

## Urban 2181

Chapter 2181: Lao Tzu will smash the face of your saint!

Originally, under such a terrifying attack, even if Ye Chen directly turned into nothingness, it was normal, but did Ye Chen really turn into nothingness?

Lin Yaqin frowned slightly, and she always felt that something was wrong. What she practiced was the way of killing and was most sensitive to life and death. If she had killed Ye Chen with a single sword just now, there should be a hint of feeling in her heart.

But now, she felt that her mind was blocked and her thoughts could not flow.

Lin Yaqin snorted coldly, and there was a sudden burst of cold light in her beautiful eyes. The powerful divine consciousness was concentrated in her eyes, sweeping around, but she still found nothing.

At this moment, Lin Yaqin herself was not sure, could it be that Ye Chen has really disappeared from this world?

However, in the next moment, vaguely, her divine mind fused into her eyes seemed to sense something!

"That is?"

Lin Yaqin murmured, as if she saw a \*\*\*\* shadow that was so thin that it couldn't be thinner, it was flashing quickly!

At this time, Ye Chen was wearing a moon dust gauze, flashing wind and thunder, and headed southeastward at great speed.

The reason why it looks like a blood shadow is because he is now covered with blood!

This is the first time to be so embarrassed since entering Lingwu Continent!

He is angry! He roared!

He must pay this stinky lady for today's shame!

Ye Chen's face paled for a while, enduring the unimaginable pain, and moved quickly.

After fighting against Tong Lao, he himself lacked aura to fully activate the Red Chen divine veins.

Lin Yaqin's sword glow, even after entering the body, continues to destroy her own flesh and blood and meridians. In addition to being difficult to heal, it is also very painful!

It hurts that even a person like Ye Chen with a strong will like steel is a little unbearable!

In Ye Chen's eyes, madness and anger burned, gritted his teeth, and said grimly hate: "Crazy bitch! If I don't die today, one day I will definitely give you the pain you gave me back thousands of times. you!"

But right now, Ye Chen could only run away with all his strength regardless of his injuries and pain!

At this time, after Lin Yaqin found the vague blood shadow, she smiled coldly, urged Escape again, and chased Ye Chen away!

She will not give up if she does not kill Ye Chen!

However, Lin Yaqin was also a little shocked in her heart. She knew how powerful her sword light was, but Ye Chen could still continue to escape after hitting her with a sword?

This vitality is really against the sky...

But what about it?

As long as it is not truly immortal, it can be killed, and even if it is truly immortal, there is no way to destroy it.

As long as it can be done, Lin Yaqin will do it!

If she wants Ye Chen to die, Ye Chen must die!

There is no second possibility!

Lin Yaqin, who vaguely sensed behind him, seemed to chase him up again. Ye Chen's expression changed and he asked Feng Qingyang, "Master, how far is there?"

Feng Qingyang said: "It's not far! Hold on for a while, it's coming!"

"it is good!"

In Ye Chen's eyes, a trace of cruelty flashed, frantically poured dozens of pills to restore his injuries, restore spiritual power, and stimulate potential!

In the next moment, Ye Chen's eyes turned red, and the injuries on his chest were faintly healed. At the same time, the speed of running toward the front also faintly accelerated!

Ye Chen's doing this is not completely without consequences. Ordinary people use an elixir that stimulates potential, and its side effects may cause him to lose his life, essence, and become weak for a period of time!

But Ye Chen is an immortal divine body and a demon body!

As soon as the two chased and fled, they had already crossed a great distance!

However, even if Ye Chen stimulated his potential, his speed was still not as fast as Lin Yaqin, and the distance between the two was gradually shortening!

Moreover, after the distance between the two of them had been shortened to a certain extent, Lin Yaqin was actually madly sending out sword lights to attack Ye Chen, regardless of the consumption of spiritual power!

After Ye Chen was discovered, he had already put away the moon dust gauze to save the consumption of spiritual power, but in the process of escaping, he had to turn his head from time to time to use his sword intent to resist Lin Yaqin's attacks. It can be said to be extremely embarrassed!

The two quickly ran out of the forest and entered a barren mountain full of sand and gravel, not knowing how high it was. At this time, Ye Chen was covered with scars and had two huge wounds on his chest!

There is a blood hole behind it!

If you are an ordinary person, even if you are a strong person in the Supreme Void Realm, you will not be able to run, not to mention death on the spot!

But Ye Chen, although his complexion was hard to see the extreme, he was still moving, but it was inevitable that the speed still dropped by one point.

Feng Qingyang said solemnly: "Apprentice, hold on! It's almost here!"

Ye Chen's eyes lit up when he heard the words!

But soon, Ye Chen's expression changed faintly.

Because, in front of me, there is a cliff!

Moreover, it is obviously not an ordinary cliff!

Ye Chen walked to the edge of the cliff, looked down, and saw that there was a vast white cloud below!

Ye Chen picked up a stone casually and threw it down. With his ear power and spiritual thoughts, he couldn't even perceive whether the stone had fallen to the ground for a while!

This shows that this cliff is extremely deep!

And this kind of cliff is not an ordinary cliff at all. It is called Tianyin Cliff. It has a special gravitational force. Even if it is too virtual and strong, if you fall from it, you will not be able to fly away, and will be affected by its gravity. At the bottom of the cliff!

A Tianyin cliff that doesn't know how deep it is, thinking about it, makes people chill!

Even with Ye Chen's physique, after falling, it will instantly turn into meat sauce, right?

Ye Chen swallowed, and asked Feng Qingyang: "That...Master, what you said can threaten the half-step too vain, wouldn't it be Yinya this day?"

After Feng Qingyang was silent for a moment, he said, "Actually, what I sensed is not Tianyin Cliff, but something under Tianyin Cliff.

And the reincarnation monument should be underneath.

It's just that this mysterious stele is not easy to take.

This is the most dangerous place in this ruin.

But boy, it seems that you don't have time to hesitate anymore. Yan Ya today is obviously a way to get rid of that crazy woman. With your physique, you may not die if you jump down. In the hands of this mad woman, you will undoubtedly die..."

At this time, a white light fell behind Ye Chen.

In the escape, is a beautiful woman wearing a white veil, beautiful, but very cold.

She stared at Ye Chen with eyes full of killing intent and sneered:

"I said, if you want to die, you will definitely die. Why run so long, in vain, and endure so much pain, ha ha, won't you still die in my hands in the end?"

Ye Chen turned around looked at Lin Yaqin calmly, even with a slight smile, he said:

"Crazy bitch, as long as I don't die, I will inevitably cost you thousands of times, hehe, Saint Iceberg? If there is a chance, Lao Tzu will smash your saint's face!"

Lin Yaqin's complexion changed, her beautiful eyes were angry, and she had to use her spiritual power with all her strength, and when she recklessly shot Ye Chen to annihilate, her raised hand became stiff, and her eyes widened quickly!

Ye Chen went straight to Tian Yinya behind her in front of her, and fell down!

This day, the cliff is obviously a very deep cliff!

Moreover, once he fell, he could only let his body fall, but it was impossible to want to fly. Ye Chen actually fell like this?

are you crazy?

Chapter 2182: Ye Luoer wakes up!

At this time, Ye Chen was falling rapidly, with a wry smile on his face, he did not expect that one day he would be forced to such a situation.

But along the way, he was so smooth.

It can't go smoothly once, too!

Now, I can only do my fate!

He concentrated his mind and prepared all kinds of defensive methods to welcome the moment of landing.

At this time, Ye Chen suddenly thought of something, and smiled strangely:

"Master, you said, that crazy woman won't jump down with me, right?"

As he said, he shook his head, no matter how crazy he was, he couldn't be so crazy, right?

Feng Qingyang laughed and said, "Even that crazy woman, I dare not."

At this time, on the edge of Tianyin cliff, Lin Yaqin stared at the white clouds below the cliff, her beautiful eyes were deep.

It stands to reason that if Ye Chen fell from the cliff from this day, it is absolutely impossible to survive. Even if the vitality shown by that guy is against the sky, she has no need to jump with Ye Chen and risk her life. .

However, Lin Yaqin knew that there were a group of people in this world who existed beyond common sense.

Judging from Ye Chen's previous performance, he is likely to be such a person!

Therefore, if Lin Yaqin didn't jump along and see what happened with his own eyes, it would always be hard for him!

For ordinary people, this may not be a big deal, but for Lin Yaqin, who is pursuing perfection, it may affect her practice and her state of mind!

This generation of saints of the Profound Sect of God, it can be said that she is also an extremely dazzling genius in the kingdom of God. At this time, she has made a decision that ordinary people can't understand!

On her pretty face, a resolute color appeared, she actually jumped, followed Ye Chen, and jumped off the cliff of this day!

I'm afraid that even if Ye Chen is here, he will be stunned.

This woman's madness, even the wind is clear and Yang can't even think of...

In this world, there is no shortage of madmen, but there are very few madmen with long lives...

In other words, it's really a miracle that Lin Yaqin's character can live till now...

At this time, Ye Chen was about to reach the bottom of Tianyin Cliff.

