Chapter 2161: Inexplicable breakthrough!

The ancestor looked at the direction Ye Chen was going, pondered for a long time, and finally sighed:

"This person has a mark on him. If I guess right, this son will have a great connection with the kingdom of God in the future."

"Also, I can live for so many years because I have mastered a special perception technique."

"I felt an eye in this child. It was an eye from hell."

"If I act, my eyes will swallow the entire Hong family."

"This person, absolutely must not provoke!"

"Even, his future achievements, we cannot estimate!"

"If my Hong family is offended by him, let alone this city, even the entire Southern Region may have something wrong!"

Hong Renjie's expression was strange to the extreme.

A warrior who has lived for nearly ten thousand years, is so sure of a kid in the good fortune realm?

The future of this son really can only be looked up to by the Hong family?

...

Ye Chen took Chen Zhifan to an inn in Jiuyuan City and opened a top-notch suite.

He planned to let Chen Zhifan recuperate here before taking Chen Zhifan back to the academy.

Shenhuo Academy is bound to accept Chen Zhifan's talent.

Ye Chen can now be regarded as the first genius of Shenhuo Academy. This time he came out to work for Ge Qing. It was naturally different from when he first enrolled, and he was qualified to know the location of Shenhuo Academy.

After entering the room, Chen Zhifan took out the storage bag and handed it to Ye Chen:

"Ye Chen, you saved my life. You didn't come this time. I only had to be tortured to death. Naturally you deserved these things. What do you do for me?"

Ye Chen smiled and shook his head and said, "Brother Fan, I don't lack these things, but these are what you need. What do brothers say so much for?"

Chen Zhifan hesitated, and put away the storage bag. Just like Ye Chen said, if the brothers care about so much, it will be worthwhile.

Then he asked curiously: "But how did you find me this time? I came to the Southern Territory this time, but it was extremely secretive."

Ye Chen told Chen Zhifan the origin of Master Chen Zhifan and Dean Ge Qing of Shenhuo Academy.

When Chen Zhifan heard this, he was surprised and said: "Unexpectedly, the master has experienced such a thing. The master once told me that the name of Zhenwu is not his inheritance. The original name is just that he is afraid of losing the inheritance. His reputation was changed to Zhenwu..."

Ye Chen nodded and asked Chen Zhifan: "By the way, Brother Fan, I haven't asked you yet, why did you come to this Southern Territory? Is it because of the inheritance?"

Chen Zhifan nodded and smiled: "Yes, it is precisely because of the inheritance jade talisman. Actually, I have found a inheritance through the jade talisman, but the inheritance I got is not the real inheritance!"

"Not the real heritage? What does this mean?"

Chen Zhifan said, "Although, there are many benefits in the inheritance, but the purpose of the inheritance is mainly to leave a message, and this information points to the real inheritance!"

"Oh?" Ye Chen's eyes flashed when he heard the words. It sounds like this inheritance is not simple! Otherwise, why bother?

Could it be that this is the final place of that reincarnation monument.

Chen Zhifan took out a jade talisman different from the jade talisman given to Ye Chen before:

"This is the new jade amulet I got in that inheritance, and it is also the key to the real inheritance. Based on the information left in the previous inheritance, I infer that the real inheritance is in this southern region. ! So, traced all the way to Jiuyuan City."

"Also, there is a great secret in this heritage, that is a strange stone!"

"This inheritor has guarded this strange stone for an extremely long time, just to wait for the destined person."

"Ye Chen, this strange stone is called Reincarnation Xuanbei."

"Now, I feel connected to me in the dark because of you."

"I think that samsara mysterious monument is waiting for you!"

Chen Zhifan is amazing!

Suddenly, Chen Zhifan raised his hand and threw the jade talisman in Ye Chen's hand.

Ye Chen was taken aback and asked Chen Zhifan: "Brother Fan, what do you mean?"

Chen Zhifan looked at Ye Chen earnestly and said, "Ye Chen, I came to the Southern Territory this time mainly to explore where this inheritance is, not to get the inheritance directly, because, as far as I know, this inheritance very horrible!

It's not that my current strength can get involved! But you have this qualification and this strength! "

Ye Chen heard the words and smiled bitterly: "Brother Fan, strength, that's it, you can wait until you have enough strength before you get this inheritance?"

Ye Chen was a little moved.

Such a treasure is too attractive to warriors.

But Chen Zhifan gave it to himself casually.

This shows that Chen Zhifan really regards himself as a friend of life and death.

Chen Zhifan shook his head and said: "The day when this inheritance is opened is almost here, and judging from the behavior of the Hong family, there should already be others who know the location of this inheritance, I can't wait.

Even if I reluctantly fight for it, it's just causing trouble for myself. I just investigated a position and almost ended up in despair, let alone fight for this inheritance! So this inheritance must be obtained by you! "

"This samsara profound monument, you must get it!"

Ye Chen nodded when he heard the words, and no longer said anything, and accepted the jade charm.

During his trip to the Southern Territory, Ye Chen had to fight since he had learned about the next reincarnation monument!

This is the key to unlock his bloodline!

A piece of Red Chens Divine Veins is so powerful, I really don't know what this reincarnation profound stele represents!

After that, Chen Zhifan healed his injuries in this hotel, and Ye Chen also started to hurry up, realizing soul skills, cultivation, and wind and thunder.

He is now very strong, but he knows that it is not enough!

His current strength is above the Lingwu Continent, which is not bad, but how about going to the Demon Race and the Kingdom of God?

I'm afraid it will still be crushed.

And his goal is the Kingdom of God!

And if you want to gain a foothold in the kingdom of God, you must at least step into the gated state!

He is still far away, how can he relax?

One day later, Chen Zhifan opened his eyes, his whole body's spirit and energy were healed countless times, and the scars on his body disappeared!

In fact, Chen Zhifan was severely injured. As an ordinary person, his foundation may have been destroyed long ago. However, Chen Zhifan can recover within three days, and his aptitude, potential, and physical fitness are equally enchanting!

When Chen Zhifan opened his eyes, Ye Chen also opened his eyes, and his eyes flashed with black light!
The breath of breakthrough condenses!

He actually stepped into the pinnacle of the nine heavens!

And the breakthrough breath has not stopped!

Chapter 2162: Unshakable forces!

Finally, stop at half-step Xingqiao!

It's just one step away from the star aperture!

Ye Chen was a little surprised, for good luck, breakthrough should not be so easy, why did he break so many in a few days?

Too unscientific!

At this moment, Feng Qingyang's voice sounded: "Actually, I thought you could directly enter the star aperture, but now it seems that I still value you."

Ye Chen was startled, and quickly asked Feng Qingyang: "Master, what do you say?"

Feng Qingyang explained: "Do you still remember the Ten Thousand Swords Seal? This is the power against the strong."

"Hidden inside is the sword intent and luck of the strong man."

"After you use it, although you don't have this heaven-defying trump card, these breaths will also nourish your dantian and cultivation base."

"In theory, most people should break through to the third level of the Star Aperture Realm, but the foundation required for your reincarnation bloodline is too terrifying, so you can barely break through to the half-step Star Aperture..."

"This is also the biggest reason why you can fight against the strong people! The blood of reincarnation makes you more difficult to practice than all warriors. Others may practice in simple mode, but your practice is **** difficulty, but your overall strength will be more terrifying!"

"Also, the closer you get to the back, you will find that the closed door state and the Taixu state, a small state is very different."

"Although you have a half-step star orifice, you can't fight against the existence of half-step too virtual, and the power of the ten thousand sword seal is about to disappear. Before it disappears, you should be able to step into the star orifice realm and enter the star orifice. The strong can fight the person who seals the door to the sixth heaven."

"This should be your limit."

"If the opponent is in this realm, but is actually stronger in the same realm, you will be very dangerous, pay attention."

"I just don't know what the shepherd family of the Kingdom of God has become after bearing your ten thousand sword seal."

...

At the same time, the Kingdom of God, the Shepherd.

A mess, ruins all over the floor.

There were many sword shadows all around.

Even the Mu's plaque was pierced by a sword and split into two halves.

The Mu Family has a low status in the Kingdom of God, but it is also a martial arts family that cannot be ignored.

But at this moment, no one thought that the shepherd of the Kingdom of God would be ruined so openly.

The point is that they don't know who made it!

Countless people from the kingdom of God laughed at it, and even the Mu Family's rival family sent many people to wait and see!

This can make the Patriarch of the Mu family half dead!

The Mu's family has sent someone to repair the temple, and all the important people of the Mu's family have retreated to the Ancestral Hall.

