

Urban 2191

Chapter 2191: 10 monuments guarded 1 era

Ye Chen didn't know how long he walked in this place of violent wind, and finally came to the ancient reincarnation monument.

Unconsciously, Ye Chen's body was actually bloodstained.

However, being pursued and killed by the female saint in this way, he survived.

Naturally, the killing intent of these air currents can't let him do anything.

Ye Chen stared at the reincarnation monument in front of him, breathing heavily.

"The dust stele activates the red dust divine vein of the reincarnation bloodline, and the main defense has such a terrifying effect."

"I don't know what this reincarnation monument means."

"I'm afraid it's not that simple to refining."

The wind in the reincarnation cemetery said: "Disciples, ordinary people who get the reincarnation monument are destined to be unable to refining. However, possessing the reincarnation monument can still speed up those people's cultivation."

"If you have the blood of reincarnation, you have the key to unlock the profound monument of reincarnation."

"This is your greatest opportunity."

"If you refining the ten reincarnation monuments, I am afraid that that day, the Heavenly Dao Palace of the Kingdom of God will be afraid of you."

"It's just that it's too difficult to get together."

"And, if I guessed correctly, a reincarnation monument with an extremely special attribute is in the Heavenly Dao Palace of the Kingdom of God."

Ye Chen was slightly startled.

Now he knows the whereabouts of many reincarnation monuments.

Zi Ning's body, Shenhua Academy, and others.

If it is said that the most difficult thing is the Heavenly Dao Palace of this kingdom of God.

How do you shake the power of controlling heaven?

Grabbing food from a tiger's mouth is bound to die.

Feng Qingyang smiled: "The reincarnation monument is still far away from you. You should try to refine the one in front of you."

"If the refining is over, it should be enough to go to that year's appointment."

"let's start."

Ye Chen nodded, and forced a drop of essence blood into the sacrificial monument.

At this time, he only felt dizzy for a while, countless ancient runes surging in the reincarnation monument!

Runes flood the world!

Opening his eyes again, Ye Chen found that his divine sense had entered the space of the reincarnation monument.

The moment he opened his eyes, he only felt the gust of wind howling!

Inside the entire space, a world full of wind!

Each samsara monument has different attributes, and this samsara monument is obviously a wind attribute.

The endless cold wind madly tore Ye Chen's body, as if to tear his body into powder!

This cold wind is more terrifying than the outside world!

"Oh, it's been so long, but someone came here."

"Still such a young guy."

An old voice suddenly sounded.

Ye Chen couldn't open his eyes because of the cold wind, and vaguely, he saw an old man.

The old man was wearing a black robe, and his thin body stood on the cold wind like this.

There is no movement in his robe.

It seems that where he stands, he controls the wind of this world!

Ye Chen's eyes were full of firm expressions, stepping out, facing the cold wind, walking hard step by step!

The old man's eyes were solemn, and it took a long time to speak: "Boy, no one has come in for ten thousand years."

"Refining the reincarnation profound monument, for anyone, there is only a dead end."

"The laws of this world are not something you can shake."

"The secret of the Samsara Xuanbei is not known by having the blood of Samsara."

"The ten monuments guarded an era."

"That era is over."

"You still have time to go now."

"If it fails, it is over."

"If you don't believe it, look to the left."

Ye Chen was startled slightly, enduring the violent wind piercing his body like a sword intent, his eyes falling not far away.

It was a piece of blood and bones.

There is even a strong pressure on the bones!

There are so many people who have tried to refine this reincarnation monument!

And, they all died in the end!

"Seeing that you have the blood of reincarnation, you can go back and go, I don't want to deal with you."

The old man wrote lightly.

However, Ye Chen laughed.

He stepped forward one step, and even quickened the pace! Toward the old man!

He knew that if he wanted to completely absorb the power of the samsara profound monument, he had to complete the test of this old man!

Tick! Tick!

The blood flowed along his body in the space, and the endless cold wind made him difficult to walk.

Every step I take, I feel my body is about to be torn in half!

Stabbed!

A violent wind fell on Ye Chen's cheek, and a blood stain suddenly shed blood.

On his cheeks, the breath of ice continued to spread!

His cheeks are covered with frost!

In these gusts, mixed with the power of ice, his legs have been frozen into ice!

Ice condensed on his legs, trying to stop him from moving forward!

Ye Chen's immortal divine body burst out with golden light, blasted through the ice, and moved forward!

The resistance of the cold wind is getting stronger and stronger. He just took a step and was blown away instantly!

Flying upside down in the space, a gust of cold wind hit him, freezing his whole person into an ice sculpture!

Ye Chen's body was floating everywhere, endless gusts were flying around, the golden light of the immortal divine body erupted, and the entire ice sculpture came out with a crackling sound, torn apart!

hiss!

Ye Chen took a deep breath, only feeling the whole body trembling.

At present, his physical body can hardly make him feel the cold, but the cold inside the samsara profound monument is really terrifying!

The cold air mixed in the gusty wind made him worse!

He could feel that the blood flow in the body was gradually slowing down, and the more it continued to drag, the more harmful it was to his body!

His hands have begun to become stiff, the cold wind has blown, and there is severe pain in his body.

Ye Chen thought of something, took out the Universe Furnace that had not been used, and the flames burst out continuously.

At the same time Xuan Yan was surging in the palm of his hand!

The power of the two suns converge in the whole body!

The flame shining on Ye Chen's body finally made him feel a touch of temperature.

Although the trace of heat that comes in has some effects, it's just a drop in the bucket!

There is no other way but to continue walking! One step, two steps, when the third step was taken, a gust of wind hit again. The whole figure was scattered everywhere.

Ye Chen's brows were frowned. If he kept going like this, let alone walking, I'm afraid it would take some time for the strong wind to tear his body to pieces.

The Red Chen divine veins broke out completely, and the breath of the blood of reincarnation was constantly floating.

In the Reincarnation Profound Stele, he doesn't need to be afraid of his bloodline being exposed.

This time, although Ye Chen's walking speed was slow, there was no need to worry about being hit by the wind.

As time passed bit by bit, Ye Chen didn't know how long he had walked.

His eyelashes are already covered with frost, and the wind blows through, causing his body to constantly crack!

There were wounds on the surface of his body. Every time when the wound was about to heal, the wind broke open again. Not only that, the wind could penetrate into the bones.

Chapter 2192: A sense of crisis!

His bones are vaguely unstoppable!

Fortunately, he has a demon body, his bones are not what they used to be before, or they would have broken apart.

Walking in the sky full of wind, Ye Chen's body had become a blood man, and the wound on his body would shatter as soon as he solidified.

This successive situation has gradually caused his body to become numb.

Getting closer and closer to the front, Ye Chen noticed a trace of breath, he continued walking, and found that he was only ten meters away from the black robe old man!

So close!

The black-robed old man couldn't see his face clearly, and his whole body stood in the strong wind.

Ye Chen didn't dare to be careless, took out the mortal sword and the **** of death spear in his hand, and the immortal body burst out with terrifying golden light.

The black-robed old man was slightly surprised: "It's interesting to be so close to me, you kid."

"Your Dao Xin is much tougher than those who are too weak and strong."

"But this is not enough!"

"Beat me!"

Only by defeating the black-robed old man can he completely refine the sacrificial monument.

Ye Chen forcibly endured the resistance of the wind, took a step forward, and the whole figure suddenly rushed over.

When he rushed past, the black-robed old man waved his hand, and the surrounding wind suddenly rushed towards his body!

The surface of the black robe old man's entire body was filled with violent winds, and Ye Chen's Zhutian God Demon Spear stabbed out!

At the moment the stabbing came out, the violent wind surged, and Ye Chen's body reversed completely uncontrollably.

The black robe old man stretched out a palm and landed on Ye Chen's chest.

Huh!

Ye Chen's whole body flew out, spitting out a mouthful of blood in his mouth.

His chest was sunken, and he didn't know how many ribs were broken.

"Just you want to refine the Reincarnation Profound Monument! It's ridiculous!"

The black robe old man roared, and the strong wind on the surface of his body rushed towards Ye Chen in an instant.

When the wind hits, Ye Chen activates the Chichen Divine Veins again for a short time!

The beast sword in his hand, a sword swung out suddenly!