Suddenly, Ye Chen's expression changed slightly. He had already crossed the clouds and mist in the sky, but now, before his eyes, there was another sea of mist!

When Ye Chen fell into this sea of fog, he immediately felt that this sea of fog was weird, not an ordinary sea of fog!

Ye Chen's body immediately touched this foggy sea, and the speed of descent was directly slowed down!

This sea of fog actually serves as a buffer!

Ye Chen's face was ecstatic, although he didn't know whether this foggy sea could completely dissolve the impact of falling from Tianyin Cliff.

However, for Ye Chen, it is undoubtedly a great news. As long as half of the impact can be resolved, plus the life-saving methods of Ye Chen, if it is not too far from the bottom of the cliff, Ye Chen is sure to survive. Up.

At this moment, Feng Qingyang reminded: "Boy, get ready, it's almost to the bottom!"

Ye Chen was taken aback when he heard the words, but in his perception, there was nothing to notice?

It seems that this sea of fog also has a certain function of shielding spiritual thoughts.

Immediately, Ye Chen gathered his mind and activated the earth dragon armor and red dust veins again, and an earth dragon phantom and Qilin phantom appeared again, protecting Ye Chen in it!

Not only that, the dust stele in Ye Chen's body appeared directly!

Blocked in front of Ye Chen!

With a loud bang, the whole earth was shaking slightly, and Ye Chen finally reached the bottom of Tianyin Cliff!

Ye Chen grinned and got up from the ground. The sword wound that Lin Yaqin had caused on him was bleeding again because of the impact, but there was not much damage besides that!

At this time, Ye Chen's happiness has blossomed. From this day, he fell off the cliff. He was already ready to die. But after paying such a small price, he was safe?

Ye Chen took out a few holy medicines for healing and put them in his mouth, and he was about to start recuperating, but when he was just about to move, Feng Qingyang spoke again:

"No, boy, that mad woman, really jumped down, hurry up and hide!"

Ye Chen was shocked when he heard the words, and his complexion became extremely exciting! He knew that it was impossible for Lin Yaqin to know that there was such a sea of fog at the bottom of the cliff that day!

In other words, in order to kill herself, this woman took her own life to risk?

However, there is no time for Ye Chen to think about it. He immediately took out the moon dust gauze and draped it on himself!

In the next moment, Ye Chen's figure disappeared completely in this misty sea.

Soon, another loud noise came, and Lin Yaqin fell to the ground!

But Ye Chen closed his eyes, even temporarily stopped breathing, and suppressed his heartbeat extremely slowly, converging his body's breath.

With this mysterious sea of fog and the hiding effect of the moon dust yarn, Ye Chen believed that this mad woman should not be able to find herself.

Sure enough, after Lin Yaqin fell to the ground, her beautiful eyes swept over the dense fog around her, and she frowned. She knew that Ye Chen had also fallen, and it was certain that because of the existence of the sea of fog, Ye Chen was not dead, but she could not determine the location of Ye Chen.

But Ye Chen seized the time, condensing his aura while refining the medicine power, so that his injuries would recover quickly.

But it didn't take long before Lin Yaqin drew out the white long sword, and snorted, half a step full of vain aura, the extreme burst, it was crazy dancing the long sword in his hand, facing all directions in the sea of fog, Cut out one after another sword light!

Ye Chen looked blank. Although these sword lights were not as tyrannical as when Lin Yaqin attacked him alone, with Ye Chen's current injuries, he didn't dare to take it hard!

Immediately, cast a flash of wind and thunder, and began to avoid!

But for Ye Chen's avoidance, under Lin Yaqin's white veil, a sneer appeared on the beautiful face carved out of ice for thousands of years.

Although she couldn't perceive Ye Chen's location, she could see the flow and changes in the foggy sea!

Ye Chen's wind thunder flashed, and it also brought the wind attribute body skills. Once it was used, it stirred the foggy sea, and instantly exposed his position!

But how could Lin Yaqin miss such a good opportunity?

She waited for this moment for a long time!

Immediately, her spiritual power condensed, and she poured into the long sword in her hands desperately. The breath of her body was integrated with the terrifying killing intent. A woman with a vague face and a blood-colored long sword appeared behind her. The phantom, this woman phantom, is like the incarnation of killing intent, the \*\*\*\* of killing!

In a blink of an eye, she slashed a strong sword towards where Ye Chen was!

With this sword, this weird sea of fog was divided into two, and a passage was cut out!

"Ye Chen is about to enter the depths, the samsara monument should be very close!"

...

At the same time, Shenhua Academy.

In Ye Chen's cave.

A comatose girl lying quietly, it was Ye Luoer.

And beside Ye Luoer, Ji Lin was sitting cross-legged, actually practicing.

Although Ji Lin mastered the inheritance of Poison Lord, she had never wanted to practice before.

She had no interest in cultivation when she was in Kunlun Xu.

After Ye Chen brought Ye Luo'er back, she changed her mind when she saw Ye Luo'er's pale face.

In the past few days, she has been practicing all the time.

She wants to be strong!

And her cultivation base has grown rapidly because of the innate poisonous body against the sky!

A green ancient seal even faintly appeared on the palm of her hand!

Extremely mysterious.

Ji Lin, who was devoting himself to practice, did not notice the light eyelashes of Ye Luoer who was unconscious.

A faint dragon's might spread out!

Even the dragon's horns grew vaguely on her forehead, but they quickly disappeared.

After a few seconds!

A roar resounded throughout the house!

"Big Brother Ye!"

Ye Luoer opened her eyes in a coma actually sat up!

Not only that, but a trace of golden brilliance produced a strong energy wave away!

Everything around is shattered!

Even Ji Lin who was cultivating was lifted off on the spot!

Ji Lin fell to the ground and was completely awake. When he saw Ye Luoer who was sitting, Ji Lin was surprised and rushed over regardless of the injury, saying: "Sister Luoer, you...you are awake!"

At this moment, Ye Luoer looked solemn, and the dragon pattern on her eyebrows kept flashing: "Jilin, Brother Ye is in danger!"

Chapter 2183: The danger in that depth is here!

"Jilin, Brother Ye is in danger!"

When Ye Luoer's voice resounded, Ji Lin on the side was a little confused.

She stretched out her hand and touched Ye Luoer's forehead: "Sister Luoer, you are not going to have a nightmare."

"Ye Chen seems to be in the Southern Territory, how would you know what happened over there."

"I'll pour you a glass of water, take it easy."

"Also, the dean of Shenhua Academy said that if you wake up, ask me to notify him."

"You wait for me."

However, as soon as Ji Lin was about to leave, Ye Luoer held her hand.

There are some dragon scales in her hands.

It seems extremely unstable.

Ji Lin obviously felt something was wrong, and quickly said: "Sister Luoer, are you uncomfortable..."

"I'm going to call someone."

However, Ye Luoer couldn't explain it anymore. She firmly grasped Ji Lin's hand and said: "Ji Lin, my blood has been awakened."

"I am a member of the Holy Dragon family, and my father is not dead."

"Long Hongtian wants to ruin me at all costs, and even wants to deprive me of my blood. Without Big Brother Ye, he might have succeeded."

Ji Lin also became serious: "Sister Luoer, how did you know?"

Ye Luoer stood up with difficulty: "My blood is a bit special, I seem to be able to see some pictures of people around me..."

"Just now, I seemed to see Big Brother Ye covered in blood. He was chased by an extremely terrifying girl and fell off a cliff! As for the rest of the matter, I can't be sure...but I'm sure, this is definitely not a dream!"

Ji Lin was startled slightly, pondered for a long time, and said: "Okay, sister Luo Er, let's go to the dean."

"The dean's strength may help Big Brother Ye."

...

The screen turns.

The strange foggy sea, the waves are rolling!

Ye Chen was locked by the sword light, and his expression was extremely solemn. He gritted his teeth and wielded the beast sword, energizing all his supernatural powers, like a demon \*\*\*\* in another world, and greeted him with an eternal thunder sword!

There was a loud bang and a powerful storm of attack swept across this sea of fog. The strange fog did not completely disperse, but Ye Chen's thundering sword intent was once again suppressed by Lin Yaqin's sword light. Cut to Ye Chen's body fiercely!

Earth Dragon Armor and Chichen Divine Veins were once again briefly activated, almost emptying Ye Chen's aura!

The guardian barrier greeted the remaining sword light, and there was another loud noise. This terrifying sword light was finally completely wiped out, but Ye Chen's body was also cut backwards and flew back and hit the mountain wall severely. Above!

Another wound was added to his chest, and Ye Chen's consciousness was blurred.

However, he was also fierce!

Being pressed and beaten like this, can you bear it?

He didn't plan to hide in the sea of fog again while recovering his injuries, while hiding his body, although he knew that it was the most reasonable to do so, because Lin Yaqin's spiritual power was not endless.

Use a large-scale attack like hers a few more times, even if she is half-step too weak and possesses massive spiritual power, it will be exhausted!

After exhaustion, he needed to recover, and this gave Ye Chen time to heal his injuries.

However, being beaten like this is too frustrated!