The only thing in the Mu Family that has not been affected is the Ancestral Hall.

The Ancestral Hall is guarded by a strong formation, and the ancestor of the Mu family has been in retreat, but the world is out.

In the Ancestral Hall.

The elders were seriously injured and were using exercises to heal their injuries.

The Patriarch of the Mu family sitting at the top had a solemn expression. He was also injured, but he was more angry!

"Come here, what about the sword intent outside?"

A servant hurried over and reported: "Almost all of them are gone."

The Patriarch of the Mu Family nodded, his eyes finally fell on the fewest injured elders: "No matter what, my Mu Family has become a joke of the Kingdom of God. Next, our most important thing is to find this sword intent. The initiator."

"There is news from the Lingwu Continent that the Tianhan Mountain in the decisive battle has been destroyed, that mysterious girl has disappeared, and someone saw a young man riding a black spirit beast rushing up Tianhan Mountain before the incident."

"This pair of mysterious men and women should be the key to this sword intent."

"From today, recall all the children of the Mu family who are outside!"

"The Mu Family divides two powers, and one power goes to the Lingwu Continent to find the mysterious pair of men and women, and bring them back.

"A guard at the Mu's house and repair the temple."

"Now, it has nothing to do with Muye's death! It is about the monstrous anger of my Mu's family!"

"We won't die unless we catch the pair of dogs and men!"

The picture turns, Jiuyuancheng Inn.

Ye Chen and Feng Qingyang stood up and smiled at Chen Zhifan: "Brother Fan, have you recovered?"

Chen Zhifan nodded. Although he had endured inhuman torture for several months, he didn't know how many times his hands and feet had been cut off, but in just one day with the Heavenly Guards Pill, he had recovered his full strength.

Ye Chen was not surprised. Without such qualifications, Chen Zhifan would basically not be able to come to this Lingwu Continent.

"Ye Chen, shall we go back to the college next?" Chen Zhifan asked.

Ye Chen shook his head: "I have one more important thing to do."

"You wait for me first."

Ye Chen thought again and again, still preparing to go to the Blood Sword Sect and the Blood Spirit Race.

The Blood Sword Gate itself was puppeted by the Blood Spirit Race.

If the Blood Spirit Race can be annihilated, the crisis of Kunlun Void can also be eliminated in advance.

And Kunlun Xu's power can also be successfully rescued.

The Southern Region map controlled by Ye Chen is naturally very easy to find the Blood Spirit Race.

After half an hour, Ye Chen finally stopped.

But he did not approach.

Just because he felt a few strong breaths.

How could the blood spirit race have such a strong person?

In his eyes, the comprehensive strength of the Blood Spirit Race in the Lingwu Continent is not strong, not even as good as the Soul Palace!

However, he felt a deep danger at this moment.

Ye Chen looked towards the Blood Spirit Race a hundred meters away, and saw two old men shut their eyes and guard outside the door.

Ye Chen knew very well that the threat came from these two people!

At this moment, the two old men suddenly opened their eyes!

The cold eyes shot in Ye Chen's direction!

One of them seemed to turn into a thunder, holding a cold sword in his hand, and suddenly fell in one direction!

A huge rock shattered!

A deep sword mark appeared on the ground.

"No one? How could it be possible."

The old man frowned, closed his eyes and felt for a while, but found nothing.

In desperation, he returned to the gate of the Blood Spirit Race.

Another old man opened his mouth and said: "Is the man not taken down by you? That man seems to have only half a star orifice in his cultivation. Could it be that he came to seek revenge from the Blood Spirit Race?"

The old man shook his head: "I'm not sure, but it's not enough to be afraid. The other party didn't know what method was used. When I arrived, it had disappeared. Strange."

"But the other party shouldn't be here for adults."

"It's probably the enemy of the Blood Spirit Race."

Another old man did not continue to question, his eyes flashed murderously: "We can't take it lightly."

"At this juncture, anyone who appears must pay attention."

"I will follow the breath later to check it. I remember the smell of that person. It's not difficult to find it with a spell. After speaking, I pinched my fingers and closed my eyes.

Apparently the search began.

He knew very well that their task was to guard that adult.

Any threat must be strangled in the cradle.

...

At this moment, ten miles away.

Ye Chen gasped slightly. If Feng Qingyang hadn't reminded himself, he might have really died under the sword.

When did the blood spirit race have such a terrifying powerhouse!

Feng Qingyang pondered for a moment, and then said: "Disciples, those two people are from the kingdom of God, and their techniques seem to be very similar to a force in the kingdom of God."

Chapter 2163: Umang, this palace gives you a chance

The "What force?" Ye Chen subconsciously asked.

"Tiandao Palace." Feng Qingyang slowly uttered three words, even with a hint of anger.

"It seems that those guys in the Kingdom of God have already sensed something is wrong. If I'm not mistaken, sending someone here is a sign of anxiety."

Ye Chen frowned. He used to be extremely easy to fight against the Blood Spirit Race, but now if the Kingdom of God makes a move!

Obviously not easy!

The critical year is coming soon, if you don't stop it, Kunlun Xu will still have problems!

Feng Qingyang seemed to have guessed Ye Chen's thoughts, and said: "Kunlun Xu, you don't have to worry about it. Since the Kingdom of God is here, they have no time to be distracted to do other things."

"And with your current strength, if they really send someone to fight Kunlun Xu, you can intercept and destroy it in advance."

"More than why, I faintly feel something is wrong, what you really want to worry about now is the kingdom of God."

"The Heavenly Dao Palace sent someone here. This is a bad signal."

"Even, I have a hunch that people from the Kingdom of God Tiandao Palace will find you soon."

"For now, leave the Southern Territory first and go back to Shenhua Academy. Doesn't the dean want to see Chen Zhifan?"

"Leaving now can prevent those two people from pursuing them. As for the people who save Kunlun Xu, don't worry, the people of the kingdom of God can't stay for long, just wait for them to leave."

"I am still worried about one thing. Will the people of the Kingdom of God remain in the Blood Spirit Race because of the upcoming reincarnation monument?"

"If this is the case, that piece of reincarnation profound monument will be difficult, you have to be prepared."

Ye Chen glanced at the direction of the Blood Spirit Race, and finally nodded.

He is the hope of all masters, so naturally he cannot act recklessly.

...

Ye Chen returned to the inn, directly sacrificed Feizhou, and returned to Shenhua Academy with Chen Zhifan.

According to Chen Zhifan, the real heritage site should be opened in the near future, and the location was in an extremely hidden barren hill on the outskirts of Southern Jiuyuan City.

If there is no jade talisman and the correct opening location is found, even the super strong will not be able to perceive the existence of the ruins.

Since there is still time, Ye Chen also wanted to go back to Shenhua Academy to improve his strength, and then return to the Nine Yuan City.

After all, the Blood Demon Sword is still in the academy.

Without the Blood Demon Sword, he lacked a bit of hole cards when he was enchanted.

...

At the same time, a land of ice crystals in the Southern Region.

This is the beginning of the Absolute Frost Palace!

A jet of dark lightning was galloping in the ice. This is the Umang with the blood of ancient monsters that Ye Chen obtained from the Southern Territory!

A young girl wearing a veil stared at this extremely fast black awn, her pale face showed a bright smile.

"Bai'er, in other words, Ye Chen is not dead?"

Baier nodded behind him: "Palace Master, indeed."

"According to the investigation, Ye Chen went to the Hong Family in Jiuyuan City and rescued a man named Chen Zhifan."

"Not only that, he seems to have broken through to the half-step Star Aperture Realm."

"Palace Master, I have something to take back, Ye Chen, I really can't imagine it."

"I don't even know how he survived in Absolute Cold Mountain."

"Palace Master, can Ye Chen really help us in the Absolute Frost Palace?"

Wei Ying took off her veil, and with a wave of her slender hand, Umang came to her.

She stroked the Umang by her hand and said: "He has always been like this, he is full of miracles."

"He is not that easy to die."

"This guy really hurt my tears."

Baier covered her mouth and snickered.

She followed Wei Ying for so long, but it was the first time she saw Gong mainstream tears.

But Ye Chen did not die, for some reason, she was happy from the heart.

She even found that the man whom the palace lord liked could not be wrong.

"Bai'er, you probably haven't seen anything these days."

Wei Ying's voice suddenly sounded.

Baier quickly stopped her smile and said solemnly: "Palace Master, Baier is blind and can't see anything."

"By the way, the palace master, what shall we do next?"

Wei Ying stepped onto the Umang: "Although I don't know what happened that day, the Liangzi of the Shepherd Family of the Kingdom of God is completely formed."

