Chapter 2171: problem occurs!

Li Shen hadn't reacted yet, what did Ye Chen mean, Ye Chen had already carried the long sword and attacked again!

Li Shen's eyes sank, and he coldly snorted: "Okay! I want to see, how long can you hold on!"

Sword light and sword light, constantly interweaving! As if the sky is falling apart!

The rumbling sound continued, and there were more and more blood stains on the two of them, and their injuries became more and more serious!

But the more he hits, the more frightened and feared Li Shen is!

His body is dying!

Under such a high-intensity battle, even with the assistance of Chen Meixiang, the speed of recovery from his injuries could not keep up!

But what about the other party?

Originally, he thought that he would soon fall to the wind because of his injuries. Ye Chen, who was beheaded by him, did not fall down even though he was covered in blood!

More than just not falling down?

In his feeling, Ye Chen's swordsmanship did not even weaken at all, but became stronger and stronger!

This is simply illogical! How is it possible to get stronger and stronger when injured?

But this is the fact!

And Chen Meixiang, who was on the side, had obviously found it too!

She looked at Ye Chen with trembling eyes, and her eyes were full of incredible colors!

Li Shen had been concentrating on fighting Ye Chen, so he didn't find it, but Chen Meixiang could see clearly!

The injury on Ye Chen's body was recovering quickly at an unimaginable speed!

It turned out to be stronger than the healing power that I have always been proud of!

And this completely comes from Ye Chen's own recovery ability!

This has completely subverted Chen Meixiang's thinking!

As for Li Shen, who had been fighting all the time, after a sword strike, his figure flickered wildly, and he moved away from Ye Chen again. He was panting again and again, and his whole body was full of blood. His whole body looked like he was over-burning his essence and blood. It's like being tens of years old in an instant!

Suddenly, Li Shen was taken aback!

Feel a little weird!

A hint of horror flashed in his eyes, Chen Meixiang's healing power should have been given to himself? However, it has not arrived!

He turned around and glanced back a little trembling.

The only thing that catches the eye is the full of maple trees, swaying, waving the maple leaves like blood, like blood and tears.

Other than that, empty!

Where is the figure of Chen Meixiang?

At this time, Ye Chen's voice rang in his ears.

"It seems that your junior sister has escaped? Does she think that you are enough to deal with me?"

"Bitch!" Li Shen screamed, facing Ye Chen, backing back and forth, "This **** has left Laozi and ran away!"

Having lost Chen Meixiang's helping hand, Li Shen has completely lost the confidence to fight Ye Chen!

Now, he finally calmed down from the battle, only then did he realize that Ye Chen hadn't been injured at all after fighting for so long!

He clearly remembered that Ye Chen was injured several times!

How could this be?

There is only one explanation for this result, that is, this person is constantly recovering!

Moreover, it is faster than Chen Meixiang can heal him!

He now somewhat understands why Chen Meixiang escaped...

Ye Chen actually used a flash of wind and thunder, directly surpassing Li Shen, and waiting for him in front!

Facing the horrified Li Shen, Ye Chen smiled slightly and raised his hand to cut out a strong sword!

"No! Don't! I can't die here!"

Li Shen's injuries have already accumulated gradually, and the speed of recovery can't keep up. Just now, Chen Meixiang suddenly ran away, making it too late to recover from his injuries. Now, what are you going to fight against Ye Chen?

He barely raised the gorgeous long sword, yelled frantically, and slashed out a sword. Although the sword light was still very dazzling and gorgeous, it was much weaker, far from the initial momentum.

Invisible, a bit of cold light, like a shooting star tearing through the night sky, crossed Li Shen's sword light, cutting out the ray of light into a crack!

The next moment, it fell on Li Shen who was terrified and terrified!

With a bang, this proud genius of the kingdom of God has since turned into nothingness, and even the soul has not been left in the world.

Ye Chen waved his hand and took Li Shen's storage bag and the long sword. He glanced at the direction where Chen Meixiang was escaping. After pondering for a moment, he still didn't chase her.

This maple forest is too strong to suppress divine consciousness, rashly chasing, too many variables, not to mention entering the ruins, will you see it sooner or later, right?

Why bother looking for it specially?

If Chen Meixiang really escaped from Fenglin and didn't come back, it wouldn't matter if she let her go. That **** Xuanzong, even if he really wanted to send someone to chase him down, would it take time?

Can you still find him at that time?

Now, it is still mainly to explore the ruins, first restore the consumption, then consolidate some realm, and search in this maple forest.

Reincarnation Xuanbei cannot have any mistakes.

Immediately, Ye Chen returned to where he was, and found that the big egg yolk was shaking slightly.

"Master is really noisy, I think I should go back to the reincarnation cemetery to sleep."

After speaking, Xiao Huang disappeared.

Obviously entered the reincarnation cemetery.

Ye Chen entered the formation, adjusted his breath, and restored his state to the peak again, then stood up and put away the formation, began to explore in this maple forest, and see if he could find the ruins. .

At this time, in another part of Fenglin, two men were walking in the middle of Fenglin, looking around, as if looking for something.

And one of them, wearing a black robe, tall and thin, with deep eyes and dark skin, looks quite handsome. This person is Lin Xianyong.

He said to Zhao Yunhua next to him: "Senior Brother Zhao, Junior Brother Li, and Senior Sister Chen have been there for a while. If they haven't returned yet, will something happen?"

Chapter 2172: Did you feel it?

Lin Xianyong is wearing a white robe next to him, with an ordinary face, a straight nose, thin lips, a long face, a medium body, but a man with a daunting temperament. He is the strongest man in the kingdom of God. Zhao Yunhua!

Zhao Yunhua didn't care, but still focused on the surrounding maple forest, and replied lightly:

"Junior Brother Lin, Junior Brother Li and Junior Sister Chen are not the main characters in this mission, are they?"

You know, the saint will be here in a few days. If she comes and finds that we have not made any progress, what will happen, don't I need to say? "

He paused and continued: "Since it won't affect the task, let's focus on the task now. If Junior Brother Li and Junior Sister Chen died so easily, it would be a good thing. Isn't it?"

Our God Xuanzong never needs the weak. "

"The lives of these two people are not as good as a dust on the Reincarnation Profound Tablet."

This Zhao Yunhua's words seem to have no emotion at all!

There was hesitation in Lin Xianyong's eyes. He liked Li Shen's sister very much. If Li Shen really died like this, how would he explain to his sister?

However, when he thought of the saint who had always been known for her cruelty, Lin Xianyong swallowed and silently closed her mouth!

Now, it really should focus on finding the ruins!

The saint of Shenxuanzong, but a woman who kills if she doesn't agree!

Even if he was also a disciple of Shen Xuanzong, he really didn't dare to offend this crazy woman.

Although he likes Li Shen's sister, but a woman, if it's a big deal, just look for it. If his life is gone, where can he look for it?

Suddenly, a pink light flashed, and a pale woman appeared in front of Zhao Yunhua and Lin Xianyong.

Lin Xianyong was overjoyed when he saw this, this woman was Chen Meixiang!

He hurriedly asked: "Sister Chen, what's wrong with you? Didn't Junior Brother Li come back with you?"

When Chen Meixiang heard the words, she threw herself into Lin Xianyong's arms and burst into tears.

Feeling the delicate body that was constantly rubbing against his chest, Lin Xianyong's complexion turned red, and his eyes began to flicker. He hugged Chen Meixiang's body a little bit cramped, and comforted:

"Sister Chen, don't cry, it's okay with Brother Zhao and I here."

And Zhao Yunhua just glanced at Chen Meixiang coldly, and then returned his attention to Fenglin.

Chen Meixiang cried for a while, then raised her head, her beautiful eyes filled with tears, and she stared pitifully at Lin Xianyong. After seeing Lin Xianyong blushing, she said:

"Senior Brother Lin... Brother Li, Senior Brother Li was conspired by the villain and he has fallen!"

In her beautiful eyes, a trace of pride flashed faintly, she left the same door to escape, and she still had to be punished and assumed responsibility.

Moreover, he knows that Lin Xianyong likes Li Shen's sister. If Lin Xianyong blames him, it is not a good thing. The reason why she performed like this is to paralyze Lin Xianyong. Then, he skipped herself and pointed the finger at that. the man.

"what!"

Lin Xianyong's expression changed, and Li Shen had already fallen? Li Shen's strength is not strong within the Shen Xuanzong, but on this Lingwu continent, there are not many people who can kill Li Shen in the early and late stages of the gate and the strong too?

His eyes suddenly became gloomy, and Li Shen was dead. There is no hope for the matter between himself and his sister.

And Zhao Yunhua on the side frowned slightly. Although he said just now, if Li and Shen were really so useless and died so easily, it would be a good thing.