Ye Chen is fighting to be injured and to die, but also to leave wounds on Lin Yaqin!

Even if the injury is exchanged, Lin Yaqin must be hit hard!

But when Ye Chen, who was covered in blood, was about to rush towards Lin Yaqin with his beast sword in his hands, a roar sounded in the ears of the two!

Lin Yaqin and Ye Chen couldn't help but glance in the direction that came from the roar!

I saw that in the mist, a weird and huge figure loomed out. From the outline, it was the size of a hill, with a dragon's tail, growing horns, and a pair of huge claws. OK monster!

At this time, Feng Qingyang's laughter sounded in Ye Chen's mind: "It turned out to be a Sky Fog Demon, this kid is the danger that I told you that can threaten the half-step too virtual."

"Sky fog demon?" Ye Chen asked suspiciously.

Feng Qingyang laughed and said: "This day mist demon is an extremely rare and weird monster between heaven and earth, and it is only possible to be born where there is a special mist like the sky mist.

And the Sky Mist Demon is extremely powerful. The ordinary Sky Mist Demon can possess the strength of a half-step Taixu, and if it is some mutant species, it can reach the Taixu realm, or even above it! "

Ye Chen's eyes flickered and said, "So, this is an ordinary sky mist demon?"

Ye Chen knew that Lin Yaqin's strength should be considered extremely strong in the half-step Taixu, the ordinary half-step Taixu might not be the opponent of the monster of the same rank, Lin Yaqin is not necessarily.

Feng Qingyang laughed and said: "Boy, although the hidden figure should not be hidden in the fog of this day, the Sky Mist Demon should be given priority to deal with that crazy woman. You don't have to worry that the Sky Mist Demon is not her opponent. The Sky Mist Demon has a particularly strange ability."

"Specially weird ability?"

"The Sky Mist Demon possesses a kind of atomization supernatural power, which can greatly reduce physical attacks!"

Ye Chen's eyes lit up when he heard the words. He knew that Lin Yaqin was not a soul cultivator, otherwise he would not be lost for a moment because of his immature soul swordsmanship.

In that case, it would be extremely difficult for her to fight against the Sky Mist Demon in the same realm!

Immediately, Ye Chen took out the moon dust gauze and concealed his figure again!

At this time, Lin Yaqin stared at the monster figure who was disturbed by herself and Ye Chen, and roared towards her with a dignified look on her cold pretty face.

Soon, the fog demon appeared out of the thick fog that day. It looked like a head of thirty to fifty meters high, with a head resembling a dragon and not a dragon, with a pair of sharp horns, and its mouth was full of cold light like a sword. The shimmering fangs, the body resembles a monkey, two slender arms hanging down to the knees, a pair of thick black claws, standing on both feet, a dragon tail swinging back and forth, weird.

Lin Yaqin saw the appearance of the Sky Mist Demon clearly and her expression changed. She recognized the Sky Mist Demon at a glance, and at the same time, her heart sank.

Because she knows that although the Sky Mist Demon is not too powerful, she has a kind of atomization supernatural power, and her own attack will undoubtedly reduce the effect of the Sky Mist Demon!

Lin Yaqin's eyes flashed, and she said coldly in the direction of Ye Chen:

"This monster is called the Sky Mist Demon, and your invisibility cannot be concealed from it. This day Mist Demon possesses a magical power of atomization, which can greatly reduce the damage caused by my attacks. If you and I don't join forces, you will die here. !"

Why join hands with Ye Chen?

Very simple, Lin Yaqin knew that Ye Chen's spirit was very powerful, perhaps even stronger than himself, and he also mastered the means of spirit attack.

Although monsters are stronger than warriors of the same rank in terms of physical body, most monsters are not too strong in spirits, and soul correction is the nemesis of monsters!

In particular, Ye Chen can be said to be an extremely suitable candidate to deal with such a monster as the Tianwu Demon!

Chapter 2184: The divine thing!

In the sea of fog, Ye Chen's sneer sounded, and the voice was so ethereal that people couldn't capture its specific location.

"Hehe, join hands? Are you funny? Even if I join hands with you and kill the fog demon this day, you will let me go? I still have to die in the end!

Since you are all dying, it would be nice to be able to hold you together on Huangquan Road as a company. If you are an ugly woman, but even though you are wearing a veil, I can see that you should be a bit worse than my wife.

I reluctantly accepted it.

Thinking of having a beautiful woman like you buried in the funeral, it is a blessing for heaven and man. I am grateful that the fog demon is too late, why kill him? "

Lin Yaqin's face was frosty and coldly said: "Believe it or not, I'm fighting to be killed by the fog demon this day, and I am absolutely capable of dragging you to death? You said you want me to be your funeral, would you say it again?"

Top Best AI for Forex Trading 2024

"Heh." Ye Chen replied lazily.

After a while, he still faintly said: "How to join hands, you can talk about it."

Lin Yaqin said coldly: "I fought against the fog demon this day to attract its attention. You took advantage of it to perform a spirit attack. Once its atomization fails, I will use the strongest means to kill it."

Ye Chen said, "What about me?"

Lin Yaqin's eyes flickered for a while, and he replied, "I swear that I won't shoot you again in this ruin."

The corner of Ye Chen's mouth twitched, Lin Yaqin meant to kill himself after leaving the ruins?

Before Ye Chen could speak, Lin Yaqin said again: "If you disagree, I don't mind blowing up now, you can try to escape the range of my full blow up."

Feng Qingyang also smiled helplessly in the reincarnation cemetery: "Boy, this trip should be the most reliable plan now."

"It's enough if you don't do something to you in the ruins. If you leave the ruins and she does it to you again, the Devil Emperor and I will seriously hurt this woman even if we lose our cultivation!"

Ye Chen smiled bitterly, facing this woman, he was really helpless, and immediately replied: "Okay, then join hands."

However, even though Ye Chen agreed, his eyes flickered.

Obviously there are other ideas in mind.

Ye Chen knows that his life is to be handed over to him, not to others, and let others decide your destiny. Lin Yaqin said that if you don't take action against yourself in the ruins, why not take action against yourself?

Therefore, what Ye Chen wants is not to survive this battle!

What he wants is to be the final winner in the battle, to be the only one who survived!

This result is very difficult, unless it is the Sky Mist Demon and Lin Yaqin, both lose in the battle, especially for Lin Yaqin to be injured, and there is no room for her to explode.

Otherwise, Ye Chen is almost certain that when Lin Yaqin is about to die, he will choose to blow himself up and pull himself into the water.

As far as two and a half steps were too empty, Ye Chen wanted such an opportunity to be too difficult and difficult.

However, as long as there is a chance, Ye Chen will not give up!

Moreover, if it is successful, the harvest will be equally huge!

First of all, it was his own life that was securely saved, and there is no need to worry about Lin Yaqin, a female lunatic chasing him down!

Secondly, he can also get Lin Yaqin's storage bag. It is conceivable how attractive an extraordinary half-step too virtual wealth is. Finally, he can also get the body of the Sky Mist Demon!

You know, this is a big demon who is too vague! The essence of it is simply unimaginable!

Moreover, the most important thing is that Ye Chen is very eager for the misty magical powers of the fog demon this day!

With this misting magical power, even if he faces Lin Yaqin again, Ye Chen dare to fight one, right?

Atomizing magical power, coupled with Ye Chen's heaven-defying vitality, and extremely powerful soul, he is one step closer to immortality!

It can be said that this magical power is something that Ye Chen is bound to gain, but if he and Lin Yaqin defeat the Sky Mist Demon, even if Lin Yaqin doesn't kill herself, can he get the body of the Sky Mist Demon?

Obviously impossible.

To maximize the benefits, Ye Chen can only gamble!

At this time, the Sky Mist Demon finally shot Lin Yaqin!

It's not that it didn't sense Ye Chen's position, but Ye Chen is motionless now. Compared to Ye Chen, the first thing to pay attention to is obviously this significantly more powerful female human!

The Sky Mist Demon roared wildly, and the sound was like a dragon chanting, the billowing sky mist was insanely condensed on the Sky Mist Demon's pitch-black claws, turning into an extremely large mist dragon claw!

Although this dragon claw was caused by mist, it looked like a cloud of smoke and disappeared at the touch of a touch, but Ye Chen and Lin Yaqin both knew that this mist dragon claw might be more terrifying than a meteorite iron weighing tens of thousands of tons!

This is a fusion of the sky mist of the sky mist demon that is too imaginary and powerful!

Is it comparable to ordinary fog?

The fog on this day is of special nature, almost indestructible, it can be rigid and soft, and it can be transformed into endlessly. It can be said that at the bottom of the cliff of Tianyin with the sky fog, the strength of the sky fog demon has skyrocketed by more than a few!

Lin Yaqin's expression became heavier, and the fog demon was much stronger than she thought this day!

Immediately, Lin Yaqin also took a deep breath, flipped her hand, and there was an extra strand of blood red hair in her hand.

Lin Yaqin's beautiful eyes stared at the blood-red hair, and he hesitated a little. After a while, the color of determination appeared on her face. It was a small mouth that contained all the blood-red hair in her mouth!