"I should go to that place too."

"I also want to prepare a surprise for Ye Chen."

Wei Ying's eyes fell on Umang:

"Umang, do you want to become stronger for your master?"

U-mand demonic energy swept across, raised his legs, extremely excited!

"The Umand, follow me."

"This opportunity is the beginning of your battle with Ye Chen in the Kingdom of God!"

...

one day later.

Ye Chen and Chen Zhifan arrived at an empty hill. Ye Chen looked around and took out the token that Ge Qing gave to him, representing the identity of the dean. They gathered all their spiritual energy, and hit a void. A crimson light!

The light shot into the void, unexpectedly submerged in it, a wave of spatial fluctuations waved away, and a huge red light array emerged out of thin air, and then the light array turned into a red door.

Chen Zhifan and Ye Chen looked at each other, his eyes filled with excitement. After all, Shenhua Academy is one of the holy places that specializes in training strong people in the legend!

And his uncle is the dean of Shenhua Academy, a strong man in the realm of Taixu!

If he is not excited, it would be strange.

However, Chen Zhifan calmed down quickly, and followed Ye Chen into the door.

There was a dizziness in his mind, and he opened his eyes again. The first thing Chen Zhifan saw was the huge gate, the high wall.

For a moment, it was a little shocked.

Ye Chen glanced at Chen Zhifan, and a smile flashed across his face. When he first arrived at the academy, his reaction was almost the same as Chen Zhifan's.

Soon, the two entered the academy and went directly to the tower where Ge Qing was.

Ge Qing was examining and approving documents in the dean's room. He suddenly raised his head and looked at the door.

Seeing Ye Chen leading Chen Zhifan into the room, Ge Qing was slightly taken aback, and soon he realized that the young man following Ye Chen was the heir of his senior brother.

This old man who has always been cynical stared at Chen Zhifan's face, and a trace of memory appeared in his eyes. Then, with a smile on his face, he said to Ye Chen:

"I'm back? Ye Chen, thank you very much this time."

Ye Chen shook his head and said: "Dean Ge, thanks to you this time, Brother Fan is a good friend of mine. Even without your relationship, if I know what trouble he has encountered, I will rush there as soon as possible. Helping."

Chen Zhifan felt something similar to himself in Ge Qing, and he realized that the old man in the Taixu realm in front of him did have a deep relationship with his master. He immediately went forward and said, "Junior Chen Zhifan, I have met my uncle. !"

Ge Qing hurriedly raised Chen Zhifan and looked at Chen Zhifan lovingly: "Good boy, I won't say much about anything else. I want to ask if you want to be my disciple?"

Ye Chen and Chen Zhifan were both taken aback.

When Ge Qing came up, he wanted to accept disciples directly!

Chapter 2164: Boost 0 soldiers burst!

However, Ye Chen smiled slightly. This is indeed something that Ge Qinghui did. He immediately said to Ge Qing: "Dean Ge, I have something to do. Let's go."

Ge Qing nodded. He also wanted to be with Chen Zhifan and recount the old together. His brother, Chen Zhifan's master, has been his concern for so many years. He can't wait to know that the brother, after being separated from him, experienced what happened!

After Ye Chen left the dean's room, he walked to the workshop of Shenhuo Academy. He also went to see Mr. Wu.

I don't know what happened to the Blood Demon Sword.

Soon, Ye Chen arrived in the workshop and saw the strong old man at a glance.

When Elder Wu saw Ye Chen, his eyes lit up, and his good apprentice finally came back!

Ye Chen saw the look in Wu Lao's eyes and couldn't help feeling helpless. He smiled bitterly and said to Wu Lao: "Wu Lao, I'm back."

Hearing this, Mr. Wu frowned and said, "Call me Mrs. Wu?"

"Uh..." Ye Chen scratched his head, and said with some embarrassment: "Master."

Old Wu smiled immediately, patted Ye Chen on the shoulder and said, "Come in with me."

"Your sword is really extraordinary, but your master I am even more extraordinary!"

Lao Wu opened the door, and the blazing heat came to his face!

Ye Chen was shocked to find that a magma furnace was hidden in the house.

And a sword stands on the hot lava!

It is the Blood Demon Sword!

But the Blood Demon Sword has been greatly improved! Even the sword is engraved with ancient inscriptions.

The inscription turned out to be his own name!

Ye Chen!

"Disciple, drop a drop of blood and recognize the Lord."

Ye Chen nodded, forcing the blood to fall on the Blood Demon Sword instantly!

In an instant, the entire ground shook!

The body of the Blood Demon Sword is like a gathering of fiery flames!

"bump!"

With a loud noise, the Blood Demon Sword broke out!

Soaring into the sky! Fly to the sky!

Like a meteorite falling from the sky! An arc of shocking clouds appeared in the sky!

I don't know how long it took, the Blood Demon Sword fell from the sky and returned to Ye Chen's hands!

Although Ye Chen's immortal divine body also felt a little uncontrollable!

He discovered that Elder Wu had made up for the missing parts of the Blood Demon Sword, and even added an extremely important element!

It's definitely not weaker than the beast sword he is using now!

Even if you add the power of the mysterious demon that the Demon Emperor promised him, it is absolutely terrifying!

"Disciple, I have never forged a sword so seriously."

"I dare to say that under the world, even the forgers of the Kingdom of God cannot compare to me."

Ye Chen was slightly surprised, Wu Lao was so terrible?

Elder Wu seemed to remember the past and murmured: "Disciple, you may not know that I used to be one of the best young forgers in the Kingdom of God, but it's a pity..."

Old Wu's voice ceased.

"Don't say it, it's all in the past."

"As long as you know, I am your master now."

"Your sword, it should be difficult for the world to have power to cut it off."

"I added Gengjin, Chiyan Stone, and the blood of the gods and demons...These are the master's savings for many years."

Ye Chen looked at Elder Wu in surprise, all these things were priceless existences in Lingwu Continent.

But the master blended it into his blood demon sword!

How can he repay this love!

Ye Chen held the Blood Demon Sword, just about to say something, Wu Lao laughed and said: "Okay kid, less gossip, hurry up and start learning the art of forging with me, and then, some of you have worked hard, this I won't let you go if I don't learn my forging technique this time."

Two days later, in the workshop, the sound of metal and iron hitting each other continued. In the hot forging room, Ye Chen wielded a sledgehammer and kept hitting a piece of metal. Under the perception of his powerful spiritual mind, every They are all controlled properly!

Elder Wu on the side looked a little silly, Ye Chen, it took only two days to get his forging technique started!

Forging is not so easy to learn! If this is the case, wouldn't it be because the streets are full of artifact forgers?

Originally, Old Wu thought that even if Ye Chen's aptitude was strong, it would take at least months, even half a year, or a year to get started, right?

But what?

Ye Chen, it only took two days to get started!

This is still under the circumstances that he is extremely demanding!

After a few minutes, Ye Chen finally stopped the blow, put down the heavy hammer in his hand, wiped the sweat from his forehead, took out the piece of metal he forged, and quenched it.

He looked at it carefully, and there was a hint of satisfaction on his face. After that, he handed the piece of metal to Mr. Wu and asked, "Master, how do you think my piece of metal is made? Is it a start? "

Old Wu took the piece of metal and saw that his chin was about to fall off. He reluctantly pretended to be calm, and stammered, "Forget it... it's a beginner."

More than just getting started! Even his request is already extremely demanding!

After all, the more advanced the metal, the more difficult it is to remove the impurities.

And what about Ye Chen? The purity of this metal has reached 99%, right?

This is already comparable to your own level!

And Mr. Wu is forging one, and he has been immersed for more than ten thousand years, what about Ye Chen?

Only two days of learning!

This is not an introduction, what is an introduction?

Ye Chen smiled and said: "In this case, the master, the apprentice will have to leave for a while, but you have said that as long as I get started, you will let me leave temporarily."

Old Wu said in a daze, "Okay, when you are free, come and see me again."

He hasn't recovered from the shock yet, even if Ye Chen wants to continue learning, he has to slow down.

As he left, Ye Chen suddenly thought of something and handed out something: "Master, I have one more thing to trouble you. I once learned a secret skill by accident named Qianbingbang, he can At the cost of an explosive weapon, it releases extremely powerful power. I wonder if the master can promote it to a stronger existence?"

Ye Chen looked at Wu Lao with a little excitement, after all, Qianbingbang used to be his great trump card, the power was terrifying.

If the existence of Mr. Wu's level raises it to the extreme, does it have more power to counter the kingdom of God?