At the moment it was swung out, the sword body of the beast rotten sword burst out with a horrible devilish energy.

When the devilish energy surged, the sword light soared into the sky, and a bright sword light seemed to illuminate the entire space.

The space was filled with sword intent, and the sword light flew out suddenly!

The moment when the wind and sword light touched each other, a terrifying explosion occurred!

The aftermath of the explosion caused Ye Chen's body to recede continuously.

At the moment he retreated, the whole figure of the black robe old man came to Ye Chen.

When he came to Ye Chen, the wind in his hand condensed and suddenly turned into a wind sword.

Feng Jian pierced towards Ye Chen's body.

When the stabbing came, Ye Chen only felt the robe creaking constantly.

The surrounding wind locked Ye Chen's body, making him completely unable to move.

The wind everywhere makes him irresistible!

The wind sword struck, Ye Chen clenched the Zhutian God Demon Spear, and the moment he raised his arm, the head of the Zhutian God Demon Spear flashed cold.

Stabbed with one shot!

boom!

With a muffled sound, Ye Chen's entire figure flew out!

The violent wind and the terrifying cold wind froze his body into an ice sculpture in an instant.

At the moment when it was frozen into an ice sculpture, Ye Chen's eyes were blood red, and his body was filled with black magic energy.

The devilish energy surged on the surface of his body, shaking the ice cubes away!

The moment he shook the ice block, a tornado had already struck.

The tornado moved Ye Chen's entire body, and the wind speed reached an extreme. It was not easy for him to break free from the tornado!

These tornadoes were tearing his body like sharp blades.

On the body, there are continuous bleeding marks, and the blood is flooded in the tornado.

The black-robed old man rushed into the tornado in a blink of an eye.

For him, the tornado has no effect at all.

When he rushed into the tornado and saw Ye Chen's figure, his hands directed at Ye Chen, suddenly condensed into a violent wind.

The gust of wind was mixed with a frightening atmosphere, Ye Chen's brows were frowned, and the demonic energy surged wildly.

The demon body burst into bright light, broke free from the control of the tornado, and escaped instantly.

However, the violent wind of the black-robed old man had already condensed, and the moment he fell, he rushed towards Ye Chen's figure.

"Eternal Thunder Sword!"

Ye Chen murmured in his mouth, the breath of the six sword gods, madly pouring out of his body.

A sword fell suddenly, and the sword light rushed away, at the moment of contact with the strong wind.

Slightly stalemate!

This is an opportunity! Ye Chen's entire figure also rushed towards the black robe old man.

The moment he rushed past, a sword struck the black-robed old man's body.

However, the beastly sword penetrated through the black-robed old man's body and did not cause any harm to him.

Ye Chen frowned, what's the situation?

The body of the black-robed old man seemed invisible, without any entity at all.

"Wind is everywhere, how do you kill me?"

"Boy, you have too little experience after all."

"The real strong can hide in the void, but also in the air before your eyes."

"They can kill people invisible."

"If you hadn't had the Red Chen divine veins, you might have already become those skeletons."

A trace of disdain came from the corner of the black-robed old man's mouth. As long as there is wind, he is eternal and immortal. In the space of wind, he is immortal!

Hearing the words of the black robe old man, Ye Chen did not speak, but was thinking.

If it is really like what he said, Ye Chen will wipe out all the wind in the entire space!

At the moment he thought, the body of the black robe old man had already come next to Ye Chen.

He waved his hand, and a gust of wind rushed towards Ye Chen's body.

The violent wind surging, Ye Chen's abdomen was torn by the violent wind, and the whole figure kept backing away.

When he retreated, the black-robed old man was chasing after him, and behind Ye Chen, the white tiger and the unicorn phantom appeared behind him.

Naruto!

Roar!

With a roar, he rushed towards the black robe old man.

As soon as the ghost of the beast rushed past, a gust of wind struck, directly tore their bodies to pieces!

Ye Chen's expression is a little bleak, is it true that the old man in black robe is invincible in the space of wind?

He doesn't believe that everything has weaknesses. Where can there be such a saying that it is truly invincible?

There must be a way!

The so-called invincibility is just an illusion!

"Broken Star!"

Ye Chen raised the Zhutian God Demon Spear, the blue veins on his arm burst, and a shot fell directly.

Shatter the body of the black robe old man!

call!

Ye Chen exhaled deeply, watching the black robe old man's body shatter, there is always an unreal feeling, is it dead like this!

When he had some confusion, a horrible breath came from behind, a sense of crisis, spontaneously born in Ye Chen's heart.

Chapter 2193: Lingfeng divine vein!

boom!

The black-robed old man dropped a fist, directly causing Ye Chen to spit out a mouthful of blood.

At the same time, the whole person's body fell into the space!

When he fell, tens of thousands of wind swords condensed behind the black robe old man.

The wind sword whizzed, and there was a terrifying breath!

The speed reached an extreme, just like the power of thunder, with great momentum.

Whoosh whoosh!

A wind sword suddenly pierced Ye Chen's body.

There are too many wind swords, relying on Ye Chen's current speed, there is no way to avoid it.

This murderous intention far exceeds the saint!

And, obviously, this black robe old man ignored Ye Chen's identity and really had a murderous intention!

"by!"

At this moment, the change happened again!

Ye Chen's Dantian golden light is bright!

The nine-clawed golden dragon poured out from Ye Chen's body.

"It's another nine-claw golden dragon obtained by Qiankun Killing Domain!"

"Does the nine-claw golden dragon hide in the pubic area and wait until the moment of crisis to protect the Lord?"

"Unfortunately, there is still only one time. With so many golden dragons, I am afraid this hidden trump card will also disappear..."

A golden dragon hovered on Ye Chen's surface, roaring.

Boom boom boom!

The moment the wind sword fell, it suddenly exploded!

The scope of the explosion was like chaos, and it was impossible to see the situation inside.

Ye Chen soared into the sky from the range of the explosion, but his state is not good now.

Large and small holes appeared on the body, bleeding, scattered in the space.

"I underestimated you again."

"It's kind of interesting."

"Unfortunately, you still do not have the right to control this reincarnation monument!"

"It should be over too! Your only role is to let me enjoy a little bit of fun in these endless years."

In the next second, between heaven and earth, a cold murderous intent locked Ye Chen!

That endless gust of wind is like a giant beast about to swallow Ye Chen!

Ye Chen trembled his hands, and suddenly he heard a sound from the center of his eyebrows, and he chose to close his eyes.

In an instant, his eyes opened!

The corners of the mouth are drawn with an arc.

His pupils were icy, as if reflecting a blood moon!

Endless magic gathering!

At the same time, the center of his eyebrows exudes a ray of Nine Nether Light!

"Devil Emperor, thanks."

Linguistic.

Ye Chen stared at the black robe old man, he took a step, and a black lotus condensed by demon energy fell under his feet.

By his side, black lotus flowers bloom continuously.

The moment the petals opened, the terrifying magical energy continued to gush out.

The demonic energy surged, and countless demonic shadows appeared behind Ye Chen!

These phantoms of the devil gods, one by one, were fierce and evil, roaring, and the entire space was filled with endless devilish energy.

"go with!"

Ye Chen gave a low voice, and the demon ghost and the black lotus rushed towards the black robe old man.

The moment he rushed past, with the black-robed old man as the center, violent winds from all directions continued to flow toward his body.

Use the wind to form a protective cover!

The moment the demon ghost and the black lotus rushed past, they made a deafening noise.

boom! boom! boom!

There was the sound of the explosion, and the whole space was trembling constantly.

Ye Chen looked up and found that the black robe old man was intact, not to mention hurt, not even a trace of fur fell.

This made Ye Chen's heart gradually sink.

In order to help him solve the situation in front of him, the Devil Emperor used a trace of strength.

Isn't it enough?

The black-robed old man was more terrifying than he thought, except that some of his hole cards were not used, and he had basically exhausted his best.

It seems like a battle without hope!

The wind was flying wildly, Ye Chen's body was covered with frost.

The black robe old man's mouth has a faint mocking look!

He is an immortal existence in this reincarnation Xuanbei, how can Ye Chen kill?

"Are you ready for death?"

The moment the black robe old man's voice fell, he raised his arm, pointed at the top of the space, and pointed out!