When Ye Chen saw this, his pupils shrank slightly. The hairline gave him a feeling that it was not simple, it actually carried a strong divinity!

Presumably, it must be extremely precious!

Moreover, how can the divine hair be used so easily?

Not everyone has the same physique against the heavens like Ye Chen, even if Lin Yaquin is half too empty, she might not be able to digest this \*\*\*\* hair completely.

In this way, she not only needs to bear the risk of backlash, but also wastes a lot of divine energy in her hair!

This Lin Yaquin is really a ruthless person. When he is struggling with life and death, he will never be soft!

After swallowing this scarlet hair Lin Yaquin's whole body aura changed, a horrible killing intent that made Ye Chen a little frightened, rose to the sky, and Lin Yaquin's long black hair was also in an instant. Turned into blood red!

Not only the terrifying murderous aura, a thick blood qi radiated from Lin Yaquin's body, turning into a stream of blood, circulating around Lin Yaquin's body!

For a while, Lin Yaquin's beautiful body unexpectedly burst out of a powerful divinity, and the whole person looked like an extremely beautiful iceberg goddess in a sea of blood!

Ye Chen's eyes narrowed slightly, and it seemed that the origin of this mad woman was not simple. She was able to exert the power of divinity to such a level. It was a bit similar to the phantom of the woman that appeared behind Lin Yaquin that day.

At this moment, the clouded dragon claw finally came to Lin Yaquin's head and suppressed it fiercely!

Lin Yaquin snorted coldly and pointed at the long sword. The blood flowing around her body was poured into the long sword. The long sword, which was originally white as snow, instantly turned into blood-red color, sharp and sharp, like nine days. The terrifying sword intent that descended from above, surged out from above the long sword!

Chapter 2185: Horror to the extreme!

Lin Yaquin danced her long sword, slashed fiercely at the clouded dragon claw, and yelled, "Broken!"

Sword Qi screamed out at night, turning into a terrifying river of blood that seemed to flow backwards from a yellow spring, engulfing the strength of a thousand-jun, and rolling frantically, it slammed into the cloud dragon claw!

There was a loud bang!

The canyon trembles, even with the blessing of the fog that day, the cloud dragon claws are actually broken by the \*\*\*\* river. Although the \*\*\*\* river consumes most of its power, it seems that only one-tenth of its power remains, but it still rushes towards the sky fog demon. Go!

Ye Chen's eyes flickered, Lin Yaqin's blow was really terrifying, if she used this blood-colored hair when she was chasing herself at first, she would probably not survive Tianyinya.

Although only one-tenth of the power is left, this \*\*\*\* river is also not to be underestimated!

However, the fog demon didn't show the slightest panic when he saw it that day. Looking at the river of blood rushing towards him, he let out a dragon chant, and the fog poured into his body!

In the next instant, the Sky Mist Demon's figure, which originally looked extremely clear, quickly faded. When the river of blood flew in front of him, the Sky Mist Demon had completely turned into a faint haze, and could only barely distinguish it. The outline is nothing more.

Boom!

The River of Blood pierced through the foggy shadow of the Sky Mist Demon without hindrance, and smashed on the mountain wall behind it. The ground was shaking again, flying rocks splashed, and the mountain cracked.

But that day, the fog demon's mouth made a weird laugh, as if mocking the stupidity of his opponent, its body changed, it solidified again and turned into a real entity again.

Although the river of blood passed through after the change of fog shadow, the fog demon looked like he hadn't suffered any harm this day!

Ye Chen's eyes widened, staring at the sky mist demon, he was shocked!

Even though he was mentally prepared, knowing that this atomization supernatural power was extremely good, but he did not expect that this atomization supernatural power would actually go against the sky to such a point!

That was the power of Lin Yaqin's one-tenth of a blow!

Don't underestimate this tenth, Ye Chen, who has endured Lin Yaqin's sword light, knows exactly how terrifying the power of this sword light is! What's more, Lin Yaqin's current strength has at least doubled!

With Ye Chen's abnormal physique, I dare not say that I can carry it more than ten times!

And the sky mist demon?

Withstand a blow, unscathed!

This defense, apart from perversion, no other words can describe it!

Too horrible and too tempting!

Ye Chen's eyes flashed with a strong desire color!

He must get the atomization supernatural power!

When Lin Yaqin saw this, her beautiful eyes sank, snorted coldly, and the long sword turned, but the blood flow around her body was continuously enlarged along with the long sword's rotation. After a few breaths, it turned into a turbulent river of blood hanging down from the sky. !

Lin Yaqin carried this river of blood with one sword and one person, and she fitted herself closely. Even if the shocking blow did not work before, she did not have the slightest intention to back down and attacked!

That day, the fog demon had a pair of vertical eyes, and a mocking color appeared, and he also roared wildly, facing forward without fear!

The river of blood was rolling and the mist was overwhelming. On one side was the goddess of Shura with red hair and holding a long sword, and on the other side was a fierce monster with a fierce face and ever-changing face!

The two went back and forth, and they had a fight!

This fight was actually a full half an hour!

Although Lin Yaqin's swordsmanship is stronger than the attack by the Sky Mist Demon's manipulation of the Sky Mist, but this Sky Mist's atomization magical power is too weird. Lin Yaqin's \*\*\*\* sword light will always touch the Sky Mist. Was evaded by its use of atomization magical power.

And Lin Yaqin's complexion became paler and paler, and her white gauze skirt was also stained with blood.

Although her sword light is stronger than the Sky Mist Demon's Sky Mist Demon Technique, and can almost completely suppress the opponent, it will inevitably suffer some damage in the long run.

In Lin Yaqin's beautiful eyes, the cold light flickered, she was waiting, waiting for the time to win the opponent with one blow!

The Sky Mist Demon at this time was also panting again and again, and it was no longer as easy as it was at the beginning. It also had wounds on its body, its breath was weakened, and when it used its atomized magical powers, it also had some lag. .

Although the atomization supernatural powers are magical, the consumption is not small, and in such a high-intensity battle, the sky fog demon can't bear it.

Moreover, although the atomization can offset most of the physical damage, it is not completely immune. After a long time accumulation, it gradually begins to affect its body.

It stared fiercely at Lin Yaqin in front of him, how could it not imagine that this tiny human being had such terrifying strength!

Not to be outdone, Lin Yaqin looked back at the Sky Mist Demon, together with her breath, was once again waving that river of blood to kill the Sky Mist Demon!

For a time, it seemed to suppress the Heavenly Mist Demon!

Ye Chen's eyes flickered, staring at the two sides in the battle. He knew that the situation of both was not good now, but which side was worse?

It is Lin Yaqin.

Don't look at Lin Yaqin now, suppressing the Sky Mist Demon, but Lin Yaqin has improved her strength with some secret method.

Ye Chen faintly discovered that Lin Yaqin's breath was already a little unstable. Once Lin Yaqin's secret method failed, his position would instantly reverse!

Not to mention, this secret method obviously has a lot of burden on Lin Yaqin's body!

Although the current situation is exactly what Ye Chen wants to see, but even so, Ye Chen knows that there is still a long way to go before it can make him come back!

Lin Yaqin and the Sky Mist Demon in this state were not something he could deal with.

Boom!

The silhouettes of Lin Yaqin and the Sky Mist Demon were separated at the touch of a touch. The big snake transformed from the sky mist was divided into several sections under the strangulation of Lin Yaqin's \*\*\*\* sword light.

The remaining sword light strangled towards the Sky Mist Demon, and suddenly a panic appeared in the Sky Mist Demon's dragon eyes!

In Ye Chen's eyes, there was a flash of energy!

Before, the Sky Mist Demon could easily use the technique of atomization to avoid the sword light that was killed, but this time, the Sky Mist Demon was slow!

It seems that after successively using the technique of atomization, the body of the sky mist monster is almost reaching its limit!

However, soon a trace of mist appeared on the body of the Sky Mist Demon, and a trace of peace of mind appeared on its face. Now it seems that before the sword light hits itself, UU read [www.uukanshu.com](http://www.uukanshu.com)'s atomization supernatural powers still have time to take effect.

But at this moment, Lin Yaqin violently lifted the long sword, and despite the shocking blow he had just performed, her breath was still a little unstable, and she forced her dantian!

A trace of blood spilled from the corner of her mouth, but Lin Yaqin didn't seem to care, a flame of blood ignited on her long sword, exuding a chilling aura, and even the surrounding space was burned into nothingness!

Obviously, Lin Yaqin is about to perform a strong blow!

Who is she? The genius saint of God Xuanzong, almost instantly noticed the stagnation of the magical power of the sky mist!

In Lin Yaqin's beautiful eyes, the cold light flickered, it is naturally impossible to miss such a good opportunity!

And the Sky Mist Demon just showed a sneer, casting a strong blow?

So what! You only need to maintain the atomization.

At this moment, Lin Yaqin suddenly shouted: "It's now, do it!"

Chapter 2186: Crazy!

She wants Ye Chen to use his soul attack and interfere with the misty magical powers of the Heavenly Mist Demon!