Elder Wu took the things in Ye Chen's hand and felt it, his eyes suddenly brightened!

"Somewhat interesting! The blacksmith involved in this technique is so talented that he actually thought of using this technique to fight against others, but it is extremely demanding of the spirit."

"Also, this blacksmith does not have a thorough understanding of some things, which makes the thousand soldiers burst in your mouth not perfect."

"Since my disciple requested it, then I will study the Thousand Soldier Explosion, and strive to increase the power of the Thousand Soldier Explosion by ten times a hundred times, and reduce the pressure on the soul."

Chapter 2165: The fight for the reincarnation mysterious stele!

Ye Chen slammed his fist into the air!

This master is too powerful!

If a thousand soldiers explode, he will be more confident against the one-year agreement.

There are ten days left in the year.

Xia Lingqiu will never let Lingyun lose! Then he must be the most foolproof preparation!

Ye Chen returned to the bedroom and directly communicated with the Devil Emperor.

In an instant, the power of the eyebrows flashed!

The Devil Emperor turned into a magic shadow and appeared in Ye Chen's room.

"Devil Emperor, the Blood Demon Sword has been repaired, it's up to you next."

The Devil Emperor stared at the sword floating in the air with a slightly surprised expression.

"This sword was made by the forging mentor of Shenhua Academy?"

Ye Chen nodded: "Is there any problem?"

The Demon Emperor pondered for a moment, and then said: "It seems that in Shenhua Academy, Crouching Tiger, Hidden Dragon, the forge's ability, I am afraid that not many people in the Kingdom of God can compare with it."

"It's just that the opponent's cultivation base seems to have fallen a lot. If I'm not wrong, then the forging mentor's peak cultivation base should be in the late stage of the too virtual state, but I don't know why, it has become a closed door state, I am afraid it is injured."

"Your Blood Demon Sword has been promoted to a very strong point by that mentor."

"If you cooperate with the power of the mysterious demon, it might be very scary."

"Leave this sword to me for a while, I need to make some preparations."

"Okay." Ye Chen had some expectation in his heart.

Moreover, he thought of what Elder Wu had said at the time, that the former Elder Wu was actually the first young forger in the kingdom of God.

Then what happened afterwards, when he was injured and fell to the door, and he became an unknown mentor in Shenhua Academy?

Ye Chen didn't think about it anymore, when the time came, Mr. Wu would naturally tell himself.

In these ten days, he must get the Reincarnation Profound Monument!

After refining the Samsara Xuanbei, a year-long appointment, even if the aura is raised against the sky, he is qualified to shake it!

At the same moment, Lingxian Emperor Palace.

Suddenly a pillar of light that thrived to the sky formed!

A strong shock came from the entire Lingxian Imperial Palace!

Xia Ruoxue who was practicing opened her eyes and just thought of getting up, only to find Xia Lingqiu in a black and purple robe appeared beside her.

"doing what?"

Xia Ruoxue's beautiful face turned into a chill.

If it weren't for Ye Chen, she wouldn't want to stay in this **** Lingxian Emperor Palace.

But since I can't escape now, I can only wait with Ji Siqing.

Xia Lingqiu handed a bowl of flowing colorful water to Xia Ruoxue: "This is today, take it."

Xia Ruoxue didn't talk nonsense and took the water directly.

This water is taken daily, she also suspected it!

But it seems that there are no side effects, and taking this water, her cultivation base has risen extremely!

It's holy water!

Xia Lingqiu looked at Xia Ruoxue's suit, and was a little surprised: "Strange, why someone else takes it will cause problems.

"Only you have nothing to do with it, and the cultivation base is rapidly increasing."

"Does your body have some connection with that thing?"

Xia Lingqiu shook his head, stopped thinking about it, and suddenly smiled: "Let's go, your master's retreat is over. There are still ten days before that little beast's one-year appointment. You may see that guy die tragically at your master's. On hand."

Xia Ruoxue's eyes were filled with worry, trying to say something, only to find that she had been taken outside by Xia Lingqiu.

The skylight beam outside is extremely terrifying!

This turned out to be a vision of Lingyun breakthrough!

Xia Ruoxue was too worried about Ye Chen ten days later.

Xia Lingqiu saw Xia Ruoxue's appearance, smiled, raised his chin, and said proudly: "For this year's appointment, how much resources did my Lingxian Imperial Palace give Lingyun?"

"This vision is not something ordinary people can contend with, Ruoxue, this is the gap between the Lingwu Continent and the Low Wu world."

"Resources and talents are too different."

However, before she finished her words, a more terrifying beam of light rose through the sky.

Xia Lingqiu's expression was extremely frightening!

There is a huge gap between Lingyun's breakthrough light beam and this light beam!

The key is that this breakthrough in the beam of light comes from Ji Siqing!

Ji Siqing from Kunlun Xu, Earth of Diwu World!

...

A day later, Ye Chen came to the Southern Territory again, and when he lined up outside the fortress, Ye Chen glanced at a familiar figure, and he couldn't help showing a smile.

The general who guarded the goal this time was still Baishan who was seriously injured under Ye Chen.

Baishan sensed Ye Chen's gaze and raised his head. When he saw Ye Chen, his face was instantly pale, his eyes widened, and his body trembled with fright. All the documents under review in his hand fell to the ground.

The warriors around Baishan looked at Baishan for some unknown reasons and asked, "General Bai, what's wrong?"

Bai Shan picked up the file on the ground with some trembling hands, shook his head and said, "It's okay, it's okay."

Soon, it was Ye Chen's turn to enter the city. He looked dodged and did not dare to look at his Baishan. With a smile on his face, he handed the documents in his hand to Baishan's hands and said with a smile: "General Bai, my information is available. problem?"

Baishan didn't even read the document, so he affixed the seal of approval and sneered, "No problem, no problem."

Ye Chen stared at him for a long time, then nodded and entered the city.

Three hours later.

Ye Chen came to a barren mountain one hundred thousand miles outside Jiuyuan City. He took out a compass, and Chen Zhifan had already recorded the location of the inheritance on the compass.

Under the guidance of the compass, Ye Chen gradually went to the depths of the mountains, and the scenery he saw in his eyes began to gradually change from dry trees and gray rocks.

In front of Ye Chen's eyes, a strange maple forest appeared. The maple forest trees were towering, lush and full of blood-red maple leaves. Staring at the maple forest in front of him, Ye Chen couldn't help stopping, his eyes flickered!

This maple forest exudes an inexplicable aura, even he feels a bit of suppression, the most important thing is that this maple forest is too conspicuous in this barren mountain!

However, with the strength of his spiritual mind, before entering here, he did not notice the existence of this maple forest at all. No wonder Chen Zhifan would say that if he does not know the specific location of the ruins, even if the ruins are opened, they will not be Others found out.

Obviously, this maple forest is very strange!

If there is no clue to guide, I am afraid, even if it exists in the Void Realm, it is impossible to find here, right?

Ye Chen took a deep breath This inheritance does not seem simple.

How could it be easy for a person who can guard the sacrificial monument!

But the more this is so, the more he can arouse his interest!

A slightly excited smile appeared at the corner of his mouth, and immediately stopped hesitating and stepped into the maple forest.

According to Chen Zhifan, the ruins were in the maple forest, but he couldn't determine the specific location. Now, he had to wait for the ruins to appear.

Ye Chen took out the formation plate, arranged it around, and sat down cross-legged, he took out a sword with strong breath, his eyes closed slightly, adjusting his state.

He will try to enter the Star Aperture Realm before the ruins are born!

And this sword is the beginning of his stepping into the star aperture!

Chapter 2166: Hunt down the eternal holy king!

The ...

An hour later, Ye Chen opened his eyes again, purple light flashed in his eyes, and his whole body exuded an extraordinary power!

A body full of spiritual power, running extremely fast in the body, even the surrounding air, under the influence of Ye Chen's breath, began to faintly twist!

At the moment when his aura reached its peak, Ye Chen's eyes condensed. First, a dazzling golden light burst out behind Ye Chen. In the golden light, a white tiger faintly flashed past, and then the golden dragon, unicorn, **** and demon, and Xuan Yan. Wait, the phantoms that symbolize Ye Chen's power flashed one after another!

In the next moment, a monstrous might suddenly rose into the sky from Ye Chen's body, and that burst of light flashed wildly, but there was no way to stop the outbreak of this breath!

Even the wind and clouds in the sky are faintly changed under the stimulus of this power!

The wind howled, the lightning and thunder! Spiritual power of heaven and earth, surging crazily!