One finger stirred the wind and clouds, and the surrounding squally wind continued to condense above the space.

The gust of wind gradually condensed into a black storm, and the terrifying suction came, and Ye Chen's body flew towards the center of the storm uncontrollably.

The wind speed is too terrifying, Ye Chen has no resistance at all.

The body rushed into the storm, and the terrifying wind was like a sharp blade, tearing Ye Chen's body apart.

In less than three breaths, no part of his body is intact, like a blood man!

The storm continued to flow, Ye Chen's eyes could not be opened, he could only close his eyes.

The violent wind whizzed in his ears, and the severe pain had already made Ye Chen's body faintly overwhelmed.

Whoosh! Whoosh! Whoosh!

White bones appeared in Ye Chen's arm, and the white bones were also mixed with scarlet blood.

As time passed bit by bit, the aura on his body seemed to be nonexistent.

Huh!

A spit of blood came out of Ye Chen's mouth, but he didn't care about it, and he constantly felt the wind.

Since the black-robed old man said that he was an immortal existence, it didn't mean that he really didn't have any weakness.

Wanting to open this reincarnation profound monument does not really defeat the black robe old man.

From the beginning, Ye Chen found that his thinking was a mistake.

Since it can't withstand the wind, absorb it into the body!

Ye Chen's acupuncture points opened, and endless gusts of wind continued to pour into his body.

These winds swallowed in from all directions!

When the wind entered his body, Ye Chen used the blood of reincarnation to continuously refine!

The violent wind poured in, and the surrounding storm gradually ceased. Ye Chen opened a pair of eyes, and in his pupils, it seemed to see a violent wind blowing!

The figure of the black-robed old man is getting dim, Ye Chen said: "The real immortality is immortal, you can't do it!"

No one does not have weaknesses, but from the beginning, they did not find them!

Ye Chen stepped out, his feet gathered the violent wind and shot towards the black robe old man.

In the past moment, he opened his arms and directly caught the black robe old man.

At the moment of touching, the acupuncture point frantically absorbed the black robe old man!

The reincarnation of gods and demons keeps working!

Ye Chen has no distractions!

boom!

The blood of reincarnation was constantly refining, and earth-shaking changes occurred in Ye Chen's body at this moment.

The acupuncture points are filled with strong wind, and there seems to be an air current flowing in the meridians.

At the last moment, he realized something unexpectedly.

It is impossible for him to beat the black-robed old man with combat power!

He has almost no advantage!

The only advantage is the blood that has not yet grown in the body! Reincarnation blood!

The old man has been misleading Ye Chen and let Ye Chen defeat him with strength!

It is because the old man actually fears Ye Chen's reincarnation bloodline!

Time seems to stand still Ye Chen is floating in the strong wind.

No one knows what happened.

I don't know how long it took, Ye Chen opened his eyes and a smile was drawn at the corner of his mouth.

"It turns out that this bloodline is called Lingfeng Divine Vein!"

"It's just that this Lingfeng divine vein seems to be almost something. It's still difficult to activate it."

"Also, the energy of this wind stele is too weird. I have obviously passed the test, so why can't I absorb the ability breakthrough inside?"

"I don't want to, try a few more times and you may be in control."

When Ye Chen opened his eyes again, he found himself standing in the center of the altar.

Chapter 2194: Failed!

He had been focusing on the sacrificial monument just now, but he hadn't noticed the frescoes around the altar at all.

The mural is full of sword marks, which makes the picture a little fuzzy.

However, if you distinguish it carefully, you can still find something useful.

The first mural was a man standing on top of a dragon. The man fought against the dragon and was invincible.

And below him are countless surrendered people.

It seems to represent the fear of the rules.

The second painting is even more weird.

It is an extremely simple and luxurious door.

In the gate, a young man held a long sword, and a plaque was stepped on his feet.

The plaque says Tiandao Palace!

Seeing this, Ye Chen's eyes shrank, and someone dared to step on the plaque of Tiandao Palace under his feet?

I'm crazy!

It is a pity that the appearance of the youth is covered by dense sword marks, and the details are not visible.

The third painting has the least sword marks.

That is a crimson gate.

Above the **** gate, there are nine gods dragons condensed!

The color of heaven and earth is covered by the shadow of the dragon!

And every dragon shadow, the eyes are filled with supreme pride!

Ye Chen moved his eyes slightly upward.

His pupils are dilated!

Five words are actually engraved on this crimson gate!

Nine Heavens Dragon Palace!

The blood dragon phantom in the body swallowed the beast map of the Lingxian Emperor's Palace, and it completely disappeared!

The only where Ye Chen knew was that the blood dragon went to a place called the Nine Heavens Dragon Palace!

But this place, after asking many people, they never knew!

It's like a forbidden place!

He didn't believe that the blood dragon would never go back.

The blood dragon was nurtured by him and represented Ye Chen's killing.

And there is a connection between the two of them.

He vaguely guessed what the blood dragon was preparing to go to the Temple of Nine Heavens.

There seems to be something unspeakable.

Ye Chen's eyes fell on the fourth, the last mural.

This mural is very simple.

There is only one youth.

Although the youth's face was covered by the sword marks, Ye Chen was very sure that the youth in this mural was himself.

However, he was actually penetrated by a sword.

And in the picture, there is a slender hand.

Holding a cold sword.

It should be a woman.

"Is this the saint?"

Ye Chen shook his head: "It's not like."

"Who is it that pierced the sword into his body?"

When Ye Chen was thinking deeply, the altar shook!

Ye Chen quickly returned to the flat ground!

The altar collapsed.

Everything is gone.

Ye Chen was the only person in the entire vast land.

"Master, how long is the one-year appointment?"

Feng Qingyang said, "There are still five days."

"Disciple, this reincarnation monument is a bit weird, you have actually succeeded in refining."

"But his energy is all hidden in your dantian, not released."

Ye Chen glanced at his dantian, although he sensed the existence of that reincarnation monument!

And this reincarnation mysterious stele was restrained by a strong energy!

"Master, I absorbed the dust stele last time, why is it like this this time..." Ye Chen was a little confused.

Feng Qingyang pondered for a moment, then said: "I'm afraid this Feng stele is afraid of something."

"It is afraid of the fall of its owner."

"The perception ability of the Samsara Xuanbei should be extremely strong, and it can even be said to be animate."

"The last time you refined the dust monument, it caused the power of heaven to attack you."

"Without me and the Devil Emperor, you would have been taken away by the people of Heavenly Dao Palace."

"This time, although you are in this ruin, if you absorb energy and break through, the vision of the ruin will inevitably be discovered by those guys!"

"No matter, this energy may be hidden in your body first."

"You have just broken through the Star Aperture Realm, if you break through again, your foundation will be unstable."

"Five days from the year's appointment, Xia Lingqiu wants to kill you, and it will inevitably cover all aura. If there is a chance, it will not be too late for you to break through."

"Also, I have seen Xia Lingqiu. This person's city is extremely deep, and he will definitely let Lingyun win at all costs."

"You have retained the energy of this reincarnation profound stele, but it is also considered a secondary player."

Ye Chen nodded, his eyes solemnly: "I'm afraid it will not be as simple as I thought in five days, and a back hand is far from enough."

"I think of a way to use these days to cultivate soul skills! And refine some Horcruxes to deal with special situations."

After speaking, Ye Chen was desperately trying to comprehend, deducing the soul skills obtained from Muye.

Two full days later, Ye Chen finally opened his eyebrows again. At this time, his eyes had turned into a completely black color. This was the body of Demon Mind, which inspired his own performance!

He panted with a big mouth, his face was a little pale and looked very tired, and he continuously turned the body of the demon mind to its limit, with a strong spirit and comprehend the soul skills, even he was a little overwhelmed.

However, the results are equally satisfactory!

Ye Chen smiled. Suddenly, in the space, invisible fluctuations bloomed, an invisible sword exuding divine power and evil spirits, surrounding his body, constantly flashing!

Ye Chen not only fully comprehended the soul lock killing and the heavenly soul shock, but also integrated his own power to create a stronger soul ability on the original basis!

Ye Chen is still named after the Soul Sword, which attacks a single enemy, and the God Shai, which attacks within a certain range. Although the name is still the same, the power is far apart!