She is confident, and she only needs one-thousandth of a breath delay, and she is 100% sure to kill the Sky Mist Demon!

However, the answer to Lin Yaqin was only silence, only dead silence!

Ye Chen didn't mean to cooperate with Lin Yaqin at all!

Lin Yaqin's complexion changed, her pretty face was full of anger and killing intent, her beautiful eyes were completely bloodshot, and she looked extremely cold!

She shouted angrily: "Asshole! You despicable! Don't you know, if I can't kill the fog demon, do you have to die too!?"

But at this moment, Ye Chen just sneered, staring at Lin Yaqin with blinking eyes, huh, despicable?

Originally, he would promise Lin Yaqin to join forces, it was Lin Yaqin who blew himself to persecute him, he would never be obediently threatened by others, would he?

Ye Chen knew that Lin Yaqin had no problem with his decision. If he used Soul Sword to attack the Sky Mist Demon at this time, he could be sure that Lin Yaqin could definitely kill the Sky Mist Demon!

However, this is not the result he wanted!

Although Lin Yaqin is almost reaching the limit, he can't handle it yet!

Therefore, he can only bet!

Gamble on Lin Yaqin, he won't be killed by the sky mist demon like this!

Gambling Lin Yaqin is in desperate situation, there is still a means to comeback, and there are still cards that have not been displayed!

Gambling on Lin Yaqin has to pay a greater price!

Such a bet, the risk is really huge!

A bad one will end up being killed by the Sky Mist Demon, but even so, Ye Chen still has to gamble!

Of course he went to kill! But in the face of a crisis, you will only be extremely calm!

The road to martial arts, if you don't weigh the pros and cons, you will only die faster!

He would rather lose because of his own gambling and die because of his own decision, rather than surrender his life to others and let others control his own life and death!

Even if he is going to die, he will die because of his own will!

His fate, only he can control, no one can interfere!

This is Ye Chen's pride!

At this time Lin Yaqin gritted her teeth with hatred, but she couldn't stop!

She held the long sword in her hands, and began to tremble, and her breath also fluctuated. In her current state, she would be very reluctant to perform such a terrifying blow. If she did not cut out the sword, she would be unable to control it. The violent energy was swallowed by his own sword light!

However, the Heavenly Mist Demon at this time had completely atomized, and the previous sword light penetrated through it.

The weird cry of the Sky Fog Demon echoed at the bottom of the cliff that day, seeming to laugh at Lin Yaqin. It didn't lift the fog, it just floated back and forth like this.

It is not a fool. It can see that Lin Yaqin is about to lose control of this sword. It also knows that after Lin Yaqin cuts out this sword, he will begin to weaken, and then it will be the moment for him to reverse the situation!

"Ah!"

Lin Yaqin yelled and cut out the sword. Even if the sky fog demon mists, such a terrifying sword can still cause some damage.

The burning blood light turned into a flying rainbow, pointing directly at the Sky Mist Demon, and the blood light instantly penetrated the cloud mist that the Sky Mist Demon had transformed, and the misted Sky Mist Demon actually let out a scream!

Above the dense fog that the Sky Mist Demon turned into, a \*\*\*\* flame appeared, which was actually burning!

Although the blood flames quickly extinguished, when the fog demon appeared on the same day, his body was also covered with blue smoke and charred. It was obvious that the power of the horrible sword just now hurt the sky fog demon.

Ye Chen's eyes flickered slightly, and it seemed that fogging magical powers was not omnipotent.

At this time, the Tianwu Demon looked at his scorched body, but he uttered an angry roar up to the sky, and his skin was scorched, extremely painful!

It had a pair of dragon eyes with cold light, and its expression was extremely grim and staring at Lin Yaqin. At this time, the breath of Lin Yaqin had begun to weaken.

The Sky Mist Demon sneered, this \*\*\*\* human being dare to make himself so painful?

It must crush this human body, put it in its mouth, and chew it into mashed flesh!

As soon as the Tianwu monster moved, he walked towards Lin Yaqin.

And Ye Chen, looking at Lin Yaqin couldn't help but feel a little nervous. If Lin Yaqin had no other successors, not only Lin Yaqin would die, even he would die too!

Lin Yaqin, who was extremely pale and had a weak aura, looked at the walking sky mist demon with her beautiful eyes, but still remained calm.

After that, Lin Yaqin actually sighed, looking at the eyes of the Sky Mist Demon, a burst of brilliance suddenly shone!

Lin Yaqin moved her hand, and a blood-red talisman appeared between her two fingers. She held the paper talisman, and after a moment of silence, she suddenly shouted:

"Kill the \*\*\*\* seal, solve!

"As soon as the voice fell, she slammed the paper talisman on her chest. On top of the paper talisman, a blood flame was spontaneously ignited.

Ye Chen squinted his eyes and saw it truly. While the paper talisman burned spontaneously, a \*\*\*\* mark on Lin Yaqin's chest was shining brightly and gradually melted away.

As the \*\*\*\* mark melted away, Lin Yaqin's eyes instantly turned into blood red, and countless runes seemed to flash in her pupils.

The aura that had been declining was actually rapidly rising!

It is so high that it is not a little bit, but it has increased exponentially!

When Ye Chen saw this, his face was overjoyed. Sure enough, Lin Yaqin still has a second hand!

He was right!

At this time, Lin Yaqin was actually pulling off the white veil covering his face, and seeing Lin Yaqin's true face, even Ye Chen couldn't help but feel a little lost!

nice!

Killing beauty!

Even the gods and demons of the heavens would be overwhelmed by Lin Yaqin's appearance, right?

Coupled with that extremely hot, tall and thin, yet full of plump figure, it is simply the nemesis of men, the ultimate killer against men!

If compared with Xia Ruoxue, Ji Siqing, Wei Ying and others, it is also comparable!

It's no wonder that Lin Yaqin always wears a veil, and if such a face is revealed at will, it will cause riots wherever he goes!

Even Lin Yaqin's murderous temperament is even more attractive!

After all, the more powerful a woman, the more a man's desire to conquer her, especially the iceberg beauty like Lin Yaqin! Let the men of the world want to climb it!

However, on Lin Yaqin's beautiful face, there was a violent color that was completely opposite to her appearance! In the mouth, there was a roar like a beast!

In Ye Chen's eyes, a hint of surprise flashed: "Crazy?"

If Lin Yaqin was really crazy, it would be the best, but he would lose his reason, wouldn't it be more convenient for him to make a sneak attack?

Feng Qingyang smiled and said: "Boy, your luck is very good. This is not madness. The power of this secret method is not comparable to madness."

"Not crazy?"

Ye Chen heard that, a little bit lost, not crazy, so what luck is there?

Feng Qingyang continued: "It is not madness, but it is more deadly than madness, and its side effects are also greater!"

This woman's practice is special and she should have an innate murderous aura when she was born. The exercises she practiced utilizes this innate murderous aura, which can be said to be perfect for her. Up. "

"But at the same time, this technique also partially seals the power of the innate murderous aura. After all, although the innate murderous aura is extremely strong, its power is not something anyone can bear. If it breaks out completely, it is easy for users to be Devoured by the demons!

This woman just unlocked a seal! "

Ye Chen was even more delighted when he heard this. If it is ordinary madness, there may be a way to restore calmness, but the side effects brought about by the liberation of innate murderousness are obviously not so easy to suppress!

A Lin Yaqin who has lost his mind and is in a serious injury state will undoubtedly be better dealt with.

Ye Chen couldn't help but smile at the corner of Ye Chen's mouth. Next, as long as Lin Yaqin fights with the Sky Mist Demon, when both lose and lose, he will find another opportunity to make a move!

Lin Yaqin is indeed beautiful, but now is not the time to pity Xiangyu.

Chapter 2187: The pill that Canggu doctor \*\*\*\* abandoned!

Lin Yaqin, who had unlocked the seal of killing God, had a layer of blood flames on the surface of her body, and that white long sword turned into a sword of blood flames!

And on that beautiful face, the lines of the Dao of Debut also appeared, she roared frantically, and in her \*\*\*\* eyes, there was only a strong killing intent, and all the living things in her eyes were wiped out!

The Sky Mist Demon was suppressed by Lin Yaqin's breath, and couldn't help but step back!

Lin Yaqin's figure shook, she appeared behind the sky mist demon in an instant, holding the blood flame long sword in both hands, raising her head high, chopped it down with all his strength, the blood flame burst, and instantly burned the void!

Lin Yaqin, after unlocking the God of Killing Seal, showed signs of fascination. Between shots, she only wanted to kill the enemy without caring about herself!

That day, the fog demon's eyes were wide open, and there was a look of horror. When he moved his body, he did not directly atomize, but avoided it. At the same time, the billowing fog gathered behind him, blocking the blood cut out by Lin Yaqin. Flame sword light!

With a loud bang, the dense sky mist was smashed and evaporated, but the sky mist demon seized this momentary opportunity and used the fogging magical powers. The moment before the blood flame descended, his body became thin and turned into a burst. Mist!

but! Even so, the Heavenly Mist Demon was still yelling from the mist, and after Lin Yaqin's sword struck, he completely ignored the burden of his body and did not even pause for a moment. He raised the long sword again and continued to cut it down!