However, he also knew that Li Shen still had some strength. If he died, and with Chen Meixiang's support, it would not be so easy to kill Li Shen.

After all, although most of the communication methods in this maple forest failed, they still had a magical weapon that could roughly know the location of the other party, relying on that magical weapon Li Shen could find them.

In other words, the strength gap between Li Shen and the opponent is so big that there is no chance of even returning?

Lin Xianyong asked Chen Meixiang coldly: "Junior Sister Chen, what is going on, please tell me in detail."

Chen Meixiang said with a cry: "Senior Brother Zhao asked us to investigate the abnormal celestial phenomenon. After we got there, we found a person. This celestial phenomenon was caused by this person's breakthrough!"

"This man also has a weird dome."

Lin Xianyong's eyes flashed and nodded: "We had expected that there would be other people who got the jade charms and entered the maple forest, but this person could actually kill Junior Brother Li? Is this person in the late stage of the lockdown? The presence?"

After all, if it is a half-step Taixu or a real Taixu realm strong, then Chen Meixiang probably won't be able to return.

Chen Meixiang recalled Ye Chen, her pretty face couldn't help showing a look of fear, and her voice trembled: "This person... is a star orifice..."

"Xingqiao exists?" Lin Xianyong exclaimed and looked at Chen Meixiang incredulously. How could Xingqiao kill Li Shen? No matter how bad Li Shen is, he is also a strong one!

Even Zhao Yunhua flashed his eyes slightly, looking at Chen Meixiang.

After hesitating for a moment, Chen Meixiang still opened his mouth and said: "This person is very powerful and weird. Even though it is a star orifice, his combat power is not inferior to that of a five-tier strongman. I even doubt that he can fight the six-tiered sky. ..."

Lin Xianyong looked at Chen Meixiang, still a little unbelieving, but didn't say much, but turned to look at Zhao Yunhua and asked:

"Senior Brother Zhao, do you think we should deal with this kid first? After all, his existence may affect the next task."

With that, the killing intent flashed wildly in Lin Xianyong's eyes!

Killing Li Shen by the other party is tantamount to destroying his relationship with Sister Li Shen. He was ruined by a wild ant in the Star Aperture Realm. How could he bear it?

Want to say that Ye Chen has the strength that rivals the Heavenly Powerhouses of the fifth and sixth layers?

Haha, so what? Lin Xianyong and Li Shen are different, not to mention the realm, even in terms of combat power, they are also very different.

At the same level, Lin Xianyong could defeat Li Shen without any pressure!

Zhao Yunhua groaned for a moment or shook his head, and said: "Now it is mainly to explore where the ruins are. The matter of that person is waiting for the arrival of the saint. Let the saint decide."

"The Reincarnation Stele is more important than revenge."

Lin Xianyong heard this, unpleasant looming in his eyes, and a star-aperture trash has to be handed over to the saint for decision?

However, he still nodded. After all, Zhao Yunhua's strength is still higher than him, and the mission the Saintess gave them is extremely important.

At this time, Ye Chen's injury almost recovered, he moved his hands and feet, and walked toward the depths of Fenglin.

As he walked, Ye Chen asked Feng Qingyang: "Master, can you feel anything?"

Chapter 2173: Ji Siqing's eyes!

Feng Qingyang pondered for a moment and said: "This Maple Forest is indeed a bit weird, but I can still vaguely perceive some differences. Please follow my guidance, but I can't guarantee you can Find."

Ye Chen was overjoyed when he heard that, he had no clue at all now, it would be good to have a direction.

However, in the following time, Ye Chen never realized that it might be the place where the ruins opened.

It can be said that there is nothing!

If it is said that he has discovered anything during this period of time, he has known one thing.

That is, this maple forest is really big! It's almost endless!

In his impression, he had already flown out of the range of the Southern Territory Mountain Range. In other words, although the entrance of this maple forest was in the Southern Territory Mountain Range, in fact, it should be another space.

Then, if he can't get close to the ruins, it is possible that the ruins are opened and he will not be able to find them.

Just when he was a little desperate, in the maple forest not far away, a beam of light suddenly rose into the sky!

Ye Chen's expression moved, and he said with some surprise: "The ruins are about to open!"

Immediately cast a flash of wind and thunder, and flew away to the ruins.

...

At the same time, the Lingxian Imperial Palace.

The beam of light lasted a whole day.

Ling Yun walked out quite satisfied, her body was filled with a strong door-sealing aura!

This is the limit of her life's practice!

In order to crush Ye Chen in a one-year appointment, she did not hesitate to ruin her cultivation potential!

She is destined to be unable to enter a higher realm!

The current state is the limit that the Lingxian Imperial Palace can forcibly improve for her!

Even her birthday is suppressed to the extreme!

But it's all worth it.

She likes to control power!

She seemed to see that she stepped Ye Chen under her feet, the other's desperate eyes!

After all, ants are ants, so what right does it have to shake her aura!

She stepped out, and without thinking, she guessed that countless applause and envy eyes were welcoming herself.

However, when she felt the light, she found that no one welcomed herself!

"Are all the people in the Lingxian Imperial Palace dead?"

She is angry!

Suddenly, her eyes shrank, and she discovered an extremely powerful beam of light!

In that direction, apart from Xia Lingqiu, the only possibility is Ji Siqing!

She walked quickly, only to find that on a high tower, a beam of light reached the sky!

This proves Ji Siqing's potential!

Ji Siqing may not be as good as himself, but his potential has been recognized by Heaven!

Damn it!

If it is someone else, the apprentice must be happy if he has such an achievement!

However, the aura at this moment is only envy and anger!

She saw countless people under the tower looking up, countless people filled with envy eyes!

Palace Lord Xia Lingqiu's eyes were also shocked!

These should belong to her!

Xia Lingqiu obviously noticed the Lingyun on the side, smiled slightly, and said: "Lingyun, the disciple you brought from Kunlun Xu is really good."

"This Ji Siqing bloodline seems to hide something extraordinary."

"Even if she is put into the kingdom of God, she will not be buried."

"If this person can be completely controlled by me, it is not impossible for me to give her the position of the palace lord of the Lingxian Emperor."

"By the way, Lingyun, there are only a few days in the year, I will send someone to discuss with you, these days you will be stable in front of the strange stone."

"Do you have the confidence to win that kid with your current cultivation base and strength?"

"The end of the door is already at your end."

"Your longevity cannot continue, and your realm cannot go further, can you regret it?"

Lingyun's eyes condensed killing intent: "I don't regret it, it is the little beast who should regret it!"

Xia Lingqiu nodded: "Well, you let everyone go, Ji Siqing has exceeded my expectations, and I should also find a way to make her a puppet of Xia Lingqiu."

After speaking, Xia Lingqiu disappeared.

Suddenly, she appeared in the tower.

After the breakthrough, Ji Siqing's eyes suddenly opened, looking at Xia Lingqiu with a hint of chill: "Why are you here?"

There was a hint of coldness in the words.

Even Xia Lingqiu frowned slightly.

Xia Lingqiu smiled, and his robe danced: "Siqing, don't forget, I gave you the resources you are now entering the gate."

"The kingdom of God from the eyes of this tower is a treasure, and it is my honor for you to cultivate here."

Ji Siqing glanced at Xia Lingqiu: "Oh."

Xia Lingqiu smiled stiffly.

What attitude is this!

In the next second, she stopped talking nonsense, and a Fajue hit Ji Siqing's forehead.

This is different from the previous control!

This Fajue contains a very strong spirit, and Ji Siqing's spirit cannot bear it!

After enough time, such an enchanting talent became her Xia Lingqiu's puppet.

However, soon, Xia Lingqiu's expression was wrong again.

A strong backlash struck!

That Dao Fajue disappeared on the spot!

"how is this possible!"

Could it be that Ji Siqing's spirit is far stronger than himself?

How long did she practice?

"Go, don't disturb my practice."

"Ling Yun and Ye Chen have a few days left in the year?"

Xia Lingqiu was taken aback, looked at Ji Siqing's eyes, and found that those eyes seemed to contain ancient meaning!

But that feeling quickly disappeared.

Xia Lingqiu shook his head, still said: "Nine days."

After speaking, she disappeared.

Ji Siqing closed his eyes again, and an ancient pattern appeared on his eyebrows.

mysterious.

mysterious.

That is the supreme glory belonging to Ji Siqing.

...

In the maple forest.

Ye Chen came to the place where the beam of light was. Inside the beam of light, there was actually a door.

An incomparably simple door with ancient patterns he had never seen before!

Judging from the style of this gate, it is obviously not something produced in the current Lingwu Continent. Judging from the ancient aura radiating from it, it should come from ancient times!

Looking at this door, Ye Chen was extremely happy!