Now Ye Chen is confident that he can compete with the Seventh Floor of the Sealed Door Realm just by relying on his soul skills!

After receiving his spirit skills, Ye Chen sat on the ground and adjusted his breath. After another hour, he opened his eyes again, and he had restored his peak state.

He stared at the soul iron artifact embryo in front of him, his eyes solemnly, and with a wave of his hand, he actually took the three soul iron artifact embryos into his hand at the same time!

Why is it three handles?

Even the imaginary powerhouse of the soul clan is refined one by one!

Three handles? It can only waste materials and energy.

However, Ye Chen is different. In fact, even if there is no body of demon thinking, according to the strength of Ye Chen's spirit and the blessing of various hole cards, he has the spirit power not weaker than the soul race, but he has the body of demon thinking. Ye Chen can only use two words to describe.

metamorphosis!

Completely perverted!

According to the estimates of Ye Chen and Feng Qingyang Ye Chen can use the god-defying spirit of the body of Nian Demon to handle three Horcruxes at the same time while ensuring the same success rate!

Although the time is longer and harder than forging a Horcrux alone, it is much faster than forging a three-handed Horcrux!

Immediately, Ye Chen took a deep breath, concentrated, and after a while, he suddenly screamed, and the powerful spirit poured out and poured on the three-handed spirit iron embryo!

According to the records of soul forging, began to use the power of the soul to polish these three artifact embryos!

When the time comes to kill Lingyun with this thing, there may be unexpected results!

Time is like this, passing by every minute!

What made Ye Chen a little disappointed in the first attempt was that these three Horcruxes all failed at the same time because of a small mistake in his operation!

Chapter 2195: A giant city controlled by the kingdom of God?

However, soon he picked up the three Horcruxes again and began to forge them. After he tried to forge hundreds of artifacts, the seemingly endless power of the souls finally dried up!

Ye Chen's face turned pale, and he fell to the ground involuntarily. He gritted his teeth, took a pill to restore the soul, and meditated cross-legged. As soon as the power of the soul was restored, Ye Chen started forging again without stopping. , Did not rest for a moment.

His time is precious and cannot be wasted.

Unconsciously, the densely packed tens of thousands of soul iron embryos on this ground gradually disappeared.

A few more hours later, Ye Chen sat in the empty huge palace with a wry smile.

It seems that he is still thinking too simple, although, theoretically, his success rate in forging Horcrux should be 89%, but he has overlooked one problem, the problem of proficiency!

Ye Chen, after exhausting all these tens of thousands of soul iron artifact embryos, he truly mastered the soul forging technique!

At this time, there were only dozens of Horcruxes that Ye Chen successfully forged.

Although there are only dozens of them, this Horcrux is too precious in Lingwu Continent!

Everything is sky-high!

Ye Chen put away these Horcruxes, but didn't leave the palace immediately. He first felt the changes in his soul, and after a while, he showed a satisfied look.

Vaguely, it was also stronger.

This is the most terrifying part of Soul Forge!

Afterwards, the brilliance of Ye Chen's hand flashed, and a huge corpse appeared on the empty ground of the palace.

That is the body of the Tianwu Demon.

Since there was still time, Ye Chen planned to refine and absorb the body of the Sky Mist Demon in this secret realm.

Ye Chen licked his lips with a hint of greed on his face. Although the fog demon was ugly enough this day, according to his experience, the uglier the monster, the more delicious it tasted!

Immediately, he set up the cauldron, skinned the Sky Mist Demon, cut the flesh, put spices on it, and simmered it.

After a while, the rich smell of meat filled the entire palace.

Ye Chen swallowed and started eating.

A day later, there was a loud bang from the depths of the palace, and a human form transformed from white mist rushed out of the red golden gate and landed in the front hall.

With a volume of Bai Wu, it reconsolidated and turned into a flesh and blood body, and the figure of Ye Chen appeared.

Feeling the power of this misting magical power, Ye Chen couldn't help laughing.

Strong! too strong!

Now, his strength has improved a lot, now he is almost immortal, right?

Although he couldn't really defeat the lunatic saint, but when the cards were all out, he could escape from the opponent's hands safely.

And at this time, Ye Chen absorbed a half-step Taixu monster, and his cultivation base suddenly leapt to the second layer of the star aperture!

This is the situation where Ye Chen compressed and compressed the essence of his body to avoid unstable foundation.

Ye Chen stretched his limbs and stayed for so long, always forging, comprehending, and practicing with high intensity. Even Ye Chen felt a little overwhelmed.

Right now, he decided to leave this place of inheritance first, return to Shenhua Academy to adjust his state, and then go to the Lingxian Emperor Palace!

Immediately, Ye Chen couldn't wait to fly towards a void outside the palace. In the void, there was a golden jade gate, and there was the exit of the land of inheritance.

After another burst of dizziness, Ye Chen looked around. As he expected, he did not return to the bottom of Tianyin Cliff, or even returned to that strange maple forest. Instead, he appeared in an unknown mountain range. deep.

But this deep mountain does not seem to be the Southern Territory at all.

"Is this exit somewhere else?"

Ye Chen frowned.

He didn't think much anymore, his whole body flashed with golden light, soaring into the sky, after discerning the direction, he galloped towards the nearest city.

Soon, Ye Chen felt that his body was restricted and fell directly.

When falling back to the ground, Ye Chen vaguely sensed that this city actually had a very strong formation restricting the martial artist.

What is the origin of the ruins, and why is the exit near here?

Ye Chen still had some time before heading to the nearest building.

Three words are engraved on the building!

Wangshen Tower!

At the entrance of Wangshen Tower, there were two big men dressed in black, both of whom were actually at the Star Aperture Realm cultivation base.

Ye Chen couldn't help being a little surprised. From the perspective of his current strength, the star-aperture expert, even though that was the case, was considered superior in strength on the Lingwu Continent. In this Wangshen Tower, he was just a guard?

The two star orifices existed, and he glanced at Ye Chen with no expression on his face.

Just when Ye Chen was puzzled, Feng Qingyang said: "Tui'er, the exit of the ruins is not in the original place, it is interesting."

"But don't worry, this place is still in the Southern Territory."

"And it's impossible for ordinary people to enter here. You came here by chance."

"The place where you are now, if I guess right, this is one of the ten giant cities in which the Kingdom of God controls Lingwu Continent."

"The city owners of these ten giant cities are all from the kingdom of God, and the resources of the cities are all provided by the kingdom of God."

"Once there is a threat in Lingwu Continent, the strong in the giant city will take the lead."

"This huge city is also a place for people from the Kingdom of God to transit and rest on the Lingwu Continent."

"Be careful, there may be many people from the Kingdom of Gods, and there is no need for Lingshi and Holy Stones. The currency circulating in this city is very different from that of the Lingwu Continent. It may be the currency of the Kingdom of God."

"You can use that refined Horcrux to change something in Wangshen Tower."

"Otherwise, you won't be able to bring out the things in circulation, and once your identity is exposed, the consequences will be disastrous."

"When you get the things in circulation, I will show you how to get out."

Ye Chen nodded, but he did not expect that the Kingdom of God would have produced ten giant cities in Lingwu Continent.

And he was a little bit curious about this place and no longer thought about it, Ye Chen entered it.

Fortunately, the two gatekeepers did not stop Ye Chen.

Soon after Ye Chen stepped into the Wangshen Tower, there was a pure and lovely girl of sixteen or seventeen, greeted Ye Chen with a sweet smile, and said softly:

"Hello son, my name is Xiaoling, I am the maid here, may I ask, what do you need?"

Ye Chen's eyes flashed. Just now, he clearly saw a maid with a little coquettish appearance beside Xiao Ling, who had seen him earlier than Xiao Ling.

However, the woman took a look at him up and down, then lazily averted her gaze, and instead greeted a door-closing warrior who had just walked in with a smile on her face, and said with a sweet smile: "Mr Lin, are you here?"

However, Ye Chen didn't care too much. After looking at Wangshen Tower, he asked Xiaoling: "Do you have Horcruxes for sale here?"

Chapter 2196: Cangu Medical God's request!

Xiaoling immediately replied respectfully after hearing this:

"Some princes, we look at the gods' tower. Not only the door-closing Horcruxes, but also the Taixu Horcruxes are sold. I don't know what level of Horcruxes the prince needs?"