She actually attacked desperately regardless of whether the fog demon was atomized or not!

The flames of blood surpassed the sky, like a dragon floating in a sea of blood, passing through the mist of the sky mist demon again with a destructive aura!

The Sky Mist Demon screamed again, and at this time, the monster also launched a ruthless stature, actually showing its figure directly. At this time, its whole body was even more scorched, and even its muscles were burned a little.

Its dragon eyes protruded from the eye sockets, and in the vertical eyes, there was endless hatred!

Monsters have always been fierce. The fog demon was burned twice in a row this day, and he had to attack desperately, desperately fighting Lin Yaqin!

Upon seeing this, Ye Chen secretly applauded! The more the Sky Mist Demon and Lin Yaqin hurt each other, the higher their chances of winning!

But at the same time, his eyes flickered, and Lin Yaqin was really scary.

He has encountered many opponents now, and even killed him. There are many. However, like Lin Yaqin, he is crazy, persistent, powerful, and has many opponents, and the enemy is against the sky. Not much...

Except for the veiled girl in Tianhan Mountain.

Lin Yaqin, who had two swords in a row, was still roaring and wanted to kill with a sword, but her arms had already been seriously injured!

Bloody flowers are dancing, obviously, the body is a bit overloaded.

The sky mist demon's eyes lit up, how could he let go of a good opportunity for revenge, and immediately roared, the sky mist gathered on the black giant claws, and slammed toward Lin Yaqin!

Who knows, Lin Yaqin is not afraid of the giant claws he caught!

She was full of blood and flames, and at the same time, a magical protective device on her body emitted a white light to cover her whole body. She held her long sword, not retreating but advancing, and the sword turned into a blood-colored rainbow toward the black giant claws. !

There was a loud bang!

Lin Yaqin's body was shot upside down by the Sky Mist Demon, hitting the stone wall, and smashing the stone wall out of a huge pit. At the same time, her abdomen was full of blood, which was actually the black claws of the Sky Mist Demon. Pierced by the claw mang!

The injury is serious!

but!

The Sky Mist Demon let out a violent scream!

That pair of seemingly indestructible, extremely hard claws was actually cut out a big hole by Lin Yaqin!

Not only that, the infinite blood flame is like a tarsal maggot, contaminated and burning on the giant claws!

Once the flame is contaminated, even if the Sky Mist Demon is atomized in time, it still cannot be eliminated. He directly burned one of the arms of the Sky Mist Demon to fly ash before gradually dissipating into the air!

The Sky Mist Demon, who was burned but one arm, had a crazily weak aura, and his body was in the mist, and it appeared and disappeared, as if for an instant, even the atomization could not be maintained!

At this time, Lin Yaqin, although already injured, seemed to be unaware of pain. He jumped directly from the pit, holding the blood flame long sword, and slashed away at the sky mist monster, still screaming:

"Dead! Dead! Dead!"

Even though the Sky Mist Demon kept dodge and fled, Lin Yaqin was still screaming and screamed again and again. After the atomization supernatural power could not be fully used, even in the atomized state, the damage suffered by the Sky Mist Demon increased a lot!

After Lin Yaqin slashed dozens of swords in a row, the fog shadow that the fog demon had flashed wildly that day, and finally could no longer maintain the foggy form, appeared the original body, fell to the ground with blue smoke on the body, and even muscles. It was burnt, and if there was no aura in his body, he was already seriously injured and dying!

And Lin Yaqin was also swaying, her blood flames flickering and she seemed to be extinguished. Obviously, her body was also reaching its limit.

However, Lin Yaqin, who was about to become enchanted, still roared, "Kill!"

Holding the long sword, slowly walked towards the Sky Mist Demon, it seemed that at this moment, there was only killing the Sky Mist Demon in her mind and nothing else.

Ye Chen, who was hidden in the mist, suddenly burst out of essence in his eyes, the beast sword fell into his hand, the wind \*\*\*\* boots under his feet emitted a faint blue light, and the wind and thunder all over his body were surging, and he was about to use the wind and thunder!

He knows that his chance is here! He finally waited!

The next moment, Ye Chen's figure flashed, and he instantly appeared behind Lin Yaqin, with his spiritual power running thousands of times faster, his killing intent roared out, and his magical powers were displayed!

His body burst out with great power, and on top of the black long sword in his hand, the extremely cold sword light was shining, and he cut his head to Lin Yaqin!

But at this time, Lin Yaqin, whose back was facing Ye Chen, lowered her head slightly, the corner of her beautiful mouth raised a cold smile.

"No! Ye Xiaozhi, hide away!"

Just when Ye Chen thought that he was about to succeed, the sound of the wind and the wind suddenly rang in his mind!

Ye Chen's complexion changed, and he was about to reverse his figure subconsciously, but at this moment, Lin Yaqin, who was still walking towards the sky mist demon, turned around strangely, facing Ye Chen, which was covered in purple and black. On the lines, on the beautiful and mysterious face, an extremely cold smile appeared!

This smile even Ye Chen felt a horror when he saw it!

However, what made him even more horrified was that when Lin Yaqin grinned, a pill was printed in Ye Chen's eyes!

In Lin Yaqin's mouth, there was always a pill!

And this medicine is obviously not an ordinary medicine, or even a holy medicine!

It's a real magic drug!

Even the tombstone of the ancient medical \*\*\*\* Cang who has been silent in the reincarnation cemetery made a very strange sound.

"This little Nizi is a little weird."

"Isn't this pill that the old man failed to refine thousands of years ago?"

"How could it fall into her hands?"

"strange."

Chapter 2188: Ye Chen's secret!

Ye Chen heard the voice of Canggu Medical God, and quickly said: "Senior, since it is the pill that you refine, should you take it?"

However, the ancient medical \*\*\*\* Cang snorted coldly when he heard these words: "What's the matter with the old man, you have the ability to go to the kingdom of God to inquire, the old man is notoriously unhelpful."

"Save you? Not interested."

The ancient medical \*\*\*\* Cang is still so arrogant!

At this moment, in Lin Yaqin's beautiful eyes, the colors of madness and reason flickered alternately. Her previous murderous intent was in her mind, and she was crazy and demented. She was not pretending to be, she knew that pretending could not be hidden from Ye Chen.

It's just that Ye Chen didn't know that Lin Yaqin was a genius for fighting, besides being a genius for Xiuwu!

Lin Yaqin has extremely powerful deduction ability in battle!

If it weren't for Ye Chen who was so perverted that he couldn't treat it with common sense at all, Lin Yaqin could almost fully deduce the process of the battle.

Before unlocking the Killing God Seal, she performed an extremely precise deduction on her battle with the Sky Mist Demon. She calculated exactly when she would defeat the Sky Mist Demon, when she would run out of energy, and when Ye Chen Will attack and kill himself!

This is simply unbelievable. After all, the battle is always full of accidents. A small error may completely subvert the result!

Lin Yaqin's deduction is not necessarily successful, and there are certain errors, but she did it this time!

She basically predicted everything accurately, and Lin Yaqin had a pill under her tongue all year round.

One of the Cangu Medicine God Pills that failed to refine the Cangu Medicine God!

Although it is a failure, it was obtained by accident!

It was even more expensive at an auction!

Photographed by her master!

And at the age of eighteen, the master gave it to himself!

She knew that if she had to untie the Killing God Seal as a last resort, she might be completely swallowed up by the killing intent and become infatuated. Therefore, she had always held this magical medicine that could eliminate the devil's mind and restore her mind, and was extremely cherished.

She knew that the real life and death juncture, she might not even have the opportunity to take out the pill!

Therefore, she kept holding it and took a special medicine to make her saliva have the effect of sealing the medicine.

Before the battle began, Lin Yaqin quietly bit down a small piece of Canggu Dingshen Pill and swallowed it into her belly.

If her deduction is correct, when this small piece of Canggu Dingshen Pill's power is dissipated, it can restore a trace of sanity at the moment Ye Chen attacks and kills herself, and it is easier for Ye Chen to find flaws.

Just a trace of mentality is enough, a trace that allows her to completely crush the mentality of Canggu Ding Shen Dan!

And after taking Canggu Dingshen Pill, she will leave her crazy state, and her innate killing intent will be sealed again!

And she will put her full attention on Ye Chen who killed herself before the power brought by the innate killing intent completely faded away!

With a click, Lin Yaqin thoroughly crushed the pill contained between the teeth and swallowed it into her abdomen.

The power of the whole pill was dissipated, and in Lin Yaqin's beautiful eyes, the madness quickly faded, and the brilliance of reason was renewed.

She looked at Ye Chen, who seemed to be aware and wanted to dodge, and sneered:

"Hehe, don't you think it's too late if you want to run now?"

After that, she screamed, raised her head suddenly, and threw the long sword like a flying sword. The long sword that was still burning with blood flames in her hand flew out, shooting towards Ye Chen's heart like a bullet. !

