the world!

This sword is to cut through time and annihilate the existence of all things!

This sword is the reproduction of the power of the gods and demons in the ordinary!

This sword is the pinnacle of power and the deep valley of fear!

After ten millionths of a second, time flows again.

But the sword light that Chunling Taoist and Hong Renjie had cut out had disappeared.

Without leaving a trace, it disappeared silently!

Hong Renjie and Chunling Taoist were taken aback. They didn't even understand for a while, what happened just now?

Vaguely, they seemed to see a ray of light.

It's like a meteor piercing the night sky, just like the brilliance of the world.

This light is not only beautiful, but also very cold!

Cold to freeze the soul!

Because, in this sword light, there is an unimaginable killing intent with the hair standing upright!

The next moment, Hong Renjie and Taoist Chunling suddenly felt a pain in their chests!

The two screamed and spit out a big mouthful of blood!

When they lowered their heads, they saw a deep sword wound on their chest! Almost the entire body will be cut in two with sword light!

The sword light was so fast that they didn't even notice that it cut them!

These two, strong enough to stand on the top of Lingwu Continent, just fell.

He was full of breath and quickly wilted.

The shocking aura that had originally sealed the door, in an instant, it became as if there was nothing.

Under Ye Chen's sword, he was already seriously injured and dying!

Chen Zhifan was completely dumbfounded!

With his mouth wide open, he forgot to breathe.

Ye Chen actually won, still so easy to win!

Even the existence of his enchanting evildoer is confused and incomprehensible!

How long has it been since the two separated?

Ye Chen was a little surprised. Although he knew that his strength would be much stronger, he didn't expect to be so much stronger!

At this moment, Feng Qingyang's voice sounded in his ears: "The breath of the seal of ten thousand swords has not dissipated. If you use a sword, it will add those sword intent aura."

"Swords will naturally be much stronger."

"But in a few days, the seal aura on your body will disappear, and the sword intent will not be as strong as it is now."

"However, by then you should have stepped into the star orifice."

Ye Chen nodded slightly.

He put away the beastly sword, his expression was indifferent, and walked in front of Taoist Chunling.

Then, an evil smile appeared on his face.

Taoist Chunling looked at Ye Chen's evil smile, his eyes opened wide, and he trembled.

He was afraid, the fear from the soul!

His complexion turned pale suddenly, and he stood up abruptly regardless of his injury, and then knelt in front of Ye Chen.

Not only did he kneel, but also kowtow desperately to Ye Chen, begging for mercy: "You don't have to let me go, just let me die, just kill me, it is the greatest kindness, please, please! Just kill me!"

He knew that it was almost impossible for Ye Chen to let him go.

If you were you, would you let go of someone who just wanted to torture you to death?

Naturally not.

Ye Chen looked at Taoist Chunling begging for mercy and smiled.

He smiled very, very gently, just like the smile that Chunlingdao had been hanging on his face before, it seemed that there was a feeling of spring breeze.

Then, he shook his hand, and a small transparent flying needle was inserted into Taoist Chunling in an instant!

This flying needle is naturally the secret invisible needle of the Taoist Chunling!

But after the Taoist Chunling got the Secret Spirit Invisible Needle, he yelled madly and burst into tears. He knew very well how miserable it was to be tortured to death by the Molten God Fire!

That is, it really comes from the suffering of the soul!

He desperately wanted to suppress the flames of this Molten Fire, but could he do it?

In his current state, he couldn't suppress it for even a second, and the molten spirit, fire and poison, broke out!

Suddenly an invisible flame seemed to ignite in the sea of consciousness of the Taoist Chunling, and his whole sea of consciousness instantly turned into a sea of purgatory!

Among the seven orifices of Taoist Chunling, the blue smoke burst forth wildly, and inside his head, there was a scorched smell, and his whole person was also rolling frantically on the ground, and there was a loud sound in his mouth. The scream of Tianducheng!

Ye Chen coldly looked at Taoist Chunling's appearance, waved his hand, and put away the flying needle on Taoist Chunling. This invisible needle of Secret Spirit was quite interesting, he wanted to keep it.

Then, amidst the screams of the Taoist Chunling, he looked at Hong Renjie and smiled again.

Chapter 2160: Why are you afraid of that person?

Hong Renjie, who was originally extremely majestic, had a solemn expression at this time. He no longer hesitated, pinched his fingers, and felt the ground shaking, and said: "Please ancestors!"

Chen Zhifan's pupils shrank upon hearing this, ancestor?

He knows that a family with such a status in the Southern Territory generally has an ancestor who is in charge, and this ancestor is the strongest existence in the family!

Moreover, some ancestors are more likely to live from ancient times to the present!

He originally thought that the ancestor of the Hong family might be in retreat and didn't know what happened to the Hong family, so he didn't come forward. Now it seems that he was wrong!

This ancestor of the Hong family has always been around here!

Ye Chen was still so indifferent, without the slightest hint of surprise. He looked at a corner behind Hong Renjie, smiled and said: "After watching for so long, you should show up too?"

He knew that the ancestor of the Hong family had indeed lurked in the darkness from the beginning, watching him.

This ancestor of the Hong family seems to have mastered a hidden technique with no low rank, but even so, how can he hide Ye Chen's powerful spirit and mind body?

It had no effect at all, and was easily discovered by Ye Chen.

In the void, an old man's sigh was heard, then the air was twisted, and a figure appeared in this secret room out of thin air.