In addition to the levels, our Horcruxes here are also divided into four grades: low-grade, medium-grade, high-grade, and top-grade. The transformation power of soul abilities of low-grade is 10%, middle-grade 20%, and top-grade 100 Thirty percent, 40 percent of the best. "

Ye Chen nodded and said, "What is the price of these Horcruxes?"

"The door-closing Horcrux, one piece of low-grade fifty **** marble, one hundred of medium grade, two hundred high grade, five hundred of top grade, Taixu Horcrux, one piece of low grade one thousand **** marble, two thousand middle grade, high grade Four thousand, ten thousand for the best!"

Ye Chen couldn't help but shrink his pupils!

The price of this Horcrux is terrifying! It made his heart tremble!

The Horcrux he forged, even if it is not as good as the super virtual Horcrux, isn't it?

Seeing this, Xiaoling mistakenly thought that Ye Chen was frightened by the price of Horcrux, and hurriedly said:

"My son, soul cultivation is extremely rare on the Lingwu Continent, and only the Kingdom of God can have more.

In recent years, there has been a downward trend in the number, and the strength of soul abilities, presumably you also know, how terrifying is the soul abilities of a gated soul repairer?

Don't look at the low power conversion. After our Wangshenlou test, even if the peak of the star orifice exists, it may not be able to withstand the blow of the low-grade Horcrux.

It is not necessary for Xiaoling to say how much value this can bring in the danger, the son should be clear. Therefore, Horcrux has always been in short supply, so the price of Horcrux has been rising!

The price we have given now is very fair. "

Ye Chen thought for a while, it was the same reason.

No matter how good the money is, life is not important!

He continued to ask: "I don't know, do you sell soul iron embryos?"

"Soul iron embryo?"

Xiaoling frowned slightly, looked at Ye Chen somewhat puzzledly, and kindly reminded:

"Yes, but...Master, are you still a blacksmith?"

Soul iron artifact embryos, among the artifact embryos, are considered to be a kind of low cost performance, and it is difficult to forge. Apart from a little dispensable soul damage attribute, other aspects are not like most of the price embryos. of.

Naturally, this little soul damage is a far cry from the real Horcrux. "

At this moment, a slightly cold woman's voice suddenly sounded beside Xiao Ling:

"Xiaoling, what are you talking about? This young man wants to buy something, naturally there is his reason, it is your turn to be reminded? I want to buy a soul iron embryo, it is really a good eye, young man Lin, don't you think?"

Ye Chen turned his head to look, only to see that the gorgeous woman who had just met, and the Young Master Lin in the closed door realm beside him, were looking at Ye Chen interestingly.

Xiaoling looked at the gorgeous woman dissatisfied, and a faint anger flashed in her beautiful eyes.

Ye Chen is her guest. How she treats Ye Chen is her business. As long as she doesn't violate the regulations of Wangshen Tower, why should Xiao Yao make irresponsible remarks to herself?

What's more, they are not just making irresponsible remarks, they are even starting to count their guests!

Although she also hopes to improve her performance, she does not want to deceive her customers and make them suffer losses.

However, she did not dare to say anything. The gorgeous woman was named Xiao Yao, who had been in Wangshen Tower for three years, and she was just a newcomer.

Ye Chen's expression was indifferent and didn't care.

Seeing Ye Chen's indifferent and silent appearance, the smiles in Young Master Lin and Xiao Yao's eyes became thicker, but they didn't say much.

Here, after all, it is Wangshen Tower, and there are still rules. If they do too much, the anger of Wangshen Tower will be beyond their tolerance.

At this time, Ye Chen said again: "I want to see a sample, can I?"

Xiaoling nodded and said, "Yes, the son, the samples of the soul iron embryo, on the third floor, please come with me."

At the same time, she whispered in Ye Chen's ear apologetically: "My son, I'm sorry, I have some conflicts with Xiao Yao, which is causing you trouble."

Ye Chen smiled dismissively: "It doesn't matter, let's go."

With that said, Ye Chen would follow Xiaoling and walk upstairs.

When Xiao Yao heard the words, her eyes brightened. She was worried that she had no chance to trouble Xiao Yao. This annoying newcomer won the favor of many guests as soon as she arrived. Every time she came to Wangshenlou, she called her name. Xiaoling's company makes her jealous and hate, so she must find a chance to drive her away!

She secretly winked at Young Master Lin. Young Master Lin understood her heart and asked Xiao Yao pretendingly: "Xiao Yao, you can go to the third floor of the God Tower, can anyone get it?"

Xiao Yao sneered and said: "How is it possible? On the third floor, there are a lot of valuable commodities. In case, some people have dirty hands and feet, we may suffer heavy losses in Wangshen Tower!"

"Sir, should you show something to prove that you have enough divine marble?"

Ye Chen's face changed slightly.

How could he have God Marble.

He came here just to use Horcrux in exchange for some divine marble, so that he could leave.

Xiao Ling's face changed, she turned around abruptly, looked at Xiao Yao angrily, and her voice became cold.

"Xiao Yao! What are you talking about?"

At this time, the customers present couldn't help but look over here.

No one can hear who the person Xiao Yao said was referring to.

Xiao Yao looked at Xiao Ling with a smile, and said slowly:

"What's wrong with me? I'm just talking about the facts. Wangshenlou stipulates that in general, only when the customer is likely to complete the transaction of ten gods marbles or more, he can choose to take the customer to the third floor to view the sample. Do you think this Young master, can I purchase this soul iron tool embryo to reach more than ten **** marbles?"

Xiaoling's face became stiff when she heard this. In fact, according to Ye Chen's performance just now, she didn't think Ye Chen was capable of fulfilling orders of ten gods marbles or more.

However, these are only regulations, and the specific judgment is left to the maid herself to handle.

At the same moment, Ye Chen felt that a few breaths locked himself extremely terrifying.

This huge city controlled by the kingdom of God, there is such a strong one!

And what is the origin of this Wangshen Tower?

If you can't get the Divine Marble, I'm afraid it will be very difficult to leave here!

As Ye Chen was thinking about a solution, an old voice suddenly sounded.

"Boy, you do me a favor, I can help you solve this urgent need."

This voice doesn't come from the clear wind!

It comes from the ancient medical **** who has been immersed in it!

Chapter 2197: Shen Guotong Card!

Ye Chen didn't expect Cangu Medical God to help himself at this time.

This old man who is known as the strangest temper in the kingdom of God actually has the time to ask himself.

Could it be related to this Wangshen Tower?

Could it be that Cangu Medical God also needs something?

Ye Chen naturally wanted to discuss conditions with Cangu Doctor God, and said: "Senior, what do you want me to do?"

Cangu Medical God's indifferent voice came again: "There is something in the Wangshen Tower, boy, your Horcrux is very valuable, I hope you can help me get that thing."

"As for the immediate problem, I can naturally help you solve it."

Ye Chen frowned slightly, and finally nodded and said, "Okay."

As soon as Ye Chen's voice fell, he discovered that there was an extra golden card in the reincarnation cemetery.

The card is surging with extremely powerful divine power.

"This place is not the Kingdom of God after all. This Wangshen Tower is far from that of the Kingdom of God, but since it is the same sign, I should be able to use this card."

"This card is connected to Divine Soul. It is one of the things that I can use. It is enough for you to solve your immediate needs and prevent these people from discovering your identity as an outsider."

"As for something like mine, I will naturally tell you later."

Ye Chen returned to reality.

Countless eyes stared at Ye Chen tightly.

Seeing Ye Chen hesitated all the time, Xiao Yao knew that Ye Chen couldn't take out the Ten God Marble at all, and sneered: "Mr. Can't have a God Marble, right?"

"Mr. Could it be an outsider? Although this place is in the Southern Territory, it is an extremely secret place and only people from the Kingdom of God can communicate."

"If you are not from the kingdom of God, the consequences will be serious!"

Xiaoling became more and more annoyed: "My guests don't need you to control, the son will come with me."

How could Xiao Yao let Ye Chen leave, and smiled again: "Xiaoling, you treat this son like this, is it because the son is noble and belongs to the special existence of Wangshenlou?"

Xiao Ling's eyes dimmed instantly.

What Ye Chen bought was destined that he could not be Wangshenlou's most honorable guest.