The endless thunder robbery suddenly landed above the sky!

This thunder robbery is too terrifying!

Even if the strongman breaks through the door, it can't be so terrifying!

A thunder robbery with the meaning of divine thunder and the anger of heaven fell!

Ye Chen didn't move!

He is completely different from other strong men who broke through to meet Thunder Tribulation!

Others are afraid!

And he is enjoying!

Ye Chen's foundation is too strong!

If he didn't have the blood of reincarnation, his chances might be enough to allow him to step into the sealed door state!

It is because the reincarnation bloodline demands too much of the martial artist!

Ye Chen is just about to step into the star aperture!

...

At the same time, the Kingdom of God, an extremely luxurious and spiritually liquefied palace.

The palace is magnificent, and the surrounding aura is rich and liquefied!

Kan is called the best practice place in the world.

At this moment, in the deepest part of the palace, for some reason, the ground shook.

A dragon opened his eyes, and the cold breath was completely released!

And the majestic man above the dragon also opened up from cultivation!

His eyes were filled with horror and surprise.

"The Heavenly Dao Palace has not been shaken for a long time. Where did this aftershock come from?"

"Do you know where you are from?"

The man above Shenlong stood up, put his hands behind him, and asked Shenlongdao.

The dragon rose fiercely, and the coercion was self-contained, and the entire palace seemed to be turned into a sea of fire.

This dragon turned out to be a vision on its own!

Shenlong's eyes stared at a huge gossip disc, and he actually said, "Where does the vision come from."

"It seems that someone has broken through, making this Tiandao Pan that can foresee the future fear..."

"This thing can predict everything, presumably he has a foreboding that he will be shattered in the future."

"And the earthquake in the Heavenly Dao Palace, I am afraid it came from this breakthrough person."

"It seems that since the last time that surname Ren left, someone else is going to be disadvantageous to Tiandao Palace."

"In the future, you and I will face a huge threat."

The man above Shenlong looked at the trembling Tiandao Pan, his eyes solemn.

During this time, the anxiety grew stronger.

This shock probably came from that young man.

Although he asked people to investigate the identity of the young man, there were always people covering up for this young man in Lingwu Continent.

Whenever his people want to find this person, the clue will suddenly stop.

But he already knew who had obscured the youth's breath.

The eternal holy king.

That guy is still alive.

Is he laying out again?

The man above the Shenlong clenched his fists and released his murderously: "Heavenly Dao Palace does not allow such threats."

"Since that old man wants to prevent me from discovering this young man."

"Then send someone to catch this old man back."

"Eternal Saint King, you have been hiding for so long, we should also meet."

"No matter what game you set, I will break it like I did!"

"My Heavenly Dao Palace will never allow another Ren Feihua to appear in the world!"

"Never allow anyone to kill the Palace Master of Heavenly Dao Palace with a single sword in front of the countless forces of the Kingdom of God!"

"This is the permanent humiliation of my Heavenly Dao Palace!"

"Never allowed!"

Who could have imagined that this noble man in the Heavenly Dao Palace would be furious!

After speaking, thunder and lightning condensed in his hand, and he smashed toward the heavens with a palm!

"Heaven's punishment, God Thunder, I want to see if that mysterious young man can bear it!"

...

Tianlei is getting more and more terrifying.

At the moment, Ye Chen frowned slightly.

How did this Thunder Tribulation change?

It seems completely different from the thunder robbery just now.

He glanced at the divine thunder that gradually formed a phantom in the sky, his face changed slightly!

This day thunder actually contains the power of heaven's punishment!

God wants to kill himself?

At this moment, Ye Chen no longer hesitated, and his whole body released an extremely terrifying aura!

Hold the beastly sword in the palm of your hand!

"Red Chen Divine Veins, open!"

"Endless Demon Body, open!"

"Immortal body, open!"

"What about Heaven's Punishment? Today, I, Ye Chen, will fight against the power of Heaven's Punishment!"

"With this sword, I cut the world injustice! I cut the chains of fate!"

...

Inside the maple forest, the vision shook the sky.

However, this weird scene can't be seen outside of Fenglin!

Time passed by minute by minute, but the vision in the sky showed no signs of abating, on the contrary, it got worse!

An hour later, in another part of this maple forest, several young men and women entered the maple forest at the same time.

At the moment they entered, they raised their heads together and looked towards the sky!

Obviously, he noticed the celestial phenomena caused when Ye Chen broke through.

What is even more surprising is that these people are all powerful in the closed door state!

Among them, the woman with the lowest cultivation base is the existence of the second-tier heaven in the gate-sealing realm! Looks like it's only 25 or 16 years old!

And the other few, the eldest man, was only about 30 years old, but his cultivation level had reached a terrifying level of five!

These people are obviously evildoers! Unparalleled evildoer!

Thirty-year-old Fifth Heaven in the Gate Realm?

After getting the Lingwu Continent, I'm afraid it can kill a large group of geniuses in seconds?

Is it enough to be on the Lingwu board?

And this man is not the strongest existence yet!

Among the few people, the strongest is a man in the Sixth Floor of the Sealed Door!

The breath is even close to the seventh heaven!

What is even more incredible is that this young man looks extremely noble!

There is a jade plate hanging from his waist with two simple ancient words on it!

Kingdom of God!

The treasure that hides the profound stele of reincarnation comes out, and the power of the kingdom of God is also watching!

Moreover, in the eyes of these people, there is an inexplicable arrogance.

Geniuses are all arrogant, and they are all confident that they have powerful talents that no one else can match, but the arrogance of these people is different!

The arrogance of these people is a kind of arrogance that ignores everything in the world!

If Ye Chen were here, he would definitely find that the eyes of these people were very similar to those of someone he had ever seen!

That is the look in Makino's eyes!

And these young men and women all looked at one person very quickly, it was the young man who closed the door to the six-story heaven.

This young man was obviously the leader among this group of people. At this time, he frowned slightly as he looked at the vision in the sky.

At this moment, the thundercloud and the violent wind suddenly disappeared without a trace, and everything seemed to have never appeared before.

One of the doormen who looked sinister, dressed in a costume and wore a very beautifully decorated long sword asked:

"Brother Zhao There seems to be something abnormal in Fenglin here. Although I saw the vision, I couldn't perceive what was going on. Do you want to see it?"

Zhao Yunhua pondered for a moment, and then said: "It's okay, but the main task the few explained this time is to find the ruins. Li Shen, you and Chen Meixiang will go and see what's going on. I will continue to look for the ruins. The specific location, if there is anything, let us know in time."

"Reincarnation Profound Monument, we must get it."

The man with a long sword on his waist nodded with the second-floor celestial woman who had the lowest level of cultivation, and then walked in the direction where Leiyun was.

Chapter 2167: The blood dragon in the 9-day Shenlong Palace is so infiltrating
The Fenglin Zhong.

The God Thunder of Heaven's Punishment suddenly landed, one after another.

Ye Chen was not afraid of Divine Thunder, but the corner of his mouth still had blood faintly.

The aftermath of the God of Punishment Lei that day was even close to the closed door!

He is just breaking through the Star Aperture Realm!

As for that!

He no longer hesitated, grasping the beastly sword, and slashed at the thunder of the **** of punishment!

"Slashing the sky with a sword!"

Jianguang is like a monstrous beast, swallowing toward that divine thunder!

Two extreme forces touch!

After a few seconds, the God Thunder suddenly disappeared.

Ye Chen gasped slightly, but not long after, dozens of Heaven's Punishment Thunder landed!

"Fuck!"

Ye Chen's pupils dilated, and the God and Demon's Reincarnation Art was revolving, and he suddenly used the Burning Heaven Sword!

A dazzling sword light to the extreme!

Sword light envelops the flame!

The sky of Fenglin seems to be burned by fire!

This is the sword of Burning Heaven!

The sword light of Burning Tianyijian split time and space, shocking everything!

The power condensed by this sword is almost shocking!

"bump!"

There was a loud noise and the dust was rolling!

Ye Chen's body was abruptly shocked ten meters away, extremely embarrassed.

After a few seconds, Ye Chen got up with difficulty.

He looked at the **** of punishment from the sky above the sky, frowning: "Heaven is going to kill me?"

"Are you really qualified?"

As soon as the words fell, the Hundred Dao Heaven's Punishment God Thunder descended!

Endless thunder and lightning are terrifying to the extreme!

If it does land, let alone Ye Chen, even the strongest person will die!

Ye Chen's eyes were full of solemnity.

At this moment, in the tombstone of Samsara, an old voice suddenly sounded:

"Tiandao Palace actually wants to punish you?"