Fortunately, with a refreshing point, he was able to come near the gate and let him discover its existence in time!

He could already feel the dust monument in his body shaking, and the blood of reincarnation was boiling!

The Reincarnation Stele is behind the door!

He was about to walk to the door as soon as he moved, but just then there was a strange noise not far away.

That is the sound of Escape.

Ye Chen stopped and looked back, but his eyes flashed.

He originally thought would be Chen Meixiang and his group, but he was wrong.

There were other people who entered Fenglin this time!

Moreover, the identities of these people do not seem simple at all!

Soon, Dungguang landed in front of Ye Chen.

A total of three people came!

Standing in the middle is a young man dressed in an extremely luxurious golden robe, twenty-eight or nine years old, with a yellowish complexion, drooping eyes, a hooked nose, thin lips, a cold face, and an elegant smile on the corners of his mouth. .

Although this young man did not look handsome, he was even a bit ugly, and his cultivation level was not that high, it was just a star.

But I don't know why, but his body exudes a very confident and superior aristocratic atmosphere, which makes people want to please for no reason!

Chapter 2174: The Kingdom of God is a fart!

Behind him, there are two women, one is a maid dressed up, beautiful and beautiful, but she is fifteen or six years old, looks pure and pleasant, and her skin is so tender that she can squeeze out water!

Her martial arts talent is also excellent. At a young age, she already has the cultivation base of the pinnacle of star orifice. Even Ye Chen couldn't help but stare at her for a while while looking at this woman.

The other woman was an old woman who looked very, very old, with silver hair and wrinkles on her face. She was also very casually dressed. She bowed her head and bowed her waist and looked pleasing to the eye. She looked like an ordinary woman. A peasant woman!

However, among these people, what Ye Chen valued most was this old woman!

Not for anything else, just for the strength of this old woman!

This shameless old woman is surprisingly present in the late period of the gate closure, and she is also a real powerhouse in the eighth-level heaven realm of the gate closure!

The young man in yellow robe didn't look at Ye Chen, as if he was treated as air.

He just looked at the ancient gate in front of him with no distraction, suddenly, the corner of his mouth curled up and smiled at the old woman beside him:

"Tong Lao, it seems that we are betting on the treasure this time. I thought that the jade amulet given by the father this time was nothing but a dispensable thing. I wouldn't even want it without your reminder. Here, it seems that this jade talisman is really not easy now."

The wrinkles on the old woman's face moved, and she also smiled:

"Yes, according to the old body's experience, this is an ancient relic. The benefits of entering it are unimaginable, but it is a pity that there is no more information from that population.

If you had known that this is an ancient relic, you can't say it. Please send your Majesty the most powerful ones in the royal family to accompany you to accompany the Seventh Prince. "

The seventh prince waved his hand and said: "Old Tong is humble. With you, this prince thinks it's enough, and if too many people know about this matter, it won't be good. If my brothers get the news, they must be I will come here for a kick. Now this situation is perfect."

As he said, he slowly moved his gaze to Ye Chen's body, as if he had only noticed the existence of Ye Chen until now.

But Ye Chen just looked at them with a calm expression from beginning to end.

According to their conversation, this person should be a member of the royal family, but I don't know where the royal family is?

Is it the royal family of the Southern Territory?

At this time, the maid beside the young man coldly scolded Ye Chen: "Bold! I met the Seventh Prince of the Southern Territory, why don't you say it?"

Ye Chen raised a smile at the corner of his mouth.

Ignore it at all.

What about the royal family.

Therefore, Ye Chen kept his hands on his back and remained silent. After a while, he said: "I am not from the Southern Territory. Why should I salute the foreign royal family?"

The seventh prince looked at Ye Chen for a while, then suddenly smiled, then suddenly turned around, raised his hand, and slapped the incomparably pure, lovely, beautiful girl beside him!

With a crisp bang, the girl was directly drawn upside down, screamed in pain, and turned to the ground!

This slap turned out to be extremely hard!

Ye Chen looked at this scene, couldn't help being a little stunned...

He didn't expect that the seven princes would treat this maid like this.

And that maid, obviously also blank and at a loss, with a swollen face, Gao, just looking at the Seventh Prince so stupidly.

The prince fanned himself for a star-aperture kid?

...

At the same time, a hundred miles away from Fenglin, above a high mountain.

The two old men looked at the sea of clouds.

One of them is the eternal holy king.

It's just that there is a trace of sadness between the eternal saint king's eyebrows.

The sorrowful expression finally turned into a mouthful of strong wine, gathered in the body.

And beside the Eternal Saint King, there is an old friend in coarse cloth.

This old friend bet a young man with him too many times.

Not long ago, the old friend lost the battle in Tianhan Mountain.

The eternal saint king took another sip of wine and asked, "Old man, what do you want me to do?"

"Do you want to cheat? If you lose, you lose. I won't give you that thing. You don't know if I'm stingy."

The face of the eternal holy king at this moment is quite cautious.

The old man in coarse cloth shook his head, hesitated for a long time, and said: "Lao Yong, the Kingdom of God and Heavenly Dao Palace is already chasing you."

"You can't hide."

"Or, you can hide in that place for a while."

"The Kingdom of God knows your strength. In order to deal with you, the people sent cannot be weak."

"This time, can you count your fate?"

"Lao Yong, listen to my words, go and hide."

"I don't want to, I can only play chess in front of your tombstone in the future."

The eyes of the Eternal Holy King flickered, and there was no trace of fear in the eyes.

It's free and easy.

He picked up the hip flask and took a sharp sip.

He smiled: "Old guy, I don't want to hide."

"I have a handful of old bones, my time is running out, I just want to watch that kid grow up."

"That child carries too much. I want to see him set foot on the kingdom of God, I want to see him standing in front of the Heavenly Dao Palace. I want to see him, like that kid, cut off the shackles of the kingdom of God to the world with a single sword. "

"That incident is still the haze in my heart."

"Old stuff, you know, I only have this one chance."

"I really only have one chance, I'm afraid of losing."

The voice of the eternal holy king was trembling.

The old man in coarse cloth sighed, he understood the thoughts in Yong Lao's heart.

But as a friend, he only hopes to live forever.

Even disgraceful.

Suddenly, the eternal holy king stepped out in one step, leaving the cliff and floating in the sky!

He was smug, he seemed to be impoverished, he picked up the jug, and poured his wine.

His body shook.

He spoke:

"Old guy, I once heard a poem in a place called Huaxia."

"Today, I will give him to you."

"Looking at the door to stop thinking about Zhang Jian, wait for Dugan to die;

I smiled to the sky from the cross-sword, and left two Kunluns! "

"Snapped!"

The eternal holy king threw the flask in his hand into the sky!

"The Kingdom of God counts him-mother shit, the old man is dead, Ye Xiaozi will definitely crush Lingxiao for me! I believe him!"

The anger fell The remnant clouds in the sky surged, and the world-destroying aura told injustice.

This is the anger of an old man, fighting the rules with all his strength.

He waited in time, waiting for the growth of a child!

Waiting for the children to rebuild the rules of the world!

Chapter 2175: underestimate

The old man in coarse cloth looked at the eternal holy king not far away, his turbid eyes glowing with helplessness.

This is helplessness in the world.

After the annihilation of ancient times, the kingdom of God dominates.

Control all the rules of the world.

Anyone who blocks the kingdom of God will die.

The ancient Absolute Frost Emperor's Palace was peerlessly independent, and the kingdom of God was destroyed overnight at all costs.

The master of the Demon Territory, the invincible Demon Emperor, challenged the authority of the Kingdom of God, and was defeated by the Kingdom of God and its former subordinates in a battle.

Since then, no one has dared to shake the kingdom of God.

No one dared to break the rules laid down above.

The Absolute Cold Palace and the Devil Emperor are vivid examples.

Time flies.

One person finally came forward.

He loves wine, and he loves this homeland even more.

The old man in coarse cloth sat back to his position in front of the chessboard, and the old voice sounded: "Lao Yong, another chess game."

"This game of chess, I'm on that kid's side."

"Also, after this game of chess, when I return to the Kingdom of God, I will prevent the Heavenly Dao Palace from chasing you at all costs."

"From then on, I will no longer be an indifferent person of the kingdom of God, and I also hope to do more for this world."

The eternal saint king's body was startled, showing a kind smile, stepped out, and returned to the chessboard from the cliff.

He held a white child in his hand and fell safely.

"Old stuff, thanks."

...

The screen turns.

In the maple forest, the gate of the ruins.

The slap of the seventh prince not only slapped the maid but also made Ye Chen a little confused.

Although the strength of this seventh prince is not strong, from the aura and the strength of the people around him, it is far more noble than Sikong Feixing of the Western Regions royal family.

Could this person see his true strength?