Ye Chen's face changed wildly, and he actually felt a trace of death. At such a close distance, it was completely impossible to avoid it!

He roared wildly, and activated all the remaining spiritual power to activate the Red Chen divine veins!

At the same time, the beast rotten sword in his hand slashed crazy at that flying sword!

With the sudden change, countless golden dragons in Ye Chen appeared in front of him!

The golden dragon of Qi Luck that entered the body in the Universe Killing Domain!

Boom!

A jet-black long sword flipped in the sky and inserted it on the ground, the beastly sword in Ye Chen's hand unexpectedly flew out!

And the golden dragon that stood in front of the blood flame sword was instantly shattered, Ye Chen's complexion suddenly solidified, and he smashed to the ground!

If you were to be someone else, you would have long since turned into nothingness!

Fortunately, at a critical moment, the golden dragon phantom absorbed by the Chichen Divine Veins and Qiankun Killing Domain appeared!

Lin Yaqin spit out a big mouthful of blood, her breath quickly weakened, and the flames of blood all over her body completely dissipated, but she stared at the dying Ye Chen, her beautiful eyes were deeply shocked!

This horror even turned into fear!

You won't die in such a blow?

What is the origin of this young man?

What are those golden dragons?

This person is cultivating in Lingwu Continent, and his resources are far inferior to that of the Kingdom of God.

If it is in the kingdom of God, then the existence of this young man can definitely threaten her!

Fortunately, this young man is only in the Star Aperture Realm, and has been seriously injured.

If it was even one second late just now, she would not be sure that this blow would severely damage Ye Chen!

But now, she knew that she was the winner!

Lin Yaqin's injury at this time was actually very serious, and even if she moved it, it was extremely painful, but she still dragged her seriously injured body and walked towards Ye Chen step by step.

Ye Chen couldn't even move now.

He had blurred vision and vaguely saw the figure of a woman walking towards him. The temperature around him was dropping rapidly. He felt very cold, extremely cold.

A wry smile appeared on Ye Chen's face. Is this the feeling of death?

Unexpectedly, he was defeated by such a crazy woman?

However, Ye Chen felt that he died in Lin Yaqin's hands, it was not too wrong.

This woman is so perverted!

Her madness, her strength, and her obsession were enough to make Ye Chen moved, almost the only thing Ye Chen had seen in his life.

In addition, this woman was so calm to the point that she was shockingly calm, and her scheming was terrifying!

Is this the true genius of the Kingdom of God?

Although Ye Chen didn't know exactly how Lin Yaqin did it, he could still guess a good idea, and even he had to admire Lin Yaqin's confidence and calmness.

Lin Yaqin was also looking at Ye Chen at this time, and her heart also raised a trace of respect for Ye Chen.

If nothing else, it was Ye Chen's arrogance, and Ye Chen's attitude of taking his own destiny in his own hands was enough to make her respect.

If you are an ordinary person, even if it is a half-step too virtual existence, if you change places, I am afraid that you have already begged for mercy, right?

However, Ye Chen still thought about how to come back in the end.

Although the man in front of him is just a star orifice, Lin Yaqin believes that he is a powerful and respectable opponent.

Lin Yaqin walked in front of Ye Chen, ignoring the burden of the already riddled meridians, forcibly mobilizing the last spiritual power in the body, a blood flame emerged in the jade hand, and the void around the blood flame was instantly burned into nothingness. , Horrible!

In Ye Chen's current state, even if his vitality is against the sky, if this blood flame falls on him, I am afraid that he will only end up in a state of destruction.

But at this moment, on Lin Yaqin's pretty face, her expression suddenly changed, and the blood flame in her hand suddenly turned bright and dark!

Lin Yaqin, who has always been like an everlasting iceberg, showed an extremely panic expression!

At this time, Feng Qingyang's voice sounded in Ye Chen's mind: "Boy! Something weird!"

Ye Chen, whose consciousness was about to dissipate, suddenly aroused his spirit, his eyes condensed again, and he looked at Lin Yaqin in front of him, and saw Lin Yaqin's face gloomy, shouted, and slammed the blood flame in his hand towards Ye Chen!

Just when the blood flame was about to hit Ye Chen's head, his body burst out loudly, and the blood flame could no longer be maintained and exploded.

But after Lin Yaqin spit out a mouthful of blood, she actually let out a wild roar, her beautiful eyes turned into a crimson color again, and she looked irrational.

Ye Chen looked at the scene in front of him dully, what's wrong?

This woman hasn't just recovered her sanity? Why has it become this state of being about to be enchanted again?

At this time, Feng Qingyang said solemnly: "Boy, she's insane!"

"Enchanted? Didn't she recover her sanity just now?"

"Obviously, she underestimated the horror of the innate murderous aura, but she is not completely enchanted, if I guess it is correct..."

Before Feng Qingyang finished speaking, Lin Yaqin pulled her hands up, tearing her entire clothing to pieces!

Ye Chen was taken aback, his eyes flickering at the beautiful scenery in front of him.

That body, like white jade, with the ultimate beauty, was just exposed to the air!

Exposed to Ye Chen's eyes!

His eyes narrowed slightly, and his white skin was dazzling.

Chapter 2189: you know me?

Although he hated this crazy woman in his heart, he couldn't help but swallowed his saliva. I have to say that this body is so touching!

Feng Qingyang laughed and said: "Boy, if you are lucky, after this woman gets into the devil, she must keep suppressing and repelling emotions in her heart in order to survive this catastrophe, and this iceberg goddess is the most resistant, just that It's lust."

"I'm afraid you are the only man in the world who sees her body."

Just as Ye Chen wanted to say something, he found Lin Yaqin collapsed beside him.

And even if he wanted to do anything, he couldn't hold the limit of his body and passed out.

...

I don't know how long it took, Ye Chen opened his eyes.

He smiled coldly when he found the seriously injured woman beside him who had met with him frankly.

Ye Chen did not intend to take advantage.

If you do something, the other party will definitely find out.

Ye Chen picked up a token from the ground, which was Lin Yaqin's status symbol in Shenxuanzong, and Lin Yaqin's name was written on it.

"Lin Yaqin..."

Ye Chen murmured, looking at Lin Yaqin's eyes, it gradually became cold.

He gripped his five fingers, and the beastly sword appeared in his palm. Just about to cut it off, a crimson light covered Lin Yaqin's body.

Feng Qingyang opened the mouth and said: "Trainer, it seems that there is a great power protecting Lin Yaqin's body. It is impossible for you to kill now."

"However, as a saint, she has been taken care of by you, and I am afraid it will not feel good."

"I have vaguely guessed the identity of this woman."

"The first person to see this woman's body is very mysterious to her seal..."

Ye Chen didn't understand: "Master, what do you mean?"

"The secret is not to be revealed." Feng Qingyang said lightly.

After a long time, Ye Chen sighed, put down the long sword in his hand, took out a set of clothing, put it on Lin Yaqin's body, and said lightly: "My name is Ye Chen, remember my name."

Feng Qingyang laughed and said, "Boy, are you not afraid? With the strength of this woman, might it cause you a lot of trouble in the future?"

Ye Chen smiled indifferently, and said with extremely firm eyes: "Oh? Really? As long as I am better than her, trouble will not be troublesome."

Feng Qingyang laughed and said: "Hahaha, yes, you know what you are thinking, kid put away the corpse of the sky mist demon, and then walk into the depths of the dense fog, there should be the path to the real samsara mystery The place where the stele is hidden.

After finding the guardian, the entrance there will be closed. "

Ye Chen nodded, his expression was a little excited, he had been greedy for a long time with that fogging magical power!

Immediately, he walked to the body of the Tianwu Demon, and with a wave of his hand, he put the whole body into the bag, and then walked towards the depths of the sea of fog according to Feng Qingyang's instructions.

Soon, he found a white light hole, through this light hole, he should be able to reach the inheritance.

There is a heritage of the protection of the sky mist demon, and Ye Chen can't help but also generate expectations.

He finally turned his head and glanced at Lin Yaqin, who was already covered by the dense fog, shook his head, turned and stepped, and stepped into the white light hole.

And at the moment Ye Chen entered the light hole, the white light hole was completely annihilated without leaving a trace.

The next moment, the world revolved, and after Ye Chen felt a slight dizziness, he appeared in a palace when he opened his eyes.

And around the palace, there are white clouds!

Not fog, but real white clouds!

This whole and unknown palace was suspended in a sea of clouds!

Ye Chen glanced around, faintly feeling that there was an inexplicable breath in the depths of the palace.

His gaze condensed, but instead of walking toward the depths of the palace immediately, he asked Feng Qingyang: "Master, how long can I stay in this palace?"

After Feng Qingyang pondered for a moment, he replied, "Not sure."

Ye Chen nodded, he was calculating the one-year appointment with Lingyun, but at the moment, he was not sure whether he could catch up.

He could only sit cross-legged and start healing. The reason why he directly entered this place of inheritance was mainly to avoid Lin Yaqin. Now that he has to accept this extraordinary inheritance, he must of course recover his strength first to prevent accidents.