"It's kind of interesting that such a god's punishment came to a nasty kid."

Ye Chen was extremely surprised when he heard this voice!

Canggu Medical God!

Could it be that Canggu Medical God is going to make a move?

Isn't this guy having a bad temper? Could it be that he couldn't bear to see such a punishment coming?

However, soon a pot of cold water poured down.

"Boy, the old man didn't say to save you."

"Come and cool off."

"It's just that the sound of punishment this day disturbed the old man's quietness."

"Fend for yourself."

The sound disappeared.

Ye Chen: "..."

He can be regarded as comprehending what a strange temper is a healing god.

Only 17 people were saved in his lifetime.

The rescue is still the power of the Evil Realm!

Even if he is the owner of the reincarnation tomb, he ignores it at all!

In desperation, Ye Chen could only walk towards Tianchao step by step!

His way is no fear!

Hundreds of heavens and gods of punishment thunder crashed down, and the coercion of the world's destruction enveloped everything.

Ye Chen spit out a blushing blood, as if he was going to be destroyed.

He activated the red dust divine vein again with the last trace of strength.

But Chichen Divine Veins still couldn't contend.

The demon emperor at the center of his eyebrows was gathering the power of the mysterious demon into the blood demon sword, naturally there was no time to help Ye Chen.

Feng Qingyang had just controlled Ye Chen's divine body not long ago, so naturally he could no longer help himself.

Even so, Ye Chen's eyes never gave up!

He stepped out, leaping high above the sky, and a dozen weapons exuding extremely strong aura were suspended!

"A thousand soldiers exploded!"

Ye Chen could only try to see if the Thousand Soldier Burst could cushion the God of Punishment Thunder this day.

The sound of a powerful explosion shook the world, and a huge mushroom cloud surged out.

However, the ultimate power was still torn by the **** of punishment on the spot!

Go towards Ye Chen vigorously!

"Six Dao Sword God's third sword, thunder."

Ye Chen's eyes flashed with determination, and the sword in his hand was thunderous!

Just when it was about to be touched, suddenly, a dome appeared out of thin air!

Then, the giant egg rushed into the **** of punishment and thunder abruptly!

"Xiao Huang!"

Ye Chen exclaimed! He doesn't want Xiao Huang to have an accident!

The meaning of punishment is too powerful this day!

The key Xiaohuang has been refined and can be reproduced as long as the shell is broken.

If Xiao Huang hits the stone with an egg at this time, everything will be in vain.

However, one second, two seconds, three seconds... ten seconds later!

God Lei of Heaven's Punishment actually disappeared.

In the sky, there is only one giant egg floating.

A violent electric arc flashed around the dome.

"Hiccup~"

A burp sounded.

From Xiao Huang!

Ye Chen was horrified to the extreme! The current Xiao Huang can even absorb the Thunder of Heaven's Punishment?

The dome fell from a high altitude, came to Ye Chen's body, shook a few times, as if in a good mood.

Ye Chen just wanted to reach out to wipe the dome, Xiao Huang's voice came from the dome:

"Master, next time I have something delicious to call me, I'm starving..."

"I'm only 70% full now, the taste of this thunder is too bitter, I can barely fill my stomach."

"The air here is good, I will sleep outside for a while, you are casual, so sleepy, this eggshell is really hard, I can't open it, maybe I can wake up after eating..."

After speaking, the dome was quiet and motionless.

Ye Chen was a little confused.

Xiao Huang... is too awesome!

Dare to swallow the first beast!

...

At the same moment, the Kingdom of God Tiandao Palace.

The shock of the palace stopped suddenly.

A crack gradually appeared in that heavenly disk.

The man above Shenlong frowned and his face was extremely dark.

He put his hands behind his back and instantly came to the front of the heavenly disk.

He stretched out his hand and touched the tiny crack, and a monstrous flame was condensed all over his body.

The terrifying dragon said: "Then the person who made you feel threatened is dead?"

The man did not speak.

But if you pay attention, you will definitely find that the man's body is shaking.

The blue veins on the neck are even more violent.

He is suppressing anger, but how can he suppress such anger!

This is the provocation of mortals to the Dao of Heaven!

Naked provocation!

The dragon obviously found something, and said: "Even the **** of punishment and thunder cannot erase this person. The threat of this person may be even more terrifying than that of the surname Ren."

"If we don't kill this son before it grows up, there will be endless troubles."

"Do you need me to take action? I will go to the Lingwu Continent to punish everyone involved. Even the unsightly Eternal Saint King, there is only the possibility of death in front of me."

The man stared at the heavenly disk and finally shook his head: "You are my trump card. You can't make a move until the critical moment."

"Your task is to guard the reincarnation monument."

"If people know that the Yantian Dragon God lower realm of the Nine Heavens Shenlong Palace is chasing and killing a kid, wouldn't it be a joke in the Nine Heavens Shenlong Palace."

The Shenlong nodded and returned to its original position.

A few seconds later, it suddenly thought of something, and said: "During this period of time, the Nine Heavens Shenlong Palace has a faint sense of turbulence, and it seems that the sky is going to change."

"I heard that a monstrous blood dragon appeared in the Nine Heavens Dragon Palace. The blood dragon seems to have the blood of the ancient blood dragon god, and it faintly transcends the limitation of the blood, and has mutated into a more powerful existence. I don't even know why, it can release all the beast combat skills!"

"This guy seems to threaten my existence."

Chapter 2168: Watching Xiao Huang

The "Also, the way of this blood dragon is too weird. A dragon has gone to kill! It seems to be reborn after absorbing countless seas of blood and death..."

"If the blood dragon continues like this, I must go back to the Nine Heavens Dragon Palace. If it claims the king there, order the Nine Heavens Dragon Clan...not to mention it, it should be impossible."

"How can an outsider give orders to the Nine Heavens Dragon Clan."

When the man heard these words, his brows condensed into Sichuan.

The mysterious existence of the Nine Heavens Shenlong Palace has happened. Could it be that the end of the Heavenly Dao Palace really came?

Fortunately, the dragon that turned out to be born has nothing to do with that kid.

Otherwise, if the two join forces... he dare not think about it.

"I will resolve this matter."

"As long as you bring back the Eternal Holy King, everything will be clear."

...

At this time, Ye Chen had already stood up with a smile on his face. For ordinary people, the Star Aperture Realm was by no means such a breakthrough, but what about Ye Chen?

Although it took some effort to make a perfect breakthrough, overall it was successful.

Now he has stepped into the heavens of the Star Aperture Realm.

I am afraid that it is enough to face the strong man who has sealed the door for six levels.

Fengmen and Taixu, the gap between a small realm is terrifying!

Ye Chen moved his body for a while, feeling the more surging power in his body. Although breaking through the Star Aperture Realm, his strength was not greatly improved, but no matter it was spiritual power, strength, resilience, etc. Some improvements, in general, can be regarded as an increase in strength several times.

Don't underestimate these several times of strength, you must know that Ye Chen had the combat power of the Gate Sealing Realm before he broke through!

When Ye Chen was about to consolidate some realm, he suddenly changed his expression and looked in a certain direction.

I saw two figures appearing in the field of vision, and the two of them were also obviously taken aback, obviously not expecting anyone here.

These two people are naturally Li Shen and Chen Meixiang.

Ye Chen's eyes flashed. Although Li Shen was dressed up as a dude, Ye Chen could clearly feel that this person was definitely not the kind of vain warrior!

Even his strength is stronger than his realm!

The same is true for Chen Meixiang on the side. These two people are obviously from different origins!

As for Li Shen and Chen Meixiang, originally they looked at Ye Chen with some caution, but when they noticed Ye Chen's cultivation, the two looked at each other, and a strange color flashed in their eyes.

However, Ye Chen swept his eyes from Li Shen, and stayed on Chen Meixiang for a while.

This Chen Meixiang, with fair skin, a pink skirt, looks like autumn water, has a fiery figure, and has exquisite features. Although he is a little worse than top beauties such as Ji Siqing, Wei Ying and Xia Ruoxue, it is also considered to be a country of beauty.

Moreover, he exudes a strange natural body scent, although not as good as the soul scent of Zi Ning, it is also very fragrant and has a charming effect. Ye Chen is a normal man, and it is normal to look at it more.

But soon, Ye Chen withdrew his gaze.

Although these two are strong, with Ye Chen's current strength, there is no need to pay too much attention to them.

As for the two people who came here at this time, they undoubtedly came here for the ruins, but Ye Chen didn't care. After entering the ruins, they naturally competed on their own ability, and there was no need to start here.