Xiaoling wanted to say something more, but at this moment, Ye Chen spoke.

With a calm smile on his face, his eyes flickered slightly, and he looked at Xiao Yao and said, "So there are exceptions?"

"Exceptions?"

Young Master Lin on the side took a step and said calmly: "Exceptions, of course! And, in Wangshen Tower, there is only one exception! That is, if you are a VIP guest of Wangshen Tower! Dare to ask this young man, you is it a VIP from Wangshen Tower?"

The guests around also began to laugh at Ye Chen, pointing at Ye Chen. Ye Chen is just an existence of the Star Aperture Realm, and it still looks quite desolate. Otherwise, how could he even buy Horcruxes? Sorry?

How could such a person be a guest of Wangshen Tower?

"Oh." Ye Chen turned around and didn't even glance at Young Master Lin. He casually threw a golden card to Xiaoling and said, "Look, if this is your VIP card for Wangshen Tower."

Ye Chen was also a little uncertain, but since Canggu Medical God spoke, he shouldn't be wrong.

Xiaoling took the gold card thrown by Ye Chen, a little sluggish, and at the same time, her gaze at Ye Chen became a little complicated.

She has never liked hypocritical people.

If Ye Chen threw it to her an ordinary God Silver Card or Black Diamond Card, she would believe Ye Chen, but the Gold Card?

The gold card is Wangshenlou, the top VIP card!

The identity of the gold card VIP, that needs the person in charge of Wangshenlou's home, to come out to meet him!

Although Xiaoling wanted to believe Ye Chen's words, her reason told her that it was impossible.

At the moment when Ye Chen threw out the gold card, Wangshen Tower, which was still somewhat noisy, fell silent for a while, but a burst of laughter broke out after a while!

Young Master Lin laughed so hard that he couldn't straighten up his waist. He pointed to Ye Chen and mocked: "Hahahaha, this brother, you have to pretend to be a little bit like! You even took out a gold card? Don't you know what the VIP card of Wangshen Tower looks like? Do you know what the gold card is in Wangshen Tower?"

Ye Chen frowned slightly.

"Is it a real gold card, let me see, then you will know?"

Above the upper floors of the Wangshen Tower, a middle-aged man walked slowly down. The man was dressed in a yellow robe. He was quite luxurious. He had a face with a Chinese character. He was not angry or prestigious. He frowned slightly and was a little dissatisfied. Is it a noisy place?

Everyone was shocked when they saw this man. Many people saluted the man and said, "Good shopkeeper Chu!"

The maids in the Wangshen Tower were even more sincere and greeted.

Ye Chen glanced over the man, his cultivation base was not bad, he sealed the door for nine levels.

It seems that Wangshen Tower is indeed powerful.

The shopkeeper Chu said to Xiao Ling impatiently: "Bring that golden card here."

He just wanted to hurry out of this person and end the farce.

Xiaoling hesitated for a while, with a look of helplessness, she had to take the golden card to the shopkeeper Chu.

But Young Master Lin, Xiao Yao and others sneered, looking like they were watching the show.

However, the face of the shopkeeper Chu changed the moment he received the golden card!

The original look of impatience disappeared, his eyes widened, and the face of Guozi gradually showed disbelief and nervousness.

Even the hand holding that golden card trembled a little!

Although he is in charge of a Wangshen Tower in the Ten Cities of Lingwu, his status and status are worlds apart from the Wangyue Tower of the Kingdom of God!

And the gold card in front of me is obviously a Shen Guotong card!

And the number is extremely high!

Only some ancestors and big forces of the kingdom of God can control it!

The point is, this is not fake!

What is the identity of this young man who has never seen him in the giant city?

Did the disciples of the top powers of the Kingdom of God come to the southern region of the Lingwu Continent?

Shopkeeper Chu couldn't calm down anymore, cold sweat broke out on his forehead, and there was even a look of fear in his eyes!

To put it hard, the person in front of you can easily drive him out of Mochizuki Tower with just one sentence !

Even if he didn't entertain him properly, let him suffer such a farce in the shop he was in charge of?

At this moment, shopkeeper Chu's lips started to tremble...

And seeing the look of Chu shopkeeper, everyone was gradually stunned. Now they still can't see it, what does this mean?

This shows that the gold card Ye Chen took out is a genuine gold card!

Young Master Lin's complexion turned pale, but he still didn't believe it, and muttered: "This is impossible. How could it be possible for a guy who can't even afford a Horcrux..."

Xiao Yao, who was on the side, directly softened her legs, and fell on the ground with a thud, her eyes straightened, and she was a little confused.

The shopkeeper Chu gave the two men a vicious look, wishing to eat their meat raw.

Chapter 2198: Crazy!

Then he came to Ye Chen respectfully, holding the gold card in both hands, and smiled all over his face: "Uh, how do you call this son? In Xia Chuyuan, I didn't know the identity of the son. I have offended him. Please forgive me. , What do you need? How about going to the VIP room with me to discuss in detail?"

Looking at the appearance of the shopkeeper Chu, looking at the guests in the gods building, the maids were completely dumbfounded. They used to be aloof, and even the shopkeeper Chu, who had never said anything to the royal family of the Southern Territory, when did he speak like this?

The whole Wangshen Tower fell into silence all of a sudden. Those who were still laughing at Ye Chen were as if they were suddenly sucked in their mouths, only feeling the skin, and it hurts fiercely!

Ye Chen took the gold card and said lightly: "You don't have to be so troublesome, just let Xiaoling accompany me, she is very good, if I come here in the future, let her accompany me."

Usually the shopkeeper Chu is here, who dares to refuse him?

But now, facing Ye Chen, he has no temper at all, nodding his head with a smile on his face:

"Well, if the son has any needs, please find me at any time."

At the same time, he breathed a sigh of relief, and it seemed that Ye Chen didn't mean to blame him.

And Xiaoling on the side came back to her senses only then!

All of this, the change is too fast, her thinking is a little unbearable!

However, Xiaoling has received strict training after all and has good professionalism. She quickly calmed down and smiled and said, "Master Ye, please come with me."

After that, he took Ye Chen to the third floor.

After the two of them went on the third floor, the smile on the shopkeeper Chu disappeared instantly. He walked to Master Lin with a gloomy expression and said, "Master Lin, what should I do? I don't need to say more, right? We look at the God Tower and do not welcome you."

Young Master Lin hurriedly said, "Thanks to the shopkeeper Chu, thank you, I will leave now."

Lingwu Continent is an extremely cruel place. Offending someone he can't afford is often at the cost of his life. Now he can save his life. It is already a blessing for him.

The shopkeeper Chu glanced coldly at Xiao Yao on the ground, and said coldly: "Take it down."

As soon as the voice fell, two tall men in black robes picked up Xiao Yao's body and walked into the building.

As the maid of Wangshen Tower, she caused him such a big trouble, but it wasn't that she could get rid of Wangshen Tower, it could be solved easily.

On the third floor, Ye Chen took the best quality soul iron artifact that Xiaoling brought, and after examining it for a while, he showed a satisfied smile. Although it is not comparable to the artifact left by Aohunfeng, this Wangshen Tower is indeed It was not comparable to ordinary shops, the top-quality soul iron artifacts produced were of extremely high quality, not much different from what you expected.

Ye Chen asked, "How much is this top-level soul iron artifact?"

Xiao Ling said: "One **** marble and one handle, but you are our top guest of Wangshen Tower, you can get a 50% discount."

"How much do you have in stock? I want them all."

"Huh?" Xiaoling couldn't believe her ears. Except for some soul repairs for special purposes, almost no one would like to buy this soul iron embryo. Sometimes there are some blacksmiths who want to try new materials, or A certain whimsical martial artist wanted to feel the power of divine soul damage before buying a few handles back.

Full inventory?

This! You simply don't treat money as money!

It's so irrational!

If it hadn't been for Ye Chen to take out the gold card before, she would have thought that Ye Chen was playing with herself deliberately to find herself happy.

"Huh? What's wrong?"

"Ah..." After hearing Ye Chen's voice, Xiao Ling came back to her senses and replied: "We look at the Shenlou, there are a total of five thousand soul iron embryos..."

Ye Chen still said, "I want it all."