However, Ye Chen soon knew that he was thinking too much.

The seventh prince moved some hands and said coldly to the maid: "Idiot, you didn't see that this person is a dog? Call a dog to salute this prince? Are you insulting this prince? Or are you making fun of this prince? ?

Salute me, that's a qualification for talent, you know? "

Ye Chen heard the words, a cold light flashed in his eyes.

insult!

Do not! It's not an insult anymore!

That is contempt and discrimination from the heart!

That is the look down on in the bone marrow!

If it were other insults, Ye Chen could still face indifferently, he could not ignore the insults of people like the Seventh Prince!

He knew that this person came from the heart and regarded all people outside the Southern Territory as rubbish.

If there is a chance, he will surely slaughter everyone!

Without a trace of mercy!

Ye Chen didn't think he was a good person, but the Seventh Prince in front of him, although his status was noble, his bearing was extraordinary, and he was even somewhat refined, but!

In Ye Chen's eyes, these seven princes were not humans at all, but real beasts!

This person successfully ignited his anger!

At the seventh prince, he showed a cold smile and slowly said:

"The royal family of the Southern Territory is also very noisy. There is no one here. If it falls here, it would be a shame."

"Hahahahaha!" The Seventh Prince suddenly laughed wildly, looking up to the sky and laughing wildly!

Suddenly, his laughter was stagnant, and he stared at Ye Chen, his eyes were full of murderous intent to the limit!

He gritted his teeth tightly, as if madly suppressing his anger, his white teeth creaked, almost to be crushed by him!

He is the Seventh Prince of the Southern Territory!

The noble royal family!

The Seventh Prince raised a distorted smile at the corner of his mouth, and said to the old woman beside him:

"Old Tong, abolish him, but don't kill him. I am afraid that I will be a little bored when I enter the ruins exploration this time. Multiple tortured objects and multiple pastimes on the road are not bad, right?"

The old woman smiled knowingly: "Don't worry, the seventh prince, the old man knows what to do."

With that said, she walked towards Ye Chen, that old face full of wrinkles, with a strange smile, looked particularly terrifying, she smiled at Ye Chen:

"Young man, at this age, he has a good talent at the Star Aperture Realm. It's a pity, don't you think you are a little stupid? Or are you blind? Didn't you see the existence of the old man?"

He still has the courage to say such a thing, hehe, really young and frivolous, fearless. "

Ye Chen's eyes were solemn.

This old woman has sealed her door for eight levels, and now he can't compete!

Even if Ye Chen perceives that most of the strength of this old woman is the result of the pill!

With this person, he still couldn't take action against the seven princes.

But if he wants to run, this group of people can do nothing.

Besides, he still has the red dust veins.

Ye Chen smiled indifferently: "Why, you mean that if I flatter you, can you let me go?"

The old woman laughed and said: "Let you go? Did you make a mistake? Originally, the Seventh Prince was kinder and might make you die directly. Soon you will know how stupid your choice is, and death. What a happy thing it would be!"

Having said that, the breath of the old woman's door-sealing realm broke out frantically and smashed towards Ye Chen. The Seventh Prince said not to kill Ye Chen, so she didn't plan to shoot directly.

After all, she's been sealed for eight levels!

Can you blow Ye Chen to death, right?

Shot? Are you kidding me?

She thought it was too much just because of the breath.

Under the pressure of her aura, this kid would probably burst his bones and turn into a pool of rotten flesh, right? Maybe, in order for him to make the Seventh Prince tortured and out of breath, he had to be treated.

But the next moment.

The atmosphere suddenly fell silent.

Facing the breath of the old woman, Ye Chen still held his hands upside down, with a sneer on his face.

Let alone a burst, there is not even a slight impact!

Old Tong looked at Ye Chen stupidly, feeling a little confused for a while.

Why is it so?

Can the existence of the star orifice resist the breath of the eighth-layered heavenly powerhouse?

Haven't heard of it?

Even some weaker door locks would be overwhelmed by her breath and injured.

Where can you look like Ye Chen, a person who is all right?

The seventh prince behind Tong Lao frowned and urged: "Tong Lao, what's the matter? Still not doing it?"

He thought it was Elder Tong who hadn't shot yet.

But how did he know that Elder Tong had already shot!

Old Tong coughed a few times.

In front of the Seventh Prince, she did not want to lose face.

Old Tong turned his head and smiled at the seventh prince: "Seven princes are safe and restless. Originally, I wanted to make this kid fear and tremble, so that the seventh prince would appreciate his unbearable appearance. However, it seems that this person is indeed a bit Question, the old man will take him down!"

The seventh prince nodded and smiled: "So that's why Tong Lao took it down directly. Fear? Trembling? In the next few days, he will definitely let me appreciate it."

Old Tong turned around, looked at Ye Chen's gaze, and solemnly, it seemed that he underestimated this kid a bit.

Chapter 2176: The power of soul skills

However, she didn't think too much about it, no matter how enchanting this kid, no matter how defying the sky, he can never be better than herself, right?

In that case, it is simply a myth, a legend!

Not reality!

Only in legends, is it possible that the kind of ultimate god-man who crosses countless realms will eventually become the master of the ten thousand realms, right?

Old Tong gave a soft sigh, her figure moved. At the moment she moved, the space seemed unable to withstand her strength and speed, and she began to cry and collapse!

In the extreme speed, Old Tong attacked Ye Chen, and at the same time he shouted in a deep voice, "Shocking!"

This time, Elder Tong will never make any mistakes. Ye Chen must be taken down. Therefore, she used martial arts!

Top Best AI for Forex Trading 2024

It's still a martial skill of not low rank!

Moreover, she was still a shocker who had cultivated to the realm of Dacheng!

Once displayed, the power is endless!

Above one finger, the vigorous spiritual power is concentrated, and the front part of the dry index finger is surging and destructive!

This finger really seemed to shock the world, to wipe out the void with one finger, and to poke a hole in the sky with one finger!

Rather than saying that this is an old finger, it is better to say that this is the aggregation of boundless spiritual power and the power of destruction, the spirit of death!

All kinds of terrifying powers are constantly compressed and converged, condensed on one finger!

This finger is the one that broke the world!

Ye Chen's eyes flickered slightly, and unless the Chichen Divine Veins were activated, he could not hold the power of this finger!

Ye Chen flipped his wrist, and the beast rotten sword had already fallen into his hand, and at the same time, his body shape changed, it turned out all the magical powers of the immortal divine body!

Ye Chen, go all out!

Now he has made some progress in his strength. He has to try his best to fight against!

If it doesn't work, he runs away!

Looking at the release of Ye Chen's breath, the old woman jumped at the corner of her eyes for no reason. For some reason, she actually felt a frightening breath from Ye Chen!

That is a breath that can threaten your life!

how can that be?

Tong Lao's eyes gradually widened. Does this kid really have the power to rival him?

Old Tong has always believed in her intuition. Her intuition has saved her many times, but today, she can't believe her instinct!

After ten millionths of a second of hesitation, Tong Lao still flashed sharply in his eyes, full of spiritual power, and turned wildly far, completely infused into his ruining finger, without a trace of reservation. !

Elder Tong, who had sealed the door for eight levels, did his best to face the existence of a star orifice!

Now, she can't care about the Seventh Prince's order!

She wants to use all her strength to directly punish Ye Chen!

She is a martial artist, trusting her instincts, and walking all the way to today, otherwise, she would have died!

Even if Ye Chen is only one in a thousand, one in ten thousand may hurt herself, she will never plan to keep her hands!

Ye Chen looked at the energy in Tong's old fingers getting more and more terrifying, and a dignified flash of dignity flashed in his eyes.

He will activate the Chichen Divine Vessel in the next second!

However, at this moment, Feng Qingyang's voice suddenly sounded!

"Disciple, that old woman is actually not difficult to deal with."

"Even though she is closed for the eighth level, but the realm is a bit false and real, and this person is extremely poor in spirit and speed, probably only in the middle of the lock."

"This kind of person should belong to the result of overdoing the pill in order to enter the royal family."

"The actual combat ability is not even as good as those warriors who have sealed their doors for six or seven levels."

"If you combine the flash of wind and thunder, coupled with the spirit-calling skills of the shepherd's family of the Kingdom of God, plus you now step into the star orifice, you can barely use the third sword, maybe you can kill!"

"There is only one chance, no mistake in any link!"

Ye Chen's eyes were overjoyed. After thanking Master, he roared, spiritual power surged, and golden light flashed behind him!

At the same time, the Fengshen boots on the feet began to flash with cyan light, and gusts of wind surged under Ye Chen's feet!

"The wind and thunder flashed!"

Ye Chen snorted, golden thunder light, and wind blue light enveloping it!

This is the first time Ye Chen has fully used the wind and thunder flashes!