Seeing Ye Chen facing the two of them, but so indifferent, a hint of coldness flashed in Li Shen's eyes, and said:

"Sister Chen, I thought there was something special about the appearance that day. It seems that this kid's aura is still a bit unstable. Presumably, he just broke through the Star Aperture Realm, right?"

The Star Aperture Realm had just broken through. Senior Brother Zhao actually let us run for this kind of person. Alas, you and I are really unlucky. "

Then Chen Meixiang glanced at Ye Chen, and said unhappily: "Let's go, since it's confirmed, there is no need to waste too much time on this kind of person."

Ye Chen's eyes were indifferent, and he didn't intend to bother them at all.

Li Shengang was about to turn around and leave, but his sight was swept away. When he turned, he walked directly towards Xiao Huang's dome.

"Hey, Junior Sister, this monster egg seems a little weird..."

"Does the vision just now come from this kid, but from this dome?"

"In that case, we will bring it back."

However, he hadn't gotten close to the big egg, and Ye Chen stood in front of him.

Before Xiao Huang has broken his shell, he will guard at all costs.

Li Shen frowned: "Is this dome yours?"

However, Ye Chen only replied a few words: "He is resting, don't disturb."

Chen Meixiang also came over and stared at the dome. She closed her eyes and seemed to be feeling something.

After a long time, she opened her eyes, with some surprises: "Brother, I want to take this dome away. I want it to be my mount."

She obviously found the dome's unusual.

Li Shen's complexion also turned cold, his eyes faintly flashed with murderous intent, and he smiled and said: "It is my honor to be able to do this for Junior Sister Chen. Don't worry, this dome belongs to Junior Sister from now on."

Ye Chen saw that the two had started Xiao Huang's idea, his expression was cold, and he gave an ultimatum: "Go now, I will not kill."

Li Shen and Chen Meixiang were both taken aback when they heard this. The martial artist of the Star Aperture Realm didn't frighten them in front of them. They still dare to speak to them like this?

Under the dumbfounded gaze of the two of them, Ye Chenhan said: "I am not an existence you can offend, understand?"

Silence, incomparable silence!

Li Shen and Chen Meixiang looked at Ye Chen dumbfounded as if they were petrified.

After a while, there was a burst of laughter in the maple forest!

Li Shen and Chen Meixiang's hilarious laugh!

Li Shen laughed wildly, pointed at Ye Chen's nose, and said to Chen Meixiang: "What did he say? Sister Chen, I heard that right? He said he is an existence we can't afford to offend?"

The Star Aperture Realm of Lingwu Continent is so powerful? Or just broke through? This kind of person is in the kingdom of God, it is not worthy to give me shoes!

Are the wild people of Lingwu Continent so interesting? "

"Savage in Lingwu Continent?"

Ye Chen was obviously a little uncomfortable hearing this sentence.

The Kingdom of God is also in the Lingwu continent.

But in the eyes of the people of the Kingdom of God the warriors of Lingwu Continent are all savages?

This person from the kingdom of God really has a high self-esteem.

For this kind of person, Ye Chen didn't bother to say anything.

Is it useful?

They look down on you and will always look down on you.

Until they are stepped on by you!

Li Shen finally stopped his smile, and looked at Ye Chen in time, playing with the saber around his waist, and said indifferently:

"My **** Xuanzong has something to do here, so stay away. However, just now, your dog's eyes looked at my junior sister, and the dog's mouth was rude to me. You can't just leave it alone. Leaving the tongue is a loss, right?"

Chapter 2169: He is sleeping, don't disturb him

Chen Meixiang smiled and said, "Brother Li is still so kind. If he is another person, I am afraid that he will not give him any choice and kill him directly? Say one more thing with trash. Mei Xiang admires the disgusting, brother Li's personality."

Li Shen looked at Ye Chen with a faint smile, and said, "Boy, have you heard it all? Hurry up, my patience is limited."

"Really?" Ye Chen glanced at Li Shen lazily and said: "You are too noisy. Xiao Huang will be unhappy."

Li Shen's face sank completely!

He wanted to give this kid a chance, but now he doesn't want to wait any longer!

If Li Shen could bear it, he would not be a disciple of Shen Xuanzong of the Kingdom of God!

But on Chen Meixiang's pretty face there was only pity.

She feels pitiful for Ye Chen's next encounter

With a move of his hand, Li Shen drew out the long sword around his waist, and said blankly: "What we are fancy to, even if there is a master!"

The moment the long sword came out, a burst of precious light burst out, Ye Chen narrowed his eyes, this long sword was a true artifact!

Moreover, the long sword is inlaid with countless gems that exude powerful waves and dazzling brilliance. Such powerful and completely different energy is perfectly integrated on this long sword.

Li Shen took a long breath, a muffled rumbling sound was emitted from his body, boundless spiritual power ran wildly, and the surrounding air was stirred!

An air vortex was formed in Li Shen's body, and because of the huge energy rising in Li Shen's body, white air appeared in his pores!

Storms are surging instantly!

Ye Chen flipped his wrist and held the Beast Rotten Sword while his eyes flashed. This Li Shen's aura is not simple!

It seems that he somewhat underestimated the genius of the kingdom of God.

However, in Ye Chen's eyes, there was no trace of fear, but he was eager to try!

Although Ye Chen is afraid of trouble, there is warlike blood flowing in his bones. Once he encounters opponents worthy of his own shot, Ye Chen will be excited and will arouse fighting spirit!

Moreover, he has just advanced now, and he just needs someone to practice his hand.

Li Shen watched Ye Chen holding the long sword, but the killing intent in his eyes became stronger. He moved towards Ye Chen with a breath of breath. He drew his sword just to incubate his momentum and killing intent. Not really wanting to shoot Ye Chen.

Because Ye Chen is not worthy! Not worthy of letting him out of the sword!

His sword does not want to be contaminated with the blood of these low-level ants in Lingwu Continent!

He wants to use his momentum alone to defeat the opponent and let the opponent understand how big the gap is between them! And how ignorant and stupid Ye Chen is!

With a bang, that powerful aura, just like the substance, instantly pressed on Ye Chen's head. In Li Shen's thoughts, Ye Chen would be crushed by his aura instantly, and his bones would be completely shattered, right?

Chen Meixiang also looked good at the show.

But, one second, two seconds, three seconds.

After three seconds, Li Shen and Chen Meixiang were stunned.

why?

Because Ye Chen is still standing still, looking at the eyes of the two people, calmly to the extreme.

how can that be?

This is, the fifth-tier heaven of the Sealed Door Realm, still the coercion of the disciples of the Shen Xuanzong of the Kingdom of God!

As a disciple of Shen Xuanzong, Li Shen, aside from anything else, on this Lingwu Continent, even against the powerhouse of the Sixth Heaven, he is fearless and can fight!

In his opinion, how could Ye Chen's savage trash, withstand his own coercion?

After drawing the sword by himself, he merged with the sword intent and the pressure of killing intent!

More than coercion, Li Shen felt that he would be able to kill it if he breathed out casually. Using coercion was already an ox sword.

But what?

Not to mention killing Ye Chen, there is no way to affect Ye Chen at all!

This is simply beyond their understanding!

Even the one who just advanced to the Star Aperture, can't face his current pressure, right?

Could it be that this seemingly ordinary savage waste is stronger than yourself in the same realm?

Li Shen's complexion was completely gloomy, so gloomy that he could no longer be gloomy, and now he felt really insulted!

At this moment, Chen Meixiang cast a weird look at Li Shen, as if he was questioning Li Shen's strength.

The cruelty of the Kingdom of God is unimaginable. The weak have no friends, even if he was talking and laughing with Chen Meixiang, and even Chen Meixiang faintly showed his favor to Li Shen.

However, if Chen Meixiang felt that Li Shen was not strong enough, she would not hesitate to draw a clear line with Li Shen!

It's so realistic!

For Li Shen, Chen Meixiang's gaze was tantamount to adding fuel to the fire!

His eyes were bloodshot and his anger attacked his heart!

At this time, Ye Chen smiled and said: "The people of the Kingdom of God are all deaf? I said, don't disturb my friend sleeping."

"Shut up for me!" Li Shen roared, with a sword dance in his hand, pointing straight at Ye Chen!

"Well, I really didn't expect a star orifice waste to really make me angry to such an extent! Don't worry, after I kill you, it won't be all over, I will keep your soul, and then, well Let you experience the consequences of offending people from the kingdom of God!"