This person looked extremely old, wearing a purple robe with countless flying dragons imprinted on the robe. The old man had scattered white hair and a gray beard perpendicular to his chest. His face was thin, his skin was dry, and his hands on his back looked, There are also some humpbacks.

With only one pair of eyes, they are still superb, exuding a breath of vicissitudes and intrepidity, and their age is estimated to be long live, and a self-cultivation, at least the late stage of closing!

When Hong Renjie saw this old man appear, his face was overjoyed, as if he was relieved, and said excitedly: "Old ancestor, quickly kill this kid!"

The ancestor of the Hong family frowned, looked at Hong Renjie disappointedly, and screamed: "Shut up!"

Hong Renjie was stunned on the spot, what happened to the ancestor?

Now that the ancestor has come out, shouldn't this kid be killed directly? Why scold yourself?

Ye Chen is certainly afraid of the ancestor of the Hong family, after all, if he starts his hands, he may not win.

But he still smiled and stared at the ancestor of the Hong family and said, "You are the ancestor of the Hong family, why? Don't you avenge your descendants?"

The ancestor of the Hong family was silent for a moment, then suddenly bent over and arched his hands towards Ye Chen:

"This gentleman, our Hong family has offended you, and Lao Chu is very sorry. This is all due to Lao Chu's inadequate discipline to the Hong family's children.

Our Hong family is willing to compensate husband's friends to make up for the harm caused to him. Even if the son wants, the life of the Hong family's unfilial son can also be taken away, but he also asked the son to let our Hong family go. I, Hong Tengyun, swear by Dao heart, I will never retaliate against my husband! "

As soon as these words came out, the atmosphere was strange to the extreme.

Hong Renjie was dumbfounded, a little bit distrusted his ears, what did the ancestor say? Want to apologize to Ye Chen? What does it mean? Did Ye Chen take his life casually?

How can you do this!

The key is that an ancient-level powerhouse called Ye Chen Mr.?

Although the ancestor was not strong in the ancient times, he was also a real strong in the endless years. How could he bow his head to this kid in the realm of good fortune!

Hong Renjie seemed to want to say something, but was stopped by the stern eyes of the ancestors of the Hong family!

Hong Renjie's heart sank completely, he knew this was the ancestor's confession!

This strong man who has lived for nearly ten thousand years actually thinks he is not Ye Chen's opponent?

Chen Zhifan on the side was also a little confused.

Logically speaking, no matter how strong Ye Chen is, he can't match this ancestor.

And he clearly saw the ancestors appear, Ye Chen's eyes were a little serious.

In fact, not only were they dumbfounded, Ye Chen was also dumbfounded.

Why is this ancestor so jealous of himself?

What do you seem to be afraid of?

Logically speaking, I have made such a big disturbance in the Hong family. As an ancestor, I should be mad to kill myself.

But for some reason, Ye Chen didn't care anymore.

He just wanted to take Chen Zhifan away as soon as possible.

Ye Chen stared at the Hong family ancestor with a smile for a while, and found that the old man seemed to apologize sincerely and had no intention of playing tricks, and finally nodded and said:

"Okay, I accept, as for Hong Renjie..."

He turned his head, looked at Chen Zhifan, who was also sluggish, and asked: "Brother Fan, Hong Renjie, how do you handle this?"

"Huh?" Chen Zhifan replied stupidly.

After a while, Chen Zhifan glanced at Hong Renjie and said lightly: "Let him do this, the Hong family's price is enough."

Chen Zhifan knows the seriousness, he does not want to annoy the Hong family ancestors.

Ye Chen nodded and smiled at the ancestor of the Hong family: "Farewell."

The ancestor of the Hong family nodded, raised his hand and threw a storage bag to Ye Chen, and said respectfully to Ye Chen: "Thank you, Mr. Hong, this is my Hong family's compensation. Are you satisfied?"

Ye Chen swept casually, there was a real artifact inside! This real artifact is a piece of armor, pale gold, with a dragon pattern on it.

In addition, there are countless sacred stones, a few extremely high-grade pills!

For a family like the Hong family, this is also bleeding!

This ancestor of the Hong family has no plan to fool Ye Chen!

Extremely sincere!

Ye Chen nodded in satisfaction, and took a high look at the ancestor of the Hong family. It seemed that it was not unreasonable for the Hong family to pass on to this day and to be in the upper-class family.

He handed this storage bag to Chen Zhifan, and then smiled at the ancestor of the Hong family: "Okay, you are very sincere. This is the end of the matter. Also, don't tell me where we are waiting, we are leaving. "

After speaking, he took Chen Zhifan, his figure flashed, turned into a thunder, and left the Hong family in an instant.

Hong Tengyun wiped the sweat oozing from his forehead after seeing Ye Chen left . Ye Chen's body style was shocked even for him. Now he is even more glad that he chose to apologize to Ye Chen. , Instead of shooting him, otherwise, the entire Hong family, I am afraid it is true, will be destroyed!

In terms of strength, he can indeed beat Ye Chen.

But when it comes to trump cards, he must die.

At that time, even if Ye Chen does not kill hundreds of innocent people in the Hong family, as long as he kills his ancestor, the Hong family is gone. Without him, the foundation of the Hong family will immediately be taken by other families. Cannibalize.

Compared with the destruction of the Hong Family, what are these true artifacts and pills?

Resources can be accumulated again, others are gone, the Hong family wants to get up again, but it is extremely difficult!

After confirming that the two had left, Hong Renjie came to the ancestor's side and tentatively said: "Old ancestor, why are you afraid of that person?"