His physique is almost to nothingness!

Feeling his horrible speed against the sky, Ye Chen couldn't help being a little shocked!

Is this the flash of wind and thunder under the blessing of Fengshen Boots and Youyunyi?

it is good! very good! Did not let Ye Chen down!

Among Tong's old eyes, the pupils shrank instantly!

what happened?

Why can't she catch Ye Chen's figure?

At the same time, there was a wave of fear in Tong Lao's heart! Fear from the bone marrow!

As if, the fear when death came to me!

"Damn little beast!" Tong Lao roared wildly, subconsciously pointed at one place, and pointed out!

Shocking fingers, endless power erupts! The sky seems to crumble!

However, just before the power of Shocking Finger was completely erupted, a cold male voice was directly imprinted in her mind!

"Soul sword! Cut!"

There was a loud bang! It did not happen in reality, but came from her mind!

Old Tong's eyes widened and he exclaimed in an incredible way: "Soul repair? You turned out to be a soul repair. Except for the Kingdom of God, how could such a soul repair appear in the Lingwu Continent!"

As a powerhouse in Lingwu Continent, she naturally knew the existence of soul cultivation, and the more powerhouse like her, the better she understood the horror of soul cultivation!

She only cultivates for the realm, and she has very little cultivation for the souls, but after entering the eighth level of the sealed door, generally speaking, even the soul cultivation of the same realm, if it is not the kind of soul cultivation with very strong inheritance and superior aptitude, it is very good. Hard to hurt her.

but! Ye Chen did it!

In the old Tong's sea of consciousness, there was a sudden sharp pain, the soul was injured, and blood shed from the seven orifices!

This is not to say how strong Ye Chen's spirit ability is.

Although Makino's Soul Locking Kill was obtained, Tian Soul Shock was a very powerful soul ability.

However, Ye Chen didn't fully practice it. Instead, he integrated his own understanding, blended the coercion of the blood and other things into it, and practiced this kind of soul sword attack.

The reason why it can still cause damage to Tong Lao is because Ye Chen's soul power is too powerful!

Moreover, with the blessing of the body of Nian Mo, Ye Chen has a lot of bonus above the spirit ability!

This is terrible!

Old Tong screamed, his fingers trembled, and the energy of the shaking fingers was almost uncontrollable, and could only barely maintain it!

Fortunately, there are soul crystals guarding her sea of consciousness, and she has cultivated the Shocking Finger to the realm of Dacheng, otherwise, she might be backlashed by the Shocking Finger's energy!

But, Ye Chen's attack, is this over?

On the contrary, Ye Chen's real trump card is only about to be played now!

"Six sword gods, the third sword, the eternal thunder sword!"

The words fell, dark clouds all over the sky!

Endless thunder robbery surging!

Hundreds of billowing thunders are coming!

Gather on the beast sword!

At this moment, Ye Chen is the real Lord of Thunder Dao, who controls the gods!

The sky and the earth are covered by lightning, dazzling to the extreme.

Old Tong watched this scene, only horror remained in his eyes!

A sword came out, the light flickered, it was an extremely cold light, a light that was transformed by killing intent!

It is the light in the eyes of the gods and demons!

For an instant, Tong Lao seemed to be in a world with only swords, and every sword here, every sword light, was a sharp blade that could take her life!

In this world, apart from the sword, there is only blood!

Whose blood?

Her own blood!

This blood symbolizes her death!

Old Tong was horrified, terrified, and even confused!

how can that be?

She obviously did her best?

She obviously didn't underestimate the enemy?

But why is this the result?

Why does a star orifice exist and can perform such a terrifying sword technique?

Shocking Finger, greeted the blade of the Beast Rotten Sword. At this moment, Old Tong found that she was wrong again. She once again underestimated this young man in the Star Aperture Realm.

In this sword, there is not only the endless sharpness contained in the sword technique, but also one layer after another, continuous terrifying power!

This power, integrated with that terrifying sword technique, burst out with unimaginable power!

This sword, even her shattering finger in her heyday, might not be able to resist, right?

What's more, now, a blow that can only be performed in the approximate direction based on intuition, and is affected by the spirit attack, almost collapses, can only a blow that can only be maintained can be countered?

There was a loud bang!

This name is highly respected among the royal family of the Southern Territory, and no matter where he goes, he must be respected by others. It turns into a cloud of blood under Ye Chen's sword light.

Chapter 2177: The saint comes!

Afterwards, a breeze blew, the blood mist dissipated, and at the same time the old soul was dissipated.

This strongest person has the last traces of the world, and disappears, as if there has never been such a person in the world.

Death is fair to anyone.

Ye Chen received the sword with a bleak expression, defeating Tong Lao is more difficult than he thought.

Sure enough, after closing the door, it became more and more difficult.

The gap in every small realm is huge.

Unless the master controls his body, or is completely enchanted, it is extremely difficult to fight against this kind of existence!

Stepping into the star aperture is not enough!

Ye Chen's eyes flashed!

He wants to be truly invincible at the gate!

Right now, the one who can break through is the spirit ability!

He must kill the soul lock and the soul of the sky, and really practice it!

Ye Chen exhaled lightly, then turned to look at the Seventh Prince and the maid.

The seventh prince and the maid had been stupid and stood there blankly, their mouths wide open, without moving.

Especially the Seventh Prince, his soul is almost annihilated!

Lao Tong has been by his side since he was a child. He is one of the most favored princes in the Southern Territories. Lao Tong is also one of the venerations of the Southern Territory royal family. In the eyes of the Seven Princes, Tong Lao is invincible.

But what?

Old Tong, died in front of him!

Moreover, was killed by a Star Aperture Realm?

Such a reversal has completely subverted the Seventh Prince's worldview and completely destroyed his state of mind!

He can't even distinguish reality from dream now, he just feels that he is dreaming.

An extremely terrifying nightmare!

He wants to wake up!

On the face of the seventh prince, a very crazy look appeared, he screamed, and suddenly drew the sword from his waist!

Ye Chen's eyes flashed and he was about to take a shot.

At this moment, the seventh prince actually raised the long sword in his hand, aimed it at his neck, and severely cut it off!

A sword soars blood!

The head of the seventh prince flew high.

Ye Chen was stunned, then shook his head with a sneer on his face.

The seven princes were actually mentally deranged and cut off their heads directly!

He once heard a statement that the more arrogant and self-esteem people on the surface, the more vulnerable they are in their hearts.

Now it seems so.

Only like him, the pride that comes from the bones, and the pride that will not yield in the face of any difficult situation, is the real pride.

Ye Chen waved his hand and wiped out the corpse of the Seventh Prince. He didn't know who else would come here, but it was obviously not a good thing for people to see the corpse of the Southern Territory Prince.

Then, he turned his gaze to the maid sitting on the ground.

Although the identity of this maid and the seventh prince are very different, it has to be said that the character and talent are much better than the seventh prince.

At this moment, although her face was as gray as death, her beautiful eyes were full of despair, and her whole body was trembling slightly, she still barely maintained her sense and calmness.

She didn't beg for mercy, didn't say much, just waited quietly for death.

Anyway, they are all about to die, why not let yourself die decently?

Therefore, she does not expect Ye Chen to let her go. It is not difficult to see from the sky-defying strength that Ye Chen possesses, what kind of corpse mountain and blood he has stepped on, how many lives he has in his hands, she is just a little maid, Ye Chen has What to spare yourself?

Ye Chen looked at this maid, but his eyes flickered slightly.

Strictly speaking, this maple forest does not belong to the Southern Territory, but the entrance is in the Southern Territory!

And the Southern Territory possesses the powerhouse of the Supreme Void Realm!

With his current strength, for the time being, he is not an opponent of the too virtual and strong.

When Ye Chen fell into silence, the maid raised her head and looked at Ye Chen with some doubts.

"Aren't you supposed to kill me, after all, I have witnessed your killing of the royal family."

"If you don't want to do it, I can end my life by myself."

"My life is no longer my own. What I want to do is the dog of the Seventh Prince."

"In the royal family, the only way to protect yourself."

Ye Chen frowned: "With your blood and talent, you shouldn't be a maid."

The maid shook her head: "It doesn't matter. The Southern Territory Royal Family killed my parents. I have only one person, and I must be controlled by Southern Territory in this life. There is nothing wrong with being a dog, at least there is no idea of revenge."

Ye Chen's spirit is powerful, and he naturally sees that the girl is telling the truth.

The girl never said that she was no, she just let herself salute.

If it is really killed, what is the difference from those in the Kingdom of God.

Finally, Ye Chen sighed and asked the girl: "What's your name?"

The girl's delicate body trembled slightly, looked at Ye Chen puzzledly, and recovered, like a frightened deer, whispered: "I...My name is Yan Hongyu..."