The moment the long sword danced, the jewels on the sword, the light burst, Li Shen's powerful spiritual power, momentum, and sword intent were all poured into the long sword!

That sword light flashed, as if flooding the entire world in an instant, the powerful energy in the gems was completely aroused by this sky-shaking sword intent, and burst out completely!

This sword is absolutely strong!

Destroy the world!

Li Shen yelled in a low voice: "Baotian Fengyun Sword!"

This infinite sword light rushed towards Ye Chen, and instantly enveloped it, as if it was really going to sweep everything and break through the sky with the momentum of the wind and residual clouds!

After the sword was taken out, Li Shen's anger and unwillingness disappeared. Only his sword was left in his eyes, and the original breath of shady bird was also swept away, turning into self-confidence, extremely powerful self-confidence. !

Chen Meixiang on the side saw it, and in her beautiful eyes, she was splendid. Li Shen's sword was so terrifying, could she kill herself in seconds?

It seems that I was wrong when I questioned Li Shen just now.

"Okay!" Even Ye Chen's eyes flashed a hint of excitement, and he yelled hello. Although Li Shen's personality made Ye Chen look down on, his sword was good.

At the same time, the long sword in his hand also moved!

"Fen Tian Yi Jian!"

In that infinite sword light and infinite mighty power, a cold light suddenly lit up.

A cold light from the blade of Ye Chen's beast rotten sword.

The cold light flashed, very fast, almost surpassing human thinking.

This sword Ye Chen used all his strength.

This sword is the strongest sword that Ye Chen cut out.

At the moment when Ye Chen took out the sword, Li Shen, who was already full of winning tickets, paled, and his wrist trembled fiercely!

I don't know why, at this time, he actually gave birth to a kind of fear of drawing swords against the real gods and demons!

And after that bit of cold light came on, it had disappeared in less than one thousandth of a second, and darkness followed!

At the same time that the sword light that Ye Chen cut out disappeared, the sea of sword light that broke out in Li Shen's sword also disappeared!

The moment the strong light converged, the world seemed to be plunged into darkness!

And Li Shen yelled, stepped back several steps, and at the same time spit out a mouthful of blood!

Chapter 2170: Not dead? you sure?

He looked at the blood on the ground, raised his head again, and looked at Ye Chen, who was standing in front of him with his eyes closed.

He couldn't believe his eyes.

Own, actually fell in the middle of the sword with a star orifice?

Also, was injured?

Does that star orifice exist?

It was unscathed!

Li Shen's dignity as a genius of the Kingdom of God is about to collapse!

how can that be?

Isn't this guy just a waste of Lingwu Continent?

Why is it so strong?

In the early stage of the Star Aperture's battle to seal the five-tiered sky, such an enchanting evildoer would hardly be seen even in the Kingdom of God?

Chen Meixiang on the side was also completely dumbfounded. From the beginning, she only disliked and didn't care about those warriors in Lingwu Continent.

But now, there was only one emotion left in her mind.

Not disgust, not contempt, but fear!

Fear from the bone marrow!

She knew that with Li Shen's sword just now, there was a great chance that she could kill herself in seconds. After all, the gap between the three realms was too big, and fighting was not her strong point.

And what about Ye Chen's sword?

Ye Chen's sword is obviously more terrifying than Li Shen's! Then, Ye Chen is 100% able to kill his own existence in seconds!

And what did you say to Ye Chen?

She knows that although she is considered a stunning beauty, in this world, strength is respected. If she insults and degrades a strong person who can kill herself in seconds, no matter how beautiful she is, it will be of no use at all!

On the contrary, it will be even more miserable!

At this moment, Ye Chen slowly opened his eyes and smiled at Li Shen: "Your sword is not bad. It gave me some new insights." Just now, Ye Chen felt his strength after advancement. Adjustment, the second is to digest what he has just realized, his next sword will be stronger!

Li Shen couldn't help but shrink his pupils!

What did this person just say?

Have a comprehension again?

He was able to use such a terrifying sword technique in the Star Aperture Realm, and he was already against the sky so that he could no longer be against the sky!

Can you make progress?

Li Shen instantly felt an extremely powerful sense of oppression from Ye Chen, and he took a step back subconsciously!

Ye Chen looked at Li Shen with a faint smile: "My friend was woken up by you, and you have to bear some costs."

After all, Ye Chen's hand moved, he was about to release the sword again, and Li Shen's heart also suddenly raised his throat!

He was already injured in the fight against him just now! Now, his sword will weaken, continue to fight Ye Chen, his injury will undoubtedly be heavier, if this continues, he will undoubtedly lose!

At this moment, Li Shen was scared!

I'm really scared!

Where is this, what waste of Lingwu Continent?

It's a shocking evildoer, a peerless monster!

But at this moment, suddenly, a faint pink light fell on Li Shen. In an instant, Li Shen's aura of a little sluggishness because of his injury, gradually recovered!

Ye Chen was taken aback for a moment, turned his head and looked to the side, only to see that Chen Meixiang was exuding a faint pink light, and at the same time, a strange fragrance filled the maple forest!

If he didn't guess wrong, this woman actually possesses an extremely rare physique, which can give her the ability to quickly heal other people's injuries!

Ye Chen guessed well. The reason why Chen Meixiang's cultivation base was able to come here and perform tasks with Li Shen and others was because of her ability.

Seeing Ye Chen's gaze at herself, Chen Meixiang's pretty face paled suddenly, and she began to tremble with horror. With a wave of her hand, a large stone shield exuding a very stable and solid aura appeared on her chest. Before, firmly protect it, this big shield is an ancient-level body protector!

She knows that someone with healing powers like her is very easy to be targeted by the other party.

However, she still managed to heal Li Shen's injuries!

Because if Li Shen was defeated by Ye Chen, she really didn't have the confidence to escape from Ye Chen!

And if she runs away first, what if Ye Chen comes to chase her?

Will Li Shen, who saw her run away, come to rescue her?

She dare not bet!

After releasing Shi Dun, Chen Meixiangjiao yelled: "Brother Li, block him, don't let him attack me!"

However, Li Shen felt the recovery of his injury, his face was overjoyed, and he slammed to stand in front of Chen Meixiang!

With Chen Meixiang, he is equivalent to having the ability to recover from the sky, so even if Ye Chen's attack power is stronger than him, he still has a lot of hope to defeat the opponent!

At this time, he didn't have any idea of not letting Chen Meixiang intervene, defeating Ye Chen by himself, and redeeming his dignity.

After all, dignity requires life to be useful!

What kind of dignity do you need if you have no life?

Ye Chen looked at the two people who were waiting in a playful manner. He didn't care, he didn't even think about taking action against Chen Meixiang.

Ye Chen touched the giant egg, seeming to comfort the sleeping Xiao Huang, and then he carried the beast rotten sword, fitted his body, the sword light flashed in his hand, and the burning sky sword reappeared!

Li Shen gritted his teeth and let out a low growl: "Baotian Fengyun Sword!"

He was full of spiritual power, breaking through the limit, and the meridians were faintly bursting, but Li Shen did not stop. Only in this way can he increase the power of his swordsmanship!

And with Chen Meixiang, this injury will not affect the next battle!

The sword light broke out!

This maple forest seems to have become an ocean of light! Although the light is gorgeous, it is extremely deadly!

This sword of light once again collided with Ye Chen's sword of light!

There was a loud bang, the sword light filled the sky, and disappeared in an instant. Li Shen vomited blood and backed back again and again, but he stared at Ye Chen fiercely, with joy in his fine eyes!

Because he saw blood!

Not his own blood, but Ye Chen's blood!

His sword that broke the limit finally made Ye Chen injured!

The next moment, a pink light fell on Li Shen, and his injury began to recover!

Chen Meixiang shot again!

Upon seeing this, Li Shen finally laughed wildly and shouted at Ye Chen: "Hahaha, do you regret it? Are you trembling? Thinking that he has some strength, he can offend our people of the kingdom of God Up?

ignorance! Too ignorant! How is it now? Can you still be arrogant? Ok? Do you want to continue playing? Hahahaha, now I am immortal! Desperate? "

Ye Chen glanced at the blood on his hand casually. Just now, in order to try the sword, he was accidentally cut by Li Shen's sword light. The arm holding the sword was cut out by Li Shen's sword light. A huge wound deep to the bone.

However, Ye Chen didn't care at all. He seemed to have shed a lot of blood and suffered serious injuries. In fact, in this moment of effort, Ye Chen's wound under the blood had begun to heal.

He looked at Li Shen, with a sneer at the corner of his mouth, and said, "I won't die before me, are you worthy?"