"By the way, are you Horcrux collection here? I want to sell some."

As soon as these words came out, even Xiao Ling was confused, she really couldn't understand Ye Chen's plan.

Before Xiaoling could react, Ye Chen took out a storage bag.

A wave of air surged across the house in an instant.

Xiao Ling's face changed slightly, and she quickly said: "I'll go to the shopkeeper now, let the shopkeeper decide."

...

ten minutes later.

The top floor of Wangshen Tower.

Ye Chen took a sip of spiritual tea, raised his hand, put those Horcruxes on the table, and said leisurely: "Treasurer, I won't sell it anymore. I asked you to come here today. Naturally, there is important

business to do. I have some things to sell. I believe these things are worth letting you come here in person."

The shopkeeper Chu raised his eyebrows, and looked at the storage bag on the table with some surprise: "Don't worry, Mr. Ye, we will definitely give you a fair price for your things."

At the same time, he looked at the storage bag on the table with a hint of curiosity.

In fact, to be honest, he was so respectful and solemn to Ye Chen, completely because of his identity.

Therefore, he didn't believe in how much business Ye Chen could bring to him, and even planned to lose money.

However, when he picked up the storage bag and plunged his spirit into it, the whole person froze instantly!

His eyes were wide open, and his eyes were full of incredible colors!

If it is said that when Ye Chen took out the Wangshenlou gold card, he was still nervous and worried.

Now, it is going to be completely crazy!

Shopkeeper Chu has been in business for thousands of years, and he has seen any big winds and waves. The best artifact that moved him, the real artifact is placed in front of him, and shopkeeper Chu will not have the slightest fluctuation in his face.

But now, the shopkeeper Chu felt that his brain was not enough!

That is a very high-grade Horcrux!

Horcruxes are still rare after all!

Although Wangshen Tower has it, but there are not so many storage bags.

The value that can be produced is enough to move this Southern Territory Wangshen Tower!

In other words, if he wins the batch of goods that Ye Chen shot, not only can he get unimaginable benefits, but his position in Wangshen Tower will also increase!

Needless to say, what this means for a person from a separate family background!

This extremely calm Chu shopkeeper can't help but fall into fantasy at this time. The face of the Chinese character after the vicissitudes of life is proud, gratified, moved, and even a pair of tiger eyes shimmering, it seems to cry for it!

Seeing this, Ye Chen smiled slightly and said, "How about it, is the shopkeeper Chu satisfied with this batch of goods?"

Ye Chen's voice pulled the treasurer Chu's thinking back to reality.

satisfaction?

I'm going crazy about it!

After a few breaths, the shopkeeper Chu completely calmed down, staring at Ye Chen, and said with an extremely solemn expression:

"Young Master Ye, your shipment of Horcruxes is of great value. I will give you the price of five thousand **** marbles for each piece. What do you think?"

If the treasurer of Chu was from the Wangshenlou headquarters, he could even give more divine marbles.

Chapter 2199: Identity was discovered!

Moreover, he knew that Ye Chen could take out so many high-level Horcruxes at once, so he was likely to be able to take out more!

Ye Chen raised his eyebrows. The price was already much higher than his expectations. It could be seen that the shopkeeper Chu was bound to win this batch of goods.

He didn't plan to bargain, so he made more calculations, and said directly: "Yes, just use this price."

The shopkeeper Chu was overjoyed when he heard the words, and immediately stood up and said: "Okay! I'll go to prepare the God Marble for you, please wait a moment."

After a while, the shopkeeper Chu returned to the VIP room and handed a storage bag to Ye Chen and said, "Master Ye, please take a look."

Ye Chen didn't bother to order either, Wangshenlou still had this reputation.

When I was about to finish my last sip of spiritual tea, I got up and said, "By the way, shopkeeper Chu, leave one of your contact jade charms to me. Also, I need a lot of soul iron artifact embryos. Shouldn't your headquarters have a lot?"

I want it all, and where to send it to, I will contact you at that time. If you can collect more, it will be better. You can directly deduct the purchase price of the soul iron artifact from this **** marble. "

The shopkeeper Chu was also taken aback when he heard this. He looked at Ye Chen a little weirdly. He was not a fool. He naturally knew that Ye Chen had collected so many soul iron artifact embryos, which must be related to the Horcruxes he gave him, but he was a little different. I can't believe it.

How much is the value of the soul iron artifact embryo to forge a high-level Horcrux? That's too scary!

However, even though he was extremely curious in his heart, he didn't ask any more, just said, "Master Ye is planning to leave here?"

On the one hand, he gave his contact jade symbol to Ye Chen.

Ye Chen nodded and said, "Yes, I still have something to deal with in Lingwu Continent."

When the shopkeeper Chu saw this, he smiled and said, "However, we have our own spaceship in the Wangshen Tower. If Ye Gongzi doesn't dislike it, I can arrange for you to go anywhere Ye Gongzi wants to go as quickly as possible."

"Then there will be Lao Chu treasurer."

He was beaming. Although he didn't like dealing with businessmen very much, he had to say that sometimes it was convenient to know such people.

Just when Ye Chen was about to leave, Ye Chen heard the voice of Canggu Medical God coming from the reincarnation cemetery, and continued to sit back.

He looked at the shopkeeper Chu and said with a smile: "Shopkeeper Chu, there is one more thing."

"Is there a broken gold needle for sale in Wangshen Tower?"

The shopkeeper Chu was startled, his brow furrowed, and he thought for a while before he thought of something: "Wait a minute."

After a while, the shopkeeper Chu returned to the room and handed a brocade box to Ye Chen: "Is this the thing that Ye Gongzi said?"

When Ye Chen opened the brocade box, he saw a golden needle.

It's just that the golden needle broke, as if it was cut by a strong force.

Ye Chen knew that this golden needle must be the golden needle of Cangu Medical God.

This was enough to contend with the pinnacle of Taixu peak, but was cut off mercilessly?

The one who shot is Zhan Evil Realm?

"Treasurer Chu, what price is this, I want it."

Unexpectedly, the shopkeeper Chu shook his head: "The value of this item is not high, and it has been broken. If you don't know the way, you should give it to Master Ye and make friends."

Ye Chen didn't want to talk nonsense, "Thank you."

This gold needle does not have any energy, and no one will buy it except for himself.

"Treasurer Chu, let me leave now." Ye Chen ordered again.

"it is good."

...

After half an hour.

Shopkeeper Chu returned to the top floor.

But his eyes flashed suspiciously and solemnly.

After thinking for a long time, he still took out a jade pendant.

A drop of blood fell.

The jade pendant gleamed, and an old man's phantom was instantly suspended.

"what's up."

The old man's voice was extremely cold and even weak.

"My lord, that half of the gold needle was taken away."

Shopkeeper Chu's voice trembled.

He knew that this old man was in control of the entire Wangshen Tower!

It is also a powerful existence in the kingdom of God!

The old man was startled slightly and suddenly raised his head: "Is the identity of this person confirmed?"

"Also, why did he take away the golden needle?"

The shopkeeper Chu shook his head, but still said: "This person's surname is Ye, and he has a lot of Horcruxes. As for more news, I don't know."

"but....."

"But what!" The old man was a little hoarse.

There was desire and endless anger in the voice!

The shopkeeper Chu shuddered and said, "That person actually holds a gold card from Wangshen Tower... and the number is extremely high."

Hearing this, the old man seemed to have a vague guess in his heart: "Is the number number three? And this person looks like a **** of medicine?"

Shopkeeper Chu tried to remember, but still said: "The number is indeed number three, but this person is very young and doesn't look like a **** of medicine."

Hearing these two No. 3, the old man was extremely excited: "You give me the portrait of this man!"

"ASAP!"

"Also, if this person is really a disciple of Canggu Medical God, I will reward you for stepping into the real kingdom of God!"

Shopkeeper Chu's legs softened and he knelt directly on the ground.

He heard it right!

Only by providing a piece of news, he is qualified to enter the kingdom of God! Follow this around!

Also, Canggu Medical God!

Is that young man an apprentice of Canggu Medical God!

What these four words mean, he knows better than anyone!

Canggu Medical God is one of the few people who can't offend the kingdom of God!

Although the martial artist has unlimited lifespan, he will eventually face exhaustion or serious injury!

But Cangu Medical God can save the dead!