Ye Chen nodded and continued: "Yan Hongyu, my name is Ye Chen, I want to make a contract with you, you must not mention what happened today to anyone, you know?"

Yan Hongyu was taken aback when she heard the words, and then there was a surprise on her pretty face. She was not a fool, she naturally knew that Ye Chen wanted to make a contract and meant to let her go!

Immediately, Yan Hongyu nodded like a chicken pecking rice, and said, "I know! I swear I will never reveal anything about my husband."

Ye Chen pinched the formula with his fingers, condensed a contract, and wrote his name on it.

Later, he threw the contract in front of Yan Hongyu. Of course, Yan Hongyu would not refuse and happily signed the contract.

After the contract was signed, it burned on its own, turned into a flame, and blended into Yan Hongyu's eyebrows.

Just when Yan Hongyu's face was full of joy after the disaster, her slender hands were suddenly caught!

Caught by the powerful palm of a man!

Ye Chen's palm!

A hint of panic and sadness flashed in Yan Hongyu's beautiful eyes.

Should it come, or is it coming?

Water waves appeared in her beautiful eyes, and she could only comfort herself. It was a blessing to survive.

Moreover, when Ye Chen decided to let her go, her heart didn't resist Ye Chen so much, she even had some good feelings?

Feeling the temperature from the palm of his small hand, Yan Hongyu's pretty face couldn't help but blush.

Ye Chen pulled Yan Hongyu up from the ground.

Yan Hongyu closed her eyes forcefully, thinking that next, she would be pulled into Ye Chen's arms and her dress would be taken off...

However, she closed her eyes just like that, and closed it for 5 minutes, but Ye Chen still just grabbed her hand, and never took the next step.

After a while, Ye Chen looked happy, and a spiritual force mixed with the power of the soul poured into Yan Hongyu's body. In an instant, Yan Hongyu had an inexplicable feeling, as if something had disappeared in his body!

However, there is no discomfort, but more relaxed and feel more free!

Ye Chen let go of Yan Hongyu's hand and smiled at her: "I just broke the restriction in your body, now the royal family should think you are dead and can't find you."

This prohibition was difficult to break even for a general door-closing powerhouse, but under Ye Chen's god-defying mind, it was successfully wiped out.

After doing all this, Ye Chen glanced at Yan Hongyu's swollen cheek, which was drawn by the Seventh Prince.

Speaking of it, it has something to do with him. Since you want to be a good person, just do it to the end.

Ye Chen took out an elixir, dissolves the medicinal power, and blended it into Yan Hongyu's cheek. The redness and swelling on Yan Hongyu's face immediately subsided and returned to normal.

Yan Hongyu was beaming. Which girl doesn't like being beautiful? No one wants to hold a swollen face, right?

She looked at Ye Chen gratefully and said, "Thank you! Thank you Mr.! I will repay you if I have the opportunity!"

Ye Chen waved his hand indifferently: "Okay, you go, it is not an easy task for you to leave here, it may take several months, I will also enter the ruins."

"You have a good talent If you have a chance, I am afraid we will meet again in a hundred years."

Yan Hongyu's eyes were solemn, and he nodded fiercely: "Okay!"

...

At the same time, a ray of light fell into the maple forest at an extremely fast speed, and flew away in a certain direction.

Soon, the escape light stopped in front of Zhao Yunhua and the others.

Seeing this escape light, Zhao Yunhua's three people all looked at him! There was even a hint of tension!

This escape light, they are very familiar with, it is the escape light of the Saintess of God Xuanzong!

The light converged, and in front of Zhao Yunhua and the others, standing in front of Zhao Yunhua and the others was a tall woman with a white veil and a white long sword hanging from her waist.

Chapter 2178: Half a step is too empty!

Although this woman was wearing a white veil to hide her face, from her pair of swaying hearts and souls, even the sky filled with stars, the eyes that paled in front of her.

And the unevenness, as if the exquisite figure made by the gods himself, no one would doubt that this woman is a stunning beauty with extreme beauty.

However, if you stand in front of this woman now, you won't have the slightest reverie.

The reason is simple, because of the temperament of this woman.

Her temperament is too cold!

Cold to the bone!

As long as one glance at her, you will feel your life as if threatened. Who would dare to dream about it?

She is the saint of Shen Xuanzong, Lin Yaqin.

In addition to that cold temperament, Lin Yaqin also carried a strong evil spirit!

Obviously, she is not only cold temperament, her sword is also cold!

People who died in her hands are by no means a minority!

At the same time, her breath is also terrifying! It's horrifying!

Lin Yaqin seems to be only about twenty years old, but! Her cultivation base has reached the realm of a half-step Taixu!

This is terrifying!

God is simply two worlds at home and abroad, the gap is too big!

Lin Yaqin's aptitude is indeed extremely against the sky, and it is precisely because of this that she can become the saint of Shen Xuanzong.

Shenxuanzong, although not a particularly top-level power in the Kingdom of Gods, it is also considered a big sect, and the strength of Half Step Taixu is obviously somewhat ordinary in the Kingdom of Gods, and even more so in the Kingdom of Gods.

The reason why Lin Yaqin was able to become the saint of Shen Xuanzong was precisely because Shen Xuanzong had taken a fancy to her potential!

Seeing Lin Yaqin, the three of Zhao Yunhua respectfully saluted her: "I have seen the saint."

Lin Yaqin nodded faintly, without even responding, she was still so cold, she just said, "Reincarnation Profound Monument, have you found it?"

Her voice is not as crisp and gentle as ordinary women, but a bit low, with a little chill, just like her.

But strangely, exuding a special allure.

Zhao Yunhua didn't dare to neglect when he heard this. He pointed in a certain direction and said respectfully:

"According to our days of exploration, now this location is very close to where the ruins are. Just now we sensed that direction, and there was a burst of energy rising into the sky. The entrance to the ruins should be there."

Lin Yaqin looked in that direction and didn't say much, but fled together and flew away. The other people naturally didn't dare to neglect and followed closely.

At this time, after Ye Chen sent Yan Hongyu away, he recovered a little bit of his spiritual power, and he was ready to enter the ruins with his footsteps, but at this moment, he suddenly sensed something and suddenly turned around!

At the moment he turned around, several flashes fell in front of Ye Chen.

But Ye Chen's eyes were staring at the pure white light in it, without blinking, as if they were a provocative beast!

He felt the threat from that escape light!

Very strong threat!

Ye Chen couldn't help asking Feng Qingyang: "Feng Qingyang, could it be that this person is..."

Feng Qingyang said: "You feel right, this person is a half-step too virtual existence. If you step into the closed door and fully learn the spirit skills, you can still try to fight against it, but now you are probably not the opponent's. opponent."

Half a step is too empty!

Ye Chen's pupils shrank suddenly, and finally encountered this kind of existence.

At the same time, his heart couldn't help but raised.

Soon, those few rays of retreat disappeared, and the figures of several men and women appeared in Ye Chen's eyes.

Ye Chen's eyes flickered slightly and he discovered the existence of Chen Meixiang. It seemed that these people were all disciples of Shen Xuanzong.

Now, it's a little difficult to handle.

But he, Li Shen who killed Shen Xuanzong!

Has already forged an enmity with Shen Xuanzong!

Sure enough, when Chen Meixiang saw Ye Chen, he yelled: "Brother Zhao, Brother Lin, Saintess, this is the person! This is the person who killed Senior Brother Li!"

Several people, including Lin Yaqin, were slightly taken aback, especially Lin Yaqin!

Zhao Yunhua and Lin Xianyong already knew about Ye Chen anyway, but they suddenly saw the Star Aperture Martial Artist in front of them, thinking of him killing Li Shen, and they couldn't accept it.

And Lin Yaqin knew it for the first time!

Even with her qualifications and her vision, she thought that this was impossible.

At least, she couldn't do it when she was in the Star Aperture Realm, and Lin Yaqin was an extremely proud person. Since she couldn't do it, let alone the young man in front of him?

Not to mention, Ye Chen, the star orifice that just broke through the sky!

However, Lin Yaqin's gaze stayed on Ye Chen's body for a while, the reason was simple, she felt the mark, and there was a trace of the spirit of the breath.

This mark concerns the kingdom of God.

This made her frowned slightly.

Originally, she wanted to kill Ye Chen casually, after all, Ye Chen's existence might have an impact on the mission, but this person has a mark!

According to the rules of the Kingdom of God, she could not attack Ye Chen. Even if she knew that the envoy in the maple forest should not receive the news from the imprint, there was always some risk.

At this time, Zhao Yunhua opened his mouth to Lin Yaqin: "Holy woman, how should this person deal with it?"

Lin Yaqin said casually: "Kill."

Although it is not convenient for her to do it herself, Zhao Yunhua and Lin Xianyong can!