After half a day, Ye Chen opened his eyes, purple light flashed in his eyes, and a smile appeared on his face. With his terrifying vitality, even if he had been seriously injured and dying before, he has completely recovered.

He stood up and walked towards the depths of the palace.

Soon, he came to a tall red golden gate. Ye Chen stared at the gate in front of him. With a move of his arms, his body burst out, and he pushed the gate completely open.

And at the moment when the door opened, an incomparably powerful spirit flooded into Ye Chen's mind.

Ye Chen was startled, and just about to resist, Feng Qingyang's voice sounded in his mind: "Boy, don't resist, this is the inheritance left by the person who guards the sacrificial monument!"

Ye Chen hesitated for a while, but let go of the spirit defense, letting that spirit rush into the sea of knowledge.

Vaguely, in front of his eyes, there was a figure of a man who was extremely handsome and whose eyes were always sad.

The man looked at Ye Chen and said lightly:

"My name is Aohunfeng, and I have been born in ancient times, and have guarded this reincarnation monument for generations! Now that it will be alive soon, I don't want the reincarnation monument to fall into the hands of others.

I have been waiting.

The land of reincarnation will eventually return to the hands of the Lord of the Six Paths.

It now seems that I have finally waited for the owner of the reincarnation tomb. "

"This world is completely different. Those people control the rules, control his life and death."

"They claim to be gods, but they don't know that God should have mercy on the world, not let the rules harm the world."

"Endless reincarnation!"

"See you today, this is the great fortune of the Ye Family!"

Ye Chen was slightly startled!

He heard the Ye Family again!

This Ye Family is definitely not the Jiangcheng Ye Family, nor the Kunlun Xuye Family! But the more terrifying Ye Family!

It is even possible that the Ye Family is in that ethereal kingdom of God!

Grandpa sets the end of the game!

"you know me?"

The man smiled: "Naturally know."

"Your eyes are too similar to that one Ye Chen was a little confused: "Senior, who is that one? "

The man did not speak, but pointed his finger: "It is also destined to meet you and me."

"As a rule, I naturally want to give you something."

"You shouldn't need martial arts and sword intent."

"Now I will teach you my self-realization soul forging technique!"

After all, the man's figure suddenly turned into a cloud of white light and exploded. In the white light, there were countless inscriptions. In an instant, Ye Chen's sea of knowledge was filled. Even with the strength of Ye Chen's soul, Slightly frowned, feeling a trace of pain!

One day, two days, three days...

After a full three days, Ye Chen slowly opened his eyes.

At this time, his eyes were full of indescribable ecstasy!

Chapter 2190: The second reincarnation monument!

Before his eyes, there is a sea of swords!

Sent!

Completely posted!

Behind the Scarlet Golden Gate, it was extremely wide. On the ground, there were tens of thousands of swords densely inserted, which seemed to be extremely crudely refined!

Feng Qingyang said: "This proud soul wind is really a genius, but fortunately, the person who entered this inheritance is you. If you are another person, even Lin Yaqin, I am afraid, can't get this. Inherited."

Ye Chen couldn't help but nodded in admiration, and couldn't help laughing: "With this soul forging technique, it will make my soul ability stronger."

What on earth is this soul forging technique that made Ye Chen say such a thing?

To put it simply, this soul forging technique is a kind of magical power that encloses one's own divine soul attack in a device!

Similar to a thousand soldiers burst!

And the tens of thousands of long swords on the ground of the palace are not real swords, but embryos!

What is an embryo?

It is a spirit weapon that has not been completely refined and shaped. Such an artifact is the easiest to store the power of the soul, and among them, the artifact that uses soul iron as the material is the most suitable.

Soul iron is also a kind of spiritual material, but if it is used to forge spiritual tools, it is only a low-level spiritual material.

Because soul iron may have some impact on the enemy's spirit, but the effect is minimal, but the toughness and sharpness of the soul iron itself can only be compared with inferior spirit materials.

In this way, the soul iron artifact embryos are hardly used by forgers. After all, artifact embryos that are more cost-effective than soul iron are everywhere!

However, with these tens of thousands of handles outside, the soul iron embryo embryo that others may not want is a real treasure to Ye Chen!

why?

Because, as long as Ye Chen uses the soul forging technique to seal his divine soul attack into the soul iron, and successfully forge it into a Horcrux, then the value of this soul iron embryo will increase countless times!

Ye Chen's soul power is extremely powerful!

Moreover, Ye Chen also mastered the soul-locking killing and the heavenly soul shock, so that the spirit skills passed from the kingdom of God, if after the cultivation is completed, there will be the blessing of the blood of the gods, the blood of the spirit beast, the blood of the gods, and the attack on the gods. The body of mindfulness with great blessing!

One can imagine how terrifying the Horcrux forged by Ye Chen is!

The stronger the enemy Ye Chen faced, he found that the Thousand Soldier Burst was somewhat restricted, and this allowed Old Wu from Shenhua Academy to improve.

Moreover, the explosion of Qianbing may make him need more artifacts in the future, true artifacts and even holy soldiers can fight against that stronger existence!

But there are not many such weapons after all!

And in front of Ye Chen's eyes, how many stalked soul iron embryos, tens of thousands!

If Ye Chen can refining all the soul iron embryos, sell them or use them...

Just thinking about it, Ye Chen himself was a little frightened!

However, thinking about it, Ye Chen didn't plan to start refining the Horcrux immediately.

The basic requirements for the refining of Horcruxes are: First, the soul must be extremely powerful. According to the heritage of Aohunfeng, even if the forces known for the power of the soul exist, the

success rate of the refining of the Horcrux is not as good as that. Three percent, the average door-blocker might even be less than one ten thousandth!

However, this point is irrelevant to Ye Chen, the body of Nian Mo is a legendary horror physique, which can improve the spirit in all directions.

The current Ye Chen, whether it is the accuracy, strength, etc. of the soul, is many times higher than that of the soul clan powerhouse in the closed door state. According to Ye Chen's estimation, the success rate of refining the Horcrux by himself cannot be too high. , But eighty-nine percent can still be guaranteed.

Second, it is the forging ability. There is no need to worry about this. After Wu's guidance, Ye Chen is a beginner in forging. Although he can't forge advanced holy soldiers or the like, forging soul iron artifacts, It is more than enough.

In the end, it was the spirit ability. Although Ye Chen could also seal his own soul sword technique into the Horcrux, after all, the soul sword technique was not considered a real soul ability, and Ye Chen was not satisfied.

Since it is necessary to do it, it is natural to do the best. This is Ye Chen's principle.

After pondering for a while, Ye Chen decided to first comprehend the two soul abilities obtained from Muye, fully practice Soul Locking Kill and Heaven Soul Shock, and even integrate his own abilities to improve them!

Thinking of the terrifying power of the refining Horcrux after the soul ability was great, Ye Chen couldn't help but eager to try it!

But before that, Ye Chen had more important things to do.

His cold eyes suddenly landed in the central place, an altar filled with ancient runes.

Above the altar is an ancient desolate stone stele.

Reincarnation Xuanbei!

Ye Chen walked towards the samsara mysterious stele, endless gusts of wind surging in the palace!

The wind tears Ye Chen's skin like a sharp blade!

Ye Chen didn't care about it.

Because his reincarnation blood is boiling!

His red dust veins are also boiling!

The second piece, the reincarnation monument, was finally harvested by him!

I just don't know the attributes of this reincarnation monument!

...

A few days after Ye Chen entered the land of inheritance, Lin Yaqin finally woke up quietly, her long eyelashes flickered, and she slowly opened her star-like beautiful eyes, which had already returned to the original coldness, but At this time, in addition to being cold, there was confusion and confusion.

But soon, Lin Yaqin remembered, and all that would happen!

In an instant, on the white and pretty face that looked like a work of art, it seemed to be ignited!

Red!

She is ashamed! Very embarrassed!

She has always been a woman who has devoted herself to practice and put her emotions behind her mind. She has never even considered issues like marrying someone!

And now, his innocent body was so inexplicably seen by a kid in the Star Aperture Realm?

This is a great insult to her!

With her pride and self-esteem, how can she bear it!

She immediately moved and got up in an instant, but Lin Yaqin looked around and naturally couldn't find Ye Chen's trace.

"Damn it!" she scolded: "Asshole, you will die in my hands one day!"

If it were seen by a disciple of Shen Xuanzong, it would be hard to imagine that the saint who has always been like an iceberg would be so gaffe.

After a few breaths Lin Yaqin finally calmed down, turned around and started looking for an exit from Yinya that day.

However, when she noticed Ye Chen's clothes on her body, she couldn't help frowning slightly.

A trace of strange feelings emerged in the frozen heart for many years.

Although she was silent, she understood that the incomparable Star Aperture Realm guy had let go of herself.

At the same time, a somewhat vague voice echoed in her mind.

"My name is Ye Chen, remember my name..."

Lin Yaqin shook her head vigorously, and forcibly cut off the emotion in her heart that she couldn't understand, and only the pure cold killing intent was left in her eyes!

The figure of this woman gradually disappeared into the thick fog.