Shocking medical skills, no one can beat!

It's just that this person has a very strange temper!

Notoriously unhelpful!

The reason why the old man is so excited is because of his injury! Everyone knows!

Only one year away!

This year, it is only possible to find the ancient medicine **** or the descendants of the ancient medicine god!

The shopkeeper Chu faintly smelled a change in the kingdom of God.

I am afraid that the young man who stepped into the Wangshen Tower today can change everything with one move!

...

In the space airship, the speed is extremely fast.

Ye Chen looked at the half golden needle in his hand and it was interesting: "Senior, why are you so worried about this half golden needle?"

Canggu Medical God snorted coldly: "It's none of your business, the transaction between you and me has been completed."

"If you think I will thank you, then you have thought about it."

"My Canggu Medical God never accepts disciples. Although I don't know how I appeared in this place, don't expect me to be like other people."

"Even if you die, I will not save you."

"The philosophy that Canggu has implemented throughout my life is to die without saving, regardless of others."

Ye Chen didn't expect this old guy to have such a temper.

His eyes flashed: "Then I heard that you still saved seventeen people."

"Since you can't save you when you die, why do you want to save those seventeen people?"

Chapter 2200: It seems I'm still late

The ancient medical **** Cang snorted coldly: "You are not qualified to know about ancient things."

"Give me the golden needle."

In the next second, half of the golden needle in Ye Chen's hand disappeared.

Ye Chen shook his head helplessly.

It seems that this old guy is trickier than expected.

But he didn't care.

Now that there is a clear breeze around, it is enough.

Although the ancient medical **** Cang can solve many things, it is not necessary.

Chu Ying's resurrection only needs such things, and there is no need to ask Canggu God of Medicine.

Ye Luoer's awakening just takes time.

The reincarnation profound monument in Zi Ning's body... is indeed a problem, but it is not in a hurry.

He didn't plan to refine this reincarnation profound stele now.

After finding the remaining pieces, his strength may be able to get rid of Zi Ning's condition.

Ye Chen looked at the time and frowned, "It seems that he has delayed some time. Although this space airship is fast, it is estimated that it will be too late to the Lingxian Emperor's Palace."

"Forget it, go one step at a time."

...

At the same time, the Lingxian Imperial Palace.

The noise shook the sky.

Xia Lingqiu sat high on the stage, her cold eyes staring at the aura that stood proudly on the ring.

Lingyun held the cold sword in her hand and closed her eyes, obviously waiting for someone.

In this battle between Ye Chen and Lingyun, the Lingxian Emperor Palace invited many people.

Of course there are also many forces.

On the one hand, it was because of the identity of Lingxian Emperor Palace Xia Lingqiu, on the other hand, they also wanted to know what strength the rising Ye Chen had!

They knew something about Ye Chen's deeds.

Strong leapfrog combat capability!

It is even more of a genius!

Although from the world of low martial arts, but the talent is extremely amazing!

However, two full hours passed.

Ye Chen hasn't come yet.

Even the many forces in the audience were a little impatient.

"Then Ye Chen of the Western Regions nightmare is not crazy? Why doesn't he show up yet?"

"Look, the aura on Lingyun's body turned out to be in the late stage of the gate closure. With such strength, I am Ye Chen and I won't come."

"But it's weird, how does this Lingyun improve the cultivation level."

"This growth rate is too bad."

At this moment, an old man opened his mouth and said: "Ling Yun breaks through speed so much, it's actually nothing."

"You probably don't know the origin of the palace lord of the Lingxian Emperor."

"Xia Lingqiu is just Lingyun's younger sister, and the age difference between the two is a thousand years."

"At this age distance, Xia Lingqiu's strength is far superior to Lingyun, which is too weird."

"Xia Lingqiu became the palace owner of the Lingxian Emperor's Palace even earlier."

"There are too many mysterious things in her."

"It is said that Xia Lingqiu has a treasure in his body, which can quickly improve his cultivation..."

"And there was a strong gatekeeper who broke into the Lingxian Emperor Palace, but in the end, that person died."

"So, this time Ling Yun's strength has improved so much, it must be Xia Lingqiu's credit."

The old man obviously knew a lot, and the look in Xia Lingqiu's eyes was also cautious.

Everyone suddenly said, "It seems that Ye Chen will not come this time."

"With Xia Lingqiu sitting in town, she will never let Lingyun fail."

"Furthermore, in the late period of Lingyun's lockdown, I heard that kid hasn't entered the Star Aperture Realm yet."

"Such a gap is really too big, and it's a death court when you come."

The uproar in the audience grew louder.

On the stage, there was only a young girl sitting beside Xia Lingqiu.

It is Xia Ruoxue.

At this moment, Xia Ruoxue's eyes were filled with anxiety.

She didn't want Ye Chen to come to the appointment!

Ling Yun's strength has increased to such a point that he will die if he comes!

Although Ye Chen's talent is against the sky, his growth time is too short after all!

"Ruoxue, you seem to be nervous?"

Xia Lingqiu said lightly.

"It seems that you also have no confidence in your little boyfriend."

"That's right, the strength of that kid is far from your master."

"I admit that he surprised me, but it was only a moment."

"The world of Lingwu Continent is still respected by martial arts, and his martial arts, after all, is too small in front of our Lingxian Emperor's Palace."

"Wait another hour, if he doesn't come, it should be over."

Xia Ruoxue didn't say a word, she could only pray secretly, Ye Chen never show up!

Time is like running water, and an hour has passed.

Only a part of the forces remained in the audience.

Many forces have already left.

Everyone thought that Ye Chen would not keep the appointment.

You can even say that you dare not go to the appointment.

This is undoubtedly an act of seeking death.

Some forces in the dark outside the Lingxian Emperor's Palace also left.

Among them are the Killing Sects formed by Ye Chen, as well as the Beigong Family, Xuanyue Sect, Wanjian Emperor's Palace and so on.

Although they believed in Ye Chen unconditionally, they still hope that Ye Chen will not show up.

The severity of this battle is immeasurable.

This is after all in the territory of the Lingxian Emperor Palace.

In a battle with Lingyun, Xia Lingqiu behind did not know what kind of nets were laid!

And they hide in the dark just to deal with special circumstances!

After a while, Xia Lingqiu finally lost his patience, stood up, his black robe danced: "Everyone, let's go, I am afraid the result is already obvious."

"Some people, after all, dare not come to the appointment."

"However, at the specific time of the year's appointment, Ye Chen didn't make it clear that he would come during the day."

"Perhaps it doesn't always matter if the evening comes?"

As soon as the words came out, there was a lot of laughter below.

With so many people sitting in town, it is undoubtedly the most beneficial for Ye Chen.

At least it is impossible for the Lingxian Imperial Palace to secretly attack Ye Chen!

If no one is watching, Ye Chen's crisis is even more terrifying!

So, how could Ye Chen come at night?

"However, the aura of my Lingxian Imperial Palace will still wait for him to attend the appointment."

"But when the time comes, it will be more dangerous than imagined."

After speaking, Xia Lingqiu glanced at Xia Ruoxue and snorted coldly: "Ruoxue, you may have misunderstood him. From now on, I will look for a better genius disciple for you."

"I know you look down on the geniuses of Lingwu Continent."

"I will take you to the Kingdom of God, then you will understand that Ye Chen is nothing more than that!"

The crowd finally dispersed.

Ling Yun on the ring also opened her cold eyes, looked around and smiled coldly:

"Ye Chen, you are nothing but that."

"It seems that on this day, you only understand the truth that you are an ant."

"It's a pity that I bet against a coward at the cost of life and repair."

"ridiculous!"

...

Night is approaching.

The night is like a sleeping behemoth gradually waking up.

The moonlight is faintly scarlet The Lingxian Emperor's Palace looks a bit lonely.

No one.

A space slowly landed on the edge, and a young man came out.

The youth frowned slightly: "It seems that I am still late."

"Since I'm late, I will break into the Lingxian Emperor Palace today!"

Ye Chen couldn't help feeling a little excited when he thought of seeing Xia Ruoxue and Ji Siqing.

Ling Yun's ridicule and disdain, he kept in mind.

Ta Ta Ta!

Ye Chen stepped out step by step, and a black lotus appeared on the ground with each step.