When Lin Xianyong heard the words, a bloodthirsty smile appeared on the corner of his mouth. When he waited, he really waited for it!

If Ye Chen does not appear, I am afraid that Lin Xianyong will have no chance to avenge him in this life, but now, this Ye Chen has really appeared!

Isn't this, God is giving him revenge and a chance to vent?

He hurriedly asked Lin Yaqin for instructions: "Holy woman, can this waste be handed over to me? I have always had a deep friendship with Junior Brother Li. Junior Brother Li is like my own brother. I want to avenge him personally!"

Lin Yaqin said lightly: "Whatever, hurry up."

Lin Xianyong's face suddenly became savage. With a wave of his hand, there was an extra dark spear in his hand, and he walked towards Ye Chen.

Although he did not believe that Ye Chen of the Star Aperture Realm really had such terrifying strength, but after all Li Shen died in Ye Chen's hands, he still had to be cautious, so he took out the one he used most often. The artifact spear just in case!

This spear looks quite heavy, and on the tip of the spear, endless evil spirits are rolling. Obviously, there are countless people who died under this spear!

Lin Xianyong carried the spear and walked in front of Ye Chen step by step. He was tall and taller than Ye Chen, slightly lowered his head and looked down at Ye Chen, his eyes were full of disdain and cruelty.

Lin Xianyong asked coldly: "Boy, I ask you, did you kill Li Shen?"

Ye Chen said indifferently: "Yes Lin Xianyong's look is more ferocious, his smile is colder, and he coldly said: "Okay, do you dare to admit it? Yes, do you think that if you can kill Li Shen, you will be invincible?"

Haha, let me tell you that Li Shen's strength is not worth mentioning at all. Don't think that I will be as easy to deal with as him, but!

Even if Li Shen is **** and rubbish, it is also the **** of our God Xuanzong. You will have to pay a heavy price for killing him! "

Ye Chen glanced at Lin Xianyong, his expression remained unchanged, as if the threat to Lin Xianyong was totally unimportant.

Lin Xianyong looked gloomy when he saw this. Even in Shen Xuanzong, few people dared to ignore him, is this Lingwu Continent's star aperture trash, really not afraid of death?

Ye Chen said indifferently: "You people of the Kingdom of God, so much nonsense?"

Chapter 2179: I do not like

"what did you say!"

Flames burst out of Lin Xianyong's eyes! A Senhan smile was raised at the corner of his mouth and said: "Okay, it's really crazy enough, I hope you can keep acting like this."

Immediately, Lin Xianyong stopped talking nonsense, and the black spear flicked, and the infinite power broke out!

That incomparably terrifying, thick and surging like a surging ocean of spiritual power, raging on the spear, the evil spirit condensed on the spear head, madly erupted, turned into billowing dust, constantly surging!

Ye Chen's pupils shrank when he saw it, Lin Xianyong was indeed not easy, the evil spirit on the gun was surging, even Ye Chen felt a little chill in his back.

Lin Xianyong's face was solemn and his expression was extremely serious. The blue veins all over his body burst out, pulsating constantly, his aura soaring to the sky, he obviously didn't have any plans to keep his hands, he wanted to do his best to completely kill Ye Chen!

His long hair was flying, his mighty aura partially obliterated the surrounding space, and his extremely thick, almost liquefied spiritual power whizzed out, and merged with that billowing evil spirit!

Covering all the Fenglin all over the body, all at once seemed to be in a sea of evil spirits!

"The dragon goes to sea!"

Lin Xianyong gave a low yell, moved his spear, and gathered his spiritual power. One shot and one person, like a fusion, transformed into a terrifying, powerful, and world-defying magic dragon phantom!

This magic dragon, tossing and leaping in this sea of evil spirits, it is as if it can overturn the entire sea with just a single move!

This shot is so powerful that it is far from Li Shen's attack and can be compared!

Even Ye Chen had a solemn expression on his face!

This Lin Xianyong, although only closed the fifth or sixth level of heavenly cultivation base, but his strength, but has the ability to leapfrog!

The magic dragon in that evil spirit roared wildly, then shook his head and waved his tail, and rushed towards Ye Chen!

The speed is like a jet of black lightning!

Ye Chen took a deep breath, all the magical powers were displayed, and the breath of his body instantly expanded!

At the same time, a gust of wind surged from the aeolian boots under his feet, and the golden electric glow all over his body flashed wildly, revealing the color of determination in his eyes!

"The wind and thunder flashed!" Ye Chen's footsteps moved, and his whole body disappeared in a flash. Zhao Yunhua on the side, his pupils shrank crazily, and his face showed horror!

So fast!

At this speed, even he can barely capture it!

Even Lin Yaqin, who had been standing beside Zhao Yunhua faintly, had her beautiful eyes flashing and frowned slightly.

Ye Chen's speed, although not as fast as Lin Yaqin, was enough to shock his heart.

She even faintly felt that Lin Xianyong might not be Ye Chen's opponent.

This seems impossible and unbelievable.

However, Lin Yaqin's intuition told her so.

However, even so, Lin Yaqin still did nothing, and did not even ask Zhao Yunhua to help.

She has always been very cold. Since Lin Xianyong wants revenge and wants to kill Ye Chen, he must take responsibility. Ye Chen can kill you. However, if you die because of this, it is your incompetence, Shen Xuanzong, No need for incompetent people.

It's so cruel.

The black dragon that Lin Xianyong conjured with marksmanship was also shocked, but the move has been lost, how could it be so easy to recover?

With a bang, the phantom of the magic dragon hit one place, annihilating the void in that place, and the heaven and earth spiritual power in the entire area was turbulent!

but! Lin Xianyong is not a noble man with no combat experience, the core disciple of Shen Xuanzong, who was killed out of the sea of blood!

His attack, although it fell, but not yet, was completely exhausted!

The magic dragon's eyes lit up, vaguely, it seemed to see a golden light, flashing past in the void of the whole body!

Immediately, he roared wildly and headed towards the golden light!

Although he could not capture the specific position of the golden light, he was confident in his attack!

This blow is enough to annihilate the entire void!

However, just when the shape of the devil dragon was about to hit the void, an invisible sword wrapped in divine might, devil energy, true spirit domineering, extremely weird, and extremely terrifying, suddenly appeared in front of Lin Xianyong's eyes. !

Do not!

To be precise, it was directly into Lin Xianyong's sea of knowledge!

Ye Chen's powerful spirit, coupled with the body of demon mind, made Lin Xianyong have no chance to avoid this spirit attack!

What's more, now Lin Xianyong puts his mind on his mortal blow, and the defense of the soul is inevitably weakened!

Although Lin Xianyong's realm is not as good as Tong Lao, but the strength and tenacity of his soul is faintly higher than Tong Lao!

But, even so, the magic dragon that Lin Xianyong had transformed still trembled suddenly, convulsed all over, and convulsed. His mortal blow was inevitably weakened!

It can only be said that Ye Chen's spirit is too powerful and terrifying!

However, this moment is enough!

Before the head of the magic dragon, a golden light flashed, and a figure appeared.

Ye Chen held a long sword and yelled: "Six sword gods, the third sword!"

That long sword, beheaded immediately!

There was a loud bang, not only the power of the third sword, but also Ye Chen's terrifying aura to the extreme!

The time that this sword cut was exactly the time when Lin Xianyong's must-kill, the weakest!

That looks extremely powerful, the mighty devil dragon and the boundless tumbling evil spirits, just like that, was smashed by Ye Chen's sword, and they were nothing!

On the ground, only Lin Xianyong, who had completely turned into a blood man, was dying and was about to die completely.

Ye Chen's eyes flashed, Lin Xianyong, whose vitality is quite strong, didn't even die directly?

Sure enough, the difference between the people of the Kingdom of God and the ordinary powerhouses of Lingwu Continent was not even a little bit.

But, even if you are a strong man in the kingdom of God, what about?

I want you to die as much as you!

Ye Chen lifted his foot abruptly, stepped heavily on the chest of Lin Xianyong who was dying, and crushed his heart with one foot!

Lin Xianyong's breath was also completely cut off.

But at this moment, a phantom suddenly sprang up from Lin Xianyong's head and furiously rushed towards Zhao Yunhua and Lin Yaqin. His expression was extremely frightened, and he screamed: "Help! Brother Zhao, Saintess. , Help!"

However, before the two of them could react, an invisible sword was immediately beheaded, completely annihilating Lin Xianyong's spirit!

It is Ye Chen's soul sword!

After killing Lin Xianyong, Ye Chen glanced at his sword holding hand, which was dripping with blood, bones, muscles, and even meridians were broken.

Lin Xianyong's blow was very strong.

However, Ye Chen didn't care too much.

As long as it doesn't hurt the origin, this kind of injury is nothing to Ye Chen now, and it will soon recover.

Then, he turned his gaze to Zhao Yunhua, Lin Yaqin and others.

Zhao Yunhua and Chen Meixiang were completely sluggish.

As for Lin Yaqin, although she still had a cold and indifferent look, her gaze at Ye Chen was somewhat different.

Lin Yaqin originally thought that even if Ye Chen could defeat Lin Xianyong, he would have to do more, right?

But who knew that one move, one move, defeated Lin Xianyong.

And Zhao Yunhua, after returning to his senses, looked at Ye Chen with great jealousy!

Although he has the confidence to defeat Lin Xianyong, Xiang Ye Chen can't do it with such a trick!

In other words, Ye Chen might be stronger than himself?

Even Zhao Yunhua who has always claimed to be calm and calm can't help but shake his mind, and his brain becomes confused!

The Star Aperture Realm has Ye Chen's strength, even in the history of the Kingdom of God, there can be no less!

They are all in the legend, can only appear in existence!

Could it be that the young man in Lingwu Continent before him is a new legend?

A legend that shocked not only the entire Lingwu Continent, but even the Kingdom of God?

Lin Yaqin looked at Ye Chen, and Ye Chen was also looking at Lin Yaqin.

To be honest, although Zhao Yunhua is very strong, Ye Chen did not regard it as a threat. Zhao Yunhua should be twice as strong as Lin Xianyong, but what about?

As far as Ye Chen was concerned, it was just one more sword gap, but Lin Yaqin was not of the same rank at all!

Chapter 2180: Life and death crisis!

Lin Yaqin looked at Ye Chen and said coldly: "You killed Lin Xianyong."

Her voice originally made people feel extremely cold, but at this time, it was ten times colder than usual!

Zhao Yunhua knew that Lin Yaqin was going to kill!

Ye Chen nodded and said: "He wants to kill me, I naturally want to kill him, there is no second possibility."

Lin Yaqin nodded when she heard the words, "Yes, you did nothing wrong."

Ye Chen was taken aback, what did Lin Yaqin mean? Is she going to let herself go?

Ye Chen was overjoyed. He knew that he was not the opponent of this woman now, so naturally he didn't want to hit the other side. Although Ye Chen was not afraid of death, he would not look for death!

But who knows, the next moment, Lin Yaqin's gaze was completely cold, as if it could freeze the world, facing Ye Chen, he said every word:

"But Lin Xianyong is a member of our Shenxuanzong, and I am the saint of Shenxuanzong. If you kill him before me, you must die, you must die!"

Domineering, extremely domineering!

Since she cultivated martial arts, she had only one thought, to kill all those who stood in front of her and violated her beliefs!

This is a kind of madness from the bones!

When the voice fell, a monstrous murderous aura came out, Ye Chen was shocked suddenly, this murderous aura was terrifying!

Ye Chen's own killing intent is already the ultimate killing intent with Dao Yun. The killing intent of ordinary people can't make Ye Chen feel at all, but Lin Yaqin did it!

This can only show that Lin Yaqin also cultivates the way to kill!

Moreover, the realm may be even higher than Ye Chen!

"Damn it!"

Ye Chen knew that when Lin Yaqin released such a killing intent, he was really going to kill him. It was impossible to put off a killing intent that could shake him by bluffing.

At the same time, he secretly cursed a female lunatic, did Lin Yaqin really ignore the mark?

You know, the imprint is the imprint left by the official of the Kingdom of God, and it represents the official dignity.

Even if Lin Yaqin is the saint of Shen Xuanzong, if she is found by the divine envoy and she has violated the rules, she will never end up any better. Shen Xuanzong cannot keep her!

One can imagine how much risk she took, but even so, Lin Yaqin still wants to kill herself?

Just for the sake of your own thoughts, just to follow your own mind, completely reckless?

This kind of lunatic, once provokes him, is absolutely troublesome, and this lunatic is stronger than him now!

Immediately, Ye Chen didn't hesitate at all. The soul sword faced Lin Yaqin and slashed straight away. At the same time, his figure flickered, the wind and thunder suddenly appeared, and the wind and thunder flashed, and he rushed towards the ruins gate behind him!

boom!

At the same time, an ice white sword glow exuding bursts of cold air slashed towards Ye Chen!

But Lin Yaqin, at the moment when the sword light was cut, her eyes were slightly lost, causing her to take a shot slowly.

That is to say, Ye Chen, who was slow for a minute, showed a flash of wind and thunder, tried his best to reverse his figure!

A sword glow exuding terrifying waves, flew by Ye Chen's side!

Smashed **** the gate of the ruins!

Although the gate of the ruins that has been passed down from ancient times is not damaged, it is still shaking!

Ye Chen couldn't help swallowing, his eyes trembled, Lin Yaqin's casual blow was more than ten times stronger than Lin Xianyong's ultimate blow!

Really scary! If Ye Chen was hit, he was sure he would never feel better!

In this moment, Ye Chen had already smashed the gate of the ruin and entered it.

But Lin Yaqin was stunned in place, and then, on the pretty face that was so exquisite that even the gods would admire, a shameful color mixed with endless killing intent appeared!

Own, unexpectedly missed?

With one blow, didn't kill a star orifice?

Of course she knew that Ye Chen had mastered a certain spirit attack similar to a spirit ability, but she didn't expect that she would also become a master!

This is a shame for Lin Yaqin!

She has always been an extremely proud and perfect person!

With a movement of her body, she turned into a white light, chasing madly towards Ye Chen.

Ye Chen avoided Lin Yaqin's sword light, on the contrary, it aroused her desire to win and lose. She must kill Ye Chen and never die!

But only for this momentary delay, Ye Chen has already opened a long distance, with the wings of the clouds, the boots of the wind gods, and the flash of the wind and thunder against the sky, the speed is almost above the gate closure.

However, Ye Chen did not relax at all!

Because he knew his speed, although he could almost surpass the gate, but!

For half a step too virtual, it is not necessarily!

And Lin Yaqin's eyes flickered, and she also fully urged Escape. She knew that Ye Chen displayed an ancient body technique, and it was not an ordinary ancient existence.

But in her eyes, it was still too slow.

"This crazy woman!"

Ye Chen gritted his teeth and glanced back. He could already vaguely see Lin Yaqin's escape, and couldn't help but curse!

Ye Chen couldn't help asking in his heart: "Master, what should I do now?"

Feng Qingyang pondered for a moment, seemingly helpless, and said:

"Since this woman has ignored the mark, it seems that she won't give up easily. Now she can only put her to death and be born again!"

"Let it die and live?"

Ye Chen was a little puzzled when he heard this. What does this mean?

Feng Qingyang said: "You, flee to the southeast, where I feel an extremely dangerous aura!

If I'm not mistaken, there should be something that would be threatened even if it is half a virtual existence. You go there, although it is extremely dangerous, it is possible to force this crazy woman back. "

Ye Chen's eyes flashed, and he sighed fiercely, and shouted in a low voice: "Fight!"

Immediately, he lowered his figure, entered the woods, and sprinted towards the southeast.

The reason for entering the woods is to use the complicated terrain to make it more difficult for Lin Yaqin to catch up with herself.

But at the moment when Ye Chen fell into the woods, a huge ice white sword light was cut off!

That sword glow exuded a frightening atmosphere, but it converged to the extreme. It was only when Ye Chen was not far behind that Ye Chen noticed it. Its speed was extremely fast, even above the wind and thunder!

Moreover, the might be called peerless, and it has not yet fallen. In this forest, the trees that seem to be much harder than ordinary spirit trees are shattered under the breath of sword light!

"grass!"

Ye Chen cursed, flipped his wrists, held the Beast Rotten Sword, full of spiritual power, and roared to the sky!

Chichen Divine Vessel is briefly activated!

Spiritual power is passing fast!

Ye Chen, this is the best way to go!

Then, his long sword Yiwu slashed away at the white sword light!

An extremely cold, extremely bright, and thunder-like sword light greeted the white sword light!

This is not over yet After a sword was cut out, a phantom of a unicorn appeared on Ye Chen's body, and at the same time, the dragon armor that the Emperor of Nine Yous gave him was fully excited!

A phantom earth dragon covered with strange crystals appeared, guarding Ye Chen together with the phantom unicorn!

The next moment, there was a loud noise!

The aftermath of the sword-light collision erupted, like a star rising in front of the eyes, and powerful energy swept all around, turning the surrounding trees and rocks into nothingness, and the earth appeared black.

It's almost like the scene of the end of the world!

Under such an attack, I am afraid that no one can survive, right?

But Lin Yaqin in the sky frowned after sweeping the ground.

She did not find Ye Chen's body, nor did she find any trace of Ye Chen.
